Red Cross Plans For Emergencies; Have Fine Start

American Red Cross organization for possible emergency in Mills County has been completed in its preliminary stages with whole-hearted cooperation assured by the School Boards of Goldthwaite, Star, Priddy and Mullin, it was announced this week.

Ray Duren, Chairman of the Red Cross Disaster Relief Committee, and Brian Smith, Executive Secretary of the Mills County Chapter of the American Red Cross, finished a series of conferences with a meeting at Priddy last Monday night.

In addition to full cooperation from the Boards of the Independent School Districts, there also has been cooperation from the various members of the County School Board and from School Superintendents H. E. Patton of Goldthwaite, Wray B. Williams of Mullin, Leroy Beard of Star and T. M. Cash of Priddy, Mr. Duren said.

In the event of emergency, school buses for transportation, school lunchrooms for mass feedings and school gymnasiums for dormitories have been assured to the Disaster Relief Committee of the Red Cross.

Mr. Duren said that the next phase calls for approval of Mills County plans by the American Red Cross office at St. Louis. Local committees will be set-up in each community in the County and they in turn will work in cooperation with a master committee having its headquarters in Goldthwaite.

As soon as plans have been approved and put into written form, all persons with a responsibility in the Red Cross Disaster Relief organization will receive individual copies of plans and instructions so that each person will know his role and precisely what to do in the event of emergency.

In announcing continued progress in his work, Mr. Duren repeated that planning represents merely wise preparation and precaution and in nowise should be a cause for alarm.

"We simply feel that it is our responsibility to be ready," Mr. Duren said. "We are grateful for the helpful attitude that we"

"No Nuts To You," Judge Porter Says To Jess Tullos At A Caucus

If you happened to see an assemblage on the north steps of the Mills County Court House last Tuesday afternoon, please get out of your head any idea that it was a caucus of political bigwigs. For investigation showed that the topic at issue was nuts.

Assembled on the Court House steps last Tuesday afternoon were County Judge Lewis B. Porter, Precinct 1 Commissioner Jess Y. Tullos, Justice of the Peace E. A. Obenhaus, Maverick Henry Venable, and Mills County Capitol Custodian W. C. Henry.

To understand what was going on, you must know that the only two pecan trees on the Court House grounds flank the north walk to the Court House. One tree, the west tree, is bearing now. The issue was who would get the nuts. With so many watchful eyes, there could

The Jennie Trent Dew Library in Goldthwaite was dedicated last Sunday afternoon at an out-of-doors ceremony that was marked by solemnity and that was impressive because of its simplicity.

In behalf of himself and S.P. Sullivan, his co-executor of the late Mrs. Dew's estate, E. B. Gilliam, Jr., presented the keys to the Library to Mayor Loy Long and Judge L. B. Porter, who accepted the gift in behalf of the City of Goldthwaite and Mills County, respectively.

(The full text of Mr. Gilliam's address of presentation will be found on another page of this week's Eagle.)

The principal address of the afternoon was by the Rev. Ed H. Lovelace, Pastor of the First Methodist Church in Goldthwaite, who pointed up the importance of books in human living and in spiritual life.

The invocation was by the Rev. J. T. Ayers, Pastor of the First Baptist Church in Goldthwaite, and the Benediction was by Grady Pricer, Minister of the Church of Christ. The audience was led in reciting the Lord's Prayer by the Rev. Edgar I. Hanna, Pastor of the Church of the Nazarene. W. C. Barnett was Master of Ceremonies.

At the organ of the nearby First Methodist Church, Mrs. John G. Berry played the Largo from Dvorak's Unfinished Symphony as prelude to the ceremony. Her postlude was Johnstone's Evening Song. As Mrs. S. P. Sullivan unveiled a memorial plaque to the late Mrs. Dew, Mrs. Berry played Jesus Lover Of My Soul on the Dew Memorial Chimes. Vocal music was rendered by a quartet—Walter Leonhard, Edward Leonhard, Kenneth Kidd and Glynn Collier, who sang The Riches of Love!

The dedication, which was followed by a tour of the building, was attended by a number of out-of-town guests of the Library Committee. They included Mrs. Harper Stephens of Temple, a niece of the late Mrs. Dew; Burnett County Judge James A. Steel and the Burnett Librarian, Mrs. E. S. Goree, both of whom gave invaluable counsel in the organization of the Jennie Trent Dew Library; Mrs. W. H. Parsons of Waco, Mrs. Marjorie Malloy of San Saba, Mr. and Mrs. John T. Yantis of Brownwood, Mr. and Mrs. Edward Geeslin of Brady, Mr. and Mrs. Lucien M. "Micky"

Calf Feeders Now On Home Stretch—The Experts Say

Mills County 4-H Club and F.F.A. boys and girls now are in the home-stretch of their programs looking toward competition in the fatstock shows of the next few months and their success will depend on close attention to detail and to application of the lessons of experience, A. L. "Whisky" Smith said at last Saturday afternoon's Preview at the Barn.

The Preview, sponsored by the Mills County Livestock Raisers Association, of which Robert L. Steen is the President, resulted in a most encouraging showing of calves and other 4-H and F.F.A. projects.

Mr. Smith, who is the beef specialist of the Texas A. and M. College extension service, and R. G. Burwell, district agent, said after the Preview that Mills County boys and girls are doing wonderfully well on their feeding programs. Similar opinions were expressed by visitors from out-of-town who were frankly scouting the local prospects—with a great deal of respect, it may be added.

In the ring last Saturday and before a sizeable throng, calves were paraded by Johnny and Jimmy Wigley, Merion, Modene and Leo Reynolds, Dana and Shirley Saylor, Sammy, Davis and John Howard Owens, Bobby Zane Egger, Billy Mac Newton, J. W. Woodard, Merlene Woodard, Wayne Poe, Harold and Edward Carter, Larry Walton, Robert Smith, Bobby Letbetter, John Weaver, Kenneth Wesson, Bill Parker, John Carothers, and an alert young man named O'Bannon from Seallorn who paraded an Aberdeen-Angus calf bred on Flo Wilke's Shady Oaks ranch.

Another Mills County calf was a Horton bred animal but the youngsters also paraded Tommy Brooks calves, Frazzingtons and Carter calves, and others.

Allen and Floy Poe were there with their championships still new.

Mills County youngsters were so busy with their calves and sheep that they seemed hardly aware of how they were being watched, not only by Mr. Smith

Autumn Rains Or Not, There Has Been Some Rain

Everybody is cautious about coming out flat-footed to say that there have been or will be fall rains, but the fact is that there have been good showers in Mills County and the only worry is whether they will continue.

Ben R. Day of the U. S. Soil Conservation has gone so far out on a limb as to refer to the recent precipitation as "fall rains," but the die-hards say the fall rains still are to come, if they do come, and that what we have had so far have been mere hot weather thunder showers.

All arguments notwithstanding, rain is rain to most people and to Harry Allen's gauge in Goldthwaite, it is rain if it is wet and if it falls from the sky. Last Saturday night, Mr. Allen says, there was .06 inches of rain in Goldthwaite. Mr. Allen also says that since Monday, including a nice brisk shower on Monday night, the precipitation has been .67 inches.

Senate Confirms Lucile Fairman As Postmaster

President Truman's nomination of Mrs. Lucile Fairman as Postmaster at Goldthwaite was confirmed by the United States Senate in Washington on Thursday afternoon of last week.

Mrs. Fairman received official notification that she now is Postmaster from U. S. Senator Tom Connally, Representative O. C. Fisher of the 21st Texas Congressional District and from at least two of the official organizations in which Postmasters comprise the membership.

Senator Connally also sent telegrams to a number of other persons in Goldthwaite, advising them of his pleasure that only a few days after Mrs. Fairman's nomination had been received from the White House, it had been confirmed by the Senate.

Mrs. Fairman's host of friends, many fellow-Postmasters in various parts of Texas and numerous other persons deluged her with congratulations on her appointment.

Self Culture Club Will Present Musicale At Library On Tuesday

Mrs. Sam P. Sullivan and Mrs. Hope D. Schulze will be the hostesses next Tuesday night when the Self Culture Club of Goldthwaite opens its 1950-1951 season with a Musicale at 7:30 o'clock at the Jennie Trent Dew Library.

The Musicale will be open to the public and a cordial invitation to attend and to hear a good program has been extended by the Self Culture Club and by the hostesses.

For the program Bill Baker, pianist; Charles Cooke, baritone; and Mrs. Leonard King, pianist; have been obtained by the sponsors. Mr. Baker and Mr. Cooke are from the Daniel Baker Episcopal College in Brown. Mrs. King also is from Brownwood.

In their second game of the season, the Goldthwaite High School Eagles tonight, Friday, will take on the Dublin Lions at Dublin and from all accounts, the competition will be tough.

In their second game of the season last Friday night the

Dublin Lions defeated Decatur 13 to 0. They had won over Hico the previous week and so tonight, the Goldthwaite Eagles will be taking on opposition that has chalked up two victories in the first two games of this year. Dublin has a line that has been described as "like a rock in defense," and so far this year the Lions have been successful both in aerial passing and in power surges on the ground.

The Dublin Lions have a full-back, Clifford Randolph, who tips the scales at 176 pounds. When Dublin beat Hico 39 to 0 a couple of weeks ago in their first game of the 1950 season, "Freight Train" Randolph scored four touchdowns—three of them on runs of eight, 39 and 57 yards, and the fourth touchdown on a 22 yard pass from Lion Quarterback Marvin "Wimpy" Salyer. In the Hico game, Dublin's Randolph carried the ball 19 times for 213 yards. That gives you an idea of what the Eagles face tonight.

Coach Dillard Adair of Dublin also has a pint-sized left halfback, Bob Little, who weighs only 122 pounds, but in the Hico game he carried the ball 11 times for 104 yards. Dublin has another small bundle of dynamite named Jimmy McPherson.

Fellowship Dinner At Methodist Church

A fellowship dinner, to be served by the Women's Auxiliary, is on the program of the First Methodist Church in Goldthwaite for 7:30 o'clock next Monday night, it was announced this week by the Rev. Ed H. Lovelace, Pastor.

Following the dinner, the various organizations of the Methodist Church will conduct their regular monthly meetings.

Jaycees Call For Patrol Action On Reckless Driving

Acting in behalf of the children of Goldthwaite in an effort to curb speeding and reckless driving on Fisher Street and where Hannah Valley Road runs past the Goldthwaite Schools, the Goldthwaite Junior Chamber of Commerce has called for law enforcement by the State Highway Patrol.

At a meeting of the Jaycees on Wednesday night of last week, President Eugene L. Dyas said, the members of the Junior Chamber of Commerce took note of published complaints by anxious mothers against peril to children. It was noted also, Mr. Dyas said, that speeding and reckless driving continues unabated on both Fisher Street and Hannah Valley Road in Goldthwaite.

Accordingly, the Jaycee members voted to send a letter of protest and a call for amelioration to Col. Homer Garrison, Director of the Texas Department of Public Safety at Austin. The Jaycee letter to Col. Garrison follows:

"A situation has arisen in our City over which a number of parents have become alarmed. The Junior Chamber of Commerce of our town has taken it upon themselves to make your Department aware of the peril to our children and to request aid from you.

"There are two streets in our town where the speed limit signs are completely ignored—and both of them are State Roads. One of these is the main street, which is Highway number 284. The other is the street which goes right by our Grammar School; it is a farm-to-market road, Highway number 574.

"We are really more concerned over this latter street because of the danger to all of our children of school age, not to mention the children under school age who happen to live along this road.

"We have no local traffic enforcement officers. Accordingly, we hope that since these streets are State Roads, Highway Patrolmen may be assigned to check on them more often in the interest of protecting the children of Goldthwaite."

During the past three weeks, it is known, mothers have been increasingly alarmed because of continued disregard by local drivers of cars and pickups for the safety of children. Those who were informed of the action taken by the Junior Chamber of Commerce expressed both gratitude and hope that Highway Patrolmen will act drastically against reckless drivers and speedsters.

Work Completed On Bayou Bridge By Walter Summy

With a big grin of satisfaction over a job well done, Walter Summy of the Texas Highway Department announced this week that work on the "Slack" Bridge where farm-to-market road number 574 crosses the Pecan Bayou has been completed.

After several weeks of work, the "Slack" bridge has been strengthened, generally repaired, painted and newly floored. The job is complete, Mr. Summy said, and it will last for a long time to come.

At the same time, work is progressing rapidly on widening and paving Highway 574 to the junction of the Ridge and Ebony (Continued on Back Page.)

TWO IMPORTANT EVENTS

There were two important and significant events in Goldthwaite during the past week. Last Saturday afternoon the boys and girls in 4-H Clubs and members of the Future Farmers of America displayed their livestock projects at The Barn or Agriculture building in Goldthwaite. Last Sunday afternoon, the Jennie Trent Dew Library was dedicated at a simple but impressive ceremony. We have some comments to make on both events, as follows:

FIRST THE PREVIEW

At Saturday afternoon's Preview for the Spring Show that will be sponsored next January 15 and 16 by the Mills County Livestock Raisers Association, 4-H Club and F.F.A. members paraded their calves and showed sheep, hogs and other projects. There was no formal judging but a number of experts both from home and from out of town had some fine things to say about Mills County prospects at the fatstock shows of the next few months. In our book, however, the high spot of last Saturday afternoon was reached during an informal speech by A. L. "Whisky" Smith, beef specialist of the Texas A. and M. College Extension Service. With Modine Reynolds and Johnny Wigley each holding a calf in the ring, Mr. Smith was telling the throng what to look for in an animal that is being fed to compete for championship honors. He came back, however, to everything that was represented at The Barn last Saturday afternoon when he pointed his stick, NOT to either of the calves, but first toward Modine Reynolds and then toward Johnny Wigley. "The profit is in the girl, and in the boy," Mr. Smith said, thereby making as vivid as could be the basic purposes of the entire 4-H Club and F.F.A. programs. The material aspect of the projects that were on display at the Preview at The Barn last Saturday afternoon is essential, but we thought it was inspiring to have Mr. Smith so clearly underline the human and the idealistic elements—the tremendous value of the education, wholesome interest and self-reliance that comes to our own boys and girls as result of the programs in which they are engaged and with which they are doing so well. Men such as President Robert L. Steen of the Mills County Livestock Raisers Association, County Agent George Reese, Vocational Agriculture Teachers Y. B. Johnson, J. C. Yearly, Jr., Don Clark and Dick Vestal; Master of Ceremonies Delton "Puny" Barnett and the many other adults, including parents, who work so tirelessly with our boys and girls on the farms and ranches must have felt a deep, inner satisfaction when Mr. Smith raised his stick and said, so simply: "The profit is in the girl, and in the boy."

THEN THE LIBRARY

A similar attitude of understanding of what really matters was reflected throughout last Sunday afternoon's dedication of the Jennie Trent Dew Library. Those who attended and who participated in the ceremony where not there to do honor to bricks and mortar. There was a spirit of gratitude for the Jennie Trent Dew gift that made the Library possible. There was thankfulness that Mrs. Dew looked far into the future with realization that all of the citizens of Mills County, including those yet unborn, would benefit greatly, not just because of the bricks and mortar, but primarily because of the books that are housed and will be housed in the new structure. As E. B. Gilliam, Jr., said at the dedication, Mrs. Dew "had plucked a thistle and she had planted a flower where she thought a flower would grow." And, as the Rev. Ed H. Lovelace said at the ceremony, "show me the books a man reads, and I can tell you what manner of a man he is."

We believe that Mills County and Goldthwaite, in addition to being immensely grateful for the Jennie Trent Dew Library and for the accomplishments of our 4-H Club and F.F.A. boys and girls, must also be profoundly proud that on two days in a row during the past week there were outstanding events that mean so much to the progress of this community and that give — both of them — such wonderful promise for the future. We think, also, that those who did not attend the Preview on Saturday and that those who did not attend the Library dedication last Sunday afternoon missed events that would have enriched their lives and their spirits. There never can be too much of such enrichment.

The people of this, the best county in Texas, have done well in the way of extending aid to the sufferers in Galveston. The donations at Goldthwaite alone amounted to fully \$500. This was not all given by people of the town, to be sure, but it was all made up here and at the same time contributions have been made in the other towns in the county and are not included in this amount.

Our WASHINGTON Letter
By Congressman O. C. FISHER

Our Domestic Communists, fighting a rearguard action against an aroused public sentiment to their subversive activities, are reported worried no end over anti-Communist legislation pending before Congress.

Two years ago the House passed the Mundt-Nixon bill to tighten control over the Reds, spies, and subversives in general, but it dies in a Senate Committee. Then, recently another measure on the same subject, containing even tighter controls, has expressed fear the legislation may go too far and interfere with civil liberties.

But these foreign agents are tough and cannot be handled with kid gloves. They pay their allegiance to the Soviet Union. They act as a fifth column and are trained to prey on the gullible, the do-gooders, the parlor pinks and the pseudo-liberals.

J. Edgar Hoover, the man most feared by the Communists in this country, appeared before a Congressional committee the other day and tagged 12,000 of these people as dangerous. He said the FBI was ready to arrest them in case of war with Russia. In addition the FBI chief said half of these subversives are native born Americans and that all told there are 50,000 Commies who are being watched by his agents.

The big danger, Hoover points out, is the tendency of some people to be lax in their vigilance toward Communists and to accept them as harmless liberals. Some folks pretend by all that is holy that they detest a Communist, yet go about belittling their danger and scoff at attempts to control them.

Mr. Hoover has said there are 10 of these fellow-travelers for every card carrying Communist in this country. And he says there fellow-travelers are often more dangerous to this country than the actual members because they wrap themselves in cloaks of respectability in local communities and often innocently do the very things the Commies want them to do.

Through infiltration, clever campaigning, subtle propagandizing and the like the Commies have made amazing progress in various fields. Witness the infiltration into labor unions, mostly CIO, that were Communist-dominated, including more than a million members. The rank-and-file were good Americans but the Reds managed to get control. But during the past year most of these unions have been expelled from the CIO—thanks to the help of the Taft-Hartley law.

Another example of Communist success is the Red-dominated American Labor Party in New York, which averages 300,000 to 400,000 votes in nearly every election.

And then, there's the case of a Commie who received 600,000 votes in a recent primary in California. Bernadette Doyle was a candidate for State Superintendent of Public Instruction out there. She made no bones about her CP membership. Indeed, she was Chairman

Miss Effie Hester has been visiting the C. W. Humphries family near Coleman this week.

T. J. Hamilton of Star was in town last Tuesday.

G. W. Cunningham of Irion County came in Sunday and spent several days here attending court and mingling with his old friends.

J. W. Weathers, who lives a few miles east of town, has a fine girl at his home, born Monday.

N. J. Tyson writes from Mullin that he is slowly improving from a severe spell of sickness.

The address was entitled: "Peace Cannot Be Stored In Mohballs."

By LYNDON B. JOHNSON

I remember... and I know you have not forgotten: We must keep strong militarily, productively — and, if you please, morally. We must have military strength to fulfill our moral obligations. For instance, we are committed to protecting the independence of the Philippines. I have supported and will support an adequately paid million-man army and a half-million man Navy; an Air Force of 400 thousand men, ten thousand combat planes and 12 thousand training planes. Our Armies and Navies must be backed by adequately financed scientific research for both war and peace. —Speech, July 6, 1946.

We can't stick our heads in the sand: Our supreme duty today is to underwrite the future. We must have a police force to protect us from criminals, an army and navy strong enough to carry out our pledge to help the United Nations police the world. We can't stick our heads in the sand as we did after the last war. —Speech, July 26, 1946.

The search for peace: Russia is building aircraft twelve times faster than we are. If there is to be peace on earth, the air above us must belong to Free Men. Congress should pass Selective Service and Universal Military Training soon. —Newsletter published in newspapers throughout Tenth Congressional District of Texas, March 14, 1946.

Peace in this day is not cheap: The one thing a bully understands is force, and the one thing he fears is courage. If Russia is not willing to stop, then now is the time for us to decide whether we will meet her, and meet her now. —Congressional Record, May 7, 1947.

We can't appropriate time: Somewhere there should be a tablet of enduring bronze and on it inscribed two columns of

and Educational Director of the San Diego Communist Party, and running as a Democrat she shattered all previous vote-getting records of professed Communists in this country.

The House recently passed, with but 15 dissenting votes, another bill, long overdue, which would close another loophole. It would authorize the Attorney General to jail subversives who have been ordered deported but are on bond awaiting departure. In many instances after these people have been ordered deported, their native lands have failed to issue the required travel documents for the simple reason that they are more valuable to Stalin in this country than they would be in Russia, Poland, etc.

And other side would be eight words: Here are the names of those who died. —Congressional Record, March 15, 1946.

We blundered into The Red hands of Com are reaching out for the of Freedom around the —in Europe, in China, America, and even in essence, and even in essence. What blunder we pushed us into two World it was the blunder of a little too late. —Congressional Record, April 1, 1946.

America in the world Russia today has more 4,000,000 men in her America has 540,000 building 8 to 12 thousand a year. America is building Russia is spending \$2,000 a year to make her invincible. Let's not demobilize part of our defense: I feel that I can associate with this legislation an essence, is an order to demobilize the United States quiring him to speed of the Government's resources, which I think vital to the nation's Congressional Record, 1946. This vote will be heard the world: For the first the history of the world nation will, if this bill becomes law, at wage peace... This opens the way to the maining chance for peace I am willing and anxious this course. —Congressional Record, April 2, 1946.

Give us a strong at the strongest in the roar of airplane engines impressive than the words of diplomacy. —Congressional Record, April 12, 1946. Better too much than too little too late is not a matter of size only one valid basis of mingling balance: Can we do the job assigned Congressional Record, 1946.

We must stay strong are days when we country above party interest above self interest our foreign must stay strong. The lists are counting on collapse in this Congressional Record, July 1946.

We have no push, a button: If a guided missile should begin to next two or three years our present rate, would feeble participants. a button war, we have push nor the buttonment to the Press, Feb 1950.

Shall we gamble ity? Is the Senate of States willing to get the national security dent man, instead of the figures of our military as excessive, would be as an underestimate.

Court House Lawn And Shrubbery Look Just Fine; Flower Beds, Too

Ned E. Ward On U. S. Navy Duty

Ned E. Ward, formerly of Goldthwaite, is on duty at San Diego, California, with the Air Anti-Submarine Squadron 23. His wife is the former Thelma N. Hill, also of Goldthwaite. Ward's naval rating is aviation electronicsman; first class.

Ira O. Harvey, Jr., of San Antonio visited his parents, Mr. and Mrs. Ira O. Harvey of Fisher Street last weekend. Mrs. Harvey, Sr., is recovering from a recent illness.

Eagle readers who live outside Mills County: Please be informed that the Court House lawn, flower beds and shrubbery look just wonderful—thanks to mowing on his own time by W. C. Henry, to hard work by Bijah Starks under the supervision of the Civic Committee of the Goldthwaite Garden Club, and to a financial assist by the Commissioners Court.

The newly painted window and door frames of the Court House itself help a lot to make the center of the Square look attractive. Recent rains also have been a blessing, since they have made both the shrubbery and the grass greener.

Everybody who comes to the Square in Goldthwaite knows about the spruced-up surroundings of the Court House and the appearance of the building itself but the Eagle thought that those who are not so fortunate as to be able to come to Goldthwaite ought to know about it too. Also, credit should go where credit is due—to the Commissioners, the Garden Club, the hard toil by Bijah Starks and the donation of his time and effort by Mr. Henry.

Ebony News

By Clementine Wilmeth Briley
Mr. and Mrs. Chester Griffin of Amarillo came by about noon Sunday and spent all the afternoon with his brother, Charlie, and family. They were returning home from attending an Insurance Convention at Monterrey, Mexico.

Mr. and Mrs. Blue Thompson and Ezelle, Mr. and Mrs. Hubert Reeves, Joe, Nancy, John and Charlie Griffin, Henry and Johnny went to the Stock Show Preview at Goldthwaite Saturday. Joe Reeves took his fine calf, Chief, and Ezelle Thompson took some of his fine lambs.

Albert Hardin, Kay Roberts and Henry Griffin have been working on the well at the old Griffin place. Dick Singleton is to move there this week.

Edward Egger got the rest of that feed crop hauled in Wednesday and Thursday. Besides having his big barn full, he has two stacks in the lot each almost as large as the barn.

Charm Whittenburg finally got to John Briley's feed-cutting Friday about noon after having had to go to town after a new piece for the rowbinder. Charlie Griffin helped John Briley keep up with the shocking. By Saturday noon it was all finished except for a few shocks, in spite of interference by oil men, cattle buyers, and workmen from the Griffin well wanting Charlie to get more pipe and get off to the Preview. The combine maize had to wait for this week.

Mr. and Mrs. Blue Thompson have a new granddaughter, Doretha Marie, born to Mr. and Mrs. Don Lewis of Fort Worth. Though we questioned Ezelle, we couldn't find out the birthday nor could we be sure of the name-spelling.

Mr. and Mrs. Stanley Reeves brought their granddaughter, Nancy Reeves, to Sunday School

Sunday morning and were scheduled to visit their other granddaughter, Evelyn Hardin, at Brownwood that afternoon.

Mr. and Mrs. Bob Egger of Brownwood spent from Thursday to Saturday with Mr. and Mrs. Gene Egger. Mr. Bob tried riding Gene's new pony while he was there.

We dropped by to see the Jim Wilmeths Thursday and found a new electric refrigerator and a beautiful new electric range in their kitchen.

As we were coming home from town Thursday, I spied a sight I had never seen before. It was a farm implement pulled by a tractor and pulling a trailer scurrying along through Clayton Egger's fine field of corn pitching ears back in the trailer as cute as anything you ever saw.

Arriving this week to spend a few days with Dr. and Mrs. C. C. Sadler are Mrs. Sadler's parents, Mr. and Mrs. Einar Andraesen, and her brother and sister-in-law, Mr. and Mrs. Robert Andraesen, all from Omaha, Nebraska.

Congressman O. C. Fisher Warns Of Hurt To Our Cotton Growers

Editor's Note: Our Congressman, Representative O. C. Fisher, has warned of a blow to Texas cotton farmers. He describes the situation in the following article, which we consider to be of general interest, as well as to cotton growers.

By O. C. FISHER

The action of the Senate Agriculture Committee the other day in voting to take no action this session on the House-approved cotton acreage bill was a severe blow to Texas cotton farmers. That is, unless that committee changes its attitude and favors the proposal early next year when Congress reconvenes.

The 21st Congressional district will lose 51,000 acres for cotton. In the 17th (Abilene) district, the loss will be 49,000 acres. All told, a half million acres of cotton will be displaced in Texas and will be allotted to areas not fairly entitled to them, if the Senate committee's failure to act on the House bill stands.

Most of this grab will go to the plains (Lubbock area), where a total of 355,000 acres will be allotted over and above what was intended when the cotton acreage law was amended last year. But nearly two months ago the House passed the bill to correct this and assure every cotton farmer fair and equitable treatment. And this is the bill the Senate has refused to act on at this session.

What happened was that a cotton acreage allotment measure was enacted last year, which the House Committee on Agriculture officials would put Texas under a formula whereby our cotton farmers would be allotted acreage based on a 4-year average, with credit for war crops planted during that time.

But, after Congress adjourned the Department came up with some new figures which put our state under a so-called California gadget, with allotments on a two-year average and with no credit for war crops.

That was disastrous to our cotton farmers because it deprived most of them of a fair distribution and, because of heavy cotton planting on the plains with limited war crops, enabled that section of big cotton fields to gobble up a vast amount of acreage intended to be distributed fairly over the State.

Early this year a temporary law was enacted to partially correct the injustices for 1950. But that expires at the end of this year, and, unless the old law passed last year, which put us under the California gadget, is amended as was done in the House-approved bill, then we go back to the dilemma our farmers were in last December after the Secretary of Agriculture finagled an interpretation that, contrary to the intention of Congress, slapped us under the California gadget.

Last night, Thursday, the junior football team representing the seventh and eighth grades in the Goldthwaite School traveled to Comanche to take on the gridiron hopefuls from the same grades in the Comanche School.

(Since the Eagle went to press before the game was played, the outcome of it will be reported next week.)

Goldthwaite's junior team, the Eagles, have been practicing under the direction of Assistant Coach Jack Locklear on an athletic field provided between their respective homes by Hollis Blackwell and W. G. "Spot" Saylor.

In commenting on the juniors, Coach Carl Knox said they have not had much time to work out but they show good spirit and enthusiasm. For the most part, they have been able to work out only three or four days a week in the noon hour.

The Goldthwaite starting lineup for last night's game at Comanche was:

Uncle Sam Says

Farming today requires great skill on the part of the farmer. Not only must he know soils, fertilizers, and seeds, but he must be an expert mechanic to operate all types of farm machinery. In other words, a farmer works hard for his money and in a highly speculative business. He should make that money work for him—in a non-speculative and safe investment. U. S. Savings Bonds, guaranteed by our government, is a crop that NEVER fails. It's always ready when needed. Savings Bonds are a good place for this year's crop money. They grow, rain or shine. Editor's Mail Bag Brings News Of Former Mills County Resident

The editor's mail bag this week brought news of former residents of Mills County that ought to be shared with their friends.

There was a letter from Lizz "Old Friday" Walker, who now lives in Austin. Unfortunately, "Old Friday" is not feeling well but there are signs that he will recover speedily because Mr. Walker still is sporting fire at his political enemies and at what he regards as bad American leadership.

In renewing his subscription to the Eagle, Mr. Walker did us the honor of saying that this newspaper seems like a member of his family.

Now that the primary elections in Texas are a matter of history, it can be reported safely that in a previous letter, Mr. Walker had confided how he attempted to cast absentee ballots for himself, his wife and his 24 grandchildren in Mills of Albert Schuman for Mills County Commissioner, Precinct 3. He put the blame for the 26

votes lost to Mr. Schuman County Judge Lewis B. Absentee ballots go to Clerk Earl Summy, Old Friday. But anyway, he probably have ruled you a legal of Austin, even at the having you snort more.

Another good letter from Ina and Floyd live in Fort Worth. "Please send the Eagle another year," Mrs. F. "We couldn't do without since it is our home town and a good one, too. We don't receive it until but the news is home to when we do get it, so keep it coming."

Mrs. S. L. Harwell wrote Tulare, California, also new her subscription Eagle.

"There are three or four miles from Goldthwaite here and they eagerly await the coming of the Eagle and their turn at reading Mrs. Harwell wrote.

We'll always be glad enough Eagles to go Mrs. Harwell.

Mr. and Mrs. J. P. Ervin of San Antonio were guests of his sisters, Misses Abbie and Ruth Ervin over the weekend.

Mr. and Mrs. Tom Womack of Sonora were guests of their parents, Mr. and Mrs. C. F. Stubblefield, and Mr. and Mrs. C. A. Womack, last week.

Mr. and Mrs. Fred Carter of

"Pink and Blue" Shower Honors O. F. Carlisle Near Mullin

O. F. Carlisle was named recently at a "pink and blue" shower in the home of Mrs. C. Wright near Mullin. The occasion was the birthday of Mrs. Carlisle, who is 60 years old. The party was held in the home of Mrs. Wright and was a most attractive affair. The room was decorated with late summer flowers in bloom. Mrs. Carlisle was the guest of honor and was presented with a beautiful gift. The party was a success and all enjoyed it very much.

pushed the gifts in, which were in an express truck and bassinet and were artistically decorated. The "pink and blue" color scheme was carried out at the refreshment table which was laid with a white tablecloth and held as centerpiece an arrangement of pink flowers flanked on each side by blue candles. Favors were little blue shoes, and white napkins with pink and blue designs were used. The guests were served pink punch with blue ice cubes and white and pink cake. Mrs. H. L. Pyburn and Mrs. Earl James Cox alternated at the punch service and Mrs. Wright and Mrs. Witt Hodges alternated at serving the cake.

Don Freeman, 4, Dies Of Burns Suffered At Play

Funeral services were conducted last Tuesday for Don Dalquist Freeman, small son of Mr. and Mrs. W. H. Freeman, Jr., of Ridge, with the Rev. Mr. Hendricks of Coleman officiating. Don, who would have been five next December 16, died last Monday in hospital at San Saba of burns suffered when gasoline with which he and other children were playing set fire to his clothing.

Burial was in the Ridge Cemetery with arrangements by the Fairman-Wilkins Funeral Home of Goldthwaite. The pall bearers were Edward Boyd, R. D. Eger, B. L. Cummins and Hulon Egger.

At the funeral, there was a touching rendition of the hymn, "Safe In The Arms of Jesus."

Don is survived by his parents and two brothers, Benny Warren, 7, and Ronald Paul, 2. He is survived also by his grandparents, Mr. and Mrs. W. H. Freeman of Mullin; and Mr. and Mrs. Frank Blair of Paint Rock.

The accident that took Don's life occurred last Sunday when, with his family, he was visiting friends in Priddy.

The children with whom he had been playing had drawn some gasoline from a barrel. One of the youngsters struck a match and the flaming gasoline set fire to little Don's clothing. By the time adults reached his side with aid, it was apparent that his condition was serious. He was taken immediately to hospital in San Saba, where he was found to be painfully injured. Hope for improvement in his condition faded all to quickly and he died early last Monday morning.

Mullin Starts Six Man Football And Loses First Game To Novice

Mullin played its initial football game last Friday night, meeting Coach Roy Tomlinson's Hornets at Novice. The game ended with a 60-6 count in favor of Novice.

The Mullin Bulldogs, according to Coach Ray Barnett, did exceptionally well, as all of the players were inexperienced and Novice tied for district last year and lost only two players from its team. The first team was played all but four minutes of the game.

Showing up well on both offense and defense were Capt. Billy Slaughter and Arvil Swinney on end positions; George Ellis, Center and Quarterbacks Harley Ethridge and Myron Hillman and half-backs Bobby Woods and Alvin Bramblett did good playing. Several nice runs were made by Lynn Shelton and Billy Ray Anderson and the lone touchdown was made by Dale Mosier on a 70 yard jaunt.

Friday night Mullin meets

Eola at Mullin, another strong team.

Approximately 600 fans were out at Novice to see the season ushered in.

Coach Ray Barnett announces that 15 boys have reported for football practice and that enthusiasm is high among both players and fans. Mullin will play its games in District IX. The teams on the Mullin schedule that is printed in another column on this page comprise District IX.

"This is the first time ever for a football team in Mullin," Coach Barnett said. "Although we will not set the world afire we have started a football program and we are going to learn a lot this year.

"Six game football is fast and quite a bit different from the eleven-man game. We expect to play some interesting games and we cordially invite all Mills County people to come to see our boys play."

Goldthwaite School Band Plays For Grid Game At Dublin Tonight

For the first time since Howard E. Gill became the Leader of the Goldthwaite School Band, its members will play for the public tonight, Friday, when the musicians accompany the Goldthwaite High School Eagles to Dublin to play the Dublin Lions in Goldthwaite's second gridiron contest of the season.

Mr. Gill said that at least 30 members of the band will go to Dublin and at half-time will perform with precision marching and playing.

Also, Mr. Gill said, the band is having some face-lifting by way of uniforms, marching and playing. It is hoped that all of

the new regalia for the band will arrive in time for the first Goldthwaite home game—against Burnet on October 13.

To give you an idea of what the band is doing, Mr. Gill said this week that the band meets every school-day morning from 8:30 o'clock to 9:15 o'clock, except on days when there are special rehearsals. Lessons on band instruments are provided by the School Board and the Texas Education Agency. Only private instrumental lessons are paid for, and then at a rate of only 50 cents per lesson.

Mr. Gill said that the junior and beginners' band still needs members, especially for the percussion and so-called larger instruments. Mr. Gill has offered to give free private lessons to individual beginners until they get well started on their musical careers.

Just this week Mr. Gill said, the band received some new music, which it will start rehearsing very soon. Some of it already has been played by the junior band.

Mr. Gill emphasized that the band needs more members and he urged that all parents whose children are able to play instruments see him.

Public support of the band has been made possible. Even if you are an adult, you can "join the band" by purchasing a

GHS Cheer Leaders Are Elected Monday

Janetha Welch, Mildred Hale, Lottie Carter, Betty John Jackson and Margaret Wylie were elected Goldthwaite High School Cheer Leaders at a meeting of the Pep Squad last Monday afternoon. The newly-designated Pep Squad Leaders will signal the cheers for the Goldthwaite Eagles when they play the Dublin Lions at Dublin tonight, Friday.

Mrs. Eattie Urbach spent Tuesday in San Saba with her brother, Sam Taylor, who is seriously ill.

Mrs. Carrie Scharbrough of Winters spent this week with her cousin, L. V. Benningfield, and family. She also will visit other relatives of the Benningfields.

sticker on which are printed the words: "I am a band booster." The stickers are being sold by the student members of the band and the proceeds from the sale of stickers at 25 cents each will be used for the purchase of new music and equipment.

Mr. Gill said that band training is an important contribution toward future citizenship and that among band directors there is an adage that says: "A boy who blows a horn never will blow a safe." He urged that all citizens of the community get behind the Goldthwaite School Band and he asked that merchants make it a point of displaying band booster stickers on their business establishments as a contribution to making the public school band-conscious.

Football

(Continued From First Page.) He ran 67 yards for a touchdown against Hico. Dublin has a tackle named Charles Mote, who weighs 181 pounds. As the Dublin Progress reports, the Goldthwaite Eagles tonight will face a smooth Lion machine that has a fast backfield with plenty of power. Tommy Pack, Dublin right halfback, is another threat not to be taken lightly by the Eagles.

Still another Dublin star is Raymond Pittman, letterman end, who missed the game against Hico because of an injury but who was back in the game against Decatur to play brilliantly. Dublin has a fine kicker in the person of Guard Darwin Ellis. All in all, the Goldthwaite Eagles may have to extend themselves more against Dublin than they did when they gave such a good account of themselves against Hamilton two weeks ago.

In preparation for tonight's game, Goldthwaite Coach Carl Knox and Assistant Coach Jack Locklear have been giving the Eagles plenty of scrimmage. Despite the ominous advance reports, Goldthwaite will go to Dublin with plenty of spirit and with the advantage of two more weeks of workouts since they lost their first game to the Hamilton Bulldogs by a score of 26 to 6.

Band Leader Howard E. Gill plans to take the Goldthwaite School Band to Dublin and all indications are that a number of Goldthwaite fans will drive up to cheer the Eagles as they take on the Lions in Dublin's new Memorial Stadium, which was dedicated only last Friday night.

Hi, Neighbor Gwin Increases Staff At You Know Where

John L. "Hi Neighbor" Gwin announced this week that E. J. Horton, a specialist on wool suits for both men and women, has joined the staff of his cleaning establishment.

Mr. Horton formerly was with W. B. Fishburne, Inc., of Fort Worth, and he also has had connections with Ross's and Lauder's of Brownwood.

By way of explaining the mysteries of keeping your garments so they always look new, Mr. Gwin says he now has two wool presses—E. J. Horton and Neal Dale Wright. Mrs. Neal Rose is the silk finisher.

John L. Gwin, himself, in person, does the cleaning with assists from Neal Dale Wright on spotting. That is an intricate matter that requires analysis of what made the spots in the first place. Various spots require different treatments and it is important to know whether they come from goose gray or pine-needle juice.

To complete the Gwin-The Cleaner lineup, "Smiling" Dorothy Cline meets the public and sees to it that you take out your own garments—if you took in your own to start with.

B. F. Humphries also killed a large rattle snake while plowing.

Bill Partin has been busy helping Mr. Adams and Mrs. McNeerlin move.

Baptist Workers Start Religious Census Of Goldthwaite On Sunday

In hope of accomplishing their task in a single day, members of the Sunday School of the First Baptist Church in Goldthwaite will start to take a religious survey of Goldthwaite and immediate vicinity next Sunday afternoon.

The Rev. J. T. Ayers, Pastor, said that a large number of canvassers, working under the direction of Sunday School Superintendent O. B. Hale, will leave the Church at 2:30 o'clock next Sunday afternoon with each team of workers assigned to a specific area in Goldthwaite that has been charted on a large map.

The purpose of the census is to determine the religious needs of the community and its results, which will be compiled early in October, will be made available to all Churches here.

Brother Ayers said that the workers will be asked to keep going back to homes where the occupants might be absent on the occasion of the first call until they obtain the information sought—such as Church affiliation or Church preference, Sunday School membership and a desire for Sunday School extension courses.

J. N. Faith Writes From Kirbyville

Goldthwaite friends of the family of J. N. Faith, who now is Principal of the high school at Kirbyville, have received letters saying that the Faiths are comfortably and happily settled in their new home.

On their first Sunday in Kirbyville the Faiths joined the Baptist Church there. Dixie Faith was baptized on September 3 and Mr. Faith is teaching a young men's Bible Class.

"In miles we are a very long distance from Goldthwaite but our thoughts, our interests and our conversation are in Goldthwaite nearly every day," Mr. Faith wrote.

Gilliam Presents Dew Library To Goldthwaite And Mills County

At last Sunday afternoon's dedication of the Jennie Trent Dew Library in Goldthwaite, E. B. Gilliam, Jr., as a joint executor of Mrs. Dew's estate with S. P. Sullivan, presented the keys to the structure to Mayor Loy Long of Goldthwaite and County Judge L. B. Porter. Following is the text of Mr. Gilliam's address:

"On a summer afternoon about six years ago, Mrs. Dew came to me and said she wanted to incorporate into her will a substantial gift of money to be used for some purpose that would be enjoyed by the people of Goldthwaite and Mills County. She then outlined to me the plan she had in mind for the construction of a building to serve as a Library and small auditorium for the people of Goldthwaite and Mills County.

"In making her plans known to me she said that she had lived the greater part of her life here in Goldthwaite and Mills County, that she had already made in her will a substantial bequest to her Church (which is just across the street), as well as a substantial bequest to the Methodist Home at Waco. But she felt that the disposition of her estate would not be proper nor would she be satisfied unless and until she made some bequest that would endure to the benefit and enjoyment of the people of her town and county.

"It was with such a feeling in her heart that Mrs. Dew incorporated item 20 in her will, which I here quote in part: "Being desirous of providing a gift for the people of the town of Goldthwaite and Mills County, Texas, where I have lived and made my home for the greater part of my life; and being desirous that such gift will be a benefit and a blessing to my neighbors, friends and fellow citizens during the years to come, I do hereby give, bequeath and demise to the City Council of the City of Goldthwaite, Mills County, Texas, and their successors in trust, the sum of \$30,000.00 for the purpose of building, equipping and maintaining a Public Library in Goldthwaite, Texas . . ."

"I am not here this afternoon to eulogize Mrs. Dew for, in the first place, that would be very distasteful to Mrs. Dew; in the second place, I do not possess either the poetic or oratorical powers to pronounce such a eulogy. But I do think it is fitting and proper for us to pause a moment this afternoon and in our hearts be grateful to this one who has so generously provided for us, the people of Goldthwaite and Mills County. "You, by your very presence here this afternoon at this dedicatory ceremony, have done honor to Mrs. Dew, and your presence here means and speaks a warm and friendly 'thank you' to Mrs. Dew. "It was Abraham Lincoln who said: 'Die when I may, I want it said of me by those who knew me best that I always plucked a thistle and planted a flower where I thought a flower would grow.' Mrs. Dew, thinking of the efforts of the people of this community to establish and maintain the little library which

Enrollment At Mullin School Shows Some Gain

With 161 pupils in the elementary school and 66 students in the high school, enrollment in the Mullin schools shows a slight increase this year over 1949, it was announced this week by Superintendent Wray B. Williams.

Mr. Williams said that the school lunchroom at Mullin is operating efficiently with an average of 220 meals being served each school day.

"For the new academic year, our school is off to a fine start and there is a splendid spirit of cooperation among pupils, parents and teachers," Mr. Williams said.

Mr. Williams said also that the organization of a six-man football team at the Mullin School has created considerable interest. An account of Mullin scholastic football activity will be found in another column of this week's Eagle.

Christian Science Services

"Reality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, September 24.

The Golden Text is: "Lo, I come, and I will dwell in the midst of thee, saith the Lord" (Zechariah 2:10).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For the grace of God that bringeth salvation hath appeared to all men" (Titus 2:11).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "We should strive to reach the Horeb height where God is revealed; and the cornerstone of all spiritual building is purity" (page 241).

Mr. and Mrs. R. L. Cooner of Austin, formerly of Fisher Street in Goldthwaite, visited their friends in Mills County late last week when they came to supervise repairs to their ranch property.

Make Your Reservations Now For American Legion Dance Saturday

Commander Larry Dalton of the Harry F. Edmondson Post number 289, the American Legion, said this week that the best time to be sure of a fine time at the American Legion dance tomorrow night, Saturday, is to make a table reservation in advance.

The dance, of course, will be at the Legion Hall, 8:30 p. m., to midnight—but you can make your table reservation right now simply by picking up your telephone and calling Commander

Dalton at 128, Goldthwaite. Saturday night's dance, the first to have been sponsored by the American Legion for some time, will be to the music of the Dixie Playboys, who make their headquarters in Lampasas.

A number of reservations already have been made, according to Roy Lee Hill, Chairman of the American Legion publicity committee. Mr. Hill says, however, that table reservations still can be made by telephoning to Commander Dalton at 128.

Also among the out-of-town guests present for the dedication were Mr. and Mrs. J. L. Pickens and their daughter of Lometa, Mr. and Mrs. "Judge" Trussell of San Saba, Mrs. Billy Hightower of Dallas, Mrs. R. L. McConnell of San Saba, and Mrs. Jeff D. Jackson of Lampasas.

Master of Ceremonies Barnett, who also is a Vice Chairman of the Library Committee, pointed out that many citizens were instrumental in guiding the affairs of the Library to its present stage. They included, he said, Mrs. Berry, Mrs. E. B. Gilliam, Jr., and Mrs. L. E. Miller, who also is a Vice Chairman of the Committee. Mrs. Jim Weatherby is Chairman, Mrs. V. A. have encountered in our organizational work. There has been full cooperation and understanding.

Programs similar to the one that is being worked out for Mills County by Mr. Duren and Mr. Smith are being worked out all over the United States. They are part of a master plan for American civilian defense and their approval by Red Cross regional offices, such as the one in St. Louis, is required so that there may be standardization and coordination rather than have each community go its own sweet way.

Rally Day Sunday At Methodist Church

Promotion and Rally Day will be observed next Sunday at the First Methodist Church in Goldthwaite, it was announced this week by the Rev. Ed H. Lovelace, Pastor.

The promotion exercises, Brother Lovelace said, will be for all Sunday School pupils through high school age. All classes will endeavor to have an attendance of 100 per cent next Sunday, Brother Lovelace added.

Eagle's Aery

(Continued From First Page.) The Jaycees will follow through on this one. There is nothing so important as the lives of our children and the continued, deliberate placing of them in danger is not to be tolerated.

This newspaper also is asking Colonel Garrison to take action, it is my intention, pending official action, to continue to compile the reports of those who place the lives of our children in peril. Unless the peril abates, and quickly, I will publish the names of those who violate the traffic laws of Texas in Goldthwaite and I believe that in so doing I will have the support of those who believe that a child's right to grow up in safety is important. They will be most of our citizens.

I am not fooling, and neither is the Goldthwaite Junior Chamber of Commerce. Neither are the mothers, who also are well able to identify the deliberately reckless drivers who will deserve no more consideration than they have shown to our children—which is absolutely no consideration at all.

If there has to be another column on this subject, it will name names, times and places, along with registration numbers and description of drivers. There is every reason to believe, however, that before then there will be arrests by Texas Highway Patrolmen.

country, east, west, north and south, have had more rain than Goldthwaite, and some, like Star, have had mere sprinkles.

Our Roy Lee Hill reports that the McGirk region had 2 1/2 inches of rain. The Pecan Bayou country also is reported to have had more rain than Goldthwaite. Anyway, there has been rain, and if only there is more of it, everybody will be happy. There were a few clouds around as the Eagle went to press this week but the sun was shining and it hardly looked like rain.

roads. The widening and grading has been completed westward to the Slack bridge and the construction work now is in progress on the west side of the crossing. No paving has gone down yet but it is hoped that there will be time to pave before the frost deadline in November.

When completed, highway 574 will be a wonderful driveway with scenic beauty one of its attractions. In doing the road over, the approach from the east has been straightened so that it no longer is necessary to make a hair-pin turn to approach the bridge.

The Jackson's Crossing bridge over the Pecan Bayou also was repaired recently by the Mills County Commissioners under the supervision of Commissioner K. B. Henry of Precinct 3.

Postmaster

(Continued From First Page.)

A veteran of 14 years of service in the Department of the Post Office, Mrs. Fairman had been Acting Postmaster in Goldthwaite since December 1, 1948. Now the word "Acting" has been dropped from her title. Many of the congratulations to Mrs. Fairman reflected community satisfaction with the manner in which the Goldthwaite Post Office is administered. Mrs. Fairman has been joined by her highly competent staff in assuring the public patrons of the Post Office people the high standard of service that has been maintained in the past few years will continue to be maintained.

Mrs. J. W. Weathers returned home the first of the week from a visit in Fort Worth and Dallas with relatives.

C. C. Collier Having Grand Time On Show Texas To The West Tour

C. C. Collier of Goldthwaite, who is on an extensive tour with a number of others who are showing Texas to the west, has covered a lot of territory since he left Fort Worth on September 10.

Mr. Collier's family reports that he is having a wonderful time and that they are keeping up with him as best they can through the postcards he sends back—although he is always several jumps ahead of the mail.

The Show Texas to the west tour was organized by the farm service department of Radio Station WFAA. Along with several hundred other Texans in big hats and wearing broad smiles, Mr. Collier so far has traveled to Denver, various points in Wyoming and Montana—including Yellowstone

National Park—Washington, Oregon, British Columbia and California.

As his friends read their Eagles this week, Mr. Collier will be in Sacramento or Fresno, Cal., depending upon whether you do your reading on Thursday or Friday. He spent the weekend in and around Los Angeles. Next week Mr. Collier and his fellow Texans will dip down into Old Mexico through the border point at Calexico.

The Show Texas to the west tour will come home by way of Arizona, New Mexico and El Paso.

The purpose of the tour is to let the entire western United States know about Texas by meeting Texans. The Texans, of course, will learn a lot about other people and places, too.

and Mr. Burwell, but by other visitors who included:

Walter F. Jordan, Ernest Priess, Terrell Allen, Jimmy Jordan and Daniel Priess, all of Mason; Ben R. Spears, Comanche County Agent; Tom Henry, Vocational Agriculture teacher in San Saba; and H. E. Stewardson, also of San Saba. Mills County Agent George Reese, Vocational Agriculture teachers Y. B. Johnson of Goldthwaite, Dick Vestal of Priddy, J. C. Yeary, Jr., of Star, and Don Clark of Mullin.

Also present to look and admire were Mason County Agent Ed Hyman and Walter Lehmberg and Hilton Leifeste, also of Mason.

One of the high spots of the afternoon came when Announcer Delton Barnett auctioned off a cake that had been baked by Mrs. Lincoln Saylor. So as to help to pay off the final indebtedness on The Barn or Agriculture Building in Goldthwaite, Dick Kemp of Mullin bought Mrs. Saylor's cake for \$10.00, cash money.

There was another high spot in the afternoon when "Whisky" Smith made an informal speech to the crowd, telling all and sundry what to look for in a feeding calf. He talked of the loin, the first seven ribs, the round and the chuck. He told how in a calf 40 per cent of the weight in the right places represents 70 per cent of value. He had before him Modine Reynolds and Johnny Wigley, each with their calves. Mr. Smith brought a hush to the crowd when he pointed to Modine Reynolds and to Johnny Wigley and reminded everybody listening that "the profit is in the boy, and in the girl."

An editorial on page two of this week's Eagle attempts to point up the significance of the effort by Mr. Smith to underline the real importance of the work that is being done by the 4-H Clubs and the Future Farmers of America.

Last Saturday's Preview, at which 4-H Club members also exhibited such projects as sheep, involved no judging—except for Duroc hogs at the morning session. It was intended, as it was named, to be a Preview of the Spring Show that will be held at The Barn under the auspices of the Mills County Livestock Raisers Association next January 15 and 16.

In the matter of fatstock, Mr. Smith emphasized last Saturday afternoon that "there is no substitute for breeding." He urged that the educational program that has been so successful in Mills County be continued—in the interest of better citizens and a higher standard for the economy of future years.

Miss Flores Lost Her Wallet—Please Return It To Her

Miss Ramona Flores of Goldthwaite, who works hard for her dough, lost a billfold containing some money and important papers on the east side of Fisher Street just north of the Square about 5:30 o'clock last Tuesday night. Miss Flores hoped that an honest person found her billfold and that it will be returned to her intact.

The billfold, Miss Flores said, contained not only money, but also her driver's license and identification papers.

CARD OF THANKS

I wish to thank the friends and neighbors for the flowers, cards and letters sent me while I was in the Hospital. Your kindness is gratefully appreciated—Mrs. H. R. Collier.
