Changes Announced In District 9A Football Schedule For Next Year

Goldthwaite school officials have been informed that Llano has been moved up to Class AA and Santa Anna is being moved to District 10A next year, leaving us with only three of the original members of District 9A, according to announcement by Supt. J. T. Jones, Marble Falls and Copperas Cove are moving from Class B to District 9A, with Goldthwaite, Burnet and Mason.

Classification for the next two years is based as follows: Class B—under 120 students in four top grades; Class A—schools with 120 to 205 and Class AA schools with 206 to 400; Class AAA—schools with 401 to 900 and AAAA—schools with more than 900. The level applying to Goldthwaite the past several years was 125 to 200.

For the next two years Goldthwaite's opponents will be: Copperas Cove—176 pupils; Marble Falls—157 pupils; Mason—202 pupils; and Burnet with 180 pupils. The average enrollment here has been 144 pupils, thus Goldthwaite school is the smallest in the district so far as numbers are concerned.

A look at the new schedule shows ten games for next year.

O. H. Shaw Will Not Be Candidate For Re-Election As Commissioner

The first announcement with respect to county politics in the forthcoming election came this week from O. H. Shaw, Commissioner Precinct one, when he informed the Eagle that he will not seek re-election. Mr. Shaw has decided to retire when his present term expires.

This announcement from Shaw will throw the field wide open in one county office to be filled.

Other offices to be filled in the next election in Mills County in addition to that of commissioner precinct one will be collector and county attorney.

The last legislature made some changes regarding the primary elections effective with the next election. Primary election will be held on the first Saturday in May instead of the last Saturday in July as has been the custom for many years.

The run-off election will be held in June instead of August.

With the primaries moved up some two months the filing deadline also has been moved up.

Mrs. Raymond Cockrum, chairman of the Mills County Democratic Executive Committee, has announced that the first Monday in February is the deadline for candidates to file and have their names placed on the official ballot.

It has been customary for candidates to start making their announcement in the paper starting January 1. With the early election and filing dates announcements are expected to be made earlier.

To give candidates the normal time for their campaign activities the Eagle will open the Political Announcement column starting next Monday, November 1.

In the second conference game of the season the fighting Eagles romped to a 38-0 win over the Santa Anna Mountaineers last Friday night. The Eagles got off to a bad start in the first quarter when they were held on downs and forced to punt. Kicking into a strong wind, Graves' punt netted only about 6 yards, giving the ball to the Mountaineers on the Eagles' 25 yard line. But the stubborn Eagles' defense held and Goldthwaite regained possession on their own 20.

From this point they drove 80 yards for their first TD, with Alfred Starks scoring from the 3; Hoover fumbled the attempted extra points, leaving the score 6-0 for the Eagles.

About 8 minutes deep in the second quarter Starks ran 5 yards for the second Eagle score, Gerry Head ran the 2 point conversion over. With about 2 minutes left in the first half, one of the Eagles broke through and blocked an attempted Santa Anna punt giving the Eagles possession of the ball on the Mountaineers' 20 yard line. Five plays later, Graves plunged over from the one for the Eagles' third TD Gerry Head again ran the 2 point conversion over. The score at the end of the half was Goldthwaite 22, Santa Anna 0.

Five minutes deep in the third quarter, Gerry Head culminated an 80 yard drive when he scored from the 5 yard line. Hoover ran the 2 point conversion over. Late in the fourth quarter, Tom Graves passed to Jack Edington who ran the remaining distance to the goal line for the Eagles' last TD. The play covered 57 yards with a fine block thrown by John Burdette to wipe away the last Mountaineer defender between Jack and the goal line. Graves passed to Head for the 2 point conversion. Final score, fighting Eagles 38—Mountaineers 0.

One of the prettiest plays of the night, which will not go into the record book because of a holding penalty, was a 65 yard run by Alfred Starks who got a strong assist from some fine downfield blocking, according to

IT IS ONLY AT TREES THAT BEAR GOOD FRUIT THAT STONES ARE THROWN

FAR AWAY FROM HOME—Someone once said, "Let a person get away from home and they will appreciate home more," or "the farther away from home the more home means to a person."

That same holds true to a great extent with respect to the home town paper and how much it means to those who are away from the old home town.

Let a person get away from home and they will appreciate, possibly more than those at home, getting the home paper. And let that person get far away from home and they will look forward to receiving the home paper and enjoy it even more.

This is manifested in a note to the editor from Barbara Dell Burns, daughter of Mr. and Mrs. Jack Burns, who is attending school in Kansas City, Mo. She wrote as follows:

"First, I'd like you to know that I really promote the Goldthwaite Eagle here at K. C. A. I. Every paper I receive is read and re-read, quoted and discussed by me and every student when I can find having a spare moment."

"There was particular interest in your column of Thursday, October 1, on AMERICANISM. Although it had appeared in a Missouri newspaper it took a Texas paper to attract their attention."

"Stirred by this article, most of them read further—of clubs and other civic projects—many of them commenting on the certain Miss Love Gatlin who was to discuss the United Nations at the WSCS meeting. Everyone of them asked: "Are the people of Goldthwaite really interested in stuff like this?"

"I'm so glad that I could answer with a loud and lovely 'Yes.'"

"Now, when someone asks me what part of the South I'm from, I no longer say 'Texas'—but with a very proud and contented smile, I reply: "Goldthwaite, Texas—a town with 'real Americanism!'"

From Pearl Casbeer down Austin way comes the following note:

When one is in a distant city
To miss the hometown paper is a pity;
It always adds to daily cheer,
And thoughts of those held most dear.

Papers I see, from many states,
But with my home paper—They don't rate!
So here's a check on the best of banks—
Send the paper—and many thanks!

"I am sending a check to renew my subscription to the paper. My mother and I look forward each week to 'Eagle Time' and thoroughly enjoy the coverage of the news in the county."—Marsalete Summy, San Angelo.

Mrs. James W. Bowman of Lubbock writes the following: "Enclosed is check, which, if I remember correctly, should take care of a year's subscription to the Eagle."

"Goldthwaite still seems a lot like home even though it has been quite a while since we were there."

"Weldon is High School Principal at Roosevelt school just out of Lubbock. Everything is just fine out here but we haven't been through a dust storm yet. Our opinion may change after that."

NEW STYLE DOVE—Grandpa Kelly Saylor may have some explaining to do about this new kind of dove.

He and Mrs. Saylor visited in the Rio Grande Valley a while back and while there he did some dove hunting. Naturally he brought some home for the grandchildren, Stephanie and Sally, little daughter of Mr. and Mrs. W. G. Saylor.

The story is that after Mrs. W. G. fried some doves for the family dinner Stephanie didn't go for the dish too well. But four-year-old Sally was going after her share, just eating away. After eating with "gusto" for a while she looked up at her mother and asked: "How many CROWS did you cook?"

PAYS TO ADVERTISE —

Lions Sponsor "Selling Techniques" Course Starting Monday November 9

MARY FRANCES BOWDEN

The market for consumer goods indicates this country will have a \$46,000,000,000 economy by 1960. One hundred seventy million people will have needs and wants to be satisfied. Taking these two predictions into account, a 17% increase in sales is forecast for the next ten years.

Will we get our share? These

were the words of Goldthwaite Lions Club when members announced this special training program for Goldthwaite businessmen and sales people. The University of Texas will offer the sales training course entitled Selling Techniques at American Legion Hall from Nov. 9 to Nov. 12 at 7 p. m. This course will help people who sell do a better job.

During the four-day program discussions will be held on how to secure and hold the customer's attention, how to satisfy the customer's wants and needs through the use of proper knowledge, and finally, how to help the customer make the proper buying decision.

Mrs. Mary Frances Bowden, the instructor from the University of Texas Distributive Education Department, has had extensive experience as a retail personnel manager and training director and has conducted similar programs for the University for six years. Individuals or groups desiring to attend should contact Truett Aldridge or Goldthwaite Lions Club, local sponsors of the program.

STORE SUMMER CLOTHES PROPERLY

Right storage will increase the life of your summer clothing, and make garments more wearable next season. Take time to sort and store garments carefully as you "take them out of circulation" for a season.

Here are some suggestions that will help protect your wardrobe:

1. Mend any ripped seams, tears, loose buttons or other damages. A few stitches can lengthen the life of a garment.
2. Wash or dry clean all clothing before storing.
3. Store cottons and linens UNIRONED. Make certain that all starch is removed.
4. Dry garments thoroughly and store them in a dry place to prevent mildew.
5. Store clothing in large boxes or trunks to make room in closets for fall and winter.

Garden Club Makes Plans For Fall Flower Show At October Meeting

The Goldthwaite Garden Club met in regular meeting in the Jennie Trent Dew Library at 3 o'clock Saturday afternoon, October 24, with Meses. Malcolm Jernigan, Robert Burdette, J. M. Campbell, John G. Berry and J. V. Cockrum hostesses.

Mrs. R. Glynn Raley, president, presided in the business meeting. Reports were given by the different committee chairmen. A committee composed of Meses. Gerald Head, Jim Weatherby and T. J. Collier was appointed to revise the By-Laws and Constitution. The club also voted to sell calendars again this year.

The resignation of Mrs. Ray Standley was accepted with regret.

Each club member was asked to send a container of jelly to the Division I Meeting to be held in Comanche November 11, which will be sold and the proceeds applied to the headquarters building fund at Fort Worth. Also announcement was made of the Hope and Hoe Garden Club Show at Lampasas, November 7th and 8th. The club voted to make the pilgrimage

We had a good shower Tuesday, just four inches of rain. The rain has started now and it can really rain. We got the hay I mentioned in my last letter baled and most of it is still in the field, maybe it will dry out before another rain.

Sunday visitors with Mr. and Mrs. Butch Rowlett were their daughter and family, Mr. and Mrs. Nathan Allen and daughter of Brownwood, Mrs. Rowlett's sister, Mrs. Ovilla Cummings, Jan, Kathy and Connie of Lam-

Clementine Wilmeth Briley Writes From Temporary Home In El Paso

By CLEMENTINE WILMETH BRILEY
(Delayed)

A card from Mrs. Effie Egger said they had had wonderful rains at home, and everything surely is pretty now. Mrs. Egger also said that Mrs. Edna Dwyer was leaving for Victoria Sunday (Oct. 11). Her children, Mr. and Mrs. Austin Cawyer, had come for her. I'm surprised at

her leaving so soon. Heretofore Thanksgiving has been her leaving date.

We have had a little rain here, and our autumn days are lovely. So bright with sunshine. And now the Queen's Wreath blooms in El Paso. Every porch is draped with it, and sometimes I see a rock fence covered with it. Our days have been so mild we have not yet had our cooling system changed to heating.

pasas and Mrs. Gladys Daniel and Lynn Ray of California. Jack and Marsha Edington went to the Dallas Fair Saturday.

Mrs. R. D. Egger and children visited her parents, Mr. and Mrs. E. K. Wood, Sunday morning.

Mrs. Clyde Cockrum of Goldthwaite stopped by our store Sunday while on her way to Locker to see her parents, Mr. and Mrs. W. G. Shaw.

Mr. and Mrs. Taylor Duncan attended the Rodeo at Waco Saturday night. Annette entered the barrel race.

Mr. and Mrs. Ernest Jarrett of Goldthwaite visited their daughter and family, Mr. and Mrs. M. C. Partridge, Friday afternoon.

Weekend visitors with Ed Jones were his sons, Duvon of Sheffield and Elzie of San Angelo and a friend, Chock Garrett of Houston.

M. C. Partridge took a truck load of lambs to the sale at Goldthwaite Friday.

Wednesday afternoon visitors with us were D. B. Lindsey of Junction and Emerson White of Fort Worth.

Mr. and Mrs. Clayton Phillips and baby of Fort Worth visited us over the weekend.

Mrs. M. C. Partridge and Juanita attended the show at Goldthwaite Wednesday night.

Mrs. Hulén and R. D. Egger were called back to work this week, after about three weeks lay off.

Robert Phillips went to the ball game at Goldthwaite Friday night.

Mrs. Irene Whitley visited us Tuesday.

Mrs. Edna Dwyer's daughter, Mrs. Opal Cawyer of Orange, came for Mrs. Dwyer Sunday, as she spends the winters in Orange.

She began her letter, "No wonder I didn't hear from you for so long. You were as busy as a debutante and having just as much fun." At the Locker Homecoming Johnny Coffee said to George Johnson in my presence, "Miss Clemmie always did seem like sunshine to me. She gets as much kick out of these homecomings and singings as a 16-year-old girl." I couldn't have had a nicer compliment. When I taught at Locker and Bowser, Sister Grace stayed with me and went to school. If she had got to attend the homecomings, she would have had as much fun as I.

Sister Grace said her son, Joe, attended a Sports Car Event at Midland last week. He came back by the Harold Everetts at Abilene, and Edna Beth gave him a big sack of pears to take to his mother. She had got them from the Dwyer place. She had been down there to help her grandmother get ready to get off to Victoria.

Take Giddings, for example. It is a town of around 3,000 population. Recently we learned that a new boat manufacturing firm had opened for business there. Inquiry revealed that the Invader Boat Co. had been formed last March and was employing 25 persons.

Just the other day we stopped in for a looksee. They have a very nice plant, located about three minutes from downtown Giddings. It's no small layout either. In fact, it is a truly modern factory and as clean as a kitchen.

At present the firm is geared for production of about 25 fiberglass boats a week. Now already being distributed are 14, 16 and 17 foot runabouts.

A widely known designer of boat hulls, Bill Raschke of Fort Worth, is the draftsman. President of the firm is Walter Helweg of Deanneville. Business manager is Don Thrash from Fort Worth. Shop foreman is Merle Joy, also of Fort Worth.

Interested in knowing something about the outboards these fellows are building?

Then read on—for we certainly were—and we were quite impressed with their snappy appearance and gay colors.

Invader "Forty" is their smallest runabout. It's a rakish

14-foot streamliner, with chrome ornamented fins and sculptured foredeck... rated for motors up to 40 h. p.

Invader "Eighty" is a sixteen foot craft heavy enough to take an 80 h. p. motor. It is equally at home in big waters or small lakes. It has a large open cockpit. An ultra modern matching fiberglass top is available.

Newest in the line is the Invader "One Hundred"—a 17-footer with a maximum horsepower of 100. It is built for offshore bay fishing and of course is equally at home on inland lakes.

Then—for the fisherman there's the Invader "Twenty" that's upcoming. This will be a 12-foot boat, two or three seater, with bait well.

Also on the drawing board is an 18-foot cruiser, which on paper looks like it is going to be the gem of the waters.

All the Invader boats have air-tank floatation and a self-bailing motor well. We really fell for the step-through, back-to-back front seats. They were foam rubber padded and covered with gaily colored plastic.

Another impressive feature is the spillover panel. If you ever have had the back wash of a wake roll up behind your boat following a sudden stop, you already know the value of the spillover panel. It runs that slosh-over right back into the lake... where it belongs... helps keep the boat dry... and has a very definite safety angle.

Also we were pleased to see so many high transom models. Evidently that too is a coming thing. Very definitely it is another safety feature.

Having lost a boat because high waves rolled in over the low transom and filled the docked boat with water... during a heavy storm on Lake Travis... we were more than just a little bit interested in the trend to high transoms and spillover panels.

The tall, wrap-around windshields on the Invader boats and the ultra-modern steering wheels add class to the Giddings products... and assure a dry and pleasurable ride.

Don't see how a person can resist the boating urge once he sees one of these classy rigs.

And isn't it wonderful that the small towns of Texas can share in the excitement of making these pleasures possible?

TEXAS PRESS ASSOCIATION

Austin, Texas — It is more than a year until the day when the next President of the United States will be elected, but in Texas, the race is on.

From now until Nov. 8, 1960, may well be a year of the most feverish political activity the state ever has known.

House Speaker Sam Rayburn fired the starting gun by calling for an all-out campaign to win the Democratic presidential nomination for U. S. Sen. Lyndon Johnson. Rayburn called for Johnson-for-President organizations in every county in Texas.

A campaign kick-off by the man who has often been called "Mr. Democrat" gave enormous impetus to the activities of Johnson supporters. Pro-Johnson clubs, rallies and editorials blossomed over the state. Gov. Price Daniel and the state executive committee had previously pledged support.

Speaker Rayburn's sponsorship also makes exceedingly difficult the position of Texas' liberal wing Democrats who have been cool toward the senator since the convention hassles of 1956.

In 1952, Rayburn championed the liberals in their battle against a conservative party leadership working for Eisenhower. But the same group, now the Democrats of Texas Club members, will have to fly in the face of their old friend, Rayburn, if they decide on open opposition to Senator Johnson this year.

Some DOTers have pledged Johnson support. Mrs. Mrs. R. D. Randolph, leader, refused to commit herself on grounds the senator has not declared himself a candidate.

Candidate or not, Senator Johnson is whizzing around Texas for personal appearances, scheduled at the rate of more than one a day in the months ahead.

Farewell To Bench — Judge John E. Hickman has announced he will retire in 1960 from his post as chief justice of the State Supreme Court.

Judge Hickman, who became a commissioner on the high

court in 1935, has served there longer than any other man in Texas history.

Noting that he is 76, the judge said he felt the time had come "to surrender the duties and responsibilities of my office to someone younger."

Two other Supreme Court justices, Joe Greenhill and Clyde E. Smith, will be up for re-election next year.

Committees Forming — In a surge of appointive activity, Speaker Waggoner Carr named House members to serve on three of the study groups authorized for between-sessions activity.

Named to the Legislative Council, a permanent organization usually assigned a lengthy list of studies, are Reps. W. T. Oliver of Port Neches, Eligio de la Garza of Mission, H. L. Strickland of San Antonio, R. H. Cory of Victoria, R. A. Bartlett of New Braunfels, Tony Korloth of Sherman, Tommy Shannon of Fort Worth, Will Ehrle of Childress, W. W. Glass of Jacksonville and Richard C. Slack of Pecos.

House members on the Texas Commission on State and Local Tax Policy will be Reps. Frates Seeligson of San Antonio, V. L. Ramsey of Beckville and J. Gordon Bristow of Big Spring.

This group will further the study of the state's fiscal structure begun in 1957-58 by the State Tax Study Commission. Specifically, the new group will consider such problems as whether the property tax should be abandoned or overhauled.

To the Texas Coordinated Commission for State Health and Welfare Services, Carr named Reps. W. N. Woolsey of Corpus Christi, W. E. Shaw of Forney and Max C. Smith of San Marcos.

Three senators, three private citizens and seven agency heads also are to serve on this panel to study and recommend improvements in health and welfare programs.

Adoption Stymied—Texas Supreme Court ruled in favor of a woman who signed papers to

ENJOYING FREEDOM—Duncan Hansen, 29, acquitted of a wife-slaying charge after a month-long trial in Chicago, enjoys his new freedom by taking his children for a walk after they were reunited. They are Charles, 4; Laura, 2, and Nancy, 6.

allow her child to be adopted, then changed her mind and sought to reclaim the baby.

Though the court specified it was ruling only on the case at hand, some felt the decision might set precedent for future cases in this emotion-packed area of the law.

In the case at hand, the mother, unwed at the time of the child's birth, wanted to keep the baby. After a doctor and welfare officials talked to her, she changed her mind and signed a waiver.

A juvenile judge declared the child "dependent and neglected" and sent him to another county for adoption. Within a few weeks, however, the mother married the child's father and filed suit for the child.

High court opinion was that the lower court erred in declaring the child "dependent and neglected."

Bus Keeps Permit—In another case the Supreme Court ruled the Railroad Commission could grant a bus line a permit to use a certain route even though the road was not finished.

Southwestern Greyhound Lines received a permit to use Highway 73 between Port Arthur and Houston before that road was complete. Sabine-Neches Trailways sued to have the certificate canceled.

Court held the Railroad Commission was required only to "know in a general way" about the traffic potentials of a route.

This program will probably be much larger for 1959 than it was in 1958. The opportunity to make money from their lambs this year looks much better than it did this time last year.

Clementine Wilmeth Briley Writes Temporary Home In El Paso

By CLEMENTINE WILMETH BRILEY

Some days and nights are gradually getting a little cooler, but the daytime high still reaches the 80's most of the time. W. F. Davis, who writes a column for the evening paper once a week, said he had just returned to Colorado, and she was so glad to get back to El Paso's sunny days. Colorado has 31 inches of snow while she has none here. But another piece in the paper reminded us that Colorado's snow means more irrigation water for El Paso.

Only four days of school this week in El Paso. Yesterday (Friday) was B. I. E. Day (Business, Industry, and Education). The teachers get a holiday and the children are the guests of the businesses and industries of the city. Grace was among 200 teachers who were guests of the school. They took them for a train ride in a special, private train to Fort Bliss. Later they took them to Ashley Gardens for a fancy Mexican dinner.

Billy is distressed because President Eisenhower has taken the Space Program out of the program and has put it in the Civilian Aeronautics and Space Administration. Billy has de-

voutly espoused himself to the cause of the Army. I think he was only three when he began to tell people that he was in the Service. Today I asked him, "What is it you aspire to be?" A Master Sergeant? "No," he answered. "Just plain sergeant." Johnny chooses the Navy. He and Billy have big arguments sometimes over which is the better.

Mr. and Mrs. Pierce Byrd, originally from San Saba, have just returned from vacationing in the Brownwood-San Saba area. They tell of wonderful rains and how beautiful the country is. For many years they were tied down with a drug store, but suddenly, not long ago, Sears-Roebuck, bent on more expansion, bought them out. Lock, stock, and barrel. Now they have to learn how to live without the store.

Last night Grace took us to see the Dancing Waters at the Chelmont Shopping Center. It is beautiful. Part of the time the water shoots away up high then goes down and up keeping time to the music. Part of the time it forms a mist. Sometimes all in one color. Sometimes in all the colors of the rainbow. It falls into all sorts of fantastic, beautiful shapes. Sometimes it breaks into millions of drops that sparkle like jewels. It is breathlessly beautiful.

Yesterday I rode the bus to town, went to the Cortez Hotel, and voted for the rose for our National Flower. I rode a Highway 80 bus back so I could come by Mrs. Gore's and get my pansy plants.

This has been a full week for Grace. Sunday night we all went to church. Tuesday night she went to a Sunday School Teachers meeting. Wednesday night she and Billy went to Prayer Meeting. Thursday night she and Billy went to an Educational meeting and dinner at Austin High School. Friday night she took us to see the Dancing Waters. Today (Saturday) she went to the Del Camino where she was initiated into the Delta Kappa Gamma Society. Afterwards she attended the dinner they were having there today.

WASHINGTON AND "SMALL BUSINESS" By C. WILSON HARDER

If the Congress that recently ended goes down in history, as perhaps it should, it will go down as the Congress that killed the bogey man.

And that bogey man was the myth that politically the power of the labor bosses was invincible. By a vote almost as unanimous as that which declared war on Japan the day after Pearl Harbor, Congress passed a new labor bill.

Many had C. W. Harder said this would never happen. Yet the new labor bill contains provisions that were overwhelmingly favored by nation's independent businessmen voting through the National Federation of Independent Business.

Actually, the new labor bill is more of a victory for small business than perhaps any segment of the economy.

The provisions of the new bill which puts a strong ban on secondary boycotts, cracks down on blackmail picketing, and permits state government to step into labor disputes that the National Labor Relations Board felt were too minor for their attention, are real victories for small business.

For example, consider the ban on secondary boycotts. Many retailers have been severely abused by the evils this part of the law corrects. As is customary in business, the average retailer will place orders for merchandise long in advance of the selling season of that particular merchandise.

did arrive, it was often found the supplier of the merchandise was involved in a labor dispute with union bosses.

Independent retailers were then threatened with all kinds of reprisals by the labor bosses unless they refrained from selling the goods in their warehouses. This was a vicious, unwarranted practice that independent business, through the National Federation of Independent Business has long fought against.

States should probably lose no time now in setting up their own labor laws and administrative procedure, now that the new labor law provides that states can intervene in labor disputes that the National Labor Relations Board has refused to handle, largely because the National Labor Relations Board rulings on the size of the dispute it would handle.

As a matter of fact, in those industrial states where there are not adequate provisions for handling local labor disputes, or where the procedure has been withered by atrophy due to federal interference, special sessions of the state legislatures should be held immediately to make the necessary provisions.

Thus a bogeyman dies, an object lesson for all who have claimed that no one could be elected to Congress without labor boss support.

With overwhelming evidence to the contrary established, it remains to be seen if businessmen will abandon their long standing sense of futility to take a more active interest in government. Abuses that have threatened very existence of independent business can be corrected by concerted action.

**Crew Leader
Is Named For
Farm Census**

Appointment of Carrol J.
Jackson of Brownwood, as a
crew leader for the 1959 Census
of Agriculture was announced
today by Field Director James
W. Stroud of the Census Bu-
reau's regional office at Dallas.

Jackson will direct a force of
census takers who will canvass
all farms in Brown and Mills
Counties. Before assuming his
post, he will go to San Angelo,
where he will receive five days
of training by a member of the
Census Bureau's staff. Topics to
be covered include procedures
for recruiting of census takers,
census taker training, canvass-
ing methods, preparation and
submission of reports, and the
supervision of census takers to
insure a complete and accurate
count.

The crew leader is one of the
key people in the field opera-
tions of the Census of Agricul-
ture. It is his responsibility to
recruit and train the census
takers and supervise their work;
plan and allocate work assign-
ments; review the work of the
census takers and take remedial
action where necessary, and to
conduct difficult interviews.

After completing his training,
Mr. Jackson will return to his
district where he will spend
several weeks recruiting census
takers, and training them in
preparation for the start of the
field canvass on November 18.

**Questions And
Answers About
Social Security**

Question: I have been draw-
ing benefits for the past 8
months of this year. I work in
a restaurant for \$100 per month
cash wages. My employer gives
me two meals a day. He values
these meals at 75c per meal. I
now hear that the value of
these meals must be considered
in my total earnings for the
year. Is this correct?

Answer: Yes. The value of the
meals constitutes payment in
kind and must be considered
in the total earnings for the
year. If you continue to work
under the same arrangements,
you will earn over \$1200 for the
year and will not be due checks
for all 12 months of the year.

Question: I have been a far-
mer for many years; but for the
last two years, I have had a
loss on my farm. Is there any
way for me to pay the social
security tax to keep up my ac-
count?

Answer: Yes, farmers who
have a gross profit of \$600 or
more and a net loss, or whose
net profit is less than \$400 may
report under the "optional
method." Under this method, if
your gross income is over \$1800
a year, and your net is less than
\$1200, you may report and pay
the tax on \$1200. If your gross
income is as much as \$600 and
not more than \$1800, you may
elect to report and pay the tax
on 2/3 of your gross income.

Question: I am receiving sur-
vivors benefits of \$29.10 for my-
self and \$84.40 for my 4 children.
My oldest son will be age 18 in
November. Must his benefits be
terminated even though he is
still in high school?

Answer: Yes, your son's ben-
efits must be terminated; how-
ever, in your particular case,
there will be an adjustment of
benefits and you will receive ap-
proximately the same amount—
your benefit will be \$33.70, and
the benefit for your other three
children will be \$78.60. However,

as each of your children's pay-
ments terminate, there will be
a greater reduction in the total
benefit amount.

mentarian; Bobby Seider, his-

ship contests to be held in San
Saba late in November and at

Officers And Directors Elected At Annual Farm Bureau Meeting

Mills County Farm Bureau held their annual meeting last Saturday night at the high school lunchroom. A large group enjoyed the delicious barbecue dinner with all the trimmings, which preceded the business meeting.

Homer McCasland, president, called the business meeting to order at 8 p. m.; minutes of the 1958 annual meeting were read and approved. Mr. McCasland gave a resume of what the Farm Bureau accomplished during 1959 in Mills County.

The group voted that a director being absent three meetings in succession without notifying the president would be automatically disqualified and the directors would elect someone to fill the unexpired term from that precinct.

W. C. Bishop, chairman of the Resolutions Committee, was called to the floor to discuss the resolutions to be sent to the state convention. There were three resolutions endorsed and sent to the convention, namely: 1—endorse farm to market road

HOMER McCASLAND

Four new directors were elected from precincts as follows: Carlos Patterson, Precinct 1; Homer McCasland, Precinct 2; E. J. Druockhammer, Precinct 3; J. D. Berry, Precinct 4. The following officers were re-elected: Homer McCasland, president; W. C. Bishop, vice-president and W. W. Fox, secretary-treasurer; Mrs. Cecil Williams was elected reporter.

Holdover directors are: M. C. Bishop and V. Z. Cornelius, Precinct 1; R. V. Geeslin and Oran Carothers, Precinct 2; Glynn Sanders and J. H. Priddy, Precinct 3; Hulon Egger and C. J. Humphries, Precinct 4.

After the election of officers and directors, Mr. McCasland introduced J. D. Jordan of Mason, field man for District 7, as guest speaker for the evening. Mr. Jordan spoke on the basic principles of Farm Bureau work.

Mr. Cornelius made a talk on what would have to be done to get Mills County cleaned up in the Brucellosis campaign.

At the conclusion of the business meeting, the president asked if the group would like to meet oftener than once a year and a motion was made to meet quarterly. The motion was referred to the directors and will be discussed at the next directors meeting the second Monday in November.

Goldthwaite Juniors Defeat Evant Elks

By GENE GRAY

The Eagles chose to receive from the south end of the field. Harlan Jernigan took it on the 20 yard line and was downed about the 30 yard line. On the first play from scrimmage, Vicky Wiedebusch carried the ball 10 yards for a TD. Jernigan added the extra 2 points. The score was then 8-0 for Goldthwaite.

The Eagles kicked off to the Elks but they soon lost the ball on downs. The Eagles took the ball on about their own 35 yard line, but they lost the ball on a fumble. The first quarter ended with the score still 8-0.

The Elks took the ball in their own end of the field, but soon lost the ball on downs. Vicky Wiedebusch soon scored on a wide run around end. Harlan Jernigan added the 2 extra points. The half ended with the score 16-0 in favor of Goldthwaite.

Again the Elks received but lost the ball on downs. The Eagles took over and Wiedebusch scored on about a 30 yard run. Gene Gray added the 2 extra points. The third quarter ended with the score 24-0 for Goldthwaite. The Elks received but soon lost the ball on downs. Gene Gray then scored for the Eagles on about a 30 yard run and Gray also added the 2 extra points. All the Eagle team played an outstanding game.

Every Eagle who was physically able saw action in the ball game.

The Eagles will not be in top physical condition for this crucial game with the strong Burnet Bulldogs. Jack Edington, Jackie Burns and Ronnie Laughlin are all hampered with knee injuries, Jimmy Wigley still has a very sore shoulder from an injury sustained in last week's practice. Jerry Stanford is recuperating from a throat infection which kept him in bed for about a week. There are several others who are suffering from the usual bruises.

In the ball carrying department last Friday night, Starks gained 96 yards on 20 carries; Hoover gained 93 yards on 14 carries; Head gained 91 yards on 13 carries and Graves gained 51 yards on 12 carries.

BURNET GAME

Burnet will probably be all fired up to get back to their winning ways after suffering their first setback of the season last week to a powerful Mason team. Burnet has enjoyed a very high ranking most of the season as one of the top 10 Class A teams.

The Bulldogs are led by their versatile and high scoring HB, Larry Kinsey, and they also have a very outstanding line man in the person of DeWayne Hyman. Hyman, a 198 pound Junior, is rated as one of the better defensive linemen in Central Texas, according to Coach Blansit. He is also an outstanding offensive boy. Bulldogs are big, fast and show a great desire for winning football games.

To see how last week's defeat affects the Bulldogs, come out and watch them do battle with the fighting Eagles Friday night at 7:30 p. m., at Eagle Field. According to all outward indications the Eagles are more anxious to play this team than any game thus far this year and according to Coaches Blansit and Williams the Eagles' morale

seems to be at a season high. The Eagle lineup for the Friday night is as follows:
