NUMBER THIRTY-EIGHT

GOLDTHWAITE LIONS CLUB AND GUESTS SEE SOIL CONSERVATION FILM TUESDAY P. M.

At the regular Tuesday night meeting of the Goldthwaite Lions Club at The Hangar, a large number of leading farmers and ranchers of the county were guests of the club to see the Soil Conservation picture, "The Other Side of the Fence," which was given as a part of the Soil Conservation program put on by Ben R. Day and the local staff of the Brown-Mills Soil Conservation District, which is observing 'Soils and Souls Week' throughout the district as well as the state.

Lions Club members introduced their guests, after which the meeting was turned over to Mr. Day, who put on one of the best and most enlightening programs ever to come before the club.

Mr. Day in his talk on conservation and the work of the Conservation Districts, said Mills County was happily situated between the dry west and the wet east Texas, where the minerals had largely been washed out of the soil. With proper conservation methods here in Mills County, he said we should be able to preserve our soil. The speaker, in outlining what had been done and what is planned in this county in the way of soil conservation, gave the following figures: Mills County has 91,000 acres in cultivation, with 378,000 acres in pasture land, and 314 Conservation Plans have been made on 121,127 acres.

Twenty-four thousand acres of cover crops planned, with 8,700 acres cover crops established; 8,100 acres seeding pastures planned, with 588 acres established; 1,135 miles terraces planned, with 353 miles established.

L. H. Bain, head of the Tripple A Office here, was called on and said 23 carloads of fertilizer were sold out of Goldthwaite last year. He cited Luther Soules' place as one where hairy

PASTOR'S PARAGRAPH

Do you attend Sunday school? Why? The managing editor of the Dallas Morning News, Mr. Harry C. Withers, says, "I go to Sunday school because it helps me. It gives me spiritual uplifts, it affords a Christian fellowship I can't get elsewhere, it instructs me in the word of God, and it confirms my faith. I go to Sunday school to help others. Unless we can constantly recruit the younger generation the church will wither and die. The Sunday school is our chief recruiting station. We cannot expect our boys and girls to get up and go to Sunday school while we stay at home."

Fathers, Mothers, the responsibility is solely yours. If your children are not in a church school somewhere it is because you are not taking them. If you are not taking them the chances are that they are not learning to grow in grace and in Christian principles. Take the children to Sunday school this Mother's Day.

GOLDTHWAITE F.F.A. JUDGING TEAM WILL REPRESENT TEXAS AT THE NATIONAL JUDGING CONTEST IN KANSAS CITY OCTOBER 10

GOLDTHWAITE RED SOX TO PLAY GATESVILLE WED. NIGHT

Next Wednesday night will be Ladies Night here at the new Municipal Baseball Park and they will be admitted free when Goldthwaite Red Sox take on a fast Gatesville nine in a matched game. Play will be called at 8 p. m.

The Red Sox won the first Heart-of-Texas League game in the season opener here Thursday night of last week, when the new park was dedicated. The score was 7 to 0, and featured one of the best games ever seen here.

Tuesday night of this week, a powerful Fredericksburg team poured it on the Red Sox here with a score of 7 to 2. This was a matched game and does not count in league standing.

Last night (Thursday) the Red Sox were scheduled to play Llano at Municipal Park here in the second league game of the season. Llano was recently admitted to the Heart-of-Texas League.

The F. F. A. Livestock judging team composed of Robert Henry Johnson, Bobby Burks, and Red Miller won the State Livestock judging contest held at A. & M. College last Saturday. One of the awards for winning the contest will be an expense paid trip to the Kansas City Royal Stock Show, where the National Judging contest will be held. The boys, along with Coach Y. B. Johnson, will go to Kansas City on October 10, and will be there about a week.

The livestock team judges cattle, hogs and sheep. At A. & M. Saturday they had yearling breeding heifers, baby heaves, slaughter steers, and stocker steers to judge under cattle. Under hogs they had breeding gilts, and fat barrows to judge. Under sheep they had breeding ewes, and fat muttons. Through all this they lead the State, followed by Crowell, and Mesquite was third.

The boys have been invited to visit various stockyards to further their training for the National Judging contest in October. Being that we will be the one to represent Texas in the contest, the State as a whole will try to help us in further preparation.

Mills County livestock industry is receiving nationwide attention through the efforts of the F. F. A. and 4-H Club boys and the fine leadership furnished by Y. B. Johnson and D. B. McCombs. With the sound experience and counsel of the ranchers and businessmen of Mills County, the boys have every opportunity to learn what it takes to make good livestock. The fact that Mills County has turned out consistent winners, both boys and livestock, indicates that the program is sound.

OPENING SOFTBALL LEAGUE GAMES TO BE PLAYED TONIGHT

Opening games of the Mills County Softball League, sponsored by the Goldthwaite Lions Club, will be played here at the New Municipal Baseball Park under the lights tonight.

At eight o'clock tonight (Friday) Western Auto and Pleasant Grove will play the opener, and at 9:15 Big Valley team will play the Star team.

Admission is a free-will donation at the gate to be used to defray incidentals and to pay off the cost of the field.

The Mills County Softball League is made up of seven teams: Western Auto, Pleasant Grove, Big Valley, Star, Frazier Bros., Mills County Vocational School, and Priddy. The Lions Club committee to oversee the league games is composed of Harold Yarborough, M. E. Blake, Charles Conrad, and George Gilbert.

The league games are expected to draw large crowds from all over Mills County.

A split season is to be played the first half starting tonight, May 7, and ending June 22, when the second half will start. Winner of the first half will play winner of the second for championship of Mills County.

First half schedule and rules of play as adopted by the committee follow:

MILLS COUNTY SOFTBALL LEAGUE SCHEDULE FOR 1st HALF SEASON (May 7th to June 22)

FRIDAY, MAY 7th

8:00 p. m. Western Auto vs. Pleasant Grove.
9:15 p. m. Big Valley vs. Star.

TUESDAY, MAY 11th

8:00 p. m. Frazier Bros. vs. Mullin.
9:15 p. m. Priddy vs. Mills Co. Voc. School.

FRIDAY, MAY 14th

8:00 p. m. Western Auto vs. Big Valley.
9:15 p. m. Pleasant Grove vs. Star.

'The Other Side Of The Fence' Draws Big Attendance Here

The Soil Conservation Service has shown "The Other Side of the Fence", a colored, sound film, to over 300 people in Mills County. In observance of 'Soils and Souls Week', Ben R. Day spoke to the Star Methodist Church Sunday morning. Sunday night at the Goldthwaite Methodist Church the film was presented with Mr. Day making a few remarks about our responsibility toward the care of our soil. Monday night at Star the Veterans Vocational School and a large crowd of local farmers and their families saw the show and slides of what the Mills County farmers were doing to increase the productivity of the soil. Tuesday night the Lions Club saw "The Other Side of the Fence."

The Veterans Vocational

School of Goldthwaite saw the show which was presented in the new Mills County Agricultural Building, which is nearing completion. The office space and auditorium is almost finished and the Show Barn needs only some additional fill on the inside and the pens to be ready for use. J. H. Priddy, Supervisor for the Brown-Mills District, told the class that there is plenty of conservation work yet to be done, but that the District Program is designed to get the job done.

Thursday afternoon the film will be shown at the Goldthwaite High School and again at Priddy Thursday night. The final showing will be made at the Pompey Church on Friday night.

All Mills County has been observing "Soils and Souls" week this week.

City Council Calls Election For May 24 To Improve Electricity

Elsewhere in this issue is a legal notice of a resolution and election order passed by the City Council at its meeting Monday night.

In order to improve the electrical service to Goldthwaite, the Council is asking the voters to pass on the proposition of selling the city's highline from Goldthwaite to Lometa to the Lower Colorado River Authority.

The Authority is to rebuild the line and sell the City its juice at the city limits.

The election is called for Monday, May 24, and will be held in the District Court room at the court house. Brian Smith has been named presiding judge; Mrs. A. L. Whitaker, Judge; and Mrs. Eula Nickols and Mrs. J. H. Saylor, clerks.

Rodeo Advertising Committee Appointed By Lions Club Here

The Goldthwaite Lions Club is again this year sponsoring the advertising program for Goldthwaite's Third Annual RCA-Approved World Championship Rodeo to be held at the Jernigan Arena, two miles east on the Waco Highway on Monday, Tuesday and Wednesday, May 31 and June 1 and 2. The three night performances will feature five events with Ladies' Events added, and \$1,000 in cash prizes.

The Rodeo Advertising Committee appointed by the club consists of D. H. Holland, chairman, M. E. Blake, John L. Gwin, D. D. Tate, Mrs. William G. Yarborough and Mrs. J. H. Harrell.

Plans for advertising call for a 100-car caravan of Rodeo Boosters to visit surrounding towns for two days on Wednesday and Thursday before the Rodeo. Any one who can take his car and go is requested to notify Dan Holland at the Coffee Shop as soon as possible. A streamer will be stretched across from the Bank corner again, and newspaper advertising, car bumper posters, car stickers, window posters, and throw-away handbills will be used extensively. The committee and the Lions Club will appreciate any assistance the merchants and others will give to help advertise the Rodeo.

CITY COUNCIL AND HEALTH OFFICER ORDER CLEAN-UP

In cooperation with State health authorities and on recommendation of the City Health Officer, Dr. Ruel Slaughter, the City Council of the City of Goldthwaite has ordered a Clean-Up Campaign for the week ending May 15.

This action is taken just before hot weather in order, if possible, to prevent an epidemic of contagious disease, such as polio, typhoid and others.

The citizenship is urged to clean up their premises, spray outhouses with DDT, and otherwise take action to not only have premises clean, but improve the city's appearance as well.

City trucks will cover the town in hauling off trash, which the public is asked to concentrate in conspicuous places before next Wednesday, the 13th.

Please cooperate in this necessary and urgent activity, is the request of Mayor Long and the City Council.

A DREARY DAY
"The day is dark and dreary." The heart is sad.
The mind grows tired and weary. 'Tis almost mad.
But, should we argue with fate? Some folks might say:—"Nothing to do but sit and wait 'Til Judgment Day."

Let's look on the brighter side if that can be.

The Sunshine, see,
With all its beauties at even-tide.

Swing Of Southwest Farm Markets

By U.S.D.A. Lower prices for hogs, vegetables, cotton and poultry products featured trading at southwest farm markets during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Egg markets weakened steadily, as spring weather caused increased supplies and lower quality. Dallas bought current receipts at 32 to 34 cents a dozen early this week, and Fort Worth and Denver paid 35 to 36 cents. Poultry eased some too. Heavy hens brought 24 to 28 cents at Dallas and Fort Worth, and fryers 38 to 42.

Hog prices opened the week mostly 50 cents to \$1.50 lower than a week earlier after wide variations up and down. Top butcher hogs ranged from \$20 to \$21 at southwest markets Monday. Sows brought \$14.50 to \$15.50 at Texas markets, and \$13 to \$14.50 elsewhere. Stockers and feeder pigs sold from \$15 to \$18 in Texas.

Most cattle classes gained slightly for the week, with stockers and feeders showing least strength, and some calves advanced up to a dollar or more. Houston and San Antonio turned good to low choice calves from \$26.50 to \$29.50

early this week, and Denver paid \$25 for good heavy calves. Uneven trends prevailed at sheep markets during the week, but lambs ruled generally steady to higher. Denver's first spring lambs sold at \$26, while Kansas City paid \$27, Wichita and Oklahoma City to \$26, and Fort Worth at \$24.50.

Good Texas 8-months wools sold higher at 51 to 52 cents a pound, grease basis.

Cotton gained early but fell later to close Monday \$1.50 to \$2 a bale lower for the week. Spot middling 15-16 inch sold at 36.85 cents a pound at Dallas, and 36.55 at Houston and New Orleans.

Sorghums led strong grain markets with an advance of 30 cents a hundred for the week, to sell at \$3.95 to \$4. Gains of 12 to 14 cents a bushel brought white corn to \$2.73 to \$2.76, while yellow corn rose nine cents to bring \$2.48 to \$2.49. Wheat sold around \$2.51 at Texas common points, after a rise of four cents.

Most feeds sold about steady, but bran and shorts dropped \$6 to \$7 a ton. Peanuts changed little, but peanut oil weakened, and peanut meal held firm.

'THUNDER IN THE VALLEY' IS UNFORGETTABLE FILM-DRAMA

Once in a great while there comes to the screen a motion picture of such wonderfully heartwarming quality, and of such truly dramatic grandeur that it remains a rare and unforgettable experience for every moviegoer. Such a picture is Twentieth Century-Fox's "Thunder in the Valley," which photographed in color by Technicolor, opens Saturday night pre-veue at the Melba Theatre.

The outstanding cast starring Lon McCallister, Edmund Gwenn and Peggy Ann Garner, Louis King's supremely sensitive direction, Robert Bassler's breathtaking beautiful production, and Jerome Cady's brilliant screen play combined to make "Thunder in the Valley" a perfectly marvelous screen achievement. Rarely, indeed, is it that a motion picture can draw claim to such sincerity and warmth in its telling, or mark the measure of deep human emotions with such dramatic power and excitement as does this one.

"Thunder in the Valley" is essentially the story of a simple and gentle people, and of the events that filled them with hatred and a lust for vengeance as hard as the rocks of their beloved valley in the Highlands of Scotland. The brooding undercurrent of this vengeance to come had, in fact, been always in the air but it remained for the shy and embittered Adam M'Adam to unleash its full force and, ironically enough, for himself to feel the full brunt of its power.

The film's drama is sparked by a bitter conflict between father and son, and is flamed to white heat by the fury of the valley people when they rise in arms against a mysterious killer in their midst.

'GREEN DOLPHIN STREET'

Anyone looking for a swash-buckling adventure yarn picture-escapely backgrounding a passionate dramatic triangle of two sisters after the same man will get his money's worth and more at the Melba Theatre, where M-G-M's new Lana Turner starring vehicle, "Green Dolphin Street," plays next Tuesday and Wednesday.

It is easy to see how this Elizabeth Goudge novel of fiery romance in St. Pierre, colorful Channel Island seaport of the 1840's, and rugged New Zealand, was selected as the winner of M-G-M's first annual contest for the outstanding novel of the year, for it contains everything in the way of good entertainment, including breathtakingly realistic scenes of an earthquake, the floundering and sinking of a magnificent Clipper ship, and a blood-curdling uprising of the dangerous New Zealand Maoris.

Moreover, the picture gives Lana Turner the role she has probably been awaiting for a long time—a part that gives this talented young performer an opportunity to prove once and for all that glamour is the least striking of her talents as a dramatic actress.

Mrs. J. C. Martin and Mrs. W. E. Thompson of Brownwood spent several days with their mother, Mrs. W. B. Potter.

Mr. and Mrs. Worth Johnson of Tyler were here for the week-end visiting his mother, Mrs. H. B. Johnson, and other relatives.

Sunday guests in the home of Mr. and Mrs. John W. Roberts were her cousins, three Misses Secrest and Miss Blackshear of Hamilton.

Mr. and Mrs. Jesse Saegert, Gene, and her father, E. E. Behrendt, of Texakana, spent Monday in San Antonio visiting Mr. Saegert's brother, Dr. A. A. Saegert, and family.

Mrs. Sallie Street of Amarillo was a guest last week in the home of Mrs. J. W. Weathers. This week Mrs. Street is visiting her nephew, Luther Soules, and family.

A lovely week-end was enjoyed in San Angelo by Miss Reva Mae Horton, James Ralph McKee, Miss Billie Baker and James Burkett.

Mr. and Mrs. Raymond Hoover and daughter, Betty Jo, of Eden

visited in the home of Mr. and Mrs. W. F. Lappe Sunday.

Girl Scout Troop V Has Honorary Tea

Girl Scouts Troop 5 held a tea on Saturday, May 1, in the lovely home of Mrs. Talbert Ledbetter, honoring their mothers, having as their guests members of the Girl Scout Council, adult leaders, and Troop II.

A beautiful hand-painted organdy cloth covered the tea table. A dainty arrangement of pink rose buds and mock orange formed the center piece among lighted pink candles.

The program featured piano numbers by Jane Anne Steen, Janette Soules, Sibyl Anne Reid, Nell Carmen Wilkine, Ada Margaret Geeslin, Kay Clements and Sue Ross sang Indian Love Call.

President of the troop, Mary Kathryn Palmer, greeted guests at the door. Others in receiving line were Pearl Cook, Modene Letbetter, Betty Willford, Mrs. Ledbetter, Mrs. McCombs and Jimmierita Simpson who pinned corsages on mothers of the troop members as they entered the dining room. Nelda Jones preside at the punch bowl assisted by Margaret Barton.

The tea climaxed several months' of study in "Self Improvement." The girls were assisted in making plans and actual preparation by their troop leader, Mrs. D. B. McCombs, Assistant leader, Mrs. Y. B. Johnson and Mrs. Tolbert Ledbetter.

BROWNIE TROOP 1

Brownie Troop 1 had a cook-out Tuesday April 27th. We were divided into three groups. Each group built a fire over which to roast weiners and marshmallows. Each Brownie had brought her part of the food and our committee members and leaders served bottle drinks. We had 100 per cent Brownie attendance and four visitors. Both leaders, four Troop mothers and one adult visitor, Mrs. Ward were present.

We spent the afternoon eating, wading, and having fun in general. Before leaving the picnic grounds we put out our fires and burned our waste papers. The afternoon was enjoyed by everyone. Next Saturday afternoon, May 8 each Brownie of Troop 1 is invited to attend the show at the Melba Theatre, courtesy of Mrs. Loudamy.

Mrs. Fields Hines of Lometa underwent a tonsillectomy at the Farley and Felts Clinic at San Saba Monday.

Mr. and Mrs. T. H. Davis of Seymour spent the week-end with her sister, Mrs. G. E. Ronson and Mr. Ronson. Mrs. Davis remained for a longer visit.

Mrs. A. J. Gordon and son, A. J., Jr., came in Sunday to visit her aunt, Miss Minnie Coleman, who returned to Gatesville with Mrs. Gordon for a few weeks' visit. She will also visit other relatives.

The U. S. Naval Reserve now contains more than 900,000 officers and men.

CARD OF THANKS

We wish to extend our sincere thanks and appreciation to each of our neighbors and friends who were so kind and helpful during the illness and death of our husband and father, Charles Simpson, for so much nice food and to the Senior Class and room mothers who served food one day, for the beautiful flowers and every act of kindness shown us. Thanks to Bro. Boyd Denman, Mr. Fairman and Roy Wilkins and Dr. Slaughter for their untiring service.

May God's richest blessings be upon each and every one of our prayer.

Mrs. C. A. Simpson and children

To those who left dishes at my house please call and get them at Mrs. J. D. Brim's house between now and the 1st.

NOTICE OF ELECTION FOR THE SALE OF CITY OF GOLDTHWAITE'S ELECTRIC TRANSMISSION LINE.

THE STATE OF TEXAS COUNTY OF MILLS CITY OF GOLDTHWAITE:

NOTICE IS HEREBY GIVEN that an election will be held in the City of Goldthwaite, Texas, on the 24th day of May A. D. 1948, pursuant to the following resolution and order issued by the City Council of the City of Goldthwaite, Texas:

RESOLUTION AND ORDER AN ORDER CALLING AN ELECTION FOR THE PURPOSE OF SUBMITTING TO THE QUALIFIED VOTERS OF THE CITY OF GOLDTHWAITE, MILLS COUNTY, TEXAS, THE PROPOSITION OF THE SALE TO THE LOWER COLORADO RIVER AUTHORITY OF THE TRANSMISSION LINE BELONGING TO THE CITY AND EXTENDING FROM THE SECOND POLE BEYOND THE 1938 CITY LIMITS OF THE CITY OF LOMETA, WHICH POLE IS LOCATED ADJACENT TO HIGHWAY NO. 74, TO GOLDTHWAITE, TO A POINT NEAR THE CITY OF GOLDTHWAITE, PROVIDING FOR SUCH ELECTION AND PRESCRIBING CERTAIN DETAILS IN CONNECTION THEREWITH.

WHEREAS, the City of Goldthwaite is the owner of an electric distribution system, located within the corporate limits of said City and immediately adjacent thereto, which electric distribution system, constitutes the "electric system" of the City of Goldthwaite, and the City of Goldthwaite, in order to obtain electric current for its said electric distribution system, found it necessary to construct, and the City did construct a 12.5 kv., single pole, 3-phase transmission line, from the second pole beyond the 1938 City Limits of the City of Lometa which pole is located adjacent to Highway No. 74, to the City of Goldthwaite and to thereby transport and transmit the necessary electric current for the distribution system of the City of Goldthwaite, and said transmission line has since its construction, been owned, operated and maintained, and is now owned, by the City of Goldthwaite; and

WHEREAS, in the operation of such transmission line, the City of Goldthwaite has incurred and will continue to incur expenses in the nature of maintenance and replacement inspection, and other expenses of similar character, and at the present time the point of delivery for electric power and energy to be used on the electric system of the City of Goldthwaite is at the point above mentioned, to-wit: the second pole beyond the 1938 City Limits of the City of Lometa, and such power and energy is then transported from said point over the above mentioned transmission line to the electric system of the City of Goldthwaite, which results in the City having to bear the loss which is incurred as a consequence of transmitting electric power and energy over a considerable distance, said line being approximately 19 miles in length; and

WHEREAS, the Lower Colorado River Authority, at the request of the City of Goldthwaite, has agreed to purchase such line for a consideration of One (\$1.00) Dollar and to thereafter rebuild and strengthen the line, and to thereafter maintain and operate the transmission line and furnish to the City of Goldthwaite at point of delivery which is located near the City Limits of the City of Goldthwaite, being approximately 1 mile therefrom, and such electric power and energy will be delivered at said new point of delivery at the same rate as now provided in the present contract between the City of Goldthwaite and the Authority dated the 24th day of January, 1941 and pertaining to the delivery of power and energy at the present location near the substation at Lometa, Texas; and

WHEREAS, the Lower Colorado River Authority, as a part of the consideration for the conveyance of such line, will agree not only to rebuild the line but also to build a substation near the City Limits of the City of Goldthwaite and will thereafter maintain and operate the same, and whereby the Authority will incur considerable expense amounting to several thousands of dollars; and

WHEREAS, the sale and conveyance of the transmission line to Lower Colorado River Authority will result in the City of Goldthwaite receiving benefits far in excess of the monetary value of the said line, and it is here now determined and found by the City Council of the City of Goldthwaite that the above mentioned consideration does constitute a full and fair consideration for said line, and such will result in the City being relieved of further expense in connection with the maintenance and operation of said line and will further result in savings to the City of Goldthwaite, in that the said City will not have to bear the line losses referred to hereinabove because the point of delivery to the City will be approximately 19 miles nearer to the electric system owned and operated by the City of Goldthwaite, and such will

thwaite, being approximately 19 miles and enlarged source of supply for its future needs without the necessity of having to enlarge said transmission line; and

WHEREAS, under the circumstances the said transmission line does not constitute a part of the electric system of the City of Goldthwaite in that the electric system of the City of Goldthwaite consists of the electric distribution properties and facilities located in the City of Goldthwaite and territory immediately adjacent thereto, and said transmission line does not constitute a substantial part of the system of the City of Goldthwaite, and such transmission line was constructed merely for the purpose of obtaining a source of electric power and energy in order to meet the requirements of the City's electric distribution system, and it is now practical, feasible and more economical and to the best interests of the City to acquire such electrical power and energy at the new point of delivery referred to hereinabove, which can only be done provided said line is sold to the Lower Colorado River Authority for the consideration set out hereinabove; and

WHEREAS, in the proper operation of the electric system of the City of Goldthwaite and in keeping the same in good condition and operating the same in an efficient manner and at a reasonable cost, the City Council has determined and does hereby determine that the sale of the said transmission line as set out hereinabove is necessary; and

WHEREAS, the City Council has determined and does hereby determine that it is to the best interest of the City and of its Citizens that an election be held in the City of Goldthwaite on the date and for the purpose hereinafter mentioned.

NOW THEREFORE, BE IT RESOLVED AND ORDERED BY THE CITY COUNCIL OF GOLDTHWAITE, TEXAS:—

I. That a special election be held in the City of Goldthwaite, Texas, on the 24th day of May A. D. 1948 at which the following proposition shall be submitted:

SHALL THE CITY COUNCIL BE AUTHORIZED TO SELL AND CONVEY TO THE LOWER COLORADO RIVER AUTHORITY THE TRANSMISSION LINE BELONGING TO THE CITY OF GOLDTHWAITE AND EXTENDING FROM THE SECOND POLE BEYOND THE 1938 CITY LIMITS OF THE CITY OF LOMETA WHICH POLE IS LOCATED ADJACENT TO HIGHWAY NO. 74 TO GOLDTHWAITE TO A POINT WHICH IS LOCATED NEAR THE CITY LIMITS OF THE CITY OF GOLDTHWAITE, BEING APPROXIMATELY ONE MILE THEREFROM, TOGETHER WITH ALL PROPERTY RIGHTS, EASEMENTS AND PRIVILEGES BELONGING TO THE CITY OF GOLDTHWAITE AND USEFUL IN THE CONNECTION WITH THE MAINTENANCE OF SAID LINE SAID SALE TO BE MADE IN CONSIDERATION OF ONE (1.00) DOLLAR CASH TO BE PAID ON THE DATE OF THE DELIVERY OF THE CONVEYANCE AND THE FURTHER CONSIDERATION OF THE EXECUTION OF A CONTRACT BY THE LOWER COLORADO RIVER AUTHORITY WITH THE CITY OF GOLDTHWAITE TO DELIVER ELECTRIC POWER AND ENERGY AT A SUBSTATION TO BE ERRECTED BY THE LOWER COLORADO RIVER AUTHORITY NEAR THE CITY LIMITS OF THE CITY OF GOLDTHWAITE AT THE SAME RATE AS NOW PROVIDED IN THE PRESENT CONTRACT BETWEEN THE CITY OF GOLDTHWAITE AND THE AUTHORITY DATED THE 24TH DAY OF JANUARY A. D. 1941 AND PERTAINING TO THE DELIVERY OF POWER AND ENERGY AT THE LOMETA SUBSTATION.

II. That said election shall be held in the regularly established election precinct of said City (all of said city being included in one election precinct) at the District Court room in said City. The following named persons are hereby appointed the managers of said election:

Brian Smith, Presiding Judge
Mrs. A. L. Whitaker, Judge
Mrs. Eula Nickols, Clerk
Mrs. J. H. Saylor, Clerk

III. That said election shall be held under the provisions of the Constitution and Laws of the State of Texas governing the issuance of municipal bonds by cities and towns, and only qualified voters of the City of Goldthwaite, who own taxable property in said City and who have rendered the same for taxation shall be qualified to vote.

IV. The ballots of said election shall have written or printed thereon the following:

"FOR THE SALE OF THE TRANSMISSION LINE TO THE LOWER COLORADO RIVER AUTHORITY."
"AGAINST THE SALE OF THE TRANSMISSION LINE TO THE LOWER COLORADO RIVER AUTHORITY."

Each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other one as indication of his vote.

V. That notice of said election

SUCCESSFUL TRAINING CLASS AT METHODIST CHURCH

Mrs. Sally Sory has been very joyfully and cordially received for the children's workers and the mothers of young children. The classes have been highly instructive and informative to the many who have been in attendance. Much interest is being manifested and we are learning skills which will be of great importance as we continue to teach the children of our homes and of our Sunday School.

BARBECUE TUESDAY FOR SENIORS AT METHODIST CHURCH

A barbecue will be given in honor of the High School graduates and all the High School faculty on Tuesday evening, May 11th, 7:30 p. m., on the grounds back of the Methodist Church. An enjoyable evening is planned for all.

TO SPEAK AT STAR

Mr. M. E. Blake, minister of the Church of Christ in Goldthwaite will deliver the Baccalaureate Sermon for the Class of 1948 at the Star High School, Sunday, May 9, 1948, at 8:30 p. m. Mr. Blake is well known in this section as a Youth leader. He is especially interested in young people and has a keen insight as to their problems, and is always at his best when working with or speaking to the young people. The Senior Class of '48 Star High School awaits with interest the lesson to be brought by the Goldthwaite Minister.

FREDERICKSBURG BEATS RED SOX HERE SEVEN TO 2

By ED GILLIAM

After playing seven good, thrill-packed innings Tuesday night with the Fredericksburg Giants the local Red Sox defense failed and they were defeated 7 to 2. The final box score revealed for Fredericksburg—7 runs, 10 hits, 3 errors; for Goldthwaite—2 runs, 7 hits, 3 errors.

Dale Reid started on the mound for Goldthwaite and was very effective for seven innings. At the beginning of the 8th he lost control and walked the 1st two batters to face him. Prior to this lapse, however, Reid had shown a good deal of pitching savvy and ability, and shows promises of getting better as the season progresses. He was ably supported in the field by several sparkling catches. Bill Hinton at 1st saved the situation with a back handed stab of a hot liner right over the bag when the bases were loaded and two men out. Bill has the honor of hitting the first home-run in the new park when he put one over the wall in the recent Brownwood game. Lee Doggett made a circus catch in centerfield that robbed the batter of a hit. In furtherance a nice throw from his position to third base cut off a run.

Molberg, the ace of the Giant pitching staff, was the big gun for Fredericksburg. He pitched a good steady game, and was master of every situation at all times. Very few, if any, better all-around ball players will be seen here this season than Mr. Molberg. He is a dangerous hitter, and can play any position well. Any of the local players will probably testify as to his pitching ability.

Perkins, who relieved Reid in the 8th with none out and two men on, got in hot water immediately and four runs came across in this inning before the side was retired. Walks coupled with an error and a hit or two at the wrong time proved Perkins' undoing. Charley McLean came in from 2nd base and took over the pitching chores in the 8th and did alright, but the damage had been done.

Mgr. W. C. Barnett used the versatile Y. B. Johnson at short-stop Tuesday night in the absence of Cottle, and plans to Thursday night in the 2nd league game of the season.

Howard Hoover got the clinch hit that knocked in Goldthwaite's two runs.

The crowd was about the same as saw the opener last week against Brownwood, which the Red Sox won 7 to 0 to put them on top position in Heart of Texas League.

The local managing body of the team and park is still making improvements in the set-up each day. The fences are about completed and everything getting in top shape for a good baseball season. The attitude and expressions of the fans and citizens of Mills County coupled with the crowd interest is evidence that people are proud of their team and will continue to back it.

ATTEND FUNERAL

Being called to Brownwood to attend the funeral of Ben R. Hester, the following have visited in the home of Mr. and Mrs. John A. Hester here: Mrs. J. C. Wilsford (formerly Miss Bell Harper) and children of Corpus Christi; Walters Hester of Fort Worth, son of Mr. and Mrs. John A. Hester; and their daughter, Mrs. Otis Gary of San Marcor, who is here for a visit.

4'183 WW II Dead Returned From Europe; Next Of Kin In Texas Await Homecoming Of 199

Remains of 4,183 Americans who lost their lives during World War II are being returned to the United States from Europe aboard the United States Army Transport Lawrence Victory, the Department of the Army announced today. Arrival of the vessel will be announced by the New York Port of Embarkation.

Armed forces read originally interred in temporary military cemeteries at Epinal, Ste. Mere, Elise, La Cambe and St. Juan, France are among those being brought back to this country.

A total of 199 remains are being returned upon instruction of next of kin residing in Texas.

The Army stated that each next of kin would be notified in advance of the return of remains. From ten days to three weeks will elapse after arrival of the ship before Distribution Centers of the American Graves Registration Service will be able

to advise next of kin of the date when they may expect to receive remains.

Under the program for final burial of World War II dead, next of kin may elect to have remains returned to the United States for burial in a private or National Cemetery, or may request interment in a permanent American military cemetery overseas or a private cemetery in a foreign country which is the homeland of the deceased or of the next of kin.

Returning to Mills County for reburial is: Pfc. Oratus G. Bush, Army; next of kin, Bettie L. Buch, Route One, Goldthwaite.

Pfc. Harold H. Townsend, Army; next of kin, Mrs. Brown L. Townsend, Brownwood. Returning from the Pacific

Theatre from Honolulu in the U. S. Army Transport Cardinal O'Donnell, with 2,024 war dead, 162 of whom will come to Texas for reburial. Coming to this section are:

Pfc. Jesse R. Allman, Army; next of kin, Rollie L. Allman, Brownwood. Cpl. Lewis F. Deats, Jr., Army, next of kin, Louis F. Deats, Route 4, Brownwood. First Sgt. Albert C. Potts, Marines, Mrs. Carlie E. Potts, Brownwood. T-Sgt. George A. Roberts, Air Force, Mrs. James H. Roberts, Priddy. 2nd Lt. Felix E. Scott, Air Force, Ernest M. Scott, San Saba.

Quoting from a recent news release from the Texas headquarters of the Production and Marketing Administration (US-DA): "Democracy has been in action throughout Texas this week and will continue for another week."

It refers to the work of county Agricultural Conservation Association committeemen and PMA workers in making recommendations for next year's agricultural conservation program.

Actually, we don't think the writer intended to place any limitations on Democracy.

W. J. (Bill) Green is back from three years spent in China with UNRRA. Soon he leaves for two years in Peru as agricultural expert with the Office of Inter-American Affairs.

Texans got acquainted with him while he was assistant regional director of the old Farm Security Administration in Dallas, several years prior to 1945. He thinks there is a future market in China for purebred stock from this country.

Williamson county has a history of 100 crowded years, and they'll all be celebrated the week

of May 1 to 8. It takes a week to do it up properly. This is one of Texas, oldest and most agriculturally prominent counties, as well as being near the center of the state. Livestock and agricultural exhibits will be included in the festivities.

Eggs are getting more plentiful, and the price is dropping a little. The fellow who produces better cackles can command a premium price for them, even in periods of high production, if he has an outlet that knows his quality is dependable. There is a lot to be said in favor of uniform grading and labeling of eggs. C. M. Evans, chief of the PMA Dairy and Poultry Branch in the Southwest, says there'll be fewer turkeys this year.

The week of May 2 to 8 is National Soil Conservation week, and in addition to everything being planned by soil conservation district, etc., many churches plan special services on Sunday, May 2. We are in possession of two typewritten pages of single-spaced quotations concerning the soil, taken from the Bible.

Flying over Tennessee, Virginia and Ohio we have seen thousands of dogwood trees still resplendent in their white blossoms. This is being written in Columbus, Ohio, where we have paused en route back to Texas

from a visit in Washington. In Ohio we find the Farm Bureau advertised in neon lights atop one of the city's tall buildings, where we are told this organization has on exhibit a fine collection of art works, purchased as an investment.

Flipping on our radio, the first thing we hear is a broadcast of Farm Bureau activities from a Farm Bureau-owned station at Washington, a few miles from Columbus.

In Washington, Chairman Clifford Hope (R-Kan.) of the House of Representatives committee on agriculture confined to us that the current issue on margarine taxes has effected a rift in both houses of congress which will be long in healing.

The forces endeavoring to get taxes removed from the sale and manufacture of margarine won a victory over the powerful dairy (butter) bloc to get the Rivers' bill passed in the House last week, removing the tax on uncolored margarine. The bill now goes to the Senate where another lively tussle is anticipated.

Snooping around the Capital City trying to learn who will be the Secretary of Agriculture after Clinton P. Anderson officially resigns on May 10, we find the picture a little foggy, but a large number of predictors saying it may be Congressman John Flannigan of Virginia, who has announced his retirement from the House this year. He has been active in agricultural legislation for many years. Other names mentioned, but less often are those of Charles Brannan, assistant to Anderson, and N. E. Dodd, undersecretary, who has already accepted directorship of the United Nations' Food and Agricultural organization (FAO).

Foot and mouth disease is not spreading past the established quarantine lines in Mexico, we are assured by Dr. B. T. Sims, chief of the U. S. Bureau of Animal Industry. Rather, he says, the line of infection is being pushed back.

There is always the danger that the passing driver may be forced to swing back to his original position in the line because oncoming traffic has made it unsafe to complete the pass. Many times the driver's original position on the highway has already been filled. To guard against this, if the driver will ease his vehicle slightly over the center line at a safe distance to the rear of the vehicle in front, and assure himself of enough distance ahead to complete the pass, he can always

swing back in line if necessary. In general, a clear open road of approximately 1,000 feet and an allowable time interval of 12 seconds is a safe margin.

In addition, accident prevention authorities recommend these special precautions:

1. A standing street car or bus taking on or discharging passengers should never be passed on the right unless the landing area is protected by a safety zone.
2. Vehicles should not pass on approaching curves, crests of hills, railroad grade crossings or at any intersections.
3. Never attempt to pass vehicles that are traveling at top speed or at maximum safe speed, and never attempt to pass when the required passing speed is greater than that allowed by the local speed law.
4. Indicate well in advance the desire to pass, either by shifting position of the car into the correct lane or by the use of hand signals, or both.

Reckless Passing, Driving On Wrong Side Of Road, Major Causes For Traffic Deaths

By DR. WALTER A. CUTTER
Administrative Assistant, Center for Safety Education,
New York University

By Dr. Walter A. Cutter
This is the third of a series of 10 articles on street and highway safety, written by nationally recognized accident prevention specialists and published by this newspaper

The pattern of contour plowing and strip cropping on the hilly terrain below is an interesting sight to the air-traveler.

A group of farm broadcasters in Washington last week paid a visit to President Truman at his office in the White House. He looked the same as he did 18 months ago when this writer and Ralph Janes of Austin help present him with a couple of Broad Breasted Bronze turkeys from Texas. Maybe you saw the picture of the President holding the flapping Ton by one wing.

in the interest of greater traffic safety.

The latest available figures indicate that more than ten percent of the motorists involved in all fatal accidents were driving on the wrong side of the road. On rural highways, about 13 out of every 100 fatal accidents can be attributed to passing too fast, too soon, too late or with too little thought.

The inherent risk involved in passing is the unknown. Vertical curves, hills or a roadway may restrict vision and hide vehicles just beyond the area of vision; horizontal curves often conceal what lies ahead, and approaching vehicles frequently blend deceptively with the background.

Passing on the wrong side is often an accident cause. The safest practice, and generally the only lawful one, is to pass on the left. Multiple-lane express highways and street cars sometimes provide exceptions to this rule.

Misjudging the speed of other cars is another cause of mishaps. About the only way the speed and distance of an oncoming vehicle can be judged is the rapidity with which it passes such landmarks as telephone poles, billboards and buildings, and this comparatively accurate judgement can only be made when the car approaches from directly ahead.

There is always the danger that the passing driver may be forced to swing back to his original position in the line because oncoming traffic has made it unsafe to complete the pass. Many times the driver's original position on the highway has already been filled. To guard against this, if the driver will ease his vehicle slightly over the center line at a safe distance to the rear of the vehicle in front, and assure himself of enough distance ahead to complete the pass, he can always

swing back in line if necessary. In general, a clear open road of approximately 1,000 feet and an allowable time interval of 12 seconds is a safe margin.

In addition, accident prevention authorities recommend these special precautions:

1. A standing street car or bus taking on or discharging passengers should never be passed on the right unless the landing area is protected by a safety zone.
2. Vehicles should not pass on approaching curves, crests of hills, railroad grade crossings or at any intersections.
3. Never attempt to pass vehicles that are traveling at top speed or at maximum safe speed, and never attempt to pass when the required passing speed is greater than that allowed by the local speed law.
4. Indicate well in advance the desire to pass, either by shifting position of the car into the correct lane or by the use of hand signals, or both.

The urge to pass every vehicle is an indication of emotional immaturity and has no place in the mind of the expert driver; and the driver who makes it as difficult as possible for other cars to pass him is equally childish and dangerous. Nearly everyone has at some time been the near victim of the "eager beaver" who, due to some psychological quirk in his make-up, cannot bear to stay behind the car ahead; or the "road hog" who straddles the center line, refusing to share the highway with anyone not complying with his prescribed rate of speed. The rule "keep to the right expect when passing" should be adhered to by all motorists, whether they are moving at 20 or at 50 miles an hour.

Miss Gladys Evelyn Evans re-several days with Mr. and Mrs. Oscar Hill at Center City.

John Earl Roberts of Abilene underwent an appendectomy Saturday in an Abilene Hospital. At last report he was doing nicely. John Earl is a grandson of Mr. and Mrs. John W. Roberts and Mrs. Eula Nickols.

Mr. and Mrs. Rayford Herrington of Carlton spent Tuesday in the home of their aunt, Mrs. Ola Howell. Mrs. Herrington went from there to her mother's, Mrs. Willis Horton, where she will visit for several days.

(Continued from page one)
best soil conservationist of the Brown-Mills District.

Last year at the Texas Soil Conservation meeting Earl Fairman and Hobart Priddy from this county won plaques for being the outstanding soil conservationists in the district.

Mr. Carr, who was a visitor, made a short talk, ending up with the remark that he was like "Minnie" the cat—glad he got out.

John Stough, formerly of Goldthwaite but now with the service at Brownwood, said conservation grows in a county like a child grows, and that it was growing in Mills County. He praised Earl Fairman for taking the lead in soil conservation in this county.

The newly-installed Lions officers were in charge of the meeting. Joe B. Karnes, president, and Ray Duren, secretary. President Karnes read a news item that appears in the Eagle this week about how three Mills County boys had won the state championship Livestock Judging Contest at A. and M. College last Saturday and would later this year represent the State of Texas in the National Livestock Judging contest at Kansas City. They are Robert Henry Johnson, Bobby Burks, and Red Miller. Lion Karnes said Mills County was very fortunate in having such men as their coach, Y. B. Johnson, Vocational Agriculture teacher here, County Agent McCombs and Soil Conservationist Ben Day to lead these three important services. Lion T. C. Graves suggested that a class among the business men of the town be organized to meet at the new agricultural Building here to study soil conservation and farm methods needed in this county.

President Karnes appointed Lion D. H. Holland to be head of Rodeo Advertising Committee, the Lions Club having voted to sponsor the Rodeo advertising again this year as it did last.

All members and guests, at the conclusion of the program, stood with heads bowed in reverence to Lion John A. Hes-

ter, whose brother, Ben R. Hester, died that morning.

RULES FOR MILLS CO. SOFTBALL LEAGUE.

Each team will be allowed a maximum of 18 men on their rosters. No players are eligible to play with more than one team. If a player wishes to change from one team to another team, that player will be penalized by having to remain out of competition for the remainder of that half of the season plus a period of 4 weeks.

In case of a bona fide move of residence of a player, the player to be eligible must have to have the consent of the managers of all teams in the league, before he may join another club.

To be eligible to play, a player must have been on the club roster for a period of two weeks before playing in any contest in the Mills County Softball League. Each player must be listed with the sponsor of the league, the Lions Club of Goldthwaite.

This league will operate under the official softball rules and regulations.

Games will be played on Tuesday and Friday nights of each week. The first game will start at 8 p. m. and the second game will start at 9:15 p. m.

In case of a tie at the end of seven innings of play, the game will proceed until the tie is broken or two extra innings have been played. In case of a tie at the end of nine innings of play, each team will be credited with one game lost and one game won.

There will be three umpires for each League contest, namely, the umpire who calls strikes and balls, the umpire who calls first and second base, and the other calls third base. The umpire who

calls the strikes and balls is required to stand behind the catcher. Each team will furnish one umpire for the game opposite them on the night that they play.

The decisions of the umpires are final, and any Contestant protesting an umpire's decision will automatically be disqualified from further competition for the remainder of the season.

Any protest of any decision must be made by the manager of the team concerned, and that protest must be made in a sportsmanlike manner.

In case of the withdrawal of a team from the Mills County Softball League, the team withdrawing will automatically forfeit all remaining games on its schedule.

Any team failing to appear for its regularly scheduled game, unless providentially hindered, will automatically forfeit that game.

If any team is unable to appear for its regularly scheduled game, that team should use the most expeditious means to notify its opponent and the sponsor of the Mills County Softball League at the earliest possible time and at least six hours previous to the

time that scheduled game is to be played. Otherwise the team failing to appear will automatically forfeit that game.

LADIES' SOFTBALL TEAM PLAYS MULLIN

Tuesday night April 27, the womens Softball team of Goldthwaite played Mullin on the field there. This was the first time the Goldthwaite group had played together and some players had not tossed a ball in more than ten years. The final score was 16 to 19 in Mullin's favor. However, a womans spirit is not easily daunted, so we're planning a lot of practice for the next few weeks. Those already listed with the team are: Faye Featherston, Dorothy Crowder, Wanda Hollinshead, Evalyn Reid, Ann Conrad, Ilene Johnson, Dot Spinks, Barbara Jernigan and Pansy Henderson.

We have received a lot of encouragement, which is, needless to say music to our ears. Any person (female) who wishes to play Softball with us, come to Municipal Ball Park at 5:30 Monday afternoon. We're to set up our

bases on the northwest part of the park if the men are using the regular field for practice. The appropriate garb is blue jeans and bring a glove if you have one.

TIE WITH MULLIN

The Ladies Baseball team, sponsored by Yarborough and Duren, went to Mullin Wednesday night to play Mullin Ladies' team in a return match. The game was called at the beginning of the sixth on account of showers, the score being 8 to 8.

HAMILTON HOLDS FIRST IN LEAGUE

Hamilton remains the only team in the league that hasn't been defeated. Sunday evening saw Hamilton hand Pottsville its second defeat this year by 8 to 4. Harper pitched for Hamilton allowing only 5 hits and no earned runs. He got 12 strikeouts. Thompson got a homerun in the sixth with two men on to put Hamilton in the lead.

Aleman dropped Purlmela 12 to 2 for their first defeat this

year. C. Sommerfeld had only two hits. In his last games, Sommerfeld had only ten hits.

Indian Gap broke the win column by taking one from Star, 5 to 4. per hurled for the Day, 7 to 5. E. Hopper pitched Priddy.

In what proved to be a future game Goldthwaite Shive, 3 to 0. This was waiete's first win.

Texas Purebred Sheep Breeders Show And Sale At Gatesville

Gatesville, May 5—One of the biggest events of the year for this state's sheep raisers is coming to Central Texas May 19 to 20, when the first annual Show and Sale of the Texas Purebred Sheep Breeders Association will be staged in Gatesville. Entries are limited to registered sheep, and over 22 are expected.

A full program is being arranged for the two-day affair, which is being billed as "the largest alf-breed sheep sale ever held." It will be housed in the Hix Building, a new tile building just south of the public square, and \$400 in prize money will be distributed among the show's winners.

The show will be held Wednesday, May 19, and that night

the Gatesville Chamber of Commerce is sponsoring a big square dance with lots of old-time fiddling. Thursday morning, May 20, warm-up sheep dog trials will be run at the Municipal Stadium, and at noon, Murry Cox, farm editor for radio station WFAA, Dallas, will broadcast from the site of the show. The sale will be held Thursday afternoon, and that night the main trials in the sheep dog contest will be run, with \$40 in prize money awaiting the winner.

After the sale, several sheep dog pups will be given away free, and one sheep will be awarded to the winning FFA or 4-H Club judging student from anywhere in Texas.

JOHN TARLETON ANNUAL HOMECOMING

America Sings, a Patriotic Pageant by the students and faculty of John Tarleton College, was presented on the Hays Field at Stephenville, on May 1, 1948, at 8:00 p. m. Beginning the program was the presentation of the Dukes and Durches from visiting schools, then the Queens Procession, including the Queen and her attendants and the crownbearers. The remainder of the program consisted of different educational and patriotic scenes such as: the typical Indian village by the Scouts of Stephenville; the pilgrims who came in search of a home and soon made friends of the Indians; another scene brings Betsy Ross and our flag, then comes the early travelers as they went west with their wagons and rifles, molested now and then by the Indians.

Scene V gives us a time of building and happiness, following that was a glimpse of the South and the call to Civil War, also in line with the program was the gay rinettes with the fun of strolling in the parks and riding bicycles built for two, another scene gives us only a reminder of World War II, turning to the lighter side it pictures the gaiety and frivolity of the roaring twenties and thirties, the last scene reminds us of the dark days and manpower of World War II. The Honorary Cadet Corps and Band drilled and the finale was a most impressive fireworks display.

A large crowd of parents and ex-students witnessed this pageant and enjoyed it immensely.

- NOTICE -

Attention is hereby called to the public as to the laws governing fires whereby the alarm is given and the Fire Department is called for the purpose of controlling said fires.

It is now a State Law for any person or persons not a member of fire Department to hinder in any way the action of the firemen in their effort to control fires either at the fire or going to said fire or by running over fire hose.

It has been more or less a hazard in the past that when an alarm is sounded the general public rushes to the fire regardless of the thought of the Department of the fire apparatus and have and do get in firemen's and equipment's way to such an extent that firemen are hindered in their efforts to do their duty.

Please in the future if you are not on fire Department wait long enough after an alarm to allow the firemen to get there and then stay out of their way in their course of fighting fire.

The disregarding of these rules is punishable by a fine of \$10 and is supported by state laws, and will be enforced if the general public does not abide by same.

Each and every fireman has the authority at a fire that any law enforcement officer would have and will act accordingly—please co-operate with us.

to thank Mrs. Schooler for helping us. These books were distributed after the meeting. Mrs. Blake is to be our Librarian, and a fine of 10 cents is to be imposed if we keep the books over two weeks.

We will meet at Mrs. D. B. McCombs' May 11 at which time we will entertain another club with a book review given by Mrs. M. E. Blake. We are to have a book exhibit at the same time, and each member is to bring a book they have read that is on our reading list.

The following program was presented with Mrs. Blake as leader:

"Educational Committee" by Mrs. A. L. Cole.

"How we can Work with Un-organized Committees" by Mrs. Jake Long.

"Providing Storage Space" by Mrs. Charles Haenisch.

"Closet Accessories" by Mrs. Floyd Sansom.

After a short recreational period, the hostess and Mrs. Famborough, co-hostess, served delicious punch and homemade cookies.

We have changed our next regular meeting time to May 18 in order that our agent can be with us. Mrs. Eacott will be hostess with Mrs. Eula Nickols co-hostess.

SANTA FE INCOME

Santa Fe's net railway operating income for March, 1948, was \$4,808,766, according to a statement released by President F. G. Gurley today. This is an increase of \$1,295,285 compared with March, 1947. Net income for the first three months of 1948 was \$11,090,868 compared with \$9,840,366 in first three months of 1947.

Santa Fe system carloadings for the week ending April 24, 1948 were 27,685 compared with 26,231 for the same week in 1947. Cars received from connections totaled 12,237 compared with 11,256 for the same week in 1947. Total cars moved were 39,922 compared with 36,537 for the same week in 1947. Santa Fe handled a total of 38,584 cars in the preceding week of this year.

MILLS COUNTY MEN ATTEND SOIL CONSERVATION BANQUET

The Fort Worth Press annual Soil Conservation banquet at which outstanding soil conservations of Texas are honored with prizes and plaques, was held in Texas Hotel, Fort Worth last Saturday night, and was attended by over 500 of the state's leaders in soil conservation.

Fort Worth Press Editor Walter R. Humphries was master of ceremonies, and principal speaker was Clarence F. Byrns, Editor of Southwest American, Fort Smith, Ark.

Attending from Mills County were Ben Day and Charles Haenisch of the Goldthwaite office of the Brown-Mills Soil Conservation District, and Hobart Priddy, Willis Hill, Homer P. Weaver, D. T. C. Graves, and Charlie Wilson.

AT JTAC EXES HOMECOMING MAY 1

Ex-students attending John Tarleton College's Homecoming May 1 from Mills County were:

Miss Marialyce Smith, student of Texas University.

Miss Polly Stubblefield, employed by The Eagle Publishing Company, Goldthwaite.

Misses Brockie McCasland of Goldthwaite and Dorothy Manning of Star, students of Abilene Christian College.

Many more students, parents and friends were in Stephenville representing Mills County.

MILLION TEXAS BAPTISTS TO HELP HOSPITALS MAY 9

One million Texas Baptists will pay tribute to their Mothers on Sunday, May 9th, by giving to the charity funds of their Baptist hospitals.

Every Baptist is being asked to make a contribution to the sick poor in honor of his own Mother. Sunday school classes, Missionary Unions, Brotherhood groups and church congregations will participate.

The Mother's Day Fund will be used solely for giving free hospitalization in the Texas Baptist hospitals to critically ill patients in need of hospital therapy but unable to pay for such treatment. The hospitals are Hendrick Memorial, Abilene; Baylor University Hospital, Dallas; Valley Baptist Hospital, Harlingen; Memorial Hospital, Houston; Hillcrest Memorial, Waco; and Southeast Texas Hospital, Beaumont. The hospital at Beaumont is under construction but plans to be in operation soon.

Annual charity service in the five existing hospitals was more than \$325,000 for 15,723 free and part pay patients last year. The 1947 Mother's Day collections of \$51,000 cared for about 335 of these, the balance being cared for out of operating budgets. So that most needy patients can be cared for, the goal for the May 9th statewide collection is \$100,000.

WINS SCHOLARSHIP

DON M. LILES

The first American to win a scholarship to the Royal Academy of Music Department of Piano in London is Don M. Liles, Junior student in Abilene Christian College, Abilene, Texas. Liles recorded two piano solos and mailed them, with music to a bolero of his own composition, to the Royal Academy as his entrance in the scholarship contest.

A top poet as well as musician, he was named recently as 1948 winner of the annual collegiate Southwestern Poetry contest.

MARINE CORPS SEEKING RECRUITS

Master Sergeant M. D. Free of the U. S. Marine Corps Recruiting Office in Waco announced last week that the quota for the month of May is unlimited to men between the ages of 17 and 29.

Mr. and Mrs. C. O. Scooby and children of Sweetwater spent the week-end with his brother, Mr. and Mrs. Elmer Scooby.

Mr. and Mrs. Louville Sides of Austin were home visiting their parents, Mr. and Mrs. O. E. Sides and Mr. and Mrs. Austin White. Mr. and Mrs. Sides are both employed in Austin.

Girls Attend State FFA Convention

Miss Mary Elna Fouse, Geraldine Laughlin, and Betty Williford attended the State F. H. A. Convention, April 22, 23, and 24, at Galveston. Each Chapter in Texas was represented by a delegate and Chapter sponsor. As Geraldine Laughlin is an Area President, Goldthwaite was permitted to take two students.

While in Galveston, Geraldine, Miss Fouse, and Betty attended State Advisory Council meetings, and General Meetings. Geraldine was on the committee to decide who would represent Texas at the National Meeting in Kansas City, Kansas. She was also on the Nominating Committee which decided what candidates would fill each State Office.

Some of the outstanding speakers at the meeting were; Mrs. Joseph M. Perkins, the only woman member of the State Board of Vocational Education, who spoke on "Education and Health"; Mr. W. W. Lowery, another member of the State Board of Vocational Education, who gave response to the welcome address. Dr. Harry Moore and Dr. Bernice Moore gave an informal discussion on "Home and Married Life." Another understanding part of each meeting was music rendered by Edwin Devlin, a recent graduate of Austin High School. He played music by some of our greatest composers. He is going to Philadelphia this week to study music and plans to make a career as a concert pianist.

Next year's State F. H. A. officers were elected and installed. Saturday at 12:00, Miss Fouse, Geraldine, and Betty attended a special luncheon for the retiring and incoming area and state officers. All there were permitted to attend as Geraldine is a retiring Area President; Miss Fouse, a retiring Area Sponsor; and Betty, an incoming Area Vice-President. Each person agreed that this

trip was an enjoyable and profitable one

A GREAT SUCCESS SENIOR PLAY

The senior play, "Plain Jane," was presented to a full house Friday night at 8:00. James Wesson started the evening of entertainment by thanking the citizens of Goldthwaite for their wonderful cooperation in producing the play. John Garner then presented Mrs. C. S. Thompson, class sponsor, with a lovely corsage of pink carnations.

Each person in the cast presented his part well. They were well rewarded for all their efforts, for the audience was kept in a constant uproar.

The class made \$207.80. They are very pleased about it and are sure that it will help give them a wonderful trip.

After the play, the cast and some other members of the class met at the Gilliams' play room for refreshments, furnished by Mrs. Thompson. Delicious sandwiches, potato chips, olives and cake were served.

The money was then counted, and everyone was pleased with the amount.

Everyone left, thanking Mrs. Thompson and Mrs. Gilliam for the lovely refreshments.

Mrs. William Coleman and son, Bill, of Abilene came through Goldthwaite Sunday. They stopped for a few hours to visit Miss Dera Humphries and other relatives. Mrs. Coleman was on her way to Waco to visit her mother, Mrs. Allie McCall.

Vernon Perkins and wife of Birmingham, Alabama, are visiting their parents J. E. Perkins and M. M. Lee of Star, Texas. Vernon is working with the Chicago Iron and Bridge Co.

Conway-Blackburn

Marriage vows were solemnized for Delpha Blackburn and Sgt. Mavis L. Conway Saturday, May 1. The impressive candlelight ceremony was at 7:30 in the local Methodist Church, Rev. Lawry officiating. Nora Berry played restrained organ accompaniment during the entire ceremony.

The bride was beautifully attired in a two-piece white rayon crepe dress with white shoes, bag, and hat. Her corsage was of pink carnations, and blue and pink flowers offset her heart-shaped hat. She wore something old, something new, something borrowed, and something blue.

The groom wore his army dress uniform.

The couple were attended by Mrs. Harry Marlin, the groom's sister, and Robert Harris.

Sgt. Conway graduated from Comanche High School in 1942 served in the navy during the war. He has been stationed at Randolph Field since re-enlisting in the service.

Mrs. Conway is the daughter of Mr. and Mrs. Ray Blackburn and was a junior in G. H. S.

Sgt. and Mrs. Conway will make their home in Brownwood until he leaves for overseas duty the last of May.

HILLSIDE MISSION

At the present writing the heads of the United Nations are taking a two-days' recess because they are perplexed concerning Jerusalem. It is a fulfillment of prophesy. Rulers all over the world are perplexed about conditions of affairs everywhere. There have been consultations regarding leaving Jerusalem, or parts of the Holy City out of the Palestine battle grounds. The following is found in Zachariah, chapter 14, verse 12: "And this shall be the plague wherewith the Lord will smite all the people that have fought against Jerusalem; their flesh shall consume away while they stand upon their feet and their eyes shall consume away in their holes, and their tongue shall consume away in their mouth." Look who gets squeezed!

Union leaders representing less than one-tenth of railroad employees reject recommendations of President's Emergency board—refuse to negotiate except on their own terms—threaten to paralyze nation by strike!

THE LEADERS of three railroad unions, representing less than one-tenth of all railroad employees, have called a railroad strike that would paralyze the nation.

These leaders refuse to accept a 15 1/2 cents an hour wage increase retroactive to November 1, 1947. This increase was recommended by an impartial Emergency Board appointed by President Truman.

This increase of 15 1/2 cents already has been accepted by the 19 other railroad unions. But the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Engineers, and the Switchmen's Union of North America won't accept what more than 90% of all railroad employees have accepted. They have called a strike to get more!

Unions refuse rules discussion

Certain rules changes demanded by these union leaders—which would increase wages still further—were recommended by the Board. But the union leaders want more—they demand that the railroads put into effect ALL the changes they asked for, including those the Board felt should be denied.

On top of this, they insist that certain rules changes proposed by the railroads be withdrawn—in spite of the fact that the Board recommended them! These union leaders have refused to negotiate except upon these arbitrary terms.

Greater wage increase not justified

Engineers and firemen are among the highest paid of all employees in America, as figures in the box show. This strike threat doesn't justify giving a greater increase than other railroad workers received.

Emergency Boards are a means provided by the Railway Labor Act in the public interest to avoid strikes. The President's Board,

after hearing evidence for 33 days, made recommendations based on all the facts in the case. The railroads have accepted these recommendations.

Who's to blame?

Although they deplored so large an extra cost burden, the railroads accepted the report of the Board because they felt it was in the public interest to uphold the spirit and intent of the Railway Labor Act.

In contrast, this small group of railroad union leaders are attempting to flout the intent and spirit of the Railway Labor Act, and dictate their own terms.

They have dictated a paralyzing railroad strike.

You will be the victim!

How long will the American public stand for the undemocratic, arbitrary, and abusive use of the right to strike and the disregard of the obligation to provide transportation? How long can the American people permit a few dictatorial union leaders to defy the processes provided for peaceful settlement of disputes?

Force seldom produces settlements that are either fair or lasting. Moreover, a point is often reached when personal interests must be held subordinate to the greater public welfare. That is why the railroads have accepted the Emergency Board recommendations. That is also why the leaders of these three unions should reconsider their decision to call a paralyzing strike.

Compare these wages with what you make!

Here is a comparison of average annual earnings of engineers and firemen for 1939 (pre-war) and 1947. Also shown is what 1947 earnings would have been if the 15 1/2 cents per hour increase, offered by the railroads and rejected by the union leaders, had been in effect throughout the entire year 1947.

You see, Conoco Nib (Patented) contains a special, added ingredient that fastens extra lubricant so closely to metal that working parts are OIL-PLATED.

This extra OIL-PLATING stays up on cylinder walls, won't all drain down, even overnight! That means your engine is extra-safe from harmful combustion acids...extra-safe from "dry-friction" starts...extra-safe, too, from sludge and carbon caused by wear.

Our WASHINGTON Letter
By Congressman **O. C. FISHER**

OLEO TAXES REPEALED

The House voted, 260 to 107, to repeal all taxes on margarine last week. Some of the laws had been on the books for 82 years. Believing that these taxes can no longer be justified, I voted with the majority for the repeal. It was developed that the oleo taxes are the only taxes of the kind levied on a whole-some food product.

Oleomargarine is made principally from cottonseed, peanuts and soybeans. If the Senate follows suit and repeals the anti-oleo laws, some increase in the use of cottonseed and peanuts may be expected. Both of these crops are vital to the economy of the South.

Butter is, of course, fine and is preferred by most people, but the shortage of butter has been a serious one for a long time. The fact is that, according to much expert authority, the dairy industry will suffer no ill effects from the repeal action. And the consumers are due to benefit.

The House also took up the Tidelands Bill, which confirms title of submerged lands and tidelands in the coastal states. The passage of this measure will mean a lot to the school children of Texas because it is into the school fund that the income from this property goes.

IMMIGRATION TELEVIEWED

Television is rapidly growing into a big business in the Washington-New York area. Hundreds of stores and lounges have television sets to attract and entertain the customers, and many receiving sets are being installed in private homes.

For a long time Petrillo, the

Czar of the air waves, would not allow recorded music to be used by television; but after an investigation by our Labor Committee into Petrillo's activities, the musician's boss relented and records may now be used.

Last week, I appeared on a television program which lasted for one hour. It was a weekly program produced as a public service. The title of the weekly broadcast is "The Court of Current Issues", and is carried over the Dumont Television Network in Washington, Baltimore, Philadelphia and New York.

A process has now been perfected that permits programs to be televised and the film shipped to other parts of the country and re-broadcast over television stations. It is believed that before many months television will be in use over most of the nation.

The particular program referred to has a court room setting, with a judge, jury, attorney and two witnesses on each side. The witnesses testify and then are crossed examined by the opposing counsel. The judge briefly charges the jury and a verdict is immediately rendered, showing how each juror votes.

The program is really very interesting and dramatic.

The issue being considered the other night was: "Should we allow 400,000 Displaced Persons into the United States". I was invited to appear as counsel for the negative side. My witnesses were two Congressmen who have given much study to the subject of immigration.

On the other side—favoring the issue—appeared Murray Gurfein, former Chief Assistant to the District Attorney of New York and who helped prosecute at the Neurenberg trials. His two witnesses were Edward L. Coursi, former Commissioner of Immigration, now Labor Commissioner of New York, and Dr. Johnson, a former college president.

On our side, we proved that the 600,000 displaced persons now remaining in our camps in Europe are gradually being resettled and repatriated, and that it would not be the best interest of this country to set aside our restrictions and allow this vast number of people to come in. We are already overcrowded and may expect a business recession and some unemployment in the not too distant future.

At the present time the displaced persons are being resettled at the rate of 18,000 a year and are repatriated to their native homes—at their requests—at the rate of 100,000 a year. There are about 1,500 of the

Now we can exultantly, and joy wells up in the heart spontaneously. For we have had rain. Plenty of rain. It is estimated that fully two inches fell Saturday night besides the good shower that fell earlier in the week. The tanks are filled and the creek ran through. Now the pastures are green again and the roses bloom and the honeysuckle sheds its fragrance. Now the corn and the gardens grow, and we can plant the feed and the peanuts.

The Hubert Reeves family, who have had a makeshift home since their house burned Thanksgiving of '46, got moved in to their nice, new home last week. The painter and paper hanger is still there, but will soon have it all fixed up.

J. R. Reeves, Clayton Egger, and Monroe Bradley are helping Charm Whittenburg put a new fence around his field this week.

Mrs. Charles Griffin has just finished selling a flock of about 300 broilers and has purchased 500 more baby chicks.

Frank Crowder was released from the hospital Monday of last week, and was reported seen in town Wednesday when he said he was O. K.

Mr. and Mrs. John Guthrie of Mullin spent Saturday night out at the new Reeves home.

Mrs. Edna Dwyer has heard from the Caywers at Orange that Austin has been promoted to principal of the Junior High School there.

Mrs. Effie Egger and Clayton are preparing to build a storm house and a chimney. The house has been without a chimney ever since it was moved from the maneuver area.

Blue Thompson has been released by his doctor, and is back hard at work again.

We met up with Mrs. Bob Egger in town the other day. She says she and Mr. Egger enjoy living in town. She says Eugene Meek and his mother come to see them almost every week. Other friends have called on them, and they got to attend the pioneer meeting.

displaced persons being admitted to this country each month, under our quota law. I am opposed to relaxing our immigration restrictions. To admit 400,000 over and above our quotas would be to break down our immigration policy. It would not be the best for America and would set a bad precedent for the future.

**SALVATION ARMY
KNOWN AS 'BULL-
DOZERS' OF RELIGION**

Dallas, May 6.—The Salvation Army units working in Texas are serving as the "bulldozers of religion," Lt. Col. Charles H. Dodd, Texas divisional commander, said today in announcing two-fold "Fighting Faith Crusade" for the state.

"Through our Fighting Crusade we are expanding our program on two fronts—in the fields of missionary work and human reclamation," Colonel Dodd said. "We hope to extend our service program into areas of the discouraged and less fortunate a renewed hope and opportunity for better things."

In Texas 31 Salvation Army groups and seven workers are taking part in the "Fighting Faith Crusade."

"We are in the midst of one of the greatest revolutions of history," Colonel Dodd said. "There is a vacuum, an empty

space which must be filled either by the forces of evil or by the power of God. We of the Salvation Army, through our Fighting Faith Crusade of 1948, are seeking to fill this vacuum by bringing people into a right relationship with God."

The Salvation Army, though essentially a religious organization, seeks to meet both the spiritual and material needs of the downcast and the less fortunate, Colonel Dodd said. The organization carries on a strong welfare program, seeking through its human reclamation and rehabilitation work to provide a spiritual hitching post for the problem people of the community.

Grandmother Laughlin fell from her porch one day last week but fortunately she was not seriously hurt.

**Mills County
Veterans' Vocational School**

The school continues to grow in number and in efficiency, both in personnel and equipment. A new teacher for agriculture has been added, beginning with May. Mr. M. B. Harrison of Kempner has been added to the teaching force. Mr. Harrison holds an M. S. Degree and was for twelve years a professor at Texas Tech, at Lubbock. He was formerly instructor for one of the classes in our school and we are glad to welcome him back. The present school enrollment is 176.

Mr. Robertson, our coordinator, and several of the teachers attended a meeting of the Central Texas Agriculture Association at Stephenville last week and reports a very interesting session. The principal speaker for the occasion was Mr. H. L. Gantz, agriculture specialist of the "Farm and Ranch", which is one of the leading agricultural magazines of the south. His theme was the importance of soil conservation and its relation to agriculture. Mr. Sam Adams of the State Board also made a very interesting talk on the needs and importance of the veterans' educational program. Several interesting projects of John Tarleton College were visited. The shop project was of especial interest.

The D. E. classes will soon be meeting in the new building. The roof is now completed and one classroom is almost ready for use. These rooms are certainly needed for the classes which are growing each month. Enrollment stays just a few jumps ahead of the building program. As soon as one building is fixed another is needed. New students for full time in the D. E. class are: Ira Harvey, L. K. Runnels, and Stillman Elkins. Another conference for the teachers in distributive education will be held this week-end in Cameron. Mr. Swindle and Mr. Williams will attend. Because of this meeting there will be no classes for D. E. students on Friday, May 7.

This being soil conservation week, all our agriculture instructors have been doing special work along the lines of soil improvement, prevention of erosion, and farm practices to save the land for the world's most important industry—agriculture. We hope to get full reports from them next week for publication.

Jack Locklear and his T. and I. classes took time out last week to go out into a shady nook on the banks of the "cool Colorado" where they prepared a feast consisting of barbecue, pickles, bread, potato chips, ect. All reports indicate that they enjoyed the day to the "fullest".

Chicken Barbecue

The Big Valley H. D. Club ladies entertained their families last Thursday night with a chicken barbecue plus all the trimmings on the lawn of Mr. and Mrs. Connie Knowles. Attending were 52 in all, only five visitors which we were glad to have.

After we ate supper many games were played. Some of us limbered up joints that we found to be very unaccustomed to being used. Everyone agreed that we should have our socials more often and get bet-

ter acquainted. We all wish to express our appreciation to Mrs. Knowles and Mrs. Smith who barbecued the chickens so efficiently, and hoping they will repeat this again. Everyone certainly had a nice time.

CARD OF THANKS

From the depths of our hearts, we desire to thank our many friends and neighbors who administered to us in so many ways during the illness and at the time of death of our dear wife and mother, Mrs. D. B. Thompson.

We deeply appreciate the beautiful floral offering. May God's richest blessings abide with you all, and may your friends be as great a comfort to you as you have been to us.

Waggoner

Waggoner Thompson was born June 17, 1895 to Dan Waggoner at Potts, Hamilton County, Texas. She came to her at 8:25 p. m. May 2, 1948 at the age of 54. Her funeral services were held at the Methodist Church at 3:00 p. m., Sunday, May 2.

There she was converted and joined the Baptist Church at an early age.

She was married to D. B. Thompson, at Ranger, October 1, 1913 and lived there until moving to Mills County in 1918. She joined the Methodist Church at Star in 1920, and was a faithful member as long as she was physically able.

She is survived by her husband, three daughters, Mrs. Oleta Kelly, Ranger; Mrs. Fay Childre, Batesville, Arkansas;

Mrs. Ruby Nell Berry, Goldthwaite. One infant daughter preceded her in death. She is also survived by three grandchildren, Mildred Wall, Danette Fay Childre, David Milton Childre. Her mother, Mrs. Ellen Waggoner; three sisters; Mrs. J. S. Hatton, Ranger, Mrs. Ellis Cooper, Ranger, Mrs. Walton Moore, Goldthwaite; three brothers, W. D. Waggoner, Winters, C. U. Waggoner, Odessa, D. N. Waggoner, Goldthwaite.

She is also survived by her nieces, nephews, other relatives and a great host of friends who ministered to her needs during her long illness. She was patient and appreciative of every kindness shown her.

Mr. and Mrs. Alton Stevenson and family from Semnose spent the first of the week with Mr. and Mrs. Ray Nowell, and went fishing. They caught plenty of nice fish.

By MRS. E. T. CROWDER
Bro. Don McGaughey brought his friend, Roger Mills, with him Sunday. Bro. Mills is also studying for the ministry at A. C. C. and made a very interesting talk after a delicious lunch on the grounds served by the ladies of the church.

Mrs. Dorothy Abernathy and Miss Betty Hunter visited with Mrs. E. T. Crowder Friday afternoon. They said their father, Ruff Hunter, was feeling better than he had since he was hurt, now that the injured eye has been removed. It had not healed at all and had caused him much pain and some injury to the other eye. He came home Saturday.

Fishermen have been swarming to the river these warm week-end with cars loaded with boats, fishing equipment, and

camping outfits. Mrs. Herman Hinesly says she has a house full every Sunday, as they live right on the river. Not all have had good luck but it's cool on the river anyway.

Pastures are looking some better after the rains of last week and planting and cultivating is going ahead full speed.

Mr. and Mrs. Marvin Hinesly went to Arlington Thursday on business, returning Saturday evening. They visited Mr. and Mrs. Herbie Sykes Sunday afternoon.

Mr. and Mrs. F. L. Crowder visited in the home of Mr. and Mrs. Robert Andrews Sunday evening.

Mr. and Mrs. Herman Henesly and daughter, Peggy June, visited with Mr. and Mrs. Jack Williams Sunday.

Mr. and Mrs. Gilbert McMullen and daughter, Lorraine, spent Saturday night in Brownwood in the home of Mr. and Mrs. Mrs. Grover Hinesly.

IF WE KNEW

If we knew the cares and crosses Crowding round our neighbor's way;

If we knew the little losses, Sorely grievous day by day, Would we then so often chide him

For the lack of thrift and gain— Casting o'er his life a shadow, Leaving on his heart a stain?

If we knew the silent story Quivering through the heart of pain,

Would our womanhood dare doom them

Back to haunts of guilt again? Life hath many a tangled crossing—

Joy hath many a break of woe, And the cheeks tear-washed seem whiter,

This blessed angles know.

Let us reach into our bosoms For the key to other lives,

And with love to erring nature, Cherish good that still survives; So that when our disrobed spirits

Soar to realms of light again, We may say, dear Father, judge us

As we judge our fellow men.

MESSAGES of HOPE by Dr. T. A. Williams GIVE NATURE A CHANCE CHIROPRACTIC FOR CHILDREN

When is your baby old enough to be taken to a chiropractor? As soon as he is old enough to be injured and this often happens at birth, especially in difficult labor and instrument delivery.

The case below was an instrument delivery. At the age of three years all visible indications would confirm the diagnosis but X-ray and Neurocalometer examination showed the top joint of the neck out of place causing a disturbance to the nervous system.

Dear Dr. Williams, We are writing this letter to you to let you know how much we appreciate what you have done for our little son. No doubt you will remember when we carried him, at the age of three, into your office how worried we were over the possibility of his never walking or talking. As you know he had been examined by a number of medical doctors and they pronounced his case a mental disability, in other words a natural born idiot. This we could not believe to be true.

We decided to have him checked with the neurocalometer which showed a lot of nerve pressure. After taking X-ray the first adjustment was given. At this time he could not straighten up enough to put his feet to the floor.

As you remember it would take almost nine months to clear this trouble. During this time our son has had whooping cough, chicken pox and measles in very light form. For the past three months he has been walking and beginning to talk. After finishing his nine month period he has been on the check up list for six months.

We have written this letter hoping that it might help other parents see what Chiropractic could do for their children as well as everyone else.

Yes, Dr. Williams, we are very thankful to you and Chiropractic that our little son is well and healthy and not on the road to a State Institution.

Sincerely yours: If your baby isn't just right it would pay you to have it checked with the neurocalometer and X-rayed. Do not lose three years valuable time as these parents did.

(Original of this letter is on file in our office, duly signed and acknowledged together with a picture of boy at time of writing.)

SO LONG AS YOU LIVE, you learn
FACE PRESENT DAY PROBLEMS WITH CHRIST'S HELP
Attend your CHURCH SCHOOL!

FACE PRESENT PROBLEMS
Your church school can help you learn Christ's way if you give it a chance. In other words, your church school, your minister, the teacher of an adult class, cannot help you if you stay away from the teaching influence of the church.
The Cleveland "Plain-Dealer" recently stated in an editorial, "If history teaches anything, it teaches that the time has come in human events to invoke the moral laws on a national and international scale."
Time is short. Destruction stalks throughout the world. Today is the time for action if the world is to be saved. We labor as never before in the history of mankind under a divine imperative to teach men and women that which history has taught us.
And what has history taught us? It has taught us that nations destroy themselves when they depend upon material things.
Only as lives of people are changed for the better can we hope that this civilization will escape destruction. These changes in the lives of people must be brought about now. Tomorrow will be too late. Those leaders who have a deep interest in and concern for people will put forth a continuous effort to reach the largest possible number of men and women with Christian teaching today.

A SCHOOL FOR SAFETY
Safety education in Texas is going to college this month under a seminar for college professors of teacher-preparing institutions.
The seminar will be held May 17-21 at the Crozier Technical High School of Dallas, under the auspices of the Association of Texas Colleges and the State Department of Education.
Cooperating organizations will be the New York University Center for Safety Education, the National Commission on Safety Education of the National Education Association, the Texas Department of Public Safety, the Texas Safety Association, and the National Safety Council.
It is designed to provide basic materials and methods in general safety education, traffic safety education, driver education and behind-the-wheel driving training. Its purpose is to prepare college instructors in the teaching of these courses to high school and elementary teachers.
Expenses of the five-day seminar, including those of the college representatives, will be underwritten by the Texas Safety Association.
The project is part of the Action Program for Traffic Control adopted at the Governor's Highway Safety Conference last March which emphasized the need for qualified teachers in safety education.

Ezra Leads A Revival Lesson for May 9, 1948

GLANCING for a moment at our history, we see that in 538 B. C., 50,000 Jews were returned to Jerusalem from Babylon, and the temple was rebuilt; and 78 years later, Ezra returns with about 7,000 Jews to inaugurate needed reforms. Then came Nehemiah, 444 B. C., to rebuild the walls, and with Ezra to lead in a needed religious revival.

Dr. Newton

HAPPY TIMES WITH THE BIBLE

FOR Ezra had prepared his heart to seek the law of the Lord, and to do it, and to teach in Israel statutes and judgments."

There was great need for a revival of religion, and Ezra knew that there can be no real revival until the people come back to God. He therefore read to them the statutes and judgments. Ezra read from the law of Moses from morning until midday, "and the ears of all the people were attentive unto the book of the law."

What would you think of the people being summoned into some public place today to hear the Bible read? But you say, we hear it read over the radio, and we hear it read in church, and we sometimes hear it read in the home. But do we hear it? And are our ears really attentive?

HEARING AND DOING GOD'S WORD

EZRA not only read God's word to the people, but he led them to do what they were commanded in the law. They went out to give portions to those who were in need. They came back to worship God. They began both to hear and do.

"Be ye doers of the word, and not hearers only," James 1:22.

It is positively dangerous to receive impressions from God and refuse to express what he has put in our hearts to do for him. Let me put it this way, we can become religiously intoxicated unless we go forth to serve.

LIVING OUR RELIGION

WHAT Ezra and Nehemiah led the people to do in the long ago was to put into practice what they heard—to live their religion. The late Gandhi was reported to have said, "I might have embraced Christianity, had Christians lived what they professed."

Let us keep clearly in mind that Ezra was first concerned in instructing the people according to all that God had said in the Scriptures. That comes first. We must have conviction about what is right. We must have a creed, but we are to remember that it is in daily living that we make our creeds effective.

WHAT IS A RELIGIOUS REVIVAL?

THIS lesson intends to reveal to us how a religious revival broke out in Jerusalem in the long ago, nearly 500 years before Christ was born. Well may we ask, What is a religious revival?

"Lord, send a revival, and let it begin in my heart." Revivals are prayed down, not talked up. We have fallen into the fallacy of speaking of revivals when some overnight spell-binder comes along and kicks up a big sensation. Before he leaves town, Pharisaism is more rampant than ever. It is not until the Spirit of God moves upon the hearts of his people and rekindles in them a sense of sin, bringing them to true repentance, that we can have a real religious revival.

When men are convicted of their sins, they will say with Zacchaeus, "Lord, the half of my goods I give to the poor, and if I have taken from any man by false accusation, I restore him fourfold." When men begin to feel and talk and act like that, you have a real religious revival. And I repeat, such revivals are prayed down, not talked up. Now you are ready to read Psalms 119:9-16.

Next Of Kin Of War Dead To Receive Gold Star Button

The Nation's memorial to World War II dead—the Gold Star Lapel Button—will be ready for distribution after June 1, 1948, to the next of kin of men and women of all the Armed Services who died for their country at home and abroad.

The authority for this recognition came in Public Law No. 306, enacted by the 80th Congress, which set up an appropriate designation of widows, parents, and certain other members of the families of those who died in the service of their country between December 7, 1941, and July 25, 1947, the period established by the legislation.

The Gold Star Button consists of a Gold Star on a purple circular background, bordered in gold and surrounded by gold laurel leaves. On the reverse is the inscription, "United States of America, Act of Congress, 1947" with space for the engraving of the initials of the recipient.

One Gold Star Button is to be furnished, without cost, to the widow or widower and to each of the parents of a member of the Armed Forces who lost his life while on active service between December 7, 1941 and July 25, 1947, both dates inclusive. The term "parents" includes mother, father, stepmother, stepfather, mother through adoption and father through adoption. One Gold Star button will be furnished at cost price to each child, step-child, brother, sister, half brother, and half sister of a deceased member of the armed forces if he date fell within the dates fixed.

Next of kin of deceased Army and Air Force personnel may submit applications to The Adjutant General, United States Army, Washington 25, D. C. Application forms will be available about June 1, 1948, and may be obtained from any Army or Air Force installation, any nationally recognized veterans organization, or The Adjutant General.

Navy, Coast Guard and Marine applications should go to the Chief, Bureau of Naval Personnel, Navy Department, Washington, D. C., and they likewise may be procured from Naval

installations or veterans organizations, of from the Bureau of Naval Personnel.

Limited initial token presentations of the Gold Star Buttons will be held throughout the United States and some possessions on Memorial Day.

T. F. Eillott Celebrates Birthday

Thomas F. Eillott, the oldest pioneer in Mills County, celebrated his 85 birthday a few days ago. His sister-in-law, Mrs. Pearl Carr, baked his birthday cake with 85 candles on it. His nephew, Johnnie Elliott, caught a 16-pound yellow cat fish that morning and Mr. Eillott said, "Boy, did we feast."

Mr. Eillott came to Hamilton County with his step-father in 1879. They settled near Center City, where he and his step-father built a house by cutting logs and riving boards to cover it. Mr. Eillott was married to Martha Bowden by J. P. Grundy at Center City in 1882. To this union were born seven children. Mr. Eillott has out-lived all but one of them.

He tells the story of when Mills County was organized in 1887 he was cut out of Hamilton and put into Mills and therefore, lived in two counties without him knowing it. Soon after the new county was organized he was elected Constable of Precinct No. 2, and served four years, he has helped the officers to make Mills County a better place to live.

We owe much to Thomas Franklin Eillott and it is our most sincere wish for him to have more happy birthdays.

GOLDTHWAITE, MILLS COUNTY, TEXAS FRIDAY, MAY 7, 1948

NUMBER THIRTY-EIGHT

GOLDTHWAITE LIONS CLUB AND GUESTS SEE SOIL CONSERVATION FILM TUESDAY P. M.

At the regular Tuesday night meeting of the Goldthwaite Lions Club at The Hangar, a large number of leading farmers and ranchers of the county were guests of the club to see the Soil Conservation picture, "The Other Side of the Fence," which was given as a part of the Soil Conservation program put on by Ben R. Day and the local staff of the Brown-Mills Soil Conservation District, which is observing "Soils and Souls Week" throughout the district as well as the state.

Lions Club members introduced their guests, after which the meeting was turned over to Mr. Day, who put on one of the best and most enlightening programs ever to come before the club.

Mr. Day in his talk on conservation and the work of the Conservation Districts, said Mills County was happily situated between the dry west and the wet east Texas, where the minerals had largely been washed out of the soil. With proper conservation methods here in Mills County, he said we should be able to preserve our soil. The speaker, in outlining what had been done and what is planned in this county in the way of soil conservation, gave the following figures: Mills County has 91,000 acres in cultivation, with 378,000 acres in pasture land, and 314 Conservation Plans have been made on 121,127 acres.

Twenty-four thousand acres of cover crops planned, with 8,700 acres cover crops established; 8,100 acres seeding pastures planned, with 588 acres established; 1,135 miles terraces planned, with 353 miles established.

L. H. Bain, head of the Tripple A Office here, was called on and said 23 carloads of fertilizer were sold out of Goldthwaite last year. He cited Luther Soules' place as one where hairy

vetch and clover was being used to get greater production. He said the AAA had set aside 12 to 15 thousand dollars to be used in the county for phosphate under crops this fall. Mr. Bain estimated 200,000 pounds of vetch seed were produced here last year, and said he had received out-of-state calls from people wanting to procure the seed.

Harry Welch, Willis Hill and Earl Fairman made short talks on the use of phosphate for fertilizer.

Mills County Agent D. B. McCombs told of the TVA program set up by the government which formed a series of fertilizer plants which is allotted to leading farmers throughout the Extension Service. The county agent told of fertilizer being used on the Tom Watson farm. Mr. Day told of what had been done in the way of soil conservation on the Homer P. Weaver place, and of excellent native range on the Cary Owens farm, which caused 90 per cent of the rain to soak in the ground. He cited the rain gauges that were being placed over the county by the Supervisors of the Brown-Mills District that could be had for \$3 each.

E. T. Fairman spoke briefly on the value of saving the soil, and cited that down through history—even in old Chaldea—the people were strong where and when their farms were strong, but when the soil played out they faded out of the picture. Poor soil causes malnutrition among the people as well as the animals of a country, he said.

Dr. T. C. Graves, who was among those from Mills County attending the State Soil Conservation meeting in Fort Worth last Saturday night, reported on the meeting. Vernon Carr of Brown County received the plaque this year for being the

'The Other Side Of The Fence' Draws Big Attendance Here

The Soil Conservation Service has shown "The Other Side of the Fence", a colored, sound film, to over 300 people in Mills County. In observance of "Soils and Souls Week", Ben R. Day spoke to the Star Methodist Church Sunday morning. Sunday night at the Goldthwaite Methodist Church the film was presented with Mr. Day making a few remarks about our responsibility toward the care of our soil. Monday night at Star the Veterans Vocational School and a large crowd of local farmers and their families saw the show and slides of what the Mills County farmers were doing to increase the productivity of the soil. Tuesday night the Lions Club saw "The Other Side of the Fence".

The Veterans Vocational

School of Goldthwaite saw the show which was presented in the new Mills County Agricultural Building, which is nearing completion. The office space and auditorium is almost finished and the Show Barn needs only some additional fill on the inside and the pens to be ready for use. J. H. Priddy, Supervisor for the Brown-Mills District, told the class that there is plenty of conservation work yet to be done, but that the District Program is designed to get the job done.

Thursday afternoon the film will be shown at the Goldthwaite High School and again at Priddy Thursday night. The final showing will be made at the Pompey Church on Friday night.

All Mills County has been observing "Soils and Souls" week this week.

City Council Calls Election For May 24 To Improve Electricity

Elsewhere in this issue is a legal notice of a resolution and election order passed by the City Council at its meeting Monday night.

In order to improve the electrical service to Goldthwaite, the Council is asking the voters to pass on the proposition of selling the city's highline from Goldthwaite to Lometa to the Lower Colorado River Authority.

The Authority is to rebuild the line and sell the City its juice at the city limits.

The election is called for Monday, May 24, and will be held in the District Court room at the court house. Brian Smith has been named presiding judge; A. L. Whitaker, Judge; and Mrs. Eula Nickols and Mrs. J. H. Saylor, clerks.

Do you attend Sunday school? Why? The managing editor of the Dallas Morning News, Mr. Harry C. Withers, says, "I go to Sunday school because it helps me. It gives me spiritual uplifts, if, affords a Christian fellowship I can't get elsewhere, it instructs me in the word of God, and it confirms my faith. I go to Sunday school to help others. Unless we can constantly recruit the younger generation the church will wither and die. The Sunday school is our chief recruiting station. We cannot expect our boys and girls to get up and go to Sunday school while we stay at home."

Fathers, Mothers, the responsibility is solely yours. If your children are not in a church school somewhere it is because you are not taking them. If you are not taking them the chances are that they are not learning to grow in grace and in Christian principles. Take the children to Sunday school this Mother's Day.

GOLDTHWAITE RED SOX TO PLAY GATESVILLE WED. NIGHT

Next Wednesday night will be Ladies Night here at the new Municipal Baseball Park and they will be admitted free when Goldthwaite Red Sox take on a fast Gatesville nine in a matched game. Play will be called at 8 p. m.

The Red Sox won the first Heart-of-Texas League game in the season opener here Thursday night of last week, when the new park was dedicated. The score was 7 to 0, and featured

ed one of the best games ever seen here.

Tuesday night of this week, a powerful Fredericksburg team poured it on the Red Sox here with a score of 7 to 2. This was a matched game and does not count in league standing.

Last night (Thursday) the Red Sox were scheduled to play Llano at Municipal Park here in the second league game of the season. Llano was recently admitted to the Heart-of-Texas League.

OPENING SOFTBALL LEAGUE GAMES TO BE PLAYED TONIGHT

Opening games of the Mills County Softball League, sponsored by the Goldthwaite Lions Club, will be played here at the New Municipal Baseball Park under the lights tonight.

At eight o'clock tonight (Friday) Western Auto and Pleasant Grove will play the opener, and at 9:15 Big Valley team will play the Star team.

Admission is a free-will donation at the gate to be used to defray incidentals and to pay off the cost of the field.

The Mills County Softball League is made up of seven teams: Western Auto, Pleasant Grove, Big Valley, Star, Frazier Bros., Mills County Vocational School, and Priddy. The Lions Club committee to oversee the league games is composed of Harold Yarborough, M. E. Blake, Charles Conradt, and George Gilbert.

The league games are expected to draw large crowds from all over Mills County.

A split season is to be played the first half starting tonight, May 7, and ending June 22, when the second half will start. Winner of the first half will play winner of the second for championship of Mills County.

First half schedule and rules of play as adopted by the committee follow:

MILLS COUNTY SOFTBALL LEAGUE SCHEDULE FOR 1st HALF SEASON (May 7th to June 22)
FRIDAY, MAY 7th

Rodeo Advertising Commtee Appointed By Lions Club Here

The Goldthwaite Lions Club is again this year sponsoring the advertising program for Goldthwaite's Third Annual RCA-Approved World Championship Rodeo to be held at the Jernigan Arena, two miles east on the Waco Highway on Monday, Tuesday and Wednesday, May 31 and June 1 and 2. The three night performances will feature five events with Ladies' Events added, and \$1,000 in cash prizes.

The Rodeo Advertising Committee appointed by the club consists of D. H. Holland, chairman, M. E. Blake, John L. Gwin, D. D. Tate, Mrs. William G. Yarborough and Mrs. J. H. Harrell.

Plans for advertising call for a 100-car caravan of Rodeo Boosters to visit surrounding towns for two days on Wednesday and Thursday before the Rodeo. Any one who can take his car and go is requested to notify Dan Holland at the Coffee Shop as soon as possible. A streamer will be stretched across from the Bank corner again, and newspaper advertising, car bumper posters, car stickers, window posters, and throw-away handbills will be used extensively. The committee and the Lions Club will appreciate any assistance the merchants and others will give to help advertise the Rodeo.

CITY COUNCIL AND HEALTH OFFICER ORDER CLEAN-UP

In cooperation with State health authorities and on recommendation of the City Health Officer, Dr. Ruel Slaughter, the City Council of the City of Goldthwaite has ordered a Clean-Up Campaign for the week ending May 15.

This action is taken just before hot weather in order, if possible, to prevent an epidemic of contagious disease, such as polio, typhoid and others.

The citizenship is urged to clean up their premises, spray

outhouses with DDT, and otherwise take action to not only have premises clean, but improve the city's appearance as well.

City trucks will cover the town in hauling off trash, which the public is asked to concentrate in conspicuous places before next Wednesday, the 12th.

Please cooperate in this necessary and urgent activity, is the request of Mayor Long and the City Council.

The F. F. A. Livestock judging team composed of Robert Henry Johnson, Bobby Burks, and Red Miller won the State Livestock judging contest held at A. & M. College last Saturday. One of the awards for winning the contest will be an expense paid trip to the Kansas City Royal Stock Show, where the National Judging contest will be held. The boys, along with Coach Y. B. Johnson, will go to Kansas City on October 10, and will be there about a week.

The livestock team judges cattle, hogs and sheep. At A. & M. Saturday they had yearling breeding heifers, baby heaves, slaughtering steers, and stocker steers to judge under cattle. Under hogs they had breeding gilts, and fat barrows to judge. Under sheep they had breeding ewes, and fat muttons. Through all this they lead the State, followed by Crowell, and Mesquite was third.

The boys have been invited to visit various stockyards to further their training for the National Judging contest in October. Being that we will be the one to represent Texas in the contest, the State as a whole will try to help us in further preparation.

Mills County livestock industry is receiving nationwide attention through the efforts of the F. F. A. and 4-H Club boys and the fine leadership furnished by Y. B. Johnson and D. B. McCombs. With the sound experience and counsel of the ranchers and businessmen of Mills County, the boys have every opportunity to learn what it takes to make good livestock. The fact that Mills County has turned out consistent winners, both boys and livestock, indicates that the program is sound.

Swing Of Southwest Farm Markets

By U.S.D.A.
 Lower prices for hogs, vegetables, cotton and poultry products featured trading at southwest farm markets during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reports.
 Egg markets weakened steadily, as spring weather caused increased supplies and lower quality. Dallas bought current receipts at 32 to 34 cents a dozen early this week, and Fort Worth and Denver paid 35 to 36 cents. Poultry eased some too. Heavy hens brought 24 to 28 cents at Dallas and Fort Worth, and fryers 38 to 42.
 Hog prices opened the week mostly 50 cents to \$1.50 lower than a week earlier after wide variations up and down. Top butcher hogs ranged from \$20 to \$21 at southwest markets Monday. Sows brought \$14.50 to \$15.50 at Texas markets, and \$13 to \$14.50 elsewhere. Stockers and feeder pigs sold from \$15 to \$18 in Texas.
 Most cattle classes gained slightly for the week, with stockers and feeders showing least strength, and some calves advanced up to a dollar or more. Houston and San Antonio turned good to low choice calves from \$26.50 to \$29.50

early this week, and Denver paid \$25 for good heavy calves. Uneven trends prevailed at sheep markets during the week, but lambs ruled generally steady to higher. Denver's first spring lambs sold at \$26, while Kansas City paid \$27, Wichita and Oklahoma City to \$26, and Fort Worth at \$24.50.
 Good Texas 8-months wools sold higher at 51 to 52 cents a pound, grease basis.
 Cotton gained early but fell later to close Monday \$1.50 to \$2 a bale lower for the week. Spot middling 15-16 inch sold at 36.85 cents a pound at Dallas, and 36.55 at Houston and New Orleans.
 Sorghums led strong grain markets with an advance of 30 cents a hundred for the week. To sell at \$3.95 to \$4. Gains of 12 to 14 cents a bushel brought white corn to \$2.73 to \$2.76, while yellow corn rose nine cents to bring \$2.48 to \$2.49. Wheat sold around \$2.51 at Texas common points, after a rise of four cents.
 Most feeds sold about steady, but bran and shorts dropped \$6 to \$7 a ton. Peanuts changed little, but peanut oil weakened, and peanut meal held firm.

'THUNDER IN THE VALLEY' IS UNFORGETTABLE FILM-DRAMA

Once in a great while there comes to the screen a motion picture of such wonderfully heartwarming quality, and of such truly dramatic grandeur that it remains a rare and unforgettable experience for every moviegoer. Such a picture is Twentieth Century-Fox's "Thunder in the Valley," which photographed in color by Technicolor, opens Saturday night pre-views at the Melba Theatre.

The outstanding cast starring Lon McCallister, Edmund Gwenn and Peggy Ann Garner, Louis King's supremely sensitive direction, Robert Bassler's breathtaking beautiful production, and Jerome Cady's brilliant screen play combined to make "Thunder in the Valley" a perfectly marvelous screen achievement. Rarely, indeed, is it that a motion picture can draw claim to such sincerity and warmth in its telling, or mark the measure of deep human emotions with such dramatic power and excitement as does this one.

"Thunder in the Valley" is essentially the story of a simple and gentle people, and of the events that filled them with hatred and a lust for vengeance as hard as the rocks of their beloved valley in the Highlands of Scotland. The brooding undercurrent of this vengeance to come had, in fact, been always in the air but it remained for the sly and embittered Adam M'Adam to unleash its full force and, ironically enough, for himself to feel the full brunt of its power.

The film's drama is sparked by a bitter conflict between father and son, and is flamed to white heat by the fury of the valley people when they rise in arms against a mysterious killer in their midst.

'GREEN DOLPHIN STREET'

Anyone looking for a swash-buckling adventure yarn picture-escapely backgrounding a passionate dramatic triangle of two sisters after the same man will get his money's worth and more at the Melba Theatre, where M-G-M's new Lana Turner starring vehicle, "Green Dolphin Street," plays next Tuesday and Wednesday.

It is easy to see how this Elizabeth Goudge novel of fiery romance in St. Pirre, colorful Channel Island seaport of the 1840's, and rugged New Zealand, was selected as the winner of M-G-M's first annual contest for the outstanding novel of the year, for it contains everything in the way of good entertainment, including breathtakingly realistic scenes of an earthquake, the floundering and sinking of a magnificent Clipper ship, and a blood-curdling uprising of the dangerous New Zealand Maoris.

Moreover, the picture gives Lana Turner the role she has probably been awaiting for a long time—a part that gives this talented young performer an opportunity to prove once and for all that glamour is the least striking of her talents as a dramatic actress.

Mrs. J. C. Martin and Mrs. W. E. Thompson of Brownwood spent several days with their mother, Mrs. W. B. Potter.

Mr. and Mrs. Worth Johnson of Tyler were here for the week-end visiting his mother, Mrs. H. B. Johnson, and other relatives.

Sunday guests in the home of Mr. and Mrs. John W. Roberts were her cousins, three Misses Secret and Miss Blackshear of Hamilton.

Mr. and Mrs. Jesse Saegert, Gene, and her father, E. E. Behrendt, of Texakana, spent Monday in San Antonio visiting Mr. Saegert's brother, Dr. A. A. Saegert, and family.

Mrs. Sallie Street of Amarillo was a guest last week in the home of Mrs. J. W. Weathers. This week Mrs. Street is visiting her nephew, Luther Soules, and family.

Girl Scout Troop V Has Honorary Tea

Girl Scouts Troop 5 held a tea on Saturday, May 1, in the lovely home of Mrs. Talbert Ledbetter, honoring their mothers, having as their guests members of the Girl Scout Council, adult leaders, and Troop II.

A beautiful hand-painted organdy cloth covered the tea table. A dainty arrangement of pink rose buds and mock orange formed the center piece among lighted pink candles.

The program featured piano numbers by Jane Anne Steen, Janette Soules, Sibyl Anne Reid, Nell Carmen Wilkine, Ada Margaret Geeslin, Kay Clements and Sue Ross sang Indian Love Call.

President of the troop, Mary Kathryn Palmer, greeted guests at the door. Others in receiving line were Pearl Cook, Modene Letbetter, Betty Wilford, Mrs. Ledbetter, Mrs. McCombs and Jimmie Simpson who pinned corsages on mothers of the troop members as they entered the dining room. Nelda Jones preside at the punch bowl assisted by Margaret Barton.

The tea climaxed several months' of study in "Self Improvement." The girls were assisted in making plans and actual preparation by their troop leader, Mrs. D. B. McCombs, Assistant leader, Mrs. Y. B. Johnson and Mrs. Tolbert Ledbetter.

BROWNIE TROOP 1
Brownie Troop 1 had a cook-out Tuesday April 27th. We were divided into three groups. Each group built a fire over which to roast weiners and marshmallows. Each Brownie had brought her part of the food and our committee members and leaders served bottle drinks. We had 100 per cent Brownie attendance and four visitors. Both leaders, four Troop mothers and one adult visitor, Mrs. Ward were present.

We spent the afternoon eating, wading, and having fun in general. Before leaving the picnic grounds we put out our fires and burned our waste papers. The afternoon was enjoyed by everyone. Next Saturday afternoon, May 8 each Brownie of Troop 1 is invited to attend the show at the Melba Theatre, courtesy of Mrs. Loudamy.

Mrs. Fields Hines of Lometa underwent a tonsilectomy at the Farley and Felts Clinic at San Saba Monday.

Mr. and Mrs. T. H. Davis of Seymour spent the week-end with her sister, Mrs. G. E. Ronson and Mr. Ronson. Mrs. Davis remained for a longer visit.

Mrs. A. J. Gordon and son, A. J., Jr., came in Sunday to visit her aunt, Miss Minita Coleman, who returned to Gatesville with Mrs. Gordon for a few weeks' visit. She will also visit other relatives.

The U. S. Naval Reserve now contains more than 900,000 officers and men.

Jones Valley E. D. Club
The Jones Valley Club met Tuesday, April 27, with Mrs. J. Berry. The president presided.

We sang, "O Beautiful Day" to begin the meeting. Roll calls were answered to "My Reaction to the new dress."

A Box Supper was discussed but plans were delayed until in May.

A motion was made to invite all the ladies who live in the Rock Springs communities to visit with us at the May 25 meeting. The motion carried.

Each lady present will take a cake or two to the cake walk May 1.

The program consisted of Closet accessories By Mrs. Albert Tulley.

Latest Styles-By Mrs. J. D. Berry.

There were six members and four children present. Refreshments were served.

The next meeting will be May 11 with Mrs. Delton Barrett.

Mrs. Mary Gunter
Mrs. Mary Gunter passed away Monday at 2 o'clock at Comanche. She was making her home with her daughter, Mrs. Azell Ellis. Mrs. Gunter was also the mother of Mrs. W. E. Garner of Lake Merritt.

CARD OF THANKS
We wish to extend our sincere thanks and appreciation to each of our neighbors and friends who were so kind and helpful during the illness and death of our husband and father, Charles Simpson, for so much nice food and to the Senior Class and room mothers who served food one day, for the beautiful flowers and every act of kindness shown us. Thanks to Bro. Boyd Denman, Mr. Fairman and Roy Wilkins and Dr. Slaughter for their untiring service.

May God's richest blessings be upon each and every one of our prayer.

Mrs. C. A. Simpson and children

To those who left dishes at my house please call and get them at Mrs. J. D. Brim's house between now and the 1st.

LEGAL NOTICE

NOTICE OF ELECTION FOR THE SALE OF CITY OF GOLDTHWAITE'S ELECTRIC TRANSMISSION LINE.

THE STATE OF TEXAS COUNTY OF MILLS CITY OF GOLDTHWAITE: NOTICE IS HEREBY GIVEN that an election will be held in the City of Goldthwaite, Texas, on the 24th day of May A. D., 1948, pursuant to the following resolution and order issued by the City Council of the City of Goldthwaite, Texas:

RESOLUTION AND ORDER AN ORDER CALLING AN ELECTION FOR THE PURPOSE OF SUBMITTING TO THE QUALIFIED VOTERS OF THE CITY OF GOLDTHWAITE, MILLS COUNTY, TEXAS, THE PROPOSITION OF THE SALE TO THE LOWER COLORADO RIVER AUTHORITY OF THE TRANSMISSION LINE BELONGING TO THE CITY AND EXTENDING FROM THE SECOND POLE BEYOND THE 1938 CITY LIMITS OF THE CITY OF LOMETA, WHICH POLE IS LOCATED ADJACENT TO HIGHWAY NO. 74, TO GOLDTHWAITE, TO A POINT NEAR THE CITY OF GOLDTHWAITE, PROVIDING FOR THE GIVING OF NOTICE OF SUCH ELECTION, AND PRESCRIBING CERTAIN DETAILS IN CONNECTION THEREWITH.

WHEREAS, the City of Goldthwaite is the owner of an electric distribution system located within the corporate limits of said City and immediately adjacent thereto, which electric distribution system constitutes the "electric system" of the City of Goldthwaite, and the City of Goldthwaite, in order to obtain electric current for its said electric distribution system, found it necessary to construct, and the City did construct a 125 KV, single pole, 3-phase transmission line, from the second pole beyond the 1938 City Limits of the City of Lometa which pole is located adjacent to Highway No. 74, to the City of Goldthwaite and to thereby transport and transmit the necessary electric current for the distribution system of the City of Goldthwaite, and said transmission line has, since its construction, been owned, operated and maintained, and is now owned, by the City of Goldthwaite; and

WHEREAS, in the operation of such transmission line the City of Goldthwaite has incurred and will continue to incur expenses in the nature of maintenance and replacement inspection, and other expenses of similar character, and at the present time the point of delivery for electric power and energy to be used on the electric system of the City of Goldthwaite is at the point above mentioned, to-wit, the second pole beyond the 1938 City Limits of the City of Lometa, and such power and energy is then transported from said point over the above mentioned transmission line to the electric system of the City of Goldthwaite, which results in the City having to bear the line loss which is the natural consequence of transmitting electric power and energy over a considerable distance, said line being approximately 19 miles in length; and

WHEREAS, the Lower Colorado River Authority, at the request of the City of Goldthwaite, has agreed to purchase such line for a consideration of One (\$1.00) Dollar and to thereafter rebuild and extend the line, and to thereafter maintain and operate the transmission line and furnish to the City of Goldthwaite at point of delivery which is located near the City Limits of the City of Goldthwaite, being approximately 1 mile therefrom, and such electric power and energy will be delivered at said new point of delivery at the same rate as now provided in the present contract between the City of Goldthwaite and the Authority dated the 24th day of January, 1941 and pertaining to the delivery of power and energy at the present location near the substation at Lometa, Texas; and

WHEREAS, the Lower Colorado River Authority, as a part of the consideration for the conveyance of such line, will agree not only to rebuild the line but also to build a substation near the City Limits of the City of Goldthwaite and will thereafter maintain and operate the same, and whereby the Authority will incur considerable expense amounting to several thousands of dollars; and

WHEREAS, the sale and conveyance of the transmission line to Lower Colorado River Authority will result in the City of Goldthwaite receiving benefits far in excess of the monetary value of the said line, and it is here now determined and found by the City Council of the City of Goldthwaite that the above mentioned consideration does constitute a full and fair consideration for said line, and such will result in the City being relieved of further expense in connection with the maintenance and operation of said line and will further result in savings to the City of Goldthwaite, in that the said City will not have to bear the line losses referred to hereinabove because the point of delivery to the City will be approximately 19 miles nearer to the electric system owned and operated by the City of Goldthwaite, and such will

thwaite, being approximately 19 miles, and such source of supply for its future needs without the necessity of having to enlarge said transmission line; and

WHEREAS, under the circumstances the said transmission line does not constitute a part of the electric system of the City of Goldthwaite in that the electric system of the City of Goldthwaite consists of the electric distribution properties and facilities located in the City of Goldthwaite and territory immediately adjacent thereto, and said transmission line does not constitute a substantial part of the system of the City of Goldthwaite, and such transmission line was constructed merely for the purpose of obtaining a source of electric power and energy in order to meet the requirements of the City's electric distribution system, and it is now practical, feasible and more economical and to the best interests of the City to acquire such electrical power and energy at the new point of delivery referred to hereinabove, which can only be done provided said line is sold to the Lower Colorado River Authority for the consideration set out hereinabove; and

WHEREAS, in the proper operation of the electric system of the City of Goldthwaite and in keeping the same in good condition and operating the same in an efficient manner and at a reasonable cost, the City Council has determined and does hereby determine that the sale of the said transmission line as set out hereinabove is necessary; and

WHEREAS, the City Council has determined and does hereby determine that it is to the best interest of the City and of its Citizens that an election be held in the City of Goldthwaite on the date and for the purpose hereinafter mentioned.

NOW THEREFORE, BE IT RESOLVED AND ORDERED BY THE CITY COUNCIL OF GOLDTHWAITE, TEXAS:—

I. That a special election be held in the City of Goldthwaite, Texas, on the 24th day of May A. D., 1948 at which election the following proposition shall be submitted:

SHALL THE CITY COUNCIL BE AUTHORIZED TO SELL AND CONVEY TO THE LOWER COLORADO RIVER AUTHORITY THE TRANSMISSION LINE BELONGING TO THE CITY OF GOLDTHWAITE AND EXTENDING FROM THE SECOND POLE BEYOND THE 1938 CITY LIMITS OF THE CITY OF LOMETA WHICH POLE IS LOCATED ADJACENT TO HIGHWAY NO. 74 TO GOLDTHWAITE TO A POINT WHICH IS LOCATED NEAR THE CITY LIMITS OF THE CITY OF GOLDTHWAITE, BEING APPROXIMATELY ONE MILE THEREFROM, TOGETHER WITH ALL PROPERTY RIGHTS, EASEMENTS AND PRIVILEGES BELONGING TO THE CITY OF GOLDTHWAITE AND USED OR USEFUL IN CONNECTION WITH THE MAINTENANCE OF SAID LINE; SAID SALE TO BE MADE IN CONSIDERATION OF ONE (1.00) DOLLAR CASH TO BE PAID ON THE DATE OF THE DELIVERY OF THE CONVEYANCE AND THE FURTHER CONSIDERATION OF THE EXECUTION OF A CONTRACT BY THE LOWER COLORADO RIVER AUTHORITY WITH THE CITY OF GOLDTHWAITE TO DELIVER ELECTRIC POWER AND ENERGY AT A SUBSTATION TO BE ERRECTED BY THE LOWER COLORADO RIVER AUTHORITY NEAR THE CITY LIMITS OF THE CITY OF GOLDTHWAITE AT THE SAME RATE AS NOW PROVIDED IN THE PRESENT CONTRACT BETWEEN THE CITY OF GOLDTHWAITE AND THE AUTHORITY DATED THE 24TH DAY OF JANUARY A. D., 1941 AND PERTAINING TO THE DELIVERY OF POWER AND ENERGY AT THE LOMETA SUBSTATION.

II. That said election shall be held in the regularly established election precinct of said City (all of said city being included in one election precinct) at the District Court room in said City. SUCCESSFUL TRAINING CLASS AT METHODIST CHURCH

Mrs. Sally Sory has been very joyfully and cordially received for the children's workers and the mothers of young children. The classes have been highly instructive and informative to the many who have been in attendance. Much interest is being manifested and we are learning skills which will be of great importance as we continue to teach the children of our homes and of our Sunday School.

BARBECUE TUESDAY FOR SENIORS AT METHODIST CHURCH

A barbecue will be given in honor of the High School graduates and all the High School faculty on Tuesday evening, May 11th, 7:30 p. m., on the grounds back of the Methodist Church. An enjoyable evening is planned for all.

TO SPEAK AT STAR

Mr. M. E. Blake, minister of the Church of Christ in Goldthwaite will deliver the Baccalaureate Sermon for the Class of 1948 at the Star High School, Sunday, May 9, 1948, at 8:30 p. m. Mr. Blake is well known in this section as a Youth leader. He is especially interested in young people and has a keen insight as to their problems, and is always at his best when working with or speaking to the young people. The Senior Class of '48 Star High School awaits with interest the lesson to be brought by the Goldthwaite Minister.

**FREDERICKSBURG
 BEATS RED SOX
 HERE SEVEN TO 2**

By ED GILLIAM

After playing seven good,
 thrill-packed innings Tuesday
 night with the Fredericksburg
 Giants the local Red Sox defense
 failed and they were defeated
 7 to 2. The final box score re-
 vealed for Fredericksburg—7
 runs, 10 hits, 3 errors; for Gold-
 thwaite—2 runs, 7 hits, 3 errors.

Dale Reid started on the
 mound for Goldthwaite and was
 very effective for seven innings.
 At the beginning of the 8th he
 lost control and walked the 1st
 two batters to face him. Prior
 to this lapse, however, Reid had
 shown a good deal of pitching
 savvy and ability, and shows pro-
 mises of getting better as the
 season progresses. He was ably
 supported in the field by several
 sparkling catches. Bill Hinton
 at 1st saved the situation with a
 back handed stab of a hot liner
 right over the bag when the
 bases were loaded and two men
 out. Bill has the honor of hit-
 ting the first home-run in the
 new park when he put one over
 the wall in the recent Brown-
 wood game. Lee Doggett made a
 circus catch in centerfield that
 robbed the batter of a hit. In
 furtherance a nice throw from
 his position to third base cut
 off a run.

Molberg, the ace of the Giant
 pitching staff, was the big gun
 for Fredericksburg. He pitched
 a good steady game, and was
 master of every situation at all
 times. Very few, if any, better
 all-around ball players will be
 seen here this season than Mr.
 Molberg. He is a dangerous hit-
 ter, and can play any position
 well. Any of the local players
 will probably testify as to his
 pitching ability.

Perkins, who relieved Reid in
 the 8th with none out and two
 men on, got in hot water im-
 mediately and four runs came
 across in this inning before the
 side was retired. Walks coupled
 with an error and a hit or two
 at the wrong time proved Per-
 kins' undoing. Charley McLean
 came in from 2nd base and
 took over the pitching chores in
 the 8th and did alright, but
 the damage had been done.

Mgr. W. C. Barnett used the
 versatile Y. B. Johnson at short-
 stop Tuesday night in the ab-
 sence of Cottle, and plans to
 Thursday night in the 2nd
 league game of the season.

Howard Hoover got the clinch
 hit that knocked in Goldth-
 waite's two runs.

The crowd was about the
 same as saw the opener last
 week against Brownwood, which
 the Red Sox won 7 to 0 to put
 them on top position in Heart
 of Texas League.

The local managing body of
 the team and park is still mak-
 ing improvements in the set-up
 each day. The fences are about
 completed and everything get-
 ting in top shape for a good
 baseball season. The attitude
 and expressions of the fans and
 citizens of Mills County coupled
 with the crowd interest is
 evidence that people are proud
 of their team and will continue
 to back it.

ATTEND FUNERAL

Being called to Brownwood to
 attend the funeral of Ben R.
 Hester, the following have visit-
 ed in the home of Mr. and Mrs.
 John A. Hester here: Mrs. J. C.
 Wilsford (formerly Miss Bell
 Harper) and children of Corpus
 Christi; Walters Hester of Fort
 Worth, son of Mr. and Mrs.
 John A. Hester; and their
 daughter, Mrs. Otis Gary of
 San Marcor, who is here for a
 visit.

**4'183 WW II Dead Returned
 From Europe; Next Of Kin In
 Texas Await Homecoming Of 199**

Remains of 4,183 Americans
 who lost their lives during
 World War II are being return-
 ed to the United States from
 Europe aboard the United States
 Army Transport Lawrence Vic-
 tory, the Department of the
 Army announced today. Arrival
 of the vessel will be announced
 by the New York Port of Em-
 barkation.

Armed forces read originally
 interred in temporary military
 cemeteries at Epinal, Ste. Mere

Eglise, La Cambe and St. Juan,
 France are among those being
 brought back to this country.

A total of 199 remains are be-
 ing returned upon instruction of
 next of kin residing in Texas.

The Army stated that each
 next of kin would be notified in
 advance of the return of re-
 mains. From ten days to three
 weeks will elapse after arrival
 of the ship before Distribution
 Centers of the American Graves
 Registration Service will be able

to advise next of kin of the date
 when they may expect to re-
 ceive remains.

Under the program for final
 burial of World War II dead,
 next of kin may elect to have
 remains returned to the United
 States for burial in a private or
 National Cemetery, or may re-
 quest interment in a permanent
 American military cemetery
 overseas or a private cemetery
 in a foreign country which is
 the homeland of the deceased or
 of the next of kin.

Returning to Mills County for
 reburial is: Pfc. Oratus G. Bush,
 Army; next of kin, Bettie L.
 Buch, Route One, Goldthwaite.

Pfc. Harold H. Townsend,
 Army; next of kin, Mrs. Brown
 L. Townsend, Brownwood.
 Returning from the Pacific

Theatre from Honolulu in the
 U. S. Army Transport Cardinal
 O'Donnell, with 2,024 war dead,
 162 of whom will come to Tex-
 as for reburial. Coming to this
 section are:

Pfc. Jesse R. Allman, Army;
 next of kin, Rollie L. Allman,
 Brownwood. Cpl. Lewis F. Deats,
 Jr., Army, next of kin, Louis F.
 Deats, Route 4, Brownwood.

Quoting from a recent news release from the Texas headquarters of the Production and Marketing Administration (USDA): "Democracy has been in action throughout Texas this week and will continue for another week."

It refers to the work of county Agricultural Conservation Association committeemen and PMA workers in making recommendations for next year's agricultural conservation program.

Actually, we don't think the writer intended to place any limitations on Democracy.

W. J. (Bill) Green is back from three years spent in China with UNRRA. Soon he leaves for two years in Peru as agricultural expert with the Office of International Affairs.

Texans got acquainted with him while he was assistant regional director of the old Farm Security Administration in Dallas, several years prior to 1945. He thinks there is a future market in China for purebred stock from this country.

Williamson county has a history of 100 crowded years, and they'll all be celebrated the week

of May 1 to 8. It takes a week to do it up properly. This is one of Texas, oldest and most agriculturally prominent counties, as well as being near the center of the state. Livestock and agricultural exhibits will be included in the festivities.

Eggs are getting more plentiful, and the price is dropping a little. The fellow who produces better cackleberrys can command a premium price for them, even in periods of high production, if he has an outlet that knows his quality is dependable. There is a lot to be said in favor of uniform grading and labeling of eggs. C. M. Evans, chief of the PMA Dairy and Poultry Branch in the Southwest, says there'll be fewer turkeys this year.

The week of May 2 to 8 is National Soil Conservation week, and in addition to everything being planned by soil conservation district, etc., many churches plan special services on Sunday, May 2. We are in possession of two typewritten pages of single-spaced quotations concerning the soil, taken from the Bible.

This is being written in Columbus, Ohio, where we have paused en rout back to Texas

from a visit in Washington. In Ohio we find the Farm Bureau advertised in neon lights atop one of the city's tall buildings, where we are told this organization has on exhibit a fine collection of art works, purchased as an investment.

Flipping on our radio, the first thing we hear is a broadcast of Farm Bureau activities from a Farm Bureau-owned station at Washington, a few miles from Columbus.

In Washington, Chairman Clifford Hope (R-Kan.) of the House of Representatives committee on agriculture confined to us that the current issue on margarine taxes has effected a rift in both houses of congress which will be long in healing.

The forces endeavoring to get taxes removed from the sale and manufacture of margarine won a victory over the powerful dairy (butter) bloc to get the Rivers bill passed in the House last week, removing the tax on uncolored margarine. The bill now goes to the Senate where another lively tussle is anticipated.

Flying over Tennessee, Virginia and Ohio we have seen thousands of dogwood trees still resplendent in their white blossoms.

Reckless Passing, Driving On Wrong Side Of Road, Major Causes For Traffic Deaths

By DR. WALTER A. CUTTER

Administrative Assistant, Center for Safety Education, New York University

By Dr. Walter A. Cutter
This is the third of a series of 10 articles on street and highway safety, written by nationally recognized accident prevention specialists and published by this newspaper

soms. The pattern of contour plowing and strip cropping on the hilly terrain below is an interesting sight to the air-traveler.

A group of farm broadcasters in Washington last week paid a visit to President Truman at his office in the White House. He looked the same as he did 18 months ago when this writer and Ralph Jones of Austin help present him with a couple of Broad Breasted Bronze turkeys from Texas. Maybe you saw the picture of the President holding the flapping Ton by one wing.

Snooping around the Capital City trying to learn who will be the Secretary of Agriculture after Clinton P. Anderson officially resigns on May 10, we find the picture a little foggy, but a large number of predictors saying it may be Congressman John Flannigan of Virginia, who has announced his retirement from the House this year. He has been active in agricultural legislation for many years. Other names mentioned, but less often are those of Charles Brannan, assistant to Anderson, and N. E. Dodd, undersecretary, who has already accepted directorship of the United Nations' Food and Agricultural organization' (FAO).

Foot and mouth disease is not spreading past the established quarantine lines in Mexico, we are assured by Dr. B. T. Sims, chief of the U. S. Bureau of Animal Industry. Rather, he says, the line of infection is being pushed back.

in the interest of greater traffic safety.

The latest available figures indicate that more than ten percent of the motorists involved in all fatal accidents were driving on the wrong side of the road. On rural highways, about 13 out of every 100 fatal accidents can be attributed to passing too fast, too soon, too late or with too little thought.

The inherent risk involved in passing is the unknown. Vertical curves, hills or a roadway may restrict vision and hide vehicles just beyond the area of vision; horizontal curves often conceal what lies ahead, and approaching vehicles frequently blend deceptively with the background.

Passing on the wrong side is often an accident cause. The safest practice, and generally the only lawful one, is to pass on the left. Multiple-lane express highways and street cars sometimes provide exceptions to this rule.

Misjudging the speed of other cars is another cause of mishaps. About the only way the speed and distance of an oncoming vehicle can be judged is the rapidity with which it passes such landmarks as telephone poles, billboards and buildings, and this comparatively accurate judgement can only be made when the car approaches from directly ahead.

There is always the danger that the passing driver may be forced to swing back to his original position in the line because oncoming traffic has made it unsafe to complete the pass. Many times the driver's original position on the highway has already been filled. To guard against this, if the driver will ease his vehicle slightly over the center line at a safe distance to the rear of the vehicle in front, and assure himself of enough distance ahead to complete the pass, he can always

swing back in line if necessary. In general, a clear open road of approximately 1,000 feet and an allowable time interval of 12 seconds is a safe margin.

In addition, accident prevention authorities recommend these special precautions:

1. A standing street car or bus taking on or discharging passengers should never be passed on the right unless the landing area is protected by a safety zone.

2. Vehicles should not pass on approaching curves, crests of hills, railroad grade crossings or at any intersections.

3. Never attempt to pass vehicles that are traveling at top speed or at maximum safe speed, and never attempt to pass when the required passing speed is greater than that allowed by the local speed law.

4. Indicate well in advance the desire to pass, either by shifting position of the car into the correct lane or by the use of hand signals, or both.

The urge to pass every vehicle is an indication of emotional immaturity and has no place in the mind of the expert driver; and the driver who makes it as difficult as possible for other cars to pass him is equally childish and dangerous. Nearly everyone has at some time been the near victim of the "eager beaver" who, due to some psychological quirk in his make-up, cannot bear to stay behind the car ahead; or the "road hog" who straddles the center line, refusing to share the highway with anyone not complying with his prescribed rate of speed. The rule "keep to the right expect when passing" should be adhered to by all motorists, whether they are moving at 20 or at 50 miles an hour.

Miss Gladys Evelyn Evans res several days with Mr. and Mrs. Oscar Hill at Center City.

John Earl Roberts of Abilene underwent an appendectomy Saturday in an Abilene Hospital. At last report he was doing nicely. John Earl is a grandson of Mr. and Mrs. John W. Roberts and Mrs. Eula Nickols.

Mr. and Mrs. Rayford Herrington of Carlton spent Tuesday in the home of their aunt, Mrs. Ola Howell. Mrs. Herrington went from there to her mother's, Mrs. Willis Horton, where she will visit for several days.

LIONS CLUB

(Continued from page one) best soil conservationist of the Brown-Mills District.

Last year at the Texas Soil Conservation meeting Earl Fairman and Hobart Priddy from this county won plaques for being the outstanding soil conservationists in the district.

Mr. Carr, who was a visitor, made a short talk, ending up with the remark that he was like "Minnie" the cat—glad he got out.

John Stough, formerly of Goldthwaite but now with the service at Brownwood, said conservation grows in a county like a child grows, and that it was growing in Mills County. He praised Earl Fairman for taking the lead in soil conservation in this county.

The newly-installed Lions officers were in charge of the meeting, Joe B. Karnes, president, and Ray Duren, secretary. President Karnes read a news item that appears in the Eagle this week about how three Mills County boys had won the state championship Livestock Judging Contest at A. and M. College last Saturday and would later this year represent the State of Texas in the National Livestock Judging contest at Kansas City. They are Robert Henry Johnson, Bobby Burks, and Red Miller. Lion Karnes said Mills County was very fortunate in having such men as their coach, Y. B. Johnson, Vocational Agriculture teacher here, County Agent McCombs and Soil Conservationist Ben Day to lead these three important services. Lion T. C. Graves suggested that a class among the business men of the town be organized to meet at the new agricultural Building here to study soil conservation and farm methods needed in this county.

President Karnes appointed Lion D. H. Holland to be head of Rodeo Advertising Committee, the Lions Club having voted to sponsor the Rodeo advertising again this year as it did last.

All members, and guests, at the conclusion of the program, stood with heads bowed in reverence to Lion John A. Hes-

ter, whose brother, Ben R. Hester, died that morning.

Following guests were introduced: W. P. McCullough, John Patterson, Jay Partin, Mrs. Connie Shaw, John Stough, Tow Watson, C. C. Wright, Harry Welch, L. B. Porter, Clyde Kerby, Floyd Sykes, Johnnie Schlee, Homer Weaver, Carry Owens, Luther Soules, Ernest Kohler, Willis Hill, Arthur Gromotsky, Carl Casbeer, Vernon Carr and son, Chas. Haensch, Roger Powell, Paul Schwartz.

RULES FOR MILLS CO. SOFTBALL LEAGUE.

Each team will be allowed a maximum of 18 men on their rosters. No players are eligible to play with more than one team.

If a player wishes to change from one team to another team, that player will be penalized by having to remain out of competition for the remainder of that half of the season plus a period of 4 weeks.

In case of a bona fide move of residence of a player, the player to be eligible must have to have the consent of the managers of all teams in the league, before he may join another club.

To be eligible to play, a player must have been on the club roster for a period of two weeks before playing in any contest in the Mills County Softball League.

Each player must be listed with the sponsor of the league, the Lions Club of Goldthwaite.

This league will operate under the official softball rules and regulations.

Games will be played on Tuesday and Friday nights of each week. The first game will start at 8 p. m. and the second game will start at 9:15 p. m.

In case of a tie at the end of seven innings of play, the game will proceed until the tie is broken or two extra innings have been played. In case of a tie at the end of nine innings of play, each team will be credited with one game lost and one game won.

There will be three umpires for each League contest, namely, the umpire who calls strikes and balls, the umpire who calls first and second base, and the other calls third base. The umpire who

calls the strikes and balls is required to stand behind the catcher. Each team will furnish one umpire for the game opposite them on the night that they play.

The decisions of the umpires are final, and any Contestant protesting an umpire's decision will automatically be disqualified from further competition for the remainder of the season.

Any protest of any decision must be made by the manager of the team concerned, and that protest must be made in a sportsmanlike manner.

In case of the withdrawal of a team from the Mills County Softball League, the team withdrawing will automatically forfeit all remaining games on its schedule.

Any team failing to appear for its regularly scheduled game, unless provisionally hindered, will automatically forfeit that game.

If any team is unable to appear for its regularly scheduled game, that team should use the most expeditious means to notify its opponent and the sponsor of the Mills County Softball League at the earliest possible time and at least six hours previous to the

time that scheduled game is to be played. Otherwise the team failing to appear will automatically forfeit that game.

LADIES' SOFTBALL TEAM PLAYS MULLIN

Tuesday night April 27, the women's Softball team of Goldthwaite played Mullin on the field there. This was the first time the Goldthwaite group had played together and some players had not tossed a ball in more than ten years. The final score was 16 to 19 in Mullin's favor. However, a woman's spirit is not easily daunted, so we're planning a lot of practice for the next few weeks. Those already listed with the team are: Faye Featherston, Dorothy Crowder, Wanda Hollinshead, Evalyn Reid, Ann Conradt, Irene Johnson, Dot Spinks, Barbara Jernigan and Pansy Henderson.

We have received a lot of encouragement, which is, needless to say music to our ears. Any person (female) who wishes to play Softball with us, come to Municipal Ball Park at 5:30 Monday afternoon. We're to set up our

bases on the northwest part of the park if the men are using the regular field for practice. The appropriate garb is blue jeans and bring a glove if you have one.

TIE WITH MULLIN

The Ladies Baseball team, sponsored by Yarborough and Duren, went to Mullin Wednesday night to play Mullin Ladies' team in a return match. The game was called at the beginning of the sixth on account of showers, the score being 8 to 8.

HAMILTON HOLDS FIRST IN LEAGUE

Hamilton remains the only team in the league that hasn't been defeated. Sunday evening saw Hamilton hand Pottsville its second defeat this year by 8 to 4. Harper pitched for Hamilton allowing only 5 hits and no earned runs. He got 12 strikeouts. Thompson got a homerun in the sixth with two men on to put Hamilton in the lead.

Aleman dropped Purlmela 12 to 2 for their first defeat this

year. C. Sommerfeldt had only two hits. In his last game, Sommerfeldt had only ten hits.

Indian Gap broke the win column by taking a one from Star, 5 to 4. A per hurled for the Gap. Ed Jeske's boys from Pottsville took a good game from Star, 7 to 5. E. Hopper pitched for Priddy.

In what proved to be the ture game Goldthwaite defeated Shive, 3 to 0. This was Goldthwaite's first win.
