Labor Survey Questionnaires Still Coming In

Labor survey questionnaires are still being turned in to the industrial committee, it was announced this week by Ray Duren, chairman. A good number have been mailed to the committee during the past week and the announcement has been made that they will be accepted through this week.

Results from the survey announcement story carried in the Eagle two weeks ago were compiled on November 5 and forwarded to the Texas Employment Commission to be coordinated with the labor survey report being compiled by that office for Goldthwaite.

All questionnaires that come in through this week will be tabulated as a supplemental report and final results will be announced by the committee in the near future. The report when complete will tell the story of how many men and women in the Goldthwaite labor market area have filled out the questionnaire signifying they want work, either part time or full time. It will also show the number who have specialized or skilled training or experience.

The survey is being made in answer to a request from a manufacturing firm in an Eastern state who is planning to establish a plant in Texas.

Legion To Sponsor Thanksgiving Dance For Young People

Members of the local American Legion will sponsor a Thanksgiving dance for teenagers and college students at the American Legion Hall on Friday night, November 30, it was announced this week by LeRoy Stacy, commander.

Some time ago the Legion sponsored a teen-age dance at the Legion Hall which has been pronounced a huge success by officials who had charge of the affair. Because this proved very popular with teen-agers who attended, and cooperated in making it a success, members of the Legion decided to sponsor this Thanksgiving dance for both teen-agers and college students who may be home for the holiday.

In announcing the dance Legion officials announced that special invitation is extended to young folks to attend. The dance will be chaperoned by members of the Legion and their wives.

Ten Ton Street Roller Purchased By City Officials Last Week

Latest piece of heavy equipment to be added to city property is a used ten-ton Ingram street roller which was purchased last week from the Plains Equipment Company of Abilene. The roller which is about three years old was purchased for \$4,500.

Three years ago the city purchased a loader and two years ago a heavy duty grader was purchased. With the addition of the roller the city is moving a little nearer to the time when more extensive street repair and improvement programs can be undertaken.

A 1,400 gallon water tank for sprinkling streets is being constructed at the present time. The tank will be portable and can be mounted on different types of truck equipment.

SOLILOQUY

Now that the election is over we will have to turn to something else to listen to and to find new topics of conversation.

One thing is sure, the voters turned out and spoke their piece. Those who went to the polls and voted can settle down and go to work on the basis of knowing that they did their duty and exercised their right of franchise and know that they did their part in the governmental functions of our state and nation.

Those who didn't go to the polls and cast their ballots must accept the outcome of the election without justifiable reason to complain about the results.

If they are happy with the results as they were voted by the other fellow then all is well and good. If they are not happy with the way the other folk voted they may resolve now to do their own part and vote in the next election.

County Clerk Walter A. "Toby" Bryant received a letter from a former resident of Mills County on the morning of election day requesting an absentee ballot.

Somebody wanted to vote in the general election and got around to requesting the absentee ballot too late.

Party requesting the ballot was specific in stating: "Please send me an absentee ballot—Democratic Ticket."

A limited number of local residents will be effected this year in observing Thanksgiving Day on different Thursdays. Federal employees will have their holiday on Thursday, November 22, while all other business firms and their employees will observe Thursday, November 22, as Thanksgiving holiday.

Members of the Lions Club voted last week to take the holiday as designated by the Governor and which is being observed by the state office and schools in Texas.

The conflicting arrangement came about this way. The U. S. Congress set the fourth Thursday in November as Thanksgiving Day. The Texas Legislature wanted to do likewise and passed a resolution to that effect, but, in doing so they specified the last Thursday in November. This year we have five Thursdays in November causing the conflict in holidays.

So, we'll have Thursday, November 29, as our Thanksgiving holiday when local business firms will remain closed.

Some Mills County residents were surprised and glad to see one of our citizens on the "What's My Line" TV program on a national hookup two weeks ago on Sunday evening.

Milton Meier of Priddy was flown to New York to appear on the program where he was successful in winning the prize when the panel experts were unable to guess Milton's line.

He is in the worm business, operating the M & M Worm Ranch, providing red wigglers to fishermen and fishing supply stores.

Tomorrow night will be a big night for Goldthwaite football fans as well as members of the Eagle squad and their coaches, Bill Gunn and Dick Hampton.

That's the last conference game of the season and the Eagles will match their wits against the Llano Yellow-jackets. The game will be played at Llano starting at 7:30 p.m.

The Eagles have chalked up a wonderful record so far this season under the able coaching of Bill and Dick. They have lost only two games all season, one non-conference to the AA Hamilton Bulldogs, and one conference game to Cross Plains.

Big game hunting will open in Texas Friday of this week and many of our local nimrods will be off to the hills.

Looks like they will have to go some to top what three local hunters set in their record while up in the Colorado mountains a month ago.

W. G. "Spot" Saylor, Carl Letbetter and S. L. "Solly" Featherston joined a group from Evant and Waco for the trip. Altogether they bagged 13 deer. They brought back seven large bucks.

WHEN THE OLD BIRD WAS YOUNGER

10 YEARS AGO—

(Taken from the Eagle files of November 15, 1946)

A deal was closed this week wherein Curtis Long sold his grocery store and market to Jack Long and Luther Piper, both of Goldthwaite. The store will go by the name of Long and Piper and Mr. Piper will be manager.

M. R. Wylie, formerly of Mullin, will open his new Helpy-Selfy Laundry here Monday. His new building on Front Street, just south of the new Reid and Walker Garage building has just been completed and machinery installed.

A baby girl was born to Mr. and Mrs. John P. Calder of San Angelo, November 12. The young lady has been named Dorothy Juanell.

Maintaining an old custom, the children, relatives and friends of G. A. Knowles, Sr., gathered at his home Sunday, October 20, for the annual family reunion.

John Boykin of Star passed away at a Hamilton hospital at 3:00 o'clock Wednesday morning, November 13, after a long illness.

At the age of 71 years and 10 days Ocie McGowan passed away. He had been an invalid for several years.

On Wednesday afternoon, November 6, the Scallorn Home Demonstration Club was hostess to the Home Demonstration clubs of the county honoring Miss Emogene Sansom, bride-elect of Charles Haensch, with a miscellaneous bridal shower.

Melodious organ music echoed through the candlelit dimness of the First Baptist Church of Goldthwaite while the fashionable number gathered Saturday evening for the marriage at 6:00 o'clock of Miss Emogene Sansom, lovely and accomplished daughter of Mr. and Mrs. L. C. Sansom of Rochelle, Texas, to Charles Haensch, son of Mr. and Mrs. I. N. White of Abilene.

25 YEARS AGO—

(Taken from the Eagle files of November 13, 1931)

Mr. and Mrs. Claud Smith of the Rock Springs community had the misfortune to have their car badly damaged Monday afternoon while driving through Lometa. A lady driving out from a side street drove her car directly into the Smith car, badly wrecking it.

Mrs. John M. Carroll died at the family home a few miles east of Goldthwaite last Saturday morning about 6:00 o'clock and her remains were laid to rest in the cemetery at this place Sunday afternoon. Funeral services were held at the home and attended by a large assembly of relatives and friends.

Rev. J. W. Kelly returned Saturday from his farm at Lo-

renza on the Plains. He reports cotton picking in full swing there, with a large acreage and good yields.

Mrs. L. B. Porter is convalescing satisfactorily in Sealy Hospital at Santa Anna, where she underwent three operations Monday.

Mr. and Mrs. W. E. Miller spent last weekend in Dallas. While there they took part in a part of the Mortgage Bankers Association of America. They also heard a very interesting address by Alvin C. York, one of the greatest soldiers in the world.

Mrs. Lola Ritchie, one of the teachers in Brownwood school, and Mrs. Anna Moore, also of Brownwood, visited B. F. Mahan and family last Sunday.

Inside WASHINGTON

MARCH OF EVENTS

Fewer U. S. H-Bomb Tests Scheduled for Near Future

Won't Suspend Experiments Altogether, It's Indicated

Special to Central Press Association

WASHINGTON—While the Eisenhower administration firmly rejects Adlai E. Stevenson's proposals for ending hydrogen-bomb tests, it will never-the-less conduct fewer, for the time being at least.

This in no way is a matter of giving in to the Democratic presidential nominee. It is simply that the U. S. has already tested the largest super-bomb that could be used effectively. The job now is to perfect the smaller atomic weapons.

Also, the Eisenhower administration realizes that the Russians have not completed their big H-bomb tests, which are expected to continue despite the fact the Soviets have given lip service to a nuclear test ban proposal. Therefore, it will look to the rest of the world as though it is Moscow, not Washington, which is prolonging the thermonuclear arms race, if the U. S. cuts down on the number of its explosions while the Soviets step up theirs.

It might be asked, then, why the administration just doesn't agree with Stevenson and suspend the tests altogether. The answer is that U. S. officials want complete freedom to conduct as many experiments as they might consider necessary, should new developments warrant it.

Marshal Tito ● AID TO TITO—State department officials, at President Eisenhower's direction, are keeping a close watch on what goes on inside Yugoslavia these days—particularly Yugoslavia's strange relations with Russia.

While Mr. Eisenhower decided to continue economic aid and some military assistance to the Communist regime in Belgrade, he made it plain that all American help will be cut off completely if Marshal Tito should swing toward the Kremlin.

Right now, the chief executive feels that U. S. aid is necessary to keep Yugoslavia free and independent of Moscow's control. However, officials indicated that whatever assistance is authorized for Tito will be sent in small shipments so that the flow can be halted quickly if there is any fundamental change in his policies toward the Soviets.

● CAMPAIGN LOCALE—The hottest and heaviest campaigning of the 1956 presidential race during the final days before the Nov. 6 election will be concentrated in the Northeast, a few Midwestern states and, probably, California.

Strategists for both political parties are now convinced that the outcome of the election will hinge on these areas. They believe the rest of the nation has already pretty much made up its mind.

The biggest fight may come in Pennsylvania because the Democrats believe they have a good chance of taking the Keystone state's 32 electoral votes and the Republicans think they can win them again.

California is another vital key state. It also has 32 electoral votes and the Democrats feel that they have a fair chance of capturing them despite the hard fight which the GOP is waging to keep the state in Ike's column.

● SOMOZA'S HEIRS—Sons of slain President Anastasio Somoza of Nicaragua apparently have successfully solved the problem of succession. Somoza, who ruled the Central American country with an iron hand for 20 years, had trained his sons for just such an eventuality.

Thirty-four-year-old Luis was placed in direct line of succession as president of congress. Anastasio, Jr., two years younger, was made boss of the national guard.

Elections are scheduled for May and Luis has already been named the candidate of the ruling Liberal party. Opposition to Somoza had a strong chance of taking over Nicaragua shortly after his assassination, but the chance was nuffed. Now the sons are so firmly entrenched, it probably is too late.

Wichita Falls spent Sunday with his parents, Mr. and Mrs. Henry Morris. Mrs. Boyd Morris returned home with them for a visit.

A. M. Hunt returned Saturday from a trip through the west, where he had fine success selling honey.

Mr. and Mrs. C. H. Pfluger of Eden, accompanied by their daughter, Mrs. Annie Taggart, and Miss Bettie Pfluger spent last week at Priddy visiting and looking after their many farming interests.

50 YEARS AGO—

(Taken from the Eagle files of November 17, 1906)

While unloading cotton at the railroad platform last Saturday Matt Casbeer had the misfortune to get a bone in his left leg broken. A bale of cotton fell upon him, inflicting the injury.

Miss Nora Miller died at the family home in the Williams Ranch community October 30, and her remains were interred in the cemetery at that place at 5:00 o'clock in the afternoon on November 1. She was only 17 years of age and had been sick a long time.

Mrs. S. R. Owens died last Saturday morning at the residence of her daughter, Mrs. J. B. F. Wigley, in the North Brown community, with whom she had made her home for a number of years.

E. R. Jenkins and Miss Mittle Tullos were married at the residence of Rev. G. W. Templin in this city last Saturday evening at 7:00 o'clock, Rev. Templin officiating.

A son was born to Mrs. Alpha Fletcher at her home in Temple Monday. The little one died Thursday and the remains were laid to rest in the cemetery at Harrisburg by the side of his father, Mr. I. W. Fletcher, who was recently killed in an accident at Houston.

A. T. Sellers was here from Big Valley one day this week. He is building a new house on his farm in the Big Valley community and judging by the plans it will be a nice one.

Rev. Bowles, the new Method-

ist preacher, filled his appointment here last Sunday and the congregation was much pleased with him. His family is expected to arrive from Missouri in a few days.

Mrs. Baylor Lewis of Lometa has been visiting her mother and other relatives here.

Clementine Wilmeth Briley Writes From Temporary Home In El Paso

By CLEMENTINE WILMETH BRILEY

Tuesday morning John and Johnny and I decided to go to town. While we were getting ready, the doorbell rang. I went to the door. There stood the parcel post man with a sack of pecans for me. My spirits soared. What could be nicer than a sack of pecans? They were Burketts, my favorite, and from my sister, Mrs. Edna Dwyer. She had gathered them from her own pecan trees. A few years ago she set out pecans in a sandy swag in her field. Now she has large bearing trees. The next day was my birthday. I thought "what a wonderful birthday gift."

Down town I got out at the U. S. Courthouse to see the county agent. I wanted to ask him what made the leaves of our pecan tree die around the edges. He said sufficient water had failed to get through to the roots. This adobe soil needs a lot of barnyard manure, and he said it must be added each year. We need a wide basin around the tree to fill with water. In El Paso we must continuously fight an alkaline soil condition. We came back by Mrs. Gore's nursery and got a few daffodil and ranunculus bulbs. Now if I could just get that load of barnyard manure that I need I would be all set for preparing for spring beauty.

Wednesday was my birthday and I wanted to try my hand at a homemade fresh coconut cake. There was a time when cake baking became a fine art with me. These easy store mixes have almost put us homemade cake makers out of business. It's hard to compete with Betty Crocker. I couldn't find a recipe that I wanted, but I found one I thought would do. When I got ready to put it in the oven, the batter seemed too stiff. When I took it up, I was afraid it wouldn't do. I went ahead and grated the coconut to make the icing.

The mixer was just the thing for that seven minute icing. I guess the cake could have been better, but we all agreed that it was better than the store bought mix.

On my birthday there was an-

other surprise from my sister, Mrs. Dwyer, a beautiful birthday card with a letter written on the inside. The postman also brought a long letter from my sister, Mrs. Grace Bateman, of Fort Worth. And for supper, I'm too countryfied to say dinner, Grace put seven light green candles on the snowy coconut cake, and we got out the china ware and the silver and ate on the dining table in the dining area of the living room. They sang Happy Birthday. Billy said, "Make a wish." I secretly wished for that load of manure and Johnny and I blew out the candles. There was a bright bouquet of pyracantha berries from our own pyracanthas on the blonde piano.

We still have chrysanthemums. The Kingbird—a pink from New York—has turned out to be a beauty. There is one on either side of the front door in full bloom. There is also a beautiful white blooming. Just like the ones I used to have at home. I have a bouquet in the living room. A flat, narrow, flared at the top container. Longstemmed pink chrysanthemums at the back extending out on the sides. In front, shorter stemmed white ones, giving a fan-shaped effect. It makes me happy every time I look at it.

My sister, Edna, said it had been raining most of the day and it was dark and cold, but she had a fire in the fireplace and it cheered with its warmth and its brightness. She said the fields were getting green from the grain that had been sown since their rains came. She had ridden the school bus

to spend Wednesday night with Mr. and Mrs. Stanley Reeves. Her girlhood friend, Brownie was there helping them gather pecans.

Sister Grace said Ezzie Warrnack Ratliff, widow of Ben Ratliff, called her a few days ago. Ezzie said she had been thinking of our father. What a grand man he was. So she called Grace. Ezzie was nursing Miss Poindexter, a retired teacher. Incidentally she was my daughter Graces' music teacher when she went to school in Fort Worth. She says she learned a

lot from Miss Poindexter. Grace said she went to Ezzie. In spite of her years she looks much like she did. In our gala days of life Ezzie lived at Indian Creek. Ben lived at Ebony.

It's that new V8 in the '57 Chevrolet. It's as quiet as a contented cat and as smooth as cream . . . and it's cat-quick in response when you call for action!
No household tabby sitting in a sunny window ever purred more softly than Chevy's new V8 engine. You can scarcely tell when it's idling.

But when you nudge the accelerator, you know it's there, all right! Its right-now response keeps you out of highway emergencies. It overpowers steep hills with such ease they seem like level landscape.
This new Chevrolet V8 puts up to 245 high-compression horsepower* under your command! It's sassy, sure—but as tame to your touch as a purring pussycat. Come try the smoothest V8 you ever put a toe to.

ROAST TURKEY IN
ALUMINUM FOIL

It is strange that at certain times of the year we think of specific foods. At this time we are all thinking about the Thanksgiving turkey. Roasting the bird in aluminum foil makes it more juicy and tender. The procedure for roasting in foil is very simple and easy to do. The turkey is dressed, stuffed, and trussed in the usual manner. Then the bird should be well greased and seasoned with salt and pepper (if desired). The next step is to wrap the bird in aluminum foil. Tear off a sheet more than twice the length of the bird, place the turkey lengthwise at one end, bring the foil up and over, closing all edges together. The oven should be preheated to 400 degrees F., and the turkey should be roasted for

the length of time given in the table below:

8 to 10 lbs.—3 hours.
11 to 14 lbs.—4 hours.
15 to 18 pounds—5 hours.
Birds weighing over 20 lbs.—allow 15 minutes per pound.
The turkey is placed in a roasting pan, breast side up. It does not matter if the legs stick out over the roasting pan. About 45 minutes before the roasting time is up slip the foil from around the turkey. Let the juices run down into the roasting pans so they will brown to just the right color for good giblet gravy. Brush the turkey with melted fat or drippings. Indications that a turkey is done are the same whether roasted in foil or another way. Move the leg and thigh joint; if they give readily, it is done. Another test for doneness is to insert a fork in the thick piece where the wing is jointed to

Dorothy Manuel And Helen Head Are
Named Queens At Harvest Festival

Dorothy Manuel was crowned Harvest Queen at the Harvest Festival which was held at the High School gymnasium Friday night. Charles Reynolds was Miss Manuel's escort. Miss Helen Head reigned as the Elementary School Queen, with her escort Jimmie Daniel. The following Dukes and Duchesses were introduced as

the Queen's attendants: Sixth grade—Peggy Roberts and Billy Ray Jones, Kay Benningfield and Phillip Auldridge; Seventh grade—Carolyn Zuck and Guy Leverett; Eighth grade—Betty Bramblett and Jimmy Wigley. Freshmen—Jeanette Heath and Charles Wilkins; Sophomores—Linda Dennard and Max Shepherd; Juniors—Jerrilyn Gotcher and Jackie Reynolds.

First grade—Donna Cobb and Danny Spradley, Debra Langford and Mike Conradt; Second grade—Rita Gatlin and Billy Summy, Carol Johnson and Charles Blackburn; Third grade—Donna Hardgrave and Tom Duren, Nan Kirby and Curtis Barnett; Fourth grade—Sharon Wikoff and Garry Denman. Fifth grade—Hazel Moore and Mike Skiles, Wanda Warlick and Gene Auldridge.

Flag bearers were Bryon Harper and Donna Barnett. Flower girls who preceded Queen Dorothy to the throne were: Mitzl King, Sheryl Hudson, Jo Lyn Haenisch and Janna Lynn Petty. Train bearers were: Mark Daniel, Dennis Smith, Reggie Robbins and Kennon McLean.

Ray Standley, elementary school principal, crowned Helen Head and Bill Williams, high school principal crowned Dorothy Manuel. After the coronation each class presented an enjoyable program.

Dorothy, a senior, is the daughter of Mr. and Mrs. W. A. Manuel of Route 3 and Helen, fourth grade, is the daughter of Mr. and Mrs. G. C. Head of Goldthwaite.

The groups were as follows: Mrs. Harvey Hale, Mrs. George Fletcher and Mrs. Lloyd Reynolds worked on Foods and Nutrition; Mrs. Oscar Burns, Mrs. H. C. McNeil and Mrs. Harvey Dudley worked on Homestead Improvements; Mrs. H. J. Leonard and Mrs. W. W. Fox worked on Clothing. Mrs. Clark Miller and Mrs. Dee Singletary came but were called away before the group broke into buzz sessions.

I want to express my appreciation to those women who took time out to come and help plan the program for Mills County so that the H. D. work will be such as to really meet the needs and wants of the people in Mills County. They have only begun and they will need the help of others so that everyone will have had a part in making the program "our program to meet our needs."

Funeral Rites For Mrs. Jake V. Brown Held In Goldthwaite Monday

Funeral services for Mrs. Jake V. Brown, 51, former Mills County, were held in the First Methodist Church of Goldthwaite Monday afternoon, Nov. 12, at 3:00 o'clock. Services were conducted by Rev. J. Cartwright, pastor of church.

Mrs. Brown, daughter of Mrs. Charlie Cornelius and the late Mr. Cornelius, was born in Mills County August 18, 1873. She passed away in a hospital on Nov. 11, after a long illness. Mrs. Brown had lived in Mills County a number of years before moving to Weslaco in the Grande Valley. She had been a member of the Methodist

Church since 1933. On June 15, 1924 she was united in marriage to Jake V. Brown and to this union two children were born.

Survivors are the husband, Jake Brown; a son, James Vance Brown of El Paso; one daughter, Mrs. Keith Witcher of Port Lavaca; her mother, Mrs. Charlie Cornelius of Mullin; two brothers, Vance Cornelius of Goldthwaite and Wayne Cornelius of Fort Worth; three sisters, Mrs. Ruby Rennie of Fort Worth, Mrs. Fairman Marshall of Houston and Mrs. Carlos Patterson of Goldthwaite. Also four grandchildren, Marsha Lee Brown, Janna Lynn Brown, James Gregory Brown

and Bert Witcher; other relatives and a multitude of friends. Pallbearers were Hugh Nowell, John Patterson, R. L. Steen, Jess Massey, Guy Rudd and Otis Northcutt.

Funeral arrangements were under the direction of the Roy Wilkins Funeral Home with interment in Goldthwaite Memorial Cemetery.

Mrs. Inez Leverett and Guy and Mrs. John Dellis visited in Abilene last Saturday with their nephews, Eris Jr. and Joe Ritchie and attended the football game between ACC and Midwestern University of Wichita Falls.

Mr. and Mrs. Joe Proctor Karnes and daughter, Wandean, of Fort Worth were guests of his mother, Mrs. Joe B. Karnes, and other relatives last weekend.

Drouth Area Farmers And Ranchers To Benefit From Freight Reductions

AUSTIN (Spec.) — Farmers and ranchers in the 233 drouth-stricken counties of Texas will save several million dollars as

the result of drastic freight rate reductions put into effect by the railroads on shipments of cattle and on carload lots of hay.

GERDES W. RICE

of Dallas has been appointed assistant director of Purchases and Materials for Lone Star Gas Co. and its wholly-owned subsidiary, Lone Star Producing Company, according to an announcement by L. T. Potter, executive vice president. Prior to this appointment, Mr. Rice had been superintendent of the Right-of-Way and Claims Department since August, 1950.

Mr. Potter stated that Mr. Rice will work directly with Ben R. Newbery on all matters now handled by Mr. Newbery as director of Purchases and Materials.

This is the third time in four years Texas railroads have slashed rates as their contribution to hard-hit ranchers and farmers. The two previous rate reductions resulted in a saving of more than \$22,000,000 to Texas agriculturists.

The freight rate reductions were made at the request of President Eisenhower. A 50 percent cut in rates for hay in carload lots was immediately put into effect.

Rates were also established for outbound movement of livestock from the drouth-stricken areas to western feeding grounds which will permit free return transportation to originating points.

President Eisenhower recognized the fast action by saying:

"I know that I speak for our people, especially those in the areas affected, in saying that all of us are deeply grateful to our railways for this public spirited and prompt action."

Saving to farmers and ranchers in 1953 was \$20,000,000 when the railroads reduced freight rates on grains and dairy feeds. More than \$2,000,000 was contributed in 1954 by the various Texas railroads when they slashed rates on hay in half.

"The saving at this time will, of course, be governed by the length of the drouth period,"

said Kenneth McCalla, general counsel for the Texas Railroad Association.

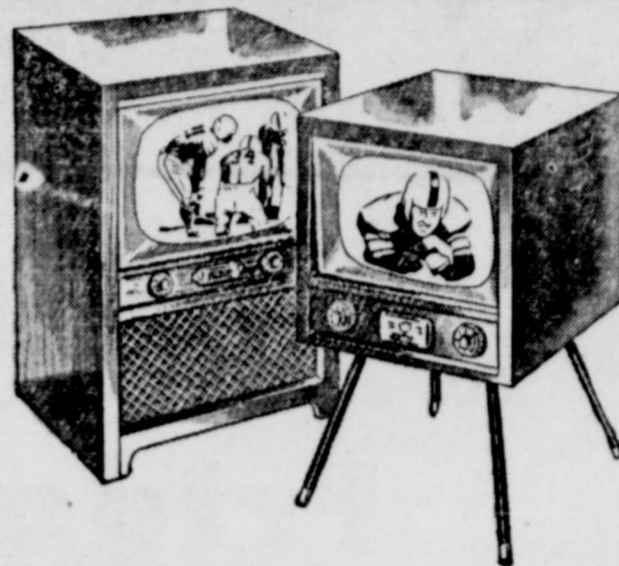

Words of the Wise

When a man does good work out of all proportion to his pay, in seven cases out of nine, there is a woman at the back of the virtue.

—(Rudyard Kipling)

Mr. and Mrs. Edd Dennard and children of Hobbs, New Mexico spent the weekend here with their parents, having been called here for the funeral of her aunt, Mrs. Jake Brown.

Mr. and Mrs. R. A. Harris of Stephenville visited here Sunday with his sister, Mrs. Myra McCrary.

Our community has been blessed with good rains lately. The rain fell slow and gentle and was accompanied by cooler weather. We received a total of 1.8 inches and W. L. Conner reported two inches at his place.

A large crowd attended the junior football game at Priddy last Tuesday night. Priddy played Mullin and Mullin won by a score of 41 to 21. Thursday night the Priddy players went to Mullin.

Dub Hardcastle, Victor Weidbusch, Melvin Poer and Cecil Huckabee sheared goats for W. L. Conner last week and Smokey Manuel sheared goats for Floyd Daniel.

Mr. and Mrs. Woodrow Ratliff, Ronald, Wayne and Steve, Mr. and Mrs. Floyd Daniel and Mark visited Mr. and Mrs. W. P. Oxford and son Tuesday night after the ball game.

J. S. Ivy visited in the Conner home Thursday.

U. Y. Williams of Grand Prairie was a guest of his parents, Mr. and Mrs. Williams, last week.

Mr. and Mrs. W. E. Elms moved to the Mullin community last Wednesday. Woodrow Ratliff and Pearl Shipman helped move them. Also Mrs. Tom McArthur, Mrs. Floyd Daniel, Mrs. Pearl Shipman, Mr. and Mrs. Melvin Smith, Mr. and Mrs. W. Williams and Pearl Crawford helped with the moving.

We hated to see them go but wish for them health and happiness in their new home.

It was nice visiting Mrs. Billie McNERLIN and Gene of Lampasas who were visiting in Goldthwaite Saturday with their sister and aunt, Mrs. P. R. Reid, Mr. Reid and other relatives and former neighbors.

Mr. and Mrs. J. S. Ivy have been visiting often with Mr. and Mrs. William Ivy and boys. We are happy to report Mr. Ivy doing as well as can be expected.

Mr. and Mrs. A. L. Crawford visited George and Pearl Crawford last Sunday.

This scribe received a letter from Mrs. J. B. Hopper of El Paso stating they were called to the bedside of Bill Hopper in Midland, who had suffered a heart attack. Albert, Fritz, and Henry Hopper, all of Priddy, are also at their brother's bedside. We hope for him a speedy recovery.

Mr. and Mrs. Raymond Burdett spent the weekend with his parents, Mr. and Mrs. Joe Burdett.

Our community was made sad when the news reached here telling of the death of Mr. Jim Lindsey. He was a long-time resident of the Caradan community. We extend our sympathy to his family.

Art & Civic Club Enjoys Book Review

The Art and Civic Club met Thursday, October 25, at 3:30 o'clock in the home of Mrs. Norman Duren with Mrs. J. C. Evans as co-hostess.

Mrs. Mable Doggett, one of the newer members of the club, was program leader for the afternoon. She reviewed the book, "Old Yeller," by Frank Gipson in a very entertaining way by using the dialect of the 13-year-old hill country boy so colorfully portrayed in the book.

The Halow'en theme was used for decorations and on the lovely refreshment plate that was served to members and guests by the hostesses.

Former Resident Takes Special Course At Geo. Washington

Col. Henry G. Wallace, former resident of Goldthwaite, is one of 103 Air Force officers and civilians attending an intensive three week course at The George Washington University. The course, under the direction of Professor Joe L. The keynote was set by Major General Albert M. Kuhfeld, Assistant Judge Advocate General for Military Justice of the U. S. Air Force, Headquarters United States Air Force, in his opening address: "The Air Force management team is continually striving to improve itself. This course, and the practical application of its philosophy, is one of the steps that we take to meet our requirements."

Other speakers during the course, which graduated its 34th class on November 2, 1956, include top administrators from industry, government and the academic world. The class includes officers from the rank of lieutenant colonel to brigadier general, in addition to 15 key civilians. This will bring the total number of Air Force officers and civilians who have graduated to a total of 3,925.

Everyone out this way is happy over the good rain. The grain that was sowed before the rain is coming up now.

Brother Simms and family were dinner guests Sunday of Mr. and Mrs. C. M. Head and Truett.

Mr. and Mrs. John H. Owen and Randy of San Antonio have been visiting Mr. and Mrs. J. S. Owens and Mrs. Rosa Head and Merlene.

I visited my mother and grandmother in Goldthwaite one day last week. Grandmother has been on the sick list but is doing better at this time. I also visited my daughter and son-in-law at Llano last weekend. Beverly Jean is in school and Sandy is in kindergarten.

The Halloween Carnival at Star was a great success. Iula Mae House was crowned queen in the eighth grade.

Our boys have done a good job playing football this year.

Mr. and Mrs. Millard Meeks had two of their daughters and their families as their guests last weekend.

Center City HD Club Elects New Officers

By MRS. R. V. GEESLIN

The regular bi-monthly meeting of the Center City Home Demonstration Club was held in the home of Mrs. Walter Tubbs, Thursday, October 25, at 2:00 p.m.

Officers for the coming year were elected by acclamation. They are as follows: President,

Mrs. Jack Elms; vice-president, Mrs. Nelson Waggoner; secretary-treasurer, Mrs. Joe LeMay; council delegate, Mrs. Sherwood Owens; reporter, Mrs. R. V. Geeslin and alternate, Mrs. Herbert Coffman.

The program was given by Mrs. Cary Owens. She demonstrated some trade tricks to prevent that home-made look in sewing. Mrs. Owens had a partially made dress to show the "dos" and "don'ts" that help achieve that professional look. She also distributed mimeographed sheets of instructions obtained at the county Home Demonstration Agent's office.

The meeting was adjourned and Mrs. Tubbs served refreshments of pecan pie a-la-mode and coffee.

Those present were: Mmes. Nelson Waggoner, Jack Elms, Sherwood Owens, Harry Welch,

John Blackwell, Frank Marler, Jack Welch, R. V. Geeslin and the hostess.

The next meeting will be held Thursday, November 8, at 2:00 p.m. at the home of Mrs. Homer McCasland. All members are urged to attend.

Patrons Can Help Speed Processing Of Christmas Parcels and Cards

Postal patrons this coming Christmas season can speed the processing and assure quicker delivery of their Christmas parcels and cards by availing themselves of various postal services and free postal information pamphlets, postmaster Lucile Fairman announced this week.

The services mentioned by the Postmaster include:

1. This year, for the first time, sealed parcels may be mailed at the third or fourth class postage rates without labels, notations, endorsements, or hieroglyphics of any kind authorizing the opening of the parcels for postal inspection. Packages sealed with modern sealing materials or even with just plain Christmas seals should carry better in the mail than unsealed ones. Strong

cord should also be used.

2. Combination Mail, which was used for the first time during last Christmas season, and which permits a mailer to enclose a letter or message inside a gift parcel and pay the appropriate postage on it plus the postage for the package itself.

3. Certified Mail, also used for the first time in the 1955 season, which permits mailers to have proof of delivery of Christmas letters, cards or parcels having no intrinsic value for a postal fee of 15 cents plus first class postage.

The free postal pamphlets—available at all post offices—are entitled "Packaging and Wrapping Parcels for Mailing" and "Domestic Postage Rates and Fees".

By VERN SANFORD
Texas Press Association

AUSTIN, Tex.—General election results, nationally, have added new suspense to the already tense issue of who will succeed Texas' Gov.-Elect Price Daniel as U. S. Senator.

At stake is whether Democrats or Republicans will control the U. S. Senate, when Congress convenes on Jan. 3.

Democrats now have a precarious 49 to 47-member advantage. But it would be 48 to 48 if a Republican replaced Senator Daniel.

GOP Vice Pres. Richard Nixon can vote in case of a tie. Therefore this one vote, which Texas could bestow upon him . . . in a round-about way . . . could determine the balance of power.

Most important of all, it could decide which party could organize the Senate and appoint the all-important committee chairmen.

This possibility puts Gov. Allan Shivers in the national spotlight again. And Senator Daniel.

Texas' conflicting election laws have clouded the issue as to whether Governor Shivers legally can call a special election before Jan. 15. That's when Daniel takes office as governor. This because Daniel's letter of resignation from the Senate specifies Jan. 15 as the effective date of his resignation.

Shivers contends that inasmuch as Daniel did not resign, effective immediately, there is no vacancy until Jan. 15. Daniel argues that Shivers has the power to call an election. Both point to different provisions of the poorly drawn election code.

Unless Congress is in session a governor cannot make an appointment to fill a vacancy. Therefore, should Senator Daniel resign effective today, Shivers could not name a successor until Jan. 3 . . . opening day of the new Congress.

Shivers feels that Daniel should resign outright, thus paving the way for an immediate election. The governor is required to call an election within 90 days from the effective date of the resignation, and not before 30 days have elapsed. This means that the governor could call for an election in December—or he could designate a January or February date.

Whatever course Daniel pursues, Shivers undoubtedly will have a chance to appoint a temporary replacement. First, because Shivers is not likely to call for a December election. Second, if Daniel submits a new resignation before Jan. 3, effective immediately, Shivers automatically can name a successor on Jan. 3. And third, if Daniel sticks to the Jan. 15 date, Shivers will have from 12:01 a.m. on the 15th until Daniel is inaugurated at 12 noon, to name a successor.

DROUTH AUTHORITY GIVEN—Gov. Shivers has been authorized to designate Texas farmers eligible for reduced railroad rates.

Secy. of Agri. Ezra Taft Benson asked the governors of seven drouth-stricken states to indicate persons qualifying for this aid.

Railroads have offered free return transportation for cattle shipped from dry areas to western grazing areas. Designated persons also can receive a 50 per cent reduction in rates on hay shipped from western states to drouth regions.

FARM INCOME UP—Improved methods have kept Texas' overall farm income up, despite drouth setbacks.

Cash income for January through September totaled \$1,108,000,000, an increase of \$13,000,000 from last year, reports the University of Texas Bureau of Business Research. Average for the dry years of 1951-55 was six per cent above 1947-49.

Irrigation, conservation and improved crop varieties are credited for the increase. Some areas, the bureau noted, have not had a major crop in five years. Offsetting these are such areas as the Panhandle-South Plains region where "spectacular results" have been achieved with irrigation.

He has purchased Woodlawn, 103-year-old residence bought by Gov. Elisha M. Pease when Pease retired from office. Seller was R. Niles Graham, grandson of Governor Pease.

Known locally as "The Pease Mansion," the 17-room antebellum home still contains century-old furnishings. Its new owners plan only such remodeling necessary to accommodate their family.

CONSTRUCTION SPIRALING—An all-time record for 1956 with a healthy boom carrying over into '57 is foreseen for the Texas construction industry.

Awards through October totaled \$1,049,179,948. This was only slightly less than the total for the whole 12 months of 1953, the highest previous year.

October awards of more than \$84,000,000 did not include a Texas Highway Department contract letting. This means the November figure, with two months of road contracts, likely will be large.

BOND ELECTION UPHELD—State Supreme Court has upheld and clarified a new law for unlimited issuance of bonds by school districts.

Validity of some \$75,000,000 in school bonds was affected by a test case from Hamilton County.

Voting in bond elections is limited by the Constitution to property-tax payers. An act for school bond elections passed by the last legislature further restricted voting to those who had rendered property on the county tax roll.

High court ruling removed this restriction, but upheld constitutionality of the rest of the law.
