NUMBER THIRTY-ONE

Jay Partin Now In Contest For Best GI Farmer

Jay Partin, who lives one mile south of Priddy was selected by the Mills County Veterans Training School as their candidate to enter a State wide contest sponsored by the Veterans of Foreign Wars which will recognize the outstanding G. I. Conservation Farmer in each of the Soil Conservation Districts.

Mr. Partin will compete with a G. I. Farmer from the Brown County portion of the Brown-Mills Soil Conservation District for District honors. The winner from the District will compete for regional and State honors.

Jay Partin was selected from the fourth year agricultural class of the Mills County School on the record that he had made while he was in training. Mr. M. B. Harrison is the instructor of this class.

After his military discharge in 1945, he started farming, and in 1946 he made a plan with the Brown-Mills Soil Conservation District. None of the farm was terraced and gullies were beginning to cut up the hillsides. Jay started applying conservation measures immediately after he made his conservation plan, and completed his plan last year. He has constructed 3.8 miles of terraces with his plow and has completely covered his farm with soil-improving legumes. Before the terraces were constructed, Jay built and sodded two waterways.

Mr. Partin's program of soil improvement is paying off in increased yields, easier plowing and less operating costs. Crops still are responding today from the benefits of a Hubam clover crop that was planted three years ago. Wheat that was planted on the clover land produced 30 bushels per acre. Jay estimated that the cotton following clover made a bale of cotton to the acre. Maize following vetch made 3800 pounds of grain to the acre in 1948. In the same year, Jay gathered 4.5 bales of cotton from 5 acres of land that had previously been in vetch.

Mr. Partin has 75 acres of farm land in clover, vetch, or winter peas this year. He plows all his land on the contour and sows his point rows to a close growing hay crop. Jay is building up his place by working to improve his production.

The Old Eagle Office More Than 50 Years Ago

The photograph above shows the office of the Goldthwaite Eagle, about 1896 or 1897. Shown in the picture, left to right, are Founder R. M. Thompson, Eugene Thompson, now of Dallas, who has preserved the picture for so many years; Bailey Daugherty, who was an Eagle printer; and the late father of our beloved George "Uncle Holland" Frizzell. The cleats on the top of the posts show where R. M. Thompson tried to strengthen the Old Eagle after a wind storm had blown its top off.

Census Takers Named For Task Starting April 1

The Great White Father in Washington goes out every ten years to count his children and to ask them a lot of questions. The process adds up to the census. The 1950 count will begin here in Mills County next Saturday.

John B. Davis, Census Crew Leader, has announced the enumerators who will be responsible for taking the count and for asking the questions in Mills County. They are:

Mozelle W. Carmichael of Mullin, Kathryn Wilson of Goldthwaite, Floyd C. Moody of Mullin, Roy Sampson of Goldthwaite, Geneva Howard of Goldthwaite, Frances Langford of Goldthwaite, Miria Reeves of Mullin, Imogene McNeil of Goldthwaite, and Paul Limmer of Rt. 4, Comanche.

The census enumerators have been going to school in Lampasas this week to learn how to go about their jobs. Training started in Lampasas last Monday and will continue through today, Friday.

The census enumerators who work outside the city will be especially anxious to have all farmers and ranchers ready with their questionnaires on agriculture, which were distributed to rural mail box holders some time ago. As A. A. Downey of Rt. 1, Mullin, points out, any farmer or rancher who keeps books will have no trouble filling out the forms that were sent to him. If the forms are ready when the census enumerator arrives, time will be saved both for you and the enumerator, Mr. Downey said. Mr. Downey is the Chairman of the local council of the U. S. Department of Agriculture.

Eugene Thompson Tells All About Silly Six And High Toned Dudes

By H. R. Ekins

Ladies and gentlemen, what I know about some of the goings-on around here once upon a time would put me in the blackmail business, if I were that sort of a fella. Eugene Thompson of Dallas, formerly of Goldthwaite, came to see me last Saturday, and before he left for a reunion with Mrs. Allie Humphries McCall, I had heard all about certain ladies of Goldthwaite, who used to call themselves the "Silly Six," and about certain gentlemen who once went here by the sobriquet of the "High Toned Dudes." Wow!

Mills County Is Meeting Schedule For Red Cross

The 1950 Mills County American Red Cross campaign is nearing its end with Goldthwaite "over the top," and with Payne Gap already attaining its quota. General Chairman Warren Duren announced this week. Previously Mr. Duren had announced that Ridge and Scallorn had exceeded their quotas.

Mr. Duren said that with a quota of \$1,222.00 Goldthwaite, under the Chairmanship of Dr. T. C. Graves, had raised \$1,283.31. Other communities reporting, and the amounts raised so far, were announced by Mr. Duren as follows:

Rock Springs, \$27.50; Jones Valley, \$27.00; Long Cove, \$10.00; Ebony, \$28.50; Big Valley, \$55.11; Scallorn, \$54.00; Ridge, \$25.00; Center City, \$71.00; Pompey, \$27.00; Payne Gap, \$35.00; Regency, \$28.00; and Pleasant Grove, \$27.75.

Other communities continue to send progress reports to Mr. Duren and the reports indicate that he 1950 American Red Cross campaign will have been completed in Mills County, within the time set for it, the month of March.

DEW MEMORIAL LIBRARY WORK TO BEGIN SOON, CONTRACT LET

Acting on the advice and recommendation of the Library Committee, the Goldthwaite City Council this week awarded to M. F. Horton a contract for construction of the Jennie Trent Dew Memorial Library. The site for the Library, just north of the Methodist Church, is being prepared with the removal of a house, previously on the site, by its purchaser, Everitt Holland.

Hardgrave Fire Brings Show Of Neighborliness

Fire in midafternoon last Tuesday destroyed the ranch home of Allen W. Hardgrave and his family, some 12 miles north of Goldthwaite. The house was a loss, although Mrs. Hardgrave managed to save her silver and china. A few frocks belonging to small daughter Donna Kay, 2, also were saved.

At the time of the fire Mr. Hardgrave, who is song director at the Church of Christ in Goldthwaite, was at the G. I. School in Priddy, but he rushed home and, with great presence of mind, averted a possible explosion by cutting off the supply of gas from his Butane tank.

While the fire was tragic for the Hardgraves, its aftermath demonstrated all over again the neighborliness that is so much a feature of Mills County. Last Wednesday afternoon the Ladies Bible Class at the Church of Christ made plans for a shower for the Hardgraves. And Dale Reid of Goldthwaite, just being helpful, voluntarily took time out Wednesday to go around gathering assistance to help to cushion the blow of the fire to the Hardgraves. Anybody who wants to join in such neighborliness need only send their contribution to Dale Reid in Goldthwaite.

Fortunately there were no injuries to either Mr. or Mrs. Hardgrave, Donna Kay or son, Charles, who is 4. The origin of the fire has not been precisely determined.

Mrs. Hardgrave struggled heroically to quench the flames and it was her effort to prevent the destruction of the house that made it impossible to salvage so much that was consumed by the flames indoors.

Here Is Eagle's Weather Report: We Think Dust Better Than Snow

Rain would have been better, but the dust that was in the air during the past week caused no great harm. After all, March was on the way out and the past week was a time to remember how March came in.

The dust caused Dalton and John L. Gwin to dance up and down with joy over the boost to the dry cleaning business. The dust, it must be admitted, delayed the first coat of paint to go on the mail box at the railroad station in approximately 15 years. That delay was due to the refusal of Acting Postmaster Lucile Fairman to have dust settle on her new P. O. Green.

Over here at the Eagle office, Miss Ruth Ervin was nervous this week and she was smart enough to blame the wind and that dust. Confidentially, however, her nervousness really was due to her mixup over Miss Ab-

The Library Committee, which has been consulting with executors of the Jennie Trent Dew estate and the City Council, is composed of Mrs. Nora Berry, Mrs. Ed Gilliam, Mrs. L. E. Miller, City Manager W. C. Barnett has been sitting ex-officio with the various groups.

The Library, to be of brick construction, has been designed in the colonial style of early Virginia and New England. Building plans have been drawn by George Pelich, architect of Fort Worth. In addition to a library room, the structure will contain a meeting room for clubs and it will have a basement with a fully equipped kitchen.

The house which Mr. Holland is removing from the Library site will be placed on a lot just south of the John L. Gwin residence. Mr. Holland obtained the lot from Mr. Gwin.

Further details of the progress toward making the Dew Memorial Library a reality will be published soon in the Eagle.

Mahan Near End Of Probe Into Slaying Of Cows

Sheriff Wiley L. Mahan has nearly completed the investigation of a case of vandalism in which two cows, owned by Virgil Howard of the Pleasant Grove community, were shot and bled last week.

Texas Ranger Clarence Nordyke of Brownwood has been working on the case with Sheriff Mahan since the slain animals were found on March 22. When the cows first were found dead in a pasture, it was believed they were the victims of anthrax, but further investigation disclosed gunshot wounds and cutting of the jugular veins of the animals.

The investigation so far has served to support suspicion that Mr. Howard's cows were killed so that they might be slaughtered and the meat stolen. Further developments are expected shortly.

Ervin's birthday date. Miss Earlene Nix, also of the Eagle, had to eat dust while recovering from laryngitis. It is unfair to femininity, after a woman has been forced into silence, to expect her to endure more silence.

Ben R. Day's Soil Conservation Service was overjoyed by the fact that during this week's big wind, Homer Weaver's farm did not blow away. The wind proved that Homer Weaver's farm is a monument to a conservation program that was started in 1945. Mr. Day's jubilation is all shot through with rye and vetch, terraces and waterways, so the technicalities will have to be left to him at a later date. For the moment, we are content that Homer Weaver's farm did not blow away.

The above is our weather report for the week. We'll eat dust in preference to snow.

VOTE IN THE SCHOOL ELECTIONS

A good way to have a say in the administration of our schools, whether they be in Goldthwaite or in the County, is to participate in voting next Saturday for members of the School Board in the city, and for School Trustees and County Trustees out beyond the city. Since most of us, fortunately, are such rugged individualists with definite ideas and opinions, life rarely has been a bed of roses for any School Board or Trustees anywhere in this country. Citizens who give their time and effort to the problems of public education and the administrators they hire are subject to constant sniping from the sidelines. Few people know more about the headaches caused by the second-guessers and the "Monday morning quarterbacks" than do those who are responsible for our school systems. In many cases the pot-shots taken at them are by people who never so much as both-er to vote in a school election. Next Saturday, tomorrow, our citizens will have an opportunity to vote in school elections. The position of those who do vote will be much stronger and can carry much more weight if they are able to say to the elected officials and the administrators they hire that they were interested enough to use the ballot box and therefore could speak as voters as well as taxpayers. Parents, especially, have an obligation to vote in school elections as a matter of responsibility to their children.

SOMEBODY'S GONNA GET HURT

Stop signs at intersections, a flashing traffic warning light and a red and green traffic control light must have been installed in Goldthwaite for some good reason, and at some expense to the taxpayers. Yet, the way our traffic safety precautions are ignored represents not only a danger to life and limb but it breeds disrespect for law. Recently we saw a lady driver, bless her little heart, go through a red light, and then make a left turn across the bow of an advancing car that had the green light. A couple of 'teen agers, standing on the corner, saw this not unusual event and had a good time laughing over the way the lady driver risked a first class smashup. In fairness to the ladies, plenty of men in these parts also seem to take the attitude that stop signs and other traffic controls are for the other fellow. None of us has any right to endanger the life of somebody else and, certainly, none of us should take any satisfaction from giving young people the bad example of seeing the law flaunted. Just because there is no cop around to make a pinch is no excuse for trying to avoid waiting for a traffic light or for going through stop signs. The seconds saved might well multiply to days or weeks in hospital. But most important of all is whether we want our children to think it funny to see their elders displaying disrespect for law.

HELP YOUR CENSUS ENUMERATOR

Sometime during the next month there will be a knocking on your door. It will be the census enumerator. Probably you will know her, or him. In any event, stranger or friend, the census enumerator will have to ask you questions. The census is taken every ten years, and this is the year for the 1950 census. It is on the basis of the answers to the questions you will give to your census enumerator that we will have available a brand new set of statistics, without which it would not be possible to operate the vast and complex economy of America. Census enumerators have been trained to save your time and to do their job efficiently. But the real value of the 1950 census, and its accuracy, will depend on your complete answers to the questions that will be asked at your home or place of business. The names of the enumerators who will take the 1950 census in Mills County are printed on the first page of this week's Eagle. There also is an appeal that farmers and ranchers have ready for the enumerator the forms that were placed in rural mail boxes this month. If they are fully filled-in by the time the enumerator arrives we shall, in time, have the complete picture of the agricultural economy right here where we live. The census has to mean much more than merely telling us how many people live in Goldthwaite or in Mills County. How much it will mean will depend upon the cooperation of the person who answers the questions to be asked by the enumerator. Cooperation by everybody will give us whole sets of important statistics upon which we shall rely for the conduct of many activities for a long time to come. Give the census enumerator and all the rest of us a break by answering all questions. The enumerators will not be just "nosey." There is a good reason for each question.

Cotton and peanut farmers will soon know what they can plant this year as a result of House and Senate approval of a compromise acreage bill sent to the President last week. More than 90% of growers voted for acreage restrictions in a referendum last December.

As passed, the measure will assure the individual farmer that his cotton allotment cannot be cut below at least 65% of the average acreage he planted in cotton and war crops during 1946, 1947 and 1948, or to not less than 54% of his highest acreage in such crops in any one of those three years. A ceiling of 40% of tilled land for cotton is also provided.

Texas was discriminated against in the peanut allotments for 1949, so we were able to get that corrected and provide for around 100,000 additional acres for peanuts this year, of which Texas will get about one-half.

The potato program was dealt with, restrictions being imposed and provision made that in 1951 any support for potato growers will apply only if marketing quotas are invoked. That should have been done long ago.

While the cotton acreage relief will not remove all the injustices, it will help our district by allowing about 40,000 additional acres for cotton this year over the allotments announced in December.

The new amendment, if it becomes law, will not materially increase cotton production over the bumper year of 1949 a total of 27 million acres were planted in cotton. Under the new law the total will be cut to about 21 million. Next year it will probably be necessary to cut the acreage down to 17 or 18 million acres in order to curb the carry-over and keep the program on a sound basis.

GUEST CORNER

(Editor's Note: At the suggestion of D. D. Tate of Goldthwaite, we reprint below portions from the Houston Chronicle of March 22. We are in accord with what Mr. Taylor writes.)

By HENRY J. TAYLOR

The entire public is losing out today in a heads-I-lose-tails-I-lose contest with the tax collector. This is the road to socialism, and we are on it. Something must be done to stop it. Whoever says taxes cannot come down is either unwilling or unable to grapple with the problem of a better deal for all. Working folks shouldn't have to foot such bills.

We're entitled to know the truth.

To say all this is necessary is utter nonsense. To say not much can be cut, because the biggest part must go for past wars and present national defense, is, in addition, an absolutely false presentation of the picture to the public.

Enormous savings can be made, and must be made, in exactly the billions which are called, and labeled, the "cost of wars," and are supposed to be uncuttable, uncuttable. This is a cowardly umbrella to hold over many of those dangerous and shameful wastes. Millions are fooled into thinking that the tax dollar spent in such waste is making the country stronger. But the truth is that much of it is making the country weaker.

Let's get down to cases. Under the heading of the cost of wars—the past war—a budget request is pending for the Veterans Administration to build a new \$18,000,000 veterans' hospital in the Los Angeles area. But why build a new hospital there when, at this very moment, the navy is closing the 1500-bed Long Beach Naval Hospital right in the same location?

The Eagle's A

By The Editor

The editor has just been back in the Eagle's print shop to find out what would happen if a little girl were to come in, stand on one of the type cases and start singing songs to the printers. Confronted with the possibility of such a situation, Ace Kincheole of the Eagle's composing room wanted to know, "How old is she?" Foreman Roy Lee Hill, in a crusty mood for a man who usually is the soul of amiability, said sight unseen that "I wouldn't give a nickel to hear her sing."

The reason for all of this is a letter from Annie Thompson Johnson of Tyler, Texas, who writes that her earliest recollection of the Eagle was of herself, standing on our type cases, and singing for printers who would reward her with nickels for her efforts. Shame on you, Roy Lee Hill! The traditions of our printers have not been maintained.

At the time Mrs. Johnson was able to sing nickles out of Eagle printers, she was three years old. She wrote in to tell the editor that in the February 24, 1950 issue, in the account of the sale of the newspaper, there was an error, in that the announcement of the sale said the Eagle always had been in the hands of the R. M. Thompsons or the Charlie T. Wilsons until its present ownership. Mrs. Johnson said that this newspaper was established, not by R. M. Thompson, but by her father, W. H. Thompson.

In that same February 24 issue, Mrs. Johnson, there was a lengthy article by Lida Thompson Byrne, who wrote that the first newspaper that was established in Mills County was the Mountaineer. Writing under the title of "Pioneer Days in Mills County," Lida Thompson Byrne said that W. H. Thompson, her father and the father of Annie Thompson Johnson, established the Mountaineer in 1886, in a print shop on land that now is occupied by the Slaughter Clinic on Fisher Street.

Continuing with her account, Lida Thompson Byrne wrote: "The Mountaineer was sold by my father to Mr. Vernor, who later moved to Lampasas. Then my Dad (W. H. Thompson) established the Mountain Eagle, his partner being Mr. Rowland. My father died and a nephew, R. M. Thompson of Austin, came here and took charge of the Mountain Eagle." It was under the administration of R. M. Thompson that the Old Bird became The Goldthwaite Eagle, according to Lida Thompson Byrne. That, apparently, was in 1934—the date to which the Eagle now dates itself back.

The editor is deeply grateful to Annie Thompson Johnson of Tyler, not only for her letter but for the best wishes that came with it. He hopes that one day she will come to Goldthwaite, point out the type cases on which she sang when she was about three. If that happens, the hearts of our present hard-boiled printers don't melt—if Roy Lee Hill and Ace Kincheole don't come up with nickles—that he will, and he feels sure that Linotyper Joe Baldwin will be right there with him.

The editor has been interested in how early politicking gets going down here in Texas. So far, in just the race for Sheriff alone, he has had visits from Oma Shaw,

Stub Stubblefield of Abilene, whose way, is Sheriff in the course of Turbiville told Goldthwaite. I asked him if he was walking for office. He answered that he "because the com hot for any candidate."

It seems also Abilene, with a hand in the game must mean with a black eye wouldn't know yet to go through political that injured candidate said it was pulling a heifer's foot phrasize—that was ville's story.

You will be in favor if you nothing will be from attending Show, to be Lions Club, in the torium on the night—a Friday. The of the privilege of the Program started putting together, and he you will have a yourself if you Show at the torium on the night. The editor has written.

Another date is good to keep in Service at San of, of course. It is to be a UN that of itself from the significance. A day or so ago Lovelace, Pastor Methodist Church, Eagle's Aery to be meeting with the ery of the Baptist Brother Hocker of Church to plan a Sunrise Service.

The more people work together and humanity's common better off all of editor believes it selfishness that people wall themselves their fellow men. Strife and war all else that is selfishness. A UNION at Sun sunrise on Easter 9, could provide for a better future.

Who wants to settle an argument er those cattle in India are Brahmins? The in India but there hereabouts who city slicker, and him about Brahmins. Insist it's Brahmins. If you would like to offer in Texas be out with what's offered.

Garner-White Vows Exchanged

Miss Wanda Dean Garner, daughter of Mrs. W. E. Garner of 2306 Main Street, Lubbock, former Mills County resident, became the bride of Mr. Ray M. White, Jr., son of Mr. and Mrs. R. M. White of Elizabethton, Tennessee, Friday, March 17, at the Reese Air Force base chapel at Lubbock. Chaplain J. A. Walker performed the lovely double ring ceremony.

Gerre Hancock, organist, and Miss Ruth Willis, vocal soloist, provided wedding music.

Miss Mary Katherine Palmer attended the bride as maid of honor. Philip L. Noble was best man.

The bride wore a light blue dress with navy accessories and a gardenia corsage. She was given in marriage by her brother, John Garner.

Miss Palmer wore a powder blue dress with a pink carnation corsage.

The happy young couple are making their home at 1923 Nineteenth Street in Lubbock.

Mrs. White is a graduate of Mullin High School, John Tarleton College at Stephenville, and received her degree as a laboratory technician from the Baylor Hospital at Dallas. Prior to her marriage she was with the Lubbock hospital.

Among the pre-nuptial parties complimenting the bride was a shower given in the home of Mrs. Earl Ethridge in the Trigger Mt. Community, where the Garner family formerly made their home. A lovely selection of gifts was packed and sent as a surprise to the newlyweds.

PILGRIM RETURNS

"Jimmie" Cline, formerly of Goldthwaite and now of Southgate, California, has been visiting for the past week with her parents, Mr. and Mrs. George Denman of Caradan Route, Wisely, and considering Texas advantages over California, she will remain in Mills County for another three weeks. Until eight years ago, "Jimmie" was in the photography business in Goldthwaite. Now she is photographer, receptionist and assistant manager of the Burns Maywood Studio in Southgate. The photograph above was made a year ago but "Jimmie," who wants the Eagle to say "hello" to all of her friends, has not changed in appearance since the photo was taken.

Girl Scouts Start Spring Training Next Wednesday

Goldthwaite Girl Scouts leaders, troop committees, camp committees and all parents interested in Girl Scouting will meet next Wednesday with Jeannine Frazier, Field Director for the Heart of Texas Area of the Girl Scouts organization.

The meeting will inaugurate locally the Girl Scouts Spring training program. It will start at 9:00 a. m., at the Little House, and Mrs. Jim Weatherby, Training Chairman, urges a generous turnout to confer with Miss Frazier.

"Now is the time to make plans for our summer activities," Mrs. Weatherby said. "Do we want a Day Camp for our Brownies? How many intermediates will go to our established camp—Camp Rotary at Mineral Wells?"

Such questions, Mrs. Weatherby said, will be discussed in the course of the meeting with Miss Frazier next Wednesday at the Little House.

Support Annual Flower Sale Of Art And Civic Club

Self Culture Club Holds Open House

The Self Culture Club held Open House to the women of Mills County in the Methodist Church, Saturday, March 25th.

The decorations, simple but beautiful, were centered by a magnificent bouquet of gorgeous colored flowers of the season near the speakers stand. The atmosphere of the hospitable reception of guests was enhanced by heavenly strains of music performed by Mrs. John G. Berry at the organ. The reception line was composed of the club members, active, honorary, and charter dressed in evening gowns of various styles and colors.

The opening numbers of the afternoon program were selections of classical music by members of the old Schubert Club; namely, Mmes. Frank Bowman, Hope Schulze, Joe Emery, Robert Littlepage, and W. M. Johnson with Mmes. Berry and Hope Schulze at the organ and piano who rendered well: "The Lord is My Shepherd" (Schubert) and "Gloria" from 12th Mass (Mozart)

Mrs. S. P. Sullivan, the President, introduced the out of town guests: Mmes. Walters Hester, honorary member, and Mrs. J. S. Bowles, a charter member, of Fort Worth, also Mr. Eugene Thompson of Dallas was introduced and given a royal welcome. Mr. Thompson has been away for more than 50 years. He is the son of Mr. W. H. Thompson, the pioneer editor of Goldthwaite's first newspaper, the Goldthwaite Mountaineer and after selling the Mountaineer, he founded the Eagle.

Mrs. J. A. Hester, the daughter of Mrs. L. B. Walters, the founder and organizer of the Self Culture Club, the first woman's club in Goldthwaite, introduced the guest speaker, Mrs. Allie Humphries McCall, by giving a resume of the career of one of Goldthwaite's most peerless daughters who has reached the sublime heights of a successful life of service in the welfare of the young of our state;

teacher, club woman, and welfare leader. The response of Mrs. McCall to the sincere words of commendation by Mrs. Hester was spiked with witty repartee which created much merriment. Mrs. McCall spoke on "The United Nations." Her discourse was a logical, argument favoring the organization. The talk was interspersed with humor which held the attention of the audience. In her closing remarks, the speaker declared that the United Nations was the hope of man for peace. It is the hope of the peoples strong or weak for the preservation of civilization.

The Entertainment Committee composed of Mmes. Earl Fairman, Harold Yarborough, Hope Schulze, and W. J. Weatherby took charge of the Tea Hour in the Church Parlors. They were model hostesses who knew the little touches that make guests feel at home.—Reporter.

High School Juniors Present Class Play Night Of April 7

The Junior Class of the Goldthwaite High School will present its play, "Everything Happens To Us," by Robert St. Clair, at the Grammar School Auditorium at eight o'clock on the night of Friday, April 7.

The cast of 13, after much rehearsing for the play, are ready to vouch that truly, "Everything Happens To Us." The story is of a quiet family named Ross that remained quiet only until son Rhett became engaged to his boss's daughter.

Mother Ross promptly decided that her family would have to start catching up with the family of the prospective daughter-in-law—but she found herself with only nine days in which to remodel a house and prepare for the newly-weds. Then the play really becomes complicated and packed with laughs.

Members of the cast are Harvey Parker, Sylvia Jones, Fred Smart, Jimmy Hays, Kenneth Wesscn, Betty Barnett, Joy Lea Faith, Ted Dennard, Angeline Smith, John Carothers, Joyce Hart, Norma Hammond and Marvin Cook.

Elmer G. Johnson, President of Harlingen State Bank, Harlingen, Texas, writes on Feb. 20, 1948:
"Please send another bottle of Liquid Garlic, also send a bottle to my sister-in-law, Mrs. Hulda C. Dutton, 45 Atwater Terrace, Springfield, Mo.
"I have some good reports to make on the effectiveness of garlic used. Mr. Turner, Texaco dealer here has taken two bottles and is much better, his blood pressure down about 80 points. Mrs. W. F. Nelson, San Benito, who was in bad shape, is also very much better and her blood pressure down considerably. This garlic works, and you are doing a fine job of producing it for the benefit of those suffering from high blood pressure or heart trouble."

NAN HIGHTOWER AND JAMES GILLIAM WIN DECLAMATION MEET

Nan Hightower of the eighth grade and James Gilliam of the seventh grade were winners in a poetry declamation contest at the Goldthwaite Grammar School last Monday. As winners among 14 competitors here, Nan and James will represent Goldthwaite in the district competition in Lampasas on April 14.

In speaking with obvious pride of the Goldthwaite representatives, Principal H. D. Schulze said their performance in last Monday's contest was due not only to the ability of Nan Hightower and James Gilliam, but also to the excellent training they had received from their teachers, Mrs. Joe Palmer and Mrs. Mary Bigham.

Other Goldthwaite representatives who will compete in other contests at Lampasas next month will be announced later. In addition to such contests as declamation and spelling, there will be athletic competition that will include tennis and baseball players, the junior track team, junior playground ball and other sports.

Hundreds Tell Bob Wills Of Hadacol's Numerous Blessings

Hundreds of folks, who are benefiting every day from taking HADACOL meet at the Trianon Building in Oklahoma City where Bob Wills, famous band leader, and his Texas Playboys broadcast each noon for HADACOL.

"It looks like all my fans are getting wonderful benefits from HADACOL," said Wills. "It is a real pleasure to broadcast for HADACOL because the folks taking HADACOL are so enthusiastic that I feel like I am performing a real service for mankind."

"I was tired, run down and lost my appetite. I suffered with gastric disturbances. I had tried almost everything but it didn't seem to help me. I had heard about the wonderful results HADACOL had been bringing to so many of my friends. Soon after taking HADACOL I was feeling much better, had no gastric disturbances and had a wonderful appetite. I am no longer nervous. I am sure that HADACOL has helped me a great deal and I recommend it to my friends."

Miss Lobb suffered with a deficiency of B Vitamins and important Minerals which HADACOL contains. A lack of only a small amount of the B Vitamins and certain Minerals will cause digestive disturbances. . . . Your food will not agree with you. . . . You will have an upset stomach. . . . You will suffer from heartburns, gas pains, and your food will sour on your stomach, and you will not be able to eat the things you like for fear of being in misery afterwards. Many people also suffer from constipation. And while these symptoms may be the results of other causes, they are surely and certainly the symptoms and signs of the lack of the

Bob Wills Hears About HADACOL'S Blessings

Bob Wills, famous western music band leader, loves to talk with his fans at the Trianon Building auditorium in Oklahoma City about the blessings of HADACOL. In the picture above Miss Betty Lou Lobb, 720 College St., Bethany Okla., a very promising young singer, tells Bob how HADACOL has helped her. Hundreds of folks who are obtaining rich blessings from the precious B Vitamins and Minerals in HADACOL visit Wills each week for his network broadcast, which is originated from KBYE, Oklahoma City, Oklahoma's western music station, and sent over a leased wire to stations, KRMG, Tulsa; KWBN, Fort Smith; KGLC, Miami, Oklahoma; KLYN, Amarillo, and KWFT, Wichita Falls.

B Vitamins and Minerals which HADACOL contains. And if you suffer from such a disorder, there is no known cure except the administration of the Vitamins and the Minerals which your system lacks. HADACOL contains not only one, but 5 of the B Vitamins. HADACOL contains not only one, but 4 of the necessary Minerals. It comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away. It is easy to understand, therefore, why countless thousands have already been benefited by this amazing tonic, HADACOL. So, it matters not who you are . . . it matters not where you live . . . or if you have tried all the medicines under the sun, give this wonderful preparation a trial. Don't go on suffering. Don't continue to lead a miserable life. Many persons who have suffered and waited for 10 to 20 years or even longer, are able now to live happy, comfortable lives again because HADACOL supplied the B Vitamins and Minerals which their systems needed. Be fair to yourself. Give HADACOL a trial. Demand the genuine HADACOL. Accept no substitutes.

Tell Youth Council Suggestions Now Or Forever Hold Your Peace

The Youth Council of Goldthwaite, after its first period of operation, has made a report on initial activities and has sent out a call for suggestions. The report and the call for suggestions follow:

Teen-Age Night has been meeting with so much enthusiasm that there is clamor now for more than one such night during each week. The Youth Council is following its schedule adopted a few weeks ago in entertaining the entire high school each Thursday night in the school gymnasium. The Tuesday Study Club, Art and Civic Club, and Parent Teachers have played hostesses up to now, with the Lions Club entertaining this week.

The Council will meet again this month to consider the suggestions and ideas passed on to it by interested parents. It will be glad to have opinions of parents before taking action on any of the suggestions, so please,

parents, let your Youth Council hear from you concerning such subjects as:

Should meeting nights be changed to Saturday instead of Wednesday?

Would there be enough demand to make opening the gym in the day time worth while during the summer?

Should Teen-Age Night be extended to two or more nights of the week during the summer?

New equipment is being added for the teen-agers for which the Council sincerely thanks the organizations represented on the Council. There is a committee still working on the purchasing of equipment. At present over half the teen-agers are interested in folk dancing, table tennis, canasta, dominoes, badminton, and other table games.

Plants of all kinds for you at the Production Credit Office, April 8.—Advt.

Let Your Heart Bleed Over The Trials Of Our Franklin Weathers

Franklin Weathers, son of County Treasurer Bertha Weathers, the beau of Goldthwaite, and printer's devil and general factotum at the Eagle, had a hard week. Franklin's troubles were so numerous that they must be told in chronological order.

First, to go back to the week before last, Franklin had picked up some deathless prose intended for publication in the Mullin Enterprise. He burned the copy before it could be set in type. When copy for the Mullin Enterprise came in this week, the Enterprise editor had an apology to make to "The Tattler," all on account of the misadventure of our Franklin Weathers, who, with malice aforethought, had

operated in the erroneous belief that he was burning Linotyper Joe Baldwin's lunch. Here is the Enterprise editor's apology to "The Tattler."

"The Tattler students and their parents, including the entire school, were keenly disappointed when last week's Enterprise came and there was no Tattler. It seems the janitor (sic), a school boy, rushed in to complete (sic) the Goldthwaite Eagle office in double quick time. No doubt he had a date (Editor's Note: Franklin ALWAYS has a date), anyway, he picked up the box of live copy in which was the Tattler and other Enterprise copy, none of which had been set. That boy hurried and burned it all!

"Students, we realize you had rushed and labored on that Tattler for two weeks and we regret this. Forgive the lad this time and let's try again. That is one of the secrets of success. Perseverance is wonderful."

After the above arrived in the Eagle office from Mullin this week, it was noted around the shop that Franklin was both subdued, and, he actually stayed in the office for more than ten minutes at a time. That being most unusual, Foreman Roy Lee Hill suspects that Franklin intended either to burn some more copy or destroy some type.

Investigation, however, disclosed that Franklin was sticking to the office in hope of avoiding Sheriff Wiley L. Mahan. So here is some more of the story of the trials and tribulations of Franklin Weathers.

Franklin, subscribing to the Mullin motto that "perseverance is wonderful," finally got his own way about having an automobile to call his own. Just ignore the Mullin slurs that Franklin is a "janitor," a "boy" or a "lad." Actually a strapping 17, with a big heart and a roving eye, Franklin felt that his estate in life warranted an automobile. Passers-by the Eagle office during the past few days may have noted a model "A" Ford, vintage 1930, repeat, 1930. It was there for all to see, despite efforts to conceal it between the Eagle and the D. D. Tate Eggery. It is the proud property of our Franklin Weathers.

Well, last Tuesday, Franklin Weathers was rolling, roaring and shaking his way through Goldthwaite when a wheel left his equipage. Franklin, plus 1930 Ford but minus a wheel went into the ditch. The wheel, after striking a curbstone, ricocheted off TWO houses and finally landed on the roof of another. The remarkable part of the story is that Franklin reported for work that day, glued the wheel back on his "motor car," which is running again—and he stayed at work until quitting time. And the strangest part of the story is that at her office in the County Court House, Mrs. Weathers always insists she has "no news." That can't be. Mrs. Weathers—you have Franklin.

E. G. Vick Dies In Temple, Was Ex-Resident Here

Among those who attended final rites for Mr. Vick from Goldthwaite were Mr. and Mrs. Charlie Bayley, Mrs. J. A. Hester and Neal Dickerson.

Mr. and Mrs. W. M. Potter of Brownwood spent Sunday with his mother and aunt, Mrs. W. B. Potter and Miss Mintia Coleman.

Dick Goldthwaite Comes To Town For First Time; Buys Postcards

Conveyed, quite logically, by Brian Smith, a man named R. W. "Dick" Goldthwaite of El Dorado, Arkansas, dropped into the Eagle office just as we were about to go to press this week. (The Arkansas of Mr. Goldthwaite's residence is not to be confused with the local Arkansas.) It turned out that it was the first visit Dick Goldthwaite ever had made to Goldthwaite, and he was busy buying picture postcards, which he sent high, wide and handsome to the Goldthwaite clan, all over.

It also turned out that Dick Goldthwaite was able to link his name with the name of our city. Judge George Goldthwaite, for whom this city was named, was Dick's great grandfather's nephew.

Although he lives now in El Dorado, Arkansas, where he is employed in the chemical sales division of the Lion Oil Company, Dick Goldthwaite was born and reared in Montgomery, Alabama, where there is a Goldthwaite Street that was named after his Great Grandad, who also was George Goldthwaite. That Goldthwaite was a United States Senator after the Civil War, and he was a Chief Justice of the State Supreme Court of

Alabama. Dick came to Goldthwaite from El Dorado this week on his way to Comanche, where he had some chemical business to transact. Actually, Goldthwaite was out of his way, but he came for sentimental reasons. It is too bad that the day he came was not like the day they "sold the lots." It rained the day they "sold the lots."

If, perchance, there are any uneducated newcomers around, the George Goldthwaite for whom Goldthwaite was named was an official of the Santa Fe Railroad. In later days he would have been called a press agent. As a press agent and acting for his railroad, he gave some of the lots that were sold in September, 1885, and which gave the boost that brought Goldthwaite into being. He was more than a press agent, though.

George Goldthwaite, who was a native of Montgomery, Ala., cut quite a figure in what then was the "New" West. A lawyer, and later a judge, he also had been a Captain in the Confederate Army. He died on October 31, 1892.

Come back to Goldthwaite, Dick Goldthwaite. Come back and build us a chemical factory.

Miller Honored At Memorial Church In Collinsville

W. E. Miller returned to Goldthwaite last Monday after a visit to Dallas and to Collinsville. During Mr. Miller's visit to Collinsville, the Miller Memorial Baptist Church there was dedicated.

The Church, a new brick edifice that was constructed in accordance with suggestions made by Mr. Miller, now has been completed and furnished beautifully inside, Mr. Miller said.

Upon his return to Goldthwaite from his visit to friends and relatives in Dallas and Collinsville, Mr. Miller said that the dedication of the Miller Memorial Baptist Church in Collinsville provided opportunity for the best annual Miller Day celebration that has been held in at least the past 15 years. Mr. Miller was a generous donor to the building fund for the Church.

A native of Collinsville, Mr. Miller has been a resident of Goldthwaite for the past 49 years.

The program will be conducted at the A. C. C. agriculture department's Allen Farm.

News Of The Brown-Mills Soil Conservation District

A. J. Smith of the Blanket Springs Group and Kyle Smith of the Prairie Group made trial plantings of grass on land prepared with an eccentric disc plow. This plow has proven its worth in New Mexico and Arizona in getting a cover of grass on retired cultivated land and overgrazed pastures. The centers of the discs are offset 2 inches so that each disc dips into the soil alternately making short furrows to hold moisture.

A. J. Smith prepared 2 acres of land in a stubble field; 1 acre in a poor pasture; and 3 acres in an old turned-out field with the eccentric disc. Trial plantings of King Ranch bluestem, Bluestem mixture, and Sideoats grama will be made on these plots to check the effectiveness of land preparation.

Kyle Smith prepared 3 acres

with the eccentric disc in a retired cultivated field and will seed the area with K. R. bluestem. These trial plantings will be protected from grazing until the results are obvious. Kyle has also seeded 15 acres to K. R. bluestem and 10 acres to Sideoats grama on land where a protective cover of sudan grass stubble was left. He also seeded 10 acres of sandy land to Sand love grass.

C. W. Holden, Pompey Group, has seeded 20 acres of clean cotton land to K. R. bluestem and 15 acres were seeded to Sideoats grama. Mr. Holden used his tractor and cotton planter to sow the grasses in the cotton stubble. The grass will be cultivated and harvested for seed.

Silas Stevens of the Pompey Group has seeded two water-

ways to King Ranch bluestem. When the grasses are well established, he will build terraces on the adjoining fields to empty into the waterways.

Other grass seed planted last week were, W. H. Wasserman, 2 acres of K. R. bluestem; Luther Foules, 1 acre of Indiangrass; George Fletcher, 9 acres of K. R. bluestem; and M. L. Jernigan, 5 acres of K. R. bluestem and 5 acres of Sideoats grama.

The Pleasant Grove Group held its regular meeting Thursday night at the Pleasant Grove school house to see a film entitled, "Under the Western Skies". Charles Haenisch and Roger Powell of the Soil Conservation Service, conducted the meeting and showed slides of local conservation work.

"Under the Western Skies", will be shown at Mullin Tuesday night, Democrat on Wednesday night and the Farm and Ranch

SCOUTERS RESPOND TO RAISE FUNDS AFTER PEP RALLY

M. — Thank you."

This telephone call was the final reminder of the Early Bird Breakfast, which is given each year to help raise funds for the Comanche Trail Council of the Boy Scouts of America. It was preceded by a letter to each worker, and a Scout-O-Gram to each workers wife.

50,000 Miles - No Wear!

1. Driven 5 Years in 10 Weeks! For 70 days, six brand-new cars raced over the broiling Mexican-border desert at 60 m.p.h. . . . putting amazing new Conoco Super Motor Oil to one of the most punishing tests ever devised. After 50,000 miles of continuous driving, engines showed no wear of any consequence . . . in fact, an average of less than one one-thousandth of an inch on cylinders and crankshafts. Startling proof—factory finishing marks were still visible on piston rings!

2. New-Car Mileage! This rugged road test—equal to 5 years' normal mileage—proved that Conoco Super Motor Oil, with proper crankcase drains and regular care, can keep your new car new! Gasoline mileage for the last 5,000 miles of the test-run was as good as for the first 5,000 miles . . . actually there was an average difference for the fleet of only 4/100 of a mile per gallon!

patient in the hospital at Brownwood. Her Dad, Hollis Blackwell, is Secretary-Treasurer of the Downtown Men's Bible Class. Somebody had been in need, so there was a brief, factual report on how the Downtown Men's Bible Class had sent \$7.97's worth of groceries to her. They read "thank you" letters from others who had been helped; they designated Phillip Nickols to help Secretary Hollis Blackwell, and they put it up to Glenn Nichols to be sure that news of the Downtown Men's Bible Class was put on a blackboard in front of the theatre.

Tonight, this Friday night, Mother, the Downtown Men's Bible Class is going to get together at the Youth Center of the First Baptist Church at 7:30 o'clock, just to sing hymns. A "Singing," it will be—just men getting together to sing hymns. These men are not goodie-goodies or sissies, Mother. They are tough, hard-bitten guys who can be proud of giving more than mere lip-service to the ideal of the Brotherhood of Man under the Fatherhood of God.

After the business session of the Downtown Men's Bible Class we all sang "What A Gathering That Will Be." Then Teacher W. B. Wooster read the Lesson—the 14th Chapter of Acts. You remember, Mother—Paul and Barnabas were going from town to town to spread the Gospel. The Lesson was Mr. Wooster's running commentary on Paul and Barnabas; how they went right on, speaking the Word of Christ, despite opposition from both Jews and Gentiles. Mr.

Wooster used the 14th Chapter of Acts to awaken ourselves to the Power of God. He reminded us that we are just instruments in God's hands.

Mr. Wooster said that the road into the Kingdom of God is not easy, although there are plenty of professing Christians who try to sell the Road on the grounds that it is easy. Mr. Wooster said the Road takes a life lived right; not the way the world wants it, easy—but through trials, tests and tribulations. He said that all we need was made understandable in the Life of Christ, and that what really matters is "thus sayeth the Lord."

There was nothing namby-pamby about last Sunday morning, Mother. When Teacher Wooster had finished, all in 20 minutes, broad-shouldered President Delton Barnett got up and said, "That was a good lesson, boys." He challenged the "boys" to make attendance at the Class 100 every Sunday, and especially so on Easter Sunday, when the inspiration of the Resurrection will be the theme.

Every Sunday at the Downtown Men's Bible Class, Mother, they sing a song to the tune of "Oh, How I Love Jesus." It was written by R. E. Clements, about whom you have read in the Eagle. Here are the words that Mr. Clements wrote and that we all sang:

"Down in the Alley, just off the Square,
"Where we are meeting, hope you'll be there.
"Don't be a knocker, come right along,
"Bring a friend with you;
"Come in your blue jeans, forget the style;
"Just for an hour, it is worth

while.
"Singing our praises to Him above;
"Sing of His Goodness, sing of His Love."

That is what the men sang after Mr. Wooster's lesson, Mother. Then they all sang "We'll Work Till Jesus Comes." And F. P. Bowman prayed again—simply, earnestly. He just asked God that we could be better men; that we could be more brotherly.

Only you, Mother, will understand that I had to get out of there quickly. I had to get across the Square to my office where I could close the door and be alone. I thought of Dad and his work; how he died fighting as a Soldier of Christ. I wanted you to know, Mother, that down here there are some rough and ready men who, too, are proud to be Soldiers of Christ. They stand and chat before Class time in front of the Melba theater every Sunday morning where everybody can see them. Inside the theater, there is no collection. At the box office of the theater, there is a little cardboard container, and as he goes in, each man puts in it what he can spare to make possible the good deeds of men who want to walk humbly in the sight of God.

Please, Mother, tell everybody you can about the Downtown Men's Bible Class in Goldthwaite, Texas. This would be a much better world if we had enough of them. Last Sunday morning there was never a mention of a Pastor, a Priest, or a Rabbi. There was no mention of any denomination. But I know there must have been a brighter light around the Throne of God.

I can't write any more, Mother.

The Sheriff Says Penalty Next Week For Lacking Plates

The deadline is near for the renewal of licenses and registrations for trucks and cars, Sheriff Wiley L. Mahan warned this week.

The Sheriff has given Saturday, April 1, as a day of grace but after that date, any car or truck driver without 1950 plates will be subject to a 20 per cent penalty. In other words, the Sheriff said, penalties become effective next Monday on cars and trucks that may be driven without 1950 registrations.

So as to avoid a week end rush at the Sheriff's office in the County Court House, Sheriff Mahan urged that all who apply for 1950 plates have with them their car or truck titles, their 1949 registration receipts and certificates.

I can't see, because my eyes are wet. And my busted ticker hurts when I am deeply moved. But I did want you to know that I remembered that Dad's birthday would have been Sunday, April 2, if he could have lived. I know that he would have wanted you and me, and Arthur and Evelyn and Ruth, to tell everybody you can about the Downtown Men's Bible Class in Goldthwaite, Texas. Please, will all of you do that? Please.

Eugene Thompson

(Continued From Page 1.)

Eugene Thompson, who was 72 last September, was born in Grimes County. He came here with his father in 1886, when W. H. established the Mountaineer. For anybody who does not know it, his address now is 1414 South Harwood Street, Dallas 1, Texas.

Much as I am tempted to do so, I am not going to make any further report here about the "Silly Six" or the "High Toned Dudes." I could go on and spill some almost forgotten secrets, and I could name names. But Eugene Thompson has promised me that he is going to write a piece for the Eagle, the burden of which will be "Do You Remember?" Until that article comes along, the ladies who used to be members of the "Silly Six" and the gentlemen who used to strut their stuff as the "High Toned Dudes," can just sit around and stew and wait for Mr. Thompson to drop the other shoe.

To complete the story of Eugene Thompson's family, he has another son, William H., who is assistant comptroller with the Southwestern Life In-
