

VIC'S . . .

SOLILOQUY

IT'S A BIG DAY

Well, here we go again. Another week and another time to say that plans have been made for the county park work day, opening of the swimming pool and the big barbecue dinner to take place Thursday of this week—May 30.

It may be well for us to pave the way here and right now for a change of plans in case the weatherman enters the picture as he has during the past three weeks. If that should happen you'll hear about it and also hear and read more about new plans that will be announced as to when those events will take place.

As it stands now plans have been completed and members of the Garden Club and Lions Club are looking forward to a big day when a lot will be accomplished.

The committee in charge will need about a hundred men to spend Memorial Day at the park with power mowers, hoes, rakes and other tools necessary to do a good job of cleaning up the park and making it ready for the summer picnic season which is right upon us at this time. There will be two shifts, 8 a.m. to 12 noon and 1 to 5 p.m.

The committee also will need about 400 or 500 children and adults to report for the official opening of the swimming pool which is slated for 2 p.m. the same day. This is to be a big event and many from throughout the county are looking forward to it.

Then to cap the climax for the day everyone is invited to be at the park for the big barbecue which is to be served at 6:30 p.m. What could be better after having spent a day working in the park than to get down to a good 'ole barbecue dinner to top off the day?

So as you read this let us remind you that time is short. This issue of the paper is being mailed a day early because of the holiday. Check your dates on the calendar and don't let this important event pass you by. It's Thursday, May 30.

☆☆☆

Charles Conradt was presented a plaque from the Lions District Governor in appreciation for his work done during the past year as zone chairman. The plaque was presented to him at the last meeting of the Lions club by J. T. Jones who served during the same period as Deputy District Governor.

After the presentation was made Charles commented as follows: "I'll take this home and show it to MAMMA, then she will know how hard I worked at that job."

☆☆☆

THE POST OFFICE PROBLEM

The financial problems of the post office department have been in the headlines. The Postmaster General had to go to Congress for a \$47 million deficiency appropriation to carry the department through this fiscal year, and he estimates that, unless rates are raised, the deficit in the next fiscal year will reach \$651 million.

Writing of post office troubles in the New York Times, Jay Walz points out that Congress has this broad problem on its hands—should it treat the post office as a business or as a public service? Mr. Walz adds: "If it is business, then postage charges should be raised until the post office can pay its own way. . . . But just recently a Senate advisory committee turned in a report saying the post office is mainly a public service and its deficits are, therefore, not deficits at all, but expenses to be absorbed from taxes."

This "public service" argument may have validity when it comes to carrying matter which contributes to public knowledge and entertainment, and which is not in direct competition with existing private business. But it has no validity in the case of at least one service—parcel post. Parcel post is not a basic postal service function—it did not come into existence until 1913. The law creating it specified that it should be self sustaining and that it should not unnecessarily compete with private parcel or express organizations. But the fact is that it is in direct competition with such organizations, on a tax-subsidized basis—and that during much or most of its life it has operated at a deficit.

Here is one place, at least, where the charges for a post office service should fully reflect and cover all the direct and indirect costs of providing that service.

☆☆☆

When Texas Agriculture Commissioner John C. White spoke to the Lions Club and a group of guests here a few days ago he made a bit of comment on the recent U.S. Senate Election race in which he took part.

He said the Senate election has done one thing for him and that is: "It'll make me the best Agriculture Commissioner you ever saw."

10 YEARS AGO—

(Taken from the Eagle files of May 30, 1947)

Mr. and Mrs. C. S. Miller announce the marriage of their daughter, Estelle Miller Roberts, to Dr. C. K. Jones of Laredo.

On Saturday evening, May 17, at 8 p.m. Miss Margaret Carroll Oden became the bride of Mr. Otis Ray Duren. Rev. Paul Weiss read the impressive double ring ceremony.

E. A. Kline, Santa Fe employee, took a six and one quarter pound black bass from Lake Merritt Tuesday of this week. The catch, a good one for the local lake was witnessed by Dow Hudson.

Word was received here yesterday that Joseph French Straley, former resident, was killed Wednesday in ranch work at the Noelchke Ranch near Rankin. Mr. Straley has several sons and daughters living here.

The Goldthwaite Garden Club was hostess to the clubs of the town at a tea in Mrs. R. P. Broiles beautiful home on North Fisher Street, May 28, from 4 until 5:30 o'clock, honoring the past presidents of the club.

Patricia Greathouse was taken to Rollins-Brook Hospital at Lampasas the first of the week where she underwent an appendectomy emergency operation.

Mrs. George S. Kenny and daughter, Dianne, left recently for their home in New Orleans, La., after a visit with her mother, Mrs. Myrtle Forehand.

Benjamin Weiss and his roommate, James Russell of San Antonio, both students at the Southwestern College, Georgetown were weekend guests in the home of Benjamin's parents, Rev. and Mrs. Paul A. Weiss.

50 YEARS AGO—

(Taken from the Eagle files June 1, 1907)

The census of scholastics in the Goldthwaite independent school district shows a total of 366, an increase of 35 over last year. Of this number 88 are girls and 178 are boys. Last year there were 153 boys and 178 girls. In Mullin district there were 196, scholastics against 167 last year. Of this number there are 101 boys and 95 girls. Last year there were in that district 83 boys and 79 girls.

The Eagle this week received a card announcing the engagement and approaching marriage of Miss Mattie Leah McDonald to Mr. A. S. Burger at the Baptist Church in Pidcoke Wednesday afternoon, June 12. The bride-to-be is a daughter of Mr. and Mrs. O. O. McDonald of Pidcoke and has a number of friends and acquaintances in Mullin. Mr. Burger is the well-known, talented and popular editor of the Mullin Enterprise and is one of the best of men. Charles Bowman of Star was

here Wednesday to meet his son, Frank, who has been in school at Denton and his daughter, Miss May, who had been attending the Howard Payne College at Brownwood.

Miss Willie Hicks and her little sister, Alice May and her cousin, Bertha Archer went to Fort Worth Wednesday to visit Mrs. W. R. Ross.

S. I. Powell of Gatesville is here visiting his brother-in-law R. L. Mohler. He was summoned here to assist in recovering the drill from the well at the ice factory.

Miss Louise Hammond, who has been a student at the Baptist University at Dallas the last session, returned home Friday night.

Miss Maude Prater, who has been a student in Sam Hous-

ton Normal at Brownwood turned home Wednesday

25 YEARS AGO—

(Taken from the Eagle files of May 27, 1932)

County Clerk Porter has issued marriage license this week to Charles Privett and Miss Vida White, D. C. Matthews and Miss Cressie Holland. The first named couple live in Goldthwaite and the last two live in Lampasas County.

Mr. K. S. Caraway died at his home in this city Wednesday morning, after a long illness and his remains were laid to rest in the cemetery here yesterday morning at 10 o'clock, services being held at the cemetery and attended by a large number of sorrowing relatives and friends.

Miss Elizabeth's friends here were delighted this week to receive an announcement of her graduation from the Bertram High School on June 10. She lived here several years while her father Rev. S. D. Lambert, was pastor of the Methodist Church, and has a host of friends in this city.

Charles Privett and Miss Vida White were united in marriage Wednesday night in the home of Judge Jas. Rahl, that gentleman officiating.

Mr. and Mrs. Max McKean and three boys have returned to their home, in Gladewater after a visit in the home of W. L. Burks in this city.

Supt. John M. Scott of Mullin School, together with his family, visited in Austin the early part of the week. He and his wife and daughter will attend the summer session of the State University, taking some special courses.

Mr. and Mrs. R. H. Mayfield and baby spent last Sunday with relatives in San Saba.

Miss Virginia Kerfoot, one of the efficient high school teachers, left Saturday for Brownwood to spend a few days with her sister, Mrs. Tom Epley and family. From there she will go to Oklahoma City, Oklahoma for a visit with her sister, Mrs. Kate Carlton.

'HOLDING BACK' THE TULSA FLOOD

ALTHOUGH W. E. Radke appears to be brushing back the flood waters which swept into Tulsa, Okla., actually he is skimming scum from the surface to keep it from fouling up his home, which is partially under water. U.S. highway, which runs in front of his house, is covered by four feet of water. Some 8,000 persons were evacuated from low-lying areas but are reported returning as water recedes.

Miss Jo Ann Jones Takes Summer Duties At Texas Lions Camp

KERVILLE, (Sp)—Jo Ann Jones of Goldthwaite, a freshman at Baylor University, will spend the summer here at the Texas Lions Camp for Crippled Children as a counselor-in-training.

Miss Jones daughter of Mr. and Mrs. J. T. Jones is preparing for a career in elementary education and psychology at college. At Goldthwaite High School, she was president of the Future Homemakers Association, cheerleader, captain of basketball team and placed second in state competition in poetry reading.

She will join other members of the staff for counselor's banquet May 30, the start of an intensive two-day orientation program. The camp will officially open for the summer June 2.

The camp, with 15 permanent buildings on 504 hillside acres, is free to any blind, deaf, mute or crippled youngster in Texas from 7 through 16.

In its four previous years, the camp has served more than 2,000 handicapped children. Six two-week sessions are held and the camp's capacity is now 720. Applications are handled only through local Lions Clubs.

Mr. and Mrs. Dean Dickerson and children, Toni and Joe, of Robstown were guests of his parents, Mr. and Mrs. Claude Dickerson several days recently.

Mr. and Mrs. Millard Collier and children of Cleburne were guests of his parents, Mr. and Mrs. A. G. Collier and Jerry last weekend. They also attended the graduation exercises on Friday night.

Wedding Bells

Production Up And Prices Down For Turkeys

College Station, (Spec)—Are there too many turkeys? High storage stock and an expected 1957 record production add up to lower prices for turkey growers.

Scattered reports indicating severe losses in Texas turkey numbers cannot yet be accurately estimated, says Poultry Marketing Specialist F. Z. Beanblossom. Still more losses, however, are likely to occur through disease, he says. Unusual weather conditions are being tabbed with part of the blame.

Unless these losses are enough to influence total turkey numbers, Extension Economist John

McHaney says producers may well expect even lower prices than they received last year.

The number of heavy breed poulters produced this year during January and February was 28 percent greater than the first two months of 1956, and light breed poult numbers were up seven percent in a similar comparison. McHaney says there were three percent more heavy breed eggs in incubators this year on March 1, than a year earlier. Four percent more light breed eggs were in incubators.

Production has increased while prices have declined for two years. Texas farmers produced 3,018,000 turkeys in 1955, marketing them for 28 cents a pound. Last year they produced 4,442,000 as compared to 76,679,000 turkeys for the nation. Texas farmers received about 24.5 cents a pound for their turkeys in 1956.

The award, presented at the 32nd national convention of the American Red Cross in Washington, was given for "distinguished and devoted service to the sick and wounded in time of war and peace." (International)

Widows Of Veterans May Lose Money On Death Compensation

Twenty-four thousand widows of veterans who died of service-connected causes before January 1, 1957 may lose money unless they apply for the higher death compensation payments by July 1, 1957.

Dr. George T. McMahan, manager of the Veterans Administration Center in Waco, said approximately 80,000 widows throughout the nation already have applied for the higher payments.

VA originally estimated that of all the 114,000 widows receiving compensation for the service-connected deaths of their husbands before January 1, 1957, approximately 104,000 were

qualified to receive the payments.

The 24,000 who have applied as yet have had to file application if they to receive the higher retroactive to January 1, 1957.

Most of the widows after July 1 will find higher payments will be effective as of the date of application as of the date of application.

Those who apply for benefit but who would more under old laws will be favored by VA against the choice of payment.

Roland Lindsey who is in school at Taylor College at Stephenville with his parents, Mr. and Mrs. A. B. Lindsey.

The Goldthwaite Eagle

News From Your COUNTY HOME DEMONSTRATION AGENT

Agricultural Extension Service—Texas A. & M. College System

BY LUCY MAY BURRUS

FREEZE VEGETABLES

Freezing is a quick, easy way to preserve fresh greens, asparagus and other spring vegetables. Freezing keeps the natural color, fresh flavor and food

values of most vegetables and fruits better than other methods of food preparation.

For best results, select fresh, tender vegetables right from the garden while they are at the right stage of maturity for eating.

Other factors that influence quality are preparation, packaging, freezer loading and length of storage.

Latest information on how to freeze, and how to cook frozen foods is given in the Extension Bulletin, FROZEN FOODS.

RUGS AND CARPETS

Thorough cleaning and correct spray treatment will protect carpets and rugs from clothes moths and carpet beetles.

Regular care with the vacuum cleaner is the first step. It prevents dust, lint and hair from accumulating and offering extra food for the pests. It also can remove the insects themselves and their eggs. These usually feed under heavy furniture where it is difficult to clean. Rotate rugs and carpets occasionally to make sure all areas are exposed to regular cleaning, light and air.

Entomologist advise a five percent DDT oil solution on rugs and carpets every 12 to 18 months. For a 9 by 12 rug of average weight, you will need 1½ to 2 quarts of spray. Rug pads of animal hair or wool, will need spraying on both sides unless they have been treated previously.

When spraying wall-to-wall carpeting give special attention to edges and parts that have been under a piano, sofa or other heavy furniture piece.

Call on the expert help of a carpet-cleaning or pest-control firm if you have qualms about expensive rugs.

IT'S THE LAW
in Texas
A public service feature of the State Bar of Texas

CURBED GIANT

The world's mightiest law makers—the United States Congressmen and Senators—sit down each year to make laws.

But mighty though Congress is, the constitution won't give it certain powers:

1. Neither Congress nor anybody else can suspend the writ of habeas corpus (unless the public safety demands it during rebellion or invasion). All officers or others must obey a court and bring in anyone in their custody to see whether he is held lawfully.

2. Congress cannot pass "bills of attainder," special acts to punish someone. Congress cannot by-pass the courts.

3. Congress cannot pass an ex post facto law—a law which makes an act a crime which was not one when done, or which punishes the offender more than called for when done.

4. Congress cannot tax exports from any state nor by regulation favor one state's ports over another's nor make one state's vessels clear or pay duties to another state in order to enter.

Besides these denials from within, the constitution curbs Congress and the executive and judiciary in the amendments, especially the first ten.

Among other things, Congress cannot make a law respecting an establishment or religion or prohibiting its free exercise, or abridging the freedom of speech, of the press or the right of the people peaceably to assemble and to petition the government for a redress of grievances.

The constitution also curbs the courts (for example, they cannot deny a person a fair hearing duly represented by coun-

Notes From Your County Agent

BY GEORGE REESE

The abundance of moisture that we have received this spring in Mills County has once again returned our thinking to crop production and ways to receive the maximum returns from our land.

Plant food elements are some of the essential requirements to produce maximum crops from our soil. The three most important plant foods are Nitrogen, Phosphates, and Potash.

The economical way to determine what your soil needs is to have the soil tested because a soil test aids in taking the grass work out of fertilizer needs. This service is maintained by the Texas Agricultural Extension Service at College Station. Research in Texas has shown close relationship between the way a soil test in the laboratory and how it responds to fertilizers in the field. A soil test will show which nutrients are deficient and are limiting plant growth.

In taking soil samples be sure that the ground is dry enough to work readily, sample each field and each distinctly different kind of soil within a field.

You get faster service and be sure of having the soil tests results in time to serve as a guide for buying and applying fertilizers if you avoid the rush period at the laboratory. For Fall plantings, take your samples in May, June, July and early August. For spring plantings collect samples during the latter part of October, November, December and January. Complete instructions for making soil tests and soil information forms are available at this office.

A labor saving device noted this week by this Agent was a 500 gallon portable tank used to water turkeys. Bertrum Geeslin of Center City has rigged up a high speed outlet from a 1800 gallon storage tank, this allows him to fill the portable tank in 12 minutes.

RUNNING WATER FOR DISHWASHING
Cuts Your Dishwashing Time IN HALF! Take the drudgery out of dishwashing. Let the wind or electricity pump the water for you! Plenty of water right out of faucet into your dishpan.

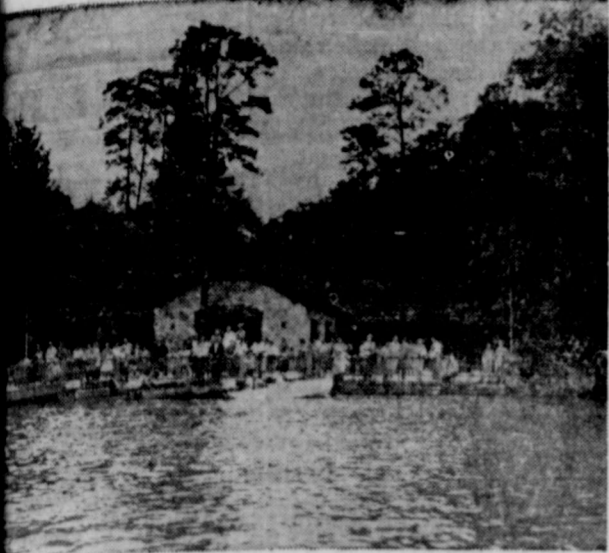

MAKES WASHDAY EASY
Turn the faucet in the laundry and you have abundant water for washing and rinsing clothes. Save all the back-breaking effort of pumping, lifting, and carrying water to the laundry. There is an Aeromotor water system to meet every need.

WINDMILLS
Put water where you want it... anywhere on the farm. Let the wind do your pumping. Wind power is free. Self-lubricating Aeromotor Windmill works without attention. Many capacities.

ELECTRIC PUMPS
For shallow or deep wells—all climates. Let an Aeromotor electric pump save the time you spend pumping and carrying water. A few cents a day will pump hundreds of gallons of water to your faucets.

STOP IN WHEN IN TOWN

HUNTSVILLE STATE PARK is on a paved park road that leaves Highway 75 six miles south of Huntsville. The park now has a lake behind a dam that was rebuilt last year. The spillway of the original dam was washed out by a heavy flood in 1940. The dam was financed by selling timber selectively cut in the 2,000-acre forest. During the idle period the lake was managed to get the best fishing. It was opened to fishermen in 1957.

Photo by Frank Dobbs, Huntsville.

HUNTSVILLE STATE PARK, for fishing on June 1, is a new recreation area opened to the public by the State Parks Board. The park is a wonderful fishing spot in a wonderful setting. It has been used, however, since 1924, when a heavy rainfall on the lake of the three streams into Lake Raven washed away the spillway of the original dam. A new dam designed to replace the 1940 dam was completed last year, and fishing has not until the recent years over Texas that the lake has been filled.

One advantage was the drought to prepare for ideal fishing conditions. Harmful acid growths on the lake bed were removed. The removal of beneficial grow-

Last Rites For Walter K. Saylor Are Conducted Tuesday Morning

Funeral services for Walter Kelly (Butch) Saylor, 17, junior in Goldthwaite High School, were held at the Goldthwaite Church of Christ, Tuesday morning, May 28, at 10 o'clock. Services were conducted by Wayne L. Zuck, minister of the church assisted by Rev. Presnall H. Wood, pastor of the First Baptist Church and Frank Farris, a former Church of Christ minister.

Walter was born in Brownwood November 1, 1939 and passed away in a Brownwood hospital Sunday evening, May 26. He was the son of W. G. Saylor of Goldthwaite and Mrs. C. V. Lanier of Avon Park, Florida. Walter Kelly had suffered from hemophilia most

of his life. He became ill and was carried to a Brownwood Hospital May 17. He returned home Friday of last week and became critically ill again Sunday morning and was carried back to the hospital where he passed away Sunday evening.

Survivors are his parents; two brothers, Stephen and Charles Hollis Saylor; four sisters, Jan, Martha Ann, Stephanie and Sally Saylor; three grandparents, Mr. and Mrs. Kelly Saylor of Goldthwaite and Mrs. D. W. Alderman of Avon Park, Florida.

Pallbearers were Thurman Scrivner, Colburn Ward, Eddy Jones, Bobby Booker, Phillip Edgington, Clarence Dellis, Jerry Don Hammond and Larry Hill. Honorary pallbearers were the

members of the junior class. Funeral arrangements were under the direction of the Roy Wilkins Funeral Home with interment in the Goldthwaite Memorial Cemetery.

Hall To Leave Central Texas Telephone Co-op

Ralph G. Hall, who has been manager of the Central Texas Telephone Cooperative for the past 14 months has resigned, effective June 1. He will move to Ingram, where he will be manager of the Hill Country Telephone Co-op.

R. C. Summy has been named acting manager for the Co-op at the Goldthwaite headquarters. He has been bookkeeper for the past two years.

Mr. Hall, a former resident of Lohn since 1916, operated the telephone exchanges at Lohn, Doole and Fisk, selling them to the Co-op in October of 1952, when it was organized. He was named plant superintendent of the Co-op after joining them in 1952, then plant manager, later moving to Goldthwaite where he has lived for the past 14 months.

Hall says the Central Texas Co-op is in good shape, in fact, "It's a lot better than when we started. We just need more customers." He added, however, that the Co-op is getting new customers since the rains.

Mrs. D. W. Arnold, who was formerly employed at the Co-op, is going back to work on a part time basis in the bookkeeping department.

Twenty-Six Goldthwaite Seniors Receive Diplomas Last Friday Night

BY RUTH ERVIN

"Get Wisdom, Get Understanding, and Forget it Not," class motto for the Class of 1957, was the subject for an address delivered by David Switzer, chaplain of Southwestern University to the graduates of Goldthwaite High School at the Commencement Exercises, Friday night of last week.

Twenty-six Seniors were graduated in the exercises held in the High School Auditorium that began with the procession by Mrs. Talbot Ledbetter, Invocation by J. W. Bowman and a salutatory address, "Satisfaction or Progress," by Edrie Schneeberg.

Class Song, "God of All We Thank" was followed by Mr. Switzer's address.

Colburn Ward, valedictorian gave an address titled "Here Am I, Send Me" and Shirlee Saylor, class treasurer presented the class gift, twenty four typewriter mats and a check covering cost of reupholstering of the divan in the home making room to Supt. Jones.

D. J. Williams, High School Principal presented awards to the following graduates:

Colburn Ward, valedictorian awards-Valedictorian Statuette, Texas Council of Church Related Colleges Scholarship, Texas Education Agency scholarship to Texas University, Bausch and Lomb Science Award, Readers Digest Certificate and Valedictorian Medal.

Edrie Schneeberg, salutatorian awards, salutatorian Statuette, Texas Council of Church Related Colleges scholarship and salutatorian Medal.

Lou Etta Jordan, Mills County State Bank scholarship to Tarleton State College and scholarship medal.

Connie Todd, Mills County State Bank scholarship to Tarleton State College and Athletic Medal.

Johnny Vaughan, Best All Around Boy Medal and Half scholarship to San Angelo Col-

lege. Nelda Jo Terry, Best All Around Girl Medal.

Shirley Rowlett, basketball scholarship to Clarendon College.

After the presentation of awards Mr. Williams presented the Class to Supt. Jones who presented diplomas to the following:

Lawana Benningfield; Jerry Collier; Kenneth Cook; Charles Cornelius; Walter Jones; Lou Etta Jordan; Nell Langford; Jerry Rind Loudamy; Dorothy Manuel; Wesley Nickols; Donald Padgett; Bobby Lou Parker; Charles Reynolds.

Also Gloria Roach; Zora Lee Roberts; Shirley Rowlett; Shirlee Saylor; Edrie Schneeberg; Thurman Scrivner; Nelda Jo Terry; Esther Thorne; Conrad Todd; Johnny Vaughan; Colburn Ward; Dorothy Warlick

and Carlene Woods.

After the Class Song by the graduates the benediction was given by Richard Hampton.

Immediately following the ex-

ercises seniors, parents, relatives, close friends and mothers were guests of the Mills County Youth Center

spent last Sunday in Brady in
the Jack Locklear home. Mr. and
Mrs. C. Locklear returned with
them after a weeks visit there.

Mrs. Bertha Weathers visited
Mr. and Mrs. Slick Vines Wed-
nesday.

Senator Johnson
And The Budget

Senator Lyndon B. Johnson
said in a statewide radio broad-
cast Sunday that he has never
regretted any vote he has cast
for a dam or a flood control
work.

"If this is a 'pork barrel' ap-
propriation, this country needs
more pork," he declared.

Senator Johnson pointed out
that even during the recent de-
vastating floods in Texas "some
Eastern newspapers were edi-
torializing against what they
called 'pork barrel' projects."

"What are these 'pork barrel'
projects? They are the dams and
flood control works that pre-
vent waters from sweeping away
men, women and children. They
are the irrigation projects that
store waters against times of
drought."

The Senator added that the
efforts of Congress to cut the
President's \$71.8 billion budget
are directed at eliminating
waste so there will be money to
spend for essentials.

Pointing out that for years
he has been a strong advocate
of an adequate defense system,
Senator Johnson said, "The real
issue before us is not whether
we will have an adequate de-
fense. It is whether we are get-
ting full value for our defense
dollar and whether there are
ways and means of being econo-
mical."

"There is much more involved
than economy. Our people look
to their government to be not
only prudent but efficient as
well."

The elimination of waste is
a job that can be done, he de-
clared, adding, "Congress has
shown that the budget can be
cut without depriving this coun-
try of any essential services."

Mr. and Mrs. Albert Pack
and daughters, Lois and Joyce,
had as their guests last Sat-
urday, his parents, Mr. and Mrs.
Pack of Stephenville.

— IT PAYS TO ADVERTISE —

Mullin Future
Homemakers Elect

Officers for 1957-58

BY ELDORA EDMONDSON
The Mullin Chapter of the
Future Homemakers of Ameri-
ca, elected Glenda Calder as
president of the chapter for the
next school term. She succeeds
Laura Anderson. Glenda, 15, a
second year homemaking stu-
dent, held the post of pianist
last term. She was also a close
runner-up for F.F.A. sweetheart,
a class officer, and graduated
from Mullin Junior High as
valedictorian.

MISS GLENDA CALDER

Other officers that were elect-
ed are: Nancy Reeves, vice-
president; third year, Peggy
Patrick, secretary; third year,
Mary Calder; treasurer; second
year, Eldora Edmondson; pub-
lic relations officer; third year,
Laura Anderson; parliamentar-
ian; senior, Carolyn Bramblett;
pianist; third year, and Bar-
bara Ratliff; song leader; third
year.

Other officers and committee
chairmen will be selected at a
later date.

Household Hint
To keep your thimble handy,
glue or nail a small cork to the
inside of the sewing machine
drawer. After each use, place the
thimble on the cork and you'll be
sure to find it next time you need
it.

Girl Scout Day Camp
To Hold Open House
Friday, May 31

The annual Girl Scout Day
Camp is in progress at Lake
Merritt this week with Mrs.
R. V. Geeslin as Camp Director.
Mrs. Jesse Moreland is the
Camp Chairman.

The girls this year are carry-
ing out the theme of "Inter-
national Friendship," they are

studying the habits and cus-
toms of different countries and
each of the five units at the
camp represent a different fore-
ign country.

An invitation to an open
house, tour and program is ex-
tended to the public for Fri-
day afternoon and evening. The
tour will start at 5:30 p.m. with
the program beginning at 6:30,
according to an announcement
by Mrs. Larry Dakon, assistant
leader for the Day Camp.

FRIENDLY TABERNACLES

The author of the 84th Psalm was a great lover of the earthly habitations of God. The temples, shrines and holy places of Israel were his chief delight. He found them friendly, inviting and comforting to his soul.

In one of his moments of spiritual ecstasy he broke forth in song: "How amiable are thy tabernacles, O Lord of hosts!" he sang. "My soul longeth, even fainteth for the courts of the Lord."

There are millions today who look upon God's earthly houses — the churches of the land — in much the same way. They are glad when the church hour comes and they can mingle with others in worship and spiritual fellowship.

The church around the corner or over in the next block is not a cold and formal place, once you come to know it. It breathes friendliness and sympathy. It comforts and inspires and points the way to a kind and loving God.

Come to Church on Sunday and enjoy the fellowship of God's people.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Appell Hill

PEARL CRAWFORD

Fall last week and early morning amounted to... There were some bad clouds. Mr. and Mrs. O. A. accompanied Mr. and Mrs. P. Oxford and sons to farm cellar Saturday

and Mrs. Charles Humphries in a few miles of... at the time the cyclone struck there.

The children were very when the school term last Wednesday. William celebrated Thursday the tractor and corn.

Wayne and Steve helped their dad harvest Thursday.

All the boys enjoyed a Thursday. We now have tanks of water.

Mrs. McMillon of visited Mr. and Mrs. A. C. and Wilford Sunday.

Mrs. W. A. Elms spent days with Mr. and Mrs. Roberson, James, Billy and Aubrey and Mr. and

Mrs. Hassell Elms and sons of San Angelo. They also visited another daughter-in-law, who suffered an infection from a tooth.

C. J. Crawford and Herman of Burnet visited Mr. and Mrs. A. L. Crawford and William G. and Mr. and Mrs. O. A. Evans recently.

Pvt. and Mrs. Charles Humphries of Denver, Colorado were recent guests of their mother, Mrs. B. F. Humphries.

Mr. and Mrs. J. C. Bramblett and W. W. Ratliff visited Mr. and Mrs. O. A. Evans recently.

Mr. and Mrs. J. S. Ivy have visited several times with Mr. and Mrs. J. M. Chaney at Lampasas. They found them doing nicely and had no property damage from the flood.

LaNora Jane and Steve Price are visiting their grandparents, Mr. and Mrs. V. F. Stevens.

Mrs. B. F. Humphries has returned from a visit with Mr. and Mrs. Don Humphries and Dannie and Mr. and Mrs. Douglas and family.

O. A. Evans celebrated his birthday Sunday. We wish him many more happy birthdays.

Baby Water Fall

THIS Spanish senorita in Madrid had no objection to being photographed while at her bath, but threw up her hands in despair when a pot of water was dumped over her head. (International)

Star News

Mr. and Mrs. J. E. Perkins spent Wednesday with Mr. and Mrs. Charlie Stephan.

T/Sgt. and Mrs. Ben D. Cox, Joyce and Gary of San Angelo spent the weekend with Mrs. Vera Cox, Mr. Will Rickel and Chester.

News About GI Loan Eligibility

GI loan eligibility is not restored automatically when a veteran sells his GI-purchased home and obtains a VA release from liability to the Government on the loan.
Dr. George T. McMahan, manager of the Veterans Adminis-

tration Center in Waco, said release of the veteran from liability does not affect VA's guaranty of the loan; therefore as long as the guaranty is outstanding no restoration of GI loan rights can be extended the veteran.
Dr. McMahan pointed out that even if the loan is paid in full, thus relieving VA of liability to

Cemetery Working At North Brown

Everyone interested in the North Brown Cemetery is invited to an all day working on Thursday June 6. Bring lunch and spend the day, there is lots to be done. Bring tools with which to work. Wheelbarrows and pickups will be needed, according to an announcement by the Cemetery Committee, Mrs. Jim Weatherby, secretary.
Miss Dorothy Warlick is visiting relatives in Fort Worth.

Billy Fred Daniel To Receive Degree At Texas Tech

Billy Fred Daniel of Mullin is one of the 145 students in Texas Tech's School of Agriculture among more than 800 candidates for degrees during the institution's commencement on June 3, at 8 o'clock, in Jones Stadium, Lubbock. Convair Vice-President, August C. Esenwein of Fort Worth will be the speaker.
Billy Fred will receive a Bachelor of Science degree in Agriculture.

Mr. and Mrs. Pat Fallon of Weslaco spent the weekend with her sister, Mrs. L. V. Benningfield, Mr. Benningfield and children and other relatives here. They also attended the commencement exercises Friday night.

Mr. and Mrs. Leslie Faulkner and sons of Dallas spent the weekend with his sister and family, Mr. and Mrs. L. V. Benningfield. They were accompanied home by Miss Lawana Benningfield who will spend the summer in Dallas.

STAR Agriculture

Released by
The Texas Department of Agriculture

By John C. White, Commissioner

CONSUMER IS BOSS
A change is under way in the modern agricultural marketplace. The retailer has become an important role in the marketing of farm products. Today's consumer knows merely what the retailer has to offer.

Where the retailer has the word, the boss of the marketing today is the consumer. The Texas Department of Agriculture is proud of the work it is doing to help the consumer level. In the future, the retailer will be the boss.

AMOURETTE
AUTY SHOP
Phone 48

DERMATICS
OF COSMETICS
LOY ROWLETT
ENE BENNINGFIELD

Inspection, grading of commodities, testing of weight and measures, are but a few of the services TDA renders for consumer benefit. Marketing changes in recent years—caused by "Boss" consumer—have created greater competition among producers and their products. And this competition for the consumer's dollar has improved efficiencies and cut costs. Farmers have many responsibilities, in this "super market" of commodity promotion. They must be constantly alert to the demands of "Boss" consumer. And to meet the growing competition, they must produce better products at lower production costs.

The Texas Department of Agriculture—like the farmer—has gone through a transition period marked by a changed agriculture. Its operations are now geared to keeping open the channels of trade within and without the state. It has become chiefly and agricultural law enforcing agency with primarily administrative and regulatory duties. And its work concentra-

tes heavily on the consumer, through the TDA marketing Division.

As the agricultural marketing picture continues to change, TDA must likewise assume different roles to meet this challenge.

After all, we must either move forward or backward.

Notary Public Appointments To Be Made Soon

Secretary of State Zollie Steakley has announced that he will reappoint persons now holding notary public commissions but that such persons must re-qualify by the filing of a new oath and bond with the County Clerk of his residence between June 1, 1957 and June 10, 1957.

Steakley emphasized that notaries public should not send requests for reappointment or for commissions directly to the Secretary of State. The law specifically requires the County Clerk to approve notary bonds. Any person not now a notary public who desires appointment should apply to his County Clerk now. Applications during this period will assure prompt attention before the rush procedure of reappointing present notaries.

Secretary of State Steakley further pointed out that each person applying for a commission as a notary public must be at least 21 years of age and a resident of the county for which he is appointed. The exact name and permanent address of the applicant must be furnished the County Clerk.

Miss Carolyn Graves Is Senior Counselor At Texas Lions Camp

KERRVILLE, (Sp)—Miss Carolyn Graves of Goldthwaite, a musical education student at the University of Texas, will serve the Texas Lions Camp for Crippled Children here this summer as a senior counselor.

Miss Graves, the daughter of Dr. and Mrs. T. C. Graves, who was an outstanding student at Goldthwaite High School where she was salutatorian and best all-around girl of the junior and senior classes, is no stranger to Kerrville.

She spent six summers in the Hill Country at Mount Wesley. She served as a counselor at Camp Idlewild at Mission and frequently as counselor for Scout Day Camps.

Miss Graves will greet the other members of the staff at a special counselor's banquet May 30, which starts an intensive two-day orientation program before the camp opens the first of six two-week sessions June 2.

The camp has 15 permanent buildings on 504 beautiful hillside acres and is free to any handicapped child in the state from 7 through 16. Applications are handled only through local Lions Clubs.

ABOUT YOUR HEALTH

A weekly public service feature from the Texas State Department of Health.
HENRY A. HOLLE, M.D., Commissioner

AUSTIN—This can be said without reservation: we'll have more insects to fight this year than ever before, especially flies and mosquitoes. The reason is the unprecedented seige of wet weather most of the state is going through this spring.

Mosquitoes breed in standing water—whether in a Gulf Coast marsh, a West Texas stock tank, or tin can or old tire in the backyard. They harbor in damp vegetation and undergrowth like we have so much of this year. As for flies, they'll be breeding in the garbage of washed-out sanitary landfills, and in sewer lines broken or overflowed by floods. And conditions are equally favorable for most other insect species.

Insects have troubled man ever since he has been on earth. They have bitten and stung him. They have destroyed his food, his clothes, his home. They have carried germs that brought him horrible death. In all, entomologists can identify some 10,000 insect "public enemies" that do \$4 billion in damage annually.

Let's realize, though, that some insects are not harmful, and others actually do valuable chores for man. Various species of beetles feed on harmful insects, and some caterpillars eat weeds. And other insects, like the honey bee, pollinate crops. Nevertheless, with all his scientific knowledge, it is only by constant effort that man is able to hold his own against insects.

Consider just a single crop—wheat. Each year insects destroy in stored wheat the equivalent of 2 billion loaves of bread, enough to supply every person in the United States for seven weeks. Or consider just a single disease—encephalitis, spread by mosquitoes. At least 500 cases occurred in the Plainview area last summer. Many of the victims died.

But let's be fair about it. Insects got here first. They've been on this earth for at least 250 million years, 250 times longer than man. And in all that time, they have remained

relatively unchanged. The roach, for example, looks just about as he did 250 million years ago. Old fossils and stone impressions tell us this.

For thousands of years man probably swatted or squashed insects to defend himself against them, but by 1,000 B.C. Homer was talking about sulphur as a fumigant. Since then insecticides have steadily improved. One DDT, was developed in 1942, and gave early promises of providing the knockout punch against insect hordes. But it hasn't. Entomologists say flies, salt marsh mosquitoes, roaches, and lice quickly developed resistance to the chemical, and Mexican beetle, spider mites, and many aphids are not affected by it.

Today we know a complete program of insect control calls for constant application of good home and community sanitation—such things as garbage cans with tight lids, good systems of garbage pickups, and well-operated sewerage disposal plants—together with periodic spraying with effective insecticides.

Information as to which insecticide is best for your specific use can be had by writing to your local or state health department.

Report On Bond Sales In County

Sales of E and H Savings Bonds in Texas for April were \$13,577,045. This represents an increase over March of \$461 thousand. Mr. Nathan Adams and Ed Gossett, Chairman and Co-Chairman of the State Savings Bonds Committee, announced today.

In the first four months Texas achieved 30.4 per cent of its Savings Bonds goal. Total sales through April were \$58,737,766. Sales in Mills County amounted to \$58,002 during the first four months which was 42.9 per cent of the 1957 quota of \$135,170 according to W. P. Duren, Chairman of Mills county.

"New Savings Bonds are bet-

ter than ever due to improved interest rate. Series E and H Bonds purchased currently will now yield 4 1/4 per cent compounded semi-annually, when held to maturity. This new rate is effective for all Series E and H Bonds purchased on or after February 1, 1957," Chairman Duren stated.

Services At Church Of The Nazarene

Rev. David Strack, pastor of Willis Memorial Church of The Nazarene in Brownwood, will conduct services here each Sunday afternoon at 2:30. Bro. Cooper and wife from Brownwood will have charge of the song services. The public has a hearty welcome to attend.

Sandwiches For Parties

BON SANDWICHES
Sandwiches and sandwiches make good party fare. They take a little extra preparation, but the result is rewarding. In fact, one had so much success with that she now has a prospective catering business.

Crusts
Prepare the loaf, remove from 1 loaf of bread. Cut lengthwise into 5 equal slices. Spread each slice with butter in the following order: place one layer on top of the loaf. Frost loaf as usual.

Deviled Ham Layer
Use 2 (2 1/2-oz.) cans deviled ham, paprika.
The next layer, combine 4 hard-cooked egg yolks, 1/2 salt, 1/2 tsp. powdered dry mustard, 1/2 tsp. black pepper, chopped cucumber pickle, 1/2 tsp. mayonnaise, mixing.

Third Layer
Combine 4 hard-cooked egg whites, finely chopped water cress, 1/2 salt, 1/2 tsp. black pepper, mayonnaise.
Spread remaining layer with contents of a 5-oz. jar pimento cheese.

Crusts and Garnish
The frosting, soften 3 (3-oz.) cream cheese with a little cream and spread.

on the outside as you would frost a cake. Garnish with paprika and parsley. Serves 12.

Lobster sandwiches are always a good choice for party fare. For 12 sandwiches, cut thinly sliced bread into heart-shaped pieces and spread with softened butter.

Mash 1 c. lobster meat moistened with 3 tbsp. mayonnaise. Spread on bread and serve open with a garnish of minced, sweet pickle.

Old Favorite
Here's an interesting version of an old favorite, the club sandwich.

For each person to be served, allow 3 slices of buttered bread in lieu of the usual toasted slices.

Place a lettuce leaf on the bottom slice and spread with mayonnaise. Add slices of chicken and dust with salt and pepper.

Place the second slice over this. Cover the second slice with a lettuce leaf, spread with mayonnaise. Add slices of ham and place a slice of tomato over the ham. Spread with mayonnaise. Cover this with the remaining slice of bread.

Remove crusts with a sharp knife. Cut to form two triangles. Serve on individual plates, smartly garnished with celery curls, dill pickles, radish roses.

Use diet-type mayonnaise for waistline watchers.

loves to cut loose and cover the miles!

If you're looking for a real "escape artist," a car that loves to step out and get away from it all—well, it just happens that Chevy was born with that urge.

If there ever was a car that loved to cut loose and cover the miles, it's this one. Yet it's so easy to handle that it even makes city traffic seem a bit lighter and parking places a bit bigger.

Chevy's pretty easygoing out on the highway too. Not pokey. Far from it. You find, for example, there isn't a hill around that can make it breathe hard

—not with Chevrolet's high-performance V8 on the pulling end. You've got up to 245* horsepower here for the biggest helping of driving pleasure found in the low-price field!

Chevy's new Positraction rear axle (optional at extra cost) adds still more pleasure. It delivers greater power to the wheel that grips, not the wheel that slips. You have surer control and better traction on any road surface.

Stop by your Chevrolet dealer's before another good driving day goes by.

GET A WINNING DEAL ON THE CHAMPION!

*Optional at extra cost. 270-h.p. high-performance engine also available at extra cost.

Only franchised Chevrolet dealers display this famous trademark

AUSTIN, Texas.—Officially Texas '55th Legislature now is in the history books. But the real story comes within the next few months when hundreds of new laws take effect.

They'll change people's lives—a little bit or a lot. Voter reaction to these changes will provide grist for the 56th session and determine how many 55th legislators will survive for the 56th.

Biggest issue of the past five months were water, segregation, reform measures, teachers pay and insurance. Here's what the lawmakers did:

WATER—Passed a proposed constitutional amendment for a \$200,000,000 bond issue to help local governments build dams and reservoirs. Failed, despite frantic last-minute efforts, to pass another amendment for a \$100,000,000 bond issue to buy water storage space in federal reservoirs.

SEGREGATION—Passed two of eight segregation bills. One allows local school boards to assign pupils to certain schools; other requires local option election before schools can be integrated.

Another, requiring registration of groups advocating integration or segregation, was declared unconstitutional by the attorney general. He said it would violate freedom of speech and press. Other House-passed bills died on the vine after repeated Senate filibusters made it apparent it would take all summer to get them through.

OFFICIAL REFORM—Passed a code of ethics bill prohibiting state officials and employees from engaging in outside activity "in conflict with the public interest." A sprinkling of officials already have filed statements of their private interest with the secretary of state as stipulated in the law. A lobby-

ist registration bill died when the House and Senate couldn't iron out differences. A host of others proposed as reforms were ditched earlier.

TEACHERS PAY—Legislators, with Gov. Price Daniel's help, found, after raking and scraping, enough money to give each public school teacher a \$399 a year raise. It meant recalling two other money bills, one to pay off some old bonds and one to refund taxes paid under an unconstitutional law. Situation was tense when Comptroller Robert S. Calvert first ruled the state's kitty was \$13,000,000 short of enough to cover.

INSURANCE—Passed a host of laws bringing a whole new system headed by new men into the battle-scarred Insurance Commission. Deadlock over a full-time or part-time board was finally compromised with a full-time board for one year, part-time thereafter. Policy-making board members will get \$15,000 a year when working full time. Added to set-up will be a full-time \$30,000-a-year Commissioner of Insurance who will be top administrator.

Stemming mostly from the multi-million-dollar ICT and US Trust failures, several other bills were passed placing stricter requirements and limitations on insurance company officials. However, the Legislators fell flat on their faces when it came to requiring publication of financial statements by insurance companies. The bill never got out of the House Committee on Insurance. So only those companies that want the public to know will print them.

AND THESE, TOO—Aside from the big issues, scores of not-so-major laws will cause Texans to change their way of doing things. Here are a few:

A "Scratched Ballot" is the only legal way to vote in future elections. No more choice between scratching and checking.

Texas Woman's University of Denton, once Texas State College for Women and before that, CIA, will be the nation's first in that category. Women have a right to change their minds, reasoned solons. Besides, there were hundreds of cute little coeds around, a "lobbyin'".

State Judges, both district and appellate, will get raises of

about \$3,000 a year apiece. City Officials can be elected for four instead of two years if voters okay a proposed constitutional amendment. Individual cities would then have to adopt the four-year plan.

Flooded Lampasas and wind-swept Silverton will get \$40,000 to help rebuild public property under an emergency bill.

Price Daniel family will get a better roof over its head. Money was authorized to repair the Mansion ceiling that collapsed recently, just missing the governor.

Texas archives will get a brand new building. Shunting of historical documents from barns to basements to quonset huts in past years had brought a hue and cry from civic groups.

Auto license tags will cost 10 per cent more. Highway Department is to use the extra funds to share 50-50 with cities and counties, the cost of right-of-way for new roads. Previously cities and counties have had to bear all land costs.

Governor's signature is still pending on many bills, of course, but vetoes are not expected on any of the above.

In addition, this legislature, as others, passed literally hundreds of "local and uncontested" bills. These are ground out in batches, usually without anyone but the author knowing what they do or why.

NEW FORCE—Future office-seekers will have a new force to reckon with—the Democrats of Texas.

D.O.T., a new name for the old Liberal-Loyalist wing of the party, has set itself two goals—to gain control of the party machinery in Texas and to put its adherents in control of state government.

Some 1,500 delegates from 106 counties attended the organizing rally in Austin. Mrs. R. D. Randolph of Houston, Texas' liberal-minded national committeewoman, was named leader. New U. S. Sen. Ralph Yarborough flew down from Washington to speak.

D.O.T. is frowned on by Governor Daniel and Executive Committee Chairman Jim Lindsey. D.O.T. charges them with "usurping" party control at the Fort Worth convention.

SHORT SNORTS—Texas Railroad Commission has cut the June oil allowable to 3,434,618 barrels a day on a 15-day producing pattern. It's a big come-down from March's all-time high—3,733,054 on an 18-day pattern. . . . Sen. Carlos Ashley of Llano will be president pro tempore of the Senate for the interval between sessions. He succeeds Sen. Ottis Lock of Lufkin. . . . Before adjourning, the Senate confirmed three appointments by Governor Daniel to the Texas Prison Board. They are Lewis Nordyke of Amarillo, Jack Vaughn of Dallas, and J. M. Windham of Livingston. . . . Appointed and confirmed for the State Board for Hospitals and Special

Moms Beat Pops In Benefit Game

The benefit baseball game played at the local diamond Saturday night was all in favor of the Moms. According to L. J. Ward, president of the Little League, "the moms really beat the sox off of the pops," though there was no official score kept, it was easy to see that the moms were the better players.

The officials of the Little League are very appreciative of all the help give by the local business people and everyone else who in any way helped in

the ticket sales for this benefit game. They are sorry that the game could not be scheduled

on a night with better weather, but due to the schedule for the Little League and Pony

games, starting next Saturday night.
