Exploration Crew Arrives Here Last Week

A survey crew, representing Tidelands Exploration Company of Houston, arrived in Goldthwaite last week to start gravity field survey work covering Mills and San Saba counties. Their office was set up in the Geeslin Building on Fisher Street.

The Gravity Survey, which is all surface work in connection with exploration for oil, is being done for Pan American Production Company.

The crew was moved here from Sherman where they have been doing survey work for four months. They are expected to be here for several months work.

There are nine members working in the crew. Eight of them have families. Party chief is John Gantt. Other members are Harold Johnson, Bud Thompson, Roger Jones, Homer D. Willoughby, Billy McCord, John Sorrell, Richard Gidding and Billy Harold Anderson.

Saturday Is Bank Holiday

Mills County State Bank will be closed this coming Saturday, February 12, Lincoln's birthday, which is a regular bank holiday.

Present And Past Trustees To Be Honored At School Dedication Program

All living Board Members, both past and present, are to be honored in a special feature of our Dedication of School Buildings Program on March 6, in our high school auditorium.

The program for the occasion will start with open house in the entire string of buildings including gymnasium, cafeteria, the renovated high school, the school annex that houses our present science and homemaking departments and our entirely new elementary school. The committee has selected a special speaker representing the State Department of Education as a feature of the program in the auditorium preceding the awarding of the lifetime certificates to school board members.

Supt. Jones has said that special invitations will be mailed to each present board member and those who have served at any time in the past. The list was worked up through the cooperative efforts of Earl Clements and Charles Conradt. If any name has been omitted, please write or call J. T. Jones. "We must not omit anyone"

Austin, Texas— Austin is full of "land-grab" investigations.

Attorney General John Ben Shepperd blew the lid off veterans' sales to start the movement and the lid is still sailing.

Both houses of the legislature have their own investigating committees. Also peering into the "land block sale" scandals are grand juries in Travis and DeWitt counties.

Voting to conduct a full investigation, the House set up a committee composed of Representatives Joe Burkett, Wade F. Spilman, Virginia Duff, Reagan R. Huffman and Jesse Osborn. Burkett is chairman, Spilman vice-chairman.

Recalled by the Senate investigating committee, headed by Sen. Dorsey B. Hardeman, was Attorney General Shepperd, for testimony under oath. This at the request of Sen. Jimmy Phillips.

Because of Phillips' line of questioning, Rep. Leroy Saul charged that the senator was preparing to run for attorney general and using the investigation for "personal publicity."

Shepperd testified that minutes of the Veterans' Land Board showing him present and voting for individual applications were erroneous. He said that the board didn't pass on the applications—that it was an administrative matter turned over to the chairman—former Land Commissioner Bascom Giles.

The same practice is being followed under the chairman, J. Earl Rudder, Shepperd said.

Shepperd also said he didn't use his influence as a board member to get favors for any applicants. He further stated that a 1953 letter from G. Curtis Jackson Jr. Zavala County attorney, complaining of block land deals by C. O. Hagan, was not seen by him until after the investigation started.

Inside WASHINGTON MARCH OF EVENTS

Presidential Bees to Buzz In Capitol Halls in 1955 Some Republican Luminaries Seen Eyeing No. 2 Position

Special to Central Press

WASHINGTON—The 84th Congress is certain to be enlivened by the activities of legislators who will be jockeying for position in the 1956 presidential and vice presidential sweepstakes.

On the Democratic side, the Senate majority leader, Lyndon Johnson of Texas, can't help being aware that he is a possible target for presidential lightning, despite Adlai E. Stevenson's present front-running position.

Democratic senators whose adherents regard them as suitable choices for the vice presidential nomination include Hubert Humphrey of Minnesota, J. William Fulbright of Arkansas, Stuart Symington of Missouri, and Henry M. (Scoop) Jackson of Washington.

The Republicans are proceeding on the theory that President Eisenhower will run again. However, there are some GOP luminaries who might be counted on to give Vice President Richard M. Nixon a battle for the second spot on the ticket.

Among these are the Senate Republican leader, California's William F. Knowland; Rep. Charlie Halleck, of Indiana, and the new senator from Ohio, George Bender.

Senator Johnson ● NO GO—At least two of President Eisenhower's expected proposals for the next session of Congress appear doomed to failure in 1955 just as they were turned down by the legislators last year.

These are his renewed requests for a constitutional amendment to lower the voting age to 18 from the present 21 years, and legislation to revise the Taft-Hartley Labor Act.

Congressional insiders say that neither proposal stands a chance. There never has been much support for the 18-year-old vote and the Taft-Hartley revision bogged down last year in lengthy hearings.

Another Eisenhower proposal—statehood for Hawaii—stands a chance of getting through Congress but only with a big "if" attached. It may win if the measure also provides for Alaskan statehood.

Democrats, who will be in control of Congress, have emphasized that they won't vote statehood for Hawaii unless Alaska also becomes a state. Mr. Eisenhower limited his proposal just to Hawaii.

● "BIG" VS. "LITTLE"—A battle is shaping up between senators from "big" and "little" states over confirmation of President Eisenhower's nomination of John Marshall Harlan to the Supreme Court. Judge Harlan is from New York, a state which has sent 13 other justices to the high court since John Jay became the nation's first Chief Justice in 1789.

Senators from smaller states, notably William Langer of North Dakota and Herman Welker of Idaho, both Republicans, will exert pressure designed to force appointment of men from non-populous states to high federal posts. They will base their fight on the Harlan nomination.

However, the probability is that the Harlan nomination will be approved after considerable discussion during which Welker, Langer and others will voice protests against what they term discrimination putting some states in the "forgotten" class.

FAREWELL TO ARMS?

WHEN THE OLD BIRD WAS YOUNGER

10 YEARS AGO—

(Taken from Eagle files of February 9, 1945)

Sunday afternoon Rev. and Mrs. C. C. McKenny, Rev. and Mrs. R. L. Flowers and eight members of the Philathea Class surprised Mrs. Oltrogge who was celebrating her birthday at the home of her daughter, Mrs. F. K. Jones on Parker Street, as the visitors entered the house they sang "Happy Birthday to You." Several of her favorite hymns were sung, prayer by Mrs. John Keese. Communion was served to Mrs. Oltrogge and her granddaughters, Sylvia Jean and Joan Jones sang, "Jesus Is The Sweetest Name I Know."

In a deal completed Wednesday of this week Mrs. C. M. Burch sold her hatchery to J. N. Faith and J. E. Williams of Briggs, Texas.

William Pinkney Brown, son of William F. and Laura Brown was born February 11, 1869 at Gonzales and died November 4, 1944, at Amarillo, being 74 years, 8 months and 23 days of age.

Mrs. L. T. Spivey and T. V. Swinney have received word that their nephew, Bill Sutherland, was missing in action in Belgium.

Mr. and Mrs. Will Henderson who reside south of town on the John C. Wright ranch have received a message from the War Department, stating their son was wounded in action.

Miss Mary Ann Miller who is attending business college at Abilene came home last Thursday for a mid-term holiday, and visited her parents.

Miss Billye Ruth Daniel will receive her B. S. Degree at T. S. C. W. at Denton next week. She has accepted a position as County Demonstration Agent at Sherman.

VIC'S . . . SOLILOQUY

We want to take time out this week to salute Mr. and Mrs. Philip Nickols on an important occasion. A milestone in the motion picture industry. It was 60 years ago this year that the first public exhibition of a motion picture took place in a converted shoe store in New York City. Philip and Authula Nickols are not 60 years old, to be sure, and we don't have the exact date as to how old the local show house, The Melba Theatre, is. We do know that the 84 Drive-In Theatre is relatively new, as are most drive-in theatres across the country. But regardless of how old the local theatre is or how long the present owners have been connected with the business, it's the industry that is having the birthday and since they are presently connected with it then they are being honored along with the institution.

Attention is called, on this occasion, to the development of the "passing fad" of the movies into the deep-rooted, irreplaceable part of the community life which they have become. The Council of Motion Picture Organizations, Inc. in commenting on the subject said: "Looking back, those have been 30 rather eventful years—two World Wars, Prohibition, the boom of the 20's, the Depression, changes in manners, changes in our way of living. The movies have weathered them all. Moreover, they have licked a few extra special problems of their own. Quite a sturdy youngster, the movies. And still growing. "In every city the local movie houses played an important role during both World Wars, helping in Red Cross drives, staging war bond rallies and in other ways making them-

selves the center of the town's war effort. In peace, too, they have done more than their share, raising money for sufferers from drought or flood, for poor kids' toys at Christmas, for a hundred and one other worthy causes. And over it all, of course, was their regular job, which they have performed with extraordinary success, of bringing laughter and relaxation to your town's people."

Last week Monday, January 31, was the last day for folks to pay their poll tax, or make application for exemption. From all indications most all tax collectors' offices were rather busy places on that day as the final rush came from those who put off getting their poll tax until the last day or last minute.

After writing for several weeks reminding our readers about the matter, yours truly, slipped up on himself and almost forgot to get his poll tax. Probably would have passed by the deadline if it had not been for the subject being mentioned by someone calling at the office.

I wasn't the only one who came in just under the deadline. There were quite a few others caught in the same boat. While standing at the counter of the tax collector's office, waiting for clerk to get around to us, business was very brisk. County Judge John L. Patterson came along and without a minute of hesitation he jumped in and helped write out poll tax receipts. Said he: "It's been a long time since I worked in this office, but, I'll try to help out." Jesse Moreland told a good one about poll taxes. It happened a few years ago when

he went to vote one election day he overheard it at the polls. Mrs. Eulah Nickols was one of the election judges at this time. Jesse said he was along and cast his ballot and there was Walton Daniel getting ready to cast his ballot. The clerk put his name down and started to check the list to see if his poll tax was paid and commented: "You know Jesse, every time I come to the polls to vote they ask me if I have a poll tax. I'll just have to be one of those some days."

Mills County is the proud possessor of something new in the way of emergency equipment. Seven grappling hooks were recently made up and are now located in the sheriff's office—just in case the need arises. Not long ago when the need for this type of equipment was forcibly brought to our attention that we did have it. Through the efforts of Sheriff C. F. Stubblefield and a number of folks know the name and Howard Campbell headed a committee to build them. A number of citizens contributed to the project and seven grappling hooks were gladly supplied.

Civic Music Association Conducts Membership Campaign Next Week

The Brownwood Civic Music Association will conduct its annual Membership Campaign the week of February 14 to February 19, from headquarters located at the Texas Power and Light office in Brownwood, according to the announcement of the President, Mrs. Ellie Locks. Mrs. Sam Sullivan will issue memberships in Goldthwaite.

The Association is a non-profit cooperative organization which brings to Central Texas excellent concerts by artists or musical organizations of national and international reputation. Admission to these concerts is by membership card only and anyone interested may join the association by paying the amount of the annual dues during the one membership week. After Saturday, February 19, the membership privilege is closed and no more members are accepted for another year. No tickets are sold for single concerts.

There is one more concert in the current program. That will be on Thursday, February 10, (tonight) when Metropolitan Opera Baritone, Frank Guarerra, will appear at Mims Auditorium of Howard Payne College in Brownwood.

Artists to be presented next season will be selected and announced immediately after the close of the Membership Campaign on Saturday, February 19, when the amount of funds available for this purpose is definitely known. All money is expended in securing artists to appear on next season's series. Suggestions of members joining as to type of concerts they would be interested in hearing are welcomed by the officers of the association.

Ensemble Club Starts Regular Meeting For The New Year With a Bang!

By BUTCH SAYLOR

The Ensemble Club met Jan. 28, 1955 at the home of Mrs. Malcolm Jernigan. Van Grumble, a voice pupil of Mrs. Sullivan, sang a few numbers and Carolyn Graves, Lathon and Janell Jernigan played some pieces on the piano.

Committees in the form of the following were named for the jobs ahead.

Standing Committee for Members — Mrs. Sam Sullivan and Mrs. Ed H. Lovelace.

Yearbook — Mrs. Sam Sullivan and Mrs. Marvin Yeager.

Scrapbook — Virginia Hill and Carolyn Graves.

Telephone — Larry Hill, Butch Saylor, and Patricia Rahi.

Entertainment — Mrs. Malcolm Jernigan and Mrs. Marvin Yeager.

Recreation — Carolyn Graves, Lathon Jernigan, and Virginia Hill.

Courtesy — Nelda Lynn Yeager.

A motion was presented and

carried that we sponsor the Ensemble Club from Breckenridge for the Young Artist's Concert.

The next meeting of the club will be held in the home of Mrs. Malcolm Jernigan on the fourth Tuesday of this month.

BOYD MORRIS SHOWS IMPROVEMENT

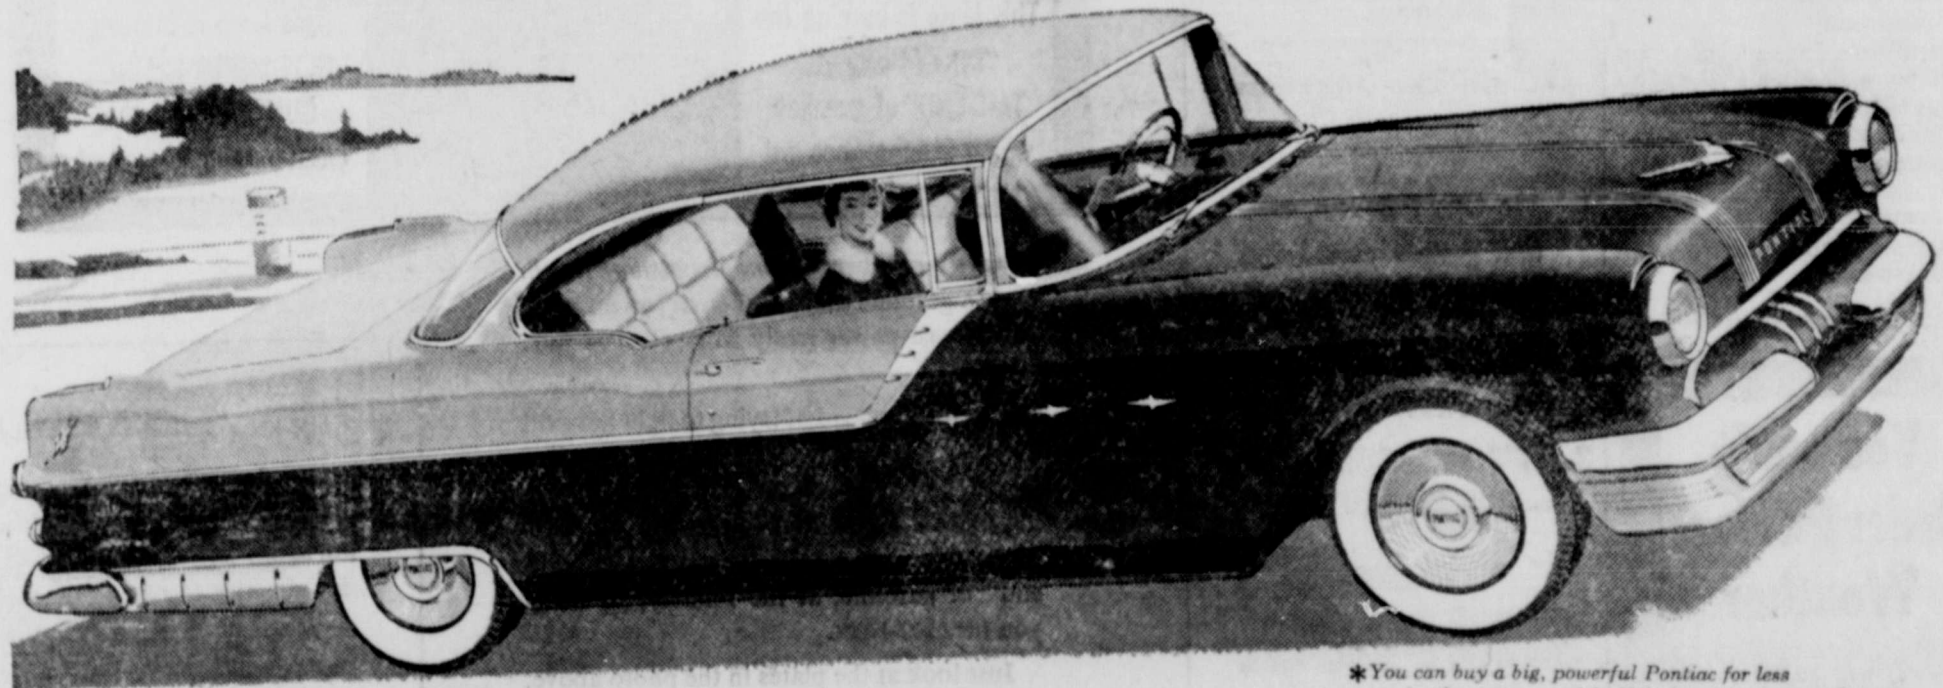

Boyd Morris of Corpus Christi, who has been seriously ill in the Spohn Hospital there for the past two weeks, at last report was somewhat better but will have to remain in the hospital for some time yet. His sisters, Mrs. Bob Johnson and Mrs. Hud Hamilton of Wilcox, Arizona have been with him. Mrs. Johnson returned home last Saturday night while Mrs. Hamilton remained in Corpus Christi with Mrs. Morris and son, Wayne.

Boyd is the son of Henry Morris of this city, and he and his family are former residents of Goldthwaite.

So Smart! So Big! So Powerful!

*You can buy a big, powerful Pontiac for less than many models of the lowest-priced cars!

Whatever you want most in a car—beauty, size or performance—you get it in extra measure in a Pontiac. In fact, when you choose Pontiac the decision comes very easily—because Pontiac alone, at its price, gives you everything!

For example, take Pontiac's distinctive smartness. Certainly there is no question on this point. Pontiac is the one car that stands apart from all the others.

If it's size and big-car sure-footedness you want—Pontiac's your car! Pontiac's long wheelbase—124 inches in the Star

Chief, shown here, and 122 inches in the 860 and 870 series—is the plus wheelbase that provides the roominess, the comfort, the satisfying road-hugging security that only a big car can supply.

As for performance—once you get behind the wheel you have all the proof you need that Pontiac is way ahead in this department, too. Pontiac's spectacular performance starts with the most modern engine of all—the powerful new Strato-Streak V-8—specifically designed for Pontiac's all-new chassis to give you balanced

performance. That means smooth, eager getaway in traffic; power to spare on the open road; and even more of Pontiac's traditional economy, dependability and long life.

All this adds up to a wonderful car and—with Pontiac's remarkably low price tag—a very wonderful buy. Come in soon and talk dollars and cents. If you're in the market for any new car, you'll discover you can easily afford all the pride and pleasure of a big, powerful, luxury-loaded Pontiac.

"PLANT TEXAS"

Texas is like an uncut diamond. Skillful treatment will enhance its natural beauty.

Just as a precious stone needs the art of a jeweler to increase its value, so does Texas need the cooperation of its citizens in a program designed to restore much of the vegetation lost in the recent drought.

"Plant Texas" is a slogan that will be heard often in 1955. It isn't just an empty phrase. It is the rallying cry of a movement to restore the fertility of Texas soil and save the land from the hazards of destructive erosion.

In Texas and other states land was once abundant. Man could

ravage the land and move on to more virgin territory. This led to abuses by uneconomic cutting of forests; denuding much other land of vegetation and fertility; reducing water resources and leaving eroded, water scarce, unsightly landscapes.

Man, alone, hasn't been the only culprit, however. Four years of harsh drouth have completed the job of land and plant destruction begun by the careless pioneer. Now is the time to start correcting these mistakes of man and nature.

Early this year, the Governor

of Texas issued a memorandum proclaiming an official "Plant Texas" movement. The program is sponsored by the Texas Department of Agriculture in cooperation with the Texas Nurserymen's Association.

The idea is to encourage better soil conservation practices and to promote more and better plantings around homes, schools, churches, public and industrial buildings.

This is an opportunity for every homeowner to participate in a project for the betterment of the state and, at the same time, improve his own holdings. Civic clubs, too, are encouraged to push the program on a community-wide basis.

Additional information and suggestions are available from the Texas Department of Agriculture at Austin. So plant that extra tree or shrub! Seed that plot of barren soil! It is an investment in the future productivity of the state.

Brown-Mills Soil Conservation News

By CHARLES HAENISCH
DISTRICT SUPERVISORS MEET

David Watters and Anson Oden, Supervisors of the Brown-Mills Soil Conservation District, attended the Texas Association of District Supervisors Convention at San Antonio recently. Pending water legislation was one of the major topics at the convention. Many people, both rural and city, are becoming greatly concerned about how our water is going to be handled. Watters and Oden also reported that a West Texas rancher was elected as president of the Association. John Royal of Menard is the new president of the Texas Association of Soil Conservation District Supervisors.

WHAT OTHERS ARE DOING
Farm ponds have been staked

out by Soil Conservation Service technicians for Carl Jeske of Priddy, and Chester Head of Center City. A pond was also checked for completion on Floyd Sykes of Big Valley. Terraces were staked for F. W. Hein of Priddy and Haskell Gatlin west of Goldthwaite. E. R. Tuberville had a diversion staked this week.

CONSERVATION RANCHING

Conservation ranching reduces the cost per pound of producing livestock and livestock products. For instance, if you stock heavy enough, your pasturage may not cost but \$20.00 per cow, but if you have to put an additional \$40.00 feed bill into a cow the total cost is then \$60.00. If you are lucky enough to get a 90% calf crop under these conditions and a 350 pound calf, your cost is \$19.00 per CWT. On the other

hand, if you are stocked at a rate that leaves sufficient cover and litter to make effective use of the rainfall you get to grow more pasturage, your pasturage cost will be \$40.00 but if your feed bill is cut to \$10.00 your total feed cost is only \$50.00. A 400 pound calf under these conditions with a 90% calf Crop cuts your cost to \$13.00 per CWT.

The greatest gain from a good range conservation program, however, is through increased production brought about by improving the composition of the grasses from low producing grasses to high producing grasses. This may be a slow process. A good cover of any kind of grass will increase production considerably. It will materially increase the amount of effective rainfall especially during drought years.

This lamp is burning the "DIRTY-BURNING" TAIL-END of gasoline which GULF refines out

This lamp is burning NEW SUPER-REFINED GULF NO-NOX, the clean-burning super-fuel

Always remember: Octane alone is not enough. Only a gasoline that burns clean can make its full octane power really work for you mile after mile.

That's why, instead of trying to fight harmful deposits with so-called "miracle additives"—inside your engine—Gulf believes in preventing them from forming in the first place; removes the cause—the "dirty-burning tail-end" of gasoline, at the refinery, to bring you new NO-NOX.

Just look at the plates in the photo above, and see what a difference Gulf super-refining makes!

but octane alone is not enough...

That's why new Super-Refined Gulf NO-NOX is specially made to burn clean—to protect your engine—to give you thousands of extra miles of full engine power.

Fill up with new Super-Refined Gulf NO-NOX and feel the difference, right from the start, in full engine power that lasts! You'll get:

- More complete engine protection than with so-called "miracle-additive" gasolines.
- Extra gas mileage in the short-trip, stop-and-go driving motorists do most.
- Stall-proof smoothness... instant starts... fast, fuel-saving warm-up.
- No knock, no pre-ignition—even in today's high-compression engines.

This is GULF'S PLEDGE to the motoring public

- We at Gulf make this promise to America's motorists. We will not permit a single competitor—no, not a single one—to offer a gasoline superior to our own superb No-Nox.
- It is our sincere belief that No-Nox is the finest gasoline on the market today, and no matter what others do or say we will keep it the finest—in power, in performance, in engine protection.
- This is not a boast, not a claim. It is a pledge to you, the motoring public—a pledge backed by the resources—and the integrity—of the Gulf Oil Corporation.

Clementine Wilmeth Briley Writes From Temporary Home In El Paso

By CLEMENTINE WILMETH BRILEY

January has passed. When I taught school it was always the hardest month to live through. I always thought of February as little, and after that we could look for spring. This week John has been digging deep holes for our roses. Thus far we have only three — Chrysler Imperial, "Fashion, and Climbing Tallis-man. We hope to get a few more. I have been purging over seed catalogs trying to decide how many varieties of the grand, new petunias, zinnias, snapdragons etc. I could afford. Also few many gladiola and Dahlia bulbs. And I have taken one more longing peep at those lovely gardens in the August number of the Household Magazine.

My niece, Clara Malone (Mrs. Jim Bean), of Van Horn called us Saturday. She is staying at the home of her friend, Mrs. Fred C. Niedermeier, in El Paso. Clara has been postmaster at Van Horn for 25 years. Lately they have been moving into another building. Her doctor says she is on the verge of a nervous breakdown and she is here for treatment. She called me again Wednesday. She said Joe Evans has been to see her. Joe Evans was speaker at the Texas Woman's Press Association banquet held at Hotel Pasa Del Norte in November. Later I saw

In the paper that Mrs. Evans was a Bean. I thought I would call her to ask if she was related to the late Jim Bean, but I didn't. Clara tells me that she is Jim Bean's oldest sister. So there I was almost kin to the noted speaker at the banquet and didn't even know it. Sunday night I listened over radio to an interesting discussion by the Round Table of the University of Chicago on "What is the Prime of Life?" It may be more than one time in our life. It is when we get the greatest satisfaction out of life. Requiring men to retire at 65 often causes them to age and decline rapidly. To keep in the prime of life it is necessary to continue our intellectual development. "The reason," they said, "that women live longer than men is that they never retire."

In Sunday's paper Emily Post says, "Proper manners are simply kindness and consideration. She says the year is still new enough for us to resolve to have good manners. "Certainly", she says, "The greatest asset that a man or a woman or even a child can have is charm, and charm cannot exist without good manners." She laments that the word "etiquette" is inevitably considered a synonym of the word "correct." She wishes she could pull it out by the roots and substitute instead "kindness" and "common sense." She says that for every precise rule of etiquette we should ask: Does it help to make life pleasanter? Does it make us kinder? Does it add to beauty? "If it serves any of these purposes, then it is a rule to be cherished. "Most people are rude because they don't know it is impolite to answer curtly, to stare, or to shove their way; that it is unkind to make belittling remarks. Some people seem to have happiness given to them at birth; they are happy at school; happy at home; later on they are lucky in friends and happy in love. If we take time to notice, these favored ones have charming manners." Daughter Ruth wrote they were getting ready to go to a church picnic when Jill said, "Mother, when I figure out what I want to wear, I don't want you to tell me I have to wear something else. "Ruth said she was planning to wear an old plaid wool dress someone had given her, but this precocious four-year-old said, "Mother, people might think you look funny in that dress." Each morning when I put on Johnny's clothes there is always a battle. To be safe I put my glasses up, then I pick up the kicking little rebel and proceed

to dress him. As I recite James Whitcomb Riley's Orphan Annie, Hired Girl, and Raggedy Man he usually succumbs. When we come where the boy says, "I'm just goin' to be a nice Raggedy Man," I say, "Are you going to be a Raggedy Man?" He says, "No I'm going to be a Garbage Man."

Mr. and Mrs. Cecil Andrews and Mr. and Mrs. Bill Wisdom all of Lockney were guests of the George S. DeVoll family Sunday night.

Mrs. Bess Wright and Mrs. Maurine Fleming of Dallas spent the weekend with Mrs. Wright's mother, Mrs. T. J. Shipp and brother, Lewis Shipp.

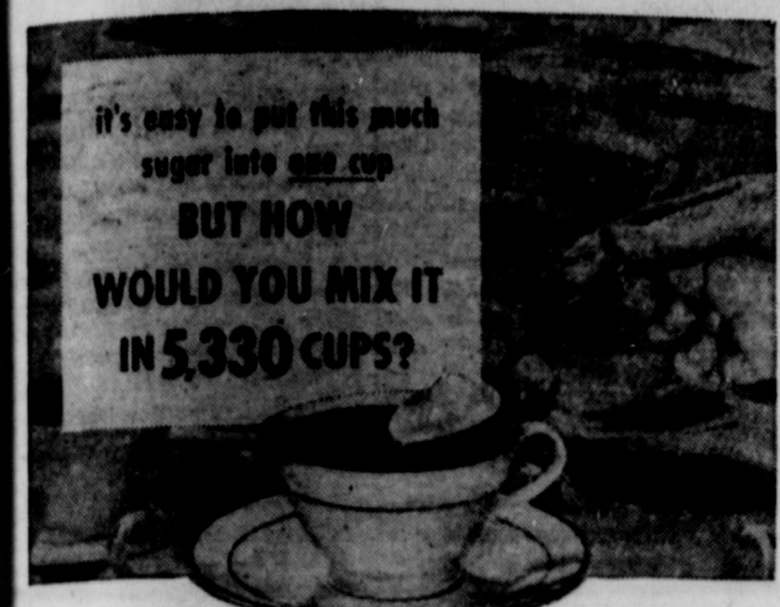

Miss Peggy Jones, who is a student at Baylor University, Waco, spent last weekend with her parents, Mr. and Mrs. J. T. Jones and family.

Questions And Answers On 1954 Income Tax Returns HOME OWNERS' DEDUCTIONS

Question: In preparing your 1954 income tax return, what about deductions for home owners, who often pay a lot of interest and real estate taxes?

Answer: Where such expenses are substantial, they often find it advantageous to itemize their deductions rather than take the

standard deduction. Of course, where they do itemize, they can, in addition to the deduction for interest and taxes, claim such items as charitable contributions, certain losses, and in some cases, a portion of their medical expense, which, under the new law has been liberalized. Often, their total allowable deductions may be considerably greater than the standard deduction, which is 10% of the adjusted gross income.

a problem of the same proportion is facing most feed companies in mixing about 1/3 oz. of stilbestrol into one ton of cattle feed

The Food and Drug Administration in its approval for use of stilbestrol has set about 1/3 oz. per ton as the right amount for this powerful growth stimulant. That means it is added in the proportion of only 1 part to 90,800 parts. It must be mixed so that cattle get just the right amount... too little stilbestrol in their ration won't produce maximum gains... too much in their ration can prove toxic. Yes, it is a big mixing problem for most feed companies—but not for Purina, with its exclusive Micro-Mixing process.

MICRO-MIXING is accurate to the 1/10,000,000 part! Modern mixing equipment plus the technical skill of Purina engineers, laboratory technicians, and mill employees makes such a mixing job routine for Purina. Purina's Micro-Mixing is a quality control process that assures you every bite is mixed just right. Every animal gets its fair share when you feed Purina Steer Fatena or Beef Chow with stilbestrol added. That means that you go to market with a much more even bunch of cattle.

Lone Star Gas Company Employees Attain Accident Free Safety Record

One-hundred and seven separate employe groups of the Lone Star Gas Company and its wholly-owned subsidiary, Lone Star Producing Company, have

attained perfect safety records representing 19,169,199 (million) hours of work without a lost-time accident.

The records, ranging from one through 26 years as of December 31, 1954, represent a cumulative total of 457 years. Last year the 107 employe units amassed 5,433,516 accident-free hours.

Heading the list in accident-free years is Lone Star's compressor station at Joshua, Texas. Averaging 12 employes, the plant accumulated 991,492 accident free hours in 26 years. C. E. Putman Jr. is plant superintendent.

Lone Star's Joshua pipeline district accumulated the greatest number of hours. Averaging 39 employes, the pipeline personnel worked 999,096 hours in 12 years without a lost-time accident. George Minton is district foreman.

Lone Star President D. A. Huley lauded Lone Star personnel for their day-in and day-out efforts toward accident prevention.

"The safety records," Mr. Huley said, "reflect strict ad-

herence to Lone Star's constant program of training employes in the importance of safety—not only in their lives but in the lives of the men, women and children who represent the public we serve."

Framed certificates pointing up the safety accomplishments will be presented at forthcoming employe safety meetings. They bear signatures of Mr. Huley and other Lone Star officials.

A. W. Breeland of Dallas, assistant personnel director, is in charge of Lone Star's safety program.

FFA Members Enter Stock Show At San Antonio

The Priddy High School Future Farmers of America have entered two Hereford and one Shorthorn steers in the Sixth Annual San Antonio Livestock Exposition Feb. 18-27.

Census Bureau To Check Smoking Habits In Current Population Survey

A national survey of the smoking habits of the American people will be conducted during February by the U. S. Bureau of the Census as part of its Current Population Survey, according to Supervisor Charles E. Fay of the Census district office at Dallas, Texas which will participate in the collection of the information.

Special questions on smoking are being asked at the request of the U. S. Public Health Service. The information collected will be used in connection with the Government's research program on the possible relationship between smoking and various types of diseases.

The questions will cover cigarette, cigar and pipe smoking. Persons eighteen years of age and over who are members of the 25-thousand-household panel of the Current Population Survey will be asked about the number of cigarettes, cigars or pipefuls of tobacco smoked daily, the maximum number ever smoked regularly each day, the number of years they have smoked and other related questions. The answers to these questions will provide basic facts, now lacking, as to the numbers of smokers and non-smokers by age, sex, color and other characteristics for each of the major regions of the United States.

The questions on smoking are in addition to the regular inquiries on employment and unemployment asked in the Cur-

All New. All the way through, powered by "Rocket" 202!

If you've driven a "Rocket" Engine Oldsmobile before—or talked with an Oldsmobile owner—you have a hint of what's waiting for you in the Super "88" for '55. But only a hint. Because this year's "Rocket"—the exciting new "Rocket" 202—tops even the famous "Rockets" of the past. We could tell you how it melts away the miles and flattens the hills. Instead, we'll let the "Rocket" do the talking. So come in soon. This "88" for '55 is even livelier than it is lovely... and that's really something!

The fine rain which fell here yesterday afternoon and night smiles from many faces. A few days of sunshine and a few days of sun will look like paradise compared to what it has been the past four or five years. Grass and weeds have a good growth and the grain fields have a new life and with the sun just around the corner, more can be asked. People of this community kept well all winter and as we know there has only one person, Mrs. Ter-Casbeer who has had a cold. Mrs. Hilburn of Cole were guests last weekend of Mrs. Dick Hughes.

Layton Black returned home Saturday after a two weeks stay in Houston where he exhibited two angus calves and two club lambs.
Those who attended the funeral services for Mrs. Roy Geddis from here were Mr. and Mrs. F. R. Hines and Greta Sue, Mr. and Mrs. C. H. Black, Barney Laughlin, Ed Vans, Mr. and Mrs. T. A. Casbeer and the writer.
Rev. and Mrs. Jerry Griffin of Brownwood and Mr. and Mrs. M. C. Bishop were guests Sunday of Mr. and Mrs. W. G. Bishop and Judy.
The Homeakers Club of Scal-lorn will meet Thursday afternoon with Mrs. Frank Hines and Greta Sue instead of Mrs. Curtis as stated in our column last week.

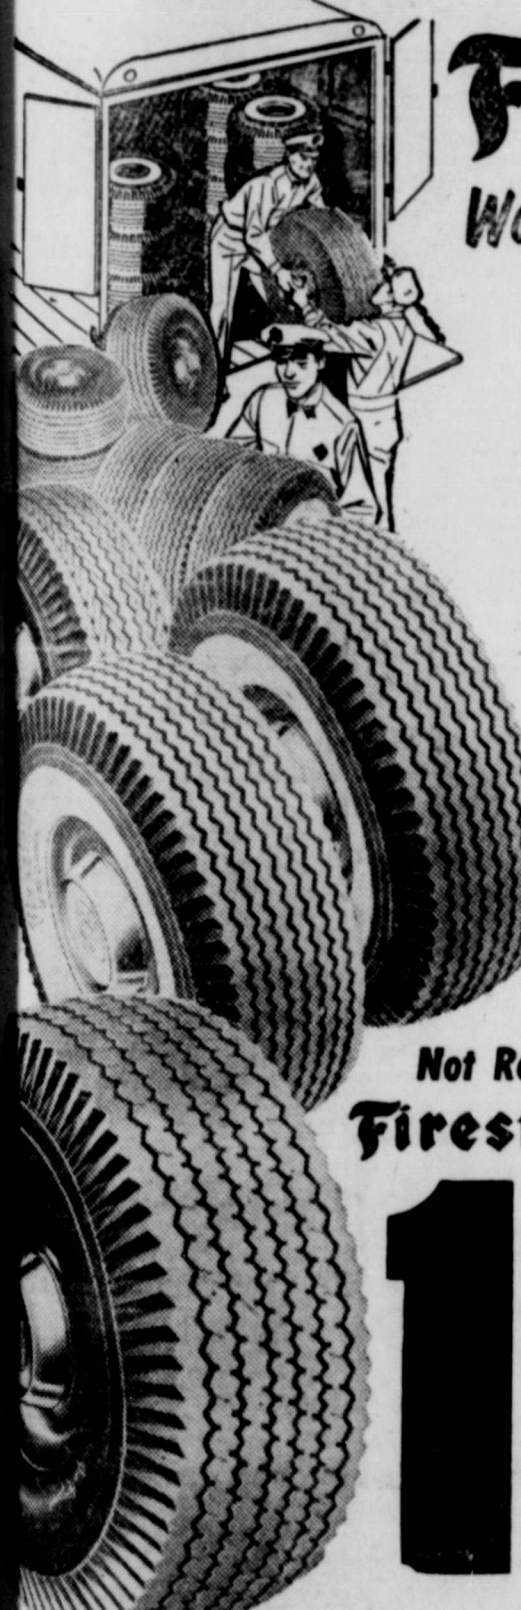

Mr. and Mrs. R. A. Cox accompanied by Mr. and Mrs. T. A. Casbeer called last Monday evening with Mr. and Mrs. Dick Hughes.

Mrs. W. H. Baskin Funeral Services Are Held At Mullin Sunday

Funeral services for Mrs. W. H. Baskin, 61, were held Sunday afternoon, February 6, at the First Baptist Church of Mullin at 3:00 o'clock. Services were conducted by Rev. J. R. Hagan, pastor of the church, assisted by W. H. Hodges, C. C. Henry and W. H. Hughes, a former pastor.

Mrs. Baskin, the former Gertrude Chancellor was born in Comanche, July 30, 1893, and passed away at a Levelland hospital February 3, 1955. She was a member of the Baptist Church and had lived at Whiteface the past several years. She was married to W. H. Baskin December 9, 1919 at Mullin.

Survivors are the husband; a daughter, Mrs. B. E. Hutton of Lake Jackson; seven sons, E. L. of Overton, J. H. of Longview, G. B. of New Harmony, Ind., C. A. of San Diego, California, W. D. of Brownsville, L. R. of Jal, New Mexico, and Ken E. Baskin of Brownwood; her mother, Mrs. J. L. Chancellor of Mullin; five grandchildren; four brothers, J. W. Chancellor of Truth Or Consequence, New Mexico, T. R. of Albuquerque, New Mexico, W. P. of Odessa, and J. C. Chancellor of Seminole; two sisters, Mrs. W. H. Hodges of Jacksonville and Mrs. J. H. Allison of Reding, California.

Pallbearers were Joe Fletcher, J. B. Plunkett, Fred Fletcher, Carl Baskin, Robert Chancellor and W. H. Hodges.

Funeral arrangements were under the direction of the Roy Wilkins Funeral Home with burial in the Oak View Cemetery at Mullin.

By MRS. DUTCH SMITH

Everyone out this way is rejoicing over the wonderful rain we have received. We received one and a half inches of rain which fell so nicely that it all went into the ground. The weeds and grass look as green as spring.

Mr. and Mrs. Loyd King attended the Fat Stock Show at Fort Worth last Friday and Saturday.

Mr. and Mrs. Fred Laughlin, Mrs. Lina McLean and Mr. and Mrs. Dutch Smith attended the funeral services of Mrs. Roy Geddes. We sympathize with her loved ones in their loss.

We are very happy that our nephew, Alvis B. Conradt has returned from Germany where he has spent the last year. Joe Heath has also returned home.

Mr. and Mrs. Loyd King were called to Coleman to be with her mother who is ill.

Mr. and Mrs. Dutch Smith were guests of Mr. and Mrs. Carl Brown Sunday evening.

Mrs. Boyd Leverett of San Saba visited her sister, Mrs. Dutch Smith Thursday. They visited their parents, Mr. and Mrs. John Harris Thursday afternoon.

Mr. and Mrs. Bill Hightower are rejoicing over the arrival of a grandson, who will make his home with Mr. and Mrs. Alex Shaw. He arrived Saturday. We haven't learned what his name is but surely it will be Billy Jack for his two grandpappys.

The Bob Artz's of California are here visiting the Bill Hightowers.

Mrs. Alene Kelly has been on the sick list. We hope she is soon better.

Mrs. Tom Hale spent Sunday night with her daughter and family, the Forest Starleys and attended church at the First Baptist Church of Goldthwaite.

Do not forget the Community Get-Together Thursday (to night) and everyone bring some small gift for prizes. Everyone is welcome.

Real Estate Market Report Shows Drop In Texas Farm Land Prices

College Station (Spec.)—Prices of farmland in Texas fell two percent in the four months ending November 1, 1954, according to a farm real estate market report issued by the U. S. Department of Agriculture.

In general, prices of farmland strengthened in the central Corn Belt and some states along the eastern seaboard, while in most other states they drifted moderately lower. Texas was among 11 states to drop two percent or more.

New high prices were reached in six states, and in 16 others values were with in five percent of their previous highs. Largest declines were in the mountain and Pacific coast regions where farm real estate values in Nov-

ember averaged 15 percent lower than peak levels.

Most of the moderate change in land values occurring in individual states was credited to local and regional differences in weather, crop outturns and local supply-demand situations, says U. S. D. A.

In some Southeastern and South Central states, drought, lower farm income and inability of many prospective buyers to meet lender's requirements resulted in a dull and inactive land market.

Wyoming and Colorado showed the largest declines in farmland prices, four and three percent, respectively, reflecting the severe drought in parts of these states.

SHEPPERD FILES SUITS
This testimony came as Shepperd filed the first two of a prospective long list of suits to forfeit block land deals and recover the money paid land operators.

G. Curtis Jackson Jr., was a defendant named in one of the suits. Shepperd testified that Jackson was identified in one of the land deals.

Shepperd's first two suits were against L. V. Ruffin and B. R. Sheffield, both of Brady, and J. Paul Little, G. Curtis Jackson Jr. and H. R. Stallings, of Crystal City. The Brady group was sued for \$336,247; the latter for \$150,000.

Sheffield has been identified as a former business associate of Bascom Giles, who quit as land commissioner and veterans' land board chairman on January 1. Giles refused to testify before the Senate committee on his business relations with Sheffield and other land operators.

Rep. Dolph Briscoe Jr., author of the House investigation measure, also introduced a bill providing 10-year prison terms and \$10,000 fines for using deceit, fraud or duress on veterans, or false or forged documents in land deals.

Insurance Committee Action
Corrective insurance bills have run into a slow-down.

Four were heard by a House Committee including one to regulate insurance company securities. All were sent to a subcommittee for two weeks.

In the Senate the insurance committee heard two bills. One would fix a \$375,000 minimum capital and surplus for new legal reserve life companies, all in cash. One requires examinations of legal reserve life agents. Both

were attacked as monopolistic—for the big companies and were sent to sub-committees.

WATER COMMITTEES BUSY
Two committees studied water legislation.

Rep. Harold Parish's constitutional amendment for a \$200 million bond issue and a 1-cent property tax, was reviewed by the constitutional amendments committee, and held over for action.

Sen. Lorsey B. Hardeman's constitutional amendment for a \$100 million bond issue and a 3-cent tax is awaiting committee action.

Another House committee heard arguments on a bill for setting up a water commission. In the Senate, two rival plans by Senator Hardeman, who was chairman of the water resources study committee, and Sen. Crawford Martin, call for a water commission—one appointive, the other elective. All three would abolish the present Board of Water Engineers.

Mrs. Zora Roberts left Sunday for Midland where she will visit relatives.
