## Election Tuesday To Test Voters' Freedom Beliefs

Mills County citizens will go to the polls next Tuesday to vote on five proposed amendments to the Constitution of the State of Texas—if they cherish their rights as free men and if they meet the obligation of responsibility that goes with freedom.

Amendments that will be submitted on Tuesday to the voters for their approval or rejection would provide:

1 — For a State-wide system for retirement and disability pensions for appointive County officials and employees. (This newspaper OPPOSES this proposed amendment on the grounds that in Texas, County servants now are covered by the Federal Security Act.)

2 — For providing for permanent investment of the University Fund in securities paying a higher rate of return than now is possible. (This newspaper SUPPORTS Amendment 2 in the belief that the University Fund ought to have a higher rate of return on its investments to enable it to help to raise the deplorably low standard of education in Texas.)

3 — For an ad valorem tax to create and establish rural fire prevention districts. (This newspaper OPPOSES this amendment on the grounds that fire prevention problems are being met on a local basis and that bureaucrats long since have passed the point of no-return in saddling taxes on the backs of the people.)

4 — For increasing the Texas fund for the purchase of land to be sold to Texas Veterans of World War II and to Texas Veterans in the armed services. (Continued on Back Page.)

## Big Show Monday Night At Star Gym

In addition to presenting talent from radio station WACO the program will include a search for local talent. Winners of the talent search will be presented on the air from WACO next Thursday night. ## Center City Baptist Church To Be Dedicated On November 18

On Sunday, November 18, the new Baptist Church at Center City will be dedicated, it was announced this week by the Rev. A. A. Carter, who was ordained by the Church in 1910.

Dedication Sunday also will be home-coming day at Center City and all of Mills County is urged to join with the members of the Center City Baptist Church in making November 18 a memorable occasion, Brother Carter said this week.

On Dedication Sunday the Sabbath School will start at 10:00 a. m. At 10:30 a. m. the Pastor, the Rev. Virgil Sparkman, will welcome all of those who will attend. Brother Carter will relate the history of the Center City Baptist Church, which was organized with ten charter members in 1875, and the Rev. J. R. Hickerson, District Missionary, will preach the

## Farmers To Vote Saturday For ACA Representatives

Tomorrow, Saturday, all farmers and ranchers who are eligible as co-operators with the various Department of Agriculture agencies in Mills County will vote for delegates to the Agricultural Conservation Association that will meet in convention in the District Court room of the Mills County Court House at 10:00 a. m., on November 16.

L. F. Bain, Administrative Officer of the Production and Marketing Administration, said this week that on Saturday the polls will be open from 8:00 a. m. until 5:00 p. m., in Mullin, Priddy, Center City and Goldthwaite so that seven delegates may be elected to the November 16 convention. In addition to the delegates, alternates also will be elected on Saturday and the eligible farmer-rancher voters will select three community committee-men.

Those who may vote this Saturday, Mr. Bain said, are those who are eligible for assistance, either financial or technical, under the PMA program, the program of the Soil Conservation Service, or under other Department of Agriculture agencies that are applicable to this County.

On November 16 at the meeting at the Court House the seven delegates who are to be elected this Saturday will select the PMA Mills County Committee for the forthcoming year. The November 16 meeting will be open to the public, Mr. Bain said, but votes may be cast only by the delegates who will be elected this Saturday.

The results of Saturday's election will be published in next week's Eagle. Meanwhile, Mr. Bain urged that all eligible farmers and ranchers vote on Saturday so that the application of federal agricultural programs on a local level may be in the democratic manner—by the participants themselves.

## Weather Report

No rain all week. Two northers, but they went away and left blue skies and slowly rising temperatures. If there is no rain soon, there will be no Christmas, Roy Lee Hill now says.

Registered Delaine sheep that will be presented to winners at the January Show of the Mills County Livestock Raisers Association are being fed by members of the Goldthwaite Chapter of the future Farmers of America, Chapter Advisor Y. B. Johnson, Jr., announced this week.

Three registered Delaine ewe lambs have been presented by Joe LeMay of Center City, Hollis Blackwell of Goldthwaite and David Watters of Pleasant Grove. They will be awarded to any boy or girl in Mills County who takes first, second and third places in the Delaine ewe lamb class at the January Show.

In addition, the FFA members are feeding a registered Delaine ram lamb that has been presented by O. R. Gunn of Scallorn. It will be awarded to the owner of the first place Delaine ram lamb at the January Show.

Vernon Whitley, Bobby Lettetter and Bobby Carr are caring for the sheep between now and the January Show. Feed for them is being provided as a public service by Al T. Langford.

In discussing the advantages of Delaine sheep this week Mr. Johnson said that they are prolific producers, that their wool is highly prized for clothing and that they are admirably suited to grazing and climate conditions in Mills County.

The men who have presented the sheep, the FFA boys who are caring for them with the feed provided by Mr. Langford and the Mills County Livestock Raisers Association are interested in raising the standards of sheep and wool production in Mills County in order to benefit the local economy as a whole, Mr. Johnson said.

## Business Houses Close On Monday To Tribute Vets

Business houses and public offices in Goldthwaite will be closed on Monday of next week in observance of Armistice Day.

A majority of the merchants said they will be closed all day on Monday, as will be the Trent State Bank, the Mills County Court House, the City Utilities office, the Goldthwaite Eagle and the Post Office. Postmaster Lucile Fairman said, however, that while there will be no mail deliveries on rural routes on Monday, incoming mail will be distributed in Goldthwaite and there will be window service from 10:00 o'clock until 11:00 o'clock on Monday morning. Mail will be dispatched from Goldthwaite as usual.

Since the Eagle office will be closed on Monday, persons who submit items for consideration for publication are requested to mail or deliver them as early as possible and not follow the usual practice of waiting until the very last minute.

The Commissioners Court will meet on Tuesday of next week since the Armistice Day observance falls on the usual meeting day for the commissioners.

## Tragedy, Tragedy

Wednesday afternoon the Goldthwaite Volunteer Fire Department hurried pell-mell to the Gordon McWhorter residence, south of town, where a roast was aflame. Imagine even having a roast!

## 158 Blood Donors Register Here As More Are Needed

Responding to the urgent call to replenish the depleted American supplies of whole blood and plasma, 158 persons have registered to be donors when the Floodmobile unit of the American Red Cross comes to Goldthwaite on December 7—the tenth anniversary of Pearl Harbor Day.

Brian Smith, Executive Secretary of the Mills County Chapter of the American Red Cross, this week expressed hope that many more donors will register each week between now and the anniversary of the "day that will live in infamy."

Red Cross Recruitment workers will meet at 9:00 o'clock on the morning of November 20 at the Commissioners Court Room at the Mills County Court House to complete plans for blood donations on December 7 with Bill Reeves, field representative of the North Texas National Defense Center of the American Red Cross, Mr. Smith said. He urged that all of those who have been working with Mrs. A. L. Whitaker, Mrs. T. C. Graves and Mrs. John G. Berry in the blood donor recruitment program make plans to attend the November 20 meeting.

As part of the national effort to replenish depleted stocks in blood banks, an appeal will be made for blood donors on NBC radio programs at 7:00 o'clock next Sunday night. There will be a similar NBC program at 4:30 o'clock next Sunday afternoon and on Thursday of next week CBS radio stations will appeal for blood donors all day and until midnight.

Also as part of the program to recruit donors on a local level, Mr. Smith this week distributed eye-catching posters that emphasized the urgent need of the American armed forces for whole blood and plasma. On December 7 the Floodmobile unit will be established in the administrative section of the First Baptist Church in Goldthwaite.

## LLANO TUSSLE FRIDAY MARKS DAD'S NIGHT AT EAGLE FIELD

There will be a big time at Eagle Field in Goldthwaite tonight, Friday, when the Llano Yellow Jackets come to play the G.H.S. Eagles and when the fans—who ought to number a

bers. Details were worked out at a meeting of the QB Club last Monday night.

"Every boy in the Goldthwaite gridiron squad will be in a football suit," Coach Carl Knox said.

On the field there will be chairs for the fathers of Eagles and Eaglets and on the back of each father's chair will be the number worn by his son on his uniform. Every effort will be made to have the Dads out but if any father should be unable to attend, his place will be taken by a man named as alternate by the boy.

Appropriate recognition of Dad's Night will be made over the public address system—in all probability by Announcer Y. B. Johnson, Jr.

As for the opposition, Llano is leading in conference play in District 23-A. Llano has won from Mason and Marble Falls in Conference games. Assistant Coach Jack Locklear, who watched Llano play Marble Falls and win 20-0 last Friday night, said the invaders have a scrappy team. Llano, however, is not as good as the Yellow Jackets looked against Marble Falls, Mr. Locklear said. He added that Llano romped over the Mustangs only after Marble Falls had lost a key player.

Last Friday night the Eagles lost to the Burnet Bulldogs. The score was 31-0. An account of the game by R. C. McCollum appears on another page of this week's Eagle. Mr. McCollum's article tells of a rapidly rising Goldthwaite football star—Ray Campbell Hudson.

On Thursday night of this week the Eaglets, the Goldthwaite Junior football players, were scheduled to play the Llano Juniors at Llano.

Mr. Gilliam, speaking in behalf of the Quarterback Club, urged a big turnout at Eagle Field Friday night for the final game of the year. The Band Mothers will be there with their Concession Stand and will see to it that everybody will have plenty to eat and drink. Proceeds from the Concession Stand will be used to buy instruments for the Goldthwaite Schools Band.

## Appeal Bond Filed

A. L. Reese, plaintiff, this week filed with District Court Clerk Earl Summy an appeal bond in the Reese case for injunctive relief against the pollution of Bulls Creek by the sewerage disposal plant of the City of Goldthwaite. A petition for an injunction by Mr. Reese recently was denied by District Judge Wesley Dice.

## Lieut. L. A. "Dickie" Sparkman Sails For Korea After Furlough

First Lieutenant L. A. "Dickie" Sparkman, formerly of the staff of the Goldthwaite Post Office, is spending a furlough at home in Mills County pre-

Formerly commanding officer of the Army's organized reserve unit in Mills County, Lieut. Sparkman was recalled to active duty last May 9. Since then he has had an administrative post at Fort Campbell, where Mrs. Sparkman and Ricky and Danna were able to be with him.

On December 10 Lieut. Sparkman will report to Camp Stoneman, near San Francisco. Then, in accordance with his orders, he will embark for the Army's Replacement Depot at Yokohama, Japan. From Yokohama, his assignment most likely will be Korea.

During his furlough, Lieut. Sparkman plans to go with his family to Blanco to see Mrs. Sparkman's mother, Mrs. L. J. Konze, who has been ill of a heart ailment for some time.

Now that Lieut. Sparkman is on furlough and there are no Generals or active duty Colonels around, he says that his "boss" is two-year-old Danna. One of his first visits after he came home from Fort Campbell was to the Goldthwaite Post Office, where he chatted with his former colleagues—but through the windows, just like any other patron.

With Mrs. Sparkman and their children, Rickey, 4, and Danna, 2, Lieut. Sparkman is staying with his parents, the Rev. and Mrs. L. C. Sparkman of Rt. 3, Goldthwaite. He got home from Fort Campbell, Ky., in time to celebrate his birthday anniversary with his family last Sunday.

## Charles D. Utzman At Benning OCS

Sgt. Charles D. Utzman, son of Mr. and Mrs. A. H. Utzman of Mullin, now is stationed at Fort Benning, Ga., where he has entered the Officer Candidate School. Recently he completed a leadership course at the Indiantown Gap Military Reservation in Pennsylvania. Sgt. Utzman previously served with the 11th Airborne Division at Fort Campbell, Ky. Before going to Fort Benning he spent a furlough with his family and friends in Mills County.

## Babenhausen Gab

Proving that military rank has nothing to do with home ties and friendship, Major M. Allan Campbell of Goldthwaite just the other day draped himself into a motor vehicle at Wiesbaden, Germany, and drove over to pay a call on Pfc. Edgar "Dit Dah Boy" Leonard at Babenhausen—also in Germany. At Wiesbaden Major Campbell commands the 517th Air Police Squadron. After a good chin-wag with the prospective composer of the "Dit Dah Poogie" Major Campbell drove back to Wiesbaden from Babenhausen, got out his binoculars and began peering into the horizon in hope of seeing a steamship carrying his family.

PARENT FAILURES IN MILLS COUNTY By H. R. EKINS

There are some very rude and ill-mannered children in Mills County.

There are some very ungrateful children in Mills County.

We have ill-mannered and ungrateful children because their parents have failed to teach them either their manners or gratitude.

I can write on this subject because on Hallowe'en last week nothing out of order happened either at my home or at my office.

But elsewhere in Goldthwaite there were some actions by children that showed how much their parents had failed in teaching just the ordinary, decent amenities of civilized, human life.

When I went to work on Thursday morning of last week I noted that some of the windows that had been soaped most heavily by young scamps and vandals were the windows of business houses that are operated by men who constantly give a great deal of themselves and of their time in behalf of the best interests of our youngsters.

I believe in naming names. The business establishment of Joe Bailey Karnes was heavily soaped last Thursday morning. As I looked at the windows of Mr. Karnes' business establishment, I remembered how, every year, he leads an effort to raise funds for the Boy Scouts of America. I was ashamed that so little gratitude had been shown on Hallowe'en to Mr. Karnes.

As I went to work on Thursday morning of last week I noted that vandals had stolen the sign that reserved a parking space for Sheriff C. F. Stubblefield on the Trent State Bank corner. I remembered how many patient hours Sheriff Stubblefield had worked in an effort to keep youngsters out of serious trouble, how he had reasoned with them, how he had befriended many a youngster who otherwise would have been hard put to find any friends worthy of the name. Last Thursday morning I thought that Sheriff Stubblefield deserved better than the ingratitude that had been shown to him.

As I went to work last Thursday morning I noted that the children of parents who had failed had not remembered how much Bob Steen has done, year-in and year-out, for the youth of Mills County. I realized that there were among us some parents who had neglected to tell their children of how much of a friend Bob Steen has been to youth.

When I drove past Howard Campbell's place of business and when I saw the heavy soaping on his windows, I remembered that Mr. Campbell is a member of the committee that sponsors a Boy Scout Troop in Goldthwaite. I remembered how hard he has worked behind the scenes on P.-T. A. functions and in other areas of community service.

I could go on and name other names, not only of men to whom ingratitude was shown, but of young vandals and of sick people who had to endure having, the careless, thoughtless firing of firecrackers under their windows and on their porches. But I think I have made my point. I repeat: We have ill-mannered and ungrateful children because we have parents who have failed.

It happens that I know a great many young persons in Mills County. Most of them are wonderful. In this newspaper I give more space to the news of youngsters than I do to the news of adults because, as I have written here before, "we walk into the future on the feet of our children." In many areas of activity, more promising and constructive work is being done by our children than by anybody else in Mills County.

I decided that I would write this editorial and sign my name to it because it ought to be made clear that most of our children suffered in the minds of many adults because of the bad antics of a few. That is not fair; we ought to keep in mind that a small minority can bring blame on the innocent.

I think that we ought also to keep in mind that the scamps who were rude, ill-mannered, destructive and ungrateful on Hallowe'en were the products of life as it is lived in their own homes. Responsibility for bad manners and disregard of property rights last Hallowe'en in Goldthwaite rests, in the first place, on the parents who had not taught their children to be better or who had not set examples of decency, courtesy, and respect for the rights of others.

Parents who fail harm the community and they make certain that life for their children will be tougher as they grow older and when they are on their own.

I like a good argument with somebody on the other side of the fence who knows what he is talking about. That way I can learn something that I might not have known. But about the only argument that I have been able to get is that Mr. Hoover, a Republican President, wouldn't do a thing to help the country after the crash in 1929. I then ask, "Who could have passed the laws and measures to help this country get back on its feet?" They say, "Why, Congress, of course."

Well, that ruins the argument right there because Mr. Hoover had a Democratic Congress during the last two years that he was in office. They did nothing but sit on their hands until a Democrat was elected as President. At that time the President did not have nearly the power that a President has today. Without the support of Congress, Mr. Hoover could do little. Most people don't know or don't remember that fact. The only argument that I could get from one man on the subject as to why he did not like Mr. Hoover was this: "Hoover told the people to eat cornbread when there was plenty of light-bread." I guess that's a pretty good argument if you don't like cornbread.

Mr. L. G. Britton of Mullin was robbed of \$116 last Saturday either in Temple or on the train between that city and his home. He was on his return from the Indian Territory where he had carried some horses, and had \$116 in his pocket when he arrived in Temple. After reaching Temple he did not again investigate to see if his money was intact until he reached home where he discovered the loss.

Wednesday night shortly after 8 o'clock the cotton on the railroad platform north of the depot was discovered to be on fire. The alarm was given and the people of the town responded quickly and the burning cotton was soon thrown from the platform and by hard work the fire was extinguished. Although several hundred bales were on the platform, only nineteen bales were damaged by the fire and the loss will not exceed \$250. The cotton was in the possession of the Santa Fe railroad company and it is probable that it was insured by the company.

W. E. Miller of San Antonio is in the city prospecting with a view to co-operating with some of the local capitalists in establishing a National bank here. We are informed that the prospects for the organization of the bank are very good, in fact, it is almost positively known that the bank will be opened.

J. M. Head, formerly of this county but now of Sweetwater, was here the first of the week meeting with his friends. Mr. Head has greatly improved in health and we now have strong hopes of his complete restoration to health. He left Thursday night for a visit to Lampasas and may spend the winter at that place.

LETTER TO THE EDITOR

Dear Editor:

Well, the ball is slowly starting to roll on the 1952 presidential election. Since I became Mills County Chairman of Texas Republicans for Eisenhower for President, I have talked to many of the people of this County. Most of them seem to be undecided as to just which man or what party will get their votes, but almost everyone agrees that some kind of change is badly needed. For people to be undecided at this time is a good sign that they are thinking and not just following a party line merely because they have always followed it.

It is human nature for people to follow a set pattern, because that is the easiest way. It requires very little heavy thinking or argument. I believe that this time people are going to want to know what has been happening to their government during the past few years. They will want to vote for a party that will benefit the nation as a whole for the next four years after 1952.

It is downright bad for the federal government to come into our State and tell us that we have to hire a negro or let them into our schools and to mix with us whether we want to or not. I have nothing against any race of people, but the principle involved is a little too rough to swallow.

When Texas joined the Union it was stated in the contract that the tidelands were to be retained by Texas. The present administration threw the contract out the window by going to the Supreme Court which has on it only Justices appointed by the administration. They got our little treaty ruled out. If they can do that, there is little else that they can't do. This kind of action is just like a cancer. Let it go on unchecked and it will slowly but surely take away our freedom. It is hard to realize that such a thing could happen here, but it has already started. If people will just read, listen and THINK about what has happened in the past few years, they can't help making some kind of change to stop this mess.

Enland, after six years of socialist rule, has finally awakened to the fact that the freedom of the British people was going fast. They did something about it. I hope that we are finally waking up.

I like a good argument with somebody on the other side of the fence who knows what he is talking about. That way I can learn something that I might not have known. The Eagle's Ac

By The Editor

Since the space on this page that we usually devote to a Guest Editorial has been given to a signed letter by Lyman H. Saylor, Mills County Chairman of Texas Republicans for Eisenhower for President, the editor is using The Eagle's Acry for an article from The Southern Weekly on the "Responsibility Facing Southern Leaders." The article takes the position that to put the national Democratic nominee on the Democratic ticket in the South is to perpetrate a fraud. Southern leaders must take steps to stop the socialistic trend in the United States. The Southern Weekly says. Its important article follows in full below:

A majority of the voters in seven Southern States voted against President Truman in 1948. In four of them—Alabama, Louisiana, Mississippi, and South Carolina—he was not on the State Democratic ticket and the electoral votes went to Thurmond and Wright. In the other three—Florida, Tennessee, and Virginia—Truman obtained a plurality because the opposition was divided between two tickets.

In the other four States of the Solid South—Arkansas, Georgia, North Carolina, and Texas—the three major tickets together polled a total of 2,583,422 votes, of which Truman received 1,614,066 and the Republican and States' Rights tickets together received 969,356. Truman's clear majority over both opposition tickets in these four States was 644,710. But Texas alone provided 362,351 votes of that majority, or more than 56 per cent of it. Truman's vote in Texas was more than twice that of the two opposing tickets.

To anyone not familiar with the voting habits of the people of the South, this contrast between the two groups of Southern States would indicate that Truman was extremely popular in the latter group and unpopular in the other group.

But this is not necessarily true. The fact is that in four of the States of the first group the large anti-Truman vote is explained by the circumstance that his name was not on the Democratic ticket in those States. The bulk of the voters of those States simply voted the Democratic ticket as usual, just as they did in Arkansas, Georgia, North Carolina, and Texas, in which States Truman's name was on the Democratic ticket. The States in which the degree of his unpopularity is reflected in the election returns were Florida, Tennessee, and Virginia, for a majority of the voters in those States voted against him in spite of the fact that his name was on the Democratic ticket.

This is a peculiarity of the Southern voters which must be taken into account in undertaking to appraise the outlook in the South for 1952. If there is a revolt of all eleven of the Southern States in the Democratic National Convention, and if the name of the nominee for President of that convention is excluded from the Democratic ticket in those States, all of them will vote against the nominee of the national convention, just as Alabama, Louisiana, Mississippi, and South Carolina did in 1948. But if the name of the nominee of the national convention is on the Democratic ticket in any of those States,

## Stubblefield To Address A. Next Wednesday Afternoon

Sheriff C. F. Stubblefield, who devotes a great deal of thought and time to constructive work with youth as part of his official duties, will be the principal speaker at a meeting of the Goldthwaite Parent - Teacher

C. F. STUBBLEFIELD

Association on Wednesday afternoon of next week.

With Mrs. V. A. Hudson as the program leader, the meeting will start at 3:30 o'clock next Wednesday afternoon and will be held in the Grammar School Auditorium.

"Who Bends the Twig?" and "Freedom Through Discipline," will be the topics of the meeting. Both of them are regarded by P.-T. A. officers and members as most appropriate to a program that is to have Sheriff Stubblefield as the speaker. The prayer for the meeting will be by Mrs. Sparks Bigham. In addition to the planned program and the transaction of business under the leadership of Mrs. Jim Weatherby, President, there will be singing by the assembled members.

Since his election as chief law enforcement officer in Mills County, Sheriff Stubblefield has followed a policy of guiding youth through friendship and understanding without sacrificing the necessity of respect for law. Mrs. M. F. Horton, P.-T. A. Reporter, said that the Sheriff will have a message of importance to all parents next Wednesday afternoon at the Grammar School auditorium.

## Paintings Shown At Gathering Of Art, Civic Club

A program on art that was appropriate because the first week of November was observed as American Art Week was presented on Thursday afternoon of last week by Mrs. H. E. Patton before the members and guests of the Goldthwaite Art and Civic Club at the Jennie Trent Dew Library.

Following her introduction by Mrs. George Gilbert, program leader for the afternoon, Mrs. Patton gave a biographical sketch of the life of Rembrandt and told the stories behind some of his paintings — which she exhibited as miniature prints from the Metropolitan Museum of Art in New York.

Mrs. Patton also discussed briefly the life of Leonardo da Vinci and his painting of The Lord's Supper. She also drew attention to several books on art that are to be found on the shelves in the Jennie Trent Dew Library. One is "Christ and the Fine Arts," a volume that was presented in memory of the late Mrs. R. E. Clements.

For the meeting of last Thursday afternoon paintings by Mrs. R. S. Mote, one of the Club members, were on exhibit at the Library. Some were landscapes and one was a still life.

Considerable interest was attracted by a painting by Bill Saylor, nephew of J. H. Saylor, that was exhibited at the meeting by Mrs. J. H. Saylor. The picture, painted of a girl, has been widely exhibited and has won awards for its fidelity to the model. Mr. Saylor has a growing reputation as an artist. Hostesses for the meeting were Mrs. Ray Standley and Mrs. Dale McCasland.

## No Color Magic Due To Northers

Plans for the autumn flower show of the Goldthwaite Garden Club, that had been planned for today, Friday, were cancelled this week after two unusually early northers hit Mills County with devastating effect on vegetation. "Color Magic" was to have been the theme of the show but color vanished in the icy fingers of cold.

## Story Telling Hour Has Record Player

Addition of a record player has increased interest in the Story Telling Hour that is held regularly on Tuesday of each week at the Jennie Trent Dew Library under the auspices of the Goldthwaite Art and Civic Club. The Story Telling Hour is conducted every Tuesday afternoon from 2:30 to 3:30 o'clock. Mrs. George Gilbert, Reporter for the Art and Civic Club, said that records of interest to children between the ages of three and six will be welcomed for the Story Telling Hour. All mothers, who are invited to take their pre-school children to the Story Telling Hours, were assured by Mrs. Gilbert that the Library will be kept adequately warm all winter.

## Miss Lois Dee Eiland Becomes Bride Of Charles Edward Welch

MRS. CHARLES EDWARD WELCH

In a double-ring ceremony solemnized Saturday, October 27, in the Calvary Baptist Church of Midland, Miss Lois Dee Eiland became the bride of Charles Edward Welch. The Rev. A. L. Teaff, Pastor, officiated.

The bride is the daughter of Mr. and Mrs. Troy Eiland of Pyote, and the groom is the son of Mr. and Mrs. Harry Welch of Goldthwaite.

The church was decorated with three baskets of white gladioluses, asters, chrysanthemums and greenery flanked with candles.

Mrs. C. R. Welch, organist, played traditional wedding music and accompanied Mrs. James B. Williams who sang "Through the Years" and "Because".

Troyce Eiland, sister of the bride, was the maid of honor. Bridesmaids were Janetha Welch of Goldthwaite, sister of the bridegroom, and Mildred Rogge of Sweetwater. C. R. Welch, cousin of the bridegroom, was the best man.

Ushers were Bethel Eiland of Pyote and Pvt. Carlos Welch of Fort Hood. Candles were lighted by the bridesmaids.

The bride, given in marriage by her father, chose a white weighted taffeta gown with satin applique design on the skirt and cathedral length train. The yoke was nylon net, and the sleeves extended to points over the hands. She carried a bouquet of white roses and stephanotis on a white Bible.

The maid of honor wore a yellow taffeta gown with a rounded yoke of net outlined in a net ruffle. She wore yellow taffeta mitts and carried a colonial bouquet of blue carnations.

## Miss Nelda Ruth Hodges Honored At Tea At Stubblefield Residence

Named honoree at a gift tea Friday was Miss Nelda Ruth Hodges, bride-elect of Charles Willingham of Corsicana, whose wedding will be solemnized in the Church of Christ here, Saturday, November 17.

The tea was in the home of Mrs. C. F. Stubblefield, and hostesses were Mesdames Stubblefield, Allen Hardgrave, Willis Hill, and Tommy Harper.

Receiving the guests were Mrs. Stubblefield, Miss Hodges, Mrs. Arch Hodges, mother of the bride-elect, Mrs. Paul Mayr, sister of the bride-elect of Georgetown, and Mrs. Tom Womack, Sonora.

The tea table was laid with an Irish linen, cutwork cloth

and held a centerpiece of yellow chrysanthemums, arranged in a crystal bowl and tied with green satin streamers, bearing the names "Nelda and Charles, November 17." The bride-elect's colors were further emphasized in the white organdy umbrella, tied with green and yellow streamers, placed in the gift room. Yellow flowers were used throughout the party rooms.

Lime float was served by Mrs. Tommy Harper, and cake squares, topped with yellow and green flowers, were served by Mrs. Allen Hardgrave. Assisting in the dining room were Miss Ann Dellis and Miss Dorothy Thomas. Mrs. Hill presided.

We had all kinds of weather during last week. On Thursday night rain, accompanied by wind, measured 1/2 of an inch. Walter Marwitz reported 1 1/4 inch of rain at Priddy. Mr. Marwitz stated that the rain fell west and north of Priddy was much heavier.

After talking with Mr. and Mrs. Rynard Waggoner, we learned that the Waggoner rain gauge measured 1 1/2 inch.

A. L. Crawford reported 1/2 inch of rain.

O. A. Evans said he didn't know how much it rained, for when he went to see he found the gauge full of dust and insects.

We were surprised when we awoke Friday morning and found sleet and snow. It was 5 degrees below freezing Saturday.

Old Man Winter didn't find much. He got what little garden and fall feed we had left. We have some cotton to pick and a little corn to gather in.

Alvin G. Tiemann said he surely did hope that he had finished picking his part of the cotton for this year.

At this writing, the weather man has given us promise for more cold and stormy weather.

Most everybody attended the Halloween carnival and School Play at the Priddy School Gymnasium Wednesday night. There was a generous public support to the carnival. We think both the old and young had a lot of fun.

W. L. Conner reports that his mother is some better. She is very weak and feeble at present.

Mr. and Mrs. Bill Partin, Tommy and Jimmy, Mr. and Mrs. Cecil Partin, and Mr. and Mrs. C. G. Partin went to Calf Creek Sunday to spend the day with Mr. and Mrs. Tom Partin and Grandmother Partin.

## GHS Eagles Lose To Burnet 31-0 But Show Talent

By R. C. McCOLLUM

Playing against the Bulldogs at Burnet last Friday night the Goldthwaite High School Eagles lost a football game but Coach Carl Knox was cheered by outstanding performances by some of the Eagles against heavy

GARY HEAD

odds. The score of the game was Burnet 31, Goldthwaite 0.

At Burnet, the Eagles played without Dick Lindsay, who was suffering from a hip injury, and without Bobby Carr and Jimmy Don Elliott, both of whom were suffering from back injuries.

"With Dick Lindsay out of the game, Bobby Letbetter went into the left halfback's slot and gave a fine account of himself," Coach Knox said. "With Letbetter in the back-

field, I played Ray Campbell Hudson as a defensive end and as an offensive guard and his performance was outstanding. In fact, he was wonderful."

Until this season, Ray Campbell Hudson had played with the Eagles, the Goldthwaite Junior Football Team. He was a full-fledged "varsity" player against Burnet for the first time.

Also outstanding against Burnet was Gary Head, who played a good end position, blocked well and covered his territory in such fine fashion that the Bulldogs put two blockers on him. The Burnet game added up to the fact that the Eagles played their hearts out but old Lady Luck seemed to be against them. Nevertheless, and in addition to what has been written in the paragraphs above, there were the usual fine performances by John Gilliam, Vernon Whitley, Joe Hammond, James Partridge, Hobson Miller, Joe Hodges and John Dean Stark.

As for the game itself, the statistics tell the story. Here they are:

### GAME AT A GLANCE

## Kelly Does It Again -- Becomes Father At Eagle's Press Time!!

### Gene Long Sails For Korea After Acquiring Bride

Edward Eugene "Gene" Long, son of Mr. and Mrs. Lee Long of Goldthwaite, sailed on Monday of this week for return duty

GENE LONG

in Korea aboard the U.S.S. St. Paul. This time Gene did not sail as the dashing, handsome bachelor because, on Friday of last week, he was married to Mary Lou Baumgard of Long Beach, Cal.

Perhaps that last bit of intelligence comes with surprising suddenness but the information has to be conveyed in an abrupt, newsy manner because, when she finds out what the bride wore and all the rest of it, our Miss Earlene Nix will want some space on page 3 of the Eagle. This is NOT one of those page 3 stories—it aims only to state the simple fact that Gene Long was married last Friday and then sailed last Monday for Far Eastern waters aboard the gallant cruiser St. Paul.

Gene's brother Bill, pretending like an expert, said the new Mrs. Gene Long is okay and a nice girl. He talked to her by

visitors to the Eagle office on Friday and Saturday of last week were obviously bewildered when they found the Misses Ruth Ervin and Earlene Nix passing out cigars. Compounded bewilderment was averted only when Chester Edward Brooks had the presence of mind to place on the cigar box a sign which read:

"IT'S A GIRL!!! COURTESY OF ARNOLD K. KELLY."

That was how come the cigars, Carolyn Kay Kelly, seven pounds and one ounce, was born to Mr. and Mrs. Kelly at the San Saba Memorial Hospital at 9:15 o'clock on Thursday morning of last week, thereby leaving the other members of the staff to get out the Eagle without any assistance from Arnold Kelly. In fact, he delayed publication somewhat with a COLLECT telephone call in which he announced the arrival of Carolyn Kay and in

telephone, Bill said, and that was all the research he needed. Mommie Lucille Long apparently approves, too, because she is getting that information needed by our Miss Nix for page 3. Daddy Lee just kept on selling away at the Southside Grocery.

(Editorially, it feels fine to print a photograph of the groom in a wedding story, leaving the bride completely out of the graphic arts department. That rarely happens to grooms, Gene. In fact, this may be the first time.)

### Nelda's Party

(Continued From Page 3)

sided in the gift room, and guests were directed to the gift room by Miss Wanda Kelly. Presiding at the bride's book was Miss Nelda Jones.

Younger members of the house party, dressed in pastel formal dresses, said good-byes to the forty guests who called between the appointed hours of 3 to 6 o'clock.

which he added that he had been up all night. Mr. Kelly did not say so but it is to be presumed that Mrs. Kelly had been up all night too.

On July 21, 1948, which was a Wednesday, Mr. and Mrs. Kelly snafued the Eagle the same way. Please, Mrs. Kelly, remember that Wednesday is just as bad as Thursday and Thursday is just as bad as Wednesday from the point of view of a weekly newspaper and even when it comes to adding to the population of Mills County.

Nobody at the Eagle was surprised about what happened last Thursday. That was because Tooter Kelly, now 3, had been in to tell the staff that he had a sister on the way. Right he was, as it turned out. Tooter was asked to tell his mother that Sunday would be the best day to have a sister for Tooter, but apparently the young man forgot to deliver the message.

Carolyn Kay's paternal grandparents are Mr. and Mrs. L. O. Kelly of Pleasant Grove and her maternal grandparents are Mr. and Mrs. Walter Covington

of Lometa.

Mrs. Kelly and Carolyn Kay returned to their home in Goldthwaite last Saturday morning. Every morning since then, Papa Kelly has looked a little sleepier than usual.

If anybody is interested, Mr. Kelly has a new idea for post-natal showers. He was asked what Valle would welcome as the best and most useful gift for Carolyn Kay.

"A pair of shoes, size 8 1/2-B," Mr. Kelly replied. Shoes of that fit would be for Papa Kelly. You know how it is these days, what with inflation, soaring taxes and two children.

Some day Carolyn Kay should be told that when the news of her advent arrived, Joe W. Baldwin tried to stop the press and have about 1,200 Eagles destroyed. He wanted to start all over again so that this story could have been in last week's Eagle. Mechanical Superintendent Roy Lee Hill would have no part of any such idea.

A full day of activities starting with breakfast and including dedication of new buildings will be climaxed by the Tarleton-San Angelo Junior College football game.

That game marked the season's second victory for the Priddy girls, who are coached by School Superintendent T. M. Cash. Mary Dean Kirsche reported with regret that on Thursday night of last week Star boys won from the Priddy boys by a narrow score of 18 to 17.

On Tuesday night of next week the Priddy boys and girls will play basketball against Mullin and then, on Thursday night of next week, the Priddy teams will play Mullin at Mullin. The Mullin boys are coached by Johnnie Smith while School Superintendent H. Howard Homsley coaches the Mullin girls.

### Mullin Football Players Elect, Crown Barbara Homsley As Queen

Miss Barbara Homsley, daughter of Superintendent and Mrs. H. Howard Homsley, was crowned "Queen" of the Mullin Bulldogs at halftime in last Friday night's six-man football game between Mullin and Sidney at Mullin.

While the pretty and precise Mullin Pep Squad was saluting the Sidney fans, Bobby Woods and Alvin Bramlett, Co-Captains of the Bulldogs, rushed into the cloud of purple and gold femininity. They were towing a small, decorated wagon. When Captains Bramlett and Woods got back to mid-field they had "Queen" Bar-

bara in the wagon and she was duly crowned as a big surprise. Miss Homsley had been elected by secret ballot by members of the Mullin football squad only last Friday morning.

The game, the last of the season on the Mullin football schedule, was won by Sidney by a score of 28 to 8. Basketball now is the sports rage in Mullin, as is told in another story elsewhere in this week's Eagle.

### Goldthwaite Lions View Korea Movie

Members of the Goldthwaite Lions Club had a safe and long-distance view of what American fighting men are enduring in Korea when, at a meeting on Tuesday night at the Hangar, they viewed a motion picture film entitled, "The Retreat From Chosin to Hungnam." Lion: President Roy Duren said the film, most of which was made last December 24, gave a vivid picture of the struggle between Red Communism and the embattled forces of freedom. The Lions also transacted routine business — and planned a big SURPRISE.

Mr. and Mrs. Melvin Murphy and children of Lometa visited her parents, Mr. and Mrs. A. L. French, Sunday.

## JOE LEMAY'S SHEEP DOGS, TIP AND MIDGE, SHOW THEY CAN OUT-PERFORM HUMAN BEINGS

With Y. B. Johnson, Jr., providing transportation and serving as guide and high counselor, this reporter went out the other day to the Joe LeMay place, south of Center City, to interview a dog. We wound up by interviewing seven dogs, to say nothing of Mr. and Mrs. LeMay.

Anybody who knows anything about the improvement of livestock standards in Texas knows that Mr. LeMay, through his interest in and work with DeLaine sheep, has been rendering important service to his fellowmen for a number of years. But in addition to being responsible for vastly better sheep on many a ranch, Mr. LeMay also has provided many a rancher with a good Collie or sheep dog. Since it happens that so often dogs are smarter than people, Mr. Johnson and this reporter went out to the LeMay place last Friday afternoon to interview a justly-renowned Collie named Tip.

It turned out that Tip has a wife named Midge and that they are the proud parents of five alert puppies. The puppies now are five weeks old and they are ready to go out onto ranches where, as they grow older, they will be able to do with sheep many things that men cannot do. Before telling about Tip, Midge and their puppies, here are a few pertinent facts for readers who may not have been properly initiated:

1— The above-mentioned Y.

B. Johnson, Jr., is teacher of Vocational Agriculture at the Goldthwaite High School. He is a sheep rancher himself. He is a good guide, once he decides where he is going. In the case of last Friday he drove to the LeMay place all right but for a while he was trying to find Mr. and Mrs. LeMay at the wrong house.

2— The LeMays are from Coleman County, where they own and operate a sheep ranch in addition to the property they lease and operate south of Center City. Mrs. LeMay is a collector of Indian arrowheads and other artifacts which she mounts on boards covered with crimson cloth. She spends a great deal of time collecting artifacts, possibly because Mr. LeMay will not allow her to work the sheep dogs. "She talks to them too much," Mr. LeMay explained.

3— Tip, who was bred by Louie Ragland at Junction, was born on September 22, 1946. A medium-coated and medium-sized Collie, he is registered with the North American Sheep Dog Society. In addition to his pedigree, he is certified by the North American Sheep Dog Society as a "pure-bred, registered working Collie that has been developed and trained and can accomplish the work defined and required by this Society to establish proven working ability."

4— Midge is a year or more younger than Tip and her pedi-

gree is just fine. She came from Kerrville. Midge's father was not certified as a worker but that lack on the part of her old man does not bother her a bit.

(This story is getting harder and harder to write because three hours after this reporter said good bye to Tip and Midge and their puppies last Friday his own dearly-loved little dog was run over and killed by a speeding driver on Fisher Street who didn't even stop to see if he might have helped the good little pooch he had hit.)

As for Tip, Mr. LeMay has had him since he was a puppy. That dog holds many honors. He won first place in range dog trials at Kerrville in 1949 and he won high places in 1948 and again last year.

As for last Friday, both Tip and Midge proudly showed their puppies to Mr. LeMay, Mr. Johnson and this reporter and then, without having anybody tell them what was up, they scampered out to the new LeMay pickup, jumped aboard, and settled back for the ride to the pasture. Despite her recent motherhood, Midge was the first to work.

Off in a clump of trees a considerable distance from the road, there were 25 or 30 sheep. Mr. LeMay told Midge to get the sheep and bring them to him. She did. Mr. LeMay, who never speaks above a low, soft conversational tone, works with his dogs and they work with him.

Sometimes Mr. LeMay uses hand signals. He uses one tone of whistle through his teeth which means "go," and he uses another whistle tone which means "stop." Even when his working dog is far from him, the animal hears Mr. Lemay when he says such words as "walk up," "easy," "steady," "go around," and so on. At times Mr. LeMay, when working a dog, sounds a little like a Chinese. He will hiss what sounds like "hshee hshee hshee" and at once the dog will stop, slow down or sit.

The remarkable thing about

— VOTE NOVEMBER 13!

dogs like Tip and Midge is the obvious effort they make to do what a human man wants them to do. All the time when Tip and Midge were circling sheep last Friday afternoon, whichever dog was working would keep an eye on both Mr. LeMay and the sheep.

First the dog would find the sheep. Then after the circling dog had bunched the sheep, the whole outfit would trot up to Mr. LeMay and stand quietly while he examined them for worms.

"With dogs like Tip and Midge a man never has to pen sheep," Mr. Johnson remarked.

Mr. LeMay could signal his dogs to bring the sheep to him or, as he did once, he showed how Tip could take a whole bunch of sheep from one pasture, put them through a gate and into another lot. Whatever the dogs did at Mr. LeMay's bidding, they enjoyed it.

"They are born with their knowledge but they should work under human supervision," Mr. LeMay said. "A man training and developing a dog has only to teach the Collies to recognize signals, whether they are motions, words or whistle tones."

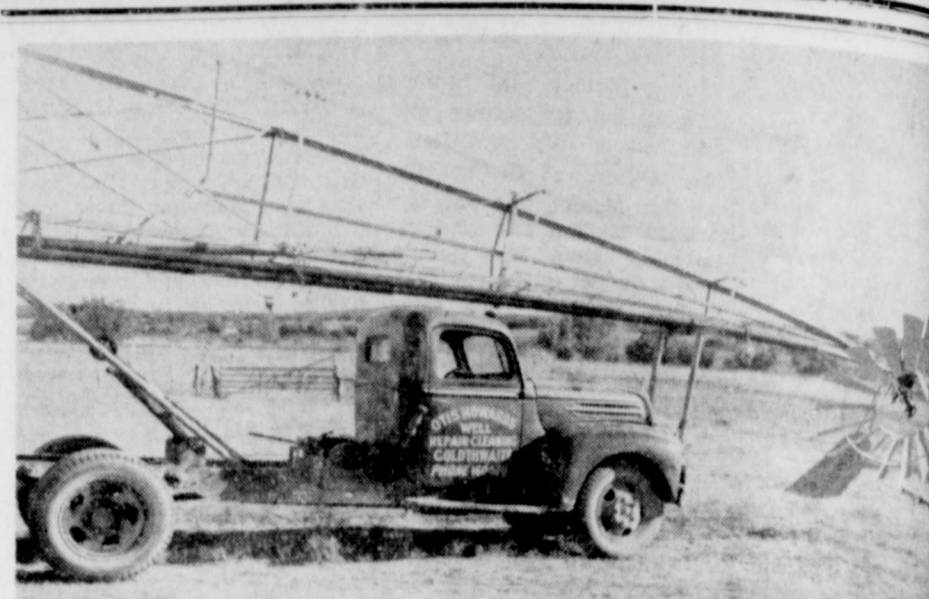

As a rule, Mr. LeMay said, sheep dogs will not work for other men so long as their owner is around. That is because of the intent way in which they watch the master.

There are many intelligent sheep dogs in Texas. They are helpful to men and accordingly are valuable. Dogs such as Tip or Midge are worth from \$250.00 and up. After this reporter heard that, he gave up any idea of asking about the price tag on Tip's and Midge's puppies.

In Mills County, Sig Jernigan has one of Midge's daughters. Down in San Saba there is an eminent sheep dog man named Raleigh Reese and he and Mr. LeMay often get together to work their dogs. A great sheep dog man is Otto Fisher of Junction. He is a brother of our own Congressman O. C. Fisher.

Mr. Lemay hopes that one of these days there can be an exhibition of sheep dogs at work at the Jernigan arena. Then everybody will have an opportunity to see for himself that

### Baptist WMU To Hold Convention At Eden Friday

The 42nd annual meeting of district 16 of the Women's Missionary Union will be held today, Friday, at the First Baptist Church in Eden.

Mrs. Henry C. Garber, wife of the Pastor of the Mullin Baptist Church, said that Mills County ladies are invited to attend the sessions, which will start at 9:30 a. m. and which will continue throughout the afternoon.

Mrs. Garber, who also is Young Peoples Secretary of district 16, which includes nine associations, will speak on her work. Also appearing on the program will be Mrs. W. G. Fishop of Scallorn and Mrs. J. T. Ayers, wife of the the Pastor of the First Baptist Church in Goldthwaite.

In announcing plans for the convention Mrs. Garber said that an interesting program has been arranged. A number of ladies from Mills County are expected to attend.

Mrs. Loretta Ingram returned last week from an extended visit in Portales and Eunice, New Mexico, with relatives.

Mr. and Mrs. Tom Womack of Sonora spent last weekend with their parents, Mr. and Mrs. C. A. Womack and Sheriff and Mrs. C. F. Stubblefield.

#### Roy Letbetter To Show New Dodges

Following his attendance at a regional meeting of Dodge dealers in Dallas, Roy Letbetter announced this week that today, Friday, he will present 1952 models of Dodge automobiles to the public at the Letbetter Motor Company in Goldthwaite. Mr. Letbetter, who said that the new model Dodge cars are being shown earlier than usual this year, said he will be glad to give demonstration rides to show that "the new Dodge is better than ever, including a new type of heat and glare reducing window glass and many other refinements and improvements."

#### Jack Wells Visits

Jack E. Wells of Los Angeles, Cal., who left Goldthwaite more than 30 years ago, returned to Mills County for a visit last week. At one time his late father, Samuel T. Wells, was Mills County Treasurer. He died in Los Angeles in 1938 at the age of 89. His widow continues to reside in Los Angeles with Mr. Jack E. Wells, whose brother, S. T. Wells, lives in Beaumont, Cal. Mr. Jack E. Wells is in the insurance business in Los Angeles.

Mr. LeMay, who has been a sheep man since 1935, has been working dogs for many years. Tip is his third top dog. Mr. and Mrs. LeMay just do not remember how many puppies they have sold down through the years.

Tip and Midge live in a large fenced lot and they have a snug house. They are not made into household pets. They are fed a good, balanced diet and they show profound respect for their master, who in turn knows and admires their instincts and intelligence.

To really understand how well dogs and men can work together for a useful purpose, it is necessary to actually see Mr. LeMay and Tip and Midge out in a sheep pasture. For this reporter, last Friday afternoon was a memorable experience. He is grateful to Mr. and Mrs. LeMay and to Tip and Midge because thinking about them helps to keep his mind from the memory of a little black and brown cocker spaniel named Chief—a good little dog that was killed by a hit and run speedster on Fisher Street last Friday night.

Tip and Midge, incidentally, can handle turkeys and ducks—as can other properly trained and instructed Collies. They can work goats, as Tip proved at the Jernigan arena a while back. And they will try to round up chickens. Chickens, however, frustrate sheep dogs because they jump up into the air, flap their wings, scream and holler and refuse to be bunched or driven.

## It has a Way with Women

SOMETIMES we think that too little attention is given to the fair sex in automobile advertising.

After all, it's the woman of the house who has to do most of the shopping, which involves getting into tight places at the curb. And it's surprising what tight spots a Buick can fit into at a turn of the wheel.

It's the woman who likes complete freedom from things that it takes an engineer to operate—and a complete and utter freedom from mechanical complications is exactly what makes Dynaflo Drive\* such a joy.

It's the woman who has an eye for style and fine fabrics—and a nose for economy. On both counts, a Buick is tops.

But we suspect something else. We suspect that a woman gets just as great a lift as a man from commanding this great-powered and trigger-quick bundle of vitality to bow to her will.

Here's a car to win any woman's heart—by its level-gaited stride—its willing response to her hand on the wheel—its smart

style and its smart performance—its spaciousness and comfort—and its thrift.

How about taking time off, some afternoon, to boss around a Buick? It's a date that's bound to thrill you.

### Mullin Lions To Back Livestock Show January 12

The second annual community Livestock Show, sponsored by the Mullin Lions Club, will be held at Mullin on January 12. It was announced this week by Ernest Lynn Fisher, Secretary of the Mullin Lions Club.

"Plans are well under way to make this next Show even better than the successful exhibit of last year," Mr. Fisher said.

"The Show will have divisions for breeders and for juniors. All breeders are invited, in fact, they are urged to bring their prize animals if they are residents of the Mullin School District.

"The Mullin Chapter of the Future Farmers of America will furnish most of the animals in the boys' division but those members of 4-H Clubs who live in the Mullin School District are urged to exhibit and compete in the Show."

Mr. Fisher said that already it is certain that at least ten calves, eight lambs, seven bar-

of the United States since 1945. (This newspaper SUPPORTS Amendment 4 on the basis of the record already established by 4,000 Veterans who have NOT defaulted on their obligations and who have contributed mightily to the agricultural economy of Texas in return for a law that has made it possible for them to establish themselves as farmers and ranchers.)

5 — For giving the Texas Legislature power to increase and alter the system of payments to the needy persons over 65, to blind persons and to dependent children. (This newspaper OPPOSES this amendment on the grounds that it would flood Texas with "spongers" from other States and would serve to harm worthy persons who already are receiving Texas State welfare assistance.)

Election notices have been duly posted by County Judge Lewis B. Porter and County Clerk Earl Summy and made ready the election supplies and ballot boxes that will be used next Tuesday in the score of election precincts throughout Mills County.

How many citizens will go to the polls will provide an index as to whether the voters of Mills County have regard for their rights as free men—and whether they are willing to assume the obligations that must accompany freedom if it is to be preserved.

### Pretty Patty Ann Randles Puts Roy Lee Hill In Place, But Good

Miss Patty Ann Randles, who will have her eleventh birthday this month and who has just recovered from a bout with polio, visited the Eagle office on Wednesday of this week and contrived to set Mechanical Superintendent Roy Lee Hill down with a thump.

During her visit Miss Patty Ann, who is the daughter of Mr. and Mrs. Edd Randles, now of Fort Worth, spent all her time watching Mr. Hill as he set type for grocery advertisements. All other members of the staff, especially the males, were envious of the attention that was being received by Mr. Hill until the pretty visitor explained that it was NOT Mr. Hill who fascinat-

ated her—it was his type-setting machine! Ho, ho, ho.

Immediately thereafter, Miss Patty Ann went back to Fort Worth with her mother. She started back to school last Monday after having missed two months of classroom work because of her polio attack.

The Randles were accompanied back to Fort Worth by Mrs. Annie McCollum of Los Angeles, Cal., who has been their house guest. All of them visited their many relatives and friends in Mills County early this week. Mrs. McCollum, who made her first visit to Mills County in 15 years, is a sister-in-law of Mrs. Randles.

### Accident Case

Attorney William G. Yarborough said this week that an appeal was under consideration in the damage claims suit of E. W. McNutt against W. P. Ledbetter arising from an automobile collision. Mr. Yarborough is Counsel for Mr. McNutt. After a trial last Monday before District Judge Wesley Dice a jury ruled in effect that damage claims were not justified since the accident was unavoidable. Members of the jury were W. H. Reeves, C. W. Batchelor, T. C. Chaney, A. E. Bean, Talbot Ledbetter, E. M. Claborn, W. H. Hendry, Otto Seilheimer, Melvin Pafford, Tom F. Priddy, James M. Green and Floyd Manuel.
