448 AM Week Days—10-12 AM Sundays

Some early birds got after a worm in Texas last week. It's the pink bollworm, which is regarded as our worst cotton pest, even more so than the boll weevil, though not as widespread.

The "birds" are about 100 leaders of the state's cotton industry in the various phases, federal and state cotton insect regulatory officials, who met in Temple on January 7 at the behest of the insect control section of the Statewide Cotton Committee. Eugene Bualer, editor of Progressive Farmer magazine, is section chairman. Proper application of DDT will kill the worms, but stalk plow-up after harvest is considered important in most Texas cotton areas.

J. E. McDonald, commissioner of agriculture, reported that 130 counties in Texas are now under pink bollworm quarantine. State law prohibits the planting of cotton in these counties except by permission of the commissioner, after he is satisfied that strict precautions have been taken to keep the insect from spreading. Usually, such permission is given in blanket form to a whole county or area at a time. In the Rio Grande Valley, where infestation has been heaviest, permission is given to growers individually. There, it is mandatory that all cotton stalks be plowed under by September 1. Growers put \$10 per bale in escrow, which they forfeit if they fail to plow under the old stalks by the closing date.

Reports from the Rio Grande Valley hold the plow-up practice became widespread, yields have increased considerably and cotton insect damage has been reduced to a minimum.

One of the most impressive sights in North Texas now is the six new 100x400 ft. concrete show barns lined up behind Will Rogers Memorial Coliseum in Fort Worth. They'll be ready for the Southwestern Exposition and Fat Stock Show, January 30 to February 8.

The American Broadcasting Co. has announced that its February 7 AMERICAN FARMER program (WBAP-570, 11.30 to 12 noon) will include a 15-minute pickup from the Fort Worth stock show. Some other networks are showing interest. John Douglass, agriculture director for the Australian Broadcasting Commission, will be here making recordings for his listeners "down under".

The Texas Co-operative Gingers Association will hold its annual meeting February 9 and 10 in San Antonio. Secretary Cook says individual membership is around 100,000, with some 400 gins involved.

BROWNWOOD LIVESTOCK SHOW ENTRIES ARE HEAVY THIS YEAR

The 1948 Brownwood Livestock Show, January 21-27, will have at least one-third more entries than any previous show, officials of the livestock association said Saturday. The 1948 show will feature around 250 head of Hereford breeding cattle, 220 head of fat steers, approximately 1000 sheep and goats, 60 head of hogs, around 400 chickens and 100 turkeys.

Entries still may be submitted in the turkey, chicken and horse classes, but deadline for entry of cattle, hogs, sheep and goats for cataloging has expired. Indications are that there will be at least 150 head of horses on exhibit.

The livestock area, recently purchased at Camp Bowie from the War Assets Administration, is being readied for the show. The cattle barns are almost ready for use, with the work being done by members of the Brown County Hereford Association. Eight hundred panels have been made for the sheep and goat barns, with the additional 150 required expected to be completed this week.

This year, for the first time, the Brownwood Livestock Show will be housed in permanent buildings owned by the show association. In years past big circus tents were used for the show barns, while last year temporary quarters in the cavalry area at Camp Bowie were secured.

Names of judges for most of the classes were announced Saturday. Arthur McArthur, manager of the Essar Ranch, San Antonio, will judge all beef cattle, including boys fat calves.

Wallace Damron, superintendent of the experiment station at Sonora, and G. E. Tatum, vocational agriculture instructor at Rocksprings, will judge sheep and goats. Ed Parnell, head of the poultry department of Texas A. and M. College, will judge poultry, while E. M. Regenbrecht, also of the A. and M. staff, will be the judge in the swine division.

Arrangements have been made for three entrances to Camp Bowie for the show instead of the one entrance available at the 1947 event. These entrances will be via Woodland Heights, the hospital-country club road and the access road leading from the Zephyr highway.

Fifty signs are being prepared to direct visitors to the show grounds.

A highlight of the event will be performances of the horse show. There will be cutting horse exhibitions, cigar races, barrel races and other rodeo events, gaited animals, etc.

Health Notes

"Keep your body in good physical condition," advised Dr. Geo. W. Cox, State Health Officer. While colds, influenza, and ditions, all three may be brought pneumonia are different common or made worse by lowered body resistance, and all three may often be prevented in the same ways.

"When these communicable diseases are prevalent, avoid crowds as much as possible and plan your work and recreation so that you will not overtax your strength and get tired out. Be sure that the room where you are is always well ventilated. Drink plenty of water and don't let your system get clogged.

Sufficient rest, cleanliness of hands, mouth and teeth, fresh air while at work and during sleep, regulation of meals and bodily functions, wholesome food and freedom from anxiety will increase bodily resistance and help avoid contracting these diseases.

One attack of cold or influenza does not confer immunity. Individuals have been known to have several attacks during an epidemic. Segregation of the patient is desirable to avoid giving the disease to others.

Acres of winter wheat or to be seeded in Texas for harvest in 1948 is estimated at 6,980,000 acres, 48 percent greater than the 10-year average.

U. S. farmers grow 92 percent of all the peanuts in North America.

PIGS ARE SHORT

College Station, Jan. 15 -Texas raised more pigs in 1947 than in 1946, but the total is still below the 10-year average of 1936-45.

That's the gist of a report from the USDA's office of Bureau of Agricultural Economics in Austin. According to the report, 2,244,000 pigs were raised on Texas farms in 1947, about three percent more than in 1946, but 14 percent below the 10-year average.

Fall farrowings were up 12 percent above the 1946 number for the state as a whole, but some west north central counties reported a drop due to short grain reserves.

The production picture doesn't look any better for 1948. According to breeding intention estimates, 186,000 sows will farrow in the spring of 1948, just about the same number as in 1947, but 19 percent below the 10-year average of 230,000 head.

Breeding intentions for the United States indicate that the 1948 spring farrowing of about 7,732,000 sows will be the smallest number since 1938. E. M. Regenbrecht, extension swine husbandman for Texas A. and M. College, says that the pig outlook for 1948, insofar as prices are concerned, is pretty good. Hog prices are likely to remain at a high level. However, grains will be in much demand and consequently may be hard to get. There is no economy in feeding hogs to extremely heavy weights, Regenbrecht says. Hogs weighing from 225 to 265 pounds are preferred on the market and can also be produced more efficiently.

Two tons of good quality hay or one ton of hay and three tons of silage should be in storage for each cow in the dairy herd.

There will be no cotton marketing quotas and no acreage allotments for the 1948 cotton crop, according to the U. S. Department of Agriculture.

About 2 and 1-4 million families in the U. S. still do not have electricity.

Methodist Women Meet

Circle No. 2 of the Women's Society met Wednesday morning, January 12th at 9.30 in the home of Mrs. Talbot Letbetter. Meeting was called to order and a very interesting program was presented. The course of study "World Evangelism" was further discussed with Mrs. Howard Cambell, Mrs. Bob Johnson and Mrs. Dick Lowery gave informa-

SINGING AT NORTH BENNETT

A large crowd attended singing at the North Bennett Church Sunday night. New officers were elected. They were: Calvin Weathers, re-elected for president; Clarence Geeslin, vice-president and Mrs. Joe Henderson, secretary and treasurer. The North Bennett Church has been sponsoring this singing in the past but it was voted that the entire community and adjoining communities sponsor it. Lets all contribute to it in every way and make it the best or one of the best singing centers in this locality. Funds were raised for new 1948 Stamps-Baxter class books.

It was also voted that we meet each 1st and 3rd Friday nights in each month instead of 2nd Sunday nights. We feel by doing this visitors from other localities will be free to attend. So our next singing will be this Friday night, Jan. 16th. Plan to attend. Bring your quartettes, duets or what have you. You will be assured a place on the program. Also if you have any special request songs you would like to hear we'll do our best to have them sung.

We enjoyed having Mr. and Mrs. F. A. Teague from Brownwood with us last Sunday night and are expecting them and other Brownwood singers this Friday night including Mr. and Mrs. Huggins.

Mrs. Joe Anderson, Sec.

NEW FORD TRUCKS IN GOLDTHWAITE

The first public showing in Goldthwaite of the new 1948 model Ford trucks will take place Jan. 16 at an "open house" to be conducted by the Weatherby Auto Co.

With the streamlined new trucks—the first post-war products of the Ford Motor Company—as the main attraction the Weatherby Auto Co. will welcome the public to its showrooms, service, parts and accessory and used vehicle departments.

"We arranged an 'open house' program for public announcement of the 1948 truck line because we feel that this is the most important new truck showing in Ford history," said Talbot Ledbetter. "We are entering the greatest truck market of all time with the widest range of models and capacities Ford has ever produced. We expect to receive trucks during the coming months in quantities increased sufficiently to permit us to meet the heavy demand."

Mr. and Mrs. Owen Yarborough left Friday for a months vacation in Harlingen and other points.

Mrs. Aaron Valentine of Odessa arrived the first of last week for a month's visit with her grandmother and uncle, Mrs. C. F. Williams and Bill Williams.

Pie and Cake sale Sat., Jan. 17th., at Campbell Butane sponsored by Circle No. II of Methodist Church.

Mrs. Mary Burch of Houston is here visiting in the Earl Clements' home.

Mrs. L. B. Ashley had as guests during last week her daughter, Mrs. O. A. Hunn and husband of Fort Worth. The last of the week they visited Mrs. Ashley's old home in Lampasas County. They were accompanied by Miss Greta Sue Hines of Lometa.

Mr. and Mrs. E. M. Steele of San Angelo spent a few days last week with their mothers, Mrs. F. D. Webb and Mrs. E. M. Steele.

Shirley Nickols is working in Pampa on the Police Force. His family will join him later.

SINGING AT HAMILTON

Ollie McDermitt announces the Hamilton County Singing Convention will be held at the Littleville Baptist Church at Hamilton Sunday, January 18. Everyone is invited.

STURDY TIMBER FOR SHIP OF STATE

(Editorial in Brownwood Bulletin)

With the turn of the year, citizens are going to do a lot of thinking and hear a great deal about politics in 1948. That is because elections will be held for all governments representing the people of Brown county, of Brownwood, of Texas, of the United States.

It is going to be a tremendous political year from start to finish, and the prospects are that political timber will be plentiful all down the line.

The large majority of citizens will be on the woodmen's end of this forestry project, wielding the axe and the saw so vital to the getting out of materials that go into the Ship of State.

They will be looking for dependable timber that grows straight and strong from sturdy roots deep in the soil.

Citizen-woodsmen will not ruthlessly cut down everything in their path.

We believe that useful and still setworthy timbers should be retained in the Ship of State.

From the 21st Congressional District our Congressman, O. Clark Fisher, is a sturdy subject for this simile. He has gained strength with experience and service, and there is no good reason why his service to his district and the nation should not become more valuable in the future.

The seniority rule is a powerful factor in the halls of Congress. Mr. Fisher has done nothing that would disqualify him for further service to his constituents, and he has shown

qualities of fearless integrity and ability.

In matters touching the lives of the people of his district, he has displayed courteous and continuous interest and has exerted a great amount of energy to help the people in every instance where there was a clear-cut opportunity for him to do so.

He has not quibbled where the people's interests were involved. When state and national bureaus appeared to be encroaching upon the rights and future welfare of the people, he has come out in no uncertain terms of condemnation of such encroachments. An example of this is his attitude with respect to the now infamous project to create a game preserve out of the Camp Bowie maneuver area. Fisher cast his lot with the people of Brown county and against the game preserve.

As a member of the House Labor Committee he was meticulous to learn the wishes of a cross-section of his constituents and then, to the best of his ability, he tried to shape legislation that would meet the needs and wishes of the greatest number of citizens. His views on these and other issues have never been in doubt but firm.

The same is true on other legislative matters affecting the district, such as foreign importation of wool and an international agreement affecting that industry. He is opposed to subsidization of foreign imports with American tax dollars in competition with the American producer.

These and other actions have shown Clark Fisher's abilities and his considerate, friendly but firm manner of fulfilling his duties.

He is, in our opinion, qualified to continue in the office of Representative of the 21st Congressional District and should be given a vote of confidence by the people and not have to divert time and energies from important duties in Washington to carry on a political campaign in which—by all the rules of tradition and fairness—he

would be returned to office in the election of 1948.

Birthday Party

Barbara Waddell of Star celebrated her 13th birthday at her home on January 3.

Those present were her mother and father and small sister, Dessie Faye, her brother, Charles Waddell, also Dorothy Nell Waddell, Ira Lee Kemp, LaJoy and LaRoy, Clarey Glenda Windham, Frances Baird, Christine Rickel, Roland Poe, Alice Rickel, May Bell Cox, Mrs. J. C. Cox and son Alvis Rey, Mrs. Lee Clarey and son Lester, Mrs. Josie Kemp, Mr. and Mrs. Windham and three sons Roy, Ray and Jerry.

They all had a wonderful

time playing games, then refreshments were served and gifts were opened by Barbara. She received several nice gifts, then they played games until 11:30.

H. C. and Wesley Waddell looked in on the party shortly before it broke up and the guests went home wishing Barbara lots more happy birthdays.

CALVIN GEAN SINGLETON

Calvin Gean, the infant son of Mr. and Mrs. Jay Singleton passed away Monday, Jan. 12 at the hospital in Comanche. Calvin Gean only lived five hours. Surviving are his mother and father, Mr. and Mrs. Sing-

elton, two brothers, Harvey Jo and Loyd, and one sister, Lane-eta. The funeral services were conducted from the Church of Christ in Mullin with Rev. M. E. Blake, minister of the Church of Christ in Goldthwaite in charge.

Mrs. Singleton remains in a critical condition in the hospital at Comanche following the operation

INFANT FEATHERSTON

The 2-day-old daughter, born to Mr. and Mrs. Walter Earl Featherston on Jan. 8, died Jan. 10 at 4:20 p. m. in a Dallas hospital. Janis Ann is survived by her parents and grandparents, Mr. and Mrs. J. W. Featherston of Goldthwaite.

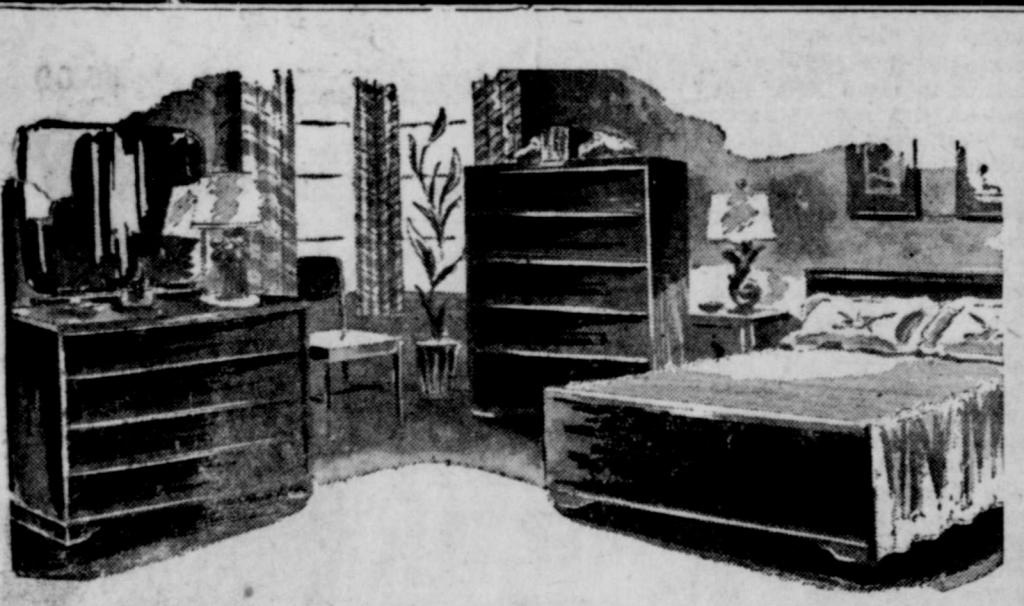

The mother is the former Dorothy Green.

The body was laid to rest in a Dallas Cemetery on Jan. 10.

Mr. and Mrs. J. M. Walter San Saba visited her brother Marsh Johnson and family other relatives Sunday.

Mr. and Mrs. L. G. Robb Colston of Brady visited Hawell, Roy and Truman also Mr. and Mrs. Frank and Miss DAVIS Blue. All day afternoon they stopped for a chat with friends in town.

Pie and Cake sale Saturday, at Campbell sponsored by Circle No. 1 Methodist Church.

DALE O'NEAL
 Dale is the attractive daughter of Mr. and Mrs. Ernest O'Neal of the Moline community. She stands five feet, four inches in height; has dark hair and brown eyes. She has attended Star School five years and is well liked by the teachers and students. Last year, she and Voydary were elected the cutest couple in high school. Sue enjoys swimming more than any other sport and likes any food that is chocolate. Sue is one of the most outstanding students in the Junior class and we are sure she will make a success at whatever she tries to do.
 Likes best—Excitement.
 Dislikes—Gossip and catty people.
 Ambition—To be a success.

stands five feet and six inches. Dale has attended Star School every since the sixth grade. He has made many friends and is liked by the teachers and students.
 Dale is very active in sports; playing football, basketball, and softball. His favorite food is fried potatoes and his favorite hobby is horse-back riding.
 In whatever he attempts to do, we are sure it will be a success.
 Likes best—Reading books.
 Dislikes—Silly girls.
 Ambition—To be a farmer.

SENIOR NEWS
 We finished our mid-term examinations last week. We are proud to report that the majority of the class passed.
 Mary Jo Carter was elected our candidate for the citizenship award of "The Daughters of the American Revolution."

This award is a trip to Washington, D. C. We hope she is the lucky one. She will receive a certificate of reward for good citizenship whether or not she gets the trip and will be a member of "The Daughters of the American Revolution."

After we finish "Macbeth", we will begin our semester of grammar in English.

We will play our first basketball conference game here Tuesday night, January 13, with Lometa. Everyone come and root for the Tigers.

JUNIOR NEWS
 We finished our mid-term test last week. Most of us passed them with flying colors.

Several of us were surprised in our grades in bookkeeping. We all made good. Thanks, Mrs. Smith, for being such a swell teacher.

We also thank Mr. Beard, Mrs. Fields, and Mr. O'Neal for giving us such easy tests, we just hope they last.

SOPHOMORE NEWS
 We are glad that our mid-term tests are over. We hope everyone passed them.

Since it is mid-term, we are exchanging our Civics book for Texas History and our Literature book for a Grammar.

We have handed in our Biology notebooks for mid-term, also we handed in our English and Civics Notebooks.
 Here's hoping we do better the next half.

FRESHMEN NEWS
 The freshmen have just finished our mid-term test, the following is the report. (on passing grades.)

World History, all except two.
 English, all except two.
 Science, all except two.
 Algebra I, all except two.

At the end of this mid-term we will have lost Thomas Wilky and Janet Commins out of our English class.

We still have not come to a definite decision on when we will have the skating party.

DOWN ANNA MAE'S ALLEY
 Dorothy, we think it's great that you and Bobbie Lee have made up and, naturally, you think so too.

Billy Baker and Anita D. certainly looked cute together Sunday night. What about Ethylene, Billy?

It looks as if Mary Leigh and Doyle; Jerry and R. G. are going on the new couple list.

We hear that Zane and Anna Merele must have up a case. They were seen together both Saturday night and Sunday afternoon.

Christine, we hear you had a nice little get together at your house Saturday night. Where was Roland?

Marjorie, you and Millard make a nice looking couple. Keep it up, kids.

Geraldine, we heard you were out with Buck, Saturday night. You two sure make a cute couple so keep those lights burning.

SONG DEDICATION
 Mary Leigh to Doyle—"Together."

Dorothy to Bobby—"Seems Like Old Times."

Velda to Wendell—"Near You."

Bruce to Laveta—"How Soon."

Buck to Geraldine—"You Do."

Billy B. to Anita—"Moonlight Becomes You."

Freda to Garland—"Humpty Dumpty Heart."

June to Paul—"In the Mood."

Wilda to M. W.—"I Wish I Didn't Love you So."

Royce to Enmit—"I Love You Truly."

Melba to Farrell—"Always."

Develva to Neal—"Saturday Night."

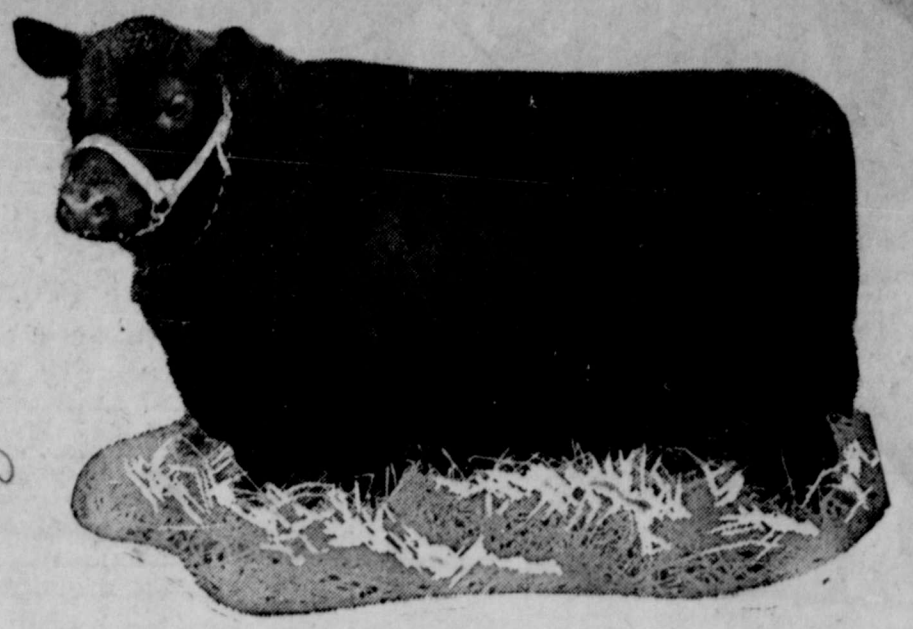

Janetha to Doyle—"It's Only a Paper Moon."

Doris June to Bobby—"Love Grown Cold."

Floy to "Dizzy"—"Let's Take the Long Way Home."

Janet to Thomas—"For Sentimental Reasons."

H. D. COUNCIL
 The Mills County Home Demonstration Council met in the Agent's office January 10, with six clubs represented and one visitor. The chairman called the house to order.
 Mrs. Hart acted as Secretary. The following Committees gave reports and read recommendations for the 1948 work:
 Finance—Mrs. Fields Hines.
 Year Book—Miss Greta Sue

MESSAGES of HOPE by

Dr. T. A. Williams
 HEALTH—is the inherent right of man but certain fundamental laws must be complied with. One of the laws governing man is that there be an uninterrupted flow of energy over the nerves between the brain and the organs and glands of the body at all times.

When a bone in the spine slips out of line and interferes with the flow of energy over the nerves the result will be sickness and disease.
 When a Chiropractor removes the interference by adjusting the misaligned bone to its proper position there will again be a free flow of energy over the nerves and health will be the natural result.

CASE NO. 232, Man, 29. A catch in the back. This man took a bath when he got a catch in his back followed the pain in left hip and thigh. Subsequent attacks became frequent and pain more severe with longer duration. At 1 time he came to our office he said he could sense the approach of an attack as much as twelve hours in advance. He would be off from work from three to four days following. Attacks were recurring at about two-week intervals. Adjustment given according to Neurocalometer and X-ray analysis gave immediate relief and recovery within month. Case reported still doing fine six months later.

Summary of Southwest Farm Markets

By U. S. D. A.

Egg prices dropped, and livestock showed mixed trends last week, as other southwest farm products remained generally steady to strong, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Generally good demand and high offerings raised all grain prices. Wheat advanced about five cents to bring \$3.11½ to \$3.12½ per bushel in carlots at Texas common points. Corn gained seven to ten cents and oats seven cents. No. 2 milo sold from \$4.23 to \$4.28 after a rise of ten cents a hundred.

Spot cotton markets increased activity. Harvesting made good progress and neared completion except in the high plains. Prices declined \$1 to \$2 a bale.

Eggs weakened further at principal southwest markets, as poultry sold steady to slightly stronger. Current receipt eggs moved mostly around 40 cents a dozen at Dallas and Denver, 45 to 47 at Fort Worth, and 48 at New Orleans. Heavy hens ranged generally from 23 to 26 cents a pound, but New Orleans paid 35 to 38.

Wool activity fell off following the first flush of new year buying, but some average staple

Texas 12-months grease wools sold. Spring clip contracting remained slow. One average staple fine wool clip was contracted at Roswell, New Mexico, at 43 cents a grease pound, estimated to shrink 63 per cent at shearing time.

Most sheep sold strong at \$1 higher for the week, but lambs dropped 50 cents to \$1 at Wichita and Denver. Wichita bought good and choice at \$24 to \$24.50. San Antonio took medium and good grades at \$19 to \$20.

Hogs scored net gains at Oklahoma City and Wichita, but lost ground at other southwest terminals. San Antonio reached a high point for the week at \$27 Fort Worth \$28, Oklahoma City and Denver \$28.75, and Wichita \$28.25. Most sows sold from \$23.50 to \$25, and stocker and feeder pigs from \$15 to \$23.

Cattle moved generally at strong to \$1 or more higher the past week, although slaughter steers and yearlings sold lower at Houston, Fort Worth and Oklahoma City. Houston bought common and medium grades at \$16 to \$22, and Fort Worth took medium and good lots from \$22 to \$30. Medium and good steers brought \$25 to \$29.50 at Wichita, and choice \$32.50 at Denver.

Enamel, 8,000 gallons of O. D. enamel, 19,000 pounds of cement coloring compound, 75,000 pounds of Victory base soap packed in drums, 100 pair rubber hip boots, 4,100 combination padlocks, electrical supplies and fixtures, plumbing equipment and miscellaneous metal and hardware items.

Inspection and bidding is invited between the hours of 9 a. m. and 4 p. m. January 20, and 9 a. m. and 12 noon January 21. All bids will be opened and awards made at 1 p. m. January 21. Prospective purchasers are required to attend the bid opening, so as to complete payment on awards and arrange for pickup of the property.

All awards will be on "as is, where is" basis. Signs will be posted at the plant showing the location of the materials.

CARD OF THANKS

I wish to sincerely thank my many friends in Mills County for the many nice cards, letters, gifts, and nice food I have received. Especially do I thank those who so willingly offered their service as blood donors.

Your thoughtfulness, friendship and kind deeds have helped me pass the long hours in the hospital, also in my home. May God bless each of you and give you strength as he has me.—
Mrs. Walter Dennis.

MIDWAY

By MRS. COLEY SEVEIR
There were 13 ladies who met with Mrs. W. A. Cline Friday, January 9th, for a quilting and to organize a Community Club. Mrs. Floy Burns is chairman of the new club. Every woman in or near Caradan is invited to our next meeting which is to be with Mrs. Burns Friday afternoon, January 16th.

We are planning a meeting for the community once a month to be at the Midway School house. We ask all farmers or ranch men to come out and help with these programs, and there will be games for all the youngsters. Dominoes and 42 for the ones who want to play indoor games.

There is some business to be arranged and every one who has a Coleman lantern please bring it. The date will be announced later, but our plans are that we will have a meeting once a month. All ladies be at the Midway Burns' January 16th.

Here's a message from the Texas Safety Association to those planning January trips: An empty road can mean DEATH! A hillcrest or blind curve is your tip-off to slow down, keep well over to the right, and be ready for anything.

On October 13, 1975, Congress voted to establish a committee to handle Naval affairs. This body, called the Marine Committee, and composed of three members, was the forerunner of the present Navy Department.

Our WASHINGTON Letter

By Congressman O. C. FISHER

Tax reform, foreign aid, military training, high prices, agriculture and reclamation, were among the subjects covered in President Truman's annual State of the Union message last week.

The President appeared in person, as is his custom, and looked hale and hearty as he read his message to the joint session. For the first time in history the proceeding was recorded by television.

The press picked the tax reform recommendation as the features highlight of the message. The President proposed that every taxpayer, regardless of income, be given a credit of \$40 on his tax bill this year, and an additional \$40 for each dependent. This would amount to \$3,200,000,000, and would, according to the proposal, be made up by an increase of corporate taxes in a similar amount. Eight million would be removed from the tax rolls.

But the Republicans are in control now, with majorities in both House and Senate, and will likely bring out a bill fashioned after the one that was vetoed last year. Their proposal would reduce income taxes by 30 percent at the bottom to about 10 percent at the top, and raise the present exemption by \$10. This would remove about 6 million from the rolls, in the lowest income group.

It seems apparent that any relief from the high wartime taxes will depend on reducing government expenditures. Conversely, it may be that the government expenditures will not be reduced very much unless there is a tax reduction. If the money comes in, pressing need is usually found for it. Expenditures were cut by Congress nearly \$4 billion this year from budget requests, and the Treasury now estimates that there will be a \$6 billion surplus on July first. That should make it possible to make a substantial payment on the huge public debt. So if government expenses can be held down and further reduced, as should be, and if foreign aid is limited, some tax relief seems possible.

Because of the increase in living costs, the low-income group and those with fixed incomes are in particular need of relief at this time. At the same time, it is argued that some relief in the upper bracket would encourage "venture capital" to invest and provide more production, and thereby provide more income from which taxes are drawn. The cost of replacement of obsolete material and installation of new production facilities following the war is considerable. In whatever approach is followed, it is certainly important that industrial expansion be encouraged. In that way more jobs are created and more production—the only real answer to inflation—may result.

It is of interest to note that, according to the Department of Commerce, the distribution share of business income going to profits now is "currently the same as in 1929" (that is, 12.9 percent). In other words, the Department reports that nearly 90 percent of business income today is going back into the business for replacement, expansion, etc.

The degree of incentive for venture capital is a subject of much talk these days. Looking at individual income taxes, President Truman's salary is a good example. He gets \$75,000 a year, and \$43,092 of that goes back to the government in taxes. A man who makes \$100,000 a year today pays the Treasury \$63,128. If he makes \$500,000, the federal tax bill is \$407,464, according to the Department of Internal Revenue. And if he makes a million a year, Uncle Sam takes \$839,715. And if the income is from corporate investments, the corporation pays an income tax and then the individual stockholder pays on his dividends from the corp-

orate profits. So, on the same income the corporation first pays and then the individual investor pays on the part that is distributed as profits.

But corporate incomes have been high in recent years, and those who suffer the most under existing high costs of living are low-income groups and white collar workers with fixed incomes. Perhaps compromises can result and moderate tax relief and needed adjustments can be agreed upon this year.

Little things can make a big difference in winter driving. The Texas Safety Association urges car drivers to keep a close check on headlights and tail-lights and keep them in good condition and to keep the windshield wiper working. And remember, a little less speed means a much greater chance to avoid accidents.

Cows bred in December and January should calve next September and October. This means more milk next fall and winter.

FORD Bonus Built TRUCKS

Built Stronger to Last Longer!

More Than 139 Models!

NEW All Through!

Bonus* Built — THE AMAZING RESULT OF AN ENGINEERING PRINCIPLE THAT ASSURES WIDER USE, LONGER LIFE . . . and ONLY Ford Trucks Have It!

EVERY single one of the great new Ford Trucks for '48 is Bonus Built . . . designed and built with extra strength in every vital part! But that's only part of this vital truck engineering principle . . .

This extra strength provides WORK RESERVES that pay off for truck operators in two important ways:

● FIRST, these WORK RESERVES give Ford Trucks a greater range of use by permitting them to handle loads beyond the normal call of duty. Ford Trucks are not limited to doing one single, specific job!

● SECOND, those same WORK RESERVES permit Ford Trucks to relax on the job . . . to do their jobs easier, with less strain and less wear. Thus, Ford Trucks last longer because they work easier!

Yes, Ford Trucks for '48 are Bonus Built . . . built stronger to last longer! That's why they give their owners wider use and longer life! That's why life insurance experts can certify proof that Ford Trucks last up to 19.6%

Only the New Ford Bonus Built Give You All These Big Advantages

NEW! 3 New Engines . . . 81 h.p./ Brand new Six . . . 2 br V-8's! Packed with advanced give you real performance! Ford reliability and thrift!

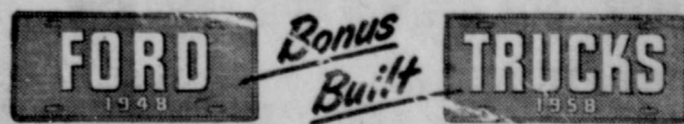

NEW! 2 New Big Jobs . . . Biggest Ford Trucks in history! Gross vehicle weight rating up to 21,500 pounds! 145 h.p. engine! 5-speed transmission! They're rugged; they're something!

NEW! Million Dollar Cab . . . Room Comfort! New coach. More headroom, legroom, elbow room! Picture-window visibility. New Level Action cab suspension.

NEW! New front, axles, brakes, steering! Be longer to give your Ford . . . even longer life! These new Ford Trucks for '48 are really new all through!

ONLY FORD TRUCKS ARE BONUS BUILT FOR WIDER USE, LONGER LIFE!

longer. That's why the record shows more Ford Trucks in use today than any other make. Let us show you the many new Ford Bonus Built Truck

WAR ASSETS SALE AT MCGREGOR

Forty lots of war surplus materials which cost the government approximately \$100,000.00 will go on sale to competitive bidders without priorities at the Bluebonnet Ordnance Works three miles south of McGregor on Tuesday and Wednesday, January 20 and 21, War Assets Administration announced today.

Conducted by the WAA's location clearance branch of the Grand Prairie office, the sale will be a "clean-up" of remaining surplus stocks at the Ordnance plant. Inspection and bidding will be open to the general public, WAA said.

Among materials to be lotted are 85,000 pounds of putty com-

Johnson-Martin
 (at World Star Telegram)
 Jayne Johnson became
 bride of Mr. James H. Mar-
 tin of Mrs. Ada Martin of
 Nashville, Tenn., in a late
 noon ceremony Saturday in
 chapel at First Methodist
 church. Afterward a reception
 was held at the home of the
 bride's parents, Mr. and Mrs.
 Johnson, 707 Tierney Rd.
 Large arms of pink and
 white flowers, palms and white
 decorations, the chapel,
 Mrs. Warren K. Johnston
 sang, accompanied by
 Russell Caviness.
 William J. Patton was
 officiant. Ushers were Messrs.
 Mattox of College Sta-
 and Jack Smith.
 The bride given in marriage
 her father, wore a dress-
 ers suit with navy flared
 and heavenly pink jacket
 a navy silk blouse. Her hat
 navy with matching veil
 pink silk rose trim. She
 wore navy shoes, white gloves

and a strand of pearls borrow-
 ed from her mother. Her bou-
 quet was of white orchids.
 Mrs. Mattox, her only attend-
 ant, wore a blue pinwale cor-
 duoy suit with matching ac-
 cessories and plumed hat. She
 carried a crescent-shaped bou-
 quet of pink gladioluses.
 At the reception, two wed-
 ding ring cakes encircled with
 pink and white flowers were on
 each end of the table which
 was laid with a blue net cloth.
 The house party included Mrs.
 L. W. Weathers of Brownwood,
 aunt of the bride, and Misses
 Anita Allen, Virginia Craven
 and Louise Carr, all of Dallas
 and Marjorie Marek of Lock-
 hart.
 The couple will visit his
 mother in McMinville and also
 will fly to New York, Detroit,
 Chicago and San Francisco be-
 fore returning to Dallas to live.
 The bride is a graduate of
 NTAC and the University of
 Texas and is a member of Sigma
 Delta Pi. Mr. Martin served
 six-years in the Naval Air
 Corps, from which he was sep-

erated as a lieutenant (jg).
 * * *
 Mrs. Martin is the grand-
 daughter of Mr. and Mrs. J. W.
 Weathers of Goldthwaite.
**2 MILLS COUNTY
 STUDENTS AT STC**
 San Marcos, Jan. 14—Two
 students from Mills County are
 among the 1,700 students now
 enrolled at Southwest Texas
 State College in San Marcos.
 This, the largest long-term
 enrollment in the history of
 the school, is expected to be ex-
 ceeded in the coming weeks as
 students enroll for the next
 semester. To take care of this
 increase in the number of stu-
 dents, College authorities have
 planned a Greater College
 Building program. Already one
 new women's dormitory and a
 number of smaller structures
 have been added to the College
 plant.
 Students enrolled from Mills
 County are Elizabeth Stockton
 of Goldthwaite and Anna Belle
 Wasserman of Mullin.

DON'T KILL THE GOOSE

The vast amount of discussion given to the grain problem, particularly as it is related to the raising of meat animals, has resulted in some misunderstandings. For example, it is widely believed that practically all animals which go to market are heavy consumers of grain which could otherwise be used for human consumption.

The fact is that 50 per cent of all meat of all kinds produced in the United States is grown without the feeding of any grain at all. In the case of cattle, more than 80 per cent of the beef produced is fed no grain. These animals are raised on roughage, grass, beet pulp and a large number of other foods not suitable for human consumption. On top of that, two-thirds of the area of the United States is in grass which would be wasted if there were no animals to consume it and convert it into meat. Lastly, when grain is fed, it is mostly corn, a standard animal feed, rather than that which is consumed largely by people.

It is evident that the grain problem cannot be properly solved by such extreme measures as the proposal to reduce our meat animal population. That would have an adverse effect on our standards of nutrition—effects which would be carried on into succeeding generations. It would reduce the fertility of the soil. It would be a blow to the farmer who receives more cash income from meat than from any other crop. It would reduce the supply of the many by-products which come from meat animals—and some of them, like insulin, are vital to the public health. We must conserve grain in every practical way—and we must be sure that each step taken is sound and workable.

DON'T BE A STATISTIC

Why be a statistic? In 1948, as in the past, a report will record the number of people who died by fire. If there was a fire goddess who could demand 10,000 lives a year to appease her appetite, the slaughter would be no greater than the present toll, although nations would fight wars to prevent it.

Start the New Year by resolving that you will not be just another statistic at the end of the year. Clean up all the rubbish, rags, and flammable materials from cellar to attic, in your home. Check your automobile and buildings for faulty wiring—garages are often part of the house.

There are now more uses for power and heat than the days of the open hearth—lamps, electric irons, stoves, electric trains, electric clocks, etc. All of them are potential fire starters and should have periodic inspections. Smoking in bed, dry cleaning in the home, curtains by the stove, and countless other things are fire hazards. In each case the individual is responsible for cutting down the fire loss.

Unless these every day items are given greater attention by each and every one of us, the statisticians will include your name among those whose lives were lost in fires during the coming year. Be vigilant and you won't be a statistic.

BEST FOR YOUR MONEY

A number of executives of leading chain store systems have recently issued forecasts of the state of retail business during the coming year. The consensus is that sales volume will remain at or near current levels. And, of great importance to the consumer, they believe that competition among stores of all sizes will be extremely keen, and that the percentage profit earned on each dollar of sales will be very low—lower than under OPA of in the immediate pre-war years.

This is indicative of the kind of service retailing the American people in the most serious inflationary period we have ever known. The savings being made by consumers cannot be tabulated, but they have run to enormous sums. Time after time they have pared already modest profit margins in order to prevent price increases or to minimize them. They have sought every means of reducing their cost and eliminating waste—again, in the name of selling at the lowest possible price. As a part of the very steep increases in wholesale and other basic costs have not reached the ultimate consumer. They have been absorbed by the highly competitive retailing.

LOOKING BACKWARD THROUGH EAGLE FILES

TEN YEARS AGO

(Taken from Eagle File of January 21, 1938)
F. S. Clark and R. P. Carter have purchased Bill's Cafe from W. A. Richards.
Claude Saylor received a broken shoulder Thursday at the school gymnasium. In process of erection in Mullin.
Mrs. W. H. Nelson visited Mrs. B. F. Bledsoe one afternoon last week.

45 YEARS AGO

(Taken from Eagle File of January 24, 1903)
George W. Cunningham, a retired stockman, formerly sheriff of Mills County, has bought an interest in the dry goods, business of Cox Bros.
J. W. Douglas of Mullin, who is a new comer in this county, called Wednesday and enrolled his name as a reader of the Eagle.
H. F. Butts and D. R. McCormick visited Goldthwaite Monday.

There was singing in the Nabors Creek Community last Saturday night. The crowd was small but the entertainment was well enjoyed. Among those who attended were Tim Davenport of Bulls Creek, Will Thompson and R. E. Grant of Goldthwaite.
Otis Carothers and Alvin Beck attended singing at Mr. Rose's at Pleasant Grove last Sunday afternoon.
Frank Partridge has been working for Harland Carothers most all winter.

Thirty Years Ago

(Taken from Eagle File of January 19, 1918)
In sending in his subscription renewal this week, W. W. Hall gives the pleasing information that he expects to return to Mills County to make his home.
Mrs. Mary Mauldin returned Monday night from a protracted stay in Miles.
T. A. Gardner of Center City was looking after business matters in the big town.

Mrs. Mamie Lee left for her home at San Benito Monday, after a visit to her parents, Mr. and Mrs. Jas. Rahl.
Miss Bertha Stephens of Oklahoma arrived in the city Monday for a visit to her uncle, C. L. Stephens, and family.

Mrs. John Schooler left Tuesday for her new home in Miami, Arizona, after spending some time with her parents, Mr. and Mrs. Lewis Hudson.
Bruce Hitt and Miss Elizabeth Strait were married at Star Monday night, Rev. Searey officiating.

Miss Lizzie Vann visited relatives in Goldthwaite Saturday and Sunday.
Mrs. N. J. Ish, a pioneer lady of the Zephyr Community died there last Wednesday.

Frank Greer, who lives a few miles west of Mullin, lost forty head of goats from freezing to death during the blizzard of last week.
Ollie Murphy and wife left Friday for Colorado City where they will spend a few days.
W. J. Gent of Star was looking after business in this city one day this week.

Mrs. Oscar Burns and baby left for their new home at Clifton after a visit here to relatives.
Russell Mullin has opened a furniture store on Fisher Street.
Thos. J. Allen of Mills County has been appointed Private 1st Class by his Company Commander.

Mr. A. B. Ford died at his home in Antelope Gap Community Tuesday morning.
Mrs. Georgia Parker went to Lometa yesterday for a visit to friends.
J. E. Greathouse and family have enjoyed a visit from his brother from Mabank this week.

Roach and Jim Tom Fox were here from Camp Travis last Sunday visiting their parents.

S. J. Bachejer, whose home is between Caradan and Center City, was severely hurt in a runaway accident at his farm.
Geo. W. McDaniel of Abilene has been assigned to the work of farm demonstrator for Mills County.

James Fritz and John Hughett were two of the soldier boys who came in the first of the week for a visit to relatives.
Mrs. John Scott left Thursday for Wills Point, where Mr. Scott is engaged in the hardware and furniture business.
Ernest Schweining, Mrs. Harry Martin and Miss Lillie Martin returned Saturday from an auto trip to Kerrville.

There was singing in the Nabors Creek Community last Saturday night. The crowd was small but the entertainment was well enjoyed. Among those who attended were Tim Davenport of Bulls Creek, Will Thompson and R. E. Grant of Goldthwaite.
Otis Carothers and Alvin Beck attended singing at Mr. Rose's at Pleasant Grove last Sunday afternoon.
Frank Partridge has been working for Harland Carothers most all winter.

Miss Mary Isenhour visited home folks last Saturday and Sunday, near Picket Springs.
Luther Vanart of Goldthwaite is working for Mr. Sullivan.
Miss Mulah Kelly has gone to Pleasant Grove to see her sick relatives.

We are glad to hear that George Robertson is improving from a severe attack of typhoid fever.
Miss Belle Warren of Comanche visited her friend, Miss Fanny Sellers, Sunday.
Miss Ethel Cherry, who has been going to school in Goldthwaite, visited in Big Valley.

Miss Lou Price was the welcome visitor of Miss Gertrude Grindstaff this week.
Messrs. Billie Miller, A. C. Gray, Coley Sevier and Joe Miller were attendants at the prayer meeting Sunday.
W. H. Leverett was in from Caradan Thursday, buying corn.
R. M. Geeslin of Caradan bought corn in this town Thursday.

Dr. Myra Everly left Monday night for Austin to witness the inauguration.
J. E. Landers was here Thursday from Shaw Bend.
Authority has been granted by the comptroller of the currency to Jno. J. Cox, H. F. Butts and J. J. Mills of Mills County, D. C. Cogdell and L. W. Meinlike to organize the First National Bank of Miles, Texas, with a capital stock of \$25,000.

Mathias McGirk was one of the farmers in town yesterday.
Sam and Waddy Ross will open a livery stable in the Gentry barn on the first of the coming month. H. J. Crockett owns the building and he contemplates building an addition to it to be used as a buggy shed.
Wash Mauldin was here from Big Valley Thursday.

W. E. Gresham and Sam Wells have been laid up with mumps a part of this week.
Jno. Scott, who has been quite sick, was able to be at his place of business yesterday.
County Clerk Smith issued marriage licenses since last report to H. K. Reynolds and Miss Pearl West, G. W. Denman and Miss Nannie Gray.

S. H. Curry, who was one of Mills County's best citizens, has moved to Hamilton County.
W. F. Page's family have gone to the Indian Territory, where he has been for some time.
W. A. Smith has built a blacksmith shop.
Miss Lela Holley of the Pleasant Grove Community has been visiting her sister, Mrs. Henry Johnson.

J. D. Willis was here Wednesday from Rattler transacting business.
W. A. Moore was here from his ranch on the Bayou Tuesday transacting business.
J. H. Grant was in from his river farm Tuesday.

SCRIPTURE: John 4:5-26; Romans 8:12-17, 31-39; DEVOTIONAL READING: Psalm 103.

Our Relationship to God Lesson for January 18, 1948

THE Scripture lesson for Sunday is John 4:5-26 and Romans 8:12-17 and 31-39, with the 103rd Psalm as the devotional reading.

Dr. Newton
The passage in John presents the dramatic story of Jesus meeting with the woman from Sychar at Jacob's well, and of her discovery of the Water of Life.
There is no more convincing evidence anywhere in the Bible of Jesus as the one and only approach to God. He is the Door through which one must pass into the Kingdom, whether bond or free, rich or poor, ignorant or learned, high or low. "I am the truth and the life and the way."

Jesus Teaches About God

IN THIS great story we see Jesus, wearied from the day's arduous tasks, sitting on the curb of Jacob's well, resting. The disciples had gone across the valley to the village to buy food. The woman comes to draw water from the historic well. She did not notice Jesus until he spoke to her. He is never too busy, never too weary, to seek to bring all men to a knowledge of God's love.

He asked for a drink of water. That was his way of making contact with her. She drew back, wondering why a Jew would speak to a woman in public. But Jesus got past the immediate wall which she threw up between herself and him, and soon was teaching her the way of everlasting life, to which she responded with gratitude.

How We Worship God

READ John 4:26 and see how Jesus led the woman of Sychar to understand true worship. Strange as it may seem, she knew a good deal about Jewish rites and ceremonies, but she had never known the basic truth that "God is a Spirit; and they that worship him must worship him in spirit and in truth."

Included in the record of how Jesus taught the woman to worship was the necessity of confessing her sin, having five husbands, and living at the moment with still another man. We cannot worship God if there is unconfessed sin in our hearts.

We often miss the joy of true worship because we fail to confess our sins. God looketh upon the heart. If there is sin in our hearts, it must be forgiven.

Our Need of God

"IF YE live after the flesh, ye shall die," Romans 8:13. Here is a solemn truth that many seem to forget — apart from God we are dead. The young person who undertakes to live with eating food will soon discover that his body is wasting away and his mind is broken and dissipated. Just so with the spirit of man. We are spiritual creatures, made in the image of God. If we live by the flesh, we die spiritually.

In the preceding chapters in Romans, Paul has shown how sin worketh death. He sets forth the penalties that result from carnal thinking and behavior. But in the 16th verse he comes on to say:

"It is the Spirit himself bearing witness with our spirit that we are the sons of God, or children of God," Romans 8:16.

Strong in the Lord

OUR age has made much of might — might that expresses itself in speed. We think in terms of atomic power. This lesson would help us to understand that we may be strong in the Lord. All power is with him. "All power hath been given me in heaven and on earth," said Jesus.

And this leads us to the climax of Sunday's lesson, when Paul declares:

"For I am persuaded, that neither death, nor life, nor angels, nor principalities, nor powers, nor things present, nor things to come, nor height, nor depth, nor any other creature, shall be able to separate us from the love of God, which is in Christ Jesus our Lord," Romans 8:38, 39.

Satan had the woman of Sychar completely in his power until the grace of God lifted her feet upon the Rock of Ages. She could then stand in the midst of the people of Sychar and declare that she had met One who had released her from the bondage of sin. That is what will happen in every heart that comes to God through Jesus Christ.

THEY ADD UP
College Station, Jan. 15 - Tex- ans may not realize it, but farm gardens produce a sizeable por- tion of the farm income in the state.

There were approximately 400- 000 farm gardens in Texas in 1947, according to an estimate

Take time to save time

Have you ever mapped—with pins and thread, or with pencil on paper—the daily "chore route" of your farm or ranch? Have you figured how much back-tracking you do, how many unnecessary extra steps you walk in a day? Have you taken time to save time, and steps, and labor?

A number of agricultural colleges and experiment stations have made practical work studies on farms and ranches, with some astounding results. For example, one dairy farmer (who thought himself pretty efficient) adopted improved machine milking techniques, rearranged his barn to save steps and time in feeding and watering. He saved himself two miles of walking per day, cut his daily chore time by two hours and five minutes. That's 730 miles of walking and 760 hours of work in a year. In making the changes, he spent less than \$50.

Indiana tells of farmers who, by planning their work, are raising hogs with one quarter their former hours of labor. . . There's a report of men making hay in 90 man-minutes per ton; while others using similar equipment—but older, harder ways of working—spend twice that time. . . There are scores of other examples.

Perhaps you cannot make such great savings in your operations. Maybe you can make more. It's certainly worth looking into, for even little savings are important. Five steps saved a day makes a mile in a year. Five minutes a day gives you three extra days a year.

There's no master plan to fit every farm and ranch, because no two are exactly the same. You have to work out your own plan of improvement. But the time it takes may well be the most profitable time you've ever spent.

A four-step scheme is suggested. First, consider each job or chore separately. Break it down into its parts. Check each part with a watch or tape measure and see if steps or time can be saved. Second, compare your work methods with those of your neighbors. Third, examine and check the details of your work methods. Fourth, develop and apply the new method. In a nutshell, "Plan your work and work your plan."

Time studies and job analysis have helped Swift & Company increase efficiency and make important savings. That's why we so confidently suggest similar studies in your operations. One excellent bulletin on the subject is Number 307, published by Purdue University, Lafayette, Indiana. It's interesting reading and well worth writing for. Your county agent or state agricultural college can tell of other bulletins on the same subject.

The American Way

In the livestock-meat industry, as in all American business, profit provides the basic incentive for work, enterprise and action. Profit makes the mare go for livestock producers, meat packers and retailers. Too little profit by one section creates an imbalance in the industry. If one part of the livestock-meat industry suffers continued loss, all of us are hurt in the long run.

However, a margin of profit fair to one section of the livestock-meat industry might be quite unfair to another. For instance, we at Swift & Company know perfectly well that both livestock producers and retailers require a higher margin of profit, because of their relatively small volume. On the other hand, nationwide meat packers must build up a tremendous volume of sales to make up for a very small margin of profit per unit—a margin that has been consistently lower than that earned by any other manufacturing industry in America.

Over a period of years, Swift & Company has earned, on the average, less than two cents on each dollar of sales (a fraction of a cent per pound of product handled). Over the same period, the average amount returned to producers for agricultural raw materials, including livestock, wool and hides, has been 75 cents out of each dollar we received. This is not a profit. Out of this 75 cents producers must pay the cost of production.

Whether livestock prices are high or low or whether meat is high-priced or inexpensive—Swift & Company can earn a reasonable profit only by adding together many tiny savings on a large volume of business.

W. J. Stewart
Vice-President, Swift & Company

garden. That figures out to a total income from the gardens of \$44,000,000.

"Cotton and wheat, the two crops that we figure make the most money, actually brought in an income only a little over eleven times, in the case of cotton, and about six times, in the case of wheat, that of the value of the gardens," Rosborough says. "The value of the gardens was over ten times that of flaxseed, an up-and-coming crop in the southern part of the state."

According to a recent report from the USDA's bureau of Agricultural Economics office in Austin, sorghum for grain, cottonseed, corn, and sorgham for forage, and rice follow cotton and wheat in income value, in that order. Using Rosborough's figures, the income from farm gardens ranks just below rice, and above peanuts, oats, hay (all kinds), flaxseed, and truck crops.

As a result of the higher costs of food, and in answer to the government's request for an increase in gardens in 1948, Texan's will probably come close to doubling last year's garden figures, Rosborough says. If the weather is favorable, the other money-making crops in the state will have to "step lively" to stay ahead of farm gardens.

For the years 1934 through 1938, the U. S. supplied 4.6 percent of all grains for world export. In 1946-47, with almost no change in the amount of grains moving in world trade, the U. S. supplied 52.4 percent.

Martha Logan's Recipe for HAM LOAF

- | | |
|-------------------------------|--------------------------|
| 1/2 pound ground ham | 1/4 teaspoon pepper |
| 1 1/2 pound ground fresh pork | 1 cup milk |
| 2 eggs | 1/2 cup brown sugar |
| 1 cup dry bread crumbs | 1 tablespoon dry mustard |
| 1 teaspoon salt | 2 tablespoons vinegar |
- Beat eggs. Combine meats, eggs, crum, salt, pepper, and milk. Mix thoroughly. Form into loaf in 8 1/4 x 4 1/2 x 2 1/2 inch loaf pan. Combine sugar, mustard, and vinegar. Spread over meat. Bake in a moderate oven (350° F.) 1 hour, or until meat has reached an internal temperature of 165° F. Yield: One 8 1/4 x 4 1/2 x 2 1/2 inch loaf

OUR CITY COUSIN

Farmer's Choice—When I was in high school, I spent a summer vacation on my grandfather's farm in Indiana. From my city-bred standpoint, it seemed a particularly dull and unrewarding life. F'ing before dawn and working till after dusk, with little or no opportunity for urban pleasures, he was an object of pity to my adolescent eye. Why didn't he sell his farm and move to town? How did he ever get into this rut in the first place? "Grandpa," I asked one evening at milking time, "Why did you become a farmer, anyway?"

He paused a moment, leaned back on his stool and looked slowly around the barn—at the livestock, at the huge haymow in the east corner, at the farm tools, at the broad beams that supported the roof. What he saw seemed to reassure him, and I shan't forget his answer: "Just lucky, I guess."

Controlling Roundworm in Sheep

by Walter Armer
University of Arizona

The control of roundworm on sheep ranches has been successfully tested by Dr. W. J. Pistor, University of Arizona Animal Pathologist. It consists of feeding a mixture of 1 part phenothiazine with 9 parts of ordinary granular salt. Roundworm, a serious plague, especially to sheep grazed on irrigated pastures, can be checked by phenothiazine and salt. Of course, it is not a cure-all. Badly infected sheep may still have to be drenched. But feeding the mixture throughout the pasture period will prevent the worm population from reaching the dangerous level in the majority of cases.

Phenothiazine, alone, is but one of a number of drugs known to aid in controlling roundworm in livestock. But during World War II, animal husbandmen discovered its effectiveness was greatly heightened when used with salt and fed throughout the pasture season.

Experiments begun in 1943 with sheep grazing on irrigated pastures in Arizona proved the remarkable value of the new mixture. It resulted in cutting down loss of sheep and in marketing lambs in better condition. Today a high percentage of sheep on Arizona farm lands receive the 1-9 phenothiazine and salt mixture.

This new treatment is economical as well as effective. It practically eliminates the necessity of drenching each animal individually to control roundworms—a costly and possibly dangerous practice.

Track Down the Facts

A great family "man" is *Fiber Zibethicus*, better known to American farmers as the muskrat. He raises his many offspring in marshes, and about streams, lakes and ponds. Muskrat tracks are easily recognized by the drag of his knife-like tail, which shows up well in soft mud.

The muskrat-trapper works hard to make a living out of muskrat skins, and generally his efforts are rewarded. But there is one fact about his business that he tracked down long ago. He knows the price he can get for muskrat skins depends on the popular demand for finished pelts.

In the business of processing livestock into meat for people's use, we at Swift & Company have to keep track of the demand for meat everywhere in the nation. We must know, too, the weights and grades of cuts preferred by housewives. Experience has taught us that the price the producers receive for their livestock is governed by what the meat packers can get for the meat and by-products.

Political Announcements

The Goldthwaite Eagle has been authorized to announce the following names as candidates for the offices specified, subject to action of the voters in the Democratic Primary Election on Saturday, July 24, 1948:

For Representative to the National Congress from Texas 21st Congressional District:

O. C. FISHER
Of San Angelo, Texas
(Re-Election)

For State Representative, 104th Rep. District:

W. E. HEATLY
Of De Leon, Texas
(Re-Election)

For County Judge and Ex-Officio County School Superintendent:

LEWIS B. PORTER
For Sheriff, Tax Assessor-Collector:
W. L. MAHAN
(Re-Election)

For County Attorney:

A. T. PRIBBLE
(Re-Election)

For County Treasurer:

MRS. BERTHA WEATHERS
(Re-Election)

For County Commissioner, Precinct No. 1:

JESS Y. TULLOS
(Re-Election)

TROOP FIVE

Troop 5 met at the "Little House" Thursday afternoon, January 7, 1948.

The meeting was called to order and the secretary read the minutes of our last meeting, which was November 20, 1947.

We started plans for a tea that we are planning to have. Mrs. McCombs talked to us on the different occasions for having teas. Everyone enjoyed her talk very much.

Troop 5 is settling down and are plunging forward in our activities, now that we are back from Christmas holidays.

Meeting adjourned.

Scribe
Margaret Barton.

POST OFFICE CLERKS ARE APPOINTED TO REGULAR POSITIONS

Julian Evans, Lewis A. Sparkman and Young Stokes are now regular civil service employees, according to M. Y. Stokes, Jr., Postmaster. They qualified for appointment by passing the civil service examination held here last summer, results of which were recently announced. Previous to appointment, Evans was a War Service Indefinite substitute and Sparkman and Stokes were temporary substitutes. As Mrs. Lucile Fairman has been a regular civil service employee since 1938, all clerical employees of the Goldthwaite post office now hold permanent civil service appointments.

FIRE DESTROYS ARCHER GROCERY

Workman had begun to reconstruct Archer's Grocery Store in Goldthwaite Tuesday afternoon after a major fire occurred there last Friday night at 9 o'clock.

Foods were completely destroyed. The floor was littered with valuable foods and cans and water still stood in the aisles when workman started rebuilding which will take an estimated sixty days.

The Brownwood Fire Department joined the Goldthwaite Fire Department to stop the blaze. The origin of the fire was not known. According to Leonard Archer, there is a humorous side to all situations, for he hung a "gone fishing" sign on his door after the fire. When questioned about it, he said, "I got so much water, I just couldn't stay away from the river."

Acres of winter wheat or to be seeded in Texas for harvest in 1948 is estimated at 6,980,000 acres, 48 percent greater than the 10-year average.

COUNTY BAPTIST BROTHERHOOD TO MEET TONIGHT

The Mills County Baptist Brotherhood organization will meet tonight (Friday) at 7:00 o'clock with the First Baptist Church of Goldthwaite. Supper is to be served by the men of the host church which is to be followed with the evening program. Dr. D. D. Tidwell of Brownwood is to be the guest speaker of the evening and special music is being arranged by Brother Langston of the church here.

All the men from the churches over the county are given a special invitation to attend this meeting. Food, fun and fellowship is promised to all who come. Tonight, 7 o'clock!

PRIDDY 4-H CLUB

The Priddy 4-H Club met on January 7, 1948. There were 15 present.

Mrs. Haenisch told us what we could enter in the Exhibit on January 19 and 20. We nominated a favorite for the 4-H Favorite Contest. Our favorite will be Vernell Neimann, our president.

We discussed a new time for our club meeting, and Mrs. Rost consented to be our Club Leader. We have one new member, Jeanene Heath.

SCOUTERS TO HOLD DISTRICT POW-WOW HERE MONDAY

Scouters from Mills, Lampasas and San Saba will have their regular monthly meeting in Goldthwaite Monday night. This is the first meeting since November. Plans will be made for February. All Boy Scout Committeemen and Cub Committeemen and ladies are urged to be present.
