## Lyman Saylor Named Leader Of Mills County Ike For President Group

Lyman Saylor this week accepted the chairmanship of the Mills County Committee of the Texas Republicans For Eisenhower for President.

Mr. Saylor's appointment followed a visit to Goldthwaite last

LYMAN SAYLOR

week by Hobart K. McDowell of San Angelo and W. C. Briggs of Paducah. Mr. McDowell is a former Republican Director of Organization for the State of Texas and Republican Chairman in Tom Green County. Mr. Briggs is Republican Chairman in Cottle County.

"I have accepted this appointment," Mr. Saylor said, "because I believe in a strong two-party system for Texas. I believe there are many persons in this county who also believe in the two-party system for Texas. When any one party,

whether it be Democrat, Republican, Progressive or what have you, remains in power for too many years it is certain to go stale in its thinking and corrupt in its morals.

"At one time I was against any military man for President. But when the trend of this government changed to the spending of more funds on the military than on all the other departments put together I felt and still feel that a military man who has had vast and successful experience with the military and has clean morals should be our next president."

"The man most qualified in all ways," Mr. Saylor continued, "is Gen. Eisenhower."

"I believe," added Mr. Saylor, "by electing Gen. Eisenhower as our next President that a huge amount of money can and will be saved on military and foreign spending because of his years of first hand experience in these matters."

"I served under Gen. Eisenhower in World War II, and any man that can handle so well the vast and complex operation as was the combined armed forces in the European Theater of Operations during the last war can certainly make us a president to be proud of."

Mr. Saylor was selected chairman of the county group after consulting with Mr. McDowell and Mr. Briggs.

A World War II veteran, Mr. Saylor is associated with his father in Business in Goldthwaite.

## Survey Of School Bus Routes Made In Record Time

High praise for the work of County School Superintendent Lewis B. Porter and of Assistant Superintendent Mrs. V. A. Hudson was given last week when Charles Reed of the auditing department of the Texas Education Agency in Austin examined at the Mills County Court House their preliminary survey of routes for county school buses.

In preparation for the visit by Mr. Reed, Mrs. Hudson and Judge Porter had measured each of the 24 school bus routes in Mills County and had made a break-down of dirt and surfaced miles. Mr. Reed said that excellent work had been done by Judge Porter and Mrs. Hudson and by the County School Board in planning, measuring, classifying, recording and mapping. Mills County was the first in the district of 17 Counties covered by Mr. Reed's jurisdiction to complete its preliminary survey.

Under the terms of the Gilmer-Aiken school law route surveying and planning is required for the appropriation of State funds to County school transportation systems. The amount of money received by each school district for transportation depends upon the accuracy of the preliminary bus survey.

## Goldthwaite Now Has Dairy King

In an advertisement located elsewhere in this issue of the Eagle, Mr. and Mrs. Harold D. Willis bring to the attention of everybody that they are now operating a Dairy King, in their Grocery and Market on the corner of Fisher and Fifth Streets. They want each and everyone to know that it is the only one in Mills County, and that if you once try one, you'll keep comin' back for more.

## Ekins To Hospital

H. R. Ekins, editor of the Goldthwaite Eagle, suffered a coronary thrombosis on Monday of this week. After treatment by Dr. M. A. Childress, he was taken to the San Saba Memorial Hospital in a Fairman-Wilkins ambulance. Mrs. Childress and Brian Smith accompanied Ekins and Roy Wilkins to hospital where, as the Eagle went to press, Dr. F. W. Farley said the editor was off the danger list.

## Three Boys Drown In Lake At Albany

Friends and relatives in Mills County were saddened this week when word reached here of the death of two small sons of Mr. and Mrs. Ernest M. Kennedy of Albany. The two brothers, Gilbert Kennedy, 11, and Eddie Wayne Kennedy, 7, and another boy, Charles Woods, about 13, son of Mr. and Mrs. Dewey Woods of Cisco, were drowned Monday night in Lake McCarty, Albany's water reservoir, seven and one-half miles south of town, when the boat in which they were riding capsized.

The Kennedys and Woodses had gone to the lake for a family picnic, the Woodses taking along a friend, W. D. Inlis of Oklahoma City, and his son, Billy. About 8:00 o'clock Inlis took the boys on the lake in a flat bottom boat with an outboard motor. The boat capsized and sank about 100 feet from shore. Inlis and his son swam to safety. Gilbert started to swim but was apparently tired by cowboy boots. Charles and Eddie Wayne both sank. The bodies were recovered after midnight.

The boys' father, Ernest Kennedy, is the son of the late John Kennedy of the Trigger Mountain Community, where he was reared. Mrs. Walter Robertson of Goldthwaite is an aunt of the Kennedy boys who drowned. She and Mr. Robertson, and Mrs. Ida Dellis and Mr. and Mrs. W. C. Dellis and family attended funeral services for the boys which were held in Albany Wednesday afternoon of this week.

Besides their parents, Gilbert and Eddie Wayne are survived by seven brothers and sisters, and a number of other relatives and friends, to mourn their tragic passing.

## Fire Department Fights Grass Fires

Fire Chief Jack Reid with the help of the Volunteer Fire Department answered calls to put out four grass fires in and near Goldthwaite the past week. On last Sunday afternoon they put out a fire on the Walton Daniel place, known as the DuBose place west of the Hangar.

There were three grass fires Tuesday of this week. About 2:30 in the afternoon the fire department took the tank truck to E. B. Adams Monument Works south of Goldthwaite on the San Saba Highway, where they successfully fought a blaze. Chief Reid said that about 30 minutes later they answered a call to Sam Harper's home west of the Goldthwaite School building, where again a grass fire was extinguished.

About 8:00 o'clock Tuesday night an alarm was sent out from the Albert Hunt home in north Goldthwaite, where grass was burning profusely. The Goldthwaite Fire Department got the fire under control in about 30 minutes.

## MULLIN MAN FINED FOR ASSAULT UPON FORMER SCHOOL SUPERINTENDENT

A Mullin man late last week pleaded guilty to the charge of aggravated assault and was fined \$50 and cost by County Judge Lewis Porter.

The aggravated assault charge was filed as a result of an attack upon Wray B. Williams, former Superintendent of Schools at Mullin, on the night of May 22 at the Mullin High School.

A grand jury investigation of

the attack was made and the case thrown into the laps of Sheriff C. F. Stubblefield and County Attorney A. M. Pribble with instructions to call in the Federal Bureau of Investigation and Texas Rangers "if necessary."

The grand jury's recommendations were followed by Sheriff Stubblefield and the FBI assisted in the case.

The grand jury investigation

arose from a situation that had been brewing in the Mullin Independent School district since the Board of Trustees failed to renew the contracts of Ray Barnett, high school principal, and Miss Marie Wallace of the Mullin Grammar School.

Prior to events leading up to the attack on Mr. Williams there was threats to "beat up" the superintendent on the last day of school.

Following a girls' softball game the night of May 22, Mr. Williams drove his family home during a rain. As he drove up to his residence, which was on the Mullin school campus, he noticed a light burning in his office in the high school building. Leaving his family at the residence, he proceeded to the school building to extinguish the light.

On his way Mr. Williams noticed a number of automobiles parked near the high school and gymnasium. As he was unlocking the padlock on the door of the school entrance, which is deeply recessed, he was attacked. Eggs flew from the hands of those who had been sulking outside. Eggs also struck the facade of the school building.

A group estimated at from six to eight persons was clustered around Mr. Williams in the darkness. He was struck on the face and behind the left ear. He did not return the blows but attempted to reason with his attackers.

After the attack, Mr. Williams made his way home. His face was badly bruised and he had suffered cuts around his left eye and behind his left ear which required treatment by a physician.

## Important Meeting For Goldthwaite Mullin Business People Friday Night

### Livestock Raisers Meet This Thursday

President Robert L. Steen of the Mills County Livestock Raisers Association has scheduled a meeting for Thursday night of this week for the planning of the September Preview and the January Show of the Association. Mr. Steen said that the meeting would be held at 8:00 o'clock on Thursday night of this week at the Association's "barn" or Agriculture Building in Goldthwaite and he expressed hope that all of those who receive their Eagles on Thursday will make a point of attending the meeting. With some of the finest calves ever now on feed by 4-H and F. F. A. boys and girls in Mills County, there are high hopes for a successful September Preview and January Show.

### Quarterback Club To Have Barbecue

At a meeting of the officers and directors of the Quarterback Club held Tuesday of this week, plans were perfected for a barbecue to be given by the Club in honor of the Goldthwaite High School Football Squad.

The Club hopes to make this an annual affair and this year the barbecue will be held on Friday night, August 24th, at the J. M. Wrinkle place on the banks of the Colorado River at 7:30 o'clock in the evening.

Invitations will be placed in the mail the latter part of this week inviting all members of the Goldthwaite High School Football squad, the parents of the football boys, and the members of the Quarterback Club (Continued on Back Page.)

### Freak Storm Hits East Of Goldthwaite Saturday Afternoon

A "freak storm," rain squall, or cloud burst hit Mills County just east of Goldthwaite last Saturday afternoon at about 5:30 o'clock. The main force of the wind, accompanied by almost solid sheets of rain, struck at "Hap" Arrowood's farm about five miles east on the Waco highway. The first gust of wind practically removed all the roofs off Mr. Arrowood's barns. The nearest verbal estimate heard on the amount of rain was 3 inches in 3 minutes. This writer was parked by the rain about 200 yards east of Mr. Arrowood's barn by the first gust and I do not question the truth of the rainfall but I do believe the wind blew harder than results showed.

### Weather Report

H. H. Homsley, the new Superintendent of the Mullin Schools, announced this week that the Mullin School will open Monday, September 3, at 9:00 a. m. No ceremony is being planned for 9:00 o'clock opening Monday morning, but a program is being arranged for Monday night. Other action by the board included the appointment of Vance Cockrell to the board to fill the unexpired term of C. C. Collier. Mr. Collier's term will expire next May.

### Water Users Asked To Go Easy By Utilities Manager

City Utilities Manager W. C. Barnett this week made the announcement that it has become necessary for the citizens of Goldthwaite to curtail the use of water. He said that with the continued drought condition, fire hazards are increasing, which is proved by the fact that the Goldthwaite Volunteer Fire Department fought 4 grass fires this week.

Beginning now citizens are asked to discontinue the use of water on lawns except on shrubs and only enough to keep from losing them.

Mr. Barnett stated that he hoped this condition will not be prolonged, and that when the city system reservoirs are full again, the public will be notified.

Co-operation of each Goldthwaite citizen was asked by the utilities manager.

RESPECT FOR LAW BY ENFORCEMENT

After the Mills County Grand Jury had investigated what it described as "mob violence" against the person of former Mullin School Superintendent Wray B. Williams on the Mullin Schools property late last May, the case was referred back to Sheriff C. F. Stubblefield and County Attorney A. M. Pribble with instructions to call upon the Federal Bureau of Investigation and the Texas Rangers "if necessary." Subsequently there was much talk that the Grand Jury investigation would be the end of the matter. But, as a first page news story reports this week, Sheriff Stubblefield did have an assist from the F.B.I. and action was taken in the interest of law enforcement and to make it known to all and sundry that the law cannot be flouted with impunity. Sheriff Stubblefield and County Attorney Pribble have made clear their gratitude for the cooperation that was given by the Mullin community itself in seeing to it that justice was done and in making it evident to everybody that acts of lawlessness cannot and will not be tolerated. While the Sheriff and the County Attorney have thanked others, it seems to us that thanks is due to them for having acted diligently and for having enhanced respect for the law through enforcement. Law is not law unless it is enforced; an officer such as Sheriff Stubblefield cannot decide to enforce one set of laws and ignore others. We have heard many favorable comments on the impartial, conscientious manner in which Sheriff Stubblefield has met the obligations of his office. We believe that we speak for most of the community that is Mills County when we write that in the course of his day by day duties Sheriff Stubblefield is serving the public interest by enhancing respect for the law which, since the millennium is not in sight, is the protection that has to be provided for peaceable members of society.

BEST WISHES TO LYMAN SAYLOR

This week's announcement that Lyman Saylor has accepted appointment as Mills County Chairman of the Texas Republicans For Eisenhower For President is good news. It is good news because it is tied in with an effort to build a really strong Republican Party in Texas. There is bound to be disagreement on the issue of nominating General Dwight D. Eisenhower for the Presidency of the United States because there are persons who will wish to debate with themselves at length the advisability of having a military man in the White House. But if the rapidly growing movement in behalf of General Eisenhower turns out to be an aid in bringing the traditional American two-party system of government to Texas, then much will have been gained. Government by a single party in which personalities and influence take the place of principles is contrary to the concept of constitutional government as it was envisioned by our forefathers. We hope that in Mills County Mr. Saylor will succeed in creating a strong group which, while working in behalf of General Eisenhower, also will be working for the two-party system of government. We hope that the same will come to pass in all of the other Counties in Texas. The writer of this editorial happens to be an enrolled Democrat who, however, believes in a "loyal opposition"—in the two-party system of government. We have voted Republican many times as part of an effort to save the Democratic Party—in hope of restoring its allegiance to the principles of Thomas Jefferson. It has departed from those principles through the vehicles of the "New Deal," "The Fair Deal," and the grabbing for power and more power by the Democratic National Committee, which can hardly be said to represent the hopes and aspirations of true Democrats in the South. Accordingly, our very best wishes go to Mr. Saylor and to those who will be associated with him in all of the 254 Counties of the State of Texas.

HAPPY BIRTHDAY TO IRA O. HARVEY

In another column in this week's Eagle there is a report on the fact that next Sunday Ira O. Harvey of Fisher Street will celebrate a birthday. That happens to everybody every year. There is nothing unusual about having a birthday anniversary. But to our personal knowledge there are several characteristics about Ira O. Harvey that are all too rare in this selfish, dog-eat-dog world. He is a wonderful friend and an exceedingly good neighbor. Having lived next door to Ira O. Harvey for well over a year we know him to be dependable, friendly in the acts of ordinary living that really matter—and he is a man of deep principle and abiding integrity to boot. If everybody lived his life as Ira O. Harvey tries to live his, this would be a better world. Many, many happy returns of the day, Mr. Harvey.

Last Saturday afternoon at about 4:00 o'clock, a small boy claiming San Angelo as his home borrowed a horse from I. K. Griffin without the knowledge or consent of the owner and started to Evant to visit some of his relatives. He secured the horse from the alley back of Hurlbut Hardware Company's Warehouse, where Mr. Griffin's son had left it tied. Late in the afternoon Deputy Sheriff Atkinson came up with the youngster a few miles below Center City and returned him to this city that night and locked him up. He was released Monday, however, as he was too young to be sent to the reformatory, it being claimed that he was not yet 8 years of age.

GUEST EDITORIAL

(Editor's Note: We believe that when moral indignation dies, all progress ceases. We believe also that the West Point "scandal" has served an encouraging purpose in that it has shown that moral indignation is not dead in this country. One of the best commentaries on the situation at West Point has been written by George E. Sokolsky. Here it is.)

By GEORGE E. SOKOLSKY

Senator Fulbright's proposal, which amounts to shifting the West Point scandal to an investigation of inter-collegiate football, is not sound. The problem is not football, it is the morals of a nation. It is not whether subsidized, paid athletics in the colleges is to be forgiven; it is rather that something has gone out of this nation when cheating is taken as lightly as fixing, which used to be called graft.

It is easy for those who think only in terms of immediate party politics or, even worse, of their personal friendships to shunt off everything that happens into the category of the usual. But those who insist upon a moral criterion cannot help asking "Why is it usual? Why has it become usual?"

It is possible to say that the twentieth century is not the nineteenth century, but that does not mean that the twentieth century is an improvement on the nineteenth or even on the twelfth century. What is called modern does not necessarily mean better, as anyone who listens to Bach and Shostakovich on the same program knows.

If by improvement we mean that an automobile is a superior means of locomotion to a horse and buggy, or that an electrical refrigerator is superior to a bow and arrow, then we have made very great progress.

But when the morals of man are considered, we are halted by the astonishing retreat of the twentieth century, with its excess of divorces, its broken homes, its emphasis on homosexuality, its acceptance of materialistic Marxism in wide areas that were so recently Christian, its avoidance of such concepts as faith, honor, dignity, sacrifice. If we assume that God is old-fashioned and that his natural law is superstition, then we must not be shocked by what happened at West Point.

These 90 men accused of cheating contend that they are not the only ones, and that it has been going on for some time. Does that make it right? Is that an excuse for conduct? Because some men are dope peddlers, is dope peddling justified? The position is so illogical that the men who use it as an excuse display their unworthiness.

This is a question that Americans have to answer if they wish to preserve our nation and our civilization. It is impossible to say that "deepfreezers," "mink coats," fixers close to the White House and incident after incident of loose morals in high places are usual in all governments. In our long history, such incidents have been unusual. These are the clinical evidences of a decaying civilization, just as wholesale and prolonged cribbing at West Point is a symptom of degeneracy among our armed forces. For these young men, under the circumstances of West Point education, could not have engaged in this practice without officer connivance. This undoubtedly is their real defense.

These symptoms need to be studied back to their causes. When there is such widespread degradation among the people, it means clearly two things:

1. The moral leadership of the nation is inadequate for influencing oncoming generations in decent, dignified leadership and living.

2. The religious training of youth is inadequate to sustain them through the trials of life by precept, inspiration, example and by supplying the automatic restraints of moral conduct.

The individuals involved in the West Point scandal will suffer personal indignity and a loss of great opportunity, but there is much more to this. This incident is now challenged by an incident which involves all our children. What is being done in our schools to build character? The public school ideal, character designed not only to teach reading and writing, but to breed a race of decent, honest, God-loving human beings. What happens to our children in the first years of their lives? This we need to understand if we are to grasp our current apathy concerning indecencies. It may require moving deeply into the whole question of national morals, of upbringing, of education, of purely functional schooling without religion.

We need to know why our people are not outraged at the shameful corruption of our country. Something has gone terribly wrong with us and we need to know what it is and why it happened.

The Eagle's Aery

By The Editor

(Editor's Note: The following widely discussed editorial from Life Magazine is reprinted here—not only for its own merit, but because when the time came for the editor to write the Eagle's Aery this week, Dr. M. A. Childress took him out of circulation.)

FOUR BOYS AND A PIANO (Being Some Reflections On The Low State of Public Morals)

We were thinking about a fellow named Bill Boyle the other day when we noticed a news story from Madison, N. J. The story was about four boys, aged 6 to 9, who got into a schoolhouse and proceeded to smash a grand piano by shoving it from the auditorium stage to the floor of the orchestra pit. They splattered walls, floors and drinking fountains with paint and iodine. They flooded the gymnasium and raised hob with phonograph records and instruction films. Now they are in trouble with their parents, the police and the Juvenile Referee in Madison. But not, we'll wager, in very serious trouble. "We just had a lot of fun," the boys told the police. Every grownup who has yearned to smash a grand piano or throw paint at a wall or break a set of dishes with a baseball bat is bound to be on the side of the boys.

But wait a minute. There is, as we said, this fellow Bill Boyle and the trouble he is in. Bill Boyle, who was 9 years old 40 years ago, is chairman of the Democratic National Committee. He makes \$30,000 a year in that job, he is a bigshot lawyer back home in Kansas City, and he is a close friend of the President of the U. S. Now Bill Boyle, successful American, is in a mess. It turns out that in 1949, before he became Democratic chairman, he went on the payroll of a St. Louis printing firm which was applying for an RFC loan. The loan had been refused up to then. But a part of it was granted right after Bill Boyle hooked up with the firm, and more of it came through after he took the Democratic committee job and a law partner replaced him on the printing company's payroll. Bill Boyle's friend, the President, is reported to be mighty sore at him—not for whatever he did, but for failing to warn his pal Harry Truman that another stink was in the wind.

At this point you may be wanting to know what in the world the four boys in Madison, N. J. have to do with the Democratic National Chairman William M. Boyle Jr. and his troubles. That's a fair question. But before getting back to the boys in Madison we want to take note of some other fellows who are in trouble. One of them is Brigadier General David Crawford of the U. S. Army. During the past four years he has been in charge of the Detroit tank arsenal. It turns out that he stayed a couple of times, free and for nothing, in a Washington hotel suite rented by a representative of two firms which do business with the arsenal. He also built two pleasure boats with government materials, and he once accepted the gift of a boat keel from a firm which sells stuff to the Army. Nothing much, anyone might say; more folly than sin here, on the face of it. But it was enough to blot the record of General Crawford and get him fired from his arsenal job. A sad affair, especially when you consider that the general merely wanted to have some fun with these boats.

Many others in the world wanted to have a little fun and get a little life than the law allows. F. Smith, 53, a New York fireman, was sentenced on for a maximum of the other day for shaking down firms for stall fuel tanks. These the same racket got years ago. They agents, the fall racket ups who received racket take. Down a bunch of Truman have been caught jobs, and the government deems it unwise under oath before crime committee.

All over the country reeks with more of Democrats are often than not, but can be just as crooked. The local organization is police crime and bribery. Philadelphia a distinguished clergyman, Dr. Dumas has set out to clean up G. O. P. machine elected mayor.

What do Americans think of the U.S. get it from our country, the thinking there more or less First there is a growing disgust with. Not simply a the individuals who their offices and who take advantage of knavery. But a speech with the institutions cesses of government. Second there is a rather cynical attitude—"what-the-hell-can-we—and, along with that nobody can do it.

This is where we get the four boys in Madison. Much as it pains us we trust that their parents trust that the boys have a thing or two about wrong, and about the fellow can and cannot have. If so, they likely later on to make takes that Bill Boyle Crawford and Freeman Smith and so many to have made someone the line.

But there is more to that. The American which the four boys are growing up with is getting too tolerant of fun. ## Miss Modene Letbetter Is Wed To Corporal Leroy Cecil Robinson

Miss Modene Letbetter of San Antonio, daughter of Mr. and Mrs. Roy Letbetter of Goldthwaite, became the bride of Cpl. Leroy Cecil Robinson, who is stationed at Fort Sam Houston, Sunday morning, August 12, at 8:00 o'clock in the First Methodist Church of Goldthwaite. The Rev. J. T. Ayers, Pastor of the First Baptist Church of Goldthwaite, performed the ceremony. The groom is the son of Mr. and Mrs. Buford Robinson of Covington, Kentucky.

For the wedding ceremony, the church was beautifully decorated with an archway entwined with huckleberry and white roses, flanked by tall baskets containing white gladioli and white asters. Soloist was Mrs. Myrna Johnson, who sang "Always" and "Because" accompanied by Mrs. H. D. Schulze, who also played the traditional wedding marches.

The bride, who was given in marriage by her father, wore a traditional white lace dress of ballerina length with a fitted bodice and long sleeves that came to points over the wrists. The sheer yoke was outlined with scallops of seed pearls. The full skirt flowed gracefully into a short train. Her veil fell from a band of lilies of the valley. The bridal bouquet was of white roses and white stephanotis centered with an orchid on a white Bible.

Miss Pearl Cook of Abilene, formerly of Goldthwaite, was maid of honor, and bridesmaid was Miss Ann Galloway of San Antonio. Miss Cook wore a ballerina length gown of blue organdy, and carried a bouquet of white roses and stephanotis. Miss Galloway's dress was ballerina length and fashioned of pink organdy. Her bouquet was identical of the maid of honor's.

Warren C. Jardine of San Antonio served the groom as best man, and Ivan O. Carlson of San Antonio was groomsman. Ushers were Robert Henry Johnson and Bobby Letbetter of Goldthwaite.

The bride's mother was dressed in a black sheer crepe with white accessories and a corsage of white carnations.

Immediately following the ceremony a reception was held in the Jennie Trent Dew Library. The bride's table was covered with a white cutwork cloth and centered with an arrangement of gladioli, asters, and fern. A three tiered wedding cake, topped with a miniature bride and groom, and the punch service were at either end of the table. Mrs. Robert C. Johnson, Jr., cut the cake.

## Shower Honors Modene Letbetter

Miss Modene Letbetter, who was married August 12th, to Cpl. Leroy Robinson of Fort Sam Houston, was honored with a miscellaneous bridal shower, Saturday afternoon, August 4th, from 3:00 to 5:00 o'clock in the home of Mrs. R. C. Johnson, Jr., in Goldthwaite. Mrs. C. E. Heatherly and Mrs. Carl Letbetter were co-hostesses with Mrs. Johnson.

Miss Letbetter, her mother, Mrs. Roy Letbetter of Goldthwaite, and the hostesses were in the receiving line.

An arrangement of white gladioli and asters centered the refreshment table, which was laid with a white cut work cloth over green. The bride's chosen colors of green and white were used in the decorations and refreshments. White and green cake squares were served with green punch.

Misses Nelda Jones, Ada Margaret Geeslin, and Nelda Hodges assisted with the serving. A large number of friends called during the afternoon and presented the honoree with many lovely gifts.

## Welch Family Reunion Near Big Spring To Be Held This Weekend

During the coming weekend, starting today, Friday, and continuing through next Sunday, descendants of the late William and Lucinda Welch and their families were scheduled to gather at a reunion on the Baptist Camp Ground just east of Big Spring.

Mr. and Mrs. Ralph Welch of Post, who are directing the camp this year and who are arranging for the reunion, said that the family reunion has been an annual affair since the close of World War II. Previously it had been held at Lake Brownwood.

The late William and Lucinda Welch made their home at Center City. Five of the children of the pioneer couple are living. They are C. S. Welch of Goldthwaite, Sallie Scrivner of Dermott, John R. Welch of Sterling City, Riley J. Welch of Post, and Mrs. T. D. Lasley of Seminole. Grandchildren and great-

grandchildren of the pioneer couple are scattered over most of Texas and into surrounding States. At the time of her death several years ago, Grandmother Welch was 93 years of age and had more than a hundred living descendants.

One feature of the family reunion will be the religious service on Sunday morning. The children will form into classes for the Sunday school hour and members of the group, who serve as Sunday school teachers in various denominations will teach the classes.

The preaching at the Sunday morning Church service this year will be done by the Rev. Ross T. Welch, Pastor of the First Methodist Church in McCamey.

The Rev. Cecil McIntire, Pastor of the First Baptist Church in Sterling City, whose wife before their marriage was Miss Anna Mae Welch, has preached in the past at the reunion.

J. M. FLOYD

**Funeral Rites For J. M. Floyd, Gas Company Official**

Funeral services were held in Fort Worth Monday for James M. Floyd of Dallas, advertising director for the Lone Star Gas Company, widely known attorney and leader in community affairs dedicated to human welfare. Mr. Floyd was 50 years of age on April 29.

Mr. Floyd died Friday afternoon at his Dallas home, 4629 Watauga Road, after being stricken suddenly on Thursday night while dining with friends.

Big, jovial and friendly, Mr. Floyd was a familiar figure at conventions and other gatherings of the advertising and newspaper profession in the Southwest. He was in constant demand as a speaker and during his more than 14 years with Lone Star had made many appearances at civic and church meetings through the gas company system in Texas and Oklahoma.

The funeral services were held at the First Methodist Church in Fort Worth where for many years Mr. Floyd had been an active member and teacher of a young married couples class. Dr. Warren Johnston, Pastor of the Church, and the Rev. Thomas P. Weaver, Pastor of the Cochran Chapel Methodist Church in Dallas officiated.

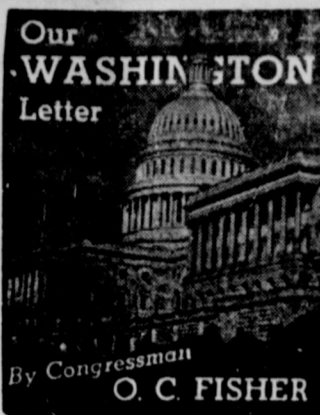

Born in Boyd, Wise County, Mr. Floyd attended public schools in Fort Worth and Texas Christian University. He was graduated from the University of Texas Law School in 1926 and immediately became an assistant attorney for the City of Fort Worth.

He was appointed Lone Star advertising director by D. A. Hulcy, president of Lone Star Gas Company, on April 1, 1947, and was in charge of all company advertising.

Mr. Floyd had only recently been elected president of the Dallas Advertising League.

In 1925 Mr. Floyd was married to Willa Lee Smythe of Muskogee, Oklahoma. In addition to his wife, Mr. Floyd is survived by a sister, Mrs. Claude Dodd of Fort Worth.

SAVE ALL OF YOUR WASTE PAPER FOR THE GARDEN CLUB

With the tempo of the preparedness program gaining momentum, the House last week voted the largest peacetime appropriation of funds for the national defense in American history. The figure for this fiscal year is \$36 billion, and there is more to come. An additional \$4 1/2 billion will soon be provided for land acquisition, activation and reactivation of training camps over the nation and around the world. In addition, there is the request for some \$7 billion for helping arm the Atlantic Pact armies.

So we are faced with the problem of national defense on the one hand and of national solvency on the other.

In terms of actual expenditure, it is estimated that we will spend about \$39 billion during the current year as compared with \$19 billion in the last year. Commitments for additional procurement contracts are expected.

By way of a brief break-down, it may be of interest to note that of the vast amount to be spent this year 49% will be for major procurement and production; operation and maintenance calls for 20%; military personnel for about 17%; acquisition of land and construction, 8%; research and development, 3%.

The program is to be built around a 3 1/2 million-man armed force, including about 1,550,000 in the army, 800,000 in the navy, with 1,162 ships; 175,000 in the Marine Corps; and an Air Force of about 1,061,000 working toward a goal of 95 wings. About 1,400,000 civilian personnel will support this expansion, a reduction of about 75,000 under military requests.

Roughly, \$30 billion will be spent during the year for procurement of planes, ships, tanks, artillery, ammunition and guided missiles. A billion and a half will be expended for research and development in the race for better and improved warmaking equipment.

The big problem now will be for the Congress to ferret out waste and extravagance and through committee investigations to keep a close watch on just how the money is spent in an attempt to protect this gigantic investment by the taxpayers in the future defense and security of the nation.

A letter from Capt and Mrs. T. Greer, of San Angelo informs us that they are now stationed in Greece on a two and one-half year assignment. Captain Greer is in the Air Force. Mrs. Greer was before her marriage last September, Miss Sandra Pappas.

Col. Davey Jones of Winters, is now stationed at Pope Air Force Base at Fayetteville, N. C., as also is Major John Ryder, of Uvalde. The latter was recalled to active duty two months ago. While on a recent Air Base committee inspection trip into North Carolina I had the pleasure of visiting with these two Texans. I also spent some time with Col. Bert Carleton, of Comanche. He is Commanding Officer of Stewart AFB in Tennessee and is presently engaged in the Southern Pines maneuvers being conducted in North Carolina.

Visitors who have been in Washington recently have included Luther Coulter, of San Angelo, a career man in FBI. Stationed in the San Antonio office, Mr. Coulter was called to Washington for a two-weeks training course. Other visitors have included Ralph P. Mayer, son of the Edwin Mayers of Sonora. Stationed at Westover AFB in Massachusetts, Ralph spent a few days leave in Washington. While here he visited with Walter McCabe, formerly of San Angelo. The latter, a son of Lt. Col. Chas. Dwight McCabe, is a veteran of the recent conflict and spent three years in intelligence service in

Berlin at the end of the war. He talks the Russian language, and took an important part in contacts with the Russians in the German capital as well as with those in the Eastern Zone. His father, Col. McCabe, a veteran of both wars, engaged in the oil business in West Texas during the 30's and since his recall a few months ago has been assigned to duty in Bordeaux, France, where he is now stationed. Young McCabe is presently attending the Foreign Service School at Georgetown University.

Among other recent visitors have been Glenn E. Brooks, a Texas University student from Kerrville. A Naval ROTC student, he is now on a six-weeks tour of sea duty, and came to Washington for a few days of leave.

Major M. A. Campbell with his wife and two children, Anita and James, of Goldthwaite, visited with us last week. The Major was en route to Germany following several months at Carswell Field in Ft. Worth where he piloted B-36s. The family will return to Goldthwaite until such time as they may be able to join Major Campbell in Europe.

**Entire Community Invited To Choir At Baptist Church Wednesday**

A program of religious and folk music will be presented next Wednesday night at 8:00 o'clock at the First Baptist Church in Goldthwaite by a choir of 40 voices from the Little Zion Baptist Church in Brownwood.

The entire community has been invited to attend what has been promised as a rare treat by T. F. Sansom, President of the Brotherhood of the First Baptist Church—which will sponsor the program. Mr. Sansom said there will be no admission charge but that a free will offering will be taken.

The choir, which sings regularly at the Little Zion Baptist Church, of which the Rev. A. A. Brooks is the Pastor, is under the direction of Mrs. Rosetta Reed. Mrs. Reed, who is an organist and a pianist, has taught music for 16 years in the public schools of Brownwood. She has played in recitals at

NOTE TO BENTONVILLE, ARK.— LEONARD ARCHER REALLY LOOKS LIKE THIS; THEY SAY "PHOTOGRAPHS DON'T LIE"

Newspapers in and around Bentonville, Arkansas, please copy:

LANA ARCHER

Leonard Archer established his headquarters in Bentonville as a member of the staff of the Kraft Foods Company. The correct name of the company was provided, gratis, by Mayor Loy Long of Goldthwaite who said that the word "cheese" does not appear in it. The primary purpose of this story is to let Bentonville and surrounding areas know that Leonard Archer formerly of Goldthwaite, Texas, is in disguise in Arkansas. He is up there talking about cheese

Jim Bob Steen To Go To Ft. Benning

Second Lieut. Jim Bob Steen, son of Mr. and Mrs. Robert L. Steen of Goldthwaite, was scheduled this week to leave on September 8 for Army duty at Fort Benning, Ga. Lieut. Steen was commissioned a Second Lieutenant in the Army's organized reserve corps upon his graduation from Texas A. & M. College last June. Until receipt of military orders returning him to active duty, he had been assistant Agriculture Agent in Howard County.

Now that the Eagle has exposed Leonard Archer and his disguise to Bentonville, here is some solace: Bentonville has gained much and Goldthwaite has lost. There is no disguise about the twin daughters of Mr. and Mrs. Archer. The pictures of the twins, Linda and Lana, are

also pictured here, along with a true likeness of their father. Mrs. Archer and the twins left Goldthwaite late last week to

join their father in Bentonville. Goldthwaite was exceedingly sorry to see them go. It must be recorded, however, that the editor of the Goldthwaite Eagle will sleep better of nights because, with Linda and Lana gone, the danger of finding rattles from rattlesnakes and other queer articles placed deftly in the editorial bed has been diminished to the vanishing point.

## News Of The Ebony Community

By CLEMENTINE WILMETH BRILEY

They've come and gone, the children and the grandchildren. And, "When shall they return?" is a question still unanswered. We turn to various tactics to ease the lonely heart: like playing the piano, remembering happy things, or thinking up some lovely thing to do.

The Beliches left Saturday morning for El Paso. For a month we had had Billy and his mother. How tremendously one can miss a little boy! Especially one like Billy, who filled the house with his noise and had to help do every thing. He had to help rope off the calf at milking time. He even had to try to milk. He was always right there to ride the pony from the lot to the house. He hardly missed a trip to the chicken houses. There he must get the eggs and help put out feed, and sometimes, to her dismay, he would grab a hen by the tail and swing her round and round. Everytime we went to town he had to go with Grandad into the frozen locker to get cooled off.

As we passed the Edward Egger home on our way to town Thursday, we found a number of pickups in front of their house. Mr. and Mrs. Charm Whittenburg, Mr. and Mrs. Charles Griffin, Mr. and Mrs. Daz Price, and Hubert McMullen had come to help them move to Brownwood. We must bow to the inevitable, but we cannot help but feel a deep loss as we see Mr. and Mrs. Egger and Jerry depart from our community. We felt it keenly Sunday when we met for church and found them absent.

Mr. and Mrs. Cecil Egger and Mr. and Mrs. Eugene Egger were hosts to Mr. and Mrs.

Owen Egger and children and Mr. and Mrs. Alvie Egger of Nolan County as they visited and fished on the river last week. Mr. and Mrs. Charm Whittenburg also spent some time on the river with them.

Mr. and Mrs. Ben Egger of Regency delivered groceries to Ernest Malone Wednesday afternoon. They then went by to see Mrs. Edna Dwyer, and later went on to the river to join the fishing crowd.

Pfc. Charles Henry Griffin of Carswell Base, Fort Worth and his brother, Johnny, called at the Briley home Saturday.

We hear that Blue Thompson has a sister visiting them now.

Mrs. Edna Dwyer has dug the Bermuda grass out of her orchard, and now she is pulling the Johnson grass out of her field and carrying it up to feed her milk cows.

Though many may come and go, the drouth remains with us, an ever fearful specter of want and degradation. The problem of feed for our livestock increases day by day.

Lem Egger helped Taylor Duncan drive his cattle to his maize on the Malone farm Monday.

Mr. and Mrs. J. R. Wilmeth and Mrs. J. R. Briley went to Cleburne Monday to attend the funeral of their sister-in-law, Mrs. Geneva Wilmeth, widow of the late Charles T. Wilmeth. Many years ago the Charles Wilmeths lived at Ebony. For awhile they lived in a tent not far from the mouth of Buffalo. Later they moved to the place now occupied by the Griffins. Charles Wilmeth was found dead in the loft of a house he was repairing in San Antonio, July 4, 1908. Mrs. Wilmeth died

August 11, at Memphis Tennessee.

Three children survive. They are Mrs. Genie Ewing of Corpus Christi, Mrs. Thelma Standley of McKinney, and Charles T. Wilmeth Jr. of Memphis, Tennessee. The oldest daughter, Mrs. Florence Lowry, of Flagstaff, Arizona died a year ago. All the children were present for the funeral, also Mrs. Grace Bateman and Mrs. Jo Wilmeth of Fort Worth. After the funeral, fifteen relatives had lunch together at a specially prepared table at Hotel Liberty in Cleburne.

When just a boy, my father left my brother, Charles, with a friendly Mexican family in Mexico. He wanted him to learn the language. When he went after him a year later and brought him home, Charles cried when he could not talk

to his sisters, Nellie and Clara. He had forgotten his English. All his life, he spoke Spanish fluently, and always had a hankering after Mexico. When General R. M. Gano of Dallas took a colony to Mexico, Charles was employed as interpreter.

**Farmers And Ranchers Should Study Benefits Of Deferred Grazing Now**

By CHARLES O. HAENISCH

Farmers and ranchers who have deferred pastures this summer should spend some time this month observing the results of the deferments. It has been noticed that in spite of the dry weather, pastures that have been deferred are producing a good growth of native grasses and many of the grasses are

forming seed heads. It should be remembered, however, that the grasses will not have their maximum growth at this time. During the months of September and October more forage will be noticed and the seed heads will be more evident.

Sideoats grama is now beginning to make seed. This fact was noticed on the Roy Weidner farm at Priddy. This pasture has been deferred for three years and many of the desirable grasses are now present. A good cover of Little bluestem, Indian-grass, Sideoats grama, and Canda Wildrye make up the composition. Traces of Switchgrass, an almost extinct grass, were beginning to appear.

Small seedlings of Little bluestem and Indiagrass are beginning to make their appearance on a pasture that was largely composed of needlegrass on the J. H. Priddy farm. This pasture has been deferred two years and is making a rapid comeback. To allow stock on this pasture at this time would eliminate the progress that has been made.

The small seedlings are the tenderest plants available to the livestock and the grazing of these plants by only a few head would destroy them.

After observing a pasture which has had several deferments, Cecil Partin noticed that areas that were completely grazed out were beginning to show signs of recovery. Some vegetation was appearing in these areas. The vegetation in these areas is not the most desirable type, but Mr. Partin realizes that nature is protecting these areas with a cover until the more desirable grasses can seed.

Farmers and ranchers who have a range deferment for the first time should not expect too much from them. To improve our ranges to where they will produce more pounds of beef per acre is a job which cannot be accomplished in one or two years. Only through proper range management and continued observation of the ranges can a farmer or rancher get this important job done.

 Some one said to me: "God does not hear the prayer of a wicked person." My reply was: "If you are sincere and conscientiously confessing to God your faults and humbly asking for forgiveness of your sins you are not sinning." We do not fool God. He knows when we are honest with Him. Sincere sinners can be redeemed.  
 We find in Isaiah, chapter 1, verse 18: "Come now, and let us reason together, saith the LORD: though your sins be as scarlet, they shall be as white as snow; though they be red like crimson, they shall be as wool."

BY

ALLAN SHIVERS  
 Governor of Texas

AUSTIN, TEXAS

**GREETINGS:**

The percentage of farm homes in Texas receiving central station electric service has increased from 2.3 per cent to 90 per cent during the past 16 years, largely through the stimulation of the Rural Electrification Administration (REA) program.

More than 282,000 rural families of Texas now enjoy the benefits of electric lights and power through cooperatives which they themselves own and operate.

Each of the 77 rural electric cooperatives in Texas is a free and independent, tax-paying business enterprise, chartered under the laws of the state of Texas, and owned and controlled by the farmers and ranchers who receive service along its lines.

The availability of electricity has brought about a wholesome revolution in farm methods, production and living standards; has lightened the drudgery of farm tasks and increased farm output and profits; has been instrumental in keeping young people on the land, and has promoted the general welfare not only of rural people, but of urban residents as well whose prosperity and well-being depends upon a sound and prosperous agriculture.

THEREFORE I, as Governor of Texas, do hereby proclaim the week of August 19th to 25th, inclusive, as

**RURAL ELECTRIFICATION WEEK**

in Texas, and call upon all citizens of the state to observe during this week the splendid progress that has been made in electrifying rural areas during the past 16 years, and to resolve anew that the program shall continue to expand until every farm family in the state shall enjoy the blessings of electric lights and power.

In official recognition whereof, I hereby affix my signature this 18th day of July, 1951

*Allan Shivers*

Ira O. Harvey Will Be 67 Sunday But Not Ready For A Siesta Chair

Ira O. Harvey, who was the first man to use an automobile for the distribution of mail in Mills County—back in 1916, when the late Phil H. Clements was Postmaster—will celebrate a birthday anniversary next Sunday.

Mr. Harvey was born in Lam-pasas County on August 19, 1884—the year before Goldthwaite was established. He gives credit to DeLeon for having reared him but actually, Mills County has been his home since 1916, except for a year spent in California, camping trips in Colorado, Utah and Idaho; expeditions to Chicago, and so on.

Between 1916 and 1935, when retirement became compulsory under postal laws and regulations, Mr. Harvey carried the mail on Route 1 out of the Goldthwaite Post Office—with frequent assists from Mrs. Karvey. She is the former Mattie Bibby and they were married in Eastland on April 3, 1907. Mrs. Harvey is a native of Arkansas, but she has lived in Texas since she was five years old.

In advance of his birthday Mr. Harvey received a gift from his daughter, Mrs. Lane Boogher of Chicago. It was a luxurious, leather-upholstered siesta chair which any man less active than Ira Harvey would be delighted to have.

"Humph," he groused when he uncrated the gift from Lilla. "She is ten years too quick. It will be ten years before I will have any time to spend in anything like that."

In addition to daughter Lilla, the Harveys have two sons—Wayman of Fort Worth and Omar of San Antonio. A third son, Earl Eugene, gave his life for all of the rest of us in World War II.

Ira Harvey has a far-flung reputation as a fisherman. Many a man in Mills County will attest to Ira's prowess, not

only as a fisherman, but as a hunter as well. One of his prized possessions is a BIRD DOG, Ted, which Ira has trained to speak English, find his hat and mind his manners. One day during this summer's hot spell Ira could not find Ted. The dog had climbed into his tub of drinking water and when Ira located him, all that could be seen of Ted was his nostrils poking up through the surface of the water.

Ira Harvey is a voracious reader. He keeps his finger on the pulse of the news, tends the grounds around his home with meticulous care—and from time to time indulges himself in taking a deeply gloomy view of the direction in which the world is heading. He saw inflation, international discord and socialism in American government coming long before many others—all of which is evidence that Ira Harvey thinks about what he reads, hears and observes, and makes his own independent deductions.

Before he came to Goldthwaite with his model T Ford in 1916, Mr. Harvey had carried the mail out of DeLeon for 12½ years. In addition to his work for Uncle Sam he has been a dealer in automobiles, an accountant, a trader, and a lover of the wide open spaces. He has seen Goldthwaite grow and develop from the time when there were "many holes around the Square" and when, in rainy weather such as the winters of 1917 and 1918, it was rough going to see to it that the patrons on Route 1 received their mail on time.

A birthday gift that will be most welcome to Mr. Harvey and to Mrs. Harvey, too, will be a visit during the coming weekend by their grand-daughter, Miss Patricia Broadus of Chicago. She may arrive in time for the actual birthday next Sunday after a brief stop-off in Fort Worth with Mr. and Mrs. Wayman Harvey and their sons, Richard and Jimmy.

## Governor Allan Shivers Proclaims REA Week - August 19 Through 25

In an official proclamation, Governor Allan Shivers this week declared August 19-25 Rural Electrification Week in Texas.

The Governor has set aside this time for the celebration of Rural Electrification as a recognition of the fine service that the rural people of Texas have done themselves and their neighbors through cooperative effort and the establishment of 77 rural electric cooperatives in the State.

When the REA program was started in 1935 only 2.3 per cent

of the farms in the State were being served by central-station power. Today the coverage of rural areas is 90 per cent complete with Mills County having approximately 1,000 connections. Mills County is represented in the Hamilton REA district by Willis A. Hill of the South Bennett community. Mr. Hill was recently reelected a director of the Hamilton County Electric Cooperative.

## Star F. F. A. Chapter Preparing For Livestock Shows; Have Bought Pigs

The Star F.F.A. Chapter has recently selected and purchased seven registered Poland China gilts and one male pig. It was announced this week by Charles E. Davis, Vocational Agriculture Instructor at Star. The female pigs are all out of the second place boar at the State Fair of Texas in 1951. The male pig is from winning showing ancestry from Illinois.

The gilt pigs were purchased from Alton Grotmalzky of Pottsville and Lawrence Nichter of Shive. The male Poland China was bought from Cecil Mercer of Carlton.

The F.F.A. Chapter bought the pigs from an award which was made to the Chapter from Sears Roebuck Foundation. The Chapter could use the money to promote and improve any kind of livestock in the community. Mr. Davis said that the boys chose the registered

Poland Chinas to see how they would compete with the large number of Duroc-Jersey hogs in the community.

Joe Bob Brown, Lee Watson, Ernest Rickel, Wilbert Rudolph, Doyle Miles, and Arthur Cook were the individual members of the Chapter who got the gilts. The male and one gilt will be retained by the Chapter as a group project. The purpose of this is for the boys to compare their gilt at home with the one at School and to provide a good Poland China boar to breed the gilts in this swine improvement program. People of the community will also be permitted to use this registered Poland China male if they are interested in improving their hogs at home.

Most of these Poland Chinas will probably be shown at the Mills County Livestock Show in January according to Mr. Davis.

## Funeral Rites Held For Ed Bramblett

Funeral services were conducted at 3:00 o'clock Wednesday afternoon, August 15, at the North Brown Cemetery for Ed Bramblett of Goldthwaite. The Rev. J. T. Ayers, Pastor of the First Baptist Church of Goldthwaite, conducted the services.

Mr. Bramblett was born in Decatur, Alabama on May 20, 1878, and at the age of 4 years he came to Texas with his family to Coryell County. He moved to Goldthwaite in 1902 and made his home with his widowed mother. In 1914, he and his mother moved to New Mexico where they resided until her death in 1918. He then came back to Mills County and has made his home with his nephews and nieces since that time.

For the past several years Mr. Bramblett had made his home with his niece, Mrs. Cicero Warren in Goldthwaite. It was Mrs. Warren who discovered that Mr. Bramblett had passed away quietly during Monday night when she went to see about him Tuesday morning, after he did not get up at his usual time.

Mr. Bramblett is survived by two brothers, C. M. Bramblett of Goldthwaite, and Jim Bramblett of Hagerman, New Mexico, along with a number of nieces and nephews.

Pall bearers at the funeral services were John Mashburn, Oscar Holland, Guy Rudd, Dan Holland, Bob Ervin and Henry Long.

There was an excellent attendance in each service, and the members of the church gave the revival meeting their whole hearted support, Bro. Ayers said.
