SOLILOQUY

WHAT OTHERS ARE SAYING

PECOS, TEXAS, INDEPENDENT: "The assertion is often made that a third of our young people with above-average ability do not go to college, with the inference that all, or most of them should"

"The fact is that we have always had, and should continue to have, large numbers of men and women of above-average mentality in vocations which don't require a college degree"

"Educators have repeatedly indicated that the lack of desire to attend college and preference for immediate pursuit of some trade or technical vocation (or for marriage) accounts for the bulk of the quoted one-third of above-average youth not attending college."

BRIGHTON, PA., NEWS-TRIBUNE: "Six hundred Protestant clergymen and scientists attempting to work out a modern approach to age-old moral and social challenges indicted the 'one big happy family' concept of business for office intimacies that wreck many homes."

TONASKET, WASH., TRIBUNE: "It is not yet too late to save the Republic if citizens heed the clear signs of disaster ahead and reverse their stampede into socialism and the welfare state. This means a return to self dependence and a realization of the truth that 'God helps those who help themselves.'"

"Government aid is a delusion and a snare."

TUCKERTON, N. J., BEACON: "Not until shortly before noon on Tuesday of every working week does the average taxpayer start working to support himself and his family."

"The tax experts figure that it takes the first 11 hours and 25 minutes of the 40-hour working week for the taxpayer to make enough money to pay all of the taxes—both obvious and hidden—levied by the Federal, state and local governments."

MYRTLE CREEK, OREGON, MAIL: "A local food store dealer, who had just been subjected to the normal regulation of paying his income tax by April 15 or be subject to heavy penalty, told us that for welfare food requisitions he was still awaiting payment for some issued as long ago as last October. Is it just to ask a small business enterprise to extend its capital to finance itself when distressed by tardy payment by the government and to pay advances also for that government to operate?"

NEW ORLEANS, LA., INDEPENDENT AMERICAN: "If the nation is living within its income, its credit is good. If in some crisis it lives beyond its income for a year or two, it can usually borrow temporarily on reasonable terms. But if, like the spendthrift, it throws discretion to the winds, is willing to make no sacrifice at all in spending, extends its taxing up to the limit of people's power to pay and continues to pile up deficits, it is on the road to bankruptcy."

"This was said by none other than Franklin D. Roosevelt in Pittsburg, Pa., on Oct. 19, 1932 . . ."

ANOTHER BIG REASON BEHIND THE BIG BOOM IN FORD SALES:

Galaxie styling is inspiring more admiration (and imitation) than any other car on the road!

This is the look that started with Thunderbird—sired the Galaxie—and quickly became the styling success of the Sixties.

Many cars have tried to copy it. No car has succeeded. Incomparably beautiful, the 1961 Galaxie maintains its distinction—as originals always do.

Styling is only part of Galaxie's distinction: this is the car that's beautifully built to take care of itself. The '61 Ford goes 30,000 miles between chassis lubrications . . . 4,000 miles between oil changes. Brakes adjust automati-

cally. The muffler is built to last three times as long as ordinary ones. The body is specially treated to resist rust and corrosion. The finish never needs waxing.

Wouldn't it make sense to STOP spending money on an old car that can never do for you what a new Ford can do?

SWAP right now while your Ford Dealer's sales are booming—and the swapping is easier than it's ever been before.

SAVE with the Ford that makes saving fun!

The First Methodist Church of Goldthwaite was the setting Saturday evening, June 17, 1961, at 8 o'clock for the wedding of Miss Margaret Ona Reese of Goldthwaite and Tommy Clint Daniel of Dallas.

The bride is the daughter of Mr. and Mrs. George Reese of Goldthwaite and Mr. Daniel is the son of Mr. and Mrs. Walton Daniel, also of Goldthwaite. The impressive ceremony was read by Rev. George B. McCrary, before an altar decorated with a background of palms and wrought iron tree candelabras, which held arrangements of gladiolus, chrysanthemums, asters and stock entwined among white cathedral candles. The chancel rail held garlands of southern smilax.

Traditional wedding music was presented by Mrs. Thurman Head, organist, who accompanied Johnny Milnor, as he sang "Because" and "The Lord's

Prayer."

The bride, given in marriage by her father, wore a gown of candlelight peau de sole fashioned in princess style silhouette with a portrait neckline and bracelet length sleeves. The pleated skirt, which was appliqued with Alecon lace and seed pearls, swept into a chapel train. Her tiered illusion veil was held by a lace calot. She carried a cascade bouquet of lily of the valley and pearl drops showered with satin ribbon tied in double lovers knots, centered with a white orchid.

Miss Neida Jean Sherwood was maid of honor. Bridesmaids were Misses Neida Lynn Yeager of Goldthwaite and Mary Lee Morris of Douglas, Louisiana and Glenda Kay Roesch of Falls City, Nebraska, cousin of the bride was junior bridesmaid. They wore dresses of powder blue nylon chiffon over taffeta with powder blue feathered hats tipped with seed pearls. They carried garlands of coral glamelias and ivy leaves.

Linann Mitchell of Midland, niece of the bridegroom, was flower girl. She wore a white organdy dress over blue with a bandeau of blue French carnations and carried a blue tulip shaped basket filled with red rose petals.

Bill Cadell of Fort Worth served as best man. Ushers were Raymond Mitchell of Midland, uncle of the bridegroom, Harold D. Hill of Dallas, cousin of the bridegroom, Jimmy Don Daniel, groom's brother and Jerry Duren, Aubyn and Spence Shettle of Dallas, cousins of the bride, lighted candles. Immediately following the

MRS. TOMMY CLINT DANIEL

ceremony a reception was given by the bride's parents in the Fellowship Hall of the church.

The serving table was laid with a white taffeta cloth overlaid with tulle and lace caught in scallops with ribbon showers centered with lily of the valley and roses. The table was decorated with a beautiful white floral arrangement in a basket imported from Germany, a wedding cake and silver appointments.

Members of the house party were: Mmes. Norman Duren, Warren Duren, Malcolm Jernigan, Howard Campbell, D. A. Trent, T. J. Blackburn, Wallace Johnson, Gerald Head, Jessie Moreland, Arthur Schuman, and Misses Norma Faye Duren, Janell Jernigan, and Kay Campbell all of Goldthwaite; Miss Judy Long of Lubbock, Mrs. George Shettle of Midland and Mrs. Gene Lee of Hamilton.

GIRL SCOUT SHOUT

By MRS. HOUSTON DUREN
Camp Director

GIRL SCOUT DAY CAMP

Monday morning, May 29, dawned bright and clear and gave promise of a good week for Day Camp. All of the Girl Scouts from Goldthwaite met at the Mills County Youth Center and left for Lake Merritt shortly after 8 o'clock, where they were joined by the Girl Scouts from Mullin.

By 8:35 the flag was flying from a large Live Oak in Mr. Weatherby's pasture, only five minutes late, according to the Director's schedule. In the opening flag ceremony each girl threw a small stick into an unlit campfire, along with a wish for a successful Day Camp session.

Nine o'clock found each group busy setting up their Unit Home. The Intermediate Unit was the only one to cook lunch on Monday, as they had already begun their campsite the week before. Everyone else ate nose-bag lunches.

After lunch everyone rested, and had some quiet activities, or worked on their campsite.

By 2 o'clock p. m. most of the Unit Homes were pretty well completed, and everyone was together at the "Flag" tree for the closing ceremony—and the drive back home.

Each day progressed about the same, Tuesday, Wednesday and Thursday everyone cooked out, hiked, did Nature studies, made bird feeders, or did Badge work.

There were birds singing all about us, and the pasture was covered with wild flowers. The Intermediate Unit was especially pleased with this as they were working on Outdoor badges and requirements. In fact everyone was pleased with our surroundings during Day Camp. There was a cool breeze every day which kept the sun from being too unpleasant, and there was not the smallest shower to spoil our days.

Both morning and afternoon activity periods were crowded with hikes, Nature Scavenger hunts, visiting spots of interest, and hunting flowers or tree leaves for Badges.

This is the first year in several that we have had Day Camp in a pasture. Everyone enjoyed it so much that we feel the added distance will not be worth considering a problem when we begin to plan our next Day Camp.

On Friday we did not go to our Campsite until 3 o'clock. This was the afternoon we asked the parents to visit. Instead of presenting a program for the parents, this year we held a Court of Awards in which the Brownies and Intermediate Girl Scouts received the pins, badges and membership stars they had earned during the past year. Adult Girl Scout pins were a-

warded the Leaders and Assistant Leaders who have served so faithfully in the Troops and in Day Camp this year.

Presentation of the awards was followed by singing "Girl Scouts Together," "Pledge of Allegiance to the Flag," "Taps," and finally the Flag was lowered for the last time as the sun was sinking very low in the West. Thus ended five wonderful days of living with Nature, as we got to know, understand, and love her better.

Mr. and Mrs. E. J. Tullos, Rita and Margaret of Fort Worth, Mr. and Mrs. J. C. Sanderson and Mrs. W. C. Sanderson of Dallas were guests of Mr. and Mrs. J. Y. Tullos Sunday.

Mr. and Mrs. Royce Brown of New Braunfels spent Sunday with Mrs. Brown's parents, Mr. and Mrs. Ernest Ince, and other relatives here. Their children, Royce Dee and Roseanna, had been visiting their parents, returned home with their parents.

Miss Rost Gets Nursing "Cap" At Dallas Methodist

Miss Wynell Marjorie Rost, daughter of Mrs. Herman Kopp of Priddy, was one of the 33 student graduate nurses at Methodist Hospital of Dallas School of Nursing who received her cap May 27 in a traditional ceremony marking the end of the nine-month pre-clinic training period.

The capping ceremony was held at the Kessler Park Methodist Church with the pastor, Dr. J. W. Sprinkle, giving the address. Dr. Bolton Boone, hospital administrator, presided at the ceremony.

After the capping ceremony, a reception was held in honor of the freshman class.

SOIL CONSERVATION DISTRICT NEWS

Too much water at the wrong time is just as serious as too little. Hardly a year goes by without a disastrous flood somewhere in the United States. Water problems are watershed problems, are local problems. What happens to precipitation is affected by the management given watershed lands. Ninety-eight per cent of the precipitation falls on land sur-

faces, therefore, farmers and ranchers control to a large degree whether the rainfall soaks into the ground or runs off over land.

Floods are reduced by upstream detention structures and by soil and water conservation on farms and ranches in the watersheds. Floods are further controlled by downstream dams and dikes.

The real protection and profit to the rancher on a small watershed is where a good grass cover "builds" millions of water control dams on each acre. Fourteen groups of ranchers, participating in meetings in Soil Conservation Districts throughout the Central Texas area to develop cost-return information, found that practicing proper range use is more profitable than over use. Profits per acre were greater and profits per animal unit were two to four times greater for proper use than heavy use.

Over-grazing destroys the young shoots, exposes the soil to disturbances by hoofs and rain, thereby allowing erosion. As soon as the cover and litter are destroyed, the soil is exposed to falling rain and running water; the surface is sealed by puddling and the action of sheet erosion; insoak diminishes; and the force of the increased run-off washes soil onto roads, ponds, and streams. The sheet erosion is followed by gully erosion, slopes are stripped of topsoil, often down to rock.

Soil lost from erosion contains four times as much nitrogen, 12 times as much phosphate and three times as much potash as the soil remaining in place.

It takes grass to grow grass, cover to get insoak. This prevents soil loss and sedimentation—for profit and watershed protection. It's the rain you keep that counts.

A Moment With The Bible

ENVY

"Let not thine heart envy sinners" (Prov. 23-17). "Be not thou envious against evil men, neither desire to be with them" (Prov. 24:1).

"Let us walk honestly, as in the day; not in rioting and drunkenness, not in chambering and wantonness, not in strife and envying" (Rom. 13:13). "Laying aside all malice, and all guile, and hypocrisies, and envies, and all evil speakings" (1 Pet. 2:1). "Whereas there is among you envying, and strife, and divisions, are ye not carnal, and walk as men" (1 Cor. 3:3). Also take your Bible and read Gal. 5:19-26.

Envy is classified by God with such sins as adultery, murder, idolatry, etc. Solomon expressed it in this manner, "A sound heart is the life of the flesh; but envy the rottenness of the bones" (Prov. 14:30).

Given in marriage by her father, the bride wore a floor length gown of nylon lace over peau de soie satin with scalloped neckline and long tapered sleeves. A fingertip veil of nylon tulle fell from a crown of mock orange blossoms. This was the bride's "something old," and "something borrowed" from her matron of honor. She carried a bouquet of white carnations with stephanotis and English ivy with streamers tied in love knots framed with an elegant lace handkerchief, a gift from Betty Morgans.

Mrs. Lee Morgans of Stuttgart, Arkansas, a former classmate of the bride, was matron of honor. Bridesmaids were Mrs. James Jochen of Alice, another TLC classmate, Miss Betty Lillmer of Ft. Stockton, cousin of the bride, and Miss Carol Ann Seilheimer, sister of the bridegroom. They wore street length dresses of red nylon chiffon over red taffeta featuring round necklines, elbow length sleeves, and full skirts. They wore matching headpieces. White carnations and English ivy with streamers formed their bouquets.

Mike Cummings of New Braufels was best man. Groomsmen were Melvin Kohler of Dumas, cousin of the bride, Larry Dreyer of Coryell City, cousin of the groom, and Melvin Pax

of Priddy. The groomsmen also served as ushers.

For her daughter's wedding, Mrs. Kohler chose a beige pima mist sheer dress with cocoa beige accessories. Mrs. Seilheimer, mother of the groom, was attired in a pale blue pima mist sheer dress with matching blue accessories. Both wore corsages of pink carnations.

The reception, which consisted of a barbecue supper, was held in the high school gymnasium and was served cafeteria style. Miss Evelyn Seilheimer, sister of the groom, presided at the register.

For her going-away costume, the bride wore a light blue linen suit with a white hat trimmed in red. Her other accessories were red and she wore a corsage of white carnations and English ivy with white streamers.

Both the bride and the groom are 1957 graduates of Priddy High School. The bride is a spring graduate of Texas Lutheran College in Seguin. She received a bachelor of science degree with a major in music education. The groom was also graduated in the spring from Southwest Texas State College in San Marcos where he received a bachelor of business administration degree with a major in accounting.

The couple will reside in Andrews. The bride will teach music in the elementary school in Andrews, and the groom is employed by a business firm there.
