LEO REYNOLDS WITH GRAND CHAMPION STEER

Leo Reynolds Has Grand Champion Hereford Steer At Local Show

Leo Reynolds, Mills County 4- H Club member, showed the grand champion fat steer in Mills County Stock Show here Tuesday afternoon. The 1,005 pound steer won first place in the heavy weight class before moving to the top of the club show. The steer was bred by Frank Jordan of Mason and fed under the supervision of George Reese, Mills County Agent.

The reserve grand champion steer was exhibited by Wayne Poe, another 4-H Club member of the county. This was a Tommy Parrot calf from Throckmorton, Texas. It weighed 919 pounds and was first place winner in the medium weight class. There were a total of 29 calves in the competition. Total weight of all calves shown was 26,036 pounds. The average weight per calf was just short of 900 pounds. The average of the heavy class was 1,040 pounds. Medium class steers weighed an average of 839 pounds and the light weight class 817 each.

James Grote of Burnet, Texas judged the steers. Complete results of placings in the steer show is as follows:

City Water Picture Is Brighter: New Well Goes In Production Soon

The outlook for city water supply this coming summer is a good deal brighter at this time as the city council has ordered deep well pumping system to put the new city water well into production at an early date.

This action was taken at a council meeting last week, Wednesday night when the water committee requested the council to issue \$7,500.00 in 3 percent warrants for pumping facilities and pipe line to connect the well with the city system.

Earlier in the week the water committee of the city council, R. L. Steen, Joe Bailey Karnes and Carl Letbetter, had a special meeting when bids were read from six firms for supplying deep well pumping system. The committee accepted the bid from Layne Texas Company of Dallas and Houston as the best bid and made their report to the council Wednesday night accordingly.

The new pump will be delivered in about six weeks when installation will be made. In the meantime pipe line to the well will be installed.

COST OF WELL
 W. C. Barnett, City Utilities manager, has announced that the total expenditures for developing the new well installing pipe line and bringing it into production on the city water system will be approximately \$14,000.00. In addition to this the Electric Department of City Utilities installed the power line to location which amounts to an expenditure of approximately \$2,000.00.

MORE WATER
 While this new well has been drilled and tested other improvements have also been in process. Wells number three and five, which have been in production for some years, have been acidized to bring their production back to their original capacity.

With the new well added to the city system the production of all city water wells is reported as follows:

No. 7-75 gal. per min.
 No. 5-150 gal. per min.
 No. 3-85 gal. per min.
 No. 4-40 gal. per min.
 No. 1-6 gal. per min.
 Total 356 gal. per min.

The total production of all city wells will be over 500,000 gallons per day, pumping at capacity.

In commenting on the variation in water use in the peak summer season and the winter season by residents of the city, Mr. Barnett pointed out that on some extremely hot and dry days last summer the demand ran as high as 500,000 gallons per day.

At the present time the entire city water demand is being taken care of by one well without pumping full time.

Mr. Barnett summed up the situation stating there is a decided improvement over last year in the overall water production picture and with any breaks in weather condition bringing us rain or showers during the peak of summer season there is a probability we can go through the summer with no shortage of water.

Baptist Men To Meet Here Tuesday

Goldthwaite High Girls Win First Place In Early Tournament

By ZORA LEE ROBERTS
 In the first game of the Early High School tournament both the girls and boys played Early High. The girls won the first game with a score of 50 to 43.

The boys lost with a score of 45 to 34.

The girls played Centennial and the boys played Talpa in the second game. The girls won with 51 to 36 as the score. The boys also won with 57 to 30 the score.

In the final game the girls played Brookesmith. The boys played Zephyr. The girls again won with a score of 48 to 35. The boys lost their game by a score of 60 to 41.

The girls won all three of their games therefore winning the first place trophy. Four of the Goldthwaite players won silver miniature basketballs and this put them on the all-tournament team. These four who won the basketballs were: Shirley Rowlett, Carlene Woods and Jo Ann Jones and Carl Smith.

The number of points made during the entire tournament for Goldthwaite girls was 149. The boys scored 132 points.

Boys and girls who did not receive basketballs also played a good game. Without their help the all-tournament team could not have been chosen.

CONFERENCE PLAY
 The girls and boys will journey to Burnet to play the first conference game this week, Friday night.

Inside WASHINGTON MARCH OF EVENTS

World Awaits Jan. 30 Anglo-American Policy like-Eden Conference Subject of Discussion Special to Central Press Association

WASHINGTON-The spotlight of world attention will focus on the White House Jan. 30 with the meeting there of President Eisenhower and British Prime Minister Anthony Eden...

Britain's Eden

There has been strong sentiment in London for the forthcoming Eisenhower-Eden talks in view of the failure of the Geneva conference and Russia's new attitude toward the western powers.

British diplomats feel that United States-British policy must be co-ordinated to meet the unfolding Soviet threat of trying to win influence with a "salesmanship" campaign.

TURNCOATS-In congressional circles, Defense Secretary Charles E. Wilson is being blamed for the Army's inability to court-martial three ex-GIs who went over to the Communists in Korea.

The former servicemen, who later returned home, can not be prosecuted by the Army because the Supreme Court has invalidated a key provision of the Uniform Code of Military Justice authorizing such action.

Rep. Paul Kilday (D), Texas, a top-ranking member of the House armed services committee which initiated the military code in 1950, pointed out that the men had been dishonorably discharged at Wilson's order.

Kilday remarked, "That was a mistake. If they had not been discharged, they would still be in the Army and thus subject to court-martial proceedings. Now it is doubtful that Congress can do anything except make sure it doesn't happen again."

ICC IN THE NEWS-The Interstate Commerce commission is one of those government agencies that goes along for years without making headlines. Recently, however, the ICC was very much in the news with the resignation of its chairman, Hugh W. Cross, and with its decision banning segregation in interstate rail and bus travel.

The ICC is in for some continued interest since there are now two commission vacancies which President Eisenhower is expected to fill shortly. His choice will be watched by both parties. Democrats will look closely for any appointment they consider indicates a bias toward the railroads, buses or trucklines which the ICC is charged with regulating.

For Mr. Eisenhower, filling the jobs will be a ticklish situation. At least one of his appointees must be a Democrat since the ICC is, by law, a bipartisan agency. He could pick two Democrats because there now are only four of them on the commission and six of its 11 members—but no more—may be from the same political party.

Republicans, of course, are going to plump for one of their members. In other words, almost anything the President does is bound to come in for some close political scrutiny—and hit the headlines.

GOP VS. UNIONS-Recent Republican attacks on labor unions haven't the unanimous backing of the GOP. In fact, whether or not he runs again in 1956, President Eisenhower is likely to repudiate some of the more violent accusations made by members of his party against the unions.

The most prominent of these charges have been made by Senate GOP Leader William F. Knowland of California and Senator Barry Goldwater of Arizona.

A tip-off of the split that this provoked within the GOP came from Gov. Theodore McKeldin of Maryland, a Republican. He immediately spoke out against the Knowland-Goldwater statements—with some interesting political ramifications.

McKeldin was promptly contacted by the supporters of California's Gov. Goodwin Knight. The Maryland governor was asked how he would like running for vice president on a GOP ticket headed by Knight.

Although he didn't reply, the significance lies in the fact that it was McKeldin who nominated Mr. Eisenhower at the 1952 convention—and Knight has gotten much of his political support in California from labor leaders.

25 YEARS AGO-

(Taken from the Eagle files of January 9, 1931)

While business has been pretty dull in the marriage license department of the County Clerk's Office the past several months, and even the Christmas rush did not develop to any considerable extent, the general average for the year 1930 was not bad. In that year Mr. Porter issued 69 "pairs" of license, while the district court only dissolved 13 marriage contracts. That is a mighty good showing for the county and if the good year 1931 will make as good a record there will be no cause for complaint.

The Texas-Louisiana Power Company has inaugurated a system of having the whistle sounded at the plant each morning at 6:00 o'clock, also at 12:00 noon and 6:00 o'clock in the afternoon. This is quite a convenience and help to the people of the town.

Mr. and Mrs. L. R. Hendry of Coleman are visiting in the J. L. Ervin home and helping care for Mr. Ervin, who has been in a bad state of health for some time.

Jo H. Frizzelle has been made office deputy Tax Assessor for W. L. Burks. This is indeed a good selection for Mr. Frizzelle is well qualified for the position, having served as tax assessor some years ago and familiarized himself with every part of work.

Charles C. Willoughby of Indian Creek has accepted a position as substitute Clerk in the postoffice at this place. He is a brother-in-law of John Jones, son of Lee Jones, formerly in business in Goldthwaite.

Messrs. P. H. Clements and Homer C. DeWolfe expect to leave Monday for Austin, the former to serve as doorkeeper of the house of representatives and the latter as a member of that body representing Comanche and Mills Counties.

Mrs. A. C. Weatherby received a message Tuesday morning advising her of the death of her sister, Mrs. Lizzie Neal at Franklin. Mrs. Weatherby and her son, Omer Weatherby, of Lometa, left immediately for Franklin to attend the funeral.

Mrs. Kyle Johnson of Lometa visited her parents, Mr. and Mrs. Wm. Bird, in this city last week.

VIC'S... SOLILOQUY

A BIGGER JOB On January 3, the annual March of Dimes started its drive for polio fighting funds. While the year just ending has witnessed giant strides against this crippling disease, victory is not yet won. The trial vaccine developed by Dr. Jonas E. Salk was given last spring to 440,000 children. Now an evaluation of its effectiveness in preventing polio paralysis is being made at the University of Michigan. Health records of 1,830,000 children in the first three grades of 14,000 schools in the 217 trial areas are being studied. But up to now we cannot know whether the vaccine protected against paralytic polio, and we will not know until spring. Meanwhile, the fight must go steadily on. Even if the vaccine is effective, polio still will strike in the years just ahead. It takes time for a preventive to become widely used. We must expect tens of thousands of men, women and children to be stricken and to need March of Dimes aid. That help must be available to them. The fight against polio is being carried out on four fronts—polio prevention, patient aid, scientific research and professional education. This makes it a much bigger job now. Great advances have been made in the past few years but the four-front attack must continue till final victory. The March of Dimes needs our whole-hearted support right now to do a bigger job for all of us. Dig deep during this January drive. It's YOUR fight.

Enterprise upon which the U. S. Industrial power was built. They have put free enterprise to work... We Americans, who are continually being urged to give government more and more power at the expense of free enterprise can certainly profit from the German example. One little boy playing in the snow was having a wonderful time on his single ski—while the rest of his companions had the usual pair. A man stopped the boy and said to him, "Son, you ought to have two skis." The boy grinned up at him. "I know I ought to, mister. But you can have an awful good time on one ski if you only got one ski."

STANDING ON THEIR OWN FEET The Holbrook, Arizona, Tribune-News—a paper which is published in a region where livestock is a major crop—recently ran a straight-talking editorial about the agricultural situation. Miss Louine Berry Shower Honoree

Miss Louine Berry, bride-elect of Van Wilson McCasland, was honored with a miscellaneous shower at the home of her aunt, Mrs. Weldon Lucas, last Thursday afternoon, from 2:00 until 4:00 o'clock. Mrs. Leston Berry and Mrs. David Watters were co-hostesses.

Mrs. David Watters presided at the bride's book and after a short session of games and entertainment, Louine opened her gifts.

The refreshment table was laid with a lace cloth over pink and centered with a miniature bride and groom under an archway of bells on a reflector, bordered with lacy fern and pink carnations sprinkled with glitter. The bride's colors of pink and white were further accentuated with the refreshment appointments. Refreshments of punch, cookies and mints were served by Mrs. Leston Berry.

Guests present other than the honoree and her mother, Mrs. O. K. Berry, the prospective groom's mother, Mrs. Harmon McCasland and his grandmother, Mrs. Van McGilvary both of Star were: Mrs. Duke Wilkey; Mrs. W. W. Berry; Mrs. Lola Kelly; Mrs. W. T. Moreland; Mrs. Brit Berry; Mrs. O. Z. Berry; Mrs. C. N. Berry; Mrs. Elam Berry; Mrs. Hugh Owens; Mrs. L. O. Kelly; Mrs. Arthur Robbins; Mrs. M. C. Partridge; Mrs. Neal Rose; Mrs. R. C. Berry and Mrs. Dutch McKenzie of Sinton.

The wedding is scheduled to take place in the First Baptist Church of Goldthwaite, January 14, at 5:00 p. m.

The public is cordially invited to attend services at the Church of The Nazarene in Goldthwaite on Sunday, January 15, at 3:00 p. m. Rev. J. M. Harrison of the First Church of The Nazarene in Brownwood will conduct the services.

Miss Wilma Dunlap And Boyd A. Clampitt Exchange Marriage Vows

The marriage of Miss Wilma Dunlap to Boyd A. Clampitt of Waco was solemnized in a candlelight ceremony at 8 p. m., December 28, in the Priddy Baptist Church of Priddy.

Before a setting of candleabra and baskets of white gladioli and greenery, the bride was given away by her father, Amos O. Dunlap.

She wore a ballerina length dress of white satin brocade. The basque waist and bateau neckline, reembroidered with seed pearls, extended in box pleats to a full, circle skirt. Her fingertip illusion veil of nylon tulle was caught to a seed pearl and brocade shell hat. She wore elbow length gauntlets which came to a point over her hands and fastened with self-covered buttons. Her only jewelry was a two strand pearl necklace, the gift of the groom.

The bridal bouquet was of white carnations, baby mums and lillies of the valley, carried on a white Bible from which fell satin streamers.

Rev. James Newman performed the double ring ceremony, and his wife, Louise Newman, played traditional wedding music. A former classmate of the bride, Mrs. George Schumann sang "Always," and "The Lord's Prayer" preceding the wedding.

Maid of honor was Miss Mary Ann Priddy, of Priddy, who wore a ballerina length dress of pink crystalline. Patterned after the dress of the bride, it had a bouffant skirt. She carried a bouquet of pink and white carnations, and wore a bandeau of lilies of the valley on pink satin.

Her accessories were pink.

Best man was Robert Fagan of Harlingen, and receptionist was Christie Caldwell of Mullin. Ushers were Herman Rutherford of Mullin and Jerry Priddy of Priddy.

Mrs. A. O. Dunlap, mother of the bride, wore a navy linen dress and Mrs. T. R. Clampitt, mother of the groom, wore a black suit. Both had white accessories and white carnation corsages.

A reception at the home of the bride's parents followed the ceremony. The pink and white color scheme was further carried out in the reception table which was laid with a lace cloth on pink satin, centered with the bridal bouquets. The three-tiered cake, topped with a miniature bride and groom, was pink and white. Cake and punch were served by Mrs. Vee Dunlap and Mrs. Curtis McKinzie, who presided at the table.

For going away, the bride chose a natural silk shantung suit with black accessories. She wore a white carnation corsage.

After a wedding trip the couple will reside near Harlingen, where the groom is currently serving in the Air Force.

The bride is a graduate of Priddy High School, and the groom of Waco Technological High School. Both attended Tarleton State College.

Mary Jo Burrus Engagement Told

Mr. and Mrs. J. T. Burrus of Mountain Home, announce the approaching marriage of their daughter, Mary Jo, to Bill Beard of Fort Worth, son of Mr. and Mrs. LeRoy Beard of Star.

Miss Burrus is a graduate of Tivy High School at Kerrville.

Mr. Beard is a graduate of Star High School and attended Sul Ross College and is presently employed by Convair in Fort Worth.

The wedding will be solemnized in early February.

Mr. and Mrs. Henry Phelan of Brownwood visited here Sunday with her sister, Mrs. E. L. Pass, and Mr. Pass.

TODAY'S Menu
Plum Pies And Puddings

By ALICE DENHOFF

THE most prosaic meal gets a lift when an interesting new dish is served. For example, big, spicy purple plums which are vitamin-packed, get the day off to a good start at breakfast or add a finishing touch to an evening meal. For a special breakfast treat try this Canned Purple Plum Crisp.

Crisp and Crunchy

To serve four generous portions, combine 2 c. cornflakes with drained, pitted fruit from a #2 1/2 can purple plums, 1/4 c. brown sugar, 1/2 tsp. grated orange rind and 3 tsp. melted butter. Place in buttered casserole; top with 1/2 c. cornflakes and bake at 370° F. for about 20 min. Serve with cream or top milk.

Here are two delightful desserts that will make a hit with your dinner guests.

The first is a Purple Plum Pie. Drain syrup from #2 1/2 can purple plums into a saucpan.

© 1955, King Features Syndicate, Inc.

Combine 2 tbsp. sugar, 2 tbsp. cornstarch and a dash of salt with a little cold plum syrup. Stir until smooth, then add to remaining syrup. Cook until thick, stirring. Add tbsp. butter and pour over pitted fruit, mixing gently. Cool.

Fill 1 9-in. pie pastry-lined pan and cover with pastry. Bake in hot oven (450° F.) 30 minutes.

A New Sauce

Ice creams and good pudding never pall but sometimes the sauces and toppings do. So here's a new one for your recipe files.

For approximately 12 servings, drain syrup from half a can of purple plums into a saucpan. Combine 1/2 tsp. cornstarch, 2 tbsp. sugar, and dash of salt with a little cold plum syrup. Stir until smooth and then add to remaining syrup. Cook until thick, stirring. Add dash of ground cloves, 2 tsp. butter and 1/2 c. chopped walnuts, mixing thoroughly. Add pitted, halved plums.

AT THE BEGINNING OF EACH NEW YEAR

We like to read the Code of Ethics of THE AMERICAN PHARMACEUTICAL ASSOCIATION

A statement of principles adopted by the Profession of Pharmacy, for our self government

"The Primary Obligation of Pharmacy" states the code, "is the service it can render to the public in safeguarding the preparation, compounding and dispensing of drugs, and the handling of drugs and medical supplies."

"THE PHARMACIST RECOGNIZES his responsibility to the state and to the community for their well being, and fulfills the professional obligations honorably."

THE CODE OF ETHICS also declares that "The Pharmacist holds the health and safety of his patrons to be of first consideration." Also that, "The Pharmacist seeks to enlist and to merit the confidence of his patrons. He considers the knowledge and confidence of Prescriptions as entrusted to his honor, and does not divulge such facts."

SPACE DOES NOT PERMIT quoting the entire Code of Ethics, but we will always sincerely and honestly try to live by its rules. We, as Pharmacists, do not feel qualified to discuss the ingredients of your prescriptions with you. Found among the Code of Ethics is a sentence condemning this practice of Pharmacists guessing at your health—you are entitled to the BEST—we pledge purity of drugs, careful attention to your prescriptions, and 100% cooperation with your needs and also pledge 100% cooperation with your doctors for 1956—as we have in the past.

We are genuinely appreciative of your patronage and friendly cooperation of this past year—and hope that the NEW YEAR 1956 will bring all of you health, and much happiness.

Some Like It Hot, Some Like It Cold

By ALICE DENHOFF

THE next time you give a party or have guests unexpectedly drop in, serve a hot or chilled fruit punch. Here's an especially good one to serve.

Make a syrup of 1 c. sugar and 1 pt. water, boiling for 5 min. Cool.

Add 1 small can pineapple, 1 small bottle maraschino cherries, 3 oranges cut in pieces. Cool thoroughly.

When ready to serve, add 2 c. each grape and lime carbonated beverages that have been thoroughly chilled. Float in ice cubes made with lemon carbonated beverage.

Spiced Nectar
For a Hot Spiced Nectar Punch to serve 4-6, combine 3 2-in. cinnamon sticks, 2 tsp. whole cloves, 1 tsp. allspice, 4 pieces mace, 1 1/2 c. water and tsp. lemon rind in saucepan and boil for 10 min., then remove from fire and strain. Measure 1 c. of the spice liquid and add to 3 c. apricot nectar, 1/2 tsp. lemon juice, 2 tsp. granulated sugar; mix well. Reheat to serve.

For a variation, replace apricot nectar with other whole fruit nectars: peach, nectarine, pear, plum. Add thin slices of lemon just prior to serving.

This hot punch bowl will serve 10-12.

Take one gallon sweet cider, 1 1/2 lbs. brown sugar, 6 in. of stick cinnamon, 1/2 tsp. salt, 1 blade mace, 1 tsp. each whole cloves, whole allspice and 2 tsp. crystallized ginger. Place in saucepan and let simmer for 10 min.

Strain and add grapefruit juice from 2 10 oz. cans and also 1/2 c. orange juice. Reheat but do not boil. Should be served steaming hot.

Grape-Cherry Mull to serve 4 is a nice, aromatic, spicy drink. Heat 2 tsp. each powdered cloves, cinnamon and nutmeg, 2 tsp. sugar, 2 c. water and tsp. cherry flavored gelatin. When boiling, add 1 qt. grape juice. Serve hot.

For a Cold Day
Spiced Cider Punch is excellent on a cold day. Thoroughly mix 1/4 c. firmly packed brown sugar, 1/4 tsp. salt, tsp. each cloves and allspice, 3 sticks cinnamon and 2 tsp. grated nutmeg. Add to 2 qts. sweet cider and simmer for 10 min. Strain thoroughly through cheese cloth and serve piping hot.

For a nighttime, the Sleeper is especially good. This warming drink of Revolutionary times was made by adding 1/2 tsp. of ground anise to a glass of milk. Bring milk to boil first, then stir in anise. Then, if desired, sweeten slightly with honey.

Farm And Ranch Operators Have Social Security Responsibility Now

By JAMES B. MARLEY
District Manager of the Austin Social Security Office

In my last article I called attention to a responsibility under the social security, law which must be met before the end of January by every farm or ranch operator who paid as much as \$100 cash wages to any one agricultural employee in 1955. Today, I shall describe the form he must use to report the wages and remit the social security tax.

For this purpose use Form

943 "Employer's Tax and Information Return for Agricultural Employees." Insofar as possible, the District Director of Internal Revenue mailed this form to agricultural employers in the area serviced by his district office. If you are required to report cash wages paid to your agricultural employees in 1955 and did not receive a form or have lost the one you received ask the District Director of Internal Revenue for a copy.

There are three important entries you should make on this form. First, sign and date it, and give your title—that is, owner, president, partner, member, etc., of the agricultural enterprise. Second, be sure to enter each of your employees' social security account numbers correctly, also his full name and the total of taxable cash wages paid to him during the year. It is best to copy the number and his name directly from his social security card. This is important in order that the employee's taxable cash wages can be credited to the right social security account. In case it is impossible to obtain his social security number, write "unknown" and enclose a sheet of paper showing the employee's name and address. Third, enter the amount of the total taxable cash wages you paid during 1955 to all of your farm employees, counting only the employees to whom you paid \$100 or more in cash wages. Multiply the total of these cash wages by 4 percent and enter this amount. If you have been required to make one or more deposit amounts of social security taxes with the Internal Revenue Service during the year, subtract those amounts from the total tax. Attach depository receipts, Form 450, and enter the amount of the balance of tax due and remit the social security tax.

One thing more. To help the Government keep records, every employer who is required to

report wages for employees and pay the social security tax should secure an identification number. Do not confuse this number with the number on your own social security card which you will use to report your net earnings for your own and your family's old-age and survivors insurance protection. If you do not now have an employer's identification number, get Form SS-4 from the District Director of Internal Revenue or your social security district office. Fill it in promptly and send it to the District Director of Internal Revenue.

Priddy Boys And Girls Take Top Basketball Honors

Priddy boys have marked up an undefeated record as they defeated Eastland in the Gorman Tournament last Thursday evening 68 to 36. Friday evening, they defeated Grafrod 40 to 30. Saturday afternoon they won over Abilene High School B-Team by 51 to 42; Saturday evening they came in for first place by defeating Abilene Christian High School by a slim margin of 41 to 39.

The Priddy girls won consolation by defeating Carlton in the last game 40 to 25. Tuesday evening, January 3, Priddy boys defeated Star boys 63 to 45. This now makes the boys undefeated. The girls won over Star girls by 60 to 34. This game was in the Double-Round Robin.

Work Experience In Population Survey Underway

Special questions, designed to provide information on the work done by the Nation's population in 1955 will be asked in the January Current Population Survey, according to Supervisor Walter A. Freeman, Jr., of the U. S. Census Bureau's district office at Dallas, Texas.

The work experience questions will provide information on how many people were full-time workers throughout 1955, how many were seasonal workers, and how many worked the greater part of the year but on-

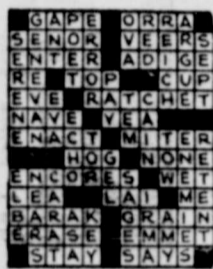

ly at part-time jobs. Persons who worked less than a full year will be asked questions to determine the reasons for part-year work, to find out the time lost because of unemployment or illness and the time devoted to family responsibilities or school attendance.

The special questions in the

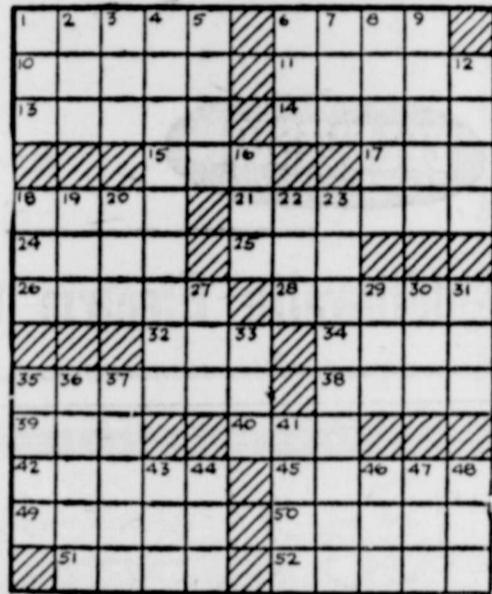

January Current Population Survey are in addition to the regular questions on employment and unemployment which are asked each month. Current Population Survey information will be collected locally during the week of January 16 by Mrs. Nella P. Casbeer of Lampasas, Texas.

The car says GO and the price won't stop you!

Invest in Dependability... get a Bonus in Go!

You can buy it on its name alone—this big, high-powered '56 Pontiac—and be safe in the knowledge that you couldn't have made a better investment in years of dependable, carefree motoring.

The good things you've been hearing about Pontiac for years assure you that.

But "go" is the word for '56! Performance so new and dramatic it must be experienced to be believed!

A short spell behind the wheel will nail that statement down as a fact. Come along for a drive and see.

Waiting for the light to change, you can't hear the engine. But touch your toe to the accelerator and in a split second there's a torrent of power, sparked by the most advanced engine of them all—the blazing 227-h.p. Strato-Streak V-8.

Team this terrific power plant with Pontiac's all-new Strato-Flight Hydra-Matic* and you've got the smoothest take-off that ever brightened a highway.

And remember—this easy handling dream is actually among the biggest, huskiest cars built!

Now for the final test—head for the open road and some landmarks you can challenge. Wipe out a hill. Straighten a curve. Smooth out a stretch of rough road that's bothered you for years.

Now see why they're calling this the greatest "go" on wheels?

More than that—it's the greatest buy on wheels! And that too, is easy to prove.

Then take a look at the price tag—a check on our deal.

Nothing will stop this powerful beauty from being yours!

*An extra-cost option.

You can actually have a big, glamorous Pontiac 860 for less than you would pay for 44 models of the low-priced three!

Speaks softly and packs a powerful wallop!

THE BEL AIR SPORT COUPE—one of 19 high-priced-looking Chevrolets, all with Body by Fisher.

Soft-spoken, yes. (One reason is the hydraulic-hushed valve lifters now in all Chevrolet engines—V8 or 6.) And this handsome traveler packs a horsepower wallop that ranges up to 205! It's charged with sheer, concentrated action.

Action that can save you precious seconds for safer passing! Action that lets you take steep hills in effortless stride! Action that helps you zoom out of trouble spots!

And action isn't all. Chevy holds the road like part of the pavement! Of course, Chevrolet brings you the security of safety door latches. Instrument panel padding and seat belts, with or without shoulder harness, are offered at extra cost. Come in and highway-test it.

Clementine Wilmeth Briley Writes From Temporary Home In El Paso

By CLEMENTINE WILMETH BRILEY

El Paso's great New Year's parade, The Sun Carnival Parade, was held with music Monday morning to an applauding multitude lined along the traditional three-mile route from downtown El Paso to Five Points. Applause and cheers went up as bands, 47 floats, and numerous other vehicles escorted by police cars, Motorcycle squads, and the El Paso Sheriff's Posse made their way with pomp and circumstance. The day was perfect. Symphony and Song was the theme.

Hard on the heels of the marching bands came the stirring music of the Army Band from Ft. Bliss. Then a sea of marching soldiers. Soon came the vivid

band of the University of Wyoming representing the visiting Sun Bowl team. Following this were 20 jeep gold-and-white floats bearing 40 princesses, each representing a Southwest city, and 27 immense, beautifully decorated floats, each bearing out the theme, Symphony and Song. All these interspersed with marching bands.

Among the songs represented by the floats were the Star Spangled Banner, Song of India, America the Beautiful, The Wedding March, Oh Susannah, Auld Lang Syne, The Eyes of Texas, Home Sweet Home, A Bird in a Gilded Cage, Dixie, and Home on the Range. The Yellow Rose of Texas took the sweepstakes award. The float bore a dozen

mammoth yellow roses. Some on eight-foot stems. Stairway to the Stars—a float of breathtaking beauty—was judged the most beautiful. The Sun Bowl game between the University of Wyoming and Texas Tech was that afternoon the Sun Carnival Grand Finale.

I got in from baby-sitting at 3:10 New Year's morning. Captain and Mrs. LaRock had gone to an Officers' Club Party at Fort Bliss and stayed for breakfast. But I didn't mind. While the children slept, I lay on the divan with a light at my head, reading Jane Eyre, dozing when I wanted to.

We went to church that morning, and that afternoon we really got to have our Open House for our Brown, Mills, and San Saba County friends. And did we enjoy it! We served coffee and punch and cookies. These are the ones who came: Mrs. Phillip A. Shaw of Brownwood. Her daughter and husband, Mr. and Mrs. Stan Sirois, and their four children, Michael, Jamie, Ce-Ce, and Maritia. Mrs. Ora Hooper Herring of Indian Creek and her daughter, Mrs. Blanche Lindau (Jessie Guthrie of Mullin) and Roberta and Bill. Mr. and Mrs. Mordant Grady (Indian Creek). Mr. and Mrs. John Washburn (Ebony). Mr. and Mrs. H. T. Stephens (Anna Pearl Washburn of Ebony). Arthur Reynolds (Ebony). Arthur's wife passed away just a few days before. She had been paralyzed for sometime. Mr. and Mrs. Wells

Hillside Mission

By LIDA BYRNE

According to God's Word, our Lord does not forsake us, but many of us forsake Him, therefore we get into trouble. We are told in Hebrews 13:5 that He said: 'I will never leave thee, nor forsake thee.'

Others expected, but couldn't come on account of sickness or company, were Mrs. Mamie Polk Baxter of Baxter Schoolhouse fame. Mr. and Mrs. R. E. Rose—ex-Goldthwaiteites. Mrs. Bonnie Frizzelle Overstreet (Goldthwaite). Mrs. Billye Ruth Daniels Frelund (Big Bailey). Mrs. Nannie Cearnels Boyd (Indian Creek). and Mr. and Mrs. Jay Malone.

Letters came today from Mrs. P. R. Reid of Goldthwaite and Mrs. Edna Dwyer of Orange. Mrs. Dwyer said she, the Austin Cawyers, Harold's mother and grandmother, and Marie Wilmeth had a Merry Christmas at the home of Ednabeth and Harold in Abilene. Now she can hardly wait to get home and plant a garden, but probably won't get to come till Easter, April 1.

Mrs. P. R. Reid said phones were really working again at Ebony. Today we also got a letter from the Central Texas Telephone Cooperative asking permission to cross our property with a telephone line surveyed to Charlie Griffin's place. It said the line would be built near our house and service would be available to us should we decide to take a telephone. Here's hoping we get to tie on afterward.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

By CHARLES HAENISCH

"The year 1955 has been one of the best years for applying soil, water and plant conservation since the organization of the Brown-Mills Soil Conservation District," says David Waters, Chairman of the Board of Supervisors of the District. "Despite the continued drought over 600 district cooperators in the Goldthwaite work unit area applied a conservation practice this year. This figure represents over 85 percent of the total number of cooperators in this area." During the year cooperators for the District deferred approx-

mately 40,000 acres of rangeland, most of the acreage being deferred for the first time. Sixty two farm ponds were constructed for the purpose of providing adequate livestock water. Many of these ponds provided water which enabled landowners in this area to properly use an additional 20,000 acres of rangeland. As an emergency measure, pitting and chiseling was applied on approximately 300 acres of rangeland. This was done to break the crust on bare areas in pasture, allowing water to penetrate the soil.

Weather conditions being as they were, only 2,000 acres of vetch, sweetclover, or winter-peas were planted. More cooperators have built terraces this year however than in any year in the past four. A total of 80 miles of terraces and 10 miles of diversion terraces were constructed.

Landowners in the Bennett Creek Watershed were notified of the approval by the State Soil Conservation Board on the application submitted for flood prevention work on Bennett Creek. A group of 40 landowners of the watershed met with representatives of the state office of the Soil Conservation Service.

A number of meetings were held in the watershed for the purpose of acquainting the landowners with the flood prevention program. An effort is being made by the landowners in the watershed to get land treatment applied on the watershed in anticipation of the structural phase of the program.

One hundred and fifty pupils of the fourth, fifth, and sixth grades of the Goldthwaite Grammar School studied soil, water and plant conservation as a part of their science study. The teachers of each grade conducted this study. A joint program presented by the district concluded this study.

A number of civic clubs in the area are including soil, water and plant conservation in their programs. The Goldthwaite Garden Club, Lions Club, and the Center City Study Club each presented programs during the year emphasizing the importance of soil, water and plants.

One of the most outstanding events of the year was the participation of twelve churches, of various denominations, in the area in the Soil Stewardship Sunday observance. Through these churches more than 1,000 people in this area came to a deeper appreciation of one of their most important possessions—that of soil.

The supervisors of the Brown-Mills Soil Conservation District want to take this opportunity to thank each one for any assistance they might have rendered the District during the past year. May 1956 be a prosperous year for you. Won't you resolve to begin your soil, water, and plant conservation program in 1956?

Mrs. J. L. Favers of Brownwood spent last week with her sister, Mrs. J. B. McCasland and Mr. McCasland.

Taxpayer Information Days To Be Held Each Monday Until April

Taxpayer information days in North Texas offices will be held on each Monday morning, beginning January 9, 1956 until April 16, 1956, it was announced by Administrative Officer in Charge of the Brownwood Office.

The "do-it-yourself" program of group instruction which was so successful last year will be continued and improved, Mr. Cheatham said. Taxpayers will be assembled into groups, furnished forms, and will prepare their own returns with help from Internal Revenue employees.

"The basic function of Internal Revenue is to audit returns and collect taxes. Last year the time saved during the filing period resulted in increased revenue of 7 million dollars in our District. This is more than the cost of operating the entire Revenue Service in North Texas for the whole year," he said.

"The majority of taxpayers found that preparing their own returns was not a difficult task. More than ever before, taxpayers read their instruction booklets and filled out their forms without help. Once a taxpayer relieves himself of the mental hazard and sets himself to the task of preparing his return, he is amazed at the result and takes pride in his accomplishments," Mr. Cheatham pointed out.

"While going to a Revenue Service office will not speed a refund nor eliminate a future audit, the Revenue Service will furnish any information needed to prepare a return. The group method is an educational program to help taxpayers un-

derstand their own tax affairs. Forms will be prepared only for persons physically or mentally unable to prepare their own. Taxpayers with business-type returns or with complicated problems should seek professional tax help.

We know the "do-it-yourself" approach makes sense to Texans, because for every hour of an employee's time spent in preparing a tax return, he could be getting in additional revenue for our government. This is the big reason we take our agents off their regular work only one day each week. We think the people of Texas would prefer we spent that time seeing to it that everyone pays his fair share.

THESE ARE IMPORTANT PEOPLE IN YOUR LIFE

HUMBLE HOUSTON RESEARCH CENTER

Dear Friends

The people in the picture in this advertisement are Humble researchers on their way to work in Humble's Houston Research Center.

They are important people in your life, because their studies and their constant experimentation have only one purpose: to supply your increasing needs for oil and natural gas.

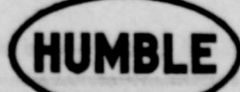

At the Houston Research Center, they pool their efforts to make the finding and production of oil and natural gas more efficient. And since they are top people in their different fields, their work has met with notable success.

It has helped to make the Humble Company not only the largest but also one of the most efficient producing companies in the country.

The new ideas, new methods and new practices developed by Humble researchers have resulted in the discovery of new reservoirs of a valuable natural resource; in making these reservoirs more productive; and in prolonging their life for your future benefit.

Sincerely

HUMBLE OIL & REFINING CO.

TEXAS FIGHTS THE KHAPRA BEETLE
 The Texas-New Mexico border marks the line of defense in the battle against a new and dangerous threat to state grain crops. The enemy is the Khapra Beetle, a native of Asia which invaded this country via California about three years ago. As far as Texas Department of Agriculture inspectors can determine the pest has not yet reached here, but in California, Arizona and New Mexico, it takes its toll in thousands of tons of stored grains. Quarantine barriers are aimed at keeping it out of Texas while the neighboring states completely eradicate the insect.

The Khapra Beetle is primarily a stored grain pest and is not found in open grain fields. It can also live on animal products when necessary or can survive for as long as three years without any food at all. In the larva stage—the pest has an enormous appetite. Grain damage, depending on weather and temperature, varies from 5 to 30 percent although up to 75 percent damage has been reported. The beetle is a "dirty feeder", breaking or powdering more kernels than it consumes. What it doesn't eat, it lowers in grade, causing heavy losses to farmers and grainmen.

The adult Khapra Beetle is small—about 1-16 inch in length. It is pale red-brown to dark brown or black in color with wing covers that usually have indistinct red-brown markings. Generally, it is hairy on top but often the hairs are rubbed off so that it has a sleek appearance.

The larvae, 1-8 inch long, are yellowish brown and clothed with long brown hairs. The area between the segments and the underside of the body is pale yellow in color, giving the worm a ringed appearance when viewed from above.

The insect is difficult to control and is so feared by grainmen that its presence in a state is enough to lower the market demand. If it spreads into Texas grain values can drop, or, in some cases, be prohibited from shipment into U. S. markets without strict and costly inspections.

Detailed information on the Khapra Beetle may be obtained without charge by writing "John White, Commissioner of Agriculture, Austin, Texas."

BURBANK'S FLOAT BLOSSOMS TO WIN ROSE PARADE

CREATION OF THE UNIVERSE is colorfully depicted in orchids, sweet peas and rose petals as the town of Burbank's entry in the 1956 Tournament of Roses float parade in Pasadena, Calif. "Page One" is the title of the float, which shows floral planets hanging over the earth. The entry won the sweepstakes as the parade's most beautiful with Italian actress Rossana Podesta and a court of two aboard. (International)
