### Two Local Boys Attend Salvation Army Summer Camp At Midlothian

The recently-completed Salvation Army Camp Hoblitzelle near Midlothian, Texas, has opened for the first campers in its history, and two boys from Mills County are in attendance there this week, according to Judge John Patterson, camp chairman of the local Salvation Army Service Unit Committee.

Boys from here attending are Homer Petty, 11, son of Mrs. J. C. Petty, Goldthwaite and Wylie Russell, 10, son of Mr. and Mrs. L. W. Russell, Ebony. Homer is a student in Goldthwaite School and Wylie attends the Mullin School.

The Youth Camp, for boys 8 through 14 from throughout the state, is held each summer by the Service Unit Department of the Texas Division of The Salvation Army. This is the first year for the new and greatly expanded camp which was just recently dedicated and which offers camping opportunity to many more boys and girls throughout Texas than was possible before.

According to Warren Duren, chairman of the Goldthwaite Service Unit Committee, the new camp features year-round construction of brick with craft

lodge, recreation hall, hospital and dispensary, swimming pool, and chapel in addition to campers' cottages and dining hall. The camp center is on a 340-acre ranch which is completely fenced and offers room for all types of outdoor recreation.

The boys are taught hand crafts, swimming, sports, and are given lessons in Christian living at the camp. They are under the supervision of trained and dedicated Salvation Army officers. This is one of the many services of The Salvation Army that are supported by Community Chests, United Funds, and annual financial campaigns.

The boys were accompanied to camp last Sunday morning by Mr. and Mrs. Glynn Collier and County Judge and Mrs. John L. Patterson will go after them this coming Sunday.

### Fireman Called Out Last Friday

The Goldthwaite fire department was called out to the home of C. N. Scrivner last Friday at 2:00 p.m. to extinguish a fire in his bulldozer. Mr. Scrivner said that the fire had evidently started from the battery. He said that he returned after lunch to find the tractor seat in flames.

Flames were rapidly extinguished by Fire Chief Jack Reid and volunteer assistants.

Both Convention Keynote Jobs Seen Up for Grabs  
Govs. Stratton or Craig May be GOP's Choice

Special to Central Press Association

WASHINGTON—Both the Republicans and Democrats are still mulling over the selection of men to keynote their 1956 conventions.

The GOP may lean toward a midwesterner inasmuch as Republican strategists are anxious to woo the farm vote this year. Gov. William Stratton of Illinois or Gov. George Craig of Indiana are likely possibilities.

Before his death, Senator Alben W. Barkley of Kentucky was viewed as the top Democratic choice, particularly because of his long service to the party and the fact that he was liked by almost every segment.

Now the job is wide open. Liberal Democrats will ask that Senator Hubert Humphrey of Minnesota be assigned the job of setting the opening tenor of the convention, but it is doubtful he will be chosen.

A more likely choice is Gov. Frank Clement of Tennessee, who has two points in his favor. First, he is a southerner, and second, he is recognized as one of the party's most effective orators.

• VIP BABY-SITTERS—Senator Mike Mansfield (D), Montana, is speaking up for American foreign service officers who have a hard time doing their regular work in late summer and autumn because of the steady stream of junketing congressmen they have to meet.

Mansfield said that figures supplied by the State department reveal that no less than 1,400 congressional and 1,840 administration visitors received special attention last year from American agents in four European cities.

They were Paris, Rome, Bonn and Madrid. Mansfield said that the special treatment means greeting the visitor at the airport, escorting him to his hotel, where a reservation had been made for him, assisting him to meet local officials, helping him obtain information he seeks and finally putting him on board the plane for travel to his next stop.

• COMMUNIST CHUCKLE—Washington diplomats are chuckling over the latest "inside story" on the Russian denunciation of Josef Stalin.

During the recent Communist congress, the story goes, party boss Nikita Khrushchev was condemning Stalin in violent terms when a note was passed up to the speaker's rostrum.

Khrushchev allegedly stopped and read the note aloud. It said: "And where were you, Comrade Khrushchev, when all these horrible deeds were taking place?"

The party boss swept the huge auditorium with his eyes, and demanded that the delegate who had sent the note stand up and identify himself. No one stirred.

Khrushchev broke the silence. "I," he said, "was in the same place as the comrade who sent this little message."

• MATURITY—As far as the Labor department is concerned, "older women" just don't exist any more. Labor Secretary James P. Mitchell told a congressional committee that "we call them mature women, rather than older women, for the sake of the women."

Mitchell said his department is making a study on the employment of older persons in American industry. The study covers "older men" and "mature women."

Miss Corda Lindsey and little sister returned to their home in Brownwood Wednesday, after a visit to Mrs. Jno. B. Robinson in this city.

J. H. Burnett bought the L. D. Hollonquist stock of cattle, consisting of more than 300 head, this week. He also leased the Gatlin pasture from Mr. Hollonquist.

VIC'S . . .  
SOLILOQUY

An item of interest, not only to garden club members, but, to the public in general, appeared a while back in Reader's Digest with respect to a town and what it had done in general appearance as it has come to be recognized from the title: "The Whole Town's Blooming." The city is Neosho, Missouri. Folks there came up with the idea some time ago that they could make a beauty spot of their city by dressing up the whole town with blooming flowers. That is just exactly what they did in a matter of time.

The project has grown to the point where you see blooming flowers wherever you look, whether in the residential sections or right downtown in the business district. Citizens there have demonstrated what can be done with a handful of flower seeds and a handful of enthusiasm, and I'm sure a little water, too.

At any rate the city is one that is recognized throughout the nation as a beauty spot since that project was first undertaken. Even the litter, or trash cans on the main thoroughfare bloom sprightly flowers in the summer and evergreens in the winter.

For the benefit of those who have been noticing the beautiful ferris wheel flower pot at the W. B. Wooster home in our city, we might say Mr. Wooster told us that the idea for the project came from Neosho. Mr. Wooster brought us a copy of the Digest featuring the city with it's project, although we saw a feature on the town in another publication some time ago. He felt it worthwhile to pass on to our readers, especially folks who live in town and are interested in beautification of the city.

CAN WE TIE OUR OWN SHOELACES?  
A child is more self-reliant if he can tie his own shoelaces;

Miss Susie Schooler was a guest at the home of W. M. Johnston this week while enroute to her home at San Angelo from school at Waxahachie.

Prof. Roy Bedichek, late of the faculty of the University of Texas, and principal of the San Angelo public school the past session, was here this week, the guest of Leonard Daughtry, Esq.

The Hamlin Herald is a new paper in a new town in the county recently opened by the Orient. It is neat, newsy, typographically perfect and is liberally patronized. It is presided over by H. C. Shelton, who it will be remembered, succeeded this writer last year on the Eagle and has many friends here, the Eagle included, who wish him well.

W. C. Dew of Mullin was here Monday looking after business matters.

the same principle applies in the realm of public affairs.

United States Senator Harry F. Byrd recently said, ". . . we are building up a government of paternalism. There is no state in this Union that can't support its school system. . . . There is not a single county in this country that can't do it. Of course, if they think they are getting something for nothing from the Federal government, it may be that they won't try to do it. . . ."

A child who never learns to tie his shoelaces faces a dark future. So do people who look to a government of unlimited powers to do for them what they should do for themselves.

W. E. Tyler, president of the First State Bank, Rising Star, writes to us as follows: "Thanks for the recent copy of your paper in which you gave the Brown-Mills Soil Conservation District a lot of good publicity."

"I want to congratulate you upon this issue of your paper and to assure you that, in my opinion, you are espousing one of the most important causes to farming and ranching in our section of the country."

In that connection we have a letter from E. J. Hughes, Area Conservationist, Department of Agriculture, Soil Conservation Service, which reads as follows: "I have had the pleasure of seeing the special soil conservation edition of the Eagle and wish to commend you and your co-workers for the most splendid job. I believe you have set a standard for soil conservation editions which will be extreme-

ly helpful in this section of the State. "I was especially impressed with the fact that local farmers and ranchers are beginning to realize the importance of the district program to them and their communities as reflected by two ads appearing in your paper."

WORKING FOR WHO????  
The best way to judge the scope of the tax burden is how much of your working time goes to pay for it.

In 1929, one day's labor cost 10 cents to support the general government, according to the National Association of Manufacturers. Now the average is one day's four.

Years or so from now? H. W. Meyer, Ellis Drive, Odessa, Texas, recently mailed a copy of the Odessa American which appeared as their special Founder's Week issue in 1929.

It was a big paper and a check through it to see the unfold of the founding of the city and the progress that has been made during the past years, one thing kept coming back to my mind about the city, which I have visited one time—about 10 years ago, thought about the town paper as they were about years ago. At that time I had two friends who owned an interest in the American, they struggled small daily, and they almost gave away their interest in the paper to leave the town. Now look at the city of Odessa and the American.

Jack Locklear of Brady was guest in the home of his parents, Mr. and Mrs. C. Locklear, Thursday evening, May 3, Clyde Alan, returned home from him, after spending a few days with his grandparents.

Wayland Kesler, who placed fourth in the 440-yard dash at the state track meet this year, will enter SMU this fall on a full scholarship. Kesler is a top college prospect with great potential and will improve a lot in the next few years. Kesler's mother is the former Mrs. McArthur and his father is Harvey Kesler formerly of Lubbock. The family now live in Goldthwaite where he finished high school. Kesler's grandparents, Mr. and Mrs. Tom McArthur of Mullin attended the commencement exercises at Abilene, May 28.

**Miss Barbara Jane Long And Seneca Cowan Jr. Wed In Church**

MR. AND MRS. SENECA COWAN JR.

Miss Barbara Jane Long, daughter of Mr. and Mrs. Travis Long of Goldthwaite, became the bride of Seneca Cowan Jr. of Lubbock, son of Mr. and Mrs. Seneca Cowan Sr. of Detroit, Texas, Saturday evening, May 26, at 8:00 o'clock in the First Baptist Church of Goldthwaite. The impressive double ring ceremony was read by Rev. Jerry Griffin, pastor of the Seallorn Baptist Church. The altar was beautifully decorated with palm trees, spiral candelabras, white tapers and tall baskets of white gladioli and white lilies. Traditional wedding music was played by Lathon Jernigan, organist, who accompanied Mrs. G. J. DeLapp as she sang "Because" and "The Lords Prayer". The bride was given in marriage by her father. Her gown was of lace and tulle with a pleated bodice fashioned with a yoke of lace applied to sheer illusion. The sleeves tapered to petal points over the wrists. A full billowing skirt of tulle accentuated a pointed waistline. A wide border of pleated tulle below a lace border fell to the hem and circled the train. Her fingertip veil of imported sheer illusion cascaded from a lace and tulle bonnet edged in pearls. She wore the traditional something old, something new, something borrowed and something blue. She carried a white Bible topped with a white orchid surrounded by white carnations and lilies of the valley, showered with white

sat ribbon streamers tied in double lovers knots with sprays of lily of the valley. Miss Peggy Jones was maid of honor and Miss Wanda Lou West was bridesmaid. They wore waltz length identical dresses of mauve taffeta with matching hats and shoes and carried colonial bouquets of red roses. Miss Judy Dalton, cousin of the bride and Bill Cowan of Colorado City, cousin of the groom lighted the candles. Judy was dressed in an aqua-marine taffeta, waltz length dress. She wore white gloves, and white carnations in her hair. Little Miss Charlotte Dalton, cousin of the bride was flower girl. She wore an aqua blue dress, white gloves, white carnations in her hair and carried a white basket of rose petals. Gaylen Burdett of Arlington was ring bearer. Jack Brannen of Corsicana was best man, and Jim Anderson of Henderson was groomsmen. Larry Dalton and Allen Moreland were ushers. For her daughters wedding, Mrs. Long wore a rose beige lace dress with matching accessories and a white carnation corsage. Mrs. Cowan, mother of the groom, wore a powder blue lace dress with white accessories and a white carnation corsage. Immediately following the ceremony, a reception was held in the church chapel. The bride's table was laid with a tulle cloth over white taffeta centered with a beautiful arrangement of pink and white spring flowers. The three tiered wedding cake was topped with a miniature bride and groom and was served by Mrs. Jim Holman of Hutto, cousin of the bride's mother, assisted by Miss Patsy Hale of Lubbock and Miss Betsy Smith. Mrs. Gene Williams of Waco, cousin of the bride, ladled the punch and Miss Jo Ann Jones registered the guests. After a short wedding trip to the Coast, they are now at home in Lubbock. The following out of town guests attended the wedding: Mrs. Catherine Law, and Mrs. W. N. Burdett, Arlington; Mrs. J. E. Burdett, Grand Prairie; Mr. and Mrs. Charles Booker, Fort Worth; Mr. and Mrs. Gene Williams and Jenna, Waco; Mr. and Mrs. Jim Holman, Bill and Sally, Hutto; Mr. and Mrs. Cecil Parker, Mary and John, Pottsville; Mr. and Mrs. Carl Featherston, Brownwood; Mrs. Dick Adkins, Susan and Carl, Norman, Oklahoma; Mr. and Mrs. Jack Brannen, Corsicana; Miss Nannie Parks, Dr. S. R. Parks, Dallas; T. A. Caton and Dr. J. G. Caton, Eastland; Dr. and Mrs. W. K. Cowan, Bill, Stelson, Alexis, Mr. and Mrs. Noble Walker and Melvin, Colorado City; Mrs. Winnie Quimley also of Colorado City and Walter Covington, grandfather of the groom, Detroit.

**Miss Gaile Harville In Piano Recital**

## Clementine Wilmeth Briley Writes From Temporary Home In El Paso

By CLEMENTINE WILMETH BRILEY

Here we are at the last week, and the days are skipping by. I try to remember the things that must be done. I see I can't get my new dress done for the Hooper reunion, but I can get along without it. Everywhere I go someone tells me how pretty my new pink hat is.

Tuesday Billy called me at nine o'clock from Clarday School telling me that at ten o'clock in the auditorium they were giving certificates of awards and he would receive one in citizenship. He wanted us to be there. We were very busy with the household chores. We couldn't let Billy down, so we dropped everything and went—John, Johnny, and I.

There were two rooms each of the second and third grades with their four teachers in the auditorium. From each room there were two (a girl and a boy) awards each of good citizenship, good writing, and writing im-

provement. The children sang "America the Beautiful" and "There are Many Flags." The principal gave out the awards. We were very proud to see Billy receive his award.

Genaviva came yesterday. She and I are quite fond of each other. I have thought I would try to learn to speak to her in Spanish, but all I have learned is "Buenos Dias" and "Adios." At the dinner table she said to Johnny, "Granny will soon be gone. Then you'll be sorry." He wasn't so sure. "Mommy will be home," he said, "and Billy." He adores his mother and is always happy when she can stay at home with him.

I finally got the petunia plants I wanted. I had to get some the second time to have enough. I got the last ones put out yesterday afternoon. The gladiolas, carnations, and shasta daisies are giving us some beautiful bloom. My third planting of giant marigolds and zinnias are up thick. I'm hoping they'll get big enough to transplant before I leave, so so many of them won't have to be wasted. Our bantam corn is tassled and beginning to silk. Our tomatoes have covered the ground and are touching each other. One has quite a number of tomatoes. We have black-eyed peas up. Our water melons, canteloupes, and pumpkin in the corner are coming along fine.

Though the teachers must work tomorrow (June 1), school closed today (May 31) for the children. Thus far Billy had brought home a straight-A report card. Somehow he felt this time that he wouldn't get his straight-A. At 2:30 John went after him. When they came in, Billy looked rather downcast and went on past my room with out looking in. Later he pitched the card to me, saying nothing. It was straight-A for the entire year.

We are leaving for home Monday, June 4. We are to spend Monday night with Mr. and Mrs. Herbert White in San Angelo. Mrs. Edna Dwyer has invited us to spend Tuesday night with her. She thinks the house will be done then. She had been to our place to set out zinnias and petunias. And, oh joy! they had had a good rain.

### VISITORS IN TOM MILLER HOME

Mr. and Mrs. James C. Miller and baby of Austin were guests of his parents, Mr. and Mrs. Tom Miller and other relatives last week. On Saturday night, June 2, James received his Degree in Pharmacy from the University of Texas. He, with his family, will make their home in Freeport, where he has accepted a position as pharmacist.

Other guests in the Miller home for the weekend were: Mr. and Mrs. Billy Miller and son, Mike, of San Marcos. They returned to San Marcos on Sunday night so that Billy could enter school for the summer term.

## WEATHER CONTROL BY CLOUD SEEDING?

This is the season of the triple-threat to crops — hail, lightning and tornadoes—in Texas.

Can their potential dangers be minimized? A number of weather control studies are being made to find out.

All three of these natural disasters cause tremendous damage in Texas each year. Hail is a deadly destroyer of crops and can churn the year's work and income of a thousand farm families into mush in a half-hour. Lightning is particularly dangerous in starting forest-fires in the wooded sections of East Texas.

Back in 1946, when cloud seeding became prominent in the news, a young General Electric scientist, Vincent Schaefer, be-

came interested in the possibility of suppressing hail and lightning by this method.

Lightning and hail occur in the same general type of storm which may grow into a tornado. These storms come from the im-that tower far above the freezing mense blue-black thunderclouds line into the atmosphere for as that over far above the freezing much as nine miles or even more.

When water-vapor condenses into a cloud, it gives back to the atmosphere the heat-energy that turned it into vapor in the first place. Such energy is enormous. Even a small thunderstorm represents the energy of several atomic bombs. This energy is discharged in lightning, or in rain.

If such a cloud "cannot rain," but builds up in bellowing anguish to great heights, it may result in destructive hail or lightning, tornadoes — or all three.

Experiments have shown that cloud seeding induces rain or snow more quickly than under natural conditions. Thus seeding may cut down cloud growth, and the menace of the bellowing clouds.

This, and other possibilities, are being studied by the U.S. Committee on Weather Control. We are still a long way from "ready-made weather," but the reduction of natural disasters may not be too far in the future.

# IT'S SWITCHCRAFT

— that's what it is!

You'll see when you try Buick's new Variable Pitch Dynaflo!

IT TAKES a new word to describe the magic at your command when you drive a '56 Buick — with the newest transmission of them all.

It's full power go-ahead on the instant. You can get where you were just looking in a shaved second's time — with the most modern and most thrilling surge of safety acceleration in the land today.

It's smoothness, too. Complete freedom from the "bump" and lag of gears shifting. Only with Dynaflo can you go winging away with so smooth a sweep.

And only with a '56 Buick can you enjoy Dynaflo's newest marvel. It's something the engineers call "double regeneration." Lets you start off like an Olympic sprinter, with the pedal pressed just an inch or less. (And driving that way, you get better gas mileage.)

There's more big news, too, that goes with this new Buick magic. And that covers a lot more than styling.

Sure — you'll like the graceful new beauty of the V-shaped prow and sweep-ahead look. And you'll like the extra room inside.

But as you drive you'll find that this Buick responds with the new might of a big, record-powered V8 engine of 322-cubic-inch heft.

It handles easy as butter to a warm knife. Tracks the curves like a plane on the beam. Makes any road seem paved with pillows.

And what's responsible for all this are more new engineering advances than Buick has ever made in one model year.

So why not come in and see — and feel — the difference they make? You'll soon know why owners find it's the best Buick yet — and the best buy yet, by far.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century — optional at modest extra cost on the Special.

# State Capitol NEWS

By VERN SANFORD  
Texas Press Association

AUSTIN, Tex. — Nearly 100,000 young Texans take off their mortar boards and roll up their sleeves this week.

Analysts predict that figures, when complete, will show a record number of diplomas and degrees awarded this year.

Texas Education Agency pegs public high school graduates at between 64,000 and 65,000. Degrees being conferred by state-supported colleges and universities are estimated by the Texas Legislative Council at 20,000. Private and church-supported schools swell the graduate rolls several thousand more.

Awaiting these young people, said commencement speakers, is unprecedented opportunity. Examples of the '56 high school graduate's future, as outlined by an Austin speaker: (1) a longer life span — 44 years ahead for boys, 49 for girls; (2) higher earnings averaging a quarter million dollars piece; (3) less work, dwindling to a 30-hour week and (4) ever-increasing ease and leisure as technology advances.

Concrete evidence of the speakers' promises is the job placement story. University of Texas Student Employment Bureau reports five to ten job offers per graduate at better than ever salaries. Personnel in some deans' offices speak wearily of the impossibility of coping with the year-end flood of would-be employers.

High school officials say many graduates began work between their last exam and commencement night.

**MIXED REACTION TO HIGHWAY BILL** — A bonanza or a blunder — Texans are in disagreement as to which term applies to the new federal highway bill.

Senate passage of the bill left only a few details to be ironed out in House-Senate conference before sending the measure to the President. Final enactment will set into motion a 13-year, \$51,000,000,000 interstate highway construction program.

Texas Highway Department officials are frankly jubilant. They are poised to begin letting contracts Aug. 1, using the new supply of federal funds. "We'll be scraping the bottom of the barrel in the July letting," said State Highway Engineer DeWitt C. Greer.

Greer said the new law would mean a minimum increase of \$57,000,000 a year in federal road building aid to Texas—or double the present amount.

He called it "the most far-reaching piece of highway legislation yet enacted." He predicted an era of unparalleled development.

Gov. Allan Shivers was less enthusiastic. He charged turning a state function over to "bungling bureaucracy" made it unduly costly.

His objection was to the provision giving the Secretary of Labor, rather than the states, power to set wages on all contracts. "This means a third less highway mileage than the people would otherwise get," said Shivers.

"Tax money always dwindles in value," said the governor, "when it is sent to Washington for processing and returned to the states."

**LIQUOR REVENUE REPORTED**—Liquor, legal and illegal brought the state \$2,401,414 in revenue during April. Largest part—\$1,513,932—came from the beer excise tax.

A total of 505 criminal complaints resulted in 308 convictions, 50 jail sentences and \$45,929 in fines.

Beneficiaries were the available school fund, old age assistance fund, clearance fund and others which received \$2,203,518.

**HOPE HELD FOR LABOR LAW** — Champions of Texas' "right-to-work" law haven't given up the fight.

Railroad attorneys and Atty. Gen. John Ben Shepperd contend that the U. S. Supreme Court decision on a Nebraska law did not touch on the constitutional issues involved in Texas. This was pointed out in a supplemental brief filed last week with the Texas Supreme Court.

A ruling is expected soon from the state's high court on the hard-fought "Amarillo case" involving railroad unions' right to demand closed shop contracts.

Union leaders interpret the U. S. Court ruling as knocking out state anti-closed shop laws in the railroad industry. Shepperd and railroad lawyers say the decision, if anything, strengthens the case for the Texas law.

**HIGHER AND HIGHER LEARNING** — A rising skyline has been proposed to meet the University of Texas' critical classroom needs.

Pres. Logan Wilson suggests that the only two remaining sites on the original 40-acre campus be used for eight-story buildings. Most present build-

ings have four floors. For development five to ten years hence, Dr. Wilson recommends expanding to the east of the present campus in the area adjacent to Memorial Stadium.

**"TV TRIAL" APPEALED** — Fairness of the first televised murder trial in Texas history is being challenged in the Court of Criminal Appeals.

Defense attorneys charge that Dist. Atty. Tom Moore of Waco was more interested in "putting on a show" in the Waco trial of Harry L. Washburn, than in giving the man a fair trial.

**LAW VIOLATION ADMITTED** — Violation of Texas Election laws was admitted by C. T. Johnson in a deposition just taken in Austin. Johnson admitted spending \$1,200 in travel expenses during his 1954 campaign for Lt. Governor, but reported only \$125 to the Secretary of State. Previously he had testified under oath that he had spent "no more and no less" than \$125.

**TRUST CREDITORS FACE TANGLE**—US Trust and Guaranty Co. depositors still may

have a long, weary wait for their money.

At one time State Liquidator J. D. Wheeler said he hoped to be able to start making partial payments after July 1. With that in mind a Fort Worth woman now seeks court action to designate her a preferred creditor because she is a depositor.

Dist. Judge Charles O. Betts pointed out proper procedure is first to seek priority with the receiver. If he refuses, creditors may appeal through the courts.

This takes months, sometimes years.

**SHORT SNORTS** — Walter L. Bell has resigned as director of the State Board of Control effective Oct. 15. He has held the job since 1953. He has no immediate plans, except to return to his Ft. Worth home and rest. The Rev. James Hamilton Clark, chaplain of the Texas House of Representatives for the past 10 years, has passed away. He had been a Methodist minister in various South and Central Texas towns and served seven terms as county judge in Johnson City

before becoming House chaplain. Texas Health Commissioner Henry Holle reported that "practically all" nursing and convalescent care homes in Texas have been licensed and are meeting requirements of the licensing law which became effective June 1, 1953. Texas has 466 homes with state license.

Mr. and Mrs. Robert L. H. and daughters of Littleton spent last weekend with their parents, Mr. and Mrs. Dan H. and Mr. and Mrs. Orville H. Mr. Harris returned home Sunday while Mrs. Harris and daughters remained for a long visit with her parents and relatives.

Mr. and Mrs. Wade Jackson and children of Burnet visited his sisters, Misses Flora and Jackson and Mrs. Hettie Williams last Sunday.

Mr. and Mrs. Weldon Burns formerly of Fort Worth have moved to Goldthwaite to their home.

## Ed Bull, Colorful Native Writes Letter To The Editor

The following note—the following note—received a few days ago from Charles Edward Bull, native son of Mills who resides in Los Angeles.

Dear sister, Mrs. Annie God bless her—sent me of your Eagle of 26th in which my name appeared in the column 50 YEARS ago. I have written his father Bull, that he escaped from San Francisco in a boat from Stockton, Calif. I know John was not in the time of the earth-quake of the Bull family are rejoiced." etc.

It is heart-warming, though I read it for the first time fifty years thereafter. That letter in Stockton, 19th day of April 1906, I arrived after an all night trip on the Sacramento river, which was the only ferry to leave Frisco memorable day. I had seen San Francisco burn for twelve years was one of perhaps 100 on that boat, which could hold 5,000. The others crowded down from the deck area behind the fire across several blocks of town where smoldering lined my avenue of escape each side of me. Verily, enough excitement that the average TWO LIFE-

at a grand man was my Dad, Samuel Middleton who landed with his party at Bull's Springs, when he was years old, in 1859. Dad never has long since their rewards.

There was no telephone nor in Frisco that day, thinking of my Bulls Creek and their anxiety over I stepped into a hotel midday, and requested my, and the cynical clerk me: "Are you goin' to do with no mail service?" "No," I scoffed.

I detached my linen penciled a note on one of addressed it to my par-amped it and stuck it in a small box. They got that and a couple of weeks later was a brief note, but my told me later it was the letter he ever received.

What it said:  
Well and the goose hangs Charles Edward."

Close herewith 50c for five NO CLIPPINGS, please, all front leaf tear sheets, them for my five chil-

children; the extra copy I have in mine just in case. (My oldest boy, Charles Junior, now five years as Educational Co-ordinator of the American educational set up at Augsburg, Germany, likes to tell his friends: "My old Dad is unpredictable").

"On my recent 75th birthday anniversary, I wrote the story: I SAW SAN FRANCISCO BURN. I want these six copies for appendages to my story.

"Reminiscing, that makes twice I have "made" your 50-YEAR column; the other one said: "Little Ed Bull, of Big Valley, brought in the first open boll of cotton today." I won a years subscription to the Eagle for that, and about three years later I won a second subscription to the Eagle for the biggest watermelon brought in to the Eagle office that season.

"Brother Ben and I grew that 64 pound "Georgia rattlesnake." We hitched old "Yallerhammer" to the gig, and I took it to the Eagle office on the south side of the Square. Mr. Thompson, Editor, was most gracious. I had two more melons in the gig—no room for more; these weighed 35 or 40 pounds each. I took them over to the front of "Fat" Abney's store on Fisher street, and somebody offered me ten cents apiece for them.

"The seed is worth more than that," I said.

"Then I drove over to the I. C. Every store (damnyankes from Chicago), and genial smithy, Bob Burns, saw me from his shop and came over. Bob Burns was a friend of the Bulls—sharpening all our plowpoints, double shovels, Georgia Stocks, etc., and started to talk up for "Sam Bull's boy". Then four or five city dudes, jackleg tin horns, from down to the south end of the block, came over to see what was drawing a crowd. They offered to buy them, and offered me a quarter apiece. I bargained with them for ten minutes, and finally I agreed to take one cent a pound for the melons. I think that probably stands today as the top price ever paid for a watermelon on the streets of Goldthwaite. We "guessed them off" at 35 pounds each—(they beat me four or five pounds to the melon, but I knew it)—and I pocketed the 70 cents and went home. Ben was flabbergasted; he had told me to sell the two for "two bits".

"What a noble character was Ben, four years my senior, I always took him for my model; perhaps that is the reason I have never been in jail. From the time he was yet a small boy, Ben had been "head of the family" when my father was gone on cow roundups for months at

a time, ranging as far west as Yellow House canyon, Fort Chadbourne, Seven Wells on Silver Creek and westward to the Llano. Ben's untimely death was the greatest shock that has ever come to me. For fifty-seven years now he sleeps beside our Grandfather, Ambrose Bull, at the old Mohler cemetery.

Brother John lives at 210 East Poplar, Compton, Calif. He and I are the last of the five boys.

Which, I wonder, will be "The Last Leaf upon the tree?" John's friends know him affectionately as "Iotta"—biggest Bull I ever saw—, tips the beam at 285 pounds. John and Henry Septimus Adair Davenport were always boon companions. John and I would be most happy to have a letter from our old friends back there in Mills. My address: 6056 East Olympic Blvd., L. A. 22, Calif.

Rain is falling—slow day for business, so memory rides with a free rein.

"Gosh, what wouldn't I give to see old Daugherty ring that old dinner bell of his again?—no body could ring a bell like Daugherty. He owned the "joint", later called the Rock hotel. (Digressing, I harkened back to that Daugherty dinner bell, when in 1932 at the Century of Progress Exposition in Chicago, I sold the Rutledge Tavern—eating house—on the idea. It made me \$1,860 for the one week the Legionaires paraded there, and better than \$10,000 for the season of the fair).

Tempus fugit, and I must hurry along. Have a television appearance in Hollywood tonight, and one has to "primp" a little for the kleig lights. Gotta show them how to do a quick "back-step" when we "balance all." Takes a man from south of Mason and Dixon's line to do the backstep "fancy".

"Hoping to meet you some day, I am,

Very truly,  
CHARLES EDWARD BULL

THAW CHICKEN BEFORE COOKING

Question often asked is "can chicken go from freezer to frying pan or broiling rack without thawing—and cook successfully?"

It's best to thaw first if you are going to fry or broil the chicken. Otherwise it's difficult to get a brown crust on the pieces. For stewing, the cut-up pieces can go into the water while still hard-frozen. This information is based on research done at the New York State Experiment Station.

For roasting, it's best to thaw completely before cooking. Otherwise the outside may be overdone and dry by the time the inside meat is done.

All this adds up to the fact that it pays to get the chicken out of the freezer and into the refrigerator a day ahead to be sure it's completely thawed for cooking.

This reminder—allow poultry to thaw in the original package. The skin of an uncovered bird becomes tough and dry when exposed to the air during the thawing process.

Miss Kathryn Horton returned to Austin Monday where she will attend the University of Texas this summer.

Misses Peggy and JoAnn Jones left Tuesday morning for Fort Worth where they will attend T.C.U. this summer.

Mr. and Mrs. Jack Taff and son, Jackie, and Mrs. Minnie Pinn of Dallas and Miss Minnie Oltrogge of Fort Worth spent Sunday with their aunt and mother, Mrs. Emma Oltrogge.

Brian Smith of Dallas visited friends and transacted business in Goldthwaite last weekend.

Mrs. Velma Early of Abilene spent last week with her sister, Mrs. J. B. McCasland, Mr. McCasland and other relatives here.

Mrs. John Harris of Scallorn visited Mrs. Will Burks Monday afternoon.

## Ernest M. Ingram, Pioneer Resident, Is Buried At Duren Wednesday

Funeral services for Ernest M. Ingram, 69, were held Wednesday morning, June 6, at 10:00 o'clock. Services were conducted in the Mullin Methodist Church by the pastor, Rev. Howard Johnson.

Ernest M. Ingram, son of Jack and Sallie Ingram was born in Coryell County, September 19, 1886 and passed away at his home in Mullin June 4. He had

made his home in Mills County since 1906.

On May 17, 1930 he was married to Miss Jewel Clark and to this union three children, Fannie, Anita and Eugene were born. He was preceded in death by his wife, November 25, 1936 and by his daughter, Anita, November 3, 1935.

Survivors are a daughter, Mrs. Charles Chaney, Morgan, Ky.; a son, Eugene Ingram, Mullin; his mother, Mrs. S. H. Davis, Mullin; three sisters, Mrs. Margaret Toliver, Mullin, Mrs. Albert Oglesby, Forsan and Mrs. Joe O'Neal, Tucson, Arizona; a brother R. C. Ingram, Brownwood and a multitude of friends.

Pallbearers were Norma Lee Mosier, Clyde Jones, Melvin Pafford, W. T. (Son) Lee, Taylor Duncan and Argie Whisenhant.

Funeral arrangements were under the direction of the Roy Wilkins Funeral Home and burial was in the Duren Cemetery.

Mr. and Mrs. L. N. Auldridge had the following guests last weekend: Mr. and Mrs. J. G. Auldridge and children, Gene and Mary Lea and Miss Sandra Trout all of Clarendon; Mr. and Mrs. H. W. Auldridge and Ervin, Coppas Cove and Mrs. Leslie Rollins of Houston.

Mr. and Mrs. Raymond Earl Mitchell and Miss Ann Dellis of Austin and Charles Murray Davis of Kermit spent Sunday with their parents, Mr. and Mrs. John Dellis.

## Final Rites Held For Mrs. F. Bundren At Brady, June 4

Burial services were held at Brady last Tuesday afternoon, June 4, 1956 for Mrs. Florence Bundren, 74, of San Angelo.

Mrs. Bundren moved to Mills County in 1908, where she lived for several years, in and around Mullin. Her husband preceded her in death in 1943. She passed away Sunday evening, June 3, after a long illness.

She is survived by one daughter, Mrs. Lucille Carlisle of San Angelo, two sons, Wilburn Bundren of San Angelo and Elmer Bundren of Robstown. Also one sister, Mrs. Dilla Kelso of Goldthwaite and three brothers, Fred Jones of Las Cruces, New Mexico; M. L. Jones of Houston, and Jesse Hoover of Quemado, and three grandchildren.

Mrs. Kelso had been with her sister for the past week. Others from Goldthwaite who attended the services were: Mr. and Mrs. Mike Johnson and Mrs. Florene Renfro and Miss Charley Sue Bryan of Monahans.

## 1957 Seruel Gas Refrigerators Can Now Be Seen On Dealer Floors

The 1957 line of Seruel gas refrigerators featuring the handy automatic "Ice-Server" and "color balance styling" and numerous other conveniences and improvements may now be seen on dealer floors, according to the Long Star Gas Company.

Most striking feature of the latest gas refrigerator line is the introduction of muted interior color combinations against a light gray background. The units contain increased food storage capacity, better insulation and improved performance.

The new de luxe models feature the exclusive automatic "Ice-Server" which furnishes an unlimited supply of ice circles without the use of trays. This ingenious device provides one or a handful of ice cubes at any time the homemaker desires.

The permanently silent new models contain no moving parts

in the refrigeration system, which carries a 10-year warranty. They also feature in-a-door storage that holds jars, bottles and glasses up to one quart size. The door serves as a storage space for two dozen eggs in "tilt-out" serving trays, and has a butter chest and a roomy fruit bin.

Also new with the 1957 gas refrigerator models is an air-conditioning chill coil designed to give the most even flow of cold air possible. Other features include roll-out shelves, dew fresheners, a snack drawer that doubles as a serving tray, "trip-saver" handles that permit the homemaker to open door with the elbow when hands are full, a 12-position cold-control and separate freezing units.

The new Seruel gas refrigerator models are adaptable to built-in installation.

## Garden Club Plans Workshop

The Goldthwaite Garden Club will sponsor a workshop for Division 1 of District V, Texas Garden Clubs, Inc., Friday, June 8, at the First Methodist Church of Goldthwaite, from 9:00 a.m. until 11:30 a.m.

**WILL WILSON**

Supreme Court Justice, has resigned his post on the State's highest tribunal to launch a fighting campaign for Attorney General of Texas. His resignation was made effective June 1.

"The most compelling call to duty for me today is to serve the people of Texas as their Attorney General," Wilson said.

With a career as Dallas' racket-busting district attorney, followed by six years on the Supreme Court, Wilson said he left the court "with reluctance."

However he surprised few Capitol observers in responding to the challenge to serve as Texas' number one law enforcement officer.

"I have been asked why I am willing to leave the Supreme Court," Wilson commented. "Like the old cavalry general, I've always believed in riding straight for the sound of the guns."

"Certainly I know that I am deliberately turning my back on the security of a quiet harbor and certainly the course we will steer lies through troubled waters. But that's where the need is greatest."

"Texas' greatest need today is vigorous enforcement of our Texas laws. I believe I can serve Texas best in filling that need."

"I cannot remain on the Supreme Court while I campaign for Attorney General," he said.

**Lt. Gov. Ben Ramsey Open Campaign For Re-Election**

SAN AUGUSTINE, Tex. (Sp.) — Soil and water conservation and greater protection for Texas families through good services and stability in government are the major issues on which Lt. Gov. Ben Ramsey will campaign for re-election this summer.

Ramsey, who is touring the state preparatory to officially opening his campaign, said, "Soil is the storehouse of agriculture and industry. Water is the key to both."

"People throughout Texas have made great strides in soil and water saving practices in the past 10 years." He added, "The state must give full assistance to equitable plans for conservation at the local level if we are to maintain a sound economy and reach our true potential."

On plans for protection of Texas families, Ramsey said the government must effect rigid rules of conduct and exacting controls over blind forces of influence. Ramsey cited the need for (1) strict curbs on lobbying; (2) stiff narcotic penalties, with life imprisonment or death penalty for the second conviction on charge of selling to minors; (3) eliminating loan sharks, and (4) an unceasing watch to assure families their insurance policies are sound.

Ramsey, who spearheaded the move to rid the insurance industry of "parasites" and eliminate fraudulent investment schemes, said the results have been tremendous.

"Time and experience," Ramsey said, "will determine whether the barricades in our new laws are high enough and solid enough to keep ruthless speculators from preying upon the public. The scavengers will be back at the next session of the Legislature in attempt to gain back their lost special privileges."

"My ambition," Ramsey said, "is to wage the fight through to complete assurance of full protection to the public in all phases of government."

Mr. and Mrs. Otto Newton and son spent the weekend in Fort Worth with relatives. Sonny, who has accepted a position there for the summer, remained.

Mr. and Mrs. Roddy Benningfield and son of Brownwood spent the weekend with his mother, Mrs. Mellie Benningfield and other relatives.

The new Bel Air Convertible—one of 20 sassy-styled new Chevrolets.

Want to take the wheel of one of America's few great road cars? Want to send pleasant little tingles up and down your spine? Then hustle on in and try out a new Chevrolet V8!

Now showing—the happiest "double feature" of the year! One part is bold, new Motoramic styling. The other is record-breaking V8 action. Hollywood has a heap of words that describe it: colossal, stupendous, magnificent. We'll settle for just the name—Chevrolet.

Because once you've driven this sweet-handling showboat, the adjectives will take care of themselves. Horsepower that ranges up to 225 makes hills flatter and saves precious seconds for safer passing. And the way this Chevrolet wheels around tight turns would gladden the heart of a dyed-in-the-wool sports car fan.

Stop in sometime soon and highway-test this new Chevrolet.
