

The Goldthwaite Eagle

VOLUME FIFTY-FIVE

GOLDTHWAITE, MILLS COUNTY, TEXAS—FRIDAY, FEBRUARY 11, 1949

NUMBER TWENTY-SIX

SEES ALL KNOWS ALL TELLS NEXT TO NOTHING

BY OLD MAN 100

(THE BOSS IS NOT RESPONSIBLE FOR WHAT OLD MAN 100 SAYS IN THIS COLUMN. NEITHER IS THE OLD MAN. IF YOU GET MAD, COUNT AT LEAST A THOUSAND BEFORE YOU SHOOT OR BEAT HIM UP.—THE BOSS)

THEM YANKEES

Old Hunnert is sure glad now he saved his Civil War rifle—as he may have to use it again. Them Yankees is now trying to stop us Solid Southerns from filibustering any at all, so's they can cram the civil rights bill down our throats. But O. H. predicts that when the no-filibuster bill comes up the Solid Southerns will jest filibuster the filibuster bill to death. Otherwise, sooner or later all the Congress'll have to do is jest to meet, pass all the adm. bills as is, grab their pay, and skedaddle back home again—jest like Hitler had his trained monkeys in his heyday. It sure looks like us Solid Southerns is going to have to succeed from the onion again.

OIL BOOM

As before said, Old Hunnert has been trying for weeks to resign from the Boss' drawers dept., but the Boss jest says or else. O. H. has troubles figuring out something to draw every week that might please the Boss. This oil well excitement around here give him a idea this week:

"Either the plumbers struck oil or they made the wrong connection."

FROM OTHO CRAWFORD

Otho Crawford writes in to have his address changed in Austin, and spouts off some. "Back just after the dawn of the dark ages, meaning just before final exams and the new year, I had the pleasure of accompanying my friend, Allen Collier, to a place not so remote from the one described to you by a Mr. Friday Walker, who was speaking about Saltillo and three people on a burro, six pesos and 6 kilometers from a tortilla huk? Anyway, after an extensive cultural study of Monterrey, Mexico, I have come to the unanimous conclusion with my board of directors and myself that they have civilization down there and we are lacking certain aspects of it up north of the Rio Grande. Please keep up the 50 Year Ago column—it is very interesting. Some people tell me you write a joke column. I must read it sometime. Here's one:

Mo—"Can your wife keep a secret?" Jo—"Yes." Mo—"I'm safe." (Signed) Otho Loyd.

Grass To Be Planted On Four Hundred Acres In Mills County

"I want to plant grass seed that will grow knee-deep to a cow, stay green all year and carry two cows to the acre," is the general wish of farmers and ranchers who want to turn out that old field to grass.

"It is now time to plant grass seed," says Ben R. Day, Work Unit Conservationist of Goldthwaite. "But the farmer will want to take several precautions to insure success of the planting. There are some grasses that will grow knee-deep but in this area we have not found the grass that will stay green all year or will carry two cows to the acre."

First, the farmer would want to select a grass that is adapted to this climate and soil. Some native grasses that are adapted to moist soils in this area and will get "knee-deep" are Indian grass, Little bluestem, Big blue stem and Side-oats grama.

Goldthwaite City Council, in regular first Monday night meeting, ordered a City Election for the City of Goldthwaite to be held in the District Court Room here on the first Tuesday in April, April 5, for the purpose of electing two City Aldermen.

Terms of Hills Blackwell and Jesse Moreland expire this year.

March fifth, or 30 days before the election, is deadline to file names with City Secretary Raymond Summy in order to get them on the official ballot. It will be necessary for candidates to file an anti-communist affidavit.

A committee from the Junior Chamber of Commerce met with the Council, suggesting the hiring of a city marshal to regulate traffic here. No action was taken by the Council.

The Council appointed two of its members, Howard Hoover and Jesse Moreland, as a committee to number all blocks in the city limits. After this work is done, the new street markers will be placed, preparatory to assigning house numbers. This is necessary to get free city mail delivery here.

City Utilities Manager W. C. Barnett said work is getting under way installing the 6-inch water line in the north part of Parker Street and north on the old Priddy road to give fire protection to that section of the city.

Resident District Engineer Leo Ehlinger of Brownwood and Walter Summy, Mills County maintenance Engineer for the State Highway Department, have announced that their department would pave the road from the Arthur Cline corner of North Fisher Street on out the old Priddy road to the highway intersection at the Y north of town. This has long been needed here, and will give protection to the new ball park.

CITY ELECTION FOR APRIL FIFTH, SELECT TWO CITY ALDERMEN

Goldthwaite City Council, in regular first Monday night meeting, ordered a City Election for the City of Goldthwaite to be held in the District Court Room here on the first Tuesday in April, April 5, for the purpose of electing two City Aldermen.

Terms of Hills Blackwell and Jesse Moreland expire this year.

March fifth, or 30 days before the election, is deadline to file names with City Secretary Raymond Summy in order to get them on the official ballot. It will be necessary for candidates to file an anti-communist affidavit.

A committee from the Junior Chamber of Commerce met with the Council, suggesting the hiring of a city marshal to regulate traffic here. No action was taken by the Council.

The Council appointed two of its members, Howard Hoover and Jesse Moreland, as a committee to number all blocks in the city limits. After this work is done, the new street markers will be placed, preparatory to assigning house numbers. This is necessary to get free city mail delivery here.

City Utilities Manager W. C. Barnett said work is getting under way installing the 6-inch water line in the north part of Parker Street and north on the old Priddy road to give fire protection to that section of the city.

Resident District Engineer Leo Ehlinger of Brownwood and Walter Summy, Mills County maintenance Engineer for the State Highway Department, have announced that their department would pave the road from the Arthur Cline corner of North Fisher Street on out the old Priddy road to the highway intersection at the Y north of town. This has long been needed here, and will give protection to the new ball park.

OIL ACTION IN HAMILTON COUNTY

(Hamilton Herald-News)

Interest in Hamilton County oil activity was highlighted this week by the moving in of machinery Tuesday and Wednesday on the T. B. Fuqua tract in the Gentrys Mill community for a test in Seaboard Oil Company's block. The Standard-Fryer Drilling Company of Dallas will put down the well with Earl McGill as superintendent in charge of drilling operations. Seaboard has a block of some 5,000 acres in this area.

And a way back yonder, o. h. can remember that when a woman had scarcely anything to wear she stayed at home. As write above, that was a long time ago.

Medium—"I see a great loss—the loss of your husband." Minnie—"But he has been dead five years." Medium—"Then you will lose your umbrella."

Teacher—"What's etiquette, Sammy?" Sammy—"Aw, that's old noise you mustn't swallow your tea with when there's company."

Also, maybe our justice ain't set right. If a man robs you, you must help support him in prison—whereas, he should go to work and repay you.

Davy Blonde—"And what is that enormous thing?" Foreman—"That is a locomotive boiler."

D. B.—"And why do you boil locomotive boilers?" Foreman—"To make the engine tender."

Also, alcohol is an excellent liquid for preserving anything but secrets.

O. H. jest happened to be walking behind two caty old maids. First O. M.—"Clara, you may not believe it, but I said 'No' to seven different men during the summer." Second O. M.—"Oh, I don't doubt it. What they selling?"

When O. H. told the 7th:

cake tastes queer, darling.

Howard Hoover Motor Company Displays New Series Oldsmobiles

24

Oldsmobile officially presents "the '49" a sure winner," Oldsmobile's sales chief continued. "Add to this the fact that the '49 will sell for considerably less than any previous Futuramic Eight, and you can understand our great expectations for the new line," he said.

Mr. Ralston explained that the public announcement of the Series '49 was purposely scheduled for announcement in February, partly for production reasons, and partly because it was felt that this sensational new car was deserving of maximum attention from the automobile buying public.

CHAPPELL HILL

By PEARL CRAWFORD

We had 18 days of cold weather, rain, snow and sleet. The old timers think it was the coldest spell we had in a long time. It was hard on little lambs and kids. The moisture was badly needed. The school bus didn't run a few days. The children enjoyed a fine day playing in snow and eating ice cream. I think Old Man Winter just pressed the wrong button.

The new '49 Series will be available in six body styles and a full range of colors. The various models will include a Four-door Sedan, a Four-Door Town Sedan, a Club Sedan, a Club Coupe, a Convertible Coupe, and a newly styled Station Wagon.

"The new '49 Series will offer General Motors Hydra-Matic Drive as standard equipment," Mr. Ralston said. "Hydra-Matic Drive is now standard equipment on the Futuramic Series '48' and optional on the Series '49' line. The combination of the 'Rocket' engine's 135 horsepower, with the extra comfort and visibility of the new Fisher Body, plus the ease of Hydra-Matic Driving.

REA VISITORS

The annual REA convention held in New York last week attracted some 350 Texans who made the trip via special trains. A varied program featuring subjects of vital interest to rural electrification was presented to the 3700 visitors from all parts of the country. Among the top speakers was Rep. Bob Pogue of Waco, an outstanding REA leader. I was able to attend a part of the session.

Many of the Texans made a stopover in Washington. Among those from our district were Mr. and Mrs. Arthur Stehling, Mr. and Mrs. Paul Stehling of Fredericksburg; Willis Hill of Goldthwaite; Mr. and Mrs. Tom Gass of Kerrville; Mr. and Mrs. Babe Smith; Mr. and Mrs. Clyde Fretwell of Lampasas; Victor Niemier of Knippa, Uvalde County; Mr. and Mrs. Luke Moss; Mrs. Ben Denop of Llano; W. W. Cardwell, Manager of the Bandera Coop; W. G. Ankele of Bandera; Henry Bus of Medina; and Mr. and Mrs. P. L. Garrison, also of Bandera. Other Managers included Sam Laramore, of the Medina Coop; Martin Hyltin, of the Pedernales; and Weston Groves of the Hamilton group.

Other visitors last week included, Ensign and Mrs. Aubrey Leffler of Sonora; Harry Benge of Paint Rock and Austin; B. F. Vance, P.M.A. Chief

The diesel engine was invented in 1900.

of College Station; Major Harvey Lynn of San Angelo; Col. Douglass Smith of San Saba, now Secretary-General of the Inter-American Defense Council; Mary Love Oliver of Uvalde; Capt. H. C. Davis of San Angelo; Mr. and Mrs. Edwin Dalrymple of Llano. Mr. Dalrymple is now with the FBI in Washington.

TELEVISION EXPANDS

Television is growing by leaps and bounds. A few days ago I appeared on a one-hour television program which originated in New York and which was carried over the Dumont network to cities as far away as Chicago and St. Louis. It is said that within another year or so this coverage will include most of the big cities of the Nation.

I also took part in a radio forum program in Washington last week. The topic was, "Should the State or Federal Government Handle Questions of Civil Rights?" I defended the right of the States and was ably assisted by Congressman Dixie Gilmer, a new Member from Tulsa. On the other side were Rep. McCarthy of Minnesota and a Mr. Levy.

It won't be long until the Congress will come to grips with this important issue—the issue of the extension of the power and authority of a centralized, Federal government over matters purely local in character. The demand for this Big Government stems from political appeal to minority pressure groups. In addition to some support from vote-conscious respectable groups, the civil rights by-Congress proponents have solid backing from the Communists and the subversive front organization.

WASHINGTON NEWS COVERAGE

Washington is a glass house. Several thousand people up here make their living keeping tab on Congressmen, Senators and other public officials. In that way, the public is kept well informed.

Take the House of Representatives, for example. There are exactly 780 members of the press admitted to the House Press gallery. That is a sort of special privilege from the Speaker and a Standing Committee of Correspondents. A reporter must apply for the privilege. Of the five members of the Correspondents' Committee, two are Texans—David Botter of the Dallas News and Bill White, formerly of De Leon, now with the New York Times.

But that is not all. In addition to the Press gallery, 175 are admitted as representatives of magazines and periodicals. And an additional 150 come in as radio correspondents.

A total of 18 Texas newspapers have reporters admitted to cover the doings in the House of Representatives. Additional papers get UP and AP service of course. The Dallas News has the best capitol coverage of any other Texas paper. The News maintains three outstanding full-time correspondents here—Walter Hornaday, David Botter and Ruth Schrum.

ANGUS WINS

(Dallas News)
An Angus steer, Kilroy Re-
ns, weighing 1,000 pounds,
won the highest honor at
the Southwestern Exposition
and Fat Stock Show. That
ould not be news in Kentucky
Indiana. To livestock men, it
big news in Texas.
or Texas is a predominantly
reford state—the premier
reford area of the world.
arly 90 per cent of all beef
te are of this type, which
ts start in Texas when
S. Ikard established the first
municated herd in 1885. Since
n the whiteface has almost
nopolized the beef market in
s area.

Now a Future Farmer, Robert
H. Johnson of Goldthwaite, sets
a precedent with his black steer.
The Angus has many merits. Its
low-hung body and short legs
comprise a frame that supports
an abundance of beef. It has
fine uniformity and placidity of
temper. Its supposed drawback
is its color. Doesn't black absorb
the terrific Texas heat? But
maybe man's presumptions with
nature have been wrong. After
all, the elephant with its dark
gray thrives in Africa.

This Angus product shows a
venturesome spirit by a young
farmer. Texas agriculture needs
such spirit. Texas need not be
an all-Herford state any more
than an all-cotton state. There
is strength in diversity. Too,

We have a Norther blowing this morning. But it isn't so muddy.

By MRS. DUTCH SMITH

Mrs. Fred Laughlin, Ima Fae,
Mrs. James V. Gage, Mrs. Dutch
Smith, Mrs. Bill Hitower and
Betty Featherston were in
Brownwood shopping Monday.

Mr. and Mrs. William Black-
man from Junction visited his
sister, Mrs. Fate Eckert and
family over the weekend.

Mrs. Elmer Geeslin of Fort
Worth spent the week end with
her parents, Mr. and Mrs. Terrel
Casbeer.

Mr. and Mrs. Dutch Smith
visited her sister and husband
Sunday. Mr. and Mrs. Boyd
Leverett of Pecan Grove.

Mr. and Mrs. Terrel Casbeer
and Ladelle, Mr. and Mrs. Dutch
Smith, Mr. and Mrs. James V.
Gage, Mr. and Mrs. Fred Laugh-
lin, Mrs. Bill Hitower and Nan
and Jo An Featherston attended
the square dance at Lometa,
Saturday night. This dance was
given for the March of Dimes.

Mr. and Mrs. Terrel Casbeer
were in Brownwood Monday.

Mrs. Dutch Smith visited
Thursday with Mrs. P. R. Jordan.

Mr. and Mrs. W. B. Wooster's
son and family visited them
recently, also Mr. and Mrs. Har-
old Wills of Austin visited them.

Mrs. Dutch Smith visited with
friends in Lometa Friday while
Dutch was at the Auction Sale.

Mr. and Mrs. Ward Carlisle
were in Goldthwaite Saturday.

Mrs. Hitower of Goldthwaite
visited her son, Bill, and family
Sunday.

Mr. and Mrs. Dutch Smith vis-
ited the Hitowers Sunday night.

RED SKELTON AT
HIS FUNNIEST IN "A
SOUTHERN YANKEE"

If all battles were like the
ones fought by Red Skelton in
"A Southern Yankee," now on
view at the Melba Theatre,
wars would be a pleasure!

For there never has been as
funny a soldier as the one por-
trayed by M-G-M's unrivaled
comedian in this howling tra-
vesty of Aubrey Filmore, the
bungling and blundering bell-
hop determined to become a
member of the Union's Secret
Service and to track down the
South's most dangerous and
elusive spy, the Gray Spider.

When circumstances entirely
beyond his control enable Au-
brey to capture the Gray Spid-
er in a St. Louis hotel bedroom,
the Secret Service is forced
against its will to enlist the aid
of Aubrey and, disguised as the
Spider, he is sent on a mission
to Confederate headquarters at
Morgan's Landing to supply a
Southern general with false in-
formation about an impending
battle.

"JULIA MISBEHAVES"

Greer Garson, the screen's top
dramatic actress, now shows
herself a brilliant comedienne
as well in the hilarious "Julia
Misbehaves," in which she ap-
pears at the Saturday night
preview, Sunday and Monday at
the Melba Theatre with her
partner of many earlier hits,
Walter Pidgeon.

Based upon the widely-read
novel, "The Nutmeg Tree," by
Margery Sharp, this saga of a
lusty London showgirl who cap-
tivates every man's heart ex-
cept her husband's, gives Miss
Garson the laugh role of her
career as the fun-loving Julia
Packett, down to her last pawn
ticket but too proud to accept
help from Bill, the husband
from whom she is separated,
and Susan, the daughter she has not
seen in fourteen years.

Mr. and Mrs. Joe A. Palmer
took Mrs. J. W. Kelly to Brown-
wood Sunday to visit Mr. and
Mrs. J. C. Darroch while she is
is convalescing from a recent ill-
ness.

PRE-SCHOOL P.T.A.

The Pre-School P.T.A. met
February 2 at the Grammar
School auditorium. Mrs. Howard
Campbell had charge of the
children in the first grade
room. Mrs. L. V. Binningfield
presided over a short business
meeting and then presented a
film "The Children Must Learn." Mrs. Patton talked on
"How Intelligence Develops."

Due to the bad weather we
did not have a very good crowd
but the ones there enjoyed Mrs.

Patton's talk very much and
regret that more mothers could
not come and benefit from her
very interesting talk. Our next
meeting will be on March 2.
Please come and meet with us.

GARDENING

PLANTING A TREE: Whether the tree be for shade or for fruit production, the principles of planting are the same. The hole where the tree is to be planted should be dug deep and wide enough to easily accommodate the entire roots of the tree. The size of the hole will vary with the size and type of tree that is to be planted. When the tree is ready to be placed in the hole, trim the broken roots and fill around the roots with topsoil. Spread the roots horizontally into a natural position and press the soil firmly around the root as the hole is being filled. When the hole is nearly filled with soil, pour enough water around the tree to thoroughly settle the soil. Then fill the remainder of the hole with loose dirt. Fruit trees may be cut back approximately one-third to one-half of the total height of the tree above the ground when the tree is planted. Shade trees may be cut one-third to one-fourth of the total height, leaving a few side twigs and branches. In those areas where moisture is limited, additional watering may be needed between planting time and spring. Ample moisture is essential to normal tree growth.

PLANNING AND DOING THIS MONTH: Many of us are making "fireside" plans for our gardens. The real action will start with the coming of spring. The new seed catalogs are arriving now. From them you can learn the new varieties of flowers that are available, and whether they will be desirable for your garden. Most catalogs nowadays also give suggestions for flower combinations. Then, on a rough draft of your garden try placing these plants in a good arrangement. Your garden should be an expression of your own ideas, so no hard fast rules can be given for you to follow. Certain things, of course, have proven to be ad-

visable. For instance, it is generally conceded that an open lawn, not cut up with flower beds and pools, is most pleasant. Flowers planted with consideration for color harmony and contrast, as well as height and time of bloom, makes for season-long beauty, but in its entirety your garden is entirely up to you, and your ideas of what will be most pleasing. More satisfaction will be gained, however, (regardless of how you arrange it) if you plan your garden early. You will have time to consider carefully each item; seed, fertilizer, tools, lawn, when you can arrange to do each task, and how much you can afford to do this year. When planned early, all these things will be given attention and one is just as important as the other in successful gardening.

Bulbs that have been plunged outdoors for indoor forcing may be brought in at intervals of two to three weeks for a succession of bloom. Toward the end of January you may cut branches of early flowering shrubs such as forsythia and flowering quince, to force in water indoors. Retarded lily-of-the-valley pipe may be forced into bloom in about three weeks from the time of potting. If you have stored dahlia tubers and similar subjects, it would be well to inspect them at this time and to cut off any decayed portions. Should your gladiolus corms show any signs of molding, dust them with sulfur and remove them to a drier place. When the leaves of your poinsettia turn yellow, gradually decrease the watering and store it dry until spring. Pansies and various other perennials may be sown at this time if a satisfactory place is available.

CHECK YOUR PLANTINGS: Mature foundation plantings often become crowded. Look them over carefully and thin the

plants where needed. Following this year's drought, it may be necessary to make some replacements. This is the month. Prune those plants which have grown out of shape so that there will be the proper blend of lines between plants. We would suggest that you visit the nursery closest to you and look over the plant materials that may be added to your present plantings in order that your yard may be more attractive. Why not add some redbud in those areas where this tree grows, as it is hardy, cheap, and beautiful.

MOSS AND FUNGUS GROWTH ON YOUR PLANTS: Moss and lichens often disfigure the attractive appearance of trees. It seems to prefer live oak trees in all parts of South Texas. Spray this month with one gallon of oil emulsion to twenty-five gallons of water or with four pounds of dry lime sulfur to twenty-five gallons of water. Where scale insects exist on any of your shrubs or fruit trees, the above mixture should be applied in January when temperatures are well above freezing.

EARLY FLOWERS: Flowering plants such as hollyhock, calendula, salvia, petunia, and many others of this same group can be started in your greenhouse or in a small glass-covered plant bed. By starting the plants in flats in which there is a mixture of equal parts of compost and loam soil, you will save thirty to forty days of growing season. When the plants that have been started in the flats have reached a height of two to three inches, they may be transplanted into additional flats with a spacing of four inches between plants or they may be potted. About the time that all danger of frost is over, the plants will be ready to go into the beds and adorn your yard. If you do not care to go to the trouble of growing the plants yourself, it is likely that your local florist will have them for you.

HOW TO CONTROL CROWN GALL: Crown gall is a bacterial disease caused by Agrobacterium tumefaciens. It occurs commonly on a considerable number of horticultural plants including peach, plum, cherry, apricot, raspberry, apple, pear, quince, rose, dogwood, honeysuckle, and others. Crown galls result from wound infections located most commonly near and just beneath the soil surface. The wounds may be made in handling and grafting or may result from any other wound-producing agency including insects. The surface of crown galls, when moist, give off the causal bacteria freely to the soil with the result that such soil becomes heavily contaminated. These bacteria can live in the soil away from susceptible plants for as long as three years. Therefore this must be taken into account when planning control measures. Once soil is contaminated with crown gall bacteria, it is necessary to employ a four-year rotation, three years of which non-susceptible crops are grown. Great care in prevention of wounds is also very important. The safest procedure is for nurserymen to grow all crown gall susceptible plants in a four-year rotation and to exercise great care in discarding all plants regardless of the size of the galls. Sanitary measures in handling and storing susceptible plants will pay nurserymen good dividends.

Jones Valley
H. D. Club

The Jones Valley H. D. Club met with Mrs. Raymond Wilcox, January 18. We have not yet received our year books so it was impossible to have the program. We discussed the following: The election of a new Secretary and Treasurer, also a club song. The President gave us some very interesting receipts on how to make corn bread. These were sent out by Miss Hinta. We also received pamphlets on "being an officer" and "Parliamentary Procedure."

Refreshments were served to Mrs. Albert Tulley, Andria, and Gordon; Mrs. Hawley Jernigan and Harlon; Mrs. Arthur Wilcox and hostess, Mrs. R. D. Wilcox and Larry.

The next meeting will be at Mrs. Harvey Hale's. Everyone is invited to attend.

CARD OF THANKS

T. H. Burrows and family, Mr. and Mrs. W. W. Reynolds and family, Mrs. Muttie Edwards and family, Mr. and Mrs. W. J. McLaughlin and family, Mr. and Mrs. H. C. Burrows and family, Mr. and Mrs. Ervin Anderson and family.

Mr. and Mrs. Jim Walker and Mrs. G. A. Archelger of San Saba were here Sunday in the Marsh Johnson home. They also visited other relatives.

Mr. and Mrs. D. A. Hamilton spent the day Sunday with her sister, Mr. and Mrs. W. W. Perkins at Duron.

Mrs. E. Wallace of Comanche spent Tuesday with her parents, Mr. and Mrs. Mel Booker.

Blue Bonnet Club

The Blue Bonnet Club met with Mrs. Chas. Wilbur Hill January 27. Due to the very bad weather there were only three members present.

They embroidered several tea towels that afternoon. Mrs. Hill served hot chocolate and cookies.

Our next meeting will be with Mrs. Dan Covington, February 25. —Reporter.

Miss Jeanette Hamp Dallas visited her aunt and in, Mrs. Tom Cave and Ruby Cave the first of last week. Frank and G. L. Sanderland spent Sunday Monday with their sister, E. B. Anderson.

Mr. and Mrs. Jesse and Gene were week-end visitors of their parents, Mr. and J. F. Saegert, and Mr. and E. E. Behrendt, at Seguin.

Mrs. Dora Lindsey and Sam Self were in town to see Dr. Slaughter. They both been on the sick list. Mr. and Mrs. Gus Kettler in Fort Worth Monday treatment for Mr. Kettler came home Tuesday.

Six Reasons Why

RED CHAIN
VITA-RANGE
NUGGETS PRO-
DUCE TOP FEED-
ING RESULTS

- 1 A 20 per cent protein range feeding supplement with all the essential amino acids in proper balance.
- 2 Made in two convenient size cubes for feeding cattle and sheep. Three pounds a day for the average size range cow... one-fourth pound a day for sheep.
- 3 Well fortified with dependable Vitamin A, so necessary for a good calf or lamb crop.
- 4 High in carbohydrates, low in fiber assuring high digestibility.
- 5 A lot of ranchers fed Vita-Range Nuggets last year, with surprising good results.
- 6 Easy to feed... just pour the tightly packed, firm cubes out on the ground, or feed in trough if you prefer.

Noodle Cheese Loaf
(Recipe below)
Buttered Canned Asparagus
Jellied Tomato Salad
Hot Rolls Butter or Margarine
Mixed Fruit Cup
(diced apple, banana and orange)
NOTE: Starch items (meal of the week special) in ad will make this meal.

Noodle Cheese Loaf

Broadcast: February 12, 1949

2 tablespoons finely minced onion
2 tablespoons shortening
1 egg
1 cup milk
1/2 cup flour
1/2 cup grated American cheese

Turn on oven; set at moderately slow (350° F.). Grease, then dust with flour a quart loaf pan. Cook onion slowly 3 minutes in shortening. Add to mixture of beaten egg, milk, cheese, salt and pepper. Fold in noodles and cheese. Pour into prepared pan. Bake about 45 min., or until firm. Let stand in pan 3 min., then turn out. Serve with creamed peas. Makes 4 servings.

You will need to cook 1 1/2 cups noodles in 6 cups boiling water and 1 1/2 teaspoons salt.

CENTRAL PONTIAC HAS NEW 1949 MODEL ON DISPLAY TODAY

The long awaited, much speculated upon 1949 Pontiacs were revealed publicly as two completely new and strikingly beautiful lines of motorcars.

Harry J. Klingler, general manager of Pontiac Motor Division and vice president of General Motors, described the new Pontiacs as "The finest motorcars we have ever produced."

Pontiac offers the public two "New Looks" for 1949. The Chieftain series is an entirely new concept of functional beauty distinguished by its ultra-styled rear pattern. The Streamliner series is an extremely advanced rendering of the flowing design factors popularized by Pontiac.

Both Chieftain and Streamliner series use a 120 inch wheelbase. The Torpedo line has been discontinued, Mr. Klingler said.

Approach pattern of both Chieftain and Streamliner from gleaming Indian head ornament to massive, wrap-around bumper is a design triumph of suave yet rugged elegance accentuated by Pontiac's traditional Silver Streak, stylized for 1949 but still serving to make Pontiac the world's best identified motorcar. Grills of both series have a magnificent and unique simplicity: a single chrome bar, so heavy as to simulate a second bumper, spans the entire front above the ten modernistic louvers. Rectangular parking lamps, convertible to dual duty as directional signals complete the concept.

Sleek surge has been gained by lowering the hood with an added safety factor compounded by reduced pillars and curved windshield whose gleaming

sweep has been increased nearly six inches.

Body contour is in the modern manner and yet unmistakably Pontiac. Front fenders sweep opulently through the doors to the rear fenders which are integrated with the rear quarter panels.

Roof lines have been lowered 2.5 inches resulting in a breath-taking silhouette.

In rear end design Chieftain and Streamliner take different routes to the common goal of modern beauty.

The Chieftain embraces modernistic styling adapted to Pontiac individuality. This consists of two gracefully arched steps from roof crown to trunk deck, to lower edge.

The Streamliner rear will be pleasantly reminiscent to the many fanciers of this design type who has added appeal through its 1949 treatment. The Silver Streak accentuates both series.

INTERIORS CARRY MOTIF
Just as the exterior of the 1949 Pontiac is distinguished by a complete lack of automotive "ginger-bread," interiors carry out the motif of elegant simplicity. Comfort and safety predominate in Pontiac's selection of interior features.

TRAVELEX RIDE
The Pontiac ride has been improved by moving the rear seat well forward of the rear axle, cushioned between the front and rear springs. An added dividend is added hip room by avoiding the space-taking wheel housing.

10 BODY TYPES
Pontiac will make ten body types for 1949 and with two exceptions each may be had as standard or with certain refinements.

RELIGIOUS EMPHASIS

Dallas, Feb. 12.—Annual Religious Emphasis Week will be observed on the Southern Methodist University campus, Feb 14-17.

Sponsored by the SMU Student Council of Religion Activities, the program has as its theme "Religion, the Great Difference."

Mr. J. W. Edlin is seriously sick in his home, 1504 Main Bl'd, Brownwood.

Mrs. Eula Nichols and Mrs. G. W. Hill accompanied Mrs. Glen Nichols and Mrs. Ashton to Brownwood Friday and visited with Mr. and Mrs. J. W. Edlin.

Mrs. G. W. Hill, David and Miss Bess Hutchings visited with Mr. and Mrs. J. W. Edlin in Brownwood last Tuesday. Mrs. Hill and David returned that evening but Miss Hutchings stayed until Friday evening.

The Gobi Desert is in Mongolia, China.

Light travels at the speed of 186,324 miles per second.

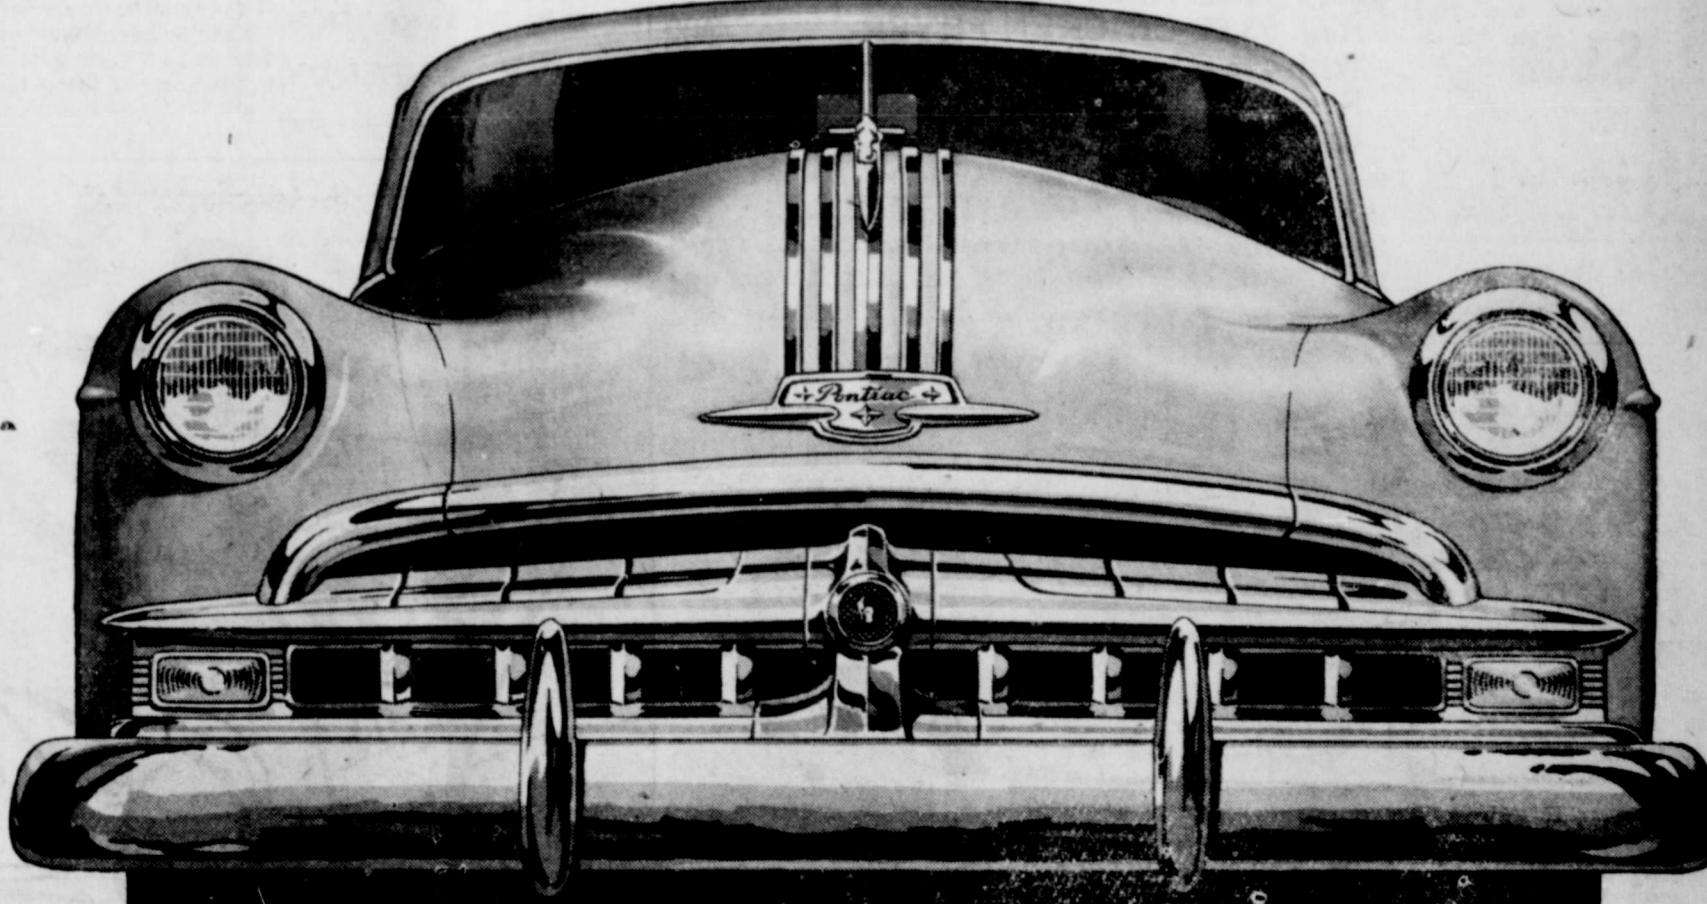

Samuel Morse invented the electric telegraph.

Entirely New Pontiac For 1949

The Pontiac Chieftain line of which the four-door deluxe sedan is shown here has a 120 inch wheelbase. Roof lines have been lowered without sacrifice of comfort. Trailing pattern of Chieftain series consists of two gracefully arched steps from roof crown to trunk deck to lower edge. Both Pontiac Streamliner and Pontiac Chieftain lines average 38 percent more glass area. Visor on car pictured is an accessory.

205 WW II Dead Returned To S.; Texas Awaits Return Of 290

remains of 3205 Americans who lost their lives during World War II have been returned to the United States from Mediterranean Area aboard United States Army Trans-Corporal Eric G. Gibson, Department of the Army announced this week.

Med forces dead originally interred in temporary military cemeteries in Italy and North Africa are among those brought

back to this country.

A total of 290 remains were returned upon instructions of next of kin residing in Texas.

The Army stated that each next of kin was notified in advance of the arrival of the vessel, and would be notified again after arrival of the remains at the regional Distribution Centers of the American Graves Registration Service.

Remains returned to this area

for reburial include:

Pfc. Edward C. Rost, Army; next of kin, Ed Rost, Box 148, Priddy.

T-4 John C. Koether, Army; next of kin, Henry Koether, Route 1, Evant.

S-Sgt. James W. Gardner, Air Force; next of kin, Phil Gardner, RD 1, Hamilton.

Mr. and Mrs. W. C. Frazier had visitors Sunday from Atherton: Mr. and Mrs. Perry Green and family. Mrs. Perry is Mrs. Frazier's niece.

Mr. and Mrs. Walter Reed of Lometa spent Thursday of last week with her mother, Mrs. F. D. Webb.

DEPOSITORY BIDS ADVERTISED FOR

Notice is hereby given that the Commissioner's Court of Mills County, Texas, will select a depository for Mills County Funds, for Two Years, at its next regular term of Court, which will be February 14, 1949. All Parties interested will take due notice of the same.

L. B. PORTER,
County Judge,
Mills County, Texas.

GIRL SCOUTS

TROOP FIVE

Troop 5 of the Brownie Scouts met at the "Little House" Tuesday at 2:45. We had a short business meeting with our president, Nelda Lynn Yeager, presiding. Plans were made for the program we will give for the P. T. A. Also an invitation from the Boy Scouts to a party next Tuesday was accepted with pleasure.

We made valentines with every girl trying to make hers the most original. We closed our meeting with our magic tunnel. Lawana Ann Benningfield presented each girl with bubble gum as they left the "Little House" singing "Good-by Brownies, See You Next Tuesday."

Junior Garden Club

The sixth grade class met Friday, January 28 at the Grammar School auditorium for the Junior Garden Club.

The meeting was called to order. The club decided to make bird scrapbooks to be displayed in April. Afterward the program went as follows:

The song, "Texas Our Texas," Need of Beautifying the Home by Kathryn Horton.

Surround the Home With Beauty by Ray Campbell Hudson.

Use Trees Freely by Lowell Shelton.

Choose Grass Carefully by

Ann Worley.

The Plan Comes First by James Gilliam.

Questions and Answers by Rosaline Saylor and Virginia Hill.

Mrs. Bigham the sponsor gave constructive comments on each subject.

—Reporter.

MEDICAL PRICES WILL INCREASE

Shortages always raises prices. The Texas Medical Association, by restricting enrollment in Texas medical schools to barely enough to replace deaths and retirement has cut down our supply of doctors, especially in our rural areas, thereby causing a shortage and higher fees for services while 3,000 per-med students find the gates barred against them.

This same medical association now plans to get control of the supply of all competitive healing professions, so they can cut off replacements in these healing professions and make the shortage even more acute and thus raise the prices higher than today.

The Basic Science Bill (S. B. 63) is designed to give the Medical Association complete control of all branches of the healing arts and it is being pushed by unlimited funds and a high-priced lobby. If we, the people, do not write, phone or visit our senators and representatives, we will have this infamous legislation forced upon us.

This is a call for action. If you want to know the names of your legislators phone this newspaper. Address letters to them at Capitol Station, Austin. Stop that Basic Science bill. Write, wire or phone today. (Paid adv.) 2-11-ITC

Mrs. Sam Self called on Mrs. John Keese one day last week. Brian Smith spent last weekend in Dallas with his mother, Mrs. F. C. Smith, and sister, Miss Emmaline. He reports that his mother is doing nicely.

M. Allan Horton of Waco spent the week end with his parents, Mr. and Mrs. M. F. Horton and Kathryn Ann.

Mrs. George Willis and son, Tommy, of Comanche, visited in the home of her parents, Mr. and Mrs. D. A. Hamilton, Tuesday.

Mmes. F. D. Webb, Eula Nichols and James Nichols visited Sunday afternoon with Mrs. Marvin Cook and children in Dureneville.

7:30 Bible Lecture—Kyle M. Yates.

8:15 Special Music.

A. W. CLINE RECEIVES NEW DODGE CARS

Mr. A. W. Cline of Cline Motor Co., Goldthwaite, Texas, has returned from Dallas where he attended a dealer preview of the completely new-styled Dodge cars, the first models of which will be publicly displayed in his dealership on Friday, February 25. Mr. Cline was accompanied by Ted Vance, Shop Foreman and O. H. Shaw, Bookkeeper & Partsman of the Cline Motor Co.

Mr. Cline said that although detailed information of the appearance and many engineering and mechanical improvements introduced in the new Dodge could not be revealed prior to the public showing, there are certain general facts concerning the comfort-engineering story behind the new Dodge styling that can be disclosed at this time.

The primary considerations that influenced the design of the new Dodge were Army statistics which showed that the G.I.'s of World War II were taller, bigger, and more active than their predecessors of World War I," Mr. Cline said. "As a result, it was apparent that more passenger room, not less, was required in the modern automobile to comfortably accommodate our physically larger generation."

Mr. Cline pointed out that the challenge to Dodge engineers was to design a car with more interior space and still reduce exterior dimensions to eliminate difficulties of handling in traffic, parking, and garaging.

To learn how Dodge succeeded in meeting this challenge and at the same time produced a car with an entirely new and distinctive styling, Mr. Cline cordially invites everybody to his gala open house on February 25.

CHRISTIAN EDUCATION

There is a new emphasis in Christian education that promises to be revolutionary, in the opinion of Dr. John B. Ketcham, of the International Council of Religious Education, Chicago, Ill. This emphasis holds that educational programs must frankly face the fact that the family is the greatest educational influence in the religious shaping of life. "Nowhere else may religion be taught so easily and with such abiding results as in the home," says Dr. Ketcham. "Parents teach religion by what they say and do and are. Learning constantly takes place in the family circle. The home is still the most influential teacher but its teaching is too seldom definitely and effectively Christian. In all too many cases today, the home has virtually abdicated as a purposeful Christian teacher. Most of the responsibility has been shifted to the church. But the Sunday school was never intended to supersede the home as a teacher of religion. The best church school cannot take over the whole job of Christian teaching. It can supplement the influence of the Christian home. It can offer help and guide the training which begins in the home. But Christian nurture by its very nature is a shared task of home and church. Christian parents must become the chief teachers of religion. It means that we will have to take a new look at our education program to see whether education for family life can assume an equal place with education for church and church school leadership."

ARMY NURSES NEEDED

With the 48th anniversary celebration of the Army Nurse Corps falling on February 2, the week of January 30 to February 6 has been observed as "Army Nurse Week."

In honor of the occasion a special campaign has been initiated not only because it is the Corps' 48th Anniversary, but because of the urgent program of nurse recruitment which is now in progress.

Thirty-eight hundred (3800) nurses must be found for extended active duty in Army and Air Force hospitals by June 30, 1949.

Besides the nurses needed for the present expansion, the Army is attempting to build its Army Nurse Corps Reserve to 29,000. It is about 20,000 short of this goal. Nurses for the Army Nurse Corps are selected only from those nurses holding Reserve commissions.

The civilian nursing profession through its national professional organization, the American Nurses' Association, is cooperating in the procurement effort. The Association has recommended a recruitment quota to each state, and each state, in turn, is recommending quotas to each local area.

WOMEN 38-52 YEARS OLD-DO YOU SUFFER THESE FUNNY FEELINGS?

due to this functional 'middle-age' cause?

If you're in your "40's" and this functional "middle-age" period peculiar to women is causing you to suffer from hot flashes, nervous irritability and weak, tired, high-strung feelings—then do try Lydia

Lydia E. Pinkham's VEGETABLE COMPOUND

WHEN THE OLD BIRD WAS YOUNGER

TEN YEARS AGO

(Taken From Eagle Files of February 10, 1939.)

Mrs. Margaret Miller Davidson has assumed the position of teacher of public school music and director of the glee club in the local schools. She takes the place made vacant by the recent resignation of Miss Marie Hill.

Monday night, February 13, the entire band of Goldthwaite will parade in the business district and give a concert in front of The Melba Theatre.

Mrs. W. P. McCullough returned Monday from a few days visit with her daughter, Mrs. O. O. Smith and family at Copera Cove Sunday afternoon.

Goldthwaite is happy to welcome the R. L. Armstrong family again, after a sojourn of some months in Crystal City.

Forrest Frazier has been sick this week with the flu.

Rev. and Mrs. F. E. Swanner of Paducah, are the proud parents of another fine daughter, Linda Kate, who made her arrival, January 29.

Mr. and Mrs. David Clements spent Sunday and Monday in Fort Worth attending the Rexall Convention.

Miss Irene Eber of Pleasant Grove, who has been sick at her sister's home, Mrs. Fred Reynolds, this past week, is able to be back at her school.

Mrs. Louise Loggett had a small operation Monday and was doing nicely at last report.

Mr. and Mrs. W. W. Linkenhofer and baby of Hamilton, spent Monday afternoon here with his parents, Mr. and Mrs. W. H. Linkenhofer.

Mrs. C. D. Eddoe and daughter, Miss Beatrice, and two grandchildren and Mrs. Allen Ross spent Tuesday in Brownwood.

Mrs. J. V. Cockrum who fell several weeks ago, and sprained her arm is much improved.

Mr. and Mrs. Wm. G. Yarborough of Austin, spent the weekend with his parents, Mr. and Mrs. O. H. Yarborough.

Mrs. Sparks Bligham was hostess to the Tuesday Study Club Tuesday, February 7.

Mrs. Rosa Baird, the wife of C. F. Baird, died at their home in Sipe Springs last Saturday and was buried Sunday in Desdemona. The Bairds operated the Saylor Hotel dining room here for several years and had many friends whose sympathy is extended to Mr. Baird.

25 YEARS AGO

(Taken From Eagle Files of February 9, 1924.)

Former President Wilson died Feb. 3 at 11:15 a. m. Fatigued and worn by the battle of death which began before he left the White House in 1921, the twenty-eighth President of the United States—the war president of two terms—eight of the most momentous years in the history of the world—closed his eyes and slipped peacefully away.

Last Wednesday afternoon at 2:30 o'clock most of the stores of Goldthwaite were closed in order that homage could be paid to ex-President Woodrow Wilson, whose remains were laid to rest in Washington on that day.

Rev. Hocker, pastor of the Nazarene Church here, came in the latter part of this week from Hillsboro, where he closed a two weeks revival meeting last Sunday night.

Since our last report, County Clerk Elvis Morris has issued marriage licenses to the following couples:

George French and Miss Alvera Green, on Feb. 1.

O. L. Harris and Miss Myrtle Mason, on Feb. 4.

E. T. Fairman spent Tuesday in Dallas looking after business.

Mr. and Mrs. J. H. Randolph expect to leave the first of next week for the eastern markets to buy goods for J. H. Randolph & Co. stores.

Mr. and Mrs. C. L. Bodkin visited in Hamilton this week.

Sheriff A. D. Karnes requests that we announce that he has received a few automobile numbers. Those who were waiting for numbers should call at

once and get them.

The Senior Class held a contest on Monday of last week in which the Senior Class cast their votes for the most popular, prettiest, Wittiest, best student and best athlete Senior boy and girl. The results were: Most popular girl, Lucille Miller; prettiest girl, Velma Hutchinson; best student, Laura Featherston; Wittiest girl, Mable Goode; best athlete, Florence Gray; most popular man, Alvis Taylor; best looking man, Robert Steen; Wittiest man, Hulon Fletcher; best student, Nolan Horton; best athlete, James Aldredge.

Virgil Priddy, who is employed by the Santa Fe at Copperas Cove, came up Saturday evening, accompanied by his cousin, Miss Floy Hoover, of Killeen and spent Saturday night with his parents, Mr. and Mrs. E. O. Priddy, returning to Copperas Cove Sunday afternoon.

Goldthwaite is happy to welcome the R. L. Armstrong family again, after a sojourn of some months in Crystal City.

Forrest Frazier has been sick this week with the flu.

Rev. and Mrs. F. E. Swanner of Paducah, are the proud parents of another fine daughter, Linda Kate, who made her arrival, January 29.

Mr. and Mrs. David Clements spent Sunday and Monday in Fort Worth attending the Rexall Convention.

Miss Irene Eber of Pleasant Grove, who has been sick at her sister's home, Mrs. Fred Reynolds, this past week, is able to be back at her school.

Mrs. Louise Loggett had a small operation Monday and was doing nicely at last report.

Mr. and Mrs. W. W. Linkenhofer and baby of Hamilton, spent Monday afternoon here with his parents, Mr. and Mrs. W. H. Linkenhofer.

Mrs. C. D. Eddoe and daughter, Miss Beatrice, and two grandchildren and Mrs. Allen Ross spent Tuesday in Brownwood.

Mrs. J. V. Cockrum who fell several weeks ago, and sprained her arm is much improved.

Mr. and Mrs. Wm. G. Yarborough of Austin, spent the weekend with his parents, Mr. and Mrs. O. H. Yarborough.

Mrs. Sparks Bligham was hostess to the Tuesday Study Club Tuesday, February 7.

Mrs. Rosa Baird, the wife of C. F. Baird, died at their home in Sipe Springs last Saturday and was buried Sunday in Desdemona. The Bairds operated the Saylor Hotel dining room here for several years and had many friends whose sympathy is extended to Mr. Baird.

Mrs. Harry Carton returned to her home in Temple Wednesday, after having spent a couple of weeks with her parents in this city. Her sister, Miss Dora Oden accompanied her home and will visit for a few weeks.

S. L. Caraway of Caradan and Elder A. S. Bradley of Comanche are in the city attending the school of Magnetic healing and express themselves as being highly pleased with the course of instruction.

Chairman Harrison has a call in this paper for a Republican convention.

The Psycho-Therapeutic Society will meet at the residence of J. T. Prater.

J. W. Reynolds returned to his home at Belton the first of the week, after a visit to his relatives, J. R. Graves and family at Center City.

Mrs. P. H. Clements has about recovered from a serious sick spell.

Claude Smith is the gentlemanly young clerk at W. M. Johnson's Store.

Hon. P. H. Clements came home from Austin Friday night and returned to his duties in the legislature, Tuesday.

Mrs. M. E. Allen sends word to have the Eagle sent to her in the future. She is well pleased with her new home in Dallas and wants to know what her friends in Goldthwaite are doing.

W. B. Jackson spent the first of the week in San Saba on business for the Hurleput Hardware Company.

Mrs. G. W. Smith died at her home in the Brown's Creek Community last Friday afternoon.

J. H. Randolph and J. J. Stockbridge went to Galveston, Sunday.

Mr. and Mrs. Knowles and their niece, Miss Lena Knowles, of Moody spent Sunday in this city visiting their relatives, W. C. Carswell and family.

He never gave up or loosened a single friendship on his critics' account. Some of his friends gave him up, but he never gave them up.

Inevitable Critics

Lesson for February 13, 1949

ONCE UPON a time, so the old story goes, there was a chameleon, a lizard that can change its color to match whatever it stands on. They put him on a black cloth and he turned black; on a red tablecloth and he turned red; on a green billiard table and he turned green. Then some mean person set him down on a Christmas necktie. Dr. Foreman—and the poor little thing exploded. This is a parable of the person who tries to please everybody. It can't be done—and it ought not to be tried. "Woe unto you," said Jesus, "when all men speak well of you."

Jesus Christ himself did not please every one. Not even a perfect personality can be 100 per cent popular. Not that Jesus enjoyed rubbing people the wrong way. There was nothing perverse about him. He was deeply, sincerely friendly, and to lose any friendships must have been more painful for him than for us who are so selfish. Nevertheless he did make enemies; he had his critics; and his flowers may expect no better.

It was just that sort of thing that Jesus ran into, more than once. His enemies misunderstood, or at least misrepresented, his motives.

They claimed that he was "blasphemous," that is, that he was deliberately making light of God's law. The truth was that he was acting by God's highest law—the law of love. Helping people in need was more important than keeping the letter of the Sabbath law. Jesus' example may help us here. If our best motives are misunderstood, we have a right to explain ourselves, as Jesus did; but we are not obliged to change our ways to please those who persist in misunderstanding us.

They claimed that he was "blasphemous," that is, that he was deliberately making light of God's law. The truth was that he was acting by God's highest law—the law of love. club could do something for, to help brighten their lives, please bring the matter before some meeting soon.

Refreshments were served to eight members and three children, after which we adjourned to meet on February 17, with Mrs. Chester Marrs. —Reporter.

SCALLORN

—By MRS. ORA BLACK

Since the ground hog saw his shadow down our way we're not making any preparations for an early garden or sending mail orders for baby chicks. If the next six weeks compare in any way to the last six weeks, we'd prefer Palm Beach to this high open cold country. Any way the moisture which amounted to some three inches is a life saver to our section and for which we're very thankful.

Huntis Black spent last week in Houston seeing the Fat Stock Show. He brought home premium money on his calf, "Shady" besides the good price for which the calf sold for.

Mrs. Earl Blake and Jane Black visited in Brownwood Saturday with relatives.

Guests Sunday of Mr. and Mrs. Silas Burk were Mr. and Mrs. Richard Lock and children and Mr. and Mrs. Dean Burk.

While in town Friday Mrs. John Harris visited with Mrs. Lou Burks.

Ladelle Geeslin of Fort Worth spent the week end here with her parents, Mr. and Mrs. T. A. Casbeer.

C. H. Black went to San Angelo, Monday.

After visiting here with relatives Alva Ford returned Monday to Del Rio where he is employed on the ranch of his brother-in-law and sister, Mr. and Mrs. Earl Malone.

Mr. and Mrs. Winifred Clement of the Wilke ranch called Saturday evening at the C. H. Black home.

Mr. and Mrs. Chas. C. Wright of Mullin were Sunday guests of her mother, Ora Black.

Mr. and Mrs. Barney Laughlin called Sunday evening with Mr. and Mrs. C. H. Black.

Rev. Cloud, of Brownwood, will be here Sunday to fill his appointment. At the 11 o'clock services the Lord's Supper will be observed. All members are urged to be present. Visitors are always welcome.

The H. D. Club meets Monday, the 14th with Mrs. Loyd King.

The R. E. A. today distributed poles down our way so it looks as if the electricity isn't far away to those of us who have been anxiously waiting.

PLEASANT GROVE

By EDITH COVINGTON

Every one seems to be enjoying the pleasant weather after so much cold.

Mr. and Mrs. Edward Virden of Port Arthur spent several days with Mr. and Mrs. C. N. Berry.

Mr. and Mrs. James Hall and baby of Brownwood called on her grandmother Covington Sunday afternoon.

Jack Hall and grandson of Covington spent the week end with relatives.

Mr. and Mrs. L. B. Covington visited with Mr. and Mrs. Dan Covington, Sunday.

Mr. Varnell of town spent the week-end with his daughter, Mrs. W. B. Wilkey and family.

Willie Leston Berry and family visited relatives at Star Sunday.

Mrs. Lee Hill of Rogers, Mrs. Carl Darden of Belton and Mr. and Mrs. Grover Smith and son of Moody visited a short while with Mrs. Covington Sunday afternoon.

Mr. and Mrs. Dean Burk spent Monday evening with her parents, Mr. and Mrs. W. B. Wilkey.

Jones - Pittman Saturday evening at 7:30 Miss Robbie Pittman became the bride of Leonard E. Jones at the residence of Rev. J. Vann in this city, Bro. Vann officiating.

The groom is the son of Mrs. Celia Jones of Mullin. The bride is from Brownwood. They will make their home in Mullin where the groom has a position with the Santa Fe Railroad Company.

Congratulations.

Howard Hoover of Hoover Co. left Tuesday for Austin on business.

OBITUARY

The beloved husband, father, grandfather, and friend, Bernhard Carl Stahnke, the son of Mr. William and Mrs. Augusta Stahnke, whom it pleased the Lord to call from us, was born on the first day of February, 1897, near Indian Gap, Texas.

His health in general was good. About a year ago he began to fail. He sought the advice of the physicians, even going to a specialist at Brownwood. But all loving care, aid and skill could not help him.

On the 22nd of August of the same year, in the Fottsville Lutheran Church, he was placed into the arms of Jesus by the act of Holy Baptism.

He received his religious instruction in the doctrines of the Bible in the Lutheran Church at Priddy, and on the 8th day of April, 1911, he became a communicant member of the Lutheran Church through the act of confirmation. He thus remained a member of the Lutheran Church until his demise.

On May 4, 1913, he was joined in holy wedlock to Miss Carrie Limmer of Aleman, Texas.

Their new home was established in Priddy. Later they lived at Aleman, Wilson, again at Aleman, and ten years near Indian Gap. For the last seven months he lived in Priddy.

His health in general was good. About a year ago he began to fail. He sought the advice of the physicians, even going to a specialist at Brownwood. But all loving care, aid and skill could not help him.

On yesterday morning, February 6th, at 2:20 a.m., after having gotten himself a drink, he sat down and soon passed away.

Funeral services were conducted at 1:00 p.m., February 7, 1949, in the Zion's Lutheran Church at Priddy, with Rev. A. H. Muglbrad in charge. Inter-

ment was in the St. John's Cemetery, Priddy.

Those who mourn his early demise are: his beloved wife, Carrie; two daughters, Mrs. Erna Clevert of Abilene and Mrs. Erma Lorch of Almen; four brothers, the man of Brownwood, Charlie and Otto of Priddy; five sisters, Mrs. Ida Seider, Mrs. Lizzy Shoen and Mrs. Alwine Tischner of Priddy; Mrs. Rose Holle of Mart, and Mrs. Helen Rackaw of Coleman; three grandchildren, and many other relatives and friends.

The one who preceded him in death, one daughter, Mildred Morris, 7 years of age; his mother in 1920 and his father in 1939.

Miss Mamie Lou Womack of Comanche spent the weekend with her parents, Mr. and Mrs. C. A. Womack.

Mrs. Fisher Passes Away

Mrs. John Fisher, age 65, died at Del Rio, Texas, January 29, and was buried at Del Rio January 30. She was the former Fannie Patton, the daughter of Mr. and Mrs. George Patton. She was reared above Mullin in Mills County.

Mrs. Fisher has several relatives who still live in Mills County.

HELPS LIBRARY

The Tuesday Study Club this week presented "I Captured a Castle" by Dodie Smith and "How to Stop Worrying" by Dale Carnegie to the Library in memory of Charlotte Mungus.

Miss Mamie Lou Womack of Comanche spent the weekend with her parents, Mr. and Mrs. C. A. Womack.

Mrs. Schoeller, Librarian.

SHOPPERS' GUIDE...

FOR SUNDAY DINNER:

APPLE JUICE
BROILED HAM SLICES
CANDIED YAMS
CABBAGE SLAW
FRENCH BREAD
*DATE SQUARES
COFFEE • MILK

*DATE SQUARES

1 1/2 cups sliced dates
2/3 cup of water
3/4 cup sugar
2 tbs. lemon juice
1 cup brown sugar

1 1/4 cups rolled oats
1 1/2 cups flour
1/2 tsp. salt
3/4 cup shortening

Cook dates, water, sugar, and lemon juice until thick—about 5 minutes—and cool thoroughly before spreading. Combine brown sugar, rolled oats, flour and salt; mix until it is of a coarse crumb consistency. Spread half of this mixture in a shallow pan. Cover this with the date mixture, and spread remainder of oat mixture. Brush with diluted egg yolk, and bake in hot oven (400 F) 20 to 25 minutes. When cool, cut into squares.

BIRTHDAY BARGAINS

AGAINST BASIC SCIENCE LAW

Austin, Feb. 5—Dr. L. George Gruppe of San Angelo, vice-president of the International Chiropractors Association, charged here this week that enactment of a basic science bill now pending in the Texas Legislature would give the State Medical Association a "life and death" grip on all forms of treatment used by practitioners of the healing arts.

The Basic Science Bill is still just as unsatisfactory to the people of Texas now as it was two years ago, four years ago, or six years ago," Dr. Gruppe said.

"The State Medical Association is desperate this year to establish a medical monopoly—so desperate that it has cloaked its usual legislation in a new name, in an effort to deceive the people."

He pointed out that the legislation, the medical association is seeking is called a minimum standards act this year.

"It is the same Basic science bill the people of Texas through their representatives in the Legislature have rejected time and time again.

"The State Medical Association is still demanding that practitioners of all healing arts approach the question of disease, causation and correction from the same point of view—that all should be masters of certain medical subjects from an allopathic point of view.

"The chiropractor does not, and never has, claimed to be a general practitioner of medicine. He is a specialist, who believes that many ailments originate in the nervous system of the spine and can be corrected by adjustments.

"Requiring chiropractors to be proficient in certain allopathic medical subjects, many of them in no wise related to ailments originating in the spine—such as the basic science bill proposes—it like requiring a newspaperman to appear before a board of radio announcers and pass a voice test before he becomes qualified to write a news story or an editorial.

Miss Laura Virden spent last week-end with her sister, Mrs. John Patterson, and other relatives.

Marvin Hamilton of Kingsville arrived Monday afternoon for a few days visit with his parents, Mr. and Mrs. D. A. Hamilton.

Mr. and Mrs. Ray Duren and her mother, Mrs. W. O. Oden, visited in Dallas Sunday with Mrs. Oden's daughters. The Durens attended market Monday while in Dallas.

REYNOLDS WINS RESERVE CHAMPION STEER AT HOUSTON COND CONSECUTIVE YEAR

Is County FFA and 4-H Boys have won the Champion steer of the Houston Livestock Show two years in succession, and have won Reserve Champion for two straight years.

Reynolds' "Shorty," an 18-month-old Hereford, took the Grand Champion for the Houston Show at judging in the Astrodome last Thursday at 9:00 o'clock. Shorty, a millionaire Houston oil man, was the successful bidder. It was the first time a Shorthorn won in the Houston Show.

THRILLING STOCK SHOW

GROOMING CHAMPIONS is a habit of Merion Reynolds, 15-year-old youngster from Goldthwaite, who scored again here Wednesday with the Boys' Show grand champion steer award. He showed the reserve champion of the Houston Fat Stock Show here last year. His fat steer, "Shorty" also took Grand Champion in open Hereford class and Reserve Champion of entire Houston Show. Shorty auctioned for \$6,200.

(Picture courtesy Houston Chronicle).

CALF LOVE Is not nearly so fickle as "puppy love" among teen-agers showing steers at the Houston Fat Stock Show. Kenneth Wesson, 15, of Goldthwaite, turned down an opportunity to stay at Jefferson Davis Hospital with a whole bevy of pretty nurses to get back to the Coliseum to be with his calf, Champ. "My calf is prettier than any of 'em," he explained. Wesson suffered a burst ear drum while riding in a truck trailer with his calf from Goldthwaite. Robert Miller takes over emergency nursing duties.

For Transportation	2.0 cts.
For Taxes	1.5 cts.
For Other Business Expenses	1.9 cts.
Total spent out of each average dollar	98.8 cts.
Remaining as Earnings for Swift	1.2 cts.
Total	100 cents

Management's Role in Modern Farming

by O. R. Johnson
University of Missouri, Columbia

Better farm management can give startling results. If managed as well as the best 20% of the farms are managed, output of the average acre could be doubled. In most areas the output of pasture land could be increased three or four times. Our cleverest feeders get 60% more out of their feed than do average feeders. Production per cow, sow or hen could be increased 50% to 100% if animals and methods as good as those used by the top 20% of our farmers were employed by all farmers.

There are two ways of achieving higher production per acre without increasing costs. The most practical method is to raise the level of management efficiency without increasing present working forces per farm. The other method is for the farm family, with modern power and machinery, to farm more acres. This second method has obvious limitations. For there would not be enough acres to go around without eliminating many farm families. Do we want larger farm units and reduced farm population? Many think not.

However, many farmers are now faced with adopting either one or the other of the above methods. Farmers must meet today's high operating costs and still maintain living standards without forcing prices beyond the reach of the average consumer. Consumers cannot be expected to support, indefinitely, inefficient farm output by paying the high prices such inefficiency demands.

Swift & Company
UNION STOCK YARDS, CHICAGO 9, ILLINOIS
Nutrition is our business—and yours

Because your business of farming and ranching is so closely related to our business of meat packing, we believe you are interested in an accounting of Swift & Company's operations in 1948. On this page we tell you how much money we received, how we spent this money, and how much we earned for services performed.

The past year was reasonably profitable to both producers and Swift & Company. That's the way it should be in America. A fair profit to producers means better living and insures a sound program on farms and ranches. A fair profit to

business in cities and towns helps maintain purchasing power and markets for the products which you and Swift have to sell.

In 1948, Swift & Company paid nearly two billion dollars for agricultural products. We processed and distributed nationwide this output of your land and labor . . . cattle, calves, hogs, lambs, dairy and poultry products, soybeans, cottonseed, peanuts and other products of agriculture. For these we paid out 79.8 cents from each dollar we received from the sale of our products.

HOW THE DOLLAR WAS DIVIDED

In America a business is operated to serve the public, and to earn a profit for its owners. In 1948, Swift earned \$27,889,210 net profit. That was an average of 1.2 cents out of each dollar we

received from the sale of our products. Who got the balance of 98.8 cents? It went to people who work directly in the livestock-meat industry, to additional thousands in other businesses.

1. The major cost of meat packing is the purchase of livestock and other agricultural products. Swift paid \$1,883,823,473 to farmers and ranchers last year. You, the producers, received 79.8 cents out of each average dollar we took in from sales.

4. Transportation charges are a necessary item of expense, and a large one, too. Meats are moved an average of 1,000 miles from farm and ranch to market. During 1948, in distributing our products to cities, towns and villages, Swift & Company spent \$46,702,457 for transportation by rail and motor. This amounted to 2.0 cents of each average dollar of sales income.

2. Swift & Company employs 73,000 men and women to provide the services producers, retailers and consumers demand. The employees look to their company for regular, gainful employment. They earned \$226,154,019 in wages and salaries in 1948 . . . or 9.6 cents of each average sales dollar.

5. Government expenses—fire and police protection, national defense, roads, social security, public education, etc.—are all paid out of taxes. Swift's tax bill for the year was \$35,220,291. The Federal Government and each of the 48 states collected some of this amount. And taxes were paid in hundreds of municipalities where our plants and properties are located. Federal, state and local taxes took 1.5 cents of our average sales dollar.

3. Supplies of all kinds—sugar, salt, spices, containers, fuel, electricity cost us \$94,809,928. These supplies are furnished by other businesses. Our purchases from them created work and wages for many more Americans. This took 4 cents of our average sales dollar.

6. More than 200,000 retail store operators look to Swift for a regular supply of meats and other Swift products. We help build retailers' trade by developing nationwide consumer markets. Our research laboratories and test kitchens also help create consumer demand. Depreciation, interest and other expenses common to every business, add to this total. All these cost \$46,514,663 or 1.9 cents of the average dollar of sales.

That's the story of the division of Swift's average dollar received from sales. Of that dollar, 98.8 cents went to other people or businesses. The 1.2 cents left is our return for processing, marketing and distributing meats and other products for millions of American families. Out of this return—or net earnings—our 64,000 shareholders, men and women who invested their savings in the Company, received dividends which took 7/10 of a cent of the average sales dollar. The balance of 1/2 cent was retained to provide for future needs of the Company.
