## Mills County Campaign Workers Are Commended On Cancer Fund Raising

Leaders of the 1961 Cancer Crusade in Mills County have been commended by officials of the Texas Division of the American Cancer Society for their part in what appears to be a record-breaking year for cancer control education and fund-raising in Texas.

Crusade Chairman Mr. Glynn Collier has been notified by the Society that an all-time high for Texas is now within reach before this year's activity concludes in August.

Mills County has reported total Crusade funds raised of \$1,430.51. The county's assigned minimum share of state goal was \$625.00. It is one of 112

counties in Texas which have already gone over the top.

With more than \$1,100,000 already reported, Texas has in prospect a new record contribution to the control of cancer. The highest year previously was 1959, when Texans put \$1,189,563 into the fight against cancer. State officials now predict that when the books are closed on the current Crusade at the end of August, this record will have been surpassed.

In a letter of commendation received by Mr. Collier, Texas Division Chairman Edwin T. Phillips, Jr., and President John H. Childers, M. D., pointed out that the key to this promising report is the thousands of hours of volunteer work done.

"This report," they said, "represents many thousands of hours contributed by our county Crusade leaders who brought to this Crusade the wealth of their personal abilities. Your efforts exemplify the spirit of the Society and its desire to 'get the job done'. We know that because of you more funds will be available during the coming year to expand our program of research, education and service."

These funds from the Crusade will be put to work immediately in the Society's program of research, education and service. Research, the hope for future control of the disease, draws the largest share of funds.

Sixteen scientists and three medical institutions in Texas are currently working under grants of the Society. Total grants by the American Cancer Society for current research projects in Texas amount to \$572,537.

## GRASS ROOTS OPINION

**WEST POINT, MISS., TIMES LEADER:** "When grants of federal funds are involved, federal control is inherent, and the U. S. Supreme Court has upheld in this principle . . . It follows, as logically as night follows day, that federal aid to education must sooner or later be followed by federal control."

**GOODING, IDAHO, LEADER:** "The federal government has worked out a system which will insure receipt of immense sums of money from the taxpayers. "There are at present no less than 80 separate programs in operation by which bureaucrats of the federal government 'give' part of the costs to states providing the states match this spending by adding more outlays to their own budgets."

"In addition to 80 programs now in operation, the government has plans to move into new areas."

**WADESBORO, N. C., MESSENGER & INTELLIGENCER:** "Misguided do-gooders frequently quote the Sixth Commandment, 'Thou shalt not kill,' to prove that capital punishment is wrong. This Commandment in the 20th chapter, verse 13, of Exodus has also been interpreted to mean: 'Thou shalt do no murder.' Then the 21st chapter, verse 12, says, 'He that smiteth a man, so that he dies, shall be surely put to death.'"

**CHICO, CALIF., ENTERPRISE-RECORD:** "It is one of the facts of life that not even the people who depend steadily upon railroads for either freight or passenger use worry very much about the financial distress of the railroads . . . ."

"But it is another fact of life that railroads are a vital part of the national fabric, even in the realm of national defense, and that they should be healthy."

**HORTON, KANSAS, HEADLIGHT:** "The fight today is with dollars not men. The sounder the nation is financially, the louder it can speak to its world neighbors. It must not drain away the substance that symbolizes the nation's system of freedom, enterprise, opportunity and reason for labor."

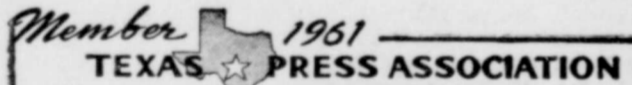

**FORT WORTH, TEX., THE SOUTHERN CONSERVATIVE:** "Congressman James F. Battin of Montana says that \$89,000 was spent by the Public Health Service during the past year in research and issuing a detailed report on people's behavior at cocktail parties. This should be valuable information which will go a long way in solving the troublesome problems which now confront the United States on every hand. Also, we imagine that Public Health staff members stood in line in applying for this particular 'research' job."

**MT. PLEASANT, PA., JOURNAL:** "We in the United States usually assume that if we carry democracy to another country the people will welcome it with open arms, make it work effectively and resist the temptations which threaten to destroy it. This is not always true. Democracy must be earned and it must be both desired by the people and understood by them. It requires the support and intelligence of the masses to succeed."

At this writing (Monday morning) it is raining. Rain here Saturday and Sunday amounted to 3 inches. O. L. Brown reported 2 1/2 inches, F. H. Tiemann, 2.8 inches and others reported as much as 4 inches.

Believe it or not, A. L. Crawford combined a nice crop of speltz last week. Raymond and Charles Eilers started the work and had a breakdown and Buddy Roberson and Roy Wayne Harris finished the work.

George and I drove from the North Brown Cemetery Friday. We traveled the old Jim Smith road. This is the good work of two good neighbors, Arthur Wilcox, who gave the land and Com. W. R. Lindsey who did the work. This is a good road which many will use and appreciate.

Raymond Ivy poisoned cotton for the Crawfords last week.

Ronald Ratliff of Nebraska way phoned his parents, Mr. and Mrs. W. W. Ratliff, Sunday, and reported he was doing OK.

A. L. Crawford visited William Ivy Saturday. Mr. Ivy has had the mumps, as have other members of the family. We are happy they are doing nicely.

Guests of Mr. and Mrs. W. A. Berry were Mrs. W. O. Oden and Mrs. Georgia Grimes, and Levi Berry of Idaho Falls, Idaho.

A. L. Crawford, O. A. Evans and George Crawford have visited Avery Manuel. We are sorry of his illness.

Floyd Eldson had the misfortune of falling from a windmill Saturday. He is a patient at Childress Clinic and Hospital, suffering with a broken leg and back injury. Mr. and Mrs. O. A. Evans visited him Sunday and he was resting comfortably.

Mrs. C. B. Fisher and children of Brownwood visited a few days with Mr. and Mrs. A. R. Whately and Mr. and Mrs. C. V.

Whatley.  
We think 'It Pays To Advertise' — Mrs. Grace Lampman placed an ad in the Goldthwaite Eagle, advertising her cabin at Lake Merritt for sale. The Baileys of Arlington answered the ad. When they arrived at the Lampman home last week, what a surprise! Two former school pals met for the first time in so long. Mrs. Bailey, the former Virginia Moreland and Grace Wilson. Mrs. Lampman made the sale in a few hours and the Baileys are moving back to Mills County and Mrs. Lampman will be at home at her ranch. We know Virginia and Grace will be visiting often.

**What To Do  
In The Garden**

August is the month to dig  
and separate your bulbs. Also  
the month to plant iris, daffs  
and lilies.

If you have a poinsettia  
plant cut it back and root  
the cuttings you remove.  
Sand and peat make a good  
rooting mixture.

### GRASS ROOTS OPINION

**WEST POINT, MISS., TIMES LEADER:** "When grants of federal funds are involved, federal control is inherent, and the U. S. Supreme Court has upheld in this principle . . . It follows, as logically as night follows day, that federal aid to education must sooner or later be followed by federal control."

**GOODING, IDAHO, LEADER:** "The federal government has worked out a system which will insure receipt of immense sums of money from the taxpayers. There are at present no less than 80 separate programs in operation by which bureaucrats of the federal government 'give' part of the costs to states providing the states match this spending by adding more outlays to their own budgets."

"In addition to 80 programs now in operation, the government has plans to move into new areas."

**WADESBORO, N. C., MESSENGER & INTELLIGENCER:** "Misguided do-gooders frequently quote the Sixth Commandment, 'Thou shalt not kill,' to prove that capital punishment is wrong. This Commandment in the 20th chapter, verse 13, of Exodus has also been interpreted to mean: 'Thou shalt do no murder.' Then the 21st chapter, verse 12, says, 'He that smiteth a man, so that he dies, shall be surely put to death.'"

**CHICO, CALIF., ENTERPRISE-RECORD:** "It is one of the facts of life that not even the people who depend steadily upon railroads for either freight or passenger use worry very much about the financial distress of the railroads . . ."

"But it is another fact of life that railroads are a vital part of the national fabric, even in the realm of national defense, and that they should be healthy."

**HORTON, KANSAS, HEADLIGHT:** "The fight today is with dollars not men. The sunder the nation is financially, the louder it can speak to its world neighbors. It must not drain away the substance that symbolizes the nation's system of freedom, enterprise, opportunity and reason for labor."

**FORT WORTH, TEX., THE SOUTHERN CONSERVATIVE:** "Congressman James F. Battin of Montana says that \$89,000 was spent by the Public Health Service during the past year in research and issuing a detailed report on people's behavior at cocktail parties. This should be valuable information which will go a long way in solving the troublesome problems which now confront the United States on every hand. Also, we imagine that Public Health staff members stood in line in applying for this particular 'research' job."

**MT. PLEASANT, PA., JOURNAL:** "We in the United States usually assume that if we carry democracy to another country the people will welcome it with open arms, make it work effectively and resist the temptations which threaten to destroy it. This is not always true. Democracy must be earned and it must be both desired by the people and understood by them. It requires the support and intelligence of the masses to succeed."

## Chappell Hill

By PEARL CRAWFORD

At this writing (Monday morning) it is raining. Rain here Saturday and Sunday amounted to 3 inches. O. L. Brown reported 2½ inches, F. H. Tiemann, 2.8 inches and others reported as much as 4 inches.

Believe it or not, A. L. Crawford combined a nice crop of speltz last week. Raymond and Charles Eilers started the work and had a breakdown and Buddy Roberson and Roy Wayne Harris finished the work.

George and I drove from the North Brown Cemetery Friday.

We traveled the old Jim Smith road. This is the good work of two good neighbors, Arthur Wilcox, who gave the land and Com. W. R. Lindsey who did the work. This is a good road which many will use and appreciate.

Raymond Ivy poisoned cotton for the Crawford's last week.

Ronald Ratliff of Nebraska way phoned his parents, Mr. and Mrs. W. W. Ratliff, Sunday, and reported he was doing OK.

A. L. Crawford visited William Ivy Saturday. Mr. Ivy has had the mumps, as have other members of the family. We are happy they are doing nicely.

Guests of Mr. and Mrs. W. A. Berry were Mrs. W. O. Oden and Mrs. Georgia Grimes, and Levi Berry of Idaho Falls, Idaho.

A. L. Crawford, O. A. Evans and George Crawford have visited Avery Manuel. We are sorry of his illness.

Floyd Eldson had the misfortune of falling from a windmill Saturday. He is a patient at Childress Clinic and Hospital, suffering with a broken leg and back injury. Mr. and Mrs. O. A. Evans visited him Sunday and he was resting comfortably.

Guests Sunday of Mr. and Mrs. W. P. Oxford and family

included Mr. and Mrs. W. P. Oxford Sr. of Burnet, William Ivy and Weidon.

Ben and Edwin Wilson of Austin spent last week with Mrs. Grace Lampman at Lake Merritt and enjoyed fishing and boating. They reported good luck fishing.

Mr. and Mrs. W. A. Berry attended the Primitive Baptist Church at Lampasas Sunday and heard Elder Myron West preach.

Mrs. C. M. Bramblett and Mrs. Clifford Dellis were guests last Sunday of Mr. and Mrs. J. C. Bramblett. In the afternoon they all visited Mr. and Mrs. John Caloway.

Charles Tiemann of Brownfield is spending his vacation with Mr. and Mrs. F. H. Tiemann.

Our guests have been Mrs. Grace Lampman and Ben and Edwin Wilson of Austin. Mrs. W. P. Oxford and Mrs. F. H. Tiemann also called.

Mrs. J. S. Ivy visited Mrs. Sam Self Wednesday afternoon.

Mr. and Mrs. Ol Brown spent last week's vacation at Clovis, New Mexico visiting Mr. and Mrs. Charley Mack Mason and Mr. and Mrs. George Albert Mason.

Mrs. C. B. Fisher and children of Brownwood visited a few days with Mr. and Mrs. A. R. Whatley and Mr. and Mrs. C. V.

Whatley.

We think 'It Pays To Advertise' — Mrs. Grace Lampman placed an ad in the Goldthwaite Eagle, advertising her cabin at Lake Merritt for sale. The Baileys of Arlington answered the ad. When they arrived at the Lampman home last week, what a surprise! Two former school pals met for the first time in so long. Mrs. Bailey, the former Virginia Moreland and Grace Wilson. Mrs. Lampman made the sale in a few hours and the Baileys are moving back to Mills County and Mrs. Lampman will be at home at her ranch. We know Virginia and Grace will be visiting often.

## Miss Rita Gay Patterson Becomes Bride Of David Grady Cartwright

The wedding of Miss Rita Gay Patterson and David Grady Cartwright took place at 8 p. m., Friday, July 28th, in Handley Church of Christ in Fort Worth.

The bride is the granddaughter of Mr. and Mrs. S. W. Wilkey of Goldthwaite and Mrs. Edna L. Patterson of Carlsbad, New Mexico. Charles Hill, Church of Christ minister, officiated.

Attending the bride were Miss Cathy Marie Cartwright, sister of the groom, as maid of honor; Miss Marsha Ann Calvert and Miss Freddie Ann Alvord, bridesmaids; and Miss Cheryl Denise Wilkey, cousin of the bride, was junior bridesmaid. Flower girl was Miss Cherilyn Cartwright, niece of the groom, and Ronald Gordon Wilkey, cousin of the bride, was

flower-girl escort. Ring bearer was Billy Ray Patterson, brother of the bride.

Best man was Kerry Lynn Cartwright, brother of the groom, and Maurice Anderson and Jerry Don Ramsey were groomsmen. Ushers and candle-lighters were Michael Thomas Poynor, cousin of the groom, and Jon Allen Roper.

The bride was given in marriage by her father. She wore a gown of white delustered satin and imported Chantilly lace. The molded bodice of satin had a yoke and long sleeves of lace, trimmed with satin-covered buttons. A full skirt of satin joined to the elongated bodice formed a redingote effect over an underskirt of the lace. The satin skirt extended into a chapel train.

She carried a cascade of lilies-of-the-valley, centered by a white orchid on a white Bible.

A reception was given at the home of the bride's parents. In the house party were Mrs. Harold R. Davis and Mrs. Maurice Anderson.

The couple will reside in Dallas after a short wedding trip. For travel, the bride wore an aqua-blue suit and beige accessories.

The bride graduated from Eastern Hills High School and attended business college. The groom graduated from Edgewood High School and Henderson County Junior College.

Mrs. Carey Vaughn from New Mexico and Mrs. Lee Tesson and son of Woodville visited here last Friday night with Mrs. Vesta McCormick.

Mr. and Mrs. Haney French of Fort Worth and their son and wife visited here last Sunday with Mr. and Mrs. A. L. French.

A shower will be held Saturday afternoon at the G. I. building honoring a new bride, Mrs. Larry Robertson, the former Peggy Patrick, daughter of Mrs. George Ellis.

### Regency News

By MRS. J. A. JONES

Monday morning and another month gone by. Sure has been hot the past few days.

Visitors with us Sunday were Mrs. Jess Whitley and Mrs. Taylor Hendricks of Goldthwaite.

Mrs. Nathan Allen and children of Brownwood are staying with her parents, Mr. and Mrs. Butch Rowlett, while her husband is at Camp Hood for three weeks.

Mr. and Mrs. Willard Edington were called to Colorado City, to her sister, Mrs. Pearl Shropshire, who had fallen and broken her ribs. She is in the hospital at present. We wish for her a speedy recovery.

Ross and Sue Rowlett attended a two weeks Aerospace Workshop at Howard Payne College. An exciting part of the course was a plane ride to Dyess Air Force Base and a tour.

This week, to relax after school duties, Ross, Mary Kathryn and Sue went fishing in the Colorado River, by horseback. They gave the neighbors a scare when the horses broke their reins and returned without the riders. The fishermen were left and had to walk in. Incidentally, they caught some yellow cats.

Mr. and Mrs. Shorty Rountree and Kathy of Lawn visited last week with Mr. and Mrs. A. R. Rowlett.

Mr. and Mrs. Ross Rowlett have accepted a position in the Kerrville Public School.

Mrs. A. R. Rowlett and daughter, Sue, attended revival services at Richland Springs Baptist Church. Rev. George McHorse and Rev. B. I. Davis were dinner guests of the Rowletts.

Mr. and Mrs. G. H. Locke and Carol were guests of the Rowletts Sunday afternoon.

Jeffery Loy Warford of Lawn spent a few days with his aunt, Mrs. A. R. Rowlett. He is the four year old son of Mr. and Mrs. Charles Warford. He had such a good time and loved the horses he did not want to go home.

### More Facts About Your Hearing

Progress has always been the thing that has made our great country what it is today. It is true that progress at times seems to be unkind to some of us. Like the people that sold wagons, they hated to see the cars come along and take their business. The smart business man saw the possibility of the car and sold his wagons for what he could get for them. Then he started selling cars.

We tell you this little story to bring a point to you—we in the hearing business are now making a big change. The days of the hearing aids are over with. The boys that are still selling over the counter hearing aids are trying to sell their aids for anything they can get. Some are promising to give you as much as \$100.00 in prizes. Others are giving a year's supply of batteries. NONE of them say anything about giving you natural normal hearing. NONE of them say anything about giving you understanding with your hearing. NONE of them say anything about taking out the grinding, static, or other outside noises that is always found in hearing aids. Yes, they will give you prizes, but what you want is hearing, isn't it? FEW of them would dare tell you it might be possible your ear could be operated on IF you wanted it done, and advise you to see one of the many fine doctors that can do the operation to enable you to hear without a hearing aid.

Let us state here for the record—in our years in the hearing business we have sold tons of hearing aids for at that time it was the best we had to offer. NOW... Through research, thank the Lord, we will never have to put another over-the-counter hearing aid on anyone again.

We are proud to be the FIRST AND ONLY ONE IN CENTRAL TEXAS that has the METRICON to give our people the new examination.

We are proud we were the FIRST to announce the all in the ear unit. Others have come out saying they have an all in the ear hearing, but we are still the only one that has the true all in the ear unit. It's true others have a model that fastens on a big bulky ear mold with half the unit hanging out

of the ear but not all in the ear. We are the only one in Central Texas that can make a test with the METRICON, (New Scientific Machine,) that is fool proof in showing you what can be done about your hearing.

We invite you to come in and let us give you a complete examination with the METRICON at no cost to you. Here's what we will do: (1) We will give you a complete hearing examination. (2) We will be honest with you and give you the complete details in plain understandable English. (3) If there is a possibility your ears could be operated on we will tell you and explain how to go about it. (4) If we can not help you we will tell you so. (5) If we can help you we will show you how and let you hear through the METRICON just how you will hear with your instruments. (6) We GUARANTEE your units will be custom made and will have the same prescription sound as you heard on the METRICON. (7) We promise you that the cost for this new way to hear service in most cases we have tested is less than an over the counter hearing aid cost. (8) We are a member of the BETTER BUSINESS BUREAU and stand for INTEGRITY, QUALITY, SERVICE.

Mr. Treadway who is an Audiologist will hold a hearing clinic at the Mauney Courts in Goldthwaite Tuesday Aug. 8th from 10 AM to 1 PM.

If you have never had a hearing examination and feel you are having trouble please feel free to come in and we will give you an honest and sincere analysis. If you have been examined in the past come in and we will test you and see if you are losing more of your hearing, or holding your own. If you are wearing a hearing aid and are having trouble with it we want you to come in and we will try to help you. In short, we want to meet you, we want you to meet us, we want to show you the new way to hear. We hope you will tell your friends about the new way to hear and they won't pay their hard earned money for an over the counter Hearing Aid and still not get hearing.

If for any reason you can not come to the clinic call us at the above place and we will make arrangements to come to your home, or set a late appointment for you or you may write us at HEARING CENTER, 805 AUSTIN AVE, WACO, TEXAS. (Adv.)

# March of Dimes Expands Aid for Victims Of Crippling Birth Defects, Arthritis, Polio

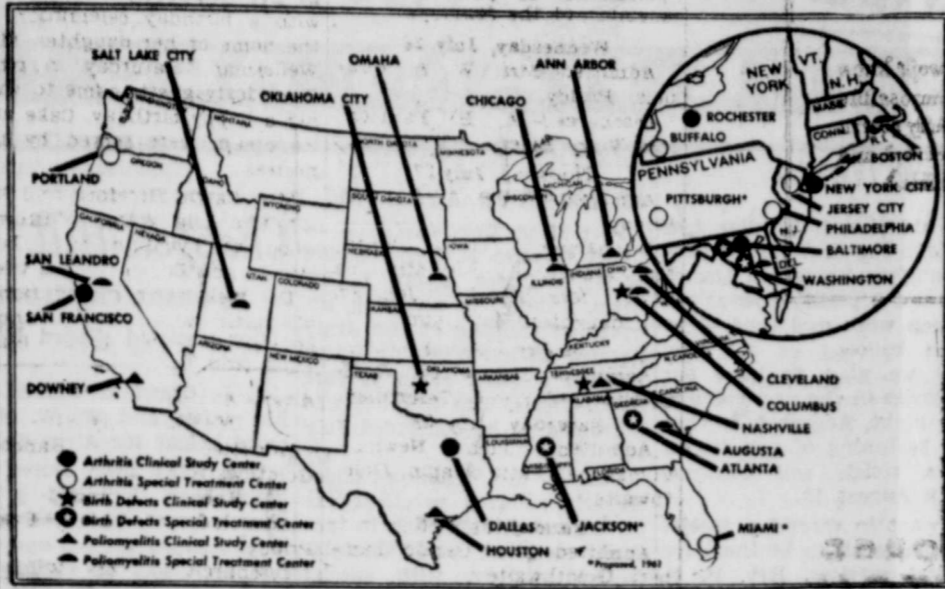

Victims of crippling birth defects and rheumatoid arthritis, among the largest groups of the medically underprivileged in the nation, can soon look for help virtually at their doorsteps, thanks to the March of Dimes.

The National Foundation, supported by March of Dimes funds, has broadened its horizons to give direct aid to children under the age of 19 suffering from all types of birth defects. Aid was previously limited to children with open spine, open skull and water on the brain.

The voluntary health organization has also authorized its 2,100 chapters throughout the United States to use available funds to establish a network of Special Treatment Centers and Evaluation Clinics for birth defects and arthritis. Assistance to polio victims will be continued.

The National Foundation's experience with polio treatment and rehabilitation centers as well as pilot projects conducted in birth defects and arthritis has proved the value of bringing together teams of experts to deal with medical, economic and social problems of chronically disabled patients and their families.

Under the newly expanded program, National Foundation chapters will finance Special

March of Dimes-supported Special Treatment and Clinical Study Centers offering comprehensive care to victims of birth defects, arthritis and polio are expanding throughout U. S.

Treatment Centers at major hospitals in several large cities. These will operate full time and provide treatment for both in- and outpatients through teams of specialists in the medical and allied professions.

For areas isolated from large medical centers, chapters will develop birth defects and arthritis Evaluation Clinics to offer outpatients care only through periodic clinics with visiting medical specialists.

Cases that require more extensive care or hospitalization may be referred through Evaluation Clinics to Special Treatment Centers.

On the national level, March of Dimes funds will continue to support and expand Clinical Study Centers which provide exemplary total care for birth defects, arthritis and polio victims and also conduct research in those diseases.

As the number of centers of

all three types increases, there will be an increase in knowledge and improvement of treatment facilities and techniques to bring closer to reality the control of chronic crippling diseases.

In conducting its vastly expanded patient aid program, The National Foundation will emphasize aid in areas of unmet needs. It will not duplicate assistance already being provided by other agencies.

**Duren News**

Our old church building was torn down the first part of February and our hopes and dreams are almost a reality now as after much work and time spent on the building of our new church we plan to have our first service in the new building Friday night, August 4, as that is the beginning of our revival services which will continue through August 13.

We want to extend a special invitation to all to be there for our first services. Rev. B. F. Jones, pastor of the church, will be the evangelist, Brady Wayne Duren song leader, and Glenda Daniel Horton will be pianist.

Mr. and Mrs. A. A. Downey spent a few days the first of the week at Snyder visiting her sister, Mrs. Ebb Shields.

Mr. and Mrs. W. L. Daniel, Mrs. Lula Hobbs, Mr. and Mrs. Ralph Duren and children and Donna Cox attended a Sunday School rally at the First Congregational Methodist Church in Dublin Sunday.

Mr. and Mrs. C. C. Wright attended funeral services for his brother-in-law, Mr. Lee Crain, at Brownwood Monday afternoon.

Mr. and Mrs. Bill Hobbs and sons spent Saturday night with his mother, Mrs. Lula Hobbs.

Several from different places attended the sale Saturday at the church and all the used material was sold at a good price.

Mr. and Mrs. Fred Daniel and children of Imperial are visiting his parents, Mr. and Mrs. W. L. Daniel, and they attended funeral services for her aunt, Mrs. Whitley, Monday.

Mrs. T. J. Cox, Holly and John, Mrs. Glennice Carter, Lori and Paul, Mr. and Mrs. Fred Daniel and children visited in the E. J. Cox home Sunday afternoon.

There isn't much news to write about as we spent our time working on the church and visiting there, but we are proud of the results and after you see it, we hope you will be too. It isn't completely finished but we plan to finish it later after everyone gets caught up with their farming and ranching work.

Texas fishing clubs are gaining in popularity in Texas.

Seldom does a day pass without some new fishing club being formed in the Lone Star state. Being a "joiner" we're highly in favor of them. It's our contention that fellowship alone is worth the dues of any organization, not to mention the tips that one receives from fellow members.

Speaking of TIPS—the latest organization we have become affiliated with is known as TIPS. Spelled out it's Texas Inveterate Piscatorial Sportsmen. Except for yours truly it is composed of real top-flight fishermen . . . every one of them.

Head man is Billy Disch, Austin Evinrude dealer. Billy earned quite a reputation, from the Gulf Coast to the Red River and from Caddo Lake to the Rio Grande, for his bass catching abilities.

Second in command is Jim Roddie, Austin insurance man. If you think he's not good then just consider the fact that he has caught three eight pound black bass with jig and eel during the past twelve months. That's something few fishermen do once in a lifetime. In fact just one eight pound catch in a lifetime would thrill this scribe.

But I'm getting off the track. What I want to do is tell you about this bass fishing club that they call TIPS—namely Texas Inveterate Piscatorial Sportsmen.

Top man is not called president. He's referred to as Large Mouth.

Second in command is Small Mouth.

Other officers are a treasurer, better known as the Hook; and a secretary who is referred to as the Line.

TIPS' sergeant-at-arms is designated as—The Sinker.

and Mrs. Emery Adams at Hamilton recently.

Sunday guests in the Poe home were Mr. and Mrs. Elmer Geeslin and children, Susan and Windell. Susan remained for a longer visit with her grandparents.

Monday Mrs. Rex Clifton helped Mrs. Poe can corn.

Mrs. Ella Wilson is visiting relatives this week in West Texas, near Muleshoe.

Guests in the Hardy Collier home over the weekend were Mrs. Lawrence Hiller, Marsha and David, Eagle Pass; Mrs. Lloyd Hiller and Loretta, Abilene; Mr. and Mrs. Vestus Horton, Joy Nell and Lyndell, Goldthwaite; Mrs. Hugh Soules and Donna Kay, Moline; Mr. and Mrs. Herman Collier and Mike, Temple; Lewis Covington and Will Collier, also Mr. and Mrs. Joe LeMay and Mr. and Mrs. Lee Walton.

Our grandchildren, Janice, Billy and Rickey Butler from Enid, Oklahoma, are spending a couple of weeks with us. They are age 13, 11 and 8, just the right size to want Grannie to go fishing every day. Come and join us.

All other members are Vice Presidents!

So if you want to be vice president of something, organize a fishing club like TIPS. In the case of TIPS it's the lowest office you can hold.

Kinda clever club eh? But you haven't heard everything.

Five bucks gets you into the club. That's the application fee. But it takes even less to get you out. Members meet evenings, every other Wednesday. Miss three straight months of meetings, without an "excuse" and you're no longer a TIPster.

And by the way that's one of the main purposes of the organization—passing on your fishing tips to fellow members.

Dues? There are none. And there won't be any until and unless the club needs more money.

What do they do besides meet and talk shop, or hear specialists discuss bass, bass habits, and bass catching methods? They hold contests!

With no dues income, how do they purchase prizes to award to the top fisherman and to the top fishing teams? They charge an entrance fee in each fishing contests. Such events are held every other month and on a different lake each time.

Entry fee is determined largely by the number who sign in. They just divide the cost of the plaques by the number of entrants. Works out fine! If a fellow signs up to fish and fails to show, he sacrifices his entry fee. If he doesn't sign up by a predetermined date he can't enter. It's that simple.

Like to know something about the constitution and by-laws of TIPS? Well, the PREAMBLE reads like this:

"We, the bass fishermen of Austin, Texas, in order to form a more perfect fishing club, establish fellowship, ensure conversation, provide a means of collaboration, promote the general welfare, and secure the blessings of bass fishing to ourselves and our posterity, do ordain and establish this Constitution for the Texas Inveterate Piscatorial Sportsmen."

Sounds slightly familiar, doesn't it?

Membership in the club is limited. Each charter member is permitted to sponsor another member; then each new mem-

ber sponsors another new member until the maximum of 40 is reached.

Every candidate must be approved by the membership committee, then endorsed by the organization as a whole, at an official meeting of the group. When the full quota of members is reached no new members may be added until a regular member drops out or is dropped for non-payment of dues.

As a bass fisherman you will be interested in the fact that each member of TIPS is supplied with a record book in which he lists his catch. The record page calls not only for the size of the bass—its length and girth and weight—but also exactly where it was caught, on what specific lake, at what depth, and on what lure. Also requested is information as to the time of day, weather conditions, wind conditions, and the temperature of the water.

At each meeting of the organization the fishermen turn in their reports and each is given a badge by the secretary to sew onto his fishing jacket or hat. This badge is merely a number which designates the size of the fish caught. It's a new method of "lettering" in

"Posterity shall serve him; men shall tell of the Lord to the coming generation, and proclaim his deliverance to a people yet unborn, that he has wrought it" (Psa. 22:30, 31). In this chapter is pictured the crucifixion of Jesus many years before the event actually happened.

Here is pictured that pathetic cry, "My God, my God, why hast thou forsaken me? . . . I cry by day, but thou dost not answer; and by night, but find no rest."

Reader, God allowed this to happen because he loved you so; I am telling you the story as the prophet said men would do. What are you doing about serving the Christ?

## STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, TEXAS — Store windows already are featuring school clothes, and mothers across Texas are budgeting money for new blue jeans and calico dresses.

But money with which to open the schools it not yet in sight.

No one seriously doubts that new taxes will be voted and new appropriations made before current appropriations run out August 31.

Gov. Price Daniel has asked the Legislature to provide \$359,000,000 in new revenue to get the state out of the hole and cover future needs. Even in "good times," raising this much money is a staggering problem. It will mean passing taxes to which a good portion of the Legislature—and possibly the governor—are bitterly opposed.

It could not be done—except that in a few weeks those blue jeans and calico-clad youngsters must go to school.

### SENATE WORKS ON TAX

Senate's unenthusiastic attitude toward the House-passed tax bill may foreshadow another end-of-the-session deadlock between the two houses.

Even if all senators heartily approved the House bill, they would still have to expand it. State Comptroller Robert Calvert, whose word is final on revenue forecasts, estimates the House bill will raise only \$254-

000,000. This is over \$100,000,000 short of anticipated need. At the same time it was passed, House sponsors thought it would bring in about \$328,000,000.

House measure would raise money from these sources:

1. A 2 per cent sales tax on all power-driven objects, construction materials, utility services and on other items costing more than \$5. (Bulk of expected revenue would be from this provision.)

2. A minimum levy of one cent per thousand cubic feet on natural gas. Holders of dedicated reserve contracts would be liable for paying the difference between present gas production taxes and this minimum requirement.

3. A one-third increase in drivers' license fees.

4. A revision in the corporation franchise tax formula to get more taxes from out-of-state corporations operating in Texas.

5. A one per cent transfer (\$12,000,000) from the Permanent School Fund to the Available School fund.

6. A bookkeeping change to transfer to the schools in August the portion of gasoline tax money that is slated for school purposes.

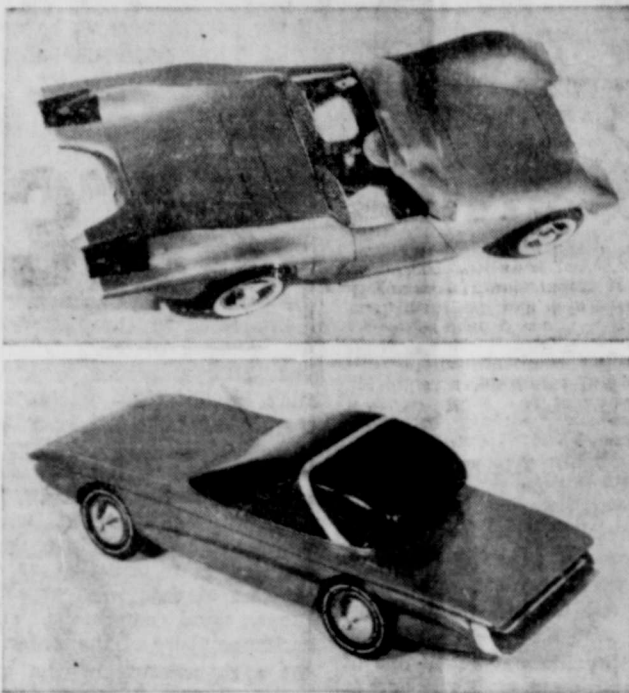

### BUDGET IN CONFERENCE

House and Senate general appropriations bills, each calling for spending in the neighborhood of \$2,500,000,000, are in the hands of a joint conference committee.

House bill calls for \$16,000,000 more than the Senate version. In addition to what it already had passed, the House instructed its conference committee to hold fast on provisions for a 40-hour week for state employees. Money already was in the House bill to put state hospital employees on a 40-hour week. To this, the House added in its committee instructions, a 40-hour week for prison system and Department of Public Safety employees.

House conferees are Reps. James Cotten of Weatherford, B. H. Dewey of Bryan, J. W. Buchanan of Dumas, Malcolm McGregor of El Paso and Bill

## Texas Teenage Stylists Win Honors

TEXAS BOYS designing and building these miniature "dream cars" in the 1961 Fisher Body Craftsman's Guild model car competition won first place awards of \$150 each for the best entries in their state. The upper car was built by Robert Straight of Houston. The lower car was designed by Paul McConnell of Denton.

Hollowell of Grand Saline.

Senate committee members are Senators Ray Roberts of McKinney, A. M. Alkin Jr. of Paris, Crawford Martin of Hillsboro, Wardlow Lane of Center and Grady Hazlewood of Amarillo.

### GOVERNOR OPENS GATES

Just when legislators thought they were going into the stretch on the drive to solve fiscal problems, the governor opened up the session to bills on 21 additional subjects.

Only subjects listed by the governor may be considered in a special session.

Daniel opened the door to legislation on unemployment compensation, law enforcement and traffic safety, the election code, Sunday closing laws, municipal annexation and some 15 other subjects.

Not included in the list were three bone-in-the-throat issues left over from the regular session: small loan regulation, changes in the auto insurance plan and ceding part of Padre Island to the federal government for a park.

### COST-CUTTING PLAN

In view of the House's money-finding problems, Rep. Charles Ballam introduced a measure designed to lop \$97,000,000 off the state's revenue needs for the next two years.

Ballam is chairman of the House revenue and taxation committee. He termed his bill an "economy" measure. But many of its provisions, which

are likely to arouse opposition, call for getting more money rather than spending less.

Among the bill's provisions: combine the Game and Fish Commission and the State Parks Board; raise tuition for state-supported colleges; pay county superintendents from county, rather than state, funds; finance the Department of Public Safety from state highway funds and put DPS-collected funds into the general fund.

### INSURANCE HIKE STUDIED

Lawmakers, though they cannot legislate on insurance in this session, are giving the new, higher auto insurance rates a thorough going over.

Conflict began when the State Board of Insurance instituted insurance premiums based on driving records in January, 1960. Many legislators protested effects of the plan during the regular session. Then during the summer the Board ordered an across-the-board increase in auto insurance rates, averaging 15 per cent.

Both House and Senate set up special committees to investigate need for the increase. A rate expert representing the Insurance Board told the House committee that drivers, not the Board, actually determine the rates. As proof, he said rates dropped 30 per cent during World War II when drivers knew that if they wrecked a car, they'd be walking for the duration.

### SPEAKERSHIP CHANGE REJECTED

House voted down a proposal by Rep. W. T. Dungan of McKinney to elect a speaker "by gentlemen's agreement" in November, 1962.

Dungan urged that newly-

elect representatives meet two months before the session's opening and elect a speaker. This would give the winner time to select committees and be ready for business at the start of the session.

Objectors said that since this is not provided in the constitution, the results would not be binding. More likely, they said, that the two months interval would be spent in trying to change votes and get a different speaker elected when the House actually convened.

Long-range goal of the reform advocates is a constitutional amendment to allow advance election of the speaker. Senate doesn't have this

problem since the people elect the Lieutenant Governor to preside over the Upper House.

### STATE OF BILLS

Governor Daniel's broadening of the legislative call brought a hopper full of new proposals. Among them are measures that would:

1. Require public school children to take a standard state test in the basic subjects once every three years. (By Rep. Macco Stewart of Galveston and Rep. Dick Slack of Pecos.) Purpose is to focus more attention on academic quality.

2. Raise the present \$28 a week maximum on unemployment compensation to \$37 a week. (By Rep. John A. Hueb-

ner Sr. of Bay City.)

3. Allow school district petition of 5 per cent of voters, to hold a referendum whether to establish free school kindergartens. (By Travis Peeler of Corpus Christi.)

4. Require a run-off in elections to fill seats in Congress and the State Legislature. (By Rep. Howard Green of Worth.) Such an election would be held this year to fill the post vacated by the death of State Rep. O. Bell of San Antonio.

5. Levy fines from \$100 to \$500 for selling certain types of merchandise on Sundays. (By Reps. Tommy Shattuck of George Richardson of Worth.)
