## Busy Week For Firemen Both In And Out Of Town

Chief Jack Reid and the Goldthwaite Volunteer Fire Department had a busy week, what with three fire alarms on Thursday of last week and another in the early hours of Tuesday morning.

Last Thursday the Fire Department was summoned in mid-morning by C. H. Evans of North Fisher Street where a shed in the rear of the Evans home was on fire. At the time, a brisk wind was blowing. Electric wires which hung low over a metal ridge pole along the roof of the Evans shed were blown back and forth until the insulation wore off, thereby causing fire in the shingles.

Prompt action in calling the Fire Department and the efficiency of the firemen upon arrival made it possible to confine the damage to a small area of the shed.

On the same day, last Thursday afternoon, the Goldthwaite Volunteer Fire Department answered calls to two grass fires—one on property owned by Sam Henry Rahl south of Goldthwaite, and the other on property owned by A. L. Hardgraves in the Chappell Hill community. Chief Reid said ruefully that the alarm caused by the Hardgraves fire sounded at the same time that the firemen were putting out the flames on the Rahl place.

"All the same, we answered both alarms and we put out both fires," Chief Reid said.

(A further account of the fire in the Hardgraves pasture is to be found in Pearl Crawford's Chappell Hill column in this week's Eagle.)

About 2:30 o'clock last Tuesday morning, when the temperature was down close to the 20's, the Goldthwaite Fire Department was called to the Ben Massey home, in the eastern portion of Goldthwaite, where fire was smoldering in a divan. Chief Reid said that damage was confined to one room, in which the divan was burned and another piece of furniture, a highboy, was damaged.

## Paving Finished On New Roadway To Hannah Valley

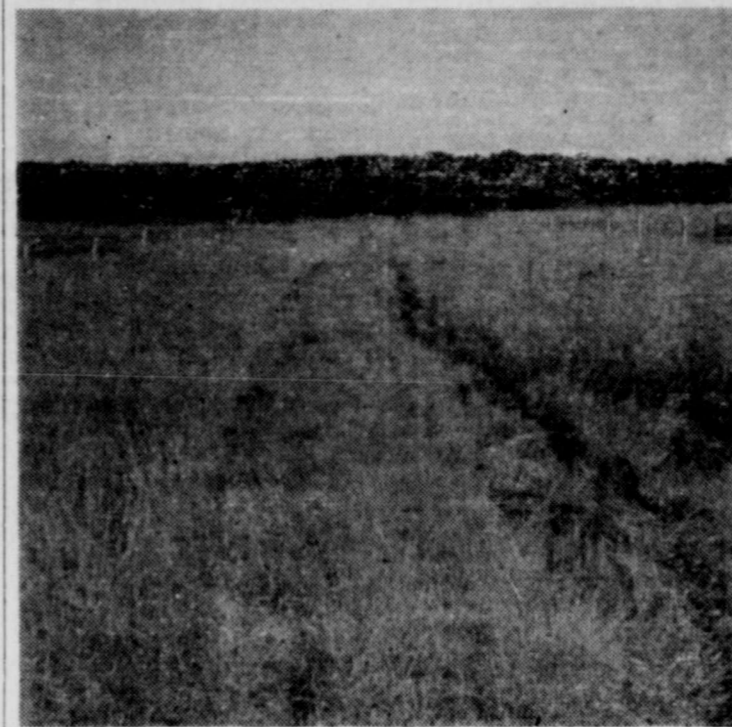

Paving of the newly extended and widened Hannah Valley Road — farm-to-market road number 574 — was nearly completed as the Eagle went to press this week. It was expected that the asphalt would be down before the week was out, according to an announcement by County Judge Lewis B. Porter.

Contract specifications were changed so that winter asphalt might be used to surf the Hannah Valley Road as well as the new Bozar or farm-to-market road number 1018. It was estimated that with the paving completed on farm-to-market road number 574, driving time to Jones Valley (Rattler) and the Ridge and Ebony areas would be about cut in half. Scenically, the drive westward is well worth the trip if you are looking for some place to go and enjoy the countryside at the cost of only a little gasoline.

Thursday of this week was Thanksgiving Day in Goldthwaite with the Trent State Bank and business houses closed. The Post Office planned distribution of mail and window service from ten to eleven o'clock in the morning—but no delivery service on rural routes

## Ranchers Work With Soil Service To Build Waterways And Terraces

WATERWAY INTO WHICH TERRACES EMPTY

By BEN R. DAY

Five farmers cooperating with the Brown-Mills Soil Conservation District are constructing terraces this season to empty into waterways that were prepared and seeded to grass as long as three years ago. In developing their conservation plans, these farmers recognized their problem and made arrangements to shape the waterway and get it seeded to perennial grasses.

It took a lot of foresight and planning on the part of Edwin Drucekhammer to plow up a strip of wheat last year, 50 feet wide at 1500 feet long to shape a waterway. With the assistance of Paul Koshi of the Goldthwaite work unit, Edwin seeded the waterway to KR bluestem in April. By fall, it was evident that he had a good stand, but Edwin delayed his terrace construction for another year. In the spring of this year, he built his diversion terraces above the fields. He harvested grass seed from the waterway in October. This month, Commissioner Henry finished construction on two miles of terraces which empty into the vegetated waterway. Edwin extended the terraces in one field so that they

## Now Washington Asks Earl Summy Is It Spelled Mullin Or Mullen

Is it MULLIN or MULLEN? County Clerk Earl Summy wants to know. Why? Because Mr. Summy has received an official communication from Joseph J. Lawler, Assistant Postmaster General, Washington, D. C., and in that communication Mr. Lawler wants to know if it is MULLIN or MULLEN.

Mr. Lawler wrote to Mr. Summy as follows:

"Dear Sir: The question has been raised as to the proper name for the town served by the Post Office at Mullin, Mills County, Texas, whether the name should be MULLIN, or MULLEN, as used by the Post Office.

"It would be appreciated if you will consult the County records and determine the name under which it was incorporated.

"Sincerely yours,  
Joseph J. Lawler,  
Assistant Postmaster General."

Mr. Summy is able to write that in 1901 "it" was plotted as Mullen but in 1912 "it" was incorporated as MULLIN.

There is, however, some doubt

## Eagles Forfeit 1950 Victories—Voluntarily

Voluntarily, and despite an open question arising from interpretation of the rules of the University Interscholastic League, the Goldthwaite High School Eagles have forfeited the games they won during the 1950 football season.

The question arose over the eligibility of Tackle Charles Miles. At a meeting last Monday night in Llano of District 22-A, the District Chairman, A. K. Krause, Superintendent of the Fredericksburg schools, complimented Goldthwaite Superintendent H. E. Patton, Coach Carl Knox and Assistant Coach Jack Locklear on Goldthwaite's sportsmanship, fairness and demonstration of good faith.

In 1949 Miles transferred to the Goldthwaite school from Star, where he had played six-man football. After a brief period of attendance in 1949, he dropped out of school but remained a resident of the Goldthwaite Independent School District, living with his brother. He did not attend any other school nor did he play football for any other team while he was out of school.

At the start of the 1950-1951 academic year, Miles enrolled again as a student in the Goldthwaite High School and since he had been a resident of the Goldthwaite Independent School District for more than a year, as required by the Constitution and Rules of the University Interscholastic League, he was considered eligible to play with the 1950 Eagles.

Last November 10, without protest and merely raising a question, a Burnet official inquired as to the eligibility of Miles in view of the fact that while a resident of the Goldthwaite Independent School District, he had not been a Goldthwaite High School student for a year. At once, Superintendent Patton and Coach Knox consulted Dr. Ray Williams of Austin, the Athletic Director of the

## Willis Hill Made Chairman Of Best Soil Conservers

A new honor was conferred on Willis A. Hill of Rt. 2, Goldthwaite, on Tuesday of last week when he was elected Chairman of the Board of Supervisors of the Brown-Mills Soil Conservation District.

J. H. Priddy of Priddy was elected Vice Chairman of the Board. W. M. Hancock of Zephyr was elected Secretary and the newest member of the Board, Anson Oden of Rt. 1, Brownwood, was elected Treasurer.

At the meeting at which Mr. Hill was elected to the Chairmanship, the Board of Supervisors voted to purchase five combination grain drills for use by soil conservation groups in the Brownwood and Rising Star Work Unit areas.

Paul Koshi, Range Conservationist attached to the Goldthwaite Work Unit, exhibited at the meeting stereoptical slides depicting conservation practices in the area of the Goldthwaite Work Unit, of which Ben R. Day is the Chief.

Mr. Hill, the new Chairman of the Board of the Brown-Mills Soil Conservation District, and J. H. Priddy, the new Vice Chairman, are pioneers in achieving cooperation among ranchers and farmers and the technicians of the Soil Conservation Service of the U. S. Department of Agriculture.

that the 1950 football season has ended this column extends sincere congratulations to the Goldthwaite High School not only for the improvement that they showed during the season, but for the way they played and the sportsmanship which most of them showed in the face of the disappointment that resulted from forward-non games in District 22-A.

extend with equal admiration to Superintendent of Schools H. E. Patton and Coach Carl Knox and High School Principal Jack Locklear who is Assistant Coach. It is a hard life when it is necessary to demonstrate faith in the face of a debatable question over the eligibility of Charles Miles, but to maintain credit, Mr. Patton and Coach Knox acted voluntarily and in an extremely difficult situation.

Mr. Patton and Coach Knox and Locklear set an example for all of the Goldthwaite High School, but they brought to Goldthwaite as a team from other places in District 22-A. They might well have played Charles Miles both the Llano Yellow and the San Saba Armada and argued about his status during the season ending did not do that. In substance, with neither protest, they refused to play Miles and addressed a letter to all teams in the District for the games that the team won.

I am absolutely convinced of the good faith with which Miles was played as a member of the Eagles, there is no doubt about his eligibility. The purpose of the Interscholastic League is to prevent any taint of action in the recruitment of players for high schools. The rules are intended to defeat the practice by interested sponsor of a football player from one school district for the gridiron prowess of another and never in any question of rule in the case of Charles Miles.

story in this week's Eagle, Miles first enrolled at Goldthwaite High School. He had come from Star, Texas, where he had been in six-man football for a brief period of time at the Goldthwaite school, he dropped out of school, but continued to reside in the Goldthwaite Independent School District, while he was off to the Goldthwaite High School to play football for the first time. Last September he enrolled as a student in the Goldthwaite High School and he played football.

It would take a whole column of Philadelphia lawyers to discuss on Back Page.)

THANKSGIVING AND FREEDOM

Most Americans who trace their ancestry back to Europe have a common background. At some time or other during a span of more than 400 years, our forebears came to this land to escape tyranny or to find opportunity for better lives for themselves and their families. We were thinking of that as this Thanksgiving of 1950 approached and we were hopeful that at a season, set aside for the expression of gratitude, enough Americans would recognize and accept anew the responsibility each of us has to preserve freedom in the highest form of the ideal that it represents.

To exist, freedom has to be for everybody. If one man claims it for himself and denies freedom to others, then he nullifies the entire ideal. We have been threatened by persons who disagree with our honest opinions and such threats make us sad, because we think they are contrary to the ideals and the philosophy that made America. A person who demands for himself rights and privileges that he would deny to others is a person, we think, who ought to take time out for study of totalitarian ways of life and the enslavement into which they have led millions of people.

Only last week we were told that this newspaper would suffer loss of business unless, editorially, it followed the political ideas of the man who made the threats. That, of course, was an attempt by one man to deny freedom to another man. Specifically, it was prejudiced disagreement with an expression of sincere belief that the two party system of government is the true basis of the American Republic. Despite the threat of economic pressure, we continue to believe that so long as Americans are loyal to the ideals and principles on which this Republic was founded, they have a right to differ with those who wear an opposing political label.

The world now is divided into opposing camps. One is composed of men who insist on retaining the freedom that they have come to regard as their birthright. The other is composed of the men who have enslaved their fellow-men and who are so fearful of freedom that they want to crush it wherever it exists. We, who are in freedom's camp, cannot talk out of both sides of our faces at the same time. Either we respect the right of others to differ with us, or we demand freedom only for ourselves—which is the totalitarian way. May those who are thoughtless in their concepts re-examine the American way at this time of Thanksgiving. For there is nothing for which we can be more thankful than our proud heritage of freedom.

So far as the threats against the independence of this newspaper are concerned, we insist that the American press remains free because the men who, down through the years, have been responsible for it, have resisted intimidation and have been willing at all times to say that cash-register pressure against them was out. In so many words, we put this into the record:

A Republican in Mills County is just as good an American as a Republican in Vermont or Ohio or Alabama.

We are not Republican, but we do believe passionately in the two-party system of government and we have nothing but loathing for those who disgrace the very word American when they say: "You must think and vote as I think and vote—or else."

We believe that ignorance and prejudice defeat progress, and that those who persist in groveling in their ignorance and prejudice serve themselves and their fellow-men poorly.

We believe that any man whose idea of freedom is that the other fellow must speak exactly as he speaks has no idea at all of the meaning of freedom or of the philosophy that breathes in the very word for which men have fought and died ever since the human-being was able to think of himself as endowed with dignity, an individual spirit and his right to think beyond the herd.

We are ready and willing at any time to sit down and talk with those who differ with us on a reasonable basis in recognition that only as men exchange ideas intelligently can they grow and reach understanding and arrive at conclusions that will be of most benefit to the most people. But we shall fight with every sinew we have against those who may try—as has been tried right here in Goldthwaite—to restrict one of our most precious freedoms, a free press, by intimidation and the threat of the use of so foul a weapon as economic boycott.

At this time of Thanksgiving—a festival that originated in New England—we are not thankful that we have among us those who demand for themselves rights and privileges that they would deny to others.

Editor's Note: Representative O. C. Fisher now has returned to his 21st Texas Congressional District following an extensive tour of Europe that he made as a member of the House Armed Services Committee. Although Congressman Fisher is back home again, he wrote the following article from the Middle East, where he visited both Turkey and Iran.

Turkey takes pride in two significant accomplishments this year—one, the first really free election ever held in the country and, two, the beginning of a return of most industries from state ownership back to private enterprise. The party demanding a de-nationalizing of industry won 395 out of 487 seats in the unicameral legislative body. It rarely ever happens—turning away from socialism once a country gets stuck with it.

Turkey sent 250,000 tons of chrome to the United States last year—38 percent of the U. S. supply. Through ECA and technical help, the annual chrome production should reach 500,000 tons by 1953. The Turks have some of the largest deposits of metallurgical chrome in the world, and we are heavily dependent upon imports.

Tehran, the capital of Iran, is a rather thriving Middle Eastern city of a million people, yet has no water system, no sewer system, and has only 5,000 telephones. The cost of living there is 900 percent above prewar.

There's a very large Texas colony in Tehran, composed of 40 people according to the last count. In fact, they have a "Texas Embassy" and an "Ambassador"—P. L. Hicks, Isthman Steamship Co. representative. Hicks' wife is the former Nettie Schneider of San Angelo. She is a sister of Mrs. Charles Harper and Buddy Schneider who works for Hemphill-Wells.

Other Tehran Texans include Mrs. James R. Pierce, of El Paso, whose husband, Col Pierce, is Chief of the Tehran Gendarmerie (State Police) Advisory Commission.

Speaking of Tehran, the people are still talking about the Big Three (Roosevelt-Churchill-Stalin) conference which was held there in 1943. Three of the main boulevards in the city are named Roosevelt Street, Churchill Street and Stalin Street.

Embassy attaches recall that President Roosevelt spent the first night in the American Embassy, but for security reasons was moved to the Russian Embassy where he lived during the remainder of the conference. The British Embassy is across

Mrs. Etta Grundy expects to go to Hawleys, Matagorda County, Monday to carry Mr. Pierce's little daughter, who has been cared for since the death of her mother by Mrs. R. M. Thompson.

J. A. Curtis of Ratler had business in this city the middle of the week.

I. N. Ward of near Center City this week ordered the Eagle sent to his son-in-law, E. F. Blunt, at Miller Grove, Hopkins County. He has hopes that Mr. Blunt will move to this county and we certainly hope he will, if he is anything like as good a man as Mr. Ward.

The Eagle's Aer

By The Editor

As a news story on page one of this week's Eagle reports, Mills County Clerk Earl Summy has been doing some research into the question of how to spell Mullin (Mullen). The issue was raised by Joseph J. Lawler, Assistant Postmaster General, Post Office Department, Washington, D. C.

Ever since he came to these parts the editor has been puzzled by the same question that now bothers the Great White Father in Washington. So, while County Clerk Summy had his nose in the records at the Mills County Court House, our Misses Ruth Ervin and Earlene Nix did some research in the Eagle office with the horse work that digging in the files required done by Arnold K. Kelly.

The editor saw Mullin or Mullen for the first time last February. He was about to buy the Mullin Enterprise but out there in Mullin he discovered that it was spelled Mullen on the railroad station. Further, one of the signs on one of the approaches spelled it Mullin while a highway sign on another approach spelled it Mullen. At the time the editor wrote the confusion off as a typical example of Texas individualism. One of the many distinguishing marks of a Texan is that he spells Proper Names anyway he happy well pleases. That is one of the inalienable rights of an individual and of which Texans have taken full advantage. A person has a right to spell his name and to pronounce it just as it suits him.

But now comes Joseph J. Lawler, the Assistant Postmaster General of the United States. In his letter to County Clerk Summy, written on November 13, 1950, he wants to know whether it is Mullin or Mullen. The upsetting part of Mr. Lawler's letter to Mr. Summy is that he does not say why he wants to know or who in the vast, sprawling bureaucracy of the Post Office Department raised the question at this late date.

The people who live in Mullin or Mullen seem to be happy no matter how you spell it. We have sent letters addressed to persons in both Mullin and Mullen and they have been duly and promptly delivered by Postmaster Ernest Lynn Fisher.

County Clerk Summy's idea is to de-confuse the Assistant Postmaster General. The editor hopes that Mr. Summy will be certain to take into consideration the fact that the Southwestern States Telephone Company, in its latest directory, spells it Mullin on the cover but makes it Mullins over its alphabetical list of subscribers in the book. Then, on the same page, the Southwestern States Telephone Company proceeds calmly to spell it Mullin when it comes to the High School listing.

Further research into the attitude of the Southwestern States Telephone Company in this raging controversy shows that in its official toll book, in the alphabetical list of stations, the telephone company spells it

the street from the Russian, and the two could be guarded better, whereas the American Embassy was some blocks away. The conference itself was held in the Russian Embassy.

Denmark holds 4th of July celebrations each year, continued on page 11)

Mullen. The editor went to Charles Frizzelle in a try to determine whether Southwestern States Telephone Company could make mind about Mullin, Mullen.

The editor welcomes the emergence of the Southwestern States Telephone Company controversy because it offers an opportunity to get out that in the current phone directory his own is mis-spelled. Mrs. Frizzelle is the boss of telephone hereabouts, blames that hereabouts, blames that hereabouts, blames that hereabouts, she promptly explained that Mullins on page 11 of the directory as a printer's error. (Please note that the editor does NOT print the telephone directory.)

After having whitewashed Southwestern States Telephone Company so well that he ought to get a raise, Frizzelle got to thinking about ways to spell Mullin or Mullins and came up with this: "A is responsible! Women like monotony. That there are so many variations of the spelling." Mrs. Frizzelle would NOT say which would be responsible. But well may be something of an idea.

When last interviewed course of the latest stage research, Mr. Summy had that on September 6, 1950 an affidavit on the plot had been filed by Cox and notarized by Anderson, it was spelled Anderson. At the time, Whit Smith County Clerk.

Comes now November when, according to the watched over by Mr. Mullin was incorporated, right, it was Mullin when town was incorporated, full disregard of the fact was Mullen when the town was incorporated. R. J. Atkins County Clerk and W. B. now of the Sheriff's office his Deputy.

Our Misses Nix and thus far have done nothing to add to the confusion. The position that the Enterprise, which was in 1902, always spelled Mullin. So far as the yellow files show, this newspaper before it was consolidated the Enterprise, also spelled Mullin. As this column is written, however, the had before him a copy Mountain Eagle, dated 3, 1895, and the Mountain spelled it MULLIN with n or having about it.

It seems to the editor the old-timers in Mullin to be heard from. He had ed County Clerk Summy the reply to the Assistant master General goes too soon, then still another will be necessary after returns are in from the timers in Mullin or Mullen.

Please write in your pen Mullin and Mullenites whom was your town? How did HE spell it? If you Mullen once, what happens make it Mullin, and what the change come about? It now—is it Mullin or Mullen? Remember, the Great Father in Washington will know.

## Frances Simpson Takes Vows

With Neal Hamilton November 4th

Frances Simpson and Neal Hamilton were married at the home of the Rev. C. M. Head in the City of Dallas on Saturday, November 4, at 6 P. M., in a religious ceremony. ## GHS Class Of 1948 Plans Third Annual Reunion At Hangar Friday

A dinner reunion of the Class of 1948, the Goldthwaite High School, was scheduled for Friday night of this week at seven o'clock at the Hangar. Plans provided that at the close of the dinner the G. H. S. Song would be sung under the leadership of Miss Norma Sue Ross of San Marcos. At the reunion, former school mates and friends, many of whom have not met in two years, will renew their friendships. Many were expected to come to Goldthwaite for the reunion from distant points in Texas and, fortunately, Richard Sealy Reid United States Navy, is home from the Korean war theater on furlough. Sealy survived the sinking of his ship, the U.S.S. Pledge in a mine field.

Any speeches during the evening would be extemporaneous, Miss Nix said. For the most part, the "speeches" would provide opportunities for members of the Class of 1948 to tell of their activities since they were graduated from the Goldthwaite High School. "After dinner there will be conversation and dancing," Miss Nix said.

## FHA Girls Work For Their Money And Still Find Time For Beaux

Future Homemakers of America Week, which was observed in Goldthwaite last week in accordance with a proclamation by Governor Allan Shivers, ended on Saturday when a bevy of busy members of the FHA Chapter at the Goldthwaite High School went to work to earn money for their Treasury.

Before the FHA girls went to work on Saturday, however, they had taken time out on Thursday of last week to nominate the candidates for election as FHA Beau in Goldthwaite.

The FHA Beau candidates are: Gary Head, Freshman; Wayne Perry, Sophomore; Vernon Whitley, Junior; and Alvi Doyle Roberts, Seniors. There will be more on that subject later as the contest to select the FHA Beau continues.

Last Saturday was "Hobo Day," and Miss Myrlene Reynolds reported that at least 14 girls went to work doing odd jobs and earned at least \$17.00. More girls may have worked and more money may have been earned because it was not certain that the final returns were in when Miss Reynolds issued her report.

The girls dusted furniture and venetian blinds, they washed woodwork and windows and they washed screens and dishes. They mopped and waxed floors, ironed, baked cookies and did housework generally.

At the Eagle office, Miss Reynolds and Miss Ann Dellis washed venetian blinds and scrubbed woodwork and it was noted by all of the members of the staff that from the time they started until they went off to iron rompers for Mrs. Philip Nickols, they wasted not a minute and took no time out for cokes or conversation. They are recommended highly.

**"WHAT D'YA MEAN... MORE PAYLOAD?"**

**DODGE "Job-Rated" trucks GIVE IT TO YOU!**

**IT'S A MATTER OF better weight distribution**

You can haul more payload than ever in a Dodge "Job-Rated" truck, because the load is better distributed. Most trucks carry too much of the load on the rear axle—too little on the front. Because the engine of a Dodge "Job-Rated" truck is moved forward and the front axle back, both axles carry the right proportion of the load. That means you can haul bigger payloads without overloading.

**NOT THIS** The payload on most trucks—like the girl in this boat—rides too far to the rear. Result: there's too much weight aft, not enough forward.

**BUT THIS** In "Job-Rated" trucks, the load is moved forward—as the girl is now positioned. Results: proper weight distribution—bigger payloads—easier handling.

### Goldthwaite Boy Scout Troop Style For Early Breakfasts

Goldthwaite has a new troop of Scouts with Ben R. Day as Scoutmaster.

U. S. Soil Conservation Service Scoutmaster.

Saturday morning, nine members of the troop and four adult leaders had breakfast together — breakfast had been cooked in and on the camp. Each Scout and Scoutmaster had his bacon and eggs fried on a coffee can, toast bread over an open fire and served his hot chocolate in the bottom of the can.

The new Scout Troop, which was chartered by the First Methodist Church of Goldthwaite, held "early bird" meetings Saturday morning at 6 o'clock. Meeting times had changed, however, in the past because of inclement weather.

Those who have been enrolled in the new troop are Conrad Phillip Edgington, Billy Beckham, James Nickols, Day, Rellis Earl Worley, Edna Vaughan, Ronald Beckham and Bobby Booker.

Beckham is the Assistant Scoutmaster.

### Hillside Mission

By LIDA BYRNE

Some people shun the idea of fire in judgment when the Bible plainly tells us of such punishment for ungodly people. Second Peter, chapter 7, verse 3 says: "But the heavens and the earth, which are now, by the same word are kept in store, reserved unto fire against the day of judgment and perdition of ungodly men."

### Revival Starts At First Baptist Church Here Next December 3rd

Revival services will be conducted at the First Baptist Church in Goldthwaite from December 3 through December 10, it was announced this week by the Rev. J. T. Ayers, Pastor.

Brother Ayers said that the services will be conducted by the Rev. M. M. Harris of Devers, near Houston.

Brother Harris was graduated from Baylor University and from the Southwestern Baptist Theological Seminary at Fort Worth. He has been in his present Pastorate for some two years. In announcing the forthcoming series of revival services, Brother Ayers said:

"I have been associated with

Brother Harris in the past in revival work. Also, we were Pastors in the same County for two years. I know from this association that we have a capable, consecrated man coming to do our preaching."

Music for the revival services will be conducted by the Rev. Don Jones, Assistant to the Pastor of the First Baptist Church.

In the bulletin of his Church, Brother Ayers last Sunday wrote that "a revival of religion is the hope of our land. . . . Our nation has been strong because those who have gone before have rooted and grounded their lives in Biblical truths. . . ."

### Uncle Holland Has Answer To Weather

Uncle George Holland Frizelle, while standing on the Trent State Bank corner under a cloudy sky the other day, was asked: "Is it going to rain?" Uncle Holland replied "Yes," without qualification. Then he was asked: "When is it going to rain?" With that impish grin that is part of the reason that "Fesser" has so many friends, he shot back: "It is going to rain right after this dry spell."

Whichever way the wind doth blow  
Some heart is glad to have it so.  
And blow it east or blow it west  
The wind that blows, that wind is best.

Quite a lot of folks say they just don't like this windy weather.

It is getting quite dry at present. Many of the tanks and water holes are drying up. Most everyone around here has had to depend on windmills for water for stock. It would be grand to see water tanks running over. Yes, it is so dry it is getting very dusty.

A. L. Hardgraves had a pasture fire at his ranch on Thursday afternoon of last week. Most all of the neighbors responded to the emergency and gave Mr. Hardgraves a helping hand. And the Goldthwaite Volunteer Fire Department was summoned to help fight the fire. There was quite a bit of damage to grass and timber. We are happy that no buildings were burned and that no livestock suffered hurt.

After the spell of cold weather we thought that all of the snakes had returned to their winter lairs but late on Wednesday afternoon Tom Stevens and Edwin killed a large rattlesnake with eight rattles near their house. The same afternoon, Bill Partin killed a rattler with nine rattles in the Rodger Smith back yard while he was plowing near the Smith house.

Lewis Eubank called at the B. J. Crawford home on Tuesday of last week and picked up some cotton for G. H. Crawford. Lewis and his father returned to the Crawford home Thursday with a nice mattress for G. H. Crawford.

Bill Partin finished breaking his land on Thursday of last week.

O. A. Evans says he does not have all of his grain planted as he decided to sow all of his farm in small grain.

We were sorry to hear that George Denman has been so sick. We wish a speedy recovery for Mr. Denman.

Mrs. Tom Stevens visited her old neighbor, Mrs. Blanche Barton, at Goldthwaite last Monday.

Mr. and Mrs. Roger Smith went to Goldthwaite on business on Tuesday afternoon.

Mr. and Mrs. C. M. Bramblett were in town on Friday. Mrs. Bramblett said that she and Mr. Bramblett were feeling fine. We

### Funeral Services Held Wednesday For John R. Hill

John R. Hill, who had lived in Mills County for most of his life, died last Sunday of a heart attack. He was 68 last February 14.

Funeral services were conducted last Wednesday afternoon at the First Baptist Church in Goldthwaite with the Rev. J. T. Ayers, Pastor, officiating. Interment was in the Goldthwaite Memorial Cemetery with arrangements by the Fairmen-Wilkins Funeral Home.

Mr. Hill was a native of Collins County but he moved to Goldthwaite at a very early age. In 1904 he was married to Nora Elizabeth Karnes. Their children, all of whom survive, are: Oleta Lilley of San Angelo, Lucille Burks of Goldthwaite, Ina Mae Sherrill of Hot Springs, New Mexico; Lorraine Williams of San Angelo, and John Hilton Hill of the United States Marine Corps. He is now stationed at Camp LeJeune in North Carolina.

Mr. Hill also is survived by five grandchildren, three great-grandchildren, three brothers, George, Charlie and Will; and one sister, Mrs. Carrie Dupree. Mr. Hill was a member of the First Baptist Church and of the Downtown Men's Bible Class of Goldthwaite.

Both Mr. and Mrs. Shirley are students at Howard Payne College.

### Basketball Plans Made At District 22-A Conference

Plans for interscholastic basketball competition, in which both boys' and girls' teams representing the Goldthwaite High School will participate, were made at a meeting of the officials of District 22-A that was held in Llano last Monday night. For Goldthwaite, the meeting was attended by Superintendent of Schools H. E. Patton, Coach Carl Knox and High School Principal Jack Locklear.

At the meeting, Von Rhea Beane, the Principal of the Lampasas High School, was elected Chairman of Basketball for both girls and boys. It was decided, also, that District meets will be held in Llano and that Superintendent of Schools Brown of Llano will be the Director-General.

Upon his return from last Monday night's meeting in Llano, Mr. Patton said that under plans for the forthcoming interscholastic basketball season, the girls will play a double round robin—the same as the boys. The games by the girls will be played on the same nights that the boys will play.

HILGE NESS

In recent months much has been written of amazing new developments in the forestry field through the breeding of hybrid trees, producing a fast-growing, vigorous new tree in much the same manner as scientists have produced hybrid corns and other valuable new plants. Success in this field would revolutionize forestry practices. Thirty years ago a little-known Texas scientist working on the A. and M. campus produced hybrid oak trees which are campus landmarks today. This pioneering opened up an entirely new field which is now coming to the attention of the world. Hilge Ness, who produced hybrid oaks by crossing the overcup oak and the liveoak, was chief botanist of the Texas Agricultural Experiment Station and professor of Botany at the college for many years. He joined the staff in 1889, after graduating from Texas A. and M., and served until his death in 1928. A distinguished scientist, he had great influence as a teacher and researcher, and made valuable contributions to Texas agriculture through the production of many useful new plants, one of which was the Nessberry, a cross between the dewberry and raspberry, which still bears his name.

A bright, new windmill was turning merrily over the new P. R. Reid well as we passed going to town Friday.

We are still in the grip of the drouth. And there are no autumn tints in this vicinity this year. That freeze we had just killed the leaves dead. Also every leaf of the wax ligustrums was killed.

Mrs. Hattie Whittenburg spent the weekend with Mr. and Mrs. Jack Williams at Indian Creek.

Mrs. Fred Crawford of San Antonio spent a few hours with her parents, Mr. and Mrs. Stanley Reeves Friday. She was accompanied by Mrs. Maverick of San Antonio.

Mr. and Mrs. Henry Egger of Regency visited with the Cecil Eggers Sunday.

Mr. and Mrs. Blue Thompson gave the Brileys a bright, happy surprise visit Sunday night.

Gene Egger, Cecil Egger, Henry Egger, Arle Egger, and Dale Reid all went hunting last week down in the Llano country. Gene got two bucks, a four point and a ten point. Henry Egger and Dale Reid each got a buck.

Mr. and Mrs. J. R. Reeves and Sherry and Robert of Owen came to visit her parents, Mr. and Mrs. Blue Thompson, Monday. They came to help celebrate Mr. Thompson's birthday. They found him in the river bottom thrashing pecans. Granddaughter Sherry walked up under the tree and sang "Happy Birthday" to him, but he was so far up in the tree and so hard at work, he did not notice how he was being honored.

Mr. and Mrs. Don Lewis and baby, Doretha Marie, of Fort Worth spent the weekend at the Thompson home.

Mr. and Mrs. Charles Griffin and Henry went to Evant Sunday to see about Mrs. Griffin's uncle, Jim Singleton, who was hurt in a recent car wreck.

Cecil Egger had to go to the doctor with his hand Saturday. He got it hurt over a week ago in the hay baler.

Mrs. Edna Dwyer hears from the Austin Caywers at Orange that they will be by Saturday to spend the night on their way home from the State Teachers' Association at San Antonio.

Miss Doris McIntosh of Brownwood was a guest for supper at the home of Mrs. Effie Egger and Clayton Saturday evening.

Jerry Egger and her parents, Mr. and Mrs. Edward Egger, entertained Saturday night with a birthday party honoring her friend, Carol, daughter of Mr. and Mrs. Kay Roberts, on her fifth birthday. There were present Mr. and Mrs. Roberts and Carol; Mr. and Mrs. Hubert Reeves and Joe, Nancy, and John; Mr. and Mrs. Charm Whittenburg and Clint and Jack; Mr. and Mrs. Hulon Egger and Marianna and Woody Dean; Mr. and Mrs. Taylor Duncan and Annette; Mr. and Mrs. Cecil Egger and Ynell; Mr. and Mrs. Charles Griffin and Henry and Johnny; Mrs. Blue Thompson, Mrs. Don Lewis, and Ezelle; Mr. and Mrs. Jimmy Wilkins and Nelda, Jimmy Ray, and Mrs. Effie Egger. While the children played, the adults played forty-two and canasta. A happy Carol received many presents, and hot chocolate and cake were served to all.

We were happy to see in the Goldthwaite Eagle that our Central Texas Telephone Co-op expects to receive its loan approval soon.

## Lt. Raymond King's Regimental Commander Writes High Tribute

Last week, Mrs. Greta M. King of Fisher Street in Goldthwaite received the Military Order of the Purple Heart, which had been awarded posthumously to her late husband, First Lieutenant Raymond F. King, who was killed in action in Korea last September 23.

Previously Mrs. King had received a letter from Lieut.

King's commanding officer, Colonel George B. Peplow of the 38th Infantry Regiment, the Second Division. Colonel Peplow wrote as follows:

"Dear Mrs. King: I am writing to you with a heavy heart. No doubt, the Department of the Army has already informed you officially that Raymond was killed in action on 23 September 1950.

"Raymond's death occurred during our offensive operations west of the Nakdong river. Leading his anti-tank and mine platoon in a search for hostile mines which had blocked the advance of our tanks, he had successfully removed an entire mine field when he fell mortally wounded by hostile gun fire.

"Raymond was buried with full military honors in Korea, and with a Protestant Chaplain conducting appropriate services of his faith.

"During all of our fighting in Korea, Raymond's actions were marked by gallantry such as he displayed at the time when he made the supreme sacrifice; and he has been recommended for several of the highest awards of our nation.

"He was beloved and admired by officers and men alike for his outstanding leadership and his courageous and self-effacing devotion to duty. Like yourself, we miss Raymond terribly; and our hearts go out to you in your sorrow. Yet, you may derive some consolation in your bereavement from the knowledge that your husband died as he lived, a brave and loyal soldier fighting for the cause of his country. Raymond was one of the best of our young officers; and the memory of his heroic service will forever remain a source of pride to the regiment.

"Raymond's effects have been collected and will be forwarded to you.

"Please feel free to write to me at any time for any assis-

## Porter Family Thanksgiving Is Made Into Birthday Celebration

Thanksgiving in the home of County Judge Lewis B. Porter called this week not only for a family reunion but a celebration of the birthday anniversary of Mrs. Porter.

Mrs. Porter's birthday was on Wednesday but the celebration was combined with the Thanksgiving festival. There was to be a surprise for Mrs. Porter's birthday in the form of a cake but since Madeline Porter Boudreaux said the cake was to be a secret it cannot be spelled out completely here.

Members of the Porter family have been coming and going and coming since last weekend—all but Sgt. A. J. Dankers, Jr., who is on duty with the Second Division in Korea. Sgt. Dankers is a son-in-law of Judge and Mrs. Porter.

The family began gathering last weekend with the arrival from Abita Springs, Louisiana, of Mr. and Mrs. Percy G. J. Boudreaux and their son, George Lewis, who will be four next

February. Although not yet four, George Lewis is quite a fellow. During a visit to the Eagle office he saw a couple of pennies on the editor's desk and promptly claimed them as his own. He explained that he obtains his chewing gum by such tactics and that with the gum, he acquires trinkets with which he decorates his cap. George Lewis also explained that back home in Abita Springs he makes a daily trip to the bank—a practice that is quite understandable in view of the young man's facility for obtaining coin of the realm.

Others joining in the Porter Thanksgiving - birthday observances were Dr. and Mrs. H. O. Porter of Hamilton, Mr. and Mrs. R. H. Pack of Crawford, Mr. and Mrs. Albert Johnson and their son, Pete, of Marlin, Mr. and Mrs. L. B. Porter, Jr., and their family of Fort Worth, Mrs. A. J. Dankers, Jr., and son John Porter of Brownwood, and Mr. and Mrs. Earl M. Harkey, now of Fort Worth.

## Sealy Reid

(Continued From First Page.)

was sounded aboard Sealy's ship, the Pledge. Sealy's battle station was at a 40 mm. anti-aircraft gun and while he was at his battle station, his ship was attacked by enemy aircraft and enemy batteries on shore opened fire.

"We were holed first by a shell from the shore," Sealy said. "We were hit at least once more by the shore batteries and then we struck the mine. It was six minutes or eight minutes—maybe ten minutes after the Pirate went down. I am not sure. I don't know. But we were in action from the time the

Pirate sank until we struck a mine. It seemed like a long time."

When the Pledge was blown up, the order was to abandon ship and everybody who was alive except the "Old Man" went over the side.

"No, there were no life rafts," Sealy said. "We got the whale-boat over from the Pledge, but it was used to pick up survivors from the Pirate. I and my shipmates in the water were in life-jackets."

Sealy was asked about the weather. He said the weather wasn't bad but the water was cold and it got even colder after he had been in it 2½ hours before he was picked up by the

LCPV.

After he was rescued, Sealy was taken to his home port, the Sasebo naval base in Japan, where he was assigned to the Piedmont, the ship that took him to San Diego.

Unless his furlough is extended so as to include Christmas, Sealy must report back to the naval receiving station at San Diego. He was asked what would happen then.

"I don't know what my ship will be but we are to be reassigned to Task Force 77," Sealy said. "Yes, we are going back there."

Until he does go back there, Sealy—home for the first time since last Christmas—is visiting around with his family and friends. He plans to attend the third reunion of the G. H. S. class of 1948 at the Hangar tonight, Friday. All members of the class who are planning to see Sealy at the reunion should read this story first because they will have a dickens of a time getting him to talk about his experiences.

As the Eagle published under a photograph of Sealy Reid on November 3, he had written to his parents from Sasebo on October 17. The letter had been postmarked October 18—several days after the Pledge went down. In the letter, Sealy had made no reference to his having survived a naval disaster. He was asked why.

"Well," he replied, "the Navy had not released the story. One man had written home about what had happened and he got by with it. I just didn't tell about it because when we were at Sasebo, the Navy had not let the story go."

All the time this reporter was trying to pry his story out of Sealy, his Mother and Dad sat looking at him with adoring eyes. Mr. Reid beamed his pride in his son all over the place. Mrs. Reid just looked very happy because her son was home again, and safe.

Mr. Dan Goldsmith, 3024 Curron Road, Louisville, Ky., owner of Coogla Cut Rate Store at 935 West Broadway, says there just aren't enough words in the English language to praise HADACOL correctly. He says he knows most folks don't realize what a change HADACOL can make in their life if their systems are deficient in Vitamins B, B<sub>12</sub>, Iron and Niacin. Here is Mr. Goldsmith's statement:

"Before I started taking HADACOL I was run down and nervous—and had a hard time sleeping nights. With my work in the store I have to spend sometimes 14 hours a day on my feet. Since I am in the retail business I saw how many folks were asking for HADACOL so I decided to try it myself. After the first couple of bottles I could tell a definite improvement. Now I have all the pep and energy in the world, my nerves are steady as ever and I really do get a good night's rest. HADACOL is wonderful—I not only take it, but recommend it to all my customers. I praise the day Senator Dudley J. LeBlanc put HADACOL on the market."

**HADACOL Is So Different**  
Thousands are benefiting from HADACOL... whose systems lack Vitamins B, B<sub>12</sub>, Iron and Niacin. HADACOL is so wonderful because HADACOL helps build up the hemoglobin content of your blood (when Iron is needed) to carry these great Vitamins and Minerals to every body organ—to every part of the body.

Give remarkable HADACOL a chance and if you don't feel better with the first few bottles you take—you get your money back. Only \$1.25 for Trial Size; Large Family or Hospital Size, \$3.50. If your druggist does not have HADACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana. © 1950, The LeBlanc Corporation.

"Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced," is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 26.

The Golden Text is: "Watch ye, stand fast in the faith, quit you like men, be strong" (I Corinthians 16:13).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And Jesus knew their thoughts, and said unto them, Every kingdom divided against itself is brought to desolation; and every city or house divided against itself shall not stand" (Matthew 12:25).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Jesus cast out evil and healed the sick, not only without drugs, but without hypnotism, which is the reverse of ethical and pathological Truth-power" (page 185).

unless there was complete capitulation by 6 o'clock A. M., Mussolini's legions would march in. The sharp answer was "No." And in the war that followed, the Greeks gave the invaders a sound licking. Finally Adolph had to go to Benito's relief. So for perhaps centuries, every October 30, will be "No" day in Greece.

## San Saba Armadillos Win Over Goldthwaite Eagles, Score 32-6

(Editor's Note: In addition to being a good newspaperman, Jack H. Bowen, co-publisher of the San Saba News, is a good football man. Mr. Bowen reported last Friday night's game between the Goldthwaite Eagles and the San Saba Armadillos. Since he can write a far better football story than anybody on the Eagle staff, we gratefully present Mr. Bowen's account of last Friday night's game.)

By JACK H. BOWEN

San Saba's Armadillos closed their 1950 football season Friday night with a 32 to 6 victory over Goldthwaite's Eagles in Goldthwaite.

Displaying a ground attack which racked a net of 222 yards, the Armadillos ground out four touchdowns in the second half after a listless first half which saw them leaving the field with the count knotted 6-6.

The Armadillos gave warning of things to come early in the initial stanza when they chalked up their first score with the game hardly five minutes old. The San Sabans took over for their first offensive drive after forcing the Eagles to punt from the seven. Jerry Johnson romped 11 yards from the Goldthwaite 38 to the 27 to start the scoring drive with Captain Jerry Hopkins taking over from there. Hopkins picked up 10 to go to the 17 and Johnson romped the remaining 17 yards on a neat bit of hole-picking to score. Dick Thornton failed to kick the point after touchdown when the ball got away from Hopkins on the placement.

The small gathering which braved a chilly north wind settled into their seats to watch the fireworks, but from that

point on until the final 35 seconds of the second quarter, little in the way of scoring happened.

San Saba, however, threatened again in the first period, moving to the Eagle nine but the Goldthwaite line held and the Eagles took over. An exchange of fumbles on the 10 and 11 yard lines kept the crowd on edge.

The Armadillos used passes sparingly in the first half with only one—Wilson to Dillard Brown moving to the nine.

The second period was played mostly in Goldthwaite's backyard with the Eagles starting a scoring threat early in the stanza. Vernon Whitley, Eagle center, picked a Hopkins' pass out of the air on the Eagle 20 and galloped to the Dillo 45 before being hauled in by Hopkins. A pair of fumbles set up the Eagle score. First, Goldthwaite muffed the pigskin and San Saba recovered on their own 40, then Goldthwaite recovered a pitchout from T-Man Earl Dickinson to Hopkins on the Dillo 30. With 35 seconds remaining in the first half, the famous TCU spread was brought into action by the Eagles. Spreading nearly across field, the Eagles shook Halfback Dizzy Clifton into the clear and Billy Anderson, quarterback, tossed a blooper to the Dizzy-one near the double-stripe. Clifton gathered in the pigskin without an raced easily into the end zone to score. Anderson attempted to plunge the extra point but was smothered by the entire Dillo forward wall. The gun ended the half with a knotted score of 6-6.

Coach Charles Chrane and Assistant Coach Hoyett Brown-

Armadillo being near him and fired their charges during half-time and an inspired Dillo club returned to the battle.

The second Armadillo scoring drive started on the 50 yard marker. Seven plays later, including a 15-yard penalty, the Dillos burst out front. Hopkins picked up 10 to the Goldthwaite 40, Johnson six to the 39, Wilson to the 24, a 15-yard penalty moved to the 39, Hopkins pitched to Wilson to the 13, Hopkins through center to the 12 and Dickinson going the remaining few yards to score. Thornton kicked the extra point and San Saba was out front, 13 to 6.

The Eagles fought back but the Dillos were not to be denied. They drove the Eagles back to their 20 where they held for downs. Hopkins drove five to the 15 and Wilson on two successive plays fumbled and recovered for a first down on the five. The Dillos drove to the one-yard marker and were knocking on the door when a handoff from Dickinson to Wilson was muffed and Curtis Lawson, Goldthwaite 245-pound tackle, recovered.

The Dillo forward wall halted the Eagles for a slight gain of three yards in three plays and Goldthwaite punted. With Tony Kirk, Archie Lidsey and Paul Jefferys rushing the kicker, Anderson punted to his own 12.

The Dillos moved to the five yard marker as the quarter ended. Opening the final stanza, Hopkins plunged the remaining yardage to make the score 19-6. Thornton missed the point after touchdown.

Midway in the stanza, Owen Renfro, freshman end, rushed Anderson on the Goldthwaite 8 and blocked his attempted punt. Renfro continued his charge and covered the ball in the end-zone for another Dillo score.

San Saba's final scoring drive began on the Goldthwaite 25. Aided by a five yard off-sides

penalty, the Dillos moved ahead with Ross Ragsdale and Wilson carrying the ball. Ragsdale scampered to the 10 and Wilson made the remaining yardage for the score. Lindsey stepped back and booted the ball between the uprights to conclude the year's scoring.

Half-time activities saw the high stepping Armadillo band do a bit of tricky maneuvering and the coronation of Goldthwaite's Jo Ann Duren and Wanda Kelly, football and band sweethearts.

The victory moved the Dillos into fourth place in District 22-A standings while Goldthwaite, which early last week voluntarily forfeited its district wins, remained in the cellar.

It was debated last week whether the Eagles had played an ineligible player, Charles Miles, in the Burnet and Fredericksburg contests. The Eagles were awarded the two games after playing ties. The forfeited games enhanced the standings of Burnet and Fredericksburg with Burnet becoming a threat to the title hopes of Llano and the Hillbillies moving out of the cellar. Burnet lost to Llano last Friday night, 0 to 54, while Fredericksburg was slaughtering Marble Falls 44 to 0. The victory over Burnet gave Llano the district title which they shared last year with Lampasas.

### Boy Scouts

(Continued From First Page.) nigan and Ray Campbell Hudson, who were members of the Mills County delegation to the National Boy Scout Jamboree at Valley Forge, Pennsylvania, last summer performed in a skit as part of the entertainment. They are members of Boy Scout Troops number 45, Goldthwaite.

In the principal address of the occasion, Dr. Howell drew an analogy between Scouting and a football team. He likened the professional Boy Scout worker to the quarterback who calls the plays and directs the movements of the team.

He said that in Scouting, the sponsoring institution is equivalent to the halfback. In Scouting, such organizations as Churches and civic clubs sponsor Boy Scout Troops. At times Dr. Howell said, it becomes their responsibility to pick up the ball and carry it. He described the other halfback as the equivalent of the Scouter who contributes his time and money but does not actually work with a Boy Scout Troop.

The Cubmaster was described by Dr. Howell as the fullback, along with the Scoutmaster and the Explorer Advisor. They, he said, take the ball right through the line for long yardage. The ball, Dr. Howell said, is the American boy.

Also at last Monday night's meeting Dr. Graves appointed attendance chairman in each community in the South District. Their task is to stimulate attendance at the annual meeting of the Comanche Trail Council, which will be held in Stephenville on December 14. Scouts and Scouters from eight counties will be represented.

In Goldthwaite, Ben R. Day was appointed attendance chairman by Dr. Graves.

### Did You Find The Sheriff's End Gate?

Somewhere between Goldthwaite and Center Point, Sheriff Wiley L. Mahan lost a white end gate to his trailer. The Sheriff said this week that he would be grateful if the finder of the end gate would notify him so that he may pick it up.

Mrs. Marion Bledsoe and her daughter, Mrs. Marilyn Ray and her infant, all of Dallas, spent last weekend in Goldthwaite as the guests of Mrs. Fannie Brim. Mrs. Bledsoe is Mrs. Brim's sister.

We Give  
**Thanks**

On this truly American holiday we give thanks for the many blessings He has designed to deliver on us. We give thanks for the strength He has endowed us with enabling us to preserve those liberties we have inherited. And we thank Him especially for revealing His truth to us giving the greatest wealth of all.

### Football

(Continued From First Page.) University Interscholastic League, Superintendent Patton and Knox also consulted District Chairman Krause and outlined the Miles case to him, as it had been outlined to Dr. Williams.

Since the consultations served to emphasize the various possibilities of interpreting the rules, Mr. Patton and Coach Knox decided, as evidence of good faith, not to play Miles in the game against Llano or in the final game against San Saba. Over the signatures of Mr. Patton and Mr. Knox, a letter was sent to District Chairman Krause and to all of the members of District 22-A in which Goldthwaite voluntarily forfeited the 1950 victories by the Eagles.

Although already they had forfeited, voluntarily, all of their 1950 victories, the Eagles played the San Saba Armadillos at Eagle Field in Goldthwaite last Friday night. The members of the team knew of the question over the eligibility of Miles, and their knowledge of the turn that events had taken was reflected in their playing.

(In this week's Eagle, the first page column, The Eagle's Eye, carries comment on the Miles eligibility question and on the 1950 performance of the Goldthwaite High School Eagles.)

### Mrs. Ira O. Harvey Travels to Chicago

Mrs. Ira O. Harvey of Fisher Street this week accompanied her daughter, Mrs. Lilla Harvey Broadus, to Chicago. Mr. Harvey drove them as far as Fort Worth, where he planned to spend Thanksgiving Day with one of the Harvey's sons, W. J. Harvey and his family. Ted, the Harvey BIRD DOG, also made the trip to Fort Worth. Mrs. Harvey, who has been ill for some time, planned to spend much of the winter with Mrs. Broadus in Chicago.

### Mrs. Koshi Ill

Mrs. Paul Koshi, wife of the Range Conservationist of the Goldthwaite Work Unit of the United States Soil Conservation Service, is seriously ill in the San Saba Memorial Hospital. Mrs. Koshi has been a patient in hospital for the past two weeks suffering from an infection and complications.

### Eagle's Eye

(Continued From First Page) to interpret the Constitution and Rules of the University Interscholastic League, there was ample reason for our school authorities to believe that Miles was completely eligible. Their good faith was shown in the fact that at the Goldthwaite High School this year there was plenty of good football material that was NOT used because the authorities concerned insisted on strict adherence to the eligibility rules.

It is to be emphasized that absolutely no action was taken against the Goldthwaite Eagles either by District 22-A or by the University Interscholastic League, of which Dr. Ray Williams of Austin is the President. Both Dr. Williams and A. K. Krause of Fredericksburg, who is Chairman of District 22-A, were consulted about the Miles case, and as soon as they were unable to provide a clear-cut interpretation of the eligibility rules, Mr. Patton and Coach Knox acted VOLUNTARILY to withdraw Miles from competition and to forfeit the games that Goldthwaite had won.

I have heard distorted accounts of what happened. They included one statement to the effect that Goldthwaite had been "kicked out" of District 22-A. Such distortions are absurd. Nothing of the sort happened. No question about Charles Miles arose until so recently as November 10 and the only action that was taken was by Mr. Patton and Coach Knox. Their decisions were based on what they earnestly believed to be the best interests of the Goldthwaite High School and its good name. They deserve, I believe, the highest commendation.

The games that were won by the Eagles were won fairly and clearly. They did all of us proud. The Goldthwaite High School has wonderful material on tap for the next football season and, when the time comes, they will be able to start it with nothing hanging over the heads of the Eagles except firm knowledge that in a difficult situation honorable action was taken without hesitation just as the successful 1950 season was drawing to its close.

I, for one, remain just as proud of the G. H. S. Eagles and our local school authorities as I was when the season began last September. Further, my respect for all concerned and the value of their pledges of good faith and decent, forthright conduct, has been enhanced, very, very much. They might have made an issue on what after all, was purely and simply a technicality. Instead, they did their part in contributing to the maintenance of the integrity of amateur sports. Good for them.

### Traffic Violations

On charges filed by Patrolman Billie R. Jess R. Askey, the cases of traffic violations disposed of during the week by Justice of the Peace at the Court House:

Doyle Head, charged with speeding, pleaded \$14.00.

Fred Enoch Thoms, charged with failure to have motor's license, pleaded \$10.00.

Other charges that were filed by Highway Patrolman Billie R. Askey and McElroy no action has been taken yet were:

Charles C. Day, charged with speeding.

Otha Trafton McElroy, charged with speeding.

### Waterways

(Continued From First Page) built to empty onto the waterway.

C. C. Wright, McElroy, who now lives in the town of Burnet, was arrested on Monday.

### Roberts Captains

The Goldthwaite football squad elected Alvidoyle Roberts captain, and Quarles Harold Anderson as co-captain. It was announced last week that both Roberts and Anderson played outstandingly for the Eagles during the season that now has passed.
