1. Select any of these automatic gas appliances at

your Gas Appliance Dealer's, your Plumber's or Lone Star Gas Company.

2. Order natural gas piping for your home.

Tanks are available with guarantees up to 10 years. Table-top models are available as well as the model shown here. Regardless of how much hot water your bath, home laundry, or dishwasher demands, you'll have plenty with a new natural gas automatic water heater. They cost less to buy new, less to operate,

# Automatic Gas Range

Automatic gas ranges have everything you want. They light without matches; give you any heat-instantly. They broil without smoking. Fresh air circulated ovens bake six cake layers at once with uniform browning, even textures. Clock control models even cook complete meals while you are at church or on a holiday. No other range is safer, cleaner, cooler, more automatic, more certain. No wonder automatic gas ranges are the choice of 96 out of 100 homemakers in 348 cities served by Lone Star Gas Company!

# Servel Gas Refrigerator

In a refrigerator, it's the freezing system that counts. Before you choose, compare both types. Only Servel Gas Refrigerator freezes with no moving parts. There's no machinery to make noise, to wear or to need costly repairs. It stays silent, lasts longer. It's the only refrigerator guaranteed 10 years. Profit by the experience of three million owners. Buy Servel.

### Automatic Floor Furnace

House heating with natural gas is dependable because natural gas travels underground, safe from interruption by icy roads or storms. It's care-free; no storage, shortages, or delivery worries. Natural Gas floor furnaces eliminate drafts and chilly floors which cause discomfort and may cause dangerous colds. They're flue-tented to prevent wall sweating and to eliminate stuffy air.

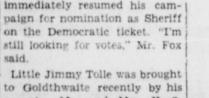

LUCKY YOU! Outside the areas where natural gas is available, fuels mean dirt and work, shortages and high prices for millions of homemakers. These people are clamoring for natural gas.

With this new arrangement, in which Gas Appliance Dealers, Plumbers and Lone Star Gas Company all cooperate, you will want to pipe your home now to enjoy the conveniences and great economy of Natural Gas Service.
