VOLUME FIFTY-FOUR

GOLDTHWAITE, MILLS COUNTY, TEXAS —FRIDAY, FEBRUARY 13, 1948

NUMBER TWENTY-SIX

## THE METHODIST CHURCH

**M. D. LOWRY, Pastor**  
With the approach of the Easter season your church is planning its services that all of us may be brought into the fellowship of Christ's suffering and the power of His resurrection.

If you would have the joy of Easter in your heart, we urge you to attend all the Lenten and pre-Easter services at your church and church school and join with other fellow Christians the world around in preparation for this sacred festival. Come to your church. Come with gratitude, with expectancy. Commit yourself anew in faith and love and loyalty to Christ.

**SUNDAY, FEBRUARY 15.**  
Church School — 9:45 a. m.  
Morning Worship — 10:50 a. m.  
Sermon Subject, "Has Lent Lost Its Meaning?"  
Youth Fellowship — 6:30 p. m.  
Evening Worship — 7:00 p. m.  
Sermon Subject, "God's Forgiveness."  
**MONDAY**  
Womens' Society Circle No. 1, will meet at the church and continue the Bible Study, "Great Prayers of the Bible."  
**TUESDAY**  
Youth Choir Practice — 6:30 p. m.  
The Youth Choir is practicing on some special music for Easter. It's important that all the members be present.  
**WEDNESDAY**  
Womens' Society, Circle No. 2, 9:00 a. m.  
The ladies of Circle No. 2 are meeting each week in the home of Mrs. Earl Fairman for the Bible Study, "Great Prayers of the Bible."

## K. B. HENRY ANNOUNCES FOR COMMISSIONER PRECT. NO. 3

K. B. Henry authorizes the Eagle to make his announcement as a candidate for Commissioner for Precinct 3, subject to the action of the Democratic Party.  
Mr. Henry is an outstanding commissioner, and rates among the best with roads, machinery, and in the Commissioners Court. His experience qualifies him for better service in the discharge of his work.  
He was reared in this Precinct, is a deserving, energetic man eager for his Precinct to rate among the best and to discharge the duties impartially to all parts of the Precinct No. 3.  
Mr. Henry solicits your consideration, your influence and your vote on July 24th, the coming Primary.

## CHURCH OF CHRIST

**M. E. BLAKE, Minister**  
**SUNDAY**  
BIBLE SCHOOL — 10:00 a. m.  
Offering a graded Bible School with classes properly arranged for each group.  
10:50 a. m.—Morning Worship,  
6:15 p. m.—Young Peoples' Meetin. Junior and Senior.  
7:00 p. m.—Evening Worship.  
**MONDAY**  
Ladies Bible Class, 3:00 p. m.  
**WEDNESDAY**  
7:00 p. m.—Prayer Meeting  
7:00 p. m. Junior and Senior Young Peoples' Meeting.  
Everyone is always welcome at the Services of the Church of Christ.

## A PROCLAMATION

WHEREAS disease of the heart and blood vessels constitutes our Nation's most important medical and public health problem in that it affects more persons than any other disease, leads all others as a cause of death, occasions a greater number of days lost from work than any other cause, and

WHEREAS the week including February 14 each year is being sponsored by the American Heart Association as National Heart Week for the purpose of focusing public attention on the medical, social and economic aspects of this primary health problem, and of reminding the Nation that solution depends upon the fullest cooperation of the people, science, government, and health welfare agencies:

NOW, THEREFORE, I, Loy Long, Mayor of the City of Goldthwaite, do hereby order that the week beginning February 8, 1948 be observed in the City of Goldthwaite as National Heart Week. I further call upon schools, churches, scientific bodies, civic associations, business establishments, and other organizations and the people of the City of Goldthwaite generally, to observe this National Heart Week with appropriate activities.

LOY LONG, Mayor

## 1948 AUTO LICENSES NOW ON SALE

Sheriff Wiley Mahan and Deputy Geeslin reported this week that nineteen automobile licenses have been issued to Mills County residents.

"In the public interest", Mahan stated, "Mills county residents should get their tags in this county. All proceeds from the sale of automobile tags stay in the county, and also, the law provides that a person purchase his license in the county in which he resides. With the exception of a small office fee, the money received goes to the

different precincts of the county and it is to the best interest of everyone that they be purchased here."

When you come for your license plates, bring your certificate of title and last year's registration papers.

Last year, there were approximately 1750 automobiles and an additional number of pickups and trucks registered here. The sale of tags began February 1, and the deadline for registration will be April 1.

Mr. and Mrs. D. A. Hamilton and Karen Maulding went to Brownwood on Friday of last week on business.

## FARM BETTER TODAY LIVE BETTER TOMORROW

Your standard of living is dependent upon a layer of topsoil about 6 inches deep... Save your land from wind and driving rain through soil conservation measures and you save your future. Consult your Soil Conservation technicians, your district supervisors or your County Agent!

We urge all farmers and businessmen to attend

## "RAINDROPS and SOIL EROSION"

... a free picture, sponsored by the Soil Conservation Service, to be shown at the Grammar School Auditorium February 13 at 7:00 p. m.

## Heart Disease Described As Most Serious Threat To Nation's Health

Heart disease is the nation's most serious public health problem, Dr. T. C. Graves, local Campaign Chairman, pointed out this week in calling for the fullest public cooperation in the observance of National Heart Week (February 8-14). During this week, the American Heart Association (1790 Broadway, New York) is collecting funds for vital research to combat America's Number One Killer—diseases of the heart and circulation.

"The heart diseases," Dr. Graves said, "are responsible for one out of every three deaths in the United States. They kill more persons than the next five leading causes of death — cancer, accidents, kidney disease, pneumonia, and tuberculosis — combined. Deaths from diseases of the heart and blood vessels are three times as high as cancer, six times as high as accidents, eight times as high as pneumonia and eleven times as high as tuberculosis.

"Disability caused by the heart diseases is greater than that caused by any other disease. They are responsible for a loss of 152,100,000 work days annually, or billions of dollars in productivity. It is estimated that one out of every twenty persons suffers from diseases of the heart and blood vessels. Nearly one out of every two deaths after the age of 45 is caused by heart disease.

"Heart disease is no respecter of age. It is the leading fatal disease among children between the ages of 5 and 19. Rheumatic fever causes 40 per cent of all heart disease at all ages and 90 per cent of all heart disease in children. Rheumatic fever and rheumatic heart disease cause five times

as many deaths as infantile paralysis, whooping cough, diphtheria, scarlet fever, measles combined. More than 1,000,000 persons in the United States today suffer from rheumatic fever and rheumatic heart disease.

### BOXES HELP FIGHT

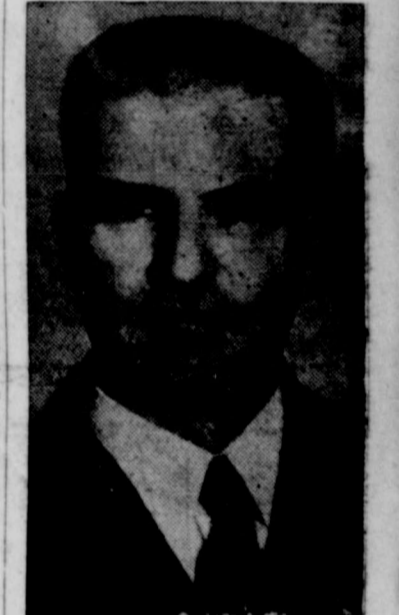

Goldthwaite is putting its heart into the fight against heart disease, America's Number One Killer. Red plastic, heart-shaped collection boxes will be displayed Monday on retail counters and other prominent public places throughout National Heart Week (February 8-14). Funds collected during this observance will go to the American Heart Association, 1790 Broadway, New York, which is sponsoring Heart Week or to the local heart association to further vitally needed research in disease of the heart and circulation. These diseases are responsible for one out of every three deaths in the United States. The plastic hearts were created by the prominent industrial designer, Stanley Chamberlain of New York, especially for use by the American Heart Association as a unique collection device. Production was handled by Monoplastics, Inc., of Georgetown, Conn., with plastic material provided by the Celanese Corporation, New York City.

In connection with National Heart Week, the following committeemen and officers have been elected: Local American Heart Association, Dr. T. C. Graves, Chairman; W. P. Duren, Secretary-Treasurer; Publicity committee, F. M. Stephens, Albert Grumbles, L. F. Bain, and Ben R. Day; charge of donations, D. B. McCombs; charge of posters, Jesse C. Moreland.

## THE FIRST BAPTIST CHURCH

**JOSEPH L. EMERY, Pastor**  
**WALTER R. LANGSTON,**  
Educational Director  
**SUNDAY**  
9:45 a. m.—Sunday School.

3:00 p. m.—Youth Choir Rehearsal.  
6:15 p. m.—Training Union.  
7:15 p. m.—Evening Worship Service with Pastor Speaking.  
8:15 p. m.—Youth Fellowship.  
**MONDAY**  
3:00 p. m.—W. M. S. and Sunbeams at the church.  
**FRIDAY**  
7:00 p. m.—Deacons' Meeting.  
7:00 p. m.—Teachers' and Officers' Meeting.  
7:30 p. m.—Prayer Service.  
8:15 p. m.—Choir Rehearsal.

## CHURCH, YOUTH AND HOME TO BE BAPTIST HOUR FEB. SUBJECTS

**DR. C. C. WARREN**  
Atlanta, Feb. 5.—"Why the Church" was the subject on "The Baptist Hour" for February 1, heard over Station W. F. A. A. at Dallas (7:30 a. m. CST), with Dr. C. C. Warren of Charlotte, N. C., as speaker. "Church, Youth and the Home" will be considered in February, under the general theme, "Divine Light For Daily Living," it was announced by the Radio Commission of the Southern Baptist Convention, Atlanta, S. F. Lowe, Director, Dr. Warren, pastor of the First Baptist Church, Charlotte, will be heard the first two Sundays, while Professor Charles Wellborn, Waco, Texas will speak the middle Sunday, and Dr. Ted F. Adams, Richmond, Virginia, the last two.

A popular feature of each program of "The Baptist Hour" is a favorite hymn, determined by a poll among six and a half million Southern Baptist, and in which all interested listeners are invited to take part. The hymn ranking tenth in favor will be featured on the February 8th program.

## THANKS FOR FRUIT FROM THE VALLEY

The Eagle is indebted to Harry H. Faulkner of McAllen for a nice box of grapefruit and oranges, which was recently received and which are among the best ever seen here.

Mr. Faulkner is a brother to the Faulknors here and formerly lived here. He would appreciate orders for fruit from his Mills County friends. His address is Box 923, McAllen, Texas.

Mrs. W. W. Perkins of Duren spent a few hours Tuesday in the home of her sister, Mrs. D. A. Hamilton.

## Soil Conservation Service Will Present Free Picture Tonight

"Raindrops and Soil Erosion" is the name of an important film produced by the Soil Conservation Service, and again it is to be shown in this area. The free picture will be presented tonight at the Grammar School in Goldthwaite. Local business men and civic clubs are supporting this picture in the public interest and urge that every farmer and rancher and those interested in conservation of the soil to attend this picture. The service has extended a special invitation to The Lions Club, the Garden Club, the Tuesday Study Club, the Self Culture Club and the Art and Civic Club to see the picture.

A good rain may mean a blessing to a farmer or it may mean that his land washed pretty badly. Some rains fall so fast that little benefit is realized. For years it has been generally accepted that the primary object of soil and water conservation was to hold the rainfall in the field where it fell and to control the surface flow. Meanwhile, the innocent little raindrops with its explosive force of impact and its ability to puddle the soil was largely ignored.

"Raindrops and Soil Erosion" is a Soil Conservation film that studies the effect of the falling raindrops on the soil. It will show that 100 tons of soil per acre can be detached and held in suspension during a heavy rain. The importance of this show cannot be overlooked since an effective erosion control program would demand on how well the soil was protected.

(Continued on last page)

## MAN JAILED ON ASSAULT CHARGES

Lee Hightower, 42, a resident of Mills County for the past six months, was jailed here Saturday and charged with drunken driving and assault with the intent to murder. His bond was set at \$2500 but to date he has not been released.

The victim of Hightower was Mrs. Lorane Wicker, about forty, who received first aid and hospital treatment after the assailant was charged with having beat and stabbed her with a large screwdriver. The assault took place between Goldthwaite and Big Valley, and when the couple showed up at a small cafe in Goldthwaite, Hightower was nabbed by the Sheriff's office and after attention by a local doctor, Mrs. Wicker was sent to a hospital. She received cuts on the arm, head and face which required several stitches. She also received one broken arm and a finger.

Both Hightower and Mrs. Wicker were formerly of Corpus Christi and had lived in the county about six months. Hightower lived in the Durenville area and was a dealer in junk iron.

## MRS. R. H. PATTERSON IN HOSPITAL

Word was received this week that Mrs. R. H. Patterson, Enterprise editor, was in a Temple hospital for a check-up and possibly treatment. She was unable to attend her duties with the paper this week.

### LCRA's New Conservation Program To Help This Section

Austin, Feb. 11, The Lower Colorado River Authority's new conservation program places emphasis upon the Authority making a constructive and permanent contribution to soil conservation in Texas by serving to strengthen, expand and supplement the programs and services of existing agriculture agencies, and the farm and ranch operators of the area, General Manager Max Starcke said today.

General framework for such a program to be conducted by the Authority in its area was adopted recently by the Authority's Board of Directors. Activities will begin as soon as details of applying the program to the individual needs of the lands of the area are worked out by the Conservation Department under the direction of C. C. "Dutch" Hohn, conservation supervisor.

Authority contemplates is one that is completely new and is a type of program which never before has been tried in this area, Mr. Starcke said.

It places strong emphasis upon the utilization of the services and facilities of all existing agriculture agencies and agriculture educational institutions and upon the Authority serving to strengthen and expand these services in order that duplication of activity may be avoided and so that a unified attack may be presented upon the problems of saving the land and making it more productive.

Congressman Lyndon B. Johnson, who has been very interested in the Authority's program, has been instrumental in securing pledges of full cooperation in the program from federal agencies.

State administrative officers of the various agencies have

pledged the full cooperation of their agencies and personnel to the Authority in the conduct of the program. County representatives of these agencies, at a series of local meetings, assisted the Authority in forming the program and have pledged their full assistance in conducting it.

"Because of the many details which are involved in establishing such an entirely new program and one which is different from any attempted before, we felt that we must start the program in an area which would be sufficiently compact to allow us to prove the program," General Manager Max Starcke said. "Therefore, it is the plan to test the program first in the counties which are in the Colorado River watershed, and in the conservation and reclamation district of the Authority as established by the Act of the 43rd Legislature which created the Authority.

"As our techniques and activities are proven in this area, then the Board of Directors will be in a position to consider

more intelligently the eventual scope of the program. I feel confident the Board contemplates expanding the program beyond the 10-County Area," Mr. Starcke said.

"Because of the type of program we plan to follow, we anticipate that a large portion of Texas eventually will receive substantial benefits by utilizing the information and techniques we hope to prove in our area," Mr. Starcke said.

The Guadalupe-Blanco River Authority is also developing a program in the watersheds of the Blanco and Guadalupe rivers.

The primary objective of the Authority's program, Mr. Starcke said, is not only to promote the control of water on the land, and to prevent soil erosion, but also to improve the fertility and use of the soil. The program will be, in effect, a whole farm improvement program in that it will attempt to adjust the farmer's system of farming to fit the needs of his land.

The underlying philosophy of the program is that it should be one that arises from the people on the land and that it must be one which meets their individual needs and one which they, themselves, can conduct with the assistance of all agencies and the Authority, he said.

#### ATTENDING ABILENE CHRISTIAN COLLEGE

Abilene Christian College, Abilene, opening its 1948 spring semester Feb. 2, has enrolled a total of 1505 students from 37 states, making the largest enrollment of any spring semester in the college's history.

Included among the students in Abilene Christian College are three students from Goldthwaite. They are Brockie McCasland, Dorothy Manning, and W. C. Adams.

### 'OSCAR' — STUDD HIT BROUGHT BACK BY POPULAR DEMAND

High among the all-time greats on the list of millions of film fans the country over, Richard Llewellyn's "How Green Was My Valley" is scheduled for a return engagement starting Tuesday at the Melba Theatre. Winner of six Academy Awards, the film is one of the greatest from the Twentieth Century-Fox Hall of Famous Triumphs.

This simple, honest, unforgettable story of a family whose peace and prosperity are threatened by the ever-increasing complexities of modern life has starred the heart of the nation. The Morgan family is one that everyone knows and loves. The father, mother, sons and daughters have their individual and collective problems to face, and they face them with the courage and character of an heroic and noble race. They are real because they are universally human.

Woven into the background of the picture are exquisite Welsh melodies, many of which have never been recorded before. Authentically part and parcel of these people, the music is an integral part of the picture as in the lives of Welshmen everywhere.

Withal shines the directorial genius of John Ford, who sensitively has woven together the story adapted for the screen by Philip Dunne.

### 'HIGH BARBAREE' HAS VAN JOHNSON, JUNE ALLYSON IN POIGNANT LOVE STORY

Sensitive portrayals on the part of Van Johnson, June Allyson and Claude Jarman, Jr., the perceptive direction of Jack Conway, and a poignantly moving story of a great love combine to make "High Barbaree" new M-G-M offering at the Melba Theatre, one of those rare motion pictures that strike an understanding chord on the part of every moviegoer.

Van Johnson deserts his recent light comedy roles in "High Barbaree" to play the part of the impressionable young Navy flier, Alec Brooke. The story opens with a starkly tense sequence in which Brooke's plane, riddled by a Jap submarine, is forced down on the desolate South Pacific. Continuing in a series of arresting flashbacks, the narrative then unfolds Alec's childhood romance with Nancy Fraser in a small midwestern town and his ambition to become a doctor, a plan this is flustered in the ensuing years when he becomes separated from Nancy and falls under the persuasion of attractive and wealthy Diana Case who tries to turn him into a high-powered business executive. The means by which Alec is again reunited with his childhood sweetheart and his resolve to return to the medical career which has always been nearest his heart make for a drama of compelling intensity and emotional impact.

Mr. and Mrs. Buel Condon and little son, Billie, of Dallas came Friday of last week to be with his uncle, W. D. Marshall, who is seriously ill at his home on Parker Street. Mr. Condon returned home Sunday, while Mrs. Condon remained to nurse Mr. Marshall whose condition is some improved.

Mr. and Mrs. Forest Frazier visited in Brownwood Sunday.

### RANGE PRACTICES MAY BE DEDUCTIBLE FOR INCOME

Money that is spent for cedar and pear eradication and for clearing underbrush may be deductible for income purposes, according to an opinion from the Commissioner of Internal Revenue to Congressman O. C. Fisher.

Confusion had arisen because of language contained in an Internal Revenue regulation not long ago, and at the request of William R. Meridith of Kerrville, an income tax specialist, the revised opinion was requested by the congressman.

The Commissioner's opinion to Representative Fisher holds: "The cost of clearing underbrush from pastures to permit a better growth of grass and the expense of the eradication of cedar and pear after the productive state is reached constitute allowable deductions for Federal income tax purposes."

### CARNATION TROOP TWO

The Carnation Troop Two met at the Little House February 9, 1948.

The troop elected new officers which are as follows:

Chairman: Annette Lindsey.  
Secretary: Nonette Simpson.  
Treasurer: Bobby Blackburn.  
Scribe: Sylvia Jones.

After the business part of the meeting we learned and sang several new rounds and folk songs. The meeting adjourned and the troop went to Hollis Blackwell's Warehouse to look at the furs. This is an activity on our Animal Finder Badge.

### SCALLORN—

—By MRS. ORA BLACK

In spite of the severe weather, 21 answered roll-call Sunday. Rev. Cloud and family left out of Brownwood to be here to fill his appointment but due to the slippery pavement they turned back for home after reaching Zephyr.

After having spent ten days in Fort Worth C. H. Black and son Huntis returned home Sunday. Huntis took first, second and third places on his lambs.

Mr. and Mrs. Woodie Patterson of Hale Center were weekend guests of Mr. and Mrs. Frank Hines. On Sunday afternoon they drove over to Lometa for a visit with Mrs. Lizzie Lockhart.

Mr. and Mrs. Clark Bristo were Friday evening guest of Mr. and Mrs. Ernest Johnson. Jane Black was a guest Saturday evening of Helen Warren of Lometa.

Mrs. Luther Brown visited Friday in San Saba with her daughter Mrs. Gage.

Grandmother Laughlin spent the week-end in Goldthwaite, a guest of her daughter Mrs. Lina McLean.

Mr. and Mrs. Silas Burk went to San Saba Tuesday for a visit with her mother.

Mrs. C. H. Black and the writer visited in Mullin Friday with Mrs. Chas. C. Wright.

Noble Doggett who is working in West Texas visited here with his family last week.

Under the auspices of the Tarleton Civic Service at Stephenville Saturday night Romeo and Juliet was presented to a large audience. Jane Black had the pleasure of being one of the group from Lometa school to attend. The characters for the play were from New York.

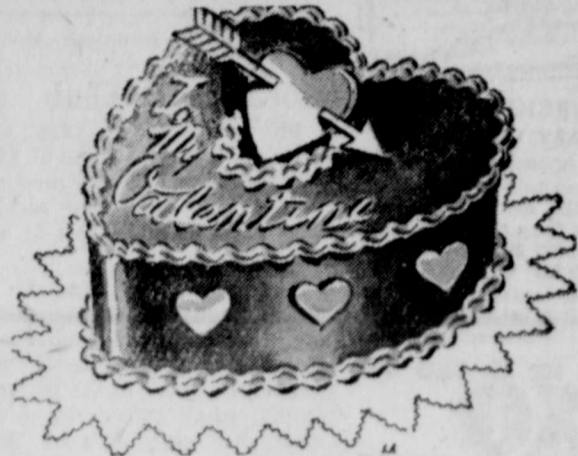

Mr. and Mrs. Irvin Smith of New Braunfels and Mrs. Steve Smith of Lampasas were weekend guests of Mr. and Mrs. David Jones.

The Scallorn H. D. Club will meet Friday the 13th with Mrs. Dutch Smith.

—Eagle Want Ads Get Results—

Mrs. J. H. Randolph was called to Austin Saturday on account of illness of her sister, Mrs. Haskell Smith.  
Mrs. A. L. Whitaker was confined to her room at her home on north Fisher Street last week on account of illness.

Mr. and Mrs. O. D. Day of El Paso came Friday of last week to be with her sister, Mrs. Hettie Urbach, who is sick but is improving.  
Mrs. I. Z. Woodard of Brady spent the week-end with relatives and friends.

### TSCW OBSERVES 45TH BIRTHDAY

Denton, Feb. 10.—The forty-fifth anniversary of Texas State College for Women will be observed with a Founder's Day broadcast over Station WFAA, February 14 from 4 to 4:30.

Sponsored by the Ex-Student Association, the 30-minute broadcast will feature speeches by Dr. L. H. Hubbard, for 22 years president of the college, Mrs. Herbert C. Hale, Dallas, president of the Association, and Miss Adele Austin, Dallas,

president of the TSCW student body. A musical program will be given by the TSCW Symphony Orchestra, under the direction of E. Laurin Frost, and the 40-voice Modern Choir, under the direction of Dr. William E. Jones.

The association is inviting ex-students and friends of the college to arrange "listening parties" for the broadcast.

Ernest Strickland of Brady is visiting his sister, Mrs. John W. Roberts and Mr. Roberts.

Mrs. J. C. Long has been sick with blood poison caused from a pin she stuck in her finger several weeks ago.

NEWS from FOOD FOR VICTORY YOUR COUNTY HOME DEMONSTRATION AGENT TEXAS EXTENSION SERVICE

Mrs. Imogene Haensch, Agent

Local H. D. Club

The Local H. D. Club met February 3 in the home of Mrs. M. E. Blake in a call meeting. We did not have our regular meeting in January, due to bad weather.

The president, Mrs. A. P. Famborough, called the meeting to order, and Mrs. Blake led in prayer. The roll-call was answered with each member telling what she could do to make her club a good club.

The club voted to adopt all the council Recommendations for 1948. A yearbook Committee for 1949 was appointed, and the

club voted to subscribe to one subscription to the F. H. D. A. Magazine. The club voted to buy one book each month to start our Club Library.

Mrs. Eula Nickols was appointed Courtesy Chairman. We voted to pay 50 cents each annual dues, and we drew names to see when we would entertain the club.

The hostess served a delicious refreshment plate to everyone.

Big Valley H. D. Club

Big Valley H. D. Club met Thursday evening in the home of Mrs. Willy Robbins. The house was called to order by the chairman, who appointed chairman for the following committees: Mrs. Robbins, Finance; Mrs. Lela Robertson, Yearbook; Mrs. W. A. Daniel, Education and Expansion; Mrs. A. E. Johnson, Marketing; Mrs. Carl Woods, Exhibits and Mrs. S. W. Halcomb, Recreation.

A discussion on good grooming was given, and we were given directions for making hand lotions and creams.

Refreshments were served to six ladies, one new member. Our next meeting will be with Mrs. Hugh Smith, Feb. 19th.

STAR 4-H CLUB

The Star 4-H Club met on February 5, 1948 at the Star School with 15 members present. The meeting was called to order by the president, Geraldine Poe. Janetha Welch led us in some songs from our song sheets.

The club voted to have a Valentine Party on February 12, 1948 at 2:00. We each drew a name to exchange Valentines. We decided to have hot chocolate and cookies for our refreshments. Each girl was given something to bring.

For our demonstration Mrs. Haensch gave us "Color and How to Use It".

GLENDIA WINDHAM-Reporter

PRIDDY 4-H CLUB

The Priddy 4-H Club met February 4, 1948 at the Priddy School with 13 present. The meeting was called to order by the president, Vernell Niemann. We sang four songs from our song sheets.

The club voted to have a Valentine Party on February 11, 1948 at 2:30 pm. We each drew a name so we could exchange Valentines.

For our demonstration Mrs. Haensch gave us "Construction Aids" which included sewing on buttons and snaps, making button holes, seam finishes and how to finish hems.

FOOD FANCIES

Here are some suggestions that may give you a welcome change in your mid-winter menus.

There are plenty of oranges and grapefruit on the market now, and we can get all the Vitamin C that we need. You might try an orange meringue pie for change in desserts and plenty of fresh juice at breakfast. Canned grapefruit segments are good in salads, too.

Circle the platter of pork chops with fried apple rings and sprigs of parsley, or bake and stuff apples with brown sugar and chopped nuts. Red grapes are in season, seed them and add to a fresh fruit salad. This is a welcome addition.

Calf, pork or beef liver smothered in onions won't go begging and it's mighty good for you, too. Don't forget corned beef with your cabbage. This is quick to fix and a famous flavor combination. Be careful with your green beans and don't overcook them. Try draining them and putting in a greased casserole, pour cream of mushroom soup over them and put in the oven to heat. To give a bit of color to the cauliflower, circle with beets. Split and broiled frankfurters, served with a pot of baked beans, is a hearty, satisfying meal, and provides an

LOST: One Sophomore girl's heart. If found return to "Dizzy Clifton" Star, Texas.

FOUND: Her one and only. "Royce Witty"

WANTED: One Senior girl's heart. If found notify "Aldean Lee"

FOUND: Two stray girls. "David O'Neal"

WANTED: An extra mail carrier to deliver those letters Sue has been receiving.

FOUND: A special seat on the Pleasant Grove bus.

FOUND: A ball player from Lometa, Dolan Kincheleo

FOUND: The most handsome boy in the junior class. (A certain junior girl thinks so.)

JUNIOR NEWS

We all did well on our three weeks test. We are just hoping our luck will last throughout the rest of the year.

We received our literature books last Friday. We are doing fine.

We decided we would have our Junior-Senior banquet here, instead of going to Brownwood. We will auction cakes Tuesday night to help finance our banquet.

SENIOR NEWS

We took three weeks test last week. We all did fair.

We have lost another senior, Mary Jo. We hate to lose her.

We are working hard on our Annual and hope to send it off in the next week are two.

We planned to go see the show at Stephenville, Saturday night but the weather was too bad.

KENNETH DOSS

Although Kenneth has gone to school at Star for two weeks, we are very proud to have him in our junior class. He is the fifteen-year-old son of Mr. and Mrs. Doss of the Hurst Ranch community. Kenneth was going to Paint Rock school before moving here.

Likes best: Star School. Dislikes: Studying. Ambition: To be a success.

GWENBOLYN WRIGHT

Gwen is the attractive daughter of Mr. and Mrs. J. D. Wright of the Pleasant Grove community. She has dark hair and blue eyes, stands five feet and five inches. She has a very sweet disposition which has won her many friends.

Gwen enjoys playing volley ball and likes to go swimming, and horse-back riding. Hobby is cooking and her favorite food is coconut cream pie.

Success is the goal Gwen wishes to reach. Likes Best—Charles Lee. Dislikes—Silly people. Ambition—To graduate.

## SAYLOR CHEVROLET CO.

### Swing Of Southwest Farm Markets

(U. S. D. A.)

Most southwest farm products sold sharply lower last week, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Grain prices tumbled 20 to 40 cents a bushel as unfavorable feeding ratios, smaller livestock numbers, and better world prospects for wheat stiffened buyer resistance. No. 1 hard wheat sold Friday at \$2.07 at Texas common points, as No. 2 white oats moved at \$1.28 to \$1.33 and sorghums \$3.40 to \$3.50, off 80c.

All classes of hogs dropped generally from \$2 to \$3 for the week. San Antonio bought good and choice medium weight butchers late in the week at \$24.50, as Fort Worth and Oklahoma City paid a top of \$25, and Wichita and Denver stopped at \$24. Sows ranged generally from \$10.50 to \$22 and stocker pigs from \$14 to \$16.

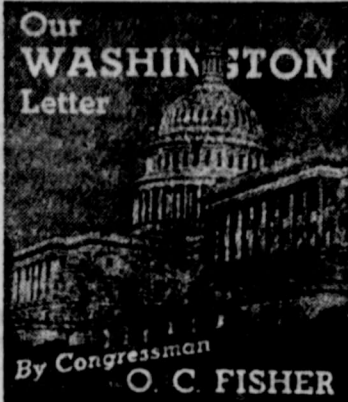

Slaughter steers, yearlings and heifers brought generally

lower prices for the week, while cows and calves lost at some markets. San Antonio bought good to average choice calves higher at \$25 to \$26.50, as Houston paid \$24 to \$26 for most good calves. Fort Worth dropped fully \$1 on heavy calves at \$22 to \$27 for good and choice grades. Good and choice heavy calves brought \$21 to \$25 at Wichita, and good offerings \$25 to \$27 at Denver.

Slaughter lamb prices fell generally 50 cents to \$1 during the week, as other sheep classes held steady to strong. San Antonio held firm to higher on good and choice shorn lambs at \$21.50 to \$22, as Fort Worth sold woolled offerings at \$23 to \$23.40.

Eggs weakened slightly in the Dallas-Fort Worth area, while hens sold a little stronger at Denver toward the week's close.

Cotton prices sank steadily during the week for losses of \$5 to \$7 per bale. Sales increased slightly. Dallas spot middling 15/16 dropped to 33.25 Friday.

Last week President Truman sent a message to Congress on civil rights. He urged a permanent FEPC, anti-lynching and anti-poll tax laws, a law against segregation on interstate buses and trains, and a new Civil Rights Division in the Department of Justice.

Three days earlier Senator Taft—also running for President—promised 600 Negro Elks at their national convention here that the Republican leadership was ready to force through Congress bills on FEPC, anti-lynching, anti-poll tax, etc.

So, the battle for the Negro ballots gets under way. Both parties can be expected to bid against each other, like speculators on the exchange, for the political favor of the colored folks who now live north of the line. There are a dozen pivotal states, where a few votes could swing the outcome of the election.

Congressman Ed Gossett of Wichita Falls has a commonsense solution for all this election-year solicitude. He doesn't blame Truman and he doesn't blame Taft. He very properly blames the system under which Presidents are elected. Under the electoral college system, New York, for example, is required to give every one of its electoral votes to the candidate who receives even 51% of the popular votes cast in that state.

In other words, the leading candidate receives 100% of the electoral votes even though he receives only 15% of the popular votes. The electoral votes can't be proportioned. The leading candidate gets all of them.

It follows, therefore, that both political parties go hog-wild after the "fringe" votes in doubtful states, in the mad stampede to corral the 51%. The political leaders know that unless they get at least a lead they get nothing and if they get the 51% they get everything.

Gossett's idea—and he has a lot of following—is to amend the constitution so as to provide that electoral votes in each state

shall be divided among candidates in exact proportion to the number of popular votes each candidate receives. If a candidate should then receive 49% of the popular votes he would receive 49% of the electoral votes, etc.

The Gossett proposal would be of tremendous benefit to the whole country. Flirtatious overtures would no longer be made to minority racial, religious and economic blocs to induce them to board the promissory band wagon.

#### OLEO TAX

A lot of pressure is being felt in Congress these days in favor of repealing the silly and indefensible Federal taxes and license fees now imposed on the manufacture and sale of oleomargarine. These laws against margarine were passed years ago before the quality of the product had been established. They have been retained through the power of the dairy lobby. Today oleomargarine is highly nutritious and is praised by dietitians, but its use is restricted by punitive taxes and other laws. We are hoping the butter lobby will weaken under the pressure coming from the aroused housewives of America and that we can remove the shackles from oleo this year.

#### UPW—CIO

Surrounded by lawyers and fellow-travelers, Abram Flaxer, President of the United Public Workers-CIO, was brought before our subcommittee, last week, that is investigating a current strike in 40 government cafeterias here in Washington. On January 1st 1500 of the negro members of the union struck for higher wages, but the cafeterias are operating with non-strikers who want to work.

We have gathered a lot of evidence indicating that the strike is really political rather than economic. It makes good Communist propaganda to scatter pictures of picket lines parading in front of government buildings, implying that the government is unfair to American workers. The strike isn't really against the government. The cafeterias are operated by an outside concern through a contract with the government.

Flaxer, born in Russia, is often accused of being a Communist. His union was so accused by William Green, President of the AFL. When we asked him, under oath, if he was a member of the Communist party and of various communist fronts, he refused to answer. The same was true of the President and business manager of the local union which is affiliated with Flaxer's outfit. Neither of them would deny under oath that they are Communists. There are 85,000 members of Flaxer's union—mostly national, state and municipal employees on the public payroll. Yet every indication is that the UPW-CIO is Communist dominated.

As if there aren't enough diseases already, some plant scientists have gone and discovered another one. It is the Victoria blight of oats. First observed in Iowa in 1945, it has since been reported in Texas, Oklahoma, and nearly every place else where oats are grown. A fungus, its proper name is Helminthosporium victoriae, or "sooty mold", for short. Oh well, think how boring life would be if there were no handicaps.

Elmer Pelton, 22, exhibitor of the CK Ranch's grand champion steer at the Southwest Exposition and Fat Stock Show, threw Hereford circles into a fit of consternation last week when newsmen made much of his revelation that he also breeds Aberdeen-Angus and has plans for enlarging his work with the black cattle. The grand champion is a 1060-pound steer from Raymond, Kansas. Reserve champion, and both grand reserve champs in the junior division are Herefords. Elmer is a student at Kansas State College, Manhattan.

Howard Griffin, Mansfield, is a new but enthusiastic livestock breeder and general farmer. He

showed some Chester White hogs at the Fort Worth show last week, tended them himself, swept the pens unassisted and says he does most of the feeding and caring for the stock at home. The unusual part of the story is that Howard has been totally blind for nearly a year, an indirect result of a plane crash in France during the war. He moved to the farm on advice of his physician after losing his sight.

They say that Texans will "barbecue anything that will hold still." Lately, you might comment with authenticity that southwesterners will apply the word and principle of "rodeo" to most any kind of contest or sport. Denton county is having a "crow rodeo" designed to rid the area of some of these winged poor relatives. Coveys of the birds, some carrying certificates for prizes, were released in Denton last Saturday, and hunters everywhere were invited in to shoot crows.

A man who set up a meat packing business in Fort Worth in 1945, told an audience last week that in ten of fifteen years this city "will lead the world in cattle slaughtering". He is W. R. Archer, who pointed out that "eighty percent of the cattle killed in Chicago comes from Texas. Most of the prime beef goes to the Atlantic seaboard." "Every time the railroads boost their freight rates, they boost the possibilities of this area becoming the dominant factor in the cattle industry".

Clips: The national 1947 agriculture production was the fourth largest crop ever produced in this nation. Greater were 1942, 1944, and 1946. . . Some livestock officials are demanding a congressional investigation of why our agriculture and state department officials permitted Mexican importation of Zebu bulls from Brazil, violating the "sanitary code". Likely, the only good to come from such an investigation, would be the knowledge of whether U. S. citizens were involved in the "violation".

The Texas Safety Association asks motorists to dim their headlights when approaching an oncoming car at night. Courtesy buys a lot of safety!

## MESSAGES of HOPE by

Dr. T. A. Williams  
Give Nature  
A Chance

This is all she asks. Nature at every moment of your existence is standing by your side, a silent

guardian of your body. But you must not ignore Nature or treat her disdainfully. You must give her an opportunity to work unhindered in your body. The brain is the great generator of the nerve energy which is the basis of body function. This nerve energy is the current which is transmitted over the nerve cables to the various organs, tissues and cells of the body.

When you turn off the electric light switch you do not expect the light to burn. Do you think you have any more right to expect your organs to function when the current is turned off? If Nature can get her forces from the Brain to the tissue cells, health will result. If the bony segments of the spine press upon the nerves and thereby cause interference to the normal flow of life force from brain to body, you should have this interference corrected by a chiropractor, if you want to enjoy health.

#### CASE REPORT—CASE NO. 310—

Railroad employe injured head and neck in train accident in 1943. Began having headaches, became subject to colds and flu, eyes became weak and could not sleep. Came to our office in April, 1947. Upon examination of the spine, we found that he had a pressure on the spinal cord due to the misalignment of one of the neck vertebrae. We adjusted the vertebrae into its proper position and by the third day, he was sleeping nine and one-half hours without waking and other conditions cleared up in a comparatively short time.

WHAT MAKES THE **Difference** IN STARTENA?

IT ALL ADDS UP TO Dependable RESULTS ... AND THAT'S WHY IT'S AMERICA'S FAVORITE

With today's cost and today's profit opportunity you can't afford to feed your chicks less than the best! We honestly think that there's no chick starter better than Purina Chick Startena.

In every bag of Startena you get the Purina know-how and research that mean results. Quality ingredients, scientific blending of those ingredients, laboratory and farm research—they make the difference.

Ask the folks who feed Purina Chick Startena. We can tell you many of the outstanding records they're making. Startena has always been good—but this year it's better than ever, for Life and Growth. See us for your Startena and all your chick needs.

YOUR STORE WITH THE CHECKERBOARD SIGN

**HOLLIS BLACKWELL FEED STORE**

AL T. LANGFORD — Manager

**Mills County Veterans' Vocational School**

Among the projects which are appropriate for this time of year is the planting of trees, especially fruit trees. Mr. Ford reports that one of his boys in the Mullin district has planted 24 fruit trees, using the approved method of setting them out on terraces. He also thinks that it would be a good time to begin spraying fruit trees for protection against different types of insects and disease which begin to attack them in the spring.

All the agriculture teachers have recently set up a new system of record keeping. In general terms the records may be classified under three broad headings as follows: (1) Farm Inventory, (2) Farm Sales, and (3) Farm and Home Expenses. The purpose of the system is to encourage a simple system of record keeping which will enable any farmer to determine his profits or losses on different farm projects and to eliminate waste. An extensive system of technical bookkeeping is not necessary or desirable. Each student is required to keep two books in duplicate—one for his personal use and one for the instructor. The boys are all taking considerable interest in these records.

The weather has continued so bad that not much progress has been reported in the rat poisoning projects. The general plan is to use shallow pans or lids for containers and to put out small quantities of sweet milk for a few nights before placing the poison in it. The name of the drug is "CAUTION." Be sure to tie or otherwise confine dogs, cats or other pets and animals that might get the poison. Be sure to destroy all poison the following morning by burning or other safe method. Repeat the poisoning process within about three weeks.

Representatives of the Soil Conservation Service will meet with the agriculture teachers Friday morning at 8:30 in the Vocational School Building here in Goldthwaite. The purpose of

the meeting is to explain how the soil conservation program is related to agriculture and how to correlate this work with that of the instructors.

Pictures and educational films are being shown in each community by instructors and they are so distributed as to permit one community to show them one night and another the next night, etc., until they have made the rounds. Films are not always available but a number of good pictures have come to the Vocational School during the past few weeks. All the pictures are of an educational value and they usually pertain to some phase of work being taught in the various departments. All the students seem to enjoy this feature of the training program. Without making any excuses or

tion that we teachers sometimes put out, we must admit that the pictures are often more entertaining than our discourses and occasionally may even give out more information. Nobody knows except the students.

**GOLDTHWAITE COUPLE WED 50 YEARS**

(Fort Worth Star-Telegram) Mr. and Mrs. John Meadows of Goldthwaite celebrated their golden wedding anniversary recently with a reception attended by members of their families and friends from Spur, Abilene, Crane and Dallas, as well as Goldthwaite neighbors. They were married at Hylton

and spent a quarter of a century ranching in Fisher County. For the last 10 years Mr. Meadows has been caretaker of Lake Merritt, and is noted as a trainer of bird dogs, a fisherman and hunter. Mrs. Meadows' hobbies are cooking and hunting.

Miss Georgia Frizzell and Mrs. Sam Frizzell left Monday morning for Temple, where Miss Georgia is in the Scott and White Hospital for treatment.

Mrs. Forest Forehand was brought home Monday from the Medical Arts Hospital at Brownwood, where she was last week. She is doing nicely.

Mr. and Mrs. Frank Overstreet of Kerrville spent Tuesday night with her father, Mr. and Mrs. G. H. Frizzell.

Mrs. W. E. Garza Sunday from Comanche she was three weeks mother, Mrs. John L. who has been seriously ill is improving.

Mrs. Philip Nickola and Billie O. to Dallas Tuesday for the Tots-to-Texas

Mr. and Mrs. Combs of Big Valley spent the week in Palestine

Mrs. O. A. Carothers and son, John Oliver Carothers family.

**EBONY NEWS—**

**By CLEMENTINE WILMETH BRILEY**  
Sunday brought rain, snow and sleet and extreme cold, but Monday brought sunshine. Something which we were all glad to see.

Charles Griffin and Mrs. Edna Dwyer helped John Briley kill his hog Tuesday.

Mr. and Mrs. Blue Thompson, accompanied by Ezelle, went to Dublin Saturday to visit their daughters, Dorothy and Lila Jo.

Mrs. Irene Reeves is staying with Mr. and Mrs. J. R. Reeves.

Ernest Malone and his daughter, Mrs. W. A. Burn, accompanied Taylor Duncan to Goldthwaite Monday where they looked after business.

Clayton Egger of Jacksonville spent the week-end at home again.

Edward Egger poured the concrete for the foundation of his brick barn Saturday.

Hulon Egger has set a new fence around his pasture.

Hubert Reeves is pouring concrete for the foundation of their new home. Howard Chesler of Mullin and his two brothers, Ernest and Duard, are helping him build.

Though the weather was very inclement Sunday, Mr. and Mrs. J. R. Briley and Mrs. W. A. Burn kept their date with Mrs. Edna Dwyer for Sunday dinner. Mrs. Dwyer treated them to one of

her famous chicken dinners.

Grandmother Reeves was able to leave the hospital Wednesday, and was taken to the home of her son and wife, Mr. and Mrs. Homer Reeves, in Brownwood. Her daughter-in-law, Mrs. Stanley Reeves, is staying with her to care for her. While they are up there, the Hubert Reeves are staying with Stanley and enjoying the comforts of the Reeves home.

**MRS. OLTROGGE CELEBRATES BIRTHDAY**

At the home of Mrs. F. K. Jones, a birthday dinner was given in honor of her mother, Mrs. Emma Oltrogge, on February 4th.

A nice dinner was served, including a lovely birthday cake, to the honoree, Mrs. Oltrogge, Mr. and Mrs. Frank Oltrogge and son John Edward of Tilton, and Mr. and Mrs. F. K. Jones and family.

The Frank Oltrogge family are visiting his mother, Mrs. Emma Oltrogge. They also visited her relatives at Pottsville.

Mr. and Mrs. W. L. Mahan went to Fort Worth Monday to meet their daughter, Mrs. R. A. Miller of Miami, Fla., who arrived by plane. Mrs. Miller will visit in Goldthwaite for several weeks.

**AMERICAN BROTHERHOOD WEEK SET FOR FEBRUARY 22-29**

**D. GORDON RUPE, JR.**

DALLAS, Jan. 28 -- D. Gordon Rupe, Jr., Dallas investment banker, has been named Texas chairman for the fifteenth annual observance of "American Brotherhood Week" February 22-29 sponsored by the National Conference of Christians and Jews.

Announcement of the selection of Mr. Rupe was made by Secretary of War, who is serving as national chairman of the "Brotherhood Week" observance. Mr. Patterson has asked Governor Beauford H. Jester to serve as honorary chairman for Texas.

"Brotherhood--Pattern for Peace" has been adopted as the slogan of the celebration. "Brotherhood Week" of which President Harry Truman is honorary national chairman, is sponsored annually by the Conference to promote understanding, justice, amity, and civic cooperation among Protestants, Catholics and Jews.

Mr. Rupe said that numerous special programs to encourage greater understanding and mutual respect on the part of every citizen of Texas are being scheduled in town and communities

**THANKS**

I wish to thank the people of Goldthwaite and Mills County for their patronage and friendship during the two years I have been in business. It has been a pleasure to serve you and it is my sincere wish that you will continue to patronize the business under the ownership of George Gilbert.

**DAVE STRALEY**

Nickols, who has just returned from a severe case of pneumonia, is back on the picture show. Mrs. C. Martin and Mrs. Thompson of Brownwood spent the week-end with their mother and aunt, Mrs. W. B. Potter and Miss Mintia Coleman. Mrs. Whatley is seriously ill with pneumonia at her home on Route 1.

all over the state for the week of February 22-29. The National Conference of Christians and Jews was formed 20 years ago by Charles Evans Hughes and other American leaders to combat the rising tide of prejudices which sprung up after World War I. Mr. Rupe said. In the past two decades the Conference has carried on an active campaign in the field of education for brotherhood among all American citizens.

**MIDWAY—**

By MRS. COLEY SEVIER  
The Midway Community Club did not meet Feb. 6, since the weather was so disagreeable,

and several of the children have whooping cough. Only one woman ventured out, and our president, Mrs. Burns, has gone to Mississippi. The Valentine party is called off.

Our next meeting will be with Mrs. Fulmer, and all club members please come and all visitors are welcome. Bring something to work on. And maybe our hostess will also have something to keep us busy for the afternoon. This meeting will be February 20th. Our vice-chairman, Mrs. Horton, will be in charge.

The U. S. Navy reports that 183 Marines were killed and 616 wounded on Eniwetok during the war.

AMERICA'S NUMBER ONE KILLER

Americans are a generous people when it comes to helping a sick mother next door or sending food to hungry people in Europe. We are also a fighting people when our national safety is threatened, as our enemies in the last war learned.

Today there is a killer loose in the land which threatens not only the security of each and every one of us, but which also presents a challenge to our fighting spirit. That killer is heart disease, the leading cause of death in the United States.

Taking up the gantlet, the American Heart Association has designated the week of February 8-14 as National Heart Week, to awaken the public to the dangers of this killer which causes one out of every three deaths in the United States. The Heart Association is also seeking funds for vitally needed scientific research in the field. This is the first time the Heart Association has issued a direct public appeal for funds, and we are sure that when Americans know the facts about heart disease, they will uphold our tradition for generosity and promptness in meeting such threats to the nation's safety.

The American Heart Association, composed of outstanding cardiovascular specialists and prominent laymen, tells us that one person dies every minute somewhere in the United States as a result of diseases of the heart and blood vessels. These diseases kill more persons than the next five leading causes of death—cancer, accidents, kidney disease, pneumonia, and tuberculosis—combined. One-third of all heart disease at all ages is caused by rheumatic fever, which is Childhood's Greatest Enemy. Rheumatic fever causes 90 per cent of all heart disease in children. Rheumatic fever and rheumatic heart disease cause almost five times as many deaths as infantile paralysis, whooping cough, diphtheria, scarlet fever, measles and meningitis combined. A million Americans today are suffering from rheumatic fever and rheumatic heart disease. More than 3,700,000 Americans have some form of heart disease and another 3,700,000 have hardening of the arteries and high blood pressure, major contributing causes of heart disease.

Those are the fighting facts, and yet the tragic truth is that funds available for scientific research have been so far below those available for other health projects, that research in the field of heart circulatory diseases has been shamefully neglected and even, in some cases, abandoned.

In the hands of the American public lies the power to change this picture. Your contribution may help science unmask the mystery of what causes rheumatic fever, high blood pressure and hardening of the arteries, or may aid in devising new methods of care and treatment to prolong the lives of heart disease sufferers. Contributions should be sent to your local heart association, or to the American Heart Association (1790 Broadway, New York 19, N. Y.)

Open your heart—and give.

JOBS OPEN WITH MERIT SYSTEM COUNCIL

The Merit System Council, which serves as a "clearing house" for positions in the Texas Employment Commission and the State Department of Public Welfare, will hold competitive examinations on February 28, 1948, for a number of positions now open in both agencies, according to Chas. S. Gardiner, Director of the Merit System Council. Positions to be filled by the Department of Public Welfare consist of Field Workers, Child Welfare Worker, and Senior Welfare Worker, Junior Stenographer, and Key Punch Operator. Openings existing in the Texas Employment Commission are for Interviewers, Claims Examiners, Technical Draftsman, Clerk-Typists, Stenographer, and Clerks. Qualifications for these positions vary from high school graduation to college work and experience requirements. Gardiner pointed out that application must be made on official application blank, which may be obtained by writing the Merit System Council, 808 Tribune Building, Austin, Texas or from the Employment Commission and Department of Public Welfare local offices located throughout the State. "The closing date for submission of applications is February 7, 1948, and applications postmarked after midnight on the closing date will not be considered," he added. Gardiner also stated that these examinations present to people the opportunity for permanent employment with the Texas Employment Commission and the State Department of Public Welfare.

LOOKING BACKWARD THROUGH EAGLE FILES

TEN YEARS AGO

(Taken from Eagle File of February 18, 1938.)

The Star High School won the County basketball championship Saturday night, by defeating Goldthwaite in the final game 19-9.

Saturday evening, February 12, Mr. Robert V. Harris of Indian Gap and Miss Lucile Daniel of Lake Merritt Community motored to the Hays' home and were made husband and wife.

The Priddy girls' basketball team won the County Tournament.

Roscoe Jones has found him a place. He moved 9 miles south of Goldthwaite.

Saturday night, February 12, Miss Alberta Windham entertained a number of her friends with a Valentine party at her home in Big Valley.

H. P. Beard has purchased a brand new Plymouth.

Miss Robert Elizabeth Littlepage, daughter of Mr. and Mrs. Robert Vernon Littlepage, and Arthur Maston Pribble, son of Mr. and Mrs. A. T. Pribble, were married.

A small cyclone struck near Mullin, at ten o'clock Thursday morning, uprooting trees and demolishing sheds, then lifted and struck again near the Duren Community.

County Clerk L. B. Porter issued marriage licenses to A. M. Pribble and Miss Robert Elizabeth Littlepage; R. B. Harris and Miss Lucile Daniel; Joe Williams and Miss Reba Carlisle; Wayne Cornelius and Miss Elizabeth Dalton.

Fred Whittenburg and family spent Sunday with his brother, Leonard, and family near Goldthwaite.

Mrs. W. H. Reeves, assisted by Miss Bernice Wilmet, entertained with a lovely Valentine party and gift shower at her home Saturday, February 12.

Noel Haynes returned from Houston last week.

Thirty Years Ago

Rev. G. A. Jarrett and wife from Big Valley were among the visitors the early part of the week.

Misses Nora and Callie Ross of this city spent last week-end visiting relatives and friends at Caradan.

Sam Sullivan and wife made an automobile trip to Gatesville and Waco this week.

L. B. Burnham and Tom Hufstutler were two of the prominent men of the southern part of the county who were looking after business in this city and investigating the oil situation Tuesday.

Miss Minnie Taft spent part of this week in Brownwood.

C. B. Mohler spent a part of this week at Mullen, looking after the telephone business.

T. A. Gardner and family of Center City visited friends and relatives in this city Sunday.

T. T. Nickols returned Monday from Picton, Hopkins County, where he went to accompany his father, two brothers and brother-in-law home. His father bought a Ford car while here and Mr. Nickols "drove" it home for him.

R. H. Freeman and wife left for Blum to spend some days with relatives and he will then likely enter the Army Medical Corps.

The following subscribed for the Eagle this week: J. T. Jones, Mrs. T. S. Hawkins, Rock Spring; Albert Downey, Route 2; T. H. Hanens, Yuma, Ariz.; E. O. McLean, Goldthwaite; and W. H. Freeman, Camp Bowie.

C. A. Head was accidentally shot while riding in his pasture in Center City Community Thursday morning and the wound is quite serious.

Mrs. Docia Godwin has gone to Fort Worth to take a business course in Brantley-Draughon's Business College.

Mrs. Ola Berry left yesterday for Austin to enter a business college.

Mrs. Bedford McBride went to Fort Worth yesterday to visit her husband, who is a sergeant in the Army at Camp Bowie.

County Clerk Summy issued marriage licenses since the last report to George Dewey Mathis and Miss Minnie Faubion, C. A. Woolsey and Miss Cynthia Cook. The United States transport,

Tuscania, having on board about 2400 soldiers, which was torpedoed and sunk off the Irish coast last week was at first thought to have no Texans and especially no Mills County boys aboard, but later developments proved this information to be erroneous. Sam Tullos of this city, Joseph Walker of Big Valley and W. H. Venable of Center City were all on the ship, but none were Ast, although the two last named were either injured or sick, as they were reported among those in the hospital.

Mrs. M. E. Thompson has been in Zephyr this week visiting her daughter, Mrs. J. M. Hicks.

J. W. McNeil of Caradan was looking after business in the city one day this week.

Rev. J. W. Kelly has been confined to his home a part of the week.

Mr. and Mrs. E. O. Greathouse are the parents of a fine girl who arrived at their home Wednesday night.

Rev. J. T. Weems of Mullin was looking after business in this city.

Will Rahl and family moved to Brownwood this week, where he is employed as manager and buyer for Looney Mercantile Co.

Mrs. G. H. Keiser and baby left Wednesday for Paint Rock to visit relatives.

Virgil Jackson came in from Waco yesterday for a visit to his home folks and relatives.

Capt. I. T. Moreland and wife of Pleasant Grove were visitors to this city Wednesday and purchased a new Ford car.

45 YEARS AGO

(Taken from Eagle File of February 28, 1903.)

B. A. Harris and E. S. Kirby have been in San Angelo a part of this week.

Postmaster J. J. Stockbridge of Big Valley was in the metropolis the first of the week.

F. A. Nixon this week sold his farm west of town, to J. W. Douglas of Mullin.

G. H. Frizzelle has returned from a trip to Kansas City, where he shipped two carloads of fat cattle last week.

A. S. Collins last Saturday brought to the Eagle office the largest hen egg we ever saw. It measured 7 inches in circumference.

Van Lane and family have moved to town and he has taken charge of the wagon yard he recently purchased from Mr. Proctor.

Mark Dawson, a member of the Big Valley irrigation company and a leading citizen of that community, was here looking after business Tuesday.

J. C. Lammers and Miss E. I. Carroll were married at the home of the bride's father, Hugh Carroll, on Sunday, February 22, 1903.

Bennett Wood was here from Mullin the first of the week.

Harry Wilsford came in last Saturday and ordered the name of his mother, Mrs. N. J. Wilsford, placed on the Eagle's subscription list.

Geo. T. Curtis has purchased an interest in the grocery business with W. E. Grisham.

C. M. Harris made a business visit to Hamilton.

W. A. Evans returned this week from a protracted stay in San Angelo.

Miss Addie Hudson has returned to her home in this city, her school having expired.

Miss Lida Thompson is employed in the County Clerk's office.

Jas. Lammers and wife occupy the Urquhart residence, just north of W. B. Jackson's home.

THE BIBLE SPEAKS International Union Sunday School League By LOUIE D. NEWTON, D. D.

SCRIPTURE: John 14:25, 26; Acts 2:14, 3:1 to 4:31; Galatians 5:22-26. DEVOTIONAL READING: Ephesians 6:10-20.

Power of Holy Spirit Lesson for February 15, 1948

TWO decades ago, the famous preacher, Rev. Reginald J. Campbell, declared, "The 18th Century may be characterized as the Century of God the Father; the 19th Century as the Century of God the Son; and we are praying that the 20th Century may be experienced as the Century of the Holy Spirit." That was a brave and hopeful prayer. May we claim the same hope.

Dr. Newton

"These things have I spoken unto you, being yet present with you. But the Comforter, which is the Holy Spirit, whom the Father will send in my name, he shall teach you all things, and bring all things to your remembrance, whatsoever I have said unto you." John 14:25, 26. Go on to read Acts 2:1-4; 3:1 to 4:31; Galatians 5:22-26 and you will have the Scripture passages for Sunday's lesson, with Ephesians 6:10-20 as the devotional reading.

PETER ACTS BRAVELY IN THE passage in Acts we have the picture of Peter and John about to enter the temple on the Sabbath, when suddenly they find themselves confronted by a sick beggar. What could they do with him and for him? He was asking for money.

Peter said, "Silver and gold have I none, but such as I have give I thee, in the Name of Jesus Christ of Nazareth rise up and walk!"

The lame man stood up, leaping and walking and rejoicing, and went into the temple with Peter and John. Only the power of God can do such mighty works. Peter was not afraid to tackle the man's needs, since he relied upon God's wisdom and strength.

WHY PETER WAS BRAVE PETER is often pictured as a very quick-tempered person. He was usually the first to speak in every situation. He was the leader of the group—a natural leader of men. But Peter did not assume to meet the poor man's need in his strength. Only "in the Name of Jesus."

When we forget self and rely upon the Holy Spirit for direction, we are enabled to meet and master any situation. Juniors will do well to remember these words, "Not by might, nor by power, but by my Spirit, saith the Lord of hosts," Zechariah 4:6.

Junior boys and girls can meet life's tasks in the same assurance in which Peter dealt with the lame man, if we rely upon the Holy Spirit.

SECRET OF CHRISTIAN POWER "YOU shall receive power when the Holy Spirit has come upon you." Acts 1:8. That is the secret of the Christian's power. It does not originate elsewhere. It is God's gift to those who implicitly trust in him.

This great truth is particularly appealing to intermediates and seniors. Young people are keenly sensitive to the times in which they live. We live today in an hour of unprecedented power—atomic energy! But all of the marvels of modern science have not been able to give young people the sense of mastery. Rather, we are afraid. The scientists themselves tell us that this is history's most precarious age.

Only when the Holy Spirit is regnant in our hearts can we possess the power of which Paul is writing in Galatians, when he says, "But the fruit of the Spirit is love, joy, peace, long suffering, gentleness, goodness, faith, meekness, temperance."

WHY WE HAVE THAT POWER WHY, then, should we ever be weak, when we may always possess that power? This is the most searching question for any Christian. The answer will lead us to certain inevitable admissions. We become weak spiritually when we forget to pray, when we forget to read God's word, when we allow the interests of this world to blind our eyes and deafen our ears to the reality of God's presence.

The Holy Spirit will dwell within us, if only we will welcome him. He will not come unbidden; he will not remain unwanted. He cannot be made secondary. Either he guides or surrenders the reins to us.

Our lives are spiritually strong and healthy when the Holy Spirit governs. Our work is effective, our words are compelling. We speak not our wisdom, but the wisdom of God. We go not in our strength, but in his strength.

## Texas Good-Roads Association Wants More Federal Highway Aid

Austin, Feb. 4.—Support of all Texans for a continuation of the present program of Federal Highway Aid was asked today by R. J. Potts of Harlingen, president of the Texas Good Roads Association.

"Federal aid for our highways will come to an end this year unless congressional action is taken," Potts declared.

Specifically, the association president requested backing for House Resolution 427 which he said would project Federal Aid indefinitely in the future.

The Resolution was introduced in the House of Representatives by Honorable Paul Cunningham of Iowa, chairman of the Subcommittee on Roads of the Public Works Committee.

The Resolution proposes \$500,000,000 per year for Federal Highway Aid. The formula and allocations are the same as those in the Act of 1944 which provided road building funds for the ensuing three years.

Under the existing formula, there has been available in Texas for the current three year period \$60,000,000 in State and federal funds for secondary or farm-to-market roads.

Earmarked for primary highways was \$87,000,000. These are the main arteries which carry the life blood of commerce in Texas. Allocated was \$27,000,000 to build more adequate highways through traffic-congested cities.

"The Texas Highway Department was so forehanded as to build up a substantial backlog of savings during the war years which was used to match these federal funds," Potts said. He added, "In 1947 contracts awarded passed the \$70,000,000 mark bringing the grand total for the post war period to \$143,098,395 for building or improving 7,621 miles of state highways. At the end of the year 1947 the department was maintaining 3,751 miles of farm-to-market roads and an additional 1,360 miles were under construction with funds earmarked to bring the state system up to 7,500 miles of farm-to-market roads during 1948.

"The passing of H. R. 4867 would make possible the addition of another 7,500 miles of farm-to-market roads within the first three years of the availability of these funds. The Highway Department, we are told, will conserve its revenues so that the federal aid program can be matched without an increase in gas taxes.

"This bill again will insure an orderly long term planning program. It will bring farm homes generally nearer to all-weather roads.

"Likewise great strides can be made to relieve harassed city dwellers through multi-lane roads which will speed up through traffic and expedite local service by car.

The Texas Good Roads Association urges the universal support of this measure," Potts declared.

The House Subcommittee on Roads is composed of Hon. Paul Cunningham of Iowa, Chairman, J. Harry McGregor of

Ohio, J. Glenn Beall of Maryland, Edward G. Rohrbough of West Virginia, Howard A. Coffin of Michigan, Robert N. McGary of Pennsylvania, Will M. Whittington of Mississippi, Frank W. Boykin of Alabama, Alfred J. Elliott of California and William G. Stigler of Oklahoma.

The Senate Subcommittee on Public Roads is headed by Chairman John Sherman Cooper of Kentucky. Members are Arthur V. Watkins of Utah and Dennis Chavez of New Mexico.

### RIDGE

By Mrs. Sallie Kight McCarthy Mrs. W. H. Freeman, Jr., honored Mr. and Mrs. R. D. McCarthy with a surprise wedding gift shower last Wednesday evening, February 4th. Guests were Mrs. Alvin Brown and daughter Sue, Mrs. Alfred Churchwell and son Winston, Mr. and Mrs. I. A. Hollis of Bangs; Mrs. Annie Curtis and Mrs. Willie Pafford and daughter Gene of Mullin; Mrs. Ann Lindsey, Mrs. Hulon Egger and daughter Marianna, Mrs. R. D. Egger, Mrs. Mae Egger, Mrs. W. H. Freeman, Sr., and grandsons Bennie and Dan. Everything was a wonderful success. Numerous gifts, all nice and useful, and highly appreciated. Mrs. Freeman, Jr., served coconut and chocolate cake, hot coffee and chocolate. It was delicious. I want to thank Mrs. Freeman, Jr. for the kind and neighborly hospitality she has shown.

Granny Hollis is doing fine this bad weather; she slips out in the snow and ice to gather up a few eggs sometimes. Said she wasn't thinking about falling down, she was thinking about standing up.

Mr. and Mrs. R. D. McCarthy have bought a Camp Hood Army camp house 20 x 30. We are finishing it up for a chicken house. We are certainly proud of it. We are trying to raise lots of chickens. If we don't make any money out of it there will be lots of business in it. Keep us busy.

E. K. Wood has been on the sick list. Last report, he was improving. We hope for him a speedy complete recovery.

Mr. and Mrs. C. F. Cornelius called in our home last Monday. They were on their way to Goldthwaite to the sale. Mrs. Carnelius had the misfortune of falling and hurting one of her lower limbs pretty badly. She had to go to the doctor with it. She is better now. We hope her a speedy recovery.

**CITY POLICEMEN DRIVE BEAT WITH CHEEKS RED** (Pampa News)

Two city policemen drove their beat last night with red cheeks. They were Assistant Chief of Police J. O. Dumas and Patrolman Shirley Nickols. When the two reported to duty they wondered why the tail lights of the police car were burning and gave no further thought. Into the car they jumped, started up the motor and turned on the headlights. The tail lights were out. Another policeman called their attention to the

matter and the chagrined officers looked perplexed. What to do? If they drove with their headlights burning, then the tail lights were out. If they drove showing their tail lights they had no headlights. Later on the battery ran down and every time the car stopped or the motor died they had to be pushed to get started. It all happened when the car had been taken to the city barn for electrical repairs. Somebody merely rewired the lights backwards, but even last night it was too late to have anything done about it. "Just light a cigar, boys, and shine it out the rear window."

Shirley reports he likes his job better and better everyday. He also says the weather hasn't been too cold for him.

### BLACKWELL ADVERTISING PROGRAM

With the urgency for grain conservation throughout the country, Hollis Blackwell Feed Store has planned a series of advertisements to appear regularly in The Goldthwaite Eagle to describe the feeding programs and Purina Chows and Sanitation Products available to help in the conservation efforts of farmers and feeders of Mills County.

This series of advertisements marks the sixth consecutive year in which Blackwell explains to the public the products and programs developed at the 738-acre Purina Research Farm at Gray Summit, Mo., and the analytical, biological and pathological laboratories at St. Louis.

In addition to the complete line of Purina Chows for all types of livestock and poultry, Hollis Blackwell also serves this community with a wool-mohair and pecan business.

Edward Eugene Palmer of Ballinger was home for the week-end visiting his family who are here with his parents, Mr. and Mrs. Joe Palmer, Mrs. Palmer and little Tommie Joe will spend another week with the Joe Palmers'

## NEW, EASIER WAY TO IRON!

### BENDIX automatic Ironer

- ADJUSTS TO FIT YOU!
- LESS CLOTHES SHIFTING!

Another great laundry work-saver—by Bendix, the creators of workless washing. Ironer height, pressure control and lapboard all adjust to your size and comfort. No stretching! No cramping! Three ends are open and clothes are easier to handle. Nothing to get in your way. Fully automatic heat controls. See these and other sensational improvements! See how easy anyone can iron anything with the new Bendix automatic ironer!

BEING DEMONSTRATED! COME IN!

## SMITH EQUIPMENT COMPANY

Plain bread, muffins, cakes or cookies become something "extra special" with dried fruits mixed into the batter or dough. A little lemon added to dried fruits will increase flavor appeal.

## GENUINE PARTS DEPARTMENT AND SERVICE DEPARTMENT

### AT YOUR DISPOSAL DAY OR NIGHT

When your car seems to rattle and you find parts worn or gone, remember our repair shop is equipped and staffed well as a factory. There isn't a job we can't do; but we won't do a job if we think it won't prove worth while to you. Have confidence in us—and get the best out of your car.

SALES AND SERVICE GOLDTHWAITE, TEXAS

### EBONY—

By Mrs. Clementine Wilmeth Briley (Written for last week)

Well, for a little while at least, the snow has melted, the water pipes have thawed out, the sink will run again, and the cattle don't look as pitiful as they did last week.

School was in session only one day last week. That was Friday. But in spite of chilly rainy weather, teachers, children, bus drivers, and lunch room ladies were all on the job Monday.

Cecil Egger and Taylor Duncan have completed three bump gates on the Wilmeth-Dwyer road, and a fourth one is ready to put up as soon as Mr. Davis, the commissioner, fills up a bad hole at the intersection of the Austin Cawyer and Effie Egger pastures.

Edward Egger is working on a concrete foundation for a brick barn.

Clayton Egger of Jacksonville spent the week-end with his mother, Mrs. Effie Egger.

Ernest Malone, whose car is still out of commission, caught a ride to town Friday with Mr. and Mrs. Taylor Duncan. When he got to town, he found his sister, Mrs. W. A. Burn, there wanting to come out. So he rode in the back of the pickup and let her have his place coming back. Mrs. Burn had been snowbound at San Angelo at the home of her aunt, Mrs. Clara Millar, most of last week.

Mrs. Sarah Ann Reeves, who is living at the home of her son, S. H. Reeves, was taken to the Medical Arts Hospital at Brownwood Saturday. She was threatened with pneumonia. Mrs. Charles Griffin visited her Monday. She said she found her sitting up in bed eating her lunch very much improved. The doctor said she was getting along just fine. Mrs. Reeves passed her ninetieth birthday last month.

Mrs. W. A. Burn, Mrs. Edna Dwyer, and Mrs. J. R. Briley enjoyed a visit with each other at the Briley home Sunday afternoon. They spent the evening relating family history and digging out family photographs. Mrs. Burn, who lives in the Philippines, is looking after the affairs of her mother, the late Mrs. Nellie Malone.

### NEW BRIGHT YELLOW LINES ON HIGHWAY EXPLAINED

AUSTIN, Jan. 17 -- Officials of the Texas Highway Department Thursday told the story about the bright yellow lines now being seen by motorists every day throughout the vast 27,000 mile system of paved highways.

"The new yellow no-passing line being put down on our highways is a double indemnity device," State Highway Engineer

D. C. Greer declared.

"It gives a flashy and obvious warning of danger to the motorist who wants to protect his own life and the lives of others," he explained, "and it gives the police something definite on which to jail or punish the driver who apparently cares little for his life and thereby endangers the lives of innocent motorists in the other lane."

Last year President Truman's Highway Safety Conference urged the States to Concentrate on improvement of highway center stripe in a major attempt to reduce the ghastly toll of accidents due to head-on collisions and sideswiping.

In all States the color was changed to yellow, which texts have shown visible in all kinds of weather than any other type of marking. This yellow color is used also to impress the motorist that where yellow is seen on the road it must not be crossed.

65,000 gallons of yellow paint are being used by the Texas Department's painting crew to mark these no-passing zones. The painting operations have been under way since November and are now moving rapidly toward completion.

Highway Department officials pointed out the state-wide yellow striping program for no-passing zones is considered the best method from the engineering point of view for temporarily combating the traffic accident menace on the highway system.

The officials are hopeful the traveling public will soon become "yellow line conscious," since crossing the yellow line is not only an invitation for loss of life and limb, but is a violation of Texas law under the new uniform traffic code making violators liable for a maximum fine of \$200.

"Do not cross the yellow line," is the new password to safer driving.

### Chappell Hill—

By PEARL CRAWFORD

(Written for last week)

Last Sunday we experienced cold northerly winds. We had snow, rain and ice. The cold and ice did a lot of damage to water works and stock.

Those who visited Mr. and Mrs. Tom Stevens and family were: Mr. and Mrs. M. G. Bass of Muleshoe; Mrs. Sellers of San Saba; Mrs. A. L. Crawford and William G.

Mr. and Mrs. George Creek of Big Spring visited a few days with Mr. and Mrs. Jack Creek. George Crawford, Zola Grayson and Frank Scott of Mullin were Tuesday guests in the Jim Evans home.

Alvis Stevens visited N. C. Karnes.

Mr. and Mrs. Tom Stevens, Mildred and Edwin were Sunday guests in the B. J. Crawford home.

Mr. and Mrs. A. L. Crawford and William G. called in the Crawford home Tuesday afternoon.

### PLENTY OF USES

College Station, Jan. 20— There is plenty of dried fruits at lower prices on the market this winter and the thrifty housewife will find plenty of uses for them.

Louise Mason, extension food preparation specialist for Texas A. and M. College, suggests, for instance, that dried fruits are always a good choice for a confection for children, as they offer some vitamins A, B, and G, some mineral value, particularly iron, copper, calcium, phosphorus and potassium, as well as natural fruit sugar. Run the fruits through the meat grinder, using the medium cutting plate, mix with a small amount of lemon or orange juice and some grated rind, form into small balls and roll in granulated or powdered sugar. Nut meats may be chopped along with the fruit in the grinder.

If the dried fruits are chopped or cut up, Miss Mason says, their sweetness and flavor will spread more evenly through cakes, cookies, puddings or other baked mixtures. Dip the kitchen scissors in water, or rub the blades with butter as that will help to keep the fruit from sticking to the blades. And if the fruit is first dusted with a part of the sifted dry ingredients, it will be more evenly distributed through the mixture to be baked.

## Your share, \$1,782,472,718

For your livestock and your dairy and poultry products, soybeans, cottonseed, etc. . . you ranchers and farmers of America received in 1947 almost thirty billion dollars, a new high.

Out of that amount, \$1,782,472,718 came to you from Swift & Company in payment for the products you sold to us. Of every dollar that we took in from the sale of our products, we paid to you an average of 79.3¢ for your products.

Together we are doing a big, vital job of helping

feed millions of families in America and in many foreign lands. Neither of us can do that job without the other. Since we are in this together and dependent upon each other, we feel that you have an interest in knowing how we have handled our end of this "joint operation." This page is our way of telling you. It shows you how we handled, in 1947, our business of processing and marketing. It shows how much money we took in, where it went to, and what services we performed to earn our 1¢ profit per dollar of sales.

### How We EARN Our Profit

In addition to providing a market for livestock and many other agricultural products, Swift performs many essential services for producers and consumers. Most people can't go to farms to buy their meat—neither can retail dealers. Swift brings the meat to them. We have been doing this big, necessary job for 62 years, efficiently and economically.

Here are the services Swift & Company performs to earn its small profit:

- 1) We buy livestock and many other products that farmers and ranchers raise; then process and distribute them.
  - 2) We process, brand, and perform all the many necessary operations to prepare our products for market and consumption.
  - 3) We utilize all by-products. Every part that can be used is processed and sold in various forms. The income from this source increases the price of livestock to producers, decreases the cost of meat to consumers.
  - 4) Our research finds new uses and new markets for farmers' and ranchers' products.
  - 5) Our Martha Logan experimental kitchens test foods under home conditions, so that Swift products may give consumers the greatest possible satisfaction and value per dollar.
  - 6) We pay transportation charges on our finished products, delivering them to dealers in all parts of the United States. This makes a broad, nationwide market instead of a limited local market for the products of livestock producers.
  - 7) We provide employment and a livelihood—good wages, good working conditions and security—for 73,000 people who work for Swift & Company.
- Our earnings for all this were one cent on each dollar of sales.

### Conservation of Our Land Resources

by H. H. Kildes, Dean of Agriculture Iowa State College

During recent years we have become increasingly conscious of the importance of conserving our land resources. Accordingly, we have initiated conservation programs and practices which are sound and logical. Such action was and is urgently needed, not alone for the current generation, but as an obligation to generations yet unborn. As one result of the programs adopted, much land (which because of its character and slope was being destroyed by erosion) has been turned back to grass. Thus, expanding livestock production has become an increasingly important part of the program of conserving our natural resources.

Continual sale of crops off a farm or ranch results in serious loss of plant food. But the maintenance of plant food elements in the soil is urgently needed if our crop land is to continue to provide adequate quantities of human food. Livestock farming is helping accomplish this. For when land is used for grazing, rather than for crops, soil erosion ceases and the unnecessary loss of plant foods is checked.

### Swift & Company

UNION STOCK YARDS, CHICAGO 6, ILLINOIS

Nutrition is our business—and yours

### HOW SWIFT'S DOLLAR WAS DIVIDED

**79.3 Cents to Producers**—Swift & Company, during 1947, returned to millions of producers of agricultural products an average of 79.3 cents out of each dollar received from sales. We provide a daily cash market for your livestock, dairy, poultry and other products.

**9.7 Cents to Employees**—In 1947, Swift's 73,000 employees earned \$217,072,169 in wages and salaries, or an average of 9.7 cents out of each dollar of Swift sales. It takes many skilled people to process livestock and other raw agricultural products into Swift's quality foods.

**3.8 Cents for Supplies**—Last year, out of each dollar of sales, Swift spent an average of 3.8 cents, or a total of \$86,005,885, on supplies of all kinds—mountains of salt and sugar; trainloads of boxes, barrels, other containers; miles of twine, tons of paper; fuel, electricity, etc.

**1.8 Cents for Transportation**—Swift's transportation bill was \$41,053,244 in 1947, or an average of 1.8 cents of each sales dollar. Approximately 5% of the livestock is produced west of the Mississippi River, 5% of the meat is eaten east of it. Swift service bridges this average 1,000-mile gap between America's producers and consumers.

**1.3 Cents for Taxes**—Our total tax bill in 1947 was \$25,915,888. This averaged 1.3 cents out of each dollar Swift received for the products it sold. In addition to federal taxes, Swift & Company paid taxes during 1947 in each of the 48 states, and in hundreds of municipalities where the company owns plants or other property.

**3.1 Cents for Other Expenses**—Among other necessary business costs are depreciation, interest, employee benefits, sales promotion, rent, research, insurance, development of new products, advertising, stationery, postage, telephone, telegraph, passenger travel, etc. These necessary expenses took an average of 3.1 cents of each sales dollar.

#### Where the Dollar Went—

**1 Cent as Earnings**—The Company's 1947 net earnings were \$22,334,977, after provision of \$12,000,000 for high cost additions to fixed assets. This represents an average of only 1 cent of each sales dollar. Swift & Company is owned by 64,000 stockholders, whose savings provide the money for capital, plants, equipment, tools and raw materials. Of the net earnings, the stockholders received \$12,430,612 in dividends. The balance has been kept in the company as a reserve for future needs of the business.

Here is a quick "picture" of how Swift's average sales dollar was divided in 1947. Smallest slice is Swift & Company's net earnings for many essential services in the processing and marketing of the agricultural products you produce. It averaged a fraction of a cent a pound on the millions of pounds handled.

FRED V. WALL  
(Re-Election)

**For County Commissioner, Precinct No. 3:**

K. B. HENRY  
(Re-election)

**For Mills County Commissioner, Prec. 4:**

J. FRANK DAVIS  
(Re-Election)

**WORK ON TWO MILLS COUNTY FARM-TO-MARKET HIGHWAYS EXPECTED TO START SOON**

**FARM-TO-MARKET-ROADS**

District State Highway Resident Engineer Tom Smith of Brownwood was in Goldthwaite Tuesday and said work on two Mills County farm-and-ranch-to-market state highways was expected to get under way in the near future.

The roads are from Goldthwaite toward Caradan, and another from Mullin toward the Comanche County line. Con-

tracts for both are expected to be let to the same construction company. Last details for letting the contracts are now being worked out.

County Commissioners Jess Tullos of Precinct One and K. B. Henry of Precinct Three are now working on securing the right-of-way deeds to widen the highway to its required width, and hope to have this work completed in the near future.

**SOIL CONSERVATION**

(Continued from page one) from raindrops.

Ben R. Day, Work Unit Conservationist for the Soil Conservation Service, will explain how local farmers and ranchers are applying the principles of soil conservation to their farm.

"This is the basis for our work this year," Day stated, "and its important that all persons see this picture as many times as possible. Your entire family is invited to attend."

This film has been shown to large crowds of farmers and businessmen at Dublin, De Leon, Brownwood, and Rising Star and large crowds are expected at Star and Goldthwaite.

**SHOWN AT RISING STAR**

To stress the importance of this picture, the story comes from Rising Star, known nationally as a pioneer area in this work, that business houses were closed as a request of the Chamber of Commerce so that more people would have an opportunity to see the educational film.

**ADDITIONAL SLIDES**

Additional slides of local scenes and practices will be presented along with a discussion period after the show.

The film will be shown on the following schedule: Goldthwaite High School, Thursday Morning, February 12th.

Star Methodist Church, Thursday Night at 7:00 p. m., February 12th.

Goldthwaite High School, Friday Night at 7:00 p. m., February 13th.

**UNIQUE DISPLAY IN WINDOW OF McNUTT REAL ESTATE**

An actual demonstration of the effect of raindrops on bare soil is shown by an ingenious contraption made by the Soil Conservation Service and placed in the display window of McNutt Real Estate Office in Goldthwaite, Wednesday morning.

Ben R. Day of the local unit said he hoped everyone would drop by to see the display and then see the picture on the same subject. The display window is located on Fisher street.

**MILLS COUNTY LEGUME GROWERS' ASSO. MEETING SAT.**

A meeting of interest to Mills County vetch growers has been called for Saturday, February 14th., at 2 p. m., according to Luther H. Soules, Secretary, Mills County Legume Growers' Association.

All producers interested in growing and marketing of vetch in 1948 are invited to attend this meeting and express their opinions and viewpoints in regard to the Vetch Growers' Association.

Mr. Soules said that with the assistance of the Association, vetch producers received better than 18 cents per pound for No. 1 vetch in the county this year.

At this meeting new officers and directors will be elected and the possibilities of prices together with production will be discussed.

He is urging that all interested producers be present and take a part in this meeting.

**DAVE STRALEY SELLS SERVICE STATION**

Dave Straley, Wednesday, announced the sale of the Magnolia Service Station at Fifth and Fisher to George Gilbert. Gilbert took charge of the station Tuesday. Straley has been in business

**BAPTIST RADIO HOUR**

"Youth's Greatest Investment" is the subject of "The Baptist Hour" for February 15, with Charles Wellborn of Fort Worth, Texas, as speaker, it was announced today by the Radio Commission of the Southern Baptist Convention, Atlanta, S. F. Lowe, Director, Heard over Station WFFA at 7:30 a. m.

"The Baptist Hour" is considering "Church, Youth, and the Home" in February, under the general theme, "Divine Light For Daily Living."

Mr. Wellborn, a first year student at Southwestern Baptist Seminary, Fort Worth, was formerly a teacher of Political Science at Baylor University, Waco, Texas, and has been with the Department of Student Work in Texas Youth Revivals the past two years, having spoken in 15 major city-wide revivals.

A feature of the February 15 program will be the seventh favorite hymn, as determined by a poll among six and a half million Southern Baptists, and other interested listeners.

**WEATHER HALTS PROGRESS ON MILLS CO. AGR. BUILDING**

Plans to move two surplus buildings here to serve as Agriculture buildings for Mills County was altered this week due to weather conditions, according to Bob Steen, president of The Mills County Breeders' Association.

Foundations have been laid for the two 98-foot structures on the old Fairman Gin Lot located on Hutchings street, one block north of the Methodist church. When the buildings are located, the Soil Conservation Service will occupy office space in one, and there will also be a meeting place allotted to The Breeders' Association, farmers, Farm Bureau and other clubs and organizations devoted to farming and ranching. The 1948 Mills County Stock Show will be held at this location, according to present plans.

at this location for the past two years. Gilbert formerly operated a pecan shelling factory on the west side of the square in Goldthwaite.

**CHURCH OF THE NAZARINE**

JIM ASHCRAFT, Pastor  
Sunday School — 9:45 a. m.  
T. T. Boyd, Superintendent.  
Morning Worship — 10:50 a. m.

N. Y. P. S. — 7:00 p. m.  
W. F. M. S. Every Second and Fourth Tuesday Nights at 7:30

**UNIVERSITY TEACHER AT M.E. CHURCH**

All Methodists should hold open the dates March 10-14, for a Bible Conference to be conducted by Dr. Robt. W. Goodloe of Perkins' School of Theology, S. M. U.

Dr. Goodloe is an authority on Christian Doctrine, and is recognized as a great teacher and preacher throughout all of Methodism.

These meetings will be conducted in the evenings, and seldom do any of us have such an opportunity to hear a man of God, so well informed and so appealing to the common man.

Let us save these nights as a high-light to our pre-Easter meditations.

Friends of the church and other Methodists from near-by towns are cordially invited to attend these services.

**LOCAL MAN GETS VA POSITION**

Clayton Egger, son of Mr. and Mrs. Effie Egger of Ebony, and a native of Mills County, has accepted a position with the Veterans Administration as Training Officer for Part 7 and Part 8 on-the-job veterans and for checking vocational schools in a district in which Brownwood is headquarters and which includes Mills County.

He made his first visit to Goldthwaite yesterday. He succeeds Roy Harris, who has been transferred to another territory.

Mr. Egger has been working with the V-A for the past year in East Texas, and taught in the Mills County Vocational School here during parts of 1946 and 1947.
