Mr. Reed has asked four more musicians to sit in for the Thursday night Review.

Don Reed, who is the band director at Early High School, is a Brownwood boy. He attended Hardin-Simmons University, and now has his bachelor's degree in Music from Howard Payne College. BAND PLANS VARIETY SHOW—Johnny Milnor has started work this week in building up program for a variety show that will be sponsored by the Goldthwaite Eagle Band on Thursday, February 2.

If I were to venture a guess, I would say we can look forward to a jam up show and something that will be worth many times the price it will cost to see.

Besides a good evening of entertainment it will also be a benefit for the band fund which certainly needs every encouragement at this time.

The band director and members suffered a pretty hard blow when fire gutted the band rehearsal hall a few days ago. It is a blow that will require quite a bit of doing to overcome. But they will overcome it and will go forward.

A friend of mine who had seen many more moons than I had once told me: "There is a good baby born out of every storm."

There will be a good baby born out of this storm, the GHS band director and all band members will make every effort to that end. With a little boost and extra support during the weeks ahead from you and me their job will be made easier.

You'll be hearing more about this big show as it takes shape during the next two weeks, so look for it and plan now to buy a few extra tickets when the advance ticket sale gets underway.

A HOWLING SUCCESS—"These shirts," bragged the salesman, "are the best on the market. They're so strong that it's almost impossible to tear them. They simply laugh at the laundry."

"I know that," snorted the irate customer. "Last time I sent some to the laundry they came back with their sides split."

☆ ☆ ☆

WHAT! NO FEDERAL ROADS?—No subsidies? No guaranteed prices for buffalo hides? No free pensions?

No. All those American pioneers had to go on was character; all they traveled 2,000 hard miles for was the opportunity for hard work. And that is what conquered deserts and mountains, that is what made America.

Those real Americans would have been ashamed to ask for something for nothing; they would have scorned those who demanded pay for no work.

If all this country wants is more and more for less and less work, we're setting ourselves up as easy victims for more work at less pay — and pay in rubles.

☆ ☆ ☆

HOLDING ON TO A COIN—Are you one of those who can hold on to a coin? Some people can and do while others try it from time to time but without too much success.

A. A. Downey, Mullin, is one of those exceptions though. He is carrying a two cent piece which is dated 1864 and has been in his possession for 46 years. Long time, isn't it?

But, there might just be a special reason why he has held on to this particular coin for all this time. There sure is. It was given to him by his bride when they were married.

Said Mr. Downey: "I've held on to this one pretty well. I also had a penny dated 1867, but somehow it got away from me."

The Government is my shepherd, I need not work. It allows me to lie down in the good jobs; it leadeth me beside still factories. It destroyeth my initiative; it leadeth me in the paths of the parasite for politics sake. Yea, though I walk through the valley of laziness and deficit spending, I will fear no evil; for the government is with me; its dole and its vote-getters, they comfort me. It prepareth an economic Utopia for me by appropriating the earnings of my grandchildren. It filleth my head with bologna; my inefficiency runneth over. Surely the government shall care for me all the days of my life, and I shall dwell in a fool's paradise forever.—The Rev. Melville D. Nesbit, Jr.

A number of highway workers who had become familiar to residents here have been transferred to other points as the highway work in Mills County approaches completion. Fisher Street, which unites all of the highways entering and leaving Goldthwaite, is to be paved from the city limits at the south of town through the railway underpass in the northeast edge of Goldthwaite.

60 YEARS AGO—

WASHINGTON JOB SEEKERS SCREENED

SOME APPOINTMENTS SELECTED

By HENRY CATHCART

WASHINGTON—President-elect John F. Kennedy is using six standards in screening applicants for top jobs in his administration. They are: judgment, toughness, integrity, ability to work with others, industry and adherence to Kennedy's principles.

Persons involved in the recruiting and screening operations in Washington have been instructed to "grade" applicants on each of these six standards. Their answers, as well as a brief biography, are contained on a single sheet of paper.

Applicants for the glamor positions in the Cabinet and as heads of federal regulatory bodies and independent agencies get different treatment, of course. The operation here is sometimes more direct, sometimes more devious.

For instance, the first Cabinet appointments announced by Kennedy were accomplished on a straight personal knowledge basis by the president-elect. No one had to tell him of the qualifications of Connecticut Gov. Abraham Ribicoff or Michigan Gov. G. Mennen Williams.

On the other hand, the president-elect has known some others who are being prominently mentioned for top positions. The process usually involves a Kennedy confidante throwing out some names and qualifications at appointment discussions.

Through staff work is then undertaken to learn as much about these individuals as possible, not only from the standpoint of their official careers, but their political and personal backgrounds, as well.

Kennedy's appointments are coming through much slower than expected. There is a growing suspicion in some Washington circles that he is encountering heavy resistance from some of the standing public personalities who are reluctant to leave their present positions for the exceedingly rough life of a political appointee.

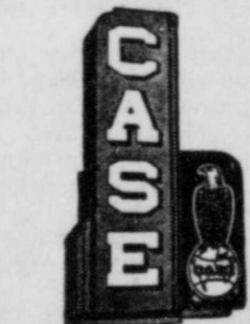

GREATEST DISAPPOINTMENT—Perhaps the greatest disappointment experienced by President-elect John F. Kennedy forming his official family was the refusal to serve of Robert Lovett. Lovett, a Republican, had served under Harry S. Truman.

Kennedy offered him the post of Secretary of Defense, but by some as the "toughest" job in Washington outside of the presidency. The incoming president took the unusual step of announcing Lovett's refusal as the two stood at the front door of his Georgetown home.

The 70-year-old Lovett was a visibly weakened man as he stood beside the 43-year-old Kennedy. It was obviously true that Lovett's advancing years was the sole reason for his rejection of the offer.

It is a truism in politics, as well as in the world of business, that refusal of top-rated men to serve in a post makes it increasingly difficult to attract other highly-qualified men to the post.

In this instance, it was apparent that Kennedy's motive in announcing Lovett's refusal did not want an impression to be circulated that Republicans were refusing to serve in his administration, or that qualified men were declining his offers on any of the most valid grounds.

are you a 6-day parent?

That bright little face seems to appear about two inches from your own almost as soon as your head touches the pillow . . . It's the Sabbath, and it's time to get up . . . or it should be.

There's something to be done for your child on this special day of every week. Will you stir yourself to do it? Or put it off until next week?

Regular weekly worship, begun early and fostered with conviction and understanding, may be the most important single contribution you can make to your child's growing-up. As children grow, they will need every bit of strength they can find. Strength comes from Faith. Faith grows through worship. **WORSHIP TOGETHER THIS WEEK**

OUTDOORS IN TEXAS

How many times have you seen through one of our National Forests, looked up at the great wall of trees lining the way and wondered what gets they hold? What kind activity takes place amid thousands of acres of timber and underbrush?

While you're wondering, wheels are turning and many things are happening in those ghostly woods. Pines are tumbling to the ground as automation rips their trunks with roaring saws. Timbers are hauled out by the thousands of tons.

Wildlife lives and dies, by the small acts of nature and by man with powder and lead. In many areas, conservation agencies work to manage and protect some of our favorite game species.

There's any number of activities, both industrial and recreational, concealed behind that great wall of timber and pine needles.

Some of it helps pay state bills. Only recently Gov. Price Daniel was presented with a check for \$636,547.92 from the U. S. Forest Service as the State's share of the income from the sale of 119.4 million board feet of timber and other uses of the Texas National Forests during the fiscal year 1960. This is the highest income from timber since reforestation started on the forests of East Texas way back in 1935. Total income from Texas National Forests for 1960 was \$2,548,191.68.

Each county occupied by forests is a 25 per cent stockholder, in the gross receipts, according to Federal law. Texas allocates this income to schools and roads on a 50-50 basis.

Last year, the Forest Service spent \$289,462.69 on the maintenance of some 800 miles of roads on the 658,000 acres of National Forests. In addition, over \$104,000 was allotted the State Highway Department for the construction of forest highways.

Forest Supervisor John W. Cooper stated during the check presentation ceremony that

POPULAR PLAYBOYS QUARTET — Tops among barbershop quartets from Texas, Oklahoma, Louisiana and New Mexico are these four PLAYBOYS of San Antonio. They won Southwest honors in contests staged in Tulsa by the SPEBSQSA—which is short for the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America. They will entertain the daily and weekly newspaper publishers of Texas at the San Antonio convention of the Texas Press Association on January 20 and 21. Left to right they are: Scott Mullen, Dale Deiser, Franklin Spears and Ben Binford. Mullen is a college student. Deiser and Binford are insurance men. Spears is an attorney and member of the Texas House of Representatives. All four are members of the San Antonio Chordsmen Chapter of SPEBSQSA. The chapter's chorus of 54 men won the International Championship for Barber Shop Chorus Singing in 1960.

watershed protection, outdoor recreation and fish and wildlife management of the forests are possibly of equal or greater value to the State than timber production. Hunting and fishing on the forests are coordinated by the Texas Game and Fish Commission.

Some areas of the forests are fenced in. This was done to better control and integrate wildlife habitat. However, signs will be posted on these sections to remind visitors that they are still welcome.

Certain special areas are designated for intensive game management and restoration by the Commission. One such area is the Angellina Wildlife Management Area composed of three different sections.

Each year, managed hunts are held on this area. If you passed through the Angellina Forest when deer hunting opened, you might not have realized that a public hunt was being held. Reports indicated that it was a very successful hunt.

If you pass through these forests during the spring and summer, you may not get to see the hundreds of families and friends that have spread out their picnic lunches under the shadows of silent pines and hardwoods. Or, you may miss the smiles on the faces of the many weekend fishermen who stretch out on the banks of rippling streams that snake their way through the dense timber land.

You would need to turn off the main highways and byways to feast your eyes on little isolated communities which dot the Davy Crockett National Forest. To get acquainted with the people and their seemingly strange customs that live and die deep in the woods, you would have to do more than just pass by in a speeding auto.

Inside those dark timbered hills live some of the most fascinating plants, creatures, and people you could find anywhere in Texas . . . or the world for that matter.

And the sounds of a forest are equally as fascinating. Whether it be the rustle of leaves, the screech of a feathered friend, the scampering of bushtails high above, the whine of a saw in the distance, or the combination of all these, your ears will be filled with the

Eagle Band Members Face New Problems After Band Hall Fire

By PHYLLIS McADEN

At about 6:45 Friday morning, January 6, there was quite a bit of excitement in Goldthwaite. The Goldthwaite Band Hall burned. Although the building did not burn to the ground the results were the same. Many students lost their instruments or their horn cases. Some lost both. The band lost furnishings and all the Spring Concert music and folders. The stands, which were bought new last year, can still be used after they are re-finished. Six of the new uniforms were scorched, smoked and water-soaked. There was quite a bit of work done on the Band Hall during the past summer, all of which is gone forever. People are genuinely interested in their Eagle Band and will more than likely

lend a helping hand. Many of the parents and kids themselves helped with the work this summer. Your band had a very steep hill to climb to get their new uniforms, but they did it. They have had many hard problems to face but they have been faced bravely and most have been solved completely. Your band is known throughout the land. People take notice of the bright, eye-catching uniforms, the high-stepping majorettes and the snappy tunes they play. With your help your band can be known as the band that went on to win great honors in spite of hardships. Mr. and Mrs. Fay Reed of San Angelo visited her sister, Mrs. Ruby Ross and friends, Mr. and Mrs. Barney Landers, Friday.

A Moment With The Bible...

"Not every one that saith unto me, Lord, Lord, shall enter into the kingdom of heaven; but he that doeth the will of my Father which is in heaven" (Matt. 7:21). In this plain saying, Jesus tells us who will enter the kingdom, and some who will not. Who shall enter? "He that doeth the will of my Father." Who shall enter? "Not every one who saith unto me, Lord, Lord." This indicates that SOME who say "Lord, Lord" shall enter the kingdom; for their worship and their lives will be according to the will of God. But not every one who worships, not every one who prays, not every one who calls himself a child of God will enter. How many will not enter? "Many" (see Matt. 7:22). Of these the Master says, "And then will I profess unto them, I never knew you; depart from me, ye that work iniquity" (Matt. 7:23). Are you doing the will of the Father? (By Rex G. Tilly, Church of Christ, First and Reynolds Sts.). Adv.

TIPS for OUTDOORSMEN

Care With Fire Necessary
Winter woods are dry and easy to catch fire, so take the proper precautions to prevent fire.

Hold burnt matches until cool, then break them. Shred your cigarette butts, as soldiers are taught to do. Douse your campfire thoroughly with water — then inspect it carefully before leaving.

On Cooking Eels
Eels make great eating—once you get over the idea that they are kin to snakes.

You'll be won over the first time if you prepare them this way: Skin eel with pliers, then cut into inch-thick chunks (as you slice bread). Fry until meat is flaky and white.

Legend has it that cooked eel meat will turn raw again if laid aside to cool. Experiment proves this to be at least partially true.

Choke Improves Shooting
By using an adjustable choke on your single barrel shotgun you can increase your kills greatly.

This is not an ad for any special brand of choke, but is a worthwhile tip on how to increase your shooting skill.

Spotting Downed Birds

When you down a bird in brush or high grass and go to the place where you think it fell, and it isn't there, drop a white handkerchief at the spot.

Then hunt from there, in circles, until you locate your kill. Otherwise, you are apt to wander away from the original area.

Scope Has Many Advantages
Open sight shooting has many advocates. But many good bucks are missed because the hunter didn't have a scope sight on his gun when needed. This is especially true of dusk shooting. It is then that a scope can tell you if the deer you see is a buck, and just where to place a killing shot.

Pump Gun Caution
Beginners should remember never to hold down the trigger of a pump gun when working the action, as the gun is liable to fire accidentally. Reload carefully until familiar with gun.

Quick As Jack Robinson
Here's a quick way to skin a rabbit for the pot. Slit across rabbit's back with a sharp knife. Grab hold of each side of slit and pull.

The skin comes off as easily as you skin a banana. Cut legs off at lower joint and your rabbit is ready.

Don't Overfeed Hunting Dog
A lean dog makes a good hunter. Don't feed your dog all his appetite calls for, or he'll get sluggish and hunt poorly. Better for his ribs to show a little—it's a sign he's in top shape.

Questions And Answers About Social Security

Question: What change was made in the amount a social

security beneficiary may earn and keep all his social security checks for a year?

Answer: A person earning over \$1200 per year will still have some deductions made from his benefits. However, instead of making the deductions by holding up entire checks for one to twelve months of the year, there will be held out 50c for each \$1 of earnings between \$1200 and \$1500 in the year, and on a dollar for dollar basis for earnings over \$1500. For exam-

ple, if a husband and wife are getting \$150 per month, they will still get \$650 in benefits even if the husband earns \$2500 in the year. For full details as to how much you may earn and still get some benefits, write your social security district office. All beneficiaries will still get a full month's benefits for any month in which they do not earn \$100 in wages or render substantial services in a business no matter how high the annual total.

Community News From Mullin

By MRS. JOHNNIE HOLLAND

Mr. A. F. (Uncle Frank) Shelton celebrated his 90th birthday last Sunday with a birthday dinner at the home of his son, Arthur and wife, Uncle Frank lives alone, his wife having passed away about two years ago. He does his own cooking, and also his washing, and in his words, "He has the whitest clothes of any of his neighbors because he washes them in rain water." I'm inclined to agree with this, because that rain water sure makes and keeps them white.

Uncle Frank attends church at the Methodist Church each Sunday. He usually walks to church unless someone just happens along to pick him up.

He has his own garden each year, and gives all of his neighbors vegetables out of it. He also walks to the Post Office each morning for his mail. He lives several blocks from the Post Office. He sets a pretty good example for some of the younger folks in Mullin. Many more Happy Birthdays, Uncle Frank.

Mrs. C. C. Wright was hostess to the Mullin HD Club Thursday, January 12. She served a luncheon at her home five miles north of Mullin.

The next meeting will also be at Mrs. Wright's home at 2:30 o'clock January 26. Everyone invited.

Mrs. and Mrs. Delman Sawyer and son of Wetmore were weekend visitors here with Mr. and Mrs. Walter McFall.

Mrs. Frank Bowman of Goldthwaite was a visitor last Sunday at the Methodist Church in Mullin.

Mr. and Mrs. Neely Blackman of Goldthwaite visited here last Sunday with Mrs. Vesta McCormick.

Mrs. Ollie Lee Holland and Mrs. Jim Holland Lark and Joe of San Angelo were last weekend visitors here with Mrs. Jessie Reed and other relatives.

Mary K. Rowlett, daughter of Mr. and Mrs. G. H. Locke of Mullin, has completed her work for a bachelor of science degree from Howard Payne College. She majored in Elementary Education and minored in Art. The Rowletts are making their home in Coleman where Rowlett teaches math in high school.

Mr. and Mrs. Luther Ellis of Hereford and Mr. and Mrs. E. W. Collier of Mason, and J. D. Davis of Fort Worth, and Mrs. Ima Blackburn and Mrs. Louis Covington were recent visitors in the R. F. Collier home.

Mr. W. H. Baskin suffered a heart attack at his home last Thursday night. He has been confined in a Goldthwaite hospital since.

Mrs. W. S. Truitt has also been in the hospital in Goldthwaite.

Miss Carolyn Edwards of Lubbock, and Carroll Lockett of Ft. Hood were weekend visitors here with friends and relatives.

Mr. and Mrs. A. J. Lee of Waco and Mr. and Mrs. Eugene Tyson and family of Beaumont were recent visitors here with Mr. and Mrs. W. T. Lee.

Mr. and Mrs. Mack Newsome of Brownwood visited here Sunday with her parents, Mr. and Mrs. Clyde Jones.

Mrs. L. J. Vann celebrated her 87th birthday last Tuesday. Mrs. Vann is a sister of Mr. Frank Shelton who celebrated his 90th birthday Monday. Mrs. Vann still visits with all of her neighbors, and to me she seems to

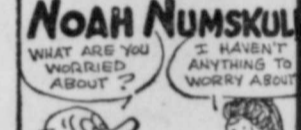

enjoy life thoroughly. writes lots of letters to friends and she has a wonderful personality. Many more Happy Birthdays, Mrs. Vann.

Mr. and Mrs. Kenneth Barton and Rosalind of Fort Worth and Mr. and Mrs. Edwin Barton of Overton visited here weekend with Mr. and Mrs. H. Baskin and other relatives. A daughter of Mr. Baskin's, B. E. Hutton of Lake Jackson is here this week helping for her father.

Mrs. Julia Duke, Mrs. Henderson and Mrs. Ruby Anderson, all of Brownwood, visited Mrs. L. J. Vann Sunday.

Mrs. Glynn Sanders has visited in Midland with Daisey Lee Boyles and Mrs. land Aldridge. They were in a car wreck; however, were not seriously injured.

Mr. and Mrs. Barton spent Sunday with his brother Homer Smith and Mr. and Claude Smith.

Variety meats offer an opportunity to serve highly nutritious and economical meals. Liver, heart, tongue, kidney, brains, sweetbreads and tripe can be prepared in many different ways.

Questions And Answers About Social Security

Question: I started receiving disability insurance benefits recently. I hope to be able to get a little job later on if I get better. What happens if I get a job?

Answer: Disability beneficiaries are required to report any work activity to the social security office. This does not mean that payment will be stopped immediately. Under the new social security law, beneficiaries who go to work despite severe handicaps can continue to be paid their benefits for 12 months. Even beneficiaries who recover from their disabilities, whether working or not, can be paid for the month in which they recover plus 2 additional months.

Review Of Conservation Reserve Contract Recommended By Chairman

Farmers who have Conservation Reserve contracts covering part of their cropland should review their contracts before completing their 1961 cropping plans, according to E. L. Burkett, Chairman of the Mills County Agricultural Stabilization and Conservation Committee. A review of the contract is recommended as a means of being sure of the acreage of permitted crops that may be grown and harvested.

Each Conservation Reserve contract includes a limitation of the number of acres on the farm that can be used for the growing and harvesting of crops. That acreage is called the permitted acreage of Soil Bank Base Crops. All the grains, oilseeds, and row crops are classified as Soil Bank Base Crops.

The permitted acreage of Soil Bank Base Crops is important because exceeding that acreage may result in violation of the contract and a reduction of the annual payment or possible loss of their payment.

In addition, Mr. Burkett reminded farmers that Conservation Reserve contracts provide that cropland under contract is

not to be grazed, cut for hay, or a crop harvested from it. There are 7,995 acres of cropland on 107 farms under Reserve contracts in Mills County.

Goldthwaite P-TA Sponsors Study Course On Parent Education

The Goldthwaite Parent and Teachers Association are sponsoring a study course on Parent Education. Theme of the study course is "Understanding Your Child." The first meeting was held Monday night with an unusually good turnout.

The program on opening night was devoted to the elementary child. The entire discussion was lively and beneficial, having the child ready for school is a "must" in the present day setup. Since there is no kindergarten in the town, parents bear more responsibility on six year children, stated Supt. J. T. Jones.

Mrs. Horace Gray was program leader for Tuesday night

and Mrs. Lillian Stokes led group as they studied the High age boys and girls.

There was no meeting Wednesday night but tonight (Thursday), Mrs. W. P. DeWitt will be program leader. She will have a panel of High School seniors who will hold a discussion on a film which will be shown and the discussion will be followed by a question answer session.

Friday night an Overall Conference on the three previous nights' programs will be with Mrs. Delton Barnett as Leader.

Anyone with small children who wish to attend to meetings may leave their children with Mrs. Claude Dickson (Dickie) with the taking care of the expenses.
