Breeders' Association Holds Annual Meeting

HIGH STEPPERS — Pictured are members of the Goldthwaite High School cheer leading team who will take over their duties as plans get underway for the new school year and the '57 football season.

They are left to right: Benna Von Reid, junior; Lynda Hall, senior; head cheerleader Linda Langford, senior; Maria Eubanks, sophomore, and Linda Dennard, junior.

They were elected to their posts as cheerleaders for the 1957-58 school year after the close of last school year. The girls are making plans to attend cheerleaders' training school at SMU August 26-30. The pep squad sponsor is Miss Love Gatlin.

Quarterback Club To Build Press Box

In a called meeting Monday night of this week, the Quarterback Club voted to finance the building of a press box for the new bleachers at the Eagle Stadium, to be finished in time for the first home game, according to an announcement by Lewis Hudson, president, and Dr. R. Glynn Raley, secretary of the club.

In talking with Mr. Hudson, he stated that the north, west and east sides of the press box would be closed in with the south or southeast side being open for announcers and members of the press to view the games.

Coaches Return From Annual Coaching School

Both Mr. Gunn and Mr. Hampton returned from a full week in Dallas in an Annual Coaching School which was climaxed with a game between the North and South in basketball on Thursday night and a football game on same area division on Friday night. This is an event in which coaches are drilled on latest methods and practices in athletics. Both men report a fairly successful week.

Our head coach and assistant coach are each attending Howard Payne College this summer working on a Master Degree as is Mrs. Euna V. Barnett. Both men lack quite a lot in work but Mrs. Barnett is receiving her degree this month. Miss Laura Nelson also spent six weeks in school there this summer.

Work on the bleacher seats is nearing completion but the lumber will arrive Friday and will be attached to the frame work soon. The Quarter Back Club has agreed to underwrite the construction of a press box to the tune of \$360.00. When completed this will give an out-and-out new set of north side bleachers that will have a capacity of 1200 people.

The School board agreed to set up 120 reserve seats and offer to the public at \$7.00 for the season of five home games which will be \$1.40 per game. Charles Conradt will be in charge of sales of season and reserve seats as soon as tickets are completed. Also, we will have parking area space for a few cars with the best location being \$7.50, the next area being 6.25 and the outside area being \$5.00. This space will be sold, as will be the reserve seats, on a First Come-First Serve Basis for cash. These charts will be completed and in the hands of Charles Conradt within two weeks. Also these may be purchased from the superintendents office.

The public is invited to visit the field and inspect the new stands and seats. It is hoped that a new concession stand can be arranged before school opens. Rest rooms in the old high school building will be opened to the public with outside entrances.

Mr. and Mrs. Dan Covington spent Sunday near Priddy with her daughter Mrs. Charles Schrader and family.

Mr. and Mrs. Gus Kirby have returned home from an extended visit in Kermit with relatives.

Mrs. Seneca Cowan of Clint is a guest of her parents, Mr. and Mrs. Travis Long.

In the election of officers, the following were re-elected for another year: R. L. (Bob) Steen, president; Norman Duren, vice-president; Glynn Collier, treasurer.

Tom Cody Graves Writes From England

ENGLAND, AUG. 7—Dear Editor: This has been the most interesting week of our trip. Saturday, August 3, we saw the Queen of England and the Duke of Edinburgh. My assistant scoutmaster, Mr. McKnight, got so close to the Queen taking pictures that the Queen stopped and talked to him.

Monday, August 5, we saw Lady Badenpowell and the president of the World Council of Boy Scouts. Later that day we saw the president of the English Boy Scouts. I even got to talk to him. Monday night we had a rainstorm that was one of the worst storms this year. The papers in England said that all of the boys had to be evacuated, but we haven't found any yet that have.

Today, Wednesday, we are going to the chocolate candy center of England. Tomorrow we go near Liverpool to the large boat works.

Sincerely,
Tom Graves.

Democrat Baptist Church Revival Aug. 21-28

The revival meeting at the Democrat Baptist Church will begin Wednesday, August 21 and continue through August 28.

Rev. Whiteright of Grand Prairie will be the evangelist. James Driskill will direct the singing and Lynn Shelton will be in charge of the music.

Everyone in Democrat and surrounding communities have a special invitation to attend the revival.

Sanford Allen Musgrove, former owner of Musgrove Radio and TV has closed his shop in Goldthwaite and will attend the University of Texas this fall.

Mr. and Mrs. John Parker have returned home from a visit with their daughters and families in Fort Worth.

Miss Patricia Bryan of San Angelo and G. E. Bryan of San Antonio visited their parents, Mr. and Mrs. C. D. Bryan and Cecil recently.

Mr. and Mrs. Tom Womack and daughter, Nancy of San Saba were guests of Sheriff and Mrs. C. F. Stubblefield and Sam Sunday.

Mrs. Duane Barron and girls, Diana and Mary of Hearne are visiting her mother and brother, Mrs. Annie Armstrong and Bill.

Mr. and Mrs. W. M. Baker of Ranger were recent guests in the C. D. Bryan home.

School To Begin September 3; Schedule For 1957-58 Announced

In a recent board meeting of the public schools, the opening of school was set for September 3, the day following Labor Day which is a Tuesday. The school will run continuously for nine months with two days off for Thanksgiving, a full week and three days for Christmas, a day for District Teachers Meeting in San Angelo and two Spring Holidays with the close of school set for May 23, 1958 but any days missed will have to be made up either on Saturdays or on extension of time in May.

The school board accepted resignations of Miss Florence Whitehead and Mr. Lee R. Tesson—Miss Whitehead due to her state of health and Mr. Tesson because he has accepted a full time scouting work in Area IX. He is located near Woodville, Texas where he gets his mail. Miss Whitehead is at home with her sister in San Antonio at 314 Fairview Avenue. These resignations, together with Mrs. Egger, leaves three vacancies unfilled. The school board approved the placement of teachers as they were last year with the exception of Mrs. Mankin who is assigned a first grade position, and selected Mr. Frank Conger of Robert Lee as an elementary teacher and assistant in playground work if his services are still available. Mr. and Mrs. O. B. Hale were offered positions in our schools.

Dan Long was elected bus foreman for the coming year. It is hoped that the re-routing of the buses can be accomplished in a way that will not require so many miles on some of the buses and such a few miles on others. The State of Texas expects the routes to be arranged in such a way that no child will be required to ride more than 2 1/2 hours each day. Mr. Long is working with Supt. Jones on the routes and other drivers will be elected in a called meeting.

The school board elected Mrs. Edith Straley and Mrs. Floy Inez Elliot as supervisors in the lunch rooms with Mrs. Opal Henkes, Mrs. Earline Benningfield, Mrs. Loreta Long and Mrs. Lola Huffman as assistants in the lunch program. It is hoped that the prices to be charged for lunches will remain

the same.

School insurance for students was selected in a past board meeting with American Income Life of Indianapolis, Indiana as the underwriters with the State Office being in San Antonio. The charges will be \$2.00 per pupil and \$4.00 for each worker outside of the faculty. Last year, as in years past, the payments on accidents exceeded the premiums paid by several dollars thus it appears that an investment of \$2.00 is a safe investment.

The school board signed an agreement with the county school board to cooperate in the county wide supervision program on limited or specified basis. Mrs. Elva Delapp has held this position since it was created several years ago. Mrs. Lillian Stokes was recommended by our local board as a nurse on this program.

Flower Show Outlined At Garden Club Meeting

The Goldthwaite Garden Club will be making Christmas decorations for state homes and hospitals. Mrs. J. M. Oglesby and her committee were given permission to select the type of decorations to make and the institutions to send them to.

The program committee gave an outline of the programs for the year. A spring flower show was also discussed and the theme "TV Interpretation" was selected. The meeting was brought to a close with high hopes for a successful year for the Garden Club.

VIC'S SOLILOQUY

John E. Bohannon extends greetings to friends in Mills County when he writes as follows:

"Please find attached my personal check which will pay another year's subscription to the Eagle. I am not able to decide why I take the 'thing,' unless it is due to having been raised in Big Valley. Finished high school at old Goldthwaite High, class of '28. Best and biggest class yet—54. Had some of the 'orneryest' boys and prettiest girls ever.

"I remember more especially Miss Love Gatlin—history. She has been a very faithful teacher, and seems to me it would be appropriate for Goldthwaite to have a 'Miss Love Gatlin Day,' or some other form of recognition for this lovely lady.

"I live in Marshall, Texas. Am general superintendent for LeCuno Oil Corp., general offices, Jefferson, Texas. If any of my old friends are through Marshall, they are most welcome to call and visit me."

How's that for a tribute to a history teacher from a former high school student?

☆☆☆

I guess Charles Conradt will take his sign down, so to speak, when it comes to his ability to catch fish. Charles is the guy who reportedly caught two bass on one lure at the same time not long ago. When his story was told to some of his friends Gerald C. Head asked him whether one of the bass had hold of the other's tail as they came out of the tank. Charles had a good answer for that, he informed Mr. Head that they came out of the tank holding hands.

Getting back to taking down the sign on fishing ability. This is of course fishing in a different class.

Hollis Blackwell and his family, Mrs. Blackwell, Peggy and Bill, had a very good fishing trip recently down on the coast.

Hollis landed a 6 foot three inch sail fish and a six foot Baracuda shark. The sail fish was landed 22 miles out in the Gulf while they caught the shark 40 miles from land. We are looking forward to seeing the sail fish which is to be on display soon.

☆☆☆

Folks had a real treat Sunday afternoon when they had the opportunity to inspect the new Goldthwaite Telephone Exchange.

Officials of Southwestern States Telephone Company and local personnel were hosts while they observed open house. This gave a lot of people a first time opportunity to see the new building and equipment. Also it afforded them the opportunity to see just how automatic dialing system works as the calls go through the equipment and get their party on the line.

A large number turned out for the occasion. While there was some stormy days after the conversion to dial system company officials state that most of the trouble spots have by now been ironed out and things should settle down to high class service.

☆☆☆

There is an interesting sign on the highway near the city limits of McGregor. It reads: "If you lived in McGregor, you would be almost home now."

☆☆☆

Little as you may think about the matter it will soon be time for opening of school and with it comes annual back to football spirit. Before too many days the football workout program will get underway and even though the weather may still be quite warm we will all get the feeling that fall is about on us.

If you want to really see some activity just go up to Eagle Stadium and watch Carl Letbetter and Horace Brooks and their helpers as they are rushing work on the new bleachers on the north side of Eagle field.

Things are really buzzing around there as the steel framework takes shape for what everyone hopes will be nice, neat and comfortable seats for football fans as the season opens in September.

The first home game will be played against the San Saba Dillios on September 13. And as we mentioned before that isn't far off.

It is always interesting to listen to fans around town when it comes to football talk. About Thanksgiving time each year it appears almost a dead duck. Then the next year long about August it really comes to life again.

WHEN THE OLD BIRD WAS YOUNGER

10 YEARS AGO—

(Taken from the Eagle files of August 15, 1947)

After 28 years in the dry goods business and a total of 50 years in public life, O. H. Yarborough, well known Goldthwaite business man, this week sold his interest in the firm of O. H. Yarborough and Sons to Harold Yarborough and Ray Duren. The establishment will continue to operate under the name Yarborough and Duren.

Mrs. Ethel May Griffin was born July 16, 1887 and died August 8, 1947 at 3:45 in the morning. She was the daughter of Mr. and Mrs. L. Covington and was born and reared in the Pleasant Grove community.

Jefferson Davis Urquhart, better known to Mills County residents as "Uncle Jeff" died August 7, 1947. He was the son of Louisa and Alexander Urquhart and was born May 5, 1860 at Briarhill, Alabama.

Josephine Woodard was born to L. B. and Jamina Ann Woodard July 13, 1869, in San Saba County near Cherokee. She departed this life in north Goldthwaite after a long illness at 2:55 o'clock July 28, 1947.

A message was received here last week by Mrs. Sam Sullivan concerning the death of Otis Hearn, who passed away at his home in Seagraves August 7, after a short illness. Burial was in Lubbock.

Mrs. Sarah Elizabeth Chapman died at her home at Waco on July 29, 1947 following a stroke.

Mrs. G. W. Jackson was surprised on her 84th birthday Friday morning, August 8, when greeting cards from relatives and friends began showering in. A lovely dinner was enjoyed by her children, grand-

children and great-grandchildren.

Benoz Wasserman, 14-year-old daughter of Mr. and Mrs. August Wasserman of Mullin won first place on her dress in the 4-H Dress Revue held in the District Court Room August 4, 1947.

25 YEARS AGO—

(Taken from the Eagle files of August 12, 1932.)

County Clerk L. B. Porter has issued marriage licenses to R. W. Loudamy, Goldthwaite, and Miss Alta Kerby, Mount Olive; Clyde H. Alworth, El Paso, and Miss Margaret Lucile Houston of Dallas.

The school side walk has been built from the high school building around to the gram-

mar school building and a curb built at the edge of the walk already there.

Mr. and Mrs. Sam Peebles and children returned to their home at Blessington Monday. Mrs. Peebles' mother, Mrs. W. M. Johnston, accompanied them home for a short visit. Mr. Johnston is keeping "batch" in silence.

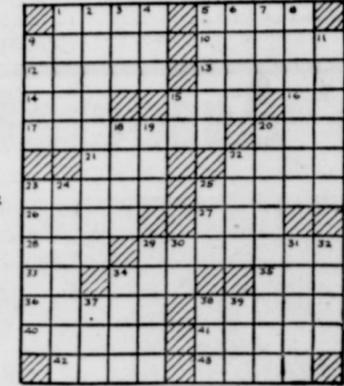

Mr. and Mrs. S. G. Lasarsky and children have returned from a visit to her sister, Mrs. B. B. McBride, in Arlington. Mr. Lasarsky also spent several days in Greenville on business.

After his usual summer vacation Fred Martin left last week for Dallas, where he will attend the fall market before going out on the road.

Mr. and Mrs. M. Dare of Robstown spent several days in the home of their son, Rev. H. H. Dare, this week. Rev. Dare's sister, Mrs. J. H. Dittlinger, and two sons accom-

Inside WASHINGTON MARCH OF EVENTS

Massachusetts' Kennedy? Off and Running for '60! | Young Senator's Campaign Well - Planned, Financed

Special to Central Press Association

WASHINGTON—Political observers agree that Senator John F. Kennedy is off and running on one of the best-financed, most carefully-planned presidential nomination campaigns in history.

In public, the Massachusetts Democrat's only pitch has been his shy admission that he would not reject the nomination. However, in private, the shrewd, able, courageous young war hero and his multi-millionaire father, the former ambassador to Britain, Joseph P. Kennedy, are masterminding an all-out drive to send Jack to the 1960 Democratic convention in an impregnable position.

The senator believes he already has cut the ground from under those who maintain that a Roman Catholic can't be elected President of the United States. He points to his strong support in the South, whence came the strongest opposition to the only Catholic ever to be a presidential nominee, the late Gov. Alfred E. Smith, of New York.

When Congress adjourns, Kennedy will visit areas where his backers are comparatively few—notably in the farm belt. He hopes to convince rural America that despite his opposition to high, rigid price supports he is a true friend of the farmer.

● **DISARMAMENT**—Diplomatic observers agree that Soviet Communist boss Nikita Khrushchev is attempting to force America's hand on the issue of atomic disarmament.

Close study is being given to Khrushchev's recent assertion during a visit to Finland that if it would facilitate a ban on nuclear tests Russia would agree to "the establishment of inspection posts in the Soviet Union, the United States, Britain and other countries." This was construed as an effort by Khrushchev to seize for the Kremlin the initiative toward an agreement to halt the tests of big nuclear weapons which have created such intense public feeling in Japan and other countries.

The President and Secretary of State John Foster Dulles are known to be considering a new proposal which would compel Russia to put up or shut up. Both West German Chancellor Konrad Adenauer and Japanese Premier Nobusuke Kishi are believed to have been consulted on United States plans to seek a showdown with the Soviets on the atomic arms issue.

● **MAO'S TROUBLES**—Word from inside Red China is that Communist boss Mao Tse-tung is confronted with a crisis occasioned by the "rectification" campaign he launched last May.

The campaign was intended to permit Chinese citizens to air their complaints against abuses practiced by Communist officials. However, instead of contenting themselves with talking about their troubles, the Chinese masses threatened to take violent action to right their wrongs.

Thus Mao, who intended to liberalize totalitarian rule, was compelled to alert his police force for stern repressive measures against counter-revolutionaries, saboteurs, and "other criminals."

● **SLEUTHING UNLIMITED**—Despite shocked warnings that congressional investigations have been crippled by the Supreme Court, look for inquiries to go on in as great a quantity as ever.

There will be a difference, however. Committees are expected to make an ardent effort, to comply with Supreme Court rulings so future contempt cases against balking witnesses will stand court review.

The Senate internal security subcommittee gave the tip-off to the new strategy when it opened a recent hearing with a 30-minute recitation of why the witnesses had been called, what the legislation hearing hinged on, and what the witnesses would be asked.

The committee later considered contempt actions against two witnesses who refused to answer questions despite the lengthy explanation, but who did not invoke the Fifth Amendment's protection against self-incrimination.

The Senate also is thinking of whether to "try witnesses itself, rather than use the normal channels of the federal courts.

MRS. WILLIAM N. McCALLY

Double Ring Ceremony Unites Miss Barnett And William N. McCally

Before an altar with a background of greenery, beautiful floral arrangements of white gladioli and candelabras with tall tapers Miss Greta Allene Barnett became the bride of William Newton McCally of Corpus Christi. The First Methodist Church of Goldthwaite was the setting for the exchange of vows Saturday evening, August 10, at 8 o'clock. Rev. H. Peyton Waddill of Austin, uncle of the bride, officiated at the impressive double ring ceremony.

The bride is the daughter of Mr. and Mrs. W. C. Barnett of Goldthwaite and the bridegroom is the son of Mr. and Mrs. Fredrick Lee McCally of McKinney.

A program of nuptial music was presented by Lathon Jernigan, organist, who also accompanied Lane Barnett as he sang "Because."

The lovely bride, given in marriage by her father, wore a waist-length gown of white chrysolette and imported Swiss lace. The princess bodice tapered to a large bow in the back giving a bustle effect. A band of seed pearls held the shoulder length illusion veil. She carried a white Bible topped with a white orchid and stephanotis.

Miss Doris Allbright of Crockett was maid of honor and Harold H. Henke of San Antonio served as best man. Gene Barnett, brother of the bride from New York, and Pat McDowell of Dallas, ushered. Curtis Barnett of Brownwood and Edwin McCally of McKinney lighted the candles.

Immediately following the ceremony a reception was held in Fellowship Hall. Mrs. Weldon Barnett of Brownwood, Mrs. H. A. Miller, Dallas, and Miss Sandra McCally of McKinney were included in the house party.

After a wedding trip to Grand, Bryce and Zion Canyons, Mr. and Mrs. McCally will be at home at 4653 Totton Drive, Corpus Christi.

The bride is a graduate of Baptist Memorial School of Nursing in San Antonio and from Trinity University, where she belonged to Spurs Social Club. She was a school nurse in Dallas for three years before accepting the position of program director of Community Settlement House in Corpus Christi.

The bridegroom is the assistant manager of the Corpus Christi Country Club. He attended Swathmore College where he was a member of Phi Sigma Kappa and received bachelor's and master's degrees from Trinity University where he was a member of Tri-

niteers and Blue Key and was selected for Who's Who Among Students.

Out of town guests attending the wedding were: Mr. and Mrs. George McCally, Eddie and Sandra, McKinney; Mrs. John L. McDowell and Pat, Dallas; Mr. and Mrs. Lane O. Barnett, Linda and Susan, Austin; Mrs. Hubert Miller, Valley Mills; Rev. and Mrs. H. Peyton Waddill, Douglas and Steven, Austin, Lanelle Waddill, San Antonio; Jim Sanders, Del Rio; Mrs. Duane Skiles, and Marian, Austin; Mrs. Nellie Barnett, Valley Mills; Mr. and Mrs. Leon Noel, Fort Worth; Mrs. Ethel Goodall, Gatesville.

REHEARSAL DINNER

Mrs. John L. McDowell entertained Miss Greta Barnett, bride-elect of William N. McCally and her wedding party with a rehearsal dinner Friday evening, August 9th at Holland's Cafe.

The table was centered with a stylized tree with tiny pink and blue flowers on the branches sheltering a miniature bride and groom. Place cards were white porcelain decorated with golden wedding bells.

Guests were Miss Barnett, Bill McCally, Pat McDowell, Mr. and Mrs. Harold Henke, Doris Allbright, Rev. and Mrs. Peyton Waddill, Lathon Jernigan and Mr. and Mrs. W. C. Barnett.

Community News From Mullin

By MRS. JOHNNIE HOLLAND

Amos Lee Carroll, 76, of Mullin, a citizen of Mills County for 27 years, died last Monday morning in a Brownwood hospital following a sudden illness. Funeral services were conducted last Tuesday from the Dresden Methodist Church near Corsicana. Interment was in the Dresden Cemetery.

Mr. Carroll was born at Blooming Grove Aug. 20, 1880. He was a retired farmer, and he was a member of the Methodist Church.

Survivors are the widow, Mrs. Ollie Carroll; three sons, Virgil of Mullin, Kenneth of Brownwood, and Lloyd of Houston; one daughter, Mrs. Frank McGarr of Houston, one brother Ruben Carroll of Blooming Grove; two sisters, Mrs. J. M. Brown of Corsicana and Mrs. Nora Allen of Norman, Okla.; five grandchildren and five great-grandchildren.

Davis-Morris Funeral Home of Brownwood was in charge of arrangements.

Larry Ivy, son of Joe Francis Ivy of Denver, Colorado is here visiting his grandparents, Mrs. Jewell Ivy, and Mr. and Mrs. W. O. Oden of the Lake Merritt community.

Mr. and Mrs. Ward Coleman and grandsons, David and Keith Smart of Comanche visited here last Sunday with his sister, Mr. and Mrs. John McGary.

Jack Cooksey of Puerto Rico has been here visiting with his parents, Mr. and Mrs. Tom Cooksey Sr. and other relatives

and friends. Also Mr. and Mrs. Bill Cooksey and family of Gatesville were weekend visitors here with relatives.

Mr. and Mrs. Ben White visited here last weekend with his parents, Mr. and Mrs. Lum White. Their two children who have been visiting here this summer returned home with them.

Mrs. Vesta McCormick and her son, Bobby of Fort Worth along with other relatives from out of Mullin are visiting in Bayfield, Colorado.

Mr. and Mrs. Ferrill Singleton and family have moved into Mullin from the farm.

The Rev. and Mrs. Morgan Beach and family of Bangs attended the Baptist Revival in Mullin last Thursday night.

Mrs. Sallie Day of Brownwood is here visiting Mr. and Mrs. A. H. Pickens.

Mrs. C. L. Nettleship, has resigned as one of the teachers in the Mullin school system. She has accepted a position in the Brownwood school. Sue Rowlett has been elected to teach in Mullin. She is the daughter of Mr. and Mrs. Andy Rowlett of the Regency community. Also Harley Ethridge, son of Mr. and Mrs. Earl Ethridge has been elected to teach in Mullin.

Our community was shocked and saddened when the news came to Mullin telling of the death of Emma Shelton Hancock in a train car accident at Bluffdale Sunday morning.

Emma was the oldest daughter of Mr. and Mrs. Frank Shelton of Mullin. She was born and reared in Mullin and had many friends here.

Three other persons in the car were injured. Her husband Ernest, and two of their grandsons are in serious condition. Our sincere sympathy and prayers go out to all of their loved ones.

Master Sgt. and Mrs. J. L. Dees and family and Mr. and Mrs. Bill Lindsey and Pamela of Stuttgart, Ark. are here visiting with their parents, Mr. and Mrs. Kyle Lawson.

Mr. and Mrs. Lois Williams and family of Lockney visited here over the weekend with relatives.

News Of The Ebony Community

By CLEMENTINE WILMETH BRILEY

They have come and gone—the children—and everything is quiet and lonely again. The Mitchells of Beaumont arrived Saturday about four o'clock.

The Beliches of El Paso arrived Monday about dinner time. Our sons-in-law surprised us with an air conditioner and proceeded at once to install it. And did we need it! The heat was terrific and unrelenting. Bill and Billy came loaded with fireworks and they with Robert put on a beautiful display that night while we watched. Mr. and Mrs. Luther Jernigan of Goldthwaite had called and were included in the audience.

Robert and Billy brought their guns and their Dads coached them in target practice most every day. Time after time we went to the gravel bar at the Dwyer place to go in swimming.

Tuesday night Mrs. Hubert Reeves called to see the girls, and Wednesday night everybody but John and me went for a visit and a watermelon feast with the Hubert Reeves, Friday we called on Mrs. Taylor Duncan and Annette at the Wilmett place. Since the fire last winter, the house had been repaired and all repaired on the inside. Vada had it shining and it looked like a home picture in a magazine.

Annette showed us scads of ribbons she had received for the placings of her fine lambs at the stock show of several Texas cities.

Saturday the Mitchells left for home, but Robert stayed to come with the Beliches Monday. Sunday we went to church at Oakland. Numa Crowder and his wife, Ruth, were there. Numa preaches for the Church of Christ at Maomb, Ill. They had two children with them, but had left their oldest and their youngest with her parents, Doctor and Mrs. Benson, at Searcy, Ark. Numa preached us a wonderful sermon on Mountaintops of Faith, showing that by building up faith by obedience to the Word of God, a life could be more beautiful and useful than being able to "cast mountains into the sea."

Scarcity of breeze to turn the windmill created a critical water shortage all the time the children were here. Saturday afternoon I noticed the windmill was running fast, and I ran out to get a pitcher of cold water. It was real tragedy when I discovered the sucker rod was uncoupled from the wheel. We went to find Charm Wittenburg, but he was gone to the Reid reunion at Brady and wouldn't be back till Sunday evening. Then he said he couldn't get to it for a day or two. The Beliches had to leave us in that predicament Monday morning.

But Charm and his boys came that evening and brought the tractor. They worked like a veteran team. Pulled all the pipe and the cylinder. The next day they had to go to Goldthwaite for parts. They came back Wednesday morning and by dinner everything was done and the windmill was ready to go. Wind is still scarce, but the mill brings the water up without any trouble now.

Mrs. Will Tippen of Abilene came by last week and took Mrs. Effie Egger for a trip to visit relatives at Lometa, Austin, and Houston. Mrs. Egger returned Friday night and the next day Mr. and Mrs. Everett Philen and Mittie and Everett Jr. from Texas City came for a visit.

Mr. and Mrs. Stanley Reeves have had for their guests this past week, her sister and husband, Mr. and Mrs. Hawkins White from Brownsville.

Mrs. Edna Dwyer had for weekend guests her grandchildren, Harold and Ednabeth Everett and Baby Shelley of Abilene; their neighbors, Mr. and Mrs. Doug Brown; Harold's mother, Mrs. Hildegard Everett of Eastland; his grandmother, Mrs. Frances Everett, and her granddaughter-in-law, Mrs. Carolyn Everett, both of Santa Anna.

For sometime Charlie Griffin has been confined to his bed with a badly swollen knee and leg. His daughter, Mrs. Gladys LaRue, has come from San Antonio to help wait on him. His daughter, Mrs. Vic Summers, and her husband and new little son have also arrived from Florida.

Miss Wanda Kelly and Miss Janet Hunt, students in the University of Texas were weekend guests of Mrs. Aline Kelly and Brenda.

Mr. and Mrs. J. B. Jones of Lubbock were guests of Mr. and Mrs. P. L. Hancock and Mrs. Loretta Ingram last weekend.

Reynolds Family Enjoys Reunion

Mr. and Mrs. Lloyd Reynolds and their children held their annual reunion at Lake Brownwood last Saturday and Sunday. The children began arriving late Friday evening and Saturday they all went to Brownwood for the reunion.

Those present were: Mr. and Mrs. Lloyd Reynolds, Walter Cline, Jackie and Earl Wayne of Goldthwaite; Mr. and Mrs. Burrell Reynolds and DuWayne, Arlington; Mr. and Mrs. Melvin Reynolds, Cindy and Kathy of Monahans; Mr. and Mrs. Harold Lloyd Reynolds, Vickie and Debbie of Arlington. Also Mr. and Mrs. Jimmy Farrington of

Abilene; Noel Reynolds, kin; Marie Reynolds, and Charles Reynolds of Arlington. Mr. and Mrs. Todd visited with the Sunday afternoon.

As is the custom, while the children were present, names were drawn for Christmas. No one tells whom they have until the gifts are unwrapped on Christmas. At a late hour Sunday group began leaving for various homes, each one what a wonderful time they had this year.

Mr. and Mrs. Walter and Mr. and Mrs. J. H. attended the fruit and festival at DeLeon Park

BY GEORGE REESE
Prevention and control of lice, chiggers and blue bugs on turkeys.

With the plentiful supply of turkeys to be marketed this fall the consumers will have an abundance of prime birds available. This will increase the difficulty of marketing blemished, poorly fleshed and unfinished turkeys.

Turkeys infested with external parasites such as lice, chiggers and blue bugs will cause losses due to skin blemishes and reduced growth rate, making buyers for turkey processors reluctant to purchase these flocks. Therefore, prevention of parasite infestations is important and can be accomplished by maintaining premises that are free of trash, such as brush and old wood which provide shelter and breeding places for the parasites. Preventative treatment should be applied to suspected areas where turkeys are raised, especially during the last month before market time.

A sample of birds in each turkey flock should be inspected closely every few days for parasites. Early detection makes treatments more effective and prevents skin irritations and stunted growth.

LICE: Four kinds of lice are found on turkeys. The large turkey louse and the slender turkey louse occur only on turkeys. Two kinds of chicken lice also attack turkeys. They are the common body louse, which causes considerable irritation, and the shaft louse, which is not as destructive. Lice spend their entire life cycle on the bird and may multiply heavily in a few weeks. The treatments for lice are:

ROOST SPRAYS OR PAINTS: (Apply shortly before turkeys go to roost).

LINDANE: One per cent solution in oil—one pint to 200 feet of roost.

MALATHION: Three per cent emulsion—one pint to 50 feet of roost.

NICOTINE SULFATE: (40 per cent) one pint (to 200 feet of roost).

LITTER TREATMENT: Malathion—four per cent dust—one pound per 40 square feet.

APPLICATION TO BIRDS: (Make sure the compound reaches the skin.)

MALATHION: 0.5 per cent spray.

DDT: Five per cent dust—applied with duster or shaker jar.

SODIUM FLOURIDE: By hand dusting.

CHIGGERS: Chiggers, or red bugs, are the larvae of very small mites and are among the most annoying pests due to the poison they secrete on the skin.

The treatment for chiggers on turkeys involves spraying or dusting the premises and range.

Sprays are made of emulsifiable concentrates or wettable powder diluted with water. To get uniform coverage over large range areas it is recommended that double the amount of water be added to the ordinary recommendations. On this basis 50 gallons of 0.5 per cent spray of Chlordane or Toxaphene per acre should be applied. This will make an application of two pounds per acre of the pure drug.

The spray is prepared by adding one gallon of 50 per cent emulsifiable concentrate to 100 gallons of water. Lindane spray made by mixing one quart of 25 per cent emulsifiable Lindane concentrate with 100 gallons of water will cover two acres.

Remove all turkeys from the area before using these sprays and keep them from the treated areas for two days after the treatment has been applied.

BLUE BUGS are difficult to control for they live as long as two years without feeding. The following treatments applied by high pressure sprays to the houses, shelters, roosts and areas where the blue bugs are suspected should provide effective control. Repeated treatment in 10 days may be necessary. Effective sprays are Lindane, Toxaphene or Chlordane at 0.5 per cent, or DDT or Carboineum. Control of these parasites during the remaining months of the turkey growing season will protect against this cause of loss at market time.

Publications for the treatment of the above and other external parasites are available at my office.

Farm and Ranch Operators And Social Security

The other day I received a letter from Maurice M. Chastain, District Manager of the Social Security Administration, in Temple. Mr. Chastain stated that "Farm and ranch operators are reminded that hands

who are paid as much as \$150.00 in a year are covered by social security. If they do not make as much as \$150.00 but work on a time basis on any part of 20 days, they are also covered regardless of the amount of wages. It is mandatory that social security taxes be paid on all covered wages.

Operators who are drawing social security benefits are also reminded of the \$1,200.00 a year retirement test. Persons who are not over 72 during all of 1957 are not eligible for checks for all months if they make over \$1,200. profit for 1957.

Those who now expect to make over \$1,200.00 should notify the Social Security Administration in order to avoid having to make a refund to the government at the end of the year.

A representative from the Social Security office in Temple will be at the Department of Public Welfare in Goldthwaite on August 15, 29, and September 5, 12, 26.

David J. Williams In Summer Session At North Texas

DENTON (Spec.)—David J. Williams, Goldthwaite High School principal, is enrolled for the second summer term in a North Texas State College course designed to prepare teachers of driver education.

He is one of a group of students this summer who have received scholarships in driver education from a \$3,000 grant made to NTSC by the Allstate Foundation.

The driver education course is one of two offered at NTSC for the certification of teachers. An advanced safety education class is also in progress.

Center City News

By MRS. JOE GREEN

We received 8 inches of rain here last week but we could use a lot more.

There was church at the Methodist Church Sunday and Sunday School at the Baptist Church. The MYF building is sure looking nice and Floyd Manuel is doing the brick work.

Mrs. O. B. Hill has been staying with her mother, Mrs. J. Everett Evans and sister, Gladys in town. Mrs. Evans had the misfortune to burn her hand. She is doing some better and Myrtle came home Saturday night.

Charlotte Holland visited Lana Geeslin Saturday night and Sunday and attended Sunday School and church here Sunday.

William Biddle of Fort Worth was visiting in this community last weekend.

Mr. and Mrs. Charlie Horner are on their vacation. They went to Houston and from there to Louisiana and plan to be away two weeks.

Mr. and Mrs. E. T. Withers and Ernie Meek visited Mr. and

Mrs. Millard Meek over the weekend.

Mr. and Mrs. Will Pearce and several of their relatives visit them over the weekend.

Mr. J. Frank Marlor is doing very well at this time. He has his good days and bad days.

Eva Faye Green spent the day Thursday with my mother and grandmother, who are both on the sick list.

Frank Reamy of California, Mrs. Lewis Parrott and daughter, Lila visited my mother and grandmother, Mrs. J. D. Yates recently. Mrs. Inez Hurley is helping take care of them.

Mr. and Mrs. Fred Reister and daughter have also been visiting grandmother.

Mrs. John Howard Owens and baby are visiting her mother, Mrs. Rosa Head and Mr. and Mrs. J. S. Owens.

Rhita Bell Williams visited and ate dinner with us Saturday.

Well we thought we would get an oil well out here but they are moving out the rig this morning. Better luck next time.

Mr. Charlie Horner is driving a different car, a Ford this time.

Mr. and Mrs. George Brown went to McGregor Sunday to meet Mr. and Mrs. H. G. Wellmaker at Mr. and Mrs. Billy Jo Hamiltons. Georgie was visiting Mr. and Mrs. Wellmaker at Tyler and they met her there at McGregor and brought her on home.

Mrs. Weldon Gatlin my sister from San Antonio is visiting my mother and grandmother.

Mr. and Mrs. Norman Upham and children of Andrews returned home Tuesday, after spending several days in the home of her mother, Mrs. Annie Armstrong.

Mr. and Mrs. Bobby Brown and children, Guy, Greg and Teresa of Fort Stockton and Colburn Ward of Austin spent the weekend with Mr. and Mrs. Luther Ward and Odema.

The reunion will be held again next year on the last Sunday in July and it is hoped a larger crowd will attend.

SOIL CONSERVATION DISTRICT NEWS

I. H. COPELAND

A few years ago it was not unusual to see a farmer burning his stubble and even his range grasses; but farmers and ranchers of today realize the value of cover and litter in maintaining and in catching and holding water.

Two years ago about 60 farmers and ranchers of the Hill Country Soil Conservation District had as guest speaker J. Frank Dobie. Dobie mentioned a 160 acre pasture where he had just pushed the brush and completed a \$1000 barn. He was questioned about burning the brush to get it off the land. Dobie said "I'd rather burn that barn than that brush."

He went on to explain that brush left where it fell would protect the grass seedlings both from heat and livestock and make a litter to hold water.

WHAT DISTRICT COOPERATORS ARE DOING

Constructing Ponds: Guy Waldon and C. J. Humphreys Terracing: E. E. Roberts and Robert Butler

Diversion: B. M. Murray and W. H. Reeves
Lee Botts, Soil scientist from Brownwood, made soil maps for Pearl Crawford and Ben Schunk. The soil maps will be used in making conservation plans for their farms.

Personals

FARM SAFETY WEEK

The element of risk is an occupational hazard of farming. And there are two types—financial and physical. Vast armies of statisticians and farm economic experts have worked for years to les-

sen the effects of the first type. But reduction of the physical risk is largely up to the individual farmer.

National Farm Safety Week is being observed each year. It is designed to focus attention on and help reduce the tragic toll of agricultural accidents.

If 1957 holds true to the average, then some 15,000 U. S. farm residents will die of farm mishaps. Another 1,300,000 persons will be injured. And many of these accidents could have been avoided.

Most mishaps occur during peak work seasons when tired help is apt to be short, causing the farmer to work longer hours and become tired long before the job is done. As a result, he is tempted to take risky shortcuts or postpone needed repairs on machinery and buildings. This sets the stage for crippling accidents.

Farm machinery is a big killer. Careless handling of equipment causes many accidents but even a careful operator may

be hurt if he is running broken or worn machines. A good maintenance program for machinery could do much to keep down farm tragedies.

Farm animals are another common cause of injuries and death. Some accidents with animals are unavoidable. Still, many result from impatience on the farmer's part or an underestimation of the animal's dangerous traits.

Fires take an annual toll of about 3,500 persons—not including the millions of dollars lost in valuable food, domestic animals, clothing, buildings and equipment. These fires occur at the rate of 300 per day and most can be traced to defective heating units, overloaded electrical wires, lack of protection from lightning, etc.

Even discounting home fires, another 4,000 farm people die each year from accidents inside the house. Thus, home safety is a prime starting point in eliminating accidents which rob families of their livelihood.

Cynthia Ann Parker was kidnapped from the frontier fort of which the above is a replica in Old Fort Parker State Park. PARK OF THE WEEK—Old Fort Parker State Park occupies the site of the palisaded fort built by Elder John Parker's colonists who settled along the Navaosota River. A replica of the fort is the main feature of the park.

It was from this fort that Cynthia Ann Parker was kidnapped by Comanches in a raid made May 19, 1836.

The fort was a rectangular enclosure made of posts planted in the ground and held together by connecting beams. Cabins were built backing against the palisade and facing a central compound. The fort was designed as a place where the colonists could leave the families while working the fields of their farms outside.

Most of the men were working in the fields when this attack took place. A few of the occupants of the fort escaped. Others were slain or carried off as prisoners. Cynthia Ann Parker, then nine years old, was among those taken. It was not until 1860 that she was recaptured and brought back to her kinsmen. In the meantime she

past hatreds now buried, both white and Indian descendants gather alternately for reunions at Fort Parker and in Oklahoma.

The replica of the fort is on a spur road leading off State Highway 14 about midway between Groesbeck and Mexia.

Souvenirs and booklets based on the story of the Indian raid, the life of Cynthia Ann Park-

er and the account of her capture are available in booths outside the enclosure. Soft drinks are also available there. Recreational equipment is supplied at nearby Parker State Park.

Mr. and Mrs. Tobe spent several days this week with her brother, Guy and family.

NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 4, 1957.

HOUSE JOINT RESOLUTION NO. 2 proposing an amendment to Sub-section (a) of Section 42, Article XVI of the Constitution of Texas, relating to the establishment of a retirement, disability and death compensation fund for officers and employees of the State. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Sub-section (a) of Section 42, Article XVI of the Constitution of the State of Texas be amended so as to read hereafter as follows:

"Section 42. (a) The Legislature shall have the authority to levy taxes to provide a State Retirement, Disability and Death Compensation Fund for officers and employees of the State and may make such reasonable inclusions, exclusions, or classifications of officers and employees of the State as it deems advisable. The Legislature may also include officers and employees of judicial districts of the State who are or have been compensated in whole or in part directly or indirectly by the State, and may make such other reasonable inclusions, exclusions, or classifications of officers and employees of judicial districts of this State as it deems advisable. Persons participating in a retirement system created pursuant to Section 14 of Article V of this Constitution shall not be eligible to participate in the Fund authorized in this Sub-section except as permitted by Section 43 of Article XVI of this Constitution. Provided, however, any officer or employee of a county as provided for in Article XVI, Section 42, Sub-section (b) of this Constitution, shall not be eligible to participate in the Fund authorized in this Sub-section, except as otherwise provided herein. The amount contributed by the State to such Fund shall equal the amount paid for the same purpose out of the income of each such person, and shall not exceed at any time five per centum (5%) of the compensation paid to each such person by the State.

"All funds provided from the operation of such person or by the State of Texas for such Retirement, Disability and Death Compensation Fund, as are received by the Treasury of the State of Texas, shall be invested in bonds of the United States, or in the United States Government, the payment of the principal and interest on which is guaranteed by the United States; or in such other securities as are now or hereafter may be permitted by law as investments for the Permanent School Fund or for the State Fund. The Legislature shall have the authority to make such reasonable inclusions, exclusions, or classifications of officers and employees of the State as it deems advisable. However, a sufficient amount of said Fund shall be kept on hand to meet the immediate payment of the amount likely to become due each year out of said Fund, such amount of funds to be kept on hand to be determined by the agency which may be provided by law to administer said Fund.

"Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment, such legislation shall not be invalid by reason of its anticipatory character.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State on the first Tuesday after the first Monday in November, 1957, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment amending Sub-section (a) of Section 42, Article XVI of the State Constitution, relating to the establishment of a retirement, disability and death compensation fund for officers and employees of the State.

"AGAINST the Constitutional Amendment amending Sub-section (a) of Section 42, Article XVI of the State Constitution, relating to the establishment of a retirement, disability and death compensation fund for officers and employees of the State.

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 4, 1957.

HOUSE JOINT RESOLUTION NO. 3 proposing an amendment to the Constitution of Texas adding a section to be known as Section 43-c of Article III, providing for the issuance and sale of bonds of the State of Texas to create the Texas Water Development Fund to provide financial assistance to certain political subdivisions or bodies politic and corporate of the State of Texas in the conservation and development of the water resources of the State, providing for the payment of such bonds; creating an agency to administer said Fund and to perform either duties prescribed by law, limiting the period during which financial assistance may be granted, and providing for the calling of an election and the publication and issuance of the proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of Texas be amended by adding a new section thereto to be known as Section 43-c, as follows: "Section 43-c. There is hereby created as an agency of the State of Texas the Texas Water Development Board to exercise such powers as may be prescribed by law. The qualifications, compensation, and number of members of said Board shall be determined by law. They shall be appointed by the Governor with the advice and consent of the Senate in the manner and for such terms as may be prescribed by law.

"The Texas Water Development Board shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed One Hundred Million Dollars (\$100,000,000). The Legislature of Texas, upon two-thirds (2/3) vote of the elected Members of each House, may authorize the Board to issue additional bonds in an amount not exceeding One Hundred Million Dollars (\$100,000,000). The bonds authorized herein or permitted to be authorized by the Legislature shall be called 'Texas Water Development Bonds' and shall be executed in such form, denominations and upon such terms as may be prescribed by law, provided, however, that the bonds shall not bear more than four per cent (4%) interest per annum; they may be issued in such installments as the Board finds feasible and practical in accomplishing the purpose set forth herein.

"All moneys received from the sale of State bonds shall be deposited in a fund hereby created in the State Treasury to be known as the Texas Water Development Fund to be administered (without further appropriation) by the Texas Water Development Board in such manner as prescribed by law.

NUMBER THREE ON THE BALLOT

available upon such terms and conditions as the Legislature may prescribe, to the various political subdivisions or bodies politic and corporate of the State of Texas including river authorities, conservation and reclamation districts and districts created or organized or authorized to be created or organized under Article XVI, Section 58 or Article III, Section 52, of this Constitution, interstate commissions to which the State of Texas is a party and municipal corporations, the conservation and development of the water resources of this State, including the control, storage and preservation of its streams and flood waters and the waters of its rivers and streams, for all useful and lawful purposes, including any system of dams, reservoirs and other water storage projects, including any system necessary for the transportation of water from storage to points of treatment and/or distribution, including facilities for transporting water therefrom to wholesale purchasers, or for any one or more of such purposes or methods.

"Any or all financial assistance as provided herein shall be subject to interest upon such terms, conditions and manner of repayment as may be provided by law.

"While any of the bonds authorized by this provision or while any of the bonds that may be authorized by the Legislature under this provision, or any interest on any of such bonds, is outstanding and unpaid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount which is sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the sinking fund at the close of the prior fiscal year.

"The Legislature may provide for the investment of moneys available in the Texas Water Development Fund, and the interest and sinking funds established for the payment of bonds issued by the Texas Water Development Board, income from such investment shall be used for the purposes prescribed by the Legislature. The Legislature may also make appropriations from the General Revenue Fund for paying administrative expenses of the Board.

"From the moneys received by the Texas Water Development Board as repayment of principal for financial assistance or as interest thereon, there shall be deposited in the sinking fund for the bonds authorized by this Section sufficient moneys to pay the interest and principal to become due during the ensuing year and sufficient to establish and maintain a reserve in said fund equal to the average annual principal and interest requirements on all outstanding bonds issued under this Section. If any year prior to December 31, 1952 moneys are received in excess of the foregoing requirements then such excess shall be deposited to the Texas Water Development Fund, and may be used for administrative expenses of the Board and for the same purposes and conditions prescribed in the provisions of this Section. No grant of financial assistance shall be made under the provisions of this Section after December 31, 1952, and all moneys thereafter received as repayment of principal for financial assistance or as interest thereon shall be deposited in the sinking fund for the bonds authorized by this Section.

velopment Fund, and may be used for administrative expenses of the Board and for the same purposes and conditions prescribed in the provisions of this Section. No grant of financial assistance shall be made under the provisions of this Section after December 31, 1952, and all moneys thereafter received as repayment of principal for financial assistance or as interest thereon shall be deposited in the sinking fund for the bonds authorized by this Section.

"All bonds issued hereunder shall after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas.

"Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such acts shall not be void by reason of their anticipatory nature."

Sec. 2. The foregoing amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held on the 5th day of November, 1957, same being the 1st Tuesday after the 1st Monday in said November, 1957, at which election each ballot shall have printed thereon the following words:

"FOR the amendment to the Constitution of Texas adding a new section to be known as Section 43-c of Article III, authorizing the issuance and sale of Two Hundred Million Dollars (\$200,000,000) in bonds by the State of Texas to create the Texas Water Development Fund to provide financial assistance to certain political subdivisions or bodies politic and corporate of the State of Texas in the conservation and development of the water resources of the State."

"AGAINST the amendment to the Constitution of Texas adding a new section to be known as Section 43-c of Article III, authorizing the issuance and sale of Two Hundred Million Dollars (\$200,000,000) in bonds by the State of Texas to create the Texas Water Development Fund to provide financial assistance to certain political subdivisions or bodies politic and corporate of the State of Texas in the conservation and development of the water resources of the State."

Commercial Users' Electric Rates Changed By Council

The City Council at their regular monthly meeting last week voted to remove the 10 per cent development charge which has been in effect for a number of years for commercial electric users of the City's Electric system.

Elimination of this development charge for commercial users of electricity does not effect domestic or residential rates.

Other matters brought before the council was a report from W. C. Barnett, city manager, regarding operation of the Municipal Swimming Pool so far this year. The report shows the pool has enjoyed a healthy patronage during the past two months, much of which has been due to the extremely hot weather.

The council voted, to charge the Little League Association \$100. for electricity used during the current baseball season which will come to a close with the Little and Pony League tournament this week.

Texas Broilers Rank High

(Special)—While Texas ranked second nationally in broiler production with almost 56 million in 1956, first place in 1955, its production of 223 million more than doubled the 1949 production. Arkansas and North Carolina followed close behind Texas with 1956 production figures of 199 million and 189 million, respectively.

The most significant fact about Texas' broiler production is its size, however, but its growth—from 26 million in 1949 to approximately 56 million in 1956. The 1954 Department of Agriculture shows

that the number of chickens sold in 1949 was: Georgia, 46 million; Arkansas, 30 million; North Carolina, 17 million. In round figures, 1956 broiler production compared with 1949 production was: Georgia, nearly five times greater; Texas, over three times greater; North Carolina, almost five and one-half times greater. Two other states, Alabama and Mississippi, also experienced rapid growth in the broiler industry. The 1956 broiler production in Alabama was approximately 82 million, or about 13 times greater than the 1949 production; Mississippi's 1956 production was about 53 million, or more than seven times the 1949 production.

Although the Texas broiler industry did not experience the rate of growth of Alabama, Mississippi, North Carolina, and Georgia, the industry nevertheless is an important segment of the Texas agricultural economy. In 1956 the gross income to broiler producers in Texas totaled a healthy \$62,969,000. The growth of the broiler industry in the South has been phenomenal—of the ten leading broiler producing states, eight are southern states.

Of direct importance to the over-all economy of the state are the more than 50 poultry dressing and packing firms located in the state. The Texas broiler industry probably has passed its period of greatest growth. Although considerable numbers of broiler houses still are being built, the rate of new construction has fallen off sharply. This probably is caused by the fall in the price of finished broilers (see table). During the last quarter of 1956 the price of finished broilers in Texas fell to a low of 16.5 cents per pound. This price appears to be near the minimum that poultry producers will take and, should such a low price continue for any length of time, broiler producers are in for hard times.

The price of broilers fell steadily since 1952 except for a slight rally in 1955. The steady decline in price was in direct relation to the increase

in production of broilers during the same period. It appears that the industry may have reached the point of near-saturation in 1956. Any further increase in production would mean additional declines in prices; this is unlikely because broiler producers would not be able to stand lower prices without suffering losses. This is an example of the competitive system in action. When prices were high and profits good, many new producers entered the broiler business. The effect will be to stabilize prices.

Broiler production in Texas is located primarily in three areas. The oldest broiler producing area is centered around the city of Gonzales. Gonzales County, according to the 1954 Census of Agriculture, led all counties in broiler production; however, the Gonzales area has lost its leadership in broiler production to the East Texas area. The third area is centered around the city of Waco.

Of the three areas, East Texas is by far the most important, accounting for about half of the Texas broiler production of 56 million in 1954. Shelby and Nacogdoches counties were the greatest 1954 producers in East Texas, producing 8,217,863 and 4,325,239 broilers, respectively. Shelby County's figure was second only to Gonzales County's 8,810,911. Five other counties in East Texas had a production of more than one million broilers in 1954. It is significant that the East Texas broiler industry was virtually nonexistent in 1950.

The economic effect of the broiler industry on the East Texas economy is formidable. The creation of a broiler industry in East Texas eased the low farm income situation in that area by providing a source of cash income. However, with prices as low as they are currently, the picture is now not so rosy. The Gonzales area has been rather stable from the viewpoint of broiler production, concentrated mainly in Gonzales County itself. Several counties adjoining Gonzales County also have broiler productions of several hundred

thousand, but they don't approach the near nine million of Gonzales County.

In the Waco area, McLennan County leads in broiler production with 3,732,585; Leon County has a sizeable production of 1,078,225, and Freestone County is third with 994,692. The broiler industry in this area has experienced considerable growth, although not as great as East Texas.

There are considerable numbers of broilers produced in the Dallas-Fort Worth area and some in the Brownwood area. Several additional counties not mentioned above have fairly large broiler productions.

Brazoria County produced 1,019,588 broilers in 1954; several counties bordering the Red River in North Texas produce several hundreds of thousands. There is also some growth in the broiler industry in West Texas, particularly around San Angelo. Tom Green County has a broiler production of 425,000 in 1954; Runnels and Sutton counties and the Lubbock and Amarillo areas also had significant broiler productions.

Kemp Family Enjoys Annual Reunion At Lake Brownwood Last Week

The annual reunion of the family of the late Mr. and Mrs. H. F. Kemp was held August 9, 10 and 11, at the Group Hall, 36th Division State Park, Lake Brownwood. All five of their children were among the 74 people present.

Relatives and friends began gathering late Friday afternoon. Time was spent visiting and playing games of "42", while several got interested in pitching horseshoes.

Sunday was the last and perhaps the best day of the reunion. A long table was spread with all types of delicious foods which everyone enjoyed.

Immediately following lunch the business meeting was called to order and plans were made to meet again next year at the Group Hall on the same date. New officers were elected for a two year term, they were Marvin Wilder, president; Glynn Roy Merrill, vice-president; Merlyne Long, secretary and treasurer. Retiring officers were: Fay Merrill, president; Marvin Wilder, vice-president and Florene Bradley, secretary. After the business meeting many began leaving stating that they had had a most enjoyable time and hoping to meet all again next year.

Those attending were: Mr. and Mrs. Lawson Kemp; Mr. and Mrs. Marvin Yeager, and Nelda; Mrs. E. D. Bradley, Pat and Jerry; Mr. and Mrs. Joe Kemp and girls; Mrs. Cordie Jones; Florence Jones, Beth and Roberta Childress, Mr. and Mrs. Olen Kemp and girls and Mr. and Mrs. Jack E. Long Jr., all of Goldthwaite.

Also Mr. and Mrs. Roy Young, Abilene; Mr. and Mrs. J. F. Merrill, Cross Plains; and Mrs. Marvin Wilder, Abilene; Mr. and Mrs. Robert E. Stout and Mrs. Robert E. Stout and Mrs. Winters; Mr. and Mrs. Kruger and family, El Paso; and Mrs. John Galvan, Mrs. Dan Wilder and Mrs. Johnnie Kemp, Comanche; and Mrs. Bill Grall, Wood; Mr. and Mrs. G. R. Hill, Cross Plains; Mr. and Mrs. Henry Adock, Wingate; Mrs. F. L. Merrill and Rising Star; Mr. and Mrs. Havens, Cross Plains; Mrs. Joe Merrill, Dumas; Silas Nephew and Harry son.

R. C. Petty Writes Letter Editor From Anchorage Alaska

Anchorage, Alaska
August 5, 1957

I have been thinking of people in Texas, I would drop the old crumb.

When I boarded the Amarillo Air Port, I failed to reach Anchorage. Due to a cloud of hours. I was very tired. I got well acquainted with Denver and Seattle during my 32 day, but I made out several very interesting people and I enjoyed the trip.

flew above the rain clouds and could see nothing but clouds below us. Before long, however, we ran into sunshine. It was very beautiful. I suppose so much delay caused me to be over anxious to arrive at my destination. It seemed that we were over water so long I began to wonder if we had left God's country. I could not help but look out the window of the plane in search of land. Before long I saw a small mound in the water and realized that it was an island. Everyone on board the plane began to rise from their seats in search of land. It was all quite thrilling.

Very soon we came to rolling land covered in heavy forest. We could see a town and a road and huge rugged mountains covered with snow and many magnificent glaciers. When we reached these mountains, it seemed that the plane stood still. Everyone comment-

ed on this. However, when I arrived in Anchorage, I was told that we had been traveling 300 miles per hour all the trip.

When we arrived at the airport in Anchorage, R. C., and his family, was waiting at the gate for me. They were panic stricken because of my delay; they had not heard what had happened to me.

The afternoon of my arrival our next door neighbor asked us to go out to a lake with them. It was a most beautiful place. It had a club house, boats and everything in the way of sports. The menfolk and children went for a boat ride. My daughter-in-law, our neighbor and I went for a walk in the forest. There were all kinds of wild flowers, roses, wild berries and the most beautiful ferns that I have ever seen. I just go frantic when I go out in the forests. The soil is just like walking on a sponge. We returned to the lake and we women decided to go boat riding. There were three boats on the lake. While on the lake we saw two beavers. They had a den near the bank made of sticks and poles. We in the three boats tried to keep the beavers from their den. They would go down into the water and come up near our boats and splash water on us. They were large and ugly things; we judged they weighed 25 to 30 pounds. They probably had young ones in their den. This was quite a sport for me on my first day in Alaska.

we hiked up to a large glacier called the Worthington Glacier. It was very beautiful with a large stream of water flowing out of it and down into the river. I could not do justice in trying to describe it to you. I can only say that it is the hand work of God. One thing in particular that interested me on this hike was a pair of American eagles flying overhead. They would fly away and then return until we decided that we were near their nest. We sat down on some rocks and began to watch the eagles. Soon we discovered by use of binoculars that the eagles had a nest on a rock cliff near by. There were two young ones almost ready to fly away. The old eagles were feeding their young.

This letter is intended for all my friends and neighbors. It is impossible to write a personal letter to all of them. This is one way of sharing my experiences. To me having this opportunity to make this trip comes only once in a lifetime. I am very grateful to my children.

Mrs. R. C. Petty

Hillside Mission

BY LIDA BYRNE

Is it worth-while to fear the Lord? The Bible says: "Behold the eyes of the Lord is up on them that fear him, upon them that hope in his mercy; Psalm 33:18.

Fort Richardson is a most modern and beautiful army post. It is like a city with a shopping center, grocery store, churches, clubs and nursery. The homes are steam heated with all the conveniences that a person could ask for.

Some people think of Alaska as a barren country, but that is wrong. I have seen some of the most beautiful gardens. The people are very progressive and the ones that I have met are very friendly.

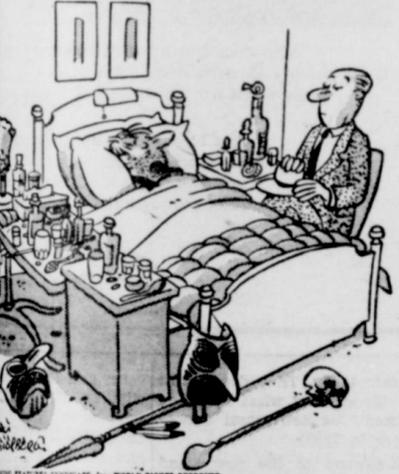

One thing that confused me when I first arrived was the lack of darkness at night. The sun would set in the northwest at 10:30 and would rise again in the northeast at 2:00 a.m. Any time during this period I could read a newspaper on the front porch. Later, however, the days have begun to get shorter; now we have 17 hours of sunshine.

My son took leave and we went on a sight seeing trip. We drove 700 miles and went up to an elevation of 3,400 feet. One night we camped between two huge mountains. On one side of us was a highway and on the other side of our camp was a rolling river. We were amid the bears and moose and it was all wonderful. One day

CLOTHING WORKSHOP TO BE HELD IN OCTOBER

Upon request from Home Demonstration Club members, I am planning to conduct a clothing workshop on "Pattern Selection and Use" and the construction of a one piece dress which will also have the problems of tailored buttonholes and interfacing in the county in October.

The objectives of the pattern selection and use of the workshop are to learn to select commercial patterns that are correct for the individual and to learn to make necessary pattern alterations before cutting the garment. This will include how to tape and fit the pattern to the individual, how to recognize a good fit in a garment, how to make alterations in a pattern, and how to take measurements from a well fitting pattern and use them in fitting other patterns.

The learning will be accomplished through discussion of correct size and type of pattern for each garment, fitting and alteration of the pattern best suited, making a trial garment from muslin or an inexpensive print, final alteration of the basic pattern, and then the using of this adjusted pattern to make a dress hav-

ing interfacing and tailored buttonholes.

The workshop will take six days, either every day for a week and one day the next week, two meetings a week for three weeks or three meetings a week for two weeks. This will depend on the desire of the majority of the women concerned.

Depending on the number interested in attending this workshop, there will be from one to four workshops. Anyone in the county who is willing to follow the Extension methods taught in the selection and use of the pattern and the making of the dress, who will attend all meetings and also submit a garment for evaluation at the close of the workshop is welcome to attend. Meetings will not be open to visitors as they are always a disturbing factor.

Because I must arrange places for the meetings, I would like to know quite awhile beforehand how many are interested. If you think you will attend please send me this information:

Name, address, community, precinct number, do you have

a portable machine? yes or no. Which time spacing do you prefer? Every day, two meetings a week or three meetings a week.

Is it impossible for you to meet in the day? If so, would you be interested in a night workshop?

Are you a H. D. Club member? Yes or no.

Please send this information to Lucy May Burrus, Home Demonstration Agent, Goldthwaite, Texas, by August 23.

AUSTIN, Tex.—House members are rather short on enthusiasm for a special session of the Legislature, says Speaker Waggoner Carr.

In a poll of the House, Carr received 101 answers from 149 members. Seventy said they didn't feel a special session necessary. Seventeen said they thought it was necessary; and 12 said they were willing to leave it up to the governor.

In announcing the poll results, Carr emphasized that he's all for lobby control and water conservation, the two measures Gov. Price Daniel has said he wants passed. House members, Carr reminded, approved both lobby and water bills last session.

But, said Carr, he still isn't convinced the state can afford the extra session without new taxes.

In reply, Governor Daniel repeated a previous statement that \$603,312 is on hand for legislative expenses, or more than twice what a short session would cost.

Outlook probably is this: A special session will be held. There'll be no open rebellion, though possibly a little legislative foot-dragging.

NEW LAND TROUBLES—Who, if anyone, should pay the back taxes on land bought under the Veterans Land program, then forfeited by the purchaser?

State and local officials are in disagreement. Lack of specific legislation on this subject has resulted in two lawsuits.

In the early days of the land program a lot of veterans apparently bought land at more than it really was worth. When the drouth came and things got tough, many fell behind on taxes and payments, finally had to give up and let the land go back to the Veterans Land Board. In time the board re-sold such tracts to other veterans.

Local taxing units, such as the Bexar-Atascosa-Medina Water District, say somebody has to pay the piper. It demands payment of the back taxes unpaid by the first purchaser and of the taxes that accumulated during the period when the land was forfeited to the state. Without this money, say district officials, they'll have a hard time paying off their bonds.

Viewpoint of the state, however, is that taxes ceased when the land returned to the board and that the resale was free of tax debt.

SCHOOL "WASTES" CITED—Need for a little overhauling here and there in the Gilmer-Aikin school aid program is suggested in a new Texas Research League report.

Under the "minimum foundation" program the state contributes the money necessary to bring the smaller, poorer districts up to standard.

Research League pointed out that (1) under the scholastic apportionment formula (so much per pupil) some districts actually receive more money than their minimum foundation needs. And (2) guaranteed state contributions discourage local efforts to improve by raising taxes.

It's a system, says the League, that tends to perpetuate "educationally inadequate" districts.

HARRISON NAMED—William A. Harrison, 47, apparently is to be the key man in a program designed to provide Texas with model insurance regulation.

Harrison, who has been serving temporarily without pay since June 21, was named by the Insurance Board to a two-year term, beginning Sept. 1. Senate must confirm the appointment.

The former assistant state auditor moves into the second highest paid job in Texas government—\$20,000 per year.

One of his first tasks will be to expand the department's staff of insurance company examiners. Recent legislation provided for 26 new men, bringing the staff to 65. Former department officials had complained they didn't have enough examiners to keep tabs on the thousands of companies operating in Texas.

BUSINESS PLATEAU—Texas business activity for the first half of 1956 is up four per cent over 1955. This despite an 11 per cent drop from May to June, says the UT Bureau of Business Research.

UT analysts say it looks as if the breathtaking rise of the past few years has lost its momentum. But they see no "strong evidence of the beginning of a downward trend." They foresee, instead, Texas business continuing, with minor ups and downs, on its present high plateau.

IT'LL COST US TOO—Texans who think the federal government is going to take care of all their highway problems now are due for disillusionment.

So says State Highway Commission Chairman Marshall Formby. Interstate highways paid for with federal funds will take care of only 16 per cent of the state's traffic load, said Formby. Bringing the other 84 per cent of state roads to first-class condition will cost \$2,000,000,000.

With present funds of \$80,000,000 to \$90,000,000 a year, it'll take 22 years, he said. "And by that time we'll need more four-lane roads."

it safe today. They don't want to run afoul of what has been termed "the new moral atmosphere in Texas."

Indicative of the new trend is the "ask-first" attitude that has developed. Result: Many requests of the attorney general for rulings.

In an opinion given State Auditor C. H. Cavness it was ruled that it would be legal for a state college cafeteria to buy its milk from a dairy owned by a legislator.

Inasmuch as the Texas Constitution prohibits a lawmaker from receiving an office created during his legislative term, the Board of Pardon and Paroles asked if it would be legal for Rep. J. T. Ellis Jr. of Weslaco to be director of the new adult parole supervision system set up by the Legislature.

"This is a job, not an office," rules the attorney general.

SHORT SNORTS—O. B. Ellis, general manager of the Texas Prison System at Huntsville, reports that the prison is in urgent need for more guards. . . . Capitol guards are not "peace officers," ruled Atty. Gen. Will Wilson. Therefore, they cannot issue parking tickets or make arrests, except "to prevent the consequences of a theft." . . . State Health Commissioner Henry Holle reports an outbreak of 32 cases of sleeping sickness in Cameron County. No statewide epidemic is expected. . . . Texas Farm Bureau President Walter Hammond says the federal soil bank program probably is doomed after next year. He is credited with originating the soil bank idea. But his proposal did not include payment for retired acreage. . . . Texas will enter the new fiscal year Sept. 1 with a cash balance of something like \$48,000,000 in the general revenue fund, according to figures from State Comptroller Robert S. Calvert. Fund had \$44,765,760 on Aug. 1. Continued increase at the same rate as during July would add \$3,500,000 more this month.
