WHY A SWIMMING POOL?

For several months a number of hard working and public spirited citizens of Goldthwaite have devoted much time and effort in hope of making it possible for Goldthwaite to have a swimming pool that would be of benefit to all of Mills County.

They believe now that the planning has reached a point where it can be demonstrated that a swimming pool is feasible for our community. A fund of from \$12,000 to \$14,000 is needed. It is proposed to raise about \$4,000 by public subscription and then, if that effort succeeds, to ask the City Council to authorize an election in which the people would vote on a revenue bond issue of from \$8,000 to \$10,000. The unselfish work that has been done has been for the following reasons:

1— A swimming pool would provide wholesome and healthful recreation for both youthful and adult citizens and would have great safety education value by making it possible for youngsters to learn to swim at home.

2— Our youth could stay home for swimming and fun instead of having to find it by driving long distances on dangerous highways.

3— A swimming pool-recreation area would attract people to Goldthwaite, thereby stimulating business and giving a boost to the economy of Mills County as a whole.

4— The proposed project would create a beauty spot and so would enhance civic pride.

5— The project would NOT impose a tax burden of any kind. The plan is to provide equity in the form of a publicly-subscribed fund. The remainder of the cost would come from a revenue bond issue on which the people would vote. Revenue from the pool would maintain it and eventually pay off the capital expenditure.

6— Water is NOT a problem. The pool would be filled at a time when water would be plentiful. A filter system, which would purify the water every six hours, would make possible the re-use of the same water throughout the swimming season. Replacement of loss by evaporation would be made in negligible amounts on a daily basis.

Please read the news story in this week's Eagle on the latest developments in the swimming pool project. Then, please, mark the ballot that you can clip from this same page and either bring it or mail it to the Eagle office so that those who have worked so hard in behalf of giving another asset to our town and County may have an understanding of public opinion before starting fund-raising and before resuming consultation with the members of the Goldthwaite City Council.

A prompt reply in the form of marked ballots will be appreciated so that the results of the "straw poll" that is offered herewith may be considered at a meeting of the Goldthwaite Lions Club next Tuesday night.

Duren's Big Melon

The water melon season is in full swing — and what luscious melons there are. On Wednesday morning Houston Duren casually put a water melon on his scales, which tipped at 60 pounds! That made a thirsty reporter spend an entire day wishing that while he was weighing his water melon, Mr. Duren had gone to work on it with a butcher knife.

NEW CENTER CITY CHURCH

(Eagle Photo By Wicker Studio).

Arrangements were being made this week for the dedication, in the near future, of the newly-built Methodist Church at Center City. The edifice, pictured above, was constructed in part by volunteer labor, which included people of the Center City community of all denominations and members of the Star Chapter of the Future Farmers of America. The Rev. C. A. Hogan, Pastor of the Star-Center City-Pleasant Grove Methodist circuit, and Carey D. Owens said that an announcement on plans for the dedication ceremonies at Center City would be made soon.

Interest Keen In Absentee Voting

County Clerk Earl Summy said on Wednesday afternoon that eleven voters had cast absentee ballots for the July 26 first Democratic primary election and that applications for approximately 15 additional absentee ballots had been issued by his office. Absentee voting so far is considered to indicate a high degree of interest in the July 26 primary election. Absentee ballots may be cast upon application to Mr. Summy between now and the close of business on July 22. Mr. Summy reminded voters that under the newly revised Texas election code there must be personal application for absentee ballots or, in case of illness so serious as to make personal application impossible, there must be presentation of a physician's certificate.

Aldermen Hear Swimming Pool Plans, Proposals

A called meeting of the Goldthwaite City Council on Tuesday night was brought up to date on proposals for a swimming pool for Goldthwaite and the Aldermen, without taking formal action, indicated an attitude of sympathy toward the project.

Ray Duren, former President of the Goldthwaite Lions Club, told the Aldermen and Mayor Charlie T. Wilson of latest developments which indicate that a swimming pool can be built in Goldthwaite for \$12,000 or \$14,000. He suggested that if about one-third of the needed money could be raised by public subscription, the City Council then would be requested to ask the citizens, at an election, to approve a revenue bond issue to complete financing of the proposed project.

On Tuesday Mr. Duren, W. C. Barnett and Jesse Moreland, current President of the Goldthwaite Lions Club, went to New Braunfels to inspect four swimming pools with A. E. Stein, an expert of New Braunfels. Mr. Duren, Mr. Moreland and Mr. Barnett were acting as public-spirited citizens and not in any official capacity.

With the City Council they discussed site, water supply, filtering, financing and the tremendous advantages that would accrue to Goldthwaite if a swimming pool and recreation area could be brought into being here. It was emphasized that water is NOT a major problem inasmuch as a sand and gravel filtering and purification process would make possible repeated re-use of the initial filling of the pool.

A number of citizens have worked on the project for several months, assembling information and seeking a plan within Goldthwaite's means. The Lions Club maintains a swimming pool committee, headed by the Rev. Ed H. Lovelace, Pastor of the First Methodist Church. Serving with him are Jesse Moreland, who took the place of Leston F. Bain, E. J. Gilliam, Jr., Ray Duren and Mr. Barnett.

Also, Dr. T. C. Graves and Houston Duren are members of a Lions Club finance committee for the project. Included in preliminary discussions have been representatives of the Goldthwaite Garden Club, the Self Culture Club, the Art and Civic Club and the Tuesday Study Club. All concerned have made a tentative recommendation that the proposed swimming pool be located near the Municipal Ball Park on city-owned land.

Attending Tuesday night's meeting in addition to the Mayor and Mr. Moreland and Mr. (Continued on Back Page.)

City Council Has Meeting To Talk For Public

ORDER AND MERIT IN GIVING

It seems to us that wise and helpful action was taken by the Goldthwaite Lions Club last week when Warren P. Duren, Brian Smith and Lewis T. Hudson were appointed as members of a Solicitations Committee by Lions President Jesse Moreland with the approval of the Board of Directors and the Lions Club membership.

The purpose of the Solicitations Committee is not to make solicitations. Its purpose, rather, is to approve or disapprove the causes of those who constantly are going to the public, and especially to businessmen, asking them to give.

Most of the requests for funds that are put to all of us so often are for good causes or they are based on worthy motives. But sometimes they are poorly timed; many of us are asked to give to too many organizations too frequently. There are times, too, when requests for donations fall into the class of "shakedown."

The Solicitations Committee that has been established locally is willing to listen to all of those who may wish to make public solicitation of funds. If the purpose is worthy, it will be commended by the Solicitations Committee and those who engage in fund raising will be able to present credentials. When such credentials cannot be presented, those who are asked to donate will feel no embarrassment in politely declining to give.

The need for a Solicitations Committee is not peculiar to Goldthwaite. In one form or another, such groups have been or are being formed throughout the country. In large centers of population Community Chests conduct concerted "drives" for funds from the public and apportion the proceeds among approved organizations. But where such a device is not considered justified, it has been found essential to have some means of screening and approving fund-raising efforts.

The raising of funds by both professionals and amateurs has created a problem of no mean proportions for every big-hearted American. If the mail does not bring an appeal for funds, then it is a rare day on which someone does not knock on the door of a business establishment or a home to ask for money. It is a rare person whose resources can be stretched far enough to meet all of the demands that are made.

Our Churches and organizations such as the American Red Cross, the Boy Scouts and the Girl Scouts have financial needs that must be met by generous giving. As a rule, their needs are met — sometimes at sacrifice on the part of the givers. There are many other organizations that meet their financial needs through the efforts of their own members, without appealing to the public. But it is true, also, that many a group with an idea that requires money to make it effective simply goes out to "make a collection" without giving consideration to the stresses and strains on the purses of donors or without thinking of overall value to the general welfare.

Any group or organization that has fund-raising in mind through a general appeal to the public would be well advised to take its cause to Warren P. Duren, Brian Smith and Lewis T. Hudson for counsel as to timing and for advice as to whether the Solicitations Committee feels able to commend the project.

Within the slender limitations of our resources we shall give careful and thoughtful consideration to any appeal for funds that comes with the commendation of the Solicitations Committee. If there is no such commendation, we shall feel perfectly free to decline to give.

In the long run, we believe, worthy organizations will benefit from having their proposed fund appeals considered by the Solicitations Committee and the public generally will gain from guidance and from the elimination of those who go out to "put the bite" on businessmen who hesitate to say "no" but who have neither the time nor the facilities for making a careful examination of the merits of the demands that are made upon them.

Community welfare on a community-wide basis is one of the considerations that has to be taken into account in giving. We think that in appointing the members of its Solicitations Committee, the Lions Club made a wise selection to accompany a wise and over-due move.

As part of the plan of the Lions Club, cards will be available for business houses. They will indicate that in the places where the cards are displayed, giving will be contingent upon presentation of indication of the approval and commendation of the Solicitations Committee.

GUEST EDITORIAL

(Editor's Note: With the Republicans having their big time in Chicago this week, thoughts now are turning to what the Democrats will do in this national election year. This week the Dallas Morning News said editorially that it wanted no part of Governor Adlai Stevenson of Illinois for President because, primarily, he is just another Queer Dealer and is against Texas on the tidelands issue. Then Lynn Landrum, writing in the Dallas Morning News a couple of days later, had some pointed remarks about Harry S. Truman and his attitude toward the South. With the Democratic National Convention in the offing, Mr. Landrum's column is worthy of thought. Here it is:)

By LYNN LANDRUM

Harry Truman's trip to Arkansas is his idea of placating the South. The Southern States have been the heartland of the Democratic party through the years. Their leaders have shaped its principles, borne its burdens and shared its lean years. Its privileges, its prize awards and its fat years have been devoured by the likes of Harry S. Truman. Mr. Truman has spurned the Southern States, ignored their wishes, despised their traditions and their institutions. He has outraged Southern life to its very core. He has conducted a government so basically corrupt that it has astounded the most cynical among us. And with an assurance that can be born only of Bourbon and branch water, the little man from Missouri comes to us now to boast of himself and his works.

The position of Truman is that the South has to vote Democratic, therefore it makes no difference what or whom the South really wants. The Southern voter is a bounden political slave without choice or voice in what is done with the most precious things known to the South. In return for all this slavish acquiescence, Harry Truman promises one thing—money.

Mr. Truman expects Arkansas to believe that Bull Shoals and Norfolk Dams are a gift to Arkansas from the Queer Deal. Anybody who has ever been short-changed at the ticket window of a gyp show should be able to figure out the spirit of the "gift."

The money that is dumped in Arkansas is only a part of the millions drained from Arkansas by taxation. The New Deal and the Queer Deal have cost Texas billions. Yet there are adult, literate Texans who will look you in the eye and say, "We never had it so good." There are such Southerners, for so they call themselves, in Arkansas and the rest of the Solid South. But they do the South no honor.

Harry Truman figures that he has bought us with our own money. He is wagering that we are fools enough to stay bought. He expects us, like whipped hounds, to nuzzle the lash gratefully and lick humbly the spittle of White House contempt.

The Columnator admits that he is a trifle uncalm about all this. Things have been done to America and to the South by Harry Truman with such devil-may-care truculence that the column is completely fed up with it.

So far as the column is concerned, Truman and Trumanism have no claim whatever to good will or political support. Truman and Trumanism have stolen our tidelands, converted the political party of our fathers to double-dealing toadyism to pressure groups and lowered public service to the point where honest Texans are almost ashamed to admit that they hold a federal post.

The column does not associate Harry Truman with corruption in the sense of charging that Harry Truman took money out of the Treasury unlawfully and put it into his own pocket. The association is not of the column's doing. The truth is that Truman has appointed crooks to office, has made cronies of them and relieved himself of them only after they were caught and exposed to the gaze of the whole world. He seems to like friends of that sort. When they get in trouble in New York or Missouri, he goes to bat for them. The column wants somebody who will go to bat for honest, decent, law-abiding, patriotic America.

left South Bennett for a prospecting trip through the west, was met by S. P. McPherson beyond Coleman and was getting along well. He will probably go to Portales, New Mexico.

The Eagle's Aery

By The Editor

Back on June 3 the Mills County State Bank closed for the day to observe the birthday anniversary of Jefferson Davis. Through one of those inadvertencies that will happen in the best of regulated families, the note that reached the editor on the subject had announced that the bank would close in observance of the birthday anniversary of Thomas Jefferson!

The editor, being a Jeffersonian Democrat who continues to read and re-read Thomas Jefferson, taking the note about the bank as his peg, wrote for the May 30 issue of the Eagle an editorial on Thomas Jefferson. The following Tuesday the bank closed to observe the birthday anniversary of Jefferson Davis and until last week there was every reason to believe that the editorial on Thomas Jefferson had caused not even a ripple of comment.

The Mills County State Bank and readers generally either failed to detect the Thomas Jefferson-Jefferson Davis confusion or they ignored it. But one reader, Miss Virginia Oglesby, who was teaching school in Wilmington, Del., did take notice and last week she came in

to tick off the editor about inadvertency. Previously she had remarked about the Loy's Grocery about how his daughter had said editors ought to "check." Accordingly, the full of hard-working people contrive to put out the every week and who do check many scores of every week will take special care to check the anniversary of the Mills County State Bank serves by closing. Meanwhile the editor is happy that even a placed opportunity came to draw public attention to the philosophy of Thomas Jefferson at a time when it could be heeded.

It would be especially special to have a widespread reading of the principles of Thomas Jefferson and the end of the Democratic National Convention — will follow the big Republican gathering of this week in Chicago. It seems that there are many Democrats, who, like Thomas Jefferson, if he returned, would be willing to the label of any political party now existing in this country today.

JUST FISHIN' AND THINKIN'

Once upon a time there was a Farmer.
He was a good Farmer — but a little Lazy.
And he liked fishing — Fishing and Thinkin'.
So when he had plowed all his Fields but one
After the crops were in, he went fishing —
Fishing and Thinkin'. And he let that one Field
Grow rank with the Posay Weed.
The next Spring he turned it under
And the crop grew and he went fishing.
Now Fishing and Thinkin' had sharpened his
Powers of Observation — and he noticed that the
Crop on that patch of Land was better than the
Others... He had discovered the
Soil-building Value of Sweet Clover.
*Sweet Clover used to be called "Posay Weed."

GENERAL MACARTHUR'S SPEECH

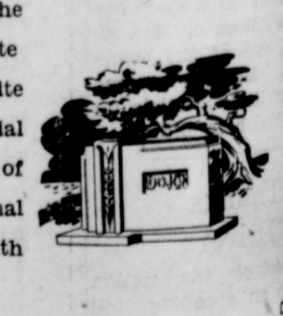

Even if made before a political convention the speech by General Douglas MacArthur in Chicago last Monday night ought to be read and re-read by every thoughtful American who is interested in the crisis to which this country has been brought by inept leadership in both domestic and foreign affairs.

Nobody can well ignore General MacArthur's assertion that the danger of a third World War is real and present.

We can hardly ignore the assertion that the American people, while asking for leadership and wise counsel, want instead only a ceaseless spend and spend, to tax and tax — only a callous indifference mounting disclosures of public corruption and waste in public administration.

The groom wore a tuxedo and carried a lavender and purple boutonniere. The bride's bridesmaids were Miss Clark of Coleman and Miss Ann Steen of Goldthwaite. The bridesmaids wore Nile green ballerina taffeta dresses with net skirts, Nile green shoes, and green picture hats with velvet ribbons and lilacs. The groom's best man was Don Clark, president of the Mullin Lions Club. The officiating minister was Rev. Elwood Birklebach of Livingston.

Casbeer Family Gathers Over 4th

From more than a score of towns and cities in Texas and from so far away as Mississippi, members of the Casbeer family gathered for a reunion that was held from last Thursday through Sunday at Riverside Park in Brownwood. For the most part, those who attended the reunion were the children, grandchildren and great grandchildren of the late Mr. and Mrs. B. R. Casbeer, who were among the early pioneers of what now is Mills County. There were 169 persons present for the reunion.

Johnnie Smith and Margaret Brown visited in the Fred Laughlin home Saturday evening.

R. B. Slaughters Entertain Fourth Annual S. F. Harper Family Reunion

Descendants of the late Mr. and Mrs. S. F. Harper, who settled in Star as early pioneers in 1881 or 1882 — before there was a Goldthwaite — gathered last Sunday, 130 strong, for their fourth family reunion on the old "home place," which now is the ranch of Mr. and Mrs. R. B. Slaught of Dallas. Mr. and Mrs. Slaught were host and hostess to those who attended the reunion.

Of ten children who were born to the late Mr. and Mrs. Harper, seven were present for the reunion last Sunday. They were Mrs. Ed Knight, Mrs. Tom Emdy and P. O. Harper, all of Star; Guy Harper of Fort Worth, Alvin Harper of Irvin, Mrs. R. B. Slaught of Dallas and Mrs. Henry Ezzell of Goldthwaite. The only other surviving child, Bess Harper of El Paso, was unable to be present for the reunion.

(Editor's Note: Now that Congress has adjourned and Representative O. C. Fisher is back in our own 21st Texas District, the Eagle this week is printing in place of the Congressman's usual Washington Letter an article from Brady on a speech that he made there last Friday. It follows:)

BRADY—America was founded upon the principle of Free Enterprise, Rep. O. C. Fisher reminded a Fourth of July audience at Richards Park Friday. "And it has achieved greatness in a free economy by the creative genius and productive capacity of the American people. It can be seriously weakened by unnecessary regimentation and the perversion of Constitutional rights," he added.

Fisher arrived from Washington where he had remained for the closing days of the recent session of Congress. He was introduced by Henry Bradley, County Democratic chairman.

The Congressman paid tribute to the American heroes through whose gallantry and sacrifices our freedom has been preserved. "It is your job and mine," he reminded, "to vindicate those sacrifices, and that can be done only if we maintain a strong, solvent Free Enterprise under the Constitution. The liberties which so many of our citizens take so lightly today are blood-bequeathed legacies and were paid for by the lives of brave American patriots of the past."

Fisher lashed out at forms of creeping socialism which tends to paralyze initiative. "Why do we have to borrow discredited socialistic schemes, such as socialized medicine, socialized agriculture and socialized housing, from the bankrupt British system?" he asked.

This policy was borrowed from Britain, Fisher explained, and is now actually in use in this country, and is gaining momentum. More than 800,000 housing units are planned, with 200,000 already built or under construction. Tenants in these projects often pay only about one-half of normal rent values.

"You, the taxpayers, are paying for this experiment in state socialism," Rep. Fisher emphasized. "There is no such thing as something for nothing," he continued. "The taxpayer will eventually pay upwards of \$20 billion for these projects. You will help pay the rent bills for those tenants every month for 40 years, just like the British government is doing for their public housing tenants."

Sheep Dog Show In Lometa Saturday

Mills County persons have been invited to attend the first annual trials of Border collies at Lometa on Saturday of this week. The trials will start at 8:00 o'clock Saturday night at the Lometa High School football field under the sponsorship of the Lometa Lions Club with Willard Potts as general chairman. At the trials Border collies—renowned as sheep dogs—will be exhibited and worked.

Entries have been received from 20 towns. The events will be judged by Tom Steardson of Santa Anna. Border collies carry the breeding from generations back to handle sheep, and they are worth more on the ranch working, driving, cutting and handling sheep than several men. They seem to sense every move a sheep is about to make, and are able to handle every situation on the range and in the trials with perfect timing.

M. Y. F. Meeting

Members of the Methodist Youth Fellowship of Goldthwaite assembled in the home of Mr. and Mrs. Ray Duren on Wednesday night of this week to hold a prayer meeting in preparation for the revival that began Thursday night at the First Methodist Church. Mr. Duren is Superintendent of the older youth departments. After prayer and meditation the group enjoyed ice cold watermelon served by Mrs. Duren.

Thornton Here

Raymond Thornton, who is a candidate for nomination as District Attorney in the 27th Texas Judicial District, which includes Mills County, spent most of last Monday politicking in and around Goldthwaite. He is from Belton. Mr. Thornton is opposed by Tom Carille an attorney who practices in Killeen.

Senate Campaign

Congressman Lindley Beckworth, who has many kinfolk in Mills County, campaigned for the U. S. Senate in Goldthwaite on Thursday of last week from a car that was equipped with loud speakers. His opponent, Texas Attorney General Price Daniel, expected to come to Goldthwaite this Friday or Saturday to tell the voters why he thinks he ought to be sent to Washington instead of Mr. Beckworth.

W. Foy Page of Goldthwaite, one of 4,532 students who enrolled for the spring semester at Texas Technological College at Lubbock, had an average grade that ranked him among the top 43 students, it was announced this week.

Security

SECURITY, to Americans, has many meanings. In the Army, it can mean a sturdy rifle with plenty of ammunition. Or the affection of a small furry dog, nestled in the crook of an arm. At home, it can be a neat suburban house, a diploma, a business of your own.

Security has as many meanings as there are Americans to defend it.

One good way you can provide security—for your family and your country and yourself—is to purchase Defense Bonds.

It may seem a small thing. Yet every time you buy a Defense Bond you are saving toward financial independence. You are also helping to build a strong economy—just as our armed forces are building the military strength that spells security—and peace.

However small your income you can't afford not to save. Bonds are sold through the Payroll Savings Plan. Why not sign up—now?

HERE'S HOW E BONDS NOW EARN MORE MONEY FOR YOU!

Now safe, sure U. S. Series E Defense Bonds pay an even better return than ever before... thanks to 3 brand-new money-earning features just announced by the U. S. Treasury.

1. Now every Series E Bond you buy begins earning interest after only 6 months. It earns 3% compounded semiannually, when held to maturity. It reaches full maturity value earlier (9 years 8 months) and the interest it pays is now bigger at the start!

2. Every United States Series E Bond you own can now go on earning interest for 10 more years after it reaches the original maturity date—without your lifting a finger!

3. During the 10-year extension period, every unmaturing bond earns at the new, higher interest (average 3% compounded semiannually). Your original \$18.75 can now repay you \$33.67. \$33.50 pays back \$67.34. And so on.

Start now! Invest more savings in better-paying United States Series E Defense Bonds—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank!

Peace is for the strong... for peace and prosperity save with U. S. Defense Bonds!

News Of The Ebony Community

By Clementine Wilmeth Briley

We've been so busy attending the Republican Convention by radio this week there has hardly been time to write!

The 3 in. of rain which fell July 1 was not enough to do much good. Things are burning up. We folks on the farm seem destined not to make anything again this year.

Yet there are happy things. The pink crepe myrtle in full bloom. The morning glories just outside my kitchen window have reached over and caught the windmill tower and are racing up it as if they intended to reach the top. The scissor tails have built a nest almost in the treetop of the Arizona Cypress.

The Dwyer-Brileys and Mr. and Mrs. Charm Whittenburg and boys attended church at Oakland Sunday.

Bro. Bradley will come to preach for us this Sunday. What say you, Neighbors? Let's give him a full house.

Mr. and Mrs. Orville Cummings and baby of Lampasas visited at the Cecil Egger home Tuesday. Mr. and Mrs. Mason McGary of Junction also visited with Mr. and Mrs. Egger Thursday. Mrs. McGary is the former Mrs. Ira Egger.

Ben Egger is seriously ill at a Marlin hospital. His son, R. D., and his neighbors, Charm Whittenburg, Hulon Egger, Mr. Boswell, and Robert Phillips went to Marlin to give him blood last week.

Mrs. Edna Dwyer finds it hard to do the chores about her place with a broken arm. Mrs. Cecil Egger comes almost every day to comb her hair for her. Mr. and Mrs. Gene Egger went to see her Tuesday night. Mr. and Mrs. Mason McGary visited her Thursday afternoon. Mrs. Effie Egger came Friday afternoon and killed and dressed a chicken for her. Mr. and Mrs. Stanley Reeves came Saturday afternoon and helped with the chores. John Briley took her to the doctor Tuesday.

We met Mrs. Lloyd Neal in town Thursday. She said her sister, Mrs. Frank Crowder, is in a Denver hospital. A Brownwood doctor helped them go there. Frank has work in the clinic to help defray expenses. They have some hope that the treatment there might help her. But Frank has written that she has been having sinking spells, and if she keeps on having them, he is going to bring her home.

Mr. and Mrs. Ralph Wilmeth and children camped on the river at the Wilmeth place July 4. They caught a large yellow cat and divided it with the Dwyer-Brileys. They brought a trailer and took home with them Dixie, a pony that has

made her home at the Briley place for several years. She belonged to the late Eugene Wilmeth, and when he went off to war, he wrote back that his niece, Nancy, was to have Dixie.

I was happy to have as my guests Wednesday afternoon Miss Otie Wilson of Dublin and Mr. and Mrs. Neely Fine of Bangs. When Otie and I taught school at Ochiltree in 1910-11, we met Mr. Fine. He was from Brownwood and was a nephew of our superintendent, Mr. Parker. For a while we boarded at the same place. I was getting numerous letters from John then. Mr. Fine often mailed letters for me and brought my letters from the Post Office, and sometimes we went to Church together. When I came home from Ochiltree, John met me at Brownwood and we got married. I had not seen Mr. Fine since until now. He and Mrs. Fine have three sons. Their oldest son has taught at Texas Tech since he graduated there in 1936. I have felt thrilled all the week from having had these friends visit me.

(Written For Last Week.)

When Stanley Reeves took granddaughter, Nancy, and daughter, Mildred, and went to Brownsville after Mrs. Reeves week before last, he had an experience which comes to about only one person in a million. He and Mrs. Reeves and her sister and husband, Mr. and Mrs. Hawkins White, and Mildred and Nancy took their supper Friday and went to Boca Chico Beach, 25 miles from Brownsville, for a picnic and a swim in the Gulf. While swimming Stanley was attacked by a Portuguese man-of-war, which is a small, dangerous, deep-sea animal. It hit his body, pour-

ing out on it its sticky secretion, which doctors say is much like sulphuric acid, and it set him on fire.

Daughter Mildred, with the help of the others, got him in the car and rushed him to a Brownsville hospital. There the doctors and nurses took him in charge, and after sometime got him easy. Sunday he was able to travel as far as San Antonio. Monday he and Mrs. Reeves and Nancy returned home, but he has not yet fully recovered.

"A rainbow at morning the sailor's warning." There was a perfect rainbow in the western sky Tuesday morning, July 1. Almost at once it began to rain.

Just as this letter was ready to go to the mail box Tuesday

morning, Gene Egger came along with two helpers he had bought from Mrs. Edna Dwyer. He said Mrs. Dwyer fell this morning and broke her arm. He said before he left Mrs. Cecil Egger had driven up to take her to the doctor.

Personals

Mr. and Mrs. Walter "Jake" Summy have moved from their former home on Fisher Street to the former residence of W. G. "Spot" Saylor on Hanna Valley Road. Mr. Summy's quail and Mrs. Summy's baby pheasants, of course, moved with them.

Mr. and Mrs. Clyde Estep of this city were visitors in Fredericksburg this week.

OUR DEMOCRACY

"EVERYBODY TALKS ABOUT THE WEATHER— BUT NOBODY DOES ANYTHING ABOUT IT."

—AN OLD SAYING, CURRENT IN OUR FATHERS' TIME, THAT NEVER REALLY STOOD UP THEN—WHAT WITH UMBRELLAS, SUNSHADES AND SUCH, IT STANDS UP EVEN LESS TODAY.

TAKE THE FARMER, FOR EXAMPLE—MORE DEPENDENT ON THE WEATHER THAN MOST, HE NOW HAS DROUGHT-RESISTANT CORN AND GRAINS—AND IS EVEN EXPERIMENTING WITH MAKING RAIN. HE HAS ROT AND RUST RESISTANT PLANTS AND IS DEVELOPING WAYS OF MAKING HAY WITHOUT SUNSHINE. THUS HE CAN PROTECT HIMSELF AGAINST SOME OF THE PRINCIPAL WEATHER RISKS—JUST AS THE AMERICAN FAMILY TODAY, THROUGH LIFE INSURANCE AND SAVINGS, CAN PROTECT ITSELF AGAINST SOME OF THE HAZARDS OF THE FUTURE.

IS JIM K. EVETTS ENTITLED TO ADVANCEMENT?

For 16 years from 1937 (except 1942-1945 while serving in the Army) he has served you as District Attorney and has never had a verdict of "Not Guilty" in any case arising in Mills or Bell Counties and only two in Lampasas County.

The position of District Judge is the next higher step and is a four year term (District Attorney is a two year term). The position of District Judge pays almost twice the salary that the District Attorney receives.

Jim K. Evetts desires to advance and give younger men the opportunity to start in the political field and to advance as time and hard work at the job entitles them to do.

If Jim K. Evetts has served you well for sixteen years without asking or receiving advancement; is he not now entitled to the opportunity to serve in a better position, of better pay and longer tenure?

Ask yourself fairly — Is Jim K. Evetts entitled to advance? Has he made you a good public servant? Has he worked hard at the job? Has he brought honor and acclaim to this district in the prosecuting field? After these years of faithful work without advancement, is he entitled to something better for a job well done?

IF THE ANSWER IS "YES", THEN CAST YOUR VOTE FOR JIM K. EVETTS FOR DISTRICT JUDGE.

(Pol. adv. paid for by Jim Evetts)

SAMPLE BALLOT FOR PRIMARY ELECTION

In little more than two weeks, the voters of Mills County will go to the polls in the first Democratic Party primary election that will be conducted on July 26. The Eagle is printing at this time a copy of the ballot that will be used in the first primary election so that qualified voters will have ample opportunity to study it and to make their decisions as to how they will vote.

Joe A. Palmer, Chairman of the Executive Committee of the

Democratic Party in Mills County, has announced that persons who will be away from Mills County on July 26 may apply to County Clerk Earl Summy for absentee ballots. Absentee ballots may be cast until the close of business on July 22.

According to figures from the office of Sheriff C. F. Stubblefield there are 1,879 poll tax payers in Mills County and 45 who have been exempt from poll tax payments. In addition, per-

sons who have passed 60 years of age may vote. They are estimated at numbering close to 1,000 persons in Mills County. Accordingly, if interest is sufficiently high, as many as 2,500 ballots may be cast in the first Democratic Primary election on July 26 in this County.

NAZARENE CHURCH REVIVAL STARTS MONDAY

The Rev. J. E. Coe, Pastor, announced this week that revival services will start at the Church of the Nazarene in Goldthwaite next Monday night at 7:45 o'clock with the Rev. and Mrs. C. B. McCaul of Brownwood as both evangelists and artists in chalk.

The Rev. and Mrs. McCaul have worked with the Church of the Nazarene for several years in Arkansas, Nevada, Al-

abama, Iowa and Texas. Brother McCaul is so skillful as an artist that he was asked to head the art department of one of the largest publishing houses in the midwest but he declined the offer in order to continue his work as an evangelist.

Brother Coe said that for the revival meetings, which will be conducted every night at 7:45 o'clock, there will be special

singing, preaching and chalk drawings. He extended a cordial invitation to the public generally to attend the services. Brother Coe added that Mrs. McCaul also is widely known evangelist.

The photograph above depicts the Rev. and Mrs. McCaul with one of Brother McCaul's chalk drawings of Christ and the Cross in the background.

Swimming Pool

(Continued From First Page.)

Duren were Aldermen Carl Lett-better, George R. Gilbert and J. D. Harper and Mr. Barnett and City Secretary Raymond Summy.

The Aldermen expressed keen interest in the proposals that were made by Mr. Duren. The figures presented by Mr. Duren would include not only a swimming pool but also dressing rooms, a filtering system and a pumping outfit. It was emphasized that planning now has reached a point at which "the idea and the amount of money involved is within the reach of the community." Alderman Gilbert expressed belief that the pool would be of value not only to Goldthwaite but also all of Mills County. Similar expressions of an attitude of cooperation were made by other Aldermen, who recognized how much work has been done by the public-spirited planners.

Further consideration of the project will be given at a later meeting of the City Council. It also will be considered anew by the Goldthwaite Lions Club at a meeting at 8:00 o'clock next Tuesday night.

Expert, experience swimming pool operators have expressed the opinion that a swimming pool here would bring a minimum annual revenue of \$2,250—a sum calculated as sufficient to maintain and operate the pool, meet interest payments and eventually retire the necessary revenue bonds.

Mrs. Y. E. Hoover Takes To The Air

This is bad news for the Santa Fe Railroad but the fact is that on Tuesday Mrs. Y. E. Hoover made her first airplane flight when she flew from Brownwood to Dallas with her son, Howard. By way of further bad news for the Santa Fe, Mrs. Hoover and Mr. Hoover returned to Goldthwaite from Dallas by automobile (that's right, OLDSMOBILE). Finally, Santa Fe, Mrs. Hoover ENJOYED her airplane flight.

Jim Faulkners Have Vacation In Arizona

Mr. and Mrs. J. C. Faulkner returned on Tuesday after a grand vacation that took them to Flagstaff, Ariz., to visit their daughter, Mrs. Bill Page and her family. The trip of the Faulkners included a visit to the Grand Canyon of the Colorado and attendance at an Indian ceremonial rite. It was cool all the time the Faulkners were in Flagstaff and on their way home rain fell on their train all the way from Flagstaff to Sweetwater. How far it rained on the Goldthwaite side of Sweetwater the Faulkners are not quite certain, because by that time they were traveling in darkness, but when they got home they found Mills County all too dry.

Weather Report

(Continued From First Page.) cool front passed over Mills County, there was 2½ inches of rain on the rolling Hill acres 3½ miles southwest of Star.

"Furthermore," said our Mr. Hill stoutly as he ignored laughter, "furthermore, east of me there was MORE than 2½ inches of rain."

Everybody, of course, is glad that Star and the Hills and their neighbors were blessed by rain. But everybody in Mills County did not fare so well.

In Goldthwaite on Tuesday, where dark clouds hung overhead all day, there were tantalizing splatters of rain that did not add up to enough for Harry Allen to measure for the United States Weather Bureau.

C. L. "Solly" Featherston, who returned from an expedition to Mullin on Tuesday, said there was half an inch of rain out that way.

Just as though something really exciting had happened, the Eagle's Chappell Hill correspondent, Miss Pearl Crawford, reported that last week 8 of an inch of rain fell on Chappell Hill. She reported measurements of an inch of rain on Chappell Hill by Jess Ivy, O. A.

J. T. Jones And His Family Make Move From Olton

Goldthwaite's new Superintendent of Schools, J. T. Jones and his family moved from Olton on Monday and by Wednesday they were comfortably settled in their new home with everything looking as though they had been there for always. In the process of moving Mr. Jones suffered injury to tendons in his back. He winced as he gave realism to his denial that the hurt back had anything to do with trying to get out of moving day chores.

With Mr. and Mrs. Jones are their children, Peggy Janet, Jo Ann and Eddie—all of whom will go to school here. It is to be remembered that Eddie is looking for a baseball team with which he can play. Eddie has baseball very close to his heart.

A meeting of the Board of Trustees of the Goldthwaite Independent School District that had been scheduled for last Monday night did not materialize because Chairman Gerald C. Head said that matters pending had not developed sufficiently to warrant a meeting. Pending matters include employment of an elementary school principal and a teacher of home economics for the high school.

Mrs. Jones will teach the fourth grade at the Goldthwaite Grammar School, starting in September.

BIRTHS

Mr. and Mrs. J. R. Wallace of Mullin are the parents of a son, Royce Andrew, born July 6 at 4:40 p. m., at Medical Arts Hospital in Brownwood. Maternal grandparents are Mr. and Mrs. J. H. Long of Goldthwaite and paternal grandparents are Mr. and Mrs. J. W. Wallace of Mullin.

Mrs. Lloyd King and Ricky visited Mrs. Robert Butler Monday.

C. H. Vanderverr Died Last Sunday

John A. Jackson went to Pleasanton on Tuesday of this week to attend funeral and interment services for his brother-in-law, C. H. Vanderverr, who died last Sunday at the age of 79. Mr. Vanderverr was the husband of the former Mary Jackson, who survives. Accompanying Mr. Vanderverr to the rites at Pleasanton was his son, George Wesley, who is stationed with the Air Force at Lackland Air Force Base, San Antonio. Mr. Vanderverr was a retired railroad man. Mr. and Mrs. Vanderverr were married about 40 years ago and they had lived away from Mills County since then.

Evans and A. L. Crawford. Similar reports were not received from any other portion of Mills County so it is assumed that people on Chappell Hill live right.

After Tuesday's cool front passed on southward blue skies came back and the temperature resumed climbing.

Mr. and Mrs. Dutch Smith entertained the neighbors with an ice cream supper Saturday night. There were more than fifty persons present.

Sheriff C. F. Stubblefield, Mayor Charlie T. Wilson, City Utilities Manager W. C. Barnett and H. D. Smith attended a meeting on civilian defense in Brownwood on Monday of this week.

—Eagle Want Ads Get Results—

A yellow dog with clipped ears and a kindly disposition tried to test his deep faith in mankind on Monday when he sought to find someone to love him at the Mills County Court House. The appeal of his luminous brown eyes got him nowhere at the offices of Sheriff C. F. Stubblefield or in the offices of County Judge Lewis B. Porter and County Clerk Earl Summy.

Finally, the pooch attached himself to an Eagle reporter and that got him a good home and a new master—William G. Crawford, 9, whose name has been made famous in the columns of the Eagle by his aunt, Miss Pearl Crawford.

Miss Crawford came to the Eagle last Monday afternoon and saw the dog being saddened as his hope of finding a good home appeared to grow dimmer with each passing hour. She decided that the dog would make a fine pet for William G., and so the two of them went off happily to Chappell Hill together. On Tuesday Miss Crawford reported that both William G. and the yellow dog were content with the arrangement.

Aldermen Labor

(Continued From First Page.) Treasurer Barnett.

Mr. Barnett also presented a Treasurer's report as of July 1. It showed a balance in the City Utilities electric account of \$27,850.85, a gain from \$25,011.31; \$4,397.46 in the water account, up from \$2,817.50 on April 1; and \$1,566.23 in the sewer account, which had been \$694.24 in the red on April 1. The Library fund balance was shown as \$1,507.77, with \$772.14 in the Firemen's Pension fund and \$69.32 in the Municipal Ball Park fund.

Utility revenue and city tax accounts for the month of June showed total receipts of \$8,395.44 and disbursements of \$8,840.94. Complete details of the Treasurer's report are available to interested citizens at the City Utilities office.

The Aldermen gave so much attention to the transaction of public business that their meeting was not adjourned until shortly after eleven o'clock Monday night.

Funeral services were held at the Elliott Funeral Home Chapel in Abilene on Wednesday morning of this week for Mrs. Arah Evans Crook, who died in Abilene on Tuesday. She was nearly 58.

A daughter of the late Mr. and Mrs. Jim E. Evans, Mrs. Crook was born in the Chappell Hill community on November 18, 1894. She attended school on Chappell Hill.

In 1916 she was married to J. N. Crook, who survives. After their marriage Mr. and Mrs. Crook went to San Marcos, where they lived for three years. Then they lived again in the Chappell Hill community before moving to Abilene.

In addition to her husband, Mrs. Crook is survived by three sons—Clayton of Dallas, Willis Aubrey of San Antonio, and Charles of Abilene. Also surviving is a daughter, Mrs. Catherine Hord, also of Abilene.

The Eagle's Chappell Hill correspondent, Miss Pearl Crawford, said this week that the tidings of Mrs. Crook's passing had saddened her heart and the hearts of her neighbors. "To have known Mrs. Crook was to love her," Miss Crawford wrote. "She was beloved by her family and she was always a good neighbor."

Harold Yarborough and Ray Duren went to Dallas on Wednesday of this week to purchase goods for the well known mercantile firm in which they are so interested.

Mr. and Mrs. Leroy Stacy are building a new home on Hanna Valley Road between the residences of Hollis Blackwell and County Clerk Earl Summy.

Jim Evetts Burned

District Attorney Jim Evetts, who is campaigning for election as District Judge, came to Goldthwaite to do some politicking this week after having had a narrow escape from fire while burning brush at the home of his mother-in-law, Mrs. W. W. James, in Belton. When flames scorched the head of the District Attorney his son, Jim, Jr., 13, who was present, helped to save his Dad from more serious injury by applying his Boy Scout knowledge. "Don't run, Dad, don't run," Jim, Jr., said. So Mr. Evetts stopped running and his flaming clothing was extinguished. His ear was burned badly but he still could hear what the voters had to say.
