JET MECHANIC

Pfc. Lloyd M. Robertson, son of Oma Robertson of Goldthwaite, has been assigned to the Amarillo Air Force Base as a student in the 3339th Student Jet Mechanics Squadron. Mack, as he is known in Goldthwaite, was transferred to Amarillo from Chanute Air Force Base in Illinois, where he had made so much progress that he was an Instructor. Now he has decided to go into the mechanics of jet aviation. At Amarillo Pfc. Robertson will be one of the personnel at the Air Training Command's "model base," which is commanded by Col. Ray H. Clark. Mack was graduated from the Goldthwaite High School in the Class of 1950. The reason his Dad smiles so happily on the northeast corner of the Square is because he is so proud of Mack.

Soil Man Says Pasture Deferment Is Cheapest Way To Re-seed Range

James C. Miller Wins Commission As Army Officer

With his parents, Mr. and Mrs. Tom Miller of Goldthwaite, present for the ceremony, James C. Miller was commissioned a Second Lieutenant in the Field Artillery Officer's Corps at Fort Sill, Okla., on Tuesday of last week.

Also present was Lieut. Miller's wife, the former Betty Dodson of Arkansas. Lieut. Miller, who has been in the Army for a year and a half, recently completed training at Officer Candidate School at Fort Sill. He was graduated from the Goldthwaite High School in the Class of 1946.

Lieut. Miller and his wife, who earlier this year was a member of the staff of Sheriff C. F. Stubblefield, will continue to live at Fort Sill for the present. He will remain on duty there.

"We were proud," Mrs. Tom Miller said when she was asked this week what she and her husband thought of the ceremony at which their son was given his commission.

Before he entered the Army, Lieut. Miller was on the staff at Hudson Drug and of the P. M. A

By CHARLES O. HAENISCH

A deferred pasture this summer can mean more grass this winter. This is what many farmers and ranchers cooperating with the Brown-Mills Soil Conservation District have experienced in the past.

For the past four years Emil Schuster of Priddy has been well pleased with the amount of grazing he received during the winter months from the pasture he deferred. Mr. Schuster also noticed that during his deferments Little bluestem, Indiangrass, and Sideoats grama had a chance to grow and increase in vigor. This is important because as the plants are allowed to grow, the roots go deeper into the soil. There they get moisture which enables the grass to survive through the dry spells.

Bill Bishop, south of Goldthwaite, after deferring a pasture was agreeably surprised by the amount of litter present from his deferment. The dead grass that was present during the late fall and winter made a natural sponge on his pasture. During the wetter season that followed, much of the rainfall was soaked up by the litter. Little or no erosion took place and there was a good crop of cured hay in his pasture.

It is a good practice to watch the litter after the livestock have been turned in on the pasture. The pasture should be

PROMOTED

Alfred R. Featherston, USN, son of Mr. and Mrs. J. W. Featherston of Rt. 2, Goldthwaite, has been promoted to the rating of aviation machinist's mate, 2c. He is attached to Fleet Aircraft Service Squadron 119 at Cavite on Luzon, near Manila, in the Philippine Islands.

Doyle Roach Is Going Overseas

Doyle Roach, son of Mr. and Mrs. L. D. Roach of Rt. 2, Goldthwaite, soon will be sent overseas from Fort Hood, where he has been stationed with an anti-aircraft artillery battalion. At Fort Hood Doyle has been a "buddy" of Pfc. Carlos Welch, son of Mr. and Mrs. Harry Welch of Center City, who also is with an AAA battalion.

Morelands Travel To Arkansas

Mr. and Mrs. Jess Moreland and their children, Dennis Dale, 3, and Jan, 7, returned on Tuesday night from a visit to Mr. and Mrs. Leonard Archer and the lovely twins, Linda and Lana, at Bentonville, Ark. Dennis Dale had planned to make his Pop take off his shoes at the Arkansas border but on his return Mr. Jess said that "they let us in without doing that."

The Archers, formerly of Goldthwaite, are doing just fine. Mr. Moreland reported, "Leonard is getting to be a regular old Arkie," he said. "The twins are as pretty as ever and are well on the way toward growing up to be young ladies."

CHIGGERITIS

Except for a complaint of "chiggeritis" by Precinct 4 Commissioner J. Frank Davis, last Monday's meeting of the Mills County Commissioners Court dealt only with routine business, the payment of bills and the setting of July 14 as the date for the Commissioners to sit as a Board of Tax Equalization. Nothing was done about Mr. Davis' chiggers unless he did it himself.

Mullin "One And Eight" Class To Meet Again Weekend Of June 21st

For the third successive year the famous "One and Eight" Class of 1915 of the Mullin High School will have a reunion during the weekend of June 21 and 22.

Mrs. F. M. Wortman of Tuttle, Oklahoma, this week described the plans for the reunion this way:

"On Saturday evening, June 21, we will have a meeting of the Class at the home of our President, W. H. Wasserman, the lone man of the Class.

"On Sunday, June 22, a picnic at Mullin Creek Park will be an all-day reunion to which all former teachers and friends of the Class and their families are invited.

"Word has been received from all members of the Class indicating that there will be a 100 per cent attendance and you may be sure much conversation will be in evidence from these nine who left Mullin High School for their various vocations 37 years ago. We expect to have with us A. H. Daniel of Waco, who was Mullin School Superintendent in 1915, as well as Miss Erma Harrison and F. P. Bowman — both of whom were among our teachers."

School Board Employs Three New Teachers; Jones Attends Meeting

Chairman Gerald C. Head of the Board of Trustees of the Goldthwaite Independent School District announced this week that three faculty members were appointed at a meeting of the Board on Friday night of last week. The meeting was attended by J. T. Jones, who is to succeed H. E. Patton as Superintendent of Schools here.

Mr. Head announced faculty appointments as follow:
First grade, Mrs. Ben Egger of

Regency. Mrs. Egger formerly taught at Richland Springs.

Third grade, Mrs. John Otis Carothers. Mrs. Carothers formerly taught in Goldthwaite. The Carothers family moved "back home" after a period of residence in Colorado.

Fourth grade, Mrs. J. T. Jones. Mrs. Jones, wife of the new Superintendent, has had extensive teaching experience.

Mr. Head said that the School Board still has under consideration the appointment of a Grammar School Principal and the appointment of a teacher of domestic science. It was understood this week that candidates for the two posts were being interviewed.

School Board Secretary Charles Conradt said that all members of the Board were present for last Friday night's meeting with Mr. Jones. In addition to Mr. Head and Mr. Conradt the Board members are Mohler Simpson, Walton Daniel, Tommie B. Harper, Malcolm Jernigan and Roy Wilkins.

Prior to the meeting Mr. Jones, who will move here with his family on or about July 1, made a number of courtesy calls in Goldthwaite. The Jones family will live in a home owned by Mrs. Carlos Patterson. Formerly it was the residence of the Ben R. Day and A. W. Lilly families. In addition to Mr. and Mrs. Jones the members of the family are Peggy Janet, 16, a Junior; Jo Ann, 14, a Freshman; and Eddie, 12, who will be in the seventh grade. Eddie, incidentally, is a great young man for baseball and if he cannot join the Goldthwaite Red Sox he probably will organize a pee wee team to take on the Red Sox.

Mr. Jones now is completing his work at Olton in West Texas, where he established an enviable record for both administration and construction.

In conversation in Goldthwaite last week Mr. Jones expressed keen interest in all phases of school work. He has been both a teacher and an administrator. He taught vocational agriculture for five years and so has a deep interest in the Future Farmers of America. His first major was in industrial arts.

"My interest is in boys and girls; in their welfare and their education," Mr. Jones said.

Mr. Jones and his family are members of the Baptist Church. He is a Lions Club member.

Rain Varies As Harry Allen Tots Up To 30 Of Inch

No man in his right mind would try to report on the weather in Mills County during the past week. There were showers here, there and everywhere but they were so varied and scattered that precipitation rainfall measurements don't mean anything except to specific localities.

During the week Harry Allen measured .30 of an inch of rain in Goldthwaite. That brought the total for the year so far to 12.97 inches, according to the records that Mr. Allen keeps for the United States Weather Bureau. His measurements for the past week were:

Thursday05
Friday06
Saturday14
Wednesday05

The above figure for Wednesday is estimated. It resulted from fine drizzles which were by no means general. In fact, there was nothing general about rainfall during the past week.

Take that .14 of an inch in Goldthwaite last Saturday afternoon, for example. It fell from a small cloud plumb on town, but nowhere else. Last Friday morning Edwin H. "Old Hap" Hapgood of Rancho Neuces in Big Valley measured a night of precipitation at .32 of an inch. At the same time Goldthwaite was on the receiving end of only a few sprinkles. From Scallorn, Mrs. Ora Black reported a half inch of rain for last weekend. There was more rain down Scallorn way and in Big Valley on Wednesday but measurements had not been reported as the Eagle went to press.

All week the Eagle's Roy Lee Hill has been mumbling and grumbling about oats. The oats, it seems, are out at his place 3 1/2 miles southwest of Star.

"We mowed them a day too late and we baled them a day too late," Mr. Hill said. "Then it rained on them."

The rain, he said, was on Wednesday. The only other time it rained on his oats was when he planted them, or shortly after.

4-H Stock Judges Take Sixth Place

The Mills County 4-H Club livestock judging team returned on Wednesday from Texas A. & M. College where, with County Agriculture Agent George G. Reese, it participated in the annual 4-H Roundup. The Mills County boys took sixth place in competition against 11 other teams. The 1952 Mills County 4-H Club livestock judges are John Howard Owens, Billy Mac Newton, W. V. Horton, Jr., and Dudley Jordan.

Harrel Daniel At Loy Long Grocery

Mr. and Mrs. Harrel Daniel, who are new residents of Goldthwaite, have completed their move from Carlsbad, N. M., and Mr. Daniel is rendering genial service as the meat market manager at the Loy Long Grocery. Mrs. Daniel is a native of Comanche County and Mr. Daniel is a native of San Saba County. Loy Long wants everybody to go down and meet Mr. Daniel at his store.

George M. Fletcher Sends Call For Great Reunion, June 21 - 22

Promising everything from chiggers and red ants to swimming, horseback riding and less strenuous activities, George M. Fletcher this week sent out a clarion call for the Fletcher family reunion, which this year will be held on June 21 and 22.

Following is the story so far, as told in Mr. Fletcher's own words:

"The 1952 Annual Reunion will be held on June 21 and 22 at Geo. M. Fletcher's place 6 miles North of Mullin. We have heard from people from all

over the country that are planning to come and it looks like this will be the greatest and biggest reunion that we have ever had. We are expecting you and your family. Help us to notify everyone and help us talk it up so we will have a big time. This year it is thought that we will announce, and publish in the paper, an invitation to all local relatives and friends, who will want to visit with us, to come out to the picnic grounds Saturday night and we will have our open house then instead of Sunday afternoon. This will allow those who live a long way off to start home any time they want to.

"We are asking anyone who has talent, either musical or vocal or otherwise to bring along their instruments music or magic kit and help with the program that we are planning Saturday night along with our open house.

"Come as early as you like and stay as long as you like. There will be plenty of places to sleep, that is, plenty places for you to put down your bed. The menus have been planned and arrangements have been made for the purchase of the food etc. You won't have to bring anything to eat except maybe a pie or cake.

"It looks like we will have a couple of places to swim, horses to ride, wasp nests to knock, chiggers to chase and a few red ants, grass hoppers, dominoes, Bridge, Canasta, Forty-two, etc. So arrange to come on down and let's have a big time.

"Mark June 21 and 22 on your calendar now. Write all your own families a post card reminding them of our reunion. Don't forget, let's get our vacation arranged, our corn plowed, skirt hemmed NOW, so we can go to Mullin June 21!!!

"Mail a card to Geo. M. Fletcher, Mullin, Texas and tell him you will be there. See you at the reunion."

Liza Ann Hapgood To Salute Soon

Miss Elizabeth Ann Hapgood, daughter of Mr. and Mrs. Edwin H. Hapgood of Rancho Neuces in Big Valley, is scheduled to take her oath as a recruit in Women in the Air Force at Amarillo on Saturday. Then she will go to the Lackland Air Force Base at San Antonio for basic training. Miss Hapgood, accompanied by Miss Mary Preston, her room-mate at Texas Technological College at Lubbock, spent last weekend with her parents. She returned to Lubbock on Monday to make final preparations for entering the Armed Services.

Mrs. C. J. Thompson Reported Improved

Mrs. C. J. Thompson, mother of Mrs. George R. Gilbert of Goldthwaite, remained a patient in hospital at Gorman as the Eagle went to press this week but she was reported to be making some progress after her illness had been considered critical. Mrs. Gilbert, who had been with her mother for three weeks, returned to Goldthwaite on Wednesday. Mrs. Thompson recently submitted to surgery and then suffered a series of coronary occlusions.

HI, EARLENE!

"Wow, such excitement - next time I'm going to have a quiet wedding in a Church."

Good Baseball At 8:00 PM Saturday

Baseball fans will have a big time Saturday night when the Goldthwaite Red Sox will play a crack, undefeated team from Fort Hood at the Municipal Ball Park. Game time will be eight o'clock.

On Saturday night of last week the Red Sox went to Baltinger and won by a score of 12 to 1.

"The way the boys are playing takes some doing," Clyde Estep, one of the Red Sox managers, said this week. "What with calls for military service, we are down to a nine-man team."

That leaves Y. B. Johnson, Jr., and Larry McCasland as not only the probable but certain starting battery for Saturday night. With a nine-man team, there is no argument over the starting lineup.

The Red Sox deserve public support for their fine baseball this year, Mr. Estep said.

Mullin Methodists

The vacation Bible school of the Mullin Methodist Church will start on Wednesday of next week and will continue through June 28. On Friday of next week the Mullin Methodist Church will start a weeklong series of revival services with the Rev. Mouzon Fletcher as the guest preacher.

OUR PUBLIC LIBRARY IS FREE

The little band of citizens who have worked so devotedly and so loyally for the Jennie Trent Dew Library in Goldthwaite are anxious to have it used as much as possible.

They believe that it is important for everybody to understand that there is NO cost for the precious services that are rendered by the Jennie Trent Dew Library.

As we have pointed out many times in these columns, the Library is a facility that has been emphasized time and time again. The Library belongs just as much to Priddy, Mullin and Star and the smaller communities as it does to Goldthwaite.

There is no cost for withdrawing books from the Library which you may take home to read and study.

There is NO cost for using the research facilities at the Library.

The Jennie Trent Dew Library is a public institution and it has qualified as such with the City Council of Goldthwaite, the Commissioners Court of Mills County, and the State of Texas.

The Library is open every Monday, Wednesday and Saturday afternoon from 2:30 o'clock until 5:30 o'clock. Make use of the riches that await you on its shelves.

You will find that new books are being added to the Library with a regularity that may surprise you. Further, there is a circulation of volumes among our own Library, the State Library at Austin and such other free public libraries as the one at Burnet.

Accordingly, there can be a new adventure for you in every visit that you make to the Jennie Trent Dew Library — the services of which are free for the asking.

THAT WONDERFUL BROTHER HAYS

Last Sunday night the Rev. L. L. Hays of Trigger Mountain preached from the pulpit of the First Baptist Church of Goldthwaite to upwards of 300 persons.

There is nothing unusual about a sermon in a Church on any Sunday night. But there was something most unusual about last Sunday night at the First Baptist Church here.

Brother Hays is more than 90 years of age. His Pastorates in Mills County have covered a span of more than 50 years. And last Sunday night he moved many hearts and caused many memories to reach far back into the past when he spoke on "God giveth the increase . . ."

After Brother Hays had preached last Sunday night he stood on the floor of the Sanctuary and those who had heard his sermon filed passed him to shake his hand. As they did so, the Rev. J. T. Ayers, Pastor of the First Baptist Church, listened in admiration and respect as so many said of Brother Hays: "He was my Pastor 30 years ago," or "He was my Pastor 35 years ago," or "He preached to my parents . . ."

Brother Hays told us once when we were talking with him that in one way or another he had had a part in the building of every Baptist Church in Mills County. We think he would like to know that after his sermon of last Sunday night Brother Ayers had this to say about Brother Hays:

"He has touched the lives of more people and has helped more people than any other person in Mills County."

There are many times when we get to thinking about how sorry the world is getting to be. On such times, very often, Brother Hays has flashed into our mind and we have been bucked up by the thought that, after all, the world cannot be so sorry a place as sometimes it seems to be so long as we have men like the Rev. L. L. Hays to inspire us.

CRITICAL WEEK FOR TIDELANDS

Late this week or early next week it will be decided in Washington whether the Congress will sustain or override President Truman's veto of tidelands legislation. Meanwhile, it has been charged without challenge on the Senate floor that the White House is preparing to seize the tidelands if the President's veto is sustained.

Only the Congress has the power to authorize any such seizure — but apparently Mr. Truman did NOT learn a thing from the ruling in the steel case by the Supreme Court of the United States. Here in Texas and at the ballot box in November we can make our own opinions heard by remembering how Presidential candidates stand on the tidelands issue.

At the rate events are moving, States rights and private property rights are likely to loom as large among the domestic issues in the national political campaign as morality in government.

25 YEARS AGO—

A lovely wedding of state wide interest was impressively solemnized here on last Tuesday evening, June 14, 1927, at the First Baptist Church, when Miss Emily Corrine Anderson and Mr. Ed B. Gilliam, Jr., of Brownwood, were united in marriage by the Rev. Ira Dance.

H. B. Carter was in town the first of the week. While enroute to town his team became unmanageable and he either jumped out of the vehicle or was thrown out and one of the horses kicked him on the leg, but it did not hurt him seriously, although the bruise gave him some pain.

GUEST EDITORIAL

(Editor's Note: The speech by General Dwight D. Eisenhower that made the greatest impression so far after he had taken off his uniform and had entered the political lists at Abilene, Kan., was the one in which, on Thursday of last week, he spoke his personal faith and political philosophy. A great deal has been written and published about Eisenhower's speech but as the best of what we have read we have selected for our guest editorial this week the following from the FORT WORTH PRESS:)

We read General Eisenhower's speech before we listened to it on the radio. So we experienced a conflict of emotions and judgment.

Reading that speech, which had in it the lift of inspired

IKE

leadership, the substance of sober thought and counsel, we thought to ourselves that we could not remember one better.

Then we watched and listened, as Dwight D. Eisenhower, soldier-become-citizen, and suddenly a driving rain in Abilene, Kans. To his fellow townsmen. To the thousands who had swarmed across the plains to be near him and to see and hear him. And to the multitudes who had tuned in their television and radio sets to learn his views.

From his delivery, in the trying circumstances, the obvious conclusion was that there was no orator. Here was no man of glib phrase and practiced pause. No golden-voiced William Jennings Bryan of the Platies, denouncing a crown of thorns on the brow of a man who toils. He slurred through his best phrases and hurried over his finest passages with the same rush the Kansas wind and drizzle fanned his sparse hair and rugged countenance.

The thought uppermost: Can this man win the Republican nomination from the seasoned political veteran, Senator Robert A. Taft? Can he achieve the presidency?

We don't know. But the only thing that counts is: Should he? Forget his delivery—which is probably no better nor worse than you or we could have done in the circumstances—and consider what he said.

The occasion was the dedication of a memorial to be erected in the name of the Eisenhower family and in tribute to the men of World War II and all they represented.

His speech appropriately, was not factional, nor partisan. But very national, American, patriotic.

General Eisenhower laid the cornerstone of his candidacy. That Abilene speech was an inspired affirmation of the general's personal faith and political philosophy.

It was more than that. He applied his faith practically and to the great problems facing this country and the world.

His approach was the very antithesis of "me-tooism," which some of his opponents have tried to pin on him. Even Senator Taft should have little quarrel with the Eisenhower treatment of the fundamentals which should guide our nation in striving for "reasonable security and national solvency."

Let's use General Eisenhower's words: "In current bills before Congress, we have reached peak rates in those expenditures as they apply to most of the countries associated with us in the North Atlantic Treaty Organization. . . we can look forward to decreasing future costs without sacrificing the essentials of reasonable goals. . . (this is the first time we have heard anything like that from an authoritative source.)"

"We see an increasing trend toward unreasonable antagonism money in the bank and is one of the best men in the County. Miss Eva Gartman of this city, Misses Eva Miller and Carrie Alvis of Big Valley, Miss Daisy Lewis of Newberg, Miss Brownie Reeves of Ebony, Misses Lola and Dalla Cordell of Cold Springs, came in Tuesday evening from Belton, where they attended Belton College.

The Eagle's Aery

By The Editor

That luxurious and fetchingly decorated "fishing wagon" that has attracted so much attention in and around Goldthwaite is the property of Howard B. Campbell. The exterior art work is by Andrew Baxter, formerly of Greenock, Scotland, and the interior art work is by courtesy of V. C. "El Vaquero" Bradford and the Pontiac Division of General Motors.

The reason for this column is that after the last meeting of the Goldthwaite Lions Club the editor was being driven home by Warren P. Duren. In the dark of night and while passing the driveway of the Arch Collier home Mr. Duren slowed down suddenly and exclaimed: "What in the world is THAT?" Investigation the next day showed that "THAT" was Howard Campbell's "fishing wagon" which, prior to its reincarnation, was a Goldthwaite School bus, vintage of 1944.

If you were in the Square about three Saturdays ago you must have seen Andrew Baxter painting away on the "fishing wagon." For the moment the vehicle has no other name. Some suggestions for a name have been received, including one from Sheriff C. F. Stubblefield. "We are considering all suggestions for a name and we are open to other suggestions," Mr. Campbell said. Meanwhile, for the benefit of those who have not actually seen the "fishing wagon," here is a description of it:

The top part of the exterior has been painted white and the lower part is a cooling baby blue. It is on the blue that the works of art by Mr. Baxter appear. Let's start with the stern. On the stern an old boy with about a three days growth of whiskers on his chin is hot-footing it through the countryside. Trailing him from a fishing pole over his shoulder is a line from which dangles a hook baited with a nice fat worm. And chasing the old boy and his worm is a yellow catfish about three and a half feet long. The "cat" is wearing a grin induced, no doubt, by the fact that in some respects Mr. Baxter got slightly confused between Texas yellow catfish and the Loch Ness Monster, which cannily Scotsmen periodically canny throughout the world.

On one side of the "fishing wagon" Mr. Baxter has painted a gorgeous landscape which bears considerable resemblance to Lake Merrett but which also, as Mr. Campbell noted, has touches of Scotland about it. Under the lake scene an old and realistic mountain boy slumbers beneath the shade of a tree, "ouches of Scotland about it," dreaming, no doubt, about the kind of yellow cats that only Andrew Baxter could dream up.

Other scenes on the sides of the "fishing wagon," as painted by Andrew Baxter, include: An old boy, mounted, pulling a huge fish from the water. In mounting the old boy Mr. Baxter un-

questionably had a horse mind but John Elliott, who the supervising automotive engineer for the "fishing wagon" said it was a donkey. One of the best of all the scenes is old boy with the tail of enormous rattlesnake—tied to the water, twined around his arm. The head of the snake is there in the old boy's right hand. There is a six shooter held up to your imagination to fish or ole buzztail. The editor guesses is that the idea is to keep the fish and that the old purpose of catching the fish the first place.

On the sides of the "fishing wagon" Mr. Baxter also painted deer, a large squirrel and what the editor called a dove until John Elliott corrected him and said to call it a quail. As anybody can see the "fishing wagon" also has a "hunting wagon" on the sides of it. It includes a semi-desert scene from Texas and, of course, the Alamo which Mr. Baxter never seen but which he painted from a photograph. His representation of the Alamo is very good. There is no touch of Scotland about it. Finally, there is a picture of a hunter shooting a deer. The deer remains standing so presumably the hunter is yet to pull the trigger of his

Now for the interior of "Fishing and/or hunting wagon." The murals, where the seats normally appear, are hunting scenes out by Pontiac and placed "fishing wagon" by V. C. Bradford. The sake of drawing the attention of Mr. Campbell's eyes, Pontiac. At the rear of the interior of the bus there is a seat upholstered in green. It sits on that seat when Mr. Campbell is around he will sit on it. From the wall a table stretches the length of the wagon and the editor sat on it and at the table he was eating NOTHING. It was not eat, Mr. Campbell said. The editor refrained from saying he was thirsty.

Inasmuch as Mr. Campbell in the business that he is in "fishing wagon" is equipped with a range-butane, of course, butane tank is right there in the wagon. And there is a big ice box, which was bought at the time of the editor's. After all that, there still plenty of room for cots for at the end of a hard day's fishing or hunting.

The "fishing wagon" is "just like new." John Elliott saw to that. Last Saturday Campbell drove it to the arado river. He was accompanied by Mrs. Campbell and Kay and Sam, and by Mr. and Mrs. Virgil Geeslin and Linda Virgilene. There were three other guests—two from Dublin and one from Pecos. The party continued until Sunday but fishing was not very good. Campbell said. In fact, he "no fish."

Now, Mr. Duren, you know what it was that we saw in Collier's driveway that when we were coming from the Lions Club meeting.

As the Eagle's Roy Lee was setting this column in this week he expressed great relief upon having Mr. Campbell's "fishing wagon" identified him. "When I saw it I thought a carnival had come to town," Mr. Hill said. What's more, said it right to Mr. Campbell.

Bull's Children Will Rally around Mrs. J. W. Long Saturday

Mrs. J. W. "Aunt Alice" is the center of attraction, children of the late Mr. and Mrs. Bull will gather at the Merrett schoolhouse and have next weekend for a reunion that will bring

many old timers together. The reunion will start on Saturday night and it will reach its climax at noon next Sunday when "all old timers have been invited to bring your dinner and come on out" to the Lake Merrett clubhouse.

Mrs. Long, who now lives on the highway from Goldthwaite to Priddy, is the oldest of the seven living children of the late Mr. and Mrs. Bull, who were among the very earliest settlers in these parts. In telling of "Aunt Alice" this week, Mrs. Larry Dalton said:

"She was born in a log cabin in Big Valley in October, 1873, and she remembers when Goldthwaite was NOT. She went to school at Big Valley where her first teacher was Walter Weatherby's grandfather. She remembers the first train that went through Goldthwaite.

A little reckoning with a pencil and paper shows that "Aunt Alice" will be only 79 come next October. She was 12 when Goldthwaite was established in 1885. Then W. J. "One Shot" Weatherby was brought into the story because Mrs. Dalton did not recall the name of his Grandpa. Investigation brought out that "Aunt Alice's first school teacher" was the late M. N. "Parson" Weatherby. Walter Weatherby mused this week that "many a time Henry Ezzell used to stop by the garage to tell me about my Grandpa, Parson Weatherby."

There will be more about this next week without, however, further explanation that W. J. Weatherby is called "One Shot" because when he finds a rattlesnake wrapped around a tree

he disposes of same with only one blast from his trusty shotgun. Meanwhile, Mrs. J. W. Long is going to be interviewed and she is looking forward to a grand time next weekend when her brothers and sisters will be here and when the old timers will rally around to swap tales of yesteryear. Don't forget, you are invited to take your dinner and to join in the reunion at the Lake Merrett clubhouse next Sunday.

Hogg-Lockridge Wedding Vows Taken In Dallas

Miss Mary Margaret Hogg, daughter of Mr. and Mrs. A. R. Hogg, Jr., of Dallas, and J. Preston Lockridge, son of Mr. and Mrs. J. P. Lockridge of Mullin, were married on the afternoon of May 31 in the Suddie George Memorial Chapel of the First Presbyterian Church of Dallas with the Rev. John Anderson officiating.

Given in marriage by her father, the bride wore a gown of white net lace, designed with a strapless bodice edged with a pleated tulle ruffle, and topped by a lace fichu. The bouffant skirt of net over satin was accented with a lace apron edged with a tulle ruffle.

The bride's veil of imported illusion was caught to a halo of lace, sprinkled with lilies of the valley, and fell to her fingertips. She carried a bouquet of white carnations and bavardia centered with a white orchid.

Mrs. Dalton Lee was matron of honor and best man was Bill Lockridge of Mullin. Ushers included Dale Fisher and Don Fisher, both of Borger; Jimmy Lockridge of Comanche and Jimmy Huffman of Brady. Candles were lighted by Miss Carol Meek of Port Arthur and Miss Janie Aronson.

A reception was held at the Church and serving cake and punch were Mrs. James Gordon Huffman and Mrs. David L. Gray. Miss Phyllis Moore was at the bride's book.

The newlyweds will reside in Austin. Mrs. Lockridge attended the University of Texas, where she was a member of Delta Delta Delta sorority. Mr. Lockridge, who attended Texas A. & M., and the University of Denver, will receive his degree from Texas University in August.

Out-of-town relatives who attended the wedding were: Mr. and Mrs. J. P. Lockridge, Mullin; Bill Lockridge, Texas A. & M.; Mr. and Mrs. James Gordon Huffman, Brady; Mr. and Mrs. Walker Lockridge, Fort Worth; Mr. and Mrs. Homer Lockridge, Comanche; Jimmy Lockridge, Comanche; Mr. and Mrs. Leland Lockridge, Zephyr; Mr. and Mrs. Carl Fisher, Phillips; Don Fisher, E. N. M. U., Portales, N. M.; Dale Fisher, Texas A. & M.; and Mrs. Bill Hogg, Shreveport, La.

Mr. and Mrs. Foster Rhodes and son, Cecil, of Brownwood, visited Mr. and Mrs. W. E. Rhodes last weekend.

Mrs. J. A. Curtis visited her sister, Mrs. Effie Rouse, at Demonstia, last week.

BIRTHS

A daughter, Beatrice Faye, was born at 10:05 p. m., on June 5 to Mr. and Mrs. P. L. Noack of Caradan at the Memorial Hospital in Brownwood. The maternal grandparents are Mr. and Mrs. W. W. Limmer of Priddy and the paternal grandparents are Mr. and Mrs. J. F. Campbell of Austin.

OUR WASHINGTON LETTER

ices of Argentina and Uruguay with respect to wool and wool tops. Those countries have been giving exporters of wool tops (raw wool which has been processed) a special exchange advantage when they ship to the United States.

But the Secretary of the Treasury (who handles customs) held that the 1921 anti-dumping law did not contemplate subsidies brought about by preferred exchange manipulations. Our amendment of last October expressly stated that such bounty or grant would include such subsidies brought about "through multiple official rates of its exchange in terms of United States dollars, or otherwise."

The Senate committee has held some hearings on our bill but up to this time has taken no action. This is regrettable because the South American wool tops that have been dumped in our country have played havoc with substantial part of our domestic wool market during the past few months.

The House passed a House-Senate conference report on a Foreign Aid bill last week. The House had previously trimmed the President's aid bill from \$7.9 billion down to \$6.1 billion, but the conference committee upped the figure to \$6.4 billion — increasing economic assistance (as distinguished from military aid) to \$1.8 billion. Since much of this is for the purpose of bolstering the economies and to provide public works in so-called depressed areas around the world, I voted against the conference report. The deeper we get into this international WPA business, the more difficult it will be to stop it. Our taxpayers are in no condition to pay such bills for other people.

Mr. and Mrs. Omar Harvey of San Antonio are spending a vacation in West Texas, Colorado and goodness only knows where. This week a postcard was received from Mr. Harvey, who is the son of Mr. and Mrs. Ira O. Harvey, depicting Pike's Peak at sunrise. It had been mailed from Colorado City. Mr. and Mrs. Harvey wrote that they were going north and west and expected to pass through Goldthwaite on their way back to San Antonio late this week.

Gwins Visits And Fish And Fish And

Mr. and Mrs. John L. "Hi Neighbor" Gwin and their children, Patricia Nell, 8, and Dale, 9, returned late last week after having spent a two weeks vacation in East Texas and Alabama — mostly in Alabama.

The Gwins visited relatives and friends in Beaumont and Houston in Texas and in Mobile and Jackson in Alabama. Mr. Gwin, sub, is a native of Alabama but he made atonement for that lapse by marrying a Texan from Lometa.

"We visited, visited and visited," Mr. Gwin said after he had returned to Goldthwaite and had checked his favorite siren on his favorite fire truck. "And we fished and we fished and we fished. We saw no monsters but we saw plenty of alligators. We caught lots of fish..."

That was when Mr. Gwin's eyes danced and snapped and he settled back to tell how big the fish were and how every fish caught was bigger than the others. That also was when he was stopped in his telling so that his tale of his fishing would not contain too many whoppers.

Max Shepherd Is Back Home But He Needs Some Books

Max Shepherd, son of Mr. and Mrs. E. O. Shepherd, came home on Tuesday afternoon from the Hillcrest hospital in Waco, where he submitted to major bone surgery.

Mrs. Shepherd said that Max still is enduring severe pain but that "he tries hard to be a good soldier and keep his chin up."

"The pain is not easy to bear," Mrs. Shepherd added.

Max will be a bed patient for at least the next five weeks and during that time he will have to remain in a cast. He and his parents are grateful for the many flowers, letters and cards that have been sent to Max. Now that he is home again, how about sending him some comic books and stories that will be of interest to a small boy of 11 so that he can get his mind off his pain and off the fact that it will be quite a while before he can go out and play with the other boys.

"I look forward very much to mail time," Max said this week in a letter to his friends that he dictated to his mother.

In reporting on his stay at Hillcrest hospital in Waco, Max confided that he had had "a sweet bunch of nurses." He added that the doctors were okay, too.

Henry Venable Fishes In Florida

Mr. and Mrs. Henry Venable are in Florida and when they return all hands on the Square and in the Post Office should be prepared to brace themselves for some fish stories from Mr. Venable. This week he sent a postcard to the Eagle from Gainesville, Fla., and he reported that "Florida is as green as usual."

"Mrs. Venable and I are going to Daytona in a day or so," he continued. "Fishing is reported to be fine at this time. I am going to try my luck this afternoon."

Mr. Venable's postcard depicted a tourist leaving a palm-fringed Florida beach. He had just paid an array of people, including a hotel manager, a chef, a chauffeur, a maid and a waiter. He was walking away in a barrel, a straw hat and his shoes; not another stitch.

Adams Keeps Seat

Mr. and Mrs. E. B. Adams attended the annual meeting of the Monument Builders of the Southwest, Inc., at San Antonio last Sunday, Monday and Tuesday. The meeting was harmonious, Mr. Adams said, with nobody bolting or taking a walk — an obvious reference to recent conventions, at which harmony has not prevailed. Mr. Adams declined the urging of his colleagues that he accept election as Secretary-Treasurer of the organization.

Elbert Auldridge of Laferia visited last week with his cousin, Levi Auldridge, and family.

Baptist Vacation Bible School Will End Friday Night

Comencement Exercises that will conclude the daily vacation Bible School of the First Baptist Church of Goldthwaite will be held at the Church at 8:00 o'clock this Friday night. The Rev. J. T. Pupils in the Beginner, Primary, Junior and Intermediate Departments will participate in the program and then will receive certificates and will exhibit examples of their craftwork. Brother Ayers said that the average daily attendance at the Bible school was about 190, including 45 or 50 adult workers.

L. B. Hart and daughter, Joyce, of Portales, New Mexico, visited friends here last week.

Personal Paragraphs

Omar Harveys Back

Never mind another story on another page of this week's Eagle about the Omar Harveys riding off in all directions. They returned to Goldthwaite on Tuesday after having conquered Pike's Peak and after having caught all the fish there were in Twin Lake, Colorado. Now they are resting up after their vacation before returning to their home at San Antonio. The resting is being done with Mr. and Mrs. Ira O. Harvey who, of course, are Omar's parents.

The Harveys were accompanied on their travels by their daughter, Miss Martha Lee, and by Mrs. Harvey's mother. They covered a lot of territory in West Texas, New Mexico and Colorado and when they returned Omar and his Dad had a fine time reminiscing about the many trips they had made together in the same region in yesteryears.

Mrs. I. W. Mauney was covering this week from a page to which she submitted a San Saba Memorial Hospital.

Jerry Duren, small son of Mr. and Mrs. Norman Duren, suffered a fractured arm last week, was able to come to town this week to help his father to run the furniture store door to the Post Office.

The Misses Laura Nelson, Fouse and Love Gatlin spent the weekend in San Antonio.

Mr. and Mrs. Dan Coor and Mrs. and Mrs. Aaron Coor of Fort Worth spent a few last week at Sterling City relatives.

Mrs. Eddie Sullivan of Angeles, California, visited week with her sister, Mrs. Auldridge, and over at Gatesville with her mother, Mrs. L. Turner and other relatives.

Mr. and Mrs. Frank Bell children, Nan and Richard, Texas City, spent the past week with Mrs. Myrtle Forehand this city.

Visiting Turks Say Mills County Gave Them Very Valuable Lessons

Ten Turks who, agriculturally speaking, were given the works in Mills County on Thursday of last week said they were not only tremendously impressed by what they saw and learned on farms and ranches here but hoped also to have something like it in Turkey some day.

The visiting Turks, including three women veterinarians, were escorted by Robert L. Steen, President of the Mills County Livestock Raisers Association, Charles Conrad of the Goldthwaite office of the San Saba Production Credit Association, County Agriculture Agent George G. Reese, D. A. Adam and two others from the Texas A. & M. College Extension Service, and an interpreter.

Throughout the tour of last Thursday Mr. Steen rode an A. & M. College bus with some of the Turkish visitors while others rode with Mr. Reese or Mr. Conrad.

"They never had seen anything like it in Turkey," Mr. Steen said. "They wanted to know how many acres there were on every farm that we visited or passed. They wanted to know how much livestock was running and they wanted to know how much money each farm produced each year. So far as we know, they saw their first calf-feeding projects in Mills County and they were very much interested in the work of our 4-H Club boys and girls. They were especially interested in sheep, because conditions in Turkey are good for expanding the production of wool."

Mr. Reese said that although the touring Turks had been studying American methods of agriculture and animal husbandry for six months they took notes all day Thursday.

"They were interested in feeding, in our grass, in marketing and finances," Mr. Reese said. "In fact, they were interested in everything!"

In the course of the tour a study was made of the work of Armand Zoe and Harold Clary, Wayne Poe, Billy Mac Newton, Davis and John Howard Owens, Bobby Zane Egger, Shirley and Dana Howard Saylor and Johnny and Jimmy Wigley.

As a special event of the day there was a calf dehorning at the A. E. Egger place. Close study was made of 4-H Club turkey, steer and sheep projects.

Also on the tour the visiting Turks and their escorts stopped at the Joe LeMay place south of Center City.

"They were interested greatly

Eagle Scooped By Alta Frizzelle Who Writes For Telephone News

Alta Frizzelle of the Goldthwaite office of the Southwestern States Telephone Company has been "scooping" the Eagle. When she feels inspired, Mrs. Frizzelle writes for "The News," which is published monthly for and by the employees of her company. Here is what Mrs. Frizzelle wrote in the current issue of "The News," starting off with an account of a trip to Brady, where there is a new telephone building:

One of the most interesting things that happened was while I was waiting in my car near the Telephone Building. A small boy about 12 years of age, came up to me and said, "Hello, are you here to help us decorate our Church for tomorrow's services?" and I told him no that I did not live in Brady and I was just waiting for a friend. He said in a sweet boyish manner, "Well, would you like to see our Church?" and I told him I would. He showed me through the First Methodist Church and also pointed out the other churches and told me to drive out to St. Mary's Episcopal Church, that it was the most modern one in town. The small boy's face just beamed when he spoke of the churches in Brady but never once mentioned the new industrial building, not even the new telephone building. To him the churches were the most important things in Brady and what a sweet thought. The most of us think of the modern industrial buildings first and the churches second. This small boy's version of a good town should be a thought for all of us.

In the work Mr. LeMay has done and so we went to see his Delaine sheep because the Turkish visitors want to have fine quality wool in their homeland," Mr. Reese said. "We found that they were determined to learn the 'how' of everything they saw."

The Turkish visitors, who now are en route to California, came to study American agriculture and animal husbandry under the foreign aid program.

Mrs. Joe Hoppe of Dallas and Mrs. R. E. L. Johnson of Tyler spent last weekend in Goldthwaite with their brother, Scott Thompson.

Mrs. I. Z. Woodard of Brady visited her parents, Mr. and Mrs. C. G. Featherston of Cardan Road, last Friday.

Guest Editorial

(Continued from Editorial page) destroy the fruits of a lifetime's labor... inflation dooms the farmer and city-dweller alike to a hopeless treadmill race against the cost of living... inflation cannot only destroy our savings, but our jobs... Firm action to bring the national budget under control in a time of great prosperity is the first step back to a sound dollar... Long continued taxes that are only a little below the confiscatory level will destroy free government... Only aroused citizens can end these evils that increasingly grow into real threats to our country—disunity, inflation, excessive taxation, bureaucracy.

So went the general's speech. Not a rabble-rouser, not a political smoothie. A man who had difficulty telling what was on his mind—as most of us have difficulty telling what we think, and fear, and hope—about the danger of war, the secrecy of diplomacy, the inflation that destroys our substance, the high taxes that burden us, the corruption that shames us, the bureaucracy that enslaves us. General Eisenhower laid a cornerstone from which he can build a campaign.

Photo Projections

On Thursday Night Mrs. Lida Byrne planned to project photographs near the bandstand on the Court House lawn on Tuesday night of this week, weather conditions permitting, and she invited all persons "who have photographs of their younger days or snapshots of their children" to take them for projection. "They can be put on the screen and we can have a guessing contest as to the identities of the likenesses on the photographs," Mrs. Byrne said. "Strict precautions will be taken to return the photographs to their rightful owners. Projection will not harm the pictures."

This Week's Rain

(Continued From First Page.)
erwards. So far as history records, the past week has been the only time when Mr. Hill has complained because of rain.
What will happen to Mr. Hill's oats as result of the rain that fell on them will have to be answered by somebody who knows about farming. Mr. Hill said "I don't know" and added the fervent hope that they would dry out and be all right.
Most of the showers during the past week came from a line of mild thunder storms. There was considerable cloudiness as the Eagle went to press, giving promise of more rain before the return of blue sky.

Soil Man Says

stocked so that not more than half of a years growth of litter is taken, to assure a good protective cover on the pasture.
The cheapest way to re-seed the native range in this area is through deferments. In cases where only a few stalks of native grasses could be found, a large number of native grass clumps appeared after as little as one deferment. The plants begin making seed during the second deferment and young seedlings begin to appear the following spring. If this is to be expected, however, a complete deferment is necessary. One cow in a pasture during the seeding period will eat all seed heads produced.
Those planning to defer pastures this summer should remove all stock by the middle of June or not later than the first of July. The pasture should not be grazed until after frost. This allows the seed to mature and scatter over the pasture.

Mrs. C. G. Featherston Is Chipper As Her Broken Hip Mends Slowly

Mrs. C. G. Featherston, who suffered a broken hip while caring for her chickens three weeks ago last Tuesday, is recovering at her home on the Caradan Road but she is fussing because she will have to be abed another month or so.
An Eagle reporter who went out to see Mrs. Featherston to thank her for some green beans that she had thoughtfully sent to him despite her misfortune found her cheerful in a pretty pink nightie and deeply grateful to her many friends who had sent her cards, flowers, letters, presents and good wishes by the bushel.
Mrs. Featherston is recuperating in a hospital bed on which a stout superstructure was erected by one of her sons-in-law, Floyd Manuel. From the superstructure hangs a trapeze bar by means of which Mrs. Featherston does the most amazing things, such as lowering and raising herself in bed. Mr. Featherston was bearing up bravely, especially considering that his wife has lots of time in which to think up things for him to do.
As everybody can imagine, there is much coming and going at the Featherston home, what with Miss Mae there to supervise the household and with the I. Z. Woodards, the Cecil Parkers, the Floyd Manuels and Mrs. Charles Featherston helping out in the emergency.
