Eagles Play At Burnet Friday In Fight To Survive

Two football teams, each one of them in pressing need of a victory, will take to the gridiron tonight, Friday, in Burnet when the Goldthwaite High School Eagles play the Bulldogs.

"Neither Goldthwaite nor Burnet has won a football game this season so Friday night's contest will be somewhat in the nature of a fight to survive," Coach Carl Knox said this week as he pondered the prospects. Then he came up with the firm statement that the chances of the Eagles this Friday night would be far brighter than they will be against Llano here in Goldthwaite on the night of November 9.

Assistant Coach Jack Locklear, who scouted last Friday night's game between the Burnet Bulldogs and the Fredericksburg Hillbillies, came home with the opinion that Burnet has some good players and plenty of others. At Fredericksburg last Friday night, the Hillbillies defeated the Burnet Bulldogs 32 to 13. The contest, it is believed, represented the only Burnet scoring of the year.

In Goldthwaite last Friday night the Marble Falls Mustangs won from the Eagles by a score of 25 to 2. R. C. McCollum's written account of that particular classic of the gridiron is to be found on another page of this week's Eagle.

At Burnet this Friday night Coach Knox will use the same starting line-up that he used against the Mustangs. As a matter of fact, there is not a great deal that Coach Knox can say about starting line-ups this year. Once he gets eleven men on the field, he has plenty of room for himself on the bench.

Bobby Carr, still troubled by a back injury, will not be able to play against Burnet.

Ray Duren Says County USO Quota Shy About \$200

Mills County lacked \$191.34 of its \$560.00 quota for the United Service Organizations—which provide recreation for our men and women in the Armed Services—as the Eagle went to press this week.

USO Chairman Ray Duren said that with reports from his co-workers not yet complete, \$368.66 has been raised for the USO so far in Mills County.

"We do not yet have a report from Priddy," Mr. Duren said. "Gerhard Wagner is the USO Chairman in Priddy and I will be grateful if all persons in the Priddy area will go voluntarily to Mr. Wagner and give their donations to him."

Mr. Duren said also that Mullin has yet to report on USO donations there and that in all probability some of the workers in Goldthwaite still have reports to be turned in.

"We have about 60 Mills County men and women in the Armed Services," Mr. Duren said. "I hope that by next week we shall be able to let them know that here in Mills County we have met our USO quota. We ought to exceed it."

VOTE NOVEMBER 13!

A new organization to be known as the Priddy Community Club was established at a meeting at the Priddy School on Monday night of this week.

Benefit of the community is the purpose of the Club.

About 30 men who attended the meeting elected Walter J. Marwitz as President of the Priddy Community Club. Other officers who were elected are:

The Rev. A. H. Muehlbrad, first Vice Chairman; Tom Frank Priddy, second Vice Chairman; and Emory Muehlbrad, Secretary-Treasurer.

Brother Muehlbrad, Lee Roy Stacy and H. A. Teinert were appointed to work on a membership committee. Already, most of those who attended last Monday night's meeting have paid their dues.

Regular meetings of the Priddy Community Club will be held on the first Monday night of each month but a special meeting has been called for the night of Monday, November 12, when there will be a supper, a program and games. The gathering on the night of November 12 will start at 7:30 o'clock.

The Priddy Community Club already has decided to sponsor a Livestock Show. It will be held early in January of next year. E. C. Evants, F. H. Tiemann and W. W. Limmer have been appointed to a committee to make arrangements for the Priddy January Livestock Show and to plan such details as prizes and classifications for exhibitors. Further details of the Priddy Livestock Show will be announced at a later date.

Members of the Priddy Community Club also will sponsor other projects in the general interest, including playground equipment for the Priddy School.

A Lions Club, that was organized at Priddy a few months ago, has been disbanded.

More About Traffic

Justice of the Peace E. A. Obenhaus was kept busy this week levying fines against truck drivers, all of them transients, who had been charged in Mills County with failure to produce proper registration papers and with trucking excessive loads on low pressure tires. Inspectors hereabouts have been active checking on compliance with Railroad Commission regulations and enforcing rules against overloads on highways.

The docket of Justice of the Peace Obenhaus also showed a penalty of \$23.00, including costs, against Jack Earl Long, who pleaded guilty to a charge of passing in a no-passing zone. Thomas Willis Partin paid \$10.00 and costs for running through a stop sign. Still pending is a case against Ira Allen Doggett, who is charged with failure to have an operator's license.

VOTE NOVEMBER 13!

Mission Rally Day At Priddy Sunday

Next Sunday will be Mission Rally Day at the Zion Lutheran Church in Priddy. The Rev. A. H. Muehlbrad, Pastor, announced that the Rev. E. H. Engel of Walburg, near Georgetown, will be the guest speaker for the observances—both at the morning Service of Worship at 10:30 a. m., and at a Mission Rally meeting at 2:30 o'clock on Sunday afternoon.

HAT IN RING

J. HOBART PRIDDY

Formal nomination of J. Hobart Priddy, Vice Chairman of the Brown-Mills Soil Conservation Board of Supervisors, for recognition as the outstanding soil and water conservation Supervisor in the entire State of Texas was forwarded to Dallas this week by Earl T. Fairman, Chairman of a Committee of Brown and Mills County bankers who made the nomination.

The award for which Mr. Priddy has been named as a candidate will be bestowed by the Texas Bank & Trust Company of Dallas in recognition of the tremendous importance of promoting the economy of Texas by saving the land and by encouraging a flourishing agriculture.

Mr. Priddy's achievements in the cause of soil and water conservation were described in detail by the members of the Committee of which Mr. Fairman serves as chairman.

(Readers of the Eagle are invited to give their attention (Continued on Back Page.)

Gate Take Is Slim

School Board Secretary Ray Duren said this week that 274 adults and 138 children, including holders of season tickets, paid admissions totalling \$240.00 to last Friday's Eagles-Mustangs football game. After payment of federal taxes of \$41.14 and \$51.76 to officials, the balance was divided between Goldthwaite and Marble Falls, giving each \$73.55.

MILLS COUNTY WILL BE FOCAL AREA OF MILITARY MANEUVERS

Mills County will be the focal point of "Exercise Longhorn"—the biggest United States military maneuvers since the fighting days of World War II. The area in which the main operation will be concentrated will be in the triangle that would be formed if lines were drawn to connect Scallorn on the

AMBASSADORS

W. F. Tollett, now of Lampasas; and M. W. Murray of Gatesville, both employed by the Corps of Army Engineers, were visitors in Goldthwaite on Wednesday of this week to explain Army-Air Force plans for the impending maneuvers in this area. They said they came on a "mission of goodwill" and that they will return to answer questions regarding maneuver plans.

south, Bozar on the west and Star on the east.

A complete presentation of plans for "Exercise Longhorn" was given on Friday of last week at Fort Hood to County Judge Lewis B. Porter, Mayor Loy Long, Sheriff C. F. Stubblefield, Commissioners Jess Y. Tullos and J. F. Davis, County Clerk Earl Summy, County Agriculture Agent George G. Reese, Goldthwaite City Utilities

Gas Explosion Rudely Awakened Miss Mary Collier Last Sunday

Mullin Boys Are Hurt As Pickup Skids, Capsizes

Three Mullin boys—Billy Ray Anderson, Lynn Shelton and Avril Swinney—were injured on Tuesday night of this week when, while rain was falling, the pickup in which they were riding skidded and capsized on the north edge of Goldthwaite between the railroad underpass and the intersection of highways 16 and 84.

Sheriff C. F. Stubblefield and Deputy Sheriff Clyde Cockrum investigated and aided in carrying for the boys, who were treated at the Childress Clinic. Billy Ray Anderson suffered a cut on the arm and bruises. Lynn Shelton suffered a head injury and other lesser hurts. Avril Swinney, who had been involved in another accident only two or three nights before, also suffered head and other injuries.

A transient pickup, which stopped at the scene of the accident almost immediately after it happened, was rammed by a following passenger car that also carried transients. The only vehicle that was seriously damaged, however, was that driven by Billy Ray Anderson.

Law enforcement officers said that the accident emphasized the need of careful driving. Speeding on a curve and passing in a no-passing zone are frequent occurrences where the accident happened.

Armistice Day

Mayor Loy Long said this week that Monday, November 12, will be observed as Armistice Day in Goldthwaite and that a majority of business houses will be closed in tribute to the sacrifices that have been made by the American Armed Forces. Both the Post Office and the Trent State Bank will observe holiday schedules on Armistice Day.

What Rain Fell This Week Was Not Sufficient

Rain, but not nearly enough of it, fell in Mills County during the past week.

Harry Allen, who keeps official records for the United States Weather Bureau, made the following rain measurements on his government gauge in Goldthwaite:

Miss Mary Collier had a narrow escape from possible tragedy last Sunday afternoon when there was a gas explosion at her home and that of her parents, Mr. and Mrs. C. C. Collier, two miles northwest of Goldthwaite on the Old Brownwood highway.

As Miss Collier was taking a nap and with no one else at home, gas apparently leaked from a heater and after building up sufficiently to warrant an explosion everything "went boom," as Miss Collier put it.

Although she was groggy from having inhaled gas and despite the fact that she suffered shock from the explosion, Miss Collier doused flames with water from a bathtub and dragged a burning mattress out into the yard. When the Goldthwaite Volunteer Fire Department arrived in considerable force under Chief Jack Reid, Miss Collier had the fire under control. Her hair had been singed by fire and Miss Collier had suffered bruises in the course of a fall while she was being a one-woman fire department.

The explosion and subsequent fire seriously damaged the furniture in Miss Collier's bedroom. Smoke and the effects of the explosion make it necessary to redecorate the entire Collier home. In telling of her experiences after the fire was all over Miss Collier airily dismissed her singed hair, her bruises and the damage to the house but bemoaned the fact that everything in her wardrobe had to be sent to the cleaners. From somewhere, obviously, Miss Collier obtained some un-smoked apparel—so Sheriff C. F. Stubblefield will not have to worry about having a Lady Godiva around.

"What time was the explosion?" Miss Collier was asked this week.

"I don't know," she replied. "When the explosion woke me up I did not look at the clock."

The time was 4:30 p. m. That was established by Fire Chief Reid, who had to stop listening to a broadcast of a football game in order to join in the rescue expedition by the Goldthwaite Fire Department to the Collier home.

Reduced Rates on Christmas Gift Parcels to Certain Foreign Countries

Reduced rates on Christmas gift parcels to certain foreign countries were announced this week by Goldthwaite Postmaster Lucile Fairman who reminded everybody that gift packages for Service personnel overseas must be mailed between now and November 15. "Mail your Christmas parcels to loved ones overseas before November 15," Postmaster Fairman said. "Don't wait until the last day to mail them if they are expected to reach their destination in time for Christmas. Ask about the reduced rates for 'U.S.A. Gift Parcels' to certain foreign countries. Advantage may be taken of these reduced rates for sending Christmas gifts consisting of the useful items permitted in 'U.S.A. Gift Parcels.'"

Judge Dice Sits Here Next Monday

District Judge Wesley Dice will sit at the Mills County Court House on Monday of next week to preside over a civil trial for which a jury will be drawn. On Thursday of last week Judge Dice sat at the Court House and qualified Hollis Blackwell, M. L. Ethridge and Ray Priddy as jury commissioners for the November term of District Court. District Court Clerk Earl Summy said that for the time-being no Grand Jury proceedings are in prospect.

Red Cross Blood Unit Due Here On Pearl Harbor Day

Next December 7—the tenth anniversary of the infamous Japanese sneak attack on Pearl Harbor—has been set as the date for the Goldthwaite visit of the Bloodmobile unit of the national defense department of the American Red Cross.

Ten years after the "day that will live in infamy," America is in much more need of whole blood and plasma than a decade ago, partly because of advances in medical science and because American fighting men still are engaged in war and because the danger of attack on American cities by weapons more devastating than ever before existed in human arsenals is very real.

Brian Smith, Executive Secretary of the Mills County Chapter of the American Red Cross, said this week that so far 142 Mills County citizens have volunteered to be blood donors when the Bloodmobile unit comes here on December 7.

"We need many more," Mr. Smith said. "Please register as a blood donor and please make certain that on December 7 nothing will interfere with your gift of blood to our fighting men and to our country."

Mr. Smith said that the Bloodmobile unit will be located in Goldthwaite in the administrative and classroom-chapel section of the First Baptist Church, where complete, medically supervised arrangements will be made to care for all of those who, after December 7, will be proud holders of certificates attesting to their donations and giving the types of blood and RH factors.

Many cards that have been sent out by Mills County Red Cross recruitment workers have not yet been returned.

"Now that we know the Bloodmobile unit will be here on December 7 please mail in your card registering yourself as a blood donor," Mr. Smith (Continued on Back Page.)

Ask Postmaster About Xmas Gifts

Reduced rates on Christmas gift parcels to certain foreign countries were announced this week by Goldthwaite Postmaster Lucile Fairman who reminded everybody that gift packages for Service personnel overseas must be mailed between now and November 15. "Mail your Christmas parcels to loved ones overseas before November 15," Postmaster Fairman said. "Don't wait until the last day to mail them if they are expected to reach their destination in time for Christmas. Ask about the reduced rates for 'U.S.A. Gift Parcels' to certain foreign countries. Advantage may be taken of these reduced rates for sending Christmas gifts consisting of the useful items permitted in 'U.S.A. Gift Parcels.'"

HIGH HONOR FOR J. H. PRIDDY

Along with everybody else in Mills County the Eagle is both gratified and proud that J. Hobart Priddy has been nominated for recognition as the outstanding Supervisor of a Soil Conservation District in the entire State of Texas. Upon recommendation of the Board of Supervisors of the Brown-Mills Soil Conservation District, Mr. Priddy was nominated for an award to be bestowed by the Texas Bank & Trust Company of Dallas by a committee of Goldthwaite, Brownwood, Blanket, Rising Star and Bangs bankers that was headed by Earl T. Fairman, President of the Trent State Bank.

We believe that no candidate for the award for which Mr. Priddy has been nominated has the qualifications that are his. Here are some of them:

Mr. Priddy has been a Supervisor of the Brown-Mills Soil Conservation District since 1941. He has been regular in attendance at meetings. He has learned soil and water conservation practices and scientific methods so that he may be able to pass them on to others.

In his own district, subdivision three of the Brown-Mills Soil Conservation District, Mr. Priddy has been so ardent an advocate of the conservation practices in which he believes so thoroughly that a majority of the farmers and ranchers have signed cooperation agreements with the Goldthwaite Work Unit of the U. S. Soil Conservation Service. Largely by his own efforts and the examples that he has set, Mr. Priddy is responsible for the fact that soil and water conservation methods are being practiced in such a big way in subdivision three.

Mr. Priddy's work in encouraging and promoting the use of soil-improving legumes has been outstanding. He pioneered on his own fine farm and he showed others the value of hairy vetch and Madrid clover. In addition to growing seed for himself, he made supplies of hairy vetch and Madrid clover available to many others, who now are enjoying the benefits that have accrued from Mr. Priddy's efforts. A report, for example, from the Goldthwaite Work Unit says:

"In 1947 Mr. Priddy made 30,000 pounds of hairy vetch seed and 27,000 pounds of Abruzzi rye available to others AT COST PRICE. He helped to pioneer the legume and grass seed growing program by making planting and harvesting equipment available to farmers and ranchers. He assisted in obtaining loans for the purchase of fertilizer, in obtaining grain drills for the use of cooperators and he obtained much other equipment, including combines, from the Soil Conservation Service. Mr. Priddy arranged for the construction of special grass seed harvesters and other devices that were unique at the time they were developed. All of the practices and equipment in which Mr. Priddy interested himself and to which he devoted his efforts were made available to all of the farmers and ranchers in his subdivision and elsewhere in the Brown-Mills Soil Conservation District."

The Soil Conservation Service also points out that Mr. Priddy has served on many committees to raise agricultural and livestock standards, that he has worked in behalf of the purposes of the Production and Marketing Administration of the Department of Agriculture, that he is a member of the Mills County Board of School Trustees, that he has worked with the Farmers Home Administration, and that he is a Deacon in the Baptist Church.

This editorial is going to be hard on Mr. Priddy because, as those who know him will verify, he is modest, quiet and unassuming. But a man who has been so generous with his time, effort and counsel and who has given so much of himself to others cannot escape having grateful attention given to his accomplishments and achievements.

On another page of this week's Eagle there is a statistical table which shows very clearly how, on his own farm of 904 acres, Mr. Priddy has practiced the methods that he has preached—for the purpose of restoring, saving and improving our land in close and long-range cooperation with technicians and other practicing farmers. There is another statistical table that shows what has been accomplished in the subdivision that Mr. Priddy represents so ably on the Board of Supervisors of the Brown-Mills Soil Conservation District. Please study them and then, we think, you will agree with us that J. H. Priddy ought to be selected as the outstanding soil conservation Supervisor in the entire State of Texas.

**WHEN THE OLD BIRD
WAS YOUNGER**

10 Years Ago—

(Taken From Eagle Files of October 31, 1941.)

Farmer-committeemen of the AAA and representatives of government agricultural agencies from Mills County will meet in Abilene Thursday and Friday, October 30 and 31, to lay plans for the Food-Freedom campaign in this area, according to J. M. Geeslin, chairman of the Mills County U. S. D. A. defense board.

All the Aircraft Warning stations in Mills County have been organized and reports sent in to the governor and army headquarters.

The Goldthwaite Eagles meet the Methodist Home in a football game on the local gridiron tonight.

Efforts are being made to get the army to build roads from the maneuver area of Mills County into Goldthwaite and Mullin in order to relieve the situation that arises when the army is using the roads. Army traffic, such as those roads carried last winter and spring, on these narrow roads make it very hazardous for civilian traffic.

On Sunday, October 26, all of Mr. and Mrs. J. D. Fallon's children, grandchildren, and other relatives began to gather in the Fallon home at an early hour. This was the first time in two years all the children were at home in one day.

Mrs. E. B. Anderson has just received an invitation to a Home Coming of her graduating class of fifty years ago at the Sam Houston State Normal at Huntsville, Texas, beginning October 31.

In a quiet candlelight ceremony Saturday at 7:00 p. m., at the home of Mr. and Mrs. Fred L. Coats, Miss Arlene McCain, daughter of Mr. and Mrs. A. E. McCain of Tyler, became the bride of Worth Frank Johnson of Tyler, son of Mrs. H. B. Johnson of Goldthwaite.

J. D. Lowe passed away at his home in Goldthwaite Wednesday at 3:00 o'clock, after an extended illness. Mr. Lowe had been a resident of Mills County for over fifty years.

Herman Davis, son of Mrs. M. E. Davis, died in Prescott, Ariz., Wednesday, October 29. His body will be brought here by Fairman Company ambulance, and the funeral will be held at the home of his mother Saturday with burial at Williams Ranch.

E. R. Worley has had his home on Fourth Street reshingled.

A. W. Johnson of Orchard was with his brother, Marsh Johnson, and family Monday night.

Mr. and Mrs. Jim Kelly and Mrs. Johnnie Taylor were in Waco on business Wednesday of last week.

Miss Clara Dell Howard of Lampasas is now employed as an operator in the Rosebud Beauty Shoppe.

Mrs. Lina McLean spent last week in Alice, visiting her son, Mr. and Mrs. Cecil Bradley and family.

Jerry Walker was operated on at the Brady hospital Monday and was doing nicely at last report.

20 YEARS AGO—

(Taken From Eagle Files, November 6, 1931.)

Postmaster Harrison received a cablegram from his daughter, Mrs. Barrett Buck, better known by her many friends in Goldthwaite as Miss Joyce Harrison, filed in Shanghai China, at 3:00 p. m., Nov. 3. The cablegram was delivered to Mr. Harrison several hours before 3:00 p. m. on that date showing that man has devised means of heading Old Sol, or rather beating our mundane sphere in its daily revolutions.

Mrs. T. F. Elliott died in the sanitarium in Bryan last Thursday afternoon at 2:00 o'clock and her remains were interred in the cemetery at Iola, Grimes County Friday afternoon.

Robert Hashaw, an old citizen of the county, died at his home in this city last Saturday and his remains were interred in Big Valley Cemetery Sunday

morning. Elder Jones delivered an interesting lecture on prohibition in the Methodist Church Sunday night to a fair sized congregation.

W. H. Oglesby reports 4,112 bales of cotton ginned in Mills County prior to October 18, 1931 as compared with 3,506 bales for the same period in 1930.

Mrs. L. B. Porter is convalescing satisfactorily in the Sealy hospital at Coleman, where she underwent three operations Monday.

Mrs. Ira O. Harvey is at home from the sanitarium, where she underwent an operation for appendicitis. She is getting along nicely.

Mrs. Lola Ritchie, one of the teachers in Brownwood school, and Mrs. Anna Moore of Brownwood visited B. F. Mahan and family last Sunday.

Mr. and Mrs. H. D. Morris of Wichita Falls spent Sunday with his parents, Mr. and Mrs. Henry Morris, Mrs. Boyd Morris returned home with them for a visit.

Mr. and Mrs. L. A. Helm of Ballinger were here the first of the week visiting their son, J. T. Helm and Mrs. Helm. They left yesterday for Weatherford and Dallas, but expect to return to Goldthwaite in the near future for a longer visit.

Mr. and Mrs. W. E. Miller spent last weekend in Dallas. While there they took in part of the Mortgage Bankers Association of America meeting. They also heard a very interesting address by Alvin C. York, one of the greatest soldiers in the world.

Mr. and Mrs. W. P. Weaver received a message early Sunday morning telling them of the death of his brother, Mr. Sam Weaver, at his home in Wellington, his death being attributed to heart failure. Mr. and Mrs. Weaver left immediately to attend the funeral and be with other members of the family.

50 YEARS AGO—

(Taken From Eagle Files, November 2, 1901.)

Mr. Chas. Stark, who for a number of years has been thoroughly identified with the hardware and implement trade of Mills County, has accepted a position with Weakley and Watson, where he will be pleased to meet his friends.

Nathan McCulley of Clifton, Tenn. has been here several days visiting his brother, J. W. McCulley. The young man is so well pleased with Texas that he has decided to remain here and will probably accept a position with a firm in Lometa.

Joe Curtis, Sr., farmer and stockman of Ratler was among the visitors to this city yesterday.

John Burleson has sold his farm and ranch, three miles north of town, to Sam Littlepage late of Burnet County, and is to give possession of the premises on November 15. Mr. Littlepage is a brother-in-law of H. D. Gardner of Shaw Bend and will be a valuable citizen.

Louis F. Stroh, who was a volunteer soldier in the United States Army in the Philippines and was injured so badly that he was forced to retire from the service has been here this week bidding his friends good bye preparatory to leaving for Levenworth, Kansas, where he will enter the soldier's home.

G. S. Trowbridge and his handsome little son were visitors from Big Valley this week.

J. C. Peck of Big Valley, one of the nicest old gentlemen we know was in town this week.

Mrs. I. W. Arnold of Beeville arrived on Tuesday night's train to spend a few days with her mother, Mrs. Martin in Mullin and her sister, Mrs. J. J. Cox in this city.

Misses Alma and Ida Shultz left on Tuesday night's train for Cleburne to visit friends for a few weeks.

Mrs. J. P. Sharp visited friends in Mullin last week.

Joe A. Stump and family, late of Bell County, spent the first of the week here visiting his brother, F. R. Stump, and family. They left on Tuesday night's train for Deming, N. M., where they will reside in the future.

Ed S. Stone of Brownwood was here this week in the inter-

**GUEST
EDITORIAL**

(Editor's Note: Amidst all of the intemperate comments on President Truman's move to send an Ambassador to the Vatican, the calm analytical attitude of David Lawrence has been refreshingly conspicuous. We reprint below the article by Mr. Lawrence in hope that it may help to have reason rather than tempers and prejudice prevail.)

By DAVID LAWRENCE

The biggest piece of political news that has developed in many months is the announcement from the White House that President Truman has formally nominated an ambassador to the Vatican.

This does not necessarily mean, as some observers have said already, a stimulus to friction between Protestants and Catholics in America. For the majority of Americans are not swayed by such prejudices and the plan has yet to go through Congress. But it does mean a piece of political maneuvering by President Truman in behalf of the Democratic Party which politicians will concede does play a part in election campaigns.

Many of the big city machines or organizations which can swing the electoral votes of several large states are led by Democrats who happen to be Catholics. There is no such thing as a Catholic vote or a Protestant vote or Jewish vote so far as the nation is concerned, but politicians say that in marginal contests in certain localities the size of some one religious group is just enough to wield the balance of power.

It has been recorded that for the last several months Protestant groups have been arguing with President Truman publicly and privately that by sending an ambassador to the Vatican he would be recognizing a church and committing the United States to a doctrine which is the opposite of that in vogue—namely, separation of church and state.

Mr. Truman has been considering the problem ever since Myron Taylor, former head of the U. S. Steel Corporation, who was not technically an ambassador but a "personal representative of the President," came home from the mission to the Vatican which the late President Roosevelt originally entrusted to him. Congress in that instance was by-passed and the embarrassment of a political contest on the issue was avoided because the White House never asked for an appropriation to pay the expenses of the ambassador to the Vatican. It so happened that Mr. Taylor was wealthy enough to pay his own expenses in Italy, where he had had a winter home for many years.

Now, however, the situation is different. Congress will have to vote funds. The Senate will have to confirm or reject the nomination of Gen. Mark Clark—war-time commander in Italy—who has been nominated as an ambassador if formal diplomatic relations which were interrupted in 1868 are to be resumed.

It seems likely that if the members of Congress want to avoid giving offense to Catholics they will be concerned about the issue. They might find technical grounds for doing it. There lately has been sentiment against sending any military men to diplomatic posts of which there have been a number so designated since the war.

Maybe Mr. Truman, who is a shrewd politician, doesn't really expect the plan to go through at all but is contributing to be able to say that at least he made a sincere gesture and that Congress frustrated his plan. Maybe he is thinking of the embarrassment he is going to cause certain Republicans who run for Congress in 1952 when the Democratic nominees take a look at the way such Republicans voted on the issue of sending an envoy to the Vatican. As a vehicle of political mischief the issue has real potentialities and Mr. Truman is well aware of that fact.

On its merits and quite apart from politics, the question of sending an ambassador to the Vatican is rightly defended on the ground that the Catholic church throughout the world and especially behind the Iron Curtain has a vast network of important sources from which diplomatic information of value to the United States in fighting communism is obtained. That is the official reason given by President Truman now and it resembles the reason the late President Roosevelt gave when he sought the benefits of Vatican information from enemy countries during wartime.

The mystery is why the President (Continued on Page Nine)

est of Weld and Neville, the round bale gin people. Mr. Stone was at one time engaged in the printing business, but we are glad to note that he has reformed and is now doing well. Mrs. J. P. Sharp visited friends in Mullin the first of this week.

The Eagle's Aera

By The Editor

On page one of this week's Eagle there is a news article about the huge joint Army-Air Force maneuvers that will be held in this area early next spring. To hear about the plans for the maneuvers and to discuss civilian cooperation with the Army and the Air Force, a number of citizens from Mills County went to Fort Hood last Friday as the guests of Major General Bruce Clarke. The editor was invited also and he thought that in this space this week he would report on some of the interesting aspects of the impending maneuvers that are not dealt with in this week's news article.

For one thing, and very soon, you will see some strange characters here and there in Mills County. Their uniforms will be green. Their caps will be red. The insignia on the green uniforms will be red except for stripes and other designations of rank, which will be of silver. When you see soldiers in such get-ups, please don't suspect an invasion from Mars. They will be good Americans but since the maneuvers require an aggressor force, which will have to be beaten back from defense lines along Cowhouse Creek and the Lampasas river, the aggressors in green uniforms will be posing around this area for some time in advance of the maneuvers so that they will know what they will be doing when the maneuvers actually start.

For another thing, the maneuvers probably will present some most impressive spectacles that can be witnessed by the public. General Clarke's First Armored Division will have 100 tanks in action and hundreds of other vehicles. And, if plans materialize, there will be an air drop by parachute troops, probably somewhere between Goldthwaite and Star. If paratroopers suddenly start falling next March on the estates of Herman Ford, Roy Lee Hill, Jim Soules, Willis Horton and on Pigfoot Ranch don't be surprised. In fact, notice of jumps by paratroopers will be given so that the public will be able to witness as interesting a sight as the Army and Air-Force can produce.

For the maneuvers, there will be troops from all over the United States. As our news article says, the troop build-up at Ft. Hood will begin in December and will accelerate in January. In the maneuver itself 90,000 Army men and 40,000 Air Force men will be involved, according to General Clarke. A Division, about 12,000 men, will be airlifted into this area. The Fourth Army, which has headquarters at Fort Sam Houston will be in the field. The Ninth Air Force will come into this area for tactical operations. The editor will be glad to see the Ninth Air Force. If a personal reference may be forgiven, he flew on combat missions with the Ninth Air Force in the European Theater of Operations in 1944 and during the maneuvers he will regard every Ninth Air Force man as a "buddy."

Also coming here will be the 15th Corps from Camp Polk, La., the 47th and 31st Divisions from Alabama, the famous 82nd Airborne Division, the 301st Logistical Command and the 18th Air Force—which is a proud Troop Carrier outfit. The 82nd Airborne Division will be very much in evidence around Scallorn, Moline and Star, where it will bivouac. Literally

hundreds of miscellaneous will come from all parts of the country for the maneuvers that have been since the World War II. The backbone of the will be the First Division, which is stationed at Fort Hood, under command of Major General Clarke, the First Armored, supported and infantry, will be the aggressors plumb Mills County.

In addition to what will be found in the Much blank or "dummy" munition will be fired. Clarke said last Friday blank ammunition of make much noise, but conservative from upon York. He was born on a dairy farm, however General Clarke has no opinion of allowing his scare Mills County with gunfire.

There will be much to be told about the maneuver time for them. er. All of the pertinent will be published in the But at this time, the would like to reneer a phazise a request that editorially last month land owners give their cooperation to the authorities by granting for the troop crossing of land. There is also a question of the deterr of the Army and Air commands to avoid any of civilian life and any damage that may —whether to a fence or growing crop. Where cannot be made, there monetary restitution compensation.

Many times the Eagle print the telephone to Fort Hood 3806. That number that you show collect to report any that you may have arising the maneuvers that known as "Exercise Log In the event of any damage, a simple telephone call to Fort 3806 will put the comp direct communication of Real Estate and Claims that already has been lished especially for Longhorn."

The editor urges that body take the time to read this week's page on the impending Air Force maneuvers. It a statement by the why the maneuvers are planned; why they will (Continued on Page

"Well I see that you got order ready."

Program For Parents Of Children, Ages 6-10, On Tuesday

BIRTHS

Mrs. J. Cecil Parker, Star Route, Hamlin, the proud parents of a Tuesday, October 23, in the Brownwood Hospital. He has been John Charles.

External grandparents Mrs. C. G. Featherstone, the paternal grand- Mr. and Mrs. J. R. Goldthwaite.

Mrs. W. P. Oxford, Jr., are the parents of a Friday, October 26, in the Memorial Hos- pital. He weighed 9 pounds and 10 ounces at birth and has a head circumference of 13 1/2 inches.

City Club Wednesday

The City Home Demonstration Club will meet on Wednesday afternoon of next week at the home of Mrs. Dale McCasland. At the meeting there will be an exchange of ideas, bulbs or house plants, and a discussion of the glorified glass pic-

Sue Hines About Atoms

and discussion of the "Survival Under Attack," featured at the Scalhorn Home Demonstration Club on Wednesday last week at the home of Mrs. H. B. Curtis. The presentation of the most recent publications of the Civil Defense Administration by Miss Greta Sue

another portion of the bazaar that has been scheduled for December 27 and plans were completed for the annual Thanksgiving which will be held on November 27 with Mrs. Hines and Miss Greta Sue as hostesses.

Mrs. Arthur Bryant and their daughter, Mrs. Manley and family at Sunday.

Jean Ann Evans Crowned Queen At Hallowe'en Fete

Climaxing a highly successful Hallowe'en Carnival under the auspices of the Goldthwaite Parent - Teacher Association,

JEAN ANN EVANS

EAGLE PHOTO BY WICKER STUDIO Miss Jean Ann Evans, daughter of Mr. and Mrs. Charles Harold Evans of Fisher Street, was enthroned as Queen before a capacity crowd in the School Gymnasium last Saturday night.

Mrs. Jim Weatherby, P-T. A. President, said that generous public support of the Carnival resulted in proceeds of \$1,017.83, exclusive of funds raised for the Senior Class. After the deduction of expenses, the proceeds will be used by the P-T.A. for its 1951-1952 program which includes extensive work on the School stage and auditorium, playground improvements and the provision of many facilities that otherwise would not be available.

Miss Evans, a member of the Freshman Class, was elected Hallowe'en Queen with a total of 15,985 votes. The contest for the Queen alone resulted in gross receipts of \$533.38. "Her Majesty" was attended by Ray Campbell Hudson, Martha Jane Schunke and Penn Barnett. The Master of Ceremonies for the Coronation was John Weaver, who conducted the program after the identity of the Queen had been proclaimed in sonorous tones by Howard Campbell.

Hallowe'en Carnival festivities, after elaborate preparations and great excitement, started at 4:00 o'clock last Saturday afternoon with a parade that started at the Baptist Youth Center, wound around the Square behind the sedate pace of Sheriff C. F. Stubblefield's chariot, and then disbanded amidst much breathlessness. The only adverse criticism of the parade came from Miss Pearl Crawford who, speaking for the Chappell Hill Community, registered profound regret that the parade had not been led by V. C. "El Vaquero" Bradford aboard Bruce Perry's patient horse.

The Seniors also attracted widespread attention as some of them rode in an ancient model T Ford owned by Minnie and Bennie Soules. On one side of the antique but smoothly-purring vehicle was a placard, on which had been written the following words of deep pathos: "We cut out gambling, We gave up bingo, But we'll have a senior trip - If we get enuff dough." On the other side of the hack, right at the left elbow of Bennie Soules, were the appealing words: "Hep the Pore & Needy 'at Clutter about, Or the Gobblins will get you ef You don't watch out."

The Goldthwaite Schools Band made a brave showing behind high-stepping Drum Major Wanda Kelly but there was considerable argument in the Square as to whether the Band played "Hall, Hall, The Gang's All Here," or "Salute To Jean Ann Evans."

There were three little devils

Statue Of Marguerite Presented To Library By Self Culture Club

A statue of Marguerite, lovely heroine of Charles Gounod's opera Faust, was presented to the Jennie Trent Dew Library by the Self Culture Club of Goldthwaite and Mr. and Mrs. Sam Sullivan at a meeting of the Club at the Library on Thursday afternoon of last week.

The statue, from the famous Denver collection, is about two feet tall. It was presented by the Self Culture Club to complement the piano at the Library - which also was presented by the Club. The three foot pedestal on which the statue of Marguerite stands was a gift by Mr. and Mrs. Sam Sullivan.

At the time of the presentation, Mrs. Sullivan reviewed the opera Faust and the role of Marguerite and appropriate recordings from the opera were played by Mrs. Hope D. Schulze. Mrs. Owen H. Yarborough, who was program chairman for the meeting, presented a discussion of Charles Gounod, who based Faust on Goethe's tragedy of Dr. Faustus, which in turn has its beginning in a legend—the origin of which stretches back into German antiquity.

J. Moreland Brings More Paper Money

The Cemetery Committee of the Goldthwaite Garden Club is \$14.45 richer because last week Jess Moreland made another trip to Waco with waste paper which he sold for reclamation. On an earlier trip to Waco last month Mr. Moreland sold waste paper and brought back approximately \$38.00 which he gave to Mrs. John G. Berry, Chairman of the Garden Club's Cemetery Committee. The money is being used for beautifying the eastern boundary of the Goldthwaite Memorial Cemetery. There will be another paper pickup on December 1 so Mrs. Berry has asked everybody to save old newspapers, magazines, unbound books and cartons for it. Mr. Moreland will truck the paper that is collected on December 1 to Waco as a further contribution to the work of the Garden Club's Cemetery Committee.

in the parade and they were just too cute to be devils but since they were from the Grammar School everybody just took it for granted that there would be little devils in the line of march. One Fifth Grader dropped out of the line of march after he lost his false whiskers.

Back at the School there were booths, cake and pie sales, a chicken supper and hundreds of tired youngsters who refused to go home to bed because there was nothing in the world that could induce them to miss witnessing the crowning of Queen Jean Ann.

As Queen Jean Ann sat enthroned last Saturday night, "Her Majesty," her Court and the numerous audience was thrilled by execution of "The Texas Star" by the first square of the Ensemble Club. The junior square dancers were Lathon Jernigan and Rosaline Saylor, Bill Jack McKee and Marsha Wilkins, Richard Collier and Virginia Hill, and Dana Saylor and Martha Carolyn Graves.

The boys were clad in blue jeans and chartreuse shirts, while the girls wore blue denim skirts and chartreuse blouses. Raymond "Since 1898" Little was the Caller—to the music of "taters in a Sandy Land." Mr. Little wore slacks and a "conservative" cowboy shirt.

By that time, all members of the P-T. A., all teachers and all Mommies and Daddies were plumb wore out and they went home. But the young and vigorous small fry went around, knocked on doors and greeted sleepy-eyed householders with that old and familiar "tricks or treats."

— VOTE NOVEMBER 13!

The episode of Faust and Marguerite, however, appears only in Goethe's classic poem and is not a part of the ancient legend.

Mrs. Sullivan said this week that she located the statue of Marguerite in Waco several months ago. Its presentation to the Jennie Trent Dew Library through the Self Culture Club was made possible by a surplus in the fund from which the piano was purchased.

At a meeting on Thursday afternoon of last week, Mrs. E. R. Bruce was welcomed into membership in the Self Culture Club. Hostesses to the members and guests were Mrs. J. H. Randolph and Mrs. Ray Duren.

Films For Women To Be Shown At School Wednesday

Three films for women only and dealing with cancer will be presented as a public service by the Tuesday Study Club of Goldthwaite at the Grammar School auditorium at four o'clock on Wednesday afternoon of next week.

Mrs. Delton Barnett said this week that every woman in Mills County is both invited and urged to attend the program, which will be attended by physicians and nurses who will be available to answer questions.

"From One Cell," "The Traitor Within," and a film of a more personal nature - all produced under the auspices of the American Cancer Society, will be shown.

Mrs. Barnett said that invitations to women have been sent out through the School Nurses in Mills County. She stressed the educational value of next Wednesday afternoon's program and its contribution to preventive medicine.

Brownies Sing At Court House Saturday Morning

Marking the end of national Girl Scout Week, members of Goldthwaite Brownie Troops will assemble at the Court House at ten o'clock tomorrow morning, Saturday, when they will make the Square ring with their songs before they start a hike.

Mrs. Fred Reynolds said this week that as the Brownies start their songfest on the Court House lawn on Saturday morning she hopes that everybody will drop the workaday tasks and pause to listen.

After the Brownies have let the public know how well they can sing they will take off on a hike down the Lometa highway. They will be carrying "nose-bag" lunches and when appetites prompt, the Brownies will pull off the road into a pasture and eat.

Girl Scout Week started last Sunday when Girl Scout Troops and Brownies attended the morning Service of Worship at the First Baptist Church in Goldthwaite. Every day during the past week has been a special occasion for the Girl Scouts and the Brownies.

Fish Or No Fish - Rock Springs Will Have Fish Fry On Saturday

"With fish, we hope" - were the optimistic but cautious words that were used this week by Mrs. Floyd Manuel in announcing that tomorrow night, Saturday, the Rock Springs

Community Club plans to have a fish fry.

Fish or no fish, there will be a gathering of the Rock Springs Community Club and guests Saturday night. To make it quite clear, Mrs. Manuel put it this way:

"Mr. and Mrs. Bill Daniel plan to furnish the fish if they catch any fish this week. If the fish are un-cooperative, we will have supper anyway, minus the fish."

That seems to put it up to both Mr. and Mrs. Daniel and the fish.

On Thursday afternoon of this week Mrs. Daniel was scheduled to entertain the Club at the Rock Springs school house. No fish Thursday; just quilting. Presumably, while the ladies are quilting, Mr. Daniel will be out fishing on Thursday. Probably Friday and Saturday, too.

At the last meeting of the Rock Springs Community Club Mrs. Oliver Traylor was the hostess. The ladies quilted—when they ought to have been out fishing.

News Of Chappell Hill

By PEARL CRAWFORD

It has been cool and we had some light showers and mist. It just didn't haul off and rain, though. Bill Partin reports 1/2 inch of rain, and a heavy shower fell at the O. A. Harris place.

This scribe picked a little cotton at the F. H. Tiemann home. I did more visiting then picking cotton. I also enjoyed dinner with Mr. and Mrs. Tiemann and family.

The Tiemann's had some very nice cotton this year, for it to be so dry. I think most all the cotton will be picked soon; maybe this week, if it doesn't rain.

Mr. and Mrs. Alfred Brown and daughter picked castor beans for Mr. Smith at Pompe Creek. The castor beans are something new. The Browns said they just picked them in a

sack, like you would cotton.

Bill Partin helped Cecil Partin gather corn last week.

W. L. Conner and A. L. Crawford broke land.

F. H. Tiemann helped Bill Oxford with his tractor. Mr. Oxford has a new breaking plow and is breaking land.

We think most all the folks of this community attended the Hallowe'en carnival at Goldthwaite Saturday afternoon. It was nice to see Mr. and Mrs. C. M. Bramblett, Mr. and Mrs. W. P. Ledbetter, Mrs. W. W. Johnson, and a lot of other folks.

W. L. Conner was called to Brownwood Saturday afternoon by a message stating the serious illness of his mother, Mrs. Florence Conner. We are hoping for better news from Mr.

Conner soon.

Mr. and Mrs. W. P. Oxford have announced the birth of a boy. I'm sorry I didn't learn his name. I hope the little fellow will like his mountain home.

When I was in town Thursday, I met up with Mrs. Alta Reynolds of Caradan. Mrs. Reynolds took me to see her mother, Mrs. Andrew Cline. It was a short but very pleasant visit. Mrs. Cline is an old acquaintance of my parents, and she recalled memories of my childhood days.

Mr. and Mrs. Clarence Vaughan and Mr. and Mrs. Lee Vaughan have been visiting their parents, Mr. and Mrs. J. H. Vaughan. We are happy to report that Mr. and Mrs. Vaughan are on the mend.

Mr. and Mrs. W. L. Conner and family were made happy last Monday when they received a letter from their daughter-in-law, Mrs. William Conner of San Diego, California stating that they had just talked by telephone to L. W. Conner of Norfolk, Virginia. They were all O. K.

Mr. and Mrs. Bill Partin, Tommy and Jimmy, and Mr. and Mrs. G. C. Partin spent last Sunday with Mr. and Mrs. Will Harris at Goldthwaite.

This scribe and Mr. and Mrs. Jim White were recent guests of Mr. and Mrs. A. L. Crawford and William G.

Mr. and Mrs. Bill Brown and son spent Friday night with home folks, Mr. and Mrs. Alfred Brown and daughter.

Bill Brown, who had the misfortune of getting his foot and back injured was discharged from the Army, and he is getting along nicely at present.

Mr. and Mrs. Bill Partin, Jimmie and Tommy, spent Sunday with Mr. and Mrs. George Stahanke.

This scribe saw smoke at the new home of Mr. and Mrs. Roger Smith Thursday as I drove to town, so I visited with Mrs. Smith and found her cleaning up the yard. Mr. Smith was building a new yard fence.

Mr. and Mrs. L. C. Knowles of Fort Worth spent Saturday night and Sunday with Mr. and Mrs. Roger Smith.

Hillside Mission

By LIDA BYRNE

A Preacher said: "A sound family life can only be built on Christianity." In Ephesians the 6th chapter, 4th verse, the Bible says: "And ye fathers, provoke not your children to wrath: but bring them up in the nurture and admonition of the Lord."

Pfc. Edgar Leonhard Threatens To Be Composer Of "Dit Dah Boogie!"

Pfc. Edgar L. Leonhard, son of Mr. and Mrs. H. J. Leonhard of the Rock Springs community, now is stationed at Babenhausen, Germany, as what the Army calls a "dit dah boy"—a radio operator. He completed a course in an Army communications school last September 12 and has been "dit dah-ing" in full-fledged fashion ever since.

Following completion of his communications schooling, Pfc. Leonhard has been engaged in autumn military maneuvers in Germany, but Mills County is very much in his thoughts.

"Germany may be a long way from home and from the football games but I am still rooting for the home town team," Pfc. Leonhard said in a chatty letter to the Eagle editor that arrived this week. He added that the Goldthwaite High School Eagles, win or lose, "will always be the best team."

Telling of his participation in the Eucom Maneuvers, Pfc. Leonhard had this to say:

"Naturally, we didn't use any live ammo or unsharpened bayonets, but we got the general idea of what a war would be like. As a matter of fact, this coming out of school and then going to the field just does not

work." Edgar described Babenhausen as a "cold hole" and he made it quite clear that news from home means a great deal to him. He said that he reads even the advertisements in the Eagle—as well he and everybody else should—and then he went on to discuss his assigned military duties in the following words:

"At the present time I am what they call a 'dit dah boy.' That is a radio operator and it is quite a task to perform. Maybe if I stay at it I will be able to compose 'The Dit Dah Boogie.' You know the saying in the Army is that a man has to be crazy to become a radio operator and that ALL operators are crazy—so you can see where that leaves me!"

Between every line of Pfc. Leonhard's letter there were clues to nostalgia for Mills County. For example, he sent his very fond regards to the Goldthwaite Work Unit of the United States Soil Conservation Service, with which he worked for about a year and a half before he started on the road that found him winding up as a "dit dah boy."

In his letter, Edgar also suggested the possibility that his brother, Jimmy, would have some news at the Post Office. So a reporter trudged over dutifully to interview the old peanut farmer. Not a bit of news—not even a peanut, either.

EVERYTHING about Texas!

A million facts on agriculture, livestock, business, history, population, etc. Big maps and pictures.

On every county, an individual map, killing frost dates, growing seasons, average rainfall by months, production figures, etc.

Lots of good reading in 672 pages.

The new Almanac, now available, is actually an encyclopedia of Texas. Subjects range from Texas prehistoric eras to complete statistics. There are the laws enacted by the last Legislature, school population and enrollment, the Gilmer-Alkin Acts, the State Constitution. Data on Texas industry, oil, labor and many others.

*A Message of Importance
To Every Automobile Driver
In The State of Texas*

HERE'S WHAT YOU SHOULD KNOW ABOUT THE NEW TEXAS "SAFETY RESPONSIBILITY LAW"

- 1 Enforcement Begins January 1, 1952.** On this date, the new Safety Responsibility Law, as passed by the Legislature, goes into effect. This law was designed to protect you against financially irresponsible drivers and owners of motor vehicles involved in accidents. It affects all drivers and motor vehicle owners (except Federal, State, County and City-owned cars).
- 2 What Must You Do After An Accident?** Under existing laws, you must file a written report to the Department of Public Safety if your car is involved in an accident where there is a death, an injury or property damage in excess of \$25. Under the new law, a written report must be filed *within ten days* if your car is in an accident resulting in death, injury or property damage in excess of \$100.
- 3 You Don't Have to Carry Liability Insurance, But . . .** If you are not insured against bodily injury and property damage liability, you must be able to deposit with the Department of Public Safety security equal to the estimated damage, not exceeding \$15,000.00, to cover all claims growing out of an accident anywhere in Texas in which you or your motor vehicle were involved. If you cannot establish financial responsibility for the future, your driver's license and your motor vehicle license plates are automatically suspended.
- 4 It's Easy to Establish Financial Responsibility** with a motor vehicle liability insurance policy. If you do not now have such a policy, call your local insurance agent today. He is a qualified insurance counselor who will be happy to advise you concerning your needs.
- 5 What is the Minimum of Your Liability?** The law permits each driver to establish the following minimum limits of liability: up to \$5,000.00 for injuries sustained by one person; up to \$10,000.00 for all personal injuries resulting from one accident, and up to \$5,000.00 for property damage. You do not have to establish such liability but it is the easiest way.

COME IN—Let us show you how low trucking costs can be!

5,500 reports! NOT the result of manufacturer's testing—but owner-reported figures from on-the-job operations!

It's another Ford first! A complete record of cost-to-run reports, ranging over the whole field of trucking! It's the book of final results from the nationwide Ford Truck Economy Run! See it before you buy ANY truck—see how low trucking costs can be, for loads like yours, in your kind of work!

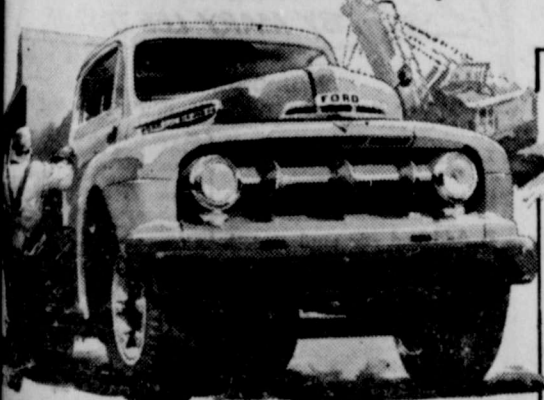

This book is made up from daily on-the-job running cost reports by ordinary truck operators, doing everyday truck work. There were no "special" models in the Ford Truck Economy Run. Every one of the 5,501 trucks were stock model jobs, equipped with the standard Power Pilot.

What Should It Cost per mile to run a truck? The only way to find out is to check the running cost experience of other men in your kind of work! Now you can do that—for the first time—with this important new Ford service. Only your Ford Dealer has it!

Availability of equipment, accessories and trim as illustrated is dependent upon material supply conditions.

"Only 2/4¢ a mile!" Contractor C. W. Miller (address on request) ran his Ford F-1 Pickup 8,189 miles in the Ford Truck Economy Run. "We spent \$181.41 for gas, oil and maintenance. A running cost of only 2/4¢ a mile!" Covers every important truck-using business! Whatever you haul—appliances, bread, gravel, or almost any loads—you'll find on-the-job running cost evidence in this Book. Come in and see it!

Power Pilot is standard equipment on this Ford F-8 BIG JOB and on all today's Ford Trucks. You get most power from least gas! The book shows that 1 out of 2 Ford F-8 BIG JOBS in the 3,000 G.V.W. range ran for less than 4/4¢ a mile!

FORD TRUCKING COSTS LESS

because Ford Trucks last longer! Using latest registration data on 7,318,000 trucks, life insurance experts prove Ford Trucks last longer!

Legion Commander K. V. Straley Urges Big Support Of Amendment 4

Commander K. V. Straley of the Harry F. Edmondson Post number 289, the American Legion, this week added his strong support of Amendment 4 — which is one of five proposed amendments to the Constitution of Texas that are to be passed upon by the voters on November 13.

(Amendment 4, which will benefit Texas veterans of military service, and Amendment 2, which will benefit the State's University Fund, are the only ones to be passed upon in the November 13 election that have been and are supported editorially by this newspaper.)

Speaking for the local American Legion Post in behalf of Amendment 4, Mr. Straley this week gave the following explanation of it:

"In 1946 Texas voters approved by majority of 80,022 to 29,935 an amendment to the Constitution known as Section 49-b of Article III.

"That amendment authorizes the State to issue up to \$25,000,000 of bonds. Those bonds are sold to provide money that is loaned to veterans of World War II to buy farms or ranches. To operate this loan program the Veterans Land Board was created. It consists of the Governor, the State Comptroller and the Attorney General.

"The amendment to be voted upon November 13 would make the following changes in the constitution's provisions affecting Veterans' Land Loans.

"1. Increase from \$25,000,000

to \$100,000,000 the total amount of bonds the State could issue.

"2. Make eligible for loans all men who serve in the armed forces as many as 90 days prior to December 31, 1952. The law now applies only to men who served prior to January 1, 1946.

"3. Extend the life of the loan program from November, 1954 to November, 1959.

"The legislature has enacted a law to put this amendment into effect immediately if it is approved on November 13.

"To August 31, 1950 approximately one and one-half per cent of Texas' 800,000 veterans had obtained these loans. The veterans' land fund purchased land for veterans costing \$17,000,000 during the first year it operated.

"Expense of administering the program is paid from the general revenue fund of the state — from taxes. This expense totaled \$106,479 in the year ending August 31, 1950. The legislature has appropriated \$150,000 for 1952 and \$140,000 for 1953 to meet operating expenses."

In view of the above statement, Commander Straley said, he hoped that all Mills County voters would vote in favor of Amendment 4 on November 13.

County Baptists Meet On Monday At Center City

Mills County Baptists will gather next Monday night at the Center City Baptist Church for their regular associational monthly meeting and for an inspiring program that will be presented by the Mission Band of Howard Payne College.

The Rev. J. T. Ayers, Pastor of the First Baptist Church in Goldthwaite and Moderator of the Mills County Baptist Associational Workers Conference, said this week that the members of the group from Howard Payne College have volunteered for missionary work in the foreign and domestic fields and now are preparing for lives of service.

Next Monday's conference will start at 5:00 p. m., with a Board and W.M.U. meeting. After supper by the Host Church, of which the Rev. Virgil Sparkman is Pastor, there will be devotionals and reports and then the program by the Mission Band. The program will include a dramatization of an episode in India; the conversion of a young Hindu due to the expressions of Christian love that he encountered in a time of distress.

Special music also will be offered by the members of the H.P.C. Mission Band, Brother Ayers said.

Brother Lovelace Returns On Sunday

The Rev. Ed H. Lovelace, Pastor of the First Methodist Church in Goldthwaite, will return to his pulpit next Sunday after having been on a Ministerial visitation to Friona as part of the great, Texas-wide Methodist Evangelistic Mission.

At next Sunday Morning's Service of Worship at the Methodist Church the Sacrament of the Lord's Supper will be observed and on Sunday night Dr. L. U. Spellman, District Superintendent, will preach. Dr. Spellman also has been participating in the Evangelistic Mission.

At Friona Brother Lovelace conducted the entire activity because the Pastor, the Rev. James E. Tidwell—who made a visitation to Goldthwaite last month—was stricken by appendicitis.

Personals

Recent visitors in the home of Mr. and Mrs. J. L. Hillman were Mrs. W. L. Clark and Mr. and Mrs. W. T. Fisher, of Brownwood and Mr. and Mrs. Gene Turbiville and family of Goldthwaite.

Mr. and Mrs. Fred Faulkner of Ft. Worth visited relatives here last week.

MISSIONARY

MISS NEVA FLOOD

Miss Neva Flood, who is on furlough from her missionary duties in Nicaragua, and Mrs. Pearl Keaton, a former Pastor in Goldthwaite, were scheduled to speak at 3:00 p. m., and at the Church of the Nazarene in Goldthwaite on Thursday of this week. Miss Flood has been engaged in missionary work in Nicaragua since 1947.

Choir Singer

Mrs. Kathleen Davis, daughter of Duke Clements of Goldthwaite, has been selected to sing in the choir at Texas Technological College at Lubbock. Mrs. Davis is one of only 53 students who have been selected to sing in the choir.

Mrs. Lovelace Goes To WSCS Meeting

Mrs. Ed H. Lovelace, Conference Recording Secretary of the Woman's Society of Christian Service of the Methodist Church, returned last Friday from Corpus Christi, where she attended the session of the Annual Conference of the Society. During the coming weeks she will be engaged in editing the Tenth Annual Report, which is the official journal of the Conference.

Mr. and Mrs. P. L. Hancock left last Saturday for New Mexico and Colorado where they will transact business and visit relatives.

Falls Mustangs Win From In Game Of "Bad Breaks"

By R. C. McCOLLUM

Playing at Eagle Field in Goldthwaite on Friday night of last week the Goldthwaite High School Eagles were defeated by the Marble Falls Mustangs by a score of 25 to 2 in a football game in which the Mustangs

JOHN DEAN STARK

The game was marked by several nice runs by John Gilliam, who also got off some beautiful punts.

difficult catches of the year. The pass was short but he turned around and caught the ball as he fell. At the same instant, he was hit hard by a Mustang back. Stark had the wind knocked right out of him but he held on to the ball. He deserved the applause that the Goldthwaite fans gave him.

Joe Hammond, who played brilliantly in the second quarter of the game against the Mason Cow Punchers on October 19, played his best football of the season against the Mustangs last Friday night. For his fine work he got a resounding pat on the back from Coach Carl Knox—and he, too, deserved it.

The game was marked by several nice runs by John Gilliam, who also got off some beautiful punts.

Just before the end of the first half there was another of those incidents that marred the game. After throwing three passes that were not completed, Gilliam punted for 50 yards and the Eagles fell on the ball on the Mustang five-yard line. The Eagles claimed that a Mustang had touched the ball but the officials ruled "no," and they brought the ball out to the Mustang 20-yard line. One play later the half ended!

Hobson Miller and Vernon Whitley also should be given credit for their performances last Friday night. After the game, Coach Knox asked the Eagles if they wanted to change formations or to continue the season running from the Horned Frog Spread. Every Eagle said he wanted to stay with the spread formation. Bobby Lett-better, who was one of the most outspoken in the discussion, said he felt the Eagles should stick for the remainder of the season with the plays they know best. In the game against the Mustangs, however, the Eagles did run a somewhat different version of the spread than usual. Vernon Whitley was lined up behind his Guard and he received the snap from Center. He either kept the ball, handed it off or pitched it to a man trailing him.

GAME AT A GLANCE

Eagles	Mustangs
5 First Downs	12
0 Penetrations	4
75 Yds. Rushing	313
16 Lost Rushing	11
44 Yds. Passing	8
103 Total Yards	315
1 of 24 Passes Intercepted	1 of 8
3 Passes Intercepted	1
3 Fumbles Lost	2
9 for 324 yds. Punts	4 for 100 yds.
6 for 40 Penalties	5 for 55

scored in every quarter. Goldthwaite was kept from being blanked only because a Marble Falls pichout strayed into the Mustang end zone.

The Eagles encountered in the Mustangs a big and rugged team. The Marble Falls starting line-up averaged 164 pounds per man as against 143 pounds per man in the starting line-up for the Eagles. On the theory that football officials ought, to be just as liable to criticism as anybody else, it should be recorded for the record that there were times when the Eagles did not get a fair shake. For example, in the first quarter, the Mustangs got the ball on what, in the opinion of this writer, was a most unfair call. In that case, John Gilliam had passed to Vernon Whitley, The ball fell to the ground through Whitley's arms and a Mustang fell on it. Instead of ruling an incomplete pass, the officials said it was a fumble and a Marble Falls recovery!

On the other hand, there were bright spots in the game, even from the Goldthwaite point of view. In the last quarter, the Eagles attempted 14 passes, three of which were completed and one of which was intercepted. It was in that quarter that John Dean Stark made one of the best and most

E. B. Adams Finds Historic Account Book Of Late Father's Business

A fascinating record of travel throughout Central Texas in the 1890's turned up recently when E. B. Adams of Goldthwaite found one of his late father's account books. Like his son, George E. Adams, who was 75 when he died in 1927, was in the business of selling, fabricating and erecting monuments. But from his account book and the tales that still are told of him, he was as much of a horse trader as he was a traveler and monument man.

Before he settled down to selling monuments for a Waco firm throughout Central Texas, the late George E. Adams had traveled all over the United States and in eight foreign

countries. But travel such as that had nothing on his peregrinations in these parts. How he got around as much as he did in his horse and buggy in the territory from Waco to San Angelo and from Comanche to Burnet is something that any reader of his account books of the 1890's would ponder in 1951 after thumbing through the pages of the now yellowed and faded account book.

In addition to selling monuments, which he also would emplace with the skill of a stone cutter, the late father of Goldthwaite's own "Sir Eric" Adams also sold and erected iron fences for grave sites and then, of course, there were the horses. The account books show that when George E. Adams could not collect in cash for a monument he was a happy man if he could take a horse in trade. When there were no horses to be had he would take mortgages on cows and calves. But that, no doubt, he considered a come-down.

Your Child WILL LIKE THIS NEW COUGH HELP

For coughs and bronchitis due to colds you can now get Creomulsion specially prepared for children in a new pink and blue package and be sure:

(1) Your child will like it.
(2) It contains only safe, proven ingredients.

(3) It contains no narcotics to disturb nature's processes.
(4) It will aid nature to soothe and heal raw, tender, inflamed throat and bronchial membranes, thus relieving the cough and promoting rest and sleep. Ask for Creomulsion for Children in the pink and blue package.

for \$700!"

In the 1890's the late Mr. Adams could sell for \$37.50 a monument stone that now would cost from \$225 to \$250. Many of his accounts have been lost but there is a complete record available of transactions between 1890 and 1900—and a few dating back even to a few years before 1890. It sometimes happens nowadays that E. B. Adams is asked to take in on account toward a new stone a monument that his father had erected so long as 60 years ago. Since his father started in the monument business in these parts in 1883 and kept right at it until 1927, it is inevitable that E. B. Adams is constantly coming across the work of his father.

The names of those to whom George E. Adams sold monuments who are listed meticulously in the account book that E. B. Adams found recently will be familiar to many residents of Mills County and especially to their descendants. In the early 1890's, for example, George E. Adams did much business at Center City. Included among the Center City customers were J. P. Barr, J. B. Head, J. Knight, R. W. Mahaney, and C. H. Miles.

Star dealings that are listed in the account book included those with E. D. Parker, J. F. Pollard, W. J. Queen, W. M. Roles, J. W. Street, A. P. Simon, E. D. Kingsbury, A. A. Knox, L. D. Fifer, and Mrs. M. E. Gray.

Goldthwaite dealings listed in the account book included those with J. A. Gentry, A. G. Gray, D. I. Haralson, B. B. Kemp, D. H. Mayor, W. E. James, D. A. Autry and J. H. Boulter.

Other accounts of the 1890's as listed and which are of interest locally are those of J. K. Brim of Turnersville, J. C. Bayley, Nancy Billingsley of Star, B. J. Crawford, who then lived at Gentry's Mills, W. C. Barnett, Sr., of Valley Mills, Fate Eckert of Richland Springs, J. Fulton of Lometa, J. N. Fouse of Levitas, J. M. Forehand of Kempner, M. L. Garner of Mullin, E. Garrett of Star, M. S. Malone of Mullin, W. O. Sexton, C. M. Thornton and Matilda Thornton, all of Goldthwaite; R. F. Williams of Mullin, J. E. Verser of Goldthwaite and F. N. Irwin of Sneed (Pleasant Grove).

Not mentioned in the account

You—and the SCRAP METAL EMERGENCY

ANSWERS every farmer should have to questions about scrap iron and steel

Q. Why is iron and steel scrap a matter of importance to farmers?

A. Steel for our Country's defense program and civilian economy is being produced at the highest annual rate ever . . . and this will be greatly increased in 1952. Farm machinery and equipment needs must come from this over-all supply. As steel production increases the need for scrap increases.

Q. How does scrap figure in the production of steel?

A. One pound of scrap is needed to make two pounds of steel.

Q. Is scrap getting scarce?

A. Yes, the supply of scrap at the steel mills and foundries is not increasing fast enough to meet the needs of expanding steel production. Yet, there are millions of tons of idle iron and steel scrap, in small amounts, on farms throughout the country.

Q. What if the needed scrap isn't obtained?

A. That will mean a serious loss of steel production . . . fewer products will be made of steel. It will mean more shortages of civilian products. Defense needs come first.

Q. Why not use pig iron instead of scrap?

A. Every ton of scrap conserves ap-

proximately 2 tons of iron ore, 1 ton of coal, nearly 1/2 ton of limestone—and many other vital natural resources—to say nothing of transportation facilities. Besides, there are not enough blast furnaces to produce the iron needed to maintain production.

Q. How can more scrap be furnished?

A. By everybody pitching in—as we always do in every emergency—and searching out all possible sources of scrap. Manufacturers of all kinds of products are conducting scrap drives. Old ships are being salvaged . . . scrap is being obtained from countless sources including farms.

Q. What else can I scrap?

A. Support the scrap in your locality. Work Scrap Mobilization. Getting the scrap started mills and foundries scrap dealer.

Q. What is farm scrap?

A. It is any worn out, obsolete, unrepairable equipment, tools or other ob-

jects made of metal, and rusting in fence on the barnyard or the

J. H. PRIDDY'S RECORD TELLS CONSERVATION ACHIEVEMENTS

(Editor's Note: J. Hobart Priddy has been nominated for recognition as the outstanding member of a Board of Supervisors of a Soil Conservation District in the entire State of Texas—not just because he is a "good guy," which he is, but because of his accomplishments and his record of service. The following statistical table from the files of the Goldthwaite Work Unit of the United States Soil Conservation Service is a factual record of the soil and water conservation practices as applied on Mr. Priddy's own farm of 904 acres:)

- CONTOUR FARMING,**
Planned, 230 Acres. Applied, 230 Acres.
- COVER CROPS,**
Planned, 230 Acres. Applied, 230 Acres.
(Mr. Priddy uses vetch, peas and Madrid clover and is trying Pilca butta.)
- STUBBLE MULCHING,**
Planned, 230 Acres. Applied, 230 Acres.
(For stubble mulching Mr. Priddy uses a one-way plow and a tandem disc.)
- DIVERSIONS,**
Planned, 8500. Applied, 8500.
(Seeds diversion terraces to King Ranch Bluestem.)
- RANGE IMPROVEMENT,**
Planned, 655 Acres. Applied, 228 Acres.
(Uses summer deferments; good results on 228 acres.)
- SEEDING RANGE,**
Planned, 53 Acres. Applied, 53 Acres.
(Used King Ranch bluestem and Indian grass.)
- TERRACES,**
Planned, 9.0. Applied, 7.9.
(Needs four terraces; plans to build them in the autumn of 1951.)
- COLLECTIVE OUTLET,**
Planned, One. Applied, One
(Seeded to Italian rye grass and King Ranch bluestem.)

(In addition to having practiced what he preached on his own land, Mr. Priddy, as representative of subdivision 3 of the Brown-Mills Soil Conservation District, is able to point to a record of tremendous accomplishment, not only by himself but by the other cooperators in his subdivision. Following, again from the files of the Goldthwaite Work Unit of the U. S. Soil Conservation Service, is what has been done in subdivision 3 while Mr. Priddy has been a Supervisor of the Brown-Mills Soil Conservation District:)

- CONTOUR PLANTING, 18,308 Acres.
- STUBBLE MULCHING, 17,104 Acres.
- RANGE IMPROVEMENT, 37,973 Acres.
- COLLECTIVE OUTLETS, 34.
- COVER CROPS, 12,584 Acres.
- DIVERSIONS, 74 Miles.
- TERRACES, 456 Miles.
- SEEDED PASTURES, 246 Acres.
- SEEDING RANGE, 1,815 Acres.

Eagle's Aery

(Continued from Editorial Page.)
unless something might happen to intervene. The more that all of us understand the reason for maneuvers, what is being done to defend our country, how our men are being trained and how Staff Officers must have maneuvers in order to test their theories and paper plans, the better the nations as a whole will be prepared to meet the emergency in which we live.

The representatives from Mills County who went to Fort Hood last Friday saw a problem worked out on the tank-infantry combat course. They saw infantry go into action under live artillery fire and they saw the objectives of the infantry under live fire from tanks and machine gunners. It is the rule of the Army that no soldier may be sent to combat areas overseas unless he has been under live fire in training. Nobody wants our fighting men not to be adequately trained and conditioned. That, above all, is the chief reason why each and every one of us should give the utmost in cooperation to "Exercise Longhorn."

90% For! 10% Against

Railroad workers are represented by 23 standard unions. By mutual agreement, 20 of these unions—comprising about 1,200,000 men; or more than 90%—are working under wages and rules agreed to by them and the railroads. But leaders of three unions—with only about 130,000 men, or less than 10%—still refuse, after more than a year of negotiations, to accept similar wage and rules agreements. These are even more favorable than the terms recommended by the Emergency Board appointed by the President.

Yes, it certainly seems to be finally about time that the leaders of the three unions stop their delaying tactics—their quibbling. But the leaders of the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Order of Railway Conductors continue to refuse. They continue a course of dillying and dallying. It is definitely time to

END THIS QUIBBLING!

Time to settle...

On June 15, 1950, an Emergency Board appointed by the President under the terms of the Railway Labor Act—an Act largely fathered by the unions themselves—made its recommendations on certain wage and working conditions ("rules" in railroad language) which had been in dispute between employes and the railroads.

More Than 90% of Employes Accept
Since then, terms equal to or better than the Board recommendations have been accepted by about 1,200,000 railroad employes—more than 90% of the total of all workers. They are represented by 20 of the 23 standard railroad unions.

Less Than 10% Refuse
But three unions—with about 130,000 men, or less than 10% of the total—have refused to accept, even after months of negotiations. These three unions are the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Order of Railway Conductors. These are three of the so-called "operating" unions. Already the highest paid men in the industry, their leaders demand still further advantages over other workers.

In all, there are about 270,000 operating employes. But not all of them, by any means, are represented by BLE, BLF&E, or ORC. As a matter of fact, less than half—132,000 to be exact—are in these three unions. More than half—about 140,000—are in other unions, principally the Brotherhood of Railroad Trainmen. What makes the whole situation so hard to understand is that these 140,000 operating employes are working under wages and rules which the leaders of the other 130,000 say they cannot agree to.

What Do the Railroads Offer?
They offer these three unions the same settlement which was contained in a Memorandum of Agreement signed at the White House on December 21, 1950, by four brotherhoods and the railroads. Later these brotherhoods sought to repudiate this agreement. But on May 25, 1951, the Brotherhood of Railroad Trainmen signed a complete agreement carrying out the

principles of the Memorandum Agreement of December 21. They have been working under this agreement since May 25.

What About Wages?
Under the terms of the agreement, yard engineers, firemen and conductors would now be receiving a wage increase of \$3.4 an hour (\$2.72 a day) and road engineers, firemen and conductors would now be receiving an increase of 19½ cents an hour (\$1.56 per day). Large sums of retroactive pay have already accrued and if the agreement is carried out, will be paid promptly.

What About "Cost of Living" Increases?
The White House Agreement includes an "escalator" clause under which wages will be geared to changes in the Government's cost-of-living index. Two such increases—April and July, 1951—have already been paid to the 90% of railroad employes covered by signed agreements.

What About the 40-Hour Week?
The White House Agreement calls for the establishment of the 40-hour week in principle, for employes in yard service. The employes can have it any time after January 1, 1952, provided the manpower situation is such that the railroads can get enough men to perform the work with reasonable regularity at straight time rates. If the parties do not agree on the question of availability of manpower, the White House Agreement provides arbitration by a referee appointed by the President.

What Else Do the Union Leaders Demand?
The continued quibbling of the leaders of the three unions has to do principally with

rules changes, which have already been agreed to by the Brotherhood of Railroad Trainmen. Of these, the principal one seems to be that having to do with so-called "interdivisional service"—runs which take in two or more seniority districts.

The union leaders would bar progress and efficiency in the industry, and better service to the public, by maintaining a situation where they can arbitrarily stop a railroad from establishing such interdivisional runs. The carriers propose that if a railroad wishes to set up an interdivisional run, the railroad and the unions should try to agree on such run and the conditions which should surround its establishment, and if the railroad and the unions can't agree, the matter will be submitted to arbitration.

But the three union leaders still refuse.

Rules Can Be Arbitrated
The railroads have not only offered these three unions the same rules agreed to by the BRT and covered by the White House Agreement, but have even agreed to submit such rules to arbitration.

The Industry Pattern Is Fixed
With the pattern so firmly established in the railroad industry, it seems fair to suggest that the leaders of BLE, BLF&E, and ORC stop their quibbling and take action to make the railroad labor picture 100% complete. Certainly today's economic and international situation calls for a united front. And certainly no good reason has been advanced why these three unions should be preferred over all other railroad employes.

We are publishing this and other advertisements to talk to you at first hand about matters which are important to everybody.

Mrs. S. O. Koen Is Convalescing

Mrs. S. O. Koen, who recently was seriously ill at Memorial Hospital in Brownwood, is recuperating at the home of her daughter, Mrs. B. C. Wicker, and Mr. Wicker, in Goldthwaite. Mrs. Wicker said this week that Mrs. Koen was making favorable progress on the road to recovery. Mrs. Koen has been at the Wicker home since Wednesday of last week.

BIRTHS

Mr. and Mrs. Cleon Brown, Jr., of Dallas are the proud parents of a 7 1/2 pound daughter, who was born October 27, in the Florence Nightingale Hospital in Dallas. She has been named Anita Kay.

The maternal grandmother is Mrs. Myrtle Stewart of Grand Prairie, and the paternal grandparents are Mr. and Mrs. Cleon Brown, Sr., of Mesquite. The baby's mother is the former Dalma Stewart, and Mr. and Mrs. E. A. Obenhaus of Goldthwaite are the baby's great grandparents.

Mrs. Maud Newbury moved to Brownwood this week.

Mr. and Mrs. Jess Geeslin spent the weekend with her brother, Mr. and Mrs. Lee Kendall.

LIQUID OR TABLETS—SAME FAST RELIEF

By Clementine Wilmeth Briley

We had low-hung clouds, but only a sprinkle of rain this past week. We wish Dock Ruhman and Murray Cox would find out about us out here and send us a little note of sympathy while they are rejoicing over rains and planting of legumes in other sections of the country.

Mr. and Mrs. George Russell and baby and Mr. and Mrs. Paul Lockett and Paula Jorene, all of Big Spring, and Mr. and Mrs. J. R. Reeves and children of Owens visited Mr. and Mrs. Hue Thompson over the weekend.

Nancy Reeves was able to be out at Sunday School Sunday after her appendicitis operation of little more than a week ago.

Mrs. Edna Dwyer had dinner at the Hubert Reeves home Sunday after Church.

Jim Wilmeth of Brownwood came to the Briley home Thursday morning to bring a phone message from Bill Belich of El Paso announcing the arrival of a son, John Wilmeth, born to Mr. and Mrs. Belich October 24.

Granny was supposed to go to help out, but she had to answer back reluctantly that the doctor said she must not go for she was not able. And right he was, for she has been quite a care herself the last week with flu and back complications. She sent Billy a message of sympathy, as he got neither the little sister he was looking for, nor Granny to take care of him.

Last summer when Billy was doing so on getting a little sister this fall, someone asked him what he would do if it should be a little brother. He said, "Send it back to God and tell Him to send me a little sister. That's what I've been praying for."

Remember, Brother Gilbert Allen, a student of A. C. C. and son of Brother David Allen, Minister of Austin Avenue Church of Christ in Brownwood, will preach for us Sunday at eleven at the schoolhouse. Everyone is urged to be present.

Army-Air Force Maneuvers Will Have Focal Point In Mills County

(Continued From First Page.)

make their main penetration into Mills County from the south roughly along the line of the Santa Fe Railroad and the highway to Lometa. The "defending forces" will fall back to a line on the Lampasas river and then, spearheaded by General Clarke's First Armored Division, will make a breakout westward. The planners of the maneuvers would like to push through far enough to throw bridgeheads across the Colorado river but they doubt that funds will be available to permit maneuvers of so great an extent.

3 — Permits will be sought from landowners to permit troops to cross land but no payments will be made except for facilities physically occupied such as warehouses. Every battalion will be accompanied by a repair truck and personnel to make immediate repairs to fences and other property. A Real Estate-Claims office will be established at Fort Hood under John R. Slay of the Army Engineers. The plan is to pay claims for damages under \$100.00 in cash within 48 hours; to pay claims between \$100 and \$500 by government check from Fort Hood within two weeks. Only claims for damages of more than \$1,000 will have to be considered beyond Fort Hood—such as at Fourth Army Headquarters at Fort Sam Houston and in Washington.

4 — Troops will not maneuver in towns such as Goldthwaite and Star. Every effort will be made to avoid any interference with normal civilian activity, including traffic on highways, operation of trains and school buses, the conduct of farming operations and the transaction of business. Troops will be instructed specifically not to interfere with grazing livestock or to frighten animals with gunfire.

5 — Permits will not be asked for troop use of buildings, other than those which may be leased; roads and highways will be used only by agreement with County Commissioners and authorities of the Texas State Highway Department; where necessary bridges and culverts will be strengthened so as to be able to bear military traffic; water either will be purchased from municipalities or will be provided by an Army water supply company.

In the weeks between now and the actual start of the maneuvers there will be many conferences — with individual land owners, County officials, law enforcement officers and civic groups. There will be times when the latter will be asked to cooperate in providing hospitality or recreation for the soldiers and airmen who will be involved in the maneuvers.

At the very start of the conferences at Fort Hood last Friday, the following statement was issued:

"Exercise Longhorn" giant Army and Air Force maneuver scheduled for the spring of 1952, will test the latest combat doctrines for the employment of air and ground forces.

"Four Army divisions, a large part of the 9th Air Force, and elements of the 18th Air Force will take part in one of the largest field exercises since World War II.

"Headquarters for this exercise will be at Fort Hood, Texas, where Lt. Gen. LeRoy Lutes, Commanding General of the Fourth Army area, will act as maneuver director. His deputy for the exercise will be Maj. Gen. Timberlake of the 9th Air Force. Maj. Gen. Hobart R. Gay, the present deputy commander of the Fourth Army area, will act as Commanding General of the Fourth Field Army.

"In compliance with joint Army and Air Force directives from higher headquarters, Exercise Long Horn will test current combat doctrines of the Army and the Air Force, as well as combat lessons from Korea. Defense on a broad front, the use of an armored division in an offensive situation, and the forcing of a river line will be tested.

"It is planned to transfer an entire infantry division by air

from its home station to the maneuver area.

"Like most large military maneuvers, Exercise Longhorn will involve crossing privately-owned land. In order to deploy the 21st and 47th Infantry Divisions and the 1st Armored Division, plus the 82nd Airborne Division acting as the aggressor, maneuvers of troops in a large area west and northwest of Fort Hood will be required.

"Representatives from the Galveston District Engineer Office will shortly begin securing maneuver rights on land west and northwest of Fort Hood. The cooperation which they receive from land owners will determine whether Exercise "Long Horn" will be a success. The Army Commander has emphasized that maneuver rights only permit passage of troops and equipment and do not constitute steps either for lease or acquisition.

"The Army does not wish to cause hardship or financial loss to anyone in this area. As far as possible, movement during "Long Horn" will be limited to those areas necessary for the realistic play of the exercise. Whenever it is necessary to cross land, every precaution will be made to safeguard crops, buildings, and fences. Any damages incurred will be carefully appraised and claims settled promptly. And if repairs by engineer troops cannot be made, equitable reimbursement after the exercise is assured. The cooperation of property owners will make a material contribution to national defense during Exercise "Long Horn."

Scallorn News

By ORA BLACK

A light drizzle has been falling here for the past 24 hours. It has given us hope that it might turn into rain.

Mrs. Dora Goode of Star: We, like you, wonder how we old timers are to make out when our cars are forbidden to be on the highways. We have contributed to our country's welfare, paid our taxes, shouldered responsibilities and are still on the job. We would give our blood for the wounded and dying in Korea if we were in the age bracket; since we are not it seems we older ones are doomed for the dog house.

Mr. and Mrs. John R. Smoot and son Ronnie from Austin visited with the W. G. Bishops.

After attending the Singing last Tuesday evening in Goldthwaite we went on to Brownwood to visit relatives and be present at the Lyndon Johnson gathering. We were told a total estimate of the crowd gathered for the occasion reached 8,000 and to our guess they were there. In all it was a grand success. Especially did we enjoy the music of the military band from Fort Hood, which rendered several splendid numbers.

Mr. and Mrs. M. C. Bishop went to Lyton Springs to visit with her mother, Mrs. Lon Douglas.

Sunday afternoon Mr. and Mrs. Leon Johnson drove over to San Saba to visit her brother, Fielden Hibbler, and family.

Mr. and Mrs. Silas Burk were in San Saba Sunday, guests of her parents, Mr. and Mrs. Perry. Mr. and Mrs. Dean Burk and family of San Angelo visited over the weekend with his parents, Mr. and Mrs. Silas Burk. They also visited in Pleasant Grove with her parents, Mr. and Mrs. W. B. Wilkey.

Mr. and Mrs. Leon Johnson called Saturday evening with Mr. and Mrs. Bill Bishop.

Mrs. Robert Collins and Juda Beth of Goldthwaite visited Saturday with Mrs. Silas Burk.

Jane Black from Brownwood spent last weekend here with her parents.

Herman Johnson from Tarleton was a weekend guest of his parents and sister, Yvonne.

Mr. and Mrs. Lawrence Weathers of Brownwood were Sunday guests of Mr. and Mrs. Frank Hines. Others who called in the afternoon were the Rev. Pankhurst and family from Brownwood.

Mr. and Mrs. John Kuykendall and grandson, Billie John Eckert, visited last Sunday in Harkneyville with her brother, Jim Burdette and Mrs. Burdette.

J. Hobart Priddy

(Continued From First Page.)

to an editorial on page two of this week's issue in which the honor that has come to Mr. Priddy and his accomplishments are discussed. Also, on page nine of this week's Eagle, there is to be found a detailed tabulation of soil and water conservation practices on Mr. Priddy's own farm. Also on page nine there is a tabulation of achievements in subdivision 3, which Mr. Priddy represents on the Board of Supervisors of the Brown-Mills Soil Conservation District.)

In addition to having his candidacy supported by the bankers of Mills and Brown Counties, Mr. Priddy also has the solid support of his fellow-Supervisors and of the technicians in both the Goldthwaite and Brownwood offices of the United States Soil Conservation Service.

Bloodmobile Unit

(Continued From First Page.)

On December 7, Mr. Smith added, the Bloodmobile unit will be in Goldthwaite from 9:00 a. m., until 3:00 o'clock in the afternoon. There will be no time out for luncheon by the technicians, nurses and volunteer workers. All of those who have been asked to register have been given opportunity to indicate the best time for them to be donors between 9:00 a. m., and 3:00 p. m. Every effort will be made to accept blood donations with a minimum of delay and inconvenience to the donor.

2% Tax Discount

Those fine gentlemen who collect State and County taxes, Sheriff C. F. Stubblefield and his Deputies, Clyde Cockrum and John L. Patterson, reminded everybody this week that the discount during November will be two per cent. That is better than one per cent, which it will be in December.

Mr. and Mrs. O. S. White and daughter, Mary Sue, of Temple, spent the weekend with Misses Abbie and Ruth Ervin.

Mrs. Charles Wright of Mullin was a guest Tuesday of her mother, Ora Black.

Miss Greta Sue Hines was in Goldthwaite last week, a guest of Mrs. Hart.

"Dad" Stucky, father of Mrs. Flo Wilke, is visiting in Arkansas with relatives.

Guests Monday and Tuesday of Mrs. Lora Maund and brothers were Mr. Albert Hereford and Mrs. E. J. Ward of Stephenville and Mr. and Mrs. Evans of Lometa.
