Mrs. L. Young, music director of the church, will be in charge of song service and prayer.

Services will be conducted at 10 a. m. and 8:00 p. m. daily with special prayer services on Wednesday evening at 7:30 o'clock.

Rev. James W. Parker, pastor of the Garden Oaks Baptist Church of Houston, will be the evangelist for the meeting.

## Red Cross Drive One Third Complete

The Mills County Red Cross drive for funds is about one third complete according to report from chairman, Charles Conradt who stated Tuesday noon that the drive is progressing satisfactorily.

Five community chairmen have completed their work and a number of others are expected to report on their drive before the end of this week.

City of Goldthwaite Chairman, Dr. T. C. Graves, reported Tuesday morning that \$436.00 has been contributed by those in the business district of the city, and \$56.00 from special donations.

A number of contacts are still to be made.

Total reported turned in to Treasurer, Glynn Collier, Tuesday morning was \$753.00.

Chairman Conradt issued an appeal to all committee workers to try and complete the contact work as soon as possible so that the drive may be completed by the last day of the month.

## Easter Holiday For Local Schools

As planned last summer, the Easter Holidays will be observed by the Goldthwaite Schools this year. School will be dismissed on Thursday, April 7, at 3:30 p. m. and will reconvene Tuesday morning, April 12, at 8:30 a. m.

This will give all families an opportunity to visit most any place desired and return home in time for all students to avoid missing classes.

Mr. and Mrs. Levi Auldridge were guests of her brother, Fred Turner and wife near Gatesville Sunday.

## Voters To Have Choice Of Candidates In Forthcoming Election For Trustees

By VERN SANFORD  
Texas Press Association

Austin, Texas—After prodding from the head coach, line coach and backfield, the Legislature got busy on both the put and the take phases of its money job.

House and Senate committees reported the biggest biennial budget in history. The Senate version calls for \$1.5 billion. The House bill ran slightly less.

In one day of debate, the House passed its bill, calling for \$212 million in two years from the general revenue fund, now currently in the red. It would require \$33,600,000 more than current spending, for general purposes, plus a proposed addition of \$27 million for highways.

Hearings by the revenue and taxation committee finally were held on Gov. Allan Shivers' tax recommendations—the Murphy 2-cent per gallon gasoline tax increase; and the Kirkin one-cent cigarette tax increase.

Although the current House is one of the "workings" groups ever, Speaker Jim Lindsey, called on the members to work harder. He predicted that most of the urgent program—water, insurance laws, hospital, tax and spending—could be achieved. He estimated \$60 million new taxes would be required.

Governor Shivers renewed his urging for the gasoline tax hike, backed by the highway commission's estimate that Texas needs to spend \$2,200,000,000 on highways during the next 10 years.

Rep. Jerry Sadler who said he was "authorized to speak for a majority of the House," told the revenue and taxation committee that the 2-cent gasoline tax hike won't pass.

Sadler prefers a one-cent per gallon gasoline and condensate processing tax. This, he contends, would bring in \$160 million a year and permit repeal of the present 4-cent gasoline sales tax. A processing tax would reach out-of-state as well as Texas buyers of gasoline.

Sadler also has proposed a \$3.30 per barrel hike in the tax on beer.

Heard by the oil, gas and mining committee was Rep. J. B. Walling's "anti-waste" bill to set minimum prices for natural gas. At present rates this bill would bring in an estimated \$20 million a year.

Under committee rules, the tax and gas-conservation bills automatically went to sub-committees for a week's study.

Mr. and Mrs. Bob Parrott of Midland and Mr. and Mrs. Lewis Sheard and daughter, Susan of Abilene were weekend guests of their mother, Mrs. J. V. Cockrum and other relatives here.

Mr. and Mrs. Glenn Anderson and daughter, Glennelle spent several days last week with her parents, Mr. and Mrs. J. H. Harrell of Kendall, Kansas.

Mr. and Mrs. F. B. Morgan visited in Goldthwaite last Monday with her parents, Mr. and Mrs. G. W. Hill and his mother, Mrs. J. C. Morgan and other relatives.

Mr. and Mrs. Carl Featherston of Brownwood spent Sunday with his mother, Mrs. Henry Featherston.

Voters of the four school districts in Mills County will have a choice of candidates to vote for in the forthcoming election for trustees on April 2, it was revealed Wednesday, when filings were checked with County Judge John L. Patterson and Charles Conradt, secretary of the board, Goldthwaite Independent School District.

Four candidates are in the field for the two places, to be filled in Goldthwaite School District. They are Tommy Harper, Loyd King, Dale Reid and Marvin Yeager. Board members whose term expires are Malcolm Jernigan and Charles Conradt. Neither of these two are seeking re-election.

In the Star district C. W. Wall, H. W. (Harmon) McCaslin, Wesley Schmidt and Lynn Cook filed. Mr. Wall is presently serving on the board. Other member of the board whose term expires this year is Wesley Woodard who moved from the district.

Six candidates filed for the two places to be filled on the Mullin School board. They are W. H. Reeves, Earl B. Ethridge, A. R. Rowlett, A. G. Wesserman, W. B. Womack and Clyde Jones. Mr. Reeves and Mr. Ethridge are serving on the board and are seeking re-election.

In the Priddy district there are six candidates. They are Charles Schrader, O. L. Harris, Otto Seilheimer, Carl Jeske Jr., Oscar Spinn and Ben Schrank. Mr. Schrader and Mr. Harris are candidates for re-election.

J. H. Priddy is seeking re-election as county trustee from precinct three without opposition.

For trustee, county at large, Willie Wasserman is a candidate for re-election without opposition.

## Pre-School Day To Be Held Here This Friday

Friday of this week, March 25, is set for the pre-school day for all six years old students of our school district. This has been a practice for the past two years and has proved very beneficial to parents and students alike.

On this day, all present pupils of our first grade will remain at home and all students who live in our district who will be six years of age on September 1, of this year are urged to attend.

Each child should bring 20 cents to pay for his lunch and each parent wishing to eat will be charged 25 cents.

A program is in the making for the parents for the day so that the children may be dismissed at about 3:00 p. m. and return home with the parents.

The parents will be instructed in an immunization program that will start on Tuesday following the day of school.

## School Officials Attend Regional Conference

Superintendent and Mrs. J. T. Jones, and John L. Patterson, ex-officio county superintendent of schools, of Mills County, attended the regional conference of American Association of School Administrators held in Denver, Colorado, last week. The Texas delegation left Fort Worth by special train on Saturday March 12. They left Denver on Wednesday March 16 and returned here Friday night.

## Lions 4-H And FFA Barbecue April 19

Norman Duren, president of the Goldthwaite Lions Club, has announced that Tuesday April 19th, has been selected as the date for entertaining Mills County 4-H and FFA club members and their parents.

The Club will have an outdoor barbecue dinner with special program honoring club members for their work and accomplishments this year. Trophies will be awarded at this meeting to those who had grand and reserve champion exhibits in the various stock shows.

It will also be ladies night for Lions who will have their ladies as guests for the evening.

## 1955 Schedule For Red Sox Is Announced

Officials schedule of games to be played by the Goldthwaite Red Sox in Hill Country League during the 1955 summer season has been released by manager Clyde Estep, after meeting with league officials to work out details of the schedule.

League play will start Sunday April 17 with the Red Sox playing host to Camp Stanley on the local diamond. The regular league schedule will run through Sunday July 24.

An all star game will be played on Sunday June 5. All star teams for this match will be selected from the four teams representing the north and south members of the league. Teams designated as south are Seguin, Camp Stanley, Boerne and Medina. Those designated as north are Fredericksburg, Pat's, Comfort and Goldthwaite. ## Meet Your Neighbor At Betty Crocker Cake Mix Sale

The Self Culture Club is sponsoring the Betty Crocker Cake Mix Sale which will be held in all local grocery stores March 25 and 26. The club will receive a percent of all sales of these products and the money will go toward buying a piece of furniture for the Jennie Trent Dew Library.

Two representatives of the club will be in each store both Friday and Saturday. Club members urge all their friends to meet them at the Betty Crocker Sale and buy all their Cake Mixes for their Easter baking during this sale and help a good cause.

## VICTORY CLASS TO VISIT DOWNTOWN BIBLE CLASS

Announcement was made this week by D. R. Edgington, president of the Victory Sunday School Class, of the First Baptist Church, that the class will meet with the Men's Downtown Bible Class this coming Sunday.

The Bible class meets at 9:30 in the Melba Theatre.

Mr. and Mrs. Jack Laughlin of Sanderson spent last weekend here with his parents, Mr. and Mrs. Worley Laughlin.

## Mr. and Mrs. Clabe Locklear To Observe Golden Wedding Anniversary

Mr. and Mrs. Clabe Locklear, residents here over 37 years, will celebrate their golden wedding anniversary Sunday, March 27, 1955.

The Locklear children will be hosts at an open house from 3:00 until 5:00 o'clock at the Locklear residence Sunday afternoon. All of their friends and neighbors are invited to call during these hours.

The former Miss Cynthia Ann Faver married Clabe Locklear April 27, 1905, at San Saba. Mrs. Locklear, a native of Texas, is the daughter of the late John W. and Carrie Faver. Locklear is the son of the late Jack and Sarah Locklear, who were early settlers of McCulloch County.

The Locklears have one daughter and four sons; Mrs. J. Cecil Williams of Goldthwaite; Clyde Locklear of Hot Springs, Arkansas; Cecil of Grove City, Ohio; Jack of Brady and Wayne of Weatherford.

They have five grandchildren; Tommy Locklear of Fort Campbell, Kentucky; Clyde Alan, Cecelia Ann and Curtis John Locklear all of Brady and Linda Jane Locklear of Grove City, Ohio.

## Lions Sponsor White Elephant Sale For Benefit Of Local Show Barns

The Goldthwaite Lions Club has gone on record to sponsor a county-wide White Elephant Sale to raise funds for retiring indebtedness on local agriculture buildings, or show barns. The sale is scheduled for Saturday April 23.

This will be a county wide project and every one in Mills County is asked to give their support to the sale by contributing items.

The question, "What Is A White Elephant Sale," has been asked. Folks have defined the term "white elephant" as something that is of little or no value to the owner, yet is of value to someone else.

Vocational agriculture teachers of Mills County, FFA and 4-H club members will work with members of the Lions club in promoting the sale which will not be limited to "white elephant" items.

R. L. "Bob" Steen was named general chairman at the last regular meeting of the Lions club and W. C. Barnett was named vice-chairman. Other members of the club will be enlisted in the committee work as well as many workers from outside the club.

Announcement has been made that livestock contributed to the sale is to be brought in on Thursday and Friday, April 21 and 22. All stock, goats, sheep, cows or calves, poultry, or what have you, will be taken to the Mills County Commission Company and will be sold through the ring on Friday April 22.

Other items for the sale can be brought in any day in advance of the sale day. Articles other than livestock will be stored at the Agriculture Buildings. On Saturday, April 23, these items will be brought downtown where they will be auctioned off on the courthouse square at 2:30 o'clock in the afternoon.

Folks are reminded to start thinking now about something they may like to contribute to this worthy project. Watch next week's Eagle for a number of suggestions.

## Resignation Of Coach Ray Akins Is Accepted By School Board Monday

Coach Ray Akins submitted his resignation to the School Board recently and the resignation was accepted by the School Board in a called meeting Monday night. Individuals of the Board expressed regrets over the resignation that they knew was coming since he had accepted a similar job at Tomball Public Schools near Houston.

Mr. Akins came to Goldthwaite three years ago from Lometa and has been successful in his work here producing both strong football and basketball teams. This year, our schools best, we won third place in our district football, first in district girl's basketball and first in regional girl's basketball. Also fourth place in the state contest.

In other actions by the School Board all other teachers were reelected subject to assignment after adjustments have been made. Supt. Jones was high in his praise of the wonderful spirit of cooperation of faculty members and all board members seemed well pleased with the work of the school.

## Juniors To Present Play April 1 And 2

A delightful three act comedy entitled "Love Is In The Air" will be presented by the Goldthwaite High School Juniors on Friday evening, April 1, and Saturday April 2, at the high school auditorium at 8:00 p. m.

Tickets may be secured by contacting any Junior or by calling at the Production Credit Office.

Inside WASHINGTON MARCH OF EVENTS

Union Merger May Strengthen Labor in Political Campaign However, No Labor Party Seen Emerging From Unions' Uniting

WASHINGTON—Political experts in Washington do not believe that the merger of the CIO and AFL will mean the advent of a labor party into the United States political scene despite the forecasts of some industrialists.

While they rule out the labor party idea, however, these political analysts freely concede that the merger of the nation's two great labor organizations will strengthen organized labor's influence in elections.

They reason that the bringing of the major unions under one leadership will eliminate much political disagreement within their ranks and give them a united front to present in election campaigns.

However, Washington politicians believe that labor leaders want to keep the present two-party system and feel that they can bring their weight to bear with greater success this way than through a third party.

SAME OLD LINE—Russia's call for the destruction of all nuclear weapons was received at the State department as the same old Red game—"propaganda."

Washington officials took the attitude that the Soviet proposal did not advance one bit from the previous Russian pronouncements regarding disarmament.

The view at the State department is that the Soviet suggestion is just "more propaganda" which gives no assurance that the Reds would agree to competent international authority to oversee that the controls are carried out.

The United States wants atomic controls providing there is an international body set up with the power to see that the controls are carried out.

ROOM WANTED—Venerable Senator Walter F. George (D), Georgia, chairman of the Senate foreign relations committee, has a major complaint. He thinks the committee should have more spacious quarters. Since the committee is one of the Senate's oldest units, it was entitled to a hearing room in the Capitol building. Now it is stuck there.

Situated near the Senate restaurant, the room is small compared with the quarters occupied by other major committees in the Senate Office building. Only a handful of spectators can be accommodated, and newsmen have to squeeze behind George's chair to get to their table.

There is one major dissent to George's complaint. Most committee hearings deal with such high policy questions that they are either closed to the press and public or they attract a limited audience.

If some headline event is on tap, the committee can always use the huge Caucus room in the Senate Office building. That's where the Army-McCarthy hearings were held.

MERCHANT MARINE—Shipping experts in government and out say they are "appalled" by the state of the United States Merchant Marine—and they are urging both Congress and the administration to do something about it, offering subsidies if necessary.

Accustomed to being first among the free world nations in so many different activities, the United States now finds itself 12th in shipbuilding. According to the latest official reports, only 99,568 tons of merchant shipping were "on the ways" in United States shipyards during the last three months of 1954.

Among the free world nations that were well ahead of the United States are Britain, Germany, the Netherlands, France, Sweden, Japan, Italy, Norway, Spain, Denmark and Belgium and, the experts point out, no figures are available for Soviet countries.

CLOSE TO THE HEART OF AMERICA

IT'S MY FAVORITE PICTURE!

VIC'S . . .

SOLILOQUY

Sam Frizzelle, of Los Angeles, California, sent a clipping to his father, our own Pessor Frizzelle here in Goldthwaite, which appeared in one of the west coast papers a while back. It is a column written by Bill Kennedy and is headed Mr. L. A. (presumably one of the Los Angeles papers). The column featured Judge C. E. Bull, who was born at Bulls Creek in Mills County. Along with a picture of the Judge appeared the following comment.

FOUR SCORE AND . . .

"There lives in our town a man who casts the shadow of Abraham Lincoln.

"Nearly a century after the death of the martyred President, his living image is still amongst us—the same angular figure, the patient smile, the sad face.

"When you see him walking from the grocery store, with his beard, his shawl, and his old plug hat, the quite procession of the years rolls back to the 1830's when young Lincoln was a clerk in Old Salem, Ill.

"A woman has forgotten her 14 cents change, and the honest clerk has closed up the store to walk ten miles to return it to her.

"On the way he may meet a small boy, who tugs at his coat and asks him an earnest question. "Mr. Lincoln," he inquires, "how long should a man's legs be?"

"Well, son," he might answer, "I never gave it any serious thought before, but on first reflection it seems to me they should be at least long enough to reach from his body to the ground."

"THE MAN who has dedicated his life to Lincoln, and has impersonated him throughout the country for more than 30 years is Judge Charles E. Bull, of Montebello, an actor and real estate agent.

"He was born in February, and in a log cabin, and as a young

man he split rails on a farm at Bull's Creek, Texas.

"In a letter preserved at the Library of Congress, Lincoln once wrote: "If any personal description may be deemed necessary, it may be said I am in height 6 feet, 4 inches, nearly; weight on an average 185 lbs.; no other marks or brands recollected."

"After he attained manhood, Judge Bull reached 6 feet, 4 inches in height, and his weight has usually been about 185 pounds. Neither can he recollect other marks or brands.

"YOUNG Charles Bull first attained nation-wide notice when he played the role of Lincoln in the silent day epic "The Iron Horse." Critics acclaimed him as the living personification of Lincoln.

"For years he toured the Chautauqua circuit impersonating the great emancipator. At the Chicago World's Fair he was the host at the Rutledge Tavern, and his resemblance to Lincoln was so startling that it brought tears to the eyes of Civil War veterans.

"Thereafter he visited every Lincoln shrine in the country. He spent two weeks on the Gettysburg battlefield, and he sought out everyone who had known or seen the great man.

"HE MET George Bickley, ex-chancellor of Gettysburg College, who was present when Lincoln delivered the Gettysburg address on Nov. 19, 1863.

"After the speech, Bickley's roommate had asked him what he thought of it. The veteran educator's reply was: "Equal to the occasion, but nothing special."

"In 1930, before a gathering of Civil War veterans, Judge Bull appeared at a huge auditorium in Pittsburgh. After his repertoire of Lincolnia, he was asked to deliver the Gettysburg address.

"Stenciled on the stage behind him was the entire address, in letters eight inches high.

**Big Valley Club To Bake Cookies**

Mrs. Bill Daniels was hostess to the Big Valley Friendship Club, Thursday afternoon March 17. There were fifteen members and three guests present.

The members and guests enjoyed the afternoon piecing quilt blocks.

At the business meeting it was decided that at the next meeting each member would bring cookies, which would be packed and sent to the Veterans Hospital at Waco for Easter. Donations of cookies from other clubs or individuals for this project will be appreciated.

Next meeting of the club will be Thursday April 7, at the home of Mrs. Covington.

Refreshments were served at the conclusion of the meeting.

**Pancake Supper Tonight To Boost Senior Trip Fund**

Arrangements were being completed this morning for the big Senior Class Pancake Supper to be held in the High School Lunch Room this evening from 5:30 to 7:30.

All proceeds from the Pancake Supper are placed in the Senior Fund to be used for the senior trip.

In addition to the delicious pancakes and bacon, the seniors have arranged a special entertainment program to be presented during the evening. Individuals and groups will present a varied musical program.

Ticket sales have been brisk, but the committee pointed out that persons who have not purchased tickets ahead of time may still obtain them at the door. Admission price is 50 cents per person.

The task of serving the tremendous amounts of food that will be consumed has been worked out quite successfully. A five ft. griddle of special design will turn out more than 75 pancakes at a time. An additional bacon fryer has been procured for tonight's event, making it possible to fry several pounds of bacon at one time.

Officials said persons attending may have all the pancakes and coffee they want, but bacon will be served in limited quantities.

Aunt Jemima Pancakes will be served with the manufacturer furnishing all ingredients for mixing the batter, syrup will be furnished by Anheuser Busch Inc., and bacon will be furnished at cost through courtesy of Duren Grocery. The special griddle will be furnished by Carl Letbetter.

Don't forget—AUNT JEMIMA PANCAKE SUPPER TONIGHT—5:30 till 7:30.

## No gasoline—no, not a single one—has higher octane than New 1955 GULF NO-NOX

This lamp is burning the "DIRTY-BURNING TAIL-END" of gasoline which GULF refines out

This lamp is burning NEW SUPER-REFINED GULF NO-NOX, the clean-burning super-fuel

### but octane alone is not enough...

That's why new Super-Refined Gulf NO-NOX is specially made to burn clean—to protect your engine—to give you thousands of extra miles of full engine power.

Fill up with new Super-Refined Gulf NO-NOX and feel the difference in lasting power. You'll get:

- More complete engine protection

than with so-called "miracle-additive" gasolines.

- Extra gas mileage in the short-trip, stop-and-go driving motorists do most.

- Stall-proof smoothness... instant starts... fast, fuel-saving warm-up.

- No knock, no pre-ignition—even in today's high-compression engines.

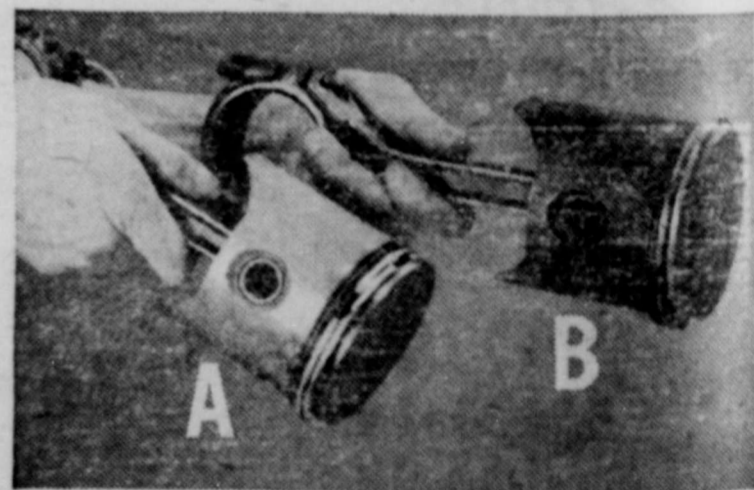

#### GULF'S PLEDGE to the motoring public

• We at Gulf make this promise to America's motorists. We will not permit a single competitor—no, not a single one—to offer a gasoline superior to our own superb No-Nox.

• It is our sincere belief that No-Nox is the finest gasoline on the market today, and no matter what others do or say we will keep it the finest—in power, in performance, in engine protection.

• This is not a boast, not a claim. It is a pledge to you, the motoring public—a pledge backed by the resources—and the integrity—of the Gulf Oil Corporation.

See what a difference Gulf super-refining makes! Instead of trying to fight harmful deposits with so-called "miracle additives"—inside your engine—Gulf believes in preventing them from forming in the first place; removes the cause—the "dirty-burning tail-end" of gasoline, at the refinery, to bring you new, clean-burning NO-NOX. Just look at the plates in the photo above and see how clean new NO-NOX burns!

New NO-NOX protects your engine like this! Compare clean piston "A" from engine using new NO-NOX with piston "B" from engine using the "dirty-burning tail-end" of gasoline that Gulf refines out. Both pistons shown here, from Gulf test engines, ran the same number of hours under the same conditions.

### Brown-Mills Soil Conservation News

By CHARLES HAENISCH  
REPORT FOR 1954  
Fourth in a Series of Four

COUNTY COMMISSIONERS COURT: All levels of our government are taking an active part in the conservation of our soil, water, and plants. The commissioners courts of the counties that make up the district are no exception. The Mills County Commissioners Court is one of the sponsoring organizations of the petition to the State Soil Conservation Board for a Flood Prevention Program on Bennett Creek. The commissioners of both Mills and Brown counties have assisted farmers and ranchers in applying conservation programs on the land. When private contractors were not available, county equipment has been

made available for building terraces and other practices. Commissioners are working to protect road ditches from erosion by properly designing and installing road ditches and by diverting water out of them.

CHAMBERS OF COMMERCE: To supervisors of a Soil Conservation District it is always gratifying when organizations, such as the Chamber of Commerce, becomes interested in conservation. The Chambers of Commerce of Brownwood and Rising Star are taking an active part in agriculture and its problems. The Brownwood Chamber of Commerce has sponsored with us an irrigation field day to assist in informing local irrigators with the benefits of conservation irrigation. The Chamber of Commerce of Rising Star sponsored a box supper and the theme of the program was soil conservation.

CIVIC CLUBS: As has been reported before everyone has a stake in the conservation of our resources. The activities of our civic clubs in conservation is a good indication of how our people are becoming aware of the importance of conservation. The Lions Club of Goldthwaite is one of the co-sponsors of the petition to the State Soil Conservation Board for a flood prevention program on Bennett Creek. It has also contributed the first place team trophy for the District grass judging contest held in Goldthwaite. The Lions Club, the Kiwanis Club, and the Junior Chamber of Commerce of Brownwood and the Art and Civics Club and the Garden Club of Goldthwaite have all had programs on Soil, Water, and Plant Conservation. The Goldthwaite Garden Club had a conservation exhibit in their annual Flower Show.

BANKS: In an agricultural area the volume of business of financial institutions is very closely related to the strength of the agriculture. Many banking institutions throughout the country have recognized the

importance of soil, water, and plant conservation.

In the Brown-Mills Soil Conservation District banking institutions are recognizing the importance of conserving our soil, water, and plants. Several of the banks are taking an active part in participating with the District in conservation programs. The First State Bank of Bangs sponsored a land treatment program with a number of its customers. The District presented the program and the bank supplied the food. The Mills County State Bank of Goldthwaite supplied the individual medals for the District grass judging contest, participated in tours, and has contributed in many ways to the District Program.

NEWSPAPERS: In order for conservation to be put into practice people both on and off the land must know what is going on. What measures are effective and working. What benefits are being derived from conservation. The newspapers of this District, both daily and weekly, have recognized the importance of conservation. The District greatly appreciates the assistance that has been given them in reporting the progress that is being made in conservation.

SUMMARY: Conservation of our prime and basic resources; soil, water, and plants; is not the job of any one person or any individual groups of persons. Conservation is the job of all. Everyone of us has a vital stake in the conservation of these resources. Working together we have a future of plenty. Failure to work together to conserve these resources may result in disaster. This shows that many individuals and groups in this District are working for the conservation of these resources. These groups working together have enabled the Brown-Mills Soil Conservation District to fill the obligation placed upon it by the people of Texas through their legislature. The District is legally charged by the State of Texas with planning the program, obtaining the information, procuring the services, and doing the things that citizens, working alone, would not be able to do.

### Elementary Teachers Plan Series Of Meetings To Study Teaching Problems

By MRS. ELVA DELAPP

The Goldthwaite elementary teachers have decided to come together at regular intervals to study teaching problems. The first of these meetings was held Monday, February 28. Mrs. Mamie Palmer discussed "A Curriculum Focus on Mental Health." She told the group that one out of ten persons spends part of his lifetime in an institution for the improvement of mental health. Beside them, there is a multitude of people who never seek help.

One of the purposes of the school is to work in cooperation with the home to develop mentally healthy individuals. A feeling of worth, of belonging, and a feeling of success are necessary in this development.

There should be no such thing as "standardized" subject matter. Efforts to make all children learn the same subject matter at the same time and in the same way is undesirable. Life does not require people to be alike; why should the school require it. Activities which are purposeless and unrelated or in conflict with the pupil's life or environment may lead to personality disorders. The traditional curriculum and the traditional grading system condemn too many children to daily failures and frustrations.

The teachers are interested in learning ways to relieve the

emotional tension of children, thus the interest in this study.

They have asked that a consultant from the Hogg Foundation be invited to meet with them and discuss these problems.

— IT PAYS TO ADVERTISE —

Mr. and Mrs. O. S. White and Mrs. Sue of Temple spent the weekend with Misses Abbie and Eth Ervin.

### NEW PURINA Bite-Size CHECKER PLAN OF GROWING PULLETS

Compared to usual mash feeding, the new Bite-Size Checker plan can make a big cut in your growing cost. Chicks start eating the new, smaller Checkers when only 4 to 6 weeks old. It takes less feed because pullets spill less out of the hoppers. And the few Checkers that are spilled are quickly picked up—not lost on the ground like mash.

### April 15 Is Last Day For Auto Inspections

**AUSTIN, (Spec.)**—With less than one month remaining in the current Motor Vehicle Inspection period during which motorists must get their autos inspected, Col. Homer Garrison, Jr., Director of the Texas Department of Public Safety, today issued an appeal to one-

third of the State's car owners who have not yet complied with the law.

"There is less than one month remaining," Garrison said, "in which about one-third of the car owners in Texas must have their vehicles inspected if they are to continue operating them on the streets and highways."

Meanwhile, W. J. Elliott, Chief of the Texas Highway Patrol, said that State Patrolmen would begin enforcement of the law on April 16th against operators of cars not bearing the 1955 ap-

proved inspection sticker.

"We are making this a ditch appeal," Garrison added "for car owners to visit the inspection stations without delay if inconvenience is to be avoided."

Mr. and Mrs. Truett Auld and boys spent the weekend at Copperas Cove with her parents, Mr. and Mrs. Bird.

Mr. and Mrs. M. L. O'Quinn of San Angelo were weekend guests of her mother, Mrs. M. E. Auld and other relatives.

### Goldthwaite FFA Team Takes First Place In Coleman Poultry Judging

A Goldthwaite FFA team composed of Leo Reynolds, Tommy Long, Don Rudd and Marie Crumley took first place in poultry judging in the invitational judging contest held at Coleman last Saturday.

Leo Reynolds was second high point man in poultry judging while Tommy Long came out third high point man in the same contest.

The dairy and livestock teams also took part in the judging contest but failed to place in the top three. Members of the dairy team are Charles Cornell, Kenneth Cook, Johnny Laughan and Danny Welch. The livestock team is composed of D. Cook, John Henry, Ronald Davis, Chester Berry, Lester Geeslin and Willis Cline.

Invitational contests are considered practice contests in preparation for the area contest which will be held at Tarleton State College at Stephenville April 2. The top ten percent winners in this contest will go to the state judging contest.

**PAST MATRONS AND MATRONS CLUB MEETS**  
The Goldthwaite members of the Past Matrons and Past Patrons Club which is composed of the following chapters, Lometa, Saba, Richland Springs and Goldthwaite, were hosts to the club last Thursday night at the Hills County Youth Center.

There were 18 members present who enjoyed a covered dinner and games of "Canasta", "E" and "Dominoes". At the conclusion of the game period a short business meeting was held with Mrs. Annie Armstrong presiding. Mrs. Mitch Johnson of Saba, entertainment chairman, made an interesting talk.

### Chevrolet Displays New Line 1955 Trucks

Saylor Chevrolet Company, Mills County Chevrolet Dealer, is taking part in the nationwide introduction of the new 1955 line of Chevrolet trucks this week. The new line of trucks will be on display at dealer show rooms tomorrow.

rolet's ever-popular light pick-up trucks which promises to win even greater favor this year. A long list of improvements that range from added drive convenience to beauty of design has been incorporated in the 1955 line. Two pick-ups are offered in the light-duty series, one

featuring a 78-inch length box, the other a 90-inch length. Pick-ups are among 75 models on 15 wheelbases.

Folks are invited to see the new Chevrolet trucks on display at Saylor Chevrolet Company tomorrow, March 25.

### What Are We Doing For Advanced Age Citizens Of Our Communities?

By MRS. M. F. HORTON

What are we doing for the elderly citizens of our town? Statistics prove that many more people live to pass the age of 65 today than ever before. The day of the old rocking chair has passed, something has to take its place. People of that age and far passed, enjoy entertainment as well as the younger, at least the majority of them are still young at heart.

For this reason the Federated clubs of America have added a new committee, "Gerontology". A member of the Art and Civic Club locally, Mrs. M. F. Horton, was appointed District Gerontology Chairman but because of her office work at their lumber company, Mrs. Horton had to resign from this office, but not getting her resignation in time, many reports of what other towns are doing for their older citizens are printed below.

At Clyde, Texas a member of their local club formed church groups of different denominations into circles to do Bible and charity work and had one full program on "Growing Older" and of course the older ladies were invited, Mrs. J. C. Snow sent in this report. Another study club in Clyde sent in a good report, this club visited the elderly people weekly, sent cards and letters to them, picked up the ones that could not drive their cars and drove them to church on Sunday.

In Waco, the clubs take time

about and put on a program every day, at Louie Miguel Center, for the aged. They have teachers in art for those artistically minded, they have leather craft, sewing, quilting, all kinds of games and a teacher in square dancing. In some towns the clubs are sending committees to the once alive communities in the county to establish Community night and carry this meeting on much like the Waco clubs.

The Wimodausis Club of Sterling City, Texas is doing a lot for their 65 citizens, some of their program topics were: "A Tribute To Grandmothers," "Living Later Years," "Young Talent and Older Skill" and a panel by the elderly ladies of the town, subject: "My Philosophy Of Life" and an annual tea for this age group.

Mills County has a lot of talent to use for entertainment and Goldthwaite has many new families of this age group who have moved here to retire. Today's business people will be tomorrow's older people.

Mr. and Mrs. LeRoy Witzsche of Cisco were weekend guests of her parents, Mr. and Mrs. Andrew Baxter.

### Questions And Answers On Filing Income Tax Returns For Year 1954

#### SICKNESS AND DISABILITY BENEFITS

Questions: What are some of the sickness and disability benefits we are entitled to under the new law?

Answer: The new law for 1954 allows a taxpayer to exclude from income a large number of Employer-Financed benefits.

Question: What are these benefits?

Answer: There are three main types of exclusion under the new law. They are: 1. Where an employee is reimbursed for medical care of himself, his wife, or a dependent. 2. Payments for loss of a member or function of the body or permanent disfigurement of the taxpayer, his spouse or dependent. 3. Wage continuation plans.

Question: How is a taxpayer to treat reimbursement of medical expenses?

Answer: Such reimbursement is not taxable and should not be included in income, unless the taxpayer has claimed a deduction for medical expense. In that case, he must reduce his medical expense by the reimbursement.

Question: How about payments received by a taxpayer for the loss of a leg or eye or some other member of the body?

Answer: These payments are not taxable. All payments received for loss of a member of the body or for permanent disfigurement, are not taxable.

Question: What is meant by "wage continuation plan?"

Answer: That means any plan, whether formal or merely a policy, where an employer continues to pay in full or part the wages of an employee who is absent from work due to illness or injury.

Question: Are all such payments under a wage continuation plan excludable from the employee's taxable income?

Answer: No. The amount to be excluded can never exceed a weekly rate of \$100.00. The amount to be excluded also varies, depending upon the cause of the employee's absence from work.

Question: How do the various causes of an employee's absence from work effect the exclusion?

Answer: If the absence is due to illness the pay for the first seven calendar days cannot be

excluded, unless the employee was hospitalized for at least one day during the period of illness.

Question: Suppose an employee was absent for three weeks, but was not hospitalized until the twelfth day, could he exclude the pay for the entire three weeks?

Answer: Yes. The exclusion will apply from the first day of illness, if at any time during that period he was hospitalized.

Question: How should the wage exclusion be shown on Form 1040?

Answer: Taxpayer's gross wages—including the amount of wages to be excluded—should be shown in line 2, page 1 of Form 1040. The excluded portion should be shown in line 3, page 1 of Form 1040, and then deducted from line 2.

### Hillside Mission

By LIDA BYRNE

Some one said: "We are that God does not hear a sinner's prayer." Here is what the Bible says: "Behold the Lord's hand is not shortened, that it cannot save, neither his ear heavy, that it cannot hear." Your iniquities have separated between you and your God, and your sins have hid his face from you, that he will not hear." Isaiah 59:1-2. In Isaiah 5:25 the Holy Word tells us: "His hand stretched out still".

## SEE THEM FRIDAY! New Chevrolet Task-Force Trucks!

It's the largest and finest fleet of trucks ever built by the nation's No. 1 truck builder. Whatever your task or trade, there's a new Chevrolet truck to make or save you money on the job. Come and look 'em over!

Now Chevrolet introduces "Work Styling"—an exclusive development in truck design. Plus new engines—new capacities—new Overdrive and Power Steering—new features and advantages throughout.

Here's what happens when America's leading truck builder pulls out all the stops! Here are trucks that are new from the drawing board out!

New styling in trucks

Fleet, functional styling that fits your job! For the first time in any truck line, two distinctly different styling treatments are

offered—one in light- and medium-duty models, another in heavy-duty. Your handsome new Chevrolet Task-Force truck will be a profitable advertisement-on-wheels for you and your business!

A new outlook for the driver  
Truck driving was never like this! The new Flite-Ride cab is

everything a driver could wish for, from its big Sweep-Sight windshield to its concealed Safety Step that keeps clear of mud or snow! The new instrument panel and controls are the last word in convenience!

Six new "high-voltage" engines  
With a new 12-volt electrical system for quicker, surer cold-weather starting and increased generator capacity! Plus more efficient cooling and lubrication systems, an improved fuel system, and completely redesigned engine mountings.

And much more that's new  
Like new High-Level ventilation... tubeless tires, standard on 1/2-ton models... Power Brakes\* for all models, standard in 2-ton models... new 18,000 lb. max. G.V.W. in 2-ton models. And there's a new choice of transmissions, including new Overdrive\* and Hydra-Matic\*. New Power Steering\* for all models. Come in and see the newest things in trucks!

\*Optional at extra cost. Overdrive available on 1/2-ton models. Hydra-Matic on 1/2-, 3/4- and 1-ton models.

## Clementine Wilmeth Briley Writes from Temporary Home In El Paso

By CLEMENTINE WILMETH BRILEY

See signs of spring even in El Paso with its perpetual blight. The grass is beginning to get green in the yard, and

as we ride along the streets I see the trees are putting out. My pansy plants have had some lovely blossoms, and the daffodils are budded. John is spading up a place for a garden, and Johnny with his little shovel stays right by his side.

Last week we went to a nursery and got a good-sized pecan tree and a peach tree to put in the back yard and two Balm of Gilead trees to put out at the front. I also got a Paul's Scarlet climbing rose. We let the nursery send a man to put out the peach tree as we were afraid it might be too much of

a job for John. They say this part of town used to be the bed of the Rio Grande. The man dug the 5-foot hole in a jiffy. About two feet down he struck the moist river sand. We have no rocks here except chips off of our rock fence around the back yard. El Paso is a city of rock fences. Almost everyone has a rock fence around his back yard. They get the rock from the mountain. March came in like a lamb and we had some beautiful spring days, but now we are having some windy, dusty days.

From the Brownwood Banner of March 3, I salute and thank Robert Porter of Wolf Valley for his eloquent and interesting reminiscence from the early pioneers and their hardships to his time of rejoicing over the new bridge across the Colorado river between Brownwood and Richland Springs.

Mrs. A. W. Hanna in the Oak and News also gives us an enthusiastic glimpse of life near the bridge.

I lament the passing of the Indian Creek post office. I enjoyed very much its interesting history related by Mrs. H. L. Moore in the Brownwood Banner. When we first settled on the river, we got our mail from Regency. When we got the Ebony post office, Mr. Griffin went to Indian Creek for the mail. If I remember right Charlie said his father drove two little mules to a buggy and got the mail only twice a week. If the people will have better service by their new route, then of course it is better for the post office to go. But I suppose we of Ebony who do not get our mail delivered to our homes will continue to traipse several miles to the mail box and get our mail out of Mullin by which roundabout way it takes two days to get a letter to Brownwood.

My niece, Mrs. Jim Bean, of Van Horn called me from an El Paso hotel last week. She was here for treatment. She said her brother, Ernest Malone, had left Ebony and moved to San Saba. He has sold all his cattle and does not intend to return to the farm.

By John C. White, Commissioner

### LIVESTOCK POINTERS

The saying goes, "Nature takes care of its own"—in the animal kingdom and otherwise. But in these days of small profit margin on farm livestock, a little assistance from man is necessary.

With the spring crop of animals coming on, the difference between profit and loss may be only one or two pigs, calves or lambs for the average farmer in certain sections of Texas. Some pointers offered by the American Foundation for Animal Health might be helpful in holding down the death loss.

"Be sure that mother animals get top notch rations," the foundation suggests. "They should get plenty of suitable proteins, vitamins, minerals and good legume hay."

"Keep brood animals comfortable and clean in properly-ventilated quarters."

"Be sure the young are born

on clean pasture, or in clean, dry well-bedded quarters, away from drafts, if possible.

"Near the end of the gestation period, be on hand so that if assistance is needed in delivery, a veterinarian can be called to disinfect the navels of the young."

"Check up to see that the new-born nurse properly. Calves should get the cow's first milk. Baby pigs have access to clean sod or an iron preparation which will prevent anemia."

"Be alert for signs of scouring. It may indicate over-feeding, improper feeding or disease."

"Have pigs vaccinated against cholera around weaning time. Also, check with your veterinarian as to whether other stock may require vaccination."

"If any unexpected sickness should appear, get an expert diagnosis without delay. Prompt action may mean the saving of many valuable animals—and make for that vital difference between a gain or loss in stock raising."

### Cpl. Bobby J. Warren Participates In Exercise Roundup

SALZBURG, AUSTRIA (Special)—Cpl. Bobby J. Warren, 23, whose wife, Alma, lives on Route 1, Mullin, Tex., recently participated in Exercise Roundup, an Army training maneuver in Austria.

Held under simulated combat conditions, the week-long exercise included attacks by an "Aggressor Force" of British soldiers. In anticipation of the attacks, U. S. troops evacuated the area in a test of mobility.

Corporal Warren, son of Douglas F. Warren, who also lives on Route 1, is a cannoneer in the 11th Anti-Aircraft Artillery Battalion's Battery A. He has been overseas since January of this year.

### Plans Being Made For Polio Vaccine Administration To Local Children

Detailed plans now are being worked out for the possible administration of polio vaccine to 181 Mills County, children who will be eligible to receive it if licensed, Dr. R. Glynn Raley, Mills County, Health Officer, declared today.

As was announced recently by state health officials, all first and second grade pupils in public, private and parochial schools in the state and all children who were part of the test groups in the 1954 vaccine field trial but did not receive vaccine at that time, are included in the planned program, he explained. It also will be available to others through physicians at the same time.

But parents were warned by Dr. Raley not to jump to the conclusion that the current planning indicated the vaccine already had been proved effective.

"The vaccine which will be furnished by the National Foundation for Infantile Paralysis is the same vaccine that was given to 440,000 children last spring," he said. "We do not know yet whether it really prevents paralytic polio. Until April, when we will learn the results of the evaluation study now be-

ing conducted at the University of Michigan, we cannot know if the vaccine is effective.

"But we cannot wait until then for planning for the protection of as many of our children as possible. Vaccinating large numbers of children is a big and important job, entailing many procedural tasks that can't be performed over night.

"If the license is granted in April, we must be ready to start vaccinating at once, so that, if possible, we can finish before our schools close and the polio season starts. We want to give the vaccine early so that many children can be protected before polio appears in their communities.

"This program would not be another test but the first use of a newly-established preventive measure."

Under the direction of the State Health Department, Dr. Raley has been conferring with school authorities and physicians who have pledged their full cooperation.

The polio vaccine will be furnished from a supply being purchased by the National Foundation with March of Dimes funds. It will be made available by the National Foundation without charge for the product to State Health Officers for use in the above groups, if licensed by the Federal Government. Supplies also will be distributed through usual channels at the same time.

The National Foundation has financed the development and production of the Salk vaccine. Contracts were made with manufacturers for a supply of vaccine costing \$9,000,000 in March of Dimes funds. This enabled manufacturers to keep their production facilities in operation during the waiting period and be ready to go into full production as soon as the vaccine is licensed.

"Vaccine would be given by the Health Department this spring only to those eligible children whose parents sign forms requesting it," Dr. Raley added. "It is a completely voluntary program. The forms will be distributed through the schools beginning March 24. We should like to know as soon as possible how many eligible children we must provide for, if the vaccination program is carried out. If the vaccine is not licensed, there will be no program."

### O. C. Hudson Funeral Services Are Held Sunday Afternoon In Abilene

Funeral services for O. C. Hudson, native of Bell County were conducted in the Kirker and Warren Funeral Chapel in Abilene, Saturday afternoon at 2:00 o'clock, March 19, 1955. Burial was in the Little River Cemetery near Temple, Sunday afternoon at 2:00 o'clock.

Mr. and Mrs. Hudson were in Sherman visiting her brother when Mr. Hudson suddenly became ill and was rushed to a Sherman hospital where he passed away March 19, after a two weeks illness.

In April 1946 he was married to Miss Dolores Walton, daughter of Mr. and Mrs. J. D. Walton

of Goldthwaite, at Temple. Mrs. Hudson survives him.

Mr. and Mrs. Walton and their sons, Larry of Bryan, Emory of Denton, Myron of Nashville, Tennessee and Glyn and family of Sherman attended the services in Abilene Saturday. Also the services were attended by Mr. and Mrs. Lee Walton and Mr. and Mrs. Otto Newton of Goldthwaite and Mrs. Opal Henkes of Sherman.

### Plans Being Made For Polio Vaccine Administration To Local Children

Detailed plans now are being worked out for the possible administration of polio vaccine to 181 Mills County children who will be eligible to receive it if licensed, Dr. R. Glynn Raley, Mills County Health Officer, declared today.

As was announced recently by state health officials, all first and second grade pupils in public, private and parochial schools in the state and all children who were part of the test groups in the 1954 vaccine field trial but did not receive vaccine at that time, are included in the planned program, he explained. It also will be available to others through physicians at the same time.

But parents were warned by Dr. Raley not to jump to the conclusion that the current planning indicated the vaccine already had been proved effective.

"The vaccine which will be furnished by the National Foundation for Infantile Paralysis is the same vaccine that was given to 440,000 children last spring," he said. "We do not know yet whether it really prevents paralytic polio. Until April, when we will learn the results of the evaluation study now be-

ing conducted at the University of Michigan, we cannot know if the vaccine is effective.

"But we cannot wait until then for planning for the protection of as many of our children as possible. Vaccinating large numbers of children is a big and important job, entailing many procedural tasks that can't be performed over night.

"If the license is granted in April, we must be ready to start vaccinating at once, so that, if possible, we can finish before our schools close and the polio season starts. We want to give the vaccine early so that many children can be protected before polio appears in their communities.

"This program would not be another test but the first use of a newly-established preventive measure."

Under the direction of the State Health Department, Dr. Raley has been conferring with school authorities and physicians who have pledged their full cooperation.

The polio vaccine will be furnished from a supply being purchased by the National Foundation with March of Dimes funds. It will be made available by the National Foundation without charge for the product to State Health Officers for use in the above groups, if licensed by the Federal Government. Supplies also will be distributed through usual channels at the same time.

The National Foundation has financed the development and production of the Salk vaccine. Contracts were made with manufacturers for a supply of vaccine costing \$9,000,000 in March of Dimes funds. This enabled manufacturers to keep their production facilities in operation during the waiting period and be ready to go into full production as soon as the vaccine is licensed.

"Vaccine would be given by the Health Department this spring only to those eligible children whose parents sign forms requesting it," Dr. Raley added. "It is a completely voluntary program. The forms will be distributed through the schools beginning March 24. We should like to know as soon as possible how many eligible children we must provide for, if the vaccination program is carried out. If the vaccine is not licensed, there will be no program."
