Agricultural Building For Mills County; Date Set For Stock Show

In a meeting of the Mills County Live Stock Association Monday night, the first plans for securing two surplus buildings from Camp Bowie for an agricultural headquarters building in Goldthwaite were made. J. H. Priddy and W. A. Hill, Supervisors of the Brown-Mills Soil Conservation District, were instrumental in getting the buildings on a priority held by the soil Conservation District. E. T. Fairman donated the lot known as the Fairman Gin lot to the District for the location of buildings. Mr. Fairman also loaned \$1400 as the initial payment on the buildings and leveled the lot with a bulldozer. The agricultural buildings will provide storage for the equipment and seed owned by the Brown-Mills Soil Conservation Service will rent the buildings for office space and storage for their vehicles. During the livestock shows, the buildings will be used to house the calves, sheep, goats, hogs and poultry. Combined, the building will be 25 feet wide and approximately 200 feet long. By using the buildings, the Mills County Livestock Association will hold a two day show on January 19th and 20th.

'BREAKFAST IN HOLLYWOOD' AT METHODIST CHURCH SAT.

Tomorrow morning (Saturday) we are looking forward to having "Breakfast in Hollywood" at the Methodist Church. It will be a hilariously enjoyable affair, and the proceeds go to a very worthwhile project—the improvement of the children's department. We wish to express to the merchants who have donated prizes for the "Breakfast" our sincere appreciation. Also to the ladies who have worked so hard to make this program a success we say "thank you."

LOCAL FANS HOPE FOR UPSET WITH MIGHTY AUSTIN

By JIMMY ETHRIDGE
Coach Ted Kirby's Goldthwaite High School Eagles will face their toughest competition of the season tonight at Eagle Field when they meet the mighty high-scoring Silents of the Texas School for the deaf of Austin. Although both teams have records hard to beat, Austin will go into the ballgame with terrific odds over the Eagles and local fans are stacking their chips high for an upset on two factors. Austin's All-American right-tackle, Aaron Theriot, will not be in the game. Another factor, although small, is the fact that St. Edwards scored against the Silents but were unable to hit paydirt opposite Goldthwaite in their game here earlier in the season. Austin has chalked up 483 points in eight games compared with 7 for their opponents contributed to a score by St. Edwards September 19th. G. H. S. took an easy push-over victory from St. Ed's. with a final mark of 26-0. In seven other games the visitors ran over Concordia College 96-0, Mississippi Deaf School 96-0, Illinois Deaf School 76-0, San Marcos Academy 46-0, Kirwin High School 37-0, Louisiana Deaf School 46-0, Uvalde High School 26-0 and with a 60-7 win over St. Edwards bringing their total points to 483. Last year the Deaf School was rated second best in the nation and boasted two All-Americans. Tonight on Eagle Field they will

Union Thanksgiving Services At First Baptist Church Wed. Night

NORTH BENNETT CHURCH TO OBSERVE THANKSGIVING

All faiths and denominations are gathering together on next Wednesday evening, November 26, in a Union Thanksgiving service, meeting at the First Baptist Church. At this season of the year we are conscious of the many goodnesses and blessings that have been given to us and it is altogether fitting and proper for all of us to join into a service such as this to mutually show our appreciation and thankfulness to the Giver of all gifts. A combined choir will bring the special music for the evening while the main message will be delivered by Rev. M. Dick Lowry, Pastor of the First Methodist Church. M. E. Blake, Minister of the Church of Christ, will offer the invocation and Rev. Joseph L. Emery, pastor of the First Baptist Church, will give a word of welcome. Rev. Jim Ashcraft, pastor of the Nazarene Church, will read the Scripture and offer prayer during the service. Everyone of any faith or denomination are invited to be present for this Union service. It will begin at 7:15 p. m.

Lions Club Hear Speaker From State Department Public Welfare

At the regular third Tuesday night meeting of the Goldthwaite Lions Club held at The Hangar, James A. Lands, of Austin, assistant to the State Department of Public Welfare, outlined to members present the Department of Public Welfare set-up in Texas in a well delivered and much appreciated talk as guest speaker. Also guests of the club were Mrs. Anita Isham, in charge of the local office of the Department of Public Welfare, and E. T. Grimes of Georgetown, superintendent for this area, who introduced Mr. Lands. Mr. Lands said that 11 years ago the old-age assistance program started functioning in Texas when Gov. James V. Allred handed out the first old-age check. Since that time, in Texas, \$371,485,444 had been paid as old-age assistance, to the needy, blind, and to dependent children—over a third of a billion dollars. He said that last year the Department of Public Welfare handed one-fourth of the taxpayer's money—nearly \$5 and a half million dollars—and that last month checks totaling \$5,988,716 were mailed out to needy people in this state. In Mills County, the speaker said the 336 needy old people here would receive this month nearly \$10,000 in old-age assistance; the five needy blind would get \$195; and eight widows in the county would be helped by \$228.54. Lion Lands explained that assistance was given only to people who really need it, under the Texas law, but said the case load was increasing month by month in this state and now had the greatest percentage of any state in the nation. To remedy this, he said the per capita income of Texas people would have to be raised, and that there was a crying need for soil conservation and reforestation in Texas; a lack of an adequate health program for this state; and the fact that 30 to 40 years ago trades were not taught in the public schools. He said the aged population was increasing over what it was 30 to 40 years ago, because people are not dying off now as they did then, and that 47 percent of the people over 65 were on the state's

Go-Ahead Signal Is All That's Needed To Re-Open Vets Voc. School

The Mills County Board of Education, which will have direct supervision of the Mills County Vocational School when it re-opens here, has held several meetings looking towards its re-opening, and announce the school will be started again within 24 hours after re-approval is recommended by the State Approval Committee, and approval is received here from the State Board for Vocational Education with headquarters in Austin. The school was suspended on October 23, after having been in operation for 25 months, and has been closed for the past month. Action was taken by the State Board for Vocational Education, after suspension had been recommended by W. E. Lowry of Austin, Executive Director of the State Board for Vocational Education. No cause for suspension has been released for publication. The school will re-open in one day, after the go-ahead signal has been received here from the State Board.

Swing Cf Southwest Farm Markets

(By U. S. D. A.)

Most southwest farm products sold at fairly steady to moderately higher prices last week, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Unfavorable prospects for next year's winter wheat crop and large export demands still dominated grain markets. Wheat registered further substantial gains to sell Friday at \$3.11. Other grains held close to last week's levels.

Cotton harvesting and ginning continued active during the week, although cool days and sandstorms retarded progress somewhat in Northwest Texas and Western Oklahoma. Sales decreased slightly despite net price advances of around \$4 a bale.

Week's cattle sales went largely at steady to stronger prices, with many lots going higher at Wichita and Denver. However,

low grade cows at Texas markets moved counter to the trend to sell as much as 50 cents lower at \$8 to \$12 for canners and cutters.

Sheep prices held mainly steady to strong for the week but lambs showed some easiness at Oklahoma City, Wichita and Dever. Common and medium lambs sold at \$14 to \$18 at San Antonio, as medium and good grades cashed at \$19 to \$21.50 at Fort Worth.

Hog markets rallied some during the week but butcher classes suffered losses up to 25 and 50 cents at some terminals. Feeder pig prices dropped 50 cents to \$1 at San Antonio and Oklahoma City and \$4.50 at Fort Worth, where top offerings sold at \$20.

Turkeys moved to market in greater volume for the Thanksgiving holiday trade. Prices stayed close to support levels at most places. Fryers and broilers in the Northwest Arkansas surplus area weakened further to mostly 28 to 31 cents per pound for 2 3-4 pound birds. Other eggs and poultry changed little for the week.

TWO HUMBLE BROADCASTS SAT.

Although only two games are scheduled this week-end, Humble Oil and Refining Company's broadcasts should carry a full quota of football thrills, as the hard-fought Southwest Conference draws nearer the big Thanksgiving finale.

Humble's broadcast of the S. M. U.-Baylor game will be heard from Municipal Stadium in Waco, with Charlie Jordan describing the play and Jerry Doggett furnishing the color and statistics. The game will go on the air at 2:20 p. m. over stations WFAA-WBAP (820 kc), and WACO, Waco.

The Rice-T. C. U. broadcast, scheduled for 1:50 p. m., will be aired from T. C. U. Stadium in Fort Worth, with Ves Box on play-by-play and Fred Kincaid on color. Stations carrying the game will be WRR, Dallas; KFJZ, Fort Worth; KRBC, Abilene, and KGKL, San Angelo.

For the first time in two decades, cotton growers will probably realize over 2 billion dollars income from the 1947 crop.

Good calf hay should contain one half to one third legumes.

Pasture and skim milk have an approximately equal protein value for swine.

YOUR COUNTY HOME DEMONSTRATION AGENT

TEXAS EXTENSION SERVICE

FOR VICTORY

By MRS. EMAGENE HAENISCH REFINISHING FURNITURE

Through leadership training, the development of more leaders in the county, through Home Demonstration Clubs, is being recognized. The leaders are trained one month by the agent, then leaders give the clubs the demonstration the following month. Thus, five clubs with an attendance of 55 leaders saw the demonstration on "Refinishing of Kitchen Furniture".

The demonstration included the following:

Introduction:

Why refinish? Is it worth the cost of refinishing?

1. Make repairs first. Tables the right height. Glues to use.
2. Remove old finish. Commercial removers. Recipes for home removers.
3. Remove stains.
4. Smooth surface.
5. Choose finish. Mix colors, stains, paint, Varnish.
6. Oiling the furniture.

The demonstration was given in various ways with pieces being refinished, some removing paint and etc. The best way reported by some were to have blocks of wood. (1) Paint to remove and demonstrate. (2) How to sand—one showing surface sanded crosswise and varnished, (3) Stain—removing with oxalic crystal solution. (4) 3 blocks—1—first varnish, 2—second coat, 3—final coat and waxed and (5) painted in the different stages. The demonstration was of interest to all in that this could be applied to all furniture and during fall and winter months members have more time to refinish, then the cost of furniture has caused many to give the discarded furniture a second glance.

Recipes for paints and varnish removers are: 2 F lye, 1-2 cup water, 4 T. starch, 1 quart boiling water. Dissolve lye in 1-2 cup water. Make heavy starch

BIG BUILDING PROGRAM AT S. M. U.

Dallas, Nov. 8—Following a called meeting of the board of trustees, Southern Methodist University announced November 1 a multi-million dollar building program on which construction is to begin as soon as possible. Authorized by the board were the following three major projects: re-location of the Perkins School of Theology to more ample plat of surrounding ground and erection of buildings, including chapel, classrooms, library, and three dormitories; construction of a \$2,000,000 Fondenren Science Building as soon as contracts can be let by the SMU executive committee; and completion of a Law School Quadrangle, including construction of a law center for the Southwest Legal Foundation, established last year at SMU.

Capacity student enrollment prompted the action taken by the trustees in voting the expansion program and relocation of the theology school.

The new Fondenren Science Building will be financed largely by a gift of \$1,000,000 to SMU by Mrs. W. W. Fondenren of Houston.

The U. S. has in sight a capita consumption rate of pounds of sugar in 1947, comparison with 74 pounds a year. Texas ranks 6th in population.

A MAN OF THE WORLD

Yes, and we mean in an important sense, for the eyes of the World are upon him.

He is the American farmer.

He, alone, among the farmers of the major nations, is able to feed his own countrymen and hungry millions in other lands. Last year he sent 20 million tons of food abroad while maintaining our own diet level—already the best in the world.

This high production efficiency—achieved by the persistent application of new tools and scientific discoveries—must be maintained in months to come. For food is still fighting for peace.

And so is steel.

Steel companies, which already have set new peacetime production records, are spending more than one billion dollars on improvements and expansion to meet the needs of reconstruction abroad and our expanding economy at home.

Through steel and farm production lies a great source of American strength. And only the strong can hope to keep the peace.

"DARK DELUSION" HIGH-POWERED PLOT DISTINGUISHED CAST

"Dark Delusion," the new M-G-M offering on the Melba screen Saturday night only, is definitely the dish for those who like entertainment to move at a fast clip and who prefer their film menu spiced with generous portions of comedy, romance and suspense.

Latest in the popular "Dr. Gillespie" medical drama series, the picture returns Lionel Barrymore as the bull-headed, gruff but brilliant surgeon of Blair Hospital. As he has often done in the past, Dr. Gillespie again attempts to further the career of one of his proteges, and in the present adventures it is the fiery and two-fisted young Dr. Tommy Coalt (James Craig) who explodes considerable dramatic dynamite when he takes over the strange case of an attractive young girl who believes herself to be insane.

"DEAR RUTH" A RIOT OF FUN AND ROMANCE

"Dear Ruth," Paramount's picturization of the hit Broadway stage play, comes Saturday night prevue, Sunday and Monday at the Melba Theatre, with William Holden and Joan Caulfield in the starring, romantic roles. It is easy to see why the play had the unusually successful run of two-and-one-half years in New York and a year-and-a-half in Chicago, not to mention a number of equally successful stock company performances around the country. As a picture, "Dear Ruth" is hilariously funny and thoroughly delightful entertainment and whether or not you were among the lucky ones to see the play, by all means don't deny yourself the pleasure of being among those present at the Melba Theatre during the film's run.

"Dear Ruth" takes its name from the salutation of letters written by an overseas soldier to a girl he has never seen, but whose photograph he treasures. It isn't until the soldier comes home to press his suit in person that Ruth discovers her sixteen-year-old sister has been carrying on the romantic correspondence in her name and has sent her picture, to boot.

THE YEARLING

A picture that took eight years to film.—At the Melba, Tuesday and Wednesday.

M G M — Entertainment for Everybody, Everywhere. Yes, it's true what they've been saying about "The Yearling," and what they've been saying is an understatement, because it isn't possible for print and paper to convey in full measure the wholesome impact of Marjorie Kinnan Rawlings' Pulitzer Prize winning story as the camera conveys it in caring Technicolor.

Only via the singularly eloquent buzz of person-to-person comment, after the picture goes to the public, can the whole news about the treat in store be spread across the world. That it will be so spread, is inescapable.

Gregory Peck and Jane Wyman give the finest performance of his or her career, the title itself in this case doubtless means more than any other single bill asset. However, the names of Clarence Brown, as director and Sidney Franklin as producer, both to me identified hereafter as the men who made "The Yearling," have potent exploitation possibilities on their own.

Ballentine — Featherston Wedding

One of the prettiest weddings of the fall season was solemnized Sunday evening at 8:30, November 16, at the Central Methodist Church in Brownwood, when Miss Norma Featherston, daughter of Mr. and Mrs. Carl Featherston, became the wife of Retus (Buddy) Ballentine, of Brownwood.

Miss Betty White was at the pipe organ, playing "I Love You Truly," as the wedding group marched in and were seated by the ushers, Norman and Gordon Chesser. Before an altar of snow white chrysanthemums, and white burning candles, Miss Featherston came in on the arm of the best man, Billy Jack Chesser. Rev. Mree, pastor of the Central Methodist Church, performed the double ring ceremony.

Miss Featherston wore a grey suit with black accessories. She carried a white bible, a blue wedding bouquet, and wore a corsage of white and blue gardenias.

The bride's sister, Miss Carline Featherston of Goldthwaite, was bride's-maid. She wore a blue street dress, black accessories and a pink carnation corsage.

The groom wore a brown suit, and the best man and ushers were dressed in navy blue suits.

Miss Joyce Harrell of Goldthwaite sang "Because," and "Always." She wore a grey suit with white corsage.

Mrs. Ballentine, mother of the groom, wore a black street suit with white accessories and wore a white carnation corsage. Miss Wanda Ballentine, sister of the groom, wore a brown street dress with pink accessories and a pink carnation corsage. Mrs. Featherston, mother of the bride, wore brown with blue accessories and wore a white carnation corsage.

The happy young couple will reside in Brownwood at the present, where he is employed as fireman on the Santa Fe Railroad.

Out-of-town guests for the wedding were: Mr. and Mrs. Henry Featherston, Norma's grandparents of Goldthwaite; Mrs. J. H. Harrell and daughters, Barbara and Joyce of Goldthwaite; Mrs. Carl Featherston and Carlene of Goldthwaite and Carl Featherston, who is employed at Brady, Texas.

H. D. PARTY

The local H. D. Club had a party for Goldthwaite and Scallorn in the home of Mrs. Albert Hunt. Many interesting games were enjoyed and a lovely refreshment plate was served by the hostesses, Mmes. Hunt, Chadwick, Roberts and Frambrough.

The club has had a very successful year under the leadership of Mrs. Shirley Nickols. Although all goals were not completed by each member, but each lady received accordingly as she put into the club. We were very proud of our first, second and third prizes won in the style review. The meetings this past quarter were in the homes of Mrs. Jake Long, Mrs. Dave Straley, and Mrs. Eula Nickols. Mrs. Chadwick did an interesting demonstration on refinishing of wood work, at Mrs. Nickols'.

The club reports several new members this year. The following officers were elected for 1948:

President—Mrs. Fambrough; Vice-president—Mrs. Black; Secretary-Treasurer—Mrs. Cole; Council Delegate—Mrs. Jake Long; Reporter—Mrs. S. D. Robertson; Parliamentarian — Mrs.

Brooks-Leonhard

Miss Elva Faye Brooks and James Leonhard were married Tuesday, November 11 at 4:30, at the Methodist Church in Goldthwaite. Mrs. Leonard is the only daughter of Mr. and Mrs. George Brooks of the Jones Valley Community and Mr.

Leonhard is the son of Mr. and Mrs. H. J. Leonhard of Goldthwaite, Rt. 3.

Rev. John Weston, minister of the Star Methodist Church read the ceremony and Mrs. R. L. Steen played the organ.

The bride was beautifully dressed in a grey gabardine suit

with black accessories. As her "something old" she wore a strand of pearls. She was attended by Vera Mae Bell, who wore a lavender wool dress with black accessories.

Wincell Page of Goldthwaite was best man.

Immediately following the ceremony the couple left for a wedding trip to San Antonio.

The bride is a graduate of Goldthwaite High School. The groom attended school at Coppes Cove. He served two years in the army. He is now employed at Yarborough and Duren.

They will be at their home in Goldthwaite. Their many friends wish them much success and happiness.—By a friend.

MIDWAY H. D. CLUB

One of our club members, Mrs. Doyle Wright, has a new house and the H. D. Club members surprised her November 7th by coming in the early afternoon and papering two ceilings of the house, the living room and dining room ceilings.

There were ten ladies present. We were served with muffins and hot chocolate.

Then November 12th fifteen ladies met with Mrs. Elton Horton and quitted out one quilt. The ladies showered one club member with a pink and white shower.

We were served homemade layer cake and punch. Mrs. Lester Kirby and Mrs. W. A. Cline acted as co-hostesses with Mrs. Horton.

Our next regular meeting will be with Mrs. Edwin Burns, November 21st.—Reporter.

**JACKSON'S CAFE
At THE HANGAR**

SAN SABA PEAK

By MRS. DUTCH SMITH
We are having some nice showers which we are needing very much on the grain. We are hoping we will really get a good rain before it quits.

There has been so much going on in our community we hardly know where to start.

Howley Jernigan has gone deer hunting. We failed to find out who he went with. Mrs. Jernigan and son are staying with her mother.

Mr. and Mrs. Joe Carlile and son, Aaron, of Lampasas spent Tuesday with his brother Ward Carlile and family.

Mr. P. R. Jordan was in Padukha on business and visiting some relatives.

Mrs. Gordon Mitter attended the Baptist Convention in Amarillo this past week.

Mr. and Mrs. Dutch attended the funeral of Earl Harvey Thursday. This is the first Mills

County boy to be re-buried here. This is such a terrible thing but we are glad that the Government has made it possible to bring them back to their home for re-burial.

Mr. and Mrs. Fate Eckert and Atha Mae and Dorothy Jean Johnson were in Brownwood Saturday.

Fate Eckert and Dutch Smith sold their turkeys Friday.

C. S. Smith, Jr. and his room mate from A. & M. College spent the week-end with Mr. and Mrs. Dutch Smith and Johnnie. Mr. and Mrs. Jess Ball and son also spent Sunday in the Smith home.

Mr. and Mrs. J. T. Fisher and son, Terry, visited Mr. and Mrs. Howley Jernigan and son Friday night.

Mr. and Mrs. Ward Carlile and W. A. Ewice also visited the Jernigans Friday night.

Dutch Smith, Lee Long, Bud Conradt and Sammey Mateson left for Brewster County on a deer hunt.

Mrs. Dutch Smith and Mrs.

Fate Eckert attended Church at Goldthwaite Sunday night.

Lester Geeslin and daughter, Boneta Fae, visited in the Dutch Smith home Sunday morning.

Mr. and Mrs. Victor Williams of Brady were in Goldthwaite this past week visiting their daughter, Mrs. Lyle Crume.

Mr. and Mrs. Dutch Smith visited Mr. and Mrs. John Kuykendall Tuesday.

Mr. and Mrs. Bob Sims and Billy Jo, Mrs. Francis Kyle and son of Brownwood visited in the Kunkendall home Sunday.

Mrs. Chester Head was carried to the Tarbett Hospital in Marlin last Tuesday. Mr. and Mrs. Raymond Casbeer and son, Mrs. M. E. Casbeer, Charles and Gary Head, visited with Mrs. Head Sunday.

"Dear Ruth"—I've been raving so much about you that Gracie is getting jealous!"—George Burns—Showing Melba Theatre.

Mrs. Bill Whittenburg and children of Lometa spent the

week-end with her mother, Mrs. Joe Langford.

Week-end guests in the home of Mr. and Mrs. J. C. Faulkner were their son, Mr. and Mrs. C. S. Faulkner, and little Jimmie of Houston.

"Dear Ruth"—I'm telling folks to see you if they have to hike a mile—because when they do, they'll start rolling in the aisle—Bob Hope.—At Melba Theatre.

J. C. Hicks and mother, Mrs. L. O. Hicks of Fort Worth, spent Sunday with her sister, Mrs. M. E. Archer and other relatives. Mrs. Mae McMillon and daughter, Mrs. J. P. LeMay and children Bill and Martha Ann of Coleman spent Sunday with Mrs. McMillon's sisters, Misses Abbie and Ruth Ervin.

Never before so human, so engrossing, so stirring a picture—"The Yearling"—At the Melba Theatre, Tuesday and Wednesday.

Mr. and Mrs. M. E. Blake spent the first of this week in Fort Worth on business.

Mrs. J. H. Randolph visited

Sunday afternoon in Melba with an old friend.

"Dear Ruth"—With men know good pictures best, it's dear, two to one.—Jack Be Showing at the Melba Theatre.

Mrs. C. F. Williams returned home Wednesday evening of a week from Mineral Wells for a few days visit with relatives.

Sunday guests in the home of Mr. and Mrs. Elmo Littlejohn were Mr. and Mrs. R. V. Littlejohn and Mr. and Mrs. A. Pribble and son Terry.

"Dear Ruth"—You're three three laughs a minute blend into one great picture.—Ed Cantor—At Melba Theatre.

Mr. and Mrs. E. B. Gilliam went to Dallas Thursday of last week, where Mr. Gilliam attended a Railway Lawyers meeting.

Mrs. Joe Langford returned home Friday of last week after a two-week's visit with her sister, Mrs. Fred Davis, and Mr. Davis, at Dallas. She also visited another sister, Mrs. Charles Evans and Mr. Evans at Mexico.

(Written for last week)
GERALDINE POE
 Geraldine, often called Deanie, is the attractive daughter of the late Mrs. Avery Poe of the Star Ranch community. She has black hair and greenish-brown eyes; stands five feet and five inches.

Deanie is one of the most popular Senior girls and was elected the "Most Beautiful" of the Senior class. She is active in all sports and is also a member of the Pep Squad.

With her personality we are sure she will make a success in whatever she plans to do.

Likes Best—To go.
 Dislikes—Studying.
 Ambition—To go to college.

ALICE RICKEL
 Alice is the attractive daughter of Mr. W. J. Rickel of the McGirk community. She has black hair and greenish-brown eyes; stands five feet and four inches.

Alice has spent ten years at Star School. She went to the McGirk school two years.

She is one of the smartest Seniors and takes part in all activities on the campus. Alice lettered in basketball last year, being on the first string.

In her Freshman year she was elected her class favorite.

We feel sure she will be successful in future life.

Likes Best—To be with Janie.
 Dislikes—Gossip.
 Ambition—To go to college.

MILDRED RICKEL (BEARD)
 Mildred is the attractive, brown-eyed daughter of Mr. and Mrs. C. L. Rickel of Star. She has black hair and stand five feet and four inches.

Last year, Mildred was the candidate for the Hallowe'en Queen of the Junior class, with Smiley Purvis as her escort. She was elected the most beautiful

girl of the High School, and also a Pep Squad leader. She takes part in all activities and lettered in basketball, being on the first string.

The Pep Squad elected her as one of the Flag Bearer this year.

Mildred was married August 25 to David Beard, also a senior boy.

We wish you happiness in your married life, Mildred.

Likes best—Her husband, David.
 Dislikes—Nosey people.
 Ambition—To be a good housewife.

SENIOR NEWS
 Wedding Bells! And they rang this time for David and Mildred, two members of our senior class. Congratulations and we wish you happiness, always.

In English literary, we are studying the Elizabethan Age and its most famous writer William Shakespeare.

We have almost finished a unit in geometry and have been studying theorems of indirect proof.

Civics, typing, and shorthand also help us to keep busy.

We plan to start our annuals this week. We hope everyone does not "give up" before it is completed.

We chose our senior favorites, Wednesday, Geraldine Poe was elected the most beautiful girl; Culver Emdy, the most handsome boy. Laveta Adams and Bruce McPherson were chosen the most popular boy and girl.

David and Frances Beard were chosen high school favorites; David being a senior.

JUNIOR NEWS
 This is our eleventh week of school and it looks as if we're going to lose another Junior this week because Uvaughn Cox and Johnnie Boykin got married

Monday night, at 6:30. We are sorry to lose this Junior and Senior, but we wish them a lot of luck and happiness.

We have also elected a most beautiful girl and handsome boy and most popular boy and girl from our class. They are as follows: Most beautiful girl—Jerry Collier; Most handsome boy—Charles Head; Most popular girl—Mary Alldredge; Most popular boy—Garland Alldredge.

SOPHOMORE NEWS
 The Sophomore class had a class meeting to elect the most popular boy and girl of our class. They were Floy Woodard and Roland Poe. They will have their pictures made together to go in the annuals.

The whole high school then had a meeting to elect the favorite high school girl and boy. The Sophomore's candidates were Frances Beard and Billy Harper. They elected Frances and David Beard as favorites. Come on Sophomores, stick together!

FRESHMAN NEWS
 The Freshmen are progressing nicely in our school work.

We are working on the P. T. A. play, "Saving Dad", pretty hard, as we do not have much more time to work on it and six-week's test are just around the corner.

We elected favorites Monday, November 3, 1947. They are: Most popular girl—Velda Black; Most popular boy—Narvell (better known as "Boss") Warren. We had Dean Clifton and Janetha Welch in the race for high school favorites.

SPORTS
 On October 30 the Blanket Tigers came to Star, thinking of defeating the Star Tigers, but we're afraid they went back to Blanket with disappointment. The scores were 19-6.

Since this game was the last one that we would have on our field, we crowned the "Football Sweetheart", or rather Harper, the "Pep Squad Favorite" did.

Our last game was Nov. 7, with Williams at Williams. The scores were 42-0, of course, Star's favor.

We sure regret of this being our last football game but as

soon as the gym floor is completed, we'll start playing basketball.

DOWN IN ANNA MAE'S ALLEY
 Mary, you and Jerry Covington sure looked cute Saturday night.

Allen, it looks as if you like to go to Moline? How about that?

Mattie Jo, how are you and Dick making it?

Bonnie, it looks like you and Hub are at it again! You're not happy, are you?

Narvell, we're sorry to lose you, but if California calls, you must go.

Corene, we're sorry we published a lie, and we're glad that you and Zane are still on good terms.

Well, David how do you and Mildred like married life? You too, Uvaughn and Johnnie.

Gwendolyn, what's this we hear about you and Charles Lee? Is it going to be for keeps?

Norvel, you and Ethylene sure looked cute together Friday night. Sammy and June did too?

Garland, wasn't it nice of Freda to save room in the car for you to ride back from the ball game Friday?

Roland, we see that Christine is still your one and only. We hope it stays that way.

Geraldine, why won't you go with Aldean? Can't you tell that he likes you?

Frances, how are you and "Buck" making it? Just fine we hope.

Ruth, you and Cecil seem to be getting along better and better lately. Be sweet, dearie.

HOWARD PAYNE HOME-COMING THANKSGIVING
 The 1947 homecoming at Howard Payne College promises to be the largest and best attended since pre-war years. Over 500 eyes are expected to be in Brownwood for the event on Thanksgiving day, November 27.

Officially opening the all-day program will be a meeting in the Mims Auditorium at 10 a. m. for ex-students and visitors, with H. A. Stephens, ex-student president, presiding. There will be free barbecue on the campus at 12:30 p. m.

Climaxing the day's activities

will be a grid battle between Howard Payne and Abilene Christian College called for 2:30 p. m. at Brownwood High School Stadium. This will be the closing game of the season for the Jackets, who promise a stiff fight to win.

CHRISTIAN SCIENCE SERVICE

"Soul and Body" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 23.

The Golden Text is: "We all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, even as by the Spirit of the Lord" (II Corinthians 3:18).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And ye are complete in him, which is the head of all principality and power" (Colossians 2:10).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Soul, or Spirit, is God, unchangeable and eternal; and man coexists with and reflects Soul, God, for man is God's image" (page 120).

SANTA FE CARLOADINGS
 Santa Fe system carloadings for the week ending Nov. 8, 1947, were 30,326 compared with 24,825 for the same week in 1946. Cars received from connections totaled 12,636 compared with 13,175 for same week in 1946.

Total cars moved were 42,962 compared with 38,000 for the same week in 1946. Santa Fe handled a total of 44,620 cars in the preceding week of this year.

PAT NEFF RESIGNS AS BAYLOR PRESIDENT
 Silver-haired, fluent tongued Pat Neff -- the personification of Baylor University -- resigned Saturday, November 8, 1947.

In a letter to George H. Belew, secretary of the Board of Trustees, the president wrote, "In keeping with my thoughts and plans, at all times, during the passing year, I hereby file with you as Secretary of the Board of Trustees my resignation as president of the institution effective midnight December 31, 1947."

To others he remarked simply, "I'm stepping out of the traces." Texas born, farm bred, the words came naturally.

TCU HOME-COMING
 Fort Worth, Nov. 14.--Thanksgiving holidays at TCU won't dampen the spirit of Homecoming, promises Al Gill, head yell leader of the Froggies and chairman in charge of Homecoming plans this year.

Holidays will begin Wednesday afternoon, Nov. 26, and end Monday morning, December 1.

HUMBLE TO SPONSOR TURKEY-DAY BROADCAST

For the thirteenth consecutive year, Humble Oil & Refining Company will sponsor the broadcast of the traditional Texas University-Texas A. & M. football game on Thanksgiving day. Regardless of where the two teams are in the conference race, this match has always been considered a top attraction of the Southwest Conference season. This Thursday, in the broadcast booth at Kyle Field in College Station, ace sports announcer Kern Tipton and his radio crew will again be on hand to bring listeners all the thrilling action of the annual Turkey-day Classic. Assisting Tipton with color highlights will be another veteran of many Humble broadcasts, Alec Chesser. The broadcast, due to start at 2:20 p. m., will be carried on stations KPRC, Houston; WOAI, San Antonio; WFAA-WBAP (820 kc.), Dallas-Fort Worth.

James M. Friez

James M. Friez, the eldest son of Mr. R. H. Friez and Mrs. Virginia Cook Friez of the Nabors Creek Community, was born at Moffett, Bell County, Texas, February 23, 1894.

He was brought by his parents to Mills County when he was an infant, where he has resided except the two years he was in service during World War I. He was trained at Camp Bowie, Fort Worth, Texas, 36th Division. He was a gunner in Company D and was overseas for more than a year. He was in action when the Armistice was signed November 11, 1918.

He returned to Mills County for a few years and later went to west Texas where he remained several years. Upon returning to Mills County he was engaged in farming until his health failed him a few years ago.

"Jim", as he was called, had a hoast of friends. He was honest, courageous and industrious and had the respect and admiration of all who knew him.

His last days were spent in the Veterans Administration Hospital at Temple, Texas, where he passed away November 7, 1947. His remains were brought to Goldthwaite for burial, where funeral services were conducted by the local American Legion Post and the Veterans of Foreign Wars.

He is survived by one brother, Howard Friez of Hermleigh, Texas, and two sisters, Mrs. L. J. White of Nabors Creek Community, Mrs. C. C. White of Gatesville, Texas and one aunt, Miss Elizabeth Cook of Dallas, and other relatives in Fort Worth, McLennan and Bell Counties.

MAN MARCHES ON

Man, Genus Homo, held back by tyrants, dark ages, ignorance, fear, depressions and wars, yet ultimately breaking the shackles and marching forward to the music of his greater destiny;

Caves, sod huts, log cabins, hammers, and nails and frame buildings, brick on brick, then steel girders swinging through space and skyscrapers rising against the skyline;

Rough-hewn wooden wheels, faster-moving wheels of wagons, gasoline buggies, steam engines, steam-lined trains, modern automobiles and wheels lifted from the earth by the wings of planes;

Smoke signals, tapping of a telegraph key, voice over a wire and the miracle of music over the ether waves;

Strange hieroglyphics carved on the walls of ancient temples, discovery of paper, monks in the monasteries copying the Holy Bible with quill pens; Gutenberg and movable type, and the roar of a million printing presses;

Slavery and serfdom, whipping-posts and stocks, then the awakening of the human spirit and the vision of freedom and the brotherhood of man;

Galileo peering into the night sky with an iron pipe for a telescope and now a giant lens that will enable man to look one hundred eighty million light years into space;

Crude, agonizing, primitive surgery without anesthesia and now the magic of deep sleep while experts revamp man's internal machinery;

Columbus crossing the Atlantic in the 94-foot Santa Maria, Fulton and his steamboat, floating palaces plowing the deep, and Clipper ships that dare the airways;

Candles, oil lamps, Franklin flying his kite into a thundercloud and Edison illuminating the world with the brilliance of incandescent light;

The Divine Creative Spark expressing itself in symphonies, the frozen music of great architecture, the swirling paintbrush, the sculptor's chisel and the ennobling mysticism of great poetry;

Man delayed by ten thousand detours, yet ever rising after each fall, always building stronger and higher the things he destroys, and triumphantly marching forward under the Go-Light of Progress, leaving giant footprints on the Sands of Time.

Wilfred A. Peterson, Editor, THE SILVER LINING

BUSINESS FAILURES

It is still tough to run a business. The man who can successfully operate a grocery store, a bank, a feed and grain business or a music shop, even in these days of higher consumer purchasing power, is a man of substantial ability. This is proved by the latest figures on business failures.

Business failures are rising. They rose from a monthly average of 94 in 1946 to 277 for the first eight months of 1947. So far, this is by no means an alarming figure. War periods always bring a lot of new businesses into being; after the war, the rate of failure begins to rise. It was so after the Civil War, after World War I, and it is true now.

The figures on commercial failures are much more important than the attention usually given them. For they reflect the risks that a man, or a group of men, assume when they start a new business and create jobs for others. Instead of smearing all business enterprise with harsh phrases, legislators would do well to realize that business creates wealth for others even while it may be losing money itself.

BETTER FARM HOMES

Plenty of money is flowing into the pockets of farm families these days. Agriculture products and livestock this year are expected to bring some \$30 billion, nearly four times as much as they did before the war, a fact which means unprecedented farm prosperity. And the present record income is being used wisely. Part is going into savings accounts, or that final mortgage payment. Much is being spent on homes and better living facilities. "I've got a tiled shower bath at my house now," an Illinois farmer said recently. "In all my life the only other showers I ever had was when I got caught in the rain." About one in 10 farm families, surveys show, hope to build a completely new home in the next three to five years. Many of these houses will incorporate such features as central heating, tiled bathrooms and modern kitchen facilities. Thanks to better income, a quite revolution is taking place in rural life, and the day that farm homes will have all the comforts and conveniences is not far off.

SCRIPTURE: I John 1-3; John 21:15-22
 DEVOTIONAL READING: I Corinthians 13.

The Way of Love

Lesson for November 23, 1947

SUNDAY'S lesson is based on the writings of John, I John 1-3, and John 21:15-22. The devotional reading is First Corinthians 13.

Travelling on a plane at night a little while ago, I talked at length with a group of business men. The conversation turned at last to the Bible. I asked the group for their favorite passages in the Bible. They named several passages, but the majority said they loved

Dr. Newton

most the writings of John. I think their answer emphasizes this truth. John tells us about God and his love. That is the message of this lesson.

The Happy Way of Life

LOVE is the happy way of life. It is the only happy way of life. Children are happy to the degree that they are loved. Find me a home where children are truly loved, and I will have no difficulty in identifying that as a happy home.

Little children yearn for love, and they respond in love. That is one reason why they like dogs. Dogs love little children, unless they are the wrong sort of dogs. And little children love dogs.

If a dog can bring happiness to a little child by loving to the limit of its brute nature, how much more can parents, made in the image of God, bring happiness to little children by loving them.

Love Begets Love

JOHN declares, "This commandment have we from him, that he who loveth God love his brother also." I John 4:21.

We cannot hate people if we see them through eyes of love. The Bible somewhere speaks of the eyes of the heart, and it is of such eyes that I am now thinking.

A friend of mine complained that some strangers had bought the house next door to his. They had a strange name, they talked strangely, they looked strange. He was tempted to sell his beautiful home and move to another community.

He frowned when I smiled at him. I asked him if he would do what I proposed as a solution to his difficulty. He hesitated. I suggested that he cut an armful of dahlias from his garden and take them to the strange neighbors. He did. He discovered that the strange neighbor was an expert horticulturist. Today they are great friends. They love one another.

Follow After Love

HERE you will need to read I John 2:7-11. We need not pass resolutions about better relations within nations and between nations unless we are willing to follow after love in the everyday relationships of life.

Just across the fence, just across the hedge, just across the desk, just across the hall, just across the way, narrow or wide it may be, is a human being who yearns for love. It is generally safe to assume that the people you see every day are lonely people. You may not understand why, but they are lonely.

What can you do to help them in their loneliness? That is where the water begins to hit the wheel in applying this lesson to everyday life.

In the pioneer days of our country, people were more neighborly, because they were aware of great danger—danger from Indians, danger from wild beasts, danger from the wilderness about them. This sense of danger drew them together.

Today, with our walled apartments, we have lost some sense of interdependence. That is why we are so lonely. Follow the better self within you. Penetrate these barriers. Follow after love. And you will be happier as you make your neighbor happy.

The Way of Love

THE way of love is the way of Christ. "A new commandment I give unto you," said Jesus, "That ye love one another as I have loved you."

Not until we reach the point that we can look at life through the eyes of love—the eyes of the heart—can we know the joy which comes when we follow the way of love. It may sound very simple. That is the reason why it is so vital. It is the one way up and out for our frightened world. The way of love is the way God wants us to go today and tomorrow.

EAGLES PLAY FINAL GAME OF SEASON WITH TEXAS SCHOOL FOR DEAF
 As the Eagles come to clash with Texas School for Deaf, the game doesn't appear to be a close contest, since the silence would probably "field" the best team that has ever been on Eagle Field.

They, the second best deaf team in the nation last year, are beyond a doubt the best this year. The Eagles have not conceded a victory to them; and even though the odds are against the home team, they are going to be fighting to win until the last whistle blows. All fans can be assured of 60 minutes of good entertainment, no matter which way the score goes.

We wish to thank the fans for their nice cooperation and backing they have given the Eagles this season. We also wish to express our appreciation for the good conduct that they have exhibited through the past season. Truly this will be a great game Friday night; and since this is the Eagles' last game of the season, we want to end the season with a great game, with a large crowd of fans with the good conduct and sportsmanship that has been exhibited throughout the past season.

INTRODUCING—
 Here comes a dark-haired senior boy with a swell personality and a pretty voice, who might even be mistaken for Frank Sinatra.

He had attended Cherokee and Mullin schools before coming here in his senior year. He has won himself many friends and has made a very good student.

He is a very active member in the school activities and in all club work. He is a member of the F. F. A. Chapter, Boy Scouts of America, Order Arrow Lodge, and the Goldthwaite Band. He is also sports editor of the "Eagle Screams" staff.

His favorite sports are basketball and football. He was Captain of the Mullin basketball team last year.

After graduation, he plans to enter John Tarleton and finish his college work at Texas Technological College. It can be assured that whatever he tackles will be well accomplished.

James is the seventeen-year old son of Mr. and Mrs. J. L. Hillman of Mullin. He is five feet and nine inches tall and has black hair and brown eyes. Likes Best—Girls and "deer" hunting. Dislikes—Nights when Dad says: "No car tonight." Ambition—To be a Chemical Engineer.

INTRODUCING—
 The girl with the pleasing personality. She is an outstanding member of the senior class. Before entering school here in the sixth grade, she attended Desdemona school.

She is an active member of the F. H. A. Club. She has been a member of the Band for two years and a twirler both years. She is vice-president of the Band this year.

Her favorite sports are football and basketball. She is a great fan of the Eagles and helps to cheer them on to their victories.

Kathleen is the sixteen-year old daughter of Mr. and Mrs. G. L. Kemp of Goldthwaite. She is five feet, two inches tall and has blond hair and blue eyes. Dislikes—Conceited People. Likes Best—People. Ambition—To get married. Weakness—"Nubbin'."

PEP SQUAD PLANS FORMATION
 The Pep Squad has been keeping up the old school spirit, although there has not been any football games in the last two weeks. The pep squad is planning a formation for next Friday night and is hoping to see many fans at Goldthwaite's last game.

FRESHMAN CLASS SUPPORTS RED CROSS
 This week the class has been working very hard as usual. Our class has filled two Red Cross boxes and have collected \$1.77 as membership fees for Junior Red Cross. The class goal is 100% membership. This goal

should be attained by Thanksgiving.

THE TWENTIETH CENTURY QUINTILLIANS
 The Speech Class of 1947-48 met last Thursday and organized the Twentieth Century Quintillians. The constitution was adopted and officers were elected. The officers elected were as follows: Geraldine Laughlin, President; Herman Anderson, Vice-President; Bobby Lawson, Secretary; Carlin Wicker, Treasurer; Betty Williford, Parliamentarian; Billy Joe Heath, Reporter; and Bennie Bob Long, Social Chairman.

Throughout the rest of the school year this organization plans to work diligently, to learn how to do well impromptu speeches, debates, declamation, and dramatics.

BIOLOGY STUDENTS GIVE REPORT
 The Biology class has been studying some of the simpler forms of animal and plant life. It has studied about the paramoecium, the amoeba, the alga, the fungi, and many others. The class has found all these things very interesting and educational. Some of the students have been giving reports on these subjects the past two or three days, and these will be completed soon.

ROUND AND ABOUT
 Carlene Featherston spent the week-end in Brownwood. She acted as brides-maid in the wedding of her sister Sunday night.

Billy Miller visited his sister and her husband, Mr. and Mrs. Lewis Hudson, over the week-end. They attended the Texas-T. C. U. football game.

Vera Mae Bell was brides-maid for the wedding of Faye Brooks and Jimmie Leonhard last Tuesday.

Joyce Harrell went to N. T. A. C. in Arlington Saturday to attend the annual Military Ball. She, Mrs. Harrell, and Barbara stayed over-night to visit Bud, who is attending the school.

Jessie Petsick shopped in Brownwood Saturday. Miss Elna Fouse attended a meeting of Delta Kappa Gamma, national honor society for women teachers, in De Leon Saturday.

A group of the Methodist young people attended a sub-district meeting in San Saba Sunday. They were accompanied by Miss Fouse and Mrs. Sparks Bigham.

Mrs. C. S. Thompson and Miss Laura Nelson shopped in Brownwood Saturday.

THE TOP DRAWER
 (Everything goes into it)
 Three happy couples Saturday night were Modene and Doug, Pearl and Walter, and surprise of surprises—La Verne and Otha Lloyd! Heard they had fun!

We also heard that the Barnetts gave a humdinger of a party Friday night. Ask Norma Sue and John Garner, Kay Clements and Gene Read, or Lena and James Hillman for more details. Tough luck this time, Herman! Maybe La Verne won't have a date next time.

The football boys and their dates had a gala time at the Hangar Tuesday night. Norma Sue and Robert Henry, Joyce and Billy, and Celia Ann and John Alex could tell you more about it.

Ann, was that Edwin Nicholson from San Saba that came to see you Sunday night?

This Simmons—Steen affair is getting serious! Meaning, of course, Larry and Jane Ann. Dick and Betty, John and Barbara, and Nell Carmen and James manage to eat lunch together nearly every day.

Only one more month, Vera Mae, until Jody Whitley will be back to squire you around.

'ONTSIDE THE EAGLE'S NEST'
 The kids down at Lometa had a grand hallowe'en carnival. The king and queen were Nell Moore and Fred Whittenburg, who are seniors.

San Saba football boys were excited last Thursday when they ordered their jackets. They sound as though they are going to be swell.

SCIENCE MARCHES ON
 The General Science Class has been studying about the digestive system. Our study has been very interesting and profitable. In the study of digestion, the tests for the various food nutrients were demonstrated. These

tests include the test for starch, sugar, proteins, fats and oils and mineral matter.

STUDY OF PUNCTUATION
 English III students have been studying punctuation rules and how to use them in sentences. With their previous knowledge of clauses and phrases the students understand why punctuation should be properly used and why one should have the rules in mind before placing the punctuation marks.

JUNIOR RED CROSS
 The Elementary School has been studying the filling of sixteen Junior Red Cross Gift Boxes which will be sent by the local chapter to national headquarters from which they will be sent to needy children across

the seas. Last week the membership drive began for the Junior Red Cross and grammar school is expected to be one hundred percent in membership. The teaching of our children to share with those less fortunate than they is a vital part in their training.

ELEMENTARY SCHOOL ASSEMBLY PROGRAM
 Section two of the fifth grade had charge of the assembly program last Friday at 2:15. The program consisted of Choral reading, piano solo, reading and a folk dance. Section one of the seventh grade will be in charge of the next program to be presented.

GRAMMAR OF HAPPINESS
 "Get your grammar right,

Live in the active voice instead of the passive, thinking more about what you do than what happens to you. Live in the indicative mood, being concerned with things rather than as they might be. Live in the present tense facing the duty at hand, without regret for the past or worry about the future. Live in the first person, criticizing yourself, rather than finding fault with others. Live in the singular number, caring own conscience than for the applause of the crowd. If you want a verb to conjugate, you cannot do better than to take the verb, "to love."

**THERESA VENABLE BECOMES BRIDE
F. M. PHILIPS AT METHODIST CHURCH**

Mrs. F. M. Philips

(The Kerrville Times)
Friday evening at 6:00, in a double-ring ceremony solemnized at the First Methodist Church, Theresa Venable, daughter of Mr. and Mrs. W. H. Venable of Goldthwaite, became the bride of F. M. Philips, son of Mr. and Mrs. W. H. Philips and the late Rev. Tom W. Brabham of Goldthwaite.

A basket arrangement of pink gladioli centered the altar with ferns banking either side. Tall white tapers in silver candelabra illuminated the altar. Mrs. Olga Seth, organist, presented the wedding music, and accompanied Mrs. B. E. Baker in the bridal solos.

Given in marriage by her father, the bride wore a two-piece dress of beige wool fashion with a round neck line, inset with cutwork lace, and enhanced by a peplum set off by a bustle bow effect in the back. Her accessories were black and her corsage was of baby orchids.

The bride's only attendant was her sister, Mrs. Joe Shelby Langford of Goldthwaite, who wore a light blue crepe dress designed with long sleeves and a draped skirt. Her corsage was of pink carnations.

Robert B. Mayfield attended the groom as his best man, and

Lower Colorado River Authority Has Soil Conservation Program

Austin, Nov. 18.—The first step in the development of the soil conservation and reclamation program recently adopted by the Lower Colorado River Authority will be taken on November 24 when representatives of all agencies in Texas engaged in conservation projects meet with the Authority officials.

The soil conservation and reclamation program adopted by the Board of Directors is expected to become one of the most important activities in which the Lower Colorado River Authority has engaged. Max Starcke, General Manager, declared in announcing creation of this new service.

A sound and comprehensive conservation and reclamation program, which supports and cooperates with existing agencies and the rural people, is the next logical development of the Authority's services to the people of Texas. Mr. Starcke declares. Flood control, water conservation, low cost power production—and now soil conservation—these are the services of the Authority is rendering to improve the economic position of the people of the lower Colorado River area.

The benefits of this program will not be confined to rural residents, but can be expected to have an influence on the economy of the state as a whole, just as have other services of the Authority, Mr. Starcke said.

C. "Dutch" Hohn, widely-known agricultural leader and soil expert, has been employed by the Board to supervise the conservation program. Mr. Hohn, who has been with the Extension Service of Texas A. and M. College since 1920 and for the last four years has been State Farm Labor Supervisor, will report to work in the latter part of November.

"We know we are extremely fortunate in having such an outstanding authority in the conservation field to assist us in developing this important program," Mr. Starcke stated.

The program, which still is in the formative state, envisions a long-range project which will help Texas landowners save the state's most important natural resource—the few inches of productive soil which remains on farm and ranch lands.

The project will be developed with the assistance of the people of the area. Mr. Starcke pointed out. "It is going to be a practical program, designed by the people who use it with emphasis upon those problems which the farmers and ranchers of the area tell us must be solved."

Careful study of the conservation problems, and possibly experimentation with the best techniques for the various types of soil and terrain represented, must, of necessity, precede any actual soil conservation activities, in some instances.

"Naturally, a plan must be developed and perfected before we can begin to give material assistance to the landowners of the territory. And particularly do we want to emphasize that our program will supplement work now in progress and planned for the future, rather than duplicate the activities of any other agency or individual," Mr.

MEXICAN CHURCH PROJECT TAKES FINAL SHAPE

A new location and plans for new buildings for the El Mesias Methodist Church, Houston's Mexican Methodist congregation, have been selected according to an announcement by the Houston District Board of Missions and Church Extension, of the purchase of the Second Christian Church.

El Mesias Church, the only Methodist church for the Spanish-speaking people of Houston, has long been in need of an adequate building for worship and educational use. Two years ago St. Paul's pastor and congregation projected a plan which would help the Mexican people to establish themselves as a strong church in this city. Rev. Larry M. Stokes, associate pastor of St. Paul's Church, has given a large amount of his time to make the studies and surveys needed in connection with this project. Conferences with leaders of the Latin American people, the officials of the Council of Social Agencies, the Houston Settlement Association, and the City Planning Commission were followed by detailed block studies. In some instances house-to-house surveys became necessary. These were made with the assistance of members of the Women's Society of Christian Service and the Senior Department of our congregation.

All of this information, including a careful analysis of the membership of El Mesias Church, provided the facts needed for the selection on the new site. In the neighborhood finally chosen, the Church building and other properties are centrally located. Plans are already in the making for the addition of an adequate educational building. The Mexican people themselves have given sacrificially for their new church.

Much of the progress made in this project must be credited to St. Paul's Methodist Church. Not only has St. Paul's contributed generously to the building fund, but it has also made it possible for Mr. Stokes to make the surveys and other research which were required for completing this program. It is a great joy to our congregation to have such a large share in sponsoring this new Mexican Church property.

AND THAT ISN'T ALL! Not many churches in all of Methodism could present the next feature of our RALLY DAY. Two young associate ministers with their wives at the altar of the Church to dedicate in Holy Baptism their first-born sons, Robert Morrison Stokes and John Raymond McClesky. "Bobby" was born in April, John Raymond in August, 1947. Again we say, what a privilege; our beloved Bishop to baptize them, a vast congregation to join in prayer for them.

Starcke said. "We want to be sure we have the program which will produce the most results for all, before we actually begin any field work."

"The program will be thoroughly coordinated with all agricultural agencies already in the field," he said. "A. and M. officials already have endorsed the program and have offered their assistance."
