## NEXT SUNDAY IS TEXAS METHODISTS COLLEGE DAY

The First Methodist Church of Goldthwaite will join with all Methodist Churches in Texas in observing TEXAS METHODIST COLLEGE DAY next Sunday October, 16th. The importance of the Methodist Colleges in training both lay and clerical leaders of the church will be emphasized. The Schools which are included in The Methodist College Association are: Lon Morrison, Jacksonville, founded in 1860; McMurry, Abilene, founded in 1923; Southwestern, Georgetown, founded in 1840; Texas Wesleyan, Fort Worth, founded in 1810; Southern Methodist University, Dallas, founded in 1911; and Perkins School of Theology, Dallas, founded in 1911.

During the period of their existence these colleges have trained more than 120,000 men and women, (awarded more than 2,000 degrees last year).

W. S. C. S. Circle No. 1 of the Methodist church will meet at the parsonage next Monday afternoon at 3:30 o'clock to continue the study on Japan. Mrs. W. E. Hoskinson is the study leader.

## DOWN TOWN BIBLE CLASS STARTED HERE LAST SUNDAY

The Down Town Bible Class is happy to report 34 men in the first meeting the past Sunday at the Melba Theatre, where it will meet every Sunday morning at 9:30 to 10:15.

Come early and enjoy the good old-fashioned, singing led by D. D. Tate and W. C. Frazier, and hear some good Bible teaching by W. B. Wooster. Men, we are expecting you to bring some one with you.—Hally C. Jernigan, Tem. Reporter.

## SEGILQUIST TEST EXPECTED TO HIT ELLENBURGER SOON

O. C. Proffit, driller, said yesterday the total depth Wednesday at midnight of the Segilquist test ten miles southeast of Goldthwaite was 2,214. Drilling was proceeding slowly in hard black lime.

Bob Burks of Fort Worth, oil operator of much experience in this section of Texas, is now here.

Contract calls for pay dirt, or 250 feet deeper than the Ellenburger. Ellenburger is expected to be reached some time next week at about 2,500 feet. An oil showing was encountered higher up in the Marble Falls formation.

E. E. Faulkner returned home last week from a two week's visit in Dallas with his children.

## EARLIEST PICTURE OF GOLDTHWAITE BUSINESS DISTRICT

The above picture is from an old faded tin-type belonging to Mrs. J. N. Keese of Goldthwaite. It shows the city around the time the town lot sale was held, with the business district consisting only of tents, shacks and brush arbors.

## Some Early History Of Goldthwaite And Its First Business District

Goldthwaite was created at a lot sale September 2, 1885, and named for J. G. Goldthwaite.

The townsite was laid out by A. S. Haynes, engineer and the original maps of Goldthwaite shows the streets running East and West, to be First Street, Second, Third, Fourth, Fifth, Sixth and Seventh Streets and the streets running North and South were Reilly, Lynch, Fisher, Parker, Reynolds and Hutchins. The maps also show about

The news of the sale had spread throughout the county and for several days people had been coming in wagons, ox carts and on horseback and were camping wherever wood and water was to be found. There were several springs—one was near Seventh Street about where the pond at the San Saba "Y" is now located. There was a large group of campers there and another large camp was located about Third and Reynolds Streets, and there were prospectors camped all over the new townsite. The weather was unfavorable but it failed to dampen the spirits of (Continued on Back Page.)

## Goldthwaite Eagles Go To Lampasas Tonight To Take On Badgers

Coach Wilson Lucas and the Goldthwaite Eagles, considerably pepped up after their win over Mason Cowpunchers last Friday night here, 35 to 0, journey to Lampasas for a game there tonight over the Lampasas Badgers.

A large crowd of Goldthwaite and Mills County fans will also be present at game time—eight o'clock.

Lampasas has won both its two District 22-A Conference games this year, beating Llano 13 to 7, and last Friday night overrunning the Fredericksburg Hillbillies 26 to 0. The Eagles lost one, to Burnet there 25 to 0, and won last Friday night here over the Cowpunchers 35 to 0.

Lampasas upset Goldthwaite here last year in one of the best games of the season. The Badgers are coached this year by Sam Fowler and Herbert Row. Six lettermen from last year's team are playing again this year.

Last Friday night, Goldthwaite's Fighting Eagles breezed by the Mason Cowpunchers to the tune of 35 to 0 here on Eagle Field, to give the locals their first win of the season. Eagles were superb in their blocking, tackling and running attack on the Cowpunchers, who never seemed to be a threat at any time during the game. Touchdowns for the Eagles were made by Billy Harold Anderson, who carried over for two of the tallies, Red Miller, John Hurley Wilcox, and Charles Ed Wylie, who tallied one each. The entire team looked unusually good, and the game represented a hard-fought battle by two evenly matched teams. The Eagles clicked play after play, which proved that each and every man was thinking and playing the game as he should, as well as displaying good clean sportsmanship.

The Eagles are outweighed and outclassed in experience in the game with Lampasas tonight, but the battle will be a good one and the locals are out to win. They have worked hard this week in preparation for this important clash.

By WALTER LANGSTON  
Turning over a new leaf in the second conference game of the 1949 season the Goldthwaite Eagles trounced the Mason Cowpunchers to the tune of 35 to 0 at Eagle Field here last Friday night. What promised to be a close contest broke loose half way in the first quarter

## JUNIOR EAGLES VS. LAMPASAS JUNIORS HERE LAST NIGHT

A game between Lampasas Juniors and the Goldthwaite Juniors was scheduled for Eagle Field here last night—starting time 7:30.

The Juniors have won one and lost one in play this year. They defeated a larger Burnet team Thursday before last, and lost to Brownwood Juniors here last Thursday night, 7 to 0. Fumbling by the Eagles in the last quarter, gave the Brownwood Junior High School team its victory.

The game was a close one, and the two teams played up and down the field which gave the crowd a thrill from beginning to end.

Next Thursday night, Oct. 20, the Juniors go to Marble Falls for a game there.

and wound up a scoring spree for the previously barren Eagles. Standouts on both sides of the scrimmage line seemed to include the entire teams, however the Punter line failed to stop the inspired Goldthwaite backs: Miller, Anderson, Wylie, and Wilcox combined to roll up an approximate 230 yards gained on the ground. Except for a few moments at the beginning, when Mason carried successfully around the ends for short gain, the Eagles line held like a brick wall. Big Billy Bush and Paul Lloyd carried well for the Punchers.

Sparked by Anderson and Miller, the Eagles found paydirt for the first time this season and seemed to like it. Durn half way in the first quarter (Continued on Back Page.)

## Mills Co. 4-H Club Beef Calves To Go To State Fair Of Texas At Dallas

Mills County 4-H club beef calves are to be shown at the Dallas Fair by two boys and two girls.

All of these calves are carry-over calves from last year's winter and spring livestock shows. County Agent George Reese will accompany the boys and girls and their livestock to the Fair, leaving tomorrow. Their calves will be on display Monday for the sifting. Judging will take place on Friday of next week, Oct. 21, and the sale will be held Saturday, Oct. 22.

Floy Woodard of Star will show "Sport," a steer that will weigh about 1,200 pounds at show time. This steer was bred by Flat Top Ranch at Walnut Springs.

Allen Poe of Star will show "Chief," a steer bred by Raymond Horton of Caradon. Chief will weigh about 1,000 at show

time. Merion Reynolds of Goldthwaite will show a 1,100-pound steer named "Goldthwaite King." This steer was bred by Flat Top Ranch.

Modene Reynolds, a sister of Merion, will show "Winston," a 975-pound steer bred by Winston Brothers of Snyder.

WINS AT TURKEY SHOW—Armond Zoe Clary, son of Mr. and Mrs. Bob Clary of Star Community, displayed a pen of five turkeys which was judged Grand Champion pen of Junior Market Turkey Show at the Dallas State Fair. He took the turkeys over last Friday, and they are still on display at the show.

They were to be auctioned yesterday (Thursday) at 3:00 p. m. The pen of five turkey hens were graded A.

**SALVATION ARMY SHOWING GROWTH**

The Salvation Army is experiencing a remarkable growth in Texas and now operates 31 Corps in the major cities and towns and more than 50 community service units in smaller towns and villages. Lt. Col. John A. Morrison, Texas divisional commander, reports.

Among its Texas facilities are four institutions serving lone and homeless men, providing jobs and another chance; a state home and hospital providing refuge for unmarried mothers and their babies; two residences for young women; a state youth camp where hundreds of young people are given religious guidance and citizenship training; and a number of mobile canteens and other equipment located at strategic places and ready to serve in time of disaster.

Colonel Morrison's report for the fiscal year just ended shows that The Salvation Army came to the aid of nearly 80,000 lone and homeless persons in Texas, that it conducted more than 10,000 religious services reaching thousands of men and women mostly without church ties, that more than 1,000 ex-prisoners were paroled to The Salvation Army.

Through its broad welfare program to the needy, The Salvation Army aided additional thousands with food and lodging, with shoes and other articles of clothing and with other forms of aid and service.

"We are thankful to the generous citizens of Texas for our program could not be carried out if they did not believe in and support so strongly the work we are doing," Colonel Morrison said.

**IN NINETY YEARS**

Before long, "Oil Progress Week" will be observed throughout this country, October 16 to 22. A special effort will be made to acquaint the public with the dramatic story of oil's achievements. And it is a story well worth listening to.

Oil is a young industry—the first well was drilled only 90 years ago. As history goes, that is a very brief passage of time. But during those 90 years we have made incredible material progress. And oil in all its manifold forms and uses, was responsible for an amazingly large part of it.

Oil's experience in late years has been especially interesting. Enormous demands were made on it during the war, when it was one of the vital weapons that won the final victory. When the war ended, and military demands dropped sharply, it was naturally believed there would be a breathing spell. It was not to be. A gigantic increase in civilian demand, which no one could have anticipated, raised consumption to new highs. There were forecasts of serious shortages. But the oil industry licked this problem, as it has licked so many others, and the demand was met with minimum of dislocations.

**God and Nations**

Lesson for October 16, 1949

WHEN the Spanish fleet was about to invade England, back in Queen Elizabeth's time, nothing the English had could stop them. But when the Armada arrived, that vast fleet had been blown to bits by a storm, and the English neatly mopped up what was left. How do you account for that? The English always said God was with them. When the Nazis had overrun France in 1940, it would have been simple for them to invade England. There was next to nothing to stop them. But Hitler delayed from summer till fall . . . and by that time the British were able to mount an invincible defence. How do you account for that? Over and over again in history the unexpected, the unexpected, the "miraculous," has happened. Some call it chance; but others call it God.

Dr. Foreman

**God In History**

BUT GOD does not always or usually operate in spectacular ways. God works in history as he works in nature, out of sight, visible to the eye of faith but seldom if ever otherwise. History, from the Christian point of view, is the working-out of the purposes of God.

The pattern is not entirely clear to us, because we cannot see enough of it at once. But looking back through history, we can see signs that God has been there. This is the message of the prophets of Israel, especially of the great Isaiah.

In a troubled era, when everything seemed to be in most complete confusion, Isaiah gave out some clear and plain truths from God, and helped men then and now read the pattern of God's design.

**The Life Of A Nation**

ONE TRUTH is that justice is a nation's life and sin is a nation's death. God being the God of justice, his purpose is to set justice in the earth. God plays no favorites among nations. Any nation that lives by God's laws, lives; the nation that defies God has signed its own death warrant. There are no peoples who can "get by" with what they please, if what they please is not the will of God. There are people now who do not believe that. They would say, Look at Russia! In Isaiah's time there were those who would say to Isaiah: You must be wrong—look at Assyria! There is a nation that does not know God, and yet grows every year stronger and stronger.

**God's Ax**

ISAIAH has a startling answer to that objection. (Chap. 10.) Assyria is a tool in God's hand, no more. He admits that Assyria has no standard but force, she worships only sheer Power. But there are other nations, wicked ones, which God intends to punish; one of these is the nation of Israel.

Assyria was destined to destroy Israel once and for all, and to damage Judah so severely she never would recover. All this, Isaiah says, is in God's plan.

God does not punish an evil nation with legions of angels; he punishes it with invasions and defeats in war. Assyria was an ax in the hand of God, cutting down the rotting trees of selfish and unjust nations.

**Return To God!**

PEOPLE in Isaiah's time were putting their trust, just as we do nowadays, in alliances, pacts, international combinations of all kinds. Isaiah warns ominously that this will not do, by itself. Not that all alliances are bad; in chapter 19 he actually pictures Assyria, Egypt and Israel as brothers-in-arms.

But he does not hold out any political scheme or combination as the best hope of a nation. Return to God! is the prophet's call. So in our time, whether it be a general MacArthur or a theologian Brunner.

Many of our ablest men are warning us even now—that humanity is facing an alternative; Either go on the way of selfishness and war down to destruction, or else go back to the Source of justice, truth and love, the God in whom alone is salvation.

## WINNING ESSAY IN STATE CONTEST BY MISS JEAN ROSS

(The Rocksprings Record)  
The following essay written by Miss Jean Ross, daughter of Mr. and Mrs. Dan Ross, and a senior student in the Rocksprings High School, won first prize in the state "Americanism" essay contest sponsored by the American Legion Auxiliary:

### Why Does the United States Lead the World?

The eyes of millions of hungry and suffering people are turned towards the United States for food and guidance in the world of turmoil today. The eyes of people are turned to the United States for help and so are the eyes of nations which need leadership.

The United States leads the world because of her material power: money, planes, tanks, manpower, food, and scientific knowledge. The United States leads the world because of the people of the world look

upon the leaders of America as great champions and friends of all humanity and judge the people of the United States by these leaders.

Our material powers and our great leaders are not the only things that make the United States a leader in the world today. It is also the personal freedom of the people in the United States who enjoy more personal freedom than any other people in the world today. A person in the United States has a better opportunity to gain his ideals and make something of himself. If a person is born of a very poor family he does not have to stay poor and in the common class all of his life, he can work his way up in life and even become president of the United States if he has the qualities that people look for in leaders.

Things like the right to go to the church of your choice and choose an occupation are little personal freedoms that people in the United States enjoy. They can also learn what is going on inside of their country. These things may seem little to us but the people in Europe and Asia may not enjoy these things and they seem very much important to them.

The things in the above paragraph are of importance because if people know what is going on inside of their country and have a right to do as they choose they naturally take an active interest in things and try to make them better.

The United States is a leader in the world today because of her military and political power and because of her ideas of personal freedom in the minds of the people of other nations. These other nations trust the United States because of her ability to lead in a way that will give other nations these personal freedoms that the people in America enjoy.

—Nancy Jean Ross.

## F.F.A. SWEETHEART ELECTION ENDS TODAY

Climax of one of the most important events in the school year will take place at four p. m., Friday, October 14, 1949 when the results of the F. F. A. Sweetheart election are announced.

Four girls, Betty John Jackson, Louise Green, Norma Hammond, and Monett Simpson, each representing a class are running in the election which began October first.

All of the boxes which have been placed around town will be taken up and votes will be counted in at a penny each. Proceeds will go to the F. F. A. chapter.

### Bridal Shower

A bridal shower honoring Mr. and Mrs. Othol Knowles was given Saturday afternoon, October the eighth in the home of Mr. and Mrs. Harmon McCasland. A large number of friends and relatives attended. Many nice and useful miscellaneous gifts were received. Mrs. Knowles was the former Miss Flossie Webb of Goldthwaite. We wish for them a long successful, happy life together.

### Note To H. D. Clubs

A news note to all Mills County Home Demonstration Clubs!

Your council met Wednesday, October 5, discussed and decided that only cotton dresses would be made by club members this year for the Style Show to be held in December.

It had previously been announced that both cotton suits and dresses would be made, but after a lengthy discussion, the suits were ruled out.

So, all club members of all the various clubs in Mills County, as this concerns each of you. Please take note of this. Only cotton dresses will be made and judged this year.

Mr. and Mrs. Tom McArthur attended the State Fair at Dallas Saturday.

**SCALLORN**

By ORA BLACK

Saturday night a large crowd gathered at the church for a barbecue, singing, a talk and movie by Mrs. C. F. Cloud.

Sunday saw another record crowd for the church services. Rev. C. F. Cloud concluded a four year ministry at Scallorn. During his stay here the church and Sunday School has grown from a mere handful to an enrollment of 68 in Sunday School, an active W. M. U., G. A. S and R. A.'s. Much credit goes to Rev. and Mrs. Cloud. Our prayers and blessings go with them to their new home in Novice.

Visitors in the Silas Burk home Sunday were Mrs. Burk's parents, Mr. and Mrs. H. C. Perry, San Saba, Mr. and Mrs. W. R. Perry, Cherokee, Mr. and Mrs. Elmo Watson, Mr. and Mrs. Dean Burk and son, Jerry, of Goldthwaite.

Mrs. Flo Wilke and Dad Stuckey called in the C. H. Black home Sunday P. M.

Mr. and Mrs. Gene Turbiville were Sunday luncheon guests of the Silas Burk family.

Mr. and Mrs. Marvin Laughlin of Kermit were week-end guests of Mr. and Mrs. Webb Laughlin.

Earl Blake of Midland spent the week-end with Mrs. Blake, also Mr. and Mrs. O. B. Fomby of Cross Cut.

Mrs. C. H. Black and Mrs. Mike Johnson went to Galveston early Saturday a. m. to bring Mrs. Della Tyson home. At Alvin, Texas they drove into the flooded highway; a result of the 10 inch rains there and in the Houston area. They drove along about 10 miles of road in water ranging from 12 inches to 2 feet in depth. They were not exactly scared but were far from easy.

The rice and cotton fields were completely submerged, tractors left in the fields were mostly under water; live stock were huddled close together on Terraces, and were still standing in water.

Surely wish we could get some of the rain here where it is so badly needed.

Mr. and Mrs. Leonard Archer, Linda and Lana visited John Kuykendall and wife Sunday.

Mr. and Mrs. T. A. Casbeer attended the Goldthwaite and Mason football game Friday night.

Mrs. Earl Blake went to Brownwood Monday.

Jane Black was home this week-end.

Most every one here saw the Lometa and Johnson City football game Friday night. The score was Lometa 40, Johnson City 0.

The Clouds and Bishops made several calls in the community Sunday afternoon.

C. W. Hart of Portales, New Mexico spent the past week visiting his son, L. B. Hart and family.

## FIRST GRADE REPORT

September fifth, which was to be our first day of school, finally arrived. Oh, how we have longed for that day to come. In fact, we have waited six long years for it. Are we having fun now? Yes sir, we are having so much fun in learning. We will tell you next time more about what we are really learning. This time we will take only room enough to tell you who we are. There are twenty-one of us. We are: Dale Allen, Larry Wayne Boykin, Bobby Boykin, Sammie Joe Carter, James Woodson Clary, Clayton Doss, James Howard, Stean Kemp, James Knight, Jimmy Mann, Boyce Newton, Allen Dale Perkins, Junie Goode, Eva Faye Green, Lula Mae Hurst, Edna Marie Kincheloe, Margaret McCasland, Crystal Miles, Betty Joe Sheldon, Dessie Faye Waddell and Kathrine Witt.

## SECOND GRADE REPORT

There have been sixteen enrolled in the second grade. We are sorry that Virginia Eden had to move away. All of us went to school last year, nevertheless, we were all anxious for school to start again this year. We certainly enjoy our school work and play. The 2nd grade pupils are: Larry Dow Carroll, Harold Dale, Clary, Deron Coffman, Alvis Ray Cox, Woody Head, G. C. Kincheloe, Mack Kincheloe, Wayne Knight, Doyle Reeves, J. W. Woodard, Altor Allen, Raunde Nell Duncan, Verenia Ann Munday, Cora Juan Williams, Charlene Williamson.

## THIRD GRADE

We are happy to be in school again. We have ten pupils. They are: Patsy Boykin, Georgie Erown, Gilbert Casbeer, La Dell Decker, Harvey Farr, Prentiss Head, Joe Howard, Elan Miles, Forrest Newton and Stella Austad.

We are studying the "North American Indian" as our unit for October. We are using the hand work material from "Our World Book" for the unit.

## FOURTH GRADE

We are enjoying school again. We have ten in our class. They are: James Boykin, Lester Clary, Merlene Head, Larry Paul Kelso, Billy Knight, Elbert Lee, Johnette Medford, Doyce Newton, Chester Rickle, and Barbara Sheldon.

Our unit for the next six weeks is "Mexico."

We organized a "Citizenship Club" last week. Doyce Newton is our president and Larry Paul Kelso is secretary.

We plan to learn many ways of being better citizens during the year. The club will present a play, "Strutter The Last Turkey," soon.

## FIFTH AND SIXTH GRADE

There are twenty-three pupils in the Fifth and Sixth Grade room, ten in the fifth and thirteen in the sixth. These grades are taught by Mrs. Joe Le May who lives at Center City. She comes from Coleman County where she has had a number of years experience in the Valera School.

The pupils have made some good grades but they are working a little harder this week.

Several of the sixth grade boys have made some telegraph instruments and will soon be able to send messages to each other.

Several Bird Booklets have been made on American birds.

## SEVENTH AND EIGHTH GRADE REPORT

Clifford Clapp still isn't back, but we're expecting him to come home today from the hospital.

Every one is playing basketball now. We have a good team.

We've been in school one month it has seemed short.

Nell Reeves is back in school after a bad cold. We are very

proud to have her back.

Gloria Sheldon missed school today to go to Dallas to bring her mother home from the hospital.

The individual pictures will be made Tuesday, October 4 for our annuals.

## FRESHMAN REPORT

With Hallowe'en drawing near, we freshmen are wondering who will be our Hallowe'en queen. We will probably elect our candidate soon.

In English we are busy preparing book reports and summaries. We are working hard to pass the first six-weeks test in all our subjects.

We freshmen boys and girls are looking forward to the first basketball game of the season. Chester Brooks, —Reporter.

## SOPHOMORE REPORT

We, the sophomore class, haven't elected a candidate for our Hallowe'en queen as yet.

We have been studying hard to pass our subjects. We hope to pass every subject this first six weeks.

We have been working on our written book reports and summaries for English.

Some of our pupils have been absent picking cotton, but we are glad to say that they are returning.

Mary Lou Whitehead, —Reporter.

## JUNIOR REPORT

We are progressing in our subjects and enjoying them very much.

We are proud to welcome James Embrey back after a week of picking cotton.

We got our bookkeeping and home-making test books this week.

Velda Black, —Reporter.

## SENIOR REPORT

The Seniors have been working for the annuals for the past two weeks. We have \$469.50 so far, and hope to get more.

Mr. Fortune will come to the school house Tuesday to take pictures for the annuals.

## H. E. REPORT

Last Friday morning the girls went to the H. E. room and tried out our sewing machines. We found the machines need overhauling.

We plan to start sewing during the next six weeks. The first thing will be an apron.

We will have our six weeks' test next week.

The Vocational Agriculture

boys built a nice cutting table for us.

Floy Woodard, —Reporter.

## SPORTS

We are still practicing basketball every day and hope to have a game with Zephyr soon. We don't have our suits yet, but we hope to get them soon.

We got a new basketball and some new goals this week. We are sure proud of them.

Those that attended the Mullin-Priddy game were Velda Black and Floy Woodard.

## SNOOPY SUE

(Daughter of Anna Mae)

Well, Freda, we know you were happy this week-end. Sure was nice that Garland came home, wasn't it.

Janetha, seems as though you like ball games, especially San Saba. Sorry that San Saba did not win.

Floy, seems like you and Allen are getting along wonderful, good! We wonder why Ethylene is all smiles, couldn't be because Adron came in could it? or Al-dean?

Velda, seems as though the show interested you Saturday night, also, Sunday.

Dorothy, we wonder about you and Harvey. We didn't see you Saturday night. Melba, we wonder about you and Bobby, too.

May Bell, how do you like the teacher's son for a date? David is a likeable chap isn't he?

J. O., we missed you and James while you were gone.

Vernell, seems as though you and Janetha had visitors Sunday night. Couldn't have been Delbert and Ray???

**NATURAL GAS FLOWED INTO GOLDTHWAITE MAINS LAST FRIDAY**

MAYOR LOY LONG turns the valve starting the flow of natural gas into Goldthwaite distribution system on October 7 at 10:26 a. m. The ceremony was witnessed by Lone Star Gas Company and city and county representatives. They are, left to right, Jack Reid, alderman and fire chief; W. P. Duren, Trent State Bank vice-president; W. C. Barnett, city manager; County Judge L. B. Porter; Mayor Loy Long; L. C. Byrd, foreman of Lone Star's San Saba district; E. E. Madding, Lone Star subdistrict manager at Goldthwaite, and J. B. Knowles, manager of Lone Star's San Saba district.

**FIRST GAS METER TURNED ON**

First gas meter to be turned on in Goldthwaite was at the home of Mrs. A. J. Gatlin on Reynolds Street. Her son, J. O. Gatlin, right, watches the operation. Turning on the meter is J. A. Rogers, manager of Lone Star Gas Company's Llano subdistrict, who was in Goldthwaite helping fellow employees inaugurate gas service. The event took place on October 7. Goldthwaite became the first community to be served by Lone Star's Hill Country pipeline being constructed from Hamilton County to Kerrville.

**Ceremony Here Last Friday As Natural Gas Is Turned Into Line**

Goldthwaite received an early Christmas present last Friday. The occasion was the turning of natural gas into the local distribution system constructed by Lone Star Gas Company.

Mayor Loy Long opened the valve that started the flow of gas from Lone Star's main line. The time was 10:26 a. m. and the event took place at the company's measuring station about a mile east of Goldthwaite just a few yards north of Highway 84.

The ceremony, witnessed by city and county officials and gas company representatives, marked the beginning of natural gas service for Goldthwaite. The local gas supply comes through a 4-inch line that taps Lone Star's 16-inch main line fifteen miles east of Goldthwaite.

The main line, starting in Hamilton County and extending to Kerrville, will eventually supply gas for nine other distribution systems constructed by Lone Star at Kerrville, Fredericksburg, Llano, Burnet, Marble Falls, Bertram, San Saba, Lometa and Lampasas.

Shortly after Mayor Long turned the valve, the gas meter at the home of Mrs. A. J. Gatlin on Reynolds Street was turned on. Thus, Mrs. Gatlin, a pioneer citizen of this section, was the first person in Goldthwaite to receive natural gas service.

E. E. Madding, Lone Star Gas

Company manager at Goldthwaite and Lometa, said that more than 60 customers in Goldthwaite will be using natural gas within the next few days. Before cold weather sets in, he pointed out, about 250 customers will be using such service. He said that a ceremony inaugurating natural gas service at Lometa has been tentatively set for October 20.

Mayor Long praised the combined efforts of Goldthwaite and Lone Star Gas Company in setting up facilities that resulted in natural gas service for Goldthwaite.

"The arrival of natural gas in Goldthwaite is a big step in our city's march of progress," he said at the ceremony Friday morning. "We have been looking forward to this event for a number of years. Goldthwaite is a growing community and Lone Star's coming will help us grow for the benefit of all phases of business and industry. A dependable gas service is an incentive for more families to move to our town. We hope to see industrial growth as a result of natural gas being available here. We welcome Lone Star Gas Company and its employee personnel."

Manager Madding was strong in his praise of Goldthwaite for the "splendid cooperation we have received in all phases of work required in developing natural gas service here."

"We are happy to be in the

Goldthwaite area," Madding said. "Our aim is to work with Goldthwaite in all phases of community development. We realize our responsibilities as a public service company to make gas service facilities dependable. We also expect to take our share of responsibilities toward the general welfare of the community."

"Due to the splendid cooperation we have received from Goldthwaite citizens, we were able to inaugurate natural gas service here sooner than we had anticipated. Our original plans called for turning on service here no sooner than early in November. But we were able to speed up the work and the result was an early Christmas present. Lone Star is happy to prove that we are living up to our commitments as a public service organization by following through with the responsibilities outlined in the franchise to operate in Goldthwaite."

Madding said that, while Goldthwaite received its natural gas service ahead of schedule, such service in the other towns to be served by Lone Star in this area might be delayed. He laid the delay to the steel strike which is causing a shortage of pipe and other critical materials.

Joining with Mayor Long in the ceremony inaugurating gas service in Goldthwaite were Jack Reid, alderman and fire chief; W. P. Duren, vice-president of the Trent State Bank; City Manager W. C. Barnett; County Judge L. B. Porter and the following Lone Star Gas Company representatives: J. B. Knowles, San Saba district manager; L. C. Byrd, San Saba district foreman; E. E. Madding, manager of the Goldthwaite subdistrict which includes Goldthwaite and Lometa.

Lone Star Gas Company personnel from out-of-town who aided in the project were Norman Gooch of Abilene, division superintendent of appliance installation and service; R. O. Pearson of Abilene, division distribution engineer; John Rabb, San Saba district salesman; Earnest A. Rogers, subdistrict manager at Llano; George Min-ton of Joshua, district pipe line foreman; Earl Fenner of Dallas, regulator repairman; C. E. Holbert of Dallas, regulator repairman helper; L. D. Black, Brownwood district manager, and Bruce Cunningham of Dallas, Lone Star Gas Company publicity supervisor.

Lone Star Gas Company is a Texas public service organization which owns and operates gas distribution systems in more than 340 cities and towns in Texas and Oklahoma. The company, which supplies a complete fuel service for almost 500,000 customers, was chartered by the State of Texas in 1909 and pioneered the Southwest in the long distance transmission of natural gas from the fields to local distribution sys-

tems. The company's natural gas supply is supported by more than 1,500 wells penetrating huge gas reserves in 75 separate and widely scattered fields in Texas and Oklahoma. Its far-flung network of pipe lines connected to these wells totals almost 6,000 miles and pipe in its local distribution plants exceeds 6,500 miles.

The major transmission line that will serve Goldthwaite and

the nine other new distribution systems in this section of Texas lies in with the pipe line network in Hamilton County. When all these communities are tied in, about 10,000 additional customers will be served by Lone Star and this will mean that more than 50,000 men, women and children in the territory will be enjoying the benefits of a dependable gas service.

*Broadcast: October 15, 1949*

- 1/2 cup Fat Milk
- 1 envelope unflavored gelatin
- 1/2 cup cold water
- 1/2 cup canned peach juice
- 2 tablespoons sugar
- 1/4 teaspoon salt
- 1 teaspoon grated lemon rind
- 16 marshmallows, halved
- 1 slightly beaten egg
- 2 tablespoons lemon juice
- 1 1/2 cups canned sliced cling peaches, drained

Chill milk until ice cold. Soften gelatin in cold water. Mix peach juice, sugar, salt and lemon rind. Add marshmallows. Cook and stir over very low heat until marshmallows are just melted, about 3 min. Stir in softened gelatin. Then stir into beaten egg. Add 1 tablesp. lemon juice and 1 cup peaches. Chill until slightly thicker than unbeaten egg whites. Whip chilled milk with cold rotary beater, or electric beater at high speed, until fluffy. Add remaining 1 tablesp. lemon juice; whip stiff. Fold into peach mixture. Put into cold 9-in. baked pastry shell. Garnish with rest of peach slices. Chill until firm.

**NOTICE OF HEARING TO APPROPRIATE PUBLIC WORKS OF THE STATE OF TEXAS**

Notice is hereby given, to whom concerned, that E. H. HAPGOOD AND WIFE, the postoffice address of whom is Goldthwaite, Texas, on the 27th day of September, A. D. 1949, filed their application in the office of the Board of Water

Engineers for the State of Texas, in which they apply for a permit to appropriate of the unappropriated waters of the State of Texas, from the Colorado River in Mills County, Texas, to divert and appropriate not to exceed 24.2 acre-feet of water per annum between October 1st and March 31st of the following year, for the irrigation of not to exceed 21.5 acres of land out of the Jesse Walker Survey in Mills County, Texas, by means of a pumping plant. The proposed pumping plant is to be located at a point which bears North 44 degrees 38' E. 423 feet from the Northwest corner of Jesse Walker Survey on the East bank of the Colorado River in Mills County, Texas, and is distant in a Southwesterly direction from Goldthwaite, Texas, 10 1/2 miles.

A hearing on the application of the said E. H. Hapgood and Wife will be held by the Board of Water Engineers for the State of Texas, in the office of the Board at Austin, Texas, on Monday, November 14th, A. D. 1949, beginning at ten o'clock A. M. at which time and place all parties interested may appear and be heard. Such hearing will be continued from time to time, and from place to place, if necessary, until such determination has been made relative to said application as the said Board of Water Engineers may deem right, equitable and proper.

Given under and by virtue of an order of the Board of Water Engineers for the State of Texas, at the office of said Board at Austin, Texas, this 27th day of September, A. D. 1949.

## Priddy's Walking Encyclopedia

The Priddy Seniors are all here this year and they still have their arguments with a certain teacher, and they do mean teacher. There are three boys enrolled as seniors. As of now there are ten girls enrolled as seniors. You boys certainly don't have the majority, but one thing you can brag about is the right to be choosy.

This article is supposed to tell you a little about a person, but I think most of you will agree with me that it does not tell a little about one instead it tells you a little about what each one has done.

The president of the class is always mentioned first, so I guess Junior is first on the list. We have always heard that Presidents get their way and we are wondering if that's the reason Junior has been going with so many high school girls here lately. We haven't seen Junior go to Hertha's house lately. Maybe he has heard that Hertha goes to Comanche even at the cost of thirty dollars. Junior, if we may, we would like to ask you this question—Were you old enough Saturday night?

Howard has moved closer to Priddy or is it closer to the switch board he was worried about? We have heard that a little boy keeps the grass run down between the two houses carrying love notes. Howard,

what is the matter with you? Have you got a bone in your leg?

We haven't heard much about Glendon, but I've heard that Frances Lee and he walk a mile to the bus line together. We wonder if it's the desire for education that brings them to school each day.

We are a little surprised at Jewel. Her mind seems to stay on one subject all the time. What's that subject you say? It's getting married. Just the other day we heard her mention a bridal suite in a Hotel in Houston. Orbie, unless you have a gold mine in your pocket, you had better get her to change the location. It takes a gold mine to rent one room, much less a bridal suite.

We have heard that Ramona is holding the torch for only two boys in this community. We wonder if it's the desire to rent the Lodge Hall that keeps Ramona so ready to talk to Mr. Schuman for the seniors. Too bad Mr. Tiemann isn't one of the Lodge men too.

Bettie Marie has been seen with a Mr. Tiemann too. It's not the same Tiemann, but I think Ramona knows him quite well. Leo, if matrimony ever enters your mind, you had better find some one who is not quite so intent on being an old maid as Bettie Marie.

Dora, where did you go Sat-

urday night? We are wondering who is going to get the Rosie. Remember Geneva is still in the race, or are you Geneva? With you it makes three. Ramona, Dora, and Geneva. Which is your choice, Rosie?

T. J. was in Durenville by himself last night. Why didn't you go Annie?

Looking at Rudy and Weldon keeps me wondering, "Which has the Toni?"

Where do all these teachers go on Monday nights? We are wondering if the masters degree is just an excuse to go to Brownwood. Just remember teachers, your suppose to set an example.

Bert Lowe of Brownwood delivered an impressive address to the Baptist congregation on Layman day Sunday night.

Mrs. J. H. Hutts of Liberty Hill arrived Monday for a visit with her sister, Mrs. W. C. Frazer.

Mr. and Mrs. V. F. Wallace of Ft. Stockton visited her mother and sister, Mrs. J. D. Simms and Mr. and Mrs. R. V. Little.

Mr. and Mrs. Marler of Center point community have gone to San Angelo to visit with a daughter.

Mr. and Mrs. J. F. Wigley returned home Monday after a few days visit with their daughter, Mrs. C. G. Schruggs and Mr. Schruggs at Dallas.

Mary Lynn Willis of Comanche left Sunday after a few days visit with her grandparents, Mr. and Mrs. D. A. Hamilton.

Over the week end guests in the home of Mr. and Mrs. Jesse Saegert were their parents, Mr. and Mrs. Saegert and Mrs. E. E. Behrendt and daughter, Betty, all from Seguin.

# Rivers of grass

"Rivers of grass" flow across this country. Millions of cattle and lambs have spent the spring and summer turning grass into meat. Now they are ready for round-up and shipment. So in October they move to the markets—in a great flood of livestock. Many go direct from the range to meat-packing plants. Others go to the feed lots to be grain-finished. But, either way, these meat animals are mostly grass—which folks cannot eat—converted into appetizing, nourishing meat for people. They are adding greatly to the health and wealth of the nation. Without this "livestock economy," in which you and we are engaged, 779,000,000 acres of our United States would produce little food for human use.

Whether you ship your cattle and lambs early or late—whether it's to Chicago, Ft. Worth, Denver or any of scores of other markets—you'll find buyers there to bid for them. With many others, Swift & Company helps provide the year-round daily market which is as essential to your business as it is to ours.

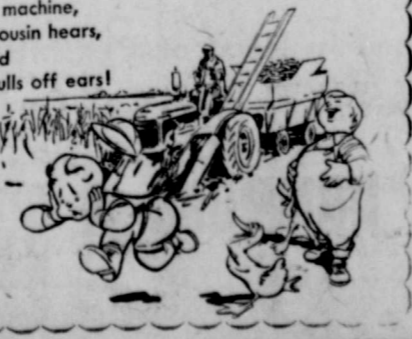

Your grass, turned into meat, is a vital raw material of all meat-packing operations. There is keen competition for it. Every meat packer and commercial slaughterer (and there are more than 18,000 of them in the United States) must have a regular supply of meat animals. Each buyer knows the high bid gets the animals. He knows also that his own price range is set by supply and demand. He sees your steers and lambs as so many pounds of meat and by-products. The price you are offered for your livestock is governed by what the meat packer can get for the meat and the by-products.

## Your Markets for Meat

In the early days of our country, livestock was produced close to the point where it was eaten. But as the population grew, those conditions changed. Today two thirds of the people live east of the Mississippi, while two thirds of the livestock is produced west of that river. To bridge that gap of more than 1,000 miles is no small job. Millions of head of livestock must be processed and the meat distributed to where it is wanted. The facilities of nationwide meat packers provide you with markets for your meat animals; move the meat to cities and towns where it is in demand.

Swift & Company, and other nationwide meat packers, sell meat to retailers wherever there are people who want to buy it. . . no matter how far that may be from your farm or ranch. We bring you the benefit of national, rather than local, demand. This means that, in selling your livestock, you choose between the price created by local demand, or the price created by the national demand of millions of meat eaters.

We work hard to encourage you to serve meat oftener—to eat more of it. . . And we are proud that our nationwide system is one of the most efficient, low-cost food distribution systems in the United States.

## Martha Logan's Recipe for SAUSAGE AND CORN BREAD

(Yield: 6 servings)

- |                         |                                |
|-------------------------|--------------------------------|
| 1 lb. pork sausage meat | 1 tsp. soda                    |
| 1 1/2 cups corn meal    | 1 cup sour milk                |
| 1/2 cup sifted flour    | 1 egg                          |
| 1/2 tsp. salt           | 2 tbsp. pork sausage drippings |
| 1 tsp. baking powder    |                                |

Brown pork sausage meat thoroughly in heavy skillet (about 9 inches in diameter). Drain off drippings. Sift together corn meal, flour, salt, baking powder, and soda. Combine egg and milk and beat until well combined. Add 2 tablespoons drippings to milk and egg mixture. Pour liquid into dry ingredients and stir just until well mixed. Pour batter over pork sausage in heated skillet. Bake in moderately hot oven (450°F.) until well browned, about 30 to 35 minutes. Serve hot as main luncheon dish.

## Quotes of the Month

"We, as ranchers, are not sufficient unto ourselves. In fact, we are only the beginning of the beef life. Of equal importance are the feeder, the processor, the distributor and the consumer. Disregard the rights or welfare of any of these, and sooner or later we suffer."

Sam R. McKelvie,  
Pres. Sardhill's Cattle Ass'n

"He gave it for his opinion that whoever could make two ears of corn, or two blades of grass, to grow upon a spot of ground where only one grew before, would deserve better of mankind, and do more essential service to his country, than the whole race of politicians put together."

Gulliver's Travels (written in 1726)

## Supplement that Poor Forage

by Robert D. Rasmussen  
New Mexico A. & M. College

Dried-up pastures and winter weather create the same feeding problem for the cattleman. They simply mean that you have lower quality feed and less of it. And you have little choice as to what you can do about it. You can let the cattle eat what they can find. In this case you're likely to take a weight loss on your cows. You'll also take a chance on a weak calf crop. Or you can feed a supplement. If you feed enough of the right kind, your cows and unborn calves will come through in good, healthy condition.

California experiments on deficient range showed the cow herd that got a protein supplement produced a 91% calf crop. Cows on similar range, without a supplement, produced a 61% calf crop. Arizona found that feeding supplement increased the weight of the calves at birth by 10 pounds.

The amount of supplement needed varies. Cows carrying calves, and young stock require more protein than open cows or mature animals. A safe rule to follow is to watch the condition of the stock. Keep them healthy and thrifty.

Research by the New Mexico agricultural experiment station shows that during the winter months range forage is most critically short of phosphorus as well as protein. While some of the cake supplements are high in phosphorus as well as protein, most ranchers over the state are using mineral supplement for year-round use. A mineral supplement containing at least 6% phosphorus should be made available at all times to range cattle. Experiments have shown that year-round use is better and more profitable than seasonal use.

Here's a goal for cattlemen. Use whatever kind and amount of supplement is necessary to keep your cattle healthy and thrifty. (Editor's Note: The principles of animal nutrition discussed above apply in all parts of the country.)

## Our WASHINGTON Letter

By Congressman O. C. FISHER

With all signs pointing to an early adjournment, the House last week passed an expanded social security bill, some odds and ends, and squared away for the curtain on the first session of the 81st Congress. The second installment will begin early in January to pick up where this session ends.

### Wool Production Down

The Bureau of Agricultural Economics reports that wool shorn or to be shorn in 1949 is estimated at 215.5 million pounds, grease basis, the smallest on record and 8% less than the 1948 production. This is 37% under the 1938-47 average output.

The total number of sheep is estimated at 26.9 million, about 2,000,000 head or 7% fewer than last year and 37% under the 10-year average.

For Texas alone, the wool production estimate of 51,569,000 pounds is down four million pounds or 7% from last year and is the smallest clip since 1930.

### In Our Image

As you would judge from the reviews and display in the last week's issue of TIME, the book IN OUR IMAGE, by Houston Harte of San Angelo, is the subject of much comment on Capitol Hill these days. John Palmer Leeper, of Robert Lee, who is Assistant Director of the famous Corcoran Art Gallery here, after viewing the book and the drawings of Bible characters expressed great admiration. He views the drawings as the best of the Bible characters ever accomplished by an artist.

### The President's Health

It seems that inquiries are always being made about the

health of Presidents. So many have broken under the weight of the burdens of that office. In the case of President Truman, however, he seems to have attuned himself to the job in a way that adds instead of detracts from his health. On Friday morning of last week Congressman Morgan Moulder of Missouri had the President up to the Capitol for breakfast, attended by mostly Missourians, Speaker Rayburn, some newspapermen and a few others. As one of the guests, I was impressed again with the vigor of Mr. Truman's physical stamina. He arises at 5:30 each morning, without exception, and had it not been raining Friday morning he told me he would have walked from the Blair House to the Capitol, a distance of more than a mile. His friends say they never saw the President looking better as long as they have known him.

### A Few Visitors

Recently several people from Texas have called on us, including O. L. Billingsley, Mr. and Mrs. Frank Welch and son, June, of Brownwood, the latter a law student at George Washington University; Col. D. W. Griffiths, former District Engineer for the Corps of Engineers in Texas who recently returned from a two year assignment in Greece; Dr. Roger Stevenson, of Kerrville, a Naval Reserve officer, here to attend a two-weeks refresher on medical aspects of Special Weapons (including the atomic bomb) and radio active isotopes; Hon. Chas. L. South of Coleman, recently appointed head of the RFC office in Houston.

### Bluebonnets in the Capitol

A few days ago a formal presentation was made by Mr. Sid Richardson of Ft. Worth to Speaker Sam Rayburn of a very large bluebonnet painting by Mr. Stalinas of San Antonio. The picture is hung in the Speaker's private dining room at the capitol and is attracting a lot of attention as well as giving Texans a lot of pride. It is the largest painting of the Texas flower ever undertaken and was completed after three years of work by the famous artist. Mr. Rayburn announced that

when he retires from Congress the picture will be turned over to the Rayburn library at Bonham which he is establishing in his home town.

## Health Notes

Scarlet fever is one of the most disabling and dangerous diseases usually associated with childhood, although actually it is confined to no age limit, according to Dr. Geo. W. Cox, State Health Officer. While only six cases were reported in the state during the week ending September 24, it brought the year's total to 911 cases.

The Doctor described scarlet fever as an acute infectious disease, the onset of which is sudden. The first symptoms including sore throat, vomiting, fever, and headache, may appear in three to five days after exposure. These are followed by the distinctive red rash which gives this disease its name, Dr. Cox stated.

Complications may cause prolonged disability or death. Children suffering with scarlet fever may develop sinusitis and middle-ear infections which can lead to mastoiditis. As the germs spread through the child's system, the joints, kidneys, and heart may become involved, causing lifelong invalidism or crippling.

"A child with any kind of a sore throat should be seen by the family physician promptly", Dr. Cox asserted. "If scarlet fever is present, the treatment recommended will do much to alleviate discomfort and reduce the possibility of serious complications."

Dr. Cox stated that children under ten years of age are most susceptible, and that those persons who fail to contract scarlet fever until grown stand an excellent chance of never having the disease.

James S. Hogg, elected Governor of Texas in 1890, was the first newspaperman to hold that office.

The first newspaperman to serve Texas as Lieutenant Governor was Will H. Mayes, elected in 1910.

**Mills Co. 4-H Club Boys Win Two Firsts, One Second At Coleman Show**

Mills County 4-H Club boys won again at the district Sears Hog Show held at Coleman last Saturday, Oct. 8.

Allen Poe and Wayne Poe, sons of Mr. and Mrs. Avery Poe of the Star Community, showed their Mills County Sears pigs at the show. Allen won first place with his boar pig and Wayne placed second with his gilt.

Bill Beard, son of Mr. and Mrs. LeRoy Beard of Star, placed first with his pen of three fat barrows.

This show was composed of the county winners from seven counties in the Coleman Sears store area, and some fine hogs were exhibited. County Agent George Reese accompanied the boys to Coleman.

**Regular Three-County Monthly Boy Scout Pow-Wow Monday Night**

Next Monday at 7:15 in the basement of the Methodist Church in Goldthwaite the Boy Scout leaders of Mills, Lampasas, and San Saba counties will meet for their regular monthly Pow-Wow. These Pow-Wows are held each month and are rotated between the towns of the three counties; the last one was held at Mullin. All adult leaders in the Boy Scouts are invited to this meeting; this includes Scoutmasters, assistants, committeemen, commissioners, Council officers, Cubmasters, and any person interested in the movement. Each Pow-Wow program is designed to include a good supper, fellowship, and some training material for the leaders to take back to their units.

Charles Conradt, Scoutmaster of Troop 45, has announced that a good supper is being planned for the meeting. As usual, Dr. T. C. Graves, of Goldthwaite, will preside as master of ceremonies. Dr. Graves is the Chairman of the District Committee of the South District.

The program will begin with the invocation and meal. After supper, Guy Quirk, Scout Executive, will explain the new Basic Training Course which begins with this Pow-Wow. The Course will be worked into the program of the next seven Pow-Wows and Certificates will be given at the end of the course. The material in the Course will be designed to include program ideas that Scoutmasters and Cub leaders can use with their Troops and Packs. After this explanation the program will continue with two Scout games. Then there will be a short presentation on Patrol and Troop organization. This will be followed by an open discussion period on various Patrol and Troop problems.

Beginning last Sept. 1st all boys over fourteen years of age are registered as "Explorer" Scouts. A new film strip on the "Explorer" program will be shown by Brantly Hudson, field executive of the Boy Scouts. This film strip is in color and gives an interesting outline of the new "Explorer" program. The program is especially built to fit the interests of older Scouts.

All leaders and people connected with Scouting are invited to attend the Pow-Wow.

Mr. and Mrs. O. W. Golemon of Houston visited Mr. and Mrs. E. L. Pass Tuesday; also other friends here.

Olgie Nobles of Brownwood visited his uncle, E. L. Pass and wife Saturday.

A warm welcome is extended to all.

**ART AND CIVIC CLUB PRESENT BOOK REVUE**

HOUND-DOG MAN, by Fred Gipson of Mason has been selected by Miss Evelyn Oppenheimer for her local book review. HOUND-DOG MAN is a tale of hunting, roistering, free-thinking Texans. Book-of-the-Month Club judges said "a true piece of Americana... nor could possibly have been written in any other country than this... Will come to be as widely enjoyed and loved as Clarence Day's LIFE WITH FATHER and Marjorie Kinnan Rawling's THE YEARLING."

Miss Oppenheimer will be presented by the Art and Civic Club, through the courtesy of Sanger Brothers, Dallas, Saturday afternoon, November 5. A cordial invitation is given the public to hear Miss Oppenheimer's review.

ing the game all four backfield men took their turn at lugging the mail across the double stripe. Clearing the way for those men and doing a bang-up job in the line, were Henkes, Weathers, and Patridge. Scores obtained in all four periods:

Statistically the Eagles dominated the field all the way. They ran up 18 first downs to Mason's 5. Goldthwaite had to punt only twice for an exceptional high school average of 50 yards per kick, while the Puncers kicked 6 times for an average of 2 yards; Mason passed 6 times for 40 yards; the Eagles once, incomplete. Penalties were few and small, an evidence of good clean play on both teams. The Puncers drew 3 for 15, the Eagles 5 for 25.

The Puncers using the single wing back had little success against the heavier Eagle line. The stout little wranglers never let up until the final play.

Mr. and Mrs. Joe Wilkerson of Copperas Cove visited her sister, Mrs. Levi Auldridge and family Sunday.

the prospectors. At the appointed hour the auctioneer took his place on a large box that was located on the northeast corner of the square and invited the crowd to move in closely and the big lot sale was on. No one remembers the auctioneer's name but they are all sure that he was not an amateur. After he had expounded the merits of the land offered for sale, he would pause for a moment, then he would say "Gentlemen, what am I offered?" and wild bidding followed. Some were buying home and business sites and others bought property as an investment. The sale was a success and the new owners started plans to develop their property at once. The first house in the business section was moved in from Center City and located on the lot now occupied by the Bank.

**RAILROAD**

The Gulf, Colorado and Santa Fe was organized in Galveston, Texas in 1873 and work actually started on the new line in 1875. The big five of the new road were George Sealy, Braxton Bragg, J. P. Frenshus, Bernard M. Temple and Walter J. Sherman. The new company had no connection with the original Santa Fe that was operating in the north. The road was to be built north from Galveston and the road reached Belton in 1882. Belton was anxious for the Division point but the Santa Fe laid out a new town and named it Temple for Bernard M. Temple, one of the Big 5, and Temple was the division point. The road reached Lampasas in 1883 and three years later was extended on to San Angelo, arriving there in 1886.

The road was built way. The excavating at nig was done with picks and scrapers. Will Rah age boy, drove a pair to a scraper for 50c a board and lodging railroad camp. Mr. Rah Goldthwaite who was the town was created.

The railroads have noble part in develop country. No doubt the intended to establish a point in Goldthwaite, had built shop and a gine round-house here a large force working shops. A few of the drove the negroes out a few years the Santa its shops to Brownwood.

The first merchants thwaite did business brush arbor, as shown picture, which was an old tin-type owned J. N. Keese.
