Fort Wayne Special Chicago Times. Last week was telegraphed the Times an account of an elopement of Mary Houser,daughter of a passenger conductor on the Fort Wayne, Muncie and Cincinnati Railroad, with W. Harry Rouscoe, a young carpet-layer of this city. The young lady had never seen Rouscoe until he visited her father's house to lay a carpet, and she cloped with him to Indianapolis the same night. While there they were married, and Rouscoe telegraphed to the young lady's father that would leave for St. Louis at once.

A day or two after the elopement Mr. Houston received a letter from his daughter begging forgiveness, and asking him to send her wardrobe and a handsome bed-room suite left in her room at home. Mr. Houser at once sent her the trunk containing her clotking, and wrote that he would send her the furniture this week. On Saturday evening, however, his daughter arrived home, betrayed, broken-hearted and abandoned. The man with whom she had eloped had already stripped off his disguise and deserted his victim, eaving her alone, penniless and friendless in the city of Indian-apolis. On Friday afternoon Rouseoe told her at Indianapolis that he had received a card from a man signing his name Cadwell Sylvester, living at 1107 Tennessee street, two miles from his boarding place, requesting him to call. He said that he felt sure that this was her father, and as he did not dare go and see him, he requested her so do so. Taking her to the street car, he left her and returned to their room, where he appropriated her property, consisting of a gold watch and chain, four gold rings, and some gold coins, and left. She pro-ceeded to her destination, but could find no trace either of her father or of Caldwell Sylvester. Returning to her room she found her husband and all her valuables gone. On the bureau was the following note:

Pet-When I come home I found this postal card and thought best o go immediately. Will return this morning.

### The Russian Floating Prison. St. Petersburg Golos

On April 14 the steamer Nijny-Novgor od, loaded with criminals and provis-ions, left Odessa for the island of Saghalien. On the steamer there are four hundred male prisoners, eight female prisoners, twenty-seven women voluntarily accompanying their condemned husbands, two men accompanying their condemned wives, and sixty-tour children. The Archbishop Platon performed the solemn thanksgiving service, and prayer was offered for the long life of the reigning family and of those sailing away. The Archbishop addressed the women, blessed them, and besprinkled them with holy water; then the male prisoners were brought up, and in their turn received the word of encouragement and hope. Many of the prisoners

wept.

The male prisoners are placed in four departments, one hundred men in each, and the women in two rooms. There are two hospitals, for males and females. a drug store, and a chapel. There are two surgeons, one priest, four officers of the interior, and a gentleman and his wife to look after the conduct of the prisoners. It is said that the prisoners will receive the same food as the crew to wit, tea at breakfast, soup and meat at dinner, gruel at supper. All the pris-oners are in chains, but when well out at sea they will be unchained—at least those of them who behave well. The children and the persons voluntarily going to the island enjoy full freedom. The cargo of the steamer amounts to 72,000 poods or 2,880,000 pounds—50,000 poods of grain, and the rest old iron rails to be used for the construction of the horse railroad on Saghalien, from the port to the principal prison in the central part of the island. Fifty-four soldiers perform guard duty.

Last year the Nijny-Novgorod performed the same journey in fifty-two days. Though it was a great success as regards the health of the prisoners, still it is found necessary now to take one hundred fewer than last year. The steamer is painted white, and displays the imperial Russian war flag.

It was therefore agreed that a strip of "holy paper" be laid on a flat surface and lighted at one corner. If it was all consumed without further human interfersumed without further human interference the debt was to be declared not due; otherwise, it was to be paid. The test followed. The fire went out when about three-fourths of the paper was burned. Ah Gee got his \$30 and went home happy. Hop Sing accepted the result with comparatively good grace.

# As to Dogs.

New York Sun. Every one is familiar with the character and appearance of the Newfoundland dog, but few are aware that it is a popular mistake to suppose that to secure a good specimen of these noble animals a good specimen of these none animals it is necessary to send to the country from which they are named. In point of fact the pure breed is almost extinct in Newfoundland, and there are to be found now in their stead a race of mean-looking, shabby, cowardly, thievish mon-grels, the degenerate descendants of a once noble race, and as different from them as the modern Greeks from the he-roic Greeks of Homer. Neglect, ill-usage, starvation and hard work have wrought the change. Rather more than two years ago an effort was made to introduce another breed, the celebrated Leonberg dog, and the finest in the world, a development of and a decided improvement on the original Newfoundland. The breeder of this race is Count Esseg, of Leonberg, Wurtemberg, and hitherto his endeavors have been crowned with success.

The lad had for two years past been afflicted with a diseased jaw-bone, which, in connection with the tankering of unskilled practitioners, had grown so very bad as to endanger the life of the child. Hearing of the remarkable cures by Drs. Dickerson and Stark, the child was brought to this city and placed under their charge. Dickerson and Stark, the child was brought to this city and placed under their charge. Two weeks ago the little fellow was subjected to the knife, and the lower jaw was taken out, the operation taking about twenty minutes. The incision was made at a point near the tip of the ear, and extended to midway the chin. The jaw-bone was disarticulated and removed. In performing this operation the survey was compelled to this operation the surgeon was compelled to cut around and close to the internal maxil-

cut around and close to the internal maxillary and external carotid arteries, to have cut either of which would have produced death. The operation is one which only the most skilled surgeons attempt.

The patient is now rapidly recovering and will soon be as sound as ever, with the exception of having less jaw than nature designed he should have. The gentlemen performing the operation also successfully cure hip joint disease, spinal complaint and straighten club feet, and are so successful in all they undertake that we feel a pride

## THE HANNIBAL AND ST. JOE.

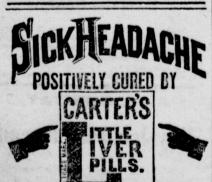

Elegant Day Coaches, Furnished with the Horton Reclining Chair, will be Run Hereafter Between this City and Chicago.

The "Old Reliable" Hannibal and St. Joe railroad will hereafter run magnificent day coaches, furnished with the Horton reclining chairs, between this city and Chi from this city, for sale. Apply at cin-ively. cago, without change, by way of Chicago, Burlington and Quincy railway. This is one of the most direct and safe routes to the East, and this step places it in the very first rank in point of elegance and perfection of accommodations. Without doubt it will early become the most popular line in the West with the traveling public. The Horton reclining chair is immeas urably superior in point of com fort and ease of management to all others now in use, and those placed in the Hannibal and St. Joe cars are of the finest workmanship and materials; but to the traveling pub lic it is useless to speak of the ex cellence of these chairs. They have proved so entirely successful, and so fully meet the wants of the traveling community, that they have become a necessity. Mr. H. D. Price, the efficient passenger agent of the Hannibal and St. Joe road, in this city, furnishes the inwill be placed on the road, this week. We commend this route to those going east, who wish to secure comfort, safety and expedition. - Lansas City Journal, Feb. 9

Some years ago Mrs. T. Prather agreed to donate ten acres of and to the city or to an association, as a site for a cometery, conditionally that it should be enclosed with a good fence. An association was organized, the land surveyed, and a temporary fence built, and a portion of it laid off into lots; since which time all interest in the matter has subsided, though the place has been, and is now being used as a burying ground. As the conditions of the gift have never complied with, of course, no deed has been given. Mrs. Prather is now dead; Mr. John P. Craig, trayeling her property has passed into the agent of the Kansas City Catholic hands of her heirs. A grave yard Tribune, called at this office, on is an unusual legacy; yet such a one has been handed down in the The eight-year-old son of Mr. Prather estate. There is no doubt Nealy, on Middle creek, was kicked that the heirs are willing to comin the head by a horse, on Tuesday ply with the wishes of their mother. In the name of all that is Christian Mrs. F. S. Perrigo returned, last and decent, we sek that something may be done in this matter.

A Good Dinner.

A little child has brought to the surface a new theological puzzle. When told the story of the Prodigal Son and how he was so reduced that he was com-belled to eat husks, she looked into the face of the teacher with a bewildered sort of gaze and then said: "Why did he eat the husks, good sir?" "Because," was the reply, "he had nothing else to eat." "Nothing else?" responded the child; "I think I could have found some thing." "And what could you have done if you had been there, my child?" queried the teacher. "Why," answered the bright-eyed little one without hesitation, "I should have killed a pig and had a good dinner."

PROVIDENCE.

PROVIDENCE.

PROVIDENCE.

Mr. H. R. Stevens!—

Dear Sir—I have been a great sufferer from dropsy. I was confined to my house more than a year. Six months of the time I was entirely helpless. I was obliged to have two men help me in and out of bed. I was swollen 19 inches larger than my natural size around my waist. I suffered all a man could and live. I tried all remedies for Dropsy. I had three different doctors. My friends all expected I would die; many nights I was expected to die before morning. At last Yegetine was sent me by a friend. I never shall forget the first dose. I could realize its good effects from day to day; I was getting better. After I had taken some 5 or 6 bottles I could sleep quite well nights. I began to gain now quite fast. After taking some 10 bottles I could walk from one part of the room to the other. My appetite was good; the dropsy had at this time disappeared. I kept taking the Vegetine until I regained my usual health. I heard of a great many cures by using Vegetine after I got out and was able to attend to my work. I am a carpenter and builder. I will also say that it has cured an aunt of my wife's of Neuralgia, who had suffered for more than 20 years. She says she has not had any neuralgia for eight months. I have given it to one of my children for Canker Humor. I have no doubt in my mind it will cure any humor; it is a great cleanser of the blood; it is affect to give a child. I will recommend it to the world. My father is 80 years old, and he says there is nothing like it to give strength and life to an aged person. I cannot be too thankful for the use of it. I am, very grateful yours.

ALL DISEASES OF THE BLOOD.—If VEGETINE WILL relieve pain, cleanse, purify, and cure such diseases, restoring the patient to perfect health after trying diacrent physicians, many remedies and surering for years, is it not conclusive proof, if you are a sufferer, you can be cured? Why is this medicine performing such great cures? It works in the blood, in the circulating fluid. It can truly be called the Great Blood Purifier. The great source of disease originates in the blood; and no medicine that does not act directly upon it, to purify and renovate, has any just claim upon public attention.

August Flower:

The immense sale and great popularity of Green's August Flower in all the towns and villages in the civilized world has caused many imitators to adopt similar names expecting to reap a harvest for themselves at the expense of the afflicted. This medicine was introduced in 1868, and for the cure of Dyspepsia and Liver Complaint, with their effects, such as Sour Stomach, Costiveness Sick Headache, Sick Stomach, Indigestion, Palpitation of the Heart, Vertigo, etc., etc., IT NEVER HAS FALLED TO OUR KNOWLEDGE. Three doses will relieve any case of Dyspepsia. Two million bottles sold last year. Price 75 cents. Samples 10 cents.

From a Distinguished Physician.

Prof. Green, a distinguished allopathic physicinn, wrote to the Medical Record to the effect that after all other means had failed, he sent for the Kidney Cure (Safe Kidney and Liver Cure) and to his astonishment cured a serious case of Bright's Disease by administering it, and afterwards found it equally beneficial in other cases.

Redding's Russia Salve has wonderful healing power, reducing inflammarion. Keep it in the house and stable in case of accident. Sold by all medicine dealers at

We have ourselves tried Dobbins' Electric Soap (made by Cragin & Co., Philadelphia) and find it the best, purest, and most economical soap we have ever seen. To much cannot be said in its favor. Try it.

Was She Buried Alive? Rock Island (Ill.) Argus.

A story is in circulation about a case of burying alive, and it is to the effect that one Mrs. Fredrika Nelson, who died February 23, was put in the vault at Chippiannock, and when she was about to be buried, some time afterward, it was found that her hands, which had been crossed on her breast, had changed positions, the left arm being down by positions, the left arm being down by her side and the right arm bent under head, while the head itself was turned toward the right, all showing that the body had moved in a way that only life

could make it move. Such is the story, but so far it has not been confirmed, and some of those most likely to know something about the matter are ignorant of anything of the sort. The woman in question died at the time stated, just four days after her daughter, Caroline Nelson, and both of the bodies lay in the vault some time before interment. The matter will be further investigated further investigated.

It must be good, for everybody recommends it, and the doctors prescribe it. We mean Dr. Bull's Cough Syrup. Price 29

WHAT EVERYBODY WANTS.

Who Has Not Heard and Read of It?-Read the Following:

Messrs. J. N. Harris & Co.—Gentlemen—Permit me to say that for several weeks I suffered with a severe cough. I first used Denig's Cough Baisam, and after that several other preparations, each of which I gave a fair trial, which availed me nothing. For the succeeding six days lused no medicine. By that time I was thought in the first stages of Consumption. My cough being more severe than ever, I then commence using Allen's Lung Baisam, which has effectual cured me. I conscientiously believe it to be a excellent medicine, and can assure you that i will afford me the highest possible gratification to commend it to any person you may refer to me.

Yours truly,

NEWTON MURPHY.
