If you want to be sure to see me when you come in I will be in my office Monday and Friday morning or I will be back soon. Come in and see the new bulletins and the ones already in stock.

GLADIOLUS FOR TEXAS GARDENS

Cut flowers add beauty and charm to any room in the home. The gladiolus is one of the most widely grown garden flowers in the United States. Fifteen varieties are recommended.

Planting dates vary with different sections of the State. In the central portions, plantings are started in March and in the Panhandle first plantings usually are made in late May and can continue until July. To produce a continuous supply of flowers, commercial growers normally make plantings about a month apart during the flowering season in each area.

Varieties recommended for Texas, along with information on selection, planting and care, are given in the article, "Gladiolus for Texas," by A. F. DeWorth. Reprints of the article, listed as TAP-19, are available from my office.

HOME ECONOMICS BRIEFS

Broken light bulbs remaining in a socket may be screwed out by pushing a large cork into the light base. The cork removes the danger of cutting the hands or getting a shock.

Ivory piano keys will sometimes turn yellow because of water or insufficient sunlight. To clean these yellowed keys, use a soft flannel dampened with wood or denatured alcohol. Then be sure that your piano keyboard is left uncovered part of the time. On some new pianos, plastic keys are being used. These may be cleaned with a damp cloth.

If minerals accumulate in your steam iron try this. Put a mixture of vinegar and water (half and half) into the reservoir. Heat for about 30 minutes.

at 300 degrees F. (crayon setting). After the iron cools, flush the reservoir several times with clear water.

To remove the shine from gabardine, serge or other hard-surfaced woollens, try this. . . . Go over the shiny places with a damp sponge or cloth, then stroke the dampened fabric gently with extra fine steel wool.

Duren Quilters Enjoy Luncheon

The Duren Quilting Club met Tuesday February 19, at the church house. Mrs. W. L. Daniel and Mrs. W. C. Cox brought quilts for the ladies to quilt.

At the noon hour the following ladies enjoyed a covered dish luncheon: Mmes. W. L. Daniel, W. C. Cox, J. R. Smith and children, Henry Gibbard, C. C. Wright, R. C. Duren, Kyle Smith and son, Ralph Duren and son, Lula Hobbs and E. J. Cox and children.

Next quilting will be Tuesday March 5, and officers to serve the coming year will be elected. Also Mrs. Kyle Smith will be honored with a birthday party. Mrs. E. J. Cox and Mrs. C. C. Wright will bring quilts to be worked on.

Everyone is invited to join or visit the club and enjoy the day visiting and working together.

DURENS ATTEND BANKERS MEETING

Mr. and Mrs. W. P. Duren left last Thursday for Fort Worth where they attended the Seventh District Meeting of the Texas Bankers' Association, which was held on Friday. They returned here Friday night.

Mr. and Mrs. Ralph Massey of Denton spent the weekend with their parents, Mr. and Mrs. Vic E. Koleber and Mr. and Mrs. Jess Massey. They were accompanied home by Mrs. Koleber, who had been visiting them the past few days.

QUALITY THE PRESCRIPTION PHARMACY SERVICE

IT NEVER WAS NECESSARY TO "Enjoy" POOR HEALTH...

Many people seem to "enjoy" poor health. They would not care to be without a cupboardful of odd medicines for self-treatment—some of which may not be in keeping with competent medical advice.

The better way is to enjoy good health—by careful planning. Consult your Doctor at regular intervals, more often if required. He will prescribe only the preparations that you need—preparations of the highest quality, such as those from the laboratories of Parke, Davis & Company—prescriptions which we will be pleased to compound for you. The necessity for medication will pass, and life with abundant health can become a pleasure indeed.

Campaign Underway To Curb Federal Government Thru State Legislatures

PHIS, Tenn., (Spec.)—The curbing of inflation as a primary objective, the Campaign for the 48 States is this morning launching its program throughout the country. Founded two years ago, the movement seeks passage of constitutional amendments requiring balancing of the Federal budget, a ceiling on Federal taxes, reform of the college and curbs on money-making power. It is to get these amendments through action of the state legislature, for which meet this year. In support of the campaign's program Senator F. Byrd of Virginia says, "National Budget must be passed annually or this country headed for real financial disaster." Passage of the Byrd amendment is the initial step of the Campaign for the 48 States.

Humphrey as proof of the serious need for his group's objectives. In issuing a warning about President Eisenhower's requested record peacetime budget of \$71,000,000,000 Secretary Humphrey said, "Unless spending is cut sharply so taxes can be reduced we'll have a depression that will curl your hair." He also said the cure for the nation's financial ills has to start with the general public who in turn must make Congress do something about it.

"We believe," says Mr. Snowden, "that our Campaign for the 48 States offers the best means of putting the brakes on our nation's reckless and rapid drift toward complete bankruptcy." To bring this message forcibly to the attention of millions of Americans, the Campaign for the 48 States has prepared television films, each one dramatizing the need for a sponsored constitutional amendment. In the first film, pointing out the devastating results of inflation, those heard from in addition to Senator Byrd include Senator Styles Bridges of New Hampshire, Admiral Ben Moreell, head of Jones and Laughlin Steel Corporation, Admiral Harold Martin and Mr. Snowden.

In many major cities key television stations, in support of the Campaign's program, are showing the films as a public service. Businessmen and industrialists are financing repeat public showings of the films. Many concerns are showing the films to their employees and their families. Company house organs are carrying feature articles on the Campaign and its objectives. Bankers of the country, especially concerned about the nation's serious financial condition, are spearheading the formation of permanent local organizations to carry the Campaign's program to a successful conclusion. Bills sponsoring the desired amendments have already been introduced in several state legislatures with others scheduled for later this month. "The program of the Campaign for the 48 States is gaining support and followers every day because it makes sense," Chairman Snowden said. "It is entirely non-partisan and simply seeks a return to sanity and financial stability in the operation of our Federal government. Our system of government in Washington has gotten out of hand and it is never going to regulate itself until the States force it to do so. That is the sole aim of our organization,—to gain constitutional reform by action of the state legislatures."

State Capitol NEWS

By VERN SANFORD

Texas Press Association
AUSTIN, Tex.—Investigations and appointments have snatched the Legislative limelight from the more humdrum business of passing laws.

Governor Daniel asked the Senate to withdraw six appointments made by Gov. Allan Shivers just before Shivers' term ran out. They were appointments to vacancies on the University of Texas and Texas A&M Boards of Regents.

Daniel said "personal and political considerations" are not involved. He called the appointees "capable and qualified," but questioned the legality of the late-season appointing.

Named by Shivers were Joe C. Thompson of Dallas, Thornton Hardie of El Paso and J. P. Bryan of Freeport to the University board; L. H. Ridout Jr. of Dallas, E. B. Darby of Pharr and Herman Heep of Buda and Austin to the A&M board.

Daniel said he would "no doubt re-submit some, if not all of them." There was some talk, however, that Thompson might not be re-submitted. Daniel

pointed out that this would give two of the six appointments to the board of Dallasites.

One day after Daniel's surprise move the Senate confirmed a long list of Shivers appointees. Included was John Osorio, chairman of the Board of Insurance Commissioners.

Daniel previously had called on the Legislature to abolish this board and substitute a reorganized set-up.

Out of the confusion came suggestions by some observers that the statutes be amended to clarify the appointive prerogatives of out-going and incoming governors.

INSURANCE INVESTIGATION—A five-member House committee will search for the factors that put ICT Insurance Co. on the rocks.

ICT, now in temporary receivership. But its management still hoped to raise some \$1,500,000 to salvage the company. Its assets are estimated at \$3,325,000; its liabilities at \$4,350,000.

Most of the firm's 14,000 stockholders are union labor members. They invested some \$7,000,000 in it after the State Federation of Labor entered into a management contract with Ben Jack Gage in 1951.

Labor leaders say they later found out that Gage dissipated the company funds in a long series of unsound promotions and bad risk insurance. His contract was terminated in 1955, and the company is still pressing a claim for \$1,800,000 against

him.
James G. Cage, a distant cousin of Ben Jack, was made president in January, 1956, and "tightened management" was instituted. By the middle of last year the company had begun to show a profit—though not enough to offset liabilities carried over from prior management.

James G. Cage said he felt it is still possible to put the company on its feet and prevent loss to its thousands of small-income stockholders.

On the heels of these disclosures came a rash of new insurance regulation bills in both House and Senate. Several would provide tighter restrictions on company officials handling funds and stiff penalties for mis-handling.

Among the proposed regulatory measures are two bills by the Texas Press Association. One calls for published financial reports of all insurance firms doing business in Texas. The other calls for fine and imprisonment for making a false report to the insurance commission. Rep. Jack Welch of Marlin has introduced these two bills. They are among 15 "Better Government" proposals made by TPA.

OIL PRODUCTION UPPEP—More oil for Europe, more revenue for the state treasury are in prospect.

Texas Railroad Commission set the March allowable at 3,733,054 barrels a day on an 18-day production pattern. It is an all-time high, an increase of nearly 11,000 barrels per day.

Coupled with the 35-cent per barrel price increase in gasoline, the greater production, if continued, could bring an additional \$10,000,000 a year into Texas tax coffers.

Independent producers, who have battled the major companies' drive for higher allowances, did not contest the March quota.

They claimed, however, that major companies still are "mis-using" much crude oil by refining it into gasoline, unneeded here and unwanted abroad. And independents still have marketing problems, they said, renewing the charge that major buyers have denied them sufficient pipeline connections to their wells.

RAINS CAME—Crop prospects

were described as "best in five years" after gentle, soaking rains fell over most of the state.

U. S. Dept. of Agriculture's weekly report reflected the brightened picture almost border to border. Cotton planting under way in the valley. Revived wheat and oats on the plains. Lush, new pasture grass in the north and northwest.

And some areas even reported it was "to wet to plough."

It was so good it scared some people. John C. White, State Agriculture Commissioner, wired Washington to the effect that one rain does not break a seven-year drought. It will be a long time, he said, before the soil is restored and drought aid is still needed.

NEW TEACHER PAY BILL—A counter-proposal to the \$399-a-year teacher pay raise bill has been introduced by Rep. Harold B. Parish of Taft.

It would give a \$606 a year raise and remove some 900 school counselors and supervisors from state support. His plan would cost some \$400,000 a year less than the other, said Parish.

SCHOOL BILLS AROUND—A number of other Legislative proposals would effect changes in the public school setup. Among them:

1. A suggested constitutional amendment creating a Public School Building Authority. It would build school buildings and lease them to the districts. Some districts can't afford expansion demands, said the sponsor, Rep. Truett Latimer of Abilene.

2. A constitutional amendment permitting broader investment of the permanent school fund. It would follow lines approved by voters last November for the University fund. A safe way to get more income from the \$320,000,000 endowment, said its author, Rep. Scott McDonald of Fort Worth.

3. A detailed survey of the entire educational system. Rep. Wade Spilman of McAllen in a report on the House Investigating Committee's work said that local boards are losing control. "Padding of statistics to obtain more state aid is not uncommon," he said.

World Day Of Prayer March 8

"Who shall separate us?" (Romans 8:35) is the theme of the World Day of Prayer for 1957, as suggested by the Council of United Church Women for inter-denominational services. Such services will be held on Friday March 8 in churches of many denominations in 143 countries. Local services on the theme will be held in the First Methodist Church of Goldthwaite at 3:30 p.m. on March 8. Persons of all churches are invited and a special group of school children have been invited to participate in the service.

Leadership in the service will include Mrs. R. L. Steen, Woman's Society of Christian Service president, with Mrs. Talbot Ledbetter in charge of the song service and Mrs. T. C. Graves directing the children. Also participating will be Mrs. E. R. Bruce, Mrs. J. T. Hester, Mrs. J. M. Oglesby, Mrs. T. J. Collier and others.

Methodists Plan Lenten Service

Local Methodists are being asked to participate in a special service marking the beginning of Lent, on Wednesday, March 6, at 7:00 p.m. The Service is part of the church's observance of the Week of Dedication (March 3-10). In this the church joins fellow Methodists throughout the nation in an emphasis on personal dedication and Missionary Concern, according to the pastor, Walter J. Cartwright.

Purpose of the Week of Dedication, states Mr. Cartwright, is the deepening of the spiritual life of members of the congregation as the Lenten season begins. A free-will offering will be received for urgent needs in the church's mission fields at home and overseas, with special priority being given to a fund to bring Crusade scholars from other countries to study in the United States.

Faith and the Atomic Age

Electronic Brains—Earth Satellites—Rockets to the Moon—just thinking about them makes your head swim. Ten years ago this sort of thing was only in science fiction. Ten years from now—or even less—everyday realities.

Even as we read of these fantastic possibilities, a small, still voice insists on being heard . . . "Where do I fit into the Atomic Age?"

The answer will not be a simple one.

But out of the promises and the perils, the strength and daring of our forefathers that have made America

great will speak out again—clear, true, forthright.

Those of us who have founded our lives on the bedrock of Faith will find our answers—and live peacefully by them. From our churches and synagogues we will draw the courage to make the Atomic Age an age of promise and fulfillment.

We do not know what the future lives of our children will be. The best we can give them now is the security of Faith. Whatever your beliefs, start now to build your life and that of your family on a firm foundation of truth and Faith.

Build a strong, richer life . . . worship together every week!

MRS. JAMES EDWARD KEMP

Miss Faye Cook And James E. Kemp Are Wed In Franconia, Virginia

Miss Faye Cook of Springfield, Virginia, became the bride of James Edward Kemp of Fort Belvoir, Virginia, Saturday evening, February 16, 1957 at 2:30 o'clock. Dr. C. L. Bishop, pastor of the Beulah Baptist Church read the impressive ceremony in the Beulah Baptist Church in Franconia, Virginia.

The bride is the daughter of Mr. and Mrs. Harold E. Cook of Route 1, Springfield, Virginia and the bridegroom is the son of Mr. and Mrs. G. L. Kemp of Goldthwaite, Texas.

The bride, given in marriage by her father wore a ballerina length dress of white lace over white satin and carried a white Bible topped with a white orchid.

Miss Patricia Stephens of Route 4, Alexandria, Virginia was maid of honor. She wore a pink lace dress over pink satin and carried a heart shaped bouquet of pink carnations.

Harold E. Cook, Jr., of Route 2, Springfield served as best man. Robert Wimberg and William Keyes both of Ft. Belvoir ushered.

Immediately following the wedding a reception was held at the church, after which the couple left for a trip to Goldthwaite, Texas.

Mrs. Kemp is a graduate of Annandale High School and Mr. Kemp is a graduate of Goldthwaite High School.

The couple will make their home at Alexandria, Virginia.

Eagle To Publish Second Annual Soil Conservation Issue Thursday, May 23

Plans are now in the making for the second annual soil conservation issue of the Eagle to be published on Thursday May 23, it was announced this week by members of the Eagle staff and Charles Haensch, head of the local soil conservation service work unit.

Material for this special issue will be prepared through the co-operation of the Eagle staff and members of the Soil Conservation Service staff of the district and a number of other interested parties.

The special issue of the paper will be out just prior to Soil Conservation week which will be observed this year from May 7 through June 2. Soil Stewardship Sunday will be observed in many churches throughout the area on Sunday June 2.

Last year the first soil conservation issue of the Eagle was published during the month of May. This special issue received much praise from subscribers over a wide area. Featured in it were more than fifteen special feature articles with pictures showing the benefits of soil conservation practices. A number of special advertisements were also carried in the special issue by business firms and individuals who are interested in furthering soil conservation. Also a number of contractors who do much of the work in connection with preparing land for soil conservation practices through this territory.

Plans are being made for a bigger paper this year with more room for special material and pictures on what is being done

in soil conservation practices in Mills county and the advantages to be gained from even more expansion of the work. Additional space will also be available in the issue for advertisers.

A number of advertisers who had space in last year's soil conservation issue have already indicated they will again want space for their special message this year.

Work on preparing material is now underway and advertisers are invited to contact the Eagle
