Rural Telephone Cooperative Has Good Reception

Gratifying progress in the organizational activity of the Central Texas Telephone Cooperative was announced this week by Willis Hill, President of the new effort to provide adequate rural telephone service in Mills and adjacent counties.

Mr. Hill said that close to 100 per cent responses have been encountered as representatives of the Cooperative work to sign up subscribers to the impending rural telephone facility. He said that those who were away from home when representatives called on them should communicate with County Judge L. B. Porter at the Mills County Court House, Warren Duren at the Trent State Bank, or Ernest Wilson at the Goldthwaite Electric Co.

Mr. Duren is Vice President of the Cooperative and Mr. Wilson is the Secretary. Meetings last week at Pottsville, Indian Gap and Priddy resulted in many new members of the Cooperative. These three exchanges represent between 500 and 600 subscribers. Other meetings were held this week and others are contemplated for next week in various communities to explain the plan to prospective telephone users.

Among those working to advance the Cooperative are: Mrs. Willis Hill, South Bennett; C. A. Page, Big Valley; Mrs. Delton Barnett, Jones Valley; Mrs. Beth Miles, Moline; O. G. McNiel, Caradan; Will Limmer, Priddy; Norman Duren, north of Goldthwaite; David Walters, Pleasant Grove; Will Rickle, Star; Wm. A. Rea, north of Pottsville; Otto Marwitz, east of Pottsville; Mrs. Otto Goerdel, west of Pottsville; Mrs. John Blom, Pottsville; Mrs. A. M. Rea, Indian Gap; E. A. Duren, Mullin; J. P. Lockridge, Mullin.

Stock Law Voting In Precinct No. 4 Is Due Tomorrow

Tomorrow, Saturday, the voters of Precinct 4 in Mills County will have their chance to record their minds on the stock law.

The change will come in a Special Stock Law election, which will decide whether hogs, sheep and goats are to be allowed to run at large. The voters will cast their ballots either for or against the stock law.

In Precinct 4, voting boxes, and the number of them, will be available to the voters tomorrow as follows:

Big Valley, 11; Rock Springs, 12; Rattler (Jones Valley), 13; Regency, 14; Ebony (Buffalo), 15; and Ridge, 16.

Notice of the Special Stock Law election has been published in the Eagle for several weeks, over the signature of County Judge L. B. Porter.

MOORES HERE

Mr. and Mrs. Jason Moore and children of Albuquerque, New Mexico are visiting in the home of her parents, Mr. and Mrs. Frank Bowman. Mr. Moore returned home while his family will remain for a longer visit. Mrs. Moore and children and Mr. and Mrs. Bowman went to Gonzales Sunday to visit Jon Lawrence Moore.

Mr. and Mrs. S. E. Pass of Abilene spent most of the week with his parents, Mr. and Mrs. E. L. Pass.

The Rev. Joseph L. Emery Resigns To Accept Houston Church Call

MRS. JOSEPH L. EMERY THE REV. JOSEPH L. EMERY

Last Sunday, the Rev. Joseph L. Emery resigned the Pastorate of the First Baptist Church in Goldthwaite to become Pastor of the Riverside Baptist Church in Houston, effective May 14. In reading his resignation from the pulpit, Brother Emery said that "this is the saddest day of my Ministry, because it means cessation of the most enjoyable and happy years of our lives."

After Brother Emery had read his letter of resignation, J. N. Faith, Chairman of the Board of Deacons, called, with regret, for a motion of acceptance in view of the statement in the resignation letter that "I humbly ask that it be accepted, as I very definitely feel the Lord leading us to accept the Pastorate of the Riverside Baptist Church in Houston, effective May 14, 1950. The motion to accept was by Charles Haensli. It was seconded by John L. Gwin.

The Church to which Brother Emery is going is within walking distance of the University of Houston with its 12,000 students, of whom 3,000 are Baptists. Brother Emery said that the opportunity at Houston is very great, since within the area of the Riverside Church there are 2,000 "prospects" who have not yet been affiliated with it.

Brother Emery and Mrs. Emery, who has been the Church organist, came to Goldthwaite in September of 1947. During Brother Emery's Ministry, the First Baptist Church was destroyed by fire and the present edifice was built.

Brother Emery, whose family home is in Beckley, West Va., attended Averett College at Danville, Va., for two years then she took her B. A. degree at Baylor University, where she majored in English.

Brother Emery, whose name was in Temple, attended Temple Junior College. He received his B. A. degree from Baylor University, where he majored in Bible, in 1946.

On May 5, both Brother Emery and Mrs. Emery will receive further degrees following study at the Southwestern Baptist Theological Seminary at Fort Worth. On May 5, Mrs. Emery will become a Master in Religious Education, and Brother Emery will receive his degree as a Bachelor of Divinity, from the same Seminary.

Brother Emery was ordained at the First Baptist Church in Temple on December 19, 1943.

Brother Emery's letter of resignation, as read from the pulpit, was as follows: (Continued on Back Page.)

Postal Economy To Have Little Impact Locally

Although drastic economy measures have been ordered for the postal service throughout the nation, there will be little immediate effect on the Goldthwaite Post Office, Mrs. Lucile Fairman, Acting Postmaster, said this week.

Last Friday Mrs. Fairman received detailed instructions to all Postmasters to reduce postal expenditures as part of an economy effort on a national scale.

In the Goldthwaite Post Office, duty personnel will be reduced on Saturday afternoons—meaning that only one postal clerk will be on the job from 1:00 p. m. to 6:00 p. m., on Saturdays. There is a possibility that later, the local Post Office may close on Saturday at 5:30 p. m., instead of at six o'clock, but a final decision has not yet been reached, Mrs. Fairman said.

The extent of the economy moves by the Department of the Post Office in Washington was indicated when Mrs. Fairman received 36 specific instructions. The problem faced by the Post Office Department in putting economy measures into effect is shown by the fact that 96 per cent of its expenditures are fixed, for such items as salaries and transportation costs, thereby leaving only four per cent elbow room.

Mrs. Fairman said that des- (Continued on Back Page.)

Square Dancing Saturday Night

Don't forget the colorful show at the School Gymnasium tomorrow night, Saturday, when the Heart O' Texas Square Dance Association will give the audience just about everything from "Arkansas Traveler" to "Catch All Eight." The public is cordially invited to see the square dancers from 8:00-11:00 o'clock Saturday night. There will be a Chuck Wagon and cold drinks, as well as music, fun and accomplished callers.

Locklear Named GHS Principal, Carl Knox Appointed New Coach

The appointment of Jack Locklear as the new Principal of the Goldthwaite High School, and the employment of Carl Knox as athletics coach, were announced this week by C. C. Collier, Chairman of the Board of the Goldthwaite Independent School District. In addition to becoming High School Principal, Mr. Locklear also will serve as assistant coach.

QUEEN

BETTY JOHN JACKSON

Last Friday night, at the annual F. F. A. father-son banquet at the school lunchroom, Miss Jackson was crowned 1950 Queen of the Goldthwaite Chapter, Future Farmers of America. Don't let your crown slip, Miss Betty! Miss Jackson is the daughter of Mr. and Mrs. John Jackson.

LONGS VISIT

Mrs. Loy Long visited her mother, Mrs. Peck, at Fort Worth several days last week. Mr. Long, Bennie Bob and Bettie Shoemaker of Lometa went to Ft. Worth Sunday, where they attended the ice capade. Mrs. Long accompanied them back to Goldthwaite Sunday evening.

Telephone Company Establishes Higher Rates Effective Monday

New and higher rates for Goldthwaite telephone subscribers will become effective next Monday, May 1, despite the action of the Municipal Council in not approving an ordinance providing for the rate hikes. The new rate schedules were announced by John D. Allen, Division Manager of the Southwestern State Telephone Company. Mayor Loy Long said that the City Administration has not approved them.

Under the schedule as announced by Mr. Allen, the new monthly telephone rates in Goldthwaite will be:

- Business telephone, \$5.00.
- Individual line, residence, \$3.25.
- Two party line, residence, \$2.50.
- Four party line, residence, \$2.25.
- Two party line, business, \$4.00.
- Business and residence extension telephones, \$1.00.

All of the above rates are for hand-set telephones. Each rate will be 25 cents less for a wall telephone.

In announcing the new rates and in saying that they will become effective on May 1, Mr. Allen said that last December, the Southwestern States Telephone Company appeared before the Goldthwaite Municipal Council and asked for an ordinance approving the rate increases.

"Ample time has been allowed for the Council to give the request due consideration," Mr. Allen said.

Mr. Locklear, a Goldthwaite citizen, was graduated from the Goldthwaite High School in the class of 1928. With the exception of Walters "Bob" Hester, who also was a four-letter man, Mr. Locklear was the only GHS man ever to win letters in all four major sports—football, basketball, baseball and track.

Coach-elect Knox was one of Dutch Myer's proteges at Texas Christian University, and he will come to Goldthwaite with an enviable reputation. He was recommended for the Goldthwaite post by Dutch Myer and it is the expectation of the School Board and of Superintendent H. E. Patton that with some fine material on hand, Mr. Knox will give GHS a splendid football team next season.

The appointments of Mr. Locklear and Mr. Knox were made at a called meeting of the School Board last Tuesday night.

Mr. Locklear will become Principal of the Goldthwaite High School with a record of 10 years of teaching. He was graduated from Baker College at Maumee, Ohio, in 1932, after having won his letters in football, basketball and track. He has taught during summer sessions at the Goldthwaite High School and for the past four years he has been a teacher at the Mills County Veterans Vocational School in Goldthwaite.

Coach Knox was graduated from T. C. U. in 1948, with his (Continued on Back Page.)

The Winners At Tarleton Will Try Again On May 6

Winners at Tarleton and qualifiers for the State judging contests at A. and M. College on May 6 are three proud Mills County Future Farmers of America with their Instructor. Pictured above, left to right, are James Kemp, Kenneth Wesson, James Tippen and Y. B. Johnson. They are holding the first place banner that they won at Tarleton against 112 other schools from 60 counties on April 17. An editorial on the achievements of these Goldthwaite High School boys may be found on the editorial page of this week's Eagle. (Eagle Photo by Wicker Studio.)

Allen said. "The request was denied. However, the rates asked for are necessary to prevent further operating losses in Goldthwaite."

"A deficit now exists on the books of the Company in Goldthwaite and to continue operations on the basis of the present rates would seriously effect the financial condition of the Company. Accordingly, with new rate schedules going into effect, the Company earnestly requests the cooperation of the telephone subscribers in Goldthwaite."

Mr. Allen said that until now, Goldthwaite has enjoyed telephone service at rates that were negotiated in 1939 and that were put into effect in 1947. He said that in other places, the problems of the telephone company have been recognized. By way of example, Mr. Allen said, 52 communities in Oklahoma recently have granted increased rates to the Southwestern States Telephone Company.

The problems of the Southwestern States Telephone Company and its reasons for establishing new rates for Goldthwaite were stated in a full-page advertisement in last week's issue of the Eagle, which also published a first page statement by Mr. Allen.

When he was asked this week to comment on the announcement that new and higher telephone rates would become effective in Goldthwaite next Monday, Mayor Long said: "The rate increases by the (Continued on Back Page.)"

KEEP YOUR FINGERS CROSSED

Everybody in Mills County should keep fingers crossed on May 6, when the Future Farmers of America from here will go into the State-wide contest at A. and M. College to try to repeat the victory by which they brought home the bacon from Tarleton State College at Stephenville last week. Against 112 teams from 60 counties, James Kemp, Kenneth Wesson and James Tippen entered the Tarleton livestock judging competition. When it was all over they had brought great pride to their instructor, Y. B. Johnson, to their parents, to the Goldthwaite High School and, in fact, to every resident of Mills County. Our sincerest congratulations go out to James Kemp, Kenneth Wesson, James Tippen and to Mr. Johnson. On May 6, you will be very much in our thoughts. The boys, two of them 16 and one only 15, are showing what can be done by the application of "know how." The "know how" that gave them triumph at Tarleton was something that they learned right here. They brought back to Goldthwaite much more than a big blue and gold banner. They brought great promise for the future. Our congratulation again to you, James Kemp, Kenneth Wesson and James Tippen. We hope that you will see in your own selves what the future can be for Mills County and that, as a matter of obligation to all of the rest of us, you will plan your careers so that you will stay right here to help to make a better life for all of us. Our congratulations also go to Mr. Johnson and to the entire School Administration, which also had a great part in making the victory at Stephenville possible. We are, indeed, very proud whenever Mills County comes up with winners, especially against tough competition of the sort that our boys encountered at Tarleton.

BROTHER "JOE" EMERY'S RESIGNATION

The resignation of the Rev. Joseph L. Emery to become Pastor of the Riverside Baptist Church in Houston represents a serious loss to Goldthwaite and a great gain to Houston. Now that Brother Emery's resignation has been accepted by the First Baptist Church here, we join the entire community in wishing success and in expressing gratitude for the fine stewardship of both Brother Emery and the accomplished Mrs. Emery. We know that both of you are worthy of the new challenge in God's work. You will be missed very sorely here, Brother "Joe" and Mrs. Emery. In approximately 2 1/2 years in Goldthwaite, Brother Emery and Mrs. Emery have endeared themselves to everyone. They leave behind them as a monument to them a splendid Church edifice, triumph over trials—but, and most important, warm spots in the hearts of all of us.

A NEW BOOST TO GOLDTHWAITE TRADE

Last week's announcement of the organization of the Central Texas Telephone Cooperative is a cause for feeling good because, with communications so important to trade, the new venture cannot help but benefit Goldthwaite. The establishment of a central exchange for the projected rural telephone company here will tie a large area even more closely to this city. It will extend beyond Mills County and more people will be looking to Goldthwaite for their needs as their telephone lines lead here. Goldthwaite is in competition with other places. Competition is the life of trade, and that is good, but if Goldthwaite's life is to be good, too, we need to have more and more people trading here. Places such as Brownwood, Comanche and Hamilton try to lure shoppers and traders away from Goldthwaite, but we believe that the Central Texas Telephone Cooperative will help to make us a brighter lure. It has been assured of the good wishes and cooperation of the Southwestern States Telephone Company. Accordingly, in the future, our communications ought to be better than they have been in the past. Willis Hill, the President of the new cooperative, has put a great deal of thought and hard work into its establishment. So have Secretary Ernest E. Wilson, Vice President Warren Duren and Directors Walter Marwitz and Delton Barnett. The spirit of the pioneers still is with us. It takes hard work to bring about progress, but there are signs of progress here every day. We hope to be able to publish, very soon, news from Washington of clearance for the Central Texas Telephone Cooperative. Then it won't be very long before a network of much needed rural telephones becomes an accomplished fact. Good work, officers and gentlemen of the cooperative. We wish every success and we proffer any help that we may be able

WHEN THE OLD BIRD WAS YOUNGER

10 YEARS AGO-

(Taken From Eagle Files, April 26, 1940.)

Tuesday evening, April 23, the annual Junior-Senior banquet was held in the dining room of the Methodist Church. The juniors had charge of all entertainment, and served a delicious array of foods.

Mrs. Dan Westerman, Mrs. John Hester and Mrs. Charles Maxie of Alpine returned Tuesday from Cameron where they visited relatives for a few days. N. A. Duey who underwent a major operation last Saturday at Taylor Hospital in Dallas, is reported to be doing as well as could be expected.

Carl Casbeer of Goldthwaite, who is attending John Tarleton College, Stephenville, has recently been promoted to the rank of Corporal in the R. O. T. C. Unit at that institution.

At last Mills county is going to get another serious oil play. Wesson No. 4 well will be spudded in Saturday if there is no delay occasioned by rain and with in thirty days the black lime at 2200 foot level should be encountered and it is confidentially expected by persons who have watched the oil situation in this county closely that oil will be found in this well.

One of the most elaborate weddings solemnized here this season was that which occurred on April fifteenth at eight o'clock at the home of the brides' parents, Mr. and Mrs. W. E. Harper, when Miss Belle Harper became the bride of Mr. John L. Giles, of Norman Park,

Georgia. Relatives and close friends of the family were assembled to witness the ceremony and to hear the marriage vows pledged and sealed with the eculet of platinum.

Miss Arbutheset, Special Representative of the Shakespeare Story Telling Club, selected Miss Ellen Archer of Goldthwaite with the children of the primary and grammar school.

Mrs. D. D. McBride, who had been ill for several years, passed away at the family residence in the eastern part of town, Wednesday morning at 10:45 o'clock.

Mrs. G. M. Powell of Fort Worth is visiting her sister, Mrs. J. H. Saylor.

Mr. and Mrs. M. R. Weatherby and children of San Saba spent last Sunday here in the home of Mr. and Mrs. J. H. Burnet.

Oscar Lee Conro recently beat the whole school in the sixth and seventh grades at Houston in a spelling bee, according to information received by his grandparents, Mr. and Mrs. L. R. Conro.

Mr. and Mrs. W. P. Woody and Mrs. C. C. Saylor left Wednesday afternoon for Gerard, Kent County, in response to a message announcing the death of Miss Ferdie Woody, a cousin.

Mr. and Mrs. F. K. Lasley returned home from Moody where they have had an extended visit with George Lasley.

Misses Jewel and Dot Yarborough of Copperas Cove visited in the home of their brother, O. H. Yarborough.

W. S. Street of Star was in town yesterday on business.

W. M. Fletcher from Pleasant Grove was a Goldthwaite visitor yesterday.

Tidelands got back on the front pages last week when a House Committee reported a bill. It would confirm the title of Texas and other coastal states to the mineral rights under the immediate coastal areas. The House will probably get a chance to vote on the issue again before this session ends this summer.

On two occasions in the past the House has overwhelmingly favored bills confirming title to the tidelands in the respective states. The first bill passed by the House was adopted by the Senate, too, but was vetoed by President Truman. We didn't have enough votes to override. Then two years ago the House repeated, but the bill did not get to a vote in the Senate. Now, for the third time, it looks like the House will get another whack at it.

Actually, this effort is but a gesture and expression because there are none who believe the President would sign a bill if we passed one and very few think there would be anything like enough votes to override a veto. In fact, the State's rights on tidelands had more friends in the 80th Congress than in this one. Only 29 voted against the tidelands bill then, but there will be considerably more when a vote is taken this year by the 81st Congress.

In the meantime, action is pending before the Supreme Court on the issue, the Federal government having filed suit against Texas, claiming title to all minerals under all coastal submerged lands. If Uncle Sam should prevail in this claim, the school children of Texas would lose an estimated \$2 billion in present and potential wealth. Under Texas laws, the income from these tidelands goes into the school fund.

Texas claims it has a special right to its tidelands under the terms of the annexation agreement. Here, briefly, is the basis for this contention:

Texas was an independent nation from 1836 to 1845. As such it fixed its boundaries three leagues from shore in the Gulf of Mexico. That was done by the Texas Congress in 1836. With those boundaries defined, the United States and other nations recognized Texas as an independent republic.

In fact, the United States specifically recognized our boundaries in the Treaty of Guadalupe Hidalgo, the Gadsden Purchase, and the International Boundary Agreement with Mexico.

And then when we entered the Union in 1845, Texas made it a point to keep these boundaries just as they had been established. At least we have a contract to that effect in our Annexation Agreement. Only a year before, Texas had been so anxious to become a part of the Union that it offered all the school land and agreed to convey to the United States all its unsold lands if the United States would take us in and assume the \$10 million debt of the Republic, the Texas State Teachers Association has pointed out.

A treaty to that effect was actually signed, but it was defeated by the U. S. Senate. If it had passed we would have flimsy claim to our tidelands today. Then, the following year the U. S. Congress passed a resolution offering Texas annexation if it would pay its own debts and keep its lands. That was an offer, and the Texas Congress accepted. Texas proceeded to adopt a new constitution which provided that titles to all lands should remain the same after annexation as they existed under the Republic. This constitution was approved by the United States Congress.

The Eagle's Answer

By The Editor

The editor has been tickled into a modesty that is most painful for him to bear. The tickler is Mrs. H. C. DeWolfe, the former Ruyel Keese of Goldthwaite, now of Austin. Mrs. DeWolfe has addressed the editor, by mail, as Senor "William Allen" Ekins. The oblique is to the late, great William Allen-White of Emporia, Kansas who had a national audience and was nationally famous for years for his writings in the Emporia Gazette. This editor, Mrs. DeWolfe, and in deep humility, has just bowed his head on the ground nine times in the direction of Austin, after having done same in the direction of Emporia.

Readers will remember that last month, after having decided to discontinue her subscription to The Eagle, Mrs. DeWolfe renewed it in a "this I gotta see" attitude, following the change in the ownership and editorship of this newspaper. Having had a dose of "this I gotta see," and addressing the editor as Senor, Mrs. DeWolfe now writes: "I have been reading the (news)paper with attention to details. I believe you are drawing the fine distinction between folksiness and effusion. If you understand what I mean." Writing with an ice bag atop his head, the editor says, Madame—excuse him, please, it should be Senora—that he does understand.

On another page of this week's Eagle, there will be found a story for which the editor is indebted to Senora DeWolfe. He doubts, Senora, sight unseen, that your near relative was justified in calling you "prissy." It WAS magnanimous of you to write, but the editor will freeze in Texas in August before he accepts responsibility for what your relatives call you. The editor, ha, ha, ha, has NO cousins in Mills County. That is as much of a distinction as being called "William Allen" Ekins. You must be fun, Ruyel, and the editor wishes that you would make possible a visit to The Aery very soon. Meanwhile, our Circulation Department will see to it that you receive only one Eagle a week.

Here is a note to Mrs. Jerry Walker: The editor understands, Mrs. Walker, that you are fearful of talking to him lest he put what you say in the Eagle. Aw, come on in, Mrs. Walker, and let's talk. What you have to say must be good, really good, or you would not shy away from being quoted.

The crack of the week was contributed with the utmost spontaneity by Clem Howard, Post Office carrier on the Moline Star Route. One night, with out-of-town visitors Mr. and Mrs. Dwight S. Perrin and Acting Postmaster Lucile Fairman, the editor, at the Hangar, was engaging in one of his periodic struggles to have a sirloin steak broiled rare. He had about come to the conclusion that it is against the law to have a rare steak in Texas, when the explanation of it all came from on his stool at the counter, Clem gazed pityingly on the editor and drawled for all to hear: "When they're the way you eat 'em, we editor is going to have his steaks 'raw,' even if he does have to carry a rope.

The editor delights in telling 'em on other people so he feels he must tell this one on himself. Last Friday he met his wife and son at the Dallas airport. On the way home, he stopped at Granbury for some Harve and his son exercising Harve's pony, the need for our hands was more than usual. The manageress had a towel, where she handed the towel and said, "Here, when you finish give it to your Gram, worst of it was promptly hot-footed his mother to tell her

Garden Club Tea Pays Tribute In Fine Style To Mrs. Weatherby

One of the most important social events of the Spring season was the formal tea honoring Mrs. Jim S. Weatherby on Wednesday, April 19, in the spacious home of Mrs. Sam P. Sullivan.

The receiving line, headed by Mrs. Weatherby, included Mesdames Austin Taylor, H. T. Weaver of Eastland, Richard Felts, Ruben Ashley and H. T. Carroll of San Saba, and local officers and founders of the club.

Strains of beautiful music were rendered throughout the afternoon on organ and piano by Misses Jana Weaver, Sally Cooper of Eastland, Jane Ann Steen, Sybil Ann Reid, Nell Carman Wilkins, Mesdames Raymond Little, Hope Shultz, and John G. Berry.

Reception rooms were exquisitely decorated with Spring

flowers, the tea table being the center attraction, laced with an imported linen cloth centered with a mass Colonial arrangement of pink snap dragons on reflector, streamers of pink and green ribbons leading to muffs of pink snap dragons at the four corners. Crystal candelabras, pink and green candles. Tea dainties were served with Mrs. Warren Duren presiding at the punch bowl.

Mrs. Walter Weatherby and Mrs. O. C. Weatherby presided at the register.

Mrs. R. C. Johnson Jr., presented a very interesting exhibit of antiques belonging to club members.

Twelve ladies from San Saba were among the many guests who called to congratulate Mrs. J. S. Weatherby on her wonderful leadership of the club and untiring efforts in the beautification of our city and cemetery.

Mills County H. D. Methodists Plan Delegates Attend Cleburne Meeting From June 5 To 16

Mills County delegates who attended the Texas Home Demonstration District 8 Meeting at Cleburne on April 18 and 19 were Mrs. George Fletcher of the Mullin Club, Mrs. L. B. Hart of the Goldthwaite Club, and Mrs. A. L. Cole, also of Goldthwaite.

Mrs. Hart is the Mills County Council Chairman, and Mrs. Cole is Secretary of the local County Council. County H. D. Agent, Miss Ella Hintz attended the meeting with the Mills County delegation.

The sessions were held in the First Baptist Church at Cleburne with the members of the Johnson County H. D. Clubs as hostesses. The theme was "Better Homes Make for a Better World."

Mrs. Hart was the Acting Secretary of the gathering. The District 8 Meeting next year will be held in Stephenville.

Foxes Entertain

Mr. and Mrs. Raymon Chafin of Goldthwaite and Sgt. and Mrs. Leonard Pagar of the Fort Hood Air Base were weekend guests of Mr. and Mrs. W. W. "Bill" Fox.

The Vacation Church School of the First Methodist Church in Goldthwaite will be conducted from June 5 to 16, it was announced this week by Rev. Ed H. Lovelace, Pastor.

Brother Lovelace said that courses will be offered for those from the age of four through the ninth grade. The daily sessions, to be held at the Methodist Church, will be from 8:30 a. m. to 11:00 a. m., throughout the two weeks school period.

A large corps of workers is being organized. Brother Lovelace said. Many members of it will be from the Senior High School Department, who will assist the regular workers in the various activities.

The Methodist Vacation Church School will be open to all children and young people of the community, regardless of Church affiliations, if they fall within the age groups for which programs have been arranged, Brother Lovelace said.

Mr. and Mrs. Boyd Hunt and Billy of Brownwood, Mr. and Mrs. A. M. Hunt and Mrs. Dora Morris, were guests in the J. T. Morris home Sunday.

of community throughout Mills Trent Dew Library. Attending the meeting in addition to representatives of clubs and civic organizations will be members of the County Board of School Trustees, Judge L. B. Porter, and School Superintendents H. E. Patton of Goldthwaite, Leroy Beard of Star, T. M. Cash of Priddy and Wray B. Williams of Mullin.

The Library Committee has emphasized its desire to make the Jennie Trent Dew Library of service to the county as a whole, and not merely to Gold-

thwaite. The possibilities of a program that can be applied here and that can function in cooperation with other places will be outlined by Judge Steele and Mrs. Goree of Burnet. Judge Steele and Mrs. Goree have had both experience and success in a program of the sort the Library Committee wishes to apply here and which will be discussed at next Monday afternoon's meeting.

Jr. Schubert Club Plays And Dances

The Junior Schubert Club met last Friday afternoon, April 21, for its regular session at the home of Mrs. Sam Sullivan, Director.

After a brief business meeting, the following piano numbers were enjoyed by the club:

"Little Harpist," played by Lou Etta Jardon.
"Virginia Reel," by Betsy Smith.

"Little Drum Major," by Michael McCullough.

"Narcissus," by Angeline Smith.

The club then enjoyed square dancing and refreshments at the Hangar.

Singing Convention All Day On Sunday At Center City

Mitch Miles announced this week that next Sunday, the Mills County Singing Convention will meet at Center City.

Mr. Miles said there will be singing all day with dinner on the grounds. Everybody is invited to attend, to sing and to take dinner along.

"Come early, bring your dinner and enjoy a whole day of good Gospel Singing," Mr. Miles stated.

Red Sox Play Austin Negroes At Ball Park On Friday Night

The undefeated Goldthwaite Red Sox will play the Austin Palomino Club - an all-negro outfit - at the Ball Park at eight o'clock tonight, Friday.

Manager Howard Hoover said the Austin invaders always have put up a good scrap and staged a good show, and he said that word this year is that the visiting team is better than ever before. Accordingly, Mr. Hoover is counting on a big crowd to see a good game tonight.

So far this year the Goldthwaite Red Sox have defeated Bertram, 9-7, and Lawn, 15 to 2.

Mr. Hoover said that the starting pitcher against the Austin Palomino Club will be Y. B. Johnson. Charles Conrad will be behind the plate with Dale Reid's pitching arm held in reserve.

Others in the starting lineup will be:

- June Clifton 1b
- Charley McLean 2b
- Alex Shaw ss
- Johnny Smith 3b
- James Miller 1f
- Lee Doggett cf
- Bobby Clifton rf

Manager Hoover's reserves will be Bill Shipp, Billy Miller, Chili Smith, Robert Henry Johnson and Jake Stacey.

Methodist And Baptist Teams Win Softball League Openers

The curtain went up on the Park Board's softball season at the Ball Park last Tuesday night when the team sponsored by the First Methodist Church defeated the Lions Club team and when the players sponsored by the First Baptist Church won over the American Legion.

Next Tuesday night at eight o'clock the Lions Club team will play against the Baptists and the Methodists will take on the American Legion.

Last Tuesday night the weather was a bit too cool for comfort but Park Board Secretary W. C. Barnett has issued confident assurance that something will be done about the

weather in time for the games next Tuesday night. Mr. Barnett did not say what would be done but he indicated that the Park Board is arranging for warmer temperatures and no wind.

In the opening games, the teams sponsored by the Methodist and Baptist Churches showed great strength and a hot time is expected when they meet in opposition on May 30.

Other teams in the Softball League, however, are recruiting new strength and with a better balance among the opposing players some great fun is predicted for softball fans at the Ball Park every Tuesday night throughout the summer.

Baptist Worship To Be Broadcast Next Two Sundays

Next Sunday, April 30, and the following Sunday, May 7, the morning services of worship at the First Baptist Church in Goldthwaite will be broadcast by radio station KCLW at Hamilton-900 on your radio dial.

The services, unhappily, will be the last two Sunday morning services that will have the Rev. Joseph L. Emery in the pulpit.

Last Sunday, the Church School attendance at the First Baptist Church was 348 - an all-time record. The record was es-

tablished on the last Sunday of a revival period which also saw attendances of nearly 500 at both the morning and evening services of worship.

Brother Emery said that during the revival, ten persons entered the fellowship of the Church on confession of faith for baptism. Eight others joined the Church by transfer of letters, and there were two rededications. The revival preaching was by the Rev. Rayburn Floyd of Decatur. The song leader was Charles Lewis of Texarkana.

Saegert Appoints Jaycee Committee To Name Officers

In preparation for the impending annual election of the Goldthwaite Junior Chamber of Commerce, President Jesse Saegert named a nominating committee at a Jaycee meeting last Tuesday night.

Appointed to the nominating committee by Mr. Saegert were Dr. M. A. Childress, Glen Collier and Gerald Head.

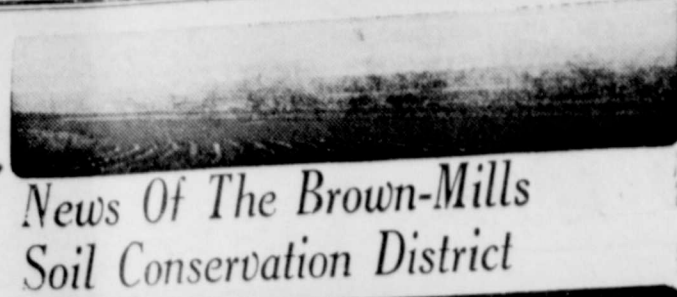

Tuesday night's meeting also received a report from R. C. McCollum, chairman of the Jaycee girls softball committee, on progress in the organization of a Goldthwaite girls softball team sponsored by the Junior Chamber of Commerce. The girls are practicing two nights each week, Monday and Thursday, at the football field, and a schedule of games is being arranged for them.

Dalton, Cockrum Are Made Masters At Masonic Meet

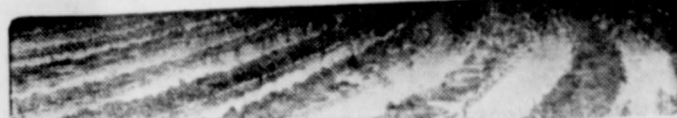

A near record attendance was on hand on Thursday, April 20, for a regular meeting of Goldthwaite Lodge No. 694, AF&AM, at which four candidates were passed to the degree of Fellow-craft. The degrees were conferred by teams from Star, Center City and San Saba.

Activity began at three o'clock in the afternoon, with the passing of the candidates, and at six o'clock a fish supper was served in the Fairman Company's showroom. By special dispensation, a night session was held in the Goldthwaite High School gymnasium.

Lawrence Edward Dalton and Raymond H. Cockrum were made Master Masons, with Past Masters from Center City and San Saba presiding.

News Of The Brown-Mills Soil Conservation District

The county commissioners have about the greenest pastures in the county at this time of the year. Along the county road ditches the perennial grasses, Little bluestem, Indian-

grass, and Sideoats grama are making rapid green growth. Most of these deep-rooted grasses will stay green and will continue to grow until frost this fall. Ranchers who are studying their grasses have noticed that the shallow-rooted, short-lived spring grasses are seeding and their usefulness is about over. It would pay each rancher to study the contrast between his pasture and grasses in the county roadway. Usually they are not the same kind of grasses. The soil is usually different although only a fence divides them. Take a spade and dig around a Little bluestem clump of grass in the road ditch, and then dig inside the

pasture. Note the difference in the soil; in its color; in its "feel"; and its moisture content. Most ranchers like a pasture soil that is not packed and one that will absorb and hold moisture.

In order to restore desirable grasses on rangeland, ranchers cooperating with the Brown-Mills Soil Conservation District are resting at least one pasture on their ranches so that the desirable grasses will have a chance to reseed and spread over the entire pasture. This rest period is usually from June until frost although many ranchers start their deferments sooner. As the plants grow, they increase in vigor and the soil is conditioned to take in water readily. This extra grass is considered "grass insurance". One rancher remarked that one thing he liked about a deferred pasture - he always had grass if he needed it real bad.

Present, in addition to 63 members of the Goldthwaite Lodge, were 82 visitors from Center City, San Saba, Star, Lometa, Evans, Mullin, Zephyr, Sudan, Fort Worth, Toyah, Carbon, Brady, Marble Falls, Carleton, Anson, Sterling City, Marwood, Fort Stockton, Salina, Kansas; Ballinger and Waco.

F. P. Bowman said that the Lodge is especially indebted to Lyman Saylor for use of his tables; to Fairman Company and C. C. Collier for the use of their show room for banquet hall; to the Trustees and officers of the High School, for use

of the Gym for the night; and to the Stewards, Jno. S. Gwin and V. A. Hudson; to J. Y. Tullos, and all other members who contributed to make the meeting an interesting and successful one.

Even Our Franklin Helped To Make Mrs. Wigley's Birthday Glad

The chief news of the 84th birthday anniversary of Mrs. J. B. F. Wigley was that her grandson, Franklin Dew Weathers, behaved himself (at home) that day, and that her many friends and relatives used the occasion as an opportunity to try to cheer her out of illness.

Mrs. Wigley, who makes her home with her daughter, County Treasurer Bertha Weathers, was 84 on Thursday, April 20. Because she was not well, the day was spent quietly (even Franklin kept his Model "A" Ford, circa 1930, from rattling too near home).

Feather-bedding scheme of Firemen's Union to put an additional fireman on diesel locomotives has been

CONSIDERED TWICE!

Fact Finding Boards appointed by Presidents Roosevelt and Truman have said these demands were "devoid of merit" and they were

REJECTED TWICE!

Now the Firemen's leaders seek to paralyze railroad transportation to compel the railroads to employ a wholly unnecessary additional fireman to ride on diesel locomotives. This scheme is plain

FEATHER-BEDDING!

LEADERS of the Firemen's union have called a nationwide strike starting with four great railroads on April 26. These railroads are the New York Central, Pennsylvania, Santa Fe, and Southern.

The union claim that a second fireman is needed on grounds of safety is sheer hypocrisy. Safety has been dragged into this dispute only in an unsuccessful effort to give a cloak of respectability to vicious feather-bedding demands.

After a careful study of the first demands of this union, a Presidential Fact Finding Board on May 21, 1943, reported to President Roosevelt that there was no need for an extra fireman on diesel locomotives.

Again, on September 19, 1949, after a second hearing on the union leaders' demands, a second Board reported to President Truman that: "there presently exists no need for an additional fireman... upon either the ground of safety or that of efficiency and economy of operation."

Safety Record of Diesels is Outstandingly Good

Although the railroads accepted the Board findings, the union leaders have brazenly rejected them. They represent that an

extra fireman is needed for "safety" reasons. Here's what the Board had to say on that point:

"The safety and on-time performance of diesel electric locomotives operated under current rules have been notably good..."

"Upon careful analysis of the data submitted on safety, we have concluded that no valid reasons have been shown as a support for the Brotherhood proposal under which a fireman would be required to be at all times continuously in the cab of road diesels. The proposal must be rejected."

The real reason behind these demands is that the union leaders are trying to make jobs where there is no work. In other words, a plain case of "feather-bedding."

The railroads have no intention of yielding to these wasteful make-work demands.

"The Safety Record of Diesels is Outstandingly Good..."

PRESIDENTIAL FACT FINDING BOARD REPORT. Read these excerpts from official reports of Presidential Fact Finding Boards:

"The safety record of Diesels is outstandingly good, and it follows that the safety rules now applicable have produced good results."

"The safety and on-time performance of Diesel-electric locomotives operated under current rules indicate that Diesel-electric operation has been safer than steam locomotive operation..."

Remember! These are not statements of the railroads. They are just a few of the many similar conclusions reached by President Truman's Fact Finding Board which spent months investigating the claims of the union leaders.

Ellen's Horned Toad G greets Harvey Ekins

Mrs. H. R. Ekins, wife of the editor of the Eagle, and son Harvey, arrived in Goldthwaite last Friday night after having traveled by American Airlines to Dallas from Syracuse, N. Y. Harvey's cocker spaniel, Rusty, arrived with them.

The two major events of Harvey's first week in Goldthwaite were enrollment in school and the presentation to him of a Texas horned toad by Mrs. Mildard Cockrum. (Toads make Harvey's mother shudder.) Miss Earlene Nix also has threatened to present Harvey with a bad-tempered duck. (Rusty would love to chase a duck of evil disposition).

Check Our Chests Campaign Draws Large Turnout

More than 1,500 Mills County residents had taken advantage of the free X-rays offered in the "check your chest" campaign as the Eagle went to press this week, and many others were awaiting their turns at the Smith Equipment Company's show room on the east side of the Square.

The X-rays were given last Friday and Saturday and again on Tuesday, Wednesday and Thursday of this week by technicians from the State Health Department. They were made

possible in Goldthwaite by a united community effort that involved service clubs and civic organizations, the physicians, school superintendents and principals in the county, Mrs. John L. Gwin, the County School Nurse; County officials and many others.

During the three days that free chest X-rays were available this week, 1,234 persons filed past the registrars, checkers and technicians as part of an endeavor to detect tuberculosis and eradicate the disease from Mills County. Last week, some 300 persons were among the early birds. There were indications that somewhere between 1,800 and 2,000 persons would have had their chests X-rayed before the Mills County campaign was over.

Most of the school children in the County over 15 years of age were transported to the "check your chest campaign" headquarters in school buses. Those in charge credited the school superintendents with having contributed greatly to the success of the campaign.

Stubblefield Gets Endorsed For Sheriff

Bill Stubblefield, son of Mr. and Mrs. C. F. "Stub" Stubblefield, is moving from Dallas to Atlanta, Ga., where he will establish his headquarters for Capital Transcriptions and Television, Inc.

Before leaving for Atlanta, Bill and his wife and small son were weekend visitors with his parents. It is understood that Bill, wife and son endorsed "Stub" for Mills County Sheriff.

Mrs. W. P. Weaver accompanied her son, Clyde Weaver, of Dallas on a business trip to Austin, San Antonio and the Rio Grande Valley. They returned Saturday night.

Misses Steen And Tyson To Play In State Tennis Meet

Next Friday, Jane Ann Steen and June Tyson, playing under the colors of the Goldthwaite High School, will enter the girls doubles tennis competition at Austin in the State finals of the Texas interscholastic athletic competition.

Coached to high performance by Fields Hines, the Misses Steen and Tyson won the district tennis doubles for senior girls and thereby qualified for the State competition. They also made the State finals last year.

Superintendent H. E. Patton said he has high hopes that Miss Steen and Miss Tyson will come home with the championship this year, thanks to their own playing ability and to the excellent work by Coach Hines.

Hillside Mission

A preacher said that a boy professed Christianity applied for a job at a logging camp. The boy's uncle told him the fellows out there didn't believe in Christianity and might make it tough for him if they found out that he was a Christian. He secured the job and worked three months. When he came home, his uncle asked him how he got along. He said: "Fine, they never did find out that I was a Christian."

In St. Matthew 5:16 we read: "Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven." Again, our Lord said: "Whoever therefore shall be ashamed of me and of my words, in this adulterous and sinful generation, of him also shall the Son of Man be ashamed, when he cometh in the glory of his Father with the holy angels." St. Mark 8:38.

How Do You Stand?

Dr. C. C. Sadler, Goldthwaite chiropractor, has issued a reminder that, nationally, next week is "good posture" week. The purpose is to emphasize the relationship between good posture and good health. The Public Health Committee of Texas and local chiropractors have joined in the educational aspects of "good posture" week.

Over the week-end guests in the home of his mother, Mrs. Fred Barton, were Mr. and Mrs. Al Barton of Colorado City, Texas.

morning.
 At the grocery store we had
 such a happy visit with Mrs.
 John Guthrie from Mullin and
 her daughter, Miss Nell Guthrie,
 teacher at Baytown. Nell was
 spending her San Jacinto holi-
 day with her mother.
 At the cafe we met Dr. and
 Mrs. Clive Wells McClelland.
 They invited us to eat at their
 table, and it was as good as a
 banquet. Also while there Mrs.
 Julius Lockridge from Mullin
 passed by and made us happy
 with a friendly greeting.
 Mrs. McClelland said they
 were eating out on Sundays
 now, and it surely was a lift.
 She said they got to do it be-
 cause the men were to wash
 the dishes on Sunday. Dr. Mc-
 Clelland said he sure did enjoy
 walking off from the table and
 leaving the dishes.

Mrs. Harry Allen's Brother Is Quoted In Reader's Digest

(Editor's Note: We are indebted to Mrs. H. C. DeWolfe (Ruyel Keese) of Austin for having drawn to our attention the fact that Mrs. Harry Allen's brother, Dr. Samuel Harmon Lowrie, is the subject of an article in the May issue of Reader's Digest. The article, by Andre Fontaine, was published originally in This Week Magazine. It was

condensed and reprinted in the May Reader's Digest under the title of "More Dates Mean Better Marks—and Better Mates." The sub-title was, "An Inquiring Professor Upsets Some Popular Misconceptions." Because of the value of the article itself, and because Dr. Lowrie is Mrs. Harry Allen's brother, we publish it herewith for Eagle readers.)

Dr. Samuel Harmon Lowrie, a tall, quiet-voiced Texan, has been making an intensive study of the American phenomenon of dating. For three years he has conducted the only university course in the whys and hows of this custom; and his recent survey of the dating habits of nearly 3,000 students at Bowling Green State University in Ohio throws new light on problems that have long troubled both parents and children.

One surprising finding is that frequent daters get the best marks. In the form of a graph, the curve of average marks rose continuously as the number of

dates increased. Students who had five or more dates a week averaged marks that were about ten percent higher than non-daters. Lowrie defines a date as "any prearranged meeting between members of opposite sexes."

The sole exceptions to the trend were "only" children and youngest sons. It apparently made no difference whether they dated or not. "Only" children aren't much affected by dating, Dr. Lowrie believes, because they have been the focus of attention at home and are usually so self-centered that dating can't turn their minds outward—toward others. Their marks were the lowest of the groups recorded.

Dr. Lowrie emphasizes that the graph indicated average marks. The grind who has no time for anything except studies usually gets the highest individual marks, but he isn't happy while doing it. And he's usually badly adjusted socially.

There—in social adjustment—lies the key to a number of teen-age problems, Dr. Lowrie believes. And dating is a road to that adjustment. For frequent dating assures a boy or girl that he or she has been approved, and releases a youngster's mind from the cramped confines of shyness and self-doubt that have kept it from ranging abroad in new interests.

A dramatic demonstration of what dating can do was the case of an extremely tall youth at Bowling Green. He came from a farm where the few outsiders he met were so impressed with his height and kidded him so much about it that they never got to know the boy himself. He was intensely shy and he had a speech impediment. He almost flunked out his freshman year.

During his sophomore year a slender blonde who reached slightly above his elbow began to take an interest in him. She sat next to him in class, began helping him with his studies. Pretty soon they were a recognized twosome.

The effect it had on the boy was almost unbelievable. His grades improved, he talked to girls without blushing, he went to dances, got interested in sports. By graduation time his speech impediment had virtually disappeared.

Dr. Lowrie has seen drab girls change into well-groomed belles after they started dating. Girls who knew nothing of sports in a few months became golfers, tennis players or swimmers because their dates were sports lovers. Youths whose highest cultural achievement was trolling for bass learned to like symphonic music because their girls took them to concerts.

Dr. Lowrie believes that, as frequent dating removes the mystery surrounding the oppo-

site sex, it reduces the chance that youngsters will become sexually involved. Young people who seek sexual solace usually do so because they need to feel accepted and approved by others. Because dating is an important mark of such approval it ordinarily satisfies these needs and makes more extreme solace unnecessary.

One of the main benefits of frequent dating with different people is that it gives a youngster enough experience to select a mate on more than the basis of emotion. A senior girl at Bowling Green pin-pointed this fact. In high school she suffered from shyness and dated very little. Then the war brought a USO club to her town and she became a hostess. "I learned how to talk to boys and feel at ease with them," she said.

She continued to date frequently in college, and toward the end of her senior year listed the characteristics she wanted in a husband: "He must be intelligent, must laugh at the same things as I, must be of my religion, and must have been happy in his home life." There was not a word about whether he should be tall or short, handsome or homely—nothing about his physical attractiveness, which is almost always the first thing an inexperienced girl thinks about.

"Ridiculous as it is," Dr. Lowrie says, "both old and young act as if human beings had instincts that guide them unerringly in selecting mates. It is as sensible to say we can tell instinctively which foods are wholesome and which are poisonous."

Doing something about this situation is the purpose of Dr. Lowrie's course. The easy, informal discussions in the classroom take away much fear and worry. After the ice has been broken a bit in the class, a girl may ask, "How much petting do you boys expect on a date?" Or a young man may say, "It seems to me the girls always want a fellow to go steady with them—is that a good idea? Such questions are hashed out by the class.

In most other countries dating is less important than in the United States, because nearly every other society has some sort of system by which the older generation helps select mates for their young. But in America, as Dr. Lowrie points out, the only way a youngster can gain enough experience to base his choice on something sounder than pure emotion is through frequent—and intelligent—dating.

Mrs. Edgar McNutt left last week, stopping at Brownwood to visit her daughter and family. She was on her way to Snyder to spend this week with her son, Edgar McNutt and family.

Lovelaces Attend San Antonio Meet

The Rev. Ed H. Lovelace, Pastor of the First Methodist Church in Goldthwaite, and Mrs. Lovelace, were in San Antonio on Wednesday and Thursday of this week to attend the pre-conference session of the Board of Christian Education. Some 150 delegates from the Southwest Texas Methodist Conference participated in the discussions.

Last Sunday, Mrs. Lovelace returned to Goldthwaite from a month's stay in Georgia, where she had been called by the death of her sister's husband, Dr. Robert Z. Tyler, a member of the Board of Missions of the Methodist Church. Before his death, Dr. Tyler made his headquarters in New York City.

Mrs. Mark Manning and sister Mrs. J. H. McCrary of Hamilton and the latter's daughter, Mrs. J. M. Brantley of Anherst visited Tuesday of last week with Mrs. J. A. McCrary and other relatives.

WHOSE HOME ARE YOU BUYING?

Look at it this way: Every month's rent you pay your landlord could be going into a home that will be all yours someday—if you buy or build your own home. Our home-financing plan calls for monthly payments—just like rent—that fit your budget. It never requires lump sum payments, never needs refinancing. Let's Talk It Over!

High Blood Pressure

Hardening of Arteries, Pains In Left Arm And Side—

Elmer G. Johnson, President of Harlingen State Bank, Harlingen, Texas, writes on Feb. 20, 1948:

"Please send another bottle of Liquid Garlic, also send a bottle to my sister-in-law, Mrs. Hulda C. Dutton, 45 Atwater Terrace, Springfield, Mo.

"I have some good reports to make on the effectiveness of garlic used. Mr. Turner, Texaco dealer here has taken two bottles and is much better, his blood pressure down about 80 points. Mrs. W. F. Nelson, San Benito, who was in bad shape, is also very much better and her blood pressure down considerable. This garlic works, and you are doing a fine job of producing it for the benefit of those suffering from high blood pressure or heart trouble."

Goldthwaite F. H. A. Girls Have Part In San Antonio Convention

Washington News

(Continued from Editorial page) thus acquired and long recognized, are being challenged by the Federal government.

A number of people have from time to time asked me about the ultimate destination of the scrap iron that during the past year or so has been shipped in considerable volume into Mexico. I have been assured very little if any of it would get out of our neighboring country. Recently I requested a report on this from the Secretary of Commerce. In his answer he reports:

Only limited amounts have been allotted for such export. Thus far this year approval has been given for the shipment of 53,454 short tons of iron and steel scrap to Mexico. Of this, 40,000 tons are going to the various steel mills in northern Mexico and 8,000 tons to American-owned operations down there. The remaining 5,000 tons go to various consignees approved by the Department of Commerce.

"It should be noted," the report continues, "that Mexico is traditionally an importer of American ferrous scrap, upon which it is largely dependent to make up its chronic deficiency between consumption and domestic supply. The possibility of re-export of U. S. scrap is therefore very small."

The Wesley Workers Have Turkey Supper

The Wesley Workers Class of the First Methodist Church in Goldthwaite had a turkey supper at the Church last Monday night. It was the monthly get-together of the Class, of which H. J. Leonhard is President. John L. Patterson is teacher of the class.

On Thursday, Friday and Saturday of this week, a Goldthwaite delegation of the Future Homemakers of America has been in San Antonio attending the annual F. H. A. Texas State Meeting in San Antonio. Some 6,000 F. H. A. members representing 852 Chapters from Junior and Senior High Schools in Texas are participating in the three-day sessions, it was announced by Miss Elna Fouse, Home Economics Teacher at the Goldthwaite High School and F. H. A. Sponsor.

Attending the San Antonio meeting from Goldthwaite are Sybil Ann Reid, Song Leader, Area XI; Mildred Hale, Reporter-elect, Area XI; Myrlene Reynolds, Vice President, District III; and Miss Fouse.

The theme of the meeting is "Future Homemakers Head Toward New Horizons." On Thursday, Miss Reid attended a committee meeting and assisted in leading group singing during the general sessions.

Tomorrow, Saturday, there will be a luncheon for outgoing and incoming State and Area officers and their sponsors. It will be attended by Miss Reid, Miss Hale and Miss Fouse. Tonight, Friday night, there will be a barbecue and floor show in the Municipal Auditorium at San Antonio.

One of the high spots of the convention was reached today when the delegates heard Betty Ruth Etheridge of Crossett, Ark., President of the F. H. A., speak on the operations of State Associations within the National Organization. There were numerous other speeches and recreation periods. The Convention will conclude tomorrow with a session of the Texas House of Delegates.

Mr. and Mrs. Marvin Rudd of Temple spent Monday of last week here and were guests in the home of Mr. and Mrs. Guy Rudd.

WANTS VOTES

James D. Griffin of Kemp in Kaufman County is seeking nomination as Commissioner of Agriculture. He is subject to the action of the July 22 Democratic primary election.

Mrs. Oltrogge's daughter, Minnie, of Fort Worth, has been visiting in Goldthwaite for a few days.

Ask the One Who Knows!

Every housewife knows
Best-Electric Ranges
Lead by any test.

There's nothing to equal an electric range for real palate-pleasing results, as thousands of satisfied users will testify. In choosing a new range, let the modern housewife who knows advise you which type of cooking is best by every test.

- ✓ **It's Cool** Your electric kitchen is as cool as your living room! Why? Since no fuel is burned, no draft through the oven is needed—all the heat stays inside the six thickly insulated walls. Cooking vessels completely cover surface elements—therefore, all heat is transferred from the elements directly to the bottom of the utensil, almost none to the kitchen.
- ✓ **It's Clean** Since no flame is used, no soot is formed, and vessels stay bright and clean without use of abrasives. Woodwork, walls, and curtains stay clean and bright. Uniform red heat without hot-spots prevents food adhering to the utensils. You need no steel wool in an electric kitchen. Just a cloth and a little soap, and the range is clean as a plate!
- ✓ **It's Modern** This is the electrical age! Intelligent housewives the nation over know that only through electricity can they obtain modern living!
- ✓ **It's Fast** As the turn of a switch! Electrical elements come to cooking temperatures in a matter of seconds. Draftless ovens and modern high-speed surface elements make electric cooking the fastest method known today.
- ✓ **It's Economical** The lowest over-all cost of any method of cooking. With longer range life, less food shrinkage, higher vitamin cooking, freedom from abrasives for cleaning, infrequent need for kitchen redecoration and \$1.50 to \$2.00 per month operating costs—it costs far less to cook electrically.
- ✓ **It's Certain** Always the same fine results! Electrical heat control is accurate, electric heat is constant, electric heat is dependable, and with no oven drafts, electric heat distribution is uniform. Just set the switch or the dial and the results are assured.
- ✓ **It's Convenient** Locate the range anywhere in the kitchen. No hoods, no drafts to bother you. Then with accurately controlled heat, cooking is a pleasure, not a chore. Clean, no scouring of messy pots and pans, this takes the drudgery out of dishwashing.
- ✓ **It's Automatic** Start and stop cooking while you are away! You need not be present while the range automatically starts and stops cooking. What a time-saver!
- ✓ **It's Safe** Safe as an electric light! Cool oven walls, cool table-top surface. Children turning switches come to no harm. What greater safety is possible than from electric cooking?

TELEPHONE SERVICE IN GOLDTHWAITE

If ever there was a reminder that money is only money—a medium of exchange—and that real wealth is not money, but goods and services, then we have had it in the action of the Southwestern States Telephone Company in increasing rates for Goldthwaite telephone subscribers. The Company explains that its operating costs exceed revenues. In other words, it pays out more than it takes in. With so much red ink being splashed around, there can be neither improvement nor expansion of service. The telephone service here might well be better. Sometimes it is so limping that it drives its subscribers daffy. But the Company says it can do nothing in the direction of better service so long as its output is greater than its take. Anybody in business can understand and sympathize with the problem of the Southwestern States Telephone Company. It must have enough money to live on. Earnings and operating costs must come from the customers. Capital for expansion must come from private investors, and investors are not so dumb as to put their dough into a losing proposition. The root of the trouble, in the first place, is the attitude of so many people in so many places that money is wealth. This country has been hurt badly because of the attitude, especially by unions, that there must be constant pressure for more money for less work. Operating and production and equipment costs have been sent sky-high by those with the "gimmes." Labor costs in every department are at the bottom of the action of the Southwestern States Telephone Company in asking more money from subscribers right here in Goldthwaite. The consumers here will have to pay, in all probability, for the monopolism of labor unions and for those in high places who played politics with them. Maybe, but only maybe, some people will wake up if their pocketbooks are hurt badly enough.

Rev. Emery

(Continued From First Page.)
pulpit of the First Baptist Church last Sunday, follows:

Dearly Beloved:
With mixed emotions and with a keen sense of inadequacy, I am hereby offering my resignation as Pastor of the First Baptist Church of Goldthwaite.
I humbly ask that it be accepted as I very definitely feel

the Lord leading us to accept the pastorate of the Riverside Baptist Church of Houston, effective May 14, 1950.

This has been a decision that has resulted from agonizing prayer in order that we might know just what the Lord's will might be. Never have I been in so great a strait. Yet, Mrs. Emery and I are both assured that we are following His leading.

This is the saddest day of my ministry, because it means cessation of the most enjoyable and happy years of our lives. The experiences in which we have shared as Pastor and people have made inroads into the very frame and fiber of our being that can never be erased. Some have been sad hours, others have been almost tragic, many have been joyous, and all have drawn us closer together as by inseparable bonds. The First Baptist Church of Goldthwaite shall occupy a place in our hearts that can never be eradicated by the passing of all the years to come.

All that we may ever accomplish in the Ministry of our mutual Master shall be greatly colored and influenced by the experiences we have had in Goldthwaite. Ours is a life-long obligation to you for what you have meant to us.

I can never expect to find a more co-operative spirit among any people. You have been exceedingly gracious in overlooking the many errors and shortcomings that have characterized our ministry. In so doing you have made it easier for us to labor more harmoniously.

Let me assure you that my resignation has not resulted from any matter of circumstance within our church but solely because I am assured that it is God's Will for our lives.

Paul's expression to the church at Philippi is our feeling of our church here in Goldthwaite when he says in the first chapter and third verse of his Philippian letter, "I thank my God upon every remembrance of you."

Our deepest appreciation, our most ardent affection and our sincerest prayers shall linger here with you, our dearly beloved church, long after we have departed.

May God's richest and most abundant blessings be yours as we labor together in His vineyard.

Most humbly and prayerfully yours,

JOSEPH L. EMERY.

Lions Club And Red Cross Want Cakes And Hosts

President Warren Duren of the Lions Club again has asked for volunteers to go to Waco next Sunday to entertain disabled service men at the Veterans Hospital there.

Four couples are wanted by Mr. Duren, not only to entertain but to act as hosts and hostesses. Next Sunday is the day that the Goldthwaite Lions Club, in cooperation with the Mills County Chapter of the American Red Cross, takes over at the Veterans Hospital in Waco to bring cheer and fun to the men who made great sacrifices for all the rest of us.

Also in connection with the Waco date on Sunday, Brian Smith, Executive Secretary of the Mills County Chapter of the American Red Cross, has issued another reminder that he needs 15 good, home-made cakes for the veterans. Mr. Smith asks that the cakes be delivered to his office at the Fire House in Goldthwaite tomorrow afternoon, Saturday.

telephone company is without authority. The Municipal Council was requested to enact into law.

The Eagle understands that while the City Fathers in Goldthwaite have been sympathetic in considering the problems of the telephone company and its need for increased revenue to meet higher operating costs, they have insisted on improvements in service before enacting an ordinance sanctioning new rates.

At the North Texas Agricultural College, which now is Arlington State College, from 1940 to 1942, Mr. Knox won his letter in football for three years and he won letters for two years each in basketball, tennis and track.

From 1943 to 1946, Mr. Knox served in the Army Air Force as a physical training instructor. After his discharge from the army, he enrolled at T. C. U. In 1948 and 1949, he was assistant coach at the high school in Midland.

In the autumn of 1949, Mr. Knox returned to T. C. U. as assistant freshman football coach and assistant frosh baseball coach.

Mr. Knox received the Dan D. Rogers award in 1948, while he was at T. C. U., as the football team's "most valuable player." The award was presented by Mr. Rogers, who is chairman of the athletic committee of the T. C. U. Board of Trustees. Mr. Rogers also is Vice Chairman of the Board.

Coach Knox is 27 and unmarried. He was described this week by Superintendent Patton as a "high type" of man who will transmit the ideals of team play and good sportsmanship to Goldthwaite pupils and students.
