## Second Half Play Mills County Softball League Is Now On

The second half of Mills County Softball League has gotten off to a slow start. Last Friday night games between Mills County Vocational School and Priddy and the game between Mullin and Frazier Bros. were canceled due to rain. These games will be made up later, probably some time in July.

Tuesday night Star romped over Pleasant Grove eighteen to four, however, in the second game Western Auto downed Big Valley three to one. Bill Milan had lost some of the steam he used last Tuesday night in the night game with Western Auto. Pleasant Grove got in three scores in the second inning with Hill and Benningfield knocking home runs. Another score was turned in in the third inning with Star getting seven in the first, eight in the second, two in the third, and one in the fourth. In the second game Compass of Big Valley and Wesson with Western Auto exhibited some excellent pitching. It was almost a three up and three down game. Western Auto scored once in the third and two in the sixth with Big Valley boys scoring only once in the fifth inning.

Friday night Mills County Vocational School will meet Mullin and Priddy will try Frazier Bros. These promise to be two of the best games of the season. Schedules of other games for second half follow:

## CHURCH OF CHRIST MEETING ATTRACTING LARGE CROWDS

The Gospel Meeting at the Church of Christ in Goldthwaite is attracting large crowds. The visitors are many and the interest is high. Many from the Goldthwaite community as well as communities round about are attending.

M. E. Blake, local minister of the Church of Christ, is doing the preaching and Lon Wright is directing the song service in a fine way.

Everyone is urged to attend the remainder of the meeting which closes with the evening service Sunday, July 11.

The remaining subjects to be discussed in the meeting are as follows: Thursday night, "The Thief On The Cross"; Friday

night "Why The Church of Christ Does Not Use Instrumental Music in Christian Worship"; Saturday night, "Why I Am A Member of The Church of Christ." Sunday morning at 10:50 "The Lord's Supper" and Sunday night at 8:15 "Why Are You Not a Christian?"

Sunday, July 11, at noon, dinner will be spread under the Tabernacle for an old fashioned "Dinner on the Ground" affair. At 3 o'clock in the afternoon there will be a Gospel Singing under the Tabernacle if the weather permits.

The general public is cordially invited to the dinner and to the singing and to each service of the Church of Christ.

## GOLDTHWAITE RED SOX HAVE TWO GAMES SCHEDULED HERE

The Goldthwaite Red Sox have games scheduled to be played here at Municipal Baseball Park with two of the strongest Heart of Texas League teams.

Tomorrow (Saturday) night, beginning at 8:15, the Red Sox will take on a strengthened De Leon team. This will be a hard fought game, and customers will get their money's worth.

On Thursday night of next

week, July 15, the Red Sox will play Brownwood Browns for the third time this season. The Sox have beaten the Browns twice, once here at the Park opening and once there at the opening of the Brownwood Ball Park. The Browns, however, have added much strength, have been in a winning streak lately, and figure to take the Goldthwaite boys to a cleaning in their third try next Thursday night.

## Seventeen Scouts and Leaders Spend Week at Camp Billy Gibbons

There was a lot of fishing, swimming, hunting and very little sleeping going on at Camp Billy Gibbons for the Goldthwaite Scouts there last week. Many of the scouts were there for the first time but they all reported that they would be ready to go back next year. This is one of the best camps that a boy can attend and we are all proud of it.

We left Goldthwaite Thursday morning, June 24, at 9:00 and arrived in Camp in time for lunch. Soon after lunch we set up our tents and by middle of the afternoon fishing was in full swing. We enjoyed many activities during the week and we won our share of them. The food was fine and we all had plenty of it. Dale Reid, County Agent McCombs and Mr. Conrad caught quite a few fish but if you will give them a chance to tell you about them divide the length by two and you will have the correct size.

We were visited on Sunday by Mrs. Conrad and Addie Jo, Mrs. Dale Reid and two daughters, Mr. and Mrs. Bob Johnson, Miss Joyce Harrell, Mr. and Mrs. Carl Letbetter and daughter, Mrs. Jack Long and Mrs. Elzie Johnson and daughter.

We were more than glad to have these visitors. They brought us fried chicken, cake, and watermelons, which were enjoyed by all.

A number of the boys passed some of their scout work. Most remarkable of all was Terry Blake being admitted to the "Order of the Arrow." This is a very high honor for any Scout.

We returned to Goldthwaite Wednesday evening. Those making the trip were Scouts Robert H. Johnson, Terry Blake, Tim Boyd, Tom Boyd, John Stark, Charles Sowers, Walter Henry, Max Booker, Jack Earl Long, Larry Piper, Jack Blake, Bobby Letbetter, Elsie Lee Johnson and Wilburn Miller.

The men who went with us were Scoutmaster Charles Conrad, Dale Reid, and D. B. McCombs.

We wish to thank Mr. Patton and the School Board for the use of a bus for the transportation there and back.

## THREE ACT PLAY AT JONES VALLEY SCHOOL JULY 16

There will be a three-act play put on at Jones Valley, Friday, July 16. Be sure to come see Mrs. J. D. Berry as Aunt Emma, who is an old maid that is very strict with her two lovely nieces, Louise Adair, played by Mrs. Billy Hale and Katharine Adair, played by Miss Doris Smith. When Louise advertised for a husband, four young men; Dick Christenson, played by Sidney Brooks, Jack Norris, played by Billy Hale, Bud Gates, played by Billy Hanson, and Joe Sparks, played by J. D. Berry, appear on the scene in answer to her advertisement. Then the fun and trouble begins. You will laugh until your sides hurt when Aunt Emma uses Joe as a model for her dresses. "Aunt Emma Sees It Through" will be produced at the Jones Valley school house at 8 o'clock Friday, July 16. A small admission will be charged which will go to help pay for our community piano.

## REVIVAL AT MCGIRK STARTS

Elder Ozro O. O. Newton of Roysse City, Texas, will begin a ten-day meeting with the Church of Christ at McGirk, beginning Friday night, July 16. There will be three services each Sunday.

Dinner will be served on the ground both Sundays, so come and be with us and tell others.

Mr. and Mrs. Jerry Walker returned Saturday from a trip to Yellowstone Park, Colo., Salt Lake, Utah, and other places of interest.

## Mills County Potential Vote 2,600 In Democratic Primary

Should all the eligible voters of Mills County go to the polls on Saturday, July 24, and vote in the first Democratic Primary election, a possible 2,600 total vote could be counted figures of poll taxes and exemptions for this year furnished by the Tax Collector's office show.

Total of 2,073 poll taxes were paid in Mills County this year and 40 exemption certificates were issued. It is estimated that around 400 to 500 over-age voters live in the county and could vote without an exemption.

Following are precinct chairmen and number of poll taxes and exemptions paid this year for the 20 voting precincts in Mills County:  
No. 1, Goldthwaite—Mrs. Joe A. Palmer, precinct chairman, poll taxes paid, 423; exemptions 10.  
No. 2, Nabors Creek—Lewis Burdett; 8 poll taxes.  
No. 3, Scallorn—M. F. Hines; 48.  
No. 4, Center City—Martin McCasland; 115 and 1.  
No. 5, Payne Gap—J. L. Dun-

can; 66.  
No. 6, Star—T. L. Adams; 93 and 1.  
No. 7, Caradan—E. A. Wicker, Raymond Horton; 94 and 1.  
No. 8, Mullin—George M. Fletcher; 259 and 5.  
No. 9, Fisher, Prairie—Rube Dudley; 57.  
No. 10, Priddy—Ray Priddy; 195 and 2.  
No. 11, Big Valley—W. H. Nelson; 69.  
No. 2, Rock Springs—W. A. Daniels; 36.  
No. 13, Jones Valley—William Wilcox; 17.  
No. 14, Regency—B. F. Egger; 21 and 1.  
No. 15, Ebony—John R. Briley; 42.  
No. 16, Ridge—Warren Freeman; 9.  
No. 17, Rye Valley—Dan Miller; 11.  
No. 18, Mt. Olive—A. B. Neal; 32 and 1.  
No. 19, Goldthwaite—J. R. Parker; 446 and 17.  
No. 20, Pompey—W. B. Black, 32 and 1.  
Total vote in the 1946 first Democratic Primary was 2,218.

## RAIN FALLS OVER COUNTY FIRST FIVE DAYS IN JULY

Rainfall was recorded all over Mills County on each of the first five days in July, varying from 1.38 inches here in Goldthwaite to as much as four inches reported from the Mt. Olive Community.

The rainy season started last Thursday, July 1, late in the afternoon. Only a sprinkle fell in town, but reports from the south and west parts of the county told of from a quarter up to one and a half inches.

Friday, July 2, the government rain gauge kept by Harry Allen recorded .72 of an inch; July 3, .28; July 4, .10; and July 5, .38; making a total for the five day of 1.38.

However, reports from over the county for the rainy spell were up to four inches at the Dr. T. C. Graves place Mt. Olive; The Wilkey Shady Oak Ranch, 7 miles southwest of town, 2 and a half inches; Wilson Garage, Mullin, reported 1.87 inches there; J. H. Priddy, west of Priddy, 2.46 inches; Lee Store at Moline, 3.04.

Rainfall here in town for the month of June was 1.42 inches. The 1.38 so far in July brings the year's total to 11.94 inches, which is far below normal. Some places in the county have received more moisture than this.

The county was dry up to June 23 and 24, when good rains fell over most of the county, varying from a half inch to a inch and a half. The recent rainfall has greened up pastures again.

Big rains in West Texas put the Concho River around San Angelo and the Colorado around Ballinger out of their banks. The rains have been looked for in that section for three years. Coleman County got three inches; at Water Valley 9.65 inches were recorded; 7 inches at Garden City, and 7.53 at Sterling City. The rain in west Texas was worth millions of dollars to the stockmen and farmers, who had gone through three of the worst dry years in late history.

## FIRST BAPTIST VACATION BIBLE SCHOOL CONTINUES

The Vacation Bible School at the First Baptist Church is to continue through next week with the Commencement exercises to be held on Friday night, July 16.

Miss Ann Whitsitt and Carolyn Fouts of the State Sunday School Board are assisting the faculty of the church with the school.

On last Wednesday there were 153 present for the school which has continued to grow each day. The daily attendance has steadily grown from this number.

The Vacation Bible School is open for children of all ages and of all denominations. Each will receive a cordial welcome.

## NEW ARRIVAL

Mr. and Mrs. Floyd Blair are the proud parents of a baby girl born June 29, at Scott and White Hospital. She weighs 7 pounds and 6 ounces and has been named Betty Carol.

Mrs. Blair and baby were brought home Sunday and are doing nicely.

## THE FIRST METHODIST CHURCH

M. D. LOWRY, Pastor  
PASTOR'S PARAGRAPH:

A nineteen year old lad from Indiana, during the tragic, bloody battle at Bataan, scribbled the burden or his heart in poetic form before he was killed. It goes like this:

"And if our lines should sag and break  
Because of things you failed to make;  
That extra tank, that ship, that plane  
For which we waited all in vain;  
Will you then come to take the blame?  
For we, not you, must pay the cost  
Of battle you—not we—have lost."

In many respects, this is one of the most burning indictments against industrial absenteeism which came out of the war. That youth was right. Bataan was lost and hundreds of lives were snuffed out because of the absenteeism practiced along the industrial front at home.

Church absenteeism is the biggest, blackest blot on the Christian Church. This is the taproot to every weakness and failure of the Church of the living God. Every time you are absent you make your contribution to that weakness and failure.

**THE GOLDEN TREASURE CHEST KEY**

ROBERT MATHERNE (right) of Baytown, newly-elected president of the Texas Press Association, is shown receiving from PAUL M. FULKS (left) of Wolfe City, retiring president, the golden diamond-studded key to the Texas Treasure Chest at the State Fair of Texas upon his election by the press group last week in San Antonio. Witnessing the ceremony is Millard Cope, Marshall News Record, who represented the Texas Newspaper Publishers Association at the convention. The golden key, which is being passed down from president to president, will be used 38 years hence to open the treasure chest on the 100th anniversary of the State Fair. Embedded in 1938 in a monument to the founders of the State Fair, the chest contains historical documents and copies of more than 100 Texas newspapers. Mr. Matherne is publisher of the Baytown Sun, and Mr. Fulks is publisher of the Wolfe City Sun.

**TEXAS HAS RECORD NUMBER OF OLD-AGE AID RECIPIENTS**

The first 12 years of old-age assistance in Texas are reviewed in a comprehensive report issued this week by the Texas Research Institute, statistical agency sponsored by the South Texas Chamber of Commerce. In July, 1936, the first old-age assistance grant was paid in Texas. A great deal of tinkering has been done with assistance laws during the ensuing 12 years, the Institute report says, but the trend in the number of aged Texans receiving aid has been steadily upward. For the first 10 months of the current

fiscal year the average monthly number of recipients of old-age assistance was 299,773, and in the month of June 204,221 Texans received aid.

Payments from State funds to the needy aged amounted to \$785,468 per month, on the average, for the first year of the assistance program's operation, the Institute reports. That was in the fiscal year ending Aug. 31, 1937, when economic conditions were only fairly good. For the first 10 months of the current fiscal year, in a time of record-breaking prosperity, old-age assistance payments made from State funds averaged \$2,567,736 per month.

"Texas has more old-age assistance recipients than any other state," says the report. "Texas is second highest in the percentage of people over 65 receiving assistance. Texas has more than twice as many of old-age assistance per thousand of population 65 years of age or over as the average for the nation as a whole."

The Institute report calls attention to the fact that the approximately \$31,000,000 per year now being spent from State funds for old-age assistance is only about \$2,500,000 less than expenditures of the State Government for all purposes as recently as 1920.

"The shift from old-age assistance to old-age pensions has caused the average Texan to assume a heavier burden of taxes," reports the statistical agency.

**VETERANS NEWS**

Student veterans entitled to increased monetary benefits because they have more than one dependent are reminded by VA of two important dates to be observed if they are to receive increased allowances retroactive to April 1.

One deadline affects veterans taking full-time educational courses. The other affects veterans taking part-time courses, combination school-job training courses or entitled to increased benefits due to new subsistence-income ceilings.

Veterans in full-time educational courses who are entitled to \$120 monthly subsistence because they have more than one dependent must submit evidence of additional dependency before July 1 in order to have the higher payments retroactive to April 1.

Veterans with more than one dependent and taking part-time school training, combination courses or who are affected by the increased income ceiling must submit proof of additional dependency by September 1. In most cases, veterans in this group may submit this evidence on a form which they will receive from VA.

Veterans who lose subsistence, compensation or pension checks should notify immediately the appropriate Veterans Administration Regional Office.

**GOLDTHWAITE LADY NATIONAL DIRECTOR NUTRITION SERVICE**

St. Louis, Mo.—Miss Pauline Murrah of New York, a native of Goldthwaite, Texas, has been named National Director of American Red Cross Nutrition Service. It was announced today by the Red Cross Midwestern Area Office here.

Former nutrition consultant to the New York City Health Department, Miss Murrah had been serving as Nutrition Service Director of the North Atlantic Area of the Red Cross since 1942. Her previous experience includes positions as Nutrition Director for the Los Angeles and New York Chapters of the Red Cross.

A graduate of the University of Texas, Miss Murrah also holds an M. A. degree from Columbia University in New York. She is a member of various professional organizations including the American Dietetic Association and the American Home Economics Association.

Miss Murrah is the daughter of Mr. and Mrs. J. B. Murrah and her grandfather is James Miles Murrah. They were residents and extensive land owners in Mills County in the early 90's. Mr. J. B. Murrah lived on the J. W. Jackson place and sold it to W. E. Pardue in 1899, a tract consisting of 454 acres for the sum of \$2,718.

VA said a veteran losing such a check should write a letter giving his full name and address, his claim number and the date and amount of the check. He should also state what the check was for and the circumstances surrounding its loss.

On being notified of the check's loss, VA determines first if it may have been found and returned to the U. S. Treasury. If so, the check will be re-mailed to the veteran. If not, VA will request the Treasury to stop payment and take necessary steps to reimburse the veteran.

A veteran who finds his check after reporting its loss should notify VA and hold the check until he has been advised by the Treasury that action to stop payment has been withdrawn.

### 'OUT OF THE BLUE' IS STAR-FILLED FILM

Mixing up a few astral metaphors, "Out of the Blue," Eagle Lion's newest production Sunday and Monday is a star-studded, delightful comedy romance, featuring the charms of some of Hollywood's most heavenly bodies.

The heavenly bodies belong to Virginia Mayo, glamorous blonde, cast as a Philadelphia debutante—with marriage on her mind; Ann Dvorak, shapely raven-haired artist's model—with a weak heart and an appreciation of fine liquors; and Carole Landis, curvaceous brunette, with an erring husband—and trouble on her hands.

Cast in the leading male roles are George Brent as Carole Landis' hen-pecked husband and Turhan Bey as the next door neighbor whose profession as an artist brings many attractive young women to his door—with Brent not at all oblivious to the obvious charms of the lovely models.

When Miss Landis is called away for a week end, Brent has dinner by himself and finds that he has been picked up and followed home by Ann Dvorak. When she passes out, from a combination of too much liquor and a weak heart, Brent thinks she has died and tries to hide her not-so-dead body on Bey's terrace. Miss Mayo, Bey's fiancée, becomes disturbed when she discovers a revived Miss Dvorak in Bey's apartment—and then the trouble begins—for everybody.

### 'MY WILD IRISH ROSE'

The life of Chauncy Olcott told against a Technicolor canvas of minstrel days, Lillian Russell, the Robert E. Lee, Rector's the old Fourteenth Street Theatre and "Mother Macree" is captured with a sweeping flourish in Warner Bros.' brilliant offering, "My Wild Irish Rose." Starring Dennis Morgan.

Lamoin Wright and Miss Bobbie Newton of Brownwood, accompanied by Mrs. Chas. Wright of Mullin, visited here last week with the writer. One day was spent on the river though very little fishing was done owing to the rain and a rise which came down. Mr. and Mrs. C. H. Black and children also were present to enjoy the days outing and the good eats.

After having visited here with her daughter, Mrs. David Jones, for the past two weeks, Mrs. Steve Smith returned Saturday to her home in Lampasas.

Miss Greta Hines will be in Goldthwaite this week assisting with the Bible School.

### PASS RESIGNS SCHOOL POST

S. E. PASS  
 (Ablene Reporter)

After 23 years as a public school teacher, principal and educational leader, S. E. Pass, principal of North Junior High School, has resigned to take a position with the National Educators Life Insurance Company of Fort Worth.

Pass's career in school-work began as principal and teacher at Trent. Two years later he came to Abilene as head teacher at Alta Vista elementary school and was later made supervising principal of the school. From 1932 to 1942 he was principal in turn at Alta Vista, Fair Park and College Heights schools. Pass had been principal at North Junior High School since the school opened in October, 1942.

He received his Bachelor of Science degree from North Texas State Teachers College in 1938 and a Master of Education degree from the University of Texas in 1947.

Pass plans to begin his new work July 1, after winding up affairs at North Junior High School and enjoying a two or three weeks vacation.

Pass will represent the company as district manager of the Abilene district of 17 counties. He will continue to live in Abilene, where he owns his home.

### JERRY JACKSON SERIOUSLY INJURED IN ACCIDENT

Jerry Jackson, son of Mr. and Mrs. Herbert Jackson of Goldthwaite, was critically injured in an automobile accident at Sulphur Springs, Texas, sometime last Saturday night. His parents were notified Sunday morning about 2:00. Jerry, along with six other boys, was enroute home to spend the fourth with his parents, when the accident occurred. He was in the navy stationed at Memphis, Tenn.

Jerry was the only boy who could talk and tell about the accident. His back was completely broken and he is paralyzed. He was transferred from Sulphur Springs in an airplane and flown to the Naval Hospital at Corpus Christi.

Jerry is a 1948 graduate of Goldthwaite High School and has many friends here who were made very sad to hear of the accident.

Mr. and Mrs. Clint Siegert and two children of Houston spent the holidays in the home of Mrs. Siegert's parents, Mr. and Mrs. F. F. Mayes.

Mr. and Mrs. Jim Frizzell came in from Shawnee, Okla., last Saturday night and spent the week end with homefolks here. They reported nine straight days of rain around Shawnee.

Those who visited Mrs. M. E. Casbeer Sunday were Miss Pearl Casbeer from Austin, Mr. Elmer Harbour and children from Lo-

meta, Mr. and Mrs. Raymond Casbeer and son, Mr. and Mrs. Carl Casbeer and daughter, Mrs. Chester Head and Charles and Mrs. Ada McWhorter from Dallas. All had a nice time.

Mr. and Mrs. Lester Moreland of Austin spent the week-end with Mr. and Mrs. H. E. Moreland and Mr. and Mrs. Jesse Moreland and Jan.

Mrs. Walton K. Worthy, formerly Miss Julia Beth Ballard of Eden was called to San Saba last Thursday to attend the funeral of her grandmother, Mrs. Minnie E. Ballard. She spent Thursday night in the J. M. Oglesby home. Mrs. Oglesby accompanied her to Austin Friday, where she visited with her daughter, Glenda.

## AUSTIN MAN DIES IN AUTO CRASH NEAR SAN SABA

Oliver (Cob) Walker, 39, of Austin, was killed instantly at 2 a. m. last Saturday when the car he was driving struck a truck loaded with watermelons nine miles north of San Saba on the Goldthwaite highway. Aele Ashley, daughter of Mr. and Mrs. Carlos Ashley, sustained a broken ankle. Three other occupants of the Walker car, John Walker, T. A. Daven-

port, and Alice Katherine Gregg had only minor injuries. The truck driver escaped uninjured.

The group were returning to San Saba from Goldthwaite, where they had been aiding John Walker in setting up a miniature golf course.

Occupants of the car said Walker let go of the wheel momentarily to light a cigarette just as the car, a 1938 Mercury, topped a hill. The car struck the truck just back of the cab and plowed under the body. The car was almost completely demolished by the impact.

Walter is survived by his wife and two children and by his parents, Mr. and Mrs. Arthur A. Walker of the Live Oak community.

### CARD OF THANKS

I wish to thank all of my friends for the favors they did and for the beautiful flowers and cards they sent me during my recent stay in the Scott and White Hospital in Temple. I especially want to thank Mr. and Mrs. Johnnie Crawford and Mr. and Mrs. W. B. Wooster for taking care of our property while we were away.—Mrs. H. B. Curtis.

**CARD OF THANKS**  
I wish to thank the Fire Department for the fire that destroyed my house. I am very grateful for every deed and every dollar that was done for me. Mrs. Edna and family.

When working machinery, don't be clothing that wheels or gears. Mr. Jack Carter, Jackie, returned in Baytown Sunday a weeks visit here.

**VETCH SEED TESTING LAB NOW OPERATING**  
College Station, June 28, (Spl)—The Vetch Testing Laboratory of the Texas Agricultural Experiment Station at A. and M. College is now operating, Dr. E. B. Reynolds, laboratory director, announced today. Germination and purity tests are being run on seed from the crops now being harvested.  
Vetch is one of the best and most widely grown legumes used in Texas for soil improvements. It furnishes protection against erosion, adds nitrogen and improves the physical condition of the soil.  
Production of high quality vetch seed has become an important source of farm income in the West Cross Timbers and adjacent farming areas.  
An appropriation for experiments with vetch and seed testing was made available by the State Legislature at the request of individual vetch seed producers and growers organization, Dr. Reynolds said. Services of the laboratory will include germination and purity tests on seed production by Texas growers.

**EBONY—**  
By Mrs. Clementine Wilmeth Briley  
(Written for last week)  
Rain seems to have been all around us this past week, but only light showers and a drizzle fell for us.  
We read in the paper where the weather man in these parts resigned because of the monotony of the weather. Carol Jean Mitchell of Beaumont, visiting her grandparents, Mr. and Mrs. J. R. Briley, says she can give their weather report. It is always "Cloudy with scattered thunder showers today, tonight, and tomorrow."  
Stanley Reeves went to Brownwood Tuesday and bought a brand new car for him and Mrs. Reeves to ride in.  
Mr. and Mrs. Cecil Egger had ten guests in their home Saturday night. They were Mr. and Mrs. Nelson Williams and children of Junction, Miss Dorothy Nell Baker of Junction, Mr. and Mrs. Ira Egger of Brownwood, and Miss Lila Jo Thompson, David, eldest son of Mr. and Mrs. Williams, is home on leave from the navy. He has been in Japan three years. He is to report back to the Navy July 10. He says he thinks he will ask to be sent back across the waters.  
Mrs. Elizabeth Ketchum of Brownwood spent the week-end with her daughter, Mrs. Eugene Egger, and attended church here Sunday morning.  
Mrs. Irene Reeves was out at church Sunday.  
Mr. and Mrs. P. R. Reid of Goldthwaite attended church here Sunday and went home with their daughter, Mrs. W. C. Whittenburg.  
Mrs. Austin Cawyer and Edna Beth and Mrs. Edna Dwyer attended church in Brownwood Sunday. They also met Austin as he returned from the University of New Mexico. That afternoon they visited with Cawyer relatives in Brownwood. The Cawyers returned to Orange Tuesday. They were accompanied by Carol Jean Mitchell.  
Jack Williams has been in the hospital this past week. He has had his tonsils removed.  
That brick barn of Edward Egger's is just about completed. It now looms up with a high cylindrical sheet iron roof which makes lots of space for hay storage.  
Mrs. Hubert Reeves and children, Nancy and John, and Mrs. Stanley Reeves spent Tuesday at the Dwyer home. Mrs. John Briley and Carol Jean Mitchell also called in the afternoon.  
Ralph Wilmeth of Brooksmith and his children, Nancy and Joe, were at the Briley home Tuesday. Lucy Gale Wilmeth, who had been visiting at the Briley home, returned with them.  
John Briley and Ernest Malone went to Goldthwaite Monday to see Lyndon Johnson and his helicopter, and to hear him speak. They also took in the free barbecue. They report an immense crowd and a good time.

**WATER REQUIREMENTS MEETING TO BE AT WACO JULY 8**  
Waco, June 29, (Spl)—Representatives of cities in a 47-county area of Central Texas will attend on July 8 at Waco the third of a series of four regional conferences in Texas called by Governor Beauford Jester to study the current and future requirements for water.  
Everywhere in Texas, cities and towns are noticing greater demands for water from their dwindling municipal supplies. . . water for drinking, for washing, for irrigation, and in some areas for the needs of new industries.  
The heavy demand is gradually depleting this state's supply of the life-sustaining liquid, once thought inexhaustible.  
So increasingly important in Texas is the current need for adequate supplies of water, and so alarming are reports of what the future might bring in the way of acute scarcity, a group headed by members of the State Board of Water engineers and including city and chamber of Commerce officials, conservation experts and government bureau officials will attend the Waco meeting to study the problem.  
The 47-county area extends through Central Texas from Throckmorton County on the north to the Gulf Coast, and anyone interested in the conference is urged to attend.

**Health Notes**  
**CANCER DEATHS**  
An increase of more than 18 per cent in Texas cancer deaths during the five years between 1943 and 1947 has been announced by Dr. Geo. W. Cox, State Health Officer.  
Texas mortality tables compiled by the Texas State Department of Health show 1943 cancer deaths at 5,557, as compared to 6,770 for 1947.  
"The greatest part of this tremendous increase in cancer deaths is attributable to needless delay in seeking treatment, once a person has reason to suspect he has a cancerous growth," Dr. Cox said. He added his belief that advertising patent medicines and so-called cancer quacks puts dangerous and misleading information before the public, thereby adding to the cancer mortality rate. This is because people are lulled by such propaganda and do not receive proper diagnosis and treatment until too late.  
Dr. Cox said that almost two-thirds of all cancer cases rely on surgery to remove the cancerous tissue, while the other third may respond to X-ray or radium treatment.  
"These three methods are the only means by which the disease can be treated," he said. "Self-medication, serums, colored lights, pastes, and diets are absolutely useless."  
The Health Officer pointed out that the greatest defense against cancer is an early diagnosis and competent treatment

## Peddy's Vigorous Campaign for Senate Highlights Democratic Primary Races

George Peddy of Houston and East Texas, adds a new tone to Texas politics. He is a man of imposing physical appearance, a vigorous speaker, and a man well qualified in statesmanship.

On numerous occasions Peddy, a veteran of both world wars, has said that he has no special tie with any group or faction.

"I wouldn't have the office, if I didn't know that I can go to the Senate free of any special ties," he said. "If the least influential citizen were not just as important to me as the most powerful, in making my decisions in the Senate, I wouldn't have the office."

George Peddy, one of the three major candidates for the U. S. Senate, is now vigorously stumping the state. He is a rugged campaigner and has surprised political experts with the popularity of his campaign.

Peddy campaigns long hours and seldom gets more than five hours sleep each night. He writes his own speeches on legal-size tablets with a pencil, getting up at 4 a. m. to compose them.

But Peddy is used to hard work. His life is an Horatio Alger story of farm boy to one of the state's leading attorneys. He was born on a farm in East Texas in 1892. His father died two months before he was born.

On a little farm at Flat Fork Creek in Shelby county, he chopped cotton and hoed corn from sun up to sun down. During the winter months he walked three miles to school.

George Peddy and his nephew's son, William George Erwin, Jr., age 2. Mr. and Mrs. Peddy raised two nephews as their own children, one of them the father of the child shown above.

Andrew Johnson is the only American president against whom impeachment charges have been brought.

George was such an apt pupil that the family decided that he should attend high school. To do that, he worked as a chore boy for a local doctor.

Later he went to the University of Texas, washing dishes, and doing odd jobs to earn his way. When funds got low he interrupted his education to teach in a country school. Later he

was elected to the state legislature. While serving Shelby county as legislator he continued his studies of law at the University.

When war was declared in 1917 he volunteered and was sent to First Officers Training Camp at Leon Springs. As an infantry captain he served 12 months overseas, the last six months in the army of occupation in Germany. Returning home, he received his law degree and immediately entered the law practice in Houston.

In 1921 George Peddy married his university sweetheart, Gertrude Erwin. They reared and educated two nephews, William F. Erwin, Jr., and Claud M. Erwin, as their own children.

In World War II both youngsters served overseas, Bill Erwin as a B-26 pilot in the European theatre and Claud Erwin as an infantryman in the Pacific.

In 1942 he volunteered once more to serve his country. He served with the military government in North Africa and Italy until March, 1944, when he joined the 5th Infantry Division as military government staff officer. He participated in the invasion of Normandy and all the campaigns of Europe through VE Day. After the armistice he served with the military government in Frankfurt, Germany. He returned home on December 26, 1945, and resumed his law practice.

Peddy is a man with a clear understanding of world affairs, and his legion of supporters call him a winning candidate.

THE CUSTOMER

—the most important person ever in this office  
The customer is not dependent upon you — you are dependent upon him.  
The customer is not an interruption of your work — he is the purpose of it. You are not doing him a favor by serving him — he is doing you a favor by giving you the opportunity to do so.  
The customer is not a rank outsider to your business — he is part of it.  
The customer is not a cold statistic — he is a flesh-and-blood human being with feelings and emotions like your own, with prejudices and biases — even though he may have a deficiency of certain "vitamins" which you think important.  
The customer is not someone to argue with or match wits against — nobody ever won an argument with a customer even though they may have thought they did.  
The customer is a person who brings us his wants. If we have sufficient imagination we will endeavor to handle them profitably to him and to ourselves.

TWO KINDS OF OPTIMIST

Here are, it seems to me, two kinds of optimism.  
First, there is the back-slapping Pollyanna kind. It is just on the surface. Scratch the surface and you will usually find a man who is fundamentally a pessimist. Shallow optimism is found wanting when the tests come. It is based on the assumption that "the man worthwhile is the man who can smile when everything goes dead wrong." A man smiling into the face of disaster is an idiot, not an optimist!  
The shallow optimist is always hiding his head in the sand like an ostrich. He dodges reality.

Second, there is deep optimism. Deep optimism roots deep in the power of good. It is anchored in courage, hope, and faith and the winds of life cannot tear it loose. The deep optimist responds heroically to every test. He realizes that he cannot always control what happens to him, but that he can control his response to what happens to him.

The prayer of the deep optimist is well expressed in these words: God grant me the serenity to cooperate with things I cannot change, to change the things I can, and the wisdom to know the difference."

Many of us are so busy doing things tomorrow that we are too tired to do our work today. —Olin Miller

FATIGUE AND WORRY CAN BE PREVENTED BY PROPER STEPS

Worry and fatigue can be prevented by observing a few simple rules.

By eliminating these two destructive factors from your daily life, you will keep your energy and spirits high.

Certain ways of preventing worry and fatigue are given by Dale Carnegie in an article in the July issue of Cosmopolitan magazine, in which he states:

- "Rest before you get tired.
- "Learn to relax at your work.
- "Apply these five good working habits. (1) Clear your desk of all papers except those relating to the immediate problem. (2) Do things in the order of their importance. (3) Do the distasteful things first. (4) When you face a problem, solve it then and there, provided you have necessary facts. (5) Learn to organize, deputize and supervise.

"To prevent worry and fatigue, put enthusiasm into your work.

Remember, no one was ever killed by lack of sleep. It is worry about insomnia that does the damage—not insomnia."

Mr. and Mrs. J. C. Peck arrived home Sunday afternoon from an extended visit to relatives in Kansas and Iowa.

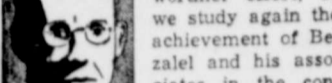

By LOUIE D. NEWTON, D. D.  
SCRIPTURE: Exodus 31:1-11; 35:30-39:41; II Chronicles 1:3  
DEVOTIONAL READING: Exodus 20:1-17

Bezalel, The Craftsman

Lesson for July 11, 1948

THE dignity of labor, the source of artistic ability, the secret of mechanical skill, and the service of good workmanship—these are the facets that break across the ages, pointing us to worthier effort, as we study again the achievement of Bezalel and his associates in the construction and furnishing of the Tabernacle at Sinai.

You wish to read the scripture passages for the lesson and the devotional reading, Exodus 20:1-17, and the golden text: "Whatsoever thy hand findeth to do, do it with thy might," Ecclesiastes 9:10.

Dr. Newton

A MAN WHO DID FINE WORK

BEZALEL, grandson of Hur, son of Caleb, was called of God to superintend the building of the Tabernacle. His name means "under the shadow of God." He knew how to do fine work, having been trained in Egyptian art and handicraft—metallurgy, carpentry, weaving, embroidery, leather-dyeing, gem-cutting and confections. He even knew the art of apothecary.

Best of all, he loved to do fine work. It is one thing to possess the know how, it is yet another thing to love the execution of a great design.

TRAITS OF CHARACTER

BEZALEL possessed knowledge as a fine craftsman, but back of this technical knowledge was spiritual discernment. He was filled "with the spirit of God." He worked at the temporal, but he worked for the eternal.

He possessed wisdom—wisdom which comes only from God. Wisdom which means understanding in the sense in which Solomon speaks in Proverbs.

Picture life with every workman filled with the spirit of God, and possessing an understanding of his task in the light of God's eternal will. Here, I fancy, Henry Van Dyke may have got the inspiration for his great poem on "Work."

HANDS THAT SERVE GOD

AHOLIAB, meaning "the father is my tabernacle," was called of God to help Bezalel in this high and holy task. He was of the tribe of Dan—which tribe furnished Hiram as chief artist in building Solomon's temple. Aholiab, "given of God" for this divine task, gladly dedicated his skillful hands in helping Bezalel.

And there were many others who helped—"wise hearted," we read. Here was a task, God's task, and here were leaders, Bezalel and Aholiab, ready to serve God; and here were helpers, wise hearted.

WORK FOR EVERY DAY

TURNING now from the fascinating story of how Bezalel and Aholiab and their helpers constructed and furnished the Tabernacle at Sinai, according to the minutest detail as outlined in the passages above cited. Let us ask, "What about our work?"

There is work for everyone every day. "To every man his work." And every task is essential in bringing to pass the Kingdom of God on earth. God did not make us for idleness. He made us for a purpose—that purpose to do our particular work. None other can do what God has ordained that we should do.

"My father worketh hitherto, and I work," said Jesus. "Work, for the night cometh when no man can work."

"Will my work be done ere the night come?"  
"Time worketh,  
Let me work, too,  
Busy at time my work I ply,  
Till I work the work of eternity."

New Generations

God is the infinitely persistent experimenter, and when one generation fails him he always tries another. Always there is a new generation as fresh and multitudinous as morning dew, to hear again God's gracious gospel and have an opportunity to respond to his inspiring challenge.—E. M. Walker.

Missions

Whether we like it or not, we have been thrust into a world that has been crowded up into such close quarters that there is no longer any "home mission" field or "foreign mission" territory. The needs of all the world are our problem.

## IS BUSINESS? BUSINESS OVERS THREE POINTS

Business today, as measured by my Composite Chart, has recovered from what it was and now stands at a level normal. This year with the volume of business 33% above normal and 30% or more up to May the volume declines to 24% above normal. This was the lowest business volume since January when the volume stood at normal. From March to and including April a period of 14 months, the volume fluctuated between 30% above normal—a record of stability. Strikes were few and everybody was at work.

### WAGE CONTROL IS NEEDED

An urgent call for contributions to the Cancer Society's fund in Texas was made by former governor Hobby, state chairman of wage control drive. "There are many people in the state who have decided to give to the important drive, but to urge them to wait no longer than 35 counties have

gone over their goal, we are still about 25 per cent short of the money needed to insure an adequate program of education, research, and service in the coming year.

"In every county I am sure there are people who still want to give. If they can't find their county chairman, I hope they will immediately send the gift to state headquarters in Houston." The former governor said that comparatively few people have donated to the total of \$341,101 so far received. When cancer control means so much to so many people, Mr. Hobby added, this is a difficult fact to understand.

Workers will continue their efforts, the chairman added, until the goal has been gained—"Because this is the only way in which the ambitious Texas Division program can be realized."

Mr. Hobby reminded workers that 60 per cent of all money collected is used in Texas for facilities which will soon cover all of the state's counties, and that 25 per cent is used in research projects which he convinced will someday determine the cause and cure for all cancer.

Here is a country rich in natural resources with an abundance of labor and managerial ability that could enjoy good stable business year in and year out if we could only have an era of industrial and international peace. There are elements at work among us that are trying to disrupt our tranquility and to bring on another depression similar to what we had in the early thirties. If we would only stop to think of our great opportunities, which are greater than ever offered us before, I feel sure that we would all be content to work together in harmony and perpetuate the American way of life both at home and abroad.

## Questions and Answers

Q. If I attend summer sessions at the college where I am enrolled under the education benefits of the G-I Bill, do I need a supplemental certificate of eligibility?

A. No. The only time you need a supplemental VA certificate of eligibility to attend summer school is when you transfer to another school for the summer term.

Q. I am a U. S. citizen and have received war service gratuity and reestablishment of credit benefits from the Canadian Government. Am I entitled to loan benefits under the G-I Bill?

A. Veterans Administration has ruled that the loan benefits under the Servicemen's Readjustment Act are neither the same nor similar to, the "war service gratuity" and the "re-establishment credit" apparently paid you in cash by the Canadian Government. Therefore, you are entitled to a loan guarantee only if you are otherwise qualified.

Q. Five of us veterans of World War II have incorporated and are operating a business. Can each of us file a claim for readjustment allowance as self-employed?

A. No. A Veterans Administration decision held that none of the veterans with a corporation can be regarded as self-employed within the meaning of Public Law 346 (G-I Bill).

Q. My husband is receiving a Spanish War pension of \$90 monthly. We were married two years ago and I would like to know if I will receive a pension at his death?

Q. When is National Service Life Insurance considered lapsed?

A. It is lapsed when a veteran fails to make a payment of premium within 31 days from the date it was due.

Q. If I do not receive National Service Life Insurance premium notices or receipts promptly, should I continue to send my premiums?

A. Yes. You also should clearly identify your payments by giving your insurance policy number, but if that is not available, you should give your rank, organization and your service serial number.

Q. If I filed a change of address with the VA hospital or regional office where my claims folder is on file, will the same change be made on my insurance records?

A. No. Change of address for purpose of compensation or pension is not a notice of change of address for insurance purposes. VA Form 889, "Change of Address," should be executed by the insured to notify the Insurance Service in the appropriate Branch Office.

Q. When may a veteran decide whether he will pursue training under the Servicemen's Readjustment Act (G-I Bill) or under Vocational Rehabilitation Act?

A. After eligibility has been established under both laws.

Erin Ritchie and family of Poteet spent the Fourth with his parents. Mrs. Joe Ritchie accompanied them home for a visit.

Lloyd Conner and son Joe Bob and two grandchildren of Seguin spent one day last week with Mr. Conner's sister, Mrs. J. D. Nix, Sr., and family.

Charlie Langlitz and family and Mrs. W. F. Reynolds and two children visited their parents, Mr. and Mrs. Langlitz and sister, Mrs. Luther Ward.

# FOR SENATOR A Straight Shooter

(Editorial in Brownwood Bulletin June 15, 1948)

When Lyndon B. Johnson descends from the skies in his campaign helicopter it's more than merely a new way for a Texan to run for public office.

The Tenth District Congressman running for Junior U. S. Senator from Texas is the modern, Air Age, Atomic Age, global-thinking, up-to-the-minute, wide awake and efficient type of statesman whose arrival by helicopter comes as no surprise to his constituents. He's the kind of a fellow of whom people expect the unusual, the streamlined way of getting things done.

Lyndon Johnson has ability, stamina and determination to fulfill the duties required of a United States Senator in these times.

He is one of the nine House members on the joint Committee on Atomic Energy. He is third ranking Democrat on the vital House Armed Services Committee. He piloted the bill for an enlarged Air Force successfully through opposition of top administration officials in a Republican-controlled Congress with only three dissenting votes.

People of his home district attest to his effectiveness, which has grown by leaps and bounds as he gained more experience in 11 years of service.

Lyndon Johnson is not too old and not too young to be Junior Senator from Texas. As we say in Texas when we fall into colloquialism for expression, he's experienced without being "too set" in his ways.

Texans like a Senator who can bend without breaking, who can stand up without overbalancing, who kneels before his Master but wouldn't lean to the right nor to the left for the Devil or any of his imps.

Johnson knows Texas' needs and can do something about them, and he knows the needs of the nation as well and has been doing something about them.

In the Senate he will have more power than any Junior Senator from the South, for he stands high among his peers of both big political parties.

He is the kind of a statesman who gets along with his contemporaries, yet is proud of his independence. Unafraid, is a better word. He gets around, and he knows the rights of his constituents and how those rights can be fitted in with the national welfare.

With such a candidate there's no need whatever to consider the demerits of the other aspirants. They're good men, anxious to serve Texas, or who have had the honor of distinguished public service in Texas.

To our way of thinking, Lyndon Johnson fits the bill. He has dash and poise and spunk. After six years he'll be good as new, better than new. After 12 years he'll be in his prime, only 51 years young.

Texas needs that kind of Junior Senator, who can help Texas grow and become more useful as the years go by.

And when it comes down to so-called "campaign issues," let no one be deceived.

Lyndon Johnson knows the score. He won't sell the nation short. He'll be in there pitching for a durable peace. He'll be fighting for the tools to build a new and better world. He won't be out baiting one faction to top another faction. He will represent all of the people of Texas all of the time. There'll be no old scores to settle, no newly-found friends to reward.

Here in Brown County we know something of how Lyndon Johnson thinks and acts. We know how he came up for a visit at a time when Brown county had a fight on its hands over efforts to chunk 55,000 acres of Camp Bowie land into a wild-eyed game experiment. Representative Johnson did not hedge then, and he will not hedge as United States Senator.

He shoots straight.

**ANTO COUNT IN TEXAS UP 30.2 PER CENT SINCE 1944**

Cincinnati—Texas, with its automobile population up 39.2 per cent since 1944, ranks eleventh among the states in recovering from the wartime low in car registrations, Powell Crosley, Jr., pioneer lightweight car manufacturer, pointed out here today.

"Such a gain in the Lone Star State is partly traceable to important shifts of population in recent years from the industrial east, midwest and grain states to the south, southwest and Pacific Coast," Crosley said. "Texas appears not only to have benefited by this trend but also to have improved the economy of its people."

Motor vehicle ownership in this state rose from 1,553,574 in 1944 to 2,023,501 last year. Continued progress in this direction, Crosley said, is reflecting the growing demand for small cars which provide economical transportation for many families who have hitherto been priced out of the automobile market.

Based on recent census figures there is one passenger for every 4.48 persons in Texas, the state ranking twenty-sixth in the nation in this respect.

Mr. and Mrs. John Jackson of Dallas visited over the week end with Mr. and Mrs. Ed Gilliam, Jr., and family.

**Janet Soules Honored**

Mrs. L. H. Soules honored her daughter, Janet, with a surprise birthday breakfast Sunday morning, July 4th, at 6:00 o'clock. After all the girls arrived and Janet got over the surprise they were invited into the dining room, where a delicious breakfast was served to the following:

Jean Ann Sanders, Mary Katherine Palmer, Scottie and Jerol Vaughan, Mary Collier, Jimmie Rita Simpson, Vera Mae Bell, Earlene Nix, Fredda Soules, Billie Gael Soules, and the honoree, Janet Soules. The table was centered with a beautiful pink and white birthday cake topped with 15 pink candles.

After breakfast Janet opened her many lovely gifts and every one left wishing her many more happy birthdays and thanking Mrs. Soules for the wonderful time.

During the week end guests of Mrs. J. D. Sims were her children, Rev. and Mrs. John H. Gary of Tyler, Mr. and Mrs. V. F. Wallace of Fort Stockton, Mr. and Mrs. C. F. Sims of San Antonio, Mr. and Mrs. J. Y. Sims of Gatesville, Mr. and Mrs. Kyle Sims and family of Brownwood. They also visited in the R. V. Littlepage home.

Mr. and Mrs. Fred Martin of Oklahoma City, Okla., spent several days in Goldthwaite. His mother, Mrs. Henry Martin, and his sister, Miss Lillie accompanied them to Camp Allison, where they attended a family reunion July 4th.

During the 4th of July holiday guests in the home of Mr. and Mrs. Charlie Bayley were their children Mr. and Mrs. J. N. Bayley and children of Marshall and Mrs. D. J. McCarty Danny and Kay of Rising Star. The J. N. Bayleys will spend the week end in Goldthwaite.

Mr. and Mrs. Fred Reynolds took their daughter, Myriane to the Girl Scout Camp at Mineral Wells Saturday.

Mr. and Mrs. Fred Reynolds spent Sunday night with her parents, Mr. and Mrs. C. H. Barber, near Dublin.

Mr. and Mrs. W. K. Holeyfield and children of Fort Worth are guests of her sister, Mrs. Fred Reynolds, and Mr. Reynolds.

**JUNE—PEARL OR MOONSTONE**

PEARLS WERE SO HIGHLY PRIZED IN ANCIENT ROME, THAT A ROMAN GENERAL ONCE PAID A CAMPAIGN'S COST WITH ONE PEARL FROM HIS MOTHER'S EAR.

IN THE 19TH CENTURY, ENGLISH WOMEN COMBED THEIR HAIR WITH PEARLS, WHILE MALE FASHIONABLES WORE A SINGLE, PEAR-SHAPED PEARL DANGLING FROM ONE EAR.

FAMOUS CLERGYMEN, ACTORS, POLITICIANS, CRAFTSMEN, INVENTORS, ARE AMONG THE JUNE-BORN.

IN THE EAST, THE MOONSTONE IS BELIEVED TO CONTAIN A LIVING SPIRIT, GIVING POWER TO AROUSE LOVE AND FORETELL THE FUTURE.

MOONLIT NIGHTS ARE PEARL-LESS, SO THE MOON MEANS "NO TEARS." BRING PEARLS OR MOONSTONES IS SAID TO CONFER WEALTH AND HAPPY LIFE.

**CANDIDATE MAKES STATEMENT**

**FARM TO MARKET ROADS**  
Soil And Water Conservation  
Your legislature is the most important part of your government.

It says whether the state government shall be run in the interest of the people as a whole or in the interest of organized groups.

It is in the interest of the people of the 104th District that we have a planned system of farm to market roads and a planned system for soil and water conservation. Your legislature can assist in developing such systems.

Should I be nominated July 24, these will be my major interests.

Should I be able to effectively serve you I shall be most happy.

**J. R. EANES**  
Candidate to Represent  
104th District.

**SUNDAY SCHOOL TRAINING CLINIC AT BAPTIST CHURCH**

Beginning Monday evening at 8:00 o'clock, and continuing through Thursday evening a Sunday School Training Clinic will be conducted at the First Baptist Church.

This course of study is for all the teachers and officers of our Sunday School and all the members of the departments who can and will take the course.

The following books will be taught:

Adult—The Place of Evangelism in the Sunday School. Taught by the pastor.

Young People and Intermediate—Investments in Christian Living, taught by Misses Ann Whitsitt and Carlyn Pouts.

Junior—Trail Makers in Other Lands, taught by Walter R. Langston, Jr.

Marie Antoinette, Queen of France, when told that the poet had no bread, said "Let them eat cake."

**OLD MAN 100**

(Continued from page 1)  
Isn't. And when you wake up and find yourself famous, you haven't been sleeping.

Also, when you get to be a hundred years old you can always do as you please—but you seldom feel like it.

Bro. Emery told Old Hunnert this one, but didn't say for sure if he was the one. A minister awoke one morning to find an old dead donkey on his lawn. He called several city officials to get the animal removed, without success, and finally appealed to the mayor. "But", cracked the mayor, "I thought it was a minister's duty to bury the dead." Bro. Emery—"So it is, my friend, but I always notify the relatives of the deceased."

Also, between the 4th and 5th, Old Hunnert found out when the gal had him up before the Court for breach of P. that old flames sometimes do not get hot enough to burn up their old love letters.

And, Old Hunnert has allus bragged that he could read a woman like a book—but now he finds he sometimes fergets his place.

This here is more truth, maybe, than poetry: The things that make you rock with laughter, Don't bring a smile the morning after.

Now, don't tell the 7th, but O. H. thinks she'd look mighty spunk if she didn't have so much span.

And after a hundred years of experience, Old Hunnert has this advice to give to drinkers: It's all right to drink like a fish—if you drink what the fish does.

Man has three ages: School tablet, aspirin tablet, and stone tablet.

And when he was an eager youth, O. H. alius fished for a whale, but now he'd be satisfied with sardines. Also, if you laugh at Old Hunnert's jokes, you have a delicious sense of humor.

Don't forget you have two ears but only one mouth. Another good rule is to believe nothing you hear and only half what you see—and then shut your mouth up tight.

You can't tell a bachelor—if his socks are clumsily darned he's a bachelor; if they ain't darned at all, he's married. This is leap year, and many a bachelor will stumble into matrimony because of high blonde pressure—others will be caught by me... brunettes.

A report being circulated around that a 70-year-old man has a new tooth—but it may be false.

When the fortune teller predicted financial reverses for Old Hunnert, he was all smiles—because if his finances don't reverse real soon, he'll be broke.

And when the lawyer's office boy went around telling the other boys his salary was \$1,500 a year, the other boys were all hunting jobs in lawyers' offices until the first boy explained: "Well, you see, I only get \$5 a week in cash and the rest of it in legal advice."

**FINE WEATHER—**

Now, Old Hunnert alius tries to keep everybody pleased with the weather by pushing in and pulling out them butts on his weather Distributing machine—and everybody was satisfied up to Monday, when barbecue time come. He did let it get a little dry around here because when he pulled out that R buttin jest before the Rodeo the rusted bailing-wire broke and he didn't locate another piece until everybody was jumping on him about letting it get so dry. When he had a day or two of cold weather in that R buttin and jest let it stay in until Monday jest before Lyndon Johnson came down in, when several got excited and started palm-crossing some. O. H. also remembered he'd let four summer days come in here last February so's he could have a day or two of cold weather come each month during this summer—to keep the good citizens pleased, so he pushed in that C buttin Monday when he pulled out the R. So keep your long-handles ready to grab most any time during this summer. The P-crossing business is real good now, thank you.

**END OF THE WORLD—**

The world has fought two big wars for what is right—and now they're quarrelling over what is left. But them big generals tell us they won't be no quarrell after WW3, WW1 didn't end all wars as advertised, but WW3 will. WW2 was fought to give us freedom from fear—but Old Hunnert is more afeared than ever, after reading about what them Big S's has put in the papers. Us USes jest won a big war so we could preserve our way of life—and now our rulers are taking that way away from us nearly as fast as they're taking away our money for them taxes. They're even talking about regulating babies, that is, having them. You want to have one, jest go to the federal baby bureau for a permit, and they'll have plenty bureau-workers snooping around our homes to see if we're trying to violate the baby-making law. We can't vote ourselves out of this mess this time, gents—looks like us Solid Southerners is going to have to succeed from the union again. Enyway, O. H. still has lots of that Confederate paper money stashed away—it's the only kind he's been able to save any of.

When the 7th got the new cook book she thought she'd

**MARRIED JUNE 28**

Mr. and Mrs. Earl M. Harkey  
Mr. and Mrs. Earl Martin Harkey were married June 28 in Brownwood. Mrs. Harkey is the former Barbara Porter of this city. The bride is temporarily residing with her parents, while the groom is being located with the Navy.

cook up some fresh recipes—but after trying three, she give up. Every one of them started off with "Take a clean dish..."

Onct one of them fat crystal gazers told Old Hunnert: "You will be poor and unhappy until you are 40." O. H.—"And after that?" "Crystal Gazer—"You'll get used to it."

Onct when O. H. got a job helping build a house, the foreman asked him and another feller what they was doing. O. H.—"We're garrying these boards over to that lumber pile." Foreman—"But where are the boards?" O. H. "For gosh sakes, Sam, we've forgot the boards."

And when Little Brother told Sister "I caught you hugging William last night," Sister explained: "I had to do something. William has been taught honesty, so he can't steal, and he comes from a line of people who were always too proud to beg."

According to mountain country custom, everyone gathered to speak the highest tribute they could when the old feudist was laid away. When it came the turn of the departed's grizzled antagonist, he said, removing his battered hat: "Now, I tell you—Dave weren't allus as cussed ornery as he was sometimes."

And when the mind stops growing—the head always starts swelling.
