Mr. Collier reported also that at the meeting a sum of money was raised through voluntary contributions to help to meet the indebtedness on the Agriculture Building.

Charlie Schwartz Produces First Mills County 1951 Bale Of Cotton

Charlie Schwartz, who lives north of Goldthwaite, this year had the honor of producing Mills County's first bale of cotton, which was ginned by W. R. "Bill" Shipp at Priddy on Tuesday of this week.

The Charlie Schwartz cotton was purchased by Hollis Blackwell at 36 cents for a total of \$162.00 and Bill Shipp donated the ginning and wrapping.

In recognition of the accomplishment by Mr. Schwartz in producing the first 1951 bale of cotton in Mills County numerous business houses made up a purse that, as the Eagle went to press, totaled \$108.00.

The donors were Collier Grocery, H. B. Davis Store, Clements' Drug, San Saba Production Credit Association, The Trent State Bank, Earl T. Fairman, G. R. Wagoner, Ed Dearson, the Highway Garage at Priddy, Ray Stegmoeller, H. A. Truitt, Carl Jeske & Co., A. L. Wilhelm, and Aunt Lou.

Also Servel Mill, Collier Company, Inc., Mills County Locker Corporation, Letbetter Machine Shop, Dr. M. A. Childress, Frazier Brothers, Duren Furniture, Barnes & McCullough, H. E. Trent State Bank Opens Soil Award Effort At Dinner

Fifty guests of the Trent State Bank gathered on Tuesday night of this week at the home of Mr. and Mrs. Earl T. Fairman to inaugurate the effort by which the citizens of the Brown-Mills Soil Conservation District will push a candidate for a distinguished award that has been offered—to be made in 1952 for the first time—by the Texas Bank & Trust Company of Dallas.

The award will be made on a State-wide basis to a Soil Conservation District Supervisor and to another Supervisor on a regional basis for outstanding achievement in the cause of soil and water conservation. It will include a selected trip to any point in the United States or its possessions for the winning Supervisors and their wives to study specific and outstanding examples of soil and water conservation.

(As was stated recently in the Eagle's Eye on this page, the awards candidates for the awards are Willis A. Hill and J. Hobart Priddy, who have given unstintingly of themselves in the cause of soil and water conservation.)

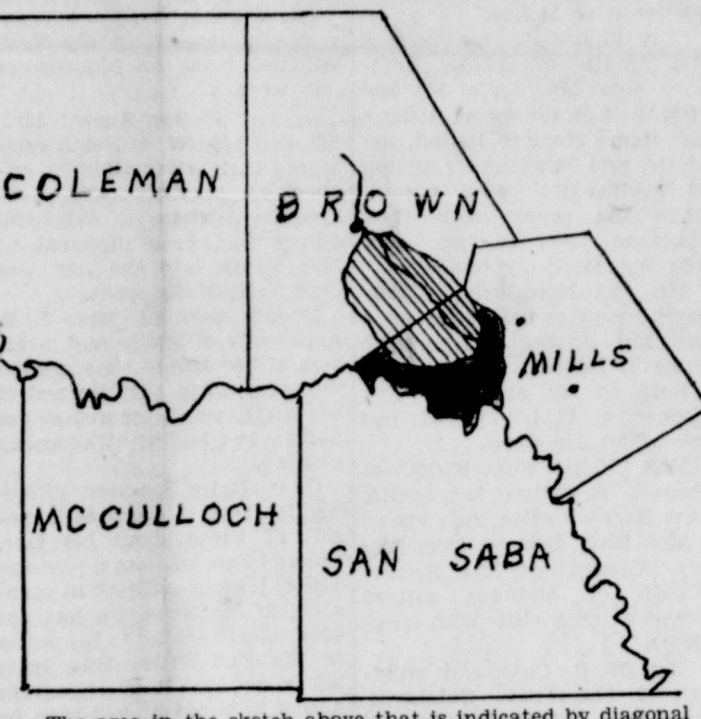

The award program of the Texas Bank & Trust Company was described at Tuesday night's dinner by the bank's Vice President, Comer S. Bishop, who also is a Director of the Trent State Bank. Because of

Lost Your Billfold?

If you lost a billfold soon after the first of this month then the man to see is Houston Duren at Duren Grocery. Mr. Duren will be happy to return the billfold to its rightful owner upon proper description and identification. He has had the billfold around for about three weeks and would like to get rid of it. The billfold was found in the Duren Grocery on the night of August 4.

WHAT THE FUTURE MAY HOLD

The area in the sketch above that is indicated by diagonal lines is the approximate territory in Mills and Brown Counties used by the national military establishment for Camp Bowie during World War II. The dark area below the territory marked by diagonal lines shows the approximate region that may be taken for military purposes in the near future—in addition to the lands that were used by the Army in World War II. The sketch above is a graphic illustration of the land that could be taken out of Mills County with consequent loss of production, income, revenue from taxes and places for home sites. If you study this sketch carefully you will have a better understanding of why Mills County citizens have organized to act in behalf of the continuing existence of the County.

Walter Fairman Gift To Create Youth Center At Baptist Church

Through the generous offer of a sum of approximately \$15,000.00 by Walter Fairman, a Youth Center that will be accessible to all of Mills County will be established on Fisher Street in Goldthwaite on the site of what long has been

known as the Baptist Education Building.

Charles Haenisch Appointed Chief In Soil Service

Appointment of Charles O. Haenisch as Chief of the Goldthwaite Work Unit of the United States Soil Conservation Service was announced officially this week. The appointment becomes effective at the beginning of next month.

Mr. Haenisch has been acting chief of the Goldthwaite Work Unit since Ben R. Day was transferred to the San Saba-Brady District several months ago.

An alumnus of Texas A. & M. College, Mr. Haenisch has been a technician on the staff of the Goldthwaite Work Unit for the past six years. After Mr. Day was transferred to his present operating headquarters in San Saba, Henry W. Turney of Dublin was appointed Chief of the Goldthwaite Work Unit. Mr. Turney, however, never actually moved to Goldthwaite and shortly after he had been appointed Chief of the Work Unit here he resigned from the Soil Conservation Service to devote himself to ranching in the Dublin area. It was after Mr. Turney's resignation last June that Mr. Haenisch was appointed Acting Chief.

Appointment of Mr. Haenisch to the top technical post in the U. S. Soil Conservation Service is regarded as recognition not only of his high ability but as recognition of his accomplishments in the cause of soil and water conservation.

Mr. Haenisch is married. His wife is the former Emagere Sanson of Rochelle. They have a son, Barry, who is 2 1/2.

For some time Mr. Fairman has been planning to make a Youth Center available to Mills County and a great forward step toward realization of his dream was taken on Wednesday night of last week when the members of the First Baptist Church, convened in a business session, adopted a resolution under the terms of which the following developments will occur:

1—Mr. Fairman's offer to spend \$15,000.00 on what now is known as the Baptist Education Building has been gratefully accepted.

2—In order to create a Youth Center with adequate facilities both indoors and outdoors, the present Baptist Education Building not only will be remodeled but an addition will be constructed for it.

3—Although under the direct supervision of the First Baptist Church of Goldthwaite, the Youth Center will be available for use by the young people.

Bear Allen Says Rain This Week Didn't Help Any

Harry "Bear" Allen took a very bearish view toward the weather of the past week and while he admitted that he had measured .12 of an inch of precipitation during a shower last Monday afternoon he said the rainfall did not do enough good to matter.

"It didn't count," Mr. Allen said, and that must be so because in Goldthwaite he is the official measurer of precipitation for the United States Weather Bureau.

A couple of thunder skirmishes during the past week did reduce temperatures somewhat and thereby make life temporarily more bearable for humans. But actually the drought has

Citizens Organize For Action To Guard County's Economic Future

Mills County citizens, organized in hope of maintaining the continued existence of the County as an economic unit, this week made considerable progress in the direction of action designed to protect the public welfare and to present the attitude of local citizens to members of Congress and the Department of National Defense.

E. W. Tyson, Like John Roy Wallace Guilty Of Assault

Following the previous example of John Roy Wallace, E. W. Tyson pleaded guilty to charges of aggravated assault in the Court of County Judge Lewis B. Porter on Friday of last week.

Like Wallace, Tyson was fined \$50.00 and court costs.

Wallace pleaded guilty before Judge Porter on August 11.

Both cases arose from an attack in the darkness of a rainy night late last May on Wray B. Williams, former Mullin School Superintendent, while he was alone and defenseless in the entrance to the Mullin High School.

The attack, which was described as "mob violence" by a Mills County Grand Jury, was reported to Sheriff C. F. Stubblefield and County Attorney A. M. Pribble by the Mullin School Board, which also petitioned District Judge Wesley Dice for a Grand Jury inquiry. The inquiry was conducted and some 68 witnesses were heard.

At the instruction of the Grand Jury, Sheriff Stubblefield and County Attorney Pribble continued their investigation, in which they had the assistance of a representative of the Federal Bureau of Investigation.

Minors who were involved in the case are being dealt with without formal action in County Court because of their status as juveniles. Sheriff Stubblefield and County Attorney Pribble are continuing their investigation on the basis of the Grand Jury recommendations and with the F. B. I. and the Texas Rangers still available for assistance if needed.

Mrs. Dunn To Speak At Baptist Church

Mrs. Pauline Dalton Dunn, a returned Missionary from the Philippine Islands will speak at the First Baptist Church of Goldthwaite Monday afternoon, August 27, at 3:30 p. m., it was announced this week by Mrs. V. C. Bradford.

Mrs. Dunn is the daughter of Mr. and Mrs. Grover Dalton of Goldthwaite, and she and her family are visiting her parents. Mrs. Bradford said that everyone is cordially invited to hear Mrs. Dunn speak.

Stubblefield Near Cracking Calf Case

Sheriff C. F. Stubblefield, working this week with Texas Ranger Clarence Nurdyke, came close to solving the theft and butchering of a calf. The Sheriff expected to have the case ready for Court action within a matter of hours. Three Comanche County suspects are under investigation. They are alleged to have butchered the calf in Llano County and to have tried to place it in a locker plant at Comanche. Sheriff Stubblefield and Ranger Nurdyke believed as the Eagle went to press that they were about to "crack" the case to its conclusion.

On Friday of last week upwards of 100 citizens met in the District Court Room at the Mills County Court House to consider realistically the situation that will confront Mills County if Camp Bowie is re-activated and if its maneuver area of World War II years is expanded into productive areas of Mills County, such as the Pecan Bayou watershed.

Last Friday night's meeting established a Steering Committee under the Chairmanship of Hollis Blackwell. The other members of it are T. C. Chaney, S. J. Fisher, Earl Summy, Luther Jernigan, Robert L. Steen, Mayor Loy Long of Goldthwaite, and County Judge Lewis B. Porter.

E. B. Gilliam, Jr., was designated Advisor to the Steering Committee and Delton Barnett and Raymond Dockrum were appointed members of a Finance Committee.

Following last Friday night's meeting the Steering Committee met on Tuesday morning of this week and agreed that M. L. Jernigan would shoulder the responsibility for determining the number of livestock in the area that might be carved out of Mills County for military purposes and which is indicated in a sketch in an adjoining column.

Mrs. Delton Barnett is to determine the number of residents in the affected area while Judge Porter and County Clerk Summy will compile facts and figures on taxation revenues that would be lost to the County if reports of military plans made

Last Ball Game Of 1951 Season Saturday Night

Baseball fans! Tomorrow night, Saturday, at 8:00 o'clock at the Municipal Ball Park in Goldthwaite the Goldthwaite Red Sox will play their last home game of the season. Speegleville will provide the opposition for the Red Sox, who have been burning up diamonds throughout the 1951 season.

The Red Sox "brains," Clyde Estep, Oma Shaw, Bill Hightower and Player-Manager Y. B. Johnson, Jr., promised all fans that at the Ball Park here on Saturday night the Red Sox will display the wonderful brand of baseball with which they have been astonishing the crowds in the Central Texas Baseball Tournament at Waco during the past few weeks.

Of four games played at Waco so far, Goldthwaite has won three. Goldthwaite has beaten Waco 10-1, 3-0 and 5-1. In the only game dropped by the Red Sox the score was 3-4 in favor of Waco.

The Red Sox will resume tournament play at Waco on Monday night, August 27. Mr. Estep said.

AN APOLOGY TO EAGLE READERS

In last week's Eagle and not through the fault of any member of the Eagle staff—except that the editor was disabled in hospital—the leading news story on the first page started out with the words: "A Mullin man late last week pleaded guilty to the charge of aggravated assault and was fined \$50.00 and costs by County Judge Lewis B. GUEST EDITORIAL

(Editor's Note: The Dallas Morning News has printed a whopping good editorial in response to President Truman's speech to the American Legion in which he whined against criticisms of his Administration. As the Dallas Morning News pointed out so sharply, many of the charges that the late Franklin D. Roosevelt and Harry S. Truman tried to duck turned out to be true. The editorial, which admonishes the President to shift his vision from the ballot box to the safety of the nation, is reprinted herewith in full.)

Before discussing the President's address to the American Legion, one point should be made quite clear:

The interest of the vast majority of Americans in what goes on at Washington is not political in the partisan sense. They want an honest government by and for Americans. They want the best possible man at the head of it and the best men to assist him.

There are, of course, men in the field of practical politics who have other motives. There are officeholders who want to stay in. There are minority party folk who want to get the 'ins out. But there are officeholders or seeking members of both parties whose interest is exactly that of the majority—the best for the United States.

The majority, whose interests are entirely the nation's good, will not dispute Mr. Truman's assertion that charges should not be recklessly made. The President's weakness is that the record is against both his predecessor and himself in successfully defending the government against subversives in positions of influence.

But for the work of the House committee on un-American activities, resisted bitterly by both administrations, there is nothing in the record to indicate that any ousting of subversives ever would have occurred.

Assume that Franklin Roosevelt and Harry Truman have both believed honestly that there were no Reds or fellow travelers in key posts in the government. They were proved wrong.

Assume that both Franklin Roosevelt and Harry Truman thought that, if there were such people, their activities could be controlled. They were proved wrong.

The President still complains of witch hunting and injuring men and women in office. If he has read the evidence already in, he is not playing fair. If he has not read the evidence, he should not speak.

Mr. Truman has condoned unethical actions by his close associates that are against the public interest. But the question of subversive infiltration, down in black and white in the record, involves the actual security of the country. The President needs to shift his vision from the ballot box to the safety of the nation.

The Eagle's Aery

By The Editor

For the time being, the Eagle's Aery is a pleasant room with walls tinted a pretty apple-green in the San Saba Memorial Hospital where the editor is having a wonderful time. That has been due largely to the fact that the mere incident of hospitalization away from home did not change the Mills County influence.

They do have such pride and it is entirely justified. Mrs. Carter, who runs the San Saba Memorial Hospital with the title of Manager, takes such great pride in her work and in the hospital that on the very day of the editor's arrival at his new but temporary Eagle's Aery, she let herself in for a story.

The poor guy was all hopped up with morphine. He had suffered intense pain. He was full of medication and was not allowed to get up—not even for ANYTHING. It was at the moment that the patient had been placed under an oxygen tent that Mrs. Carter really let him have it. She berated the editor for never having written more than a passing mention of the San Saba Memorial Hospital.

As a matter of fact, it will be a pleasure, Mrs. Carter. Since Mills County does not have a hospital of its own, it is a fine thing that we have available one so good and so near as the San Saba Memorial Hospital. The editor has had the misfortune to have been a patient in many hospitals in many places but he can say truthfully that never has he had treatment any more considerate, efficient and effective than at San Saba Memorial.

One of the good things about being a publisher is that if he is an editor too he can write his own card of thanks and get it printed without having to pay for it. In this case, that is a mighty good thing, because this editor would not be able to foot the bill for the card of thanks he wants to write. It will be very long, because so many persons have been so good and kind, so helpful and neighborly to the Ekins family during the past ten days.

Probably the best place to begin with this sincere expression of gratitude is with Dr. and Mrs. M. A. Childress. On Monday of last week they responded not only promptly but also sympathetically to the emergency of the editor's coronary thrombosis. While Brian Smith rode with Roy Wilkins in the ambulance, Mrs. Childress took care of the patient by administering oxygen and hypodermics. Your help in a time of great need will never be forgotten by Dr. and Mrs. Childress.

Another tremendous "thank you" goes to Dr. Farris out to put the editor's running condition on a steady—was for a day—the day that Dr. Farris got married—that is, that had Dr. R. C. Felt be of him, but Dr. Farris came through nobly. Dr. Farris was complaining of being on a soft diet. Felt's turned to Nure Fausht and said, "How much I can do for you we can take him off and put him on a Thank you, Dr. Farris. But the very next day when the breakfast was along about sun-up, he old soft diet card was

Alone, Forgotten, Our Earlene Nix And Our Chester Brooks Celebrate

Tears will stream down your cheeks and a great lump of sorrow will rise up in your throat when you hear how the Eagle's Miss Earlene Nix and Our Chester Edward Brooks celebrated their birthday anniversaries on Saturday afternoon of last week. It is a touching story, if you ever heard one.

Last Saturday, August 18, Our Miss Nix was 20. She made no bones about her age. There would have been no point in it anyway since for years she has been going about proclaiming that she would vote for the first time in the Presidential Elections of 1952.

Also last Saturday, August 18, Our Chester Edward Brooks was 16. That came as something of a surprise because Chester had not been making a great advance ballyhoo about the event. Miss Nix, on the contrary, had been tossing reminders around for weeks. For example, when she left the Eagle office on the afternoon of August 3 to start a vacation that never did get finished, her parting remark in a voice unusually loud for Our Miss Nix was, "My birthday will be on SATURDAY AUGUST 18."

It was precautions such as that one—precautions that turned out to have been futile—which gave such a note of pathos to last Saturday afternoon. The crux of the story is that nobody gave a birthday party to Our Miss Earlene Nix and Our Chester Edward Brooks, and so they gave one to each other. In the face of so sentimental a rescue from abandonment to the callousness of a forgetful world, this reporter is sorry indeed not to be able to present more details on just what happened. He is, however, in possession of a little gem of restrained writing from the typewriter of Our Miss Nix. Here is what she had to report to her employer on the events of Saturday afternoon, August 18, 1951:

"Chester and I had our own private birthday celebration up at my house Saturday afternoon. We ate ice cream and cake and he presented me with a big box of candy and a perfume and lipstick set, and I gave him a billfold. Saturday was our birthday. (Signed) Earlene."

Brush away the tears; push down that lump in your throat. That word "private" has just been noted for the first time.

"Private birthday celebration" indeed! Probably they planned it that way and were just as happy without having the rest of the world in on the party. All signals off on any heart-break for Our Miss Earlene Nix and Our Mr. Chester Edward Brooks.

Quarterback Club Sponsors Sale Of Home Game Football Tickets

When the Quarterback Club honors the Goldthwaite High School Eagles at a barbecue at 7:30 o'clock tonight, Friday, at the J. M. Wrinkle place on the banks of the Colorado river, those who attend will be offered opportunity to buy season tickets for the 1951 home football games.

President E. B. Gilliam, Jr., of the Quarterback Club said that E. E. Madding, local Manager of the Lone Star Gas Company, has been appointed Chairman of a committee to push the sales of season tickets for the football games to be played this autumn at Eagle Field in Goldthwaite.

"Tickets for adults will cost \$3.75, including tax, and for children the price will be \$1.50, including tax," Mr. Gilliam said. "For your money, you will get five football games at Eagle Field. The dates and the opponents who will come to Eagle Field to play the Goldthwaite High School pigskin artists are:

"September 7, Hamilton; September 21, Dublin; October 12, Comanche; October 26, Marble Falls; and November 9, Llano."

Mr. Gilliam said that the Quarterback Club is sponsoring the sale of the season football tickets in happy assurance that fall is just around the corner and in firm conviction that this year the G.H.S. Eagles, under Coach Carl Knox, will play a brand of football that no fan of the Eagles will want to miss.

Members of the Committee who will serve with Mr. Mad-

ding in promoting the sale of season tickets for 1951 home games and from whom tickets may be purchased are Harold Yarborough, Warren P. Duren, Lewis T. Hudson, Harold D. Smith, Talbot Ledbetter, Howard Hoover, Charlie McLean, W. G. Saylor, Wallace Johnson and V. C. Bradford.

The Quarterback Club is an organization of citizens devoted to the encouragement of all of the athletic programs of the Goldthwaite Schools. Mr. Gilliam said that all persons who have not yet done so ought to go immediately to the Trent State Bank and become members by paying their dues and membership fees to Treasurer Alfred Carter.

"Fall is coming; football is in the air—let's give the Eagles the finest public support they ever had," Mr. Gilliam said.

Tent Revival To Continue Through September 3rd

Tent revival services on the south edge of Goldthwaite will continue through September 3 with preaching by the Rev. T. L. Tabor of Perryton. He is being assisted by Paul Carroll of Houston, music director, with Mrs. Carroll, D. L. Underwood, and Russell B. Park as vocalists and with Miss Vivian Waterberry and Mrs. Park providing piano and accordion music.

On Saturday night of this week Brother Tabor will preach on "What Will Happen In Goldthwaite Five Minutes After The Return of Christ?" He said this week that attendance at the revival, which opened on Saturday night of last week, has been gratifying. Last Monday night the tent meeting was attended by the Downtown Men's Bible Class in a body.

The Rev. E. W. Dickson of the Gospel Hall on the west side of the Square in Goldthwaite said that services will not be held there during the period of the tent revival. Brother Tabor has been conducting revivals for 18 years.

Final Tributes Paid Last Friday To Beloved Dr. C. L. O'Quin, 83

Funeral services for Dr. Columbus Lafayette O'Quin were held on Friday morning of last week at the Goldthwaite home of his sister, Mrs. Walter J. Weatherby. Interment was in the North Brown Cemetery with arrangements by the Fairman-Wilkins Funeral Home of Goldthwaite. Officiating at the final rites were the Rev. J. T. Ayers, Pastor of the First Baptist Church in Goldthwaite, and the Rev. Urban Schulze of Hamilton.

Dr. O'Quin, who would have been 84 next December 3, died after a long illness on Wednesday of last week in the Burns Hospital at Cuero.

In addition to Mrs. Weatherby, he is survived by three brothers, Albert of San Angelo, Nathaniel of Miles and Luther of San Angelo. Two other sisters survive. They are Mrs. Laura Bethel of Mountain Air, New Mexico, and Mrs. Della Armstrong of Ringgold, Oklahoma.

Pall bearers at the funeral were Emmett Albrecht, G. H. Albrecht and Wiley Curley, all of Goliad, and Alfred Meyer, Ad Darnburg, Hugo Karnfuehrer, August Gottshalt and A. M. Albrecht, all of Weesatche.

Dr. O'Quin was born in Orla, Missouri, the son of the late George M. and Caroline Sharp O'Quin. He came to Texas with his parents in childhood and part of his youth was spent in the North Brown community. He studied medicine at Galveston and New Orleans and received his degree as a Doctor of Medicine from the University of Louisville, Kentucky.

The medical practice of Dr. O'Quin was for the most part in Weesatche where, for 51 years, he ministered to the sick, rendered numerous services to the community and radiated a kindly philosophy of life that aided many of his friends and patients along the thorny paths of the world.

For a number of years Dr. O'Quin was a director of the First National Bank at Goliad and for 12 years he served as

Chairman of the Board. By religious persuasion, Dr. O'Quin was a Methodist. The esteem in which he was held in Weesatche was reflected by the fact that after his death last week a community memorial service was held in honor of his memory at the Lutheran Church at Weesatche, where his passing was mourned by all who knew him and the many he had served. At the memorial service Pastor Vorkoper said:

"Day or night, storm or sunshine, he was ready to serve our community with modesty and quietness. Not only did people go to him for their physical ailments, but also for every type of advice—economic and domestic. School children even took their arithmetic problems to him. His quiet friendliness helped many people to lead better lives. To have known him as a physician and a friend was to love him. The community did so. It could not help doing so."

News Of Chappell Hill

By PEARL CRAWFORD

We were made sad when we were told of the illness of our dear editor, Mr. H. R. Ekins. We were glad to learn he was on the mend, and we wish for him a speedy recovery.

We are sure the Eagle staff felt like the lost sheep when they were called on so suddenly. We want to congratulate them. We think they did an excellent job, in the absence of their editor.

Last week was hot and it just keeps getting drier. We were very happy when the little norther blew in late Saturday afternoon. It was accompanied by a light shower, which soon laid the dust.

It seems like the farmers are kept busy trying to finish harvesting their small amount of feed.

Mrs. O. A. Evans and Mrs. Bill Partin did some canning during last week. They reported it very hot work.

C. G. Partin spent most of last week with his son, Bill, helping with the broom corn.

Mr. and Mrs. Alfred Brown and daughter pulled broom corn last week.

The Orville Harris family has been harvesting broom corn, so it seems like several folks have broom corn crops this year.

A. L. Crawford poisoned cotton for Mr. Warlick Thursday.

Early in school we learn Poor Richard's saw that "a penny saved is a penny earned." Easy to learn and easy to follow when we get into the sound habit of depositing part of our pay check on pay day. News Of The Ebony Community

By CLEMENTINE WILMETH BRILEY

We had some cooling breezes over the weekend which gave us relief from the intense heat, but, up 'till Monday night, no rain save a few sprinkles. One good thing resulting from this drouth is the absence of broom-weeds. No broomweeds in the grass this year.

Taylor Duncan is harvesting his maize in the Malone field by turning his cattle in on it. They must be driven to water once a day. His little daughter, Annette, six years old, rides a horse and helps him drive them.

We called at the Reeves domain last week. Stanley and Hubert have combined some of their maize, but most of it is being harvested by turning the cattle in on it. Their peanuts are looking fine. So are Nancy's and Joe's club calves.

John Briley, Taylor Duncan, and Ernest Malone, each interested in the Malone maize field, have had to watch diligently for colicky cattle. Ernest keeps a close tab on all the cattle and keeps the others informed. He also keeps plenty of salts on hand. They have each had to dose some. Last fall John Briley lost a fine cow when he turned in after the maize was combined.

Mrs. Hubert Reeves says our new neighbors, the Humphreys, who have bought the McDorman place, are fixing things up around there. Inside the house they have torn all the old paper from the walls, have put on building paper, then canvassed and papered the rooms, and it really looks nice.

Sunday morning we were happy to have with us at Church Frank Crowder, Harold

Miss Marie Wilmeth of Manhattan, Kansas, is visiting her parents, Mr. and Mrs. J. R. Wilmeth, in Brownwood. Miss Wilmeth, head of the home-making department of Abilene Christian College, is off on leave to work on her doctor's degree. Next year she will have finished and will be back at Abilene. She and the Wilmeths are visiting the Paul McClungs at Lamesa this week. She will be returning to Manhattan about September first. At that time the Wilmeths are planning to take off to Fresno, California to visit their daughter, Bernice —Mrs. Wayne Taylor.

Porters Vacation
Lewis B. Porter, Jr., of Fort Worth and his family spent last week vacationing with his parents, County Judge and Mrs. Lewis B. Porter. On Wednesday of last week they visited Longhorn Caverns and inspected the former site of Granite Falls, which now are merely part of a lake that was formed when the Old Marble Falls dam in the Colorado river was dynamited recently.

Personals
Mr. and Mrs. B. L. Rider of Corpus Christi, were guests in the Ernest Wilson, and Mrs. Annie Armstrong homes Saturday and Sunday.
Mr. and Mrs. Robert Armstrong and two sons, Bob and Gary visited Mrs. Annie Armstrong Monday.
Mr. and Mrs. G. C. Head and children, Jerry and Helen have returned home from a vacation trip to Galveston and Bandera.
Mrs. Boyd Hunt and son, Billy Harbour, brought her

grandmother, Mrs. Dora Morris, home the first of last week from a two weeks visit with the Boyd Hunts of Caldwell. Mrs. Hunt and Billy visited her parents, Mr. and Mrs. J. T. Morris while here.
Mr. and Mrs. Bill Smith, Billy Ray and little Judy Ann moved Friday to Boerne, where they will make their home. The evening before leaving, Billy Ray's little friends helped him celebrate his 5th birthday, August 17th at the home of his aunt, Mrs. H. G. Bodkin.
Brenda Kay Kelly is spending a few days with Benna and Judy Reid this week.

Hillside Mission

By LIDA BYRNE

Nearly every grown person has a Bible, and a Bible is accessible to practically every one who can read. In that Book is plainly printed just what will happen to us if we fail to abide by God's laws. A celebrated Preacher, speaking of this evil time, said: "We American people have not been on our knees confessing our sins to God; obedience to God's word has been ruled out; sin has been passed over, excused, justified, and gone is the burden of prayer." God's word says in Isaiah, chapter 66, verse 4: "I also will choose their delusions, and will bring their fears upon them; because when I called, none did answer; when I spake, they did not hear; but they did evil before mine eyes, and chose that in which I delighted not."

—Eagle Want Ads Get Results—

The last chapter in one of the biggest political upsets in recent years was written last week when a Senate committee reported its findings following a prolonged investigation of the Butler-Tydings senatorial campaign in Maryland. The report found that Butler defeated the veteran Tydings by the use of skulduggery galore last Fall, but decided there is nothing that can be done about it.

But lessons are learned, though belatedly so far as the public is concerned. The Committee found that Butler and his crowd (one of whom has been convicted, engaged in a dirty, shabby political campaign, marked by violation of law, cynical disregard for the truth, pure fakery and flim-flam designed to mislead and confuse the voters. The report condemns the lies and slanders used against Tydings, and says: "Such campaign methods and tactics are destroying our system of free elections and undermine the very foundation of our Government."

One of the deceptions employed was the use and distribution of hundreds of thousands of "composite" pictures of Tydings and Wm. Z. Foster, Communist leader. It showed the two in close pleasant conversation, whereas in truth it was photographic trickery by merging pictures of each man, thus showing them face to face. Actually Tydings and Foster were never together and their pictures were never made together.

The Senate Committee, by unanimous approval of both Republicans and Democrats, concluded that while the Butler

campaign violated the rules of ordinary decency, with Senator Butler's knowledge, standards of decency in political campaigns are not defined in Senate rules. Therefore, to make such rules and attempt to convict Senator Butler for their violation now would, the Committee found, contradict the spirit if not the letter of the Constitution relating to ex post facto laws. The Committee then urged the Senate to consider the establishment of some basic rules of decency which candidates for Federal office must adhere to during a campaign, or suffer the consequences.

In fact, the report went so far as to suggest that the use of "defamatory literature" in a campaign should be grounds for disqualifying the winner. It just goes to show how the innocent public may, by such tactics, be misled and defrauded out of their votes if they don't watch out.

Is All Set To Carry Out Proposal By Pfc. Edgar Leonhard

Edgar Leonhard, who is with the Eucom Signal at Ansbach, Germany, has more news in the form of a letter from Mills County which is already in the Services would like to read about their friends. There are fellows I know well and I would like to find out where they are. I feel this would be not only a help to the Soldiers but would be interesting news to people all over the State.

Pfc. Leonhard had several other interesting items in his letter. He reported that five of his Buddies from Texas are with him at the Eucom Signal School at Ansbach and he had a message for R. E. Clements, who is gathering historical data on Mills County, starting with the history of Williams Ranch and its people.

Mr. Clements is referred by Pfc. Leonhard to the book, "Frontier Justice," for some information of the early Williams Ranch days. He added also that the files of the Galveston Echo and the San Saba Times contain information that would be useful to Mr. Clements.

Ranchers Invited To September 6th Meet In San Saba

All farmers and ranchers in Mills, San Saba and adjoining counties will have an opportunity to hear Dr. J. R. Johnston, Project Supervisor of the Blackland Experiment Station at Temple on September 6, at 8:00 p. m. in the San Saba school lunch room. Dr. C. M. Oliver, leader of the San Saba Business Men's Group, has arranged with Dr. Johnston to give the results of experiments that have been conducted at the Blackland Experiment Station, on crops that can be grown for grazing and soil improvement.

Dr. Oliver believes that a large number of farmers and ranchers are interested in planting crops that can be profitably grazed with sheep or cattle. Dr. Johnston's work at Temple shows the comparative value of different crops for grazing. He will give the yields in pounds of beef per acre of such crops as sudan, Hubam clover, oats, and combination of oats and Madrid clover.

In planning for Dr. Johnston's appearance in San Saba, Dr. Oliver has arranged to accommodate a large crowd in the San Saba school lunch room. He is cordially inviting everyone who is interested in the latest developments in agriculture to hear Dr. J. R. Johnston on September 6.

Max Shaw Home From Germany

Sgt. Max E. Shaw is visiting his parents, Mr. and Mrs. O. H. Shaw, and other relatives, on a two weeks' furlough, after spending three years in Germany. After completing his leave, he will be reassigned to a base in Arizona.

Conservationist Tells How To Crop Land And Build Soil At Same Time

By CARL CASBEER

Farmers and ranchers who have never planted a soil improving crop usually ask the question, "When can I expect an increase in yields?" and "How much increase in yield can I expect?"

The results will vary according to the soil and the crop following. Sherwood Owens of Center City said that he did not think it was profitable to plant corn unless peas had been planted and disced in before corn planting time. Even though corn planting has to be delayed, the corn holds up during a drought and produces a better crop. The millet yield on Mr. Owens' farm was usually from 60 to 65 bales per acre. Following vetch, the millet yielded 108 bales per acre.

V. C. Segelquist plants clover to graze. On a 29 acre field he sold 8,000 pounds of beef and 504 bales of hay. Two acres of clover will usually carry a cow and calf.

D. N. Waggoner, who farms near Center City, can still see results of a vetch crop planted two years ago. Corn following vetch was approximately two feet taller than his other corn and his millet about ten inches higher than his millet on land that had not been planted to a cover crop.

Harold Beard of Caradan increased his wheat yield 8 bushels per acre on land that had been in clover.

W. W. Boykin said he had increased the yield of his corn a great deal on land that had been seeded to vetch.

Henry Soules baled his clover and oats and is grinding it for the calves he is feeding. Clover and oat hay usually yields from 20 to 40 bales per acre.

W. B. Summy Gains After Heart Attack

W. B. Summy, who was stricken by a heart ailment some three weeks ago, was reported this week to be making favorable progress at his home on Fisher Street in Goldthwaite. Mr. Summy, who has been treated by Dr. M. A. Chidress of Goldthwaite and Dr. Fred W. Farley of San Saba probably will be confined to his bed for some time because of his illness.

Mr. and Mrs. Guy Rudd attended the McPherson-Pillar wedding at Baird Saturday night. The groom is Mrs. Rudd's nephew. They spent Saturday night and Sunday with her brother, Barton McPherson, and family.

TO: Andy Pickens James and the unknown heirs, legal representatives, legatees and devisees of Andy Pickens James, deceased, defendants.
GREETING:
You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 8th day of October, A. D. 1951, at or before 10 o'clock a. m. before the Honorable District Court of Mills County, at the Court House in Goldthwaite, Texas.

Suit for partition and division of the following described land and premises lying and being situated in Mills County, Texas, to-wit:
FIRST:
Thirty acres of land, more or less, (sometimes called 25 acres) a part of the Samuel Cates survey of 160 acres patented to D. W. Squyres, assignee, and being all of the said survey lying north and east of the Gulf, Colorado and Santa Fe Railway and being the same land conveyed by T. F. Jordan to Mrs. M. E. Dalton by deed dated October 10, 1902 recorded in Volume 4 page 192 of the deed records of Mills County, Texas.
SECOND:
A part of Hays County School Lands and known as Lots Nos. 23, 24, and 25, and containing 135 acres and 162 acres respectively, said blocks or lots being out of the North 1/2 of League No. 3 according to the map of the subdivision of Hays County School Land League; also Lot of Block No. 22 out of 1/2 League Number Two (2) Hays County School Land as per map recorded in the office of the County Clerk of Mills County, Texas, said lot containing 160 acres,

more or less. This said second tract containing 457 acres of land, LESS that portion of said above described lands taken for State highway right-of-way purposes.
THIRD:
Also all of lot Number 3 in Block No. 8 of the town of Goldthwaite, Mills County, Texas, according to the map of the plat thereof made by A. S. Haynie, engineer.
FOURTH:
The North 1/2 of Lot No. 4 in Block No. 11 of the town of Goldthwaite, Mills County, Texas, according to the map of the plat thereof made by A. S. Haynie, engineer.
Plaintiff alleges that he and the defendants are the joint owners in fee simple and together are the sole owners as is hereinafter set out of the above described real estate. That the plaintiff is the owner of an undivided 53/54 interest in and to all of the said above described land but subject to the ownership of an undivided 1/108 interest in and to the minerals in and under First and Second Tracts, above described which said mineral interest plaintiff here alleges to be owned by the defendants, Mattie Snider and husband, Lloyd Snider. That the defendants Andy Pickens James and the unknown heirs, legal representatives, legatees and devisees of Andy Pickens James, deceased, are the joint owners of an undivided 1/54 interest in and to all the above described four tracts of land. That said land is capable of a fair and equitable division and partition in kind, all as is more fully shown by Plaintiff's petition on file in this suit.

Said plaintiff's petition was filed on the 20th day of August, 1951.
The file number of said suit being No. 3094.
The names of the parties in said suit are:
Grover Dalton, as Plaintiff, and Mattie Snider and husband, Lloyd Snider, and Andy Pickens James and the unknown heirs, legal representatives, legatees and devisees of Andy Pickens James, deceased as Defendants.
The nature of said suit being substantially as follows, to-wit:

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.
Issued this the 21st day of August A. D., 1951.
Given under my hand and seal of said Court, at office in Goldthwaite, Texas, this the 21st day of August A. D., 1951.
(Signed) W. E. SUMMY,
Clerk District Court,
Mills County, Texas.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.
God bless all of you.—Mrs. Carl Woods.

Citizens Organize For Action

(Continued From Page One)

County Surveyor J. C. Long will undertake a more precise delineation of the affected area on the basis of land appraisals that have been made by Government representatives who have been working in the archives in County Clerk Summy's office for several months.

The Steering Committee was scheduled to meet again on Thursday of this week when, if adequate and accurate facts and figures have been compiled, it may communicate directly by telephone with Representative O. C. Fisher in Washington.

Meanwhile, citizens who are interested in maintaining Mills County as an economic, political and social entity worthy of the name, are circulating for signature petitions addressed to Congressman Fisher and to Senators Tom Connally and Lyndon B. Johnson. Many signatures already have been affixed to the petitions. Persons interested in reading the petition with a view toward signing it may do so at the office of Judge Porter in the Court House.

The petition recalls that during World War II Mills County patriotically furnished 40,000 acres of its area for the Camp Bowie reservation with consequent economic loss to the County. It states that plans now are being perfected for the national military establishment to re-establish and re-activate the Camp Bowie Military Reservation. Plans now "in the works" provide that Mills County would lose the 40,000 acres it lost in World War II plus an additional area of 40,000 acres—thereby making a total of 80,000 acres that would "include practically all of the river and water front in Mills County together with the choicest land," thereby eliminating all proposed irrigation projects.

The petition points out that Mills is a small County of only 734 square miles and that if the territory that has been appraised by Government representatives is taken for military pur-

poses the land remaining would not be sufficient to support and maintain the County and the towns in it. Stressing that "great and irreparable injury and damage" might result to Mills County—not only as a result of the taking of land but in the consequences to the remainder—the petition points out that in area the adjoining Counties of San Saba and McCulloch are larger than Mills County. It emphasizes that both San Saba and McCulloch Counties are able to "furnish for said Camp Bowie Military Reservation a substantial portion of the land needed without materially injuring said Counties and their citizens the original area of Camp Bowie Military Reservation being located only two miles from said San Saba County line."

Finally, the petition calls upon Senators Connally and Johnson and Congressman Fisher "to use their influence and votes to hold to a minimum the area to be taken by the United States from Mills County," and to locate any area that might be needed for possible Camp Bowie maneuvers so that the least damage and injury will be done to Mills County as a whole.

Already, a number of signatures have been affixed to the petition while the Steering Committee has been hard at work since the meeting at the Court House last Friday night.

Ray Duren presided over the initial meeting at which former Sheriff-Tax Assessor-Collector Wiley L. Mahan pointed out that after Camp Bowie was deactivated following World War II, the Mills County tax roll increased in the amount of approximately \$400,000.00.

Prior to last Friday night's meeting and the creation of Steering and Finance Committees and the designation of Mr. Gilliam as Advisor, there had been an informal gathering of citizens who were disturbed over the fate of Mills County and of Goldthwaite as a trading, banking, merchandising and

(Continued From First Page.)

week it was decided to determine exactly what land is involved in military planning, how many people live on it, how many head of livestock it supports, what revenue it pays into the common coffers, and the nature and total of the crops produced upon it.

When such factual data is available it will be submitted to our elected representatives in Congress with, I hope, a strong reminder that they would fight to keep Red Russia from dismembering Mills County and that their obligation in our behalf is just as great when bureaucrats, knowing nothing of our history, economy and aspirations, might undertake the same sort of ravishment.

Thus far, I believe, our representative citizens have acted with wisdom. There is every indication that the people of Mills County are united in the common interest. There are only a few of us. What happens will depend on our ability to present our case convincingly and in the light of justice to American citizens who are just as patriotic as any in the land but who quite properly resent with every fiber of their beings what M. L. Jernigan reported as a reflection of a Brownwood attitude—that Mills County has nothing but "blue sky and conversation." That just is NOT true—as our youngsters have shown at livestock exhibitions and as our producers show when they market the very agricultural commodities on which the life blood of America depends.

Concessions Committee, Norman Duren, Chairman; W. W. Fox and R. C. McCollum, Jr.

The following Superintendents were elected for each division:

Cattle, Don C. Clark; hogs, C. E. Davis; goats, M. L. Jernigan; sheep, Y. B. Johnson, Jr.; poultry, V. A. Teacher Evans of Priddy.

It was voted also that there will be a sifting committee composed of the above named Superintendents and County Agriculture Agent Reese.

transportation center if military plans should develop without consideration being given as to the effect on the economic and social life of Mills County. Also previously members of the Commissioners Courts of Mills and Brown Counties had met to consider informally possible joint action that would have to be taken in the face of lost revenues for schools, County government, town finances, and so on.

At last Friday night's meeting at the Court House M. L. Jernigan spoke the minds of many citizens when he said that it is necessary to think and act "before it is too late." He expressed opinion that if land is taken from Mills County this time, no matter what the acreage, it might well be permanent. Mr. Jernigan estimated that if military plans now under consideration develop, Mills County would lose one third of its area, including some of the most productive land in the County.

"If we lost that one third," he said, "that lost one third never will pay another tax; it never will grow food for hungry mouths; it never will help our schools and Churches or business of any kind."

"Last but not least, the area that might be newly acquired in Mills County for military purposes would take lands along both the Colorado river and Pecan Bayou—the only two running streams in Mills County. It would take some of the very finest agricultural land in our County, along with practically all of the better pecan timber. Should this happen, all future irrigation would be doomed in Mills County."

sons of Goldthwaite and all of Mills County. Over a long period, great time and thought has been given to blue-printing plans for the Youth Center. The Rev. J. T. Ayers, Pastor of the First Baptist Church, said some time ago while planning was in the merely preliminary stages that the desire was to obtain the greatest possible benefit from Mr. Fairman's offer to the advantage of the community as a whole.

Further and more detailed plans for the Youth Center will be announced from time to time as the project materializes.

Mr. Fairman has worked personally on the planning for the Youth Center in collaboration with Brother Ayers and officers of the First Baptist Church. Long range possibilities as well as immediate needs have been taken into consideration.

As a benefactor of the First Baptist Church in the past, Mr. Fairman has been the donor of the Fairman Memorial Organ and Chimes in tribute to the memory of his late wife, Stella Fairman, who was a devoted and ardent member of the Church.
