NUMBER THIRTY-THREE

"IN AGAIN! OUT AGAIN!" To Be Presented By The Junior Class Of '49

Friday, April 1, a fresh and breezy farce of the lively doings that occur when Candy Quick, played by Gail McNeil, brings home her friend, Honey, played by Sybil Ann Reid, will be presented. Honey has fallen in love at first sight on the train with Professor Meade, played by John Alex Miller, but since she's still officially engaged to Henry, (Larry Simmons) it calls for some management. But Honey feels equal to coping with this or any other situation. She calmly appropriates Candy's boy friend, Noah (Robert Miller), and passes him off as her husband to discourage Henry. Candy doesn't like this too well, for she and Noah are secretly married. She doesn't dare admit this for her dad and Noah's father have a feud of long-standing. It looks as if Honey's scheme is going to work until the professor she fell in love with appears just in time to hear her introduce Noah as her husband! Aunt Dodie (Joann

Partridge), arrives to back up Henry, her choice. And then Lynn Lane (Jane Long), the night club entertainer Henry really loves, walks in. A mysterious girl, portrayed by Nell Carman Wilkins, dressed in an Egyptian outfit, presumably sent to the professor from Egypt adds complications. There is a big laugh when Noah rigs himself out in Mrs. Quick's Sunday best to pass himself off as Henry's abandoned sweetheart. There is still more laughter when Mr. Quick (Billy Mac Stark), comes in all battered up after fighting with Noah's dad. The maid, Almira (Ann Sebolt), plays for a laugh almost every time she pushes one foot ahead of the other. The much harried Mrs. Quick (Jane Ann Steen); the autocratic lady, Aunt Dodie, and the perplexed Dr. Honk (June Tyson), a chiropractor who gets hold of the wrong patient, add to the merriment of the play. The play is fun from beginning to end.

Lions Club To Have Special Ladies' Night Tues. To Honor Baylor Dean

The Board of Directors of the Goldthwaite Lions Club in a meeting Tuesday night voted to have a Special Ladies' Night meeting of the club at The Hangar next Tuesday night, April 5, beginning at 7:30, especially to honor the guest speaker.

The program committee, T. M. Glass, chairman, and George Gilbert, have secured as guest speaker for that night one of the outstanding educators of the state and one of the most brilliant lady speakers in the

nation, Dr. Lorena Stretch, dean of the Department of Education of Baylor University, Waco.

Dr. Stretch will be remembered here by former Baylor University students who have taken courses under her supervision. She will be driven to Goldthwaite by Miss Nina Glass, principal of Sanger School at Waco, and they will be overnight guests of Miss Glass' sister, Mrs. E. T. Fairman.

The Hangar has assured an excellent meal for the occasion.

Over 1000 Hear Soil Speaker During Week In Mills Co. Meetings

A. Carl Spencer, Southwest representative of Friends of the Land, has spoken to more than 1000 adults and school children of Mills county in two days last week in 6 meetings, preaching the gospel that the soil is the basis of all wealth and that those who own and use it are trustees to a heritage more precious than gold.

Spencer, brought to Mills county through arrangements made by the supervisors of the Brown-Mills Soil Conservation District, began his series of meetings at Star High School on Thursday morning. In the afternoon, he talked to the Grammar School and High School students in Goldthwaite. Mr. Spencer then showed a film, "The People Together" to the Farm and Ranch Group in Goldthwaite at their regular meeting on Thursday night. On Friday, Mr. Spencer showed a film and spoke to school children at Mullin and Priddy. Friday night, he presented his program to a good crowd at Priddy.

Mr. Spencer, who lives at Huntsville, is telling students and adults that livestock or crops do not represent wealth within themselves, although they may provide a temporary lucrative income. His point is that livestock simply provide a means of marketing the products of the soil, that the soil must yield grass and feed before there can be any livestock

production, and that the wealth thus created is transitory unless the soil, the basis for the entire investment, is maintained and improved by putting back into it what is taken out.

Friends of the Land is an organization of volunteer lovers of the soil, both rural and urban, who contribute from \$5 a year each to much larger sums, whatever they feel like giving, toward a concerted nation wide effort to discourage destruction of the soil and encourage efforts to preserve and enhance its value through proper use and proper conservation of soil resources.

It is the contention of these people that unless those who are trustees of the land realize their responsibilities and unless they love the land, the nation will reap a harvest of eventual economic ruin through the wastage of irreplaceable soil resources—a process that has gone on too long.

He spoke of the changed attitude of some citizens who, not long ago, thought soil problems were something only for the farmer and ranchman to worry about. Now they realize, he said, that it is a problem affecting everybody.

Those in positions of business leadership particularly have a stake in the welfare of the land, for the future of their business depends upon the production and presentation of wealth that comes only from properly used natural resources.

Red Cross Work On Behalf Of Victims Of Last Week's Tornadoes

Sixteen Red Cross Chapters and 16 National Red Cross Staff members are working with 300 families whose homes were demolished or damaged in last week's tornadoes in Texas, Oklahoma and Arkansas.

After giving medical care to the injured and emergency aid to those families affected by the storms, rehabilitation work is now underway in two Oklahoma, ten Arkansas and four Texas communities.

There were some 80 Oklahoma, 105 Arkansas, and 29 Texas houses completely destroyed and about 20 Oklahoma, 117 Arkansas, and 65 Texas homes damaged in the tornadoes. Red Cross aid will be amounts needed for rebuilding, medical care, occupational training, home repair, or household furnishings for those families effected by the storms who are unable financially to do the work themselves. Red Cross aid is an outright gift. No repayment of any kind is asked or expected.

During the month of March, the Mills County Chapter has been seeking public contributions for just such purposes. There are many in Mills

County that have not yet made a donation.

If you want a part in this work bring your donation to the Trent State Bank.

Another tornado ripped into Oklahoma on March 30, killing two persons and injuring 25. Red Cross Disaster Service will be given to tornado victims at Center, Longdale, and Blackwell, Oklahoma. Red Cross aid to these people is limited only by the generosity of the public.

JayCees To Operate Miniature Golf Course Here; Repair Toys

A nine-hole miniature golf course will soon be a new addition to recreational facilities in Goldthwaite. Members of the Junior Chamber of Commerce, at a meeting on Wednesday night, decided to construct and furnish the course, which they hope will be ready for use by May. Baldy Rudd is in charge of selecting the site for the course, and will locate it as close as possible to the heart of town.

The golf course will be open to the public and admission will be charged. All revenue collected from its operation will go into the treasury of the JayCees, to be used in their projects for community betterment. Members of the organization will take turns operating the course. Bert Brewer is chairman of the project, and committee members include R. C. McCollum, and Stillman Elkins.

After the next meeting of the JayCees, the committee in charge of collecting toys to be repaired and distributed at Christmas time will announce

the choice of a central collection depot. This committee is now deciding on such a spot, and urges every one in Goldthwaite to give them old or discarded toys, whatever their condition. Members will fix them up and give them to underprivileged children next Christmas.

A domino session followed the business meeting, and all members were urged to be present at the next meeting, which will be a dinner at the Hangar April 12, at 7:30 p. m., at which time Bert Brewer will be in charge of the program.

BY OLD MAN 100

(THIS BOSS IS NOT RESPONSIBLE FOR WHAT OLD MAN 100 SAYS IN HIS COLUMN. NEITHER IS THE OLD MAN IN YOUR GET MAD, COUNT AT LAST A THOUSAND BEFORE YOU FOOT OR BEAT HIM UP.—THE BOSS)

As reported herein, Old Man 100 had 7 tries at that old job, and has been making some O. H. is funny, he allus picks out the heavy spouses each one to keep the family budget—balanced. He refers to his tries as "one now and six her way" has taken a big load of his olders. Anyway, the picture drawn, here's what happened about the 2nd.

"Don't let me forget to return this to the plant tomorrow."

NICK-THINKING DOC— Patient—"How much do I owe you for curing my deafness?" Doctor—"Ten dollars." Patient—"Did you say twenty dollars?" Doc—"No, thirty dollars."

Also, as noted before, when people go to Florida for a change and rest, the bellboys get the hang and the hotels get the rest.

Have you heard about the allround man's daughter? Plain old and so motive.

Father—"Didn't you promise me to be a good boy?" Little son—"Yes, Dad." Father—"And didn't I promise you a thrashing if you weren't?" Son—"Yes, Dad, but as you broken my promise you haven't keep yours."

And right here in Goldthwaite, did Humbert can remember back to the time when a man was respected not for how much money he makes, but for how early he rises in the morning.

Diner—"You advertise that his restaurant is under new management, but I see the same manager here." Waiter—"Yes, sir, but he got married last week."

Most people around here believe in having their spirits with prayer over with their elbow.

And when O. H. applied for a job the foreman looked at his resume and asked: "Do you think you are really fit for hard labor?" O. H. told him: "Well, some of the best judges in the country have thought so."

Also, some folks like biotters, look at all in—backward.

Old Humbert got set back some when he wanted this week to extra some the 7th so's she'd et him something special he wanted to do, and told her: "Honey, I had to do it all over again, do you know who I'd marry?" "No. Who?" "Old Humbert." "You." 7th—"Oh, no, you weren't."

Also, you hear some smart folks standing around the corner, putting off his wisdom and smart he is jest remembering his old Spanish (or maybe Chinese) proverb: He who little soon repeats it, is a pulchritude (that girls' flesh) at the christi flash-out last maybe it was two, 3 ago. Anyway, while hanging on, a good friend E. H.: "Now, you pride being able to judge character by her hair, what would be on that blonde?" "Old Humbert wiped his eyes, stared some and said: "I don't know what happened to the blonde in the in-between." Humbert—"Remember last night you said something about me?" "Beau, Blonde— you spent it all."

As what happened between the 2nd and Humbert—"Sir, your going to marry me." "You own dern you was hanging too much."

LT. GOV. SHIVERS ASKS LEGISLATURE TO GO VERY SLOW

Lt. Governor Allan Shivers this week announced that he would recommend that this session of the Legislature make appropriations for only the year 1950 rather than for a two year period, and that he would further ask the Governor to call a special session of the Legislature in January 1950 for the purpose of making appropriations for the fiscal year ending in 1951.

"We are facing a definite economic decline, and I feel that we can better judge both the demands for appropriations and the need for additional tax a year from now when we have learned the full import of this economic decline," Lieutenant Governor Shivers stated.

"It is sound business policy to review and reconsider operating budgets at least annually. No Board of Directors of a business institution would attempt to plan their production and operation schedules 30 months in advance and make them irrevocable. The state should try to be businesslike in its financial program."

Mr. and Mrs. Hugh Lee Caudle and sons of Fort Worth visited Mr. and Mrs. John Parker and Robert Caudle over the weekend.

Mr. and Mrs. Bob Findley and little daughters of Coleman spent Sunday with Mrs. Findley's parents, Mr. and Mrs. C. A. Womack.

Mr. and Mrs. L. J. Teague, Mrs. D. T. Cook, and grandmother Teague visited Mr. and Mrs. F. A. Teague, and Mrs. Joe Williams in Brownwood Sunday.

Mrs. W. A. Bayley attended the funeral of her cousin, Mr. D. Collins at Burnet Wednesday morning of last week. Mrs. Bayley spent Tuesday night of last week with her daughter, Mrs. Lee Dyas, at Burnet.

Mr. and Mrs. D. A. Hamilton visited in the John Calaway home Sunday afternoon near Durenville.

NEAR 6000 CRIPPLED CHILDREN TREATED BY SCOTTISH RITES HOS.

Six hundred and five crippled children of Texas received surgery and medical attention at the Texas Scottish Rite Hospital for Crippled Children in Dallas, according to the recent annual report released by Asher Mintz, secretary.

In addition to the 605 in-patients for the year, 5311 clinic treatments were given other crippled children, who came to

the hospital from all over Texas. A large number of cases were orthopedic patients, under the care of Brandon Carrell, chief. Approximately 100 of permanent bed patients were cases under the treatment of Dr. A. L. Frew. There were 100 patients treated in the 1948 epidemic.

The annual Christmas fund-raising showed receipts sufficient to cover only a third of the annual operating costs have over the pre-war period. Mintz's report indicated

Weekly Swing of SOUTHWEST FARM MARKETS

(USDA)—Some weak spots appeared in mostly steady to strong southwest farm markets during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Sorghums lost 8 cents a hundred pounds for the week, and yellow corn gained 1 1/2 cents a bushel. Changes on other grains were confined to a cent or less. No. 2 yellow milo closed Monday at \$2.60 to \$2.65 at Texas common points. No. 2 yellow corn brought \$1.57 to \$1.59, white corn \$1.70 to \$1.73, and No. 1 wheat \$2.39 to \$2.45.

Poultry sold firm to stronger in the southwest, while eggs held about steady. Fryers ranged from 30 to 33 cents a pound in Texas. Heavy hens sold from 32 to 35 cents in North Texas. Eggs brought mainly 35 to 40 cents a dozen.

Sheep advanced 50 cents to \$2 at the different markets. Medium to good trucked in woolled slaughter lambs brought \$26 to \$27.50 at Denver Monday. Fort Worth received choice spring lambs at \$28.50. San Antonio bought common and medium shorn Angora goats at \$8.50 to \$10.

Wool trading held to an extremely narrow range last week. Monday's hog prices showed

little change from a week earlier. Good and choice medium weight butchers sold mostly at \$20.50 to \$20.75 at Fort Worth. Sows moved generally from \$18 to \$17.50. Pigs gained \$1 at Oklahoma City to bring mostly \$20.50.

Most southwest cattle sold unchanged to 50 cents higher for the week, though calves at Fort Worth and stocker calves at Denver lost up to \$1. Good stocker steer calves changed hands at \$28.50 at Denver Monday.

Receipts of cattle, calves, hogs and sheep last week each fell slightly below the week before but greatly exceeded the same week last year at the 12 leading markets.

Cotton closed 25 to 50 cents higher with Dallas and Houston at 32.40 cents a pound and New Orleans 32.45.

CARD OF THANKS

We want to thank our neighbors and friends for the many kind deeds and words and the beautiful cards and your visits during my illness at home and the hospital.

May God bless you all.
Mr. and Mrs. C. T. Wrinkle.

Mrs. Lula Davis returned from a three-week's visit in Corpus Christi with her sister, Mrs. Jeff Priddy, and other relatives.

Mrs. J. A. Curtis of Fort Worth visited friends in Goldthwaite Thursday.

RESULTS OF POLL

If it were left up to the folks who live in the 21st Congressional district, many of President Truman's "Fair Deal" measures would be scuttled.

The Taft-Hartley Act would not be repealed, the "civil rights" proposals would be snowed under, there would be no tax increase, socialized medicine would be doomed, and the proposed Federalized housing would be defeated by a narrow margin.

At least, that's the way the vast majority of 10,000 people in the 21st district feel about it. Some of the verdicts are very decisive while a few are rather close.

According to this poll, three out of every four people who have an opinion on the subject would be against scrapping the Taft-Hartley law. About 80 per cent want Uncle Sam to keep his hands off civil rights legislation. Nearly 90 per cent think Texas should retain its tidelands. Ninety-five out of every 100 want a strong preparedness program and 78 per cent would not go for the \$4 billion tax increase.

Closer margins are shown on public housing and European aid. Thirty-eight percent think that the federal Government should pay part of the cost of houses for low-income groups and for slum clearance, while 51 per cent think otherwise. The European aid program is supported by 63 per cent of those with opinions, while 23 per cent think it should be stopped.

Here is a summary of the tabulations, percentage-wise:

1. For repeal of the Taft-Hartley Act, 19.8%; against repeal, 66.5%; no answers and no opinions, 13.7%.
2. For a Federal anti-poll tax law, 27.7%; against 69.5%; others 2.8%.
3. For an FEPC, 12.8%; against, 81.9%; others, 5.4%.
4. For a Federal law controlling segregation problems, 5.9%; against 90.4%; others 2.7%.
5. For compulsory health insurance, 20.8%; against, 72.5%; others 6.7%.
6. For giving the President power to impose price control and rationing 14.5%; against, 80%; others, 5.5%.
7. For 4-billion-dollar tax increase, 13.4%; against, 77.8%; others 8.8%.
8. For strong preparedness program, 95.5%; against, 2.2%; others, 2.3%.
9. For Federal payment on low-income housing and slum clearance, 37.9%; against, 51.8%; others, 10.5%.
10. For Federal ownership of tidelands, 7.4%; against, 89.1%; others 3.5%.
11. Is European aid justified. Yes, 62.9%; No, 23.5%; others, 13.6%.

It is well to point out that in answers to Number 11 relating to European aid—quite a large number qualified their affirmative answers. Many hundreds answered "Yes", but added: "For a limited time", "but it should be reduced", "if properly administered", "provided those people will do more to help themselves", "we can't buy friendship", etc.

Thousands of comments on various questions submitted, as well as others, were made. These are very revealing and very interesting to me. I am personally reading every one of them, and am examining each questionnaire.

The predominant theme of all these expressions is: "Let the States handle their own civil rights problems and let Uncle Sam keep his nose out of our affairs that are local in nature".

Many, many hundreds express grave concern over the tendency toward big, centralized

Abilene—Madeleine Johnson is a member of the McMurry college Indian band, Abilene, now on its annual spring concert tour. The band is under the direction of Raymond T. Bynum.

One of the unusual features of the band is its concert of sacred music which will be given in the First Methodist Church Ballinger; the Municipal auditorium, San Angelo sponsored by the First Methodist Church, and Kerrville high school.

The tour will also include a noon performance in the plaza of Villa Acuna, Mexico as guests of the major. High schools to be visited on the tour are San Angelo, Eldorado, Sonora, Rock Springs, Del Rio, Alamo Heights and Breckenridge of San Antonio, Fredericksburg and Mason.

The band left Abilene Sunday, March 27 and will return April 2.

Mr. and Mrs. J. M. Nixon of Route 2 became parents of a 9 1/2 pound baby boy Sunday, March 27, at the Smith-Childress Clinic. The baby, who was born at 2:25 a. m., will be named Hugh Duane. He has two brothers, Phil, who is five years old, and Shane, who is nine years old. Hugh Duane and his mother are both doing fine and are now at home.

Mr. and Mrs. Allen Hardgrave and children left Thursday for Sanderson for a few days visit.

Government and the threat that this tendency may eventually lead to state socialism.

And they are big-debt conscious. They want this public debt cut down, and Federal payroll reduced, fewer bureaus, and non-essential governmental activities whacked. I am pleased that so many are following the Hoover Commission recommendations and praise them.

These questionnaires went to the people on the poll lists. Answers have come from all walks of life, from every town and hamlet in the 21st district, and they undoubtedly reflect a fairly accurate cross-section of the thinking of the people living there.

Hundreds have requested that this poll idea be repeated. It will be, early next year when the new poll list is made up.

"THE SACRED LAND" SINGING AT STAR STARS MEN AND SHIPS OF U. S. NAVY

Back in the days when Hollywood Boulevard was a cowpath, the only requirement for making motion pictures were an assortment of horses, six-shooters and Indians. Scripts and story plots were strictly spur-of-the-moment affairs, with cast, crew, director and interested spectators frequently supplying continuity and climax.

"The Secret Land," a new Technicolor film released by Metro-Goldwyn-Mayer, with spine-tingling narration by Robert Montgomery, Robert Taylor and Van Heflin, was produced under 1907 "cowpath" conditions. Yet, the entire film, packed with drama, humor and action, was filmed without screen play and without cinematic direction, thousands of miles from a Hollywood sound stage.

Cast of "The Secret Land," one hundred percent amateur, are "Men and Ships of the U. S. Navy," the 4,000 hand-picked men who sailed with Admiral Richard E. Byrd on his recent South Pole expedition. The "heavy" of the film is Mother Nature herself, who emerges as quite a meanie from under her mantle of ice.

PEGGY CUMMINS, CHARLES COBURN, ROBERT ARTHUR STARRING IN HIT FILM

Mary O'Hara's widely read and loved adventures in the new West come to a blazing screen climax when "Green Grass of Wyoming," the new Twentieth Century-Fox hit starring Peggy Cummins, Charles Coburn and Robert Arthur, opens for the Saturday night Preview, Sunday and Monday at the Melba Theatre. Photographed in color by Technicolor in the spectacularly scenic mountains of Utah, and at the famed racing oval of Lancaster, Ohio, the picture combines all the color, romance, realism and action thrills of "My Friend Flicka," "Thunderhead, Son of Flicka" and "Smoky."

In "Green Grass of Wyoming" the wild, fierce stallion, Thunderhead, fulfills his heritage in a suspenseful and excitement-packed drama that carries along in its wake the fortunes—romantic and otherwise—of the people who love and fear him. With Thunderhead now a hunted-raider of the range, the film's story sweeps through the savage dangers of the rolling ranch country with its wild, fighting horses and marauding wolf packs, through a series of thrilling and heart-stirring adventures, to the high excitement of the climatic State Fair Harness Race. Through it all runs the tide of human drama and romance in the story of a boy and girl, and of a man whose heartbeat is keyed to the hoofbeat of the racing horses he loves.

Center City H. D. Club

The Center City H. D. Club met with Mrs. Sherwood Owens on March 24. The meeting was called to order by our president, Mrs. Mann. After roll call and reading of the minutes the members drew names for "Secret Pals" for the remainder of the year. You members who were not present be sure to attend the next meeting so the drawing may be completed.

It was decided that the club will sponsor a 42 party to be held in the home of Mrs. Mann on April 1. This is for a good time together, also to raise some money needed by the club. Each couple will be asked to contribute 25 cents to the club treasury. So all you folks who like a social evening with your friends and neighbors, bring your quarter, your dominoes, your card table to Mr. and Mrs. Gilbert Mann's on Friday night, April 1.

After this business was disposed of Mrs. Lemay led in the discussion of hobbies. Several

members displayed beautiful and very interesting ones. Continuing our study on bedrooms, Miss Hintz gave a very interesting talk on "Provisions for dressing in the bedroom."

A refreshment plate of dainty sandwiches, cookies and iced tea was served to Miss Hintz, eleven members and two guests. We were very glad to have Mrs. Brown with us again and are happy indeed that Mrs. Egger accompanied her. We extend a hearty invitation to come again!

We adjourned to meet with Mrs. Walter Franks on April 13. Don't forget that 42 party!

HILLSIDE MISSION

By LIDA BYRNE
THE TEMPEST

We were crowded in the cabin; Not a soul would dare to sleep; It was midnight on the waters, And a storm was on the deep.

'Tis a fearful thing in winter To be shattered by the blast, And to hear the rattling trumpet Thunder, "Cut away the mast!"

So we shuddered there in silence, For the stoutest held his breath, While the hungry sea was roaring, And the breakers threatened death.

And as thus we sat in darkness, Each one busy in his prayers, "We are lost!" the captain shouted, As he staggered down the stairs.

But his little daughter whispered, As she took his icy hand, "Isn't God upon the ocean, Just the same as on the land?"

Then he kissed the little maiden, And he spoke in better cheer; And we anchored safe in harbor When the morn was shining clear.

THIRD GENERATION

Fifth generation of Mrs. M. J. Burrows, wife of the Rev. Thos. Burrows, an early-day resident of Mills County. Grandmother Burrows lived in Texas in the days of the Indians, and loved the frontier out-of-door life. Pictured, left to right: Mrs. W. W. Reynolds, her daughter; (2) Mrs. Loretta Lawson, her great-granddaughter; (3) Leslie Gene Lawson, her great-great-granddaughter; (4) Lena R. Flatt, her granddaughter; and (5) Grandmother herself.

OBITUARY

Mrs. M. J. Burrows, wife of Rev. Thos. Burrows, a native of Texas and a long time resident of Mills County was born December 25, 1858. She departed this life January 20, 1949. She was 90 years old Christmas day and was laid to rest beside her husband in the Goldthwaite Memorial Cemetery who predeceased her in death February 7, 1929. Funeral services were conducted from the Methodist Church by Rev. Joseph L. Emery, pastor of the First Baptist Church.

Grandmother Burrows, possessed faith in Christ and united with the Missionary Baptist Church early in life at Moody, Texas.

We think of her prayerful life now gone from among us that loved her. We can not think of her as dead who shall walk with us no more in the paths of this life. She has but gone before to the Father's house of many mansions fair. We will miss her so our hearts are made sad.

Still within our minds has place of her when she walked

and lived with us and we saw her face to face.

What to us her life has been is sealed within our hearts through the end of time.

Back of this sadness where love never dies
She lives in glory beyond the blue skies.
And we who loved her whose passing made
Us sad shall love and cherish her memories
To help us through the coming years.

Among those out of this district who attended the funeral of Grandmother Burrows were Mr. and Mrs. T. H. Burrow, Mr. and Mrs. Marvin Burrows and son, Marvin Jr. of Artesia, New Mexico, Mr. and Mrs. W. J. TODAY IS LAST DAY TO REGISTER AUTOS WITHOUT PENALTY

Today, Friday, April 1, is the last day to register your automobile for 1949 without penalty, Sheriff W. L. Mahan said this week. Although the deadline is March 31, cars and trucks can be registered today without having the 20 per cent penalty added. Registration tags have to be on cars driven after today.

The tax collector's office has been rushed the past few days by Mills County people getting their new 1949 car tags.

TWO BROTHERS DIE IN PLANE CRASH

Officials at Waco Air Force base Wednesday identified two brothers who were killed in the crash of an AT-6 plane Tuesday night on the west shore of Lake Waco.

They were Morris A. Holloway of Dallas and T-Sgt. Davis R. Holloway, attached to the station hospital at Waco Air Base.

The brothers were sons of Mr. and Mrs. A. B. Holloway of Roane, Texas.

The brothers had flown to San Antonio to visit another brother and were returning to the Waco base when the crash occurred.

Wreckage was scattered over an area 500 feet long, the two bodies, burned and mangled beyond recognition, were found about 30 feet apart in bits of flaming debris.

The Holloway's are brothers of Mrs. Kyle G. Simms of Brownwood, a former resident of Goldthwaite. The Holloway brothers will be remembered here by many as they visited here with their sister, Mrs. Simms, while she was a resident of Goldthwaite.

MRS. FINLEY DIES IN HIWAY ACCIDENT

(Brownwood Bulletin)
Mrs. Lana Fae Findley, 29, 1620 Borden, was killed instantly at 2:30 a. m. Wednesday when struck by a truck near Sid's Place on the Fort Worth Highway.

Her body was found by a taxi driver, who had been called by a filling station employe to come and get a woman seen on the highway.

Vernon McGinn of Goldthwaite, driver of a Ford truck loaded with cedar posts, stopped at a filling station near the scene of the accident and telephoned city police that there was a woman on the highway, but that he did not know if he had hit her.

Another truck was following close behind McGinn's truck.

Justice of the Peace T. H. Hart was to question McGinn regarding the accident.

McGinn's wife and baby were in the cab with him. Near the scene of the accident police found a pillow and a baby shoe.

The taxi driver radioed his office immediately after discovery of the body.

It was Brown County's second traffic fatality of the year.

FAMILY TO SUNDAY SCHOOL

Everyone who has occasion to meet and know people as I have had the privilege of for many decades—is struck by one eternally recurring in the youth of every generation is eagerness: eagerness to do, achieve; eagerness to learn. It is a veritable Falls of energy and potential power.

and girls of today have this wonderful new hope for the world. Within themselves have the potential power to rebuild the career to heart's desire. If they will it so, they can make this a productive and peaceful world. But people can utilize their tremendous energies to produce good in the world only if they are able to harness them and put them to work efficiently and intelligently. Helping to turn these mighty energies into the true power of spiritual adulthood is the work—the sole work—of the Sunday schools of our churches. Where else are the training and spiritual education lessons in self-discipline and self-realization available to our young people. The work of our Sunday schools therefore becomes a primary consideration of responsible adult in this nation.

Our public schools do an important job of helping in young minds. There are countless civic projects which help to train young bodies and coordinate muscles and teach some of the lessons of citizenship. These have the deserved support of our citizenry. Yet without spiritual education background of moral and religious training—courses of training fail.

Most important of all the responsibilities of that of training the mind and spirit—millions of adults are woefully neglectful or indifferent for both. To provide for the schooling of a mind, to provide for his physical health, yet to neglect the health and growth of the soul within him and his birthright—and cripple his spirit.

Every boy and girl, and every man and woman in our nation has become an active participant in our school and church program, we are neglecting the most important national resource—the spirit of our people.

It is not enough merely to send your children to Sunday school. TAKE them to Sunday school this Sunday—take them regularly—join in the work of the church of your choice—help to make that work more far-reaching and significant—put your own faith to the test—and you may discover in yourself new spiritual strength which will bless your own life, that of your family and the community in which you live.

Trail of The Cross
Lesson for April 3, 1949

THE TURNING-POINT in Jesus' career was dramatic. But the few friends who were present did not then realize what it meant. On a vacation journey, Jesus put to his most intimate friends this question: "Who do men say that I am?" Peter's answer, "Thou art the Christ," may sound obvious to us, but was not obvious then.

It was sensational so much so that Jesus did not want the publicity that would come to him if that name "Christ" were freely circulated. For the word "Christ" meant nothing less than "King." To the Romans it would sound like treason; but to the Jews it would sound like Judgment Day.

When Peter said, "You are the Christ," he was implying also: "You are immortal. You are the coming conqueror of the world. You are not in the same class with any other man. You will do for mankind what no other hero has ever done."

God's View and the Devil's
ON ALL THAT glowing devotion Jesus' next announcement fell like icy rain. In the ears of those friends of his it sounded like the bell of death. Never before had Jesus told them anything like this, and they must have found it hard to believe. For he had not a word about a throne, nothing about success, nothing about mastering the world. Quite the contrary. He must "suffer many things . . . be rejected . . . be killed." If they heard the words "rise again" too, the words made no impression.

For Jesus had announced what to them seemed impossible, absurd! He, the Christ, would be killed! Small wonder that Peter broke out—No, No! But Jesus would not compromise. He even called Peter "Satan" for thinking as he did.

The Christian church agrees with Jesus, not with Peter. We realize today, as Peter himself did afterwards, what the Cross of Christ means.

Buddha, founder of a very different religion, died in old age of over-eating. Can you imagine Jesus doing that? Suppose Jesus had taken Peter's advice and made arrangements to retire comfortably where he would never see a cross? Then we never should have heard of him. He would not have been worth hearing from.

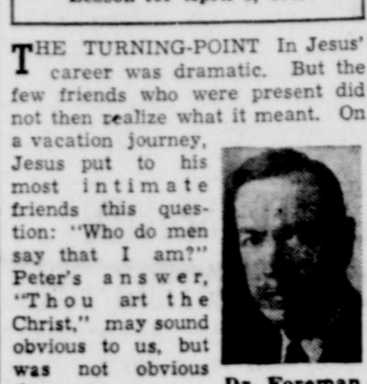

One Cross is Not Enough
YES, WE KNOW now that the Cross of Christ is important. But we are a good deal like Peter, after all. For we do not listen to what we do not like to hear. And the next words of Jesus, on that historic occasion, must have sounded then as they do now, most chilling of all. "Whosoever would come after me, let him take his own cross and follow me." In Jesus' time no one was ever seen carrying a cross who was not already under sentence of death and on his way to be executed.

Translated into modern terms, what Jesus said would sound as horrible as this: Any man who wishes to follow me must take his seat on the electric chair . . . must take his place in the lethal chamber . . . must put his neck in a noose . . . and follow me.

One cross is not enough. There must be other crosses. My road is a death-march. I want for my followers only those who are willing to take the same trail.

*Good
telephone
service*

*Requires High-Cost
construction*

The cost of providing telephone service has steadily increased until present construction costs have, in many instances, more than doubled during the past few years.

Telephone rates, being subject to regulations by state and local authorities, lag far behind the increased cost of materials and wages.

As a result the present high costs of operations and constructions make it increasingly hard to stretch rates based on pre-war conditions to "do the job" necessary to furnish telephone good service and increase telephone facilities.

We are, however, moving fast with our construction and installation program hoping that rates can be adjusted to meet increased costs!

In Memoriam

In memory of our mother, Mrs. Mary A. Stephan, who passed away one year ago, March 17, 1948:

Death called away our Dear Mother;
In the lonely grave to lie, yet her soul is now resting;
In that home beyond the skies.

We loved you Dear Mother;
But the angels in heaven loved you more,
And they sweetly called you to yonder shore;

The Golden Gates were open;
A gentle voice said "come,"
With farewell unspoken;
You calmly entered home.

We cherish you Dear Mother where ever we go;
We miss you in all we do
But up yonder the throng is rejoicing,
At the coming of one like you.

She is happy up in heaven;
Where God and the angels dwell,
Yet our hearts are sad and breaking;
As we think of one we loved so well.

We miss your sweet ways and loving smile;
Our home is dark without you, Dear Mother,
But in heaven we hope to meet you;
For God doeth all things well.
—By Mamie Price.

TEXAS SPORTSMEN TO HOLD FIRST STATEWIDE MEET

Texas hunters and fishermen hit the trail for Brownwood April 7 for the first Texas Sportsmen's Competition and selection of state champions in plug and fly casting, skeet and trap shooting, pistol and rifle marksmanship, and hunting dogs.

The competition, the first ever to be held on a state-wide basis in the United States, will last for four days, April 7-10 and will be the "biggest camp meeting in Texas history," according to Conrad Fath of Austin, general chairman for the event which is sponsored by the Texas Wildlife Federation. Participants and observers will camp on the site of the competition.

Events are open to participants of all ages. In the plug and fly casting events, special divisions are set up for men, women and children with merchandise prizes, medals and trophies in each division. Fishermen's accuracy and fishermen's distance events on Saturday, April 9, will prove especially attractive to the ordinary, everyday fisherman, because anybody who has ever placed in any casting contest is barred from entering. Sunday's open casting events, however, are open to all who want to enter. Merchandise prizes, medals and trophies will be awarded winners and runner-up in all events with extra prizes for third and fourth place winners in some events.

The only qualification for participation in the competition is membership in a club affiliated with the Texas Wildlife Federation, an organization of 250 hunting, fishing and other sports clubs. Clubs not at present affiliated with the Federation may do so by contacting Conrad Fath at 506 Lamar Blvd., Austin, Texas.

PRIDDY COMMUNITY CLUB ORGANIZED

The Priddy Community Club was organized at Priddy Friday night after A. Carl Spencer had presented his program.

H. H. Hook, Vocational Agriculture Teacher at Priddy acted as chairman. A committee consisting of Ewell Priddy as chairman with Ernest Kohler and Gilbert Schlee as members was elected by the group to

plan and arrange for monthly meetings.

Priddy Community Club was selected as a name for the group because any program that would benefit the community would be sponsored by the club. The committee will select the programs that will be of interest to the people of the Priddy community. The new gymnasium makes an ideal community meeting place and it is equipped with a new projector and screen for showing films.
