Babson's Authentic Statement

ROGER W. BABSON BABSON DISCUSSES INFLATION

Babson Park, Fla., Jan 28.—Most of the talk about "inflation" is bunk. When people have nothing else to lay their troubles to they lay it to inflation...

WHAT IS INFLATION?

Inflation is not the fault of farmers, manufacturers, retailers or any other one group. In fact, there is no such thing as "inflation". Our troubles are just a question of Supply and Demand...

This means that the only cure for high prices, or inflation, so-called, is to either curtail buying or increase production. This means that the cure is up to all of us...

WHAT SHOULD WE EXPECT? We should expect to continue to pay high prices for real estate until buildings increase, and the only way that buildings will increase is to allow rents to go up...

finally rents would go down. Only then would we have enough homes at a reasonable price.

We complain about the price of meat and various other things, but sooner or later the prices of these products will be so high and the profits so attractive it will cause many more people to go into the business of raising cattle and other farm produce...

WHAT HAS HAPPENED TO CITRUS?

What has happened to the market for grapefruit and oranges is a proof of all I have said above. If costs much more to raise citrus fruit today than ever before...

The answer is that there is no such thing as "inflation". It is only a question of supply and demand. Citrus growers do not benefit unless there is more demand for their products...

We all should buy the things which are in surplus supply rather than, through habit, continue to buy the high-priced things. The next time you go shopping ask the clerk to give you a list of the things that haven't gone up...

1948 CROP GOALS ARE ANNOUNCED

College Station, Feb 4.—Approval of 1948 Texas goals for agricultural commodities has been received from Secretary of Agriculture Clinton P. Anderson...

The 1948 cotton acreage goal has been set at 8,300,000 acres; rice, 475,000 acres; corn, 3,400,000 acres...

"Naturally the state is in accord with the USDA's desire to increase the production of grain crops", Kingsbery said, "and our goal for feed grains has been set an increase of about 12 per cent over last year's production..."

over 1947 harvest acreage listed in that order: Wheat: 7,220,000, 450,000, 97 percent.

Rye: 35,000, 32,000, 91 percent.

Irish potatoes: 45,000, 102 percent.

Peanuts—picked and shelled: 562,000, 752,000, 134 percent.

Flaxseed: 100,000, 84,000, 84 percent.

Winter legumes seed: 37,000, 220 percent.

Tame Hay, harvested: 1,000, 1,273,000, 127 percent.

Total feed grains: 10,940,000, 112 percent.

Includes corn: 3,400,000, 110 percent; oats: 1,875,000, 100 percent.

sorghums, 6,800,000, 117 percent, and barley: 100,000, 137 percent.

Grain sorghums for stock: 4,450,000, 3,506,000, 78 percent.

Cotton: 8,300,000, 8,280,000, 99 percent.

Rice: 475,000, 441,000, 93 percent.

Sweet potatoes: 65,000, 118 percent.

Alfalfa seed: 10,000, 52 percent.

A suggested goal of 100,000 acres of soybeans was set by the Council.

Goals for livestock and poultry were set by the USDA on a national basis and were broken down into state goals.

They call for a reduction in chickens and pullets from 2,000 to 2,479,000 and broilers from 42,600 to 39,000.

while the number of milk cows (1,264,000) and sheep and goats (8,308,000) is the same as in 1947.

According to the Council goals for chickens raised in Texas will drop from 42,600 in 1947 to 39,000 in 1948; turkeys raised will drop from 3,681,000 in 1947 to 3,000 in 1948, while sows and pigs in the spring are set at 186,000.

DEATH waits in the wings for your child, says the Safety Association. See your children play away from traffic.

"RAMROD," STARRING VERONICA LAKE, JOEL MC CREA, OPENS HERE SATURDAY PREVUE

"Ramrod", the first motion picture to come from the recently-established studios of Enterprise Productions, Inc., is the film which is on the slate for the Melba Theatre on Saturday night prevue, Sunday and Monday.

Co-starring Joel McCrea and Veronica Lake, "Ramrod" is a filmization of the popular novel by Luke Short. The story centers around a head-strong girl in the early, lawless days of the west and tells of the guide she employs to tame the gun-toting town of Signal.

Veronica Lake is cast as this vixen, with McCrea portraying the foreman—or ramrod—of her cattle ranch. Arleen Whelan is the third side of the love triangle. McCrea is temporarily taken in by the coquettish charms of Veronica, and he helps her in her attempt to get control of the cattle town. He soon discovers her trickery, however, and returns to the arms of his first love, Arleen.

Interwoven with this story is historical background concerning cattle and sheep ranching in the days when the west first began to put up fences.

"Ramrod", which has an 1870 setting, was filmed on location at Zion National Park, Utah, where the entire ghost-town of Grafton was purchased by producer Harry Sherman to serve exclusively as the setting for the picture.

**CAMERA REAL STAR OF
'LADY IN THE LAKE'**

Motion picture critics, in describing the work of a cameraman on an especially praiseworthy assignment, have been known to remark: "He did everything with the camera but make it talk."

In M-G-M's much-discussed new motion picture, "Lady in the Lake," which comes to the Melba Tuesday and Wednesday, Robert Montgomery, its star-director, and cinematographer Paul Vogel have done everything with the camera AND made it talk.

The unusual subject technique employed in the telling of this exciting mystery story, based on Raymond Chandler's novel, made the camera the central player. The action is seen through the eyes of detective Philip Marlowe, played by Montgomery. This means, in effect, that the camera is Marlowe. And since the audience sees just what Marlowe sees, the camera becomes every person in the audience. Because Marlowe obviously cannot see himself, unless he steps in front of a mirror, he seldom appears before the camera. But his voice is there in every scene. His voice becomes the voice of the camera.

**L. V. BENNINGFIELD
IN BUSINESS**

L. V. Benningfield is now operating the Magnolia service station located on the east side of the square in Goldthwaite. He officially opened the station last Friday. The business was formerly in charge of C. L. Featherston.

Besides selling Magnolia products, Benningfield will also sell clothing. At the present time he is selling army surplus goods. He will also continue to carry mail and freight from the depot.

Rev. and Mrs. Joe Emery did not attend classes at the Fort Worth Seminary last week on account of Rev. Emery being confined to his home with flu.

Miss Ruth Simpson spent several days the past week with her parents, Mr. and Mrs. Mohler Simpson. Miss Simpson is a student at John Tarleton at Stephenville.

JOE PAUL SMITH

Joe Paul is the handsome son of Mr. and Mrs. W. L. Smith of Mullin. He is five feet and six inches tall and is a brunette with greenish-blue eyes. Joe started to school at Star while in the sixth grade, when his mother, Mrs. W. L. Smith, began teaching school here. He is liked by the complete student body and by the teachers.

Joe is very active in sports, but enjoys mostly basketball; then volleyball and softball. We juniors are very proud to say that he is on the first string in basketball.

Whatever he plans to do, we are sure it will be a success.

JUNIOR NEWS

We are to have our three-weeks' tests this week. Because of the bad weather last week we didn't have school; we were all disappointed.

We are to get our literature books at the end of the week. We hope everyone will enjoy them very much.

We miss Jerry Collier, who moved to Thorndale, but we hope she likes that school as well as we enjoyed having her.

FRESHMAN REPORT

It is hard to settle down to studying after being out of school a week on account of bad weather.

We are studying Capitalization and Punctuation in English and after that chapter we will get our literature books. In Science we are studying about the invention of the telephone. In Algebra we are studying factoring. In History we are studying about Developments in the Seventeenth Century Europe. School is beginning to be in-

teresting.

We are still backing the Basketball teams and here is our best luck to you boys and girls.

RODDY WALTON

Roddy is the sixteen-year-old son of Mr. and Mrs. Lee Walton

of the Center City Community. He has red hair and blue eyes; stands five feet, four inches. Roddy has spent most of his school years at Star. He is one of the most outstanding juniors and is liked by the complete student body and teachers.

Of all the sports, Roddy enjoys volley ball and soft ball. For last year's annuals, he was voted one of the Sophomore Class' favorites and also one of the teachers' pets on the 'Contest Page' of the annual. This year, Roddy is one of the five who will go on the "Who's Who" page of the annual.

We wish you Luck, Roddy.

IN VETERANS HOSPITAL

Mr. and Mrs. Ernest Jarrett left Sunday evening for Amarillo to be at the bedside of their son, Elton, who is seriously ill in Veterans Hospital where he has been for six weeks. The Doctors have little hopes of his recovery.

Circle No. II

Circle No. II of the Methodist Church met in the home of Mrs. Malcolm Jernigan on February 3, 1948. A very informative program was enjoyed by the members.

Mr. and Mrs. Robert Mote of Moody visited her niece, Mrs. Tom Booker and family over the week end.

MISS VIRGINIA MERLE MANNING, MR. BILL R. BROWN ARE MARRIED

(Stephenville Empire-Tribune)

In a chancel banked with greenery, calla lilies and blue chrysanthemums and lighted with myriads of blue tapers, the wedding of Miss Virginia Merle Manning and Mr. Bill R. Brown was solemnized Saturday, January 24, at 8:30 p. m. in the First Methodist Church, Stephenville.

The Reverend J. W. Ford read the impressive double ring ceremony while muted organ tones filled the church. The center portion of the church was marked off with white satin bows and flowers. In the windows along each side of the church were groups of blue candles.

Miss Lucy King, gowned in white satin, was at the organ and furnished the nuptial music. She accompanied Miss Virginia Hall, who sang "Because" and "The Lord's Prayer." Miss Hall wore a blue satin frock caught with pink roses.

At the appointed hour, the groom's mother entered wearing a black tunic floor-length gown with a black feather hat, blue gloves and a blue corsage. The bride's mother wore a gown of beige crepe with sequin trim and blue flowered hat, blue gloves and a blue corsage.

The white aisle floor coverings were unrolled by Eugene Ferguson and William Castevens, and to the strains of Mendelssohn the groom and his best man, Mr. Van Austin Evans, took their places. The ushers were Messrs. Wilbur Wright Perry, Jackson Allen, Donald Smith, William Castevent, Eugene Ferguson and J. Lewis Evans.

The bridesmaids and matrons entered in pairs and were gowned in identical blue faille tafeta dresses, a shade lighter than those of the candlelighters, wearing pearls, braided taffeta coronets in their hair and carrying calla lilies tied with blue chiffon streamers.

They were Misses Faribeth Miller, Barbara Ebell of Rosenberg, Louise Gibbs, Mmes. Morris Baker, Van Austin Evans, and J. Lewis Evans. Miss Lyndol Welch was maid of honor, and Mrs. Phillip Nickols of Goldthwaite, sister of the bride, was matron of honor. Their gowns were of blue brocaded satin, fashioned like the others with high necks, long tight sleeves and papiams which dipped in the back. They wore pearls, braided coronets in their hair and carried calla lilies tied with blue chiffon.

Little Miss Sara Jo Price, daughter of Mr. and Mrs. Jack Price, was flower girl. She was dressed in a lovely dress to match the bridesmaid frock of cornflower blue, with a wreath of blue flowers in her hair, and she sprinkled petals from a white basket tied with blue. The ring bearer, Daniel Lewis Evans, son of Mr. and Mrs. Arch Evans, Jr., carried the rings on a white satin pillow topped with blue flowers.

The bride, entering on the arm of her father, was lovely in a gown of ice blue satin. It was fashioned with a cherré basque bodice, having the deep folds of a fishie around the drop shoulders, and long tight sleeves ending in calla tips with insets of Chantilly lace. The gown had a panel of imported Chantilly lace down the front, with alternating panels of shirred and plain satin forming the rest of the skirt. The skirt swept into a full-length train.

They knelt for the blessing on a satin pillow, an heirloom belonging to Mrs. L. L. Keyser, who used it in her wedding.

The reception was held at the Long Hotel and again the decorations were of blue and white. The receiving line was formed by the bride and groom, their parents and the wedding party. Guests were presented to them by Mrs. W. N. Brown.

Arranged at the side of the table were the sherbet-filled punch bowl and the bride's cake. Mrs. L. L. Keyser served sherbet and Mmes. Phillip Nickols and Arch Evans, Sr. served cake, after it had been cut by the bride and groom. Assisting at the table were Misses Ann Newman, Mildred Dobbs of Dallas, Wynama Anderson, Virginia Keyser, Baba Jones, Virginia Hall and Mmes. Grace Barham and Irene Long. Assisting in greeting the guests were Mmes. M. L. Ballard, Arch Evans, Jr., W. J. Wisdom and Bert Cowan.

The bride's book, covered with satin, like her gown, was handprinted and presented to her by Mrs. L. L. Keyser. It was placed on a lace-covered table having a crystal bowl of blue and white white tapers. Mmes. G. O. Brown and Boyd Lockhart presided at the register.

The bride's gifts to her attendants were silver salt and pepper sets, and the groom's gifts to the ushers were tie and handkerchief sets.

STATE BASKETBALL TOURNAMENT IN AUSTIN MARCH 4-6

The State Basketball Tournament, under auspices of the University Interscholastic League, will be held in Austin on March 4, 5, and 6. Deadline for district playoffs is Feb. 21, and for regional playoffs, Feb. 28. Goldthwaite is in Conference A, Region II, and District 8, which district is composed of Ballinger, Brady, Burnet, Coleman, Fredericksburg, Goldthwaite, Lakeview (San Angelo), Lampasas, Llano, Mason, San Saba, Santa Anna, Winters. Chairman for the district is Principal J. P. Rudd, Brady.

CARD OF THANKS

We want to thank all our friends and neighbors for the kindness shown us at the time of death of our mother and grandmother. We especially thank you for the lovely food and beautiful floral offering.

May God bless each of you.

The Fessler families

Mr. and Mrs. R. E. Fessler of Mexia visited her aunt, Mrs. J. M. Hicks on Friday of last week. They were here to attend the funeral of Mr. Fessler's mother, Mrs. C. Fessler.

Watch for Amateur Night, Friday, February 6, at School Auditorium.

Swing Of Southwest Farm Markets

(By U. S. D. A.)

Farm prices followed uneven trends at southwest markets last week, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Corn prices fell 13 to 14 cents a bushel and other grains 5 to 8 cents. Heavier marketings, less urgent demand, and improved prospects for winter wheat helped push prices down. No. 1 hard wheat sold Friday at \$3.06 a bushel at Texas common points, No. 2 white corn around \$2.98, and oats \$1.48 to \$1.53.

Spot cotton markets showed net gains of .175 to \$2 for the week. Middling 15/16 inch closed Friday at 34.50 cents a pound at Dallas and Houston, and \$4.40 at New Orleans.

Eggs weakened slightly at Denver and New Orleans during the week, but sold a little higher at Dallas toward the close. Current receipts brought 42 to 45 cents a dozen at Dallas. Light hens sold stronger at Dallas to bring 20 to 23 cents a pound, and at Denver 16 to 22.

Sheep sold steady to around a dollar higher for the week. Denver set a new high of \$13 on good and choice ewes, as Oklahoma City and Wichita reached \$12 on choice lots. Boston buyers in Texas took all available wools.

Cattle found a weaker market at Denver, and steers showed some easiness at Wichita and San Antonio, as other southwest terminals paid steady to \$1 higher prices. Common and medium steers and yearlings brought \$17 to \$19 at Houston, while medium and good-kinds turned at \$22.50 to \$26 at San Antonio and \$22 to \$28 at Fort Worth.

Texas and Oklahoma hog markets paid mostly steady to higher prices compared to a week earlier, but the Wichita and Denver markets fell \$1 to \$1.50. San Antonio, Fort Worth and Oklahoma City closed the week at a top of \$27, as Wichita paid \$26.35 and Denver \$26.25. Sows closed generally at \$23 down, and pigs from \$12 to \$20.

CARD OF THANKS

We want to thank everyone for their help and many expressions of love during the passing of our dear husband and father. May God bless you. Mrs. Tom L. Hale and children.

NINE TEXANS ON ADVISORY COMMITTEE

Nine prominent Texas farmers, editors and educators were named by Secretary of Agriculture Clinton P. Anderson to comprise the State Advisory Committee of the Farmers Home Administration.

They are Herman H. Bennett, Greenville; Eugene Butler, Dallas; Walter Cardwell, Luling; Ozro Eubanks, Santa Anna; William Oscar Irvin, Daingerfield; Ervin B. Mc Leroy, Carrizo Springs; Edgar B. Smith, Lampasas; Olin Stark, Quitaque, and Ide P. Trotter, College Station.

Farmers Home Administration is successor to Farm Security Administration, which began 15 years ago this month extending financial loans and technical assistance to American farmers. Approximately 123,000 farm families are in the program at present in Texas, according to L. J. Cappleman, State Director.

DISTRICT 8 FARM BUREAU MEETING AT TEMPLE FEB. 12

J. Walter Hammond, president of the Texas Farm Bureau Federation, has announced that a District Farm Bureau meeting will be held in the Kyle Hotel at Temple on Thursday, February 12. Frank Taylor of Waco, District director, will preside. The State Farm Bureau president will be in attendance to report on agricultural trends in Washington.

As a member of the Board of Directors of the American Farm Bureau Federation, representing the Southern Region, Hammond spent the latter part of January in the Nation's capitol attending an American Farm Bureau Board Meeting, and contacting members of the Texas Congressional delegation in Washington on issues vital to agriculture in Texas and the Nation.

Guided by resolutions adopted by voting delegates at the 29th annual convention, the Farm Bureau Board charted the organization's action on such important issues as a long range farm program, parity, support levels, a program to control the spread of Foot and Mouth disease, and many other matters important to agriculture.

By CLEMENTINE WILMETH BRILEY

(Written for last week)

Only four persons braved the inclement weather to attend church Sunday.

Though there was a thin coating of ice on everything Monday morning, the Ebony school bus, driven by Mrs. Charles Griffin and carrying teacher and pupils, made its way safely to Mullin, only to find that there would be no school that day. Charles Henry Griffin with a box of matches kept the wind shield defrosted. Mr. Williams was trying to get some water from the well. He said they hadn't had enough water to make coffee. He finally got some. He said, "No school tomorrow if the weather continues this bad."

We hope to see the phone system down in this part of the world soon.

John Briley and Ernest Malone, inspired by a civic improvement spirit, helped Taylor Duncan and Cecil Egger with the bump gates for the Dwyer-Wilmeth road Thursday.

Mr. and Mrs. Hubert McMullen of Indian Creek visited the Griffins Saturday.

A shining green car was standing in front of the home of Mr. and Mrs. Bob Egger Friday evening as we came home from school. We learned later that the visitors were Mrs. Alvis Meek, Mrs. Gus Reynolds, and Eugent Meek from Brownwood. Had we known these old-timers were there, we would have gone right down there to see them.

Mrs. Edna Dwyer visited at the Griffin home Sunday after church.

We met Mrs. Lena Crowder

SHEEP AND GOAT DRENCH

In town again Saturday. She said she was off next day for Rising Star to wait on an old lady for awhile.

John Briley decided last summer that getting wood was too much of a job for him, so he had butane put in. But after using it constantly for some time and paying the bills, he decided he could get wood for the fireplace. So now the Brileys sit around a wood fire again.

We also heard Blue Thompson over the phone inquiring of Ernest Malone concerning his wood cook stove. He said he was considering a wood stove as their oil stove was out of commission.

But just last week Nancy Reeves, six, told me that they got tired of toting wood, so they got them a butane heater, and now they keep warm with a butane fire. I asked her how her great grandmother Reeves, who lives at the Stanley Reeves home, was. She said, "Grandma is all right. She hasn't had a cold this winter." But I think "Grandma" has had a birthday right recently. And if so, she has reached the age of ninety.

HERE'S GOOD BUYS FOR FEBRUARY

College Station, Feb. 4—The U. S. Department of Agriculture has announced that 20 different food items are expected to be in abundant supply during February.

The list includes certain fresh fruits and vegetables as well as canned and dried foods, nuts, honey and peanut butter.

Oranges, grapefruit, lemons, apples and winter pears are on the fresh fruit list. Fresh

vegetables are cabbage, carrots and celery. Canned items are citrus juices, grapefruit segments, the lower grades of peas, pumpkin and squash, sweetpotatoes and tomato juice. Dried prunes, raisins, peaches and fig, walnuts, filberts and pecans will add variety to the menu. Both honey and peanut butter will be in large supply.

The one frozen food to make the plentiful list is frozen peas. Myrtle Murray, extension home marketing specialist for Texas A. and M. College, says the thrifty housewife will make

a list of these items and look for them on her shopping tours. Because of the plentiful supply, the prices will be comparatively low, and the frequent use of these foods will help the budget as well as the diet.

Thirteen stationary meteorological observation ships are to be spotted along the North Atlantic air and sea lanes and maintain as aids to navigation. Several of the ships will be provided by the United States. U. S. Navy submarines accounted for at least 63 percent of all Japanese losses during World War II.

MESSAGES of HOPE by

Dr. T. A. Williams

HEALTH INSURANCE—

Natural laws are the greatest of all laws. The creative and remedial powers inherent with each individual are supreme because they are God-given. No power is greater than the UNIVERSAL INTELLIGENCE that guides our destiny. The principles, practice and philosophy of Chiropractic are simple in the same sense that all great fundamental truths are simple to the informed mind. Chiropractic subscribes to the belief that these inherent forces are far more powerful in restoring health than any other agency, provided these great natural forces are able to function in your body without interference. Think for yourself and reason the proposition in your own mind. What is the logical result when the energy supply is reduced to any particular organ of the body, or when these vital forces of health are unable to follow their normal channels, due to interference?

CHIROPRACTIC ADJUSTMENTS NOT ONLY RESTORE HEALTH; THEY BUILD AND MAINTAIN HEALTH

CASE No. 254—Young lady, age 16. Facial paralysis on left side of face. History of case showed poor appetite, bilious spells, periodic cramps, constipation, nervous and an increase in rate of heart beat for ten months prior to stroke of paralysis. The Neurocalometer located a major nerve interference near the base of the skull and X-rays were made to determine the cause. The misaligned vertebrae causing the interference was adjusted and all signs of paralysis was gone in a few days. All the other symptoms soon cleared up and our Christmas mail revealed she is still in good health and the mother of three children.

BRING YOUR HEALTH PROBLEMS TO—

WILLIAMS

CHIROPRACTIC OFFICE
Brownwood, Texas

Office Hours 10-12 A. M. — 3-6 P. M.
Closed All-Day Thursday, And Saturday afternoon.

MRS. C. FESSLER

Mrs. Christine Fessler was born October 17, 1885 in New York City. She died January 29, 1948 at her home on Parker street. She was 62 years, 3 months and 12 days old. She was perhaps the oldest citizen in Mills County at the time of her death. She was a member of the Church of Christ. She was preceded in death by her husband, Melvin G. Fessler, two sons and one daughter. She finished her education at University of Iowa City, Iowa and taught 22 terms of school. She is survived by two sons, Ray Fessler of Mexia and Joy Fessler of Goldthwaite. Three daughters, Mrs. Frank Partidge, Mrs. Sammie Ward and Mrs. Luther Roach, 16 grandchildren and 17 great grandchildren.

She was laid to rest at Pleasant Grove Cemetery. Mrs. Fessler was a good neighbor and a faithful friend who believed wrong would fall and right would triumph.

"TARZAN" BOOKS WANTED FOR THE VETERANS HOSPITAL

A number of patients in the Waco Hospital have favorite authors which they read over and over and some of the titles are out of print. As the books went out it is impossible to secure replacements. The books wanted are the type often bought by boys in their early teens.

"Tarzan" books are very popular. Other authors who are favorites are: Clarence Mulford, Charles A. Seltzer, James B. Hendricks, J. O. Curwood, Peter B. Kyne, W. McL. Raine and Max Brand.

Anyone having any of these books and wish to donate them to the patients in the Waco Hospital please bring the books to the Red Cross office. Only the above books are wanted.

BRIAN SMITH

The Texas Safety Association reminds the pedestrian not to be an umbrella ostrich on rainy days. Keep the umbrella out of your vision of oncoming traffic —you'll keep walking longer!

and to evaluate the erosion control measures used. Results of several demonstrations are shown in the film that indicates that a canopy of vegetation, trees, or thrashy mulch, is essential to an effective erosion control program. A dense cover of grass, for instance breaks the force of the falling raindrops, and the water readily penetrates the soil, whereas on unprotected soils, the raindrops hit with high velocity causing the soil to puddle and seal itself so that a high runoff is obtained. "Raindrops and Soil Erosion" will be presented by the Work Unit Staff of the Soil Conservation Service at Goldthwaite. Additional slides of local scenes and practices will be presented along with a discussion period after the show. Admission to farmers and business men are urged to attend. You cannot afford to miss this opportunity. The film will be shown on

 day Night at 7:00 p. m., Feb-
 ruary 13th.

BROWNWOOD BOY SCOUT SAVES YOUNGSTER'S LIFE

Scout Weston Trawick, son of Mr. and Mrs. G. W. Trawick, Brownwood, formerly of Stamford, rescued from drowning seven year old Dwayne Groom, son of Mr. and Mrs. Cleo Groom. Last Friday the two children were playing near a water tank, when the dog belonging to Dwayne ventured out on the thin ice that covered the tank. The boy being very fond of the dog, went to his rescue, and fell through the ice where the water was eight of nine feet deep. Scout Trawick went to the boy, reaching him after he had gone under twice, and brought him safely to shore. Mr. Groom says Weston Thawick is surely due an award for his quick thinking and bravery.

COUNTY GETS MA- NEUVER AREA ROADS

Mills County officials have been notified that county roads in the Camp Bowie maneuver area are being returned to the county for \$1,000, the price charged the government at the outbreak of the war. Brown County roads were not returned as that county received several thousand dollars as payment. Earlier, it was suggested that the area be turned over for a game preserve. Mills county citizens who went to Austin January 12 to voice their disapproval of this act were Judge John L. Patterson; Commissioners Jess Y. Tullos, Fred Wall, K. B. Henry, and J. Frank Davis; and Fred Pafford, August Wasserman, P. R. Reid, Dale Reid, W. C. Whittenburg, Hardin Jones, B. D. Tippen and Edward Egger.

Cobb-Robertson

Miss Nina Beth Robertson of Goldthwaite and Frank William Cobb of Durenville were united in marriage Thursday evening at seven o'clock at the residence of Rev. and Mrs. L. J. Vann in this city. Rev. Vann officiating. He also performed the marriage ceremony for the groom's parents, Mr. and Mrs. F. A. Cobb.

The bride is a daughter of Mr. and Mrs. B. D. Robertson of Goldthwaite. The happy young couple's attendants were the groom's sister, Miss Mary Cobb, and Preston Hicks of Brownwood.

GARDEN CLUB

The Goldthwaite Garden Club met in the home of Mrs. Jim Weatherby January 21, with Mmes. Randolph and Jno. Berry as co-hostesses. Each member answered roll call on Chemurgic News, after a short business meeting. Mrs. Jerry Walker was Leader for the following program: Study of Zinnias—Origin and History, by Mrs. M. E. Blake; Varieties and Growth, Mrs. Hollis Blackwell. Pests, diseases, and how to control by Mrs. T. M. Glass. The ladies very ably discussed their subjects, and each one present resolved to profit by their information. As usual, at the home of Mrs. Weatherby, a delightful plate was served, and a pleasant occasion enjoyed by all.

Mrs. Hightower's Birthday

On Sunday, February 1, a family Re-union and Birthday Celebration honoring Mrs. J. W. Hightower was attended at her home in Goldthwaite on Parker Street. A nice dinner was served, including the birthday cake. Those who enjoyed this happy occasion were her children and their families: Mr. and Mrs. Ollie Kuykendall of Long Beach, California; Mr. and Mrs. Bill Hightower and little daughter, Gale of Austin; and Mr. and Mrs. W. H. Hightower and daughter Nan of Goldthwaite.

CARD OF THANKS

Mr. and Mrs. Ward, her brothers and sisters take this method of thanking each and everyone for their kind words, beautiful flowers, nice dinner that was sent in not only by the church, but by friends and neighbors. Also the telephone people who gave us such good service and Dr. Chalmers who did all he could to comfort mother in her last few days. Also Mr. Fairman and Mr. Wilkins for their courtesy and comfort shown the family. Mr. and Mrs. Ward, the brothers and sisters.

Mrs. Lester Johnson of Woodville is visiting her sister, Mrs. Ira Alldredge.

National Heart Week Launched To Combat Heart Disease, No. 1 Killer

National Heart Week will be inaugurated next week with the citizens of Mills County joining the rest of the nation in the fight against America's Number One Killer, heart disease.

Dr. T. C. Graves, Heart Week Campaign Chairman, said the American Heart Association (1790 Broadway, New York 19, N. Y.) hopes to raise sufficient funds during this observance to support urgently needed research in diseases of the heart and blood vessels which are responsible for one out of every three deaths in the United States.

"For the first time," Dr. Graves said, "the American Heart Association is appealing directly to the public for financial aid in combatting a serious public health menace which takes one life a minute. Heart disease is responsible for more deaths than the next five leading causes combined. The Association is confident that when Americans learn the facts about heart disease and the tremendous toll it takes in human lives and national productivity, the response will be quick and effective."

Dr. Graves said that local heart associations in many areas of the United States are cooperating with the American Heart Association in sponsoring special educational and fund-raising campaigns during National Heart Week.

"Broad community campaigns also are being developed," Dr. Graves added, "with the assistance of the American Legion, Junior Chambers of Commerce and the Rotary, Kiwanis and Lions Internationals. The American Pharmaceutical Association, National Association of Retail Druggists, National Association of Chain Drug Stores and National Retail Dry Goods Association have cooperated in lining up retail outlets as informational and fund-raising centers, displaying Heart Week posters and plastic heart-shaped coin boxes.

"Special events have been scheduled throughout the Nation during Heart Week to arouse the public to the need for strong action in meeting America's most serious public health problem."

Floyd Sansom of Austin spent the week-end with his parents.

LIONS CLUB IN REGULAR FIRST TUESDAY MEETING

The Goldthwaite Lions Club, in regular first Tuesday night meeting at The Hangar, received one new member, Ben R. Day, of the local Soil Conservation Service.

Mr. Day reported that a film, titled "Raindrops and Soil Erosion," would be shown in the county at several different places next week, and invited the Lions and all others interested to view the showings.

Dr. T. C. Graves, Lion Chairman of Health and Welfare, reported that publicity literature had been received for newspapers to use for National Heart Week, which is next week, Feb. 8 to 14, when a nationwide drive for funds will take place to help in preventing this greatest of all killers of mankind.

Larry Dalton made a report on the Golden Gloves Tournament, and the club voted to invite the Goldthwaite boxers in the series to be their guests at the next regular meeting night, Feb. 17.

As the program, Lion President Jesse Saegert called on the following to make impromptu speeches on latest developments in:

Dental Surgery—Dr. T. C. Graves.
 Men's Fashions—Harold Yarborough.
 Postal Regulations—M. Y. Stakes, Jr.

Fire Laws—Chief Jack Reid and Joe B. Karnes.

The club decided to have the next quarterly Ladies' Night Meeting in March, when the band from Lampasas is to be invited to present the program.

Boyce House, newspaper columnist, is to be invited to appear as guest speaker at some future date that will suit his convenience.

Mrs. Pauline Woodard returned home Saturday after several days visit in Hico with relatives.

Mr. and Mrs. O. H. Yarborough returned Monday after visiting a month in the Lower Valley and at Corpus Christi.

Mill's County Veterans' Vocational School

Owing to the extreme bad weather for the past week our vocational school has been running low but the work is now getting back to normal. More work was accomplished in testing cattle for "Bangs Disease" than in any other department. Mr. Conradt, Mr. Carothers and Dr. Kerby tested some 90 head during the week, making a total of about 200 for the county to date. No more tests will be made in this county for the present.

One of Mr. Locklear's students in carpentry, L. E. Dupuy, has temporarily withdrawn and gone to Austin to help in the construction of a home for a Mr. Burkett of that city. This speaks well for his accomplishment in his line of work. We congratulate him and also his instructor.

Mr. Carothers is supervising the building of a buzzard trap on the Othel Lucas farm this week. Some successful trapping has been done by the farm students of the Priddy district under supervision of Norman Duren, instructor for the Priddy group. They have trapped 56 buzzards during the past week. No doubt this will save the lives of many young lambs for farmers of this region. Mr. Duren has given a demonstration for treating lump jaw this week. Farmers having stock with this disease should notify the County Agent or the instructors for agriculture and obtain a veterinarian to have animals treated before the head becomes infected.

Allen D. Moreland, who is employed by Dalton Cleaners, is a new student enrolled in distributive education group since the first of the year. We have three other veterans who expect to enter Feb. 9. The Vocational School is always glad to enroll new students in any of the departments and we invite others to come and talk their special needs over with the coordinator or with the instructors of the department in which they may be interested. Teachers of D. E. and T. & I. courses are to attend a district meeting at Stephenville on Friday of this week.

Mr. Ford's students of the Mullin district have been doing some experimental work in rodent control. They have been poisoning rats on various farms but have not had sufficient time to obtain definite information as to the success of the work. This is a very necessary type of project for both country and town, as the common rat destroys millions of dollars worth of grain and food products. Besides they are common carriers of many types of contagious diseases.

SANTA FE CARLOADINGS
 Santa Fe system carloadings for the week ending January 31, 1948, were 22,688 compared with 26,083 for the same week in 1947. Cars received from connections totaled 10,182 compared with 10,796 for the same week in 1947. Total cars moved were 32,870 compared with 36,879 for the same week in 1947. Santa Fe handled a total of 36,032 cars in the preceding week of this year.

TO TEXARKANA ON VISIT
 Mr. and Mrs. Jesse Seagert and son, Jean, left Thursday morning for Dallas on a business visit, and will go from there to Texarkana, where they will visit Mrs. Saegert's parents, Mr. and Mrs. E. E. Behrendt, for a few days.

Mr. and Mrs. Henry Skordal visited the Fat Stock Show at Fort Worth over the week-end. Mr. and Mrs. Bob Steen and Mrs. D. B. McCombs left Sunday to spend a few days in Houston attending the Fat Stock Show.

Watch for Amateur Night, Friday, February 6, at School Auditorium.

Mrs. J. M. Campbell returned Saturday from San Antonio, where she spent ten days with her sister and other relatives.

Watch for Amateur Night, Friday, February 6, at School Auditorium.

NEW ARRIVAL
 It's a boy for Mr. and Mrs. Lewis Townsen Hudson of Austin. The young man's name is Dow Thomas, who weighs six pounds and two ounces. He arrived January 22. He claims Mr. and Mrs. Dow Hudson and Mr. and Mrs. Tom Miller for his grandparents.
 Mrs. J. D. Brim was carried to Scott and White Hospital Tuesday of this week.
 Maryalice Smith, daughter of Mr. and Mrs. Barton Smith, who has been attending T. S. C. W., has transferred to the University of Texas. Maryalice likes her work at the University.
 Mr. and Mrs. Jim Weatherby and Mr. and Mrs. Roy Weatherby of Mullin spent Monday and Tuesday in Fort Worth, where they attended the Fat Stock Show.
 Elder and Mrs. C. W. Hoover of San Saba were guests in the J. W. Weathers' home Friday of last week.
 Mrs. W. P. Weaver returned home Saturday from a six-week's visit with her daughter, Mrs. W. A. Schultze at Bartlesville, Oklahoma. Her son, Clyde Weaver, and family at Dallas were also visited.
 Marshall Miller, Jr., who underwent a major operation at the McCloskey Hospital at Temple last week-end, is doing nicely. His wife and little daughter Melanie, his parents, Mr. and Mrs. Marshall Miller, Sr., and his sister, Mrs. Sammie Smith and husband of College Station, visited him Sunday.
 Leroy Beard, Star.
 Mrs. M. Warren, City.

Thirty-Eighth Anniversary

BOY SCOUT WEEK

FEBRUARY 6TH TO 12TH

Custodians Of Tomorrow's World

Whether it will be one world or many small ones . . . a world of plenty or privation . . . and whether it will be led by wise men, humane and principled, depends upon the guidance . . . the education . . . the ideals instilled in our youth today. On their young shoulders will fall the mantle of leadership. This week we pay tribute to the Boy Scouts of America—citizens at work—and pledge our continued support to an organization which has produced and will continue to give us men who are leaders . . .

IN THE HOME . . . THE COMMUNITY . . . THE NATION . . . THE WORLD.

lems but at the same time appears stubborn as a make-believe. It could be she will recover and be ready to fight sooner than some of us look for. Personally, I am keenly interested also in the outcome of the ugly strife going on in the Ancient Palestine. That most historic spot in our world is also to be the scene of a final destructive tragedy ending the present age.

I suppose it is true to say the Jews have most of the money of the world. It is one strange fact that the Jews, without home or country, operate the most of American industries where dividends are assured. It should cause some thinking.

The Jew, in attitude to his needy fellow, is not exactly like we hateful Gentiles. If possible, the Jew will rescue his under brother. For some decades Jewish money has been paying three or four prices for farm lands in Palestine for their homelands.

In as much as the Jewish people are to possess their old home land some time, some way; let us suppose a thing—it's all imagination—but it could come to pass—that the four million Jews in our U. S. A. move their capital to Palestine. Wouldn't our friends who have been crying "Economics," have plenty of nightmares?

Such is our times that most anything can happen.

SERVICE SCHOOL AT MASON FEBRUARY 28-29

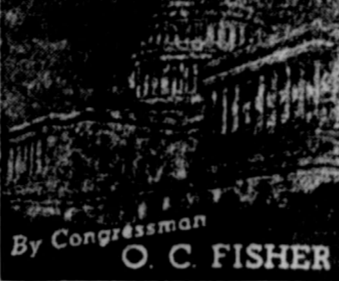

AUSTIN, Feb. 4—The Veterans Affairs Commission of Texas announced today that it will hold a Service Officers School in Mason on Saturday and Sunday, February 28 and 29, 1948, in the American Legion Hall.

This School will be for County and Veteran Organization Post Service Officers within a radius of approximately seventy-five to one hundred miles of Mason. All persons interested in veterans' affairs are cordially invited to attend.

The hull of a modern U. S. Navy submarine is longer than a football field.

The goal for "Freedom Gardens in 1948 has been set at 20 million. Texans expect to reach the million mark in home gardens.

Our WASHINGTON Letter

By Congressman O. C. FISHER

FFA'S DUNK
Wilbur Ray Dunk, National 1st Vice-President of the Future Farmers of America, who farms and raises sheep and goats near Segovia in Kimble County, recently completed a week of leadership training in Washington.

Six-foot-three and slender, clad in shop-made boots and a stetson, Wilbur typifies the youthful ranchman of the southwest.

It was at the Kansas City annual convention of the FFA last fall that the Kimble County youth received the signal honor of being elected to one of the key posts to direct the affairs for a year of the great nationwide farm youth organization. There were 7,000 boys in attendance at the Kansas City meeting, representing 250,000 members from 47 states, Hawaii and Puerto Rico. Ten percent of the members live in Texas. Dunk believes there will be 20,000 present at the next convention.

The Segovian has been assigned 11 states (Texas, Louisiana, Oklahoma, Arkansas, Mississippi, Alabama, Georgia, Florida, North Carolina, South Carolina and Tennessee) and Puerto Rico as his field of activity. He plans to visit in all of these during the year.

FFA IS COMMENDABLE

It will be a busy year for Dunk. He likes it because he says it's an opportunity to stimulate interest among the rural youth of America in better ranching and better farming, better leadership and better citizenship.

And that pretty well speaks the voice and spirit of the FFA movement. It is the National Organization of, by and for farm boys. It has grown rapidly and is now recognized as the largest farm boy organization in the world. Many types of important contests, conducting a national FFA camp, cooperative work with other organizations, building a sound public relations program, and helping develop a better understanding with farm boys in other nations. Delegations from England and Burma attended the last convention, and Ambassador Bonnet of France assured Dunk and his associates when they called on him at the French embassy last week that he, himself, would attend the next convention and would bring along a group of French farm boys. FFA is a good thing and it is well worth the time of any young man to belong and enjoy its privileges and benefits.

Attending the FFA leadership meet was Vice-President Kort Meier of Yuma, Arizona. The trip to Washington was not only his first visit to the nation's capitol, but marked the first time in his life Meier had ever seen it snow! Neither he nor Dunk bothered to bring along overcoats but sympathizers came to their rescue and borrowed coats saved them from one of the worst cold spells of the winter in Washington. The Arizona youth cast about at the snowy skies over the Potomac and said: "Why, it was 85 in the shade the day I left Yuma!"

In Washington last week to attend an annual conference of a national group known as the American Road Builders Association was County Judge E. C. Grindstaff of Ballinger. The Judge is a great better-roads enthusiast and is now President of the County Judges and Commissioners Association of Texas. At this conference he was chosen Vice President of the American Institute of Local Highway Administrators for the southern district.

Representing Brady last week before the House Appropriations Committee in an appeal for funds to begin work on the Brady flood control project were Joe Odgen, manager of the Chamber of Commerce, and Bert

DUNK MEETS CONGRESSMEN—Wilbur Ray Dunk, National First Vice-President of the Future Farmers of America (center), is shown as he was being greeted on the steps of the Nation's Capitol by his Congressman, Representative O. C. Fisher, of San Angelo (right). Dunk, who farms and raises sheep and goats in Kimble County, spent a busy week in Washington attending a special FFA leadership training meet. In the FFA set-up he represents Texas, 10 other states and Puerto Rico. To Dunk's right is Representative W. R. Foage, of Waco.

Hughes, a members of the Brady City Council. Joining with me in an appearance before the committee considering funds for flood control, the Brady citizens pointed to the fact that within the memory of many people the water from turbulent Brady Creek has on four different occasions swept through the town deep enough to swim a horse. The project has been authorized several years, but no projects

upon which construction has not already begun have been included for Texas in pending budget recommendations.

NAZI-SOVIET PAPERS AVAILABLE TO THE PUBLIC

The captured German documents recently released by the State Department describing Nazi-Soviet Political Relations now available to the public to help form the Govern-

ment Printing Office announced today.

These documents, taken from secret foreign office files, are available for \$1.00 from the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

A ship named after the state of Alabama has been carried on the U. S. Navy's list of ships for over 140 years.

A PUSH

(SAM SAY)
and again we hear the "When will we return to its self out of this threatening bog?" As he has the wisdom to way. Our best thinking, Remedies suggest so much as to the purpose. Leaders tell us that must save our nation are doomed. Religion as it in the world has the much needed job hope for. Christianity, proven, has and all reverse threatening, but personally, there is sufficient salt our church people to

amend the thought and ways of present conditions. That may be a critical thrust but I am standing by to see and with little hope.

Another group of advisors call attention to financial tangles at home and abroad. They have cried "Economics, economics," until they have forgotten that wealth has never saved a nation. Luxury and prosperity have rotted a few nations but we fail the lesson.

With many just now Russia is the skeleton in the woodpile. Russia is so suspicious—While we offer bread she's looking behind the bread to discover a stone.

If we are to believe those who have recently visited there, Russia does not want war at this stage of her condition. She has her hands full of local prob-

- For County Commissioner Precinct No. 3:
K. B. HENRY (Re-election)
- For Mills County Commissioner, Prec. 4:
J. FRANK DAVIS (Re-Election)

Prize Winning Steer Gets Big Hug

Editors Note—The above picture appeared in the Houston Chronicle Tuesday morning. It was furnished The Eagle through courtesy of Chronicle City Editor R. J. Watts, who wrote: "Congratulations on the fine showing your Goldthwaite boys made at our Fat Stock Show." Many pictures of Goldthwaite winning boys and their calves have appeared in Houston papers, and The Eagle hopes to reproduce some of them next week.)

BUTCH, 1025-pound championship Hereford steer, gets a big hug from his owner, 15-year-old MARION REYNOLDS of Goldthwaite. Butch rammed through the heavyweight Hereford steer contest to take first place. Young Reynolds has another steer, Goldthwaite King, entered in the medium-weight division.

MILLS COUNTY BOYS

Stock Show two weeks ago. Young Johnson, who said he will use his prize and premium money to finance his college education, bought the animal with \$100 which he won two years ago at the Brownwood show with a grand champion sheep. Observers at this year's show expect the grand champion to go on the auction block for more than \$16,000, but young Johnson said he is more than happy to have the champion and whatever it sells for. He said he thinks it's swell to be a winner, and is not counting on anything over the opening bid of \$12,500. Selection of the grand champion was made from eight champions in the four breeds—Angus, Hereford, Shorthorn and Brahman. Champion of the Angus was the winner of the show's highest award and the reserve champion of that breed was shown by George Crenshaw of Manhattan, Kan. Reynolds showed the champion of the Hereford breed, and James Hor-

ton, another Goldthwaite 4-H Clubber, showed the reserve champion in this breed.

LEAVES TO ATTEND DISASTER CLINIC

Brian Smith left Wednesday for Dallas, where on Thursday and Friday he is in attendance at a Red Cross Disaster Clinic for chapter personnel over the state. The clinic will be in charge of Mr. M. Reddy, who was disaster director for the Texas City disaster, and one of the foremost specialists in this line in the country. Mr. Smith expects to bring back to Mills County Red Cross Chapter some valuable information.

BOY SCOUT WEEK

February 6—February 12 All Boy Scouts and Scouters of Goldthwaite are making preparations for Scout Anniversary Week, which is from February 6 to the 12. Events are being planned for the entire week, which will include, each Scout and Scouter attending Church

GOLDTHWAITE BOY'S ANGUS STEER WINS GRAND CHAMPION

(Houston Post Wed.) Kilroy was here long enough to become the grand champion steer of the 1948 Houston Fat Stock Show.

The 730-pound Aberdeen Angus steer, belonging to the 16-year-old Robert H. Johnson 4-H club boy of Goldthwaite, was a Mr. Five-by-Five animal with \$600 worth of feed in him. He was bred by the Tommy Brooks ranch near Camp San Saba and cost young Johnson \$100 when a young calf.

While Kilroy was a very expensive piece of beef to raise the Goldthwaite lad isn't worried about overhead.

There already is an opening bid of 12,500 filed on the Angus, which will be auctioned off Friday at 9 a. m.

Posing for photographers after the grand champion presentation, Johnson stood with his proud parents, Mr. and Mrs. Bob Johnson, and thought about what he would do with the auction money, which is expected to go above \$15,000. "I'll use it to go to college, I imagine," he said.

It was the second time in history that an Aberdeen-Angus has been grand champion of the stock show.

It was Goldthwaite all the way. The reserve champion steer went to Marion Reynolds, another 4-H boy of that West Texas city, who had "never shown a first-class steer before." His entry was "Butch" weighing 1025 pounds, a Hereford and also the champion of the show's Hereford breed.

Showing more pride than either of his winning club boys was Mills County Agent D. B. McCombs, who supervised the feeding of both the steers.

Under the critical eye of livestock judge John C. Burns of Fort Worth, eight exhibitors ran for the championship title.

Besides the two winners were A. P. George, Shorthorn breeder of Richmond, and Jean Kiger of Houston, with Shorthorn steers; John Martin, Jr. of Alice, and Billy Gene Hill of Sanderson, with Brahman steers; James Horton of Goldthwaite with a Hereford, and George Crenshaw of Manhattan, Kansas, with an Angus.

Mr. and Mrs. Brownie Martin of Tucumcari, New Mexico, spent several days in Goldthwaite visiting relatives here. Among those she visited were Mr. and Mrs. Sam Sullivan and Mr. and Mrs. Sparks Bigham.

GOLDTHWAITE YOUTHS AGAIN TOPS IN HOUSTON SHOW

(Houston Chronicle, Tuesday) For the second straight year, the thriving town of Goldthwaite seems to be dominating Hereford division judging at the Houston Fat Stock Show.

Marion Reynolds, 15-year-old 4-H Clubber from Goldthwaite, Monday won the championship contest with his 1025-pound entry, Butch. Earlier, young Reynolds had captured the bunting in the heavyweight Hereford judging.

Last year, Jim Bob Steen, also a Goldthwaite 4-H Club member, took first place honors in the boys' class Hereford judging and then went on to take the grand championship of the Houston Fat Stock Show.

Young Reynolds competed for this year's boys' class Hereford championship with James Horton, 19, another Goldthwaite 4-H Clubber, who won the boys' lightweight ribbon, and Don Scott, 15, another F. F. A. and 4-H Club member of Alice, who took honors in the boys' class medium weight contest.

With at least a \$12,500 prize dangling before them, exhibitors of more than 700 prize steers Monday began parading their entries before the eager-eyed judges of the sixteenth annual Houston Fat Stock Show and Livestock Exposition at the Sam Houston Coliseum.

The opening bid of 12,500 was posted Sunday by S. Rampy, Montgomery County rancher, for the grand champion steer of this year's show.

And as Mr. Rampy said, "This is just an opening bid." When the grand champion is placed on the auction block Friday morning, show officials expect the prize animal to bring more than the \$15,000 paid for the 1947 show champion. Other prize beef will be auctioned at the same time.

Second place winner in the heavyweight Hereford division was Charles E. Davidson of Ozona, while third place went to a Houston lad, Ralph Eckle, Jr. Fourth place was won by Ernest Cott of Fredericksburg.
