"The Moderator pronounced them a Church in order to do business. They chose as their first Pastor Elder W. W. Fowler, who now lives in Dallas, Texas.

"He is the only one of the Presbytery living and Brother A. B. Neal, Jr., the only living charter member.

"During these 53 years Elders W. W. Fowler, A. P. Koen, S. R. Woods, J. H. Alldredge, J. S. Newman, J. W. West, M. W. West, W. J. Chambers and Jesse Bass have served us as our Pastor.

"Elder Jesse Bass is our present Pastor. Our total membership at this time is 53. We feel the dear Lord has bountifully blessed us all the days of our life.

"We wish to say the Lord willing we are planning a fifth Sunday meeting in June (and as a reunion on this, the Church's 53rd birthday) beginning on Thursday night including the three days.

"This is a special invitation to you to be with us at this time.

"Please remember us in your prayers."

Mrs. Wicker said this week that the Church structure was built about a year after the organization that was held on July 28, 1899.

referred to in the above paragraph as the Mt. Olive Church since it was organized. Her great grandfather, the late F. D. L. Koen, was a member of the first Presbytery of the Church, and her late great uncle, A. P. Koen, was one of its Pastors. C. H. Koen, who was a charter member of the Church, was Mrs. Wicker's grandfather.

A. B. Neal, Jr., is the only living charter member of the Church. The only living member of its first Presbytery is Dr. W. W. Fowler, who is a medical specialist in Dallas, where he also serves as Elder of a Primitive Baptist Church.

The Banner of Love, which is a publication of the Primitive Baptist Church published at Antton by Afton E. Richards, printed in its May 15 issue an article by Mrs. Wicker on the history of the Mt. Olive Church. The article by Mrs. Wicker, as it appeared in The Banner of Love, follows:

"On July 28, 1899, a group of brethren and sisters in the vicinity of North Bennett in Mills County decided to meet and organize a Church where they

could assemble themselves at least once a month to worship God by singing, praying and by preaching, telling of His goodness to His children.

Fire Fighters Have Busy Tuesday Night

Tuesday was a busy night for the Goldthwaite Volunteer Fire Department. About midnight Fire Chief Jack Reid and City Utilities Manager W. C. Barnett raced out in the tank truck to a point on highway 84 about three miles on the Goldthwaite side of Star to extinguish fire in a truckload of bridge and oil rig timbers. They saved the trailer and wood but the truck itself suffered damage. Shortly after nine o'clock Tuesday night Jesse Moreland and Ray Duren left a Lions Club meeting in a hurry and took the tank truck to the Bill Sherwood place, three miles south of Goldthwaite, where they extinguished a blazing brush fire.

COKES GO UP!

For as long as anybody can remember Coca-Cola has been a nickel but this week J. Claude Smith, Manager of the Brownwood Coca-Cola Bottling Company, announced that effective next Monday cokes will sell for six cents per each while new cartons of 12 bottles each will be 60 cents. Mr. Smith said that the rising costs of bottling operations made the price increase necessary. He pointed out that everything that goes into the making of a bottle of Coca-Cola has increased in price.

W. B. Summy Back From Hospital

W. B. Summy returned to his home on Fisher Street in Goldthwaite on Monday of this week after having been treated for an infection at the San Saba Memorial Hospital. Mr. Summy was taken to hospital on Friday of last week. Following his return to Goldthwaite he was reported to be making favorable progress.

No rain; plenty warm.

Star-Telegram—Please Read This

On Tuesday morning of this week the Fort Worth Star-Telegram, a newspaper that is highly esteemed in these parts, published a special dispatch from Olton announcing the resignation of J. T. Jones as Superintendent of Schools there. The dispatch told of Mr. Jones' considerable ranching interests but said that his plans for the future had NOT been announced. Dear Star-Telegram: Mr. Jones last month was appointed Superintendent of Schools in GOLDTHWAITE, TEXAS, and he, Mrs. Jones and their three children will move to GOLDTHWAITE early next month.

K. V. Straley Robbed

Sheriff C. F. Ctubblefield this week was running down clues in a burglary of the home of K. V. Straley, south of Goldthwaite, sometime during the daylight hours of Tuesday. Mr. Straley suffered a loss of cash, clothing, other personal effects and guns that amounted in value to \$500 or \$600.

City Fathers Spray As Health Measure

Spraying against flies and other insect pests with a DDT solution was conducted in Goldthwaite on Wednesday afternoon of this week under the direction of Aldermen Jesse Moreland and George R. Gilbert of the City Council's Safety Committee. Spray equipment also was used as a health measure at Lake Merrett where Goldthwaite Girl Scouts and Brownies are conducting a day camp. Alderman Everitt Holland and Robert L. Steen, advised by City Utilities Manager W. C. Barnett and Fred Laughlin, helped to see to it that spraying operations were conducted effectively and efficiently.

Minister J. A. Fry Urges Action To Provide Livelihood Here For Youth

Minister James A. Fry of the Church of Christ in Goldthwaite last Tuesday night warned a well-attended meeting of the Lions Club that "the cream of our citizens, our young people, are slipping away from us" and he urged earnest and long-range consideration of means of providing livelihoods so that "if our boys and girls want to stay here there will be a living for them."

Following his introduction by Program Chairman Norman Duren, Minister Fry said that he had "something on his mind" to which he had given long thought and that he would like to discuss with the Lions.

"I am deeply concerned in this age of centralization... with a problem that concerns us all," Minister Fry said in part. "All of us have thought deeply about centralization in government but it is necessary also for us to consider seriously that we have centralization in industry. That centralization in industry, as in government, affects every citizen and every town—even towns like Goldthwaite."

"I have watched for ten years in places where I have labored as a Minister of the Gospel while the cream of our citizens, our young people, have been slipping away from us... In this community and in many others like it our young people ask: 'What is there for us here?' When there is nothing for them here, then we have to know that they are going to make a living where industry is centralized... Our nation was built on towns like ours but if such towns are to survive, to grow and to prosper, we need to think and act on this problem."

Minister Fry discussed his experiences with the same problem in San Saba and he cited the case of a glove factory that once had considered San Saba as a location but finally went to Mount Vernon, where full-time, year-around employment was provided for 40 or more persons.

Beckworth Comes To Campaign For U. S. Senate Seat

Congressman Lindley Beckworth of Upshur County, who has many kinfolk in Mills County, campaigned in Goldthwaite Tuesday night and on Wednesday morning of this week for nomination to the United States Senate. His chief opponent for the seat that is being vacated by Senator Tom Connally is Texas Attorney General Price Daniel.

Representative Beckworth, whose wife, Eloise, is a daughter of Mr. and Mrs. Barney Carter, formerly of Center City, rang doorbells in Mills County and made appeals for votes from a car equipped with loud speakers.

Caradan Club Has Windmill To Sell So Send In Bids

If you need a windmill you can meet your need and at the same time help the Caradan Community Club to refurbish the old Midway school house so that it will be a worthy community center.

Mrs. George Denman, Jr., Reporter for the Caradan Community Club, said this week that at a meeting last Friday night it was agreed to sell the windmill at the Midway school house and use the proceeds from the sale for the work that the Club is doing to create a community center.

"It is an eight foot windmill on a 27 foot tower and it is in good, sound condition," Mrs. Denman said.

Sealed bids for the windmill, including tower, must be submitted no later than July 1. Mrs. Denman said the bids should be sent to C. D. Gerald or Clyde Kirby, both of whom receive their mail on Rt. 3, Goldthwaite.

For several weeks the Caradan Community Club has been working on the Midway school house. Members of the Club also have been busy organizing a Youth Group.

Mrs. Denman said there is much that can be done to make the Midway school more attractive and that the work can proceed after the windmill has been sold and the proceeds from the sale are in the treasury of the Caradan Community Club. So, if you need a windmill, send your sealed bids to Mr. Kirby or Mr. Gerald on Rt. 3, Goldthwaite.

Charlie E. Jones Follows Les Bain As P. M. A. Chief

Charlie E. Jones, successor to Les Bain as Chief Administrative Officer in Mills County for the Production and Marketing Administration of the United States Department of Agriculture, assumed his new duties on Wednesday morning of this week.

Appointment of Mr. Jones to succeed Mr. Bain, who now is Chief P. M. A. Administrator in Erath County with headquarters in Stephenville, was confirmed last Friday after Mr. Jones had met with the Mills County P. M. A. Committee. Luther H. Soules is Chairman of the Committee and its members are Harry Welch and Bruce Burnett.

Prior to his appointment to Mills County, Mr. Jones had been with the P. M. A. office in Brownwood as a Field Performance Agent. His home at present is in Zephyr but with Mrs. Jones and three of their four children, he plans to establish residence in Goldthwaite as soon as possible.

Mr. Jones is a native of Killeen and Mrs. Jones is from Center in Shelby County. They have made their headquarters in or near Brownwood for the past 35 years but during many years the Jones family was very much on the move because Mr. Jones, before joining the Department of Agriculture, was with a crew that located oil fields. There was one period in his life when his son, Doug, attended 22 different schools in one year!

Doug, who is 18, now is married and lives in Lovington, N. M.

Coming to live in Goldthwaite with Mr. and Mrs. Jones will be Sandra, 15; Judy, 12; and Mike, 10.

HAPPY BIRTHDAY TO WFAA

An old friend of radio listeners in Mills County will spend all of next week observing its 30th birthday anniversary. The friend is radio station WFAA—the radio service of the Dallas Morning News. On the occasion of the anniversary, we wish a happy time to WFAA and pay our tribute to it for the splendid job of public service that it does.

If you happen to be going to Dallas next week, you have been invited to join in the birthday celebration. Visitors will be welcome at the WFAA studios. Here is how the invitation has been extended to you:

"Radio listeners of Texas and the Southwest will have a chance to meet the stars and see how radio works when WFAA, Dallas, radio services of The Dallas Morning News, holds open house to observe its thirtieth anniversary on the air, June 23 through 29.

"All broadcasts at the station will be open to the public. There will be variety stage shows put on each half hour throughout the weekday hours, from 5:30 a. m., to 10 p. m., and on Sunday from 12 noon to 10 p. m.

"Visitors to the station, and 50,000 of them are expected to come, will go away laden with prizes, too. There will be three daily door prize drawings for jackpot awards, and there will be a giant jackpot award on Sunday, June 29. Refrigerators, wrist watches and radios are among the awards. A candid camera contest, open to amateur photographers, will have a \$50 cash first prize.

"The station's air-conditioned studios will be turned into exhibit halls of radio entertainment star pictures and displays of growth of radio from the early crystal set eras to the present clock-radio sets.

"Entrance will be via elevators in the Government Building (formerly Santa Fe Building), 1114 Commerce Street, Dallas, up to the tenth floor WFAA level and across a garden in the sky."

Along with other newspapers, we were asked to "spread the word" about WFAA's birthday anniversary and the plans that have been made to celebrate it. We are happy to do so because we can understand that the Dallas Morning News is justly proud of its radio affiliate. Accomplishment ought to be recognized and in the case of WFAA grateful recognition most certainly is due.

RAINMAKERS AND LAWS FOR THEM

The work of the so-called rainmakers has attracted so much attention that this week it became a topic for an editorial in the Houston Chronicle. If ever it is proved that rainmaking is effective, the battle over it will eclipse the struggle for the tidelands. That is why we reprint the editorial from the Houston Chronicle in the following paragraphs:

"The rain falls upon the just and the unjust," says the Scripture.

It also falls upon those who don't want it as well as upon those who do. This happens even when nature regulates rainfall without interference from man. Now that rainmakers have taken a hand, jurisdiction may pass from nature to the federal government.

Folks interested in the Michigan tourist business already are complaining to Washington about rainmaking activities in New Mexico. They say that clouds seeded in the arid Southwestern state early in the week arrive over Michigan just in time to dump their moisture on week-end vacationists. It seems that the Defense Department is in charge of the New Mexico rainmaking and Michigananders think something ought to be done about it.

The new science of rainmaking has almost endless complications. For instance, a famous rainmaker predicted the downpour which drenched the outdoor scene of General Eisenhower's speech at Abilene, Kan.—and that in the face of official Weather Bureau forecasts of fair weather.

Apparently there is no suspicion that Taft supporters did a bit of cloud seeding, but the possibilities of using man-made rain as a political weapon are obvious. Maybe there will have to be a law against raining out your opponent's political rally.

All joking aside, here is a matter upon which the march of science seems certainly destined to push forward the frontiers of law. Legislative regulation of artificial rainmaking is bound to run into the traditional conflict between state and federal sovereignty. Does a state have the right to regulate rain within its own borders, or shall clouds be considered interstate carriers?

Nobody needs to guess how the Michigan resort owners would answer that question.

The San Saba Court met Monday and opened the bids for the bridge and the difference made between the two locations was considerable. **GUEST
EDITORIAL**

(Editor's Note: Like everybody else who likes to relax, we agree with Lynn Landrum of the Dallas Morning News that the primary function of the movies is to entertain. Mr. Landrum has written an entertaining column on the subject and we reprint it below as a cheerful change of pace from the heavy stuff about which most columnists and editorial writers are scribbling.)

By LYNN LANDRUM

Billy Graham professed surprise that he was asked to talk to the Council of Motion Picture Organizations Conference in Dallas the other day. But the movie people knew why. He is just about the No. 1 showman of the country.

The column will not go into the controversy over Graham, his showmanship, his big-business staff and his huge financial operations. When a man says that he is working for the Lord and believes he is working for the Lord, the Columnator is slow to say he isn't. With John the Baptist in his camel's hair garb and Simeon Stylites up on top of his forty-foot pillar of stone and Billy Sunday during the devil to come out of a knot-hole in the floor—who is the Columnator to say that Billy Graham does not also wield the sword of the Lord and of Gideon?

But the subject of this morning's discourse is something that Graham said to the assembled lords of moviedom. He told them to expose Communism, emphasize racial tolerance, de-emphasize sex and so on: "Motion pictures are the biggest single factor in shaping American life. Our country is going to go almost the way you want it to go."

If the movie industry takes Billy Graham's advice, the Columnator is going to hole up of an evening with Dickens and whodunnits until the dawning of a happier and a saner day for the screen. What the American screen needs is not preaching but entertainment. There are good propaganda and bad propaganda, and the column has his definition of each, of course. But Billy Graham has, his, too. And he wants good propaganda on the screen.

Good propaganda, you understand, is what this column approves. Bad propaganda is what this column doesn't approve. But the dreariness of attending a show which forgets to be a show and becomes a pulpit is more than the Columnator can bear. There is always something distasteful when you find out that the plot is not directed at the hero—or the villain in the show—but at the fellow who has paid six bits at the little kiosk with the hole cut in the plate glass.

If this column goes to see policemen spill out of the back end of the patrol wagon and a fat man chased by the Tweed Theta Tweed sorority until he gets stuck in the sewer manhole, it is an outrage to be confronted by a Problem with a big P. Problem pictures ought to be reserved for solitary confinement malefactors in our penal institutions. The column is against them.

The column flatly refuses to believe that there is anybody at Hollywood who is good enough, wise enough or clever enough to shape American life as it ought to be shaped. There has been too much shaping by the Commies in the movie industry already. There is no remedy for that in simply counter-shaping American life. The thing to do is to yank out the Commies—and root out all the other shapers at the same time.

The Eagle's Aery

By The Editor

While visiting with friends in San Angelo last week the editor met up with Hobart K. McDowell, who also is a friend and who, during recent months, has been with Goldthwaite many times in behalf of the candidacy of General Dwight D. Eisenhower for the Presidential nomination on the Republican ticket.

Mr. McDowell is one of the most interesting of the active Republicans in Texas because he seeks to gain nothing from his labors for himself. Mr. McDowell is interested in promoting the two-party system in Texas and in having his own Party survive. For many months he has been going into every County in Texas—all 254 of them—in behalf of General Eisenhower. He said last week that he remains confident that General Eisenhower will be nominated at the Republican National Convention at Chicago and that he will be elected President.

So far, during the past year, everything that Mr. McDowell has said by way of a prediction has come to pass. When he first came to Goldthwaite he insisted that General Eisenhower was a Republican and that he would be willing to accept a nomination to the Presidency. At the time very few persons were certain of Ike's political color and only a very few had any notion as to whether he would be willing to enter the political arena. Perhaps Mr. McDowell will continue to be right. But there are many observers who are coming to think that neither General Eisenhower nor Senator Taft can be nominated at Chicago and so they are casting about for a "dark horse" who, in a deadlock, could be nominated and serve as a unifying factor.

Some time ago Raymond Moley, who is one of our more astute columnists, figured that in the event of a Taft-Eisenhower deadlock the man who would emerge on top would be Senator Knowland of California. Since then Senator Knowland has won a whopping primary victory in California and a great many people are doing a double take as they look his way in San Angelo last week Mr. McDowell said it was quite probable that if General Eisenhower were to be nominated at Chicago, Senator Knowland would be his running mate as a candidate for the Vice Presidency.

In view of the added interest in Senator Knowland, we reprint in the following paragraphs the latest article on the subject by Raymond Moley. In so doing, the editor is not discounting the confidence of the Eisenhower supporters that their man will win. The confidence is not being accepted, either, because the Taft men are so bitter that it is unlikely that they would forget their bitterness if General Eisenhower were

does its legitimate service to society by being decent and entertaining. Leave preaching to the Billy Grams and to the clergymen of lesser fame and perhaps equal winsomeness of personal sacrifice. Hollywood can be decent, and the decent pictures draw well enough when they are well done. For when they are well done they are entertaining. And when they are entertaining the people pay to see them.

By the way, what has happened to the policemen who used to spill out of the patrol wagon? Do they strap them in now?

to win. There are signs, too, that Senator Taft were to be the nomination, there are Eisenhower followers who would forget their bitterness. Amazingly, the following by Raymond Moley is all the more interesting. Here it is:

Almost a year ago I published a statement that if the Republican convention should be locked by Taft and Eisenhower a certain chain of logic would lead to the selection of Senator William Knowland of California. There were raised eyebrows when I mentioned the idea in the East and in California. The same logic, however, prevails now, a year later, and the possibility is enlarged by a number of things that have happened since.

It seemed at that time Senator Taft would certainly be the opposition of Eisenhower and the general would be easily supported by the Republicans of many states in the East and Far West. It seemed that Taft would easily gather something over 400 delegates and then find the going very hard in adding the necessary 500. It seemed unlikely that Eisenhower could get the magic number of 600 and that he would be fought to the end by the supporters. Hence the likelihood of exasperated delegates searching for somebody to nominate who could cement the party and win the election.

At such a time the logic of the sequence indicated that the best looking for a way out was to find the large California delegation a fine center upon which to gather a majority. It seemed to me that those delegates, who might be classed organization Republicans as well as the Taft leaders, would agree on Warren. At that moment the remarkable ability of Knowland was apparent and Warren, who is essentially a generous man as well as a shrewd politician, would accept this solution and take his weight on the side of winning the great prize for state.

It was apparent then, it was for some years before, that Knowland was a loyal Republican who thoroughly believed party government. His views on domestic issues could be regarded as moderately conservative well to the right of more moderate and slightly to the left of Taft. No member of Congress had made such an intense study of Far Eastern affairs one had been a more effective.

Medics Warn Of Federal Control As Liberty Threat

Members of the Medical Society of Brown, Mills, Comanche and San Saba Counties, of which Dr. M. A. Childress of Goldthwaite is the President, held their annual picnic last Monday at Gaines Lodge, on Lake Brownwood. In addition to Dr. and Mrs. Childress, those from Goldthwaite who attended were Mr. and Mrs. Lewis T.

Hudson. The guest speaker was Dr. Truman C. Terrell, President of the Texas Medical Association and a member of the State Board of Health. He also is affiliated with the renowned Terrell Laboratories of Fort Worth.

Dr. Terrell, who spoke for the system of free enterprise, warned of attempts not only to socialize American medicine but also to make the entire country socialistic. He emphasized that of every dollar contributed by Texas to the federal government, the State receives only 27 cents in return—indicating the high cost of centralized, bureaucratic control.

Dr. William Gambrell of Austin, past President of the Texas Medical Association, also spoke on the need of continuing the fight against government efforts to take over control of private enterprise. About 100 members and guests of the Medical Society attended the picnic.

In his address Dr. Terrell said that "we must re-sell our sons and daughters on the idea that in this nation they can get ahead if they want to work and want to learn." He defined free enterprise as the force that "kept Washington in Valley Forge and sent him across the Delaware and kept Travis at the Alamo."

"They are the things that mean the self-respect and the pride within the individual. They are the things that really count."

"A friend of mine once told his son a very simple thing. All he said was that the important thing today is that you must al-

Death Calls Mrs. S. T. Weathers Who Had Lived Here For 71 Years

Mrs. Steve T. Weathers, who had lived in what is now Mills County for 71 years, died on Thursday morning of last week at Memorial Hospital in Brownwood. She was 74½ years of age.

Funeral services were conducted last Saturday afternoon at the Church of Christ in Goldthwaite by Minister James A. Fry. Mrs. Weathers had been a member of the Church of Christ since her girlhood.

Interment was in the Goldthwaite Memorial Cemetery with arrangements by the Fairman-Wilkins Funeral Home.

Mrs. Weathers died after a period of sorrow and worry. Four weeks before her death her eldest daughter, Mrs. Walter Reeves, had died of injuries that were suffered in an automobile accident. Her husband only recently had returned home after having submitted to surgery in a Brownwood hospital. Previously Mrs. Weathers herself had been hospitalized and between that time and her fatal illness

she fell in her home and broke her wrist. She was about to submit to surgery when she was called by death.

A daughter of the late Mr. and Mrs. Houston Campbell, Mrs. Weathers, who was the former Ada Bell Campbell, was born near Brenham on Christmas Day of 1877. She was only a little more than three years of age when she moved with her family to what now is Mills County.

On December 23, 1896, the former Ada Bell Campbell and Steve T. Weathers were married at McGirk. Mr. Weathers, who survives, has been a resident of Mills County for 63 years. He was a barber prior to his retirement.

Of six daughters and a son who were born to Mr. and Mrs. Weathers only two daughters survive. They are Mrs. Dan Ross of Rock Springs, Texas, and Mrs. Florene Renfro of Santa Anna, California.

Also surviving are ten grandchildren and five great grandchildren.

The high esteem and respect with which Mrs. Weathers was held by those who knew her was reflected by the many persons who paid tribute by attending the final rites last Saturday and by the large number of floral offerings to her memory.

Pall bearers at the funeral were Houston Reeves, Jess Moreland, Gene Ed Reeves, Harold Yarborough, Maynard Reeves and Doc Higgins.

DESCENDANTS OF BOB BULLS HOLD FIRST REUNION AND DECIDE TO RALLY WITH LONG CLAN NEXT YEAR

At least 100 persons registered for a reunion of the descendants of the late Mr. and Mrs. Bull that last weekend at Lake Merrett and which will be repeated next year on a much larger scale because the kinfolk who trace their lineage back to the Bob Bulls will be joined by all of the Longs. Won't that be something?

Mr. and Mrs. Bob Bull, who were among the earliest settlers of what is now Mills County, moved away to Montague County in 1892 but a large number of their descendants came back for the reunion last weekend for the reunion centered around Mrs. J. W. Long, who at nearly 79, is the eldest of the seven living children of the Bob Bulls.

A reporter who took his notes to an adding machine figured out that there are at least 169 living descendants of Mr. and Mrs. Bob Bull—and a goodly number of them attended the reunion at the Walter Fairman cottage at Lake Merrett last weekend. The arithmetic works out this way:

The seven living children of Mr. and Mrs. Bob Bull had 42 children. They had 85 grandchildren and 35 great grandchildren. That adds up to 169, with the probability that several somebodies were left out amidst all of the hectic counting of last Sunday afternoon.

What will happen to the adding machine when the Long clan gathers can be guessed at when it is understood that it will have to cope with the descendants of Mrs. C. W. Law and Ben and Robert Long, who still live here, as well as the descendants of the late Tom, J. W., Dan and Riley Long.

The children of the Bob Bulls who were present for last weekend's reunion were:

Mrs. J. W. Long. She has six children, 14 grandchildren and 17 great grandchildren. Her children who attended the festivities were Mrs. Delia Burdett of Grand Prairie, Mrs. Theima Booker of Fort Worth, Travis and Bowie Long of Goldthwaite, and Mrs. Elva Moreland, also of Goldthwaite.

Walter Bull of Saint Jo. His contribution to the Bull family

tree includes five children, eleven grandchildren and five great grandchildren.

Floyd Bull of Bishop—nine children, 32 grandchildren and 13 great grandchildren.

Mrs. D. F. (Annie) Pollock of Nocona—seven children and 18 grandchildren. Incidentally, Mr. Pollock had quite a time for himself Sunday afternoon. He

Mullin Revival And Bible School

Summer revival services will start on Friday of this week at the Mullin Methodist Church and will continue through June 27 with the Rev. Mouzon Fletcher, Pastor of the Russell Memorial Methodist Church at Willis Point, as the guest evangelist. Last winter Brother Fletcher, the son of a Methodist circuit rider, preached at the Mullin Church during the united evangelistic mission. Prior to responding to a call to the Ministry, he was a school teacher.

The revival services will start nightly at 8:15 o'clock. On Wednesday of this week, the daily vacation Bible school started at the Mullin Methodist Church with classes every morning from 8:30 o'clock until 11:30 o'clock. They will continue through June 28.

The children of Mr. and Mrs. Bob Bull who were not able to attend the reunion were Mrs. Mattie Posey, widow of the late W. M. Posey of Healtown, Oklahoma; and Mrs. C. C. (Nollie) Hedrick of Antlers, Okla. Mrs. Posey's contribution to the Bull family tree was seven children while Mrs. Hedrick's was six children and eight grandchildren.

The reunion began on Saturday and ended on Sunday afternoon.

"We haven't had time to do anything but talk and mix a little eating with it," was the way Mrs. Pollock described the weekend events. The food was so good that John Long bragged about it while at the same time announcing that all the Longs would join with all the Bulls in next year's reunion, which will be sometime in the middle of June. Much of the success for the menu was due to Mrs. Allen Moreland and Mrs. Larry Dalton who started frying chicken at the crack of dawn last Sunday morning. It took a lot of chicken for nearly 100 persons but there also was ham, cake, salads and goodness only knows what else.

Last Friday Mrs. Moreland drove up to Mrs. J. W. Long's home on the highway to Priddy, brought her into Goldthwaite and fixed up her hair so attractively that "Aunt Alice" or "Granny Long"—take your

choice — looked anything but the 79 that she will reach next October. All and sundry were paying court to Mrs. Long, who was showered with both flowers and affection.

There was, of course, much family talk. Bob Bull, who died in 1911 in Oklahoma, had been a Texas Ranger both during and after the War Between the States. He and Mrs. Bull were among the pioneer settlers of Big Valley. Mrs. Bull died about 14 years ago in Saint Jo.

The oldest person present at the reunion was George Holland "Fess" Frizzelle. He was 87 last March but last Sunday afternoon he was much spryer than many of the younger folk.

Also among those who were present were Ben Long, John Long, Louis Long and Henry Long—all of them enthusiastic

about having the Bull and Long descendants participate in the joint reunion in mid-June of 1953. So many other persons were present having fun that it would not be possible to list them all in just one issue of the Eagle.

Dale Gwin, 9, Is Abed After Waco Treatment - He Needs Friendship

Dale Gwin, 9, son of Mr. and Mrs. John L. Gwin, is spending these hot summer days in bed at home with his left leg hoisted by a pulley and with a five pound sack of sugar pulling against the contrivance.

After a check-up at the Hillcrest Hospital in Waco last week, Dale faces the prospect of going back to hospital on June 30. On his last trip he was at Waco for a week. And neither Dale nor his parents have any idea of what lies in store after the June 30 re-examination. So, with Dale abed again, you can help a small boy to while away the time by calling on him, sending him something to read or providing him with games that he can play with his hands.

Dale has been in and out of hospital and in and out of bed for the past four years. He has suffered prolonged trouble with his right leg and just when it seemed that he was out of the woods he began to limp on his left leg about six weeks ago. His right leg is okay but because of the new trouble in the left leg he has had X-rays, blood transfusions and now that pulley and five pound sack of sugar.

Mr. and Mrs. "Hi Neighbor" Gwin and the doctors are doing everything possible by way of both curative and preventive measures. What is needed now is a boost to Dale's morale by people who know how much good can be done by an outpouring of the milk of human kindness.

Electric Home Freezers...

THE MODERN ANSWER TO:

- Less Work • Lower Food Costs • Greater Convenience!

ONLY A FEW WEEKS... and fresh fruits and vegetables will be available in quantities... Whether you buy them or raise your own, you can enjoy delicious, garden-fresh fruits, vegetables, fish and game the year round from your FOOD FREEZER.

Yes, indeed! An electric food freezer is convenient and saves you money, too!

And convenience is another great benefit when you own a food freezer... Convenience in buying to take advantage of special bargains, in fewer trips to the store (you "shop" from your freezer in bad weather)... convenience in having a variety of food always on hand to please the taste of your own family, or to provide for unexpected guests.

Frozen foods are popular with everyone... and doubly so with the thrifty housewife who knows the convenience, and the real saving in work and food costs that a home freezer brings.

Don't put it off any longer... find out how these savings actually will pay for your food freezer.

The granddaughters, Marilyn and Carol Jean Mitchell, of Beaumont, left with the Cawyers Sunday morning. And now there is a sort of lonely, let-down feeling around the Briley home.

Mr. and Mrs. Jenks Martin of Brownwood fished at the Dwyer place Friday and caught several nice yellow cats. They invited Mrs. Dwyer, Austin Cawyer, and Ednabeth to eat dinner with them Saturday. Mrs. Dwyer said when they arrived everything was ready but the fish. Jenks tended to that out in the back yard, and in 15 minutes had them browned to a turn. Mrs. Dwyer says it was a real feast served with an enjoyable talkfest in a most delightful place.

We met Mrs. Ernest Russell

and Helen in town Friday. Mrs. Russell says besides their garden they have all their land in cotton and water melons. She is happy to be canning from her garden. She says she is tired of buying everything they eat at the grocery store at such high prices.

Things have been humming at the Malone place this past week. Mrs. Cecil Egger, Mrs. Charles Griffin, and Johnny have been helping Mrs. Burn with the interior of the house. Dewey Smith and Charm Whit-tenburg are still drilling on the well. Mrs. Burn had to leave Tuesday for Van Horn. That wedding was still on hand. Friday, at the home of her sister, Mrs. J. E. Bean, she is to sponsor a party for the bride. The wedding will take place June 27. Mrs. Burn will not return here before returning to her home in Manila. She couldn't get everything done about the house, but she says she will finish it when she returns next April.

Stanley Reeves was a guest for dinner at the Briley home Sunday after Church. He said Mrs. Reeves left four weeks ago when her daughter, Mrs. Fred Crawford, of San Antonio came and took her home with her. At the end of two weeks Stanley and granddaughter, Evelyn Hardin went to San Antonio for the weekend. Mrs. Reeves then went on to Brownsville, and they will bring Mrs. Reeves home with them.

Mr. and Mrs. George Russell and baby of Big Spring spent the weekend with her parents, Mr. and Mrs. Blue Thompson.

Mrs. Charles White writes from her home in Los Angeles that Charles has arrived in Germany, and her two brothers and sister have arrived at her home from Germany.

Jim Wilmeth hears from his daughter, Mrs. Wayne Taylor, of Fresno, Calif., that they will meet him at the home of her sister, Mrs. Paul McClung, at Lamesa, June 21. Jim plans to go home with them for a visit.

Mr. and Mrs. Allen Carter are home again after having visited for three weeks with their son, D. Albert Carter, and Mrs. Carter and their family, at Kopperl.

Mr. and Mrs. Jack Porter and family visited his relatives in Brownwood and Blanket Sunday afternoon.

THREE ARE FROM MILLS COUNTY

The picture above was published in last week's esteemed San Saba News and the Eagle is printing it this week because of its interest to Mills County. It seems that the week before last there was a rush of brand new arrivals at the San Saba Memorial Hospital and the picture, by courtesy

of the San Saba News, shows what happened better than words could tell. The baby in the center, foreground, is none other than Keith George Brooks, son of Mr. and Mrs. Horace G. Brooks. He weighed in at 6 pounds, seven ounces. Standing, left, is Mrs. Alfred (Frances) Carter of

Goldthwaite. Mrs. Carter is Supervisor of Nurses at the San Saba Memorial Hospital. The nurse in the center is Mrs. Adrian (Pearle) Long of Big Valley. The nurse at the right is Mrs. Doris Broyles. The story that went with this picture when it appeared in the San Saba News explained that the first arrivals among the babies were accommodated in bassinets while those who came along later were snuggled into cardboard boxes. It is plain to be seen that young Keith George Brooks made it a point of arriving in time to grab off a bassinet for himself.

Robert Fry, son of Minister and Mrs. James A. Fry, is attending the high school encampment at Abilene Christian College.

Woman Dies Of Hurts Suffered In Car Accident

Mrs. G. W. Gann, 61, suffered fatal injuries shortly before six o'clock last Saturday morning when a car in which she was riding with her two sons plunged off highway 84 and into a creek bed about a mile toward Goldthwaite from the Lake Merrett road intersection. Roy Wilkins responded to an emergency call with a Fairman-Wilkins ambulance and took Mrs. Gann and her sons, George W. Gann and Cleatus Gann, 21 and 19, respectively, to Dr. M. A. Childress for treatment. The accident victims then were taken by Leroy Stacy to the San Saba Memorial Hospital, where Mrs. Gann died Saturday afternoon.

At the time of the accident the Gann car was moving eastward from El Paso to Eddy, near Waco. The driver, who was identified by Sheriff C. F. Stubblefield as Cleatus Gann, apparently fell asleep at the wheel and the car crossed to the wrong side of the road, plunged through a heavy metal rail guarding the approach to a concrete bridge, leaped a low woven fence, crashed through a tree and smashed into the creek bed.

Dr. Childress said that Mrs. Gann suffered severely from shock, multiple fractures of the arms, legs and ribs and probable internal injuries. Death followed within a matter of hours after arrival at the San Saba Memorial Hospital. The driver of the car suffered fractures sufficiently serious to be hospitalized but his brother escaped with only minor bruises.

The car, very badly damaged, was towed from the accident scene by the Carothers Motor Company. Earlier this year a Fort Hood soldier was killed at the same spot when a car in which he was riding in the same direction from Brownwood also swerved to the wrong side of the road and plunged through the guard rail into the creek.

critic of the Truman-Marshall-Acheson conduct of Asiatic affairs. Moreover Knowland had taken a fair and moderate approach to the problem of aid to Europe. He could not possibly be regarded by Eastern Republicans as an isolationist. For these and other reasons it seemed like a reasonable possibility a year ago that Knowland might be the man. The events of the past year have added to these potentials. First the President removed General MacArthur and thus precipitated a battle in which Knowland played a notable part. The entry of MacArthur into the political arena makes it certain that the Asiatic issue will be prominent in the campaign and there is no reason why MacArthur would not throw his support to Knowland if it should appear that Taft cannot make the grade. Finally and most important has been the result in the California primary on June 3. Knowland not only swept both primaries for the senatorial nomination but he piled up a vote that was an amazing proof of personal popularity. He outdistanced his opponent in all by 1,680,000. The immense importance of this in California can be shown by a comparison with Warren's victory of more than a million votes over James Roosevelt in 1950. This is not only proof that Knowland is a tremendous vote getter but that the issue of administration blundering in Asia is a bitter, vital matter to people on the West Coast. No Republican can carry California this year who attempts to be lukewarm on the Marshall-Acheson policy in Asia. Hence the Knowland availability is a very significant thing. And I am not referring alone to the possibility of his nomination for the vice-presidency.

M. Y. F. Officers Go To Kerrville Meet

Mrs. Ed H. Lovelace accompanied Jo Ann Duren and Chester Edward Brooks on a trip to the summer camp at Mount Wesley in Kerrville for the Officer's Conference of the Methodist Youth Fellowship that was held last weekend. During their stay they attended various workshops and elective groups and participated in recreational activities.

Mrs. Lovelace was appointed to act as Dean of the girls' dormitory while Jo Ann and Chester were kept busy learning M. Y. F. administration, the functions of various commissions and how to use recreation facilities.

While they were there, the Publicity Committee wrote, edited and circulated a small campus newspaper called the "Sou-Wester, Jr.," on the staff of which Chester Edward Brooks served as associate editor.

The First Methodist Church of Goldthwaite sponsored the trip by its members to Mount Wesley.

Our WASHINGTON Letter By C. O. FISHER Strangely enough, the big labor unions have for more than two years led the fight against production of food and fiber in Texas and the Southwest. By opposing arrangements for Mexican labor to come across to tend the flocks, plant and harvest crops where there has been no local domestic labor available, the unions have fought a rear-guard action against production by the farmers and ranchmen in the southwest. Paradoxically, the same unions have yelled the loudest for price controls to hold down cost of living, ignoring the fact that production is the only real answer to high prices. Those of us who have striven for a sensible labor agreement with Mexico, which would permit imported labor only in areas where the Secretary of Agriculture certifies there is a local shortage, have been vilified and chastigated by the big labor papers for our efforts. Because I recently opposed the

spending of nearly a million dollars to finance a gigantic airlift program, at Uncle Sam's expense, which would transport illegal aliens deep into old Mexico—I was branded by a big labor paper as "a chief spokesman for the 'Landlord Farmers' Lobby." I figured they could be transported across the border without providing luxury airplane rides. Speaking of the unions, it must be remembered that the political heads of those organizations do not necessarily speak for the rank and file member—particularly of Texas members. Much of their tirades is to placate the left-wing elements found mostly in the North and East. A good example is the recent CIO demand that President Truman's veto of our tidelands bill be upheld. A letter from the CIO, dated June 5, gave the usual line of half-truths and misrepresentation with respect to the tidelands issue. By way of contrast, on the same date the American Farm Bureau sent a letter urging the Congress to override the President's veto of the Tidelands bill. "The issue involved is far broader than the question of ownership of the lands involved," said the Farm Bureau. "The broad issue, and one that is becoming more evident with each passing year, is whether control over our national resources is to be further centralized in the Federal Government or is to be decentralized to the States."

Minister Fry

(Continued From First Page.)
dream our dreams but we must make those dreams come true...
"With earnest effort, some industry can be brought to Goldthwaite. I leave the thought of our great need with you and I hope that you will think about it, realizing that the solution may be some time away and that we may not have the answer for even as long as ten years."

Lions President-elect Jesse Moreland, who presided in the absence of President Leston F. Bain, thanked Minister Fry for his challenge to the community and expressed the opinion that "it is up to the Lions Club to hold our people here and to help our community to grow."

Prior to the address by Minister Fry, Ray Duren reported on continuing effort to make it possible for Goldthwaite to have a swimming pool. He reported that on Monday of last week he inspected a 100-foot by 40-foot oval pool at the Methodist Assembly Ground at Kerrville. The pool, Mr. Duren said, was built at a cost of about \$12,000.00 and experience had shown that it could have been built for less if a sand and gravel filter system had been installed instead of a gas purification process.

Mr. Duren said that further conferences with engineers regarding a swimming pool suitable for Goldthwaite and within

the means of the community had been planned. Minister Fry opened his address by praising the Lions for having assumed the leadership in the swimming pool project.

Also before Minister Fry spoke, Charles Conrath, Scoutmaster of Boy Scout Troop 45, told the Lions that an expression of thanks was due to Scoutmaster James Nickols of Troop 77 for having spent last week with 19 boys from Goldthwaite at Camp Billy Gibbons, although to do so meant the loss of his income. Mr. Conrath asked each member of the Lions Club to thank Mr. Nickols "for his unselfish and devoted effort" in behalf of the Boy Scouts.

The Lions Club then responded enthusiastically to a motion by Dr. T. C. Graves, calling for a rising vote of thanks to Mr. Nickols.

Mr. Jones is 47—but he looks much younger.
