#### A Moment With The Bible

"And when the King came in to see the guests, he saw there a man which had not wedding garment" (Matt. 22:11). Our readers today will do well to turn and read the entire context which is found in Matt. 22:1-14.

This parable represents the Kingdom of Heaven. A King sends forth his servants to bid many to come to a wedfirst groups rejection, an entirely new group is invited. But the King beholds one who has failed to come in a "wedding garment."

Limited space demands one comment and that is: This man represents every person in the Judgment Day who has not "put on Christ." "For as many of you as have been baptized into Christ, have put on Christ" (Gal. 3:26, 27).

THE BEST all-at-the-ear HEARING AID Sonotone' **EVER MADE** 

You, too, will hear the difference with the all-new Sonotone, worn entirely at the ear. The Model "66" is the smallest, most powerful hearing aid ever with so many features. It provides five times more power sensitivity than any previous miniature Sonotone. It's the most powerful hearing aid of its size with full Automatic Vol-ume Control (AVC) for easy lis-tening everywhere. Unique Battery

tening everywhere. Unique Battery
Economizer lengthens life of
every battery.
Women and men wear the best
all-at-the-ear hearing aid Sonotone ever made in two styles – the
"Tuck-A-Way" (shown above) or
with slim-trim eyeglasses. A slender, transparent tube conducts
sounds from the Model '66' to an
eartip in the ear.

#### he practices a few times. Wednesday, May 31 - The DON'T SKIP BREAKFAST

When you skip breakfast, you miss a third of your day's energy-a very important third. Research has shown that an adequate breakfast should supply a fourth to a third of the day's total food requirements and make a good contribution of most of the essential nutrients. That eliminates the doughnut and coffee type breakfast, which does not sup-

ply essential nutrients. You need fruit, egg, meat and/or breakfast cereal, milk, bread and butter. Such a breakfast pattern is termed "basic' because it contains foods that should be included in every morning meal. It is a basis on which a breakfast of any desired size may be developed.

Accidents are costly. Safety practices have real money value Emotional stability, good food and rest habits, happy family as a family, all help in accident carelessness can be lessened with good management of time and simplification of work.

Start by checking your home for safety hazards. There's an easy check-list provided in the extension bulletin, "How Safe Is Your Home?" Get a copy from your county extension agent's office today.
