Hunnert has been kicking  
all this week for push-  
ing R buttin on his W. D.  
using it to rain so much—  
is what happened:

Worry about starting  
now, dear—two more  
and we'll be there."

### HE AIN'T FREE—

Just because Old Hun-  
nert has been kicking  
Weather Distributor last  
night and got all this  
he don't want people to  
the weather is free around  
parts. After advertising  
weeks that a little silver  
crossing would get the  
kind of weather he  
just when he wants it,  
obody at all crossed any,  
though it was gitting so  
round here you had to  
your mouth before you  
spit—Old Hunnert got  
mad and punched in the  
chin for free. But, here's  
the rule: If you want it  
to rain, you better cross  
your eyes, otherwise  
with Old Hunnert is go-  
ing to be W. D. business as  
the where he comes to  
a few coins daily with  
not knowing about same

him change his mind.  
the rule is: Don't gripe.

### CHOICE—

Hunnert's glad we don't  
try Adoffs or Joes here in  
SBS to tell us what to do.  
It still make up our own

### WARNING TO THE PUBLIC

We have been notified of peo-  
ple shooting from cars on  
highways and public roads in  
Mills County. Some mail boxes  
have been shot into and badly  
damaged.

Any one giving any informa-  
tion of this violation will be  
greatly appreciated by this of-  
fice, as it is very dangerous to  
the public and is a violation of  
county, state, and federal laws.  
W. L. MAHAN,  
Sheriff, Mills County

## TWO AND A HALF TO THREE INCHES RAIN OVER COUNTY

A good rain, which varied  
from two inches down to a  
quarter inch, fell over Mills  
County on Thursday night of  
last week. Again on Saturday  
night, precipitation measured  
about the same over the county.

The rain was very badly need-  
ed, but came too late to help  
most grain crops. Grass and  
weeds in pastures, which were  
beginning to dry up, are now  
green again—and everybody in  
the county is now wearing a big  
smile. Old timers of Mills Coun-  
ty have always said that when  
we absolutely had to have it,  
it would rain here. It was one  
of those "million dollar rains."

The government gauge kept  
here by Harry Allen registered  
1.44 inches of moisture as fall-  
ing on Thursday night, and .97  
of an inch on Saturday night,  
a total of 2.41 inches. This  
brought the total rain for April  
here in town to 2.89 inches, and  
the total for the year to date  
to 7.78 inches, which is around  
normal although January and  
March were exceptionally dry.

Rainfall was recorded here in  
town on five days in April:  
April 1, .10; April 12, .14; April  
13, .24; April 23, 1.44; April 25,  
.97; total, 2.89.

By months this year follows:  
January, .15; February, 3.47;  
March, .87; April, 2.89; total,  
7.78 inches.

Rainfall over the county for  
Thursday and Saturday nights  
ranged from two to three inches  
—and a peculiar thing about  
the fall is that where rain was  
scarce Thursday night the clouds  
Saturday night came through  
with enough moisture to make  
up for the loss.

Reports from various sections  
of the county follow:  
Following are reports or rain-  
fall last Thursday night, April  
22, from over the county: Gold-  
thwaite, 1.44 inches; Wilky  
Shady Oak Ranch, 7 miles  
southwest, 1.41 inches; J. H.  
Priddy place, west of Priddy,  
.65; John L. Leonhard, five  
miles west of Goldthwaite, 1.95;  
Hern Harris place west of the  
Bayou, .25; Carl Casbeer place,  
Center City, .75; Cary Owens  
(Big Foot Ranch), four miles  
south of Star, .57; Dr. T. C.  
Graves ranch, Mt. Olive, 1.50  
inches (est).

Most of these reports are  
made from rain gauges being  
sold over the county to farmers  
and ranchers in different sec-  
tions of the county by the local  
Soil Conservation Service.

### SATURDAY NIGHT, APRIL 24

Following are some reports of  
the rainfall over the county  
Saturday night of last week:  
Goldthwaite, .97; Cary Owens,  
1.02; Hern Harris Ranch, 1.75;  
John L. Leonhard, .97; Dr.  
Graves Ranch, Mt. Olive, 1.50  
(est).

## Goldthwaite Red Sox To Play Fredericksburg Here Sunday

Goldthwaite Red Sox will put  
out all they've got at the new  
Municipal Ball Park here next  
Tuesday night at 8 o'clock when  
they play a return engagement  
with the Fredericksburg Giants.

Goldthwaite went to Freder-  
icksburg on Sunday, March 18,  
and lost to the Giants in a  
practice game to the tune of 7  
to 2, and the Red Sox will try  
desperately to even the score  
here Tuesday night. Admission  
to the game will be 50 cents for  
adults and 15 cents for all  
school children.

## Eight-Team Mills County Softball League To Start Season Play May 7

The eight-team Mills County  
Softball League, organized here  
last week, will start season play  
at the new Municipal Baseball  
Park here on next Friday night,  
May 7, starting time 8 o'clock.

From then on, two games  
each night will be played at  
the field on Tuesday and Fri-  
day nights, first game starting  
at 8 and the second about 9  
or 9:15. The league is composed  
of eight teams, three from Gold-  
thwaite and one each from Mullin,  
Priddy, Star and Big Valley,  
with Moline and Pleasant Grove

furnishing one team.  
A split-season will be played  
in the softball league, with win-  
ner of the first half playing  
winner of second half for the  
county championship.  
A complete summer schedule  
and rules and regulations that  
have been adopted will be pub-  
lished in The Eagle next week.  
Price of admission to all soft-  
ball games will be a donation at  
the gate, the money to be used  
to pay off note-signers who put  
up the money to build the new  
park.

## Soils And Souls Week To Be Ob- served Over Mills County May 2-8

### 'SAVE THE SOIL AND SAVE TEXAS'

The annual awards in the  
"Save the Soil and Save Texas"  
contest sponsored by the Fort  
Worth Press will be made in  
Fort Worth at the Texas Hotel,  
Saturday night, May 1. Leaders  
in the field of Soil Conservation  
will share the \$13,000 award  
money for their outstanding  
achievements of getting soil  
conservation applied to the land.

The following party from Mills  
County will attend the banquet  
at the Texas Hotel in Fort  
Worth: J. H. Priddy, Dr. T. C.  
Graves, Charlie Wilson, Homer  
Weaver, E. T. Fairman, Ben R.  
Day, Charles Haenisch, and Carl  
Casbeer.

### FATHER AND SON ANNUAL BARBEQUE

On April 22, 1948 the Priddy  
Chapter, Future Farmers of  
America held their annual  
Father and Son Bar-B-Q. All  
the members were present.

The F. F. A. Swetheart, Ro-  
mona Schulster, four girls and  
their teacher, Mrs. Dorgan,  
were also present.

The guests that were present  
were: Tulley P. Lee, W. W. Lim-  
mer, Ray Priddy, Grover Poer,  
Herman Kops, George Wagner,  
Bernard Wagner, Jack H. Ryan,  
V. G. Dunlap, John Patterson,  
C. G. Rankin, W. F. Lubke, H.  
C. Tiemann, Carl Niemann,  
Otto J. Schlee, George Niemann,  
G. R. Wagner, Rev. A. H. Meul-  
brad, H. H. Smith, K. H. Tie-  
mann, Otto Kunkle, Albert Hop-  
per, Ernest Kohler, and Alfred  
Limmer.

At 12:15 we started to eat  
lunch. After lunch we all talk-  
ed among each other.

Then we had a baseball game  
with the teams selected from  
the F. F. A. boys. The girls play-  
ed with one of the teams.

After that game the fathers  
played the F. F. A. boys. After  
the close of the game the fathers  
and sons went home.

The F. F. A. boys had a good  
time and enjoyed entertaining  
their fathers very much.

### GIRL SCOUT NOTICE

Mr. Ferguson, a regent mem-  
ber in Scouting, will be in Gold-  
thwaite May 6th. He will speak  
to all interested in Scouting at  
8 p. m. in the Baptist Educa-  
tional building. All parents are  
urged to attend. An attendance  
prize of \$3.00 will go to the  
troop having the largest num-  
ber of parents present to vote  
for them. Please come.

### ROG'S CORNER MORNING IN SPRING

The gray down creeping o'er  
the hill.  
The last sad note of the whip-  
poorwill.  
The red bird comes out of the  
night  
Whistling and whistling with  
all his might.  
The bob white calling to his  
mate  
Tis mating time. He wants a  
date.  
The mocker bursts forth in new  
born song.  
Listen to him! You can't go  
wrong.  
A robin, delayed in Northward  
flight,  
Charps sadly, bewailing his  
lonely plight.  
The morning call of birds and  
beast  
Resound in echo from West to  
East.  
Hear Nature calling if you will  
With gray down creeping o'er  
the hill.

### JOHN N. KEESE IN SERIOUS CONDITION

Reports from the bedside of  
John N. Keese, retired mon-  
ument dealer here and an old  
settler, stated yesterday morn-  
ing that he was in a very ser-  
ious condition. Mr. Keese was  
rushed to a hospital in Brown-  
wood on Thursday of last week,  
after having fallen from a  
chicken house at his home here.  
He received six broken ribs,  
and a part of his body is par-  
alyzed. All his children have been  
notified to be at his bedside.

Mr. and Mrs. Tom Miller and little granddaughter Linda Kay Miller, spent Thursday in Austin with their children, Mr. and Mrs. Lewis T. Hudson and little Dow Thomas.

Mrs. M. Y. Stokes, Jr. and little daughter, Margaret Anne, Mrs. Fred Reynolds, Mrs. M. Dick Lowery, Mrs. Ray Blackburn and Mrs. Marshall attended a Sub-District meeting of the Woman's Society of Christian Service at Lampasas Tuesday.

Mr. and Mrs. Frank Taylor and daughter, Sue Frank, of Hamilton spent the week-end with her mother, Mrs. J. D. D. Berry.

Mrs. Jesse Moreland and daughter, Jan, was called to Bentonville, Ark. Thursday of last week to be with her sister,

Mrs. John Neal, who underwent a major operation. Mrs. Moreland was met at Brownwood by her sister, Mrs. C. A. Horton of Talpa, who accompanied her to Bentonville.

Mrs. Steve W. Scott of San Angelo visited over the week-end with her sister, Mrs. Allen Ross.

Mr. and Mrs. Lee Sykes and daughter and Mrs. T. P. Reed of Ballinger visitor in the Marshall Miller home Sunday afternoon. They were returning from Big Valley where they attended a family reunion.

Mr. and Mrs. H. C. Young of Evant spent Monday in the home of her sister, Mrs. J. B. Burnett, and Mr. Burnett.

**Mills County Veterans' Vocational School**

The distributive education classes are in the news again this week. Perhaps, the first in importance was the instructors conference last week-end at Taylor, which was attended by Mr. Williams and Mr. Swindle. They report a very interesting meeting. After the meeting was over and they returned to the home town, work was in full swing on the D. E. building. Jack Locklear and his boys were making a big noise at the back of the Vocational School and on investigation we found them building an addition to the classroom. Also Williams and Swindle and their classes have been doing some work there. In fact, Mr. Swindle was caught by surprise while doing some repair work in the building. Believe it or not, he slings a wicked hammer and mows that timber with an awful stroke of the saw. All the force seem to think that an excellent carpenter was spoiled when they tried to make a teacher of him.

The agriculture classes in all the different communities have been doing special work-crop study and demonstrations to determine the proper methods of cultivation for the different types of crops, especially small grains and sorghums and what legumes to use in this section on different types of soil. Mr. Carothers and his class made some study of animals with lump-jaw, the treatment of which should be done by a veterinarian. However, it is my understanding that treatment can be administered by the owners themselves. But these treatments are too technical and important to be considered through these reports. All we can do is to advise those having diseased animals to consult their respective instructors. With the hope

**MODERNISTIC CLUB PROGRAM HIGHLIGHT**

The concert given by the Modernistic Club of Brownwood, directed by Miss Mavis Douglas, accompanist, Mrs. Bartholomew, Mrs. Guthrie and Mr. Park (violin), proved to be the highlight entertainment of this season.

It was well rendered to an appreciative audience.

The first group of classics was of having more time next week for writing than we have now, we shall bring this to a sudden close and try to do better next week.

well received, showing we were to be entertained by excellent musicians.

The second group of a lighter music, "Ten Little Indian Boys," and "Winkum, Blinkum, And Nod" were favorites with most of the audience, especially the men.

The Sacred Group lifted the mind to a more holy atmosphere.

The entire program displayed the musicianship of the performers. We feel very proud that we could have such a program for our town.

A reception by the Schubert Club followed at the Sam Sullivan residence.

zens of our town extend our thanks to Miss Douglas and the accompanists for an enjoyable evening.

Out-of-town guests, eleven members of the Charminade Club of San Saba, twenty-three artists of Brownwood, helped to make an audience worthy of such splendid musicians.—

### FILM FANS TREATED TO THRILLING TALE OF TEXAS HISTORY

Not since "Gone With The  
Wind" have audiences been  
treated to a picture of such  
epic scope as Republic's stirring  
drama, "The Fabulous Texan"  
which comes next Tuesday to  
the Melba Theatre.

Encompassing a dark period  
in American history, referred  
to in school texts as The Re-  
construction, it deals with the  
internal strife and sectional  
hatreds that were roused in  
post-Civil War Texas.

With a lavish, but deft hand,  
Director Edward Ludwig has  
pointed up this struggle of Tex-  
as in her most desperate hour.

A gigantic cast, headed up by  
William Elliott, Catherine Mc-  
Leod, John Carroll with Albert  
Dekker, Andy Devine, Ruth  
Donnelly, Robert Barrat, Dou-  
glas Dumbrille and Harry Daven-  
port, authentically depict the  
opposing elements that battled  
for supremacy of the great  
sprawling state. There are over  
one hundred speaking roles in  
this picture.

Elliott and Carroll play major  
roles as two returning Confed-  
erate veterans who adopt vary-  
ing methods to free their state  
from the cruel domination of a  
ruthless politician and his  
legalized gang. One attempts  
persuasive tactics while the  
other resorts to violence. Be-  
tween them stands Catherine  
McLeod, as the girl they both  
love.

"THIS TIME FOR KEEPS"

Everybody gets into the act in  
M-G-M's blues-chasing new  
Technicolor musical, "This Time  
For keeps", showing at the Mel-  
ba Theatre Sunday and Monday,  
and when you consider that the  
act includes Ester Williams in  
some of her most bewitching  
water routines, the inimitable  
Jimmy Durante, Lauritz Mel-  
chior of the operatic arias,  
crooning Johnnie Johnston and  
the Latin rhythms of Xavier  
Cugat and his orchestra—you  
can surmise that the act is BIG.

It's big, it's romantic, it's  
tuneful—but most of all, it's  
howlingly funny, with Durante  
at his uproarious best in the  
role of an aquatic star's self-  
appointed guardian ever on the  
alert to keep the "wolves" away  
from the girl he adores. Johnnie  
Johnston is one "wolf" who slips  
by Durante's keen nose straight  
into the arms of attractive  
Ester, but not until a few com-  
plications are gotten out of the  
way—one of them being a soci-  
ety girl whom Melchior, play-  
ing Johnny's opera-star father,  
has chosen as his son's bride.

Monday night with his aunt and  
family.  
Mrs. Mattie Tinkler and son  
of Miles visited Sunday with  
her brother, Fate Eckert, and  
family.

Altha Mae Eckert spent Sat-  
urday night with Norma Jean  
Johnson.

Mrs. Dutch Smith and eleven  
other ladies were hostesses  
honoring Mrs. H. C. Carothers  
with a bridal shower Thursday  
in the home of Mrs. Clyde Mc-  
Nally of Lometa. Mrs. Carothers  
was formerly Miss Betty Zane  
Williams.

Mr. and Mrs. Dutch Smith  
had a fish fry Wednesday for  
some friends from California.  
They were Mr. and Mrs. John  
Allin, Mr. and Mrs. Jean Gage  
and Judy, Mrs. Velmer Gage  
from Priddy and Mr. and Mrs.  
Fate Eckert. The host and hos-  
tess, Mr. and Mrs. Dutch Smith.

The Lazy B Ranch has sold  
to a man in Brady. The Jerni-  
gan Brothers have sold their  
lease to him, we understand.  
They are moving their stock  
this week.

Mrs. P. R. Jordan, Mrs. Ward  
Carlile, Mrs. Willie Casbeer at-  
tended the Carothers shower  
Thursday.

Mr. and Mrs. Fate Eckert

### Swing Of Southwest Farm Markets

By U.S.D.A.  
Strong livestock markets contrasted with lower trends on most other farm products in the southwest during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Hog prices varied widely up and down but closed Monday about \$2 higher on butchers at Kansas City, Denver and Wichita, and \$1 up at Oklahoma City and Fort Worth. Sows ranged generally around 50 cents higher at \$14 to \$16, and pigs sold unchanged at \$15 to \$18 at Fort Worth. Top butchers varied from \$21.25 to \$22.50.

Cattle sold generally 50 cents to \$1 higher for the week, though Texas markets held steady and yearlings about unchanged and Houston closed steady on about all classes. Common and medium slaughter steers and yearlings ranged from \$19 to \$25 at Houston. San Antonio paid \$25.50 to \$27.50 for medium light steers, and Wichita gave \$28.50 to \$29 for good kinds. Denver took helpings to \$28.50.

Spring lambs gained around 50 cents to \$1 during the past week, although old crop lambs sold steady to lower and ewes remained about unchanged. Common to good spring lambs

turned at \$14 to \$23 at San Antonio early this week, as good and choice grades brought \$24 to \$24.50 at Fort Worth, to \$26 at Oklahoma City. Denver bought medium and good woolled lots around \$25.

Egg markets weakened further this week under seasonally heavy production and lighter hatching demand. Favorable storage demand prevented even lower prices. Current egg receipts ranged from 85 to 40 cents at most southwest terminal markets. Good demand for barely adequate supplies of poultry kept prices firm.

After showing slight strength early, grains began to fall rapidly for weekly losses of 10 to 15 cents a bushel, as timely rains improved crop prospects. No. 1 hard wheat closed Monday at \$2.47 and 1-2 at Texas common points. No. 2 grades of white corn sold around \$2.61, yellow corn \$2.39 and 1-2, milo fell 22 cents to \$3.65 to \$3.70.

Trade in shelled peanuts remained slow, but peanut oil and meal strengthened. Southwest wool prices advanced sharply.

Cotton gained early but dropped later for \$1.25 to \$4.35 per bale losses. Spot 15-16 inch middling closed Monday at 37.55 cents a pound at Dallas, 37.10 at Houston, 37.20 at Galveston, 37.15 at New Orleans, and 36.70 at Little Rock.

### PRESCRIPTION LABORATORY OPENS IN BROWNWOOD

The opening of Prescription Laboratories at 116 West Lee Street in Brownwood this week was announced by Earl Tate and Charles Farris, owners.

The new business enterprise for Brownwood will engage exclusively in the filling of Doctor's prescriptions. The owners state that this is the only exclusive prescription laboratory in this part of the state.

The laboratory is complete in every detail, including all new fixtures and the most modern of refrigerated cases for the safe keeping of biologicals. The complete stock of the laboratory includes all new and fresh drugs.

Both Mr. Tate and Mr. Farris are registered pharmacists and together have 48 years experience in the drug business. Both have owned drug stores of their own. For the past 18 months Mr. Tate, who is a native of Brownwood, has been connected with drug stores in Brownwood. Mr. Farris in recent years has been connected with drug stores in Odessa and DeLeon.

Mr. Tate is a veteran of World War II and Mr. Farris a veteran of World War I.

Prescription Laboratories offers free citywide delivery service in Brownwood.

Mr. Tate formerly lived in Goldthwaite.

### MILLS COUNTY LAKE GETS 25,000 BASS

W. L. Baum, superintendent of the State Fish Hatchery at Cisco, was in Goldthwaite Tuesday, bringing 25,000 Bass fry for the Lawson Kemp lake five miles east of Goldthwaite on the Waco Highway.

Mr. Kemp, at considerable cost, has just completed a 30-acre lake on his place, and recent rains have filled it to the brim. He has a beautiful place, which he intends to make into a resort.

Mr. Baum will soon start a series of news articles in the Eagle and other papers, telling the people how they can get free fish from the state hatch-

### GOLDTHWAITE GARDEN CLUB

The Garden Club met in the Fred Stephens home on Wednesday, April 21, with Mrs. Stephens, Mrs. D. D. Tate, Mrs. C. T. Wilson, Mrs. C. F. Stubblefield and Mrs. W. P. Duren as co-hostesses.

The reception suite was beautifully decorated with arrangements of iris, roses, and dogwood, from club member's gardens.

Mrs. Tom Collier was leader for the following program: Birds, by Mrs. M. F. Horton; Texas Blue Bell, Mrs. Mayme Winsor. She then introduced the guest speaker, Mr. Day, the local Conservation Agent, who brought a very worthwhile message on "Conservation of Grass-

es". He very ably discussed subject and all present saw the necessity of conserving our native grasses.

The hostesses served ice cream and cake to six club members and following guests; Mr. and Mrs. Will Potter, Brownwood, and Mrs. Ford.

Mrs. Jess Tullios will be home Sunday after spending weeks in Fort Worth, home of her son, Mr. and Mrs. Earl Tullios. Mrs. Tullios has been caring for her new daughter, as Mrs. Earl has been in the hospital some time.

Mrs. Joe Langford has a guest this week her sister, Mrs. Evans.

Dr. Lull is national secretary of the American Medical Association.

**WRITER SEES TEXAS FORCED OUT OF UNION**

By Byron C. Utecht  
Austin, April 8—The state of Texas will soon be confronted in the United States Supreme Court with a case of "De Annexation," to be plain-spoken and still stick to the truth. Tom Clark, Attorney General of the United States, has declared that he intends soon to file a suit in the Federal Supreme Court attacking the biggest provision in the annexation treaty of agreement, the provision that retains for Texas its public lands, including tidelands, seeking to transfer to the federal government these public lands, lock, stock, and barrel.

The record show that the Supreme Court for a decade has rolled up a preponderance of "yes" rulings to administration policies. When this suit is heard and when the Supreme Court knocks out the contract under which we entered the Union, then Texas will be in a queer position.

We are not a republic any more. Yet with such a Supreme Court ruling we won't be in the Union either, for the decision will annul the treaty in its most important part, for otherwise Texas would never have agreed to become one of the 48 states. In effect, the Supreme Court will be telling Texas to secede whether we want to or not.

The proposed suit is more important than merely state rights, or keeping of the binding contract between the United States and Texas, for with these tidelands taken over by the federal government, the public school system of this state will lose millions of dollars annually, now being received as royalties in oil production. An estimate says the oil in the tidelands of Texas is valued at \$7,000,000,000.

While there are two bills in Congress to retain tidelands for the various states, these are apart from the proposed suit by the Attorney General, and even should the bills pass, the President is likely to veto them, as done previously. To American citizens who believe that treaties and contracts are sacred and are not merely scraps of paper, it will be very confusing. The sole hope of Texas lies with Congress passing the quit claim bill and overriding a veto.

**CHRISTIAN SCIENCE SERVICES**

"Everlasting Punishment" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, May 2.

The Golden Text is: "Evil shall slay the wicked; and they that hate the righteous shall be desolate. The Lord redeemeth the soul of His servants; and none of them that trust in him shall be desolate." (Psalms 34: 21, 22).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Know ye not, that to whom ye yield yourselves servants to obey, his servants ye are to whom ye obey; whether it sin unto death, or of obedience unto righteousness?" (Romans 6:16).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with

DELIVERY SERVICE

**Case of the ALIGNED HEELS**

MR. COBB noticed his front tires were wearing too fast, so he went to his STAR dealer. "Your wheels are out of line," the dealer said. "But wait, don't get upset. Your unconditional written guarantee on STAR Tires covers that, too." So Mr. Cobb got his pro-rata adjustment on two new STAR Tires. "That beats all," he said. "I never saw a better guarantee."

streets or roads, the multi-angle tread of gives you safer driving. When you put your tires, you are a lot safer with STAR Tires now to STAR Tires for safer driving.

**JAKE DAVIS SERVICE STATION**

**Tires Lead in QUALITY!**

Mr. and Mrs. A. W. Hanna and daughter, June, Mr. and Mrs. McMullen and Mr. and Mrs. W. H. McMullen, Jr., Mrs. Janie Hanna, Mr. and Mrs. Ernest Olson and daughter, Olga, of Indian Creek.  
Mr. and Mrs. Truman McMullen spent Sunday night in the Hanna home.  
Willie Sikes has gone to work in Odessa. We missed him from our Sunday School Class. He has been a very interesting teacher.  
Bro. Don McGaughey will be with us again Sunday. We will have dinner on the ground and an afternoon service is planned. We enjoyed having the folks from Ebony with us when he was here last and hope they and many more will be with us Sunday.  
Mr. and Mrs. J. W. Hocker of Frangfort, Kentucky, surprised her sister, Mrs. Truman Crowder, when they stopped to visit her and family on their way to Oregon. They spent the weekend and enjoyed meeting the friends and neighbors of this community.  
Mrs. F. L. Crowder went with her son, Truman, and family to Neal Sunday where they spent the afternoon with the Will Edmondson family and attended singing in the evening.  
F. L. Crowder is doing well now after having spent a few days in the hospital at Brownwood.  
Grandmo Ivy went to Goldthwaite Wednesday where she will stay with her son, Will Crowder, and family. We miss her a lot.  
Ruff Hunter went to see his doctor today. He is afraid his eyeball will have to be removed. He wishes to thank his neighbors who gave him a days work and plowed his fields for him and the ladies who helped with dinner last week.

**By MRS. ORA BLACK**  
From all indications everyone is happy from out our way. However, with the two fine rains in less than a week's time, means work and a lot of it for the farmers.

Mr. and Mrs. Curtis Mosley and Mr. and Mrs. Tom Hunt were down from Coleman last week looking for pasturage for their sheep. Fortunately, they leased 700 acres near Mullin from Andy Weston and C. H. Black.

Mrs. Wilke's niece, who has been visiting her from Arkansas, returned Saturday to her home. Mrs. Wilke and Mr. and Mrs. C. H. Black accompanied her to Brownwood to take the train from there.

Mr. and Mrs. Frank Hines and Greta Sue accompanied Mr. and Mrs. Grady Carothers to Temple Sunday for a visit with Rev. Emery's father, who is a patient in one of the hospitals.

Mr. and Mrs. Barney Laughlin and Mrs. T. A. Casbeer called Monday in the Marion Burnham home.

Mr. and Mrs. Wayne Henry and children went to Austin Sunday for a visit with Mr. and Mrs. Gordon Henry.

Noble Doggett came in from Odessa for a week-end visit with his family.

Jane Black went to Abilene Saturday to attend a district meet and again placed third in typing.

Rev. Cloud and Mrs. Cloud of Brownwood called Sunday afternoon in the Webb Laughlin home.

Guests Sunday in the Webb Laughlin home were; Mr. and Mrs. Boz Laughlin and baby, Linda, Mr. and Mrs. Floyd Laughlin and daughter, Nan, R. D. Alexander and wife, and Mrs. Willard Petts and son, Mike, all of Lometa, and Mr. and Mrs. Marvin Laughlin of Brownwood.

Mr. and Mrs. Chas. Wright of Mullin and Rev. Cloud and Mrs. Cloud and Charles of Brownwood were Sunday guests of the writer.

Mr. and Mrs. C. H. Black were guests last Thursday evening of Mrs. Wilke. Mrs. Wilke entertained with a chicken barbecue.

Mrs. P. R. Jourdon, Mrs. Ward Carille and Mrs. T. A. Casbeer attended a bridal shower in Lometa Wednesday honoring Mrs. H. C. Carothers, a bride of a

few weeks.  
Mrs. Webb Laughlin and Mrs. Noble Doggett visited Tuesday in the home of Mrs. R. D. Evans.  
Mrs. David Jones had as her guest over the week-end her mother, Mrs. Steve Smith, of Lampasas.

We understand that Victor Williams has sold his ranch home to a party in Brady.

Mr. and Mrs. Ward Carille visited Thursday in Lampasas.

Mr. and Mrs. T. A. Casbeer went over to San Saba Sunday as guests of Mr. and Mrs. Coleman Burnham.

Guests Saturday of Mr. and Mrs. Silas Burk were her parents, Mr. and Mrs. Perry, and Miss Cordell Perry of San Saba.

**CARD OF THANKS**

We wish to thank our friends for the assistance and sympathy during the illness and death of our beloved father and grandfather, J. H. Futterer. Also for the beautiful flowers.—  
Mr. and Mrs. C. C. Collier  
And Family.

**PERSONAL PARAGRAPHS**

Mr. and Mrs. O. L. Woody spent the week-end in San Antonio visiting their daughter, Mrs. F. J. Cartwright, and family. They also saw the Battle of Flowers. The Woodys took their granddaughter, Carolyn Love, to San Antonio after a five weeks' visit here.

Mr. and Mrs. L. L. Wilson of Mullin were in Goldthwaite Sunday morning and attended the service at the Methodist Church.

Mr. and Mrs. Jesse Saegert made a business trip to Dallas Monday. They were met by his brother, Mr. and Mrs. Clarence Saegert, of Austin. The Mmes. Saegerts and Mrs. C. C. Smith of Dallas attended a luncheon and style show given by Niemann-Marcus at the Baker Hotel.

Mr. and Mrs. Vern Bucklew of San Diego, California, and Mr. and Mrs. Arlis Webb of Cross Plains were last week guests of Mrs. F. D. Webb. Mrs. Bucklew is a niece of Mrs. F. D. Webb's, and Arlis Webb is her nephew.

Mrs. E. D. Hamilton and her mother, Mrs. M. E. Archer, and Sarah Jane Cockrum visited Monday afternoon with Mrs. E. D. Hamilton at Star.

Mr. and Mrs. James W. Frizelle and little Jimmie Reid of San Antonio spent a few days last week with her parents, Mr. and Mrs. Jack Reid, and with James' grandfather, G. H. Frizelle, and family and with other relatives.

Mr. and Mrs. F. D. Reynolds and Mirelene spent Sunday with her parents, Mr. and Mrs. C. H. Baber, near Dublin. Mrs. Baber accompanied them to Goldthwaite for a week's visit.

Mr. and Mrs. O. W. Hunn of Fort Worth arrived here Monday for a few days' visit with her mother, Mrs. L. B. Ashley.

Mrs. L. B. Benningfield and children visited over the week-end in Lometa with relatives.

Mr. and Mrs. W. E. Burleson of Mullin spent Monday afternoon with her sister, Mrs. W. B. Sunny.

Mrs. Lee Walton of Center City and Mrs. Dan Yates went to Georgetown recently to attend the O.E.S. School of Instruction.

Mrs. Walter Weatherby and her brother, Mr. and Mrs. Luther Oquin of San Angelo, went to Oklahoma Friday of last week for a few days' visit. Mr. and Mrs. Oquin visited their son, Eldridge Oquin, and family at McAlester, Okla., while Mrs. Weatherby visited in Ringling, Okla., with her sister, Mrs. Dell Armstrong, and other relatives.

Mrs. Nan Kilpatrick and daughter, Mr. and Mrs. Joe R. Gee of San Angelo, spent the week-end with Mrs. Kilpatrick's sister, Mrs. G. H. Frizzell, and family.

Come to see what the big surprise is which Aunt Emma has in store for her greedy relatives in the Senior Play, "Plain Jane."

Mr. and Mrs. D. L. Wheeler, Sr. are visiting in Pasadena, Texas, with their son, Mr. and Mrs. D. L. Wheeler, Jr.

Tickets for the Senior Play, April 30th, 8:00 p. m., will be on sale at Hudson's April 29th and 30th.

Mr. and Mrs. Ted Vance spent Sunday in Lampasas with relatives.

**STAR PT-A TO GIVE 'PLAY-NIGHT' MAY 6**

The Star P. T.-A. is sponsoring a "Play-Night" of games and refreshments next Thursday night May 6. A short business meeting to elect new officers will be held during the time.

So everyone keep in mind the date and come out for the last meeting for the school year of 1948.—P. T.-A. REPORTER.

Mr. and Mrs. W. O. Hollands' new home on the Lampasas Highway is under construction. It will be a brick veneer ranch style.

In the Senior Play, "Plain Jane," you'll see a handsome fraud, an aspiring poet, and a young doctor all trying to win freckled-faced Jane from "Montaner."

Mrs. C. T. Wilson returned home Monday night after spending several days with her parents, Mr. and Mrs. L. R. Hendry. Mr. Hendry has been real sick, but is much improved.

Mrs. W. E. Fairman of Marlin is here this week attending to business and visiting friends and relatives.

Mr. Smith says that they need all the Western Magazines they can get for veterans in hospitals, and any and all will be appreciated. After an article in the Eagle late in February, over 300 magazines have been received by him, and sent on to the Veterans Hospital. Anyone wishing to donate Western magazines to the veterans hospital after they are through with them, can leave them at the Red Cross desk at City Utilities office.

**Formal Tea For Mothers**

The Senior Girl Scout Troop Number 5 will have a formal tea in the home of Mrs. Talbot Ledbetter on Fisher Street Saturday, May 1, honoring their mothers, with Troop Number 2 and Scout Council and other adult Scout leaders.

**THE PASTOR'S PARAGRAPH**

Since the first century A. D. the Christian Church, with its various divisions, has grown to be the largest institution in the world because it alone has been able to provide a deep need of man; a soul satisfying knowledge of God, and a brotherly relation to man. But in spite of this truth there are many more people who have no relationship to the Church than there are who do. Christian people are concerned in enlarging the number of people who may have a satisfying religious experience through the Church and its Christ. To that end we are endeavoring to enlist more and more pupils in our Church School, who through study and recitation, will come into a greater knowledge of the program of the Church and the living principles of the Holy Bible.

If you are eighteen years old you are grown physically. Are you full grown spiritually?

**OLD MAN 100**

(Continued from page one)

ing the rip cord." And Old Hunnert is a go-getter—but the 7th is a have-it-bronger.

Once when the undertaker found a dead donkey in front of his place, he called the mayor and asked, "What am I to do with it?" And the mayor said, "Bury it, of course. You are the undertaker, aren't you?" Undertaker—"That's true—however, I thought it only right that the relatives should be informed first."

This Classified Ad appeared in a California newspaper: "Two women about Jack Benny's age would like a small, unfurnished house. Would like to pay what Jack Benny would like to pay." And just this week the 7th went to see the doc about her tongue. She stuck it out big, and the doc said: "Give it a long rest."

It's hard to tell whether some Goldthwaite young men are progressive or conservative. They wear last year's clothes, drive this year's car, and live on next year's income.

Old Hunnert has jest found out what makes the 7th such a fast talker. It comes natural: Her father was a tobacco auctioneer and her mother was a woman.

And, when Old Hunnert was courting about the 4th, the father boomed from the top of the stairs about 2 a. m. asking the time. Later To Be the 4th—"Old Hunnert's watch's not going." Father—"What about Old Hunnert?" And O. H. went.

And once when Old Hunnert was smoking in a bus the conductor said to him, "Don't you see that sign says no smoking allowed?" O. H.—"Sure I do. But how can you expect me to observe all your rules? There is another one that says: 'Wear Soiral Corsets!'"

When Old. H. loses his job here, if he don't go into the singing commercials writing business, he figures on starting a summer resort and has a bigger lie figured out than them radio men. He's going to advertise: "Where the fish bite and the mosquitos don't."

**FIRST BAPTIST ORGAN TO BE DEDICATED**

The new Wurlitzer organ and chimes will be dedicated at the morning worship service next Sunday at the First Baptist Church. The pastor will deliver the dedicatory sermon following the official presentation. A short recital will be given at 2:30 p. m. by the organist. The public is cordially invited to attend these dedicatory services.

## Now Is Best Time To Combat The Pesky Pecan Case Borer

Pecan growers this is the time to combat those pesky characters, the "Pecan Case Bearers". The question is, when do we spray for best control? There are two methods used to determine the best time. First, the old method is to watch the bloom or shuck on the end of the small new pecan. When it starts to turn brown, start spraying. The second and surest method is to find the small white egg clusters which are deposited by the moths. These small white eggs will be found just back of the small new pecans, on the stems coming from main branches and on the outer end of main branches. When these are found pinch off branch containing eggs, put them in a fruit jar. Watch daily for them to hatch, when they do hatch start spraying immeterately.

The question now is, what do we spray with? To control the

case bearers use 3 to 4 pounds of 50% wettable D. D. T. per 100 gallons of water. Use a spray force hard enough to drive the spray into the pecan clusters and not just wet the leaves. According to recommendations one spray at the right time is sufficient to get the job done, but if you wish you may follow up if and when another hatch of case bearers happen to come along.

If you want to you can control the pecan case bearers, pecan rosette and pecan red mite in one spraying by using the following formula:  
- 3 pounds of 50% wettable D. D. T.; 6 pounds of wettable sulphur; 2 pounds of 26% zinc sulphate; 100 gallons of water.  
The D. D. T. controls the case bearer if used at the correct time. The sulphur controls the red mite. The zinc sulphate controls the pecan rosette.

## GOLD STAR GIRL CHOSEN

Ynell Egger, 13-year-old daughter of Mr. and Mrs. Cecil Egger of Rt. 3, Mullin, Texas, was chosen Gold Star Girl for 1947 by a committee composed of the chairman of the Council Education committee and two 4-H girls. Ynell has been a 4-H member for 5 years and has accomplished a lot during that time.

This is her story of her work: "During my 4-H work I have made various things in clothing such as luncheon clothes, tie-dye luncheon clothes, Dutch hat, mittens, plaited belt, equipped a sewing box, made stenciled napkins, hemmed cup towels and hand towels, pot holders and have renovated several garments, repaired garments and made several dresses. I entered a dress in the County Dress Revue last year. Each year I help with the canning of fruits and vegetables for the family food supply. I also help with the garden, chickens, cows and with the cooking. In our Dairy Demonstration I have helped with several team demonstrations and entered in the Team Demonstration tryouts with Helen Hasley. We won Dairy brushes for third place. Through studying Dairying I have learned to make cottage cheese salads, milk drinks, pasteurize milk, and many other dishes using Dairy products. Besides, the above we have studied different fabrics, made closet accessories, and studied good grooming along with the many other things.

"I am proud to be chosen Gold Star Girl for Mills County and I have enjoyed every year of my 4-H work."  
Other entries for this award were Dorothy Jean Williams of Mullin Jr. club; Myrlene Reynolds of the Goldthwaite club; Bernice Bufe of the Priddy club, and Ethylene McCasland of the Star club.

Twenty-four dollars worth of trinkets were paid the Indians for Manhattan Island.  
At the Battle of Waterloo, the forces of Great Britain were under the Duke of Wellington.

## FLOWER SHOW AT COMANCHE MAY 1

The Comanche Garden Club is sponsoring a Municipal "Flower Show" which will be held Saturday, May 1st from 1:30 to 9:30 p. m., and Sunday will open at 1:00 p. m. at the beautiful new Clemon's Motor Co.

A special feature of the show will be exhibits by men who are flower growers.

Besides the many flower arrangements and specimen blooms, there will be beautiful table arrangements, a miniature garden and a style show of floral accessories.

The flower show committee, with the help and cooperation of every Club Member, is putting forth every effort to make this show so attractive that every visitor will feel that their time has been well spent in seeing this beautiful and colorful array of flowers.

The public is cordially invited.

## Senior Round-Up Monday Night; Jackie Robinson Guest Speaker

On Monday night, April 19, at 7:30 o'clock, a group of wild and woolly cowboys and cowgirls gathered on the lawn of the Baptist Church for a big shindig. They were welcomed by the ladies of the W. M. U. of the church. After everyone had arrived, they were served a Fresh-er-upper to sharpen their appetites for the big feast spread out in the banquet hall.

This happy bunch of cowhands was then invited into the beautifully decorated ranch style banquet room. Saddles, wagon wheels, cowboy hats, pictures, skillets, covered wagons, and flags were around the entire room. Centerpieces of miniature ranches were on each table, and blue bonnets were around the centerpieces. The roof was lighted by coal oil lamps. Little miniature horses made of gum drops were plate favors. The cowboy effect was used in the programs, napkins, and souvenirs.

Mr. J. N. Faith gave the invocation, and then Mrs. J. L. Emery gave a word of welcome after being introduced by the toastmaster, Rev. J. L. Emery. The response to the welcome was given by Ed Gilliam, president of the Senior Class. A group of Baptist girls then gave a lovely rendition of "Home on the Range."

By this time, everyone was about famished, so they dug in to the big plates of grub before them. The menu consisted of roast pig, ranch style beans, slaw, spuds, cackie berries, sourdough, apple pie, and branch water. The Junior and Sophomore girls of the Baptist Church were very able waitresses for this affair.

Mr. W. R. Langston beautifully sang two western songs with Mrs. Emery accompanying him on the piano.

Rev. Emery then introduced Sam Conata, a junior at Baylor University. He is an excellent magician, and he presented a very interesting and amusing show. As he is also a splendid comedian, he had everyone practically rolling in the aisles with laughter.

The second guest introduced was Rev. Jackie Robinson, also from Baylor. He not only is a marvelous preacher, but an All-American basketball player who will play in the Olympics in Europe this summer. His talk was centered around the topic of forgetting your past mistakes and looking to the future. He gave several good and interesting illustrations. The Seniors were inspired greatly by his talk.

Mr. M. F. Hines gave the benediction, after which Rev. Emery invited all the guests to go by to meet Jackie and Sam.

The Seniors appreciated this wonderful banquet so much it is hard to find words of thanks. It just couldn't have been better!

## Goldthwaite F. F. A. Livestock Team Qualifies For State Contest

## 15,000 OUTSTANDING FFA MEMBERS TO RECEIVE AWARDS

Galveston, April 19.—Fifteen outstanding young members of the Future Farmers of America organization in Texas will again receive educational awards from the Santa Fe, Fred G. Gurley, president of the Railway, announced today.

The educational awards are part of the Railway's extensive program to promote active interest in agricultural development in the territory it serves, according to President Gurley.

Winners will be selected by the State Department of Agricultural Education under R. Lano Barron, State Supervisor of the Texas Association of Future Farmers of America. The awards will permit winners to participate in the national FFA convention to be held in Kansas City, November 14th to 18th.

Similar awards will be presented on recommendation of State leaders in Illinois, Missouri, Kansas, Oklahoma, New Mexico, Colorado, Arizona, and California.

NEW LAMPASAS RADIO TO BE ON THE AIR TODAY  
A new radio service for Central Texas goes on the air Friday, April 30, when Station KHIT at Lampasas begins operations. The station will be heard at 1450 on the dial beginning at 6:30 a. m. the morning of April 30 and from 6:30 a. m. to 10:00 p. m. daily thereafter. Its power of 250 watts is designed to

**THDA DISTRICT MEETING ATTENDED**

"Harmony in the Home and Peace in the World", was the theme for District 8 THDA meeting at Meridan, Texas, on April 13 and 14, in the First Baptist Church. Mrs. Homer Daniels, Temple, Vice President, presided over the meeting attended by 264 delegates, and visitors of 17 central Texas counties. Work shops for Marketing, 4-H, and Recreation were attended by the group.

Greese was the foreign country chosen by District 8 to help with clothing and other means. Letters and packages have been sent by some of the counties. Miss Sallie Hill, Editor, Home Dept, Progressive Farmer, spoke on her visits to the European Countries.

Mrs. John H. Gollightly, Erath County, was elected District 8 Vice-President. Mrs. Ella Calfee, Hill County, was endorsed by the group as a candidate for Vice-president at Large.

Four counties, Hill, Erath, Eastland, and Limestone ask for an over night meeting for 1949.

Club women attending from Mills County were: Mesdames Albert Tully, Jones Valley club and Arthur Fambrough, Goldthwaite club and Miss Greta Sue Hines, Scallorn club as Delegates; Mrs. Hervey Hale, County THDA chairman and Mrs. J. D. Berry, Co. H. D. Council chairman.

Group meetings were held last week in three of the Conservation Groups. Washboard Conservation Group had a meeting Tuesday night with 4 members and their wives present; Upper Cowhouse Conservation Group had a meeting Wednesday night with 5 members and their wives present; and the Pleasant Grove No. 2 had a meeting Friday night with 6 members and their wives present. Colored slides were shown by technicians of the Soil Conservation Service on construction of terraces, crops which increase soil productivity, trashy tillage, and range management to each of the groups. Good discussions were made on a number of the slides. The Washboard Conservation Group and the Upper Cowhouse Conservation Group planned to make a range field study Tuesday afternoon on the Owens Ranch in the Center City Conservation Group.

Last week Mr. Kenneth Kidd, of the Pleasant Grove No. 2 conservation Group, made a coordinate soil conservation plan and signed an agreement with the Brown-Mills Soil Conservation

District. The day Mr. Kidd planted approximately 2 acres of weeping love grass fertilized it with 150 pounds of 4-12-4 fertilizer per acre.

Mr. Elmo Watson, of the South Bennett Conservation Group, recently built 800 feet of small ridge type terraces in one of his cultivated fields. Also 2400 feet of diversion terraces were constructed around a cultivated field to keep outside pasture water from washing through the field. Hap Arwood built the diversion with his bull dozer.

E. A. Hohertz, or the Priddy No. 2 Conservation Group, recently finished construction of approximately one mile of channel type terraces which he built with his tractor and plow. Mr. Hohertz used the Z Island Type Method on constructing the terraces.

C. G. Partin, of the Pfluger Conservation Group, constructed a 1500 feet channel. The channel was then seeded to native grasses and is to be used to empty terraces into after a good cover of grass is established in the channel.

**Celebrates 93rd Birthday**

Mrs. Annie Bessent celebrated her 93rd birthday April 18, with her children and their families and friends.

Those who enjoyed the occasion were Mr. and Mrs. Henry Bessent of Caradan; Mrs. Lizzie Sotherland, Mr. and Mrs. L. J. Slaughter, Goldthwaite; Mr. and Mrs. Albert Hawkins and daughter of Brownwood; Mr. and Mrs. Ralph Duren and boys, Melvin Bessent of Mullin; Mr. and Mrs. Bennie Wilcox, Mr. and Mrs. Bill Hamilton, Mr. and Mrs. Milton Poer, Mr. and Mrs. Clarence Bessent and baby, Elza Bessent, all of Caradan; Mr. and Mrs. Bill Slaughter and son, Richland Springs; Mr. and Mrs. Louie Slaughter and daughter of Kerrville; Mr. and Mrs. R. V. McGary and daughter of Austin; Mr. and Mrs. Sherman Robertson and boys, Mr. and Mrs. Preston Slaughter and children of Goldthwaite

Mr. and Mrs. Oran Hawkins and family, Mr. and Mrs. Joe Orange, Mr. and Mrs. Estes Orange of Brownwood; Mr. and Mrs. D. A. McGary and daughters of Richland Springs; Mr. and Mrs. O. B. McGary, Mr. and Mrs. Shorty Sotherland, Mr. and Mrs. Bud Duren called by

in the afternoon. Everyone wished Granny Bessent many more happy birthdays.

**EX-STUDENTS' DAY AT JOHN TARLETON COLLEGE**

Stephenville, April 28.—A pageant, "America Sings," will open the annual Ex-Students and Parents Day Celebration at John Tarleton College May 1 and 2.

The pageant will be presented on Hays Field starting at 8 p. m. May 1.

Dr. W. R. Skipping, who is regional director of the United States Office of Education in Fort Worth, will address students and parents early Sunday morning preceding a parade by the cadet corps. Dr. Skipping has a daughter attending Tarleton.

A meeting of Tarleton ex-students will be held at 1:30 p. m., May 2 in the college auditorium.

Mr. and Mrs. Louie Slaughter and Louise of Kerrville, Mr. and Mrs. R. V. McGary and Patsy spent Saturday night, April 17, in the home of Mr. and Mrs. L. J. Slaughter.

The tops and bottoms of all door and window sashes should have at least one coat of paint. This keeps out moisture and prevents warping.

**EBONY—**

By Mrs. Clementine Wilmeth Briley  
(Intended for last week)

Still dry winds and dust. The pastures are drying up. Many fields still unplanted, and everyone knows what's up can't last long without a change. The farmer folk have an uneasy fear that could be relieved if they could have a good rain.

Mr. and Mrs. E. E. LaRue arrived at the Griffin home at one o'clock Monday morning. They stayed until Tuesday.

The Saturday town trip revealed to us that Mr. Davis has graded the Ebony-Brownwood Road to the Brown County line. It is the first time it has been worked since Camp Bowie quit working it.

Mrs. Sarah Ann Reeves is spending a few days at the Stanley Reeves home.

Blue Thompson has been dismissed by his doctor, and is doing all right now.

At the track meet at Gatesville Saturday, Henry Griffin

won second place in the 110 yd. high hurdle and in the 880 yd. dash. He won first place in the quarter mile and the mile relay races.

The church here met early Sunday morning for Bible study and communion service, then drove on to Oakland for preaching.

After preaching Mr. and Mrs. Edward Egger and Jerry were the guests of Mr. and Mrs. Truman Crowder. Mrs. Crowder was rejoicing over the surprise visit of her sister and husband, who arrived Saturday night from Kentucky.

Mr. and Mrs. J. R. Briley and Mrs. Edna Dwyer were the guests of Mr. and Mrs. Hubert McMullen. The McMullens live in the W. T. Sowell place near Indian Creek, and their son and wife, Mr. and Mrs. Hubert McMullen, Jr. and their charming little daughter, Cindy, live with them. The house is old-fashioned and roomy and comfortable and homelike. And the hospitality of the McMullens is unexcelled. Especially did we enjoy Cindy,

## MESSAGES of HOPE by

Dr. T. A. Williams

HEALTH — is the inherent right of man but certain fundamental laws must be complied with.

One of the laws governing man is that there be an uninterrupted flow of energy over the nerves between the brain and the organs and glands of the body at all times.

When a bone in the spine slips out of line and interferes with the flow of energy over the nerves the results will be weakness and disease.

When a chiropractor removes the interference by adjusting the misaligned bone to its proper position there will again be a free flow of energy over the nerves and health will be the natural result.

CASE NO. 232, Man, 29. A catch in the back. This man was making a bath when he got a catch in his back followed by pain in left hip and thigh. Subsequent attacks became more frequent and pain more severe with longer duration. At the time he came to our office he said he could sense the approach of an attack as much as twelve hours in advance. He would often be off from work from three to four days following. Attacks were recurring at about two-week intervals. Adjustment given according to Neurocalometer and X-ray analysis gave immediate relief and recovery within a month. Case reported still doing fine six months later.

### EXAMINATION FOR STATE EMPLOYMENT

The Merit System Council, which serves as a "clearing house" for positions in the Texas Employment Commission and the Department of Public Welfare will hold open competitive examinations on May 15, 1948. A number of positions now

open in both agencies, according to Chas. S. Gardner, Director of the Merit System Council.

Positions to be filled by these agencies consist of Field Worker, Child Welfare Worker, and Senior Child Welfare Worker, Stenographers, Clerk-Typist, Clerks, Receptionists, Junior Tabulating Equipment Operator, and Key Punch Operator. Qualifications for these positions vary from high school graduation to

college work and experience requirements.

### Our WASHINGTON Letter

By Congressman O. C. FISHER

#### BAR MEET

The 57th Continental Congress of Daughters of the American Revolution met in Washington last week—as they do each year. There were 4000 delegates, including 32 from Texas.

This great patriotic organization placed emphasis on building up this country's military might for self protection and the members dedicated themselves to war on Communism.

Attending from Del Rio was Mrs. Clyde Mills. Her granddaughter, Miss Jackye Lou Mills, came along to see Washington for the first time. Miss Lucy Belle Morgan, a Spanish teacher in Southwestern University at Georgetown, was a delegate.

Mrs. Mills and Miss Morgan are sisters and are daughters of the late Reverend Morgan of Lampasas County. The latter resided at Lometa during the early days and as a Methodist circuit rider he carried his message on horseback to the frontier outposts over a wide area of central Texas.

#### TIDELANDS BILL REPORTED

The Tidelands bill, which means much to the future of Texas has now been approved by the House Judiciary Committee and is due to be placed on the House calendar for early consideration. The bill would establish state title to tidelands up to a 3-foot point beyond the low-tide mark. A Senate Judiciary subcommittee has approved a similar bill.

#### RESEARCH SLATED

A proposed new international wool research program was discussed the other day at a meet-

ing which I attended.

The new research program may be carried out at Princeton Textile Institute under joint auspices of International Wool Secretariat, American Wool Council and the Agriculture Department, with an over-all objective of increasing utility of wool fibers, particularly of coarser wools.

Mohair will be included in the research study.

On the cotton front, at a meeting held last week at Atlanta, much stress was placed on continued research.

Cotton will continue to be the South's most important crop, but if it is to compete successfully with an increasing number of synthetic fibers, the South must produce better cotton at lower cost of production, it was contended.

It was pointed out that cotton has practically lost to synthetics and paper and tire fabric and bag markets, and ramee, the toughest fabric yet produced, when perfected, will seriously compete with heavy cotton goods in work shirts and overalls.

#### REVOLTING FUND BILL

The Senate has before it a bill to create a \$150 million revolving fund for use by the Secretary of the Army in the purchase of natural fibers such as cotton, wool, and mohair. Such raw materials would be shipped to occupied areas in Germany and Japan and sold. The purpose is to get the textile plants in those countries into production and thereby reduce our occupation costs considerably.

It is not known what amount of these fibers will be acquired. That will be left up to the Secretary of the Army. There will undoubtedly be a substantial amount of cotton included, some wool, and we hope the Secretary will be able to make use of our surplus mohair.

Forty-one Senators—including two from Texas—are sponsoring the bill. Prospects appear good for its enactment.

#### NEW COOK BOOK

My office has been allotted 2,000 copies of a new cookbook for free distribution. It is being put out by the Department of Agriculture and is designed to fit in with the government's food conservation program. So if you would like a copy of this new publication, please write me and one will be promptly supplied.

#### NEAR 20,000 LUNCHES

College Station, April 15—Seventy percent of the 275,000 Texas school children eating in

community school lunchrooms are served Type A lunch with milk.

This is a balanced lunch providing about one-third of the child's daily nutritive needs, John J. Slaughter, southwest area supervisor, food distribution program branch, USDA's Production and Marketing Administration, Dallas, said.

Twenty-five percent of the schools serve Type A lunch without milk and the remainder serve Type C which is milk only.

Under the School Lunch Act, USDA furnishes the State Department of Education, the state sponsoring agency, with funds to help pay part of the cost of the foods served. Current rate for Type A with milk is nine cents and for type A without milk, seven cents. Schools serving only milk receive two cents.

This reduces the cost of the foods served, making it possible for more children to take part in the program, Slaughter explained.

In addition to federal funds, USDA donates agricultural products bought under price support programs, those bought to relieve local surplus and certain foods needed to round out wholesome lunches. So far this year these include Irish potatoes and grapefruit juice from Texas, fresh pears, fresh apples, dried fruits, dried eggs, green beans, cheese, canned tomatoes, tomato juice, dry milk, orange juice and peanut butter.

Total number schools taking part in the program is 2,448 of which 45 percent are rural.

#### HILLSIDE MISSION

By LIDA BYRNE

Why do babies suffer afflictions, and why do other righteous people endure pain? In St. John, chapter 9, our Lord Jesus spoke of a blind man; we read, beginning at verse 1 and through verse 3: "And as Jesus passed by, he saw a man which was blind from his birth. And his disciples asked him, saying, Master, who did sin, this man or his parents, that he was born blind?" Jesus answered, "Neither hath this man sinned, nor his parents: but that the works of God should be made manifest in him."

Concerning little children, in St. Mark 19:14, in part, Jesus said: "Suffer the little children to come unto me, and forbid them not; for of such is the kingdom of God." Webster's dictionary tells us "suffer" means "allow." Jesus meant allow in that instance. In the kingdom of God there is no sin,

S. Sgt. Theodore V. Marshall of Route II, Box 158, Mullin, Texas, husband of Mrs. Ruth Marshall, has successfully completed the rigid five week Basic Airborne course at The Infantry School, Fort Benning, Georgia, and has been awarded the official United States Army Parachute Wings.

His air indoctrination included a glider flight to acquaint him with modern glider warfare. Practical instruction in ground assembly, parachute rigging and maintenance, and loading and lashing Airborne cargo—vital skills in all Airborne units—were included in his period of training.

During this training he made five parachute jumps from Army cargo aircraft at an altitude of 1,000 feet and achieved the high score necessary to pass the "Paratroop" physical fitness test.

Airborne training at Fort Benning is patterned after successful Airborne fighting methods developed during World War II and recent improvements and innovations. The American "Paratrooper" is recognized throughout the world for his technical "know how".

## TEXANS GIVING FOR CANCER CONTROL WORK

Houston—Texans are contributing \$268,200 to cancer control work in their own state.

That's the amount sought for use in Texas by the Texas Division of the American Cancer Society, which during April is campaigning for a total of \$447,000 in the state. The remainder will go for a national research program (\$111,750) and the national education program and operational costs (\$67,050).

But 60 per cent of the money Texans are asked to give will be used for information centers and cancer clinics in Texas, according to former governor W. P. Hobby, state chairman for the fund drive.

Nine tumor and cancer clinics in the state are now being assisted by cancer society funds. Others are being opened, and very shortly officials expect every section of Texas to have convenient clinic for the early detection and treatment of cancer.

In many of these same cities information centers are open—in Texarkana and El Paso and other cities all across the state. New ones are being planned every month—these all to be supported by the April drive.

It's all part of a program designed to tell people that many cancers can be cured, if caught in time. Cancer Society people

feel that folks who have cancer now should not wait for present-day research to find a cure, but should act immediately.

So they're emphasizing the fact that cancer can be cured with what we now know, and there are certain specific danger signals which often indicate cancer. If these are obeyed, cancer can be removed by surgery, X-ray, or use of radium, and many a life spared.

These information centers are the first part of the cancer service paid for in Texas by contributions to the society. Patients who receive the information and go to their doctors for his examination are referred to cancer clinics for diagnosis.

If they are unable to pay for treatment then such treatment is arranged for them, and after their cancer is removed a Cancer Society representative maintains contact with him for at least five years. And if it is needed, care is furnished them in their own homes.

Mr. Hobby announced that a campaign organization has been completed in nearly all of the state's 254 counties, and that workers are making progress in their two-fold plan to raise funds and tell the truth about cancer at the same time.

Prominent businessmen, club women, civic workers, and professional men are county chairmen throughout the state. Local bankers serve as depositories, keeping all funds collected locally until those funds are turned in to the state treasurer.

## PUBLIC SCHOOL BUSES ARE DOING BIG JOB IN TEXAS

Austin, April 20—Public school busses travel Texas roads a distance equal to 2,160 trips around the world every nine months. The 6,074 busses which transported 246,051 pupils traveled a distance of 54,000,000 miles during the 1946-47 school year.

That transportation of school children is a big business was pointed out by Charles H. Tennyson, public relations director of the Texas State Teachers Association.

During the 1946-47 school year there were 6,074 busses driven by 5,750 men and women. They were paid approximately \$3,000,000 for their services.

While 238,821 of the pupils are attending school receiving supplemental support from the state in the form of equalization funds, 107,230 are in districts which receive no additional help from the state. The state supplemented transportation aid last year in the amount of \$9,702,040, Tennyson said.

Persons seeing an occasional yellow bus on the highway, or even parents of children transported to and from school, can hardly realize the magnitude of the public schools' transportation system, Tennyson pointed out.

A total of 230 of the state's 254 counties have school districts which own and operate their own school buses, he said.

"The development of the public transportation system is the result of the public's demand for better educational facilities for their children," Tennyson emphasized. "Should Texas ever get a good rural road system, our schools will improve proportionately. Many of our schools with their present inadequate teaching and physical facilities will then have modern school systems for the youngsters of the state. An increase in the school bus transportation system in Texas is, therefore, inevitable, for each year a great many more schools consolidate and the development of county-wide districts is becoming more common in Texas. The cost of our transportation system will of necessity increase accordingly. Hundreds of our present school buses are both inadequate and unsafe, a condition which we hope to see remedied as soon as possible."

Mrs. Otis Carothers spent several days last week in a Waco hospital under treatment for poison ivy.

The parents of W. R. Langston spent Sunday in Goldthwaite visiting their son. The Langstons are from Temple.

## G. I. INSURANCE NOW ON CURRENT BASIS

Service for Southwestern veterans on their GI insurance is now on a current basis, D. C. Pray, Director of Insurance in the Dallas Branch Office of VA has informed the VA Waco Regional office.

Elimination of wartime backlogs together with greatly improved service is prompting thousands of vets in this area, to reinstate lapsed insurance originally issued to most persons serving in the armed forces during World War II, Pray said.

He revealed that reinstatement of GI policies in the Dallas Branch Area (Texas, Louisiana, and Mississippi) now amount to about 5,000 per month with a face value of approximately \$30,000,000. This is the highest rate of reinstatement since the war ended.

Veterans have until July 31 to reinstate lapsed term policies under liberal regulations, Pray said.

"Premiums received by the Insurance Service of VA at Dallas are now deposited within 24 hours after they reach our Collections Unit, and are normally entered on individual premium account cards within 48 hours thereafter," Pray declared.

"Receipts for these premiums are mailed promptly to veterans, and the notice for the next premium due is issued at least ten days before the first of the following month."

The only case presently involving delays in the Dallas Office are for those veterans whose records are in another VA Branch Office, the VA Insurance Director said.

"In such case," he explained, "We are expediting the transfer of records from other sections of the nation, and notifying veterans concerned that a final reply to their insurance inquiry will be made as soon as the records are received in Dallas."

"If we have the veteran's records in Dallas, which is now the case for nearly all ex-service people in our three-state area, we can give him any kind of service he desires with reasonable promptness."

Thou wilt keep him in perfect peace, whose mind is stayed on thee. — Ps. 121:3  
Ye shall know the truth, and the truth shall make you free. — John 8:32  
WE ARE NEVER TOO OLD TO GAIN BY STUDYING GOD'S WORD. ADULTS, ATTEND CHURCH SCHOOL.

STUDY YOUR BIBLE WITH CAST

Yes, that is what people will do if they are Christians. One cannot imagine persons who profess to be Christian turning away from opportunities to come to a fuller understanding of God's Word and the contribution that it can make in their lives. Throughout the ages people who have been deeply concerned about their relationship to God have studied his Word. Those who profess to be followers of Jesus Christ have always studied the teachings of Jesus. And why, may we ask, do they engage in this study? Because it has ever been the very meat, bread and water of life.

This is the day for all adults who profess to be followers of Jesus Christ to declare it to be their purpose to spend more time in careful study of God's Word. There is no other source from which adults can receive an interpretation of life that will enable them to be strong children of God.

Freedom is possible for any individual when he knows the truth and lives in keeping with it. It is the knowledge of truth that sets men free. This freedom of mankind was so precious in the sight of God that it caused him to send his only begotten Son into the world that men might be free, that they might triumph over material things. Christ came that men might achieve in time of turmoil and strife a sense of security that would make them courageous as they lived, in keeping with the truth as it is found in the Bible.

WHAT SHOULD DRIVERS FEAR?

When safety specialists tell us that more than half of the drivers killed in grade-crossing accidents last year were disregarding warning signs and signals, we cannot help wondering what is so basically wrong with the psychology of such drivers. Why is it that a motorist who will stop instantly at a policeman's warning signal will, a moment later, drive placidly through a red light—and possibly straight into a serious accident?

Various excuses are offered by motorists caught violating traffic control devices, the most common being that the driver didn't notice the light, or that he was going too fast to stop when it turned red. Actually, if the truth were admitted, the big difference was that he was afraid of the traffic policeman but not afraid of the red light.

Fear is a powerful deterrent. But is it possible that much energy is being wasted running away from the wrong bogey? Are some motorists perhaps more afraid of being arrested for a safety violation than of violating their own safety?

If that is the case, they are misinterpreting the very reason for law enforcement and it is high time to take a different view of traffic policemen and highway patrolmen. If sometimes it appears that these guardians of safety enjoy bawling out traffic law-breakers, possible it is because they much prefer it to picking them up in a basket after a fatal accident. Motorists should prefer that, too.

Traffic control devices are the outposts of the law. They cannot prevent motorists from killing themselves, they can only try. Every motorist will find that it pays to stop for them, look at them, and listen to what they say!

STATE CONTINUES 4-H FROZEN FOODS PROGRAM IN 1948

Announcement has been made that the National 4-H Frozen Foods awards program is being continued in Texas this year. It is conducted under the direction of the Extension Service.

The program encourages 4-H members to learn the local foods best adapted to freezing and to develop skill in preparing and packaging them for placement in the home freezer or community locker plant to lend variety to the family diet.

Awards for highest rating records of achievement in freezing foods include honor medals to county winners and a \$50.00 U. S. Saving Bond to the state champion. International Harvester Company also will provide educational trips to the 1948 National 4-H Club Congress in Chicago and \$200.00 Fowler McCormick scholarships to four sectional-national winners selected from state champions.

SCRIPTURE: Nehemiah 1-7, DEVOTIONAL READING: Psalms 122: 1-5

Nehemiah Rebuilds Jerusalem Lesson for May 2, 1948

BORN and reared in Persia, Nehemiah appears in the opening scene of his prophecy as cup bearer to King Artaxerxes in the royal palace at Shushan. He was a favorite at court, due, no doubt, to his personality and training, plus a keen desire to serve his people.

He obtained a royal order from Artaxerxes, granting him passage to Jerusalem. It was a long and dangerous journey, but Nehemiah travelled not only with letters from the king, but assurance in his heart that he was on the Lord's mission. He was given authority to seek help from other nations. Just how much help he received from other nations is not definitely certified, but we do know that he achieved the high purpose which God had put in his heart. He governed the city wisely for a dozen years, and wrought many notable reforms. Read the first seven chapters of Nehemiah for the complete story. Read also Psalms 122:1-9.

WHEN FRIENDS WORK TOGETHER

UPON arrival in Jerusalem, Nehemiah made a tour of the city by night. He was shocked and amazed at the ruins. He called upon the people to come and help rebuild the walls. And they were impressed with the earnestness and sincerity and courage of his call. "So built we the wall, and all the wall was joined together unto the half thereof; for the people had a mind to work," Nehemiah 4:6.

There is work for everyone who is of a willing mind. There is work in the home. Boys and girls who pitch in and share in the everyday work of the home make glad the hearts of their parents, and at the same time they are learning how to care for their own homes when they grow up.

STRENGTH AND ENCOURAGEMENT NEHEMIAH set the people to work and weapons for defense against the enemy. And in this union of numbers there was both strength and courage. We need today to learn anew this lesson of working together. So often we witness evidence of people pulling against one another. We see it in the home and in the school and in the wider areas of life—in politics and in the clash between capital and labor.

THOSE WHO OPPOSED NEHEMIAH

OUR lesson describes not only the courage and wisdom of Nehemiah in getting the Jews to work and work together, but it tells us about those who opposed the rebuilding of Jerusalem. Sanballat was the governor of Samaria, and when he heard that Nehemiah was rebuilding Jerusalem, he put in to defeat him by many schemes of sabotage.

He began with ridicule. "What do these feeble Jews?" he scoffingly asked. "Ridicule is always one of the weapons of those who would tear down and destroy. Young people will do well to guard themselves against the snare of cynicism. It is a dangerous thing. Sanballat and his cohorts, Tobiah, and certain Arabians and Ammonites and Ashdodites, conspired to hinder Nehemiah in many devious attacks; but the people worked and fought, in the name of the Lord.

WHAT MAKES A REAL LEADER? THIS is the question which will inevitably arise as we study this lesson. How could one man inspire people to undertake the impossible? First, Nehemiah relied implicitly upon God's help. Second, he threw himself into the task, fearlessly and intelligently. Third, he possessed the quality of inspiring faith and hope in others. These are the qualities that make a real leader, anywhere, any time.

How do we need such leaders today! And the Bible speaks to us, in the story of Nehemiah, reminding us how real leaders are produced. Read the 122nd Psalm. Here is the secret of it all—"They shall prefer that love thee." Every difficulty confronting the home, the community, the nation, the world, can be met and mastered, provided we tackle it in the name of the Lord, relying upon his wisdom, his strength, his poise.

looks good. Considerable dryness has brought about some burning of woods in Louisiana, though the Sabine River seemed out of banks at Newton. Bluebonnets are in full glory between Fort Worth and Palestine. Magnolias were showing white blooms around Baton Rouge and south.

Depressing is the sight of the levees along the Red River through parts of Louisiana, and along the Mississippi through most of its journey through the southern half of the country.

It means a lot of midwestern topsoil has gone down the river. Secondary in importance, but most noticeable at first is the fact that the levees keep one from seeing the river, except from some height. Magnificent old homes, built along the river bank with a good view of passing boats fifty and a hundred years ago, now face an earthen wall.

May we suggest that you attend one of the many demonstrations being planned for this spring and summer of the use of 2,4-D and other weed killing chemicals showing their effect upon various kinds of weeds, grass, flowers, trees and growing crops. These chemicals are at once extremely valuable and very dangerous. So is fire. So are sharp knives and electricity. Ask your county agent about demonstrations.

Organized pasture tours, always educational, is one way many Texas counties and communities plan to observe National Soil Conservation Week, May 2 to 8. Such is the case in Red River county, with scheduled tour on May 7, including a noon barbecue at Clarksville.

The rat-killing campaign in Wood county a couple of weeks ago created such widespread interest, that 4-H and FFA youngsters who were distributing the free poison ran out of supplies before they were half finished. If the chemicals had held out, there might have been at least one rat-free county in Texas. It can still happen, for more supplies are on the way.

### Mrs. Emma Ellen Woodard Hampton

Mrs. Emma Ellen Woodard Hampton was born to L. D. and Jennima Woodard at Cherokee, in San Saba County, Texas, April 15, 1881.

She passed away after a long illness at 4:30 a. m., April 19, 1948, at her home in North Goldthwaite. She was married to J. C. Hampton December 23, 1883. They lived together 54 years. He preceded her in

"Banana Bread" and "Apricot Cheese Salad" was the demonstration given to the Girls 4-H Clubs over the county during March. 102 members and 6 adult leaders in the six clubs attended the meeting.

The demonstration was given as a part of the Dairy program which is being carried by the girls' clubs. Mrs. Emagene Haenisch, H. D. Agent, told of ways of using quick breads in the daily diet and then prepared the bread. The bread was prepared ready for the oven and then a loaf prepared before the meeting, was sliced and given to the members attending. A place setting was shown using the Apricot Cheese Salad which had been prepared and the bread.

Recipes for the above are as follows:

Apricot Cheese Salad: 1 pkg. lemon flavored gelatin; 2 cups dried stewed apricots; 2 cups boiling water; 1 cup Cream Cheese.

Dissolve gelatin in water. Cool

until it begins to thicken. Add apricots. Pour half into mold, allow to harden. Spread cheese. Chill. Cut in squares, serve with boiled salad dressing.

Banana Bread: 1/2 cup shortening; 1 cup sugar; 2 eggs; 1 cup mashed bananas; 1 t. soda; 2 cups flour; 1-4 t. salt; 1 t. vanilla.

Cream shortening and add sugar. Add eggs well beaten. Add bananas and vanilla. Sift salt and soda with flour, and add to other mixture. Add pecans (1-4 c.) if desired, Grease 5 No. 1 tin cans and pour banana bread into them. Bake about 35 minutes at 325 degrees F.

The different dairy demonstrations are being given to the 4-H Clubs to stimulate more interest in better dairying for the country. From these demonstrations the members are preparing Dairy individual and team demonstrations. Tryouts for the outstanding individual and team demonstrations will be held in the early part of June.

### REPORTERS' TRAINING SCHOOL ATTENDED

"We have eyes to see and ears to hear," R. G. Burwell, District Agent, Stephenville, told 4-H boys and girls, Home Demonstration members, and County and Home Agents of seven counties at the Reporter's Training school in the Comanche County Courtroom on April 21st. Miss Frances Arnold, Assistant Editor, Extension Service had charge of the program which included writing announcements and reading them; a demonstration on "Culling Chickens" given by L. C. Coffee, County Agent, Comanche and D. B. McCombs, County Agent, Mills; a short talk by J. C. Wilkerson, Editor, Comanche Chief, Comanche, on the likes and dislikes in club reports by newspaper editors, the writing of reports of the meeting attended and meeting in the different counties, and summary of the training school by Miss Bess Edwards, District Agent, Stephenville.

Fifth-four representatives attended from the seven counties. D. B. McCombs, County Agent, and Mrs. Emagene Haenisch, Home Agent, attended from Mills County.

Reporters schools for 4-H boys and girls, and HD members are planned for an early date in Goldthwaite.

**Best Place To Learn Traffic Laws By Accident Is At Intersection**

(Eighth of a Series)

If you insist upon learning traffic laws by accidents, the best place is at an intersection. The most frequent law violation in business and residential area traffic accidents is failure to yield right-of-way at an intersection, according to W. J. Elliott, Chief of the Texas Highway Patrol.

The Texas Highway Patrol is cooperating with a nationwide "Learn and obey Traffic Laws" program in an effort to familiarize the public with traffic regulations and how to save lives.

Of the traffic accidents which involve two vehicles occurring at intersections, Patrolman L. O. Wilson of San Saba emphasized the law concerning the right-of-way at stop streets. The points to remember are:

1. The octagonal sign that says "Stop" means just that.
2. After stopping at the sign, you must yield the right-of-way street, unless they are far enough away that you can safely cross.

**Health Notes**

The danger of crippling and death from poliomyelitis is very real and should not be minimized, but according to Dr. Geo. W. Cox, State Health Officer, a knowledge of the facts about this disease will help fight the fear of it, and aid in preventing the panic that is usually associated with the appearance of polio.

The facts about polio are these: It attacks so few people that 20 cases per 100,000 population is considered an epidemic. Half of those who get the disease recover without crippling; another fourth, with good care, recover with only slight crippling. Deformities can be prevented and crippling lessened in many cases by prompt, complete and sometimes prolonged medical care.

Even though these encouraging facts have been established, still with polio as with any other disease prevention is better than cure. Summer is the chief danger period, and to avoid the risk of contracting this disease, it is well to observe the following health suggestions, especially with regard to children: practice absolute cleanliness in personal, home and community life; try not to mingle with crowds; don't get over-tired since extreme fatigue lowers resistance; avoid chilling by swimming overlong in cold water; consult your doctor at once if a member of your family has fever, headache, nausea, a cold, upset stomach, muscle soreness or stiffness.

Following these suggestions will help to prevent the spread of polio, but if you do have a case in your family, remember that the majority of patients with good care recover without crippling. Your fear or panic will only make it harder for you and your child.

Q—When I was discharged from the Army two years ago, I was advised by Veterans Administration to enter job training under Public Law 16. Due to conditions beyond my control, I was unable to enter training at that time. Is it possible for me to enter training now?

A. In all probability, you can enter training now, but you should contact your nearest Veterans Administration office where your first advisement will be re-evaluated for you.

Q—I dropped my \$10,000 National Service Life Insurance term policy and later reinstated only \$5,000 of it. Is it possible for me to reinstate the other \$5,000 at this late date?

A. You have until July 31, 1948, to reinstate without physical examination if you certify that your health is as good when the policy lapsed. You need pay only two monthly premiums.

Q. I am going to school under the Vocational Rehabilitation Act (Public Law 16) and would like to know what medical treatment needed to prevent the interruption of your training.

Q. I am a veteran of the last war, but while in service I did
