Primary Election To Be Held Saturday

Contest For County Judge Is Most Active Campaign Locally

First Democratic Primary will be held in Mills County Saturday, July 26, with voting taking place from 8 a. m. until 7 p. m., according to Walter A. (Toby) Bryant, County Clerk, and Mrs. Raymond Cockrum, chairman of Mills County Democratic Executive Committee.

State competition causing probably the most interest in Mills County is the race for Governor. Those competing for the number-one office of the state are Joe A. Irwin, Dallas County; Henry B. Gonzalez, Bexar County; W. Lee O'Daniel, Dallas County; and Price Daniel, Liberty County.

Another state race causing considerable anticipation is the race for the U. S. Senate seat. William A. Blakley of Dallas County is running against Ralph W. Yarborough of Travis County for this spot.

Also causing considerable discussion around Mills County is the State 16th Senatorial District race.

Harold G. Kennedy, Burnet County; Joe B. Swanner, Brown County; Sylvester Lewis, Lampasas County; and Louis Crump, San Saba County, are the candidates.

The most active contest of this primary, locally however, is the race for County Judge of Mills County.

John L. Patterson and William G. (Bill) Yarborough are the two candidates.

The only other contested office in Mills County is for Commissioner of Precinct 4.

Candidates for this office are H. G. Brooks and Cecil Egger.

Polling boxes and precinct chairmen are:

- Goldthwaite Box No. 1 — Lucille Conro.
- Antelope Gap Box No. 3 — Charles R. Butler.
- Center City Box No. 4 — Lee Walton.
- Payne Gap Box 5 — I. T. Howell.
- Star Box 6 — Mrs. John Soules.
- Caradan Box 7 — Raymond Horton.
- Mullin Box 8 — George M. Fletcher.

- Fisher Box No. 9 — Mrs. E. P. Hodges.
- Priddy Box 10 — Will W. Limer.
- Big Valley Box 11 — Hoyt Cockrell.
- Rock Springs Box 12 — Charlie Frank Davis.
- Ratler Box 13 — J. D. Berry.
- Regency Box 14 — Mrs. Andy Rowlett.
- Ebony Box 15 — C. J. Humphries.
- Ridge Box 16 — Warren Freeman.
- Mt. Olive Box 18 — A. B. Neal.
- Goldthwaite No. 19 — T. M. Glass.
- Pompey No. 20 — W. H. Black.

Little Leaguers To End Season

By CHARLES CONRADT

The Little League season is fast drawing to a close, about one more week will finish up the regular play. There will be a few rained-out games to make up and there is some talk about a weekend tournament.

I have been very irregular at the games during the past two weeks, and do not have an up to date story but I assure you I will have one next week.

Priddy still leads the field, however, every team has broken into the win column lately.

The spirit has been fine, and the boys have learned some baseball this summer. The Pee Wee league is coming along fine. Delmar Sears has more or less shouldered the responsibility of this group in addition to his other duties.

There will be a meeting of all managers Tuesday at 7:00 p. m., at McLean's Cafe. This meeting will be short but there are a few very important items of business to attend to. All managers are urged to be there.

Mr. and Mrs. John F. Kirby of Jal, New Mexico, are visiting their parents, Mr. and Mrs. Gus Kirby and Mr. and Mrs. Bill Daniel.

David Watters Announces Farm Bureau Insurance Service Agency

David Watters this week announced that he is now the agent for Farm Bureau Insurance service to Farm Bureau Members in Mills County.

In making the announcement Mr. Watters also informed the Eagle that he has resigned the post of Mills County Farm Bureau President. He had held this office since the Mills County Farm Bureau was organized during the past year.

Homer McCasland was elected president of the group to succeed Watters. McCasland formerly served as vice-president of the organization. Wm. Bishop was named vice-president to succeed McCasland.

Watters stated that for the time being he will continue office hours on Saturdays in the Duren Equipment Building from 9 a. m. to 5 p. m.

Howard Campbell Named To Succeed Oran Carother On FHA Committee

HOWARD CAMPBELL

Howard Campbell, Goldthwaite, is the new member of the Farmers Home Administration County Committee, Aston W. Cole, County Supervisor, announced this week.

Mr. Campbell's appointment became effective July 1, 1958. He succeeds Oran Carothers, Moline Rt., Goldthwaite, whose term expired this year. The Committee on which he will serve determines the eligibility of local farmers who apply for Farmers Home Administration loans.

The other two members are Layart C. Schwartz, Rancher, Rt. 4, Comanche, and Frank Kerby, Rancher, Rt. 3, Goldthwaite.

Each agricultural county in the country has a similar committee of three members who

are responsible for determining loan applicants' eligibility, certifying the value of farms being purchased or improved through Farmers Home Administration loans, and making recommendations on loan approvals and loan servicing actions.

Each member is named for a 3-year term and one appointment expires each year. A member completing his 3-year term cannot succeed himself. At least two of the members must be farmers.

The Committee works with the County Supervisor in connection with all types of loans. These include farm operating loans and loans to buy, improve, or enlarge efficient family-type farms in this area. They also include loans to farmers to establish and carry on approved soil and water conservation practices including improving permanent pastures, terracing, soil erosion measures, farmstead water systems, irrigation, drainage, and many other conservation practices.

No loan of any type can be approved for an applicant whose credit needs can be handled adequately by other credit sources.

The regular office staff of the Farmers Home Administration serving Mills County consists of the County Supervisor, Aston W. Cole, and county office clerk, Mrs. June D. Reuther. The office is located in the Briggs Building, Lampasas, Texas, and serves Lampasas, Burnet and Mills Counties.

1958 Grain Sorghum Support Rate Is Announced By ASC Committee

The price-support rate for the 1958 grain sorghum crop in Mills County has been set at \$1.95 per hundredweight for Grade No. 2 or better, County Agricultural Stabilization and Conservation Committee Chairman E. L. Burkett announced June 18. The rate for terminal-stored grain sorghum can be obtained at the county office.

Support will be carried out through loans and purchase agreements, which will be available from harvest time through January 31, 1959. The loans will mature Mar. 31, 1959. They are

nonrecourse loans which may be satisfied by delivery of the grain sorghums to the Commodity Credit Corporation.

A change in the grain sorghum support program this year is that terminal support rates for West Coast markets have been discontinued. This has been done, Mr. Burkett said, to provide more equitable price-support rates among individual producers and also to discourage abnormal movement of sorghum grain to the West Coast where there is difficulty in finding outlets for the grain.

A Mills County farmer who wishes a loan on terminal-stored sorghum grain will normally store his grain at one of the terminal markets in this area for which a support rate has been established. However, if movement of grain sorghums to or toward the West Coast for storage is authorized because of congested conditions, the support price to producers will be the county support rate plus the cost of movement.

The national average support rate for the 1958 grain sorghum crop is \$1.83 per hundredweight, or 70 per cent of parity.

LOCAL TEACHERS ATTEND READING CONFERENCE

Ray Standley, Goldthwaite Elementary School Principal and Mrs. Marie Palmer, sixth grade teacher, are attending a Reading Conference at Nacogdoches today and tomorrow.

The Conference is sponsored by Texas Association For The Improvement of Reading and Stephen F. Austin State College.

Revival Meeting At Duren Church July 25-August 3

The revival meeting at the Duren Congregational Methodist Church will begin this Friday night, July 25, and continue through Sunday, August 3. Rev. J. L. Jones will be the speaker Friday night through Sunday night, July 27, with a special young people's service Sunday night. A group of young people from Dublin will have a part in the service.

Rev. Bill Harty of Naples, Texas, will be with the church Monday night, July 28, and will be the speaker until the meeting closes Sunday night, August 3.

Services will begin with a prayer service at 7:45 each evening followed by preaching at 8:15. Morning services will be held Monday through Friday at 10 o'clock.

Everyone has a special invitation to attend the revival.

Weather Report

According to an official announcement by Harry Allen 1.41 inches of rain fell here on July 21 and 22. This brings the total for the month of July to 1.45 inches.

Mrs. Ada Long returned to her home in Fort Worth Friday after several days' visit with her father, Mr. Henry Ezzell, while Mrs. Ezzell was a patient in San Saba Memorial Hospital.

Precinct Conventions Are Saturday; County Convention Saturday, Aug. 2

Mills County Democratic precinct conventions will be held this week Saturday, it was announced Tuesday by Mrs. Raymond Cockrum, chairman of the Democratic Executive Committee.

Conventions for precincts one and 19, Goldthwaite, will be held at 10 a. m. Antelope Gap Box three will hold their precinct convention also on Saturday at 10 a. m., according to Charles R. Butler, precinct chairman.

Precinct one convention will be held in the county agent's office in the basement of the courthouse, Lucille Conro, precinct chairman has announced. Long will have charge of the convention.

Precinct 19 convention will be held in the office of county surveyor J. C. Long on the first floor of the courthouse, it was

Mission Revival Starts At Caradan Church Sunday

A mission revival will begin this Sunday night at Caradan in the old Caradan church building. The revival is under the leadership of the First Baptist Church, Goldthwaite.

All in the Caradan-North Bennett area are especially urged to attend as there is not a Southern Baptist Church in that area since the North Bennett and Caradan churches disbanded.

Services will be each evening at 8 with prayer service and booster band at 7:30. Services will be each evening Sunday through Friday nights.

Some of the laymen of the First Baptist Church will preach each night other than Friday night.

The schedule is as follows: Sunday night: J. D. Harper; Monday night: Billy Hale; Tuesday night: Luther Ward; Wednesday night: Hawley Jernigan; Thursday night: J. D. Berry; and then on Friday night the pastor of the First Baptist Church, Presnal H. Wood, will preach.

There will be a Vacation Bible School each morning, Monday through Friday, 8:30 to 11:30. All of the children of that area are invited. There will be a commencement service on Friday night, at 7:30.

Absentee Ballots Are Going Strong

Absentee ballots for the primary election Saturday went out at a fast clip during the final days, it was reported by Walter A. (Toby) Bryant, county clerk.

Bryant reported to the Eagle that 270 absentee ballots were cast by 9 p. m. Tuesday night, July 22, three hours before the deadline to apply for absentee ballot.

Deadline for returning absentee ballot to the county clerk is 1 p. m. Saturday, July 26, election day.

Mr. and Mrs. David Hill and children of Dallas spent the weekend with his parents, Mr. and Mrs. George Hill.

New Garbage Service Will Be Started By City On August 1st

The City of Goldthwaite will have a new and improved garbage pick-up service into effect August 1, according to notice appearing on another page of this issue of the Eagle.

The improved service is in line with plans that have been underway for some weeks by city officials to give patrons a more modern and better service in keeping the city clean. The program got underway when the city purchased the new garbage truck and garbage containers a while back.

In line with their proposal for better garbage pick-up service the city has been divided into six zones which will be served on a zone a day basis from Monday through Friday. Zones one through five will be worked Monday through Friday respectively and zone six, which com-

Methodist Church Revival Meeting In Progress

Revival with the Rev. E. Johnson and Miss Johnson in the Goldthwaite Methodist Church is off and start, according to the Rev. McCrary, pastor, who said further: "The people of this community probably have never seen such an array of talent and musical gifts in one revival or other kind of gathering. It is dedicated and unified to one purpose, calling for the dedication of their talents to the Lord Jesus Christ."

The central emphasis of the revival is the Lord's salvation. There is no denominational emphasis in the services, for children, young people or adults. The call is the surrender of one's life to Christ. Therefore, the pastor urges people of the community, regardless of denomination, to come.

Services for children at 10 a. m. on Saturdays and Sundays. There will be no denominational distinction. The same goes for young people's service at 7 p. m. Everybody come to the revival services, 7 a. m. and 7 p. m. This is Goldthwaite's opportunity for a great revival and pentecostal power, but one which is basically necessary for a revival is people. "COME, ALL THINGS ARE NOW POSSIBLE," Rev. McCrary said.

VIC'S . . .

SOLILOQUY

SATURDAY IS ELECTION DAY

This week Saturday, July 26, is election day, the first Democratic primary election of 1958.

It is one of the days of the year when citizens can go to the polls and express themselves. That is, the ones who saw to it that they are qualified to vote. The ones who paid their poll tax or got their exemption to do so.

This is one day when every one should take advantage of and exercise that great privilege and duty and cast their ballot for the candidates of his or her choice. If we do that and do it consistently everything will come out better in the long run.

This is what some of us call an "off-year" since there is no presidential vote involved. That title should be discarded. There is no such thing as an "off-year" when it comes to elections, whether they are first Democratic primaries, run-off election, general election in the fall or city or school elections. Every election is important to people and none should be treated as an "off-year" election.

Elections are held to decide problems, settle issues, select office holders, etc. Through elections people are given the opportunity to express themselves in a way that will be heard and felt. Nobody should treat the matter lightly.

An individual may feel that his or her vote is of little importance. One shouldn't feel that way about it at all. Every vote is important and may be the deciding factor in any issue. One vote may be the difference in having a good law or a bad one, selecting the best qualified candidate or the one least qualified.

The American people are blessed in that they can stand on the street corner and express themselves. They can criticize anyone or anything. They can praise a person or condemn. If they don't like something they can say so without fear because of certain rights that belong to the individual.

One thing that is too often taken too lightly is the fact that with certain rights and privileges that the individual has there are also some responsibilities and obligations that must be shared. One of these is the responsibility and obligation to see to it that one is qualified to vote and then go vote on election day.

There is such a thing as one losing the privilege of going to the polls and casting a ballot. This has happened in many countries.

The person who takes time out to go to vote is the only one that is justified in expressing views that are critical regarding the results of that election.

A person who is not qualified or does not think enough about the matter to go vote really has no gripe coming if the election doesn't go to suit.

If every citizen who is eligible will see to it that he or she is qualified to vote, then vote his or her conviction, then in the long run everything will turn out better.

There may be periods when things don't look so good, but remember this, there is another election coming up and people can go back to the polls and do something about it.

So we would urge all who are qualified to go to the polls Saturday, July 26, to cast their ballot. How you vote is your business, but, vote.

4-H CLOTHING WORKSHOP COMPLETED

Last Thursday night, a covered dish supper and 4-H Dress Revue marked the finishing of the 4-H Clothing Workshop which I had conducted one day a week in each community for over a month. Sixteen of these garments were sent in to be judged; 14 were modeled in the theatre before approximately 70 parents and friends.

Construction and appearance both were judged on definite points. First, second and third places were not chosen. Instead they were divided into the white group, red group and blue group.

A girl with a total score of 95 to 100 received a blue ribbon; a total of 85-95 received a red ribbon; and below 85 received a white ribbon. The groups were as follows:

BLUE AWARD GROUP

Judy Tubbs, Goldthwaite 4-H, Gathered Skirt; Lynn Baumgardner, Priddy 4-H, Gathered Skirt and Blouse; Judy Carswell, Star 4-H, Sleeveless Dress; Karen Summy, Goldthwaite 4-H, Gathered Skirt and Blouse; Kayvon Coffman, Star 4-H, Basic Cotton Dress.

RED AWARD GROUP

Diana Oliver, Priddy 4-H, Gathered Skirt and Blouse; Kathryn Limmer, Priddy 4-H, Gathered Skirt; Mildred Spinn, Priddy 4-H, Basic Cotton Dress; Sandra Arnold, Goldthwaite 4-H, Basic Cotton Dress; Hilda Mae Frank, Star 4-H, Basic Cotton Dress.

WHITE AWARD GROUP

Jan Yeager, Goldthwaite 4-H, Basic Cotton Dress; Bonnie Spinn, Priddy 4-H, Gathered Skirt; Wanda Welch, Goldthwaite 4-H, Gathered Skirt; Ann Truitt, Mullin 4-H, Gathered

Skirt and Blouse.

Doris Jean Bufe and Evelyn Seilheimer of Priddy sent their skirts in for construction judging. Theirs were well done. Others who started garments but did not participate in the Dress Revue were Ruth Annette Striepe, Priddy 4-H; Betty Louise Kincheloe, Ovella Castenado and Vireta Nell Alexander, Star 4-H; Patsy Rind, Sue Childress and Billie Kemp, Goldthwaite 4-H.

Questions And Answers About Social Security

Question: I am a wage earner who became age 65 on July 3, 1958, and filed my claim for retirement benefits on July 9, 1958. Up until July 1, 1958, I was earning \$300 a month salary, but I reduced my working hours so that my earnings will be \$100 a month starting with July 1958. Will I draw my social security benefits starting with July 1958?

Answer: Under your plan you would not receive any benefits at all in the year 1958. The Social Security Administration uses all of the taxable year in which you became 65. Assuming you file your Federal income tax returns on a calendar-year basis, you would have earned \$1800 for the first six months and \$600 in the last six months for a total of \$2400 earnings for 1958. To draw benefits beginning with July, your earnings must be no more than \$80 per month for the rest of the year. Your earnings would still be over \$1200 for the year, but the law permits benefits to be paid for any month in which you earn \$80 or less.

Locklear Clan Celebrates 21st Reunion July 19-20

Saturday morning, July 19 the descendants of the late Jack and Sarah Locklear met at Richards Park in Brady for the celebration of the 21st annual reunion. Question: Will my social security benefit be reduced because I will be receiving a company pension when I retire?

Answer: Your social security benefit will not be reduced. However, some private employer retirement plans offset the social security benefit against their retirement amount. Actually there are many different plans or combinations in such cases. You should check now with your employer to see what plan is provided in your case.

Garbage Service Notice
Beginning on August 1st

In line with our proposal for better garbage pick-up service, the City has been divided into the following six zones:

Zone No. 1 will be served on Monday of each week and comprises territory bounded on the east by the railroad, on the west by Cline Street, on the south by Hannah Valley Road, and on the north by the City Limits.

Zone No. 2 will be served on Tuesday and comprises a territory bounded on the east by the railroad, on the south by Second, Pine, and Peach Streets, on the west by the City Limits, and on the north by Hannah Valley Road.

Zone No. 3 will be served on Wednesday and comprises territory bounded on the east by Reynolds Street, on the south by Sixth Street, on the west by the City Limits, and on the north by Second, Pine, and Peach streets.

Zone No. 4 will be served on Thursday and comprises all territory in the City Limits lying on the east side of the railroad.

Zone No. 5 will be served on Friday and comprises a territory bounded on the east by the railroad, on the north by Fifth and Sixth Streets, and on the south and west by the City Limits.

Zone No. 6 is the business district and will be served daily.

We will continue to make spot calls in case of emergencies, such as dead animals, etc.

After having made this route, the truck driver will be able to tell you the approximate time the truck will be at your residence each week.

We hope this arrangement proves satisfactory to everyone. If you are in doubt about the area in which you live, telephone the City Office, and we will try to assist you.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

TEXAS PRESS ASSOCIATION

SPRING, TEXAS—In 1876 a team of oxen was used for transportation in Texas. Today's city streets and highways, the ox wagon is just a traffic bottleneck. Texans now are saying the 82-year-old, ox wagon constitution is a bottleneck to development of the 20th-century government. Revision is not

study group. Dean Robert G. Storey of the SMU Law School is chairman; C. Y. Mills of Mission and Mrs. Horton Wayne Smith of Austin, vice chairmen; and Dan Moody Jr. of Austin, secretary.

Next meeting of the advisory group is to be held in September. Right now, one member admits that progress toward revision is itself moving at an ox wagon pace. Reason is that those concerned feel strongly that any action should be preceded by an exhaustive, professional research job. This takes money.

Legislative Council, with a staff of seven, and 11 studies under way, can't go all-out on this one thing, but is doing some fact gathering during the summer. Both Council and committee hope to get money for the work, perhaps by next year, from the Legislature and/or some private foundation.

Advocates of Constitutional revision advance these points, among others, as reasons for concern:

1. It's a staggering document, 47,000 words long, patched up with 133 amendments. If nine more proposed amendments are approved next November, it'll be 54,000 words. Much of it is regarded by lawyers as properly belonging in the statutes rather than in a basic document like the Constitution. Much is cited as totally useless, such as provisions for repelling Indian raids.

2. Like Topsy, Texas' huge conglomeration of agencies, departments, commissions and divisions, "just grew." It's all so loosely put together, say critics, that folks don't know who to blame when things don't suit them. Same indictment is applied to the fiscal set-up. It's a billion-dollar-a-year business, but control is mince-meat among many. State has more than 100 special funds, representing about 85 per cent of state revenue. These can't be touched by the Legislature, even if they are not needed for the purpose for which they're earmarked and are desperately needed elsewhere.

3. Another argument made is that increasing concentration of government in Washington can be halted only if state governments are sufficiently vigorous and adaptable to meet people's changing and growing needs. Some suggest that Texas' present Constitution may be a "strait jacket" on state government.

High Cost of Driving—Texas drivers will have to "pay the piper" next year in higher auto insurance.

State Insurance Board has announced that, effective Aug. 1, auto insurance rates will be substantially higher in most parts of Texas. Average hike will be 32 per cent on comprehensive coverage, 19 per cent on liability and 17 per cent on collision. In Dallas County, for example, a policy which now costs \$108 will jump to \$142. Premiums paid on the old

rate schedule have not nearly met accident claims, said Penn Jackson, chairman of the Insurance Board. He attributed the insurance companies' "tremendous losses" to four factors:

1. An increasing number of collisions.
2. Higher cost of repairing today's swanky cars.
3. Higher cost of hospital and medical care.
4. Generosity of juries in awarding damages to claimants.

Auto owners, said Jackson, must realize they set their own insurance rates by the way they drive.

Water Future—Hope for an ever-more-prosperous Texas is found in the recently completed state-federal survey of Texas' water resources and needs.

Contents of the study were made public by U. S. Sen. Lyndon B. Johnson who requested the survey a year ago. Texas Board of Water Engineers and three federal agencies collaborated in compiling data.

Each major river basin was studied and the possibility of switching floodwaters from one basin to another discussed at length.

"The scope of the economic impact of large-scale water exchange in Texas is impressive," said the report. "If exploited to its logical conclusion, there is solid evidence to indicate that the increase in Texas income would be of great magnitude."

On Fishing For Industry—A how-to-do-it booklet for communities wanting to attract new industry is now in circulation.

It was published by the new Texas Industrial Commission with private donations. In 66 pages, the book tells how a community should analyze itself, correct any inadequacies and bring all good points to the fore in a promotional effort.

Commission members expressed hope that passage next November of a constitutional amendment to permit use of state funds for advertising would make continuation of their efforts possible.

Hands Off—State Board of Education has gone on record as officially—and positively—opposing any plan to tamper with the permanent school fund.

Last legislature voted to make 1 per cent of the permanent fund available annually for current expenses. State Auditor C. H. Cavness has proposed making part of future income from school lands available for pressing present needs and putting only part into the multi-million-dollar school trust fund. But the school board declared the fund should be "inviolable." At the same meeting the Board learned the school fund had run \$6,091,905 in the red for 1957-58. Reduction in oil production, a prime source of

school revenue, was blamed.

Franklin B. Tyson Returns To States

Long Beach, California, (FH-TNC)—Franklin B. Tyson, seaman, USN, son of Mrs. Frankie Tyson of Goldthwaite, Texas, returned July 15 to Long Beach,

Calif., aboard the attack transport USS Cavalier after six-month duty in the Western Pacific.

While in the Far East the Cavalier took part in amphibious training operations and visited ports in the Philippines, Korea, Okinawa, Japan and Hong Kong.

For Unity, Progress and Good Government

(Pol. Adv. Paid for by Friends)

Congress is undertaking a survey of the nation's recreational facilities, based on population increase and the vanishing frontier.

It will be a full scale inventory of outdoor recreational resources. It will cover the entire United States.

Texas needs such a survey perhaps more than any other state in the Union. We are preparing to vote on a constitutional amendment, come November 4, which would permit the use of state funds for advertising our resources. Regardless of whether this amendment passes, we need an inventory of Texas' recreational resources, and then we need to build a program for developing them.

It would be easy right now to create a study commission to begin this work. The governor could call together the Highway Commission, the Parks Board, the Game & Fish Commission, the Department of Public Safe-

ty and others that have official status. Together they could make such an inventory and outline a program for developing our recreational areas to the fullest extent. Then, if and when an advertising program gets under way, Texas will have more and more to advertise as time goes on.

Right now Texas needs more recreational facilities for its own people. And it must be remembered that our population is increasing nearly a million a year. With shorter working hours, and with Texas blessed with more days of the year when we can play in the great out-of-doors, our people can use far more facilities than we now have.

As a further example, we have more than 600 miles of true shore line on the Texas coast, with that many more covering the bays and outer shores of our islands. For years we have had the free use of much of this shore line. Today, however, fences are being built to shut off free access. We are industrializing our coast line. Also we are selling it off in city-size lots with no plan for any future access via highway or permanent park facilities.

Padre Island, for instance, is the last undeveloped hard sand beach left on the U. S. coast. It is unsurpassed in its rugged beauty. It is under private ownership today, and is being sold off in lot-size parcels. Present large tract owners have agreed to deed to the State of Texas rights-of-way for a permanent highway the complete length of the island, and sufficient acreage for public parks. There has been no taker for this proposition.

Yet the way Texas is growing and the manner in which our recreational needs are increasing, 10 years from now we'll pay fabulous prices for land on which to build a highway, and still won't have the public park areas we should have.

While we have all this at our finger tips Florida is spending millions building new islands in the Keys. They are dragging up sand and shell and hauling in top soil to make what we already have. Florida spends more on building one bridge than it would cost Texas to build this 120-mile highway. And as an accommodation to fishermen Florida has built catwalks along its bridges, where fishermen flock by the hundreds.

Floridians are not offered the free parks we could have in

Texas.

There is equal grandeur all over Texas. In West Texas we have the Big Bend National Park, with a canyon that is different but equal in splendor to the Grand Canyon. The same is true of Victoria Canyon in Hudspeth county. Visitors will pay from \$10 to \$25 to ride a jackass to the bottom of Grand Canyon. Few even bother to stop at ours. Reason: They are not adequately advertised.

Then there is Palo Duro Canyon in the Panhandle. It boasts very few visitors, yet it is one of the most interesting spots in the United States.

We have a fine system of lakes in Texas, where fishing and boating are unexcelled. Permanent access facilities have been almost completely overlooked in our lake development projects.

We are letting some of our hallowed ground grow up in weeds and some of our historic buildings go to waste. Take for instance old Fort Davis. There a few women are attempting to hold together and maintain the ruins of one of the most historic spots in Texas, without the assistance of any state group.

We are spending millions to erect marble-front buildings in Austin. Now, let's spend a little to help beautify our state and provide more enjoyment for our people and visitors.

It is up to each of us as individuals, and through our collective organizations, to get behind a thorough recreational resource inventory in Texas.

You can help through your local chamber of commerce or civic organization. Join in the plea for such a meeting of minds. Write to the various departments mentioned here and send copies of your letter to Governor Price Daniel.

With his guidance we can preserve, protect and develop the greatness of Texas. Governor Daniel can take the lead in providing recreational resources for our own people and for the millions who will visit us.

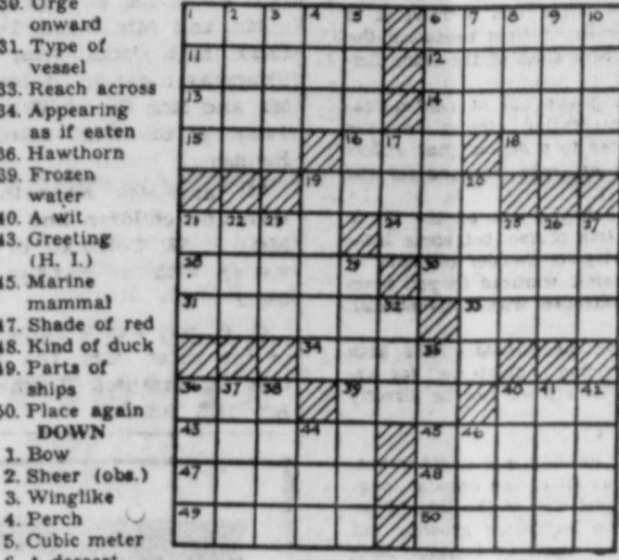

And that's our outdoor plea for today!

Mr. and Mrs. Jack Burns and family of Midland, accompanied by his mother, Mrs. Annie Armstrong, returned Sunday from a week's visit with relatives in Corpus Christi and Kennedy.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

BY HUBERT L. BERRY

Range deferment is paying off in the Brown-Mills Soil Conservation District this year. Many of the better grasses are showing more vigor than for several years.

A number of farmers and ranchers in the Goldthwaite area feel that deferment is an emergency measure needed before maximum efficiency in production and moisture conservation can be obtained. Those deferring all or part of their pastures are: Mrs. Buelah Thompson, Hubert Reeves, L. B. Burnham, Annie Mitchell, E. L. Burkett, Fred Sullivan, Marlon Burnham, Pete Geeslin, Tom

Mitchell, Henry D. Edmondson and possibly others. These pastures are given a complete rest for three months or more during the growing season.

Although there is more range cover at the present time than for several years and livestock are doing better, there are few warm season grasses which can be depended upon during July and August. At the same time, if better grasses aren't allowed to grow during these critical months, there is little or no reserve during the dormant months of January and February. During the normal year there are two periods of two months each in which little or no growth takes place. It can be surmised then that you must have too much during the good months in order to have enough during the critical months.

The ultimate aim of any conservation livestock farmer is to grow adequate grass for maximum efficiency and to maintain this grass by stocking

properly. All the best breeding known will be a cow fat.

Rev. and Mrs. E. K. of Pasadena were guests and Mrs. Wilford Gray and her friends here Saturday.

Mr. and Mrs. Warren Miller and little son, Calvin, of Midland spent the end with her mother and her, Mrs. Edna Hill and

that were expected to attend but due to illness, Ernie Casbeer and James Clary were unable to attend.
 A group met in the county agent's office last Monday morning to discuss plans for a Mills County 4-H and FFA commercial lamb feeding program.
 Those present were the four vocational teachers in Mills County, Dick Vestal, teacher at Priddy; Jack Dickison, teacher at Star; Thurman Head, teacher at Goldthwaite; and A. R. Whisenhunt, teacher at Mullin, and Charles Conrad, R. L. Steen, Norman Duren and George Reese.
 Rules and regulations were discussed and an outline of the program was set up.
 All present expressed their desire for the Goldthwaite Lions Club and the Mills County Livestock Raisers' Association to sponsor this program. At the next meeting of the Lions Club and the Livestock Raisers' Association this project will be brought before each group and if approved by each group, committees will be set up to draw final draft of rules and regulations of the program. We will keep you informed on this program if it develops.

Could U. S. Forces Fight Little War? Geared for Major Tiff Only — Critics

By HENRY CATHCART
 Central Press Association Washington Writer

WASHINGTON—The Pentagon report on the Russian army's immediate ability to wage atomic or conventional war again points up an argument that has been running in Washington military circles for the last three or four years.

Critics of U. S. military planning contend that the American armed forces are being trained and equipped only to fight a "big" war, with atomic and thermonuclear weapons and crushing air might. They have argued that the U. S. Army is no longer prepared to meet a small, "brush-fire" war with conventional arms, and to meet it in such a way as to prevent it from becoming the "big" war feared on both sides of the Iron Curtain.

The argument has grown out of administration emphasis on integrating atomic weapons into the armed services to a degree that makes the Army too reliant on these weapons for the firepower it must have.

Budget limitations on the size of the U. S. Army have dictated this course, but some independent military strategists shudder to think of the day when the Army will fire an atomic warhead to put down some uprising which it could have controlled with conventional units, if they were available.

Meanwhile, the Pentagon report shows the Russians have both capabilities, plus a third method of providing "volunteers" for another small war where, like Korea, the Soviets will not be directly involved.

LABOR LEGISLATION—Congress is heading into another battle over labor legislation, and it may be as bitter and have as long-lasting overtones as the Taft-Hartley legislation of the late 1940s. The current battle concerns labor reform legislation growing out of widespread racketeering and abuses divulged by Senator John McClellan's committee hearings over the past year.

Senator John Kennedy, Massachusetts Democrat, is sponsoring a bill to curb high-handed methods of some labor leaders such as Dave Beck, formerly of the Teamsters, uncovered during sensational public hearings last year. Kennedy had won the grudging support of McClellan for his bill, and also had the support of all but one member of the Senate labor subcommittee.

As the provisions of the Kennedy measure became known, there was initial opinion that it would get through Congress without major amendments further restricting the activities of organized labor. Now, however, a new element has come into play in the form of a sharp denunciation of the bill by Labor Secretary James P. Mitchell.

Mitchell, undoubtedly reflecting the dissatisfaction of the Eisenhower administration, has roundly condemned the Kennedy measure as inadequate, and providing "stronger" "only illusory protection."

Most Republicans and conservative Democrats in the Senate want a stronger measure, and the administration's stand undoubtedly will give them heart to come out for strengthening amendments. The House, too, can be expected to go along with a measure more comprehensive in control of labor leaders and union practices than those contemplated in the Kennedy measure.

All this is a challenge to Kennedy's leadership in the labor field, an essential part of his long-range campaign to win the Democratic presidential nomination in 1960.

Center City News

By MRS. JOE GREEN

It is raining out this way this morning (Monday) for which we are thankful. The wind has been so high it has just about ruined the gardens.

There was church at the Baptist Church Sunday morning and night with Brother Clear-

ance Dycus doing the preaching. Brother Dycus showed a picture of our missionaries teaching and preaching the Gospel in Japan, which was very interesting. The Church called Brother Dycus as our pastor Sunday night.

Brother and Mrs. Dycus and baby were dinner guests in our home Sunday.

Our nephew, Billy Rex Green, son of Mr. and Mrs. Jim Green, who took his basic training at Camp Hood, is home on a 15 day furlough. Mr. and Mrs. Green gave a supper honoring Billy Rex Saturday night. Those present were Mr. and Mrs. Joe Green and Eva Faye, Center City; Mr. and Mrs. Floyd Green, Jessie Lee and Joann, Mrs. Ira Toney and children, Mr. and Mrs. Oscar Hiller, Mr. and Mrs. Oscar Denton, Mr. and Mrs. Bud Witzsche, Mr. and Mrs. Valentine Sauer, Mr. and Mrs. Jim Yeager and Joy, Mr. and Mrs. G. Y. Weeks and Galle of Pecan Wells; Mr. and Mrs. Gene Payne and Sharon Kay, Fort Worth; Mrs. V. T. Hiller, Pasadena; Mrs. Kay Hurley, Dallas.

Also Mr. and Mrs. Jack Ball, Goldthwaite; Charles Stiffenmire, Jonesboro; Mr. and Mrs. James Green and children of Hamilton; Mr. and Mrs. A. V. White and children, Hamilton; Mr. and Mrs. Truman Marwitz and son and Carolyn Marwitz of Austin; Mr. and Mrs. Jim Green and the honored guest, Billy Rex; Mr. and Mrs. Herman Lee and Norman, Star; Mrs. Burt Ball, grandmother of Billy Rex, also of Star. Everyone had a good time and wished for Billy Rex the best of everything.

Mrs. C. M. Head and Truett, Mr. and Mrs. Arnold Head and family attended the Head reunion at Lake Brownwood Sunday. Mrs. C. M. Head said her family was well represented and everyone had a good time.

Mr. and Mrs. Walter Frank and Hilda Mae helped Mr. Paul Ising celebrate his birthday Sunday night.

Mr. and Mrs. Roscoe Karnes and children are here spending their vacation. Larry has been with Mr. and Mrs. Z. Karnes for several weeks.

Mrs. O. B. Hill is with her mother, Mrs. J. Everett Evans, who is ill. We all hope she is much better soon.

Darrell Wayne Head, son of Mr. and Mrs. Darrell Head, has the mumps.

I want to remind the people that vote in the Center City

Box that the election will be held in the Youth Center instead of the Masonic Hall.

Mr. and Mrs. Jimmie Wright had as their guests Sunday afternoon, Mr. and Mrs. Charlie Griffin.

Mr. and Mrs. Tom Watson are visiting in Bertram.

Charles Wild of Dallas visited with us Sunday morning and reported his Grandmother Gage was not very well. Mrs. Virgie Wild is helping care for her.

Mr. and Mrs. A. C. Kinchele and girls visited us Sunday. They also visited Mr. and Mrs. Bud Kinchele at Star.

Mr. and Mrs. Reed Townsen came back from West Texas Thursday night for a few days. Mr. and Mrs. Corbie Wilcox and James of Caradan visited them Sunday.

Mr. and Mrs. Kenneth Coffman and children and Mr. and Mrs. J. W. Coffman of Evant visited with us Sunday afternoon.

O. B. Hill was a dinner guest of his sister, Mrs. Ola Howell, and his brothers, Truman and Roy Hill, Sunday.

Frank McCasland came by and visited with us one afternoon last week.

Personals

Mr. and Mrs. G. E. Campbell of Kermit were recent guests of her mother, Mrs. Jewell Curbo.

Mr. and Mrs. John Allen Todd of Dumas spent a few days last week with her parents, Mr. and Mrs. Frank Hines and Greta Sue.

Misses Kay Campbell and Darlene Hicks have returned to their home after several weeks visit here.

Mr. and Mrs. M. F. Hines and Gregory of Lometa were guests of his parents, Mr. and Mrs. Frank Hines, Wednesday of last week.

Mrs. W. J. Strickland was a guest of Miss Greta Sue Hines

two nights last week.

Mrs. L. V. Combs and Mrs. Ida Warlick of Austin were guests of Mr. and Mrs. John Warlick and children Sunday.

Miss Diana Barron of Hearne spent several days with her grandmother, Mrs. Annie Armstrong.

IS THE FARM VOTE STRENGTH DECREASING?

The general opinion in some circles of government today is that the farm vote as a power at the polls is a thing of the past.

Such a misconception has, on occasion, led to neglect of the rural segment of our economy in favor of a more vocal minority. This is known as "oiling the wheel that squeaks the loudest," among unsuccessful petitioners for governmental process. The group which gains its demands usually calls it, "Making Yourself Heard in Government."

It is true that the farm vote now represents only about 9 per cent of registered voters on a national scale. But this does not present a true picture of agricultural strength.

If everyone concerned only realized it and acted accordingly, the agricultural block could still be the mightiest power in effect in our Democratic form of government.

Last Rites For Mrs. Stephens Are Held July 13

Funeral services for Mrs. Mary Hannah Stephens, 85, were held in the Evant Funeral Chapel Sunday afternoon, July 13, at 4 o'clock. Services were conducted by Rev. J. D. Farmer of Evant. Burial was in Knox Cemetery, with Evant Funeral Home in charge.

Mrs. Stephens was born in Ripley, Mississippi, December 24, 1872, daughter of the late Mr. and Mrs. Augusta Stubbs. She passed away in a Temple hospital July 11. She was married to Harrison Theodore Stephens, January 6, 1902, in Ripley, Miss. Seven children were born to this union. She was preceded in death by an infant son in 1912 and by her husband in 1921. They moved to Texas shortly after their marriage to make their home. She had been a member of the Methodist Church since an early age.

Survivors are two sons, Otha Stephens of Star and Harrison Stephens of Lometa; four daughters, Mrs. W. M. Decker of Belton, Mrs. Jess Wagner of Ozona, Mrs. Hamp R. Lykins of Lampasas and Mrs. Roy Ethridge of Post; a sister, Mrs. M. F. Wicker, Batesville, Miss.; 12 grandchildren and 12 great-grandchildren, and a host of friends.

Pallbearers were the following grandsons, J. B. Wallace, Keith Ray, Harvey W. Decker, Delbert Decker, Owen W. Wagner, W. H. Decker, Damon Ethridge and Clovis Graves.

Honorary pallbearers were: Will Boykin, Haskell Alexander, Henry Soules, Brellin Higgins, Herman Lee, Howard Hightower, Bill Fraley, Luther Soules, Hugh Soules, Otha McKinley, Paul Lee, and Jimmy Welch.

For a total of 63 per cent of our population is directly connected with the buying, selling, manufacturing or processing of our farm products. Legislative matters important to agriculture are vitally important to all these persons.

Here is how it works: If everyone who buys the raw products of the farm would vote with the farmer as a block, the strength of the rural vote would increase to 14 per cent. If those who pass these products through the channels of trade were counted, the total goes up to 24 per cent. The processors and manufacturers of these goods would swell the total to 37 per cent. Retailers of the ultimate product increases the strength to 56 per cent.

And finally, those who sell the farmer only those tools and materials needed to produce his crop brings the grand total to 63 per cent of our voting strength.

Of course, all of us rely on agriculture for our daily needs. Hardly another single industry affects the entire population so directly.

The primary conclusion to be drawn for this is—that the fate of agriculture, its leaders and its legislation—is of concern to us all.

we are back home again. El Paso Friday, the 13th. scattered cards all along way ahead of us. To Clara Bean I had said "we'll be here in a few minutes in Van Horn." To the Ralph Whites in San Angelo, "come by for a few minutes to my niece, Nelle Millar

Capitan Hotel, I didn't think once about that International Date Line just west of Van Horn where those going east must set their watches up one hour. We got to Van Horn about ten by our time, but it was eleven by their time. We tried diligently to contact Clara, but failed. I suppose she had already given us out. John said we just had to go on, for we had visions of how late we would be for that luncheon date at Fort Stockton.

It was past two o'clock Fort Stockton time when we got there. Ralph drove up beside us just as we reached his house. He had been waiting for us for two hours and had started to the restaurant when he passed us. All his folks were out of town. Blanche was at Alpine working on her Master's. Lucy Gale at Denton working away on her straight four years nursing course at Texas Woman's University. Joe was off on a Boy Scouts' hike. Nan and her Grandad Duckworth were gone to see his daughter, Ann, at Arlington. It was a hot day. Ralph took us to a swell, cool restaurant and treated us to a catfish dinner. He urged us to stay awhile to rest, but we already felt greatly refreshed and we thought to get to San Angelo on time, we had better be on our way.

As the evening drew on, we decided, to get to Nelle's in time for the tent meeting, we had better by-pass the Herbert Whites. When we reached Nelle's her daughter, Jane, and her husband and three children were there from Houston. Also her daughter, Nancy, and her husband, George Weddell, and their little daughter, Nan. Gene Millar was in the hospital.

I said, "Nelle, you're full up." "Yes," she said, "but you're going to stay with Nancy." Nancy said, "Yes, Aunt Clemmie, we aren't out at Water Valley any more. We've moved to town, and you and Uncle John are going to spend the night with us." I called the Herbert Whites and they were fine. Then we went with George and Nancy to their pretty home on North Madison. They even went with

us to the tent meeting, but didn't stay because their little girl wasn't well. It was an easy place to find, and John and I found the way back after church without a hitch. George and Nancy were the genial hosts, and we had a delightful, restful night.

Next morning we beat it for home. At Brownwood we had dinner with the Burt Brileys. We got our groceries downtown, then stopped by to see the Jim Wilmeths on our way out. At home the yard was full of tall, dried grass. You couldn't tell there had ever been any flower beds, and you could hardly see the shrubs. Inside a flock of wrens greeted us. They had taken possession, and the whole house looked like a chicken roost. There was a nest on the topmost bookshelf, one in the light fixture, and one full of half grown birds in the chimney. It was the biggest mess that had ever greeted us. I'll tell you more next week. I have plenty more to tell. I'm afraid if I make this any longer, the editor might put it in the waste basket.

Mrs. Red Arrowood, Mrs. Webb Laughlin and Mrs. Chock Duncan were shopping in Comanche Thursday.

The Voting Record of My Opponent

FOR HB-103—This bill took \$12 million dollars away from the permanent school fund. This fund was set up in 1876 to provide a permanent saving account for the schools of Texas. My opponent voted for this raid on the school fund.

HB-587 and SB-407 Both bills pertain to Unemployment Compensation. These bills would have raised compensation from \$22.00 to \$31.00 a week. He voted against.

HB-36 pertains to giving Firemen and

Policemen a living wage scale. He voted against.

HB-133—State Employees pay raises bill. He voted against.

Interest of farmer and rancher and small business man were neglected.

Farm to Market Road project has been left to die.

My opponent seems to have forgotten that he represents a rural district of working people.

SCRIPTURE READING:
I JOHN 1:8, 9, 10

V. 8: If we say we have no sin, we deceive our selves, and the truth is not in us.

V. 9: If we confess our sins, he is faithful and just to forgive us our sins, and to cleanse us from all unrighteousness.

V. 10: If we say we have not sinned, we make him a liar, and his word is not in us.

Then, what shall we do with our sins?

I. The attitude many have toward their sins.

A. Some seek to conceal them. Moody held services in prison and had private talks with many inmates, each denied his guilt. The evangelist said it seemed to be the most honorable group he had ever found.

JULY 20 - 26, 1858

The Governor of Texas has tendered the appointment of Geologist for that State, to Dr. George G. Shumard, of this city. The Doctor will accept the appointment, and will leave here in a few days for Austin, Texas to enter upon the duties of his office. Dr. S. has made himself a great reputation as a geologist, while out on the exploration of Red River with Capt. Marcy, and, under Capt. Pope, in his search for water on the Llano Estacado. He has done more towards developing the character of the country west of us, in a geological point of view, than any other man, as the various reports published by the United States, fully prove.

By a decree of the government of Tamaulipas, dated at Matamoros on the 21st inst., the following export duty has been laid upon the different articles mentioned below:

Horses \$2 per head, mules \$3, Mares and asses \$3, oxen, bulls and beef cattle, \$150 cts., cows and calves \$150 cts., sheep and goats, with or without young,

B. Some refuse to face their sins. They are careful about health, their finances, their social standing. But give no consideration to their spiritual life.

C. We are told that whosoever treats his sin so lightly deceives himself. He does not deceive anybody else. Some students deceive their teacher to escape hard work, but they cheat themselves, not the teacher.

II. The commands of God touching our sins.

A. He requires that we face and acknowledge our sin, not merely our sins. Our deeds and habits are one thing but the underlying sin that produces them is another.

B. He requires that we be convinced, smitten in conscience, which means more than merely to be convinced of our wrongs.

C. He requires that we confess them to God, and that we confess them and not to dodge them.

III. The Promises of God to Blot Out Our Sins.

A. It is not a mere waving aside of our guilt, but is done in keeping with the highest honor and justice of God.

B. It is based on the faithfulness of Christ. He has promised it and He will keep His word. Not one promise will fail.

C. It carries with it cleansing as well as forgiveness. He changes our inner natures. Clipping the thorns off the bush does not change its nature and turn it into a fruit tree, but when we confess our sins honestly, God forgives them and changes us.

from 33 to 37 cents.

Our friend J. J. Studer has again laid us under obligation for five varieties of delicious grapes, of which we think the malaga superior to any we have ever seen.

There may be those who believe, that the bringing of these productions to the editor is a mere bid for a matter of course puff. Not so. "The man who makes two blades of grass grow where but one grew before is a real benefactor." The ambition then to spread the knowledge of the capabilities of the country, for producing the comforts and luxuries of life, is a worthy one.

The Upshar Democrat says a man was found hanging in the woods near that place. The words Horse Thief were written on a paper which was pinned to the body.

We have not before noticed the death of James Knight, an old citizen of Fort Bend county, and a good client of the editor of his day.

Congress passed an act changing the time of holding the spring term of the district court of the United States for the western district of the State of Texas, at Tyler, from the first Monday in March of each year to the fourth Monday in April.

What has become of the appropriation for building federal courthouses in Texas?

The people of Travis, friendly to an extension of the railroad from Brenham to this city, held a meeting on Saturday evening and a committee was appointed to report resolutions, after which the meeting ad-

ourned till Saturday evening next. Judge W. S. Oldham was deputed to go around and ascertain what amount would be subscribed by our citizens, and we are informed by him that \$18,000 were readily promised. This is a good beginning, and all must be in attendance at the next meeting.

Our Railroad is progressing finely. A lumber car goes out betimes every morning freighted with ties and drawn by several yokes of stout oxen.—There is no locomotive as yet, on this side of the river. At the river side is a piledriver sticking pegs, and literally walking across the water on stilts, alas piles. It is a unique way of crossing a river with a train, but judging from the commencement of the work, we think it may do—at least until the next big rain.

Most farm accidents can be prevented. Surveys show that the basic cause of farm accidents is human neglect. Coupled with haste, false confidence and lack of knowledge, the greatest hazards are improper equipment, improper care and use of machinery, and "putting off" needed repairs.

TEXAS PRESS ASSOCIATION

Focus of interest in Texas this week is not on the State Capitol.

It's all over Texas, in a school building or a fire station or a church house—wherever a man stands in a little pasteboard booth with a piece of paper and a blunt pencil.

In the booth is a man who looks like an average, unimportant sort of guy. Chances are he's not very rich, not very interested in politics, as a rule. But John Q. Poll-Tax-Payer is the most important man in Texas this week. With a few strokes of his pencil Saturday, he'll decide who'll be who in Texas for the next two years or more.

When John Q. glances down the ballot, he may see a number of names he's never heard of. He'll pause, scratch his head, wonder which name "sounds best," finally shrug, make a

mark and go on.

Such a possibility gives office-seekers the cold shakes. For fear their names may yet be unknown to some, they'll try to be everywhere at once this week.

In addition, a lot of people will be pleading with John Q. to come back to the polling place Saturday evening for his Democratic precinct convention. Gov. Price Daniel, supported by moderate-conservative party officials, is asking him to come and vote for "majority rule." Opposing the governor are the liberal Democrats of Texas who want John to join their drive to assure that "only real Democrats shall participate in Democratic party affairs."

Nobody can positively predict what John will do. Past records show that some years he feels liberal; and some years, conservative. And some years, both ways at the same time.

Oil Quota Up Again—Texas oil allowance for August will be 328,185 barrels a day more than for July—a hopeful sign for an industry that's been "in the dumps" for more than a year.

Railroad Commission set next month's allowable at 2,978,058 barrels daily. Number of producing days will be increased from 9 to 11. Last month production rose from its all time low of 8 days.

Reason for the increase was not so much the disturbance in the oil-producing Middle East, said one commissioner, as the fact that Texas had finally reduced its excess oil stocks to correct levels.

Last Rites For Miss Dera Humphries
Conducted Here Tuesday Morning

Graveside rites for Miss Dera Humphries, long time resident of Goldthwaite, were held in Goldthwaite Memorial Cemetery, Tuesday morning, July 22, 1958, at 10 o'clock. Services were conducted by Rev. Presnal H. Wood, pastor of the First Baptist Church of Goldthwaite.

Miss Humphries was born in Wetumpka, Alabama, daughter of the late M. C. Humphries and Emily Simms Humphries. She passed away at her home in Goldthwaite at 4:30 o'clock Sunday afternoon, July 20, 1958. She taught school in Goldthwaite and Mills County for a number of years, later becoming a rural mail carrier for 25 years, before her retirement. She had been a Baptist 60 years.

Survivors are two sisters, Mrs. William S. McCall of Waco and Mrs. John C. Hicks of Fort Worth; a nephew, Marlon L. Hicks of Fort Worth; two nieces, Mrs. William T. Coleman of Abilene and Mrs. John T. Files of Houston; an aunt, Mrs. E. B. Anderson of Goldthwaite, other relatives and a host of friends.

Pallbearers were E. B. Gilliam Jr., John Gilliam, James Gilliam, W. T. Coleman, M. L. Hicks and J. T. Files.

Funeral arrangements were under the direction of the Roy Wilkins Funeral Home.

State Insurance Board finally scored a technical knock-out in its prolonged bout with an Austin district judge.

Texas Supreme Court ruled that Judge Charles O. Betts did not have authority to name V. F. Taylor receiver for insurance cases in his court. High court says the receiver must be the state liquidator appointed by the Insurance Board.

Board had appointed C. H. Langdeau as state liquidator. Judge Betts said he did not regard Langdeau as acceptable. He named Taylor receiver for cases in his court.

Supreme Court also ruled void Betts' action in raising salaries of liquidation attorneys working on cases in his court.

Division of authority between the courts and Insurance Department over insurance company liquidation has been a source of dissension for years.

50-50 Plan—State Highway Department will reimburse cities and counties half the court costs of securing land for state and U. S. highway building.

Up until last year costs of obtaining right of way were borne solely by local governments. Last Legislature passed a law authorizing the state to share the cost 50-50 with cities and counties.

At first this was construed to mean the state would pay half the cost of purchasing the land. Now it has been expanded to include half of court costs and appraisers' fees.

More Prison Cotton—An increase of 10.88 per cent has been ordered in the Texas Prison System's cotton acreage allotment.

Officials of the Texas system had been actively dissatisfied, contending the prison farms had been dealt a bigger-than-average cut. Less production means less money for operating the prisons, they pointed out, and, hence, greater cost to Texas taxpayers.

On their behalf, the Texas Attorney General's Department appealed to the Agricultural Stabilization Committee and, finally, to federal court.

Adjustment obtained will mean 384 more acres of prison cotton can be harvested. It'll save \$100,000 in tax money, prison officials estimate.

City Tax Proposals—City officials are laying plans to ask the next Legislature to extend and adjust city taxing powers. Legislative committee of the League of Texas Municipalities has drawn up a two-pronged proposal to:

1. Allow cities to broaden their tax base and lighten the burden on property owners.
2. Substitute another tax to be collected at time of auto registration for the present "unworkable" property tax on cars.

School Fund Fight—A rough-and-tumble time can be expected next year when lawmakers consider just how permanent the school fund should be.

Rep. Louis Dugas of Orange has announced he will introduce a bill which would allow the state to use part of the revenue from school lands for current expenses instead of putting it all into the permanent fund.

Dugas was author of a bill last session to divert 1 per cent of the permanent fund each year to the available fund.

State School Board and numerous other school officials have come out strongly against all moves to tap the schools' multi-million-dollar endowment. They compare it to "eating the seed corn."

Report On "Rainy Days"—Texas Employment Commission's report for the first half of this year showed that 185,000 Texans received jobless benefits.

Payments totaled \$38,164,378 for this period.

Average claimant was eligible for 19.8 weeks of assistance, but drew for only 12.7 weeks. "This proves that unemployment compensation serves as a rainy day tideover between jobs," commented TEC Chairman Maurice Acers, "and not as a prolonged dole."

Unemployment picture was still "rainy" in TEC's latest weekly report. Total of 74,734 persons, more than twice as many as a year ago, were receiving benefits.
