GHS Basketball Teams Win Second Conference Game Friday

Ernest F. Barton Receives Award At VA Center, Waco

Ernest F. Barton of Waco was among the 101 employees of the Waco Veterans Administration Center, given cash awards for money saving ideas submitted under the suggestion program, and outstanding work performance.

Ernest earned an award of \$100.00 for special service to veterans at the Waco hospital. Through his efforts \$324,000 in GI insurance which had lapsed because premiums had not been paid by veterans in the hospital was reinstated without cost to them under premium-waver provisions of insurance laws.

Mr. Barton is the son of Mrs. Leora Barton of this city and he and his wife made their home here before moving to Waco.

GUESTS IN WILLIS HILL HOME
 Mr. and Mrs. Forrest Hill and children, Barbara, Roberta and Kenneth of Berkeley, California, were guests of his parents, Mr. and Mrs. Willis Hill the first of the week.

Forrest had been doing research work in Washington, D. C. the past year while on Sabbatical leave and the family was returning to their home.

He accompanied his father to McClosky Hospital, Tuesday morning where Mr. Hill is receiving treatment.

Mr. and Mrs. W. L. Johnson of San Saba and their grandson, Billy Barnett of Cherokee were guests of their daughters, Mrs. Watson Miller and Mrs. Elizabeth Hamrick and Mr. Mamrick last Sunday.

Mr. and Mrs. O. S. White and Mary Sue of Temple and Mr. and Mrs. Maurice Owen and sons, Butch and Bob of Ranger were guests of Misses Able, Ruth and J. P. Ervin last weekend.

Mr. and Mrs. Leon Crapps of Marshall, Arkansas were guests of Mr. and Mrs. E. L. Pass Tuesday.

Mr. and Mrs. Roy Simpson had as their guests Sunday afternoon, Mr. and Mrs. Mohler Simpson, Walter and Rob Simpson and Mrs. A. C. Williams and children.

Benningfield. There were seventeen schools represented at this all-district meet. The bands presented a public concert on Saturday night and will also take part in another public concert on March 9 at Cross Plains.

BAND CONCERT TONIGHT
 The Junior and Beginner's Bands under the direction of Miss Hale, will present a concert tonight (Thursday) at the high school auditorium beginning at 7:45 p.m.
 The public is cordially invited to attend this concert, according to announcement by Miss Hale.

The Goldthwaite Eagles and Eagles made news again last Friday night when they played the Rising Star teams here. This was the second Conference game of the season and the Goldthwaite girls won over Rising Star by a score of 55-28. Shirley Rowlett was high point girl for the home team with 32 points to her credit and Edmiston was high for Rising Star with 13 points.

In the boys' game, Goldthwaite won by a score of 77-63 with Jerry Kight being high point man for Goldthwaite with 24 points and Needum with 26 as high point man for Rising Star.

This gives both the Eagles and Eagles a clear winning record so far this conference season. Two games played and two victories.

Tuesday night of this week, the Eagles and Eagles traveled to Llano where the Goldthwaite girls won their third conference game of the season. The score was 65-46 in favor of the Eagles with Shirley Rowlett being high point girl with 48 points. Hopson was high point girl for Llano with 17 points to her credit.

In the boy's game, the Eagles lost to Llano by a score of 62-36. High point boy for Goldthwaite was Tilmon Kirby with 23 points and Richardson was high for Llano with 18 points.

Both local basketball teams, will meet the Mason teams on the local court, tomorrow night, Friday, January 25. Game time is at 7:00 o'clock for the girls with the boys game following.

On Tuesday night, January 29, both teams will journey to Cross Plains for another Conference game. Fans are urged to attend the home games and also the ones away from home and help boost the teams.

Rev. Ben A. Cash To Lecture At Scallorn Church

The 1957 Exposition, which is scheduled to go down as the biggest and best of Exposition's eight-year history, will be held in the Bexar County Coliseum February 8-17.

As an Ambassador of the forthcoming show, Mr. Reese will be its official representative in the Goldthwaite area, and will be furnished with complete and up-to-the-minute information concerning the show and World's Championship Rodeo. Show officials have spared no effort to secure entertainment features with the broadest possible appeal—with fun as well as education for all.

Mrs. Ernest Ince and daughter, Mrs. Ozella Jones and children spent Sunday in Brady with Mr. and Mrs. Royce Brown and children.

Mr. and Mrs. Carlos Phemister and children of Sweetwater were guests of Minister and Mrs. W. L. Zuck and children Sunday.

George Reese Is Named Ambassador By S.A. Show Group

George G. Reese of Goldthwaite has been appointed official ambassador from the Goldthwaite area to the Eighth Annual San Antonio Livestock Exposition, E. W. Bickett, Exposition president, announced today.

The annual "Mother's March" for polio funds will be conducted here tonight starting at 7:00 o'clock, it was announced earlier this week by Mrs. Al T. Langford and Mrs. Charlie McLean, co-chairmen.

The special drive which is being staged along with the county wide campaign for funds is organized with a large number of mothers of the community who will canvass the entire city.

Mrs. McLean and Mrs. Langford stated that it is hoped that the drive will be over within an hour after the starting time at 7:00 p.m.

Volunteer workers are assigned to the various streets of the city and they will call at all the homes where the porch light is turned on. Everyone is urged to turn on their porch light which will serve as a signal for the Mothers to stop and pick up a contribution for the March of Dimes fund.

County Judge John L. Patterson who is serving as county chapter chairman and V. C. Bradford, campaign director, are counting on the residents of Goldthwaite to give their full

GIRLS' GAME

In the girls games, Pottsville, undefeated in the District, defeated the Priddy girls by a score of 55-34. High point girl for Pottsville was Jo Ann Wilton with 33 points and for Priddy, Ruby Kunkel was high with 25 points.

Starting line-up for Pottsville was: forwards—Stegemoller, Wilson, and Geordel; guards—Rudolph, Marwitz and Witzsche. Priddy's starting line-up was as follows: forwards—Limmer, Kunkel, Hohertz; guards—Schlee, Ridgeway and Griffin.

PRIDDY-STAR TO PLAY

Priddy will meet her rival, Star, tomorrow (Friday) night on their local courts with game time beginning at 7:00 o'clock.

City Councilmen, School Trustees And Senatorial Elections Coming Up

Next week Thursday, January 31, is the last day on which resident citizens may secure their poll tax receipt and thereby be qualified to take part in the elections coming up this year by going to the polls and casting their ballots.

Mills County Tax Assessor-Collector C. F. Stubblefield is reminding all who are qualified residents of the county to get their poll tax receipt before the deadline. Also folk are urged to come in before the last minute and avoid the rush that usually goes with the last few days of issuing the tax receipts. Too many times citizens look at the non-presidential election year as being an off year and let their poll tax payment go by the board—thinking that it isn't important that year.

Every American citizen should face the true fact that every year and every election is important to each and everyone.

While there is no national, or presidential, election this year, Texans have more than the usual reason to pay their poll tax and be prepared to vote in 1957. Qualified voters will have an opportunity to cast their ballots this year in the city election, school trustee election and the special senatorial election which is being planned at this time.

In addition to the city and school trustee election in the various districts of the county there will be much interest in the election of a Senator to fill the unexpired term of Gov. Price Daniel.

So again, every citizen is reminded to get that Poll Tax receipt and be qualified to cast that ballot.

CITY ELECTION

The city council election to fill three seats on the board of aldermen will be held on Tuesday April 2.

Three aldermen are to be elected. Two for a regular two year term and one for a one

year unexpired term. Aldermen whose regular terms expire are R. L. Steen and Joe Bailey Karnes (deceased). The unexpired term is to fill the vacancy created when Alderman Carl Letbetter moved out of the city limits.

TRUSTEE ELECTION

Two trustees are to be elected in the Mullin, Priddy and Star school districts. In the Goldthwaite Independent School district two trustees are to be elected.

School trustee election will be held Saturday April 6.

On the county school board two trustees are to be elected for a two year term. One county board member at large and one from commissioner's precinct three.

SENATE ELECTION

The U. S. Senate election has been set for Tuesday April 2. A number of candidates have already entered the race for this office and it may well turn out to be one of the warmest special election campaigns Texans have had in a long time.

This special election is to elect a Senator to fill the unexpired term of office formerly held by Gov. Price Daniel.

Mr. and Mrs. George Foust and son, Billy of Haskell visited Mrs. L. E. Miller last week, while returning home from Austin where they attended the inauguration of Governor Price Daniel. Mrs. Foust is a cousin of Mrs. Daniel and both ladies are nieces of Miss Fannie Jack Baldwin of Dallas, a frequent guest of Mrs. Miller.

Sheriff and Mrs. C. F. Stubblefield and Sam spent Friday night and Saturday in Austin with her sister, Mrs. V. L. McCleskey and Mr. McCleskey.

Mrs. Joe B. Karnes and her mother, Mrs. W. P. McCullough visited in Brady Monday.

Mothers' March, For Polio Funds, Will Be Conducted Here Tonight

The annual "Mother's March" for polio funds will be conducted here tonight starting at 7:00 o'clock, it was announced earlier this week by Mrs. Al T. Langford and Mrs. Charlie McLean, co-chairmen.

The special drive which is being staged along with the county wide campaign for funds is organized with a large number of mothers of the community who will canvass the entire city.

Mrs. McLean and Mrs. Langford stated that it is hoped that the drive will be over within an hour after the starting time at 7:00 p.m.

Volunteer workers are assigned to the various streets of the city and they will call at all the homes where the porch light is turned on. Everyone is urged to turn on their porch light which will serve as a signal for the Mothers to stop and pick up a contribution for the March of Dimes fund.

County Judge John L. Patterson who is serving as county chapter chairman and V. C. Bradford, campaign director, are counting on the residents of Goldthwaite to give their full

support tonight to the Mothers' March.

It has been pointed out by officials that one half of the funds collected during this annual March of Dimes drive will remain in Mills county. The other half goes to the National Foundation of Infantile Paralysis. When and if the need arises the county chapter draws on the National Foundation for funds even though that need requires more than the county contributed.

BENEFIT ACTIVITIES

Special activities that have been planned for the benefit of the campaign in addition to those conducted the past weeks, include the following.

This coming Monday Wilson Cafe will have special coffee hours from 9:00 to 11:00 a.m. and from 2:00 to 4:00 p.m. Charles Haenisch is in charge of enlisting waiters for the coffee hours.

On Monday night there will be a special domino party at Wilson Cafe. This will get underway at 7:30 o'clock and all proceeds will go to the March of Dimes.

Next Thursday night mem-

bers of the Lions Club will play male members of the Goldthwaite School Faculty in a benefit basketball game in Goldthwaite Gym. This game is scheduled for 7:30 o'clock and promises to be a great evening of entertainment.

The Mother's March has been conducted on the last night in January for the past several years. This year it is being moved up because of conflicting benefit activities for the same purpose. Folks are urged to keep this in mind. The March will be conducted Thursday January 24 (tonight).

ROAD BLOCKS

Sheriff C. F. Stubblefield has announced that this Saturday afternoon from 2:00 to 4:00 o'clock a number of road blocks will be set up in different sections of the city for the benefit of March of Dimes fund.

"Join March of Dimes" stickers will be placed on the cars during these roadblocks by a number of volunteer workers. Everyone coming within the roadblocks will be asked to make a contribution to the fund.

VIC'S . . .

SOLILOQUY

N. F. Twining, Chief of Staff, United States Air Force, sends the following message in a recent letter to the Editor regarding the Ground Observer Corp.

"Periodically I have been pleased to report to you through The Advertising Council, on the progress of the Ground Observer Corps and express our gratitude for the support you have given to this important element of our air defense system.

"As you are aware, we are constantly improving and expanding our electronic detection network, but despite such progress I must emphasize that as long as the threat of air attack exists we will need a well organized, trained civilian Ground Observer Corps.

"At the present time, because of the expansion of electronic devices, we find it possible in the few, small areas to put some GOC units on a 'Ready reserve' basis. This, however, in no way lessens the need for skywatchers, around-the-clock, in the bulk of the nation.

"In view of present world tension, I am sure you will agree we must increase the effectiveness of all air defense elements, including the Ground Observer Corps.

"I have just been informed that the Advertising Council will soon send you a kit of new GOC advertisements. We hope that ways can be found to bring them to the attention of your readers.

"The United States Air Force needs and welcomes your help now."

From Austin comes a note from Mrs. J. F. Doggett in which she comments: "I am enclosing check for the Eagle another year. I have been a subscriber for several years myself and my father Noah Karnes was a subscriber for several years before I was married. I look forward to receiving it every week. I miss my old friends and neighbors, but, have made some good ones since moving to Austin."

SPONSORING BETTER GOVERNMENT

This newspaper is carrying a series of articles on the Duval County oligarchy that we think will open the eyes of our readers to the dangers that exist in the never-ending fight for freedom of individual rights. Included in this 10-part revelation of graft and corruption are many heretofore unrevealed incidents.

These articles have been written by two New York newspapermen who were able to approach the subject without bias and without political leanings of any kind. One of these men, Franz Rosenwald, is a German refugee who was forced to flee from Nazi terrorism. The other, Frederick Hodgson, is a newspaper correspondent and magazine and screen writer.

Their approach to the Duval County story is so different and presented in such style that the reader is engrossed from the very beginning. Those who saw advance proofs of the series say they could not put the copy down until they had read every article and we believe our readers will have the same reaction.

Throughout the series the reader will be impressed with what can happen when people become complacent and negligent about their governing bodies. The reader will be able to grasp the awful significance of secrecy in government and how a cancerous growth of corruption and oppression can develop almost imperceptibly, until the citizens of a county are gripped in fear for their very lives and property.

The concluding articles of this series will show how this reign of terror never could have happened had Texas had laws that make public business public. They will show how 16 proposals for better government being sponsored by the Texas Press Association can complete the cleaning up of Duval County and prevent such a situation from ever arising again in Texas.

We commend this series of articles to our readers and ask that they lend their support to Texas newspapers in their effort to obtain better government in Texas. You can do this by appealing to your representatives and senators to pass these bills when they come before the Texas Legislature.

Just bear in mind that what happened in Duval County could happen in any county in Texas under today's lax laws.

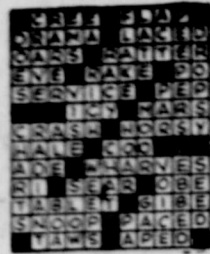

TREASON TO FREEDOM

Maxwell Anderson, in his book, "The Guaranteed Life," wrote: "The greatest enemies of democracy, the most violent reactionaries, are those who have lost faith in the capacity of a free people to manage their own affairs and wish to set up the government as a political and social guardian, running their business and making their decisions for them. This is statism or Stalinism, no matter who advocates it, and it's plain treason to freedom.

It is an unhappy irony that the fine old word 'liberal' has been appropriated by people who want the government to run everything, decide everything, and boss everyone. This is as far from classical and traditional liberalism as a man can get. The advocates of the super-state are, as Mr. Anderson pointed out, the real reactionaries."

WHEN THE OLD BIRD WAS YOUNGER

10 YEARS AGO-

(Taken from the Eagle files of January 24, 1947)

Starting to fall over Mills County on Thursday afternoon of last week, freezing rain blacked out all Mills County last Friday, Friday night and Saturday when 2.25 inches of rain frozen to trees, shrubbery, power and telephone lines. Much damage was done to trees over the county as well as power and telephone lines.

Mrs. Lincoln Earls purchased the Red and White Cafe from W. T. Bird Tuesday of last week. Jack Long's Service Station on North Fisher Street burned Friday night. The fire was discovered at approximately 2:30 o'clock by Jack Davis, night watchman.

Judge and Mrs. John L. Patterson attended the inauguration of Governor Beauford Jester and Lt. Allan Shivers in Austin Tuesday.

Mrs. Anna Lee Ashley Sanders, daughter of Mrs. L. B. Ash-

ley of Goldthwaite, died at her home in Fort Worth Friday afternoon of last week, and was buried in Goldthwaite Memorial Cemetery last Sunday afternoon.

Mr. and Mrs. Billy S. High-tower 2203 Pearl Street, Austin, have announced the arrival of a daughter, Barbara Gail, January 18, at Seaton Hospital.

Wilford Wellington Saylor was born January 28, 1852 in Columbia, Indiana. He died in the city of Goldthwaite, January 17, 1947, lacking only eleven days of being 95 years of age. He was perhaps the oldest citizen in Mills County at the time of his death.

Lt. and Mrs. L. C. Wikoff are the proud parents of a fine six pounds and one ounce baby girl, Sharon Rhea, who made her arrival January 16th at Medical Arts Hospital, Brown-wood.

Mrs. Walter Weatherby, Mrs. Billie Ledbetter and Mrs. Jim Weatherby attended funeral services for Mrs. N. J. O'Quin at Miles Monday, January 20.

50 YEARS AGO-

(Taken from the Eagle files of January 22, 1932)

The residence in the southern portion of this city and the household effects of Vernon Tyson were totally destroyed by fire Monday afternoon shortly after one o'clock. The origin of the fire is unknown, but is supposed to have started from an oil stove in the house.

J. A. Hester has sold his variety store to S. P. Gilbert, late of Ranger, who has already taken charge of the business, altho he is not here in person, but is represented by his wife.

The record in the county clerk's office shows application has been filed for marriage license for Wayne F. Reynolds and Carrie B. Langlitz, Virgil Hill and Miss Estalene Doggett. Mr. Thomas W. Butler, aged

74, died in the hospital in Brownwood last Saturday afternoon, a large number of sorrowing friends and relatives attended the sad service.

Will Lane, who was employed in the barber business here for several years was here yesterday from San Saba greeting friends.

C. C. Bledsoe was here from Kerrville last weekend and reports his company buying lots of furs.

Mr. and Mrs. I. N. Harrison of Chicago, and Mrs. Earl Know of Iowa Park, came in Saturday and remained until Monday visiting Mr. and Mrs. J. H. Randolph. The ladies are remembered here as Mae and Willie Ferguson, and their many friends were glad of an opportunity of meeting them.

Elam and O. Z. Berry of the Pleasant Grove community were in the big town Monday.

25 YEARS AGO-

(Taken from the Eagle files of January 26, 1907)

Norman Weatherby and Miss Annie Berry were united in marriage last Saturday night at the home of the bride's parents, a few miles east of this city, Rev. Edgar Owen officiating.

D. E. Davis and Miss Mamie Hufstutler were married at the Morris Hotel in this city Saturday night, in the presence of a few friends.

A. J. Gatlin is arranging to move his family to his farm in the Rock Springs community.

Mrs. Plina Harrell, wife of Mr. Boyd Harrell, died at the family home in this city last Sunday morning at an early hour.

Following are a few of the many who have bought pianos and organs from G. W. Gartman in the last few days: Messrs. Dobbins of Priddy, Richardson of Mullin, Fortune of Indian Gap, Cornelius of McGirk, Jack Virden of Pleasant Grove and

Mrs. Virden of Pleasant Grove. Lewis Lane, eldest son of Mr. A. V. Lane of this city was accidentally shot and killed by a friend while hunting in Mexico, a few days ago.

T. B. Lee has purchased A. B. Gerrell's stock of goods at Indian Gap. He expects to build a house at that place and has already bought a lot for that purpose, but the deal with Mr. Gerrells will preclude the necessity for the house at this time.

Judge J. S. McBurney was here from Zephyr the first of the week enroute to his ranch at Antelope Gap.

W. T. Linn of San Saba was

here the first of the week visiting his daughter, Mrs. J. H. Ilen, Jr.

Claude Jeffords spent Sunday with friends in Lampasas.

MARCH OF EVENTS

Eisenhower Seen Determined | Recent Developments Favor
Nixon Should Succeed Him | To More Reliance on Veterans

Special to Central Press Association

WASHINGTON—Tip-off on the increased reliance President Eisenhower will place on Vice President Richard Nixon in the next four years came this month when Nixon was given two assignments.

The first was a major foreign policy speech, asserting the U. S. world leadership, before a trade association in New York. There was no question that Nixon was voicing the views of the President.

The other development came when Mr. Eisenhower dispatched the vice president on a trip to Austria to bring back an on-the-spot study of the Hungarian refugee problem.

Political insiders won't say so publicly but are convinced that the two developments are merely the beginning of a determined effort by Mr. Eisenhower to insure that Nixon is his successor as the Republican presidential candidate in 1960.

ADLAI'S WORD—Speaking of politics, is the most cynical of politicians believe Adlai Stevenson when he says he won't run for President again.

Ordinarily, such a declaration by any office seeker is hardly taken at face value, but in Stevenson's case, political experts are convinced he means it and will never change his mind.

One reason for this is the timing of the two-time loser's statement that he won't be a candidate for the White House ever again. It is pointed out Stevenson could have said nothing, leaving the door open for another try at the Democratic nomination and retaining some of the power that normally accrues to a presidential candidate, whether he wins or loses, on the chance that he might run again.

However, by announcing his intention just a month after the election, Stevenson has told other Democrats, in effect, that they make any plans they care to about winning the 1960 nomination without wondering whether or not he's in the race.

ATOM POWER EXPANSION—The Atomic Energy commission and Congress are expected to act promptly in approving a program which calls for vast expansion and acceleration of atom power for civilian use in the United States. The plans have been drawn up by AEC chief Lewis Strauss and he hopes to win unanimous approval of them in January.

The program, among other things, will call for construction at least two new large-scale and three small-scale power reactors by June 30, 1962. The emphasis Strauss places on the program is indicated by his blunt warning that if private industry is not willing to undertake the construction, the government will.

This is a strong switch from his previous policies in which indicated his willingness to mark time in the belief that private enterprise would fill the bill. His new attitude smacks strongly of an "either or else" ultimatum to private firms.

PRISONERS TO HELP—Top federal and state prison administrators have offered Federal Civil Defense Administrator Val Peterson the services of some 200,000 inmates of prisons in the United States.

James V. Bennett, director of the Bureau of Prisons, said the prisoners can be "utilized as members of rescue teams, in various industrial production work, and in other worthwhile activities."

Peterson, who recently addressed a meeting of the Civil Defense advisory council to the U. S. Bureau of Prisons, told the prison officials to plan ways for using inmates in the event of a nuclear attack.

G. Featherstons Entertain Guests

Mrs. C. G. Featherston entertained her cousins, Mrs. J. M. Frazor of Electra and William F. Rosenquist of Neodesha, Kansas, last week-end. Their mother, Annie Moreland Rosenquist, a cousin of the Moreland and Simpson families, came to Mills County in the early 1890's from Woodstock, Virginia and taught school at the Liberty School. Her parents, Mr. and Mrs. Joel Moreland came to Texas a few years later and made their home in the Liberty Community.

Although this was Mr. Rosenquist's first visit to this part of Texas and Mrs. Frazor's first in fifty-five years, it seemed like a home-coming for their mother who often talked of Goldthwaite and the Mills County kin. While here, Mrs. Frazor and Mr. Rosenquist with Mr. and Mrs. Featherston visited Mr. and Mrs. Will Moreland and Mr. and Mrs. Clyde Faulkner. They also went to the South Bennet Cemetery where their grandparents, Mr. and Mrs. Joel Moreland and a great uncle and aunt, Mr. and Mrs. G. W. Simpson are buried.

Relatives who visited the cousins in the Featherston home over the weekend were: Mr. and Mrs. Cecil Parker and

children of Hamilton; Mr. and Mrs. Roy Simpson; Mr. and Mrs. Mohler Simpson; Edgar, Rob and Walter Simpson and Mr. and Mrs. Floyd Manuel, all of Goldthwaite.

Southwestern States Telephone Co. Sites Record Improvement Program

The Southwestern States Telephone Company recently announced that it has established the largest program in its history for the construction of new and improved facilities for its four-state operational area—Arkansas, Louisiana, Oklahoma, and Texas—during 1957. Total program for the year has been set at more than \$7,500,000.

In announcing this record program, D. T. Strickland, Vice-President and General Manager, commented that this record expenditure by the Company is necessary to keep pace with the increased population in the four states where the Company operates exchanges in 168 towns, and also to keep pace with the ever-increasing demand for telephone service.

Representing the increased use of telephones, Mr. Strickland pointed out that just 10 years ago, in 1946, the total number of local calls placed over the Company's facilities was 108,260,900, as compared to 161,432,323 local calls in 1956. Toll call service has also reflected this great increase, as indicated in comparing the 4,304,482 offered toll calls in 1946 to the 9,422,164 offered toll calls in 1956.

"Our company's policy has always been to furnish good service," Strickland said. "During the present-day fast-moving economy, the only good service is one that is continually improving."

Indicative of the Company's efforts to offer improved, telephone service, Strickland cited the fact that the Company has spent about \$26,693,965 over the past ten years in converting common, battery and magneto exchanges to dial operation, installing additional central office equipment, outside construction, and other improvements.

Results of this improvement program are reflected in the comparison of dial-operated telephones now and in 1946. In 1946 there were 10,054 dial stations in the four-state area, compared to 86,471 in 1956. With a total of 114,721 stations, the Company is now 74 per cent dial operated, while only about 22 per cent of the 46,494 stations in operation in 1946 were dial.

Exchanges in ten cities were converted to dial operation during 1956. These conversions placed 5,492 telephones on dial operation. In three cities, larger dial units were placed in operation, and exchanges in several cities installed additional lines to central office equipment.

Additional employees have been necessary to man these additional facilities, and payrolls for the Company's employees have shown a steady increase. In 1946 the payroll for 1,042 employees amounted to \$1,350,132.82, while in 1956 the 1,270 employees were paid a total of about \$4 million.

"Residents of this area will likely be more interested in the operation of our Company in their locality," Mr. Strickland said. "They will be interested to know that the construction program for the West Texas Division of The Southwestern States Telephone Company in 1957 is also a record amount for the Division."

Of the entire improvement program for 1957, Strickland said \$1,187,430 has been earmarked for work in the West Texas Division. This amount will be expended for the following projects:

Construction of new buildings and addition to present central office buildings at Brownwood, Goldthwaite, and Ballinger, \$62,800.

Conversion to dial operation at Goldthwaite and Richland Springs, \$127,780.

Replacement of the dial unit at Lake Brownwood, \$7,860. Addition of 300 lines and 900 terminals to central office equipment in Brownwood, and additional lines to the Ballinger central office, \$80,400.

Installation of intertoll dial equipment in Brownwood and Ballinger, \$89,950.

Re-arrangement of the toll board in Brownwood, \$43,950.

Installation of carrier equipment at Brownwood, Goldthwaite, Ballinger, Brady, Junction, and London, \$112,960.

Placement of cable at Ballinger and Coleman, \$84,570.

Installation of two switch-board positions at Brady, \$6,780. Rebuilding rural lines at Junction, \$39,540.

Suburban development at various exchanges, \$21,000.

For extensions for new business, routine replacements, station installations, and other projects which may arise during 1957 operational year, \$509,840.

"We believe this is evidence of our efforts to maintain the policy of furnishing the best possible telephone service at reasonable cost—a cost consistent with financial safety and fair treatment of employees," Mr. Strickland concluded.

Star Music Club Meets January 18

The Star Music Club met Friday afternoon, January 18, in the music room. Mrs. S. P. Sullivan, the teacher directed the program.

Texas Vets Have Until February 5th To Bid On Land

AUSTIN, (Spec.)—Texas veterans were reminded Friday that they have only until Feb.

5th to submit bids on 56 tracts of land which the Veterans' Land Board has for sale.

Land Commissioner Earl Rudder, who is chairman of the VLB, explained that—unlike normal procedure in the Veterans' Land Program—veterans are not required to obtain an application number to purchase any of these tracts.

The lands to be sold, are located in all sections of the state, have been forfeited to the state by the original owners who paid the property through the Veterans' Land Program.

Commissioner Rudder said that veterans who are interested in this sale to inquire in the office of the Veterans' Land Board in Austin for information.

Survivors Benefits Act Provides Choice In Receiving Compensation

Protection against the wrong choice of death benefits under the new Survivor Benefits Act will be extended to widows, guardians of children and dependent parents now receiving compensation for the service-connected death of veterans, Mr. John W. Ruff, Acting Manager of the Veterans Administration Center in Waco, said today.

Every election of benefits submitted by beneficiaries under the new law will be studied to determine whether the person selected the lower instead of the higher monthly payment to which he or she may be eligible, Mr. Ruff said. If the lower monthly payment has been selected, Mr. Ruff pointed out, no

action will be taken on the election, but a letter explaining the difference between the two payments will be sent to the beneficiary.

Mr. Ruff emphasized that the election in every case will be the responsibility of the beneficiary. VA merely will provide the necessary information that beneficiaries need to arrive at a decision, based on the facts in each beneficiary's file.

Mr. Ruff estimated that for about 100,000 widows throughout the nation, the new benefit is unquestionably higher than the present death compensation unless they are receiving servicemen's indemnity. These are widows with no children or

widows who have only one child. These widows should file their election as soon as possible so they may begin receiving the new benefits at the earliest date.

Widows who have more than one child should put off their election until they receive information from the VA as to the exact amount of the new benefit and whether it exceeds the amount of monthly benefits now being paid, Mr. Ruff said.

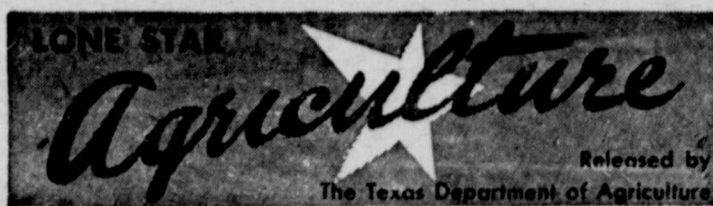

Generally, he added, dependent parents will find it to their advantage to continue to receive death compensation rather than to elect the new benefit. The decision as to which benefit is better must be made by the parent considering his personal situation. Brownwood VA Office located at 207 Brown Street.

MORE EGGS PER HEN

Texas egg production may come into its own during 1957 if the Legislature gives it the needed boost through a uniform grading and inspection law.

Such legal protection, assuring the consumer of good quality by approved standards, should increase considerably the value of the egg on the market shelf. The next logical step for the farmer is to get increased egg production through efficient management.

High egg production, high efficiency and low mortality in the laying flock are going to be related to the bird's comfort. An extra two dozen eggs per layer, a saving of one-half pound of feed per dozen on all eggs produced, and a reduction in mortality of 5 percent can mean \$120-\$150 extra income per 100 laying hens.

One item often overlooked is ventilation. Proper ventilation of laying houses is necessary for providing fresh air and removing excessive moisture. Faulty ventilation can result in wide variations in house temperatures which will affect feed consumption and egg production. Insulation of the poultry

house makes ventilation fairly easy and helps: (1) Conserve heat in winter, (2) Keep houses cooler in summer, (3) Prevents extremes in temperature changes, (4) Promotes better circulation because of temperature difference between inside and outside air.

The tendency is to under-ventilate in cold weather to avoid chilling the birds. Reports from a number of experimental stations show that "comfort zone" of laying hens is between 40-65 degrees.

As a rule, inlets for bringing fresh air in through openings not less than two feet above the floor.

Windows and other openings should be adjusted to protect birds from direct drafts. In general, "top tilt" windows are most satisfactory and they should be protected with side shields. Outlets for fowl air should be at the highest point of the ceiling and should be designed to permit closing to stop drafts or excessive heat losses. Attention to the factor will help reach the goal of a more profitable laying flock.

originating from New York, announcing the 1957 plans of the "Live Better Electrically" program which affects all the business concerned with any aspect of electrical living.

Representatives of local banks and lending institutions, newspaper men and others who are concerned with the raising of the standards of living of local people through electricity also have been invited to attend a day-long session which will be held in the Driskill Hotel. More than 350 people are expected to attend from Central Texas.

Outstanding speakers from various parts of the United States will discuss aspects of better living through electricity during the meeting.

Sponsored by the Central Texas Municipal Utilities Institute, of which this city is a member, the Lower Colorado River Authority and the City of Austin, this year's program will report on the progress achieved

during 1956 in helping local citizens take full advantage of modern electrical appliances.

The closed-circuit telecast will star John Daly and Gisele MacKenzie in a 45-minute program.

Lone Star Gas Co. Adopts 1957 Budget

A record \$30,800,400 budget covering 1957 construction expenditures of the Lone Star Gas Co. and its wholly-owned subsidiary, Lone Star Producing Company, was announced in Dallas today by President D. A. Hulcy.

This year's construction budget, said Mr. Hulcy, represents an increase of \$1,097,400 over the 1956 figure of \$29,703,000, the previously high amount allocated for expansion and development of physical properties.

He added that the year 1955 called for a construction budget of \$22,669,100, bringing the total in the three years to \$83,172,500.

Mr. Hulcy said the budget for 1957 reflects an optimistic outlook for continuing residential, commercial and industrial growth throughout Lone Star's operating territory.

Priddy News

Mr. and Mrs. Herman Kopp and daughter, Wynnell are now residing in their new home in Priddy.

Warning and Invitation of Jesus

ILLUSTRATED SUNDAY SCHOOL LESSON

By Alfred J. Buescher

Scripture—Matthew 11-12.

When John, in prison, heard the wonders that Jesus wrought, he sent two of his disciples to ask Him, "Art Thou He who should come, or do we look for another?"

When the men questioned Jesus He said, "Go and show John again those things which you hear and see: the blind receive sight, the lame walk, lepers are cleansed, the dead are raised."

On a Sabbath Jesus and His disciples walked through a corn field. The disciples, hungry, plucked ears and ate. The Pharisees, seeing this, complained that they did that which was unlawful.

Seeing a man with a withered hand in the synagogue, Pharisees asked if it was lawful to heal on the Sabbath. Jesus healed the hand.

MEMORY VERSE—Matthew 11:28-29.

Ben D. Sudderth, State Representative, Reports On Proposed Legislation

In order to keep the people informed regarding bills which I am sponsoring, I am able to announce at this time that I have authorized or co-authored the following bills:

Revision of the Texas Juvenile Court Law: To provide that in cases where the juvenile is 15 years of age or above and stands accused of a crime of the grade of felony, the Juvenile Court may, after a full investigation, dispose of the case under its own authority or order the accused bound over to the custody of the District Court awaiting an investigation to be made by the Grand Jury. The Grand Jury after investigating facts, may either indict the accused, and if so he would stand trial as an adult criminal, or the Grand Jury may, after an investigation of the facts, return the child to the custody of the juvenile authorities with recommendations as to disposition of the case. Or the Grand Jury may dismiss all charges against the accused.

Parental Responsibility Law: A bill has been introduced in the Senate and will be introduced in the House shortly with Representative Joe Burkett as author and I as co-author

which would allow a judgment for damages of up to \$300 in actual damages to be entered against parents of children who maliciously and willfully destroy public or private property.

Teacher's Pay Raise: A bill to provide an emergency salary increase to recruit and retain teachers for the public schools of Texas will be introduced in the House and Senate today. Senator A. M. Aiken of Paris will introduce the bill in the Senate. Representative James A. Turman of Fannin County will introduce the bill in the House. The bill proposes to increase the base salary for a beginning teacher with a Bachelors Degree from the present \$2,805 per year to \$3,204. It also proposes to increase annual increments for the first 5 years of teaching from \$6 per month to \$10 per month. The bill proposes to give principals an additional increase.

Old-age Assistance: A bill will be introduced very shortly in the House which will raise old-age assistance to \$60. This bill follows very closely the recommendation of Governor Daniel in his message to the Joint Session of the Legislature. I have joined in supporting this bill as

a co-author.

Another area of legislation in which I intend to take an active part but which I am awaiting further developments regarding the Governor's recommendations, is in the field of narcotics laws. Also, at present I am preparing a bill relating to the licensing of law school graduates.

At the present time I am also working with other Legislators on the revision of our Texas Election Code. Several revisions are needed. Several proposed revisions will be introduced during this session by various law-makers across the state. The problem here is in proposing a revision which will coincide with the thinking of the majority of the law-makers.

Of course, passing good legislation is one part of the legislative process and blocking undesirable legislation is another part of the legislative process. At the present time I am interested in blocking a portion of the legislation which has been introduced by Senator Parkhouse of Dallas. Specifically, this includes defeating his proposed Water Resources Tax and revising the type Texas Water Board that he proposes. This Water Users Tax is one of the greatest misnomers of our time. It is not a water-users tax. It is a tax which punishes individual initiative and local self-government. Let me demonstrate:

built and paid for out of local funds and which already are laboring under a heavy tax burden to be able to pay for such facilities out of local funds.

We were very happy over the interest our 4-H Club members and Homemaking girls showed in the exhibits at the Stock Show. They had some beautiful dresses and suits on display. Also the food exhibits were wonderful. We hope this will cause each girl who isn't a 4-H Club member or taking Homemaking to do so. The 4-H Club meets every 4th Saturday, which will be January 26, at 10:00 a.m. in the Agent's office. This is a special invitation to all girls who would like to become a member to be present.

Mr. Bill Williams of Odessa spent last weekend with us.

Mr. and Mrs. Loyd King and children spent the weekend in Blackwell with his uncle.

Robert Jordan, student at Tarleton was home and attended the Stock Show.

Dutch and I went home with the Glenn Nickols Sunday after church. We also visited in the Ratler community with the J.

Berry family. Little Rebecca Berry is improving but still has temperature. She was one of my Sunday School pupils until she was promoted.

Our pastor visited in the Barney Laughlin home one day last week.

We were very sorry to hear of the sudden death of Sterling Crews, having known him a long time. May the Lord bless and comfort his loved ones.

Mr. and Mrs. John Harris were luncheon guests with us one day last week.

Several from here attended funeral services for Mr. Will Johnson, father of our neighbor, Leon Johnson of the Scalhorn community.

A number from here attended the "42" party at Mrs. Ora Blacks Saturday night.

BIRTHS

Mr. and Mrs. Sam Smith of Houston announce the arrival of a son, Samuel Timothy, born Thursday January 3, in New Hermann Hospital at Houston. He weighed 10 pounds. He has a sister, Andrea to welcome him home.

Maternal grandmother is Mrs. Annie Miller of Goldthwaite and paternal grandmother is Mrs. Lee Berry also of Goldthwaite.

The people of Brownwood and the surrounding area had the initiative in 1932 to build a lake, a dam and an irrigation system, and did this with local funds and thus maintained local control over these facilities. These people are still paying for these facilities and have done so through a depression and 7 years of drought neither asking or receiving any state aid. Now just when they can begin to see the light of day, when they are taxed to the limit, and when it appears that within 10 years all of these facilities will be paid for, and paid for out of local funds. Senator Parkhouse proposes that they tax each acre of land which has been made subject to irrigation, and that they tax each acre foot of water which the local water districts claim the right to use for municipal purposes and that they tax each acre foot of water which the local water districts claim to use for power purposes. The people in the Brownwood area bought and paid for those facilities with their own money. Money to build other reservoirs, municipal and irrigation facilities should not be raised by taxing facilities which were

DON'T HAVE COLD FEET
Go All Electric Heat

After a cold day's work out of doors there's nothing finer than relaxing in the cozy warmth of an electrically-heated home.

Modern electric heating gives you the most comfortable heating available anyone today... And it is as safe as the electric light you read by. With electric heating you have no harmful fumes, smoke or flames... there's nothing else so dangerous to your family's life or health.

Electric heating is healthful heating... It doesn't "bake" the air you breathe... No oxygen is burned up... No ventilation is required to remove fumes.

And it is so convenient... Just set the electrically-positive thermostat and forget it... the electricity will take care of your needs... automatically... safely... economically.

Throughout this area thousands have learned that electric home heating is the best... the most efficient... the safest way... to heat every room in the house.

You'll Live Better When You Live Electrically.

STORY NO. 5

Duval Methods Closely Parallel Repression in Hitler's Germany

By—FRANZ ROSENWALD

SAN DIEGO, TEX.—The Parr family, ruling dynasty in the malodorous Duchy of Duval, was in the boss business long before Adolph Hitler was ever heard of in my native Germany.

Hitler was painting bad picture postcards and living in a Vienna flophouse while Tsar Parr was running things high, wide and handsome in this sun-seared section of Texas.

As a German, and reputedly a bit of an expert on dictatorships (I've seen the Red kind and the Brown, or Hitler, kind), I've been asked to look at Duval from that point of view. I came, I saw and I shuddered. Duval was too much like home.

Let anyone consider a Hitler Germany-Parr Duval comparison as an invidious one, remember that I'm making no such comparison. I don't have to. History beat me to it.

Let's look at a curious, and disquieting, situation in Germany at this moment. They will look at an interesting incident just a few months ago in the Grand Jury room in the Duval County Courthouse here in San Diego.

In West Germany "ex-Nazis" are being brought to trial on all sorts of charges harking back to the days of Hitler, war crimes, theft of public funds, graft, political murder.

A few years ago these same men were mousy, quiet, biding their time. Today they're arrogant, truculent, threatening.

In court they thunder at the judge and thunder at the jury, daring them to convict. The day is coming, and soon, they shout, when the "right" will triumph, when the hated foreigner will be thrust from the sacred soil of the Fatherland. On that day true Germans will know what to do. They'll punish the enemies within and the enemies without.

This courtroom strategy is working like a charm. The frightened jurors are acquitting the Nazi bully boys one after the other.

Now let's get back to the Grand Jury room in the Duval County Courthouse here in San Diego.

Red-headed George Berham Parr, of Duval, has been hailed before the jurors and questioning him in Sidney Chandler, assistant to Attorney General John Ben Shepperd. Chandler doesn't get very far with the Duke. Parr stands on his constitutional rights, invoking the "Fifth Amendment"—that a man may remain silent if his testimony might incriminate him or even tend to incriminate him. Then the jury adjourns and Chandler mops his brow in frustration.

"Sidney," Parr said, "I've got something to say to the jury. Chandler, curious, told him "Go right ahead."

Parr turned quietly to the jury and eyed each man in turn. He knew each man by his first name.

must be paid at least \$40 per month from the public purse before he has the right to pack a pistol.

I have talked to these men, sat with them in the Windmill Cafe, favorite haunt of Parr supporters. They eat well, dress well, have their own cars and show no signs of poverty. Yet their official pay is less than \$12.50 per week. Parr reputedly makes up the difference out of his own pocket.

I watched these men in action in Judge Laughlin's court room that hot and sleepy afternoon.

It was a job of straight, out and out intimidation of witnesses.

One lone Texas Ranger, Wiley Williamson, sat near the judge's bench, keeping a wary eye on the scene.

Parr's policemen, their 45's loosely holstered, circulated about the big room, here whispering into the ear of a witness, there patting another on the back, digging playful knuckles into the ribs of yet another.

The policemen were smiling, jovial, friendly. But the witnesses weren't smiling. They had fright written all over them.

Through a Spanish interpreter the witnesses, dozens of them, were sworn in as a group. Then the questioning began, with the interpreter relaying the questions and answers. It was amazing how much the witnesses couldn't remember. Their voices were hardly audible.

They couldn't remember, for example, whether they'd ever been convicted of a crime and so lost their right to vote. Or whether they'd received pardons from the governor and so regained their civil rights. One after the other they shuffled to the stand, and one after the other they "could not remember."

My partner and I were in the courtroom for but part of one afternoon of the four day hearing. That was enough to see Parrism in action.

At the conclusion of the hearing Judge Laughlin ruled that one Parr man, Leopoldo Sepulveda, had lost his seat to Manuel Trevino. The election of Alberto Garcia was confirmed, but the anti-Parr forces now had a three to two majority on the city council. The case was immediately appealed, the Parr man keeping his seat for the time being.

Thus George Berham Parr keeps his police force.

(Note: since this article was written another election was ordered by a higher court and Parr lost control of the city government. Thus his last means of keeping his pistoleros armed was taken away. Earlier he lost control of the Commissioners Court after a months-long series of court battles with Attorney General Shepperd, and saw his old enemy Donato Serna installed as Duval County auditor after more than a year of resistance which took the case up to the Texas Supreme Court. Putting an impartial man in the county auditor's position, Shepperd explains, was the key to blocking Parr de facto control of the county. The San Diego city government was Parr's last ditch, from which he is now evicted.)

Tuesday's paper I read the
heartening statement I've
in many a day. The head-

line said, "Meteorologist Pre-
dicts End of Drouth in 1958."
Then "The great drouth ought
to break next year."

Wednesday's paper said, "Jer-
ome Namias, head of the ex-

Hurd C. Willett says, "Farm-

advised to give up at this point,
because they have probably
passed most of the worst and
can expect quite a few years of
better conditions." Anyway it
raises a spark of hope in the
human breast.

A letter this week from Char-
les and Helen Griffin, still in the
Air Service, now stationed at
Blythedale, Ark. said they had
snow last week, but it soon
melted. They say it has been
pretty cold there, but it surely is
different from the winter spent
in Alaska. There they had snow
in October, and the ground
stayed frozen and covered with
snow until April.

A recent letter from Lee and

Lottie Hobbs of Albuquerque, N.
M., old Ebonyites, says they al-
ways think of old friends, espe-
cially at Christmas time. They
had their daughter, Velma, with
them for Christmas. Lottie says
her sister, Faye Yates Shaw,
lives within five blocks of them
and they see each other often.
Johnny has a bad way of say-
ing "Be Quiet," in a rather
shouting voice, to all of our
commands, requests, and admo-
nitions. Yesterday John was
remonstrating with him, telling
him he could say, "Be quiet" to
Billy, but he musn't say it to old
folks. "Well," he said, "I can say
it to Granny. She's not old."
"Oh yes she is," said Gran-
dad.

"Why, She's not. Don't you
see how white her face is?"
Granny is so elated that from
now on she may be receiving
his stormy "Be Quiets" to her as
quite all right.

Social Security Taxes As Applied To Farm Workers

Farmers and ranchers who
hire workers on their places are
reminded by Jim Cheatham of
Internal Revenue Service that
social security taxes apply to
cash wages paid to every farm-
ranch worker to whom the em-
ployer pays \$100 or more in cash
wages for 1956.

"The taxes, two per cent em-
ployer and two per cent em-
ployee, apply only to cash wages
paid covered farm - ranch
hands," Cheatham said.

Employers owing these taxes
must file a tax return on Form
943, and pay the taxes, on or be-
fore January 31, 1957. Farm-
ranch employers are advised to
file returns promptly to avoid
penalty for late filing.

Employers of covered workers
who haven't already registered
with the IRS district director's
office must do so at once. The
registration form, SS-4, can be
obtained from any Revenue or
Social Security office. All regis-
tered employers will receive
their necessary return forms
and simplified instructions by
mail.

JESSE L. (JACK) SHARKEY
has been appointed to the
newly-created position of Ser-
vice Unit Field Supervisor for
The Salvation Army in the Tex-
as Division, it was announced
today by Lt. Colonel John A.
Morrison, Divisional Comm-
ander, and Dan Eddy, State Ser-
vice Unit Director, in Dallas. The
appointment is effective im-
mediately.

According to Eddy, the new
position became necessary be-
cause of the rapid growth of
the Service Unit Department of
The Salvation Army through-
out the state. He explained that
the number of Service Unit
Committees has increased to a
new high of 150 groups com-
posed of over 1400 of the lead-
ing citizens in their communi-
ties.

Sharkey formerly served as
field representative in Region I
which consisted of 51 counties
in north and central Texas. A
new field man will be appointed
to replace him in that area
shortly, Eddy said.

MRS. ORA BLACK
After the severe cold weather of last week we are now enjoying spring in January. No rain fell out this way although it looked threatening Saturday.

At an early hour Saturday morning two grandsons, Huntis and Layton Black loaded their show calves and headed for Lampasas, where they were entered in the Fatstock Show. The boys were awarded the trophy for best showmanship and the trophy will be placed in the University at Houston.

Mr. and Mrs. Dick Hughes visited Sunday in San Antonio with Mr. and Mrs. Hugh McKenzie.

Guests in our home last weekend were Mr. and Mrs. Earl Blake of Abilene. As they came through Coleman our two great grandchildren Don and Barbara Bryson, accompanied them to our house. We all attended the stock show at Lampasas. Mrs. Charles Wright of Mullin came later and Sunday the C. H. Blacks joined us for lunch.

Guests of Mr. and Mrs. R. A. Cox this week are Mr. and Mrs. Carl Stewart of Coleman.

Mr. and Mrs. T. A. Casbeer and Mr. and Mrs. R. A. Cox were guests of Mr. and Mrs. Dick Hughes Tuesday evening.

Mrs. C. H. Black, the writer and son Billy went to Austin Tuesday, where Billy went to an eye specialist. Afterwards we visited with the Jack Turmans.

Mr. and Mrs. R. A. Cox visited in our home Wednesday evening.

Virgil Evans of Fort Worth spent the weekend with his father, Ed Evans and relatives here.

Mr. and Mrs. Frank Hines and Greta Sue visited Mrs. Janie Weathers in Goldthwaite Sunday evening.

Miss Greta Sue Hines was an over night guest of Mrs. Turbville in Goldthwaite.

Twenty-five or thirty guests met at our home Saturday evening for games and an old fashioned singing. Refreshments of coffee, hot chocolate and pie was served by the hostess assisted by Mrs. Dick Hughes, Mrs.

Jack Laughlin, Mrs. R. A. Cox and Mrs. Charles Wright.

Mrs. Frank Hines and Miss Greta Sue visited in Lometa Saturday afternoon in the homes of Mrs. Lizzie Lockhart and Mr. and Mrs. Fields Hines.

A Good Hearty Stew Is Always In Demand

By ALICE DENHOFF

CHATTING with the head chef of a club whose membership is made up of some of the country's most important men, we learned that it's the simple, old-fashioned foods that invariably gain the best acceptance.

Stews, in particular, he singled out as steady sellers every time they are offered. Good, hearty, old-fashioned stews, too, he told us; none of that fancy stuff. And dumplings are always gratefully received.

Careful Preparation

As our chef friend said, you get out of a stew what you put into it and what you put into it must also include a little care and thought.

Appearance is important, too. The meat should be of uniform size, the vegetables picked with an eye for color.

Contrast the paleness of onions and potatoes with the gold of corn or carrots, the green of peas or beans, the red of tomatoes.

Whether whole or cut, vegetables should be of uniform size. In cutting, keep them in matching size strips, slices or cubes. With vegetables that are soft in texture, use others that are crisp.

For extra flavor, save the water drained from cooked vegetables. Dissolve a bouillon cube in the stew and add a few drops of prepared gravy flavoring, a little lemon juice, a drop of vinegar.

Try a cup of sour cream in a veal stew, a little curry in a lamb stew. Herbs do much for stews, but don't be too generous with them. Experiment cautiously, taste carefully. Marjoram and thyme are good stew herbs.

Try combining different meats—veal, lamb and beef can be used together in a stew.

Oxtail stew is good and thrifty, too.

To serve 4, have 1 oxtail (about 1 1/2 lbs.). Cut oxtail at joints and dust with a little flour. Melt 2 tbs. lard or drippings in heavy stew kettle and brown oxtail.

Add 3 c. water and let simmer 2 hrs.

Add 2 1/2 c. tomato juice (or a #2 can), 1 1/2 tsp. dry mustard and 2 1/2 tsp. salt. Let simmer 1 hr. or until meat is very tender.

Add 4 potatoes, quartered, 4 onions, halved, and 4 carrots, sliced. Simmer 20 min. or until tender.

Mix 2 tbs. flour and 1/4 c. cold water and stir into stew. Stir until thick.

Taxpayers Will Have Share in Financing National Budget

(Spl.)—Texas taxpayers will be required to pay out approximately \$3,152,020,000 in taxes as their share of the Federal spending of \$71.8 billion proposed by President Eisenhower for the Federal fiscal year 1957-58, according to an estimate today by the West Texas Chamber of Commerce.

The regional chamber pointed out that any reduction which Congress may make in this budget will, of course, reduce the amount that Texas taxpayers will have to bear.

The \$3.15 billion share which

would be borne by Texas taxpayers to support the President's proposed budget is almost four times the amount of money spent in the fiscal year ending Aug. 31, 1956, to finance the entire government of the State of Texas, the West Texas Chamber said.

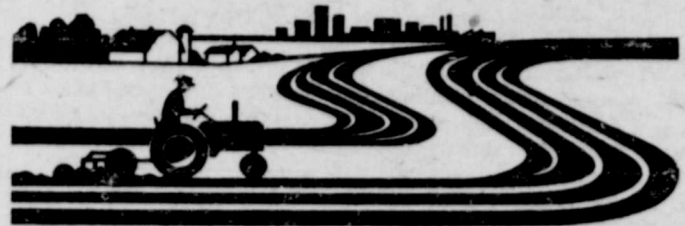

The WTCC calculations show that Texas residents and taxpayers presently bear 4.39 per cent of the total Federal tax burden. Since Federal expenditures are met by taxation, Texas' share of the Federal Government's spending burden for the Federal fiscal year 1957-58 will be 4.39 per cent of \$71.8 billion, or \$3,152,020,000, the WTCC reported.

The West Texas Chamber expressed keen disappointment over the continuing rise in expenditures since the fiscal year 1955 when the spending total was \$7.2 billion less than is proposed for 1958. It said that these rising expenditures are preventing much needed tax reductions which would otherwise be possible from the increasing revenues generated by the nation's economic prosperity.

The West Texas Chamber also noted that the spending proposals in the budget offer no encouragement for reductions to come but, rather, point toward even higher spending beyond 1958. It said this is supported by the fact that for the second successive year new spending (or obligatory) authority requested is even greater than expenditures.

It added that while national security spending accounts for a large part of the increased budget, many new domestic programs are proposed for initiation in the coming year. These include a \$1.4 billion school construction grants program and several lesser projects, the cost of which would rise in future years after a modest first year's outlay.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

By CHARLES HAENISCH

With a brand new year ahead most ranchers are making their decisions as to which pasture to defer during 1957. Probably never before in the history of the District have planned deferrals been more essential to carrying out a program of ranching at a profit.

The Supervisors of the Brown-Mills Soil Conservation District are urging every rancher in the District to defer at least one pasture this year. The Mills County Agricultural Stabilization and Conservation Committee has again cooperated with the supervisors by setting up Deferred Grazing in their 1957 program.

Ranchers may qualify for the deferred grazing practice by

making application at the ASC office on the second floor of the Court House. Applications may be made for three months or more deferrals. All deferrals must include the months May or June.

Any deferral will pay big dividends in growing grass. Since livestock is the District's largest commercial crop and it takes grass to produce this crop at a profit it stands to reason that the grasslands must be taken care of much like our cultivated crops. Timely deferrals and rotation of grazing are practices of much value to our grassland, just as cover crops, crop residue utilization, and contour farming are beneficial to our cultivated land.

P. R. Jordan who ranches

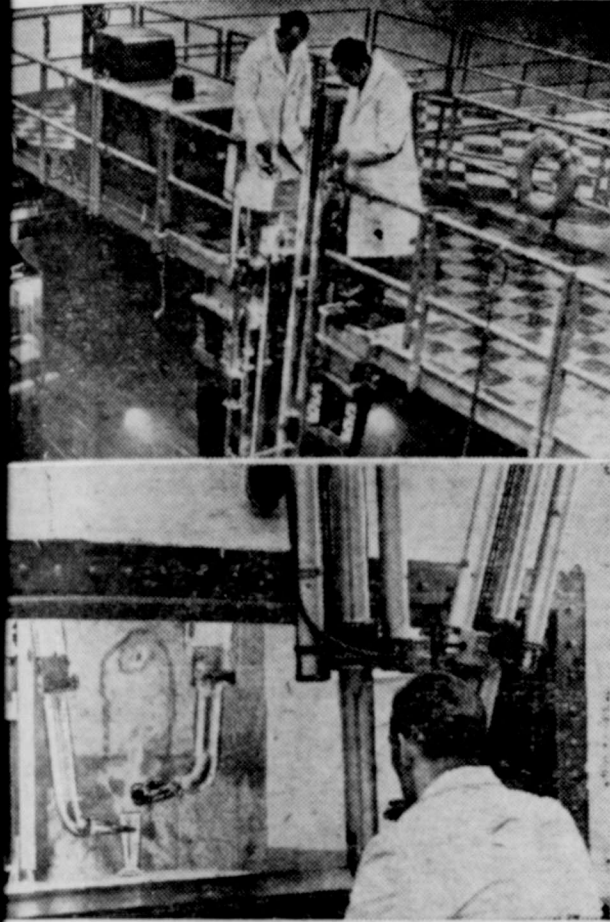

south of Goldthwaite made a statement recently that sums up the benefits derived from deferrals. P. R. says that it takes cover to grow grass. He said that any cover will do, but that some type of cover is essential to grassland management. You can defer a pasture during any season of the year and gain benefits, but of course a growing season deferral is best.

Mr. Jordan operates about 1,000 acres and has some of the best cover in the state. P. R. says that you can grow grass on

20 inches of rain per year if you have a cover on your range to absorb the high intensity rains that come in the spring. When the rains do come, Jordan will have his rangeland in a condition to catch some moisture and store it in the ground where the grass can use it.

The whole situation is rather well put in the windshield sticker that Lamkin Bros. and the Soil Conservation District are distributing. They say "IT'S THE RAIN THAT YOU KEEP THAT COUNTS".

toughest truck run!

That's the gas mileage reported by the Cameo Carrier after covering the entire length of the Alcan Highway in less than 45 hours! All six new Task-Force trucks that made the run turned in top scores for performance and economy!

Supervised and certified by the AAA.

New Task-Force 57 Chevrolet Trucks

Six heavily loaded Chevy trucks ran all the way up the rugged Alcan Highway in less than 45 hours! That's cutting more than a full day off the normal running time! They ran right around the clock, stopping only to refuel.

But the important fact about this run was that it proved new Chevy trucks through and through. The Alcan Highway is a supreme test of every truck component. Engines had to prove their power up high-climbing grades and through washouts. Frames and suspensions flexed their muscles over axle-deep ruts and miles of pounding gravel. "And not a single truck turned back or dropped out due to mechanical failure," states the official AAA report of the test. Every model proved its over-all economy by its ironclad ability to stay on the job! Stop by; we'll talk about it.

State Capitol NEWS

By VERN SANFORD
Texas Press Association

AUSTIN, Tex. — Gov. Price Daniel has lined up an impressive array of goals for himself and fellow officials during the next two years.

His message to the Legislature detailed 25 points. He labeled them as "emergencies."

Getting top priority were (1) water conservation (the suggested doubling the proposed \$100,000,000 bond program), (2) additional highway patrolmen and other safety measures, (3) laws to facilitate right of way buying for highways and (4) a crime commission to guard against official misconduct, curb lobbying, etc.

Governor Daniel also recommended pay raises for teachers and state employes, local decisions on school segregation, increased old age pensions, abolition of dual banking-insurance operations, more money for insurance law enforcement, improved penal statutes for insurance and security controls, use of state funds for advertising and upping workmen's compensation benefits.

He said he favors a \$5,000,000 prison building program, a paid adult parole system, laws to curb juvenile crime, revision of the state constitution, a continued state office building program (including an archives building), improved narcotics laws, study of the needs of the handicapped, election law changes and long-range study

of the state tax structure.

Legislative comment following the talk was favorable.

Enactment of the total program would almost certainly require more revenue than the state has in sight. Daniel made no flat promise against new levies, except for sales and personal income taxes.

His budget message, to come later, will detail costs with suggestions for new revenue, if necessary.

WELL-HEELED COWHAND—Texas' new temporary U. S. Senator, William Blakely, personifies the Southwestern success story.

He began his career as an Oklahoma wrangler, went on to become a Dallas lawyer, CPA and top-bracket financier. His millions are spread among tremendous real estate and oil holdings, three insurance companies and a controlling interest in Braniff Airways.

His first whirl at politics seems destined for success too. He is a friend, not only of outgoing Gov. Shivers, who made the 11th hour appointment, but also of new Gov. Price Daniel, Senate Majority Leader Lyndon Johnson and President Eisenhower.

Blakely said he will vote with Democrats in the Senate, not upsetting the party's perilous 48-47 majority. Nor will he seek election.

SENATE LEADERS — Key chairmanships in the Texas Senate are in the hands of Sens. William S. Fly of Victoria and Wardlow Lane of Center.

Lt. Gov. Ben Ramsey assigned Fly to the finance committee, Lane to state affairs. Sen. George Parkhouse of Dallas, who headed the interim Water Resources Committee, will be water and conservation chairman.

Senate committee system was overhauled this year and the

number trimmed from 39 to 24. All chairmen, except Charles Herring of Austin (state departments and institutions) are returning members.

Others are: agriculture and livestock, George Moffett of Chillicothe; banking, Jarrard Secrest of Temple; claims, David Ratliff of Stamford; constitutional amendments, Jimmy Phillips of Angleton; contingent expenses, Crawford Martin of Hillsboro; counties, cities and towns, Frank Owen III of El Paso; education, Doyle Willis of Fort Worth; game and fish, Abraham Kazen Jr. of Laredo; insurance, Searcy Bracewell of Houston.

Also, interstate cooperation, Ottis E. Lock of Lufkin; jurisprudence, R. A. Weinert of Seguin; labor and management, Carlos Ashley of Llano; legislative, congressional and judicial districts, Martin; military and veterans affairs, Ray Roberts of McKinney; governor's nominations, Lock; oil and gas, Dorsey B. Hardeman of San Angelo; privileges and election, W. T. Moore of Bryan; public health, Mrs. Nevelle Colson of Navasota; rules, Weinert; transportation, Jep Fuller of Port Arthur.

STEAKLEY SWORN IN—First executive appointment approved by the Senate was Austin Attorney Zollie Steakley, Gov. Daniel's choice for Secretary of State.

Steakley's swearing-in by Chief Justice John E. Hickman followed with 24 hours. It was the new streamlined oath authorized by one of last November's constitutional amendments.

Quipped Governor Daniel, a spectator: "I'm glad they left out that part about never fighting a duel, because I've almost had to do some of that recently."

Steakley's immediate predecessor, Tom Reavely, has joined an Austin law firm to be known now as Powell, Rauhut, McGinnis and Reavely.

"BILL" BOARD — With the legislative session well underway, hundreds of bills have flooded the hoppers. Some of the more significant would:

1. Transfer one per cent of the permanent school fund (now \$340,000,000) to the available school fund. By Rep. Louis Dugas of Orange.

2. Create a separate Securities Commission which would combine operations now performed by the Secretary of State's office and Insurance Commission. By Rep. Barefoot Sanders of Dallas.

3. Empower cities to tax agricultural land they annex at a lower rate than other property. By Rep. Richard C. White of El Paso.

4. Give the Railroad Commission power to regulate rural telephone rates. By Rep. Jack Welch of Marlin.

5. Control interest rates on small loans. One bill, by Rep. Ed Sheridan of San Antonio, would prohibit interest of more than 10 per cent a year. Another by Rep. Tony Koriath of Sherman would limit interest to three per cent a month.

6. Prohibit sale or use of fireworks except in displays authorized by the fire marshal. By Rep. Gordon Forsyth of Corpus Christi.

7. Abolish absentee voting. By Rep. B. H. Dewey Jr. of Bryan.

8. Provide for automatic congressional re-districting every 10 years if Legislature fails to do so. By Dewey.

9. Provide a four-year term for governor with a two-term limit. By Rep. Dixon W. Holman of Fort Worth.

10. Require school board candidates to run for places to prevent election of a member by a minority vote. By Rep. Ben Ferrell of Tyler.

John C. Wright Succumbs At 78

Funeral services for John Carroll Wright, 78, retired stock farmer of Mullin were held Sunday afternoon at 2:00 o'clock. Services were conducted by Rev. Wm. H. Orton of Brownwood in the London-Burton Funeral Home Chapel and burial was in Greenleaf Cemetery, Brownwood.

Mr. Wright was born October 30, 1878 at Allendale and was found dead in his home in Mullin early Saturday morning. He apparently died a few hours earlier from natural causes. He had lived in Mills County since 1907.

Survivors are two sisters, Mrs. Ed McGhee of Brownwood and Miss Elizabeth Wright of Mullin.

Matrons-Patrons Club Elects Officers

Goldthwaite members of the Past Matrons and Patrons Club were hosts to the club last Monday night at the Youth Center. There were sixteen members and one visitor present to enjoy the delicious covered dish dinner.

After the dinner hour, a short business session was held with Mrs. Annie Armstrong, president presiding. The following new officers were elected to serve for the coming year: Carl Bryant, San Saba, president; Mrs. Alma Williams, Goldthwaite, vice-president and J. B. Boler, Richland Springs, secretary-treasurer. At the conclusion of the business meeting, games of Canasta and dominoes were enjoyed.

The next meeting will be at San Saba, the date to be announced later.

ISRAELI WOMEN WIN THEIR SPURS AS SOLDIERS

WHILE ISRAEL'S MALE SOLDIERS are busy manning positions against surprise attack, and others are waiting to withdraw from the occupied Sinai Peninsula, women are training to take their own places in front-line activities. This photo was made during "graduation" exercises marking the finish of basic training for 100 girls. In combat gear, they squirm under barbed wire while machine gun fire continually reminds them to keep the bustle down, a task at which they appear expert. (International)

Mrs. F. Sykes Hosts Big Valley Club

The Big Valley Friendship Club met Thursday afternoon, January 17, in the home of Mrs. Floyd Sykes. A very pleasant afternoon was spent doing handwork and visiting.

After a short business meeting the hostess served delicious cake and coffee to club members and two visitors.

Next meeting will be with Mrs. Mohler Simpson, February 7th.

Haskell Smith Is Buried In Austin

Mrs. J. H. Randolph received a message Sunday morning stating her brother-in-law, Haskell Smith had passed away. Burial was in Austin Monday afternoon.

Due to illness Mrs. Randolph was unable to attend the services. She has the sympathy of all her Mills County friends in her sorrow.

Hollis Blackwell left last Friday for Boston, Mass., where he will attend the wool markets for several days.
