## REBURIAL SERVICE FOR FRED LAUGHLIN HERE NEXT TUESDAY

**FRED JUNIOR LAUGHLIN**  
The body of Pfc. Fred Junior Laughlin, Marine Corps, Co. C, 1st Bn., 27th Marine, 5th Div., will arrive in Goldthwaite next Tuesday, May 18 for reburial. Burial will be in Goldthwaite Memorial Cemetery.

Pfc. Laughlin was killed in action against the enemy in the service of his country at Iwo Jima Volcanic Island on February 22, 1945. His awards include the Purple Heart, Asiatic Pacific Campaign medal, and World War II Victory Medal. He entered the service on January 19, 1943, went overseas Aug. 12, 1944, and went into battle Feb. 19, 1945 and was killed two days later.

The young Marine is survived by his parents, Mr. and Mrs. Fred Laughlin; one sister, Miss Ima Faye Laughlin; and one brother, Jimmy Laughlin. Also surviving are one grandmother 91 years of age, one grandfather, a number of aunts, uncles and cousins. Fairman-Wilkins is in charge of funeral arrangements.

## MILLS COUNTY HAIR STYLE SHOW HERE FRIDAY NIGHT, MAY 21

Sponsored by the Playground Committee of the Goldthwaite P.T.A., the beauticians of Mills County will demonstrate new 1948 hair style showing at the Grammar School Auditorium here next Friday night, May 21, beginning at 8 o'clock. Mills County Beauticians attended a Hair Style Showing at Waco last Monday, and will present the latest 1948 hair styles here Friday night in six ages: Tiny Tots, Small Girls, Teen-Agers, Young Ladies, Young Matrons, and Elderly Ladies. Admission is 15 and 30 cents, and proceeds go to buying school playground equipment.

## NOTICE:

Due to the fact that we have had considerable complaints about boys riding bicycles on the sidewalks, I wish to call attention to the public to the fact that there is a city ordinance against this practice, and we will appreciate the cooperation of the parents and boys in observing this ordinance. Unless this dangerous practice is stopped, steps will have to be taken to enforce the ordinance. CITY COUNCIL, City of Goldthwaite

Mrs. M. S. Mote of Moody (nee Miss Nina McNeil) was here this week visiting with Mrs. Tom Booker and other friends. She is a sister of Will McNeil, and used to visit here in the long-ago with the McPherson and Queen girls.

## Clifton Junior College Choir At Priddy Tonight

The Clifton Junior College Choir will present a sacred concert in the Zion Lutheran Church at Priddy, Rev. A. H. Muehlbrad, Pastor, Friday evening, May 14, at eight o'clock. This choir completed a 1000-mile tour of the principal cities of Texas, gaining for itself a fine reputation for its high standard of performance. The choir, under the direction of A. H. Grender, sings its entire program of famous choral works without accompaniment, although it numbers only 21 members, who are all students of Clifton Junior College. The director, Mr. Grender, is a former member of the world famous St. Olaf Lutheran Choir under Dr. F. Melius Christiansen. The college at Clifton and St. Olaf College are both schools of the Evangelical Lutheran Church, which is cooperating with the American Lutheran Church in the support of Texas Lutheran College at Seguin. The choir from Clifton, on its spring tour, sang at a religious convocation at the Seguin college, where it was most enthusiastically received.

The concert at Priddy Saturday evening will be well worth hearing. There will be no admission charge, but a freewill offering will be received.

Mrs. J. O. Wolff returned home last Friday after undergoing a major operation at Scott and White Hospital. Her many friends will be glad to know she is doing nicely.

Proceeds from Hair Style Showing next Friday night go to buy school playground equipment. School Auditorium at 8. Adm. 15 and 30 cents.

## BACCALAUREATE SERMON TO BE PREACHED SUNDAY NIGHT

Beginning the Senior 1948 exercises, Rev. J. L. Emery, pastor, will preach the Baccalaureate Sermon at the First Baptist Church Sunday night, beginning at 8 o'clock. Commencement Exercises will be at the Grammar School Auditorium on Wednesday night, May 26, which will close a very successful 1947-48 school term. Every one is invited to attend the Baccalaureate at the church Sunday night. The following is the program:

## Goldthwaite Red Sox To Play Second League Game Here May 20

Goldthwaite Red Sox, who won their only Heart of Texas League game played to date, will take on a fast San Saba Hardball team on Municipal Baseball Park here under the lights next Thursday night, May 20, beginning at 8 o'clock. It will be the local's second league game and will count in the league standing. The Llano team, scheduled to play the Red Sox here last Thursday night, failed to appear and forfeited the game to the Red Sox. Admission next Thursday night will be by donation at the gate. Officials are trying this method to see if fans want a donation entrance fee or a set price. They point out that the Municipal Park trustees must have money to pay expenses and to pay off the notes, and ask that donations be generous at the gate. In the matched game here with Coryell City played Wednesday night of this week, the Red Sox won 4 to 0, under the pitching of Y. B. Johnson, who allowed only four hits. The Red Sox have been beaten only once this season, and by the best non-professional team in this whole section, Fredericksburg, who rolled up a score of 7 to 2 against the locals.

## Four Fast Games Scheduled For Mills County Softball League

Tonight at Municipal Baseball Park here, the Mills County Softball League enters its second week of play in the first half round robin of games. Games Tuesday night of this week were cancelled on account of wet field, and will be played off June 25. All softball games will be played on the local field on Tuesday and Friday nights of each week. Admission is by donation at the gate. Tonight, Western Auto takes on the Big Valley team at 8 o'clock, and at 9:15 Pleasant Grove versus Star. Tuesday night the first game will be between Frazier Bros. and Priddy, and the second game will match Mullin against the Mills County Vocational School. In the first two games played last Friday night, Western Auto defeated Pleasant Grove 19 to 3 in the first game, Pleasant Grove team was unorganized to start, and will make a much better showing at their next play. Pitchers for Western Auto were Ed Leonhard, who allowed two hits and no runs; George Gilbert, 2 hits, 2 runs; J. C. Weston, 2 hits, 1 run. Cook pitched for Pleasant Grove. Box score: Western Auto, 18 hits and 19 runs; Pleasant Grove, 6 hits, 3 runs.

In the second game at 9:15, Star defeated Big Valley 18 to 11. Star pitchers were: R. B. Jones, 2 innings, allowed one hit; McPherson, 2 innings, 8 hits; Rev. John Weston, 3 innings, 2 hits for Big Valley. Manuel Compos pitched all the way, allowing 23 hits. Box score: Star—18 runs, 23 hits; Big Valley, 11 runs, 11 hits.

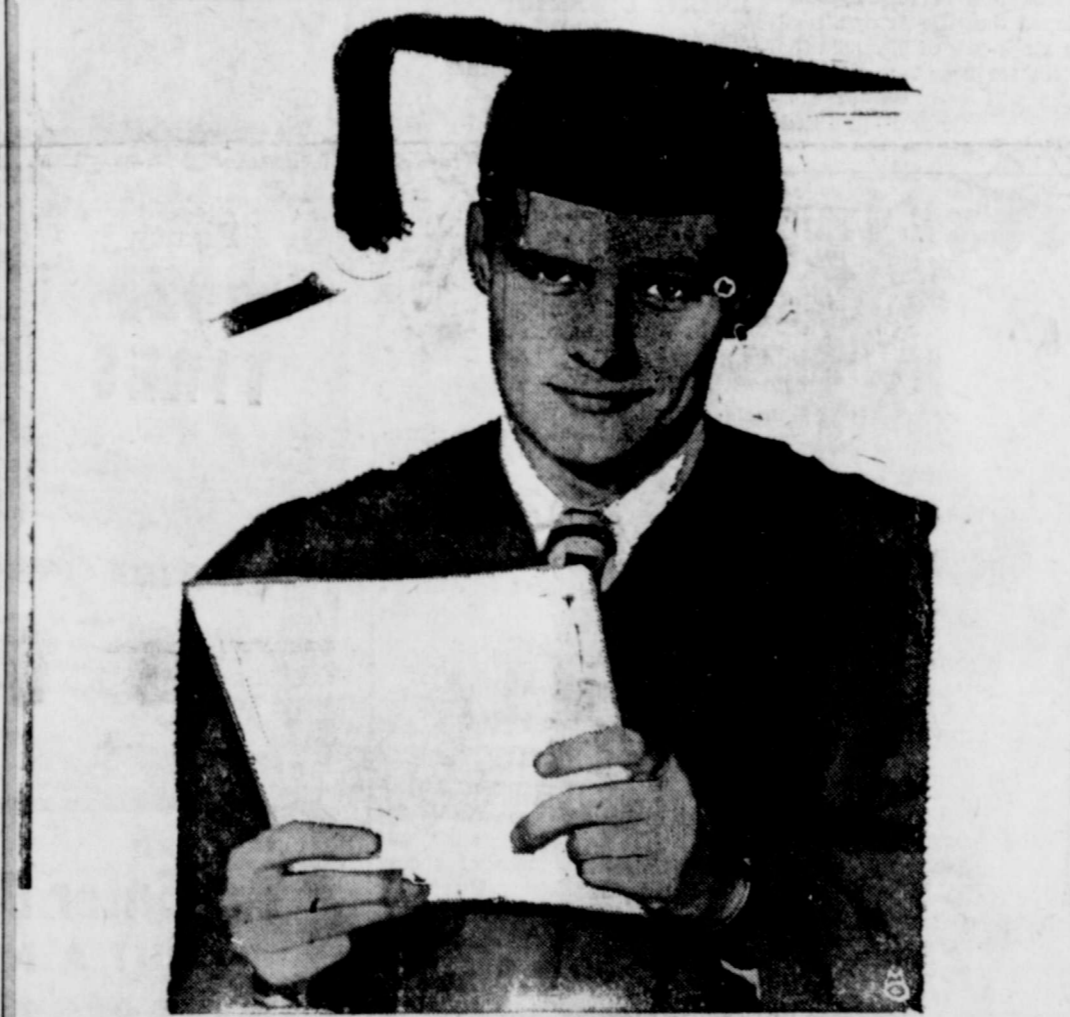

Home runs were bagged by Allan Campbell, Carlin Wicker and Joe Shelby Langford for Western Auto; Cook for Pleasant Grove, and R. B. Jones and Billy Harper for Star.

## GRASSHOPPERS

From different surveys over the county it seems that we have a better crop of grasshoppers than we anticipated. Poisoning has already begun in the Big Valley Community. The Cockrell boys of the Big Valley Community had pretty good success in killing the young hoppers by spraying with B. H. C. (Bengene Hexachlorede). This is recommended by the U. S. Department of Agriculture if it is used when the hoppers are small and first hatching out in their beds. It is not near as effective on the mature hoppers. The U. S. D. A. recommendation dosage is 4 pounds B. H. C. (10 percent gamma) per acre or 2 and 1-2 pounds per 100 gallons of water if used as a spray. Lets kill the hoppers while they are small and avoid damage.

**Our  
WASHINGTON  
Letter**

By Congressman  
**O. C. FISHER**

Mohair growers in Texas collected \$10 and 1-2 million in 1947. It was a fairly good year even though the market in the fall was bad.

But last year the growers averaged 61 cents a pound for the mohair that was sold. This

year the markets has been stagnant, and only 35 or 40 cents is being paid now.

The cause for this sudden slump cannot be readily determined. It seems that the upholstery people have turned to South American wools, synthetics and substitutes which are cheaper than the more durable fiber of mohair.

This dilemma has already made serious inroads into our angora flocks. Earnest Williams, Secretary of the Texas Sheep and Goat Raisers' Association, reports that the rate of goat sales on the San Antonio market during the first 4 months of this year showed a 500% increase over a similar period last year. And these include many young breeding goats.

Not since 1938 when mohair

averaged 35 cents has the price dropped below 47 cents, and that was in 1939. Since then—up to this year the price has been above 49 cents, with the average running well above 55 cents during the past five years.

Now, what can be done about it? What can the growers do, and what can the government do to help bring this industry out of the dumps?

In search of those answers, six Texas growers were in Washington a week ago. They included Williams; Sayer Farmer of Junction, First Vice-President of the Association; Steve Stumberg of Sanderson; C. B. Wardlaw of Del Rio; Adolph Steiler of Comfort; and Dolph Briscoe of Uvalde. Bryon Wilson of the National Wool Growers joined this group.

While the Texans were here we conferred with Major General William H. Middleswart and his staff, who do research and planning for all army procurement orders of clothing, etc. for the Quartermaster General.

In the absence of Secretary of Agriculture Anderson, we talked with Under Secretaries Brannon and Dodd, Frank Woolley, Frank Cronin, Ralph Trigg, and others in that Department. Trigg has succeeded Jesse Gilmer as Chief of the Production and Marketing Administration. Gilmer resigned to enter private business in Texas.

In order to get the picture of the plight of the growers before the Senate Agriculture Committee, where a long-range agriculture program is being considered, we conferred with Senator Connally, Senator Aiken, sub-committee chairman, and Senator Thomas of Oklahoma, ranking democrat on the committee.

From our various meetings, we obtained information which may be briefly summarized as follows:

1. The Army has no plans for increase uses of mohair in the immediate future. Samples of mohair-blended blankets made at Eldorado were shown, but it developed that the Army already has a stock-pile of blankets that will last for 2 or 3 years. Army neckties will continue to contain 50% mohair and band uniforms about 40 percent.

General Middleswart told us that if the Army is called upon to furnish military clothing for our allied countries, such as Greece—as is probable—in all likelihood mohair will be included in the procurement specifications for such materials. In the meantime, assurance was given that Army research for new uses for mohair will be stepped up. The same is true in the Department of agriculture.

A full-time man is now working out of the Agriculture Department collecting data on the cause of the mohair slump and just why the sudden switch to other fabrics. Mr. Chester A. Jordan of the Limerick Mills, who visited in Texas recently, has just written me of his desire to cooperate in that survey.

2. We were also given some assurance that some so-called Section 32 funds will be available for use in subsidizing the export of mohair to enable it to be laid down abroad at world competitive prices.

3. We learned that German mills are equipped to spin mohair and that there is an existing need for a limited amount of it over there. No need is indicated in Italy for at least 3 or 4 months. None is desired in England, and France has not been heard from.

Since these meetings, I have talked mohair with Dr. D. A. Fitzgaird, Director of Agriculture for the Economic Cooperation Administration. He handles food and fiber exports under the Marshall Plan.

4. The revolving fund bill, already passed by the Senate, will, if finally enacted, enable the Army to buy natural fibers and ship them to our occupied zones for use in rehabilitating German and Japanese textile industries.

So, at the moment we have a lot of irons in the fire in our attempt to find new uses, new markets and new friends for mohair. At least, the ground work for renewed and concentrated efforts has been laid.

**EBONY SOLDIER  
HONORED AT A & M**

College Station, May 8, (Sp1)—The Agronomy Society has presented Texas A. and M. College a bronze plaque in honor of those agronomy majors who made the supreme sacrifice during World Wars I and II. The Society presented this plaque to the college on Saturday, May 8, which is Agricultural-Engineering Day.

President Gibb Gilchrist received the plaque on behalf of the college. The plaque was presented to President Gilchrist by Neal C. Patterson, president of the Agronomy Society, at 1:30 p. m. Saturday.

Twenty agronomy majors lost their lives in World Wars I and II: Among them were Eugene D. Wilmeth, 1942.

**HUMBLE OIL CO.  
GAS PROGRAM**

Houston, May 12—Plans for continuing its long-range gas conservation program at a cost of \$11,837,000 during 1948 were announced in Houston today by Humble Oil and Refining Company.

New units to be constructed by Humble this year are natural gasoline plants at Conroe, Picketon, and Opelousas, La.; and gas injection plants at Sealington and Kelsey. The Sealington plant will ultimately be developed into a gasoline plant.

The new plants will process an additional 186 million cubic feet of gas daily, the company estimates. Humble spent approximately \$5,000,000 on gas conservation facilities in 1947, increasing the amount of gas conserved by about 80 million cubic feet daily to a total of 620 million cubic feet per day.

The absorption-type gasoline plant to be built at Opelousas, costing \$2,800,000, will process the wet gas passing through the Interstate Gas Company's line, returning the dehydrated gas to the line.

### 'PIRATES OF MONTEREY' FEATURES MARIA MONTEZ

With Maria Montez appearing in a role that calls upon her ability as an actress—a talent she possesses in generous quantities, according to this sample—Universal-International's Technicolor spectacle, "Pirates of Monterey," opens Saturday night prevue, Sunday and Monday at the Melba Theatre to an enthusiastic audience. Her costar, Rod Cameron, handles a swashbuckling role set in early California, with ease and conviction.

The arginal story by Edward T. Lowe and Bradford Ropes rings with sincerity as it should inasmuch as its basis deals with the history of California in 1840 when Spanish royalists attempted to overthrow the Mexican regime just to California's becoming a part of the United States. On that era Sam Hellman and Margaret Buell Wilder have fashioned an exciting piece of screenplay fact that kept this reviewer from beginning to end.

Alfred Werker's direction under Producer Paul Malvern smoothly pointed up the climaxes. The Technicolor camera never before photographed such grandeur.

Miss Montez portrays a young Spanish woman traveling with her duenna, Tamara Shayne, from Mexico to Monterey where she is to meet her fiancé an army lieutenant played by Philip Reed.

At the Pueblo of Los Angeles, she meets Cameron who is an American smuggling guns to Monterey for the army garrison there. Cameron and his aide, Mikhail Rasumny, assist Maria and Tamara in getting to Santa Barbara.

Rod and Mikhail continue to Monterey where Cameron is met by his old friend Reed. When Rod is introduced to Phil's fiancée, he again meets Maria. A love triangle develops and is punctuated with sword play, an attack on the fort, and the capture of pirates who attempt a kidnapping—all elements that spell action and excitement.

### 'RIDE THE PINK HORSE'

Tense, rugged melodrama, crowded with violet action keynotes Universal-International's "Ride the Pink Horse," with Robert Montgomery as director and star, which comes Tuesday and Wednesday at the Melba Theatre.

With a staccato screenplay by Ben Hecht and Charles Lederer based on the Dorothy B. Hughes best-seller of the same title, Montgomery has directed the film so that it is jammed with sheer excitement.

In the role of a cynical embittered veteran of the Pacific War, Montgomery comes to a small New Mexico town at fiesta time seeking vengeance and blackmail. The target of his foray is a master criminal, skillfully portrayed by Fred Clark, who he believes was responsible for the death of a pal.

### CHARLIE SEABOURN PASSES AWAY

Mrs. W. C. Frazier received word Tuesday morning that her brother-in-law was found dead in bed Tuesday morning at his home in Childress.

Mr. Seabourn was reared in Mills County and left here several years ago.

Mrs. Ed Davis is a sister of Mr. Seabourn.

Mr. and Mrs. C. F. Stubblefield and son, Sam, spent last week-end in Eastland and Spur visiting their mothers.

sponded with an expression of thanks to the affair and members of the club for their cooperation during the year.

Mrs. Oran Carothers, program chairman, gave an outline of the study course that will be resumed in September.

Mrs. L. A. Grumbles and Mrs. H. E. Patton served a delicious refreshment.

### LOCAL BAND PUPILS HEAR SYMPHONY ORCHESTRA

Eighteen members of the Goldthwaite School Band had the privilege of hearing the Philadelphia Symphony Orchestra at Hardin-Simmons University, May 11.

The following program was presented, with Eugene Ormandy conducting:

Dvorak Symphony No. 5, in E minor.

1. Adagio, allegro Molto.

2. Largo.

3. Scherzo: Moto vivace.

4. Allegro Con fuoco.

Debussy, Prelude to "The Afternoon of a Faun."

Strauss, Tone poem, "Death and Transfiguration," Opus 24.

Everyone expressed their appreciation to Mr. Hunt and the band mothers, for making this trip possible. It was truly a great performance.

### GOLDTHWAITE H. D. CLUB MEETS

The Goldthwaite Home Demonstration Club met in the home of Mrs. D. B. McCombs, Thursday, May 11, with Mrs. Cole as co-hostess.

The club had as their guests the Jones Valley Club. The guests were greeted by the hostess and the club president, Mrs. Fambrough. Mrs. M. E. Blake reviewed "The Robe".

Thirty guests and members were present. A dainty plate was served to all.

### BOAT RACES, BATHING BEAUTIES AT LAKE BROWNWOOD SUNDAY

Brownwood—The 14th annual Lake Brownwood Regatta, which this year includes a bathing beauty contest as well as thrilling races by some of the nation's top speedboat drivers, will be held Sunday, May 16, under the sponsorship of the Junior Chamber of Commerce.

Darrell Wilson, general chairman for the regatta, said entries have been received from leading drivers in Texas, Oklahoma, Arizona, Louisiana, and California.

Many of the hydroplane and runabout drivers competing at Lake Brownwood will be holders of national championship won at the National Outboard Championship Races here last September.

The races will get underway at 1 p. m. and will be held at the course near the dam at the district park. The Lake Brownwood course is considered by racing drivers to be one of the best in the nation, as the water is sheltered from the wind on three sides.

It is also one of the best from the standpoint of spectators because the bluffs overlooking the lake provide an unobstructed view.

The bathing beauty contest will be held at 3 p. m. to determine the Regatta Queen. The lucky young lady winning the contest will represent Brownwood at the Bandera Stompede and other events later in the summer.

Admission prices are fifty cents for adults, twenty-five cents for children; just half those charged at most Southwestern regattas.

### Mary Huffman Celebrates 83rd Birthday

Mrs. Mary Huffman celebrated her 83rd birthday with a basket dinner at Mullin Park, Sunday, May 12. Sixty-five relatives and friends attended the dinner, including seven of her nine living children. Also among those helping her celebrate were her three sisters, Mrs. J. P. Crow, of Fort Worth; Mrs. Bettie Penn, of Fort Worth; and Mrs. Susie Bean, of Brownwood.

Others attending were Mrs. Ed Carlton, Mrs. Johnnie Mason, Mr. and Mrs. Ben S. Crow, Mrs. Nona Crawford, Mrs. J. K. Mont-

### SCALLORN-H. D. CLUB

The ladies of the Scallorn H. D. Club met last week in the home of Mrs. Ora Black. Roll call and reports of different committees were given following the recreation which was directed by Mrs. Haenisch.

A demonstration on building closets and their arrangement for the best advantage were given by the agent.

At this meeting plans were made to invite a neighboring club for a social in the home of Mrs. Ora Black, but owing to circumstances which could not be overcome, the social was postponed until a later date.

Present for the meeting were Mrs. Fields Hines, Mrs. Fate Eckert, Mrs. Haenisch and two new members, Mrs. Otis Carothers and Mrs. Silas Burk, and one visitor, Mrs. Charles Wright of Mullin, and the hostess.

Mr. and Mrs. Sam Taylor of San Saba spent Mother's Day with his sisters, Mrs. Hettie Urbach and Mrs. O. D. Day.

**SAN SABA PEAK**

By MRS. DUTCH SMITH  
Well, I will try and write the news and at least let the people know what the Smiths are doing. That is about all I know to write.

I have just returned home after going with the Lometa

Senior on their trip. They returned home Sunday and I went to Houston to visit my daughter and family.

I got home Thursday night. C. S. Smith, Jr. from J. T. C. visited home folks over the week-end.

Mr. and Mrs. Hobert Smith and baby of Austin, also Mr. and Mrs. France DeSpain and Children of Round Rock visited the ladies parents, Mr. and Mrs. Fate Eckert over the week-end.

Miles Eckert visited his brother, Fate, part of last week. He is just out of the Scott and White Hospital at Temple.

Mr. and Mrs. Jack Hightower Dallas visited his mother and father over the week-end. Those who enjoyed ice cream in Dutch Smith home Saturday night were; Mr. and Mrs. Gage of Priddy, Mr. and Mrs. Gene Gage and Judy of Los Angeles, Califor-

nia, Mr. and Mrs. Hobert Smith and Bonney of Austin and Mr. and Mrs. Fate Eckert and Altha Mae, Mr. and Mrs. France DeSpain, Mark, Monny Lou of Round Rock, and Mr. and Mrs. Fred Laughlin of Goldthwaite.

Mr. and Mrs. Hawley Jernigan are moving to their new home on his fathers ranch.

Mr. and Mrs. Terrel Casbeer and Elmer Geeslin spent Sunday with Mrs. Casbeer's mother, Mrs. Tom Huffstutler. Mrs. Elmer Geeslin came in from Fort Worth to be with them.

Mr. and Mrs. Floyd Johnson of Houston came in and visited his father and mother, Mr. and Mrs. Ernest Johnson.

Mr. and Mrs. Dee Conner of Waco visited her father and mother, Mr. and Mrs. John Harris. They also visited her brothers, Jack Bill and Joe Harris, at Baird and attended the re-ree.

Joe Harris of Baird visited his sister, Mrs. Dutch Smith Monday.

Elbert Harris, brother of Mrs. Dutch Smith, was in a car wreck last Thursday. He is in the Lampasas Hospital, having several ribs broken also cuts and bruises.

Mrs. Dutch Smith and Mrs. Fred Whittenburg will go with the Seniors to Belton to a ranch party Wednesday night.

**MOLINE  
H. D. Club**

The Moline H. D. Club met in the Club Room, May 5, with Mrs. Pat Carswell, president, presiding. We had eleven members and one visitor present. The roll call was answered by giving "My Worst Scare."

Mrs. Ernest Oneal gave the vounoil report. The club voted to donate \$2.50 to the Cancer Fund.

We were happy to have Mrs. Doris Patterson, Landscape Demonstrator of the Atherton Club, with us. She and Mrs. Ernest Oneal had attended the recent demonstration in Lampasas, and told us how to control plant and shrub pests.

Miss Sharp gave an interesting demonstration on pattern fitting and alterations.

(Written for last week)

The Moline H. D. Club had an all day meeting, April 21, in the home of Mrs. Jim Kincheloe. Ten members and four visitors were present. Miss Sharp was with us until after noon. Everyone enjoyed the lunch with

chicken as main dish.

Mrs. Ernest Oneal gave the exhibit committee report. Our club is to exhibit at Lometa, National exhibit week, May 3 to 8. The club voted to bake two cakes to exhibit and sell on Thursday, the money to be given to the council library.

We were happy to have Mrs. Joe Kried and Mrs. Bill Fraley of Mt. View Club with us. Mrs. Kried gave a very interesting clothing demonstration. She also discussed the health facilities available in our county. We invite them and our other visitors back again.

Allen Horton of Waco and Herbert, who it attending A. and M. College, spent Mother's Day here with their parents, Mr. and Mrs. M. F. Horton.

**HILLSIDE MISSION**

By LIDA BYRNE

We heard an evangelist preach recently, who is about forty-five years of age. His home is in California. He said that before he started preaching he was a successful architect; that he was a sinner and one day he was at the top of a ten-story structure; the frame work was up and he began reviling some workmen; all at once he lost his footing and began to fall down toward the ground. He said he began to hit iron girders as he fell, one story after another, and by so doing he had time enough to talk to God. He said he told God to spare his life and that he would preach. He said he landed on a pile of sand, but was in a hospital for some time. He was

like Jonah who was in the belly of a fish—he was in a tough spot and when he prayed he meant exactly what he said. That preacher is really making good. We heard him preach on "Faith." He could hop from and on to the rostrum like a healthy ten-year old boy.

"Thou shalt not take the name of God in vain; for the Lord will not hold him guiltless that taketh His name in vain." Exodus 20:7.

"The Lord is good, a stronghold in the day of trouble; and he knoweth them that trust in him." Nahum 1:7.

**Prices of Southwest Farm Markets**

By U.S.D.A.  
 Cattle sold unchanged to \$1 lower than a week earlier at Texas markets and steady to \$1.50 higher at Denver and Kansas City. Oklahoma City paid to \$32 for top choice fed steers Monday, a new high for recent month, and Denver gave \$29.95 for choice heifers, highest

since last September. Choice fed steers brought \$32 at Kansas City also, and good yearlings reached \$29.25 at Wichita. Medium and good slaughter steers and yearlings ranged from \$23 to \$28 at Texas markets.

Moderate upward and downward movements during the past week left the hog markets mostly 50 cents to \$1 higher on butchers and unevenly 50 cents lower to 50 cents higher on sows. Good and choice medium weight barrows and gilts ranged largely from \$21 to \$22, and sows from \$13 to \$14.50, though Texas markets paid to \$17.

Lambs started the new week generally 50 cents to \$1 higher than a week ago, while ewes and feeder lambs showed less strength. Medium and good spring lambs sold from \$23 to \$26 at Fort Worth, as good and choice grades moved largely from \$26 to \$26.50 at Oklahoma City.

Mill buyers actively sought staple and combing grease wools in country areas.

Egg markets picked up sharply last week, following the government announcement of price support at 35 cents per dozen to the farmer and 37 cents delivered to drying plants. Poultry followed slightly weaker trends. Heavy hens brought 24 to 28 cents a pound in the Dallas-Fort Worth area and fryers 38 to 40 cents.

Feeds ruled unchanged to lower, with alfalfa meal and meat scraps showing greatest weakness. Scattered and narrow demand for hay centered on the better qualities. Seed peanuts advanced to mostly 22 cents a pound, as planting increased in southern sections.

Cotton advanced sharply as the current week opened, to bring total gains to \$4 to \$6.50 a bale. Spot middling 15/16 inch closed Monday at 37.85 cents a pound at Dallas, 37.60 at Houston, and 37.50 at Galveston and New Orleans.

### BARBECUE FOR GHS SENIORS AT THE METHODIST CHURCH

There were no damp spirits in the Recreation Room of The Methodist Church Tuesday evening where the barbecue for the seniors, scheduled for the out-of-doors, was served.

Tables were laid in yellow and green and flowers in green sombreros carried out a Mexican motif. A hilarious good time was enjoyed from beginning to end. The seniors were paired off in animal couples introduced by Miss Ann Adams, Director of Religious Education, First Methodist Church, Brownwood. From there on, Miss Adams led in a group of skilled games, songs, and contests in which all participated.

Introductions were given by Rev. Dick Lowry, and a short welcome address was given by Dr. Tommie Graves, Chairman of the Official Board.

The supper, which was served barbecue style, consisted of barbecue, potato salad, Mexican style frijoles, slaw, pickles, doughnuts and tea.

Courtesies were acknowledged by Mr. Lowry to Miss Adams from Brownwood. The ladies of

the church furnished the food and the supper was planned and served by a committee from the Auxiliary.

We are all grateful to Mr. Sam Sullivan for furnishing the barbecue, and to Mrs. Malcolm Jernigan, and ladies who worked so hard to make this a happy occasion for the Seniors.

Mrs. R. D. Towerton and children from California came Tuesday to visit with her parents, Mr. and Mrs. R. L. Sutton and aunt, Mrs. E. L. Pass, and other relatives and friends at the Bend and in San Saba.

### METHODIST PASTOR TO ATTEND ANNUAL CONFERENCE

Rev. M. D. Lowry will be in San Antonio attending the Annual Conference of the Southwest Texas Conference Wednesday through Friday of next week. Reports for the year's work are given and reports from the entire Southwest Texas Conference are made. A good report is in hand for the Goldthwaite Methodist Church, both

in additions to the Church and financially.

H. J. Leonhard is the official Lay Delegate from the local Methodist Church and will also attend the session of the Annual Conference.

Miss Pearl Casbeer of Austin visited over the week-end with her mother, Mrs. Emma Casbeer and also attended the funeral of her uncle, Bob Blackburn.

Mr. and Mrs. Joe Proctor Karnes of Fort Worth spent Mother's Day here with his parents, Mr. and Mrs. Joe B. Karnes.

Mr. and Mrs. Marvin Hodges,

*To keep growing, keep learning.*

**ADULTS need Christian teaching — Study Christ's Word in church school.**

**GROW IN CHRISTIAN FAITH**  
 One of two things is true. You continue to grow in your Christian faith or you lose your Christian faith. The truthfulness of this statement must be recognized and acted upon. Christian faith is not static; it is a dynamic force that must find expression.

Learning is not an elective for Christians. The Christian life is a way of living; a process that is ever developing.

As each year passes it should mark a stage of growth in spiritual understanding. Each adult should be able to look back upon the past and say, "I have left the place upon which I stood last year. I am now standing upon higher ground in my understanding of God's plan and purpose for me."

There can be no abiding satisfaction for those who are growing in years unless they are growing in their faith. We must recognize these fundamental principles and live in keeping with them or we will die spiritually and physically.

**CURE FOR CANCER**  
 On April 21st the Atomic Energy Commission announced the discover of "cobalt blue"—a cheap, but medically comparable substitute for rare and costly radium—a discovery which brings the cost of treatment within the economic range of thousands of cancer sufferers.

On the same day, at the conference of the American College of Physicians, Dr. C. P. Rhoads made unconditional reference to a "cure" for a specific type of cancer.

Here are two profound events in the fight against cancer which prove that the battle is going our way—provided our allies stand firmly behind us.

The American Cancer Society is now engaged in its annual drive for funds—money which is sorely needed for the types of research described above, as for a vast cancer control program.

NOW is the time to develop the irresistible momentum which will result in victory against one of mankind's most vicious enemies. NOW is the time for the press of the nation to throw its weight into the fight by bringing the anti-cancer message to our people, and to reaffirm the fourth estate's primary policy of public service.

**OVERCOMING HEALTH PROBLEMS**  
 At present there are more than forty-five separate, and in many cases overlapping, health and physical agencies operating in Texas.

In some areas the services they render are overshadowed by competition and confusion caused by friction between the various agencies. In other areas there is no health services offered at all.

During the past several years, there has been much discussion of socialized medicine and of some type of centralized federal health agency as a means of coping with the problem of safeguarding community health.

However, State Superintendent of Schools L. A. Woods has recently introduced a plan, which, if it gets cooperative response from the communities of Texas, can overcome most of these health problems.

Dr. Woods' plan calls for a state-wide health program on a community level. It is unusually logical in that it has its foundation in the heart of the community—the school.

**BIBLE**  
 International Uniform Sunday School Lessons

SCRIPTURE: Malachi. DEVOTIONAL READING: Luke 3:3-6, 16-17.

**Malachi Demands Sincere Religion**

Lesson for May 16, 1948

GET ready for some straight talk in next Sunday's lesson. Malachi reveals the dark picture of unrequited love, polluted offerings, impious priests, unfaithful husbands. You wonder if Sam Jones has come back to life. He begins by crying, "The burden of the Lord to Israel by Malachi." We shall miss the entire meaning of this lesson if we fail to read every word of the Book of Malachi. We cannot claim any of the promises of a better day, as indicated in the latter section of Malachi unless and until we deal with such hypocrisy as may infest our lives today, even as the priests and people were consumed with iniquity when Malachi prophesied into them.

Dr. Newton

**GIVING OUR BEST TO GOD**  
 "A SON honoureth his father, and a servant his master; if then I be a father, where is mine honour? and if I be a master, where is my fear?" Malachi 1:6.  
 How can God bring good out of evil, when his people hold back their best from him? Let us bring it closer home, and ask, How can our earthly parents do their best for us, when we give them half-hearted allegiance?

**OUR BEST IN WORSHIP**  
 PASSAGES in the first, second and third chapters of Malachi reveal the lack of sincerity on the part of the priests in the worship which they offered and which they taught the people to offer. Here we see that unclean hands can never bring an acceptable offering unto the Lord. He looketh on the heart. He knows what is in man.  
 Using the house of God to make a show before men was one of the shameful evils of the priests in the days of Malachi. It did not fool God then, nor will it fool him today. Unless our worship is an expression of something fine and sincere, he will not accept it.

**THE DAY OF RECKONING**  
 "BEHOLD, I will send my messenger, and he shall prepare the way before me; and the Lord, whom ye seek, shall suddenly come to his temple, even the messenger of the covenant, whom ye delight in. . . . But who shall abide the day of his coming?"  
 One would think that such words of warning would have brought the priests and the people to their senses in humble contrition before God; but they continued to disregard the words of God's messenger.  
 "For, behold, the day cometh, that shall burn as an oven; and all the proud, yea, and all that do wickedly, shall be stubble; and the day that cometh shall burn them up, saith the Lord of hosts, that it shall leave them neither root nor branch."  
 Thus did God warn. And the day of reckoning did come—a day in which priests and people went down beneath the chariot wheels of the invaders. And once again the warnings of God, though despised, were fulfilled to the last word in the terrible punishment upon those who forgot him.

**THE PROMISE TO THE FAITHFUL**  
 BUT God does not forget those who truly love him, and thus the Book of Malachi closes with the words of promise to the faithful. "But unto you that fear my name shall the Sun of righteousness arise with healing in his wings; and ye shall go forth, and grow up as calves of the stall," Malachi 4:2.  
 The remnants of those who remained true to God in the midst of a wicked generation were used to perpetuate his witness in the earth. The dark days of persecution could not put out the light of his presence and peace.  
 Let us pause as we study this Book of Malachi and search our own souls, lest we be guilty of the hypocrisy which destroyed the people in the long ago. With every strand of strength which he grants us, let us do with our might what our hands find to do, and the peace that passeth all understanding will be our portion.  
 "And all flesh shall see the salvation of the Lord."

**MESSAGES of HOPE by Dr. T. A. Williams**

**HOW LONG WILL IT TAKE TO GET WELL**

All elements of health are within your body at all times struggling for expression. Nerve interference is the usual bar to this expression and results in disease. The work of the Chiropractor is to find and adjust this cause. When that is accomplished, normal health may be expected.

Patients frequently ask, and justifiably so, "How long will it take to get well?" The answer to that question involves (1) Age of patient; (2) Degree to which disease has progressed; (3) Vitality in reserve in the patient, and (4) Ability of Chiropractor.

First: As a general rule, the younger the patient the greater the opportunity for recovery, other things being equal.

Second: If condition is mild, taken in its earlier stages, recovery is more nearly assured than it would be in later stages.

Third: If patient has been ill a long time and reserve force does not come back readily, it can be seen that recovery will be more slowly.

Fourth: Ability of the Chiropractor to correctly analyze the condition and to deliver the correct adjustment.

In our office we use the Neurocalometer to locate the place of nerve interference and the X-ray to show how to give the adjustment. With these Scientific instruments to guide us we rest our ability to deliver a correct adjustment upon our record.

**CASE REPORT—SCIATICA.** Lady, age 34. Sciatica in right leg; entire body sensitive and sore; especially in left chest and side. Tenderness and soreness since girlhood. Acute condition for four years.

This case responded more slowly than the average case due to the long duration of the causative factors, but under regular Neurocalometer analysis, and adjustment when indicated, restored this lady to health and she now is supervisor of piece-goods in a large department store where she is required to be on her feet all day.

the line loss which is the natural consequence of transmitting electric power and energy over a considerable distance, said line being approximately 19 miles in length; and

WHEREAS, the Lower Colorado River Authority, at the request of the City of Goldthwaite, has agreed to purchase such line for a consideration of one (\$1.00) Dollar and to thereafter rebuild and strengthen the line, and to thereafter maintain and operate the transmission line and furnish to the City of Goldthwaite at point of delivery which is located near the City Limits of the City of Goldthwaite, being approximately 1 mile therefrom, and such electric power and energy will be delivered at said new point of delivery at the same rate as now provided in the present contract between the City of Goldthwaite and the Authority dated the 24th day of January, 1941 and pertaining to the delivery of power and energy at the present location near the substation at Lometa, Texas; and

WHEREAS, the Lower Colorado River Authority, as a part of the consideration for the conveyance of such line, will agree not only to rebuild the line but also to build a substation near the City Limits of the City of Goldthwaite and will thereafter maintain and operate the same, and whereby the Authority will be relieved of further expense in excess of the monetary value of the said line, and it is here now determined and found by the City Council of the City of Goldthwaite that the above mentioned consideration does constitute a full and fair consideration for said line, and such will result in the City being relieved of further expense in connection with the maintenance and operation of said line and will further result in savings to the City of Goldthwaite, in that the said City will not have to bear the line losses referred to hereinabove because the point of delivery to the City will be approximately 19 miles nearer to the electric system owned and operated by the City of Goldthwaite, and such will result in the City having a sufficient and enlarged source of supply for its future needs without the necessity of having to enlarge said transmission line; and

WHEREAS, under the circumstances the said transmission line does not constitute a part of the electric system of the City of Goldthwaite in that the electric system of the City of Goldthwaite consists of the electric distribution properties and facilities located in the City of Goldthwaite and territory immediately adjacent thereto, and said transmission line does not constitute a substantial part of the system of the City of Goldthwaite, and such transmission line was constructed merely for the purpose of obtaining a source

of electric power and energy in order to meet the requirements of the City's electric distribution system, and it is now practical, feasible and more economical and to the best interests of the City to acquire such electrical power and energy at the new point of delivery referred to hereinabove, which can only be done provided said line is sold to the Lower Colorado River Authority for the consideration set out hereinabove; and

WHEREAS, in the proper operation of the electric system of the City of Goldthwaite and in keeping the same in good condition and operating the same in an efficient manner and at a reasonable cost, the City Council has determined and does hereby determine that the sale of the said transmission line as set out hereinabove is necessary; and

WHEREAS, the City Council has determined and does hereby determine that it is to the best interest of the City and of its Citizens that an election be held in the City of Goldthwaite on the date and for the purpose hereinafter mentioned.

NOW THEREFORE, BE IT RESOLVED AND ORDERED BY THE CITY COUNCIL OF GOLDTHWAITE, TEXAS:—

I. That a special election be held in the City of Goldthwaite, Texas on the 24th day of May A. D. 1943 at which election the following proposition shall be submitted:

SHALL THE CITY COUNCIL BE AUTHORIZED TO SELL AND CONVEY TO THE LOWER COLORADO RIVER AUTHORITY THE TRANSMISSION LINE BELONGING TO THE CITY OF GOLDTHWAITE AND EXTENDING FROM THE SECOND POLE BEYOND THE 1938 CITY LIMITS OF THE CITY OF LOMETA WHICH POLE IS LOCATED ADJACENT TO HIGHWAY NO. 74

TO GOLDTHWAITE TO A POINT WHICH IS LOCATED NEAR THE CITY LIMITS OF THE CITY OF GOLDTHWAITE, BEING APPROXIMATELY ONE MILE THEREFROM, TOGETHER WITH ALL PROPERTY RIGHTS, EASEMENTS AND PRIVILEGES BELONGING TO THE CITY OF GOLDTHWAITE AND USED OR USEFUL IN CONNECTION WITH THE MAINTENANCE OF SAID LINE; SAID SALE TO BE MADE IN CONSIDERATION OF ONE (1.00) DOLLAR CASH TO BE PAID ON THE DATE OF THE DELIVERY OF THE CONVEYANCE AND THE FURTHER CONSIDERATION OF THE EXECUTION OF A CONTRACT BY THE LOWER COLORADO RIVER AUTHORITY TO DELIVER ELECTRIC POWER AND ENERGY AT A SUBSTATION TO BE ERRECTED BY THE LOWER COLORADO RIVER AUTHORITY NEAR THE CITY LIMITS OF THE CITY OF GOLDTHWAITE AT THE SAME RATE AS NOW PROVIDED IN THE PRESENT CONTRACT BETWEEN THE CITY OF GOLDTHWAITE AND THE AUTHORITY DATED THE 24TH DAY OF JANUARY A. D. 1941 AND PERTAINING TO THE DELIVERY OF POWER AND ENERGY AT THE LOMETA SUBSTATION.

II. That said election shall be held in the regularly established election precinct of said City (all of said city being included in one election precinct) in the District Court room in said City. The following named persons are hereby appointed the managers of said election:

Brian Smith, Presiding Judge  
Mrs. A. L. Whitaker, Judge  
Mrs. Eula Nickols, Clerk  
Mrs. J. H. Saylor, Clerk

**METHODIST COLLEGE DAY OBSERVANCE**

Fort Worth, May 12—Central Texas Methodist churches have set a \$31,000 goal in a Methodist College Day observance scheduled for May 16.

Funds from the drive in the 10 districts will go to Texas Wesleyan College, Fort Worth, and Southwestern University, Georgetown. The Fort Worth institution will sponsor the observance in Cleburne, Gatesville, Waco, Waxahachie and Fort Worth districts. Southern University and its affiliated colleges will represent the drive in the other five districts. Westminster Junior College, Tehusana; Wetherford Junior College, Wetherford, and Daniel Baker College, Brownwood, are associated with the Georgetown school.

Individual district goals for the special range from \$2,500 to \$5,000. Conference churches have been requested to plan special programs on Christian education for the day. They will receive promotional literature prepared by Bishop A. Frank Smith and Hal Cherry, Fort Worth, Conference lay leader.

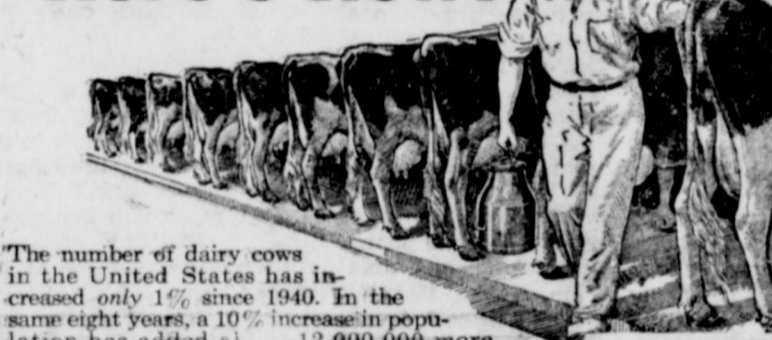

ON HONOR ROLL  
Lubbock, May 12—Ray Donald Collier, son of Mr. and Mrs. Marvin K. Cillier, Goldthwaite, has been named to the fall honor roll at Texas Technological College.

**More Milk Per Cow? Here's How!**

The number of dairy cows in the United States has increased only 1% since 1940. In the same eight years, a 10% increase in population has added about 12,000,000 more mouths to feed. These American appetites need plenty of dairy products. Where are they coming from? More cows? Certainly that should mean more milk. But to bring more cows into production takes time—three years or more. The other solution is to increase the average production of milk and butterfat per cow. On many farms, dairy production has been increased without adding more cows. Here's how:

1. **Improve your pastures.** Dairy men have a saying—"Grow more grass and make more cash!" Good grass is your best and cheapest dairy feed. Lime and fertilize. Control weeds by spraying and mowing. Hedges to improve grasses. These are all good pasture builders.
2. **Handle your milk and cream efficiently.** Mechanical separators reduce loss of butterfat and improve its quality. Give more careful attention to sanitation. Quick cooling and proper handling can help you sell milk and cream, of better quality, for more profit.
3. **Eliminate cattle pests.** New sprays, like derris and DDT, used on the head and in the barn, can rid your cows of gnats, practically eliminate pesky flies and lice. These pests rob America of an unbelievable amount of milk each year. Iowa alone sets the loss caused by bee flies and gnats at nearly 250 million pounds of milk in one year.
4. **Control mastitis and Bang's disease.** They are serious enemies of milk production. Complete control of them could increase the nation's milk supply 20% or more. That would be one quart every day for 30,000,000 people.
5. **Check with your neighbors.** See what they have done to increase their herd averages. You can also get help from your County Agent, your Vocational Agricultural teacher, your State College Experiment Station, or your State Veterinarian.

Increase production with more milk per cow. And more milk per cow means more cash for you.

**Standardbred vs. Crossbred Chickens**

by R. George Jaap  
Ohio State University, Columbus, Ohio

The relative merits of standardbred vs. crossbred chickens may be summed up in three words—not much difference. But this difference is more often in favor of the well-chosen crossbred.

The advantages of a good crossbred are: faster growth and more eggs. However, many a slip can occur in crossbreeding chickens which will make them inferior, market-wise, to standardbreds.

For example, to produce a suitable crossbred, both standardbred parental breeds must be of top quality. If one has a mediocre egg production, it is almost a certainty the resulting crossbred will be a poorer producer than the high-producing standardbred side of the family.

The fact that crossbreds usually are darker-colored may be a market disadvantage. Many markets pay a premium for white-feathered chickens. White Plymouth Rocks are not suitable for crossbreeding. If they are crossed with New Hampshires, dark-colored chickens will often result. Therefore, the premium for whites is lost. And the slightly faster growth rate of crossbreds may not make up this profit difference.

In color of eggs, the crossbred producer is also at a market disadvantage. Most egg-producing crossbreds lay colored eggs. Many markets pay more for white eggs. Therefore, the crossbred producer forfeits the profit on white eggs until crossbreds, which will consistently lay white eggs, are produced.

In certain cases, crossbreds may develop a greater susceptibility to disease than the better parent.

It is possible to develop crossbreds superior to the better standardbred strains. But determining the most suitable crossbreds is difficult because two different breeds are involved.

**"It takes a big engine to pull a HEAVY Load"**

This little engine is good for its purpose, but is not built to pull such a big load.

The larger engine is designed to handle large loads—efficiently, economically and easily.

Two-thirds of the livestock is produced west of the Mississippi River. Two-thirds of the meat is eaten east of the Mississippi. Bringing these two together is a job requiring a large engine.

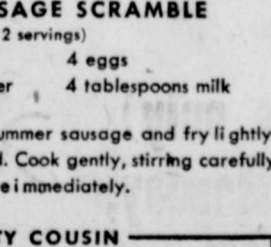

That's why the country needs nationwide meat packers like Swift & Company. For with processing plants located where most of the livestock is raised, we can help bridge the gap between western range and the kitchen range. It is an important job, and we're proud that we are able to handle a share of it.

**Martha Logan's Recipe for SUMMER SAUSAGE SCRAMBLE**  
(Yield: 2 servings)

1 tablespoon butter 4 eggs  
1/2 cup chopped summer sausage (cervelat)  
4 tablespoons milk

Melt butter in skillet. Add summer sausage and fry lightly. Beat eggs with milk and add. Cook gently, stirring carefully until just set (still moist). Serve immediately.

**How you gonna care for 'em down on the farm?**

Fresh, high-quality eggs grade better, bring better prices and help build consumer demand. Ideal eggs are large, fresh and clean. They are uniform in size and shape. Clear, thick whites, and firm, evenly colored yolks show good interior quality.

Top grade eggs begin with a good flock of layers, properly fed and cared for. Remove the roosters when breeding season ends—your hens will lay as well and infertile eggs keep much better. Keep the nests well filled with straw. Gather eggs two or three times a day... Never wash eggs! Use steel wool to clean the dirty ones... Keep them in a cool place—not over 60°. Sort them in the case according to color and size. Market them at least twice a week.

Remember, your best advertisement is to produce eggs which will reach the consumer fresh, clean and evenly sized. Quality helps make a better market for your eggs.

**Soda Bill sez:**  
If you bark at people all day you'll be dog-tired by night.  
... it's funny how opportunities look so much bigger going away than when coming.

**HAM & EGGS GO TOGETHER**

Milk, cream, poultry and eggs brought producers a gross income of nearly 6 1/2 billion dollars last year. That's big business!

Every family in the nation uses dairy and poultry products. These products are perishable. They have to be handled with care. It's a big job to process and distribute butter, cheese, ice cream, dressed poultry, and eggs in prime condition. It's a nationwide job—as broad and as long as America.

We have nationwide refrigerating and meat distributing facilities to serve both producers and consumers. It is economical to use these same coolers, refrigerator cars and trucks for dairy and poultry products.

The Swift salesman sells meat, poultry, eggs, cheese, butter and other products. In this way we can have one salesman for sixteen or more products, instead of sixteen salesmen each selling one product. The same goes for delivery, too.

If you were in business marketing many different products to the same buyers, would you have one salesman for each product? You would have each salesman sell many of your products. That saves money, effort, travel and the buyers' time. That's our way, too.

## Rodeo Advertising Being Put Out; Flags And Streamers Up Today

Dan H. Holland, chairman of the Lions Club Rodeo Advertising Committee yesterday requested the merchants of Goldthwaite to put up their flags and streamers in front of their businesses today. The entire business section is to be decorated to advertise Goldthwaite's Third Annual RCA-Approved World Championship Rodeo to be staged at Jernigan Arena two miles east on the nights of Monday, May 31, and Tuesday and Wednesday, June 1 and 2.

Automobile bumper tags and windshield stickers have been printed and can be had for the asking at the Coffee Shop, which has been designated as Rodeo Headquarters. Anyone leaving the county for a trip is requested to also get window cards and circulars to put out in other towns surrounding Mills County and beyond.

The Rodeo this year will be bigger and better than ever before. Rodeo stock will be furnished by the Spott and Spence Ranch at Killeen, Darrell B. Spott and Doc Spence, owners of the Double S Ranch near Killeen, are nationally known rodeo contractors and producers. Charlie Schultz will be clown for the show here.

On Monday, May 31, opening day of the Rodeo, one of the longest parades ever seen here will form at 3:30 to parade through the business district. Besides Mills County horseback riders and horsemen and the Rodeo performers, the parade will also feature about 76 mounted riders from the Pecan Valley Riders' Club of Brownwood, who have accepted Mr. Holland's invitation to ride in the parade and the Grand Entry.

The Rodeo, besides Ladies' Events and Girls' Flag Races, will feature five main events: Bareback Bronc Riding, Saddle Bronc Riding, Bull Riding, Steer Wrestling, and Calf roping. One thousand dollars in added prizes have been put up for the contestants.

## 1 To 3 Inches Rain Over This County

Monday and Tuesday, May 10 and 11, will long be remembered by Mills County people as the dates when a grain-saging rain of from one to three inches fell all over the county. It will mature the oats, help corn along the way, and be of great benefit to pastures.

The rain was pretty general over Texas, with dry west Texas around Coleman and San Angelo getting scattered rains up to 2 inches. Heaviest rainfall was reported from around Zephyr, four to five inches; McCullough County, 1 to 3 inches; Brownwood, about an inch, Blanket, 2.77.

Reports of rainfall in Mills County vary from .70 to 3 inches: J. H. Priddy, 3 miles west Priddy, 1.10; H. J. Leonard, 5 miles east Goldthwaite, .70; Cary Owens Big Foot Ranch, 4 miles south Star, 1.8; Dr. Graves Ranch, Mt. Olive, 2 inches; Wilkey Shady Oak Ranch, 7 miles Southwest town, 1.50; Hern Harris Ranch, west of Bayou, 1.50 inch Monday night, 1.50 Tuesday, total 3; C. H. Black Ranch, Scallorn, 1.50; Regency, good rain, some hail; Mullin, 1.25.

The drouth is broken in the county now, the rain Monday and Tuesday coming after the two and a half to three inches of moisture that covered the county April 22 and 24.

Harry Allen's government gauge here in town registered 1.07 inches for the two days—Monday, .41; Tuesday, .66. This brings the total precipitation in Goldthwaite for the year to date to 8.85 inches.

Mr. and Mrs. Truett Aldridge and children spent the weekend in Copperas Cove with relatives.

## CHURCH OF CHRIST

M. E. BLAKE, Minister

We wish, today, to set forth in a simple way a brief outline of some great essential truths of Christianity, and upon each of which, the church of Christ makes a distinctive plea. Our hope is to be helpful to those who are distressed, as we are, because of the divisions that exist among believers in Christ. In view of this, and with no desire to be either vain or controversial, we really believe that if these fundamental principles could be accepted by all believers it would go far toward gringing us together.

We believe, first, that the Bible is the sole and absolute authority in religion. Second, in the matter of Christian conversion we believe that this divine process is clearly set forth and revealed in the New Testament; that it is the same in every case of conversion and it is easily understood, being neither mysterious nor miraculous. Third, the study of the Bible depends, most of all, upon an understanding of its proper divisions; the purpose, applicability and use of each part, all of which is definitely revealed by the Bible itself.

Hence we invite you to bring your Bible and attend:

## THE FIRST METHODIST CHURCH

M. D. LOWRY, Pastor

PASTOR'S PARAGRAPH

Is there any value in the Sunday School for the Adult church member? Seemingly not for a large number of people, because they forget that as long as they have consciousness there is continued growth one way or another. Adult Church member, you should be growing toward perfection, and the Sunday School is a good way to aid the growth. Mr. E. M. Hastings, Chief Engineer of a railroad in Virginia, says, "Now that I have reached the point in life when there are many more years behind me than ahead of me, I find there is still a need for constant development of Christian character and belief." Attend your Sunday School Sunday and grow in knowledge in the affairs of God, remembering that, by attending, you outwardly indicate the principles of right and good which you inwardly hold.

## CELEBRATES AIR MAIL WEEK OF MAY 15-21

Post Offices all over the country will celebrate the thirtieth anniversary of Air Mail Service for the week beginning May 15.

The first air mail route was between Washington, D. C. and New York, N. Y. It was only 218 miles long. Today there are 130,000 miles of air routes in the United States and a foreign air service that reaches into every country of the globe.

Goldthwaite has exceptionally good air mail service for a town not on an air line. Air mail letters mailed at the post office by 3:30 p. m. will be delivered at almost any air mail office in the country the following day. Still quicker service is received by mail mailed by 10:30 a. m.

Elzie Johnson, who went to Kansas about a month ago, where he has an oil agency, spent last week-end here with Mrs. Johnson and children. Mr. and Mrs. Johnson spent Mother's Day in Austin with her mother and other relatives.
