FARM AND RANCH CHATTER
 WITH LAYNE BEATY WBP
 6:30 AM Week Days—10:15 AM Sundays

We become thoroughly indoctrinated on the new grass, KR yellow bluestem, this past week in several parts of Texas. On a chance visit to the US grass nursery 8 miles south of San Antonio, we ran afoul of Superintendent Dave Foster, who is almost as enthusiastic about the new grass as a first time grandfather. So is ranchman Pat Higgins near Southern Springs, in Wilson county. The stuff was first discovered in North America growing on

the big King Ranch in south Texas. Now the soil conservation service and various commercial outfits are producing seed.

Cattle like it, but can't graze it completely off because some of the blades grow horizontal to the ground. The grass is bunch type, and has a good root system. It will get hip high in 20 inches of rainfall or less, and is said to crowd out Johnson grass, Rhodes grass, Bitterweed and nearly anything else. The first year it looks sickly, but not after that.

"Doc" Brandt has a plot here in Tarrant county that is four feet high in its second year and his Johnson grass is nearly gone.

Wiley Akins, manager of the new \$2,000,000 Burrus feed mill in Fort Worth, thinks this country is neglecting its Latin American neighbors, while concerned with affairs across the Atlantic. Fort Worth, he says, is in a good position to get a big share of the potential business to be had in the countries to the south of us.

He also thinks the time is coming soon when we'll feed our cattle here instead of shipping them to the corn belt, what with our maize crops proving out to have 96 percent of the nutritional value of yellow corn.

There arises now a cry that all these insecticides being sprayed and dusted around are killing birds, as well as crop and tree insects. The beekeepers grow alarmed, too, as do some poultrymen. Some say we disturb the "balance of nature" too much when we poison insects. Actually the balance of nature has been disturbed, since soil was first cultivated, and game first taken, which is one reason for so many insects.

Human beings must eat and there are a lot more of us than when the Indians lived on buffalo and few rows of corn and some fish, etc. I don't think the wild game would go around now, so we must practice agriculture and husbandry.

Taking away some of the plant food in the soil to grow cotton, corn and other crops, we must replace that plant food some way, and today that means commercial fertilizer, though the skillful management of crop rotation is gaining in its effect on prolonged and restored fertility.

Commercial fertilizers will always play a big part in our crop production, but as we learn better how to keep that balance of nature we'll be less dependent upon it and other chemicals used to control fungus, weeds and insects.

FIRE LOSSES INCREASED LAST YEAR

Austin—Insured fire losses in Texas increased 32 per cent last year over 1946, Marvin Hall told mayors in a recent letter.

The State Fire Insurance Commissioner suggested that the mayors and city officials of

all Texas communities consider forming a permanent fire prevention committee to sponsor an educational campaign to lessen growing losses.

He said losses last year were the highest in the history of Texas, over \$22 million, and that "unsettled conditions in world affairs and on our own economic front places a specific responsibility upon all Texas citizens to unite in a definite fire prevention program."

The trend in fire losses is climbing higher, Hall pointed out. For the five year period of 1943-7 losses increased 75 per cent over losses during 1938-42.

"Fire loss reports of the local fire marshals show a high fire loss trend so far this year, and show that a very large per cent of the fires could have been prevented," Hall's letter stated.

"It therefore appears that the solution to the increase in the number of fires and fire losses is fire prevention—as an individual responsibility and a community project."

High fire losses affect the happiness and economic welfare of our people. During the past 10 years it has caused an annual death toll of 470 people in Texas, and this is our number one problem."

Fires also increase unemployment and decrease spending power, aggravate the housing shortage, destroy valuable timber, pasture and food supplies, slow production of needed materials, and destroy irreplaceable belongings, Hall continued.

He noted that "much effective work is being done in a number of Texas towns by local fire

prevention committees" and "also, many of our towns enjoy a good fire record." However, he warned, "one fire can change this record."

A united fire prevention program in Texas towns will mean a lower death toll, and a lower dollar and property loss, and a continued fire insurance cost, Hall summed up.

Mrs. Charlie Hill

Mrs. Charley Hill died August 23, 1948, in Goldthwaite at the age of 59. Her funeral was held August 24 at 10:00 a. m. in the First Baptist Church at Goldthwaite. Interment followed in the Center City Cemetery. Rev. Joseph L. Emery, pastor of the Goldthwaite Baptist Church, was in charge of funeral services.

Mrs. Hill was born August 8, 1888 in Mills Center City, Fort Worth. She was converted with the Center Church. She was the First Baptist Goldthwaite at the death.

Mr. and Mrs. Hill married March 14, 1928. Preceding her parents, Mr. and Mrs. Hutchinson, two brothers.

She is survived by a band, two sisters, Mrs. Williams of Hamilton and Mrs. Davis of Mineral Wells, her brother, Pete Hunt of San Antonio, two nephews, D. Hunter of San Antonio, Miss Irene Davis Wells, and one nephew, Leonard Hutchinson.

'SITTING PRETTY' HAILED AS GAY COMEDY MASTERPIECE

With preview showings of "Sitting Pretty," the word out of Hollywood is that Twentieth Century Fox has succeeded in achieving the miracle of another smash hit screen comedy in the once-in-a-lifetime tradition of "Miracle on 34th Street." Starring Robert Young, Maureen O'Hara and Clifton Webb, the picture, scheduled to open Sunday at the Melba Theatre, is one of the grandest laugh shows in years.

A comedy that goes beyond hilarity and into the realms of laughter that can come only from a warm, joyful human experience, "Sitting Pretty" uses as its springboard one of today's most timely and entertaining subjects: the problem of the baby-sitter with hilarious complications not familiar to every young couple. As such, the picture provides its three stars with what is said to be the most unusual and delightful roles of their careers.

'DUEL IN THE SUN'

One of the greatest motion pictures which Hollywood has produced is David O. Selznick's long awaited Technicolor production, "Duel in the Sun" which comes to the Melba Theatre on Thursday and Friday nights.

This David O. Selznick International is being released by Selznick Releasing Organization. Told against a background of Post-Civil War Texas, the screen play was written by David O. Selznick as suggested by Niven Busch's novel.

King Vidor, one of the most distinguished motion picture directors, guided "Duel in the Sun." A Texan himself, Vidor was particularly "at home" with the story. Playing the principal parts in "Duel in the Sun" are Jennifer Jones, as a tempestuous half-breed named Pearl Chavez, Peck as Lewt McCannels, a charming but worthless man, and Joseph Cotten as his brother, Jesse McCannels, an idealistic gentleman.

'THE SWORDSMAN'

The great tradition for romantic adventure on the screen has seldom, if ever, hit such a peak of excellence as in Columbia's "The Swordsman," which plays Tuesday and Wednesday at the Melba Theatre. Filmed in all the glory of Technicolor and boasting an exuberant performance by Larry Parks in the dashing title role, "The Swordsman" is completely captivating film fare.

Sweeping action and tender romance feature this swash-buckler of a picture. Its swiftly-moving story of two feuding Scottish clans is replete with duels to the death, galloping horses, fiery love and colorful background.

GIRLS' HOMEMAKING GIRLS HAVE SLUMBER PARTY

On Friday night the girls taking summer experiences in homemaking enjoyed a slumber party with their sponsor. They met at the homemaking building at 8 p. m. After a committee purchasing groceries, supper was prepared. Then the girls were shown how to put in a quilt and spent some time learning to quilt.

For recreation all girls participated in a hat contest, played games, record player and radio, and worked on a jig-saw puzzle. Refreshments were served several times during the night.

No one admitted to having slept very much throughout the night, so they were ready to prepare breakfast at an early hour. Following breakfast, another hour was spent in quilting. Everyone reported a pleasant and profitable time.

Miss Lillian Summy left Tuesday morning for Shreveport, La., after spending the weekend with her parents, Mr. and Mrs. W. B. Summy and other relatives.

Mrs. George Willis and sons, Robert and Tommy of Coman-

che spent Monday with her parents, Mr. and Mrs. D. A. Hamilton.

David and Betty Clements of Greenville are visiting their grandfather, Earl Clements. Mrs. Mary Burch of Houston is also a guest in the Clements' home.

DRUGGISTS

CALLORN
By MRS. ORA BLACK
A few are shearing goats our way while others are breaking land while some gathering corn.
Guests Sunday afternoon in home of Mr. and Mrs. Frank were Rev. Mitchel, Mrs. Mitchell and son, Dale, of Hous-

week.
After having visited in Leady with her aunt, Mrs. Hazel Mosley, Jane Black arrived home by bus Tuesday.

Mrs. C. H. Black, Mrs. Earl Blake and mother went to Brownwood Tuesday to visit relatives.

Mr. and Mrs. Silas Burk and son Dan attended church in Goldthwaite Sunday evening.

Mrs. W. E. Rhodes left Thursday morning for Denton where she will attend the commencement exercises at N.T.S.T.C. where her son, Ras, will receive his Masters Degree.

Turner Reunion
Twenty years ago the first reunion of the S. E. Turner family was held at Ogle, the old Turner home in Lampasas County. The reunion has been held at various places, the past several years' meeting in Goldthwaite.

Mr. S. E. Turner, the father, passed away in 1933, followed by the mother, Mrs. S. F. Turner, in 1937. The eight living children of this union have carried on the annual reunion, meeting at Legion Hall again this year on August 29th.

A bountiful dinner was spread at the noon hour. The afternoon was spent in visiting and taking pictures.

The children present were: Mrs. Mattie Sasbeer and Albert Turner, Abilene; Laine Turner, Wichita Falls; Lee Turner, Killean; Mrs. R. L. Sutton and Mrs. E. L. Pass, Goldthwaite. Unable to be present were Lewis Turner, Gatesville and Mrs. H. Y. Phelan, Brownwood.

Other relatives present were: Mrs. R. D. Towerton and children, Richard and Margie, Bend; Leon James, San Saba; Mr. and Mrs. Elmer Lee Turner and son, Elmer, Mr. and Mrs. S. E. Pass, Mr. and Mrs. Rupert Lamar and little son, David, all from Abilene; Mrs. R. O. Beechey, Modesto, California; Mr. and Mrs. Leonard Sutton and son, Ronald, Brownwood.

The following were from Goldthwaite: Mrs. Porter White, Mrs. Levi Auldridge, and son, Dennis, Mrs. Truett Auldridge and son Gene, R. L. Sutton and E. L. Pass.

Linouse Dellis Honored

Mrs. Omar Harvey and Mrs. John Dellis honored Linouse with a party on her fifteenth birthday Friday, Aug. 20, 1948 from 8 until 11 o'clock at the home of Mrs. Harvey. Linouse was surprised when she walked into the house and the guests came out from hiding and sang "Happy Birthday to you."

Games were enjoyed in the back yard until a late hour then Linouse opened her birthday gifts.

The table centered by a beautiful cake, was done in aqua and yellow. The birthday cake

with vanilla and banana ice cream was served to Bobby Blackburn, Mildred Hale, Angeline Smith, Myrlene Reynolds, Dorothy Helen Featherston, Anna Myrle Epperson, Dolores Ann Elders, Norma Hammond, Leroy Henkes, Johnny Stewart, Max Booker, Ann Dellis, Linouse Dellis, Martha Lee Harvey, Mrs. R. M. Thompson, Mr. and Mrs. John Dellis, and Mr. and Mrs. Omar Harvey.

ATTENDING H. M. MEET
Miss Elna Fouse, local home-making teacher, and Miss Edith Thompson of Mullin and Big Spring are spending the week in San Antonio attending the State Conference for Homemaking Teachers.

Mrs. Claude Jennings and children of Houston spent the past week in the W. E. Rhodes home.

WHY GENERAL IRA EAKER SPOKE IN SAN ANGELO

Editor, San Angelo Standard Times:

Why did General Eaker come to San Angelo in behalf of Lyndon Johnson?

General Eaker said: "I did not make this trip for Lyndon Johnson or for myself, but in the interest of national security. . . . I believe that Lyndon Johnson represents sound, wise leadership. In my opinion, he demonstrated that in his service on the Armed Services Committee in the House of Representatives in the last Congress. He, I well know, was one of the moving spirits behind the sound program of national defense legislation which passed the last Congress. Every air veteran should support him because he was in the forefront of the fight for unification, the wisest piece of legislation which has passed our Congress since colonial days. This measure gave the Air Force parity with the Army and Navy for the first time in our national history.

"I am for Mr. Johnson also because he has had experience with the federal government in Washington. . . .

"I am for Mr. Johnson also because he has the appearance, the habits and the character of a senator of the highest type"

Who do you want to believe? Do you want to believe the former governor who attacked General Eaker's integrity? Do you want to believe the former governor, who, as shown by the State Auditor's report, freed eighty-five hundred convicts? Just think, eight thousand, five hundred (8,500) convicts!

Governor Stevenson, will you or someone for you, explain why you turned out of prison while you were

governor eight thousand, five hundred (8,500) convicts? Will you explain why in the year 1946, as shown by the State Auditor's Report of the State of Texas, you turned out 722 burglars, 608 murders, 507 robbers, 465 thieves, 222 forgers, 127 sex offenders, 18 embezzlers, 18 men guilty of un-natural crimes, eight swindlers, six bigamists and four kidnappers? Wouldn't the people of Texas like to know why you turned out so many convicts?

Ask your neighbors and friends why Coke Stevenson freed eight thousand, five hundred convicts.

You can take your choice. General Eaker, whose parents live in Eden, Texas, 45 miles from San Angelo—General Eaker, a native son of Texas, is recognized as one of the world's greatest war heroes. Think what General Eaker did for us during the war. While on the other hand, what did the former governor do in regard to the war effort?

I notice where General Eaker's speech, while in San Angelo, is going to be re-broadcast Sunday morning, August 22, 1948, from 10:45 to 11:00 a. m.

I believe that the General stated his reasons pretty clearly when he said that he was supporting Lyndon Johnson because he believed that Congressman Johnson in the United States Senate would best insure our national security. I think it is a shame that General Eaker's integrity has been attacked.

Sincerely,
George Hughes
227 East College.

Blackburn Completes Course, for Business On Monday

Professional training method of fabric re-weaving State Rehabilitation and repairing, and is called Blackburn of Gold- "Weave-Back." Betty first heard of the training when Judge Patterson sent

in her name to the State. Carl W. Muhler, the councillor for this district, came to see Betty. After her case was thoroughly investigated and she was found to be physically able to do the work, a teacher, Mrs. Lucille Davenport, from the State Department at Austin was sent here. The course lasts for two weeks.

Another girl, Mrs. Charlene Sexton, is a pupil from San Angelo who is staying here for the course. She plans to return to San Angelo upon completion of the course and start a business which will enable her to be self supporting.

Betty and Charlene will be able to make repairs of "Professional" quality. It is a very dignified and clean business and can be part-time or full-time. The course lasts two weeks.

These girls will finish their Saturday.

Betty will be ready for business next Monday. She is going to work in her home and has announced that the work includes mending and the repairing of all materials. She can mend any kind of a hole or tear in any

fabric to where one could not tell it had ever been there.

She will appreciate all business brought to her.

REBURIAL SERVICES HELD FOR ESTELL SPINKS SATURDAY

Last Saturday afternoon at 3 reburial services were conducted at the First Baptist Church at Mullin for Estell A. Spinks, son of Mr. and Mrs. Frank Spinks of Mullin, who was killed by German machine gun fire in France on Christmas Day of 1944. His body, accompanied by an Army honor guard, arrived in Goldthwaite last Saturday morning and was taken to Mullin by hearse.

The Rev. Joseph L. Emery, pastor of the First Baptist Church of Goldthwaite, read the impressive funeral rites. Mills County ex-servicemen in uniform conducted the military rites at the graveside at Oak View Cemetery. They included Harold Yarborough, Howard Campbell, Glenn Geeslin, John

Gwin, Vernon Halford, Robert Davis, Eugene Quinn, Henry Long and Mr. Neal.

Pallbearers were: Norman Hodges, Herbert Rothwell, Jack Lowe, James Rothwell, Freddie Spinks, and Clayton Swoffard.

He is survived by his parents; two brothers, Wilford V. Spinks, who served four years in the Air Corps in the Pacific Theatre, and a younger brother, Freddie Ray Spinks; and one sister, Mrs. Jack Davee.

LOY LONG GROCERY HAS NEW SUPER-COLD VEGETABLE RACK

Loy Long, owner and manager of Loy Long's Grocery, has this week installed a new electric vegetable rack, known as Super-Cold "Salesboy."

It is a self-serving vegetable refrigerator, and adds much to the interior of the already fine store. Mr. Long has installed the Super-Cold "Salesboy" to provide his customers with garden fresh, vitamin-full, refrigerated fruits and vegetables. He asked

If you want to add a touch of elegance to serving salads, bring it to the table in a large salad bowl, add dressing, toss the mixture gently and serve in individual salad bowls or plates.

Few Facts

ABOUT THE

Hamilton County Electric Cooperative Association

When T. D. Craddock, then County Hamilton County, and a group of Hamilton County farmers and businessmen conceived the idea of getting power for the farmers of Hamilton County.

Many months they labored unavailingly in this project and finally in 1921 perfected an organization and secured a loan from the Federal Government. The men who started this project without the hope of gain or profit simply as a service to the Hamilton County.

There was not a single Evant man in the group, neither was there an Evant on the board of directors. The group obtained applications of 800 Hamilton County and let a plan for the building of lines. They made with the Texas Power and Light Co. for the purchase of electric poles and the first pole was set at Hamilton because that was the point to the T.P. & L. power lines. The advantages of electric power began asking Hamilton County for it and the Association began in all directions.

The R E A does not allow its lines to serve over 1500 population, but its lines do not come into Hamilton itself, but the Association was organized in Hamilton and has been there since. It has its office and plant in a large brick building for which they pay only \$40.00 per month.

Now Let Us Reason

The Hamilton County Electric Cooperative Association is approximately 60 miles long and 65 miles wide. Just the advantage would it receive by having its home office ONLY 15 miles from the million dollar concern from a city of 5000 to a town of 500. Does it have a hotel—Does it have telephone facilities—Does not have an Express Office—Does not have a graph office—Does not have a department—Does not have a terminal—Does not have a sewer—Does not have housing for employees of the Association. The Association is a big user of all these things. Would you like to see it operate?

Are the 48 people who work for it, of whom have their homes in Hamilton, been asked if they would like to lose their jobs? Would the Association like to pay additional high fire insurance rates on its property, that it would have in Evant?

City Park that fronts on Highway 281. It has been rumored that they paid \$15,000 for this lot, but this is not the case. The City allowed the R E A to make their OWN price, which they did, and this was \$1500.00 (FIFTEEN HUNDRED). This lot has been approved by the Washington office and also the building; to be erected in Hamilton, and the loan for the building is now under way.

About eight months ago the Hamilton County R E A bought the light system of Evant from the LCRA and that little town suddenly awoke to the fact that they would like to have the home office of this electric power system, that was originated and brought into existence by the patient toil and work of Hamilton County farmers. Not as an extra service to its citizenship, but purely as a commercial venture.

Hamilton is proud of the R E A. It is also proud of its neighboring towns and villages. It thinks very highly of the town of Evant. It is a good town and has very fine people. It thinks so highly of it that just a few years ago, but for the heroic efforts of the Hamilton Fire Department, the entire business section of Evant would have been destroyed by fire.

Hamilton has never sought to improve itself at the expense of its neighbors. Its industries have originated there and it has not tried to coerce or otherwise take from its neighbors, business that rightfully belonged to them. It has grown into the city that it is by its own efforts and has not taken from someone else. It believes in the rules of fair play and clean business, not only between individuals, but also towns.

The Association now has one of the lowest electric rates in the whole country, would you like to see these rates increased because of the move. This will be necessary because of increased expense. Do you think that service would be better or be improved, by moving it to Evant?

Who do you think would gain by such a move? Someone would, or they wouldn't be trying to move it, would they? Someone would greatly benefit financially, but every fair-minded, right-thinking person knows that it will NOT be YOUR R E A.

You thought you settled this issue recently in the election of your old board of directors, but now it has come up again—WHY—Do you think if this carried, that it would be settled? What would keep some other town from doing the same thing? Remember that each of these elections costs YOUR Association about \$500.00. You can settle it now with your ballots. Mark them "AGAINST CHANGING THE LOCATION TO EVANT" and MAIL them in. (Paid Adv.)

BEWARE OF FOOD SPOILAGE DURING SUMMER WEATHER

Fungus, mold, insects and dry rot are always waiting to destroy your food supply stored in cupboards and bins, just as they do on a farm, the American Fat Salvage Committee points out.

Food experts and technicians urge women to be constantly vigilant, lest deterioration rob us of precious food.

Take inventory, inspect and clean out cupboards, refrigerators, cabinets, baskets where food supplies are kept, suggest home economists. Cereal, prunes and raisins easily become weevily; onions begin to sprout; bread begins to mold; fat gets rancid.

Air out cupboards, inventory supplies, plan menus to use onions, cereals and dried fruit before they begin to deteriorate. During the warm months, store bread in the refrigerator. Keep your fat salvage can in the refrigerator, on the cellar steps or in some other cool spot, and when it is filled, sell your surplus used fat to your meat dealer.

These tricks take little time, and are insurance against loss of food, and food is money these days.

Goldthwaite Red Sox Won Two Hard-Fought Games This Week

The Goldthwaite Red Sox, champions of the Heart of Texas League, who have won over 80 per cent of their games this season, beat two of their hardest teams matched this past week. This will close the season for the Sox.

On last Saturday night they took on and beat 11 to 9 the best that the city of Temple could bring here in hard-fought game that was witnessed by a large crowd.

On Wednesday night of this week, they played off a two-two tie game with Fredericksburg, and took the heavy end of the final 12 to 8 score, despite the fact Fredericksburg had imported Hugo Kleaner from the Texas League to do the mound chores.

Pitching by Johnson all the way and heavy hitting by Doggett got results. Voyd Lee Doggett bagged a home-run at his first time at bat in inning one to put the Sox in the lead. A Fredericksburg man stole home in the top half of the second to tie the score. In their half of the third, the visitors made three more scores, and in the local half Doggett scored again on long hit by McLean, who was knocked in by Johnson. In the bottom of the fourth, the Sox won the ball game when they got the breaks and run in six scores. Stacy 3-baggered, McCloskey walked, and Doggett 2-baggered to score two runs. Then McLean got hit to score Doggett for his third time; Conradt 2-bagger to score McLean, and Johnson knocked it over the fence to score Conradt and himself, leaving the score at end of the fourth 9 to 4 in favor of the locals.

In their half of the sixth, Fredericksburg man scored on an overthrown ball, while in the bottom half Goldthwaite got a run, to leave the score 10 to 5. Again in the eighth, the Reds scored one, making total 10 to 6 in the bottom half of the eighth.

Johnson and Reid ran in scores each, and after Fredericksburg failed to score in the first of the ninth, the game ended 12 to 6 in favor of the Sox.

GOLDTHWAITE LIONS HAVE SPECIAL MEET

Nineteen members and one guest were present at the special called meeting of the Goldthwaite Lions Club Tuesday noon at The Hangar to hear Dr. Tom W. Brabham of Kerrville, who was a delegate to Lions International in New York recently, tell of the convention.

Lion Jesse Moreland introduced his guest, Lion John Niel from Arkansas. President Karnes introduced Lion M. D. Lowry, who introduced Lion Brabham, who is here this week conducting a revival meeting at the First Methodist Church. Lion Lowry was fined 10 cents for advertising the revival.

Lion Lester Bain, head of the Lions Club softball committee, said a ladies' softball game would be played here on next Tuesday night, and asked all Lions and their families and the general public to be present. The game will be well worth the money, and proceeds will go to bring the club out of the hole in sponsoring softball games here this summer. The club voted the advertising be left up to Lion Bain.

Dr. Brabham, who is pastor of the First Methodist Church at Kerrville, made a very interesting talk and told of the Texas delegation's activities at the International meet. He said Texas delegates took over with five or six bands in the parade and 50 young ladies from Beaumont, the Melody Makers, who put on an excellent program. The Gladewater Band from Texas won first place among bands. The speaker said a feature of the convention was when 22,000

Work Expected To Start In 30 Days On 2 Mills County F-M Roads

EVERYTHING READY FOR SCHOOL OPENING ON SEPT. 6

Goldthwaite School Superintendent H. E. Patton, Mrs. Patton and her brother-in-law and sister, Mr. and Mrs. John Yarrington of San Marcos, returned Monday night of this week from a three-week vacation trip to Santa Fe, N. M., and on to Los Angeles, California. From there they traveled the Pacific Scenic Drive to San Francisco and on to Yosemite National Park. After crossing over Tioga Pass to Salt Lake City, Utah, they visited relatives there before returning to Texas. The round trip put about 5,500 miles on the speedometer of their car.

Mr. Patton said registration of High School students would be on Friday, Sept. 3, starting at 9 a. m. The Goldthwaite Public Schools open on Monday, Sept. 6. He said the school this term was fortunate in having secured Coach Bert Brewer, who comes here from Brady highly recommended.

School lunches are to be 20 cents this year. A large walk-in cooler for food storage has been added in the cafeteria.

The new school gymnasium for which \$75,000 in bonds have been voted cannot be built until next year, as a technicality has been discovered and it is merely a matter of waiting until the Texas Legislature meets in January to validate the district.

Lions and their wives sang "Onward Christian Soldiers" at Madison Square Garden on Tuesday night. Eighteen different countries were represented at the convention. An Oklahoma man was elected president of Lions International and Texas' own Herb Petrey from Carizzo Springs was elected first vice-president.

LADIES TEAM LOSES TO LAMPASAS DRUG

Manager Harold Yarborough's ladies softball team took on the hard-hitting Lampasas Drug Ladies here Tuesday night, and came out on the little end of a four to two score. Jerry Blackman made both runs for Yarborough and Duren.

The game Tuesday night was the fourth between the two teams, and the tally is now two all. A matched game may be arranged to play off the tie.

NOTICE

"The Friendly Store Where Your Money Buys More"

PIGGLY WIGGLY STORE AT LAMPASAS SUFFERS BIG FIRE

Floyd Blaire of Goldthwaite, owner of Piggly Wiggly stores here and at Lampasas, was notified early Saturday morning of a fire loss at his store in Lampasas that is estimated to be between \$15,000 and \$20,000.

Harry Moses, manager at Lampasas, said the store would have to be closed for some time to make necessary repairs, and to re-stock. Cause of the fire is not positively known, but it is thought to have been caused by an ever-loaded electric motor that pulled the meat refrigerator.

The Lampasas Dispatch reported as follows:

The blaze broke out in the store room at the rear of the building. It was first noticed by Hoover Benson, local cab driver who happened to be in Joe Howard's service station at the time. He noticed smoke pouring from the front windows of the grocery building, then flames appeared over the roof-top in back. This was at 4 a. m.

Volunteer firemen turned out quickly and after 40 minutes had the blaze under control. By that time the rear of the building was a total loss, also the many thousands of dollars worth of groceries stored there. Some damage was done by smoke and water to the forward part of the store, though this was held to a minimum by the firemen, who used their hoses on the rear of the building only, until spread of the flames forced them to put three hoses in operation through the front door.

The firewalls kept the flames from spreading to the adjoining buildings.

GOLDTHWAITE, MILLS COUNTY, TEXAS

FRIDAY, AUGUST 27, 1948

NUMBER TWO

LYNDON JOHNSON CONFIDENT OF WINNING BY MAJORITY

Congressman Lyndon Johnson, candidate for the United States Senate, entered the final week of the runoff campaign confident of winning "by a large majority."

More and more Pedy supporters of the first primary in all sections of the state, have rallied to Johnson's side, according to Johnson's campaign headquarters in Austin. They have endorsed Johnson in radio speeches, prepared statements for press release; and in letters and telegrams to the Congressman himself.

Some of the Pedy supporters who have spoken for Johnson have been: Charles I. Francis of Houston; H. Bascom Thomas, former president of the Dallas Bar Association; Dudley Tarleton of Corpus Christi; Joe Steed, a Pedy campaign manager from Mt. Pleasant; Hal H. Collins, widely-known Dallas businessman; and from far West Texas, Travers Crumpton, Fort Stockton district attorney.

Lieutenant General Ira C. Eaker, wartime air force hero, in radio addresses in his native West Texas, said: "In state and national elections this year, Americans face the same opportunity the French passed by when they failed to choose vigorous leadership before World War II engulfed them."

"I believe," the General continued, "that we here in Texas face this problem in our election for United States Senator, soon to come. I believe Lyndon Johnson represents sound, wise leadership."

General Eaker said, however, his part in the senatorial campaign was neither for Johnson or himself. "I am doing what I am in the interest of national security," Eaker declared.

Meanwhile, car caravans from the Congressman's home district were hitting the campaign trail. Sixty-eight cars from Johnson's home county of Blanco visited several south central Texas towns. Fifty cars from Austin each headed in different directions launched a statewide personal adventure in politicking.

Other speakers entering the campaign for Johnson have been Major Horace H. Shelton, past state commander of Veterans of Foreign Wars; Bertram E. Giescke, past state commander of the American Legion; and Riley Wyatt, former chairman of the Texas Prison Board.

Congressman Johnson will end his campaign Friday night in a big rally at San Antonio's Municipal Auditorium. Saturday morning, he will go to his native Johnson City to vote.

YOUNG SHEEP EXHIBITOR HITS JACKPOT ON STEER

(Ranger Daily Times, Aug. 20)

One of the most youthful exhibitors at the West Cross Timbers Sheep and Goat Raisers' Association show now in progress in Ranger, is also one of the most successful.

He is Robert Henry Johnson, son of Mr. and Mrs. R. C. Johnson Jr. of Goldthwaite, and the young man that came away from the Houston Fat Stock show in February with \$12,500. He got that much for the grand champion Aberdeen Angus steer which he entered in that show, and the steer was named "Kilroy."

Robert Henry, when asked what he did with the money, replied "I've still got it." When asked what he was going to do with it he said he was saving it for his college education. Still in high school, he plans to enter Baylor University for three years pre-dental work and then complete his course in dentistry at Baylor School of Dentistry in Dallas.

In explaining about the Houston show he said that his steer stuck through the elimination process and by the time the judges got down to four steers he was really getting nervous. "What did you do when they told you, you had won," he was asked. "Shucks, I nearly fainted," he said. "You know," he says, "when you know that \$12,500 is up for the winner, and that you will or just won't get it, it makes you kinda nervous."

Robert Henry first started out with sheep four years ago. He won a \$100 prize on sheep at Brownwood show four years ago.

He then started with the steer, having fed the grand champion 11 months.

After he sold the steer he went back to sheep and is exhibiting two at the Ranger show. He has a total of eight ewes, two bucks, and six lambs, all registered animals.

We asked Robert Henry Johnson of Goldthwaite this morning why he named his \$12,500 grand champion steer, "Kilroy." Just as quick as a flash he came back with, "Well, I wanted 'em to know he'd been there."

J. F. Donley was elected President, W. H. Simmons of Brownwood Vice-President, and H. C. Wilkerson of Ranger was re-elected secretary of the West Cross Timbers Sheep and Goat Raisers' Association Show and Sale held at Ranger last Friday and Saturday.

In the Goat division of the show, Bob Kirby of Goldthwaite won first in B-type yearling billies and Reserve Champion in B-type billies. He also won second in the yearling C buck division.

In the sheep division, Robert Henry Johnson of Goldthwaite won first on his Rambouillet yearling ram.

TRENT STATE BANK TO BE CLOSED SATURDAY

The Trent State Bank will be closed Saturday, August 28, the Democratic primary run-off election day.

"MAE WEST" (Brian) Smith will use his Sheep Skin Apron to catch behind the bat.

BROWN-MILLS SOIL CONSERVATION NEWS

VERNON CARR, Brookessmith. WILLIS HILL, Goldthwaite. No. 523-TEXAS

G. G. GOSS, Chairman, Rt. 1, Comprising all Farms and Rising Star.

CHARLIE BYNUM, Rt. 1, Zephyr.

Ranches in Brown and Mills Counties—Approximately 1,057,280 Acres.

A field application meeting, showing the use of large sub-surface-tillage sweeps was held on Charlie Swindle's farm of the Washboard Soil Conservation Group last week. The sweeps were used on land that had been in Madrid clover and combined this week. The sub-surface-tillage sweeps plow at the depth of approximately four to six inches leaving the dead vegetative matter on the surface of the ground forming a mulch. The mulch allows more penetration and less evaporation of the rain that falls. It has been observed on experiments using these sub-surface-tillage sweeps that less erosion takes place where these sweeps are used. Fourteen members of the Hamilton Vocation at School and four members of the Washboard Soil Conservation Group, Elmer Embry, Cecil Partin, C. V. Ridgeway, and Charlie Swindle, were present.

Elmer Embry, of the Washboard Soil Conservation Group, constructed approximately 1.2 miles of small channel type terraces emptying of native pasture last week with his tractor and plow. These terraces were put in a field that was beginning to erode. Gullies were beginning to form in the field. The fills in

the terraces were made by Charlie Swindle, a member of this group, with a Fresno.

Observations were also made on Mr. Embry's pasture which has been deferred for two years. Before deferment this pasture consisted of mostly three-awn grass and hairy triodia. After two years of deferment the pasture is beginning to show remarkable signs of improvement. The choice grasses are reappearing especially side oats grama which is producing a good seed crop this year. Mr. Embry is satisfied with this recovery and plans to defer his other pastures next year.

David Waters, of the Pleasant Grove No. 2 Soil Conservation Group, has begun construction of approximately 6 mile of small channel type terraces. These terraces are being built with a tractor and plow.

MADRID CLOVER CROP BEING HARVESTED AND CLEANED NOW

Hollis Blackwell, last week, cleaned the Madrid clover seed for Harold Beard, Jim Soules, and Charles Swindle that they produced this year on their farms. Harold Beard, of the Caradan Conservation Group, harvested his 14 acre field of Madrid clover with a grain binder and then threshed the seed with a combine, he then ran the seed through a hammermill to knock the husk off the seeds, and when the seeds were re-cleaned a fine sample was obtained. On the 14 acres Mr. Beard produced 5200 pounds of clean seed or 371 pounds of seed per acre. With an estimated price of 40 cents per acre, this crop yielded \$148.40 per acre. Charles Swindle, of the Washboard Conservation Group, harvested eight acres of Madrid in a similar manner which produced 3600 pounds of seed or 450 pounds per acre. This is a gross return of \$180.00 per acre. Jim Soules of the Star Conservation group had an excellent crop of Madrid clover seed on 14 acres of land. In an effort to combine the clover direct from the field, most of the seed were lost due to the high winds that

prevailed. Mr. Soules had 1500 pounds of Madrid clover seeds left after they were re-cleaned. Frank Kirby and Clyde Kirby of the Bethel Conservation Group harvested Madrid Clover this year but has not had it re-cleaned yet.

With an abundance of Madrid clover seed on hand, it is anticipated that a large acreage will be sown this fall and spring. The seeding rate is 1 to 2 pounds per acre in rows or 3 pounds per acre sown with a drill. Madrid clover grows two years from one planting and makes excellent grazing; can be baled for hay; left for seed production and at the same time it improves the productivity of the soil. The value of Madrid clover has been proven in this district by cooperators of the Brown-Mills Soil Conservation District.

PERSONAL PARAGRAPHS

Mr. and Mrs. Ray Duren and his parents, Mr. and Mrs. R. C. Duren of Duren spent several days last week in Clinton, Sterling and Oklahoma City, Okla., where they visited relatives.

Mr. and Mrs. Bruce Campbell left Saturday for their home at Philadelphia, Penn., after a week's visit with her parents, Mr. and Mrs. Sparks Bigham.

Dr. and Mrs. John Graves and daughters, Joan and Judd, of Kermit were week-end guests of their parents, Mr. and Mrs. Frank Bowman and Mrs. Amber Graves and other relatives.

Mr. and Mrs. H. E. Patton came home Monday night from a three weeks' trip to Los Angeles and San Francisco, Calif., Salt Lake City, Utah, Boulder Dam and other places of interest.

Lt. Col. James L. Landlin, who is pastor of the First Christian Church at Greenville, but at present is with the National Guard encampment at Camp Hood, and his family were Sunday visitors of his cousin, Mr. and Mrs. Claude A. Eacott. Other Sunday guests in the Eacott home were Mr. Eacott's sisters, Mrs. Nina Cook of Temple and Mrs. S. A. Whitehead of Killean.

Mr. and Mrs. Dow Dudson spent Sunday in Lampasas with her parents, Mr. and Mrs. J. B. Townsen.

Mr. and Mrs. Leroy Miller and children visited Sunday in Austin with his sister, Mr. and Mrs. Lewis T. Hudson and Tommy.

JOSEPHINE EMERY is the GAL ABOUT TOWN when she swings the willow, Tuesday night at the All-Women Baseball game.

Mrs. Lina McLean spent last week-end in Dallas visiting friends and relatives.

100 THINGS YOU SHOULD KNOW
ABOUT COMMUNISM IN THE U. S. A.
(Continued—By Committee of Un-American Activities, U. S. House of Representatives.)

40. What is the Communist Party set-up?
At the bottom level are "shop and street units" composed of three or more Communists in a single factory, office, or neighborhood. Next is the section which includes all units in a given area of a city. There come districts, composed of one or more States. At the top is the national organization, composed of a national committee and a number of commissions.

41. Who can become a member of the Communist Party of the United States?
Anyone over 17 years of age who can convince the Party that his first loyalty will be to the Soviet Union and that he is able to do the Party's work as a Soviet agent. He must be an active member of a Party unit. He must obey ALL Party decisions. He must read the Party literature. He must pay dues regularly.

42. How do you go about joining the Party?
You must know some member in good standing who will vouch for you to his Party unit. Your acceptance still depends on the verdict of Party officials that you WILL AND CAN obey orders.

43. Can you be a secret member?
All Communists are secret members until authorized by the Party to reveal their connection. Party membership records are kept in code. Communists have a real name and a "Party name."

44. Are meetings public like those of ordinary political parties?
No, meetings are secret and at secret addresses. Records are all secret and in code. Public demonstrations are held at regular periods.

45. What dues do you have to pay?
They are adjusted according to income. They may range from as low as 2 cents a week to \$15 a week with special assessments in addition.

46. What do you have to promise?
To carry out Communist Party orders promptly. To submit without question to Party decisions and discipline. To work for "The triumph of Soviet power in the United States."

47. After you join, what do you have to do?
You have to obey the Party in all things. It may tell you to change your home, your job, your husband, or wife. It may order you to lie, steal, rob, or to go out into the street and fight. It claims the power to tell you what to think and what to do every day of your life. When you become a Communist, you become a revolutionary agent under a discipline more strict than the United States Army, Navy, Marines, or Air Force have ever known.

48. Why do people become Communists then?
Basically, because they seek power and recognize the opportunities that Communism offers the unscrupulous. But no matter why a particular person becomes a Communist, every member of the Party must be regarded the same way, as one seeking to overthrow the Government of the United States.

49. What kind of people become Communists?
The real center of power in Communism is within the professional classes. Of course, a few people respond to the Communist claim that it is a "working class movement." But taken as a whole the Party depends for its strength on the support it gets from teachers, preachers, actors, writers, union officials, doctors, lawyers, editors, businessmen, and even from millionaires.

50. Can you quit being a Communist when you want to?
The Communists regard themselves as being in a state of actual war against life as the majority of Americans want it. Therefore, Party members who quit or fail to obey orders are looked on as traitors to the "class war" and they may expect to suffer accordingly when and as the Party gets around to them.

51. How does the Communist Party of the United States work, day by day?
The Communist Party of the United States works inside the law and the Constitution, and outside the law and the Constitution with intent to get control any way it can.

LOOKING BACKWARD
THROUGH EAGLE FILES

TEN YEARS AGO
(Taken from Eagle file of August 26, 1938)

Mrs. John Skipper and daughter, Louise, returned Sunday from a week's visit with her sister, Mrs. R. E. Henderson, and family at Coleman.

Mr. and Mrs. W. E. Fairman returned from a business trip to the state of Oklahoma last Thursday.

Mrs. M. E. Archer is visiting her daughter, Mrs. Luther O'Quin and family in San Angelo.

Mr. and Mrs. C. L. Stephens returned Sunday from Hico where they visited her mother, Mrs. Dickerson, who is confined to her bed.

Mr. and Mrs. Reece Tarver and twin daughters of Shreveport, La., spent the week-end visiting Mr. and Mrs. W. T. Keese and Mr. and Mrs. Walters Hester.

Miss Annie Coleman visited relatives in Comanche the early part of the week.

Miss Joyce Weaver and Miss Grace Williamson of Coleman spent last week with Dorothy Eunice Morris and Allen Ross Dorothy Eunice returned home with them Sunday.

Charles Edward Bull, formerly of Mills County, and now of California, has been spending the week in town visiting with old acquaintances and friends.

Marriage Licenses filed this week in the office of L. B. Porter, County Clerk: B. B. Harris and Miss Mildred Johnson.

On Friday evening at 6:00, Mr. and Mrs. C. H. Black entertained with a supper honoring their aunt, Mrs. John Luckhart of Kingston, Ohio.

Little Betty Catherine Boger who has been the guest of Rev. and Mrs. Fred J. Brucks and Nettie Ruth for the past two weeks returned to the Methodist home at Waco Friday.

30 YEARS AGO
(Taken from Eagle file of August 24, 1918)

L. E. Miller spent the first of the week in Dallas, buying goods for his drug and jewelry store.

Mrs. D. H. Trent went to Houston on Sunday night's train for a visit to her sister, Mrs. Kennerly.

J. A. Hester returned Sunday night from a protracted stay in Marlin. He stated that Mr. and Mrs. Randolph intended to remain there a few days longer.

Edward Geeslin and family spent Sunday with relatives in Brownwood.

Mrs. C. C. Saylor and children visited relatives in Lometa the early part of the week.

Dr. Wilson and family received a card announcing the safe arrival of his son, Charley, in France.

J. D. McLary and Blake Forehand returned the first of the week from an automobile trip to eastern Texas, Oklahoma, and Arkansas in search of pasture for their stock.

All young men who have become 21 years of age since June 5 must register today.

turned the first of the week from a visit to relatives in Ozan, Arkansas.

Mrs. Wade Morris and little daughter visited in Lometa the first of the week.

Walter Doggett, one of the god men of Bethel Community, has recently come home sick from Salt Lake.

With this issue begins the twenty-fifth year of the Eagle's existence and during all of these years, except a few months at the beginning, the paper has been under the same management.

Miss Zoe Rock left for San Antonio Wednesday to take a position as book-keeper, in which art she is an expert. She has many friends here who regret her departure very much.

Hubert Geeslin and wife have left us and gone out west.

J. W. Richie came in from Hopkins County this week for a visit to relatives and friends. He reports the drought almost as severe in his section as in Mills County.

50 YEARS AGO
(Taken from Eagle file of August 27, 1898)

Miss Lenora Hudson of Round Rock arrived in the city Thursday night for a visit to relatives.

Miss Lenora was a teacher in the public school here for a number of years and has many friends here.

Tuesday afternoon little Miss Mary Lou Harris invited a large number of her playmates to assemble at the palatial home of her parents, Mr. and Mrs. B. A. Harris, and join with her in celebrating her ninth birthday.

Hon. M. M. Hancock was in town yesterday.

Will Gresham returned from San Angelo yesterday.

A very good rain fell here yesterday, but we need more.

Jesse Cowan of Norse is in the city visiting Mr. and Mrs. E. B. Anderson.

Rev. J. W. Kelley and family of Manchaca are visiting R. M. Thompson and family in this city.

Mrs. J. J. Cox and children went to Mullin Thursday to join a party of friends for a few days fishing on the bayou.

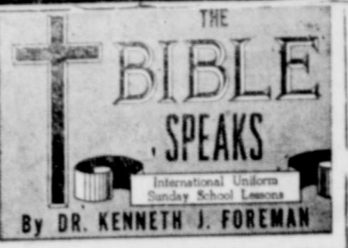

Mr. and Mrs. J. C. Vickers entertained the society folk with a social Thursday night, complimentary to Miss Maude White.

Sid Cooksey has returned from a three weeks' visit to the coast country. He was accompanied by his friend Ausey Sawyers of Gonzales county.

J. S. Anderson of Norse is in the city visiting his brother, County Attorney E. B. Anderson. Mr. Anderson will enter the Galveston Medical College next month and came by to spend a few days with his brother before beginning his studies.

Monday afternoon Mr. J. M. Weaver and Miss Liva Keys were married at the residence of the bride's parents, Mr. and Mrs. M. L. Keys, a few miles south of the city.

Miss Bell Hester favored the Eagle with a short call Thursday morning.

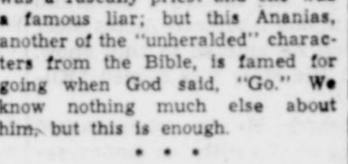

By DR. KENNETH J. FOREMAN
SCRIPTURE: Acts 21:27-32
DEVOTIONAL READING: Luke 10:28-37

At the Word of Command
Lesson for August 29, 1948

DO PEOPLE always do what they know is right? You would think so; but they don't. It is strange how many excuses people can think up to get out of doing what they know in their hearts they ought to do.

But not this man Ananias. He was a shining exception. There are three Ananias in the New Testament, and this one makes up for the other two. One of the others was a rascally priest and one was a famous liar; but this Ananias, another of the "unheralded" characters from the Bible, is famed for going when God said, "Go." We know nothing much else about him; but this is enough.

Dr. Foreman

No Wonder He Hesitated
IT WAS just after the conversion of Saul. At the time of our story, nobody had ever heard of Paul, only of Saul as he was then called; and nobody heard anything good. He was a bitter, ruthless man. He had no use for Christians. Extermination was his only answer to the Christian challenge. The name of Saul brought terror.

On this day of our story Saul had been only three days a Christian. He had had nothing to eat all that time, and he was said to be blind. You may be sure that Christians stayed away from him. His Jerusalem cronies had no doubt given him up as crazy; but no Christian would go near him either. At this point our Ananias had a vision: The Lord told him to go to Saul and lay his hands on him in help and blessing. Naturally Ananias held back. This was a dangerous man, said he. But again the Lord in the vision said, "Go," and Ananias went.

Suppose Ananias had said "No"? That might have changed the whole course of Christian history. How? He could have thought of many an excuse. "Aren't there other men who can baptize Saul as well as I can? . . . This whole vision may be only a mistake . . ." And so forth. But not when it became clear to him that this was God's will. Ananias went, though he still did not like it.

How is it with you? When you know what you ought to do, what is the first thing you think of? How to do it, or how to get out of doing it?

Taking Orders From God
HOW CAN we tell when it is really God who commands us? Most Christians today are suspicious of visions, and well we may be. Too many crazy things have been done by people who saw "visions" for us to trust such experiences very far.

One way in which God's orders come to us is in the Word of God, particularly in the words of Christ. For example, take one of the hardest things Jesus ever said: "LOVE YOUR ENEMIES AND PRAY FOR THOSE WHO PERSECUTE YOU." That sounds tough. It is tough. But it is a command. Yet don't most of us leave that command in the closed Bible and act as if the words had never been said?

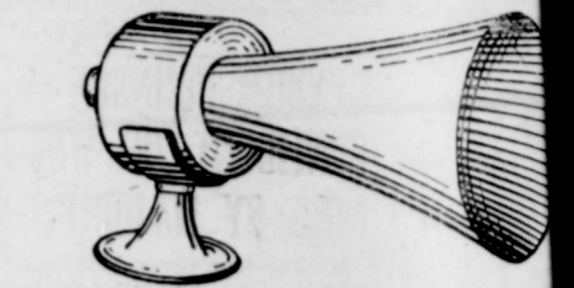

That brings up another question. Is it likely that Ananias became fond of Saul all at once? Hardly. Ananias could not have liked the man; there was then nothing about him to like. We know from Paul's own words that people generally were not attracted by his looks. Yet Ananias, who could not have liked Saul, much less been fond of him, went and called him "Brother" and gave him his start in the Christian life.

Do You Know a Saul?
NOT FAR from where you are sitting at this moment there may be someone like Saul. He is a Christian, but a new and (so far) poor one, maybe. Someone nobody believes in, someone you scarcely know. It may be a child out of some low-grade home; it may be an ex-drunkard (not so long over 10) or an ex-convict even; perhaps someone who has actually done you a wrong.

But this person may be just where Saul was, needing a friend. God may already have touched his heart, all he needs now is the human touch of a Christian friend. Maybe you can't love him, can't even like him; but if he is a human soul God loves him. If you can help him, then you are his Ananias. You know what you ought to do. Will you do it?

MRS. J. D. BRIM, Mgr.

"The efficiency of rail transportation built in America the world's first great interior economic empire," according to a recent editorial in the Dallas News.

Keep farm machinery out of the yard. Locate the machine shed at the back of the farmstead, near the field, in order to keep the driveway and service court open and free of machinery and piles of scrap.

That board with the rusty nail in it should be thrown on the trash pile today. It will save pain and a doctor's bill tomorrow.

Soils that are open, porous and moist are best for hydroponics. Rich, moist soils or prairie soils may need the addition of chemicals to make more acid. Three tablespoons powderer alum in one gallon water, sprinkled over a garden yard or more of soil, will do the job.

There are 15 men on a football team.

I AM NOW LOCATED IN MY NEW BUILDING

SEEKING REMOVAL OF OFFICE FROM HAMILTON

to change Sec- the by-laws of the County Electric Co- Association was order- board of directors at held August 14. This taken in response to presented by a group citizens containing the per cent of the of the association, the by-laws be that the head- the REA may be Evant.

will be held Sep- at the Fair Grounds but members will to vote by mail. be mailed our read- CHANGING Section V of Incorporation; so principal office of the shall be located in Evant instead of Hamilton.

CHANGING Sec- the Articles of Incorporation of the Cooperative shall in Evant instead of Hamilton.

Mills County mem- REA board of direc- probably a large ma- Mills County REA for the contemplated committee of business sent out the information:

living on the farms and ranches and in the small towns. Hamilton, Hico, Gatesville are served by a Public Utility Corporation. Goldthwaite owns its distributing system. Lampasas also owns its distributing system.

Now take your pencil and draw an East and West line through the town of Hamilton through Hamilton County. Only half of Hamilton County is North of this line. The Southern half and ALL of Coryell, Lampasas, Mills and San Saba counties lies SOUTH of this line. REA construction and maintenance trucks have to come to Evant, center of the REA District on US Highway 281 and fan out in all directions East and West and South in order to serve these counties. If the offices were in Evant these trucks would be well on their way to your house, instead of being on their way to Evant in order to get started.

Now look at the Hamilton line that you draw on the map. Does the Southern half of Hamilton, all of Coryell, Lampasas, Mills and San Saba counties look like a minority part of the REA District? Of course not. When word came that an appropriation was to be made to extend services and make improvements, a mass meeting of stockholders was called by leading citizens. For convenience it met in the center of the District, Evant. Representatives from various sections attended. The REA Board was invited and five members attended. The meeting was told that negotians were in progress to buy a lot in Hamilton on which the deed at that time had not been signed.

The suggestion was made at the meeting that the Board have a competent engineer from the REA at Washington to make a complete survey of the District and make his report on the most economical place to put the permanent offices, wherever it might be. Nothing ever came of the suggestion. At this same meeting the advantages of Evant were also discussed.

A short time later ballots were mailed out containing the names of the old Board and 7 names nominated by a nominating committee appointed by the Board. Out of this list at a second meeting 4 members of the old Board and 3 members of the nominated list were endorsed by the meeting. At both meetings strong sentiment favored having 2 members from each county in the District on the Board, so the endorsed list contained two from each county. At the election the four members favored by the mass meeting received the highest number of votes. Less than a hundred votes separated winners and losers in the nominated lists in some cases.

It would have been well, in our opinion, had the Board made it possible in the beginning for all towns, big and little in the REA District to present their claims for the permanent offices. An election could have been held to determine the site. We think also that the Board should have sent to each stockholder at least once a month or as often as necessary, a News Bulletin, thus keeping all stockholders informed at all times as to what was being done. The cost of this would have been very small. In this connection we believe that the Board erred. This writer has a very high regard for every member on the Board, but they are men, like the rest of us, and can make mistakes. If a mistake has been made now is the time to correct it and not put a \$75,000 building on it.

Now look at your map again. If, as the Herald claims, the larger number of REA users are in the area North of the line, then Northern Hamilton County has been favored at the expense of all the counties to the South. We think the Herald claims are over drawn.

3. Several men have already planned to build houses for employees of the REA. Evant has an abundance of pure soft water. Four Machine and Garage shops make complete repairs on all trucks and cars. An abundance of propane and butane is available. All residences here have sewer facilities. Many families cook with REA electricity and run their home appli-

ances with it. If the 48 families should move to Evant they would get their electricity from the REA instead of from a public utility corporation, as the REA does not serve Hamilton. The REA offices would be using REA electricity instead of buying it from the public utility. And the office would not be paying rent, a saving to the REA stockholders.

Azle, in Tarrant County, has REA office buildings. It is about the size of Adamsville. This is the best point the Herald has made so far. Johnson City is headquarters for the largest REA co-op in the world. It is about the size of Evant, which has a population of over eight hundred.

4. No Washington official is going to approve a flimsily constructed building. We know the Board is going to put up a good building. It should be fire proof regardless of where it is placed. \$75,000 ought to do the job. By the time the building is completed, however, Evant will have fire equipment. Negotiations were begun some time back to secure this from the Government.

5. Hamilton is not served by the REA and has no more claim than any other County Seat town not served by the REA.

The REA started from Evant. The first pole was raised here, as the picture taken from the Herald shows. Ivy McGilvary of Evant at his own expense got the signers to the first line, built at Evant. Lines then spread out to other parts of the REA District from Evant.

As already explained four members endorsed at REA stockholders meetings were reelected to the Board. Members of the Board are elected by plurality vote, the seven highest men getting elected.

The REA stockholders own the REA. The wise and democratic way is to let them vote on it. More than ten per cent of the stockholders asked for an election. If time had permitted many more would have signed. The REA by-laws, State and National constitutions guarantee the rights of petition. Every REA stockholder who signed the petition was exercising his American rights.

6. As already shown service and maintenance men have to come to Evant and fan out in all directions to do construction work and make repairs on the lines. Look at your map again. Just plain common sense should convince anyone that quicker, more economical, and better service would result from a central location from which all points can be quickly and easily reached than it would be out on the edge in the North-

GOSPEL MEETING AT BOWSER BEGINS SATURDAY NIGHT

A gospel meeting will begin at Bowser, Texas, at the Church of Christ, on Saturday, August 28 at 8:15 p. m. Services will be held each evening through September 5 at the same hour. Numa Crowder of Abilene Christian College will be the speaker and Henry E. Cleghorn will direct the singing. There will be dinner on the grounds August 29 and September 5. Everyone is cordially invited to attend each and every service.

Mr. and Mrs. Frank Fitch and 3 children of Pine Grove, Penn., and Mrs. Adah Dunkle of Goldthwaite, Mr. and Mrs. Marlon Roberts of Shive and Cpl. Beryle Robertson of Randolph Field visited in the home of Mrs. J. M. Traylor Sunday, August 22.

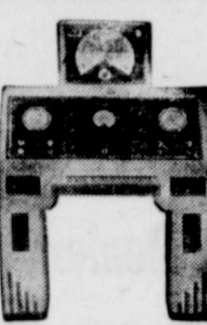

ern corner of the District.

7. We thing the stockholders of the entire REA District are going to be "Reasonable", as the Herald says, and place the offices where it will save them the most money. We think they will place it in the center of the District for good and sufficient reasons.

8. We don't think the REA stockholders who signed the petition, as they had a perfect right to do, had any idea of creating a tempest in a teapot or any other place. What they wanted was for every REA member to be given a chance to say where the offices of his Association should be located. Of course this kind of thing wouldn't do in some parts of the world, but in the good old USA it is the Democratic way.

Now, dear REA reader, thanks for being so patient in going over all this. When you are in Evant, come around and give us all a handshake. Evant people are friendly people, you'll like them, and our bet is that they will like you, too.

University of Texas Summer Commencement

The University of Texas has 270 candidates for the Bachelor of Business Administration degree at summer commencement exercises August 29, Dean J. A. Fitzgerald of the College of Business Administration has announced.

Names of candidates from this section include: T. Floyd Sansom, Jr., and Billy Earl Hightower from Goldthwaite and Charles Eugene Stokes, Jr., from Lampasas.

SANTA FE CARLOADINGS

Santa Fe system carloadings for the week ending August 14, 1948, were 26,287 compared with 29,533 for the same week in 1947. Cars received from connections totaled 11,175 compared with 10,989 for the same week in 1947. Total cars moved were 37,462 compared with 40,522 for the same week in 1947. Santa Fe handled a total of 38,594 cars in preceding week of this year.

CAR CONSERVATION TIPS YOU MAKE BIG ONES OUT OF LITTLE ONES . . . DELAYING CAR REPAIRS

SO, Have inspections made regularly to keep minor car disorders from becoming major ones . . . little repair bills from becoming big ones! We have repair parts to keep your car running efficiently—if you see to it that none are wasted through repairs made necessary by carelessness and delay. Observe this rule and let Reid and Walker handle the inspection job . . . we can keep your car in tip-top shape with expert service and work.

JACK JERRY REID & WALKER

Members of The REA there will be an election on November 18, 1948 for the purpose of voting on locating the office of the REA at Evant. As you know the Association does not own the building at Hamilton which has been used for the office up to this date. There has been an appropriation made for the purpose of erecting a permanent office building which will be placed either at Hamilton or Evant, according to the vote of the members in the election.

Feel that this building should be placed at Evant and office moved here for the following reasons:

1. Evant is located in the center of the four counties served by the REA Association.

2. Evant is in the center of the territory served.

3. U. S. highways out of Evant, North, South, East and West provide quick service to all points in the District.

4. Less cost of operation by having the office in the center of the territory.

5. Evant has both telephone systems in the territory REA serves.

6. Electricity is bought from LCRA at the sub-station at Evant.

7. You will be assured of quicker service on trouble calls.

8. The town of Hamilton is not served by the REA, therefore the office, if built there, will have to buy electricity used in the office from another company.

9. The first pole set in the REA system was set here at Evant.

10. By locating the office here in the center of the territory all parts can be reached by the REA's intercommunication radio system which is to be installed on all service trucks. This system will not reach all parts of the District unless it is centrally located.

Following is a map showing the location of Evant in rela-

tion to the territory served. Evant is the hub of the REA District. It is 30 miles from Evant to any point in the circumference of the circle on the map, which is drawn to scale.

Here are a few of the savings to the Association by locating the office at Evant:

Lost man hours while riding the sixteen miles from Hamilton to Evant per year, \$3,360.00. Cost of operating trucks and other equipment on extra miles traveled from Hamilton to Evant per year, \$2,400.00 total of savings for these two items alone per year, \$5,760.00. These savings alone would in 10 or 12 years pay for the building.

Vote for the office to be moved from Hamilton on to Evant and the new office building built in the center of the territory and save the association money.

You as users of electricity are the owners of the association, and money saved for the association is money saved for you.

The most downright dependable car you ever drove!

a quarter-million KAISER and FRAZER owners have pretty much the same story to tell about their car's rugged, day-in-day-out, downright, all-round dependability. Because the KAISER and the FRAZER are the only new cars built since the war that have been road-proved—dependable in over 2-billion miles of owner driving, under all conditions, in all parts of the country. So if you want to know the truth, ask those who know best—the man or woman behind the wheel of a KAISER or a FRAZER. They are our best salesmen.

cream cheese and put on top of each square of gingerbread. Serve with the hot lemon sauce poured over it.

MAKEUP: One fresh start on makeup during the day has more face value than constant patching up. . . . Apply morning makeup in the daylight rather than under electric light. This can be done by placing a hand mirror against the window and sitting before the window. . . . Powder should be lightly and evenly applied and practically not used at all where it is apt to clog the pores. Take a second look at your lipstick. Does it still harmonize with your complexion now that "Old Sol" has been shining down on you? Maybe a change in color of your lipstick would do more for your looks than you'd ever dream it would.

FARM FED CHILDREN VS. CITY FED CHILDREN: General Mills recently made a survey on the diets of children living on farms and in cities. Believe it or not the results proved that although the farm may be the source of hearty, wholesome food, only 27% of country children have good diets as compared to 42 per cent of the city children. How well are your children being fed? Better check the "Wheel of Good Eating" which describes the seven basic foods for a balanced diet. Drop a post card to the United States Department of Agriculture, Washington, D. C. requesting this free aid to your child's health.

CLOTHING: Among your best buys this season are the gold shoes, belts, and bags which are featured as summer and fall accessories. They are suitable for day and evening wear during these seasons and for dressy occasions during the winter months, too. . . . Frilly, filmy clothes, especially those with long flowing sleeves, are definitely out of place in the kitchen as they ignite easily. You're looking for trouble when you wear them while cooking. Save them for lounging or for

CHRISTIAN SCIENCE SERVICES

"Christ Jesus" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, August 29.

The Golden Text is: "The Son of man is come to seek and to save that which was lost" (Luke 19:10).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The blind receive their sight, and the lame walk, the lepers are cleansed, and the deaf hear, the dead are raised up, and the poor have the gospel preached to them" (Matthew 11:5).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Our master thought no mere theory, doctrine or belief. It was divine Principle of all real being which he taught and practiced" (page 26).

VISITS OLD HOME STATE

Mrs. C. G. Featherston, Mae Featherston, Mrs. Tolbert Patterson and Mrs. L. Z. Woodard and Betty Carol Woodard of Brady returned last week-end from a month's trip to Mrs. Featherston's childhood home and among friends and relatives in South Carolina, Virginia, Washington, D. C., Ohio and Oklahoma. Mrs. Featherston's father, the late I. T. Moreland, brought his family from the Shenandoah Valley of Virginia to Mills County in 1901.

ATTEND SISTER'S WEDDING

Mr. and Mrs. Jesse Saegert and Gene returned last Sunday from Seguin, where they attend the wedding of Mr. Saegert's sister, Miss Marie Saegert, to T. D. Billnitzer, last Friday evening at the Lutheran Church in Seguin. Gene was ring-bearer.

Mrs. Saegert's mother and sister, Mrs. E. E. Behrendt and Betty, accompanied them to Goldthwaite for a visit.

Mr. and Mrs. Robert Smith and baby of Louisville, Kentucky, Mrs. Rena L. Smith and Rena Lou, Ida Mae, Addie Jane, and Arthur of Abilene, and Bill Smith and family of San Antonio are here visiting Claude and Homer Smith, Mrs. H. G. Bodkin, and Barton Smith and family this week.

CARD OF THANKS

In our humble way we wish to extend our sincerest thanks and appreciation to all for their kindness during the reburial of our dear son. We are especially thankful to Bro. Emery, the V. F. W. and the American Legion, also for the beautiful floral offerings and the delicious dinner

served. May God bless you always.—Mr. and Mrs. Frank Spinks and children.

Mrs. Julia Strum of Dallas spent a few days recently with her sister, Mrs. M. A. Horton.

Over the week-end Mrs. M. A. Horton and daughter Vera and Mrs. Julia Strum were guests of Mr. and Mrs. L. O. Kelly at Pleasant Grove.

Mr. and Mrs. Frank Fisk and family of Franklin, Penn., are here visiting Mrs. Ada Dunkle. Mrs. Lee Dyas left for Burnet Sunday afternoon, where she will be with Mr. and Mrs. Burton Geeslin and family.

Misses Ruth and Abbie Ervin and R. L. Ervin visited relatives at Coleman last week.

Mr. and Mrs. Allen Campbell and family went to Fort Worth Sunday to bring his mother, Mrs. J. M. Campbell, home after

a two week's visit. Sanders and other Mr. and Mrs. returned Friday from a two week trip to Mexico.

Miss Hazel Pugh was here last week her father, John of his other children here.

Mrs. Henry Ma land spent a few evening with her F. D. Webb.

Mr. and Mrs. P. Miss Dovie Blue of also Mr. and Mrs. daughter of Fort town last Saturday and meeting friends

KEEPING HOUSE

DID YOU KNOW?

That the high chair has become the low chair? Baby's new safety chair looks like a small low card table on wheels with a seat in one corner. It suspends the baby in a seat fixed in the gravity center of the table and gives more than enough room for him to play and eat. Mommy gets a small sliding chair with the set so she can sit down to feed him. This adding a little salt to egg helps them to whip up into nice fluffy peaks. . . . That very young children need a certain amount of finger food?

This encourages the appetite and does much to avoid the "won't eat" problem. It cuts down feeding time and is good for the development of teeth.

RECIPE OF THE WEEK

"Sunday Best" Ginger Bread

- 1 package gingerbread or ginger cake mix
- 1-2 cup granulated sugar
- 3 tablespoons cornstarch
- 1-4 taespoon salt
- 1 tablespoon grated lemon rind
- 2 cups boiling water
- 4 tablespoons lemon juice
- 13 oz. package cream cheese

Prepare the gingerbread according to the directions on the package. Make the lemon sauce by combining sugar, cornstarch, salt, and lemon rind in a saucepan. Add the boiling water gradually, stirring constantly. Remove from the stove and add the butter and the lemon juice. Cut a generous amount of the

NEW!

One Cote Flat Wall Finish

Use for FIRE PROTECTION on all WALLS, CEILINGS, WOODWORK

The Wonder Finish

FIRE IS DEADLY! Creeping silently . . . it slips, kills, destroys. Terrible in its strength, it has one weakness . . . a small beginning. Science has seized on this to create a powerful new fire-fighter. Greatest discovery since Radar and Atomic Energy! Plicote FIRE STOP serves in everyday wear with beauty and distinction . . . and adds a great emergency asset . . . amazing fire resistance!

Not a water paint. 1 gallon covers much more than ordinary paints. A gallon refinishes an average room. Apply over wallpaper, plaster, composition, concrete, steel or brick. 6 New colors are soft, beautiful, "easy on eyes." A new flat finish for walls, ceilings, woodwork. Now, attractive decorating AND Fire Protection! All fires start small. Prevent their spread. Use FIRE STOP everywhere. Protect loved ones. Reduce sharply your chance of fire!

6 NEW WASHABLE COLORS Ready Mixed

- SPRING GREEN
- PACIFIC BLUE
- SUNSHINE YELLOW
- CAMEO PEACH

Eminent educators and psychologists have proved through nation-wide tests that students using a typewriter get substantially higher grades in all their subjects. . . from Language Usage to Arithmetic Computation. The Remington Noiseless Personal Typewriter is ideal for students because it always turns out the crisp, easy-to-read homework that teachers rate high . . . and operates in a mere whisper of sound that will not disturb others. Sturdily constructed and precision built, it will last through school years and serve your student afterwards in his business or professional career. Come in and see this wonderful Remington Noiseless Personal Typewriter today. Let us show you how it can help assure the success of YOUR boy or girl!

Also In Stock For Immediate Delivery:
Remington Typewriters, Adding Machines, Cash Registers, Safes, Filing Cabinets.
We are agents for Remington-Rand in Mills County.
Check these Plus Value and Exclusive Features

- **Silent Pressure Printing**
This exclusive Remington Noiseless Personal Typewriter feature minimizes typing sound . . . allows only the slightest patter of the keys on the platen.
- **Inbuilt Card Holder**
Exclusive! Holds file cards and labels they can be typed to the very bottom. A boon to librarians, pharmacists and others who type index cards or labels.
- **Tilting Paper Table**
A standard office machine feature assures easy access to margin and tabulator stops. The paper guide centers pages accurately on the first try.
- **Tabulator**
Saves time—brings great typing convenience in all statistical, columnar, counting work. A refinement usually found on office machines.
- **Standard Non-Glare Keyboard**
Standard 4 row, 84 character keyboard with the same arrangement of letters, numerals, and punctuation as on office machines.
- **Long Line Space Lever**
Speeds operation of carriage return and automatic line spacing. Also, space permits single, double, and triple spacing. Another feature found only on office machines.
- **Variable Line Spacer**
Permits aligning paper horizontally to fill-ins, revisions or corrections. Can save much retying.
- **Full Size Platen**
Larger size platen circumference makes for incomparable convenience in feeding of standard size letterheads and envelopes of various widths . . . correctly, easily, positively.
- **Automatic Ribbon Reverse**
Does away with tiresome band rewinding. Ribbon reaching the end of the spool automatically starts the rewinding.

and all those old tunes fine. They played them so well it was impossible to keep your feet still. The Bledsoe twins and cousin, Mrs. George Kenney, sang several songs which all enjoyed. It seemed like old times when these girls sang.

You will notice how far some of these brothers and sisters had to come to be together again when you read their names. You can see some came a long ways.

Among those attending were: Mr. and Mrs. Allen Ross and Norma Sue, Goldthwaite; Mr. and Mrs. Steve W. Scott, San Angelo; Mr. and Mrs. W. T. Forehand, Midland; Mr. and Mrs. C. D. Bledsoe, Beatrice, Wilda, Wanda, Sharon and Patricia Ann Duggan, Mr. and Mrs. R. P. Bledsoe, Billy and Jean, Stephenville; B. D. Forehand, Clifton, Arizona; Mr. and Mrs. J. L. Reed, Los Cruces, New Mexico; Mr. and Mrs. R. B. Forehand, Rising Star; Mr. and Mrs. W. D. Marshall Goldthwaite; Mrs. J. D. Urquhart, Goldthwaite; Mr. and Mrs. Lige Miller, San Saba; Hugh Hubbert, San Saba; Dan Miller, Goldthwaite; Mr. and Mrs. George S. Kenny, Diane and David, Goldthwaite; Mrs. Ethel Kenney, New Orleans, La.

Mr. and Mrs. F. H. Forehand, Goldthwaite; Mr. and Mrs. Geo. Miller and family, San Saba; Bart Miller, Goldthwaite; Mr. and Mrs. Marshall Miller, Goldthwaite; Mr. and Mrs. Hobson Miller and family, Goldthwaite; Mr. and Mrs. C. C. Holderness and Claudine, Carlsbad, New Mexico; Mrs. Harldson Wheeler and daughter, Kathleen, Rankin; Mr. and Mrs. Norris, Dallas; Mr. and Mrs. Marshall M. Miller, Jr., and family, Goldthwaite; Mr. and Mrs. Barton Reed, Breckenridge; Mrs. Florence Reed, Ballinger; Mrs. O. C. Sykes, Ballinger; Mr. and Mrs. C. W. Reed and family, Cisco; Mr. and Mrs. C. R. Martin, Rising Star; Mrs. D. L. Wheeler, Goldthwaite; Dora Lindsey, Mr. and Mrs. Lee Sykes, Ballinger; Homer Sykes, San Angelo; F. O. Sykes, Goldthwaite; Mr. and Mrs. C. S. Miller, Goldthwaite.

Mr. and Mrs. W. A. Daniels, Goldthwaite; Mrs. Eula Nickols, Goldthwaite; Mr. and Mrs. John Parker, Goldthwaite, Earl Miller, Abilene and Cecil Parker, Goldthwaite.

We hope all of these children can meet again next July for another reunion. May God's richest blessings be with all of you through this year.—A friend.

5. Q—When will the Selective Service law go into effect?

A—President Truman has issued a call for the registration of all men 18 through 25 years of age who are living in the U. S. and its possessions. Registration in Texas will take place on the following days: On Aug. 30 persons born in 1922 after Aug. 30, 1922, will register; on Aug. 31 or Sept 1 persons born in 1924 will register; on Sept. 2 and 3 persons born in 1924 will register; on Sept. 4 or 7 persons born in 1925 will register; on Sept. 8 and 9 persons born in 1926 will register; on Sept. 10 and 11 persons born in 1927 will register; on Sept. 13 and 14 persons born in 1928 will register; on Sept. 15 and 16 persons born in 1929 will register; on Sept. 17 and 18 persons born in 1930 before Sept. 19, 1930 will register. Persons born on or after Sept. 19, 1930, will register on the day they are 18 years old or within five days after they are 18.

6. Q—How long will the law be in effect?

A—Until June 24, 1950, unless sooner terminated by the two houses of Congress.

Mr. and Mrs. Jack Rudd from Abilene visited relatives here over the week-end.

Mrs. R. L. Sutton and Mrs. E. L. Pass spent last Monday and Tuesday at the bedside of their sister, Mrs. H. Y. Phelan, in Brownwood.

Bill Lane brought Mrs. Lane home from the Felts and Farley Hospital at San Saba Saturday. She is doing fairly well.

Miss Ella Hintz returned from a two weeks' vacation with her parents, Mr. and Mrs. Hintz at Honey Grove.

Let's Send the Man We Know TO WASHINGTON LET'S SEND COKE R. STEVENSON

to Be Our

UNITED STATES SENATOR FROM TEXAS

Due to the age of Senator Tom Connally and the burden of his United Nations and Foreign Affairs Committee assignments, it is vitally important to Texas to send a time tested, dependable man to Washington to be Junior Senator from Texas.

The Past Record

IS THE FUTURE'S BEST ASSURANCE

Coke Stevenson's long record of faithful service to Texas stands like a rock against the political chicanery—the personalities and the character assassination that has marked this campaign.

TEXAS KNEW STEVENSON AS ITS LEGISLATOR—LIEUTENANT GOVERNOR AND GOVERNOR

WEST TEXAS KNOWS HIM AS A

West Texas Rancher—Friend of Farmer and Cattleman Let's send to Washington the man who was born and reared in Texas. Let's send the man who knows all of Texas and its people. Let's send the man that both labor and management respect.

LET'S SEND COKE TO WASHINGTON

THIS AD PAID FOR BY MILLS COUNTY FRIENDS OF STEVENSON

Reunion

August twenty second and children and other friends met by ten in Mr. John Parker's a big day with each

all a great honor to this occasion. I guess I was asked is been here so long they knew them all—which none of us are old all the brothers and sis present except Mrs.

Nath Good. She was missed. We only hope she and her family can be with them next year. Mr. Carl Bledsoe returned thanks at noon. Their noon meal was a wonderful feast, plenty to eat, and plenty of water from the everlasting spring with lots of tea and ice to go with the food. This spring has been the results of several reunions for several years. They agreed to have this reunion annually. Next year it will be the third Sunday in July. They will be looking forward for next year, and they hope to get

Mills County peaches and water melons which are hard to beat. Fay Reed was master of ceremonies for the business meeting. He made a good speaker. They elected officers. Cotton Forehand and Allen Ross were elected as general flunkys. I know every thing will be in good shape for the next reunion. Those who furnished the music were Daw and Lige Miller and Hobson Miller and son, John Elix and Cotton Forehand. They played the violins and guitars. They really did play Wagner

5,864 World War II Dead Returned From Europe; Texans Await 259

Remains of 5,864 Americans who lost their lives during World War II have been returned to the United States from Europe aboard the United States Army Transport Lawrence Victory, the Department of the Army announced August 23. Remains arrived at the New York Port of Embarkation. Armed forces dead originally interred in temporary military cemeteries in France are among those brought back to this country.

A total of 259 remains were returned upon instruction of next of kin residing in Texas.

The Army stated that each next of kin was notified in advance of the arrival of the vessel, and will be notified again after arrival of the remains at the regional Distribution Centers of the American Graves Registration Service.

Under the program for final

burial of World War II dead next of kin may elect to have remains returned to the United States for burial in a private or national cemetery or may request interment in a permanent American military cemetery overseas or a private cemetery in a foreign country which is the homeland of the deceased or of the next of kin.

Among names listed from this section are included:

- Sgt. Herbert T. Hohertz, Army; Next of kin, Herman Hohertz, Priddy.
- Pvt. Freddie L. Cleere, Army; O. B. Cleere, Rt. 1 Comanche.
- Pvt. Reiffert E. Evans, Army;

- Eliza Evans, Rt. 2 Comanche.
- Pvt. Serll Newsom, Army; Lizzie D. Newsom, Comanche.
- T-5 Benard D. Neal, Army; Marion W. Neal, RFD 2, Hamilton.
- Pfc. Ward Watley, Army; A. W. Watley, Rt. 3, Brownwood.
- Sgt. Lewis B. Goins, Army; Louis C. Goine, 804 East Baker Street, Brownwood.

PRIDDY GARAGE GETS SHIPMENT OF NEW SPARK PLUGS

Herman Kopp, manager of the Hi-way Garage and Implement Company at Priddy this week announced the arrival of the new Auto-Lite Resistor spark plugs. The spark plugs were developed by ignition engineers of The Electric Auto-Lite Company after years of research and tests with automobile manufacturer.

In announcing the arrival of the new spark plugs, Mr. Kopp said the plug suppresses spark interference with radio, radio telephone, radar and television, as well as provides smoother operation and improved gas economy for car owners.

The new Auto-Lite plug, Mr. Kopp said, features a built-in 10,000 Ohm Resistor which reduces electrode erosion thus allowing for a wider gap setting. The many benefits that can be derived from the wider than standard plug gap setting have long been known to the automotive industry, but up to this time the rate of spark gap increases due to electrode erosion has been such that the desired wide gap setting has not been generally used.

Other benefits offered by the spark plug Mr. Kopp said, include smoother idling as the wider gap helps to eliminate occasional missing; reduction of ring and cylinder wear when lubrication is washed away by gasoline not burned as a result of occasional misses; reduction of misfiring due to lean spots in carburetion; assists in burning of leaner mixtures bringing about improved engine economy at idle and throughout the speed range, and increase electrode life up to 200 per cent and more.

The spark plug is available for replacement on many popular makes of cars, trucks and tractors, Mr. Kopp said.

SPECIAL LABOR DAY REPORT MADE BY DAVID PRUITT

In a special Labor Day report to the workers in the Austin area, David S. Pruitt, Manager of the Social Security Administration office, said approximately \$28,000 monthly is being paid to 1,475 retired workers, their wives, and dependent children and \$22,000 monthly to 1,333 widows and children of workers who have died. This represents a substantial increase over similar figures last Labor Day.

"But there are still people," Pruitt continued, "who are losing payments simply because they delay coming to our office to file claim for them."

Social security payments are not started automatically when a worker reaches age 65 or dies. They must be applied for. Your social security office wants to help and will render all possible assistance. But you must take the first step.

Social security legislation was designed for the working man. On Labor Day when the American worker counts his blessings, he will remember social security. To make sure that social security does all it can for him, Pruitt suggests that each social security card holder do the following things:

1. Assure yourself that you have an official social security account number card—containing your correct social security number and your name spelled properly.
2. Show your account number to each new employer and see that he gets the information correct on his record.
3. Check up on your social security account every year. A postal card or phone call to your nearest social security office will bring you a form for making a formal request.
4. When you reach 65 visit the nearest social security office. Tell your family now to visit the office if you should die.

W. E. Nugent, who left here in 1928 and went to Phoenix, Arizona, was here this week meeting old acquaintances and visiting in the home of Mr. and Mrs. John E. Evans. He was accompanied by his daughter, Mrs. Jack Casbeer of Del Rio. Mr. Nugent will visit Mrs. Casbeer and family in Del Rio, and another daughter, Mrs. E. L. White in Tucson, Arizona, before returning to his home in Phoenix.

Our WASHINGTON Letter
By Congressman **O. C. FISHER**

PECAN MEETING
The dilemma of our pecan growers this year was discussed last week when 28 growers representatives from 8 pecan-growing states came to Washington to meet with Department of Agriculture officials.

Texas growers were represented by W. A. Burnam, of San Saba, President of the Texas Pecan Growers' Assn., J. L. Rainey of San Angelo, and W. S. Price, Jr., of Gustine, President of the American Pecan Growers Assn. I also attended.

The growers requested a price of 16 cents per pound for native pecans. It was pointed out that the prospective crop this year is the highest in history, with an estimate of 152,000,000 pounds, and that unless something is done to stabilize the price, the return may be very low to producers. The crop last year amounted to 118 million pounds.

The Department expressed sympathy for the growers, but gave no indication of what action may be taken. It was emphasized that it is most important for the growers to do more in the way of promotion of their product, which is highly nutritious. Assurance was given that, in any event, the Department of Agriculture will make available for the growers the facilities of its marketing branch.

During the two days of hearings, every angle of the industry was fully explored, including the shelling, which was also represented. A further study is presently being made of the problem, and the Department is due to make an announcement of its plans within the next few days.

GRASS
The 1948 issue of the Agricultural Yearbook, entitled "Grass" has just been published. It will be of particular interest to our area. Already we have received 100 pre-publication requests from the district. We have 400 allotted for free distribution, and you are invited to let us know if you would like a copy. One chapter in the yearbook is entitled "Pointers on Making Good Lawns." This particular article is available in separate form, and we can supply all requests for it. There are doubtless many who are interested only in the care of their lawn and not in the entire volume, which covers the whole field of grassland agriculture.

MOHAIR RESEARCH
While the mohair market continues dull, the Department of Agriculture reports it is making progress in stepping up its program for the research and promotion of new uses for mohair.

Last week John Thompson was sent to College Station to confer with A. and M. officials and then with Ernest Williams, Fred Earwood, and others regarding plans for the future.

I have protested to the Federal Trade Commission the fact that labels on clothing do not indicate the amount of mohair content of fiber used. For example, a label taken from a palm beach suit contains this: "Wool 54%; Cotton 46%." The fact is that a part of the 54% of wool is actually mohair, though that fact is not indicated on the label. I want the manufacturers to designate the portion that is mohair, as well as the wool and cotton content. A lot of people wear clothing that contains a mohair blend, but never know it. The result is that mohair is not given the credit to which it is entitled.

Next year will be the centennial of Angora goats in America. A hundred years ago the Sultan of Turkey gave President Polk 9 of his best goats. They arrived in 1849 and that marked the beginning of a great industry that now totals around four million head. I have asked the Postmaster General to consider releasing an appropriate commemorative stamp early next year to do honor to the event. The idea was suggested to me by R. G. Jordan of the San Antonio Express.

VISITORS
Among our friends who have called on us during the past week have been Mr. and Mrs. W. A. Burnam of San Saba; J. L. Rainey, Mr. and Mrs. F. A. Wilde and Miss Hilda Conner, of San Angelo; Mr. and Mrs. A. T. Barton and two daughters, Sandra and Leska Sue, of Brady. With them was Mrs. J. H. Bailey of Clyde. Another visitor was Mr. C. O. Britt of Austin and his daughter, Mrs. W. A. Blakley of Houston. Mr. Britt was Superintendent of Schools at Junction when I was in junior high school there. He left Junction in 1921, after having served with distinction there since 1913. He later taught at Glendale, Martindale and Round Rock. More recently he was with the State Department of Education and at present is with the Texas Employment Commission. His son, Clarence, is a soil conservation specialist with the Department of Agriculture, stationed at the experiment farm at Beltsville, Md. Another son, Myron, lives in nearby Arlington, Va., and is associated with an automobile concern.

SCALLORN—H. D. CLUB
The Scallorn H. D. Club members and their families and other families of the Scallorn community met at the Frank Hines home Thursday, August 19, for their annual August picnic. The picnic supper was spread on a long table just outside the yard, where the lighted trees provided a cool breeze for the supper. Each one present ate to his hearts delight of the good things always brought to a picnic supper. After supper games of "42" and "bingo" were played until a late hour, after which the guests departed with the determination to have more social gatherings in our community. There were 23 present for the occasion.—One present.

Mrs. Della Tyson left this week to make her home in Fort Worth.

DRAFT REGISTRATION OF MEN 18 TO 25 STARTS MONDAY

Austin, Aug. 24—Initial registration for the Selective Service Act of 1948 will be done in 17 working days as compared to one day in the 1940 operation, Maj. Gen. K. L. Berry, state Selective Service director, observed this week.

Registration this time will be between the dates of August 30 and September 18, both dates inclusive. Men 18 through 25 years of age will register at places designated by their local boards.

Specific days when men will register in the different age groups are as follows:

- Men born in 1922 after August 30, 1922, will register on August 30.
 - Men born in 1923 will register on August 31 and September 1.
 - Men born in 1924 will register on September 2 and 3.
 - Men born in 1925 will register on September 4 or 7. This means there will be no registration on Labor Day.
 - Men born in 1926 will register on September 8 and 9.
 - Men born in 1927 will register on September 10 or 11.
 - Men born in 1928 will register on September 13 and 14.
 - Men born in 1929 will register on September 15 and 16.
 - Men born in 1930 before September 19 will register on September 17 and 18.
 - Men born on or after September 19, 1930, will register on the day they are 18 years old or within five days thereafter. This means that men will register as they become 18. They will register with their local boards.
- Hours of registration at the local board registration spots will be from 8 a. m. to 5 p. m.

VACANCIES EXIST IN SOME ARMY AREAS

HILLSIDE MISSION
By LIDA BYRNE
The silver is mine, and the gold is mine, saith the Lord of hosts." Haggai, 2:8.

Going away for the holiday?

Make sure yours will be a happy holiday, let your Conoco Motor Oil Merchant check and service your car. Above all, be sure he checks for contaminated old oil and fills with fresh, clean Conoco Motor Oil.

The surest way we know to keep your engine worry behind. Because Conoco Motor Oil (Patented) has an extra, added film of lubricant fastens itself so closely to metal that cylinder walls are actually OIL-PLATED! Because OIL-PLATING stays up... won't all drain down, even overnight, you're extra-protected against destructive "dry" friction, against metal-eating combustion acids, against power-choking sludge and carbon due to wear. For an extra-happy holiday...

Make a date to OIL-PLATE!

WBAP BUILDING TELEVISION STATION

You could start a radio station on a shoestring in 1922. The Fort Worth Star-Telegram found \$200 and a two-man staff sufficient for the birth of its Station WBAP—a 10-watt squawking infant—in a one-room studio.

Today—after 26 years of pioneering and leadership in the radio field—WBAP is doing it again. This time it's television.

In comparison with the initial effort in 1922, getting WBAP-TV on the air sometime around Sept. 29 is taking a 60-man staff of skilled technicians instead of two.

Instead of a one-room studio, there will be a four-unit radio and television center, now under construction in east Fort Worth, containing over 74,500 square feet of floor space. The second unit of this two-story structure will be exclusively television.

The original \$200 investment made in 1922 would not fully cover the cost of the casters used for the television cameras today.

Early radio entertainment was a hit-or-miss affair. Today's discriminating audience demands careful planning by men who know what the public wants.

WBAP-TV's schedule will include on-the-scene news coverage, televised sports contests, reproductions of the finest motion pictures, special events, and studio productions.

Yep, shoestrings sure come high these days. —Eagle Want Ads Get Results—

16 LIVESTOCK LEADERS TO JUDGE DALLAS FAIR SHOW

Sixteen recognized leaders in the livestock industry have been appointed to serve as officials of the Livestock Show of the 1948 State Fair of Texas. Ben E. Cabell, general chairman of the Fair's Livestock Committee, has announced.

W. L. Stangel, dean of the Division of Agriculture of Texas Technological College, will serve as general superintendent of the Junior Livestock Show, Oct. 9-15, and the Livestock Show, Oct. 13-22.

R. D. Evans, agriculture agent of the M-K-T Lines, will be arena director, and Dr. W. G. Brook of Dallas, official veterinarian of the Fair.

For the beef cattle division, B. J. Baskin, farm products agent of the Tennessee Coal, Iron and Railway Company, will serve as superintendent, and Louis Gilbreath, County Agent from Alice, Texas, assistant su-

perintendent. For the dairy cattle division, G. G. Gibson, Texas A & M College Extension Dairy Husbandman, will be superintendent, and Shannon E. Carpenter, Associate Dallas County Agent, will be assistant superintendent.

For the swine division, Fred Hale, professor in the animal husbandry department at Texas A & M has been named superintendent, and Dan Kiber, head of the department of agriculture at North Texas Agriculture College, assistant superintendent.

For the sheep and goat division, Vestal Askew, Sonora, Texas, will be superintendent.

Scott Moore of Dallas will be superintendent of the Fair's Palomino Show, Oct. 9-15, and M. P. (Mike) Leonard of Junction, Texas, superintendent of the Quarter Horse Show, Oct. 16-24.

For the Fair's Junior Livestock Show the following officials have been named as superintendents: Shannon E. Carpenter, Junior Dairy Show; A. L. Smith, Texas A & M College, Junior Steer Show; E. M. Regenbrecht, Texas A & M College, Junior Pig Show and Junior

Negro Pig Show, with L. M. Hargrave of Texas Tech as assistant superintendent for the two shows, and H. M. Carter, San Angelo, Junior Sheep Show. These officials will work under the direction of Ray W. Wilson, manager of the Fair's Livestock Department.

ELECTRIC FARM HANDS

College Station—"To farmers who make full use of electricity, every season is kilowatt season," say rural electrification specialists of the U. S. Department of Agriculture. "The farmer who uses electricity has a full length start in the race with time and the elements of haying, harvesting, threshing of small grains, cotton picking, and the storage of these crops."

W. S. Allen and W. L. Ulich, extension agricultural engineers of Texas A. and M. College, point out ways in which electricity can be of help to Texas farmers. Take haying, for example. A farmer can equip his barn with a hay drier and snap

his fingers at the parts of Texas, point out, hay is from the fields with loss of the valuable ter feed is obtained perty designed units, and these be used to dry grain and other crops, using in higher priced profits. The motor drier will hoist the

In small grains, operated elevator hundreds of man-wheat, oats and barley crops. An elevator shoveling and lifting grain after it is leaving the farmer free for other duties

"Electricity will your manpower when it most," the extension point out. "It can races against time and get more dollars farm operations."

BEAUTIFUL BUY Blake in his run bases. See him Te

4-H'ERS TO HELP KEEP U. S. 'BREAD BASKET' FILLED

With domestic food consumption increasing yearly, together with continued demands for foreign aid, 4-H Club members are determined to keep America's "bread basket" filled.

For this specific purpose, roundly 200 thousand farm youths are taking part in the 1948 National 4-H Field Crops awards program. The program is designed to help 4-H'ers ac-

quire a better knowledge and develop skills in approved farming practices that will serve to increase production of food, feed and fiber crops. The farming practices include careful selection of seed and most proficient use of land and available farm machinery.

Awards for superior 4-H crop production records provided again this year by International Harvester Company are county medals, a Chicago 4-H Club Congress trip for the state winner, and \$200.00 Fowled McCormick scholarship for national champions.

Last year's state winner in
