

NEW FAIRMAN COMPANY BUILDING READY IN SIX MONTHS

NEW FAIRMAN COMPANY BUILDING—The above is the architect's drawing of the new \$75,000 Fairman Company Building now under construction. It will be 82 feet by 152 feet, with 12,000 feet of floor space, and will tie on to the present Fairman Company Building, giving the company one building covering one-fourth of a city block and containing 20,000 square feet of floor space.

Earl T. Fairman, owner of Fairman Company, and Lincoln Saylor, the contractor, expect the building to be ready in six to seven months. The building is to be used for offices, display rooms and a thoroughly-equipped shop for the maintenance and repair of International Farm Machinery, Trucks, and Refrigeration. This is by far the most modern and most costly business building in Goldthwaite.

Goldthwaite Eagles Travel To Coleman For Matched Game Tonite

The Goldthwaite Eagles High School football squad, chesty over a 6-to-6 skirmish game with the strong Comanche team and a win of 18 to 13 last Friday night over a strong Hamilton squad at Hamilton, take off this afternoon with Coach Bert Brewer, the band and Eagle Pep Squad for Coleman, where they meet a Class A team tonight at 8 o'clock.

A large crowd from here attended the Hamilton game there last Friday night to see the Eagles win their first game of the season, which was a big surprise to the Hamiltonites. A large number of fans will be in Coleman tonight at kickoff time, when the Eagles meet a notch above their class and a school that has about seven times the number of players to pick from than does Goldthwaite.

The following Eagles men will be pitted against the Coleman Bluecats tonight:

Player	Position
Boyd, Tom	B.
Blake, Jack	G.
Leverett, Bobby	B.
Stark, Billy	E.
Roberts, Alve Doyle	G.
Simmons, Larry	B.
Long, Wayne	G.
Kuykendall, B. L.	B.
Wicker, Carlin	C.
Hammonds, Jesse	G.
Reynolds, Lloyd	C.
Hays, Jimmie	E.
Hansen, Billy	G.
Heath, Billy Joe	T.
Henkes, Le Roy	T.
Massey, Ralph	B.
Miller, Robert	B.
Lynch, Hamil	B.
Hill, David	E.
Johnson, Robert	B.
Miller, John E.	B.
Blake, Terry	E.
Wicker, Billy Ray	T.
Owen, Taylor	T.

Many Goldthwaite Young People Leave To Enter Various Colleges

By EARLENE NIX

Many young people from Goldthwaite are busy settling themselves in various colleges all over Texas.

Off for their freshman year are the following:

Norma Sue Ross and Jerol Vaughan at S. W. T. C. at San Marcos.

Joyce Harrell at Baylor University in Waco.

Verá Mae Bell, John Garner, Wayne Wilcox, Harry Palmer, Foy Page, Gene Read, and Dale Henry at Texas Tech at Lubbock.

La Verne Sykes at Howard Payne and Carlene Featherston at Daniel Baker, both in Brownwood.

Anita Lappe at Texas University in Austin.

Jimmie Laughlin at John Tarleton in Stephenville.

Billy Miller and James Wesson at Westminster in Tehucanaca.

James Hillman, Sealy Reid and Bobby Burks at A. and M. at College Station.

Herman Anderson at N. T. A. C. at Arlington.

Jessie Frank Petsick at N. T. S. T. C. at Denton.

Those students who are taking business courses are:

Rita Henry and Gene Smith at Nixon-Clay in Austin.

Olan Reese at Draughn's Business School in San Antonio.

Those students who have previously attended college and are going back as Sophomores, Juniors, or Seniors are:

Elizabeth Stockton at S. W. T. C. at San Marcos.

Janie Ruth Simpson, James Miller, Jimmie Caraway, and Lewis T. Hudson at Texas University in Austin.

Jim Bob Sfeen, and John Mohler Oglesby at A. and M. at College Station.

Gene Barnett at Trinity University in San Antonio.

Billy Collier at Texas Tech in Lubbock.

Joe Billy Smith, Herbert Horton, Jim Tom House, Anna Gene Hale, Winston Faith and Doug Collier at John Tarleton at Stephenville.

Shirley Kline at T. S. C. W. and Mary Lou Long at N. T. S. T. C., both at Denton.

George L. Horton and Mark Fairman at Texas A. and I. in Kingsville.

Charles Davis at Westminster in Tehucanaca.

Tanner Fairman at New Mexico Military School at Roswell, N. Mex.

Le Roy Bleeker at Howard Payne in Brownwood.

Peanut Market For Goldthwaite Established Here This Week

C. C. Collier, buyer for Southwestern Peanut Growers Association, announced yesterday that a peanut market for Goldthwaite has been established here, with storage warehouse at the old pool hall building. The phone number is 1613F11.

Mr. Collier is buying for government contract, and assures the approximately 125 peanut producers in Mills County of the highest possible grade and price for their peanut crop this year.

The Mills County crop this year is extra good, and is just now beginning to move to market. There are four peanut producing areas in the county: Big Valley and Nabors Creek section; around Ratler and Ebony; large peanut producing area around Democrat and Mullin; and another just north of Goldthwaite.

NOTICE

In respect for the death of little Bob Lowry, the P-T A meeting is being postponed to Monday, 8:00 p. m. School Auditorium.

MRS. M. E. BLAKE P-T. A. President

NOTICE

I will teach a kindergarten at my home on North Fisher Street. Enrollment Monday.

RUBY CAVE.

Lt. Gn. Sir Robert Baden-Powell was the founder of the original Boy Scout movement.

DR. JOHN H. CAYCE HAS OPENED OFFICES IN GOLDTHWAITE

Dr. John H. Cayce of San Saba has opened offices in the Burns Building across from the post office on Parker Street in Goldthwaite for the general practice of medicine and surgery. He comes here from the hospital of Doctors Farley and Felts of San Saba, who are his uncles.

The building has been completely remodeled and redecorated and divided into reception room, four smaller rooms, and a large delivery and minor operation room. Dr. Cayce is now open for practice, although all his equipment has not as yet been installed. His phone number at the office is 93.

Dr. Cayce comes here very highly recommended, attended medical school at the University of Texas at Galveston, and spent a year in Austin at Brackenridge Hospital. He has been working recently with his uncles, Drs. Farley and Felts, at San Saba.

Goldthwaite and Mills County will welcome Dr. John H. Cayce to Goldthwaite.

MARRIAGE LICENSES

Marriage Licenses issued by County Clerk Earl Summy since last report are:

Arthur L. Meredith and Mrs. Lissie Marie Sewell.
Eugene H. Leach and Caroline Turner.
William Yvonne Wilson and Mrs. Elizabeth Stephens DeForest.

Our Angry And Unhappy Papa

When I read this letter it was so good, I wanted to send it on to you.

—WILLIS HILL

There was a family whose home was built on a quarter section of land. There were three children, the eldest a son. At the age of nineteen he married, took his lovely bride to the parental home. Everyone was happy. Even old Dad fixed up the rent house, just a little. During the rest of his nineteenth, and through his twentieth year, the son continued to work for Dad. On his twenty-first birthday he ap-

proached his father with the statement, "Dad I am now twenty-one, a man, married and we have a child. It is high time we should begin the establishment of our own home." That was as far as he got. The infuriated father interrupted him with, "I don't care if you are twenty-one years old, as big as the side of a house, and have a wife and baby, you were born on this quarter section, and you are going to continue to live in that rented house. I need you."

Hamilton County REA was once an infant, it had to have a birth place. Now it is a giant with more than four thousand

rural children scattered all over the domain of four counties and part of the fifth. These rural children have pledged their integrity as security for the loan of many thousand of dollars with which to erect a permanent home, upon the logical spot of their choosing. But this fictitious angry Papa, not a member of the Co-op, says "No". You must stay on this quarter section, you are not free-born. You are not capable of decision or direction, and besides, I need you.

It was the consensus of many members of the Co-op, that the government furnish an Efficiency Expert to locate the logical place for this permanent home, but the government has determined that you and I, members of the Co-op, who are responsible for this more than two and one-half million dollar debt whose whole aim and desire is a more efficient and economical service for the entire Co-op, with the ballot in our hands, is the Efficiency Expert. Consequently an election has been called, the issue is squarely before the membership. Whether you or non-members shall make the choice for the building site.

Fortunately or unfortunately, Evant, located in the corners of the Four Counties, is the geographical center, and the logical spot for a more economical construction, maintenance and servicing.

Up until a few days ago, Evant, with its surrounding communities, was regarded as an upright, noble citizenship, but since a few non-members, have looked into their geographies, and found its strategic location, we have become the recipients of their vicious misrepresentation and vituperation.

We realize that every town and community has its back alley, up which roam a few stray goats, whose sole purpose is to gnaw the shrubbery, eat the flowers, trample them under their feet, and destroy the beauty of the premises, but it has not been our custom to visit

these alleys, nor shall we soil ourselves by walking down them now. We shall not throw stones. The chances are too great we would miss the target and might wound some good man.

All the REA eyes of Texas are upon us. They are watching this campaign, for we are informed that this is the first instance where a Texas REA has been challenged by an outside influence. They are listening to hear the voice of this four thousand membership. If you have not already voted, get that ballot, study it, think of the future, don't be in a hurry, then with a strong determined hand, make your X in the box. Don't let your partners in business down.

D. H. CARTER

AIR FORCE DAY OPEN HOUSE AT SAN ANGELO

Emergency, single engine operation of a twin engine bomber will be featured among the aerial demonstrations scheduled for 18 September at Good-fellow Field's Air Force Day Open House. Captains Dean H. Draemel and John G. L. Oliver, veteran twin-engine pilots at the local base, will stage the demonstration in a North American B-26, the Air Force's 400 MPH low altitude attack bomber.

Collaborating throughout as pilot and co-pilot, Captains Draemel and Oliver will make combat approaches over the runways at about four hundred miles an hour, pull up, kill one engine (in aviation vernacular, they will "feather" it) and come back over the field at low altitude with one prop motionless and the other prop doing work of two. They will make a second pass, feathering the other engine. Captain Draemel made it clear that as least one engine will be operating at all times.

Captain Draemel is credited with destroying four tankers and freighters in the Mediterranean. He bombed them at most top level in a B-25. A veteran of 50 missions in the 12th Air Force, Captain Draemel holds the Distinguished Flying Cross and the Air Medal.

Captain Oliver, who will furnish the co-pilot talent for the demonstration, is a native of Evanston, Illinois. He wears the Distinguished Flying Cross and the Air Medal with three clusters for bravery in air combat. As a B-24 pilot in the 15th Air Force, he flew 56 combat missions over Italy.

GOV JESTER PROCLAIMS SEPTEMBER CHILD SAFETY MONTH

Austin — Governor Beauford Jester has proclaimed September as "Child Safety Month" to focus attention on the need for protecting children from traffic accidents as they start back to school.

A statewide program reaching into every community that has an American Legion Post is being sponsored jointly by the Legion and the Texas Safety Association.

Motorists are being urged to "watch out for the kids—give them a brake." Parents are encouraged to help teach safe habits to youngsters. The kids themselves are reminded not to play in the street or road and always to look before crossing a thoroughfare.

Governor Jester in his proclamation pointed out that 218 children below the age of 14 were killed in Texas traffic accidents last year, while 1826 boys and girls were injured.

Mr. and Mrs. Gairman Partridge and daughters, Jo Ann and Arlie, the latter from Madison College, visited Mr. and Mrs. M. C. Partridge awhile Saturday night.

Mr. and Mrs. M. C. Partridge visited Mr. and Mrs. "Shorty" Sutherland Sunday evening.

Miss Arline Partridge is visiting her parents, Mr. and Mrs. A. G. Partridge. She is a graduate nurse from Madison College, Tennessee.

Mr. and Mrs. A. G. Partridge and family went to Gatesville Sunday to visit her sisters, Mrs. Gracie Fulton and Mrs. Joe E. Barnett.

The Great Corn WITH STRONG VITALITY

Every year, farmers who plant Peppard's Funk-G Hybrid Seed Corn get a bonus. It comes in the shape of fast early growth, resistance to summer drought and bigger yield at harvest time. This year Peppard Seed Company is offering extra special early order bonuses on your 1949 corn crop—even before you plant it.

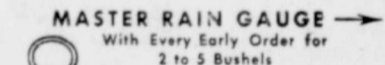

3 in 1 WEATHEROMETER With Every Early Order for 5 to 7 Bushels

This valuable farm companion not only measures the rainfall—it registers the outside temperature and it is equipped with a barometer which shows when the weather is going to change. Made of enameled metal with glass indicators firmly attached. Ready to attach to a post or top in the open where you can watch it.

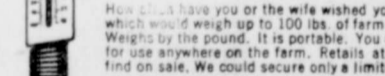

POCKET KNIFE With Every Early Order for 7 to 10 Bushels

Here is the kind of knife every farmer wants but often doesn't get around to buying for himself. Fine cutlery steel in the blades that stay sharp a long time. Strong blade springs and a simulated pearl handle give you a knife you'll get a lot of use out of.

MASTER RAIN GAUGE With Every Early Order for 2 to 5 Bushels

Made of enameled metal and glass, ready to nail to top of a post in the farm yard. It measures every rain. With it is a 3 year chart on which you can set down rainfalls as they come along. You will find yourself watching this gauge with interest.

PRODUCE SCALE With Every Early Order of 10 Bushels or More

How often have you or the wife wished you had a hand scale which would weigh up to 100 lbs. of farm produce. Here it is. Weigh by the pound. It is portable. You can carry it around for use anywhere on the farm. Retail at \$4.50 but hard to find on sale. We could secure only a limited quantity.

Present this Order Blank to Your Dealer. It Entitles You To An Early Order Bonus And To A LOW EARLY ORDER PRICE

Only a Limited Number of These Valuable ORDER BONUSES Will Be Available to Corn Growers Placing ORDERS Early. See Us NOW! Don't Wait!

Fruit Icebox Pie

Broadcast: September 18, 1948

9-oz. can crushed pineapple
 1 package strawberry gelatin
 1 1/2 cups powdered sugar
 1/4 teaspoon salt

1 tablespoon lemon juice
 1/2 cup Fat Milk
 1 cup Graham cracker crumbs
 1/2 cup soft butter or margarine
 2 eggs, separated

Drain pineapple, saving juice. Add enough water to juice to make 1/2 cup. Heat to boiling. Stir in gelatin until dissolved. Add pineapple, 1/4 cup powdered sugar, the salt and lemon juice. Chill until thoroughly cold then stir in milk. Chill until syrupy. Meanwhile, grease a deep 9-in. pie pan. With back of spoon, press 1/4 cup crumbs on bottom and sides of pan. Put butter into bowl; work remaining 1 cup of powdered sugar into butter. Beat in egg yolks. Spread carefully over crumbs in pan. Chill. Fold stiffly beaten egg whites into syrupy gelatin mixture. Pour into prepared pan. Sprinkle remaining 1/4 cup crumbs over top. Chill until firm.

Bridal Shower

Mrs. Wilford Davee, the former Neva Jewel Shaw, was named honoree at a miscellaneous shower given by Mrs. Eric Martin September 3rd in her home on the Leonard farm.

Mrs. Lynn Parker assisted Mrs. Martin in her decorations. They carried out the pastel color scheme both in decorations and refreshments and a very attractive miniature bride sat on the mantel beneath a bridal wreath. Flowers were blue and white petunias and yellow zinnias.

Mrs. Martin received the guests and presided at the bride's book. Those present were: Mmes. Clayton Shaw, mother of the bride, E. A. Davee, mother of the groom, Cy Malecomb, Wells, Homer Weaver, J. A. Nowell, Geo. Roberts, Hugh Smith, Will Daniel, Van Gavney, L. L. Martin, Vance Cockrell, Jay Patterson of Austin, Lela Roberts, W. H. Nelson, W. A. Burnam of San Saba, Albert Whitley, Edgar Jones, Wylie Robbins, Liva Weaver, Connie Knowles, J. J. Cockrell, Pearl Long, Lynn Parker of San Saba, Chester Marrs, Floyd Weaver, Hoyt Cockrell, Padgett, and Misses Zola Beth Wells, Juanita Weaver, Thelma Whitley, Daisy Wolf, Judy Long, and the hostess and honoree.

Those sending gifts were: Misses Laura Nelson, Nelda Hammonds, Laverne Sykes, Wanda Robbins, Fredda Sue Nowell, and Mmes. Frank Allen of Fort Worth, Henry Sharp, Harry Oglesby, C. E. Smith of Brownwood, Exell Chadwick of Fort Worth, D. Hartmann, Floyd Sykes, Lee Burie of San Angelo, C. A. Page, David Wright, Gonzala Ben Spriding of Victoria, Lewis Wright and Bud Sharp of Fort Worth, Mr. and Mrs. M. R. Wylie and the Wylie Laundry employees.

Mrs. Hoyt Cockrell had charge of the recreation hour. A very interesting program was carried out with prizes going to Mmes. Connie Knowles, Van Gavney, Jay Patterson and Miss Juanita Weaver, all of who presented them to the bride.

Numbers were drawn for a consequence demonstration. The bride had the number called. The hostess and Mrs. Knowles brought in a large tub filled with clothes, so the bride thought, and a rub board and a box of daz. They dressed the bride as a negro mammy and told her the consequences were to do a washing. When she started she discovered the tub was full of gifts. Other gifts were then brought in and displayed, after which refreshments were served to the 34 ladies and 12 children present.

Mmes Vance and Hoyt Cockrell prepared the refreshment plates of pastel cake squares and jelly bean plate favors. Mrs.

WBAP TELEVISION ON AIR SEPT. 29

Preparations for TV-Day, Sept. 29 debut of Television Station WBAP-TV, are going into the last-minute stages. The roof is up on the main studio, and wiring for the TV transmitter is near completion.

Construction of the three television studios in WBAP's new radio and television center, four miles east of Fort Worth, has been pushed ahead of other sections for the big event. FM and AM radio sectors will be completed in the near future.

Test patterns displaying call letters of the Southwest's first television station will be transmitted Sept. 15. Purpose of the pattern is to enable dealers to adjust sets for best reception.

WBAP-TV's first production, Alexander Korda's filming of "Scarlet Pimpernel," starring Mele Oberon and Leslie Howard, will open to an audience approaching 1,000 set owners. Dealers in the Fort Worth-Dallas area are doing a brisk business.

Meanwhile, glass manufacturers, swamped by an unexpected demand for TV receivers, are struggling to keep production of cathode ray tubes, an essential part from which the actual image is seen, equal to receiver output. Far-sighted Fort Worth-Dallas area buyers, taking this fact into account as well as the time required for installation, are making plans now.

Television got off to an early start in the East. National video set totals from Aug. 1, according to Variety Magazine, were 484,350. New York City leads the field with over 200,000 sets receiving six stations.

James Nickols and family and mother visited in George Hill's home in South Bennett Sunday afternoon.

Dial Rainey and family from Ranger spent the week-end with Mrs. J. C. Stark and J. T. at Rock Springs.

Dial Rainey and family from Ranger called in Mrs. Eula Nickols' home Sunday afternoon.

Edgar Jones presided at the punch bowl. Mmes Lynn Parker and Hugh Smith assisted Mrs. Martin in serving.

Everybody's Pointing To Hotpoint

Come in!

See Your NEW
**HOTPOINT
KITCHEN**

BUILT TO SCALE!

Learn How Easily You Can Have A
Modern Hotpoint All-Electric Kitchen With
The Three Great Work-Saving Centers

YOU'LL BE SURPRISED how easily your present kitchen can be transformed into an attractive, efficient and modern all-electric kitchen. And you can see it built before your eyes—see how easily the three work-saving centers can be arranged—with our new scale model Hotpoint kitchen planning service. Just make a note of the size of your present kitchen, the location of doors and windows, and come in. We'll help you build a model of your future Hotpoint Kitchen and photograph it for the family to study.

Whitt Round-Up

The 1948 "Whitt Round Up" was held September 5, at Legion Park in Goldthwaite, 108 relatives were present to enjoy the day. Singing and church services was part of the afternoon

program. Several invited guests were present among them Mr. and Mrs. P. G. Cooner of this city. All the names are too numerous to mention, but we desire to thank the members and officers of the American Legion Post for the use of the park.—Rep.

See The Car Of The Year...

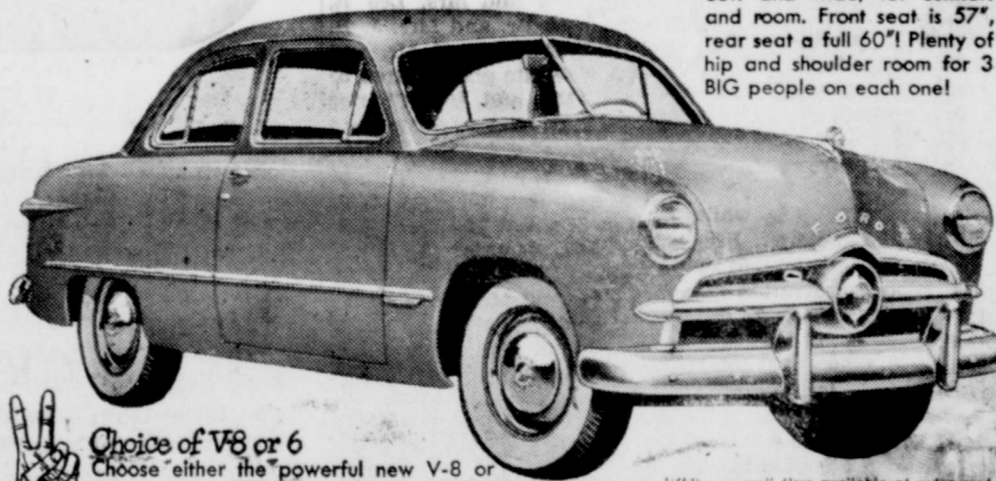

It's here! We've got the car you've been waiting to see... the car we've been itching to show you. The car pictured here is a picture of beauty. But we're sure you'll agree with us that it's even more beautiful, in person!

So come in to our showrooms, today, and see for yourself! Come in for the thrill of it!

Seats like your sofa

Soft and wide, for comfort and room. Front seat is 57", rear seat a full 60"! Plenty of hip and shoulder room for 3 BIG people on each one!

Choice of V8 or 6
Choose either the powerful new V-8 or the great new SIX. Either one's a smoothy. Up to 10% increase in gas economy!

Antonio.
Also at 1:50 p. m. broadcast of the T. C. U.—University of Kansas game from Lawrence, Kansas, will begin. Bill Michaels will be the play-by-play announcer, with Jerry Doggett adding color. The game may be heard over stations WBAP, Fort Worth and KTSA, San Antonio.

250,000 POUNDS 1948 WOOL SOLD AT ANGELO
The San Angelo Standard-Times Wednesday morning reported the sale of a quarter million pounds of 1948 12-months wool by the Wool Growers Central Storage Co. of San Angelo to Clyde Young of Lampasas, buying for Winslow and Co. of Boston. Prices ranged from 65 to 73 cents per pound and were in line with other recent sales over the territory, the paper reported.

TUESDAY STUDY CLUB TO PRESENT MRS. H. EMERY AT M E CHURCH
The Tuesday Study Club is happy to announce that on Saturday, September 25th, at 3:00 in the afternoon at the Methodist Church, it will present Mrs. Herbert Emery, a nationally known figure in the world of book reviews. Mrs. Emery is sponsored by Sanger Brothers of Dallas, as a part of their policy of entertaining their customers in all parts of Texas.

the Texas Aggies meet Villanova. Charlie Jordan will announce, and stations carrying the games will be WACO, Waco; KNOW Austin; KMCA San Antonio.

Recommended varieties in the main wheat areas of Texas are Westar and Commanche for baker's flour, and Wichita and Triumph for family trade flour. Tenmarq and Turkey varieties are excellent quality, but do not yield as well as Westar and Commanche.

NEW GAS AND OIL WELL WILDCATting IN HAMILTON COUNTY

In the Pecan Wells Community just over in Hamilton County, one and one-half miles airline from Mr. Girk, new interest is being created by a rotary drill being set up to deepen a well drilled to 3,600 feet earlier in the year. A truck load of lumber bought from Barnes and McCullough here was sent out there yesterday afternoon for the driller.

It is thought the driller is going deeper and then acidize in hopes of bringing in a producer. The Cowhouse country is going over the mountain a few miles

has seen four new gas producing wells with some oil brought in lately by Lone Star Gas Company, who have just completed a ten-inch pipe line from the wells which is connected to the main pipe line.

ACTIVITY CONTINUES AT DRY POND SITE

M. E. Matlock and others have been busy this week at Dry Pond, three miles northeast of Goldthwaite on the W. P. McCullough Ranch, "doodlebugging" locations for holes to be put down with well drilling machinery. This work is now being done in hopes of striking one or more of the rooms of silver thought to be buried there by Spaniards 175 years ago.

Rumor has it that the hills around Dry Pond are now populated by Indians, Spaniards, and others who are supposed to be helping in the digging.

States' Rights Democrats Party Continues To Gain Ground

STROM THURMOND

FIELDING L. WRIGHT

The States' Rights Democrats this year continued to gain ground in a score of states, the result of aggressive campaigns by Thurmond-Wright.

In the Mason-Dixon area, Thurmond stepped up their campaign in North Dakota, Indiana and Minnesota.

At the same time, the States' Rights handwagon went into operation in Kentucky, Maryland, Alabama, Arkansas, Florida, Tennessee, Georgia, Texas, North Carolina.

Thurmond's supporters already have secured votes "in the bag" in Mississippi, Alabama, Georgia, Tennessee, North Carolina, South Carolina, Florida and Texas.

Thurmond's director, is highly confident of gaining many more votes in the November 2 general election.

Candidates selected by the Democratic Party's executive committee at state conventions in Mississippi and South Carolina have pledged their support to the States' Rights candidates. Governors J. Strom Thurmond for president, and Fielding L. Wright for vice-president.

Thurmond and Wright for vice-president in Florida and three in Tennessee had pledged to support the States' Rights candidates.

That gives the party a total of 35. The States' Rights campaign has resulted in a statement from J. Howard Trueman Democrat.

Trueman's warning for South-Democrats to fall in line with Thurmond or face the wrath of the party was scoffed at by Thurmond, Wright, and numerous political leaders.

Trueman expressed the opinion

that McGrath must well be concerned with the progress the States' Rights are making.

This is the political boxscore, state by state:

NORTH DAKOTA: States Rights, headed by Walker Wood, former Mississippi secretary of state, are circulating petitions for the placing of the Thurmond-Wright on North Dakota's ballot. The outlook is "bright," officials report.

INDIANA: 11,084 signatures of Indiana voters asking that the States' Rights candidates be placed on the ballot has been filed.

MINNESOTA: States' Rights petition to be filed in that state before the September 23 deadline.

TENNESSEE: Governor Fielding L. Wright will speak in Somerville on Sept. 16, at a statewide States' Rights rally. Arrangements will be made to meet the legal requirements for getting Thurmond and Wright on the Tennessee ballot. Three of Tennessee's 12 electors have expressed their intention of voting for the States' Rights and others are expected to follow.

KENTUCKY: Thurmond and Wright will be placed on the Kentucky ballot. A petition bearing the signatures of 1400 voters was filed before the deadline. States' Rights are confident of a good vote.

MARYLAND: States' Rights officials and electors have been officially certified and headquarters has been opened in Baltimore. A legal bout is underway to reverse a recent ruling of the Maryland state's attorney which concerned the deadline

for qualifying.

OKLAHOMA: Petition being circulated and officials are confident of filing within the prescribed time.

ARKANSAS: An active campaign has resulted in assurance that Thurmond and Wright will be on the ballot and will carry the state in the general election. Arkansas has 11 electoral votes.

FLORIDA: States' Rights are virtually assured to a place on the ballot. The state's 12 electoral votes are at stake, with Thurmond-Wright followers optimistic.

TEXAS: Governor Thurmond carried the fight to Texas this week. Talking in Dallas before delegates from throughout the state, the presidential candidate made a strong bid for the state's 23 electoral votes. States' Rights expect to qualify on the Texas ballot shortly.

NORTH CAROLINA: A recent court decision has paved the way for a place on that state's ballot. States' Rights are circulating petitions and waging a strong campaign.

MRS. JUANITA PEARCE THRILLED BY PICTURE

Mrs. Juanita Davis Pearce, 3716 Rose St., Seattle 6, Washington, clipped out the picture showing Grady Carothers and his son and their reindeer which had just reached Seattle and wrote The Eagle as follows:

"I was thrilled last evening when I found the enclosed picture in our Seattle Times. You see, Goldthwaite was my childhood home and any article 3,000 miles away from home is wonderful reading. My father and mother, Rev. and Mrs. J. R. Davis, moved to Stephenville, Texas, in 1941. May I say here that my father is failing in health and both he and mother would appreciate a card and letter shower from their friends in Rock Springs Community. How I often think of the wonderful childhood I enjoyed in Mills County, with people who are the very best. Please give my best regards to all our friends through the Eagle."

TO OUR MANY FRIENDS AND CHURCH PEOPLE

We wish to express our thanks for your visits and the many other deeds of kindness you have shown us. Sometimes Mr. Weathers is so sick to talk, but your smiles and friendly hand shake at his bedside helps to pass the long hours of pain away. Our door bell rings most all day and we know we are not being neglected, so we thank each and every one.—Mr. and Mrs. J. W. Weathers.

NEW ARRIVAL

Mr. and Mrs. James Leonhard are the proud parents of a baby girl, Katherine Elaine, weighs 7½ pounds, arrived September 4th, at Farley and Felts Clinic at San Saba.

KEEPING HOUSE

by Norma Crane
FAMOUS HOME ECONOMIST

HOME MADE ICE CREAM: Ice cream mixes can be made up into surprisingly delightful desserts by a few very simple additions. You can improve almost every kind of refrigerator-made ice cream by folding a stiffly beaten egg whites into the mixture before pouring it into the ice tray for the final freeze. Add suitable flavorings and colorings to the vanilla ice cream for variety. Make a thin fudge sauce; pour in a stream over the ice cream before freezing. Results? Delicious fudge ripple ice cream. Finely chopped nuts, cherries, macaroons, and chocolate, folded in or sprinkle over the ice cream, will add a festive touch to the dessert.

RECIPE OF THE WEEK

Molded Tunafish
2 egg yolks
1 teaspoon salt
1 teaspoon mustard
1-4 teaspoon paprika
1½ tablespoons melted butter
3-4 cup of milk
2-½ tablespoons vinegar
1 envelope plain gelatin
1-4 cup cold water
2 cups canned tuna fish
lettuce, mayonnaise, tomatoes, lemon wedges, parsley
Mix the egg yolk, salt, must-

ard, and paprika in the top part of a double boiler. Add butter, milk, vinegar and cook over boiling water, stirring frequently until thickened. Soften the gelatin in cold water and separate the tuna into flakes. Remove the hot mixture from the stove and add the softened gelatin to it. Stir until dissolved, then add the fish. Turn into a mold which has been rinsed with cold water and chill until firm (about 2 hours). Turn out onto a lettuce covered platter. Garnish with wedges of tomatoes and lemon arranged alternately around it. Put a generous amount of mayonnaise on top

and sprinkle with chopped parsley.
DID YOU KNOW? That when your cake comes out of the oven looking white and poorly baked, you can pop it under the broiler for a few minutes to achieve that desired shade of brown? ... That diced cold cuts of meat added to salad really make it a main dish? This will answer all your problems: what to have for dinner, how to use up the roast and how to make a cool and speedy meal. ... That it's easier to sew rick-rack binding, using a machine, if you put a strip of wax paper between the presser foot and the binding?

This prevents tangling and you can sew right through the wax paper.
Mrs. H. V. Geib of Washington, D. C., left Wednesday afternoon for Llano to visit her parents, Mr. and Mrs. Jay Hicks, after spending a few days here with her aunt, Mrs. Grace Wood-
Clyde Estep spent Thursday and Wednesday in Fort Worth on business. He also attended the Legion ball game.
J. C. Harrell is visiting his twin brother, Tom Harrell, and Mrs. Harrell in Fort Worth.

Mr. and Mrs. Clyde Estep spent the week-end at Chappel with her brother, Mr. and Mrs. Tom Harrell.
Mrs. Myrtle Brown returned from a month's visit with her sister, Mrs. A. E. Alred, and family at Tulsa, Okla.
Mr. and Mrs. Earl Nix and Yvonne of Waco visited his parents, Mr. and Mrs. J. D. Nix, Sa., over the week-end. They also visited his brothers and families, Mr. and Mrs. Lynn Nix and Sarlene and Mr. and Mrs. J. D. Nix, Jr., and Cheryl.

DALLAS STATE FAIR TO BE OCTOBER 19-24

Stimulated by the greatest expansion program undertaken in years, the 1948 State Fair of Texas is in the final stages of preparation for its sixty-third season, October 19-24.

Some 2,000,000 State Fair visitors will discover the 'new look' on the 187-acre exposition where over \$3,000,000 has been spent on new buildings and improvements.

Utilizing all the skills that weave the glitter and the hard business, the agricultural triumphs and concession offerings into one splendid mass of excitement, officials are preparing for the people of the Southwest an exposition which is bigger and better than anything hitherto presented by the State Fair of Texas.

The layman will see an entirely new-type Agriculture Show that is easy to understand and fascinating to behold because it will present living exhibits of all the major crops of Texas in various phases of growth and maturity.

The Fair's 1948 Livestock Show will feature more breeds of cattle than ever brought together before for a major show, including two national shows,

the National Brahman and the National Milking Shorthorn Shows, Oct. 13-22.

A mammoth exhibit of new automobiles and an equally impressive Farm Implement Show will be other highlights.

Sixty thousand 4-H Club boys and girls, Future Farmers and Future Homemakers will be guests of the State Fair Oct. 19, Rural Youth Day, the largest gathering of Rural Youth ever to assemble at one time in one place.

Nine colorful games will be played in the Cotton Bowl, including the University of Texas-University of Oklahoma on Opening Day, and SMU-Santa Clara on Oct. 23.

Heading the entertainment field at the Fair will be Jimmy Durante and Harry James in the Auditorium; the 'Flying L' Rodeo, starring Jimmy Wakly, cowboy star of screen, stage and radio; the third all-new edition of 'Ice Cycles of 1948,' and Serrano, 'the psychic horse with the college education.'

DODGE DEALERS SPEND TWO MILLION ON NEW BUILDINGS

Detroit, Mich., Sept. 14—Dodge dealers in the Dallas region have spent \$2,357,960 on new or enlarged buildings during the postwar period to provide improved service to their

customers, it was announced today by E. C. Quinn, general sales manager of the Dodge Division, Chrysler Corporation. Goldthwaite is in the Dallas region.

Of this sum, the dealers of the Dallas region, which comprises a large portion of the fastest-growing Southwest, spent \$1,578,500 on new buildings and \$479,460 in enlargements. The figures do not include purchases of modern tools and equipment for the buildings.

Total building expenditures in the 20 national Dodge regions aggregated \$73,249,405. Mr. Quinn announced. Many additional dealers now have new buildings or expansion projects under way.

SOCIAL SECURITY GIVES FAST SERVICE TO NEW MEMBERS

David S. Pruett, Manager of the Social Security Administration field office at Austin, said this week that his office can give 24-hour service on new social security numbers if the application is complete and correctly made out. The Austin office finds it necessary to return for correction about 20 percent of all original applications each week.

David S. Pruett said that no notarized statements are needed, no birth certificates, or other proofs—just fill in every item

DRIVE Out To The HANGAR Well Balanced Lunch, Good Steak Dinners, Short Orders, Sandwiches and Cold Drinks The Hangar Mr. and Mrs. John Jackson

completely and be sure that the age and date of birth agree, that the mother's maiden name when the same as father's name be so marked, and watch out for signature agreements with the worker's name elsewhere on the application. These are the chief cause of returned applications. Applications for duplicate cards to replace lost cards must agree in detail with the first application, he said. Charley Frank Davis has a job in Hudson's drug store.

A Crop to Cultivate

America is famous for good crops. But finest of all is the bumper "crop" of 11,000,000 boys and girls growing up on our farms and ranches.

Trained teachers and leaders are helping cultivate this bumper crop. Vocational agricultural teachers in over 7,000 high schools do their part. Most of these schools have Future Farmers of America chapters. Membership of F. F. A. is 250,000. In their "outside classroom" work they receive additional on-the-job training from their vocational agricultural teachers. They learn to accept leadership responsibility. On graduation, many go directly into farm or ranch management. Others go on to agricultural college.

County agents and over 180,000 unselfish volunteer leaders do another great job through the 4-H Clubs. Through 85,000 local 4-H Clubs, more than 1,750,000 boys and girls get invaluable training. Advice, encouragement, know-how from practical experts. Their projects keep them abreast of what is new in agriculture. They learn through doing. Achievement and leadership become habits.

It is well that American agriculture has these leaders and teachers. By teaching the business and science of farming, they are helping make life on farm and ranch rich and profitable for a new generation of Americans. They are showing them the way to economic security and a good way of life. Better farm planning; power machinery; scientific modern methods; control of weeds and plant and animal pests. . . All these our farm and ranch youth are learning. In many ways they are qualifying themselves to be better managers of land and better businessmen. They are increasing their knowledge of science and selling—of machinery and markets—of costs and conservation.

Swift & Company has always been proud to encourage farm youth activities. We shall continue to do so. We have no doubt or fear for the future of America. For, properly cultivated, this crop will ripen surely into our nation's richest harvest.

A HUNDRED CENTS MAKE A DOLLAR

Have you sometimes wished to know Where meat dollars really go? Of each wholesale dollar spent, You get seventy-nine per cent For your livestock, wool and hides. And all by-products besides. Wages, operating cost a-plenty. . . Take another even twenty. After all the rest is spent The packer profits just one cent.

Livestock and Meat Prices

Livestock is marketed when it is ready. The supply of animals coming to market at any one time is controlled by your decisions as producers. These decisions may have been made months previously, depending on your breeding and feeding program. The weather—blizzards, storms and droughts—also have a bearing on when you market your animals.

The meat packer must sell meat and by-products for what they will bring. When people have to economize, they spend less money for meat. Consumers, retailers and meat packers reduce their bids. The prices of both meat and livestock fall accordingly. But when people make more money, they are eager to buy meat. Then buyers all along the line increase their bids. And the prices of both meat and livestock rise accordingly. For each meat packer and each retail meat dealer knows that if he does not pay a little higher for the livestock or meat he wants, somebody else will—and get the business.

Thus the old law of supply and demand—plus competition in buying livestock and selling meat—forces price changes in meat to be reflected quickly all the way back to the livestock on the hoof. At all times the market price is a balance between the supply of livestock and the demand for meat.

OUR CITY COUSIN

Wow! Look at City Cousin's arm. He spent the summer on the farm.

16MM SOUND FILMS FOR YOUR USE

Martha Logan's Recipe for DINNER SIZE HAMBURGER

1 pound hamburger 1/4 cup milk 1 1/2 cups soft bread crumbs 1/4 teaspoon salt 1 egg 1/2 teaspoon pepper 1/2 cup chopped onion 1 tablespoon fat Mix together all ingredients until well combined. Form into 4 large patties. Heat fat in heavy frying pan. Brown patties slowly on each side. Cover pan tightly, lower heat, and cook ten minutes longer. Serve with horseradish sauce, barbecue sauce, or tomato sauce. (Yield: 4 servings).

Soda Bill Sez: Words are handy tools to explain experiences—but they're no substitute for experience.

New Idea in Junior Feeding Projects

by T. W. Thompson State 4-H Club Leader, Montana

Boys and girls are trying out a new kind of livestock feeding project. In several states—including Montana, Nebraska, Colorado and Indiana—people are enthusiastic about it. Here is how it works. The boy or girl buys an average lot of feeder steers or lambs, from a uniform herd or band. The number bought is usually 3 or more steers, 15 or more lambs. That depends on finances, feed supplies and equipment available.

These lots of animals are bought at a central market. They are taken home and fattened. Careful records are kept of feed costs and rates of gain. At the end of the feeding period, they are shipped back to market. They are sold on Junior Marketing Day.

Boys and girls consign their animals to commission firms of their own choice. Upon arrival the animals are penned separately, according to ownership. Each lot is graded and weighed separately. Then all animals are assembled in pens according to grade. They are sold for slaughter in the usual manner used on that market. The boys and girls profit according to the market value of their animals.

Sponsors claim the following benefits: (1) It is practical. (2) It promotes better farm feeding methods. (3) Boys and girls learn about market grades of livestock. (4) They learn about central markets and their operation. This new idea in junior feeding is not intended to take the place of feeding for show. It is a separate project, to give youngsters practical experience in feeding for market.

Swift & Company. UNION STOCK YARDS, CHICAGO 9, ILLINOIS Nutrition is our business—and yours

It's a Two-Way Road In my work with farmers and ranchers I have visited just about every part of this country. I can't begin to count the number of times I have traveled out of Chicago and back to the range country of the West. . . through the Corn Belt states . . . the wheatlands . . . the cotton country—Florida, Maine, Washington, California and all the other states in between. I do not know how anyone who travels much can help being impressed with the need for team play in America. As farmers or ranchers, your prosperity depends to a large degree on the ability of workers in industry to purchase the food and fiber you produce. Likewise, city businessmen know that your power to purchase their products is equally important to them. And all of us depend on the men in the mines, in the forests, in the steel mills, and oil fields. But what we are apt to overlook is the fact that it is the earning of a reasonable profit which keeps all these businesses going, and all of us at work. Of course, profit rates vary. That depends on many things, including volume of business done. For example, here at Swift & Company we process millions of pounds of agricultural raw materials each year. On each pound handled, we earn an average profit of a fraction of a cent. Few could stay in business on the margin we meat packers earn. But whether one's business volume is large or small, some profit is essential to any individual or any enterprise. And here's another thing. Often I hear someone say—"These farmers are the lucky ones—completely independent!" I can't agree with them. I know, and you know, that you on the land are independent—but only to a certain degree! Of course, cities couldn't exist without the products of farm and ranch. Maybe you could produce your own food, clothing, shelter and fuel. But country living would be pretty grim without cars, telephones, radios, fences, tractors, windmills and modern labor-saving, comfort-giving equipment. It is a two-way road! Our standard of living in America is something we are all proud of. It is the result of the profit system and of good team play. F.M. Simpson Agricultural Research Department

another Extra Humble Football Broadcasts

Again this year the Humble Company will broadcast Southwest Conference football games, with Kern Tips, Ves Box, Charlie Jordan and Bill Michaels to describe the thrills for you. . . Go to the games with Humble!
