GOLDTHWATE Goldthwaite will have a short school week, Monday through Thursday, with classes being dismissed Friday for faculty members to attend the District XI State Teachers Association meeting in San Angelo.

Every person living in the district is invited and urged to visit school for a day or part of a day, according to J. T. Jones, AUSTIN, TEXAS superintendent. There will be guided tours of both high school parents and friends the schools

This is the 12th year for

"Since our best recommendations come from an informed public we are encouraging every patron to visit the entire system. We want them to see our class rooms, lunchrooms, home making department, science laboratory, gymnasium, auditorium, agriculture shop, offices, nurses' quarters and to see the work of pupils and teachers in the various grades and subject areas," Jones stated.

There will be exhibits in downtown store windows and through the school plants.

Special program is being planned by the P-TA for Tuesday night with a lecture on, 'Know Your Schools.'

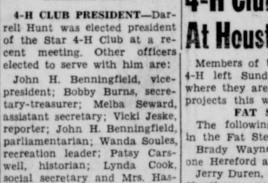

#### MULLIN

Mullin Schools will observe open house and visitation all week, according to Supt. Rufus A. Carr.

There will be a special Chapel Thursday afternoon at 1:30 and all patrons are invited to attend. Also there will be exhibits in classrooms of the Elementary school

STAR week is Public School Week. We

PUBLIC SCHOOLS WEEK-The need for the public school never changes, but times and conditions may change or require to be changed methods and practices of public education. This is inherent with anything that grows, for growth is the result of change.

Our Texas public schools were created 107 years ago. In 1854 the first law was passed establishing the public school

It is a healthy thing in our democratic way of life to have intelligent understanding of the important functions of our basic institutions. This is especially true of the schools. The initiative and resourcefulness and the wisdom and leadership that our schools are inculcating in the youth of today are the answer of the problems of citizenship in the years ahead.

Yes, "bring me men to match my mountains." That is the ced this week the transfer of need of our times and must come from the public schools-schools George Hartin to the Lampasas that are strong in virtues required for building strong men and store and the appointment of

We can be assured of this and do our part in understanding and helping the public schools to fulfill their great obligation to our times by being a participant in the annual Public Schools Week, March 5 through March 9, 1962. Schools will hold open house; accept their hospitality, and you will enjoy the experience of going back to schoolif but for a day.

With these comments we would like to add our support to the invitation that is extended to everyone to visit the school, of his or her respective community, during the week of March 5 through March 9, which has been set aside as Public Schools Week.

On other pages in this edition of the Eagle there appears information regarding the Goldthwaite Schools and the part the system plays in the life of the community. A number of business firms, professional people and individuals who are interested in the schools and what they mean to the community are giving their support and urging the public to visit the public schools in every community.

> 17 \*

AS ONE MAN SEES IT-The United States of America made history the past week.

Col. John H. Glenn, Jr., was, and still is today, the man of the hour.

His orbital flight was being watched by all America and all the world. It was wide open to the whole world from its initial Big Spring where they will planning through all the delays and right down to the climax, make their home. of his landing and being brought back to home base. Then through the welcoming and congratulating festivities that are still going on.

From all indications everybody was highly interested in this achievement and the scientific progress that is being recorded with respect to this space age

At least we thought everybody was interested in this accomplishment, until we heard of one who wasn't.

There appeared a man down in Argentina, or some where down the country who wasn't too impressed.

The story is a reporter asked some people what they thought about the space flight.

One man said he wasn't too impressed with the program. He thought Science should be doing something here on earth for humanity. His example-"They could be doing something to make following Young heirs: Joe her father, T. J. Elliott, this hair grow on a bald head."

Everybody has problems, guess that was his,

# now join the world's greatest V-8 collection

405-HP THUNDERBIRD V-8-Thirty years of Ford experience culminate in this startling V-8. Available in every Galaxie, it puts 405 horses under the throttle, a dazzling level of acceleration that cannot be imagined but must be felt. A superperformance option, it comes only with the fourspeed gear box. But, unlike some "special" engines that require delicate tuning and modification, it puts out its potential right off the showroom floor. Even more impressive, Ford skill has made it a docile tiger; it idles smoothly, it is durable, its super capacity does not come at the expense of harshness and noise. Among expert drivers, it is praised as a true high-performance V-8 in America . . . the pace-setter for 9 other V-8's tailored to every driving need.

NEW FAIRLANE CHALLENGER "260" V-8-Whenthe 221-cubic-inch Fairlane V-8 appeared last fall, automotive writers hailed it as a great basic advance, a compact jewel of design. Now, the "260" V-8 proves their prediction. With 164 hp, 19 more than the standard version, Fairlane gains a new brilliance of performance-but it still runs on "regular," still outsaves any standard-size Six. It has the durability of time-tested cast iron, slimmed and lightened by Ford's precisioncasting technique. Created by the one maker who has built 30,000,000 V-8's since 1932, it brings the sparkle and smoothness of V-8 power well within the thrifty budget's reach, puts truly sophisticated engineering at the service of trulyeconomical motoring. #### **Texans** Oppose **Resolution** On Mourning Doves

Austin-Texas sportsmen will oppose the passage of HR9882, introduced by Congressman Joseph E. Karth of Minnesota. This Resolution would amend the Migratory Bird Treaty Act, to prohibit the hunting of mourning doves, H. D. Dodgen, executive secretary of the Texas Game and Fish Commission has written to Texas members of Congress and to members of the Commission, pointing out that the mourning dove population in the nation during the last two years increased sufficiently that U.S. Fish and Wildlife Service increased the bag limit from 10 to 15 birds per day, and possession limit from 20 to 30 birds. He says that in the 1960 hunting season, some 450,000 Texas hunters bagged in excess of 14 million birds. The Resolution offered by

Congressman Karth provides that "notwithstanding any other provisions of this Act, the Secretary of the Interior shall not allow the hunting, taking, capturing, killing, possession, sale, purchase, shipment, transportation, carriage or export at any time, of the mourning dove.

The mourning dove has been the principal game bird of Texas for a good many years. In Minnesota, however, it is considered a song bird and the killing is prohibited under state law. This is true in a number of states, particularly in the Middle West. The bird being migratory, many of those harvested in Texas come from nesting grounds throughout the

#### Jerry Duren Is In Top 10 For Scholarship

Mrs. Norman Duren, is one of chase some very nice books. Announcement of other activ the top ten being considered for ities will appear in next week's scholarship being offered by the Marshall Foundation of Hous-

Te Masen 30-28 The Goldthwaite High School Eaglettes lost a heartbreaker tie play-off game to the Mason cagers in Llano last Friday night. With only 30 seconds to play, the score tied at 28 points, and Goldthwaite in possession of the

ball, Marsha Edington moved in for a shot that cleared the loop and hit the floor only to have it called back by officials. In turn Mason was given two free throws which they made giving them a two point lead as

the game closed for a 30 to 28 score.

**Donation Made To** Jennie Trent Dew

Memorial Library The Jennie Trent Dew Library was the recipient of a very generous cash donation this past week, according to an

announcement from the Library The Mills County Historical Society, that sponsored and published the Mills County History, "A No Man's Land Becomes A County," had some money left over from the book's sale. This past week Mrs. J. A

Hester, president of the Society, Admitted-Mrs. W. P. Oxford, and Mrs. V. A. Hudson, treasurer, signed a check for \$180.00, and presented it to the Library to be used to purchase books.

The Library Board is very grateful for this gift. New books o'clock, at the high school auare needed for the shelves. A number of books as memorials al time. Mr. Noble Prentiss, have been received, but a cash donation, such as this, will cer-Jerry Duren, son of Mr. and tainly enable officials to pur-Jennie Trent Dew Library belongs to the people of Mills
