Mills County 4-H Gold Star Girl Is Helen Hasley

Miss Helen Hasley of Rt. 3, Mullin, has been designated the Mills County 4-H Club Gold Star girl of the year by the County's Home Demonstration Council, it was announced this week by

HELEN HASLEY

Mrs. L. B. Hart, Chairman. For consideration for the distinction, each 4-H Club in the County nominated a candidate. Miss Hasley was selected from among those candidates by Mrs. Hart and by Mrs. A. P. Fambrough, who is the 4-H Club Chairman for the Mills County Home Demonstration Council.

Miss Hasley's story of her 4-H Club work, as told in her own words, follows:

"It is with pleasure that I write a short story of my accomplishments in 4-H Club work. While I was still a young child, I had visions of the work I would like to do some day.

"On November 11, 1945 I had my 13th birthday. How happy I was when that I could join the 4-H Club.

"My first great problem was to choose a suitable project. With the advice of my supervisor I selected clothing and dairying, since I was particularly interested in that work. My partner and I were very successful in presenting two demonstrations at our school. We found those demonstrations very interesting and constructive and gained much knowledge through those studies.

"The second and third years of club work were much like the first, but always more interesting since we had a wider field of projects to choose from.

"In the year of 48-49 I decided to try my luck with gardening along with dairying and clothing. To my surprise and great joy my partner and I won a trip to the State 4-H Round-Up, on our dairy demonstration. We felt that we had really accomplished something then, so I worked all the harder to see what other goal I might reach.

"I am very happy to say 'It is well worth the time and money spent to study bedroom decoration and arrangements. I have just completed my bedroom as my fourth project. I not only gained much knowledge, but also had the satisfaction of creating and making my bedroom more comfortable.

"September 23, 1950 was set aside by the supervisor for final check up day on our projects. I was notified that I had reached the top goal of 1950, Gold Star Girl of Mills County. After this year, it is with sorrow I say 'good by,' to 4-H work. However, the knowledge I have gained will be a great help to me in my future life."

Lem Jones and family have gone to Snyder where they are employed in the crop harvesting.

Goldthwaite "Jaycees" Sponsor The Crusade For Freedom Locally

Since last Monday, the Goldthwaite Junior Chamber of Commerce, sponsor of the Crusade For Freedom in Mills County, has been providing opportunity for all persons to sign a Declaration of Freedom, thereby putting themselves on record as opposed to communist doctrines and methods. The opportunity

will continue through next Wednesday.

Scrolls, to which freedom-loving Americans may sign their names and on which they may write their addresses, have been placed in The Trent State Bank, the office of the Goldthwaite City Utilities and at the office of the Lone Star Gas Company.

"This is our chance to make a dramatic demonstration of unity for freedom," President Eugene L. Dyas of the Goldthwaite Junior Chamber of Commerce said. "When we send our scrolls to General Lucius D. Clay, National Chairman of the Crusade For Freedom, we hope that they will carry the names of all of the citizens of Mills County."

Mr. Dyas said that in addition to opportunity to sign the scrolls containing the Declaration of Freedom, there also is opportunity to make a contribution, large or small, in boxes provided for the purpose.

"The contributions, which are being made simultaneously

throughout the country, will be used to finance Radio Free Europe, which is a hard-hitting, citizen-supported 'freedom station' in western Germany," Mr. Dyas explained. "It is supplementing the State Department's Voice of America with people-to-people programs.

"Radio Free Europe has been on the air since last July 4 with native language broadcasts to Czechoslovakia and Rumania. Since then additional programs have been added and they are beamed to Poland, Hungary and Bulgaria, six hours a day, seven days a week."

Mr. Dyas said that the purpose of taking contributions in connection with the Crusade For Freedom is to keep Radio Free Europe on the air and to help to expand it into a network of freedom stations that will answer Communist lies and that will carry the message of democratic truth to enslaved peoples.

"Even if you cannot make a contribution, however, you are urged to sign the Declaration of Freedom," Mr. Dyas said. "But sign it only once at any one of three places—the Trent State Bank, the office of the Lone Star Gas Company or at the office of the Goldthwaite City Utilities. You have until next Wednesday to do so, but please don't delay."

(Editorial comment on the Crusade For Freedom will be found in the Eagle's Aery on the editorial page of this week's Eagle. Also, a further explanation of the Crusade For Freedom is to be found in the Eagle's leading editorial this week.)

Charlie Langford Is Jailed After Forfeit Of Bond

Charlie Langford was lodged in the Mills County jail this week following his failure to appear for trial before County Judge Lewis B. Porter on September 29 on charges of the sale of whiskey and with the possession of beer for sale in a dry area. He was arrested originally on August 26 in raids conducted by Sheriff Wiley L. Mahan, Deputy Sheriff Clyde Cockrum, and State law enforcement officers.

Following Langford's August arrest, he pleaded not guilty and was released in a total of \$1,000.00 bond—\$500.00 on each count. The bondsmen were Hollis Blackwell of Goldthwaite and Adrian Long of Big Valley. When Langford failed to appear for trial last Friday, Judge Porter declared his bond forfeited. The Judge set December 4 as the new trial date when, he said, there could be legal argument as to whether the bonds should remain forfeited.

Also, when Langford failed to appear for trial last Friday, a writ for his arrest was issued by County Clerk Earl Summy on Judge Porter's orders. After several days during which Langford's whereabouts were unknown, he was taken into custody at his home by Sheriff Mahan on Tuesday of this week. In an appearance before Judge Porter, new bond for Langford was set at \$1,000.00—again \$500.00 on each of the charges against him—and when he failed to post the new bond immediately, he was lodged in the Mills County jail by Sheriff Mahan.

Langford's trial originally had been set for September 18, following his plea of not guilty after the August 26 raids. Subsequently it was postponed until September 29—the day on which Langford failed to appear for trial and when Judge Porter declared his original bonds forfeited.

As the Eagle went to press this week, Langford still was in the County jail, having failed, so far, to provide the new bond set by Judge Porter.

Lieut. Raymond F. King Killed In Action In Fighting In Korea

The tragedy of war became very real in Goldthwaite this week with the sad tidings that Lieut. Raymond F. King was killed in action in Korea on September 23.

Only a short time before the official notification of Lieut. King's death had been received by his family, the Eagle had been informed that he had been cited for gallantry and that he had been recommended for a decoration "for his outstanding performance in directing the evacuation of wounded soldiers from a battle site recently."

Eagles Oppose Hillbillies In Conference Game

In their first Conference game of the 1950 season, the Goldthwaite High School Eagles will play Fredericksburg at Fredericksburg tonight. Goldthwaite lost to Comanche by a score of 47 to 13 last week.

The Fredericksburg Hillbillies have had an on-and-off season. Last week they lost to Menard by score of 27 to 7. Gonzales also has defeated Fredericksburg 60 to 0. However, on September 15, the Hillbillies beat Mason 6 to 0, thereby winning the unofficial "Deer Country Championship." That was the opening game of the season for the Hillbillies.

From all reports, Alvin Loitz is the most serious threat on the Fredericksburg team.

Coach Carl Knox and Assistant Coach Jack Locklear are taking the Eagles to Fredericksburg tonight with hope that in the season's first conference game they can hang up a victory.

As for last Friday night, at Comanche—it was a non-conference game. Goldthwaite's only touchdowns were scored by Billy Anderson and Alvidoye Roberts, who returned kickoffs to score on runs of more than 90 yards each. The game was marred by repeated penalties against each side and the statistics ought not to be recorded in any archives in Mills County.

Turning back to the Fredericksburg Hillbillies, they will have more heft than the Eagles. Coach Marvin S. Jones of Fredericksburg has a line that averages 180 pounds in weight, which is more than Goldthwaite is able to deliver in averdupois.

The Goldthwaite School Band, directed by Howard E. Gill, and the Pep Squad will accompany the Eagles to Fredericksburg. Big cheers should be sent up for the Goldthwaite Pep Squad leaders who, at Comanche, worked hard throughout the game. They were described as "most attractive bundles of animation."

Mr. and Mrs. Kyle G. Sims and family of Bend spent the weekend with his mother, Mrs. J. D. Sims.

Mrs. King, the former Greta Traylor, lives on Fisher Street in Goldthwaite with her two children, Terrell, 3, and Charlotte, who is only 10 months of age. Mrs. King and her children came home recently from Ft. Lewis, Wash., after the outbreak of hostilities, leaving Lieut. King to sail to the Far East to fight for all the rest of us.

It was only a little while ago that Mrs. King received her first letter from Lieut. King after he had gone into action with the Second Division in Korea. And only this week she had been informed of the recommendation that had made for a military decoration for conspicuous gallantry.

In addition to his wife and Terrell and Charlotte, Lieut. King is survived by his mother, Mrs. Mittie King, who lives in California. Also surviving are four brothers—W. C. King of Brownwood, David, who is in the Army and on duty in California; Glenn, who is in the Army and on duty in Korea; and Ralph, who also is a member of the armed services.

A sister, Mrs. Oscar Chesser, lives in California and another sister, Mrs. Harvey Dunsworth, lives in Owens, Texas.

Lieut. King was a veteran of 11 years of service in the Army. During World War II, he served with the 70th and 3rd Divisions. He was commissioned on the battlefield for conspicuous gallantry as a soldier. He had served with the Second Division for just about a year when he was killed.

Throughout most of his service in the Army, Lieut. King worked with mines and in demolition work. This week, the Army reported to the Eagle that his superior knowledge in this field helped materially to prevent North Korean soldiers from sneaking behind American defense lines.

Prior to joining the Second Division, Lieut. King served with the 24th Division, which was America's first fighting unit in Korea.

During the fighting in Korea, Lieut. King led an anti-tank and mine platoon. It was while on service with his unit that he directed the evacuation of wounded from a hotly-contested combat area and thereby won his citation and recommendation for a decoration. A report to the Eagle from the Army said:

"Lieut. King's background as a demolition man has paid off every day, and so has his ability as a marksman. While returning from a mine field the other day, he and his men were attacked by an enemy guerrilla band."

In a report to the Army on that engagement, Lieut. King wrote:

"We took ground positions and then opened up with everything we had. I got two of 'em myself, one with my pistol. In about two minutes, we were on our way again."

In what now is a most poignant part of the Army's glowing report on Lieut. King, he was quoted as saying that when the war in Korea was over, he wanted to get back to Texas to shoot pheasant, as he did when he was younger.

Funeral Sunday For Edgar Jones Of Regency Farm

Funeral services were conducted at the Regency Cemetery last Sunday afternoon for Edgar Jones, 47, who died in a Brownwood hospital late last Saturday morning of a self-inflicted gunshot wound suffered earlier that day. Mr. Jones, a grandson of Jesse P. Hanna, who was one of the pioneer settlers in this area, had been ill for several months.

Mills County Sheriff Wiley L. Mahan, who conducted an inquiry at the Jones home in Regency, said that between seven and eight o'clock Saturday morning Mr. Jones shot himself in the forehead while his son, Edgar P. Jones, Jr., was in the barn and while other members of the family were in the rear portion of their house. At the time, Mr. Jones was in the front yard of his home.

Mr. Jones, a native of the Regency community in which his grandfather had settled, was married in 1926 to Cleo Todd of San Saba, who survives. They lived in San Angelo for some time but moved back to Regency in 1931.

Other survivors are Mr. Jones' son, a brother, R. H. P. Jones of San Angelo, and three sisters, Mrs. L. D. Egger of Mullin, Mrs. T. W. Perkins of Brownwood, and Mrs. L. L. Martin of Goldthwaite.

W. L. White officiated at last Sunday's funeral services.

Bank Holiday

The Trent State Bank in Goldthwaite will be closed next Thursday, October 12, in observance of Columbus Day, a national holiday.

Herman Reynolds Admitted To Bar

Herman Reynolds, son of Mr. and Mrs. Walter Reynolds of Caradan, entered the legal profession Tuesday of last week when he took his oath as an attorney-at-law before the Supreme Court of Texas at Austin. When Mr. Reynolds was sworn in as an officer of the court he was accompanied by his mother and by his sister, Mrs. Raymond Williams.

Something New In 22 Years

(Eagle Photo By Wicker Studio).

Unveiled above to a breathlessly waiting world is Goldthwaite's first new piece of fire-fighting equipment since 1928. It is the new, booster type tank truck manned by Jack Reid, Chief of the Goldthwaite Volunteer Fire Department. The truck (not the Chief) holds 500 gallons of water and squirts 200 gallons (of water) per minute at 100 pounds of nozzle pressure. The 1928 truck, which still is thoroughly serviceable, can eject 500 gallons of water per minute. Its pump has been overhauled fairly recently and the truck itself had some valuable rejuvenation treatment during World War II. The important fact is that both trucks are available to the Goldthwaite Volunteer Fire Department and Goldthwaite and Mills County have worked out an arrangement under which Goldthwaite will respond to emergencies of fire outside the city limits and will be helped by auxiliary fire departments in Star, Priddy and Mullin. Honest reporting requires the statement that Chief Reid posed for the above photograph only under great pressure—and not from a nozzle, either.

WHERE DO YOU STAND?

If you are an American who wants to pass on to future generations our heritage of freedom, you have an opportunity right here in Goldthwaite to write your name on a roll call of all persons who despise Communism and all its works. The Crusade For Freedom that is sponsored here by the Goldthwaite Junior Chamber of Commerce is significant. It is unusual, as such efforts go, because it offers every American an opportunity to play a personal part in a great moral crusade for freedom, faith and eventual peace throughout the world.

The Crusade For Freedom is not just another organization created for the purpose of making cash jobs for the people who thought it up. As Jaycee President Dyas points out, its Chairman is General Lucius D. Clay, who formerly was the top American in Germany. Its National Council includes such men as General Dwight D. Eisenhower, Mrs. Oveta Culp Hobby, and a number of other Americans who are determined that the Crusade's Freedom Bell will stand as a permanent symbol of the free world's resistance to Communist aggression.

In the Crusade, Americans are asked to sign a simple Declaration of Freedom. It is this: "I believe in the sacredness and dignity of the individual. I believe that all men derive the right to freedom equally from God. I pledge to resist aggression and tyranny wherever they appear on earth. I am proud to enlist in the Crusade For Freedom. I am proud to help make the Freedom Bell possible, to be a signer of this Declaration of Freedom, to have my name included as a permanent part of the Freedom Shrine in Berlin, and to join with the millions of men and women throughout the world who hold the cause of freedom sacred."

Where do you stand? Are you able to sign that Declaration of Freedom? If you have not done so already, will you do so—so that you may be counted as one of those who are not apathetic in the face of the grave peril that threatens the world?

OUR TRIPLE "A" RATING

A properly modest, we hope, little story in our news columns last week told of how the Community Research Bureau of New York had given the Goldthwaite Eagle-Mullin Enterprise an AAA rating among weekly newspapers—the highest possible. We thought our readers might be interested in knowing that in the course of the ratings, the Community Research Bureau and the American Weekly Newspaper Publishers Council studied ten thousand newspapers as to editorial content, local news, circulation, local advertising and advertising cost in proportion to the families served. Only twenty per cent of them made the grade. We hope that our readers and our advertisers will be happy, with us, that we were among the twenty per cent that received the triple "A" rating.

For our part, we pledge to continue to make every possible effort so that in the future, the rating will be just as high as it is at present.

Washington News

Editor's Note: On the first page of the Eagle last week, in "The Eagle's Eye," we published a significant speech by Senator Harry Flood Byrd, Democrat of Virginia. In this space this week, we publish a follow-up comment on Senator Byrd's speech from The Southern Weekly. The following is from The Southern Weekly of September 27.

We are assuming that Senator Byrd meant precisely what he said in that speech. Only on such an assumption could it be called "a great speech." As a matter of fact, some of the things Senator Byrd said would have sounded laughable coming from an ordinary politician instead of from Harry Byrd. They sounded genuine on his tongue. He said, for example: "I tell you now, as I have said before, the test of my vote in the Senate and my actions elsewhere, now, as they have been in the past, and as they will be in the future, are determined by the test of what I believe in my conscience to be the best for my country." If an average politician said anything like that, it would sound like mere bombast. But when Harry Byrd says it people believe it, because it is a straight forward statement of the simple truth.

Well, Harry Byrd went on to say more. "I say with all the sincerity of which I am capable," he declared, "that such must be the test to be applied to everything by everybody in this country—in public office and out—for a long time to come if we are to restore the peace and freedom for which this nation was founded, and to which it is dedicated."

Now, consider that the whole speech was a devastating indictment of the Truman administration. Its opening sentences constitute about as sweeping a condemnation of the Truman regime as has ever been spoken by anybody. "There have been just five years since World War II ended," said Senator Byrd. "They may well go down in history as the most irresponsible five years of the great American Republic, and, unless we begin thinking straight and acting accordingly, they may be recorded as the prelude to the downfall of the greatest democracy of all time."

If Senator Byrd believes that—and of course, he does believe it—and if he expected his hearers to believe it and to act with respect to it in a way that they feel in their consciences to be best for their country, is it reasonable to conclude that Senator Byrd thinks that the Democrats who comprised his audience, or the Democrats of Virginia or of the whole South, should vote for Harry Truman for a third term in 1952, merely because he is the "nominee" of the Democratic National Convention? Could such a vote be said to meet the test which he said must be applied to everything by everybody for a long time to come?

There is no longer any doubt that Mr. Truman will be the nominee of the Democratic National Convention in 1952. There was never any question about it except that of his wishes. Democratic politicians have agreed all along that if Mr. Truman wants the nomination it will be impossible to prevent him from getting it. And it is now certain that Mr. Truman has no intention of moving out of the White House when his present term expires unless the people vote him out.

If we are to accept the picture of the plight of our country after five years of Truman which Senator Byrd presents, then certainly we cannot believe that it would be "best for our country" to continue Mr. Truman in the office of President a single day beyond the expiration of his present term. And Harry

The Eagle's Eye

By The Editor

Every week is some week or other and usually somebody tries to jam several weeks into one week—for the purpose, as a rule, of trying to get publicity for everything from apples to zebras. The effect of so many "weeks" of one sort or another has been to defeat the original purpose. It has caused editors, including this one, to fill their waste baskets with handouts. Occasionally, however, there is a "week" that serves a useful purpose, and this is one of them.

This week is National Newspaper Week. The editor thinks it can best be observed on the Eagle by trying to put out as good a newspaper as we can, depending upon how the news runs. This "week," of course, does give editors opportunity to remind their readers that a free press remains a precious American possession. To continue to be free, the American press has to be independent; it has to keep plugging away honestly despite the all-too-many persons who are willing to grant freedom of speech and press only to those who speak and write opinions that happen to coincide with their own. This editor insists on the right of men to agree to disagree, reasonably and sincerely—and that is all he has to say about National Newspaper Week.

Brian Smith has reminded us that next week is Fire Prevention Week. We are willing to give some space to that one because we think it is important to have as many persons as possible aware of their responsibility to prevent destruction by fire. The American Red Cross, of which Mr. Smith is Executive Secretary in Mills County, is deeply interested in public education in accident prevention of all kinds, including fire.

Last week's Eagle carried the news that the Mullin Chapter of the Future Farmers of America has made fire and accident prevention on farms a project for the entire year. If "weeks" can achieve results such as that, then they serve a good purpose. We believe that the Mullin F.F.A., under the leadership of President Fred Daniel, have set

Byrd cannot believe it would be "best for our country."

There are experts in such matters who have analyzed the national political situation in detail and have come to the deliberate conclusion that if the South remains as "loyal" to the Democratic "nominee" in 1952 as it was in 1948, Mr. Truman will be elected to a third term. These experts say that it will be impossible for the Republican Party to win the Presidency without help from the South. In view of this, can Southern Democrats conscientiously vote to perpetuate the condition of affairs Senator Byrd describes by supporting Mr. Truman and his program on the ground that "party loyalty" requires them to do this?

"I do not concede," said Senator Byrd, "that either democracy, or free enterprise, or any other American freedom has run the course of its usefulness in the world. They have been

Mrs. Davenport Guest Of Honor At Martin Home

Mrs. U. W. Martin and Mrs. Hugh Smith complimented Mrs. T. A. Davenport the former Wanda Robbins, with a miscellaneous shower last Thursday afternoon at Mrs. Martin's home.

The party rooms were decorated with garden flowers and ferns, with dahlias featuring the arrangement. In a living room corner there was a miniature fish tank containing numbered gifts attached to pastel ribbons that served as fishing lines. As each guest arrived, a number was pinned to her and then, as her number was called during the afternoon, she drew from the tank. As the guests drew gifts from the tank, they were presented to Mrs. Davenport.

Mrs. Davenport was the last to "fish." She drew the luckiest ribbon of all. Attached to it was an array of gifts in elaborate wrappings.

Those who won prizes for games that were played during the afternoon were Mrs. D. Hartman, Mrs. C. A. Page and Mrs. Leman Saylor. They gave their prizes to Mrs. Davenport.

Refreshments were served by Mrs. Sonny Robbins, Mrs. Nina Gauny and Mrs. Clayton Shaw. Others who were present from out of the Big Valley Community were Mrs. Van Gauny and Mrs. Bob Edmonson of San Saba, and Mrs. Neva Davee, Mrs. Melba Holcombe and Mrs. Hazel Warlick of Goldthwaite.

Those who sent gifts were Mrs. Floyd Sykes, Mrs. Connie Knowles, Mrs. Hoyt Cockrell, Mrs. Patty Cockrell, Mrs. Dan Denton, Mrs. Andy Brown of Fort Worth, and Mrs. Floyd Weaver of Bishop.

Freda Soules Elected Sweetheart Of Star Future Farmers Chapter

Miss Freda Soules, daughter of Mr. and Mrs. Fred Soules, has been elected sweetheart of the Star Chapter, Future Farmers of America.

The election of Miss Soules served a double purpose. It gave the Star F.F.A. a sweetheart and since ballots were cast at a penny a vote, it gave the Star F.F.A. treasury some funds.

Miss Soules, who is a member of the Senior Class at the Star High School, also is President of the Star Chapter, Future Home Makers of America. She has received the congratulations of her sister F.H.A. members.

Now that they have a sweetheart, the Star F.F.A. Chapter convened for their regular monthly meeting last night, Thursday.

Others who were candidates for the Star F.F.A. sweetheart distinction were Wandlene Head, Freshman; Ethylene McCasland; Sophomore; and Alice Sparkman, Junior.

The contest for F.F.A. sweetheart caused considerable interest in and around Star, where a total of 1,676 votes—at a penny a vote—were cast for the candidates.

To keep things in balance, the Star F.H.A. girls are stimulating some voting with the boys having to stand as the candidates this time.

The F. H. A. girls in Star are selecting a Dream Beau, no less, and the candidates are Davis Owens, Bill Beard and J. L. Carroll. There will be more about that when the Star Dream Beau can be identified officially.

Goldthwaite H. D. Club Threatens An Outbreak Of Gorgeous Corsages

Mrs. Eula Nickols, Reporter for the Goldthwaite Home Demonstration Club, issued a warning this week that very shortly H. D. ladies are likely to be seen wearing lovely corsages put together without needles and thread under the expert instruction of Mrs. Tom McArthur. For a precise quotation, here is what Mrs. Nickols said:

"Keep your eyes open; you will soon see some of these beautiful Club ladies wearing these beautiful corsages."

The corsage project started at the last H. D. meeting with Mrs. John Long of Durenville as hostess. After a song, "Sweet Hour of Prayer," with Mrs. Long at the piano, Mrs. A. P. Fambrough read the minutes in the absence of the Secretary and then Mrs. McArthur produced her ribbons and magic for the corsage making.

If you have Harry Allen's pipe holder, please return it to him. A pipe holder, Mr. Allen explains, is for pulling pipe from such places as wells, and not a rack beside the master's easy chair.

Mr. Allen will be very much happier if his pipe holder is returned to him today.

Better Buy Buick!

PERHAPS you've noticed that there seem to be a lot of these brawny beauties running around on America's highways—and it isn't just that boldly gleaming forefront that spreads this impression.

It isn't just the fact that folks who own a Buick get such a bang out of it that they do a lot of driving. Back of all this is another fact. It's a fact that contains a broad hint to anyone who'd like to know what's what in motorcar buys. 1950 Buicks are breaking all past popularity records, as registered in sales.

So, we suggest that you do some personal investigating. Find out, for example, how mas-

terful you feel, with Fireball power purring away the miles, at a polite touch of your toe on the gas treadle.

Find out how the jolts and jars seem to disappear, when you have big soft coil springs on all four wheels, and fat low-pressure tires on wide Safety-Ride rims.

Then there's Dynaflo Drive,* which Buick owners vote the biggest automotive hit that has come along in years.

With all this, there's room, and comfort, and road-hugging heft combined with a light and willing response to your hand on the

wheel—and prices that start down with the sixes.

Seems like almost everyone wants to own one of these Buicks—and most people can. How about you? Isn't it a smart idea to see your Buick dealer now and get your name on his list?

Only BUICK has Dynaflo—and with it goes HIGH-COMPRESSION Fireball valve-in-head power in three engines. Mullin Plays Millersview Tonight After 63 To 6 Drubbing By Norton

The Mullin High School football players are looking forward to their second home game tonight, Friday, at eight o'clock.

The Mullin Bulldogs will meet the Millersview football team on their home field for their fourth game of the season. Since the boys have Coach Ray Barnett back with them, they will try hard for a victory tonight.

Coach Barnett says the boys are doing well since this is their first year of experience and they will probably be a pretty good football machine before the season is over.

Last week, Mullin was defeated 63 to 6 by Norton.

The probable starting lineup for tonight will be:

Billy Slaughter RT

George Ellis C
Alvin Bramblett LT
Harley Ethridge QB
Lynn Shelton FB
Billy Anderson HB
Billy Slaughter is team Captain with Billy Anderson as his co-Captain.

The reserves are Dale Mosier, Averil Swiney, W. H. Simpson, Harrol Holden, Dick McCurdy, Ernest McGary, Bobby Wood and Myron Hillman.

Eaglets Oppose Lampasas After San Saba Defeat

Goldthwaite's Junior football players—the Eaglets—who lost to the San Saba Juniors by a score of 34 to 13 on Thursday night of last week, played the Lampasas Juniors last night, Thursday. Since the Eagle went to press before game time, the Goldthwaite - Lampasas score will be reported next week.

In the game against San Saba last week, Quarterback Dick Lindsay and Fullback H. T. Vaughn made the touchdowns for Goldthwaite.

Charles Humphries at Guard, Jimmy Elliott, James Gilliam at Tackle and Bobby Wilcox also gave a good account of themselves in the game against San Saba.

Coach Jack Locklear, who is pleased with the football progress of the Eaglets, pointed out that the score does not tell the whole story of the Goldthwaite game against San Saba. The Goldthwaite boys did exceedingly well until the last five minutes of play when, unhappily, San Saba went on a rampage and scored three touchdowns.

When he was asked about the prospects for this week's game against Lampasas, Coach Locklear said, "I don't think Lampasas will be too tough."

Mr. and Mrs. Harve Hale visited friends last Sunday after attending the Big Valley Baptist Church.

W. W. Ligon visited relatives in Comanche Sunday.

New Time Set For Church Of Christ Evening Services

Grady Pricer, Minister of the Church of Christ in Goldthwaite, announced this week that effective immediately, all night services at the Church will start at seven o'clock. The Service of Worship next Sunday night will start at seven o'clock and the same hour has been set for the regular Wednesday night prayer service at the Church of Christ. Mr. Pricer said.

Wilkins, Johnson Slay Copperhead Before Nix Home

Absolutely the biggest, fattest, longest and most dangerous copperhead snake ever to invade Mills County died the other night in the road in front of the L. E. Nix home on the northernmost outskirts of Goldthwaite.

The intrepid slayers were Wallace Johnson and Roy Wilkins, and the authority for the size and venomous threat of the reptile was J. D. Nix.

Mr. Johnson, Mr. Wilkins, Mrs. Wilkins and Charles and Marsha were riding via automobile past the Nix homes when their car ran over the copperhead, a member of a class which are reputed to be much more dangerous than "ole buzz-tail" rattlers and which now are crawling back to their winter lairs.

After having run over the copperhead, Mr. Johnson and Mr. Wilkins—their car at a halt—made sure of the kill by ston-

ing the snake into oblivion. "It was about two and a half feet long," Mr. J. D. Nix testified, while an assemblage of Nixes listened respectfully.

(The Eagle's Roy Lee Hill tried to horn in on this story by telling about a Mills County citizen who slew an ENORMOUS rattler between three o'clock and four o'clock the

other morning. On account of the hour of the episode, Our Mr. Hill considerably declined to identify the hero. For further information, please see Mrs. Will Kelsoe.

Mrs. Lonie Ross of Adamsville spent Monday afternoon with her cousin, Mrs. W. C. Frazier.

Mr. and Mrs. Albert and son, Jim, of Adamsville came Sunday for a visit with her parents and Mrs. Walter Simpson also visited her sister M. L. Knight and Mr. Her sister, Robbie Gibson, accompanied them their home for an visit.

If You Know Anybody Named Smith Here's An Ideal Present For Him

By H. R. EKINS

This is a bare-faced plug for a book written by a friend. It is printed without apologies and in hope it will help to sell a lot of books entitled "People Named Smith," by H. Allen Smith, who is a fine writing man as well as America's foremost Funny man—if that is a good name for a spontaneous humorist.

"People Named Smith," published by Doubleday and Company, Inc., reached my desk this week with the compliments of the author, who is known to everybody who likes to laugh because of such books as "Low Man On A Totem Pole," "Rhubarb," "Lost In The Horse Latitudes," "Life In A Putty Knife Factory," "We Went Thataway," "Larks In The Popcorn," "Lo, The Former Egyptian," "Three Smiths In The Wind," and "Desert Island Decameron."

H. Allen Smith, who was a

first rate newspaperman before he began writing good books that cheered the spirits of millions, has scored again in "People Named Smith," a book that has its full quota of humor but which also represents much careful research. It is excellent reading for anybody, regardless of his name. If you know somebody named Smith, you can please him or her mightily by giving him or her a copy of "People Named Smith." I loaned my copy to O. O. Smith of Barnes and McCullough in hope that after he reads it he will (1) buy a copy for each and every one of his relatives and (2) return my copy to me.

After Mr. O. O. Smith returns my copy of "People Named Smith" I will not lend it to anybody because I want everybody to order a copy of his own so that there will come into being a solid bloc of H. Allen Smith fans down here in the heart of Texas.

Important News Of New Laws On Social Security

Tom Crosson, representing the Austin office of the Social Security Administration, will be available for conferences at the Mills County Court House at four o'clock next Wednesday afternoon, October 11.

In announcing his impending regular monthly visit to Goldthwaite, Mr. Crosson said that he is especially desirous of interviewing all persons, 65 years of age and over, whose claims for old-age insurance payments were rejected previously because of insufficient periods of work in a job covered by social security.

Under the amended law, Mr. Crosson said, a worker who now is 65 years of age or over needs only six quarters of coverage acquired at any time since 1936 to be eligible for benefits.

All such persons are urged to file new claims under the new, liberalized social security law that was enacted by the Congress that adjourned recently.

Next Wednesday afternoon, Mr. Crosson will conduct his interviews in the District Court House.

Hillside Mission

By LIDA BYRNE

From now on, we believe, Christians are not going to be surprised about strange incidents taking place in heaven above and on the earth. Our Lord Jesus Christ mentioned some things which would occur before His return. In St. Matthew 24:7 He tells of "earthquakes in divers places." In Acts 21:19, 20 we read: "And I will show wonders in heaven above, and signs in the earth beneath, blood, and fire, and vapor of smoke. The sun shall be turned into darkness, and the moon into blood, before that great and notable day of the Lord come." In St. Luke 21:25, 26 we find: "And there shall be signs in the sun, and in the moon, and in the stars; and upon the earth distress of nations, with perplexity; the sea and the waves roaring; men's hearts failing them for fear, and for looking after those things which are coming on the earth: for the powers of heaven shall be shaken." In Psalm 107 we find these words: "Then they cried unto the LORD in their trouble, and he saved them out of their distresses."

Rev. and Mrs. Don Jones of Howard Payne College in Brownwood spent Sunday in Goldthwaite. Brother Jones led the singing at the First Baptist Church.

A great deal of time, thought and money is devoted to furnishing the home attractively. But its beauty can be destroyed easily and housekeeping can become a weary, thankless job when the home is poorly lighted.

In June of 1949 all stock was removed from the north pasture with plans to let this pasture rest until frost. Due to the dry summer and a grass shortage, this pasture had to be used before the deferment was completed. Little bluestem, side-oats gamma and other desirable grasses were beginning to seed but the livestock nipped these seed heads before they matured. In July of 1950 a complete deferment was again started on the north pasture. Before doing this a reduction in livestock was made. At present the deferred pasture is looking good. The native bunch grasses have made an excellent growth and small seedlings are now appearing. There is a fine seed crop present and most of these seed will shatter with the first frost. Mr. Hines is well pleased with the outcome of his deferment. He plans to use this pasture during the winter months when the grass is scarce in most of his pastures. Mr. Hines says he expects to defer other pastures in future years.

If you noticed that the leaves on the oak shinnery brush disappeared this summer on vast areas in this area, you were seeing the work of an insect

commonly known as asps. To an inquiry sent to the Entomology Department of Texas A. & M. Extension Service, James A. Deer, Assistant Extension Entomologist replied:

"The insects you sent in are larvae of the family Megaloptera and are commonly known as asps. Occasionally these pests occur in great numbers on all types of oak trees. Underneath the silky hairs which cover the insect are great numbers of tiny venomous spines which cause rather severe stings when the insects are handled. Since these insects occur on infrequent occasions, we have never had much occasion to attempt control."

Dr. T. C. Graves estimates that he had close to 1000 acres of shinnery that was affected by the insects. They completely defoliated one 400 acre pasture of brush that had been bulldozed for several years.

E. J. Drueckhammer, near Democrat, says that the asps appeared this year on his brush in large numbers. They were not noticeable last year, but did show up the two years before. Many other ranchers have had various experiences with the larvae of the family Megaloptera. Those who have watched the development of insects have seen a small white patch of wool grow larger and then turn to a tan color. In this tough oval cocoon the insect will fasten itself securely to the side of a twig and will hibernate for the winter.

High Blood Pressure

Hardening of the Arteries, pains in left arm and side were what Mr. Elmer Johnson, President of Harlingen State Bank, Harlingen, Texas, was suffering from in 1947. After taking four of the large size bottles of GARLEX he wrote us on Feb. 20, 1948, the following letter:

"Please send another bottle of GARLEX, Liquid Garlic, also send a bottle to my sister-in-law, Mrs. Hulda C. Dutton, 45 Atwater Terrace, Springfield, Mass.

"I have some good reports to make on the effectiveness of GARLEX used. Mr. Turner, Texaco dealer here, has taken two bottles and is much better, his blood pressure down about 60 points. A woman friend of mine in San Benito, who was in bad shape, is also very much better and her blood pressure is down considerably. This GARLEX, Liquid Garlic, works and you are doing a fine job of producing it for the benefit of those suffering from high blood pressure or heart trouble."

 worth fighting for and winning
 fer in the past against both
 economic and military chal-
 lenge, and I do not concede that
 they were any dearer to those
 who have fought and won be-
 fore then they are to us today.
 We shall win again, but not
 until we begin thinking straight
 through all the double talk we
 hear to the hard core of the
 problems that confront us; un-
 til we see clearly the course we
 must take; and until we act ac-
 cordingly."

This may be taken as advice
 to Southerners as to what
 course they shall follow. What's
 to be done about 1952? South-
 erners must "begin thinking
 straight through all the double
 talk we hear about "party loyal-
 ty," for example, to the hard
 core of the problems that con-
 front us." We must do this "un-
 til we see clearly the course we
 must take." And finally, we
 must "act accordingly."

Senator Byrd says that we
 must do this about everything.
 Surely, then, we must do it
 about the Presidency of the
 United States. To be sure, this
 applies to no specific course. We
 must think the matter through
 "until we see clearly the course
 we must take," and then we
 must act accordingly.

It is not our intention to sug-
 gest that Senator Byrd's speech
 was addressed principally to
 Southerners. It was addressed
 to the American people gener-
 ally, and the condition he de-
 scribed can be cured only by
 action of the American people
 as a whole. There was nothing
 sectional about that speech.
 Senator Byrd's description of
 our plight as a result of the
 courses followed by the admin-
 istration during the past five
 years was a description of the
 plight of the American people,
 and not of Southerners only.
 For example, he said:

"In these five years we have

"Show Texas To The West" Tour Great Success, C. C. Collier Says

C. C. Collier returned to Gold-
 thwaite last week after an ex-
 tensive trip with 107 other
 Texans that took them from
 Fort Worth and Dallas through
 the Rocky Mountain States, into
 the Pacific Northwest and Brit-
 ish Columbia, down the length
 of California into Old Mexico
 and back home again by way
 of Arizona and New Mexico.
 The purpose of the tour was
 to "Show Texas to the West,"
 and it turned out to be a mem-
 orable expedition, Mr. Collier
 said.

"Everything went on schedule.
 We saw beautiful country, great
 cities, wonderful farms and
 ranches, and we met many fine
 people," Mr. Collier added. "We
 had our own special train with
 us all of the way from the start
 of the trip until the end. The trip
 itself was well conducted and
 well planned and I believe that
 it was worthwhile in every way."

The "Show Texas to the West"
 tour was organized by the farm
 service department of radio

decidedly is not that of voting
 to perpetuate these conditions
 by supporting Harry Truman
 for a third term. For the whole
 logic of Senator Byrd's speech
 calls for a complete change of
 administrations at Washington.

"Yet," says Senator Byrd,
 "the President and our leaders
 are still insisting upon expan-
 sion of socialistic legislation—
 socialized housing, socialized
 medicine, socialized farming
 (the Brannan plan — which,
 if adopted, will destroy the
 free - enterprise system. The
 free - enterprise system upon
 which we depend cannot sur-
 vive in confiscatory taxes or
 debt, or state socialism."

Does not all this carry a special
 message to Southerners, who
 by their blind and stubborn
 support of the nominees of the
 Democratic National Conven-
 tion, election after election,
 have been full partners in the
 creation of this perilous plight
 of the nation? We think that
 it does, and we think also that
 the whole future of our coun-
 try depends upon their heeding
 it in time.

quandered the greatest pros-
 perity ever to come to any na-
 tion; the Federal Government
 has collected far more taxes
 than ever before; it has spent
 far more money on purely do-
 mestic civilian programs than
 ever before; it has spent far
 more money abroad than ever
 before, it has spent far more
 money for defense than ever
 before without achieving pre-
 paredness; and we have failed
 to curtail the greatest public
 debt any nation has ever
 known. In the past nineteen
 years our Government has been
 in the black only two. We have
 started deficit spending again
 in a large way, and it is very
 possible that our Federal budget
 may not be balanced before we
 go over the precipice of finan-
 cial disaster."

And with respect to all this,
 and to other particulars of the
 situation he enumerated, Sena-
 tor Byrd said:

"These are some of the things
 I have in mind when I say
 we had better start thinking
 straight and acting accord-
 ingly, for I assert without fear
 of contradiction that the Ameri-
 can democracy — all of the
 things that make it and all of
 its beneficence—stands today in
 the hour of its greatest peril. If
 we don't recognize it it's be-
 cause we haven't thought about
 it. If we haven't thought about
 it then our civilization is void
 of its vaunted intellect. If we
 aren't told about it then our
 leadership is criminally negli-
 gent."

No, none of this was address-
 ed by Senator Byrd to South-
 erners specially. It was all ad-
 dressed to all the American peo-
 ple. But the point is that
 Southerners are part of the
 American people, and a consid-
 erable part. In fact, in this mat-
 ter, they are the part that holds
 the balance of power. If they
 ignore this call to "begin think-
 ing straight through all the
 double talk we hear to the hard
 core of the problems that con-
 front us," if they fail to "see
 clearly the course" they must
 take and to act accordingly,
 then the outlook is indeed dark.

If Southerners do think
 straight through all the double
 talk (especially the double talk
 about "party loyalty"), they
 must come inevitably to see that
 the course they must take most

 marked by an offering to the

 was "Because I Live," with all

Eagle's Eye

(Continued From First Page)
of a Hallowe'en without vandalism, the Eagle hereby offers a First Prize of substantial proportions for the best-costumed marcher in the Square on Hallowe'en—the Judges to be County Judge Lewis B. Porter, Scoutmaster Charles Conrad, and Mrs. Fred Reynolds, President of the Goldthwaite P.-T. A.

Unless we do make Hallowe'en into a festive occasion with a parade of youngsters in costume, we can look forward to a bad night. Kids, full of vitamins, pep and malicious animal magnetism, already are planning their own Hallowe'ens, and the news is bad for grown-ups. It will be no trick at all to make the news good for everybody. The night before Hallowe'en the Cub Scouts will gather at the Delton Farnett Ranch for their "Westward Ho!" Pack meeting. For Hallowe'en, they can turn out whole squads of cowboys and Indians.

In every home in Goldthwaite that shelters a child—God bless 'em—there are costumes galore. If we adults put our minds to it, we can enjoy ourselves on Hallowe'en, make it different from past Hallowe'ens, and still let the little gawd-awfuls have a good time.

I propose that on Hallowe'en we turn the Square over to supervised small fry—that in homes we have treats ready as an antidote to tricks—that we make Hallowe'en a community affair full of fun for everybody. From past experience, I know it will work. I know, also, that if we leave Hallowe'en to the youngsters without adults in on the deal, it will be a very, very unhappy night for fraid and sleepy-eyed grown-ups on the morning after.

These suggestions are tossed out in full warning that after Hallowe'en, and if the adults do not come through, the Eagle will have little sympathy if the Court House is found atop the First Methodist Church. I believe that all of us, together, can make Hallowe'en a lot of fun—or we can run the risk of the consequences of the dire happenings that right now are being planned by the generation of the future that we happen to harbor in our midst.

Luther Jernigan went to Rock Springs on business last week.

Leonard Archer Announces Contest

Leonard Archer is out to make everybody "A" conscious during the next two and a half months. In his advertising, on goods for sale in his store and on his printed matter generally, he will, from time to time, make the "A" in Archer Grocery larger than the other letters in the two words.

The idea is that the youngster who collects the most of such printed matter containing his big "A" will win a bicycle on the night of December 23. In addition to the bicycle, which comes from V. C. Bradford's Western Auto Associate Store, there will be a modern air rifle for the boy taking second place and a doll for the second place girl in the contest.

Between now and award time on December 23, the bicycle, the air rifle and the doll will be on display—at Archer Grocery, of course.

Skunk Is Pretty But Sure Stinks—Phil Nickols

This is the true story of a pole-kitty—skunk to you—and Phil Nickols, age 2, the son of Mr. and Mrs. Phillip Nickols who, in one way or another, are identified with a certain Cinema Palace in Goldthwaite.

Last Monday morning "Miss Melba" was officiating over the family laundry when Small Phil tugged at his Mommie's apron strings and said: "Look, Mamma—look!"

Mamma took her own sweet time about looking and, when she did, there was little Phil beside the washing machine with a wood pussy at his side. "Yoiks," screamed Miss Melba, and the pole cat took off for a stone wall on the Nickols estate. There young Phil's newly-acquired pet remained until Daddy came home, got a gun, drew a sight on the varmint and shot it—dead.

That was when Small Phil came back into the picture. He summoned his Mommie, pointed to the carcass, and said: "Pitty, Mommie—it's a pitty kitty; but it stinks."

Preferred by a "heap" of folks

You can't blame folks for insisting that their children wear Star Brand shoes. Made with all-leather counters, insoles and heel bases, they sure do give a "heap" of wear and protection to young feet. That's a bargain at twice this price.
