HAPPY BIRTHDAY-It's a year since Childress Clinic and Hospital held open house, and it seems only proper to say Happy Birthday and extend good wishes to Dr. M. A. Childress on this first anniversary.

The clinic and hospital had been open a short time before open house was held, after some ten years of dreaming and planning on the part of the doctor for one day having a new clinic and hospital.

The past year has shown that the hospital needs more rooms and beds. Operating at capacity a good deal of the time, there is now need for adding a wing providing additional facilities.

With the addition to the staff of Dr. C. G. Cruzcosa, Jr., recently, and with the hospital getting equipped to do surgery the need for more beds is even greater.

Dr. Childress has plans underway for adding a new wing that would provide an additional eight rooms with a 16 bed capacity.

We hope that plans will materialize so that in the not too far distant future this new addition can be constructed. 台 台 台

MY LIFE-In a recent issue of the Texas Lions magazine there appeared this little item on the subject, my life.

"I am of the opinion that my life belongs to the whole community, and as long as I live, it is my privilege to do for it whatever I can. I want to be thoroughly used up when I die, for the harder I work, the more I live. I rejoice in life for its own sake. Life is no 'brief candle' for me. It is a sort of splendid torch which I have got hold of for a moment, and I want to make it burn as brightly as possible before handing it on to the future generations." 市市市市

ON THE MEND-Lucile Fairman, our own postmaster, or "MISTRESS" as the case may be, is reportedly on the mend after being aided by crutches for a few days.

She has a pet Coon at her house. One day not long ago this pet got out and went up a small tree. Lucile decided to go after him. She took a step ladder and climbed up to the top to retrieve her pet from out of the top of the tree. When she got to the top the ladder tipped and as a result she suffered a sprained ankle.

Some friend told her: "Don't you know you shouldn't try to keep up with a Coon?"

NAMES MAKE NEWS-I have always felt that names make news and tried to keep that in mind with respect to happenings

Sometimes you can bargain for too big a bite though.

We thought it would be nice to print the names of all boys and girls who took part in the FFA Rodeo. When we decided that and talked with FFA advisor Thurman Head we didn't stop to think that there would be FORTY-ELEVEN entries.

Well anyway, with the good help of Thurman and some of his assistants and after some hours of compiling in our office the entire list appears in this issue.

With the time and space involved it seems quite likely that when the next rodeo comes along the report of results will list the top three places in each event.

TRUTHFUL-A lady was entertaining her friend's small son. hall can be found. "Are you sure you can cut your meat?" she asked, after watching his struggles.

"Oh, yes," he replied, without looking up from his plate, "We often have it as tough as this at home." 市 市 市

LONG EARED JACK RABBIT-Much has been said and written about long eared jack rabbits in Texas, or the biggest jack of Dallas visited over the weekrabbits in Texas.

Now comes a story that has some basis to it though. Malcolm Jernigan told us this one the other day that points out this was the longest eared jack rabbit in Texas. It happened on the Brandon ranch in Lampasas County.

A jack rabbit was killed when his ears made contact with a electric highline as he ran under the wire. There was no question about it for there was the evidence, as Malcolm

Of course, providence helped some in these long ears making contact with the wire. The highline was down.

This could have been a sad story if it hadn't been discovered than \$100.00, it was announced student of medicine in Galveswhen it was. A herd of cattle was grazing toward the place.

Flaky, pecan-filled "Sweetheart Crescents"-delicious enough to turn any man's head-have won the \$100 top prize for May in Gladiola's yeast bread Baking-Recipe-of-the-Month contest.

The honored homemaker is Mrs. L. Karcher, Route 1, LaGrange, Texas. She is donating half her cash award to the Ladies Aid of Trinity Hill Lutheran Church in LaGrange.

Depends on Gladiola

Mrs. Karcher is the wife of a semi-retired Lutheran minister. With one son, two daughters and nine grandchildren, she's been kept 'mighty busy" through the years meeting a steady demand for her tempting yeast bread

"I love to bake, especially with yeast," she says. "I don't consider myself a particularly good cook, but when you use a good recipe and Gladiola Hard Wheat Flour you can't miss. I always use Gladiola because I can depend on it."

Tip to Teen-agers

Mrs. Karcher hopes today's young women, while still in their teens, will learn the most important lesson of all in yeast bread bakingthe right flour to

start with. "All-purpose flour has its place, of course, but not in yeast dough. You want dough with lots of 'life' to it-strong and springy. Smooth to the touch, too, not starchy and sticky. You can try and try, but you'll never get yeast dough like that with an allpurpose flour.

GLADIOLA SPECIAL HARD WHEAT FLOUR

'Wonderfully Satisfying'

"With Gladiola Special, it's no trick at all. The way your dough performs in the oven, the way it holds that good yeast flavor, will always be a wonderfully satisfying experience.

'Speaking of teen-agers," Mrs. Karcher adds, "I hope we'll soon see one winning a \$100 prize in the Gladiola recipe contest. It would make us grandmothers feel good to know that the new generation is discovering the fun of old-time yeast bread baking.'

3. Cut off the strip that says "Gladiola Special Hard Wheat Flour" from the folder enclosed in every bag. Send it — with your recipe — to Glad Times, Sherman, Texas. 4. Send in as many yeast bread recipes as you wish. Mail each recipe in a separate

Thanks to the Men's Downtown Bible Class in Goldthwaite and the Mullin Quilting Clubs for the potted plants. And to the teachers in M. H.
