MILLS COUNTY BOYS BREAK TWO ALL-TIME RECORDS AT 4-H CLUB LIVESTOCK SHOWS

(See Picture in Section Two) James Horton's 809-pound Hereford steer calf, "Late Model," last Friday was judged the Grand Champion of the San Angelo Livestock Show—making three Grand Championships won by Mills County 4-H Club Boys in three state livestock shows entered this year.

Young Horton's "Late Model" also won the Grand Champion place in the Brownwood Show late in January.

He is the 19-year-old son of Mr. and Mrs. Willis Horton who live four and a half miles southwest of Star. His calf was the first to be auctioned at San Angelo Monday morning, and brought \$150 per pound. The two livestock commission companies there were successful bidders.

Also adjudged winners in the show at San Angelo were Marion Reynolds, woh won 7th and 11th places, and Dave Nugent, who took 8th place.

Mills County Agent Darlus B. McCombs took 4-H Club boys and their calves to three state livestock shows this year—and brought back three Grand Champion ribbons and one Reserve Champion.

Mills County is believed to have won two all-time records with their calves in the past two years—winning the highest honors two years in succession at the Houston Show, with one Reserve Champion place, and winning three Grand Champions this year in three shows entered, with one Reserve Champion.

Last year, Jim Bob Steen took Grand Champion honors at the Houston Show and Allen Poe of Star won Reserve Champion place.

HOUSTON WINS
This year, Mills County 4-H boys took 22 steer calves and entered them in the Houston Show. Twenty came out in the money. The boys brought back a truck load of ribbons, and \$492 in prize money—not counting the \$12,500 Robert Henry Johnson, 16-year-old son of Mr. and Mrs. Robert Johnson of Goldthwaite, got when his calf was auctioned there. His calf, "Killroy," won Grand Champion place, and Marion Reynolds, 15-year-old son of Mr. and Mrs. Deward Reynolds of Caradan, who entered "Butch," got Reserve Champion place.

Following are Mills County's winning at the Houston Show:
Carload lot of 15 steers, \$50.00.
Robert Henry Johnson—Grand Champion, 1st and 2nd lightweight Angus; Champion of boys' Angus show and 4-H Club boys' steer show; 1st in Hereford open lightweight; Reserve Champion Hereford open class.
Marion Reynolds—Reserve Champion entire show; 1st Hereford heavy class and 2nd medium class; Champion boy's Hereford show; Reserve Champion boys' steer show; Grand Champion of Hereford division.

James and Junior Horton—1st in Hereford light and 8th in medium; Reserve of Hereford show and Reserve Champion of Boys' Hereford steer; 27th in lightweight division.
Allen Poe—1st in Angus light open; 6th in Hereford middleweight, and 16th in Hereford lightweight.

Sammie and Davis Owens—13th in medium Hereford and 6th in heavy Hereford; 9th in middle Hereford and 10th in middle Hereford class.

Bobbie Zane Egger—10th in middleweight Hereford division.

SUPT PATTON RESIGNS AS HEAD OF GOLDTHWAITE SCHOOLS

To my many friends of the Goldthwaite Ind. School District: I feel that the public is due a statement from me concerning my resignation as your School Superintendent. This action was not caused by any friction or dissention between myself and the School Board. I have never worked with a School Board that has been more cooperative than your present Board. We have worked together in complete harmony. The School District is to be congratulated in having such excellent members who have cheerfully given of their time and energy to further the best interest of your school. School affairs have progressed nicely in the past two and half years and this was made possible by everyone working together.

I felt that since everything was moving so nicely that maybe this was the best time to let someone else guide the District on to its fullest development.

May I urge you all to go and vote to support the Bond issue. The District can afford this amount of additional Bonds. This money is to be used to construct a gymnasium and repair and remodel the present buildings. The development of your school requires that this issue be voted.

Sincerely, H. E. PATTON

P.-T. A. MEETING

The Goldthwaite P.-T. A. met in a regular meeting March 10, with the subject for the program "The Weeds." Rev. Blake spoke on Intolerance and Prejudice, while Rev. Lowry spoke on Ignorance and Hatred. Let's all heed the points each brought out.

In the business session the Silver Tea for the Homemakers Class was discussed. Each and every one is invited to attend the tea at Mrs. T. Glass' Tuesday, March 16, from 2:30 to 4:30 p. m.

The Nominating Committee submitted the following for the executive board next year (They were elected unanimously):

President—Mrs. M. E. Blake; 1st Vice-President—Mrs. Malcolm Jernigan; 2nd Vice-President—Mrs. Millard Cockrum; 3rd Vice-President—Mrs. Mac Horton; Secretary—Mrs. Dee Archer; Treasurer—Mrs. Jim Weatherby.

With these officers for next year the P.-T. A. should be one of the best.

Mr. Patton gave a short talk on the bond issue that is to be voted on soon. This bond issue does not increase our taxes. So let's all go to the polls and vote for a part of what our school needs.

The amount of wheat either shipped or apparently available for shipment by both government and commercial firms so far in this fiscal year is 374 million bushels.

GOLDTHWAITE SCHOOL TRUSTEES CALL BOND ELECTION FOR SATURDAY, MARCH 20

The Board of Trustees of the Goldthwaite Independent School District has unanimously called a bond election to be held on Saturday, March 20, to see if the qualified voters of the district will approve the issuance of bonds in the amount of \$75,000 to be used for building a new Gymnasium and adding additional classrooms and making other improvements to the present school system, principally on the High School Building.

If the voters approve the issue, the bonds are to be retired over a period of 20 years, will not draw more than three and one-half per cent interest, and will not cost the taxpayers one cent in additional taxes. It will not be necessary to raise either the present tax rate of \$1 on the \$100 valuation to retire the bonds.

The Board has given careful consideration as to the amount needed now and also as to where it will be best spent. Plans are to build a new Gymnasium, which can also be used for community purposes, larger than the usual Gym, and with a seating capacity of approximately 600. It will require the expenditure of about \$40,000. The additional \$35,000 is to be used to build more classrooms and make other improvements to the present system, with a light margin left over to take care of maintenance.

The entire Board of Trustees feels that there is a great need

now for the improvements, and is leaving the matter up to the voters on Saturday, March 20. The Goldthwaite Independent School District was greatly enlarged last year, and now comprises 287 square miles with a rendition value of over \$2,000,000.00.

Members of the Board have visited and looked over many gymnasiums in this section, and have selected a plan that will best fit the school and community. It is pointed out that Goldthwaite is the only town in this entire section without a gymnasium, all county sites having one, and in addition there are gyms in Lometa, Mullin, Star, Gustine, and Richland Springs. Priddy is now building one.

STAR P.-T. A. TO HAVE BENEFIT SUPPER

On Friday night, beginning at 6:30, the Star Parent-Teacher Association will give a supper and a full evening of entertainment. The general public is invited to attend.

Tickets are 75 cents each, and the following is the menu: chicken, dressing, gibbet gravy, peas, potatoes, macaroni, cheese, cranberry sauce, pickles, fruit salad, pie or cake, tea or coffee.

Montpelier is the capital of Vermont.

ANNUAL MILLS COUNTY RED CROSS DRIVE NOW ON OVER CO.

The annual Mills County Red Cross fund drive, under the direction of Fund Drive County Chairman W. P. Duren, is now on over all the county. One District has already reported its quota as in. The drive in both the business district and the residential section of Goldthwaite will be held next Tuesday. Mills County quota this year is \$3,207, and the citizens are urged to give generously to this very worthy cause.

Warren Duren has been appointed Red Cross Fund Chairman for the Mills County Chapter by Chapter Chairman E. T. Fairman. Mr. Duren is well known in Mills County and urges the cooperation of all Mills County people in raising the Mills County Red Cross Quota of \$3,207.00.

All Community Chairmen are requested to call for their supplies at the Red Cross office and make their campaign as soon as possible.

Rye Valley is the first community to reach its Red Cross quota this year.

L. B. Burnham, Jr., was the first Community Chairman to reach the quota several times during the War Period. Mr. Burnham turned in his Quota on March 9 this year.

The Mills County Chapter is proud of Mr. Burnham and Rye Valley for this good work.

John A. Hester, Chairman for fund solicitation in Goldthwaite for the Red Cross drive which is to start next Tuesday morning, has appointed the following committee chairmen for the city:

To solicit the residential section—Mrs. William G. Yarborough, President Self Culture Club; Mrs. Jake Saylor, President Art and Civics Club; Mrs. Talbot Ledbetter, President of Tuesday Study Club; Mrs. Jim Weatherby, President Garden Club.

To solicit the business district—E. T. Fairman, O. H. Yarborough, Luther Piper, W. C. Barnett, Jesse Moreland, Loy Long, V. C. Bradford, John L. Gwin, Ray Duren, Dave Clements and J. L. Patterson.

- Community and Town Fund Chairmen:**
Goldthwaite—John Hester; Nabors Creek Mrs. Iola Wrinkle; Scallorn—Frank Hines; Long Cove—Enoch Godwin; Center City—Mrs. J. S. Owens; Pleasant Grove—C. N. Berry; Star—Mrs. John Soules; Prairie—Mrs. E. P. Hodges; Mullin—Geo. M. Fletcher; Priddy—Rev. A. H. Muehlbrad; Big Valley—Floyd Sykes; Jones Valley—Delton Barnett; Ridge—W. H. Freeman, Sr.; Rye Valley—L. B. Burnham; Mt. Olive—Mrs. T. McArthur; Pompey—W. B. Black;

Chairmen for Rock Spring, Payne Gap, Regency, Caradan and Ebony will be named soon.

Old Hunnert knows his readers are (maybe it is) being mighty tired of these punky pictures, but the old him he couldn't write, y not try drawing pic- Old Hunnert is a good; all right, but has trouble- linking up something to since the Boss said no red-hat without clothes d Hunnert was passing a r service station here this and thought he'd draw a e of what he saw:

THE FORECAST
Saturday when Old Hun- heard that too much rain too much cold weather been delaying Com. Fred from rebuilding them ned-out bridges on the s around Star country, h was caused when that ittin shock, he went at onct pushed in the S buttin on Weather Distributor—and it was in till the sun t's a kinder puny puny anytime Old Hun- his mouth the Boss his foot in it. Jest this when he heard somebody on Old Hunnert's fa- W.D., the Boss told Old Hunnert if he was so smart he d give a weather forecast each issue so's people around t would know what kind of hat to wear each day. Old Hunnert yesterday pushed in t S buttin again—and here's forecast for the next four a: Something beginning with snowy, sleety, slimy, sloopy, sperry, sniffery, sneezery—or ybe sunshiny. If any of se don't fit the weather ere you live, please notify the l man so's he can get the W. adjusted proper. The weather ad news is for free to every- ly—but remember, there's tity of all kinds of weather d if you ain't satisfied, think those three magic letters, S—cross, palm, silver.

After 7 tries, Old Hunnert can ve the advice: The best years a man's life is just before he and Mrs. and one week when the the Club wanted Leonard what, a third photographer, to ve some pictures of the club d-H Club boys and their ing cups, Leonard said he aldn't because he had done at his brownie.

And about the 3rd, a friend had Old Hunnert why he pick- a girl so shabby, and he told em: "Well, I figured it's end r live with 300 pounds of curves an 100 pounds of nerves."

Also, experience, for heaven's kes, nothing but your past tation. See what I mean?

Here's some free advice: If ou must tip, tip the waiter that sits on you and not the one hat makes you wait.

When he was in Gold. Grade hall, the teacher asked: "Is it s'reen, to say 'You have et'?" Old Hunnert—"No'm." Teacher—"Why is it wrong?" O. H.—"Because I ain't et yet."

How would you liked to have dived in Italy in the days of an- cient Rome, when the life ex- pectancy was 25 years? One hundred years ago in these USes it was 40 years—and today it is 70. Old Hunnert is goin' to make a few more years before he turns his'n out.

And it also looks like that every summer they allus take off something more off them ladies' bathing suits. But Old Hunnert noticed down at C. C. last summer that they can't take off anything else this year—because it's a mold or two, and because a smile.

And a beautiful hymn "Abide in Me" is 100 years old and Old Hunnert believes it will be a good and beautiful hymn for ever hunnert years.

It is good to preserve old things—except health, and secrets.

BIGGSTUFF'S NCO

(BIGGSTUFF)
The NCO for this issue is a veteran of 10 years military service, three of which were spent in Japanese prison camps.

He is T-Sgt. Dale D. Dyches, 28, of Goldthwaite, Texas, who is in charge of the Distribution and Message Center of the 47th Bomb Group Headquarters.

He enlisted in the Army in January 1938 in Dallas and was immediately assigned to the 9th Infantry Regiment at Fort Sam Houston, San Antonio. He joined the 47th Bomb Group at Lake Charles, La., in September 1946.

Sergeant Dyches went overseas with the 80th Coast Artillery Regiment 8 October 1940 and was stationed on Corregidor Island. He transferred to the Infantry 1 January 1942 and began instructing Philippine Army recruits in fundamentals of foot soldiering on Mindanao Island.

May 10, 1942, will long be remembered by Sergeant Dyches, for it was on that day that he was captured by the Japs on the Island of Mindanao in the Southern Philippines.

He was sent to the prison camp at Malay Balay on Mindanao for six months. From there, he was sent to the Davao Penal Colony on the southern tip of Mindanao where he was imprisoned until April 1944. Continuing his prison camp itinerary, Sergeant Dyches was then moved to Bilibid in Manila and then to Cabanatuan Prison on the Island of Luzon. Next was a filthy boat ride to Tokyo, Japan, where he was imprisoned in a steel mill in September 1944. He remained there until 14 May 1945 when he was sent to a copper mine prison 100 miles north of Tokyo.

His prison camp tour finally ended 25 August 1945 when United States Navy planes dropped badly needed supplies of food, medicine and clothing to the prisoners. 20th Air Force B-29 Superfortresses dropped cigarettes a few days later.

Sergeant Dyches was flown in a C-54 to Okinawa on 5 September 1945. Three days later he flew to Manila in a C-47. He sailed into San Francisco harbor on 3 October 1945, almost five years to the day after leaving the shores of the U. S.

After a short stay at Letter-

man General Hospital he departed for the Lone Star State. His home for the next three months was Brook General Hospital at Fort Sam Houston, San Antonio. He left there 27 January 1946 and reenlisted that same day. After a 90-day re-enlistment furlough he went on 104 days TDY, and subsequently joined the 47th Bomb Group at Lake Charles, La.

Most of Sergeant Dyches, spare time is now occupied in writing a book about his wartime experiences. He hopes to have it ready the latter part of this year.

Sergeant Dyches and his wife, Irene, are living in El Paso at the present time.

HILLSIDE MISSION

—By LIDA BYRNE

Our bodies are only dwelling places for our souls. The purifying of one's soul must come from the Infinite—God. The bible tells us that "God is love"—1st John 4:8. Lust and lasciviousness are not love. The definition of love, we are told, is when soul meets soul and is satisfied. "Thou shalt love thy neighbor as thyself."—St. Matthew 19:19. Perhaps there is something about your neighbor's soul's dwelling place which you do not admire. Maybe you don't like it at all, but you are admonished to love thy neighbor. Your neighbor's real self is your neighbor's soul.

Offering one of the most unusual love stories to have been filmed in many years, "The Long Night," a Hakim-Litvak production, stars Henry Fonda, Barbara Bel Geddes, Vincent Price and Ann Dvorak. Many months in production, this tensely dramatic motion picture introduces to film audiences the Broadway acting sensation, Barbara Bel Geddes, and comes to the Melba Theatre Tuesday and Wednesday.

Photographed against a background of a town of the Pennsylvania-Ohio steel area, "The Long Night," an RKO Radio release, combines tender romance and keen suspense with turbulent realism. Henry Fonda portrays a steel worker who falls in love with a beautiful young girl, only to find that an older man has a strange and baffling influence upon her. This rival is played by Vincent Price, and he is somewhat reminiscent of the classic Svengali character. Ann Dvorak interprets Price's shapely vaudeville assistant who is consistently unlucky in love.

The story is told mostly in retrospect, by the mental images of Fonda while he is seen barricaded in his third floor room undergoing a spectacular police siege. After killing a man, he refuses to be arrested, firing through his door to punctuate his meaning. The population of the town surges in the square below to witness the battle as police bullets shatter Fonda's refuge.

SCALLORN—

—By MRS. ORA BLACK

With winter weather still prevailing, we, out our way, are undecided just what to plan on for the next move. The day or so of sunshine runs our spirits high thinking now we'll get our gardens started and set a few old hens. Well, the calendar tells us spring begins the 20th so were living in hopes.

Mrs. Leon Johnson received a long distance telephone call from Arizona one day last week which turned out to be her brother whom she had not seen in 27 years. Mrs. Johnson said it was one of her happiest days and she is looking forward to a visit from the brother in the near future.

Mr. and Mrs. John Kuykendall are the happy possessors of a new refrigerator.

A varmint of some description made a raid on the brooder house of Mrs. John Harris and killed 52 of her 100 six-weeks old chickens.

Mrs. Inez Deeve and son of Mullin visited Friday with Mr. and Mrs. T. A. Casbeer.

Mrs. Minnie Ashley of Goldthwaite accompanied Mr. and Mrs. Frank Hines home from church Sunday and in the afternoon they went to Lampasas for a visit with Mr. and Mrs. Johnnie Wakkil.

Guest Friday in our home were Mrs. S. M. Black, Mrs. Ford Allen and Ronnie and Judy Riker of Brownwood.

Mr. and Mrs. T. A. Casbeer have as their guest this week his mother from Sherman.

She carried a white bible surmounted with a beautiful purple orchid. The groom was dressed in a dark blue suit. He is a son of Mr. and Mrs. Stacy McCasland, also of Center City.

Miss Sammie McCasland, cousin of the bride, acted as maid of honor; and Pete Harper, friend of the groom, served as best man. Miss Dorothy Manning and Kenneth McCasland, brother of the groom, were the other attendants.

The bride is a graduate of Star High School, and for the last two years has been attending Texas University. The groom is also a graduate of Star High School. He served in the Navy two and one-half years.

Immediately following the ceremony the couple left for a brief honeymoon to Carlsbad, New Mexico, and other points.

They plan to make their home in Star where the groom is in business.

Mr. and Mrs. Worley Laughlin came down from Goldthwaite and spent Sunday with Mr. and Mrs. Ernest Johnson and grandmother Laughlin.

Mr. and Mrs. Elmer Geeslin of Fort Worth were week-end guests of her parents, Mr. and Mrs. T. A. Casbeer.

Mr. and Mrs. Silas Burk called Sunday afternoon with Mr. and Mrs. John Kuykendall.

Mr. and Mrs. Ernest Johnson visited at Red Bluff Sunday and spent Sunday with Mr. and Mrs. Ernest Johnson and grandmother Laughlin.

Mr. and Mrs. Webb Laughlin were guests Sunday evening of Mr. and Mrs. Durst.

Big Valley H. D. Club

The club ladies met at 2 p. m. Thursday. Meeting was called to order by the chairman. There being no unfinished business, new business was called for. The ladies voted to send our agent, who was in the hospital, a gift.

A discussion of windows and curtains was given by Mrs. Daniels; she stressed not using curtains that made high windows look higher or low ones lower. Mrs. Johnson gave the origin, effects and ways of checking Bang's Disease in cattle which causes men to have undulant fever. Especially stressing the importance of all milk cows being tested before using their milk.

Recreation was led by Pearl Long, then refreshments were served to sixteen ladies, six children and the hostess.

Our next meeting will be with Mrs. Hoyt Cockrell, March 18th.

'A PROGRESSIVE, PRACTICAL EXAMPLE'

College Station, "More than 59,588 girls were enrolled in 1947 in 2,701 girls' 4-H clubs in Texas. And each one of them worked on a demonstration which would be a progressive, practical example of better home-making", Lorene Stevens reports.

Miss Stevens, girls' 4-H Club state leader of Texas A. & M. College, says the demonstrations selected by the girls varied according to their individual choice, and included such projects as clothing; production, preparation and preservation of foods; beautification of home grounds; home management, home furnishings and room improvement; health; child care, home industry, arts and crafts, and junior leadership.

Miss Stevens' annual report shows some outstanding totals, and that apparently the home-most popular. More than making demonstrations were 26,000 girls conserved 1,261,000 quarts of food; 38,528 made and

re-made more than 150,000 garments; 29,436 prepared and served 1,855,000 meals, and 10,042 were interested in home industry, arts and crafts. Gardening, poultry and home improvement demonstrations ranked next in number of girls enrolled.

The training of further leaders is an important part of the girls' 4-H club work. Miss Stevens says. More than 2,700 girls were trained to serve in positions of leadership in their clubs and communities, while more than 300 training meetings were held over the state. On the fun side of the picture, there were 198 county and district 4-H girls' camps held during the summer months and more than 6,000 girls attended.

"Through the encouragement and voluntary assistance of parents, adult leaders, older club girls, local school systems and civic organizations, the 4-H club girls of Texas were able to accomplish outstanding results in 1947", Miss Stevens says, "They look forward to an even better year in 1948."

NEW PROGRAM FOR 4-H'ERS

"How can we best apply our leisure time?"

That query from farm youth throughout Texas has brought an answer in the form of a 4-H recreation and rural arts awards program. Designed to promote group action, the program promises to be a decided influence in developing community spirit.

Activities encouraged include

4-H members forming outdoor or indoor sports teams, quartets, orchestras, bands; presenting one-act plays, or pageants, and hiking, camping or picnicking. In rural arts and crafts, members' handiwork, in drawing painting, carving, collecting leaves or some other hobby, may receive recognition at state exhibits.

A blue ribbon will be presented to each local 4-H Club determined by the county extension office as having conducted a recreational program worthy of an outstanding rating. A \$25.00 cash award will be provided to each county naming a blue award group of 4-H Clubs, for the purchasing of recreational equipment.

Individual efforts to get club members together in carrying the recreational activities will also receive recognition. Two 4-H'ers excelling in recreational leadership in each of the four extension sections will both receive an educational trip to the 1948 National 4-H Club Congress in Chicago.

All awards, in addition to funds for training clinics at which specialists will instruct local 4-H Club leaders in recreation and rural arts, are provided by U. S. Rubber Co. The leaders in turn pass the instruction on to their club members.

County extension agents will furnish full information regarding this new program.

Personal incomes for the first 11 months of 1947 averaged at an annual rate of 196.4 billion dollars, about 20 percent above year earlier.

ROCK SPRINGS—

By MRS. JOE A. DAVIS
It has been sometime since there has been anything written in from this community, but we are still here and trying to get ready for spring. We hope the weatherman will soon quit changing his mind.

Out telephone system is still out of commission, but we hope we can get a line put up soon.

We still have Sunday school, when the weather permits. There was Church last Sunday. Bro. Obrey from Brownwood de-

livered two good sermons. He will be back to preach the 3rd Sunday of this month.

Since the first of the year we have several new neighbors. Mr. and Mrs. Sims Gamblin have moved to the John W. Roberts place. Mr. and Mrs. Horace Brooks moved on the Dunkle farm. Mr. and Mrs. Golden and family live on the Mahan place. Mr. and Mrs. Guy Weldon and Janell live on the W. C. King place. We are glad to have these new folks and hope they will enjoy living in our midst. We regretted to see Walter

Weatherby move the nice house off his place back to town. We hope he puts another house on his farm and give us another neighbor.

Mrs. George Mason visited with her daughter, Mrs. Rudolph Cooke, during the week-end.

Grandmother Teppin is doing splendid and loves to read the Eagle.

Bro. Obrey and wife from Brownwood ate dinner and supper Sunday in the Frank Davis home. In the afternoon they all visited in the Traylor, Laughlin, Cooke, Tippen and Joe Davis homes.

Mr. and Mrs. Horace Brooks ate dinner Sunday with Mr. and Mrs. Arthur Griffin. In the afternoon the men went fishing.

Mrs. Stark and J. T. spent Sunday evening with the Joe A. Davis family.

George B. Hammit of Munday, Texas visited recently with Mrs. J. C. Stark and J. T. He said things didn't look natural with the new paved road.

Owens — McCasland

Miss Lucy Virginia Owens and Elroy McCasland were united in marriage on Sunday afternoon, February 22, by a beautiful and impressive double ring ceremony at the home of the bride's parents, Mr. and Mrs. Sherwood Owens of Center City. Gladoli and greenery lent a solemn but romantic air to the room. The service was performed by Rev. John Weston, minister of the Methodist Church.

Musical setting for the entrance of the bridal couple was "I Love You Truly" and the traditional wedding march, by Mrs. Dal Brazil, cousin of the bride.

The bride was attired in a white peplum dress with sequin trim and palomino accessories.

J. A. DOGGETT

John Allen Doggett, 90, who came to this section before Mills County was organized, died in his sleep of a heart attack Tuesday night, March 9, at the home of his son, Ira Doggett, in Lometa.

Funeral services were conducted yesterday afternoon at the First Methodist Church here at 2:30 with the pastor, Rev. M. D. Lowry, and Minister of the Church of Christ M. E. Blake officiating. Interment followed by the side of his wife in the Center City Cemetery.

On May 2, 1878, John Allen Doggett and Mrs. Avena Savage

were united in marriage at Gen-try Falls, Hamilton County. Mr. Doggett came to this section before Mills County was organized, and they were among the oldest settlers. Mrs. Doggett died last December 19 at the age of 92 years. They lived in the Caradan Community for 57 years before moving to Goldthwaite. Mr. Doggett went to Lometa to live with his son last summer. Had he lived until April 19, he would have been 91 years old, and had they both lived until May 2 of this year they would observe their 70th wedding anniversary on that date.

They were blessed with eight

children, two dying in infancy and a married son, Ebb Doggett, dying in 1905. Surviving sons and daughters are: Johnnie Doggett, Oklahoma City, Okla.; Ira Doggett, Lometa; Walter Doggett, Goldthwaite; Mrs. Will Hill, Goldthwaite; and Mrs. Tom Nickols, Albuquerque, N. M. The living dependents include five children, 22 grandchildren, 35 great grandchildren, and six great great grandchildren, bringing the total number of descendants to 68.

W. A. Daniel and wife of Rock Springs took Mrs. Eula Nickols to Moline to the singing convention Sunday afternoon.

Scouts Have Court Of Honor At Baptist Church Tuesday Night

All scouts of troop 45 had their first chance for advancement at Court of Honor Tuesday night at the Baptist Church educational building. The Court of Honor was conducted by R. L. Steen, chairman of advancement, with J. A. Hester, Rev. M. E. Blake and G. W. Quiri completing the committee. Badges and awards were presented by Scout Master Charles Conradt and Body Hunt.

After the Court of Honor, contests were conducted on a patrol basis. The Tejas Patrol won most points with Dan, Band Patrol second and Flying Eagles third. Prizes were given for winners of each contest.

High light of all contests was the pie eating contest won by Red Miller. Mr. T. M. Glass presented Red with a ticket that would entitle Red to have as much pie as he could eat immediately after the contest. Red declined the offer.

After the contest G. N. Quiri showed a scout picture of scouts at Camp Billy Gibbons last year.

Refreshments were served to 50 scouts, cubs and parents of scouts.

Following is a list of contests and winners:

Fire by flint and steel—1st, John Cook, Tejas patrol; 2nd, Sam Earl Wilcox, Tejas patrol; 3rd, Larry Simmons, Tejas patrol.

Best fire kit home made—1st, Dana Saylor, Flying Eagle patrol; 2nd, John Dean Stark, Tejas patrol; 3rd, Tom Boyd, Dan Baird patrol.

O'Grady Drill—1st, Billy Stark, Dan Baird patrol; 2nd, Larry Simmons, Tejas patrol; 3rd, Terry Blake, Flying Eagles patrol.

Undressing and redressing contest—1st, Larry Simmons, Tejas patrol; 2nd, Terry Blake, Flying Eagles patrol; 3rd, Jack

Blake, Dan Baird patrol. First Aid contest—Four scouts from each patrol working as a team. 1st, Dan Baird patrol; 2nd, Tejas patrol; 3rd, Flying Eagles patrol.

Artificial respiration—Three scouts from each patrol working as a team. 1st, Tejas patrol; 2nd, Dan Baird patrol; 3rd, Flying Eagles patrol.

Pie eating contest—1st, Red Miller, Tejas patrol; 2nd, Tom Boyd, Dan Baird patrol; 3rd, Bobby Letbetter, Flying Eagles patrol.

GIRL SCOUT ANNIVERSARY

March 12—Today is Girl Scout Anniversary day.

Spring is here, we must be wide awake, on our outdoor activities.

Let's as many as can plan to go to camp this summer and always keep in mind our Girl Scout Conservation Pledge.

I give my pledge as an American to save and faithfully to defend from waste the natural resources of my country—its soil and minerals, its forests, waters, and wild life.

GIRL SCOUT COUNCIL

The Council met the first

Monday night in March. Much business was transacted.

The Council voted to have James E. Ferguson, president of this area, come and speak to us in the new future on scouting.

The Council voted to buy the film "Your Date with the Future" on scouting.

Mrs. McLean was appointed day camp director.

Miss Wash is to be here March 25 and 26.

She hopes to organize several Brownie troops.

Public Relation Chairman.

TROOP TWO

The Carnation Troop Two met at the Little House March 8, 1948. We met with Mrs. Jacob Saylor today because Mrs. McLean was out of town. We were very glad to have her.

We discussed the outdoor cook badge in which we are starting next time.

We sang "Girl Scouts Are We" and "God Bless America" and said our laws and promises at the end of the program.

—Sylvia Jean Jones.

GIRL SCOUT TROOP THREE

Troop 3 met at the Little House Tuesday, March 9. Meeting was called to order. After our business meeting, our leader in observance of Girl Scout Birthday Friday, March 12, read to us about Juliet Low, founder of Girl Scout movement, and the early days of scouting. We played games and then adjourned.

Steuart Brown and wife from Kansas City are visiting relatives this week. Mrs. Brown is a niece of P. H. Clements.

Mr. and Mrs. Chadwick and Mmes. Pass and Nickols and T. F. Sansom and wife attended the Workers Meeting Monday night at Caradan.

Mr. and Mrs. Bob Miller brought their daughter, Catherine Ann, from the San Saba Hospital Sunday much improved.

NAMES OFFICIALLY FILED FOR CITY ELECTION APRIL 6

With last Saturday the deadline for candidate to get their names printed on the official ballot for the city election to be held here April 6, the following names have been certified to City Secretary R. C. Summy:

For Mayor—Loy Long.
For City Secretary—R. C. Summy.
For City Aldermen—Howard Hoover, R. E. Worley, and Jack Reid.

*New election laws require candidates to take an oath and to file their names 30 days before a city election. Official ballots are required to be printed 20 days before the election to take care of absentee voters.

Scallorn H. D. Club

Mrs. Hawley Jernigan was hostess for the meeting Wednesday of last week of the Scallorn H. D. Club. Mrs. Fields Hines, president, presided. After roll call and the procedure of business was dismissed, Mrs. Haenisch, H. D. Agent, gave ideas on personal appearance and good grooming.

Greta Sue Hines was elected as a candidate for a delegate to go to the F. H. D. A. District meeting at Meridian. We also voted to reimburse the F. H. D. A. Funds.

A word game was enjoyed, using the name Washington. When scores were tallied it was found Mrs. Fields Hines was winner. She was then presented a prize, a gift of the hostess.

Mrs. Jernigan, our newly elected secretary, submitted her resignation as she and her family were moving away. We were indeed sorry to have this happen, since she was so efficiently qualified for the place.

The hostess served a very tempting plate to eight members and the agent.

The next meeting will be with Mrs. Fate Eckert, March 24th.

FIRE AND THE PEACE EFFECT

AUSTIN, March 5 -- "Fire is slowing down the peace effort in this country," said Marvin Hall, State Fire Insurance Commissioner, in commenting on Governor Jester's proclamation of Spring Clean-Up Week in Texas for April 4-10.

In urging citizens of this State to participate in this program by removing fire hazards from their homes, institutions and places of business, Hall said that fire was destroying valuable property, raw materials, foodstuffs and other materials vital to the recovery of this nation from a devastating war.

"Almost 550 persons were killed by fire last year," he said, "and nearly 21 million dollars in property was destroyed. The 1947 property loss was the highest in the history of this state."

Britain's grip. You hear nothing about giving up Africa.

THE MARSHALL PLAN

I find in Washington that the Marshall Plan will be adopted after careful tailoring. England is very glad to have it apply to France, Italy and Greece generously, but it is not so keen about Korea, China and the Far East. English diplomats tell me that it is foolish for the United States to try to "save the world". English statesmen of all parties are unanimous that Mediterranean countries should be protected, so that the Democracies will definitely control the Mediterranean, England, however, is prepared to let the Chinese themselves handle the Russians; and they can do this very well by swallowing them up. The same applies to the people of India.

Let us also remember that the British Empire knows the secret of the atomic bomb. This is very important for the protection of the British Empire, and also because atomic energy has an important future in the development of Africa. Therefore, let us be generous with Great Britain as otherwise, when World War III finally comes, she may remain neutral and take over all of Europe and Asia after both Russia and the

SAM H. RAHL AND CO. BUYS JNO. A. HESTER WAREHOUSE

A deal was consummated this week whereby Sam Henry Rahl and associates bought out the John A. Hester Bonded Warehouse here, located on the Santa Fe tracks.

The new company has already taken charge of the business, and Mr. Rahl will be the new manager. He has been associated with the warehouse for the past ten years.

The new manager announces the company will continue to operate on the same basis as before, and the new company asks the continuation of the patronage of the warehouse's old customers as well as new ones. The company at all times will continue to pay top market prices for wool, mohair and peccans, and will extend to its customers every courtesy possible at all times.

Mr. Hester, who has been in business in Goldthwaite for a great many years, will continue to act as Primary Handler, on Community Credit Corporation Wool Program for this warehouse throughout the season, and will receive the wool previously contracted. Both he and Mr. Rahl are natives of Mills County.

Mr. Lawson was a classmate of Glenn's at the Deisal Pump School in Chicago. He was at Glenn's bedside from the time he was hospitalized until he passed away.

As a fire prevention measure, inspect stored hay regularly for odors, smoke, gas and heat, all warning signals.

COLDEST MARCH WEATHER HITS HERE

Wednesday night a cold norther brought sleet and snow and temperatures down as low as an unofficial seven degrees in this section early Thursday morning. Several men reported their thermometers registered ten early in the morning.

Extent of damage to young lambs, sheared goats and fruit has not yet been determined. It is thought that the moisture in the snow and sleet may save the growing grain crops.

Dallas weather bureau reported the coldest March 11th in the history of the bureau.

NOTICE OF CEMETERY WORKING

There will be a cemetery working at Rock Springs on Thursday, March 18. Everyone is invited to come and bring lunch and tools and be prepared to work all day. Those having friends and relatives interred in this cemetery are especially invited to take part in the work.

Naval Air Transport Service officials estimate that NATS transports Navy men for two-thirds of the cost the Navy would have to pay for commercial transportation for the same men.

Mr. and Mrs. Tom Carridon left Sunday for their home at Iowa Park. They spent over a week with her aunt, Mrs. Heitie Urbach and other relatives.

Mr. and Mrs. M. E. Leonard of Mountain Lakes, New Jersey stopped for a few days last week with their daughter, Mrs. D. M. Chalmers, and Dr. Chalmers. The Leonard's were on their way to California.

Mr. and Mrs. Loy Long and Bennie Bob spent Sunday in Fort Worth visiting her mother, Mrs. R. L. Peck, and Mr. and Mrs. Wardell Thompson.

Mrs. Loy Long and Mrs. Jack Long were in Waco Tuesday. Mr. and Mrs. Hud Hamilton of Edinburg spent the first of this week here with relatives and attending to business.

In Memory Of Mrs. Will Vessell

On Wednesday, March 2, at 9:00 a. m. Mrs. Will Vessell, age 86 years, 2 months and a few days, passed away at her home in the Mt. Olive community. She had been ill of pneumonia several days. All was done for her that medical care and loving hands could do.

She had been confined to her wheel chair for several years. All through her sufferings she was so patient and always had a smile for everyone.

Mrs. Vessell was a sweet Christian and to know her was to love her.

Surviving are a daughter, Mrs. Ethel Smith of California, a son Thomas who lived with her. Also eight grand children and several grand children and other.

The son and daughter and several grand children and other close relatives were at her bedside when she departed.

She was laid to rest Wednesday, March 3rd at 3 o'clock in the Indian Gap Cemetery. Rev. Clifton Weathers conducted the funeral services as friends and neighbors, we offered our heartfelt sympathy to the family. There was a large crowd of relatives and friends gathered to pay their last respects.

We could not go with her as she crossed the narrow vale but we feel assured that the Pearly Gates were opened and an Angelic host of friends and loved ones welcomed her as her feet crossed the threshold of the new Jerusalem.

Gone home to that beautiful land
Where the rivers gleam with silvery sand
Where the sun shines on with its golden light
And where the beautiful day turns not into night.
Gone where no sorrows come
And where sad words to the lips are dumb
Where peace broods ever and all is calm
And where the heart cannot feel alarm.
Gone where the loved ones wait
To welcome there at the Pearly Gate

Thy father and mother and husband dear
That have passed from earth to brighter sphere.

Thou hast met again on that fair shore
Where separation comes no more.

But we miss thee ever, Oh loved one dear
We miss thy smile and words of cheer.

Thy loving counsel
Thy guiding hand
Since thou hast passed to the better land.

Tis sweet to know when the day is done
When the battle of life is fought and won

When we cross the river dark and cold
And enter the blessed Savior's fold

You will welcome us to a world of gold
And over there when this life is o'er

We shall be united to part no more.
—Poem dedicated to the family by Mrs. W. R. Bynum.

CARD OF THANKS

We wish to thank Dr. Chalmers and nurse, Mrs. Carter, and Dr. Slaughter for their faithful service during my recent illness. Also the good neighbors and friends for their help and kindness. May everyone be blessed for their good deeds.

Mrs. T. A. Langford, and children, grand children, and brothers and family.

Mrs. William T. Vessell

Mrs. William T. Vessell (Lou Griffin) was born December 24, 1861 in Milton County, Ga., and died Tuesday morning, March 2, 1948.

She came to Texas with her father in 1890 and was married to William T. Vessell on April 27, 1894. To this union two children were born; Mrs. Ethel Smith of Salinas, California, and Thomas Vessell who resides here. She also has a sister, 8 grand children and 6 great grand children.

She was preceded in death by her husband, who died December 11, 1937.

Mrs. Pearl Leach

Mrs. Pearl Leach, widow of John Leach, died in the Hamilton Sanitarium at Hamilton, Texas, on March 6, 1948. Her home was in the Pecan Wells community.

Mrs. Leach is survived by 4 daughters; Mrs. Ruby Welch, Mrs. Velma Epplar, Gladys Leach and Mrs. Ina Lunsford; also 2 sons; Bobby and Floyd Leach.

Interment was in Pecan Wells Cemetery.

ENOUGH BUT NOT TOO MUCH

Many homemakers have had trouble in keeping house plants in good condition through the winter months. The trouble is usually caused by too much or not enough care.

A good potted cyclamen will bloom for several months if

kept at a temperature of 65 to 68 degrees where it can get morning light. Never allow the soil to dry out completely while it is blooming, but when it starts to lose leaves, let the soil dry and then store the plant in a cool, dark damp place to carry it over a second season.

A begonia needs full light from windows during the winter months. The everblooming begonia will bloom through the entire year, even in warm rooms with dry air. Primroses need much light in winter and do best at about 65 degrees. Too much watering rots them, but do not allow the soil to dry out. The Jerusalem cherry and ornamental pepper like cool temperatures, too, as well as moist air and plenty of sunshine. Smoke and gas in the room will cause the leaves to drop.

Azaleas last much longer if kept in a cool moist air during the day, and thrive best at a temperature of 50 to 60 degrees. A moderate amount of water is necessary. The soil needs to be kept acid if the leaves start to turn yellowish green., dissolve one teaspoon of alum to a gallon water.

African violets need a sunny window during the middle of winter, but can be put in the shade about the last of February. Let the soil dry before watering, then use water several degrees warmer than room temperature. Care must be taken in watering African violets to be sure that no water gets on the leaves.

TSTA LARGEST PROFESSIONAL ORGANIZATION IN SOUTH

Austin—The Texas State Teachers Association has grown so rapidly in the past few years it is now the largest professional organization in the South and one of the five largest in the Nation.

The organization which has members in practically every city and community in the state now has 40,100 persons on its rolls, or approximately 95 percent of those eligible.

Sixty years ago the Association had less than 100 members. By 1918 it had 2,792 teachers on its roster. Its growth has been especially rapid during the last decade. B. B. Cobb, executive secretary, announced here.

Supporting the numerous activities of the teachers' Association are more than 350 affiliated organizations. They include the Texas Association of School Administrators, the Equalization Aid Association and the more than 300 districts, regional and local teachers' organizations.

REVIVAL AT NAZARENE CHURCH

RALPH C. GRAY
We will begin a revival at the Goldthwaite Church of the Nazarene, March the 16th and continue through Sunday, March the 28th. Ralph C. Gray, who is a commissioned Evangelist in the Church of the Nazarene, will do the preaching. Brother Gray's wife travels with him and she sings special songs and gives object lessons and is a good altar worker. There will be services each morning at 10:00 o'clock and at 7:45 in the evening.

We wish to invite all Christians of all faiths and everyone to these services daily.
Brother Gray comes to us highly recommended as a good preacher, and we know you will enjoy his messages.

SEVEN TRUSTEES TO BE ELECTED FOR THIS DISTRICT ON APRIL 3

Due to other school districts consolidating with the Goldthwaite Independent School District last year, a complete new school board of seven members will have to be elected in the coming school trustee election which will be held the first Saturday in April, April 3.
In order to get on the official ballot, names will have to be filed with the secretary, Sam H. Rahl, ten days prior to the election. Trustees are usually elected for three-year terms, with some expiring each year. This year, however, with a complete new board being elected, three will serve for one-year terms, two for two-year terms, and two will serve three-year terms. In order that elections for new trustees may be held each year hereafter. The newly elected trustees' terms of office will be determined by lot after election.

OFFICERS INVESTIGATE DEATH OF C. A. ROBERTS

Justice of the Peace E. A. Obenhaus has officially returned a verdict of accidental death, after he, Sheriff W. L. Mahan of Mills County and Ranger Clarence Nurdyke of Brownwood had made a thorough investigation in the death last Sunday night of C. A. Roberts, who lived one mile northwest of Mullin. The verdict of accidental death was rendered after a most thorough investigation by the peace officers and after a report had been received from a radiologist at Stephenville who examined X-ray pictures made at Brownwood. His report showed a fractured skull and the neck pulled apart, which would indicate that death resulted from a fall from the loft of the barn, and was not likely caused by a lick from another person.

Mr. Roberts was discovered dead at the barn of his home by Mrs. Roberts just after dark Sunday night, after he had gone there to feed the cows and failed to return to the house. Mrs. Roberts walked a mile into Mullin to get help. At first it looked very much like murder, and Sheriff Mahan had the body taken to Brownwood where X-ray pictures were made. He was met there by Ranger Nurdyke, who assisted in the investigation. No clues were found either in the barn or around the place that would indicate murder.

Sheriff Mahan said it looked like Mr. Roberts had fallen from the loft of the barn and hit a feed mill in the hall. His hat, which had fallen before the fall, showed no evidence of a lick having been received. Besides a fractured skull and his neck being pulled apart, Mr. Roberts' right ear was torn in the fall.

Charles Agnes Roberts, 67, died at his home two miles north of Mullin March 7, 1948. He was born January 9, 1881.

The deceased was married to Ruth Perkins on November 27, 1907. To this union four children were born, two of whom preceded him in death. He is survived by his wife, two sons, Loyt and Wayne Roberts of Mullin, four grandchildren, three brothers and two sisters. The sisters are Lula Murphy of New Mexico and Ida Murphy of Lamasa; the brothers are Wood and Tip Roberts of Brownwood and Swan Roberts of Mullin.

Mr. Roberts was born and raised in Mills County.

Funeral services were conducted from the Methodist Church in Mullin and interment was in the Mullin Cemetery Tuesday at 3:00 p. m.

Officiating pastors were Rev. Eubank, Rev. Chambers and Rev. O'Hern.

The pallbearers were; Andy Rowlet, Butch Rowlet, Lynn Roberts, Robt. Roberts, Willard Perkins, and Forest Perkins.

4-H CLUB BOYS SCORE

The livestock shows are over and look back and see that the 4-H Club from Mills County broke a few of the Angelo show they increased their list of winnings by taking the Champion of that show also.

The San Angelo show was won by Horton of Center City Community 800 pound Hereford steer going off of "Late Model." The Mills County five Hereford steers at the Angelo show placed 1st, 7th, 8th and 11th, with a calf going on up to win the show.

The boys won Grand Champion show they had steers entered. Grand Champion at Brownwood, Champion and Reserve Champion at the Houston and Angelo Shows. The boys won the San Angelo Show last year and Allen Poe was Champion of the San Angelo Show year. This is the first time the Brownwood Show, although they Reserve Champion previously at the

We have keen interest in calf raising another year and hope to have calves on feed when we get started. Let's all back these boys and put Goldthwaite on the map and a lot of fun had in doing it.

GOLDTHWAITE HISTORY—
A Goldthwaite writes
from Redwood City, Calif.,
a history of Goldth-

named for Judge George
Goldthwaite, whose cousin and
brother was a cotton broker
in New Orleans and whose other cousin
was a Galveston mer-
chant. George Goldthwaite was
captain in the Southern Com-
munications Army, and a real man
he was after the war. All
the Goldthwaites had some
connection with the Santa Fe
that came through here

THEIR HOPE
Is The Red Cross

When flood, fire or tornado ravages the land the Red Cross stands ready to stem the tide, soothe the scars and succor the pangs of suffering. Now Ready your Dollars—to help the Red Cross help humanity wherever and whenever it is needed.

You remember the Wartime Blood program of the Red Cross. Many still live today only because of it. Now Ready your Dollars to help expand a new Red Cross National Blood program so that ultimately ALL who need blood may have it and its derivatives freely.

Veterans successfully face many critical problems thanks to Red Cross Aid; the misery of the ailing soothed, and accident emergencies are met because the Red Cross prepared the way. So now Ready your Dollars to help the Red Cross, comfort, sustain, and restore.

Mills County Veterans' Voc- ational School

Probably the most important news item of the week and the one that all of us are most delighted with is the fact that new shop and agriculture buildings are being obtained this week for the classes at Mullin, Star and Priddy. These buildings have been secured from Camp Bowie and are being placed on the grounds in each community. Our coordinator, Mr. Robertson, and all the instructors have been so busy getting the buildings moved and in shape that we have not been able to have a conference with any of them. We have just seen them long enough to say there goes that bunch of house movers. Next week, if we can slow them down long enough, we shall give a more definite report on what has been done. So watch for "Veterans' School" items in next issue.

We are getting new enrollments all the time now and for the benefit of those who are interested I shall make a few further explanations concerning dates for entry, etc. There is one enrollment period each four weeks. March 9, was the end of the period for this month and the next period for enrollment will end on April 6, for any course offered in the school. However, applications should not wait until the last day to enroll, as that would overwork our secretary. Come at any time during the month and confer with the teacher of the course you are interested in.

Distributive Education Teachers' Conference which met at our school here in Goldthwaite last Friday was well attended and enjoyed by all instructors who were present. Most of the visitors expressed delight with the meeting and also with the excellent dinner served at the Goldthwaite Coffee Shoppe. Some expressed themselves as believing this the best meeting we have held to date. Our good supervisor, Mr. T. B. Friend, is always bubbling over with energy, information and humor. He always keeps us informed on the latest developments in connection with our work and the work of the offices of the State and Veterans' Administration. Our next conference will be held at Dublin on March 19. We had some forty instructors in attendance here.

Students who are interested in full time schooling should contact Mr. Williams or Mr. Swindle, in Distributive Education. It is now the plan to organize a full time class beginning April 6. Anyone desiring to take these courses may enroll whether employed or not, and if self employed, and there are no restrictions as to salary or income. Such students will receive subsistence compensation, which ranges from \$75.00 per month for single men to \$105.00 to \$120.00 for married men, owing to the number of dependents. It will be necessary for full time students to attend class for 25 hours a week.

MOLINE H. D. Club

The Moline H. D. Club met in the club room on March 3 with eight members answering the roll call, "Things We Like in the Country."

We were sorry that Miss Sharp could not be with us.

The club is sponsoring a play, "Always Borrowing Trouble", to be at the school building Saturday night, March 13. Everyone is invited.

A very interesting display of hobbies was shown by club members.

The next meeting will be in the home of Mrs. Paul Horton March 17.

FARM AND RANCH CHATTER

WITH LAYNE BEATY WBAP
6:55 AM Week Days—10:15 AM Sundays

Jack County residents are in earnest about cutting livestock losses due to a couple of well-known causes—fires and rattlesnakes.

Actually, the loss of stock from snake bite isn't very large, but is important enough to remedy.

Last week, with justifiable pride, ranchmen and farmers of Jack county put into operation the first county rural fire truck in the country completely financed by voluntary contribution of country folks.

They set the assessment at 2 cents per acre, but this, too, was voluntary. Not all property owners chipped in, but there were enough to buy and equip the truck.

It will be kept in Jacksboro, and used for town fires, too, just as the town fire truck has been used on country fires in the past. But rural fires will have first priority on this rural fire truck.

At the scene of the fire, it will be under the direction of the local voluntary fire chief.

As for rattlesnakes, the Jacksboro folks staged a special hunt for this reporter one cold day last week. Actually the weather should have been much warmer for satisfactory results. Snake hunting in cold weather is more troublesome than dangerous. In hot weather it's vice-versa.

Men armed with long crow bars, shovels, spades, and explosives attacked a known snake den near the top of a rocky hill.

As a critter was found, he was drawn out by a strong wire hook, or a short pole with a leather loop at the end tightened by drawing the string. In spite of the freezing weather, more than thirty rattlers were driven from the rocky den.

Such Jack county folks as a few of the Dixon boys make great sport of snake hunting and have become expert.

In addition to the ranchmen-financed rural truck, Jack county claims other "firsts". The first Corn Club (forerunner of 4-H) was started there by Editor Tom Marks, they say. Also the first trial of an Indian chief for killing settlers was held in Jacksboro, we were told.

We spent an interesting afternoon last week with Homer P. Lee at Midlothian. Owner of the Lee and Smith farm, which

specializes in broad breasted bronze turkeys, he has hung up an impressive display of ribbons, plaques and prizes for his birds' winnings at poultry shows the past two years. Constant care, trapnetting, careful feeding and accurate detailing records on the behavior of each bird, all figure in the financial and show success of his turkeys. But he gives much of the credit to his turkey manager, Miss Myrna Lee Mitchell who lives with her mother on the Lee farm, teaches school in Dallas, and looks after the bronza birds, evenings and week-ends.

ONE OUT OF THREE

College Station.—One out of every three farm families in Texas improved the quality of their 1947 cash products, reports Myrtle Murry, extension specialist in home marketing for Texas A. and M. College. She says 6,623 families show an improvement in their marketing of the home grown products during the year as a result of the educational program in home marketing.

The marketing program conducted by the county home demonstration agents and the specialist, stressed three phases during 1948—improving the quality of home grown products, studying labels to learn better buying, and buying through pooled orders. The specialists gave 94 demonstrations and the agents gave 1,739 in 128 counties.

Special meeting to train leaders from each club were planned for home demonstration club women and council marketing committees. The specialist conducted 22 of these training meetings. The agents held 36 county group training schools with an attendance of 2,169 leaders from 192 counties.

The specialist reports the farm families showed an increased interest in planning for better quality and better marketing methods. She says the farm women are going farther than just raising foods for sale, and are using their skill to make hobbies pay. Some sell directly to the customer at their front door, and others to merchants in their home towns.

Some counties have organized markets which offer an outlet for their sales. These are homemakers markets, farmers markets, cooperatives, and roadside markets.

How To Make A Right Turn; Explained By Hy. Chief Elliott

(Fourth of a Series)

If you want to do a good turn for yourself and your fellow motorists, learn the proper way to make a right turn while driving your car.

The law on making a right turn was explained this week by W. J. Elliott, Chief of the Texas Highway Patrol, in cooperation with a nationwide "Learn and Obey Traffic Laws" program during February and March.

The program seeks to reduce the huge motor vehicle accident toll by familiarizing the public with traffic laws and the necessity for obeying them.

"A right turn is one of the simplest of maneuvers in an automobile, yet turning errors are reported in about 5 per cent of all accidents," Chief Elliott said.

He emphasized these points:
1. Keep as close as possible to the right edge of the roadway

both before turning and after turning. Don't swing out.
2. Don't forget to make the hand signal well in advance of the turn.

3. Anticipate the turn far enough in advance so that you can be in the proper lane. This means keeping your mind on your driving.

4. Keep close to the right after turning to cause a minimum of interference with the traffic flow you are entering.

TEXAS GETS HER BATTLESHIP

Washington, D. C.—The Battleship USS Texas is being overhauled at the Norfolk, Virginia Naval shipyard preparatory to presentation to the State of Texas as a permanent historical exhibit.

Turkeys require a concentrated ration that contains large quantities of vitamins, minerals and protein.

CHRISTIAN SCIENCE SERVICES

"Substance" is the subject of the Sermon-Lesson which will be read in all Churches of Christ, Scientists, on Sunday, March 14.

The Golden Text is: "For ever, O Lord, thy word is settled in heaven. Thy faithfulness is unto all generations" (Psalms 119:89, 90).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "As for me, I will behold thy face in righteousness: I shall be satisfied, when I awake, with thy likeness" (Psalms 17:15).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "As God is substance and man is the divine image and likeness, man should wish for, and in reality has, only the substance of good, the substance of Spirit, not matter" (page 301).

HEAD OF SOIL CON- SERVATION IN RADIO INTERVIEW

"We find ourselves all too close to the danger line with respect to our supply of agricultural land", is the warning of Dr. Hugh H. Bennett, Chief of the U. S. Soil Conservation Service.

In a radio interview with Congressman O. C. Fisher last week, Dr. Bennett—known as the father of soil conservation—said that about 85 percent of our crop and grazing land which is still subject to impoverishing erosion is still lacking the protection of effective soil conservation treatment.

Referring to conditions in Texas, Dr. Bennett commented: "Erosion surveys by the Soil Conservation Service show that something like half of both the cropland and grazing land of Texas has been previously affected by erosion."

But Bennett expressed satisfaction at the progress in water and soil conservation during the past 15 years, which, he said, has been "better than I ever expected to see."

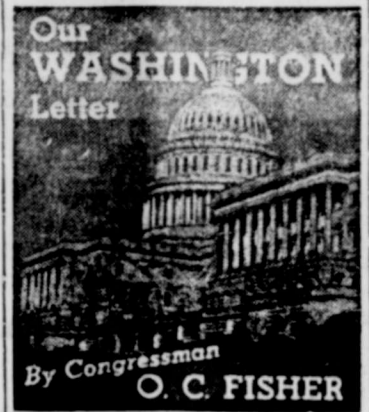

Representative Fisher, in speaking of the fight against erosion, pointed out that in the 21st Congressional District there

are now 13 conservation districts which take in nearly 9 million acres. This covers all or portions of 22 of the 27 counties.

The Soil Conservation Chief reminded that in Texas alone there are now 143 districts, including about 127 million acres or 75 percent of the state.

The conservation treatment has included such measures as range seeding, water development, contours planting, construction of terraces, strip cropping, and planting cover crops.

"Practical, scientific conservation—which deals with each important tract of land according to its needs and capabilities—benefits people on the land, business and professional people in town, our schools and churches, and the state and nation," Dr. Bennett concluded.

The House has just adopted a Senate resolution to trim the existing budget by \$2½ billion. The effect of this measure is to create a goal to shoot at—a general objective. Any actual reduction will have to be reflected in the various annual appropriation bills as they are passed. I voted for this because it should help to keep the subject of further reductions in non-essential expenditures squarely before the Members of Congress. It is hoped that the saving may be even more than this amount indicated.

Attending the annual convention of the American Association of School Administrators in Atlantic City the other day were more than 200 Texas teachers and school administrators. Their special train stopped over for a few hours in Washington. Included among those from our immediate area of West Texas who called at our office were W. E. Whitten, Superintendent of Schools at Brady; Curtis Bozarth, Superintendent of Lampasas; James D. King, the Brownwood Superintendent; Connally Neal, of the Belton Schools; Superintendent elect Larkin, of Lakeview High School, near San Angelo; Frank Jackson, County Superintendent, of San Angelo, and H. A. Moore, now of Austin but until recently the Superintendent at Kerrville.

At Atlantic City the educators advocated a program of increased school facilities for all the American people "not only to strengthen but to safeguard democratic ideals and preserve world peace." Among other desirable objectives of the teachers is better financial support for the schools.

Other Texas friends who have called on us in recent days were: Miss Rena Brown, of Mason; Terry Fisher, manager of Radio Station KNAF, and Arthur Trehling, both of Fredericksburg; Sam Lawhon, City Manager, and Glenn Lewis, City Attorney, of San Angelo; Leonard Brown, of Kerrville; Wilson Jordan, of Brady; Mr. and Mrs. Ross Bohannon, of Dallas, formerly of Brownwood; Howard Kingsbery, of Santa Anna, now doing a great service in the Department of Agriculture, stationed at College Station; E. Babe Smith, of Lampasas; Geo. W. Haggard, new Deputy Administrator of REA, recently moved here from Texas; Don Weir, a midshipman at Annapolis, of Kerrville; DeWitt Greer, State Highway Engineer of Austin; and E. M. Hahn, of Brady.

Having served some years as County Attorney and as District Attorney before coming to Congress, I was reminded of old times the other day when testifying in a case being tried in a local Federal District Court. It was the trial of one Harold Christoffel on a charge of perjury. He had appeared before the House Committee on Education and Labor last year when the Committee was investigating the then 13-month old Allis Chalmers strike at Milwaukee,

and in answer to questions swore he was not a Communist.

Christoffel was an official of Local No. 248, UAW-CIO, which pulled the strike, and there was strong evidence linking the labor troubles at Allis-Chalmers with Communism.

The Grand Jury indicted Christoffel for perjury and the trial, lasting a month, followed. The jury found the defendant guilty on each of five counts. The evidence was very convincing that the CIO labor leader was a Communist—a real party-liner.

ESTABLISH OLD-AGE BENEFITS AT AGE 65, SAYS FRUITT

Only 5 percent of those eligible to retire under social security are wealthy enough not to need social security benefits. David S. Pruitt, manager of the Austin Social Security Office, said this week.

Sixty-five percent have enough savings at 65 to live comfortably with the aid of their social security payments. The remaining 30 percent need help in addition to those benefits.

"Age 65 is the time to establish eligibility for this old age insurance that 95 percent of us need, even if we have immediate plans to quit work and start drawing benefits," he continued.

Advantages of filing applications prior to actual retirements are:

(1) The applicant will be notified of the amount of his accrued monthly retirement payment;

(2) Insurance benefits can be started simply by sending in a statement that he is no longer working;

(3) Benefits will be paid beginning with the first month he did not work even though he puts off sending in the "quit work" notice;

(4) Making application before retirement no longer fixes or "freezes" the amount of his benefits. Requests for recomputation at time of retirement allows addition of all covered wages earned since application was filed.

The Austin social security office, serving twenty counties in the Austin area, is located at 105 Brown Building.

MESSAGES of HOPE by

Dr. T. A. Williams

GIVE NATURE A CHANCE
SCIENTIFIC
CHIROPRACTIC

Chiropractic is based upon four major premises, which are now subject to scientific proof. These are established as follows:

1. The existence of a vertebral subluxation.
2. The principle that it produces pressure upon nerves and interferes with the flow of a force between two given points.
3. The adjustment of a vertebral subluxation.
4. The principle that released pressure upon nerves restores this flow of a force between two given points.

It should be noted that the subluxation and adjustment can be proven by the spinograph (X-ray).

Also, that the location of and the effects of the subluxation and the adjustment can be measured by The Neurocalometer, which is a scientific instrument that indicates very minute difference in temperature, and makes it possible to determine the point of nerve interference in the spine.

The life processes in man depend upon his special mechanism of adaptation, the nervous system, which is constantly empowered to provide coordination between each part of the body.

The nervous mechanism is a highly specialized pathway for the transmission of impulses necessary to the activation of these processes. When there is no interference along this pathway transmission is complete and we have a normal living process. With interference there is only a partially living process commonly termed paralyzed function or disease.

SPRING GARDENS COMING UP

College Station, Mar. 2—The spring garden situation is running a little behind schedule in soil preparation due to the recent unfavorable weather the past 30 days, says J. F. Rosborough, extension horticulturist of Texas A. & M. College, and most gardeners have not been able to get their soil ready at the right time. January's weather brought soil temperatures down pretty low, and in many localities the soil is extremely wet.

At the first chance, when the sun warms up things a little, the soil should be plowed into beds; wait several days, then rebed to increase warmth of the soil, and to aerate the soil through plowing.

Commercial fertilizer should be applied seven to ten days before seed planting time; five or six pounds of 5-10-5 to 100 feet of row is good, will provide a quick meal for the young plants and stimulate early growth.

Barnlot fertilizer is a good substitute for commercial fertilizer in the blackland areas of Texas. Use 50 to 100 pounds of the barnlot fertilizer per 100 foot row space.

When good weather gets around, any of these can be planted: onion plants, beets, carrots, English peas, lettuce, Irish potatoes, sweet corn, and spring cabbage. And don't forget to save part of the garden space for later plantings, Rosborough says.

One reason some cows do not respond to mastitis treatment is that their udders have been damaged beyond redemption.

Proper construction of lambing quarters, to permit thorough cleaning and disinfection, is important in preventing lamb dysentery.

DOWN ANNA MAE'S ALLEY
The car better known as "Zula" has sure been seen around McGirk an awful lot lately. Someone came after Velda Black Saturday night a week ago. Who was it, Velda? Geraldine, you looked very lonely at the play Saturday night. Dizzy, have you lost all your manners? or did you just get mad Saturday night? Corene and Zane were quite happy so it seemed at the play Saturday night.

Dorothy Nell, who was your admirer Saturday night a week ago? Couldn't have been Floyd, or could it? Vernelle, you and Aldean aren't getting along so well, are you? Velda, why didn't you and Ethylene go with David and Neal Saturday night? June, have you and Paul been having trouble lately? Sue, who was your handsome friend Saturday night? Lola Belle, a certain red-headed boy was looking for you Monday evening. It couldn't have

been Edgar, could it?

SENIOR NEWS
Since basketball season is over, we have more time for our school work. We are sorry to lose our English teacher, Mrs. Fields, but wish to take this opportunity to welcome our new teacher, Mrs. Elzner.

SOPHOMORE NEWS
By MATTIE JO GREEN
The Sophomores have lost their Home Room teacher, Mrs. Cyrus W. Fields. She has moved to Kermit, Texas. Our new teacher is Mrs. Johnnie Elzner of Lometa. Janet Cummings has withdrawn and is attending Evant school. The Sophomores are hoping for a party soon. We were very happy that our basketball girls won District Championship. Francis Beard and Floy Woodard of the sophomore girls will letter.

FRESHMAN NEWS
By JANATHA WELCH
The Freshmen are very well pleased with our new English teacher, Mrs. Elzner, but are very sorry to lose Mrs. Fields. We are enjoying our literature. We are proud to announce that Velda Black and Freda Soules are among the girls who lettered in basketball this year. Good luck, girls.

DOWN ANNA MAE'S ALLEY
Since the last edition there have been several new additions to the world of romance such as: Kenneth and Frances, Edgar and Lola B. M. E. and Mattie Jo. Keep it up kids! Velda why were you so mad Friday evening? But seems as though you were "beaming" Saturday night. The "womanless wedding" seemed to be a success. If you don't believe me ask Allen P. Freda, why weren't you and Garland at Star Saturday night? Could it be you were with Doyle and Mary L? The "Bashful Birds" are better known as Frances B. and Kenneth D.

Laveta, Bruce was at Hamilton Saturday night by himself. What has happened?

RAYMOND COCKRUM, SOLE OWNER

TO THE VOTERS

OF GOLDTHWAITE INDEPENDENT SCHOOL DISTRICT:

After careful discussion and consideration, we have come to the conclusion that there is at present a great need for a Gymnasium and additional Classrooms and other improvements in the Goldthwaite Independent School District system. We have found that by voting a School Bond Issue for \$75,000 these improvements can be taken care properly. These Bonds are to be retired over a period of 20 years, with not over 3 1-2 per cent interest, and without raising the present tax rate or the present rendition in the District. The Board feels it is very necessary to make these improvements and repairs, and is leaving the matter up to the voters of the District.

Therefore we have called a

Bond Election

FOR

Saturday

MARCH 20

When voters of the District can vote for or against the proposition of voting the \$75,000 Bond Issue, which will not cost the taxpayer one penny. The Board plans to spend about \$40,000 for the Gymnasium and the balance for additional Classrooms and other badly-needed improvements to the system, principally on the High School Building.

Party At Lake For M. Y. F.

Monday, March 8, at 6:00 o'clock the M. Y. F. and guests met at the Methodist Church and went to the lake to enjoy an evening of fun. We roasted wieners and marshmallows and drank cokes. After that Nell Carmen directed some games and Calene and Anita led songs. A swell time was had by all the young people. About forty-five were present. We wish to thank Bro. Lowry, Mrs. Ray Duren and Miss Fouse for an enjoyable evening. Everyone is looking forward to another party in the near future.

CARD OF THANKS

We want to express our deep appreciation to all who helped us bear this darkest hour of our lives, the tragic and untimely passing of our husband, father, son and brother. We want to thank those who called, those who opened their homes to us, and those who brought in food. We want to thank the funeral directors, the choir, the four ministers, and all of you who brought flowers for making the funeral service a fitting tribute to the high esteem in which Glenn was held by you who knew him.

May God bless each of you in our prayer.—Mrs. Wm. Glenn Featherston, Mary Kathrine and Rebecca Ann; Mr. and Mrs. C. G. Featherston; Mr. and Mrs. Nolan Horton and family; Mrs. Tolbert Patterson; Mr. and Mrs. Floyd Manuel; Mr. and Mrs. Jim Holman and son; Mr. and Mrs. I. Z. Mrs. M. A. Crawford Called By Death

Mrs. M. A. Crawford suddenly passed away Thursday morning at 9:00 a. m. after a fatal stroke.

Mrs. Crawford was born February 7, 1872 in Lampasas county moving to Coryell county where she resided for a few years, then returned to Lampasas county near Moline where she spent the greater part of her life.

She was married to John T. Campbell July 23, 1894 and to this union two children were born; Dan C. Campbell who departed this life at the age of 23 and one daughter, Mrs. Agnes E. Cook who resides near Moline.

Mrs. Crawford united with the Church at an early age and was faithful until her death.

She was married Oct. 31, 1931 to J. W. Crawford who preceded her in death two weeks ago.

Services were conducted Friday afternoon March 5th at 3:00 by Rev. Hubbard, pastor of the Presbyterian church at Lampasas. She was laid to rest in Payne Gap Cemetery.

Pallbearers were Floyd Foster, Lee Jay Walton, Frank Cook, E. J. Biggs, Virgil Howard and Russell Elkins.

Besides her daughter she is survived by her son-in-law, Charles Cook, one grandson, Arthur L. Cook of Moline and two grand daughters, Miss Opal Cook and Mrs. Floyd Foster of Austin.

Swing Of Southwest Farm Markets

(U. S. D. A.)
Most farm prices fell as rising trends last week, but sharp declines Monday on some products erased much of the gains, according to the production and Marketing Administration, U. S. Department of Agriculture.

Cattle scored gains of mostly 50 cents to \$1 during the seven days ending Monday, and calves sold as much as \$1.50 higher at Texas markets. Houston bought good calves at \$25 to \$27. San Antonio and Fort Worth paid from \$24 to \$27 for good and choice grades. Good and choice vealers cleared Wichita from \$24 to \$27 and Denver up to \$30.

Sheep prices rose 50 cents to \$1.25 at principal southwest terminals for the week. Top woolled lambs brought \$20 at San Antonio, \$22 at Fort Worth, and \$21.50 at Oklahoma City. San Antonio bought common and medium shorn goats fully steady at \$8 and \$9.

Hogs advanced sharply early last week, but steady losses on succeeding days more than erased the gains. Good and choice medium weight butcher hogs sold Monday at \$22 at San Antonio. Sows sold from \$16 to \$19.

Egg prices dropped off a couple of cents per dozen last week as spring supplies increased rapidly. Dallas paid around 38 cents a dozen for current receipts Monday as Fort Worth gave 39

to 40 cents. Poultry held firm. Heavy hens brought 24 to 26 cents a pound at Dallas and Fort Worth, light hens 20 to 22, and fryers 32 to 35.

Monday's cotton losses more than erased gains of last week. Spot middling 15/16 inches Monday at 33.10 cents a pound at Dallas.

Most grains advanced sharply last week to regain levels of a month ago but liquidated most of the gains in a sudden break over the week-end. No. 2 white-corn closed Monday at \$2.89½ per bushel at Texas common points, and No. 1 wheat \$2.52.

Feed prices advanced mostly one to two dollars per ton, as medium and low qualities of hay declined 50 cents to \$1.50. Peanut butter manufacturers with government contracts influenced demand for shelled peanuts. Fine Texas wools continued in demand at steady prices.

Mrs. Garth Carter and baby spent Wednesday of last week with Mrs. Marvin Spinks at Center Point.

Pangburn's Easter Candy—Hudson Bros., Druggist.

J. R. Fulton is seriously ill at his home at the foot of Miller's Hill. His daughter, Miss Hazel Fulton of Menard, was called to his bedside last week.

A CHALLENGE TO PARENTS

J. EDGAR HOOVER, Director F. B. I.

The Church is the most necessary institution in our way of life. Its influence for good is far-reaching and it is essential, in my opinion, for the youth of our nation to receive its benefits.

Early religious training to infuse proper moral concepts in the minds of our youths is an absolute necessity. Neither the laws of God nor the laws of man can be fully understood and respected unless the reasons for such laws are constantly explained and taught.

The Sunday School, moreover, is not only an important part of church life but is also instrumental in materially reducing the army of youthful offenders and delinquents. The Sunday School offers much to the young people of America. Here worthwhile friendships are made and character-building is nurtured. The lessons of common decency which should first be taught in the home are enriched in the environment of the Sunday School.

The Church and the Sunday School are a part of American community life, and their character-building advantages cannot be discounted. Parents can not afford to postpone their use until tomorrow. Tomorrow may be too late.

CAMPAIGN YEAR WARNING

There are two aspects of the coming political campaign—yes, it's almost that time again—about which the public should be informed. One is the campaign newspaper placed free in every rural box and tossed onto every urban front porch in Texas. Second is the nailing of candidates' pictures on poles of utility companies.

Newsprint is extremely scarce. Editors, who day after day have to capsule the news and turn down advertising, don't want to see newsprint wasted. Neither do their readers and advertisers. Candidates buying paper, in the black markets or otherwise, to blanket the state with their blatant self-appraisals, reduce even further the short supply of paper that should be used for the printing of unbiased news.

Smart candidates are realizing that self-produced outpourings such as those we see in campaign sheets create only a reaction of disgust. On the other hand, they are learning that messages placed in a legitimate paper carry weight because of the responsibility of the publisher who works to protect his readers from misinformation and libelous statements. Responsibility is important to thinking readers.

Have you ever seen a utility repairman's spike slip, as he climbed a pole, leaving him hanging by his safety belt? The candidates who drives the nail which a workman's spike may hit is guilty of more than just mutilating private property and creating a public eyesore. He is setting a trap that may cost a life.

In addition, he is insulting the intelligence of all voters who pass. He implies that they base their vote upon a fleeting glance at a face on a pole rather than upon an honest evaluation of his qualifications.

MECHANIC CARETAKER

The Civil Service Commission announces examination for the position of Caretaker Mechanic, G-12, from \$1.06 to \$1.30 per hour; Employment will be with Department of the Army, Camp Bowle, Brownwood, Texas.

LOOKING BACKWARD

THROUGH EAGLE FILES

TEN YEARS AGO

(Taken from Eagle File of March 11, 1938.)

An estimated crowd of well over 1,000 jammed the Mullin Auditorium, Thursday evening, March 3, for the dedication program. Seated on the platform were the following members of the Board of Trustees of the Mullin High School: S. J. Casey, secretary, D. A. Hamilton, A. L. Carroll, O. H. Pafford, A. T. Bean, and W. B. Black. President Dr. R. H. Jones was not present. Visiting superintendents present were B. J. Burton, Williamson County Schools; A. H. Smith, Goldthwaite; S. J. Armstrong, Star; and Oscar Swindle, Priddy.

On March 4, Mr. and Mrs. J. H. Potter celebrated their fiftieth wedding anniversary. The new pastor of the Baptist Church, Rev. E. E. Dawson, has moved his family here and preached at both services last Sunday.

Mr. and Mrs. Ralph Wilmeth announce the arrival of a daughter, Lucy Gale, born Friday night, March 5, at Brownwood.

The Industrious Idlers will meet with Mrs. Sam Self this coming Thursday for the entire day.

Arthur Bird is re-building his service station on Fisher Street out of native stone.

Mrs. Henry Morris and J. H. Randolph spent Friday in Mullin attending the fair.

Raymond Bledsoe is building a new cottage on Parker Street near the home of his father, C. D. Bledsoe.

L. J. Gartman is having a large concrete water tank built at his residence on Parker St. Mrs. Mary Queen celebrated her 96th birthday on Wednesday, March 9, at the home of her daughter, Mrs. Jim Fallon, at Center Point. Mrs. Queen is the aunt of Lewis Hudson.

E. F. Cunningham and family called in the Calvert Hallford home Saturday.

25 YEARS AGO

(Taken from Eagle file of March 10, 1923)

Born to Mr. and Mrs. O. N. Hamilton, Saturday, Feb. 24, a girl.

Born to Mr. and Mrs. Dick Jeske, Monday, February 26, a boy.

Bascom Goode is in Star again, after an absence of four months.

The first physician to make a permanent location in Mills County was Dr. Hugh P. Smith who made Big Valley neighborhood his home. He came from Louisiana in 1875. After Goldthwaite was established, he built the home now occupied by Ed Thompson.

On Wednesday, March 7, Mrs. Bina Ogden was hostess to the Art and Civic Club.

Mr. and Mrs. Robert Robertson of Big Valley were in town Friday.

Mrs. Haynes Harrison was hostess to the Central Embroidery Club.

ADVERTISING IN 1923

Appearing in the Eagle in 1923 were the following ads: The Goldthwaite National Bank was advertised as "the strong bank of Mills County"; E. T. Fairman Hardware notified the public that every item in the store was reduced ten per cent; Clements' Drug and Jewelry Store gave 25 cents worth of merchandise with every \$1.00 purchase; W. A. Richards at the "Sweet Shop" advertised Coal-oil lamp; W. E. Garner advised his readers to plant shrubbery; J. H. Borden offered a free can of baking powder with every sack of flour purchased; Kelly Saylor ran an ad on the 1923 Chevrolet (5 passenger priced at \$525); The Dixie Theatre stated that "Out of the Clouds" with Al Hart would show Saturday night; the Art and Civic Club related that they would present the "Beentown Choir"; Hudson Bros. gave a 50 cent box of rouge with each purchase of Soul Kiss face powder; A. E. Evans pushed his automobile tires; R. L. Steen offered a 10 per cent reduction on cash sales; Weatherly Auto Company displayed the Ford Runabout priced at \$269; Brim and Simpson advertised the new Overland

Touring car for \$525; and Yarbrough and Hester let 10 yards of cotton checks go for \$1 with a limit of 10 yards to a customer. The reduction of prices came about as a result of a Trades Day on March 17, 1923.

50 YEARS AGO

(Taken from Eagle file of March 12, 1898)

Miss Essie Perry of Big Valley is visiting friends and relatives in North Brown community.

The little child of Sam Neel was laid to rest in the North Brown cemetery last Tuesday.

Joe S. Clark of San Saba was in the city first of the week.

Miss Ella Roberts honored the Eagle with a short call Wednesday.

G. H. Frizzell left Sunday for Fort Worth and other points looking after cattle business.

Geo. W. Spier, formerly of Mullin, writes from Rising Star to have the Eagle sent to him at that place.

Misses Effie Hester and Tommie Gresham brightened the Eagle Office by their presence a few moments Tuesday morning.

Ed Jones left Saturday night for Waco to resume his studies in the business college, after a short visit to relatives here.

G. W. Cunningham made a visit to his farm on the Cow-house and states that the crop prospects are very good.

We were misinformed last week as to the location of Geo. Curtis' gin. He will move it to the Harkey neighborhood instead of Live Oak.

Mrs. Cassie Williams of Cherokee county arrived in the city Saturday night, and will spend the summer with her son, R. F. Williams, and his family, a few miles north of town.

The fire alarm was sounded about 9 o'clock Tuesday night and the light in the western portion of town attracted the population who soon learned that Gooch's gin was on fire.

Very little was saved. It was one of the finest equipped gins in Texas. How the blaze was started was undetermined.

J. B. Ferguson returned Monday night from North Texas where he has been buying wheat.

There will be a grand reception tonight at J. C. Peck's in honor of A. C. Peck and bride.

Mr. and Mrs. E. P. Thompson visited relatives in Goldthwaite Sunday.

H. F. Butts made a trip to Fort Worth this week, where he went to purchase goods for his house.

H. Barker, Eli Fairman and son Walter made a trip to Goldthwaite Tuesday from Mullin.

Miss Elma Burks returned Tuesday from Brownwood where she has been under the treatment of an expert optician.

Bob Henry is out prospecting for awhile.

Charley and Joe Featherston from Sims creek attended church at Indian Gap Sunday.

C. B. Mohler of Goldthwaite was in Big Valley Thursday.

C. Rawls was in the city yesterday and called on the Eagle.

Chas. Rawls has announced as a candidate for the office of district and county clerk of Mills county.

Quite a crowd of ladies and gentlemen boarded the train here Monday morning to go to the Stockman's Convention at Fort Worth. In the party were: Jake Murrain and son J. E., Dan Murrain, Dave Wright, Ben Bull, Frank Bull, Jas. Rahl, Leon Harris and wife, J. J. Mills and wife, Mrs. J. B. Ferguson, Jake Power, J. B. Murrain and wife, P. H. Clements, all of Goldthwaite; Louis Hendricks, John Smith, Dick Sullivan, Frank Ward, Alf Ashley, Henry Gardner, San Saba; Bill Hampton, Pat Young, Evant.

Prof. Fred Dew of Mullin was here the first of the week looking after school matters.

Frank Hart has returned from a business trip to San Angelo and other points in the west.

W. A. Harper has been badly crippled the past few days, caused by having lifted a very heavy weight at the ice house.

W. B. Daugherty, one of the Eagle's expert printers, has been sick a part of this week.

W. W. Saylor is an independent candidate for sheriff of Mills county.

Geo. W. Curtis has announced for the office of county and district clerk.

THE BIBLE SPEAKS
International Union Sunday School Lessons
By LOUIE D. NEWTON, D. D.

SCRIPTURE: Acts 20:17-38; Ephesians 5:6-21
DEVOTIONAL READING: Philippians 4:4-9

Christian Character
Lesson for March 14, 1948

WHO is the most valuable person in your community? In many communities it has come to be the custom to select the Man of the Year or the Woman of the Year, the idea usually being to name the person, through a process of sampling of public opinion, who has rendered the outstanding service of the year.

Sunday's lesson is a dramatic scene out of the long ago, picturing a community's tribute to a truly great man, the apostle Paul.

Read Acts 20:17-38, and you will have the story.

LOVED AND HONORED

THE first impression I get from this story is the fact that these people of Ephesus loved Paul. They loved him enough to lay aside their work and hasten to the seaport of Miletus to see him for the last time, and to bow down in his presence and honor him.

Why did they thus love Paul? Because he had told them about God. You need but read again the record of Paul's ministry in that important city of Ephesus to be reminded of how greatly he had served them in the name of Jesus.

Loved and honored! What a tribute to the worth of Christian character! Wouldn't you appreciate the tribute which they paid Paul as the goal out yonder to which you strive? Boys and girls of today may thus be honored tomorrow, if they will live for Jesus as Paul did.

THE POWER OF RIGHT LIVING

PAUL not only told the Ephesians how to live, but illustrated day by day in his own life what he preached to them. The most eloquent sermons are not spoken, but lived. "What you speak so loudly I can't hear what you say."

The boy and man who plays the game straight are putting into practice what the teacher and preacher preaches on Sunday. The power of right living will win its way today, just as it did in the long ago when Paul witnessed for Jesus in Ephesus.

It was not easy to live for Christ in Ephesus, nor is it easy to live for him in Chicago or Los Angeles or Boston or Miami, but it is the one way to ultimately impress the world of the reality of Christianity.

PAUL'S CONSUMING PASSION

WE ARE what we are becoming. We never was this axiom of life more powerfully illustrated than in the case of Paul. "I press on toward the goal for the prize of the upward call of God in Christ Jesus," Philippians 3:14. And in Ephesians 5:6-21, Paul reviews the qualities of conduct which produce worthwhile character, admonishing all Christians to strive for these qualities.

"I live, yet not I, Christ liveth in me," is another of Paul's watchwords, and still again, "I can do all things through Christ, who strengtheneth me."

It was the consuming passion of his life to embody the teachings of Christ in his words and in his works. It is conceivable that the people at Ephesus had come to see Christ in the life of Paul, and that his daily ministry in their midst convinced them that God was in Christ reconciling the world unto himself.

WHAT AM I WORTH?

THE question then emerges, "What am I worth to my community? When I come to the end of the journey, will the people who know me best honor and love me for what I have done?"

I can see the people of Ephesus bowing on the deck at Miletus, kissing this weary old servant of the Lord. It is a beautiful scene. This tribute meant more to Paul than all the gold of Ephesus would have meant. It was compensation of abiding worth to him. And what is vastly more important, it was glory to God which must have evoked the praise of the angels about the great White Throne.

On God's Word

John Wycliffe, in the introduction to his translation of the Bible into English in 1380, wrote as follows: "When the teachings of the Bible are generally accepted and acted on, then shall we have a government of, for and by the people." Four hundred years later the American republic was established—the first great democracy—and it was successful because the Constitution and the Bill of Rights were founded on God's Word.

FORMER SCHOOL TEACHER HERE ORGANIZES CLUB

(The following article was written by Staff Writer Morine Kovich and printed in the Houston Post of February 27. Miss Annie Laurie Petsick is a native Mills County and a former teacher here. Alvin is the sixth wealthiest district in Texas, and ranks fifth in scholastic attainment. The minimum salary next year for the teachers in the Alvin Schools with as much as seven year's experience will be \$3,450, and with a master's degree the job will pay more.)
 Alvin, Feb. 26—(Sp)—Forty high school students in Alvin call themselves the International Friendship club, and they're

as busy as the United Nations delegates promoting good will. Like topey, the group "just grew," explains the sponsor, Miss Annie Laurie Petsick, but the record made by this group in six years of similar activities is amazing. "It has taken quite a bit of international friendship right into the club," Miss Petsick says, "for there are no less than 12 different racial groups represented by club members, and so we start from the ground up."
 "That we surely must be accomplishing some of our aims is indicated by the response of our American boys and girls in a new attitude on youths of other countries."
 The club's president, Maureen Connelly, came to America from England last May with her parents and a younger brother. There's Andrew Breaux, the young French vice president;

"Good" Grass Isn't Good Enough!

The output of our grasslands can be doubled! Top experts of the U. S. Department of Agriculture will tell you that. So will many a far-sighted rancher and farmer out of his actual experience. So will students and teachers of land management everywhere... In that bright possibility of range and pasture improvement lies one principal hope for more food for a hungry world. Not only more food, but better food. For proper grassland management will improve the fertility of the land, and the nutritive value of the foods coming off it. It will save the land, too, protecting the precious layer of topsoil from blowing away or washing off to sea. And it will increase the amount and value of hay for cash-crop or winter feeding.

The way is wide open for you to improve your grass. Strong and willing allies stand ready to help you. For advice and active help in planning your own grass-management program, there's your County Agent... For technical, practical help in putting your program into operation, call on the Soil Conservation Service technician who lives in your district... And for information on newest experimental developments, call on your State Agricultural College or experiment station.

The program of good management for your grassland which you work out together will probably consist of some—or perhaps all—of the following practices. If you're in the range country: (1) Livestock numbers balanced to the amount of grass you can produce. (2) A rotation schedule of seasonal grazing. (3) Water located conveniently. (4) Elimination of excessive brush. (5) Wider distribution of salt to prevent overgrazing near salt source. (6) Re-seeding of over-used or abandoned range. (7) Introduction of improved native grasses and adapted new grasses. (8) Irrigation. (9) Protection against wind and water erosion. If yours is farm pasture land: (1) Liming. (2) Fertilization. (3) Seeding with pasture mixtures which stretch the grazing season at both ends. (4) Weed control by mowing or chemicals. (5) Rotation grazing. (6) Avoidance of over-grazing. (7) Irrigation.

We of Swift & Company have the same deep, basic interest that you have in range and pasture improvement. More and better grass is to our interest as it is to yours—and to the nation's. That's why we urge you to act, if you have not already done so, to increase the productiveness of your grasslands.

Martha Logan's Recipe for SPRINGTIME PORK AND VEAL

(Yield: 5 to 6 servings)
 1/2 pound pork shoulder 2 tablespoons flour
 1/2 pound veal shoulder 1 tablespoon sugar
 1/2 cup diced rhubarb 1/4 cup water
 1 1/2 teaspoons salt
 Cut pork and veal into 1-inch cubes. Brown in heavy skillet. Add rhubarb. Cover and simmer 1 hour. Remove cover. Combine salt, flour, sugar, and water. Stir lightly into meat. Simmer 5 minutes to blend. Serve hot with or without toast.

Profit Comes from SAVING!

The story at the head of this page is about farmers and ranchers making the most of their grasslands. By good planning, managing well, and operating efficiently, they can grow more grass, produce more food for the world, and make more money. While writing that story, I was struck by a similarity in the Swift business. For it is careful planning and efficient operation that keep us in business, too. Like you with your grassland, we've got to make the most of what we have. We've got to practice efficiency. We, also, must cut costs, operate with economy. Not only the important economy of finding uses and markets for every possible by-product, but economy and efficiency all along the line.
 Maybe you saw Swift's recent financial report for 1947. It showed that we earned \$22,334,977 after provision of \$12,000,000 for high cost additions to fixed assets. This earning represented one cent out of our average dollar of sales. That one cent was earned in large part by the savings we made. The operating figures of our business prove that statement. They show where the savings came from. New methods of doing things which save time and cost. Modern equipment replacing old, worn equipment. Better ways discovered by Swift research to produce, use and handle Swift products. A small saving here... another there... little economies pyramiding into big economies. Until, added together, the savings which we made last year in the actual day-by-day operation of the Swift business amounted to a considerable part of our earnings.
 Careful planning, good management and efficient operation are "musts" in our business as in yours. "Little things" can often add up to the difference between a profit and a loss.

"Pitted" Pastures Produce More Grass

As reported by A. L. Nelson, Robert Lang and Oscar Barnes of Wyoming Archer Field Experiment Station

"Pitting" pastures has stepped up grazing capacity of range land by as much as one-third, according to the Archer Field Station in southwestern Wyoming. "Pitting" is a simple mechanical treatment. It can be done with a one-way Wheatland plow with alternate eccentric disks. These eccentric disks leave a waffle-like surface with pits about 16 inches apart. The pits trap water, help produce more grass.

The eccentric disks are 2 inches larger than the others, with the gang bolt hole 2 inches off center. In mounting the eccentrics, you start from the rear and replace every other disk with an eccentric. Mount the first eccentric with the long side up, the second with the long side to the rear, the third with the long side down, and the fourth with the long side to the front. Continue in the same rotation until all disks are mounted.

Best time to pit is early spring, before much plant growth has started. The cost runs from 50 cents to a dollar an acre.

"Weigh 'em to Swift!"

The pen gate opens and cattle crowd into the alley, headed for the scales. A cry rings out, "Weigh 'em to Swift!" Another lot of livestock has been sold to Swift & Company. That deal is a miniature of the business relationship between livestock producers and meat packers.
 When this lot of steers was "finished," the producer sent them to the stockyards, consigned to a commission firm. In the "yards" livestock buyers came to look and make their competitive bids. Competition is always keen because 25,000 meat packers and other commercial slaughterers in the United States are active in livestock buying. Each buyer knows that unless he bids "the going price" for the animals he wants, some competitor will get them. Also, he knows that if he bids too high his company will take a loss.
 Thus competition and the law of supply and demand set the prices all along the line. This load of steers went to Swift & Company because the Swift buyer offered more than other buyers. And the price he paid was based on his estimate of what the meat, hides, glands and other by-products would be worth to Swift & Company.

Site of America's Largest Home Show

Coliseum to House Exposition — Houston's mammoth Sam Houston Coliseum will be the site of America's largest home show in 1948.

Home Show to Occupy 150,000 Sq. Ft. Space

HOUSTON, TEX. — The 1948 Houston National Home Show will be the largest show of its kind in America, Producer I. W. Curry has announced.

More than 150,000 square feet of floor space in mammoth Sam Houston Coliseum and the Annex will be filled with dazzling displays of "everything for the modern home." Mr. Curry revealed. Popularity of the previous home shows prompted the tremendous increase in exhibit space.

I. W. Curry

To date more than 185 exhibitors have signed contracts for the 1948 show and last minute applications indicated that the number of exhibitors may reach 200. The show will feature modern building materials and construction features, postwar home appliances and equipment, modern home decoration and furnishings and home financing plans and ideas. Mr. Curry stated.

As a specially-added attraction, the Houston Home Show will feature a wedding on the opening

night of the show, April 25. The lucky couple will be chosen by contest and will be married in the surroundings of exhibits which display all the elements for building and equipping a modern home, it was disclosed.

A round-trip honeymoon excursion to New Orleans by air will be given the couple. They will also be presented many gifts to begin their new household.

One of the highlights of the 1948 show will be two model homes, completely furnished, which will be erected on the floor of the Coliseum, Mr. Curry said. The homes will be constructed by Southern Builders of Houston, developers of Greenway Addition, and will be furnished by Lee's, Inc. Ten gigantic floral displays have been arranged for and will be dispersed so as to break the commercial atmosphere of the show, Mr. Curry explained. Rest aisles will also be provided for the visitors' convenience.

The Houston Home Show will open on Sunday, April 25, and will run for eight days. Due to the expected increase in crowds, Mr. Curry said that the price has been cut to thirty cents (including tax). Children under 12 will be admitted free if accompanied by their parents.

MID-TEXAS TEACHERS MEET AT SAN ANGELO

Mr. District Attorney

(Editorial in Brady Standard)
How long must Chicago be associated with such infamous things as the Capone gang? With the Valentine Day slaughter? John Dillinger? Thugs? Gunmen? How callous, how indifferent, how craven, how insensible have you grown that a fine young man can visit your city and be struck down in cold blood and it be called "justifiable homicide"? No more justified was that diabolical deed than the brutal killing, Mr. District Attorney, of three of your own policemen on the streets of Chicago that same night!

Let us contrast the reputation of William Glenn Featherston with that of Chicago. He graduated from Goldthwaite high school and was salutatorian of his class. He enjoyed a reputation for being a Christian young man, honest and of good moral character—by the people who know a man best, his home town. He went to war for his country and spent five years in the service, two overseas, and was discharged with the rank of captain. He got married and came to Brady a little over a year ago. He joined the First Methodist church. He made friends everywhere he went. He was respected. Six weeks ago he became the father of a little girl. He bought a home for his family and to secure their future he left last week to attend a diesel school in Chicago.

This is the young man, Mr. District Attorney, who was known to have more than \$100 in his pocket and whose skull was crushed from behind by a taxi driver, yet when found had only \$3 on him. Surely you

would not insult the intelligence of Texans by calling this "justifiable homicide"? Especially since this is the third man who has been slugged and killed while attending an International Harvester school.

Just because a city is big, Mr. District Attorney, is no excuse for it to become the haven for criminals, lawlessness and violence. Need we cite you the instance of Philadelphia—the city of Brotherly Love—a city known and respected for its arts and culture, the third largest city in the United States?

Glenn Featherston has been taken from his family, his relatives and his friends and there is nothing you can do, Mr. District Attorney, to alter that fact, but you can bring to justice the thugs who perpetrated this indefensible act and in so doing clear the name of a fine young Texan.
