NATION'S MOST URGENT CAMPAIGN OPENS TODAY

The 1949 March of Dimes campaign opened today with the most intensive fund-raising drive in Mills County in 11 years. W. C. Barnett, chairman of the local March of Dimes committee, announced that the fund-raising appeal for the local Chapter of the National Foundation for Infantile Paralysis "is the most crucial" in the organization's history. The campaign will end January 31.

"Last summer the nation suffered one of the most devastating polio epidemics in its history, with approximately 28,000 cases," Mr. Barnett said. "Never before have the National Foundation and its chapters been called upon to render such extensive aid to stricken communities in every part of the nation. The challenge was met, but emergency aid funds were completely exhausted. We must now replenish those funds and prepare for new epidemics this year."

Mr. Barnett stated that the entire community has enlisted in the 1949 March of Dimes to rebuild resources of the local chapter of the National Foundation.

Mr. Barnett listed two primary reasons for full community support of the March of Dimes campaign. They are the ever present threat of a local infantile paralysis epidemic, such as last year's epidemics in North Carolina and California, and the high cost of treatment and after-care of those stricken.

Chairman Barnett recalled that the North Carolina chapters had had funds for normal polio outbreaks in the state, but far too little for unexpected emergencies.

"Such circumstances," he declared, "may be duplicated here. A severe polio epidemic may strike any community like our own. North Carolina soon found its chapter funds drained dry. Then, they fought back at the epidemics with emergency funds furnished by the National Foundation's national headquarters.

"That taught us a lesson here in Mills County," Mr. Barnett said. "We must work with a will and provide ammunition for future battles. Your dimes are the bullets on which the shock-troops depend. The shock-troops are the physicians and the nurses. Their equipment is the iron lungs and hospital beds. Your dimes are backing scientists who carry on important research seeking to eliminate infantile paralysis."

The need for funds in this March of Dimes campaign goes farther. After-care of polio victims reaches \$10,000 or more in some cases, while the average cost is around \$2,000. Local chapters working with the National Foundation MUST furnish the money needed from one source only—the March of Dimes.

He called the March of Dimes a "happy" campaign.

"That means a campaign where supporters give happily to secure the future of their neighbors and themselves. It means holding special events, such as dances and socials, card parties and sports exhibitions," Mr. Barnett said.

"For the remainder of the month we are a community united in a great cause. We must use that short time to win community ease-of-mind for the usual four-months polio period next summer. Should infantile paralysis strike here we will have funds to ease the pains of our children and for the most expert treatment of those stricken."

CELEBRATES 86TH BIRTHDAY

L. R. HENDRY
L. R. Hendry, of Coleman, a former resident of Goldthwaite, celebrated his 86th birthday, Thursday, January 13, very quietly at the home of his daughter, Mrs. J. R. Eudy in Coleman.

PROCLAMATION BY THE MAYOR

A special proclamation appealing to every citizen of Mills County "to join zealously" in the 1949 March of Dimes, January 14 to 31, was issued this week by Mayor Loy Long of the City of Goldthwaite.

The proclamation disclosed that more than 100,000 polio cases have occurred during the past six years, and that in coping with last summer's severe outbreaks—among the worst in history—the National Foundation for Infantile Paralysis exhausted the emergency epidemic aid fund.

"The 1949 March of Dimes," Mayor Long said, "provides the only means by which the National Foundation and its chapters may continue to fight infantile paralysis, by aiding those stricken, while financing research to find a preventive or cure, and,

"THEREFORE, I, Loy Long, as Mayor of the City of Goldthwaite, Texas, do urgently appeal to each and every resident of Mills County to join zealously during the period, January 14 to 31, in making the 1949 March of Dimes the most successful in local history."

TWELFTH ANNUAL LIVESTOCK SHOW TO BE HERE RAIN OR NO STOCK SHOW

The Twelfth Annual Mills County Livestock Raisers' Association Livestock Show, Breeders' Exhibitions and Ribbon Show, combined with the F. F. A. and 4-H Club and F. H. A. Livestock, Poultry and Homemaking Show, will be held, rain or shine, in the new Mills County Agricultural Building in the western part of the city today and tomorrow, January 14 and 15.

It will be the biggest and best show ever held here.

All classes of sheep, hogs and poultry will be shown Friday; and all classes of cattle will be shown Saturday.

This is the first year that the show will be held in its permanent building. The show was postponed twice last year on account of bad weather. It will be held inside this year, regardless of weather.

LARGER AND BETTER THAN EVER

A chance for the people of Goldthwaite and Mills County to see the quality of livestock that will represent them at all of the major shows of the State. After our show Friday and Saturday the boys will show at Brownwood, Ft. Worth, Houston and San Angelo.

The show will be held regardless of what the weather might be. This statement can be made because of our show barn, which we did not have last year. Everything is ready to go, and a show will be put on that will be one of the top county shows of the State. Premium money will be paid to the F. F. A. and 4-H boys, with the Breeders getting ribbons only.

Check your catalogues for the merchants that have made the premium money possible for these boys—money that has made Mills County well known over the State.

Following divisions will show during the two days:

Goat Division—R. C. McCollum, Superintendent.

Rambouillet Sheep—Jess Pet-sick, Superintendent.

The Brass Cuspidor

Ridin' trains nowadays is about the same as in days of yore.

One thing I find a-missin' is the old brass cuspidor. The Trainmen still wear blue shirts

With brass buttons up an' down

An' call out the station when comin' into town.

But one thing is quite different An' this ain't no joke: Men go to the smoker To get out of the smoke.

Now, they have fine club cars, Fine Pullmans and Diners, swell,

But when they bring the ticket You almost want to yell,— Thinkin' it's a hold-up As in the days of yore

When all cars were equipped With the old brass cuspidor.

Old Man 100
Boss is not responsible for what old man 100 says in column. Neither is the old man responsible for what you get mad, count at or a thousand before you or beat him up. (The Boss)

Old Man 100
"But Herbert, you don't mean you're going without belt or suspenders?"

Old Man 100
"It's a fact— I'm not in mournful numbers. Warming girls are what they seem; I'm a coed while she slumbers, she's a nightmare, not a dream."

Old Man 100
A new beginner around here had just joined a golf club and his first swing hit a ball a mighty swat, and by some miracle it landed in the hole in one. The second tee came another hole. Again he did the hole in one, and as the ball disappeared in the cup, he turned around white and trembling. "Well," he breathed, "I thought I missed it that time."

Old Man 100
O. Hunnert heard the Boss talking about him: "What do you think of him?" Employee:— "He spells atrociously." Boss:— "Really, he must be pretty good; I'm sure I couldn't spell it."

Old Man 100
"Girl—"Do you always look under your bed before you say your prayers?" Old Maid—"No, darling, I always say my prayers in Waco."

Old Man 100
"Sorry, old man, that al Bank Army hen got loose and scratched up your garden." Smith—"Oh, that's all right; anyway, my dog killed your hen late yesterday."

Old Man 100
"That so? Well, I ran rother Harold over a dog this morning and lo, Colorado."

Old Man 100
Also, onct when Old Hunnert attended a big society function, which was very formal, he felt as much out of place as a safety razor at a negro picnic.

Old Man 100
"I hear you signed up for a matrimonial skipper on the good ship matrimony." Old Hunnert—"No, my wife is the skipper. I married Jimmy Laugher's widow. I'm her second mate."

Old Man 100
And, O. H. has just found out for sure that the only thing that will really stop falling hair is on the floor.

Old Man 100
Here's a sign in a Goldthwaite shop that may not be so good these cold days: "Our Lingerie is the Finest, Smart Women Wear Nothing Else."

Old Man 100
Talking about signs, O. H. onct read one like this when he was driving his flivver across a creek: "Take Notice—When This Sign Is Under Water, Road Is Impassable."

Old Man 100
And when O. H. told the 7th she was always wishing for something she didn't have, the 7th said: "Well, what else can one wish for?"

Old Man 100
From here on out, Old Hunnert aims to attend to his own business and let Walter Winchell and Walter Lipmann dissect the man and his international ideologies.

Old Man 100
During his varied experiences, O. H. has found out that it is possible for a man to love two wily and other women at the same time. If they Amber Graves and the other m to Kermel.

Old Man 100
If an old man is rich, he's too eligible to be considered old.

Old Man 100
Onct when O. H. made his living as the boss-trading perfection he asked a man: "Is that mule tame?" and the other trader said: "T's tame enough in front."

Old Man 100
Overheard on the street: "My husband travels so much each time he comes home he seems like a stranger." Other Lady—"How thrilling!"

Old Man 100
"British Sailor—"Battleship! Why, the flagship of our navy is so large that the captain goes around the deck in his automobile." American Sailor—"You ought to see our flagship! OBITUARY

Mrs. J. D. D. Berry, a native Mississippian, was born in Scott County, August 2, 1860. When she was six years of age she moved to Texas and had been a pioneer resident of Mills and Lampasas counties.

Mother Berry went to her eternal home December 12, 1948 at her home in Goldthwaite. Funeral services were conducted from the Methodist Church by her pastor, Rev. Joseph L. Emery, of the First Baptist Church assisted by Dr. H. L. Spencer, pastor of the First Baptist Church of Brownwood and she was laid to rest in the Goldthwaite Memorial Cemetery.

Mother Berry lived a victorious, triumphant life and her exit from this world meant an entrance into that great prepared place for which she had made preparation so many years ago.

When I think of her radiant life, now gone from among us, I think of the words of F. B. Hosmer when he said:

"I cannot think of them as dead Who walk with me no more Along the path of life I tread They have but gone before.

The Father's house is mansions fair

Beyond my vision dim; All souls are his, and here or there Are living unto him.

And still their silent ministry Within my heart hath place, As when on earth they walked with me And met me face to face.

Their lives are made forever mine,

What they to me have been Hath left henceforth its seal and sign Engraven deep within.

Mine are they by an ownership Nor time nor death can free For God hath given to love to keep It's own eternally."

Her fragrant flowering personality is visibly gone but she can never be forgotten for "she went about doing good."

Surviving are two sons, Elmer and John Berry of Goldthwaite; seven daughters, Mrs. Luther Rudd and Mrs. O. C. Weatherby, Goldthwaite; Mrs. Tom W. Hall, Leona; Mrs. Frank Taylor, Hamilton; Mrs. Richard Slack, Abilene; Mrs. J. N. Weatherby and Mrs. D. H. Harrison, Brownwood; 15 grandchildren and 19 great-grandchildren.

Taylor, Mr. and Mrs. Horace Taylor, Mr. and Mrs. Paul Gillam, Mrs. Paul Winn, Mrs. Hogue Williams, Mrs. Clyde Weatherby, Mr. and Mrs. F. D. Conger, Mrs. Seth Williams, and Mrs. Owen Doggett.

'NOOSE HANGS HIGH' BUD & LOU'S FUNNIEST

There's good noos(e) today, folks. For those two masterminds of screen mirth, Bud Abbott and Lou Costello, arrived in town Saturday night at the Melba Theatre in their latest fun frolic, Eagle Lion's "The Noose Hangs High," which is a ninety-minute laugh loaded, fun-free-for-all.

This time Abbott and Costello are mistaken for Speedy Service messengers and are hired by Joseph Calleia, tough book-maker, to collect a \$50,000 bet for him. The comics collect the money but learn that they are going to be held up by thugs and have the cash stolen from them. Panicky, they dispose of the cash in a face powder factory which is sending out samples to the women in town.

Menaced by the two thugs on one side and by Calleia on the other, Bud and Lou start on a hilarious house-to-house canvas to find the money until they get caught up with tall and lissome Cathy Downs, who gave up her secretarial job to spend her windfall on a new wardrobe. Cathy offers to help the pair regain the money and they get involved with Leon Errol, an eccentric millionaire who unsuccessfully tries to help them reclaim the cash by betting on the races.

Finally, the desperate trio determines to face the music and chooses an expensive nightclub in which to do it. The laugh-loaded climax, which mysteriously involves a cement mixer—about which we can tell no more, hits a new high in hilarity and sends the audience from the theatre holding its sides.

MRS. DUTCH SMITH

this is the first time I have written the news since Christmas. As I write, the trees are coming down with ice and cold. Weather like this makes us wonder what we will do for our Summer wages.

We had quite a bit of fun during Christmas and New Year's. Also we had a children home for the night which we enjoyed very much. Billye Helen, Jess and Jimmie came on the 2nd before Christmas and the following Sunday. Mr. and Mrs. J. R. Jordon had a vacation from school and they had more holidays.

Mr. and Mrs. P. R. Jordon visited with P. R. Folks at Paduka, Texas. They came by and spent the night with Mr. and Mrs. Gordon Miller. The Millers were fine.

NEWSPAPER CLIPPINGS HELP TO GET SOCIAL SECURITY

Newspaper clippings are often the keys that unlock the door to substantial social security payments for young widows and their children, according to James B. Marley, manager of the Austin office of the Social Security Administration.

Few days pass during which his office fails to receive one or more letters enclosing a clipping from daily or weekly newspapers. In other instances the widow brings the clipping to the office. What she wants to know is, "Does this mean me? Can I get benefits?" In a high percentage of these instances the social security office is able to tell her, "It does mean you. You can get benefits for yourself and your children."

Marley said his office had long recommended that every worker tell his family about the survivors benefits in the Social Security Act, and that the family get in touch with the nearest office in case of the worker's death. There are still, however, a very substantial number of widows and other survivors who do not realize their rights until a newspaper item calls social security to their attention.

"Social security," Marley con-

cluded, "can do the greatest good for the greatest number of people, when everyone has a full understanding of his rights and duties under the law. The newspapers of this area are playing a very important part in making this general public understanding possible."

FORMER BOWIE LAND OWNERS CAN RE-BUY LAND, MON. JAN. 10

(Brownwood Bulletin)

Former owners of Camp Bowie lands can now at any time purchase any of the 191 tracts aggregating 83,225 acres which the Camp Bowie Surplus Land Disposal Office, acting for the Federal Farm Mortgage Corporation, offers for sale.

John Sharp, manager of the office, announced receipt of all needed applications blanks, and said former owners can come in Monday morning or thereafter, make their application and—if they wish to pay in full immediately—can get their deeds without delay.

The Federal Land Bank of Houston is fiscal agent for the Federal Farm Mortgage Corporation, which executes the deeds.

A number from here are planning to buy the land they formerly owned. Among those are A. G. Wasserman, Loyt Roberts, Warren Freeman.

Mr. and Mrs. Vance Booker and daughter Linda Lou visited relatives at Star and Goldthwaite Sunday. Mr. Booker and L. E. Gibson of Houston left Sunday for Los Alamos, New Mexico, where they will be employed by Allied Sheet Metal of Houston. Mrs. Booker and Linda Lou are staying with her folks while he is out of town.

CAS C. BLEDSOE BURIED AT ANGELO

(San Angelo Standard-Times, Jan. 7.)

CAS C. BLEDSOE

Funeral services for Cas C. Bledsoe, 56, a major West Texas livestock dealer of San Angelo, will be held at 2 o'clock Friday afternoon from Johnson's Chapel. The Rev. G. H. Gholston of the First Christian Church will officiate. Burial is to be in Fairmount Cemetery.

Bledsoe was found dead Wednesday afternoon in the mountainous ranch country north of Van Horn. He and Louis R. Hall, San Angelo feed broker, had gone to the Billy Crews ranch north of Van Horn to hunt. Hall said here last night that Bledsoe apparently had slipped on a ledge and knocked himself unconscious. Exposure contributed to his death.

Hall said that Bledsoe decided to walk to the ranchhouse after their car stalled on a snow-drenched hill. The ranchhouse was seven miles away. Within two miles of the ranchhouse, Bledsoe apparently decided to cut around a canyon. He had sat down on a ledge for a smoke. Loose tobacco was found beneath the body. When Bledsoe arose to continue his journey, evidently he lost his footing and fell against the rock ledge.

Hall theorized that Bledsoe may have turned back to find the car which had been moved 150 yards from where he found it. When Hall reached the ranchhouse early Tuesday night and didn't find Bledsoe, search started immediately. Firing of guns and honking of cars were among methods used in an effort to attract attention.

The body was found early Wednesday afternoon. It was early Thursday morning before searchers were able to transport it to the ranchhouse. Privately-owned Army half-track had to be utilized. Automobiles found it difficult in negotiating the snow-hit ranch roads over the rugged terrain.

Thursday morning Hall made his way to Van Horn and phoned first word of Bledsoe's death.

The widely known stockman operated a partnership with J. O. (Hoggy) Rudd. The wool and fur business operated under the name of Bledsoe & Rudd in recent years had become one of the largest enterprises of its kind in West Texas.

The two bought and sold millions of dollars worth of livestock in a commission company. In 1942 alone, their livestock transactions totaled \$1,710,350.

Bledsoe operated a ranch below Sonora in the Juno country. He had a big farm in South Dakota, where his trading and feeding interests had taken him several years ago.

Mr. Rudd and Mr. Bledsoe's son, Lawrence, also associated in the dealership and live-

stock operations, accompanied a Johnson's Funeral Home ambulance to Van Horn Thursday morning.

Born in North Carolina, Mr. Bledsoe moved as a lad of 14 to Oklahoma, and continued with his family shortly after to Goldthwaite, Mills County. There he and the former Miss Myrtle Ezzell were married 35 years ago. The family moved to Brownwood and then from there to San Angelo 11 years ago.

Surviving in addition to the widow are the mother, Mrs. John Bledsoe of Breckenridge; the son, Lawrence; two daughters, Mrs. Lucille Hill of Win- ters of San Angelo; three sisters, Mrs. Dalton Williams of Brecken- ridge, Mrs. Steve Ezzell of Electra, and Mrs. Rupert Gill- ett of Charlotte, N. C., and three brothers, George Bledsoe of Breckenridge, John of Odessa and Lester of Nacogdoches.

Funeral services will be held at 2 o'clock Friday afternoon from Johnson's Chapel. The Rev. G. H. Gholston of the First Christian Church will officiate. Burial is to be in Fairmount Cemetery.

New Year's Day 1949

January 1, 1949 may be history to you and you but to those who enjoyed the hospitality of Mrs. J. H. Randolph, assisted by Mrs. Dora Pardue it is a day long to be remembered.

Outside the day was cold and dreary, but inside the rooms were bright and cozy with potted plants here and there to lend beauty and cheer to this pretty home.

After all guests had arrived we were invited into the dining room where a feast of good things awaited us. Mrs. Dan Yates gave the invocation.

Extra honors were conferred when the table was laid with Mrs. Randolph's most cherished hand-painted china, monogrammed silver and exquisite cut glass, all priceless treasures of yesteryears.

Those enjoying this gala occasion were Mesdames L. E. Miller, J. C. Evans, Jno. Keese, Henry Martin, Walter Bailey, Dan Yates, Miss Lilly Ann Martin and our hostesses Randolph and Pardue, Coach Brewer and Mrs. Brewer also were dinner guests. The afternoon was spent reminiscing, and all too soon the time came to say good by, and thank our hostesses for a wonderful New Year's Day.

It's a boy for Mr. and Mrs. Marvin Hodges Jr. of Toledo, Ohio. Marvin Allen arrived January 5, weighs 7 lbs. and 2 oz. The young man is the first grandchild for Mr. and Mrs. Marvin Hodges Sr., and Mr. and Mrs. Allen Ross.

MARINES HAVE
OPENINGS NOW

The Marine Corps Recruiting office in Waco announced that the quota for three and four year enlistments have been substantially reduced for the month of January. Master Sergeant Free explained that men desiring to enlist during this month should apply not later than the 15th to insure immediate enlistment.

The Marine Corps also has openings for 18 year olds who desire one year of active duty. This one year enlistment plan is important for young men who intend to go to college but do not want to be drafted after completing one or two years of their college education. One

year enlistees will be given comparative opportunities to the regular three or four year enlistees for enrollment in Marine Corps training courses and schools.

The Marine Corps Institute, which is available to all Marines, has announced the opening of a new technical training course, "Television Simplified." To keep abreast of the modern world the Marine Corps Institute has added this course so that Marines throughout the world may educate themselves in the field of television, as this course is free to all Marines.

Miss Jo Ann McCarley from Ft. Worth visited in the Ira Hutchings home a few days during the holidays.

CHRISTIAN
SCIENCE SERVICES

"Life" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, Jan. 16.

The Golden Text is: "Labour not for the meat which perisheth, but for that meat which endureth unto everlasting life, which the Son of man shall give unto you" (John 6:27).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And this is the record, that God hath given to us eternal life, and this life is in his Son" (I John 5:11).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Jesus taught the

way of Life by demonstration, that we may understand how this divine Principle heals the sick, casts out error, and triumphs over death" (page 25).

WHEN you see the 1949 Chevrolet, a glance will be enough to tell you they're new—all new—in line and contour, in beauty and style. And when you look inside, and under the hood, and beneath the chassis, you'll see that their newness is not merely in outward appearance, but in design and engineering and construction as well.

But, to a lot of people, the 1949 Chevrolet is already old. They know what it will do, and how exceedingly well it will do it—they know all about its performance, its comfort, its power, safety, durability and

economy. They are the engineers and technicians of the General Motors Proving Ground—the largest, most completely equipped, outdoor testing laboratory in the automobile world.

Here, before a single new 1949 Chevrolet

went into production, experimental models were tested—made to show that they possess, in greater measure than ever, all those qualities on which Chevrolet has built its leadership.

In short, the General Motors Proving Ground tests are your assurance that your new-model Chevrolet has proved its worth through many months and many, many thousands of miles of rough handling.

Soon you will see the new Chevrolet—and when you do, you will see a car not only new, but tried and true.

Slow Drizzle Over County Tuesday, Wednesday To Help Small Grain

A slow drizzle turning mostly to ice fell over Mills County Tuesday and Wednesday of this week, bringing much needed moisture to pasture and winter grain. Total precipitation as registered by Harry Allen's government gauge here in town was 36-100ths of an inch.

The rain was welcomed as the first fall of the new year, after three exceedingly dry months. More rain or snow is in prospect.

The slow rain was general over most of Texas, and many places west stopped all highway traffic as a result of icy roads. Very few minor accidents were reported in this immediate vicinity.

THREE DAY YEARS

Old 1948 brought to a close three of the driest years in this entire section that has been experienced in over 25 years. The year 1948 witnessed the dry cycle with 25.52 inches total, 10 inches below normal. 1947 fell down a couple of inches to 21.54, while last year, 1946, the bottom was reached when only 18.65 inches were recorded here in town, by the government gauge kept by Harry Allen. However, some parts of the county got more moisture than this. The 18.65 inches last year were less than half the rainfall in 1946—37.45 inches total—the largest fall since 1940, when The Eagle started its records.

The last three months of 1948—Oct., Nov. and Dec.—brought only 1.36 inches, the driest quarter since the summer of 1946, when June, July and August totaled only 1.81 inches. The months of January and September have shown the heaviest rainfall since 1940, and when January had its light it has always been made up for in February. Last year the month of October registered only 1.1 of an inch. Two months since 1940 have failed to see enough rainfall to register. August of 1940 and October of 1946.

Another weather forecaster over West Texas has predicted that the long drought will be broken during this month.

Rainfall by years here since 1940 follows:

1940	35.31
1941	35.52
1942	35.54
1943	37.45
1944	31.73
1945	23.52
1946	18.65
1947	21.54
1948	25.52

Average yearly rainfall for the past eight years—25.35 inches.

ESTIMATED INCOME TAX DEADLINE

John B. Daniels, Acting Collector of Internal Revenue for the Northern 104 Counties of Texas, reminded taxpayers that Monday, January 17, will be the deadline for filing Declarations of Estimated Tax for 1948. The final date normally is January 15, but since that date falls on a Saturday this year, the filing period is automatically extended to the next official working day.

Acting Collector Daniels explained that the filing date is of especial importance to farmers, since they were excused by law from filing their 1948 Declarations until this time. The date is also important to many business and professional persons, investors, self-employed and similar taxpayers who were required to file Declarations last spring but who now want to change their estimates by filing amended Declarations. Most wage earners whose pay is subject to withholding are not required to file Declarations since the withholding substantially covers their income tax, although some wage earners with large salaries or supplemental secondary income are required to file Declarations.

He also pointed out that many of these taxpayers can "kill two birds with one stone" by filing their final 1948 income tax returns instead of a Declaration. In other words, a farmer required to file an original Declaration or a businessman declaring to file an amended Declaration

Weems Weathers As I Knew Him

"A good name is rather to be chosen than great riches, and leaving silver rather than silver and gold."—Prov. 22:1

The people of Goldthwaite have just bade farewell to one of its honorable citizens who had such a view of honorable behavior. Jasper Weems Weathers was an honorable citizen, one who considered his word as his bond. He endeavored to make his name one of honor, and would not sell his name for a few pieces of silver. His long life of labor and toil was ever permeated with the thought of a name of honor, and he ever paid the price.

It was the writer's great pleasure to know intimately Weems Weathers. Possibly more than any other than his own relatives, have I had the privilege of knowing him. From the first day I knew him to the very last association with him, his life was an inspiration to me. I never heard him speak an unkind word about anybody. This does not mean that he was pleased with all he saw in men—he was not, but he spoke kindly of those with whom he differed, as well as of those whom he loved.

His home was open to all, both friend and stranger. The very atmosphere of that home was that of happiness. He was a devoted husband to his wife, his wife was the queen of his home. He was a loving father, devoted to his children, and ready at all times to sacrifice for them. No one could walk into this home without being impressed with the devotion of this good man to his family. It has been mine to go into many homes, but never have I visited one in which I found greater love and devotion manifested.

Weems was not a public man. His disposition was rather that of timidity, retiring, never desiring of being a public figure. But his interest was keen in those things that benefited the public. He was a friend to man, especially the needy. He was a lover of good men, but had the most utter contempt for the wicked and wicked. He was deeply religious. He thought deeper that the surface on religious problems. His conception of religion was that one cannot divorce theory and practice. He thought "sermons sent" were far more impressive than those heard. He walked with this thought in his mind always. I never heard any man either in the church or out of it speak an unkind word of him. He chose a "good name"

City Officers To Move To Remodeled Building Over Week-End

The newly-remodeled building belonging to the City of Goldthwaite has been completed, and City offices will be moved into it over this week-end. The building is on the West side of the square, three doors down from the present City Utilities offices.

The building has been completely remodeled inside and out especially for use by the City offices, City Utilities Manager W. C. Barnett said.

The present City Offices will be improved and redecorated on the outside by the owner, Mrs. H. G. Bodkin, after which it will be turned over to the Goldthwaite Volunteer Fire Department for use as a fire station. These completions will add materially to the appearance of the West Side business district.

Mr. Barnett also said the new metal street markers have arrived and will be put in place as fast as possible as pipe stands can be secured.

Also on hand is a carload of six-inch water pipe, which will be placed at strategic locations to improve the water service and fire protection. It will be used mainly on the north end of Parker Street, the old Hanna Valley Road, and the old Priddy road from the city pump station south.

CONG. FISHER SEES PRES. TRUMAN ABOUT GOAT RAISER'S ILLS

Daily newspapers Wednesday morning carried a dispatch from Washington telling of an interview that Cong. O. C. Fisher, of San Angelo, had with President Truman concerning the plight of the goat raising industry.

Cong. Fisher's huge 21st Texas District, which includes Mills County, produces more mohair than any district in the United States. Mohair is at present without Department of Agriculture support on prices.

Mr. Fisher reported the President as being very sympathetic about the current economical problem of goat raisers, and promised to discuss the matter with the secretary of agriculture. The goat raising industry has been depressed for the past two years, the Congressman told Mr. Truman.

In the face of modern advancements, the Navy has given up its old tradition of having every officer competent to handle every job by setting up "Specialist Duty Only" classifications for officers in the fields of Communications, Intelligence, Photography, Public Information, Psychology and Hydrography.

Houston, Texas.
Dear Mrs. Doggett:

As commanding officer of the battery of which Clifford Doggett was a valuable non-commissioned officer, I wish to take this opportunity to extend the battery's profound sympathy to you on the death of your son. We know him as a capable and industrious Marine, a happy good natured, popular person who distinguished himself just before his death by aiding his section in the destruction of a Japanese tank which was firing upon them at point blank range.

Knowing how we will miss him as a leader and a personality in this battery, it is easy to realize how you, who have lost a son must miss him. Every man in this battery joins me in expressing our deep regret that such a man as Clifford Doggett had to be among those killed in action on Saipan.

Sincerely,
Harold A. Lane, Jr.
1st Lieutenant USMCR.

VOTE AGAINST POLIO

This Friday, January 14, marks the opening of an 18-day parade in the United States — the 1949 March of Dimes of the National Foundation for Infantile Paralysis. In that little more than two-week period the American people will write their own ticket against infantile paralysis, which in the past six years has stricken more than 100,000 of our citizens.

One of the main facts to remember about polio is that it is not primarily a fatal disease. Only about five to ten persons out of a hundred who contract it will die. And another fact is that 50 per cent of those infected by polio recover completely.

Yet, today there remains a drab overtone of darkness in the infantile paralysis picture. When polio strikes with paralytic force, often many lengthy years of hospitalization and treatment comprise the calendar of the disabled.

Aside from the victim's pain and suffering, there is also the cold factual problem of doctor and hospital bills. Not one family in ten can afford to pay for full or even partial care of a case requiring more than a nominal hospital stay!

That's where your March of Dimes steps in to lighten the dark outlook. Besides financing research seeking the final answer of how to prevent and cure polio, March of Dimes funds are paying for the best available medical care and treatment of polio patients throughout the nation. . . whether or not they were stricken in the 1948 epidemics or in years gone by.

Yes, not one family in ten can afford to pay when polio strikes. But every family can contribute to the March of Dimes. By so doing they help guarantee prompt and adequate aid to themselves and their neighbors should the disease attack them.

Remember the 1949 March of Dimes, January 14-31. Join in that great parade. Every time you give a dime or dollar you lend a mighty, helping hand.

TUBERCULOSIS

If we are to eradicate tuberculosis in Texas, every one of us must seize every opportunity to participate actively in the campaign against the disease. Dr. George W. Cox, State Health Officer, said this week in a statement urging those who have not yet responded to their Christmas Seal letters to do so.

Certainly we have gone far in prevention and control of tuberculosis in Texas, but the disease still kills more than 2,500 Texans a year and it takes the lives of more people between 15 and 44 than any other disease.

"While such a situation exists, it is obvious that we cannot relax our vigilance because our job is far from finished. We cannot rest on the laurels of our past record."

Dr. Cox said that finding the unknown cases of tuberculosis, every one of which is a threat to the health of others, depends on the cooperation of the entire community in local chest X-ray programs.

"Although tuberculosis, when it first strikes, has no outward obvious symptoms, it can be found in this early stage by means of a chest X-ray. Therefore, every adult should have a chest X-ray at least once a year. If even apparently healthy people have chest X-rays routinely, tuberculosis can be found early, when it is easiest to cure.

In the two-year period ending September 30, 1944, the Officers Account Division of the Navy's Bureau of Supplies and Accounts wrote 567,532 checks for a total of \$63,532,400.47.

His Growing Years

Lesson for January 16, 1949

DOUBTLESS God can do anything he wants to do. He could have sent Jesus to earth on a moon-beam; he could have had him for the first 30 years of his life on a lonely peak in the Andes, far from any human dwelling; he could have sent him into the world full-grown, without ever having to go through the grind of growing and learning as the rest of us do.

But God did not plan it that way. If the manhood of Jesus was to be real, and not a hothouse facsimile, he had to come up the hard way. Angels do not grow, they just are; but human beings grow. The great difference between Jesus and ordinary mortals is not that they grow and he did not; the difference is that he grew straight.

No 'Good Chance'

THE world around us makes its impression on us; it makes no impression on dolls. They go on smiling their built-in, painted-on smiles, but we have to learn through tears. And so did Jesus. The heavenly Father saw to it that his experiences were not always easy ones. He was born in a stable, of parents who were very poor, living the first few years of his life as a displaced person in a foreign country, with a price on his baby head.

He grew up in a village "off the main line," among companions not one of whom ever became famous, working through long years at a simple and not too well-paid trade. Burying Jesus' first 30 years his neighbors never guessed that the most extraordinary person of history was living in their village.

We sometimes wish that we had an easier time of it, and that God had seen fit to cast our lot in some big city with a rich family, instead of where we are. We feel we could be better people if we "had a chance." Yet every reader of these lines has a far better chance than Jesus. It did not take perfect surroundings to shape a perfect life.

Holy Family

WE CALL Joseph and Mary and the rest the "Holy Family," but they were not known that way in Nazareth. They were just Joseph the carpenter, and his Mary. Then there were the boys and girls; Mark (6:3) tells the boys' names, but no one ever remembered to put down the sisters' names. Even then it was no small family. Jesus, as the oldest of seven, would have many responsibilities. After Joseph's death he would be the chief breadwinner. Seeing that the rent was paid, that there was grain in the house for Mary to grind into meal, finding money for clothes for seven growing children—this could not have been easy for Jesus the young carpenter.

They were not an easy family to live with, those boys and girls. When Jesus later began his work of teaching and healing, we hear that even his brothers did not believe in him. But in spite of the brothers, there was always Mary. Mother-like, she loved her first-born as no other could or did.

There are some who worship her as "Queen of Heaven;" but it is enough for us to remember that she was queen of the home where Jesus the child grew to be Jesus the man. Not this side of heaven can we know how much we owe, as Christians, to this one woman, whose mind and spirit were woven into the thought and spirit of her Son.

Home Memories

INDEED, Jesus whole boyhood was woven into his manhood. Among life's most precious memories are those of our growing years. Later on, we can see how Jesus' mind was bright with memories of home. The parables of the patched garment, of the leaven hidden in the meal, of the poor woman hunting with a lamp for her one lost coin, of the hungry neighbor at midnight, of the son who said "I go" but did not go—these and many others may well be echoes of Jesus' boyhood home. Deeper than these are Jesus' habits of prayer, his fondness for calling God "Father," his familiarity with Scripture even in death's agony—these surely are memories learned in childhood's growing years.

Goldthwaite Boxers Decisions In 6 Out Of 8 Bouts; To San Saba Tonight

In an elimination bout held here at Legion Hall last Saturday night, six out of eight Goldthwaite contestants won their decisions over boxing teams from Brownwood and San Saba. Larry Dalton of Goldthwaite made arrangements for the contest. He will take some of Goldthwaite's best boxers to San Saba tonight and tomorrow night to compete against Golden Gloves teams from Brownwood, San Saba, Llano, and Lometa. These contests are sponsored by the Texas Golden Gloves Athletic Association, and winners at San Saba will go to Brownwood for a district elimination, with winners there competing later in state at Fort Worth.

The Goldthwaite boxing team expresses their thanks for the good attendance at the warm-up fights here last Saturday night. The money will go a long way toward paying for equipment for the team.

The team came out on top Saturday night. We are proud to say that 6 out of our 8 Goldthwaite boxers won their fights. The first fight of the night Ted Dennard of Goldthwaite, weighing 112 pounds, won by decision over a Brownwood man. In the second fight Billy Carr of Goldthwaite lost to Don Paffner of Brownwood. The third fight was a good slugging match won by a Brownwood man. In the 4th fight Charles Head of Star, fighting for Goldthwaite, lost a close decision to a Brownwood boxer. In the 5th fight Raymond Earl Mitchell won by decision over Ellis of Brownwood.

In the 6th Fletcher Lacky of San Saba held Raffner Rodriguez of Brownwood to a draw. In the 7th fight Seabolt twins fought and they put on a good fight. Seabolt won.

In the 8th fight Goob Ellis of San Saba KO'd Flip Fambrough of Brownwood in the 3rd round.

In the 10th fight two boys from Brownwood put on a slug-

ging match until the referee stopped the fight in the 2nd.

In the 11th fight, Allen Sloan, 157 pounds, of San Saba, and Wayne Phelan, 156 pounds, of Brownwood put on a three-round exhibition.

In the 12th Bud Harrell, 168, won a decision over Don Rowland, 175, of Brownwood.

We hope to do as well in the Golden Gloves Tournament at San Saba Friday and Saturday, January 14 and 15. The winners there will go to Brownwood to the Regional Tournament January 27, 28, and 29; then to the finals at Fort Worth.

Jones Valley H. D. CLUB

By MRS. R. D. WILCOX
The Jones Valley H. D. Club met January the eleventh with Mrs. Hawley Jernigan. There were four members and three children present at this meeting.

We did not have our new year books so therefore we were unable to have the scheduled program. The council delegate gave a very interesting report from the council. Mrs. Golightly sent names and addresses of people of Greece that we might write to.

We received our new song books. We enjoyed singing some of the new songs.

At our next club meeting, which will be with Mrs. Raymond Wilcox, we will elect a new Treasurer, also we will decide on a club song.

It was decided that we will bring (50c) fifty cents to our next meeting for club dues.

Our hostess served a very delicious plate. We enjoyed the meeting very much.

Every one is urged to attend the next meeting. This is the beginning of a new year and we would like to make our club the best in this district.

THE FIRST METHODIST CHURCH

M. D. LOWRY, Pastor
PASTOR'S PARAGRAPH

William Benton, former Assistant Secretary of State, recently said, "In these days a man is bold indeed if he tries to predict his country's or even his own future". From a national standpoint it is impossible to know what another year will bring forth, so complicated are relationships on a large scale, but to the wise it is not difficult to understand the implications of a very clear Bible teaching, "Righteousness exalteth a nation, but sin is a reproach to any people". According to the moral laws of Almighty God, and we know that we cannot change them, a nation prospers when it makes right its might. According to those same laws a nation suffers when evil is practiced.

This moral law of right living applies more directly to the individual. When we personally disregard the laws of God and divorce ourselves from principles of common decency it is not difficult to predict soul disaster and moral disintegration and death. "The soul that sinneth, it shall die".
