Much Business Transacted By Lions At Tuesday Night Meeting

With a good crowd of Lions and four guests present, the Goldthwaite Lions Club met at the Hangar for their regular first Tuesday night meeting. Guests included George Gilbert, Joe L. Emery, Larry Dalton, and C. E. Saegert of Austin.

It was decided to begin meetings at seven o'clock during the winter, with the first Tuesday night meeting with food and the third Tuesday night without, in line with the president's food conservation campaign. D. H. Holland's offer to furnish the dinner for next meeting night was accepted.

Lions Club Code of Ethics was read by Secretary W. P. Duren, who also presented some new members with certificates of membership. Minutes of last meeting were read and approved.

Lion President Jesse Saegert said Lions International was observing National Fire Prevention Week, and Goldthwaite Fire Chief Lion Jack Reid said a meeting was to be held Wednesday night to reorganize the volunteer fire department, and to take new members. He said it is necessary to hold our fire insurance rate for the volunteer fire department to practice two hours twice each month, and asked Goldthwaite business men to help get the members out for practice.

The president reported that \$400 has been raised to complete the Boy Scout Hut here and the Lions Club is to donate up to \$100 if needed. Lion J. B. Karnes reported that \$488.35 had been spent on the Hut to date, and the building is now being painted. Lion T. C. Graves thanked the citizens here for their fine co-operation with the Scout movement.

The president said a membership drive was now on in all Lions Clubs, and that Lion Hodges had been ill for some time. On motion, a Courtesy Committee composed of Lions I. O. Harvey, Fred Stephens, and T. C. Graves was appointed. Lion Harold Yarborough read

LAW ENFORCEMENT OFFICERS OF 14 COUNTIES IN MEET HERE

Sheriffs, deputies, county attorneys, State Highway Patrolmen, Texas Rangers, Liquor Control Board members and peace officers of fourteen counties surrounding Mills were meeting yesterday afternoon, as the Eagle went to press, in the district court room of the court house here. The meeting started at two o'clock, and Sheriff W. L. Mahan and his deputies were to serve refreshments at its close.

Ranger Captain Olsen from state headquarters of the Department of Public Safety in Austin was scheduled to address the meeting and give certain phases of the law that will be helpful to sheriffs' departments. The meeting is one of many that will be held over Texas for the purpose of arranging for closer co-operation between peace officers of the different counties, and to give information to each other on hot-checkers and other law violators that will be helpful in the prevention of crime and the apprehension of criminals.

Peace officers stationed in the following 14 counties were expected to attend: Brown, Eastland, Coleman, McCullough, Mason, Llano, San Saba, Burnet, Lampasas, Coryell, Hamilton, Comanche, Mills and Erath.

A. This is Mrs. Price's first presentation here since the latter part of January of this year.

The recital, entitled "Rodeo Review," will be staged in four events introduced with a grand entry and closing with a grand finale. The events, including Bronco Riding, Riders Espanol, Divertissements and Finals, are made up of decidedly Western songs and dances, replete with full rodeo gallops.

Local children participating in the Review are Rae Ann Calder, Peggy Rowlett, Linda Faulkner, Billy Roy Griffin, Molly Lane, Betsy Glass, Janell Jernigan, Sara Jane Cockrum, Dale Barnett, Linda and Lana Archer, Nan Fletcher, Peggy Blackwell, Betsy Smith, Mike McCullough, Lathan Jernigan, Martha Francis Wooden and Barbara Isham from Mullin.

Out-of-town guest artists featured in the show are Miss Judy Stevens, assistant teacher in Mrs. Lon Smith's School of Dancing in Brownwood, and Mrs. Marjorie Tidwell, pianist, of Grand Saline, Texas, who is also an accompanist. Miss Stevens will be remembered as having appeared here as guest artist on the Negro Minstrel show. Mrs. Tidwell, Mrs. Price's mother, is her former co-worker and accompanist.

Local guest artist is Miss Ada Margaret Geeslin, popular young Goldthwaite pianist and accompanist. Mrs. Price will appear in three solo numbers, including "Serenade," "Indian Love Call," and "Drums in the Night." Mrs. Price and Miss Stevens will appear together in a samba-tap.

Mrs. Price, well-known East Texas dancing teacher, who is an assistant teacher in Mrs. Lon L. Smith's School of Dancing in Brownwood and who also has her own school in Coleman, is now beginning her 12th season of instructing and her 16th year in the dancing profession. She received her early training from the Fanchon-Marco Studios in Hollywood and from dancing masters of the East, including the late Jack Manning, world's greatest tap dancing teacher.

During the war, Mrs. Price was active in U. S. O. and Red Cross entertainment, having produced and appeared in various camp and hospital shows in East Texas and St. Louis. Mrs. Price cordially invites you to come out to "Rodeo Review," her first recital in Goldthwaite.

Goldthwaite High Beats Austin; Ready For San Marcos Tonight

The Goldthwaite high school Eagles won their second game of the year Friday night by overpowering St. Edwards University High School of Austin 26-0.

After less than one minute of play, Carlin Wicker, Eagle center, intercepted on Austin's 35 and raced for the first score. The extra point was made giving the Eagles a 7-0 lead. Late in the first quarter, scoring Herman Anderson plunged four yards to give G. H. S. a comfortable lead of 13-0 for the first quarter.

Billy Miller, 139 pound local quarterback, repeated Wicker's play by intercepting and pacing another 25 yards on the second play of the second quarter. The remaining part of the half proved unsuccessful for either team although the Tigers gained ground over the local reserves.

In the third period, Jimmy Laughlin, Goldthwaite's open-field artist, picked up 12 to score the final six. With the extra point good, the Eagles held their opponents 26-0 to win their second game of the season.

Austin threatened to score twice during the ballgame. One chance was lost with a fumble on Goldthwaite's nine. The play of the game came after the fumble, when Anderson took a trip of 60 yards from his own nine.

Veterans Make Plans For Reburial Of World War Two Dead In County

At the regular first Thursday night meeting of the Hary F. Edmondson Post American Legion, plans were made for reburial of World War Two dead of Mills County. The two veterans' organizations here, The Legion and the V. F. W., will join in asking other veterans of the county to help in military funerals for veterans being removed from foreign battlefields to be reburied in Mills County cemeteries, where next of kin request it.

Brain Smith, executive secretary of the Mills County Chapter of the American Red Cross who has recently attended a school on the subject, outlined the War Department's wishes in the reburial program. A ship load of bodies from the Pacific area is scheduled to arrive at San Francisco today, and one from the European theatre will arrive around October 25. Post Commander Eugene Dickerson appointed Mr. Smith, Raymond Cockrum and Jack Reid as a committee to make arrangements with the next of kin for military funerals when desired. A burial and firing squad committee composed of Harold Yarborough, T. M. Glass and Raymond Casbeer is to organize two or more complete squads of veterans who served in the Infantry to have charge of burials at the graves. An honor guard for each funeral will be appointed by the Post Commander as the bodies arrive here.

Mr. and Mrs. Pat Obenhaus of Brownwood visited his parents here Sunday. Mr. and Mrs. Walter Grizzle of Waco spent last week-end with her mother, Mrs. Myrtle Stuart and family.

A Mills County man took some pictures at the Dallas Fair the first of the week, and was telling the Old Man about how they acted since he brought them back home.

PRESS PAY-DAY

Old Man Hunnert, the 7th and She-She went to the Dallas Fair for Press Day last Saturday. When the Old Man went in to the Dallas Hotel to register, the clerk asked: "Pardon me, but will you tell me what that coil of rope is for?" And when the Old Man explained it was for his own private fire escape, since reading about hotel fires lately, the clerk said: "I'm sorry, sir, but all guests carrying their own fire escapes must pay in advance."

And when the Old Man and the 7th was going up the crowded elevator to their room, all eyes turned to a fat lady in the corner who had let out a shriek of agony. Turning, she glanced over her shoulder at a small boy. "I did it," the boy said defiantly. "It stuck in my face and I bit it."

And when Old Hunnert ate dinner in Dallas that day, the affable waiter asked: "How did you find that steak, sir?" Old Man—"Oh, quite accidentally. I moved that piece of potato and there it was."

A HUNNERT-ETTE

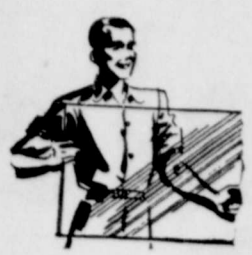

Old Man Hunnert acknowledges with thanks some help that follows which was brought in this week by a young blonde—and the 7th said she didn't object as long as she didn't dye her hair red—and the Old Man hereby appoints Blondie as his Hunnert-ette. Here's some of her writings:

God made the earth and rested; God made man and rested; God made woman and since nobody has rested.

THREE DOLLARS A BUSHEL

College Station, Oct. 7 -- A farmer who doesn't take care of his fruit trees now is passing up a good deal. That's the belief of J. B. Elder, Eastland county orchardist who's bringing cash with his three-dollar-a-bushel peaches.

Eastland County Agent J. M. Cooper says that Elder's first-class orchard is a result of good management--spraying with right materials at the right time, fertilization, pruning, clean cultivation and using cover crops. Those things have made for him a good orchard that pays off in fruit that finds a ready market.

The orchardist has harvested as many as 2,000 bushels of peaches off his 14-acre orchard. This year he expects a 900 bushel crop which is bringing in around \$3 a bushel. "With that kind of price, I can't afford not to take care of my trees," says Elder.

TREE-PLANTING TIME

COLLEGE STATION, Oct. 8--The State's first norther brought a reminder from the Texas Forest Service to A. and M. College that tree-planting time is just around the corner, and that seedling orders need to go in as soon as possible.

Forest Service officials at the states nursery near Alto will have almost 18 million seedlings that have been selected for adaptability in Texas. The trees will be sold at cost of production for use in starting timber and fence post plantations and for windbreak purposes. The seedlings are not to be sold for landscaping.

D. A. Anderson, in charge of the state nursery, reports that 15 different kinds of trees will be available from the nursery by late December.

For planting in East Texas, there are slash and loblolly pine, black locust, bois d'arc and catalpa. For the Rio Grande Valley: eucalyptus and australian pine. West Texas: red cedar, arizona cypress, russian mulberry, green ash, thornless honey locust, decent willow, western yellow pine and pistacia.

Prices on pine are listed at \$2 per 1,000 trees; on black locust, \$2.50; all other species, \$3. The prices are f. o. b. the nursery at Alto.

Information on ordering the seedlings may be obtained from the local county agent or by writing the Texas Forest Service at College Station.

Family Reunion

The J. T. Prater family had a reunion in Dallas, Sept. 21st, at the home of Zella--Mrs. J. A. Youngblood.

Mrs. Leigh Clark of El Paso, Mr. and Mrs. Walter Fairman of Goldthwaite and Mrs. Sam Allan Brady assembled around the table of Mr. and Mrs. J. A. Youngblood when a sumptuous dinner was served from a beautiful table. The linen was sky blue damask, the centerpiece

was red garden flowers which made a rich contrast with the blue linen. Mrs. Youngblood's beautiful silver gives a glow to her table, but her delicious food is the big attraction.

Mrs. Youngblood presided as a graceful host and Zella is a faultless hostess. It was an event long to be remembered. Mr. and Mrs. Prater reared five daughters all of whom were present for the dinner.

Mrs. M. Y. Stokes of Lamar is a guests in the home of son, Col. and Mrs. M. Y. Stokes Jr. She plans to be here a few days.

Mrs. W. E. Fairman spent summer in Colorado with sister and family. She also resided in Dallas with her daughter Mrs. Fairman returned to Goldthwaite the first of last week. On Friday she was called to bed side of her father, W. McKnight, who has been in health for several years.

'THE FARMER'S DAUGHTER' BLENDS POLITICS AND LOVE

"The Farmers Daughter," RKO Radio's new comedy-drama starring Loretta Young, Joseph Cotton and Ethel Barrymore, is hailed as a delightful romance, with political overtones, between a winsom farm girl and a wealthy young Congressman. It shows at the Melba Saturday night prevue, Sunday and Monday.

Miss Young as Katie, a farm girl, leaves home to take a nursing course, but due to misadventure, arrives in Capitol City penniless. She gets a job as maid in the home of Congressman Glenn Morley (Cotton) and his mother (Miss Barrymore), a doughty old lady important in local politics. At a rally, Katie confounds her employers' sponsored Congressional candidate, whereupon the opposition prevails upon her to run against him. This doesn't please Glenn, who has fallen in love with Katie, but he and his mother wish her luck.

Katie's opponents print a scandalous story about her, but Glenn, with the aid of Katie's three husky brothers foils the scandalmongers. Katie wins her seat in Congress and she and Glenn find happiness together.

WANGER NOTED FOR NOVEL CHOICE OF FILM SUBJECTS

Whenever the latest trends and fashions in motion picture making come up for discussion in Hollywood, Walter Wanger's name gets into the conversation, early and often.

This is because the producer has established himself as the industry's most progressive and daring entrepreneur. He plans his pictures far ahead, and is continuously doing things his contemporaries believe impossible.

Now comes his latest sensation "Smash-Up—The Story of a Woman," a Universal-International film at the Melba Theatre next Tuesday and Wednesday.

Susan Hayward, Lee Bowman, Marshal Hunt and Eddie Albert star in the picture, a brilliant drama of modern life.

DARING STORY

Miss Hayward is cast as a successful night-club singer and radio artist who sacrifices her career to become the wife of a struggling crooner. When her husband skyrockets to fame and fortune on a sudden wave of popularity and promotion, she finds all responsibility as a wife and mother taken from her. In the ensuing loneliness and frustration, she takes to drink. The tortures of alcohol and conscience-conflict involves her in poignant situation which lead to a heart-stirring climax and, eventually, her domestic happiness.

There was a good crowd at the Star School Gym for "The Amateur Hour" last Friday night. The program was sponsored by the Star P. T. A. Mr. Beard was Master of Ceremony. Everyone enjoyed the program. The first prize, which was \$10.00, went to Miss June Kuykendoll of Hamilton, Texas. She sang a solo. The second prize of \$5.00 was given to Mr. Elmo Davis of Evant, Texas. He gave a number on Steele Guitar. A third prize of \$2.50 went to two small girls of Star school who sang a duet. They were Misses Gloria Ruth Sheldon and Joan Collier.

Mr. Harrison of Evant, Mrs. Shelby Hawkins of Moline, and Mrs. Wigley of Star were the judges for the contest.

After the contest there was more entertainment of songs and music by the Trout Band from Evant and the Kuykendoll sisters from Hamilton. Everyone enjoyed it all.

The next regular meeting of Star P. T. A. will be next Thursday night, Oct. 9, 1947. We want all the parents to come for the programs. —Reporter

WICKER, ANDERSON, MILLER AND LAUGHLIN SCORE FOR EAGLES

Carl Wicker, Herman Anderson, Billy Miller and Jimmy Laughlin all made touchdowns at Eagle Field last Friday night, making the score 26-0 against St. Edward's Tigers. In the first few minutes of play, after the Eagle kick-off, Carl Wicker intercepted a pass and ran for about 30 yards for the first touchdown. Herman Anderson scored from the 12 yard line after a long run by Dick Lindsey. Billy Miller scored by intercepting a pass from the 20 yard line. Jimmy Laughlin scored after a screen-pass from the 20 yard line.

The Tigers made two threats on the Eagle line, but by good defense the Eagles held the Tigers for four downs; then Herman Anderson carried the ball back down the field for about 60 yards, for a good first down. The Eagles scored after a few more downs; Anderson did excellent ball carrying for he brought the Eagles out of the hole twice on a similar play to the one just described.

The Eagle line did very well against the Tigers' heavy line. Every Tiger had his opponent in the line out-weighted. Very good blocking on the offensive and good tackling on the defensive brought the Eagles an easy victory. Dick Lindsey, the full-back, did some very spectacular tackling during the entire game.

Both teams played a very fair, clean game and again we want to thank the public for supporting the Eagles and also for the good conduct and sportsmanship shown by the spectators and the boys playing.

SPEECH STUDENTS INCREASE VOCABULARY

The Speech Class of 1947-48 is a very interesting and helpful course. This week the class is learning new words. In fact, the whole course will apply chiefly to increasing the vocabulary.

The class, which consists of approximately twenty students, usually has a "round-table" discussion each day with the instructor, Mrs. Thompson, leading the class. Only juniors and seniors are privileged to take this course in high school.

Later in the year the class is going to organize a speech club and also prepare and present programs and plays. With the help and leadership of the instructor the speech class of

1947-48 should be very interesting and successful.

F. H. A. CLUB OFFICERS

The F. H. A. Club officers have been elected and are the following: Betty Williford—President; Norma Sue Ross—Vice-President; Scottie Vaughn—Secretary; Mary K. Palmer—Treasurer; Vera Mae Bell—Historian; Dorris Smith—Reporter; Sybil Ann Reid—Song Leader; Celia Ann Simpson—Pianist; Edna Roberts—Parliamentarian.

The Mothers who were selected for Club Mothers were Mrs. L. B. Hart, Mrs. J. A. Dellis and Mrs. J. O. Simpson.

JOYCE DENMAN

Joyce is the oldest daughter of Mr. and Mrs. W. H. Denman of the Live Oak community. She is sixteen years of age, has blue eyes and brown hair and is five feet and seven inches tall.

She has spent all of her school days at Goldthwaite. Her friendly smile and sweet disposition have won her many friends.

She is an active member of the F. H. A. Club and pep squad. She helps boost the Eagles by attending all of the football games.

ENGLISH I STUDENTS SERVICE

The students of English I have been sweating and puffing trying to get their notebooks in. I'm glad to say most of us made it.

SENIOR REPORT

The seniors have been having quite a time this week. Almost all of the seniors went to the Dallas Fair, and everyone reported a wonderful time. The seniors have all just about caught up on their sleep after the trip.

The boys really played a wonderful game Friday night. The senior class is really proud of the part the senior football boys did.

The seniors are planning a party this week, although we haven't decided what night. The seniors are looking forward to a grand time.

CHEMISTRY CLASS

The chemistry class had a

test last Tuesday over the symbols and valences of elements and radicals. Mr. Hines was pleased because most of the students passed the test.

For the past week the class has been studying the properties and reactions of oxygen and hydrogen.

THE TOP DRAWER

(Everything goes into it) Tough luck, Billy! Too bad you ran out of gas. Do you suppose "Dede" got tired waiting up for you?

Annette, do you enjoy sitting in Wayne William's lap?

Margaret and Ray Williams, Anita and "Slugger" made a happy foursome, both Friday and Saturday nights.

N. B. Guist of Zephyr really gets around, at least with Goldthwaite girls. Friday night Nelda Roberson was seen with him, and Saturday it was Pat Lockridge.

Boy, does Jerol get around! First there's one in Goldthwaite, then Brownwood, and now Dale Clark from San Saba.

We hear Pearl delivered a very vital message to someone in Dallas for Mary Alice. Doesn't Kenneth Wilkinson have enough money yet? "Just one dollar ninety-eight cents."

Gene Read and Barbara Harrell, Carolyn Farris and Larry Simmons were seen together at the football game Thursday night.

Ada Margaret, weren't you lucky not to have to work late Saturday night, especially after Garth Guist came all the way from Zephyr just to see you?

It's really nice to have a girl wait for you after a football game or at least Dick and Wayne Williams think so—especially when the girls are Nelda Jane and Ruby.

Say, Carlene and "Red" are really getting up a case. They were seen again Friday night. Is this going to be regular?

HISTORY II CLASS REPORT

Our history II class is not very large but we are willing to work. Mr. Wasserman is our teacher and is new in our school. He had some trouble learning our names but now he knows them. Our history is about modern times, and we have been studying about the coming of modern times, the state as a monarchy, the British Empire, and the Old Regime in Europe.

GERALD ED BRYAN

Gerald Ed is the youngest son of Mr. and Mrs. Cecil Bryan of the Caradan community. He is 6 feet 2 inches tall, weighs 158 pounds and has blue eyes and blond hair. His quiet, but pleasant personality has won him many friends.

He is very interested in his school work and is always willing to lend a helping hand when it is needed.

Of all the sports on the campus, tennis is Gerald Ed's favorite. There is always a lonesome look about him if he doesn't have a tennis racket in his hand.

After Gerald Ed graduates he plans to live in the country and raise hogs. We can be assured that whatever task he goes after will be well accomplished.

Mrs. Jim Weatherby was hostess to the Art Civic Club as it began the 1947-48 Club year with a coffee Saturday morning, September 20th. Mrs. Weatherby received the Club members and guests and directed them to the dining room. There Mrs. Omar Weatherby and Mrs. Jacob Saylor served the delicious refreshments from the beautifully arranged table. Mrs. Roy Weatherby reviewed "Heart of Jade" by S. de Madariaga. The review was splendid and besides being highly entertaining refreshed our memory on Mexico's history. At the end of the social hour the Club members met for a few minutes of business and to welcome Mrs. L. L. Crume and Mrs. L. A. Grumbles into the Club. Mrs. Charles Conradt was not present. The members of the Art and Civic Club are studying Alaska during the coming Club year and we are looking forward to each meeting.

ALL VETERANS' DAY AT DALLAS FAIR

Dallas, Oct. 8.—Fleet Admiral Chester W. Nimitz, often called the greatest Texan since Sam Houston, will come to Dallas October 14 to lead Texas veterans of all wars in a rededication to the principles of American Freedom.

The occasion will be "All Veterans' Day" at the State Fair when for the first time in the history of the state tribute will be paid to veterans of all wars in all branches of the service.

More than 200,000 veterans and their families are expected to take part in the day's activities. R. L. Thornton, president of the Fair, announced. Among the many groups participating will be the American Legion, Spanish-American War Veterans, Reserved Officers Association, Air Force Association, Air Reserved Association, Veterans of Foreign Wars and numerous others.

Admiral Nimitz, whose brilliant naval career took him from the Hill Country of Texas to become commander of the Pacific Fleet and conqueror of the Japanese navies, is now Chief of Naval Operations, one of the highest military titles which his country can bestow. He will fly from Washington to Dallas in his own plane to participate in the day's activities and to address a crowd of more than 50,000 the night of October 14, in the Cotton Bowl.

Admiral Nimitz has been called the foremost living symbol of America's naval power, and in tribute to his valor Texans already have enshrined him among their heroes. A bronze bust of the Five-Star Texas Admiral now sets in the Hall of State at the State Fair of Texas alongside such other great Texans as Sam Houston, William Barrett Travis, Stephan F. Austin and Mirabeau B. Lamar.

In addition to featured speakers and entertainers, special exhibitions are being set up, bands from all over the state are being invited to take part in the show which will be climaxed

with a magnificent exposition in Texas' famous Cotton Bowl.

"This will be the veteran's own day at the Fair and we are doing everything possible to make his visit enjoyable", Mr. Thornton said. "The public address system network which covers the grounds will be at the disposal of those veterans seeking to locate their buddies, and special meeting places are being arranged for the various military organizations which are planning to assemble at the fair".

Mills County True Sportsmen's Club Bench Show And Barbecue

The Mills County True Sportsmen's Club on October 1 held their Bench Show and Barbecue on Bulls Creek in a beautiful pecan grove near a wonderful spring on John Parker's place, four and one-half miles south of Goldthwaite, and am sure I express the sentiments of all present that we are very grateful to Mr. and Mrs. Parker for their kindness.

Rev. Ham of Brownwood gave the invocation and delicious barbecue, pickles, salads, cakes, pies, iced tea, coffee, etc., were served to a large crowd at noon and evening.

Among the out-of-towners present were some who spent childhood days here and what a gay time we had. Reminiscing went on throughout the day with those here.

L. J. Ackers, Abilene, was Master of Ceremonies and gave to the listeners an inspiring talk. He introduced Rev. Moore Eubanks, Mercury, who with beautiful thoughts and words, gave a "Tribute" to the memory of our much beloved, Bob Smith.

We were honored this year to have our Bench Show judged by that peerless houndman and judge, B. A. Skipper, Jr., of Longview, who flew in on the morning of the Meet.

FIRE PREVENTION ON THE FARM

Modern fire prevention and control as yet are unknown in many farm and rural areas states State Fire Insurance Commissioner Marvin Hall, calling attention to Fire Prevention Week, October 5 through October 11.

He emphasized that most farm fires can be traced to one of the following: defective chimneys and heating equipment, sparks on flammable roofs, lighting, spontaneous ignition of hay, misuse of electricity, careless smoking and use of matches, flammable liquids.

"On the farm, as elsewhere, most fires are preventable by prohibiting the presence of well-known fire hazards," the Commissioner stressed. "Tidy conditions greatly reduce the chance of fires getting started."

A few common but very important considerations Hall listed were:

- Rebuild or repair chimneys and heating equipment when defects may appear; keep stoves, flues and chimneys clean; let no combustible material, including unprotected woodwork, become overheated.
- Use fire-retardant roofing on all buildings, and select fire-resistant building materials whenever possible. Where the roof is wood shingle, keep a long enough ladder handy to reach it in case of fire. Install spark arrestors on chimneys.
- Properly installed and maintained lighting rods have proved about one hundred per cent effective in the prevention of lightning damage to farm property. Lightning is a serious rural problem: it is responsible for about \$10,000,000 in property losses and 400 deaths every year.
- Spontaneous ignition causes many farm fires. Cure hay and other roughage thoroughly. Store under a weather-tight roof so that water, dripping into the hay, cannot start the heating process. Do not allow horse manure to accumulate near combustible materials. Keep oily cloths, paint rags, etc., in tightly covered metal containers.
- Properly installed electric wiring and devices, electric lights, and flashlights reduce the farm fire hazard because they replace the more hazardous open flames. It is only when they become defective, or are misused, that they may cause a fire to start. Keep them in good repair and use them properly.
- Strictly enforce "No Smoking" regulations in barns, outbuildings, or wherever combustible material is stored, but provide convenient smoking areas for employees or family, with ample ash trays or sand pails handy for match stubs, ashes and butts.
- Never use kerosene for starting fires nor gasoline for home dry cleaning. All flammable liquids should be carefully stored in safe containers, away from the buildings, labled, and protected so that children or irresponsible persons cannot handle them.
- Knowing exactly what to do if a fire emergency does arise is also of utmost importance in rural areas. Small fires can be put out, and even well-started ones can at least be kept from spreading before help arrives, if they are attacked properly. For this reason, approved fire extinguishers should be kept in convenient places. Reserve water supplies should also be maintained. Everyone on the farm should know where fire-fighting equipment is located and how to use it.

FIRE SAFETY ON THE FARM

As a part of a nationwide educational program to inform the American farmer of the fire menace which destroyed \$90,000,000 worth of farm property and claimed 3,500 lives on farms in 1946, the National Board of Fire Underwriters has issued a new 24-page booklet, "Fire Safety on the Farm."

The booklet outlines corrective measures for the two basic causes of farm fires—faulty building construction, and lack of knowledge. The hazards in dwellings, barns and outbuildings are analyzed, with special emphasis on the increasing electrical and flammable liquid hazards found on the modern mechanized farm. Recommendations are made for combating two of the worst farm fire hazards—lightning and spontaneous ignition. The booklet also lists fire safeguards which should be included in the construction of new buildings, and provides suggestions on how existing structures may be brought up to a reasonable level of fire safety.

Of great importance, the handbook is a practical guide for the organization of a system of home fire

BIBLE TODAY
International Uniform Sunday School Lesson
By LOUIE D. NEWTON, D.D.
SCRIPTURE: Hebrews 3:1-8:5; 9-10. Matthew 4:1-11.
DEVOTIONAL READING: Philipians 3:1-11.

BIBLE TODAY
Apostle of Better Things

Lesson for October 12, 1947

THIS lesson opens, Hebrews 3:1-8, with the explanation that Jesus Christ is the minister of better things in that he is the apostle and high priest of our profession, perfectly faithful to him that appointed him. The comparison is made with Moses, who was also faithful, but within a very small circle as contrasted with the Son of God. . . . Called to God an high priest after the order of Melchisedec, Christ, the author of eternal salvation, dealt no longer with symbols, but offered himself as the perfect lamb to take away our sins. . . . "and for this cause he is the mediator of the new covenant (testament), that by means of death, for the redemptions of the transgressions that were under the first testament, they which are called might receive the promise of eternal inheritance," Hebrews 9:15.

Dr. Newton

Jesus and the Bible
JESUS is introduced in Matthew 4:1-4, as he quotes the Old Testament to Satan in the wilderness temptation. Having been reared by a God-fearing mother, Jesus was familiar with the Bible as a child. . . . What is the best thing any parent can do for his or her child? I would answer without hesitation: Teach them to hide God's words in their hearts in the impressionable years of youth. A Bible verse learned in youth will serve through all life's testing situations. . . . "I will not forget Thy Word," Psalms 119:16.

He Helps Us Use the Bible
THE better ministry of Jesus is reflected in the fact that, "We have a great high priest, that is passed into the heavens, Jesus the Son of God. . . . For we have not an high priest which cannot be touched with the feeling of our infirmities; but was in all points tempted like as we are, yet without sin. Let us therefore come boldly unto the throne of grace, that we may obtain mercy, and find grace to help in time of need," Hebrews 4:14-16. . . . Study the example of Jesus in his answers to Satan in the wilderness temptation, and He will teach us when and what to say to Satan. We are not dependent upon our wisdom and words. Our great high priest will supply wisdom and words to match any situation that Satan ever presents. . . . I think of a story of a junior boy, recently accused of stealing. The boy was the victim of a wicked man who sought to turn circumstantial evidence upon him to cover his own sin. The boy told me that he was innocent. I went with him to the juvenile court. The judge asked him if he was guilty. He looked straight into the eyes of the judge and said: "Sir, I have not sinned. Who convicted me of this charge?" "The man dropped his head, and said: "Your honor, I ask for the privilege of withdrawing the charge."

His Law in Our Hearts
"I WILL put my laws on their hearts, and upon their minds also will I write them," Hebrews 10:16. Jesus declares, "I do always the things that please him," and he enables us, by his grace, to do the father's will by his indwelling in our hearts. Thus, his will becomes the law of our lives, through the grace of Jesus Christ. . . . It is impossible for us to keep the law perfectly, but Christ, the better Christ, becomes our righteousness, and then his law is kept by his grace. In the olden times, men claimed to keep the letter of the law, without the spirit, as in the case of Moses. Now, through the offering of Christ, we are enabled to satisfy the spirit of the law. . . .

The Sufficient Christ
THIS lesson should enhearten every trusting child of God, since it makes clear that, "He is able to save unto the uttermost them that draw near unto God through him," Hebrews 7:25. . . . He is not only able, but yearns to save unto the uttermost. He wills to save everyone. God has done everything he can do to save every sentient soul on this earth. Those who go to hell do so because they decide to go to hell. It is not the pleasure of God that any should perish, but that all should repent and be saved. . . .

Here's a message to parents from the Texas Safety Association: the change-over from vacation to school is full of hazards for junior, and it's up to you to get him through that period safely. Learn the hazards yourself and the rules of the new Uniform Traffic Code and point them out to your child. Explain to him why he should walk on the left side of the roadway if there is no sidewalk. Point out to him that he should be especially careful at busy intersections. Explain to him how important it is to be sure that traffic is clear both ways before crossing a street and how dangerous it is to run out from behind parked cars or buses that have stopped to discharge passengers. Above all things, impress him with the fact that an automobile is ten times as fast, one hundred times as heavy, and many hundreds of times as hard as his own body. Children look UP to you—let's look OUT for them!

American Gold Star Mothers Express Confidence In Identification Of World War II Deceased

American Gold Star Mothers of World Wars Incorporated in convention in Washington last week informed Quartermaster General of the passage of a resolution commending system of World War II Deceased.

Whereas, by Public Law 383, 79th Congress, the Secretary of War, now Secretary of the Army, has been charged with carrying out the program for Return and Final Burial of World War II Military Deceased, and

Whereas, this responsibility was delegated to The Quartermaster General as Chief of The American Graves Registration Service, and

Whereas, one of the most important duties to be performed in the Return and Final Burial Program is establishing the certainty of identification of the remains of each soldier buried, and whereas 253,942 remains of members of the Armed Forces in temporary military cemeteries throughout the World have been positively identified either at the time of death by their comrades or subsequently by American Graves

Registration Personnel, and "Whereas, the number of military personnel buried in graves marked "unknown" is steadily reduced by the activities of the Memorial Division, Office of The Quartermaster General and the American Graves Registration Service, and

"Whereas, deceased military personnel, in addition to the presence of identification tags, letters, personal effects, clothing, markings, tooth charts were frequently identified by reports of comrades who saw them fall in action or who picked up bodies on the battle field, and

"Whereas, confidence in the identification under the Return and Final Burial Program as authorized under Public Law 383, 79th Congress, is important to every parent, widow, brother and sister, son and daughter of deceased military personnel, now, therefore be it resolved:

"That the American Gold Star Mothers of the World Wars, Incorporated in convention as assembled in Washington, D. C. this 30th Day of September 1947, hereby express confidence in the identification of deceased

Military Personnel of World War II as it has been carried on by the Memorial Division, Office of The Quartermaster General and the American Graves Registration Service, and

"Be it further resolved, that next of kin of deceased military personnel be assured that receipt of a letter from the War Department, giving the plot, row, and grave number in a military cemetery where a relative has been buried by the American Graves Registration Service overseas, is conclusive evidence that the identity of the individual in the designated plot, row and grave has been thoroughly, painstakingly and effectively established because no letter containing such information is sent by the Armed Forces to next of kin until identity is certain. Signed Matilda Burling, National President Countersigned Florence Harris, Secretary."

Swing Of Southwest Farm Markets

By U. S. D. A.

Southwest farm markets paid mostly firm to higher prices for livestock, grains, and many other products last week, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Hogs scored gains of mainly 50 cents to \$1. San Antonio and Fort Worth established new all time high prices of \$18.25 and \$29.50 respectively. Week's top at Oklahoma City was \$29.75, Wichita \$29.60, and Denver \$30.50.

Cattle closed the week generally strong to 50 cents higher, although Houston and San Antonio netted losses on steers and yearlings. Houston paid a top of \$22 for medium and good caked grass steers. Denver set a new all time high of \$33 for choice steers, while other medium to choice kinds brought \$25 to \$31.

Most markets paid steady to higher prices for sheep last week, but sheep and goats declined at San Antonio. Medium to good lambs brought \$19 to \$21 at Fort Worth.

Eggs and poultry sold firm to a little higher in the southwest last week. Seasonally best white graded eggs brought around 55 to 58 cents per dozen at most places, and mixed colors 50 to 56.

Continued good domestic and export demand kept grain markets strong most of the week. Wheat and corn netted gains of 5 to 15 cents, while oats, barley and sorghum grains advanced about 5 cents.

Slight ups and downs during the week left cotton \$1.25 to \$2.50 lower Friday. Growers in all sections called for more pickers as harvesting conditions were ideal.

If drivers observed three simple rules: drive at a moderate speed that will enable you to stop quickly in residential and school neighborhoods; keep on the watch for sudden, unexpected actions of children; and look around carefully before backing or starting up from a parked position. Children should be seen and not hurt.

If blister beetles are beginning to attack your fall tomatoes, dust the insects with 25 percent DDT and keep them dusted until they die out or make a retreat.

Mrs. R. M. Thompson left Friday morning of last week for Marlin. She will visit in Houston with her grandson, Rev. Larry Stokes and family and other relatives before returning home. week-end guests of their daughter, Mrs. F. J. Cartwright and family at San Antonio.
