Four GHS Girls And Two Boys Named On All-District Basketball Teams

JOHNNIE BETH ELLIOTT

JANELL JERNIGAN

PAMELA BERRY

MARSHA EDINGTON

L. V. BENNINGFIELD

GENE EARL AULDRIDGE

Coaches Jackie Williams and Roy Byrd brought home good news to the 1961-1962 G. H. S. basketball teams the past week with the announcement that six members made All-District first and second teams. Four girls and one boy made the first team and one boy made the second team.

GIRLS' TEAM

Elected to the All-District Girls' Basketball Team were: Johnnie Beth Elliott, Pamela Berry, Janell Jernigan, and Marsha Edington.

Johnnie made the All-District Team for the third year. She played guard on the team where she was a four year letterman and Tri-Captain of the team for the second year. She also won All-Tournament trophies in the Goldthwaite Tourney for three years and at Early High this year. Johnnie is a Senior student at G. H. S.

Pamela, a Senior, also is a three-year letterman, and she served as a Tri-Captain this year. She also played guard on the team where she was chosen Second Team All-District last year and first team this year. She won All-Tournament honors in the '60 Goldthwaite Tourney and at Early High.

Janell is also a Senior, four-year letterman. She played forward on the team where she averaged 13 points per game. She made All-Tourney in the Goldthwaite Tourney two years. She was chosen to the Second Team All-District team last year.

Marsha, a Junior, served as Tri-Captain of the team where she earned her third letter. She averaged 19 points per game this year, and made All-District for the second year. She made All-Tourney at Early last year.

BOYS' TEAM

Gene Earl Auldrige, a Sophomore, brought home to the boys' team the only first team All-District honor. Gene was captain of the team this year and made All-Tourney at Early High this year.

L. V. Benningfield made Second Team All-District this year and last year and was given honorable mention. L. V. is a Junior at G. H. S.

Coach J. Bridgers Will Speak Here At Brotherhood Meeting

John Bridgers, head football coach at Baylor University, will be the guest speaker at the Mills County Baptist Associational Brotherhood banquet Thursday, (tonight) at 7:30 at the Youth Center.

All men and boys are invited and urged to attend. Reservations for the meal are to be made by contacting Lee Tabor, Herbert Faulkner or Clarence Duey.

Chairmen to be contacted at the various churches outside Goldthwaite for meal reservations are as follows:

Mullin—Argie Whisenhunt, Trigger Mt.—Earl Ethridge, Priddy—Ewell Priddy, Center City—Jimmy Wright, Star—Sammy Harper, Big Valley—Erie D. Roberson, Scallorn—Wayne Henry, Long Cove—Lonnie Hill.

Mayor And Three Aldermen To Be Elected Tuesday

A mayor and three aldermen will be named by City of Goldthwaite voters at their regular city election scheduled for next Tuesday, April 3.

The election will be held in the city hall. Polls will be open from 8 a. m. until 6 p. m.

There is no contest in the election with only one candidate for mayor and three for aldermen for the places to be filled. Candidate on the ballot for mayor is Howard B. Campbell, and those for aldermen are V. A. Hudson, Ray Duren and Lewis T. Hudson.

Campbell has been serving on the council and also was mayor protem. Duren and V. A. Hudson are incumbents seeking re-election and Lewis T. Hudson is a new candidate.

Holdover members are S. A. Edington and Fred Reynolds.

A HAPPY SCENE—These smiling people are from Mills County. They are shown holding and admiring the grand champion steer, left, of the 1962 Houston Livestock Show and Rodeo and the reserve grand champion, a black Angus. Left to right are Jerry Duren, owner of

the grand champion; Jimmy Soules, 17, an exhibitor; County Agriculture Agent George Reese and James Clary, 18, holding the Angus which was exhibited by his sister, Ella Ruth Clary, 13, of Star. Ella Ruth wasn't available for the picture.—Houston Chronicle, 3-11-62.

Mills County Known World-Wide For Feeding Out Champion Cattle

(Editor's Note: The following article by Elmer Summers, Agriculture Editor, appeared in the Houston Chronicle on Sunday, March 11. Since it contains much information of interest to

Mills County residents it is being re-printed here for our readers.)

By ELMER SUMMERS
Agriculture Editor

The ability of Mills County 4-H Clubbers and Future Farmers in Central Texas to feed out steers and exhibit more champions at major livestock shows than any other county in the United States is known around the world.

George Reese, the Mills County agriculture agent, says the youth have taken home approximately \$397,000 from shows since the steer feeding program began in 1947. This sum includes money from the 1962 Houston Livestock Show and Rodeo.

This year Jerry Duren, 18, of Goldthwaite, exhibited the grand champion steer at the Houston show and was paid \$12,600. Ella Ruth Clary, 13, of Star, also in Mills County, exhibited the reserve champion

Park Fund Contributions \$841.00

Contributions to Mills County Park fund up to Tuesday of this week totaled \$841.00, it was announced by W. P. Duren, park board chairman.

Fifty-nine interested citizens have joined so far this year in support of the county-wide project.

Forty-nine of those taking part have contributed in the suggested amount of \$12 or more for the year.

The park board needs \$1200 a year for park maintenance on a year around basis, or at least through the growing season.

Park maintenance during the past two years has been financed through the voluntary, or

honor roll, basis. The committee has tried to enlist 100 or more persons to give \$12 each toward the project.

Last year the fund fell about \$500 short of the goal. This deficit has been met by now and the committee has about \$350 for this year's work, and still needing seven to eight hundred dollars to complete the job.

Checks should be made out to Mills County Park Fund and turned in at Mills County State Bank or to any member of the committee.

Following is list of those added to the honor roll since the last report.

March Of Dimes Fund At \$737.13

The annual March Of Dimes contributions in Mills County up to Tuesday of this week amounted to \$737.13, according to announcement by Roy Wilkins fund drive chairman and Raymond Casbeer, treasurer of the chapter.

Most all of the reports are in with the exception of the coin collection cards and canisters which are in the process of being gathered now.

Community workers who have not turned in reports are urged to do so now so that the job may be completed for the year.

Cancer Fund Drive To Start

April is Cancer Fund drive month throughout the nation and Mills County citizens will again have an opportunity to contribute to the fund for Cancer research.

Glynn Collier, fund drive chairman for 1962, announced Tuesday that plans are underway for the annual drive to start on April 1.

Last year Mills County won top honors in the state for the highest percentage of contributions of any county, based on the goal set up.

Much progress has been made during the past year with regard to Cancer research and more is expected during the year ahead.

Committee workers in the various communities in the county are in the process of being named now and will be announced next week, Collier stated. Contact work will start Monday.

Special Services At Scallorn Church

Miss Jean Awa of Hawaii and Michael Shihadi, students at Howard Payne College, will conduct the services at the Scallorn Baptist Church, Sunday, April 1. Services will be held at 11 a. m. and 1:30 p. m.

Lunch will be served at the church at the noon hour.

Everyone has a most cordial invitation to attend.

Clean-Up Campaign Next Week

The Goldthwaite Garden Club, in cooperation with city officials, is sponsoring a clean-up campaign here next week Monday through Saturday.

All home owners and all businessmen and residents of the city are requested to do their part in the clean-up drive which gets underway Monday morning.

The city is giving the fullest cooperation to the Garden Club's civic project in the hope that this year's clean-up week will be more effective than ever before.

City trucks will be made available for hauling away trash, rubbish and debris, according to W. C. Barnett, city manager. Hauling will be done by city crews on Wednesday, Thursday and Friday, according

to Barnett, who is urging everyone to do as much of their clean-up work as possible on Monday and Tuesday, before hauling gets underway on Wednesday. Trash should be placed in a pile where it is easily accessible for trucks to pick up.

Mayor Y. B. Johnson, Jr., in one of his last official acts before retiring as mayor, next week, has issued a proclamation in support of this spring clean-up, paint-up and fix-up drive.

VIC'S . . .

SOLILOQUY

LET THE CONSTITUTION PREVAIL—Certain legislative proposals should be opposed on broad questions of principle.

Two such proposals are now current. One would give the President the authority to raise or lower the individual income tax, in order to deal with possible inflationary or deflationary developments. The other would give him carte blanche to launch public works projects costing as much as two billion if he thinks it necessary to help prevent a recession or depression.

There is no sound argument, under our system of government, for giving one man an authority which the Constitution, in full wisdom, vested in Congress. It is no reflection on Mr. Kennedy or any other President to say that one man's judgment is much more likely to falter than the collective judgments of hundreds of members of Congress.

It is argued that giving such vast and unprecedented powers to the President would make possible instantaneous action. But Congress can act in such matters, if action is needed, with only brief delay. And if Congress surrenders the power of the purse to the Executive Branch, the systems of checks and balances established by the Constitution will be weakened to the point of impotence.

☆☆☆

POOR RECORD TO COPY—Before anyone embarks on an important venture, it's only the part of wisdom to try to learn the experience of others who have followed similar trails.

That little truism goes for government, as well as an individual, it can be applied to proposals for government domination of medicine.

England's socialized National Health Service provides our precedent here. And we can go to English authorities to see what the results have been.

A documentary film prepared by the British Broadcasting Corporation said that some patients "have been waiting as long as six years for surgery." A well known British journalist reported that "the number of people medically insured for private treatment has risen by more than 1,000 per cent . . ." because ". . . Socialist medicine is just not good enough." A distinguished Oxford professor found that the system has been ". . . progressively creating dependency and frustration among the doctors . . ." An AP release told of the complaints of patients at overcrowded waiting rooms, and of physicians' complaints of excessive work-loads and underpayment. A British doctor now in this country wrote, "The poor British taxpayer has been milked dry. The Health Service now costs more than five times the original estimate." The Chicago Tribune's London Bureau Chief said that British "hospitals have 500,000 on their waiting lists."

So it goes—and such a list could be continued almost indefinitely. The question for us is: Shall we emulate, in any way, such a costly and disastrous failure?

☆☆☆

"STRAIGHT TALK"—Following are a few bull's-eye shots by Tom Anderson, publisher of the Mississippi Farmer:

"The good old days: Back when the only thing your wife owed was a cup of sugar, to the next door neighbor.

"Parity: A government program to make every farmer as poor as his neighbor; return to serfdom with the government as the master.

"Capital punishment: The government taxes you to get capital to go into competition with you and then taxes the profits on your business in order to pay the losses on . . . government businesses.

"Dictionary: The only place where success comes ahead of work."

"Perpetual: Duration of any government handout program, once begun.

"Mother hen: A symbol of the federal government—formerly known as the eagle."

☆☆☆

TAKE IT OR LEAVE IT—Charles Conradt brought back from Fort Worth a little squib that might be well for all to consider. He saw a sign on a truck which read: "Don't vote, just gripe." City and school trustee elections are coming up next week and the first primary election is coming up on May 5.

Mr. and Mrs. George Atkinson, Sr., formerly of Goldthwaite, celebrated their 50th wedding anniversary on Wednesday of last week at Lubbock. Mrs. Atkinson is a sister of Mrs. Jim Faulkner of Goldthwaite. Goldthwaite City Utilities Manager W. C. Barnett attended a meeting in Austin on Tuesday of the Association of Managers of municipal electric systems that are served by the Colorado River Authority.

Since last report County Clerk Earl Summy has issued marriage licenses to Warren Mason Harris and Velva Dee Sauls.

Miss Nelda Jones, who has been on the staff of the Goldthwaite office of the State Department of Public Welfare the past two years, this week resigned her post, effective March 31. Miss Jones plans to accept employment in Waco.

Mr. and Mrs. H. L. Linn, who have been living in Dyersburg, Tenn., since last September, returned to Goldthwaite last week to spend at least a few months. Mrs. Linn is the daughter of Mr. and Mrs. D. V. Westerman.

The Methodist Youth Fellowship of the First Methodist Church of Goldthwaite have announced that each month it will elect the "Parents of the Month." Mr. and Mrs. W. C. Barnett are the parents of the month for March. They are the father and mother of Penn Barnett, a member of the M.Y.F.

Charles E. Featherston, airman apprentice, USN, son of Mr. and Mrs. G. C. Featherston of Goldthwaite and husband of Mrs. Edna J. Featherston of Goldthwaite, has been chosen as Honorary member of Company 190 at the U. S. Naval Training Center, San Diego, California.

25 YEARS AGO—

Files of March 25, 1937)

Mr. and Mrs. George Faulkner had the misfortune to have their car stolen last week while visiting in Dallas. The car was a new Chevrolet fully equipped, even to a radio. They had just driven over to Dallas from Cleburne where they are making their home.

Austin—Elizabeth McDermott of Goldthwaite has been chosen one of ten University of Texas students to represent the local

Newman Club, Catholic organization, at a convention of college students to be held in Lafayette, La., April 9-11. The ten students will be official delegates and will have all expenses paid at the convention.

Death came suddenly, but peacefully and quietly, to take August Carl Schulz, aged 79, at the home of his daughter, Mrs. Harley Pfluger, in Eden. Death was attributed to a heart attack, which struck him while seated in a chair, awaiting the noon meal.

Mrs. Joe Wallis of Pottsville spent Sunday night with Miss Odessa Simmons while on her way to Rock Springs, where fire had destroyed some property belonging to her and her brother.

Mrs. Mina Summy is now doing clerical work for Duke Clements Insurance Company, and Tessie Simpson has accepted the position in the Goldthwaite Mutual Insurance made vacant by Mrs. Summy.

Mr. and Mrs. J. D. Priddy and Mr. and Mrs. Owen Priddy, accompanied by J. A. Allen, visited Monday in Brady with their old friend, J. G. Abney.

Miss Myra Nell Johnson has been selected for the place in the courthouse which Mrs. Simpson vacated.

Report On
Bond Sales

Savings Bonds sales in Mills County totaled \$12,612 during the month of February, according to Mr. W. P. Duren, Chairman of the Mills County Savings Bonds Committee. "Total sales in the county for the first two months of 1962 were \$13,812."

"In Texas, bond sales were \$13,560,394 in February, and sales for the first two months

of the year were \$28,871,026. This figure represents 17.5% of the state's sales goal for 1962."

The Eagle office a few days ago a copy of the Houston Telegram, a weekly paper of two pages published at Houston in July, 1863. The pages were filled almost exclusively with war news and is a "keep sake" of Mrs. Gaston, a member of Mr. McLeod's household.

It is believed to be practically certain that Goldthwaite will secure one of the Draughon's Business Colleges, which is one of the finest systems of schools in the country. Mr. Peniz, the manager of Draughon's College at Austin, is here arranging for the College to open at once, the only requirement being that 30 scholarships be sold for the school.

Editor Burger of the Mullin Enterprise was here this week and informed us he had purchased an outfit and would establish another paper here at once. The Eagle trusts that Mr. Burger will prove as pleasant as a competitor as he has been as a neighbor. The Eagle has had six different men as competitors in the sixteen years the present management has been in charge of the business and we are confident Mr. Burger will be equally as agreeable a coworker as his predecessors.

Secretary of Treasury re-emphasized the need for the purchase of Savings Bonds by all Americans," Mr. Duren pointed out.

"At a recent meeting in Washington, Secretary of Treasury, Douglas Dillon, pointed out ". . . Our ability to meet aggression in the world . . . will depend to a large extent upon the power of our economy. Buying bonds is a way in which every American can contribute directly to his nation's economic strength. For those who ask what they can do to help their country, here is a beginning step—an important step. . . The person who buys a bond is both thrifty and patriotic."

"These words spoken by the

Secretary of Treasury re-emphasized the need for the purchase of Savings Bonds by all Americans," Mr. Duren pointed out.

RECORD TAX DEDUCTIONS**

The butcher, the baker, the candlestick-maker... pay them all by check and you'll have an accurate record of expenditures, and legal proof of payment!

At income tax time your cancelled checks are especially important. For example, you can't deduct the actual cost of your food, but you can deduct a certain portion of what you paid, because it was tax. With cancelled checks you can accurately figure that deduction — and prove it's valid!

Community News From Mullin

By MRS. JOHNNIE HOLLAND

The Mullin Improvement Organization met for the regular monthly meeting March 16, at the Mullin High School.

The meeting was called to order by president, E. L. Fisher. Rev. George Henry gave the opening prayer.

Neta Jean Fisher and Ann Murray asked for some needed suggestions to help complete the scrapbook. As most of you know, Mullin is entering the Texas Community Improvement Contest again this year, and we surely do want to win. We are proud of the improvements in our community whether we win or not.

Mrs. Ray Lindsay, treasurer, reported that the organization had made \$156.00 from the rummage sales that were held in Brownwood. The proceeds will be used to help complete the Community Center. Thanks to all of you that helped in any way. We need each one of you in our community to come to every meeting, and join in and help us make our community a better place to live.

Newly elected officers are as follows:

President, Maxwell Kirkpatrick; vice president, Herman Locke; second vice president, E. L. Fisher; secretary and reporter, Ila Mae Calder; treasurer, Mrs. Ray Lindsay; program committee, Neta Jean Fisher, Billie Lewis, Ora Wilson and Mary Lou Locke.

Next meeting will be held at our new Community Center the third Thursday in April, the 19th.

New chairs have been ordered. Anyone wishing to donate a chair or money for one or more may contact Mrs. Ray Lindsay, or Mrs. Carl Hohertz.

Refreshments were served to about fifty members by Neta Jean Fisher and Ann Murray. We missed you if you did not attend. Please come next time. —Ila Mae Calder, Reporter.

The Room Mothers of the Senior Class surprised the class last Monday afternoon with a barbecue supper in the H. E. room in the High School. The seniors are practicing their play after school, and after they had practiced their play, and I'm sure, really hungry, we had the supper waiting for them. The supper consisted of barbecue, potato salad, red beans, hot rolls, pickles, iced tea, and for dessert, cake and home made ice cream.

Last Sunday visitors with Mrs. Janie Dorbandt included her son, Lester Howard and son, Michael of Austin; her sister, Mrs. Dee Hampton and Mr. Hampton of Brady and Mr. and Mrs. C. C. Wright of Mullin.

Last Sunday visitors with Mr. and Mrs. Bob Collier were Mr. and Mrs. Louis Covington and Will Collier of Goldthwaite.

Mr. and Mrs. Fred Mosier have returned home from Carlsbad, New Mexico, where they visited with all of their children.

Don't forget the Senior Play, "Just Ducky," will be coming up soon. We will be looking for you.

San Saba Peak

By MRS. DUTCH SMITH

We'll have been in a hurry so long I guess if we stopped for a few minutes, I think I would drop dead.

We are fixing to spray the orchard and shear sheep and I don't know what else.

Our son, C. S. (Chli) Smith, Jr., and assistant co-agent Kenneth Holloway and Carlton Currie of Tulla came Friday morning. They went to Llano to buy club calves and bought five from McBride.

Mr. and Mrs. Johnnie Smith and little Cliff of Burnet came over from Burnet and ate supper with us and went on to visit Johnnie's sister, Mrs. Forrest Jernigan and family.

Jimmy and Jesse Loyd Ball came home with me Friday and stayed until Saturday night. Their mother and Gregg came

Students-Faculty Turn Out For Driver's Clinic At Priddy, Mullin

Safe driving must be made a personal habit of every motorist if the slaughter on America's highways is to be curbed, Joe Smetana, Safety Director of the Texas Farm Bureau Safety Department, declared as he spoke prior to conducting driving tests at Mullin and Priddy High Schools last week Tuesday.

"Excessive speed is the greatest single cause of automobile accidents," Smetana said. In the demonstration which followed, he pointed out the conditions under which even 20, 30 or 40 miles per hour can be excessive.

Smetana added, "when drivers know the true facts and base their driving on those facts, highway accidents will drop sharply."

The much-talked-about movie, "Death On The Highway," was shown to the students, teachers and guests.

and we visited Mrs. Willie Casbeer and her daughter and husband, Mr. and Mrs. Harold Brearley, of Fort Worth.

Dutch and I visited my sister, Mrs. Bud Conradt, Sunday evening. We also got to see Uncle Albert and Aunt Lennie Conradt, Velon and Doris Gail and Woody, Mr. Lonnie Hill and Mr. John Conradt. We went by the Long Cove Cemetery and put flowers on my mother's grave.

Loyd King and his father-in-law, Mqnty Stone, went to Mercedes to a Santa Gertrudis sale. Loyd bought a bull.

Mrs. Stone stayed with her daughter, Mrs. Loyd King, Mitzal and Rocky.

Mr. and Mrs. Steve King and children visited in the King home Sunday.

Dutch and I visited my Dad and Mom Sunday evening.

Mrs. Rachel B. Trent, Mrs. Lee Tabor and I attended the District 8 Home Demonstration convention week before last. We enjoyed it very much.

Mrs. Fred Laughlin and I were in San Saba Friday.

Mrs. Bill Hightower visited Mrs. Fred Laughlin one evening last week.

GEESLIN BROTHERS WIN HONORS

Bert Geeslin, student in Star School, won second place in spelling and his brother, David, won second in Story Telling in the Literary Contest held at Pottsville last week. The boys are the sons of Mr. and Mrs. Bertram Geeslin and grandsons of Mrs. J. M. Geeslin of Goldthwaite.

nalling for turns, approaching an intersection in the proper lane for a turn, the proper way to turn around, and many other things which are essential for safe driving.

The safety demonstration was

brought to Mullin and Priddy under the sponsorship of the Mills County Farm Bureau, part of a long range program of traffic safety now being conducted by the Texas Farm Bureau Safety Department.

Justin A Town of Museums
Man progresses by looking forward but man learns by looking back.
Originally located capital city, Austin, with this in mind, Texas' center, is definitely a leader in education.
Not just for the famed University of Texas and its other universities and colleges though, it is an educational leader through its wealth of museums full of history and artifacts of times past.
On the capitol grounds themselves are the museums of the Daughters of the Confederacy and the Daughters of the Republic. Both these museums have old guns, flags, and items used by the early settlers.
A museum made from the picturesque studio of Elisabeth Ney, the world renowned sculptress, contains many of the artist's mementos.
The atmosphere and surroundings of a short story genius are preserved at the O. Henry Museum. Here is found, in unique preservation, the dictionary the famed author memorized.
Last, but not least, the story of Texas, from fossil to wild

west to oil wells is told through fascinating displays at the famous Texas Memorial Museum.

Dan Caloway and Mr. and Mrs. E. L. Pass visited Mr. and Mrs. Grover Dalton near Mullin Sunday afternoon.

Mr. and Mrs. Dan Covington were guests of her daughter, Mrs. Charley Schrader, Mr. Schrader and children, Charles and Carolyn, Sunday afternoon, who live near Priddy.

Mrs. John Walton and her mother, Mrs. Johnson of the Center Point community, moved to their new home on Reynolds Street Saturday.

John Burdette, student at Texas Tech, spent last weekend with his parents, Mr. and Mrs. R. L. Burdette.

Mike Conradt visited his sister, Addie Jo Conradt, student at Baylor University, Friday night and Saturday.

Mr. and Mrs. J. B. McCasland were guests of Mr. and Mrs. Floyd Burkett of Lometa Sunday.

Mr. and Mrs. L. W. Weather of Brownwood were guests of his mother, Mrs. J. W. Weathers, Thursday.

Mr. and Mrs. Cecil Boatwright and Mrs. Ben Taylor of Dallas and Mr. and Mrs. Ted Boatwright of Irving were recent guests of Mr. and Mrs. J. G. Boatwright.

LEO J. WELDER

HEADS CATTLE RAISERS
The election of Leo Welder of Victoria to the presidency of the Texas and Southwestern Cattle Raisers Association highlighted closing sessions of the Association's 85th annual convention in Houston, March 21. Dolph Briscoe, Jr., of Uvalde is retiring president.

Fred Wulff of Brady was elected first vice-president, and Ben H. Carpenter of Dallas was elected second vice-president. Joe Fletcher is secretary-general manager, and Ernest Duke is assistant secretary. Both work in the TSCRA headquarters office at Fort Worth. J. W. Sartwell of Houston was elected honorary vice-president.

The theme of the three-day convention was "Beef Production Opportunities in the Space Age," and a number of speakers outlined technological advances which promise to play a leading role in bringing about progressive breeding and management practices in the future.

Rebekahs Meet Thursday Night

The Rebekah Lodge No. 72 met in regular meeting in the I. O. O. F. Hall, Thursday night, March 22. Mrs. U. L. Allison and Mrs. R. Glynn Raley, delegates to the Rebekah Assembly of Texas, held recently in Galveston gave very interesting reports of the meeting. They also reported that the Galveston Chapter expressed their appreciation for the help from the chapter here during the Carla disaster.

After the business meeting the group were invited to the home of Mrs. Bert Wright where a delicious hamburger supper with all the trimmings was served from a attractively laid table. Those present were:

Mr. and Mrs. U. L. Allison, Mr. and Mrs. Robert Burdette, Dr. and Mrs. R. Glynn Raley, Ray Duncanson, Ernest Cox, Dr. P. L. Huddleston, Leo A. Edleman and the hostess.

Mrs. J. E. Perkins Birthday Honoree

Sunday, March 25th, was a happy occasion for the Perkins descendants as they met at the Church of Christ for the morning worship.

Later they gathered in the home of Mr. and Mrs. Chas. L. Stephan for a dinner honoring Mrs. J. E. Perkins on her 80th birthday and seven other members of the family, who have March birthdays. A beautiful decorated cake was brought by Mrs. Lora Shotwell and food galore by everyone attending.

Those attending were: Mr. and Mrs. Arthur Schmied and Shirley, Copperas Cove; Mr. and Mrs. Allen Shotwell, Fort Worth; Mr. and Mrs. Silas Shotwell, Star; Mr. and Mrs. Chas. L. Stephan, Star; Mr. and Mrs. Vance Booker, Goria and grandson, Kevin, San Saba; Charles

Duren News

Well, I guess our news didn't get by the waste basket last week, can't complain though as I hardly ever know much news. But I am always glad to send in what I do hear about.

We had a good time in church Sunday, two wonderful messages brought to us by our pastor, Brother Jones. The youngsters sang for us Sunday morning which we enjoyed very much. I'm sure there are larger singers but not much louder. We are proud of our little folks taking a part in our services, because youngsters will be our men and women soon, and will take up where we left off. May-be I do not make as many mistakes as I do, we hope not.

Those of you that missed the singing at Duren Saturday night certainly missed some good singing. Seems as though each singing just gets a little better; so you come next 4th Saturday night and see for yourself, if I am right.

Rev. and Mrs. Jones were luncheon guests of Mr. and Mrs.

WANTED

WE NEED good used home Freezers and will give liberal trade-in allowance for your old freezer on a New Whirlpool Home Freezer. See us now. Duren Equipment Company, Goldthwaite. 7-13-tfc

WANTED TO BUY: 8 foot Aermotor mill and steel tower, in good condition. Bennie D. Wilcox. 3-22-tfc

E. J. Cox and family, Sunday. Mr. and Mrs. Kyle Lawson of Mullin visited in the R. C. Duren home Friday night. They enjoyed watching Mr. and Mrs. Duren's new TV.

Grandmother Smith of Llano is visiting her son, Mr. and Mrs. Clint Smith. She is also visiting her daughter, Mr. and Mrs. J. L. Hillman, this week.
 Mrs. Duaine Horton and girls returned to their home in Fort Worth Wednesday after spending a few days with her parents, Mr. and Mrs. Bill Daniel, and sister, Mrs. E. J. Cox, Mr. Cox and children.

Mrs. Shorty Gandy visited in the Albert Cox home Saturday. Mr. and Mrs. Bobby Green and son of Gorman visited Mr. and Mrs. James Green and family Saturday.

Mr. and Mrs. Ralph Duren and children visited Mrs. Duren's parents, Mr. and Mrs. Henry Bessent, at Caradan Sunday afternoon.

Mrs. Albert Cox visited Mrs. Bill Daniel Wednesday afternoon.

Mr. and Mrs. Bobby Davis and family visited in the A. A. Downey home recently.

Mr. and Mrs. Riley Burdette visited in the J. L. Hillman home Sunday.

Mrs. Glynn Lewis visited in quite a few homes in the Duren community taking donations for the Cancer Drive.

Mr. and Mrs. Elmo Green visited in the H. L. Pyburn home Friday and Saturday and gave a helping hand to the goat

shearing.
 Mr. and Mrs. Fred Daniels children visited Fred's parents, Mr. and Mrs. W. L. Daniels, day en route to their home, Imperial after spending weekend with Mr. and Duaine Horton and girls at Worth.

Mr. and Mrs. Brooks and Mark spent the week with his parents, Mr. and Clint Smith.

Miss Peggy Green spent Saturday night and Sunday with Miss Ann Truitt at Goldthwaite.

Mr. and Mrs. W. H. Wagner visited Sunday with daughters and families, Henry Buttery and Mrs. Shipp.

Mr. and Mrs. V. G. Duren visited Mrs. Linnie Plummer Comanche Sunday.

Brother Moore visited the J. Cox family Friday night.

We extend our deepest sympathy to the bereaved Mrs. Lord bless each of you.

Give them a Faith to live by

Worship with them this week

Naturally you want them to have all the good things in life . . . a happy home . . . a good education . . . plenty of chances to meet other nice young people. But be sure to give them the most precious gift of all . . . Faith.

The wonderful part is that faith is yours to give . . . no matter who you are, what you do for a living, how much money you have in the bank.

When you worship with your youngsters they see you — the biggest, smartest, most important people in their world — asking God for help, thanking Him for blessings. Then it's clear to them that here is where you find strength and consolation . . . and here they too can bring their problems.

Duren News

Well, I guess our news didn't get by the waste basket last week, can't complain though as I hardly ever know much news. But I am always glad to send in what I do hear about.

We had a good time in church Sunday, two wonderful messages brought to us by our pastor, Brother Jones. The youngsters sang for us Sunday morning which we enjoyed very much. I'm sure there are larger singers but not much louder. We are proud of our little folks taking a part in our services, because youngsters will be our men and women soon, and will take up where we left off. May be not make as many mistakes as I do, we hope not.

Those of you that missed the singing at Duren Saturday night certainly missed some good singing. Seems as though each singing just gets a little better; so you come next 4th Saturday night and see for yourself, if I am right.

Rev. and Mrs. Jones were luncheon guests of Mr. and Mrs.

E. J. Cox and family, Sunday. Mr. and Mrs. Kyle Lawson of Mullin visited in the R. C. Duren home Friday night. They enjoyed watching Mr. and Mrs. Duren's new TV.

Grandmother Smith of Llano is visiting her son, Mr. and Mrs. Clint Smith. She is also visiting her daughter, Mr. and Mrs. J. L. Hillman, this week.

Mrs. Duaine Horton and girls returned to their home in Fort Worth Wednesday after spending a few days with her parents, Mr. and Mrs. Bill Daniel, and sister, Mrs. E. J. Cox, Mr. Cox and children.

Mrs. Shorty Gandy visited in the Albert Cox home Saturday. Mr. and Mrs. Bobby Green and son of Gorman visited Mr. and Mrs. James Green and family Saturday.

Mr. and Mrs. Ralph Duren and children visited Mrs. Duren's parents, Mr. and Mrs. Henry Beasant, at Caradan Sunday afternoon.

Mrs. Albert Cox visited Mrs. Bill Daniel Wednesday afternoon.

Mr. and Mrs. Bobby Davis and family visited in the A. A. Downey home recently.

Mr. and Mrs. Riley Burdette visited in the J. L. Hillman home Sunday.

Mrs. Glynn Lewis visited in quite a few homes in the Duren community taking donations for the Cancer Drive.

Mr. and Mrs. Elmo Green visited in the H. L. Pyburn home Friday and Saturday and gave a helping hand to the goat

shearing. Mr. and Mrs. Fred Daniel children visited Fred's parents Mr. and Mrs. W. L. Daniel in day en route to their home Imperial after spending weekend with Mr. and Mrs. Duaine Horton and girls at Worth.

Mr. and Mrs. Brooks and Mark spent the week with his parents, Mr. and Mrs. Clint Smith.

Miss Peggy Green spent Saturday night and Sunday morning in the home of Miss Ann Truitt at Goldthwaite. Mr. and Mrs. W. H. Wainman visited Sunday with daughters and families, Henry Buttery and Mrs. Shipp.

Mr. and Mrs. V. G. Duren visited Mrs. Linnie Plummer Comanche Sunday.

Brother Moore visited the J. Cox family Friday night.

We extend our deepest sympathy to the bereaved. May Lord bless each of you.

Give them a Faith to live by

Worship with them this week

Naturally you want them to have all the good things in life . . . a happy home . . . a good education . . . plenty of chances to meet other nice young people. But be sure to give them the most precious gift of all . . . Faith.

The wonderful part is that faith is yours to give . . . no matter who you are, what you do for a living, how much money you have in the bank.

When you worship with your youngsters they see you—the biggest, smartest, most important people in their world—asking God for help, thanking Him for blessings. Then it's clear to them that here is where you find strength and consolation . . . and here they too can bring their problems.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin, Texas — State campaign headquarters for candidates for Congressman-at-Large report that considerable confusion exists about this particular race.

Many voters seem to think that the various candidates for Congressman-at-Large are running against present office holders. Namely the Congressmen now representing the various Congressional district in the State.

They are not! This is a statewide race wherein Texas gets an extra Congressman—representing all the people of Texas, not just a district.

This office is being created because the population of Texas has increased sufficient to entitle it to an additional representative in Washington.

The Texas Legislature has the right to re-district the state to provide for an extra Congressman. But the Legislature has not yet done so. Alternative therefore is to create a statewide position.

Therefore, the following candidates are competing against each other for this high post and not against any present office holder:

DEMOCRATIC PRIMARY:
Judge Woodrow Wilson Bean of El Paso; Manley Head of Austin; Warren G. Moore of Tyler; Joe R. Pool of Dallas; Charles H. Stevenson Jr. of Corpus Christi; Russell T. Van

Elect
John C. Phillips
Associate Justice
Court of Civil Appeals
★ Former F.B.I. Agent
★ Former Assistant Attorney General of Texas
(Pa. Pol. Adv.)

Keuren of Houston; and Phil Willis of Scurry.

REPUBLICAN PRIMARY:
Desmond Barry of Houston; Giles E. Miller of Dallas; and Joe B. Phillips of Lubbock.

A Congressman - at - Large race is not without precedent in Texas. The same thing happened in 1952. Martin Dies was elected and served from 1952 to 1958.

THUNDER FROM THE TOP

When GOP's from all over the state gathered in Austin for the State Republican Executive Committee meeting Monday, democratic pressure to hold primaries in every precinct was a topic of conversation.

Jim Leonard, GOP executive director, criticized the SDEC for urging county clerks to refuse to place Republican candidates on the November ballot unless the Republicans held a primary in every precinct. Leonard charged that it was the same as asking them to break the election laws.

He likened the democratic announcement to "thunder from the top," and called the issue a tempest in a teapot and a compliment to the growth of his party in Texas.

TEXTBOOK CHOICES POSTPONED

The State Board of Education voted to postpone the decision of whether to reorder high school solid geometry, economics and shop texts, as well as one on driver education, until the matter of revising these courses is decided.

Several board members also asked a committee to read the economics textbook, because they objected to its content. Objectors all were attorneys.

Penrose Metcalfe of San Angelo asked to hold up on the drivers' course text, because he questioned a recent decision to change this class from eighth to ninth grade.

He said some West Texas su-

perintendents want it kept in the eighth grade, since most of their students drive by that time, anyway. He will ask for a vote at the April meeting, to put the course back in the eighth grade.

Water Work Divided

After 10 years, Vice President Lyndon Johnson finally got an answer as to who will do what toward implementing the \$4,000,000,000 plan to provide for Texas water and soil conservation, flood control, navigation, water supply and irrigation projects.

Federal agencies now have agreed that the Army Corps of Engineers and the U. S. Bureau of Reclamation each will take on about \$1,000,000,000 worth of dam and conveyance construction; local and state agencies will assume \$1,000,000,000 worth of work; and the U. S. Soil Conservation Service will handle \$200,000,000 worth of small dam and soil conservation work.

Balance of the project is navigation, irrigation, recreation and local flood protection.

Agreement still needs approval at the Washington level, but for the first time in its history, Texas has a water plan and water agencies and engineers have come to an understanding on Texas' future water needs.

The Texas Water Commission endorsed the work division agreement.

Rehabilitation Center Holds On

Gov. Price Daniel reports that directors of the Texas Rehabilitation Center at Gonzales have rescinded their order to close the center. They will keep it open at least until May 5, to wait the outcome of a campaign to raise \$100,000 through private donations.

Governor Daniel called for public support of the drive, and said he will recommend action by the Legislature to continue the services the center offers to victims of crippling accidents and diseases.

Fifty-four patients now are under treatment at "Gonzales Warm Springs." If operating funds were available, the foundation could care for 120 patients.

SHORT SHORT SNORTS

U. S. Secretary of Commerce Luther H. Hodges has told Governor Daniel he will speak at the "Visit USA" Tourist Conference in Dallas, April 9. Governors and representatives from several Southwestern states will attend.

District and county attorneys, judges, police chiefs, sheriffs and other law enforcers are being asked to attend the Citizens Law Enforcement committee's March 23 meeting in the State Capitol.

The State Highway Department has just issued a handsome four-color 1962 highway travel map of Texas. It features an illustrated guide to vacation and historical spots. In addition, it presents color photographs of tourist attractions.

A silver spoon glittered in the water some 50 feet out from the T-head of a pier . . . and about two feet below the surface. Due to the height of the pier and clearness of the Gulf water, the spoon could easily be seen.

Suddenly a slender silvery trepode bolted up from the depths. Wham! It hit the spoon solid and headed out to sea, peeling off line from the spincast reel.

Holding the rod was a little lady from Oklahoma. You could tell at a glance that she was an angler, although it was her first taste of salt water fishing. She kept just the right tension on the drag and held the rod high enough to let the tip do the fighting.

The fish—a Spanish mackerel of about three pounds—was a real fighter. But she had him hooked solid.

That fish was "meat in the pot" . . . until she worked him up close to the pier. Without a long-handled gaff, or a net, to reach the fish, the little lady was forced to try to lift the fish out of the water and on top of the pier.

You know what happened. Yep—the fish made one final lunge and circled a pier piling. Sharp barnacles cut the monofilament line like a knife.

Pier Fishing Is An Art

Anyone can catch small fish from a pier. But when it comes to landing large ones, there is an art and technique involved.

For pier fishing a long rod has a decided advantage over a short one. You can use the long rod to work the fish away from the pilings.

Furthermore, a long rod with a springy tip will cushion better against any sudden runs. It will also tire the fish quicker than a short, stout rod.

Pier fishing also calls for longer than usual leaders. With a long six or eight foot plastic-coated wire leader there is less chance of the line itself being chafed on the barnacle encrusted pilings.

One thing for sure — there's no reason whatsoever for "hors-

ing" a fish from a pier. He still has plenty of fight left when you get him to the point of landing and chances are, enough strength to power under the pier and around the piling. So, in pier fishing, play the fish down while he's still well away. Then work him in when he starts showing his back or "bellies up."

It can be catastrophic to hook the big fish and then discover no gaff or landing net on the pier. But if the fish is thoroughly whipped, you might — just might get him in without a net.

Tips To Remember

Here's one way to do it. First, lean as far over the rail as possible. Second, point the rod tip straight down at the fish. Next, reel him up as far as possible. Then try to swing him onto the deck.

Usually this procedure will work—with five or six pound fish.

Best method, however, is to slowly walk the length of the pier and lead the fish back into shallow water where you can get down on the beach. If you're night fishing, this is a bid difficult too.

Anyone who fishes from a pier often, really should have a long-handled gaff or net. Better yet—a drop-net.

A drop-net with a three-foot diamond loop and deep bag will suffice for just about anything except a tarpon. Attach a stout bridle to the hoop and tie the bridle to a sufficient length of rope.

When the fish is whipped down, drop the net overboard. Let it sink below the depth of the fish. Work the fish in slowly . . . right over the net. Then haul the net in fast.

It's an easy operation that one man can perform. With a gaff hook it usually takes two people.

Study The Water First

Where to fish from a pier troubles many anglers. Tendency of most fishermen is to hurry to the end of the T-head, then cast out as far as possible. Unless you know there are

fish working in the deep water, casting far out from the T-head is a waste of time.

Instead, try reading the water for fish signs.

If there are several lines of breakers from the end of the pier, give that water a try. As the waves curl over and break, they churn up the bottom and free minute marine life.

It's in this wave break that, during the summer along the Gulf coast, great numbers of speckled trout are taken. And in the fall, these same breakers yield redfish.

If you have a calm day when there are no waves breaking, look for signs of bait fish. Odds are heavy that game fish will be working right under the schools of bait.

There are two reasons for fishing from the side of the pier where the current is running away from it. First, you need less weight to keep the bait out from the pier. Second, the current will work in your favor in keeping the fish from swimming under the pier and around the pilings.

But remember this. When you

hook your fish, you'll have tension on your line since both the fish and the current will be pulling against you.

While this may initially stack the odds against you, in the end it will work in your favor. You say this because when a fish tires he will, invariably, try to swim with the current.

That way you're assured the fish will be well clear of the pilings. Furthermore, the current will keep the fish from drifting under the pier where you seek to gaff or net him.

To Preserve Your Catch
Keeping your fish fresh and edible can be a problem for the pier angler.

A fish will spoil fast if allowed to lie on the deck in the hot sun. So, if you have to keep him on deck, cover him with a wet tow sack. Or put him in the sack, tie a rope around the neck of the sack and lower the whole works into the water.

But—whether you lower the fish in a sack or on a string—don't allow it to sink to the bottom. There the crabs will mutilate your catch in short order.

YOU can do something about the 10% Federal Excise Tax on Telephone Service

Your telephone is a necessity, yet since 1942 you have been paying the federal government an additional 10% for talking. An additional 20% in hidden taxes is paid by your telephone company to local and state collection agencies. Thus, at least 1/3 of your telephone bill goes to the tax collectors.

YOU can do something about it. The current Congress has plenty of time to act on the 10% federal tax in this session—if YOU let your congressmen and senators know how you feel about it. WRITE TODAY!

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin, Texas — State campaign headquarters for candidates for Congressman-at-Large report that considerable confusion exists about this particular race.

Many voters seem to think that the various candidates for Congressman-at-Large are running against present office holders. Namely the Congressmen now representing the various Congressional district in the State.

They are not! This is a statewide race wherein Texas gets an extra Congressman—representing all the people of Texas, not just a district.

This office is being created because the population of Texas has increased sufficient to entitle it to an additional representative in Washington.

The Texas Legislature has the right to re-district the state to provide for an extra Congressman. But the Legislature has not yet done so. Alternative therefore is to create a statewide position.

Therefore, the following candidates are competing against each other for this high post and not against any present office holder:

DEMOCRATIC PRIMARY:
Judge Woodrow Wilson Bean of El Paso; Manley Head of Austin; Warren G. Moore of Tyler; Joe R. Pool of Dallas; Charles H. Stevenson Jr. of Corpus Christi; Russell T. Van

Keuren of Houston; and Phil Willis of Scurry.

REPUBLICAN PRIMARY:
Desmond Barry of Houston; Giles E. Miller of Dallas; and Joe B. Phillips of Lubbock.

A Congressman-at-Large race is not without precedent in Texas. The same thing happened in 1952. Martin Dies was elected and served from 1952 to 1958.

THUNDER FROM THE TOP

When GOP's from all over the state gathered in Austin for the State Republican Executive Committee meeting Monday, democratic pressure to hold primaries in every precinct was a topic of conversation.

Jim Leonard, GOP executive director, criticized the SDEC for urging county clerks to refuse to place Republican candidates on the November ballot unless the Republicans held a primary in every precinct. Leonard charged that it was the same as asking them to break the election laws.

He likened the democratic announcement to "thunder from the top," and called the issue a tempest in a teapot and a compliment to the growth of his party in Texas.

TEXTBOOK CHOICES POSTPONED

The State Board of Education voted to postpone the decision of whether to reorder high school solid geometry, economics and shop texts, as well as one on driver education, until the matter of revising these courses is decided.

Several board members also asked a committee to read the economics textbook, because they objected to its content. Objectors all were attorneys.

Penrose Metcalfe of San Angelo asked to hold up on the drivers' course text, because he questions a recent decision to change this class from eighth to ninth grade.

He said some West Texas su-

perintendents want it kept in the eighth grade, since most of their students drive by that time, anyway. He will ask for a vote at the April meeting, to put the course back in the eighth grade.

Water Work Divided

After 10 years, Vice President Lyndon Johnson finally got an answer as to who will do what toward implementing the \$4,000,000,000 plan to provide for Texas water and soil conservation, flood control, navigation, water supply and irrigation projects.

Federal agencies now have agreed that the Army Corps of Engineers and the U. S. Bureau of Reclamation each will take on about \$1,000,000,000 worth of dam and conveyance construction; local and state agencies will assume \$1,000,000,000 worth of work; and the U. S. Soil Conservation Service will handle \$200,000,000 worth of small dam and soil conservation work.

Balance of the project is navigation, irrigation, recreation and local flood protection.

Agreement still needs approval at the Washington level, but for the first time in its history, Texas has a water plan and water agencies and engineers have come to an understanding on Texas' future water needs.

The Texas Water Commission endorsed the work division agreement.

Rehabilitation Center Holds On

Gov. Price Daniel reports that directors of the Texas Rehabilitation Center at Gonzales have rescinded their order to close the center. They will keep it open at least until May 5, to wait the outcome of a campaign to raise \$100,000 through private donations.

Governor Daniel called for public support of the drive, and said he will recommend action by the Legislature to continue the services the center offers to victims of crippling accidents and diseases.

Fifty-four patients now are under treatment at "Gonzales Warm Springs." If operating funds were available, the foundation could care for 120 patients.

SHORT SHORT SNORTS

U. S. Secretary of Commerce Luther H. Hodges has told Governor Daniel he will speak at the "Visit USA" Tourist Conference in Dallas, April 9. Governors and representatives from several Southwestern states will attend.

District and county attorneys, judges, police chiefs, sheriffs and other law enforcers are being asked to attend the Citizens Law Enforcement committee's March 23 meeting in the State Capitol.

The State Highway Department has just issued a handsome four-color 1962 highway travel map of Texas. It features an illustrated guide to vacation and historical spots. In addition, it presents color photographs of tourist attractions.

A silver spoon glittered in the water some 50 feet out from the T-head of a pier . . . and about two feet below the surface. Due to the height of the pier and clearness of the Gulf water, the spoon could easily be seen.

Suddenly a slender silvery topredo bolted up from the depths. Wham! It hit the spoon solid and headed out to sea, peeling off line from the spincast reel.

Holding the rod was a little lady from Oklahoma. You could tell at a glance that she was an angler, although it was her first taste of salt water fishing. She kept just the right tension on the drag and held the rod high enough to let the tip do the fighting.

The fish—a Spanish mackerel of about three pounds—was a real fighter. But she had him hooked solid.

That fish was "meat in the pot" . . . until she worked him up close to the pier. Without a long-handled gaff, or a net, to reach the fish, the little lady was forced to try to lift the fish out of the water and on top of the pier.

You know what happened. Yep—the fish made one final lunge and circled a pier piling. Sharp barnacles cut the monofilament line like a knife.

Pier Fishing Is An Art

Anyone can catch small fish from a pier. But when it comes to landing large ones, there is an art and technique involved.

For pier fishing a long rod has a decided advantage over a short one. You can use the long rod to work the fish away from the pilings.

Furthermore, a long rod with a springy tip will cushion better against any sudden runs. It will also tire the fish quicker than a short, stout rod.

Pier fishing also calls for longer than usual leaders. With a long six or eight foot plastic-coated wire leader there is less chance of the line itself being chafed on the barnacle encrusted pilings.

One thing for sure — there's no reason whatsoever for "hors-

ing" a fish from a pier.

He still has plenty of fight left when you get him to the point of landing and chances are, enough strength to power under the pier and around the piling. So, in pier fishing, play the fish down while he's still well away. Then work him in when he starts showing his back or "bellies up."

It can be catastrophic to hook the big fish and then discover no gaff or landing net on the pier. But if the fish is thoroughly whipped, you might — just might get him in without a net.

Tips To Remember

Here's one way to do it. First, lean as far over the rail as possible. Second, point the rod tip straight down at the fish. Next, reel him up as far as possible. Then try to swing him onto the deck.

Usually this procedure will work—with five or six pound fish.

Best method, however, is to slowly walk the length of the pier and lead the fish back into shallow water where you can get down on the beach. If you're night fishing, this is a bid difficult too.

Anyone who fishes from a pier often, really should have a long-handled gaff or net. Better yet—a drop-net.

A drop-net with a three-foot diamond loop and deep bag will suffice for just about anything except a tarpon. Attach a stout bridle to the hoop and tie the bridle to a sufficient length of rope.

When the fish is whipped down, drop the net overboard. Let it sink below the depth of the fish. Work the fish in slowly . . . right over the net. Then haul the net in fast.

It's an easy operation that one man can perform. With a gaff hook it usually takes two people.

Study The Water First

Where to fish from a pier troubles many anglers. Tendency of most fishermen is to hurry to the end of the T-head, then cast out as far as possible.

Unless you know there are

fish working in the deep water, casting far out from the T-head is a waste of time.

Instead, try reading the water for fish signs.

If there are several lines of breakers from the end of the pier, give that water a try. As the waves curl over and break, they churn up the bottom and free minute marine life.

It's in this wave break that, during the summer along the Gulf coast, great numbers of speckled trout are taken. And in the fall, these same breakers yield redfish.

If you have a calm day when there are no waves breaking, look for signs of bait fish. Odds are heavy that game fish will be working right under the schools of bait.

There are two reasons for fishing from the side of the pier where the current is running away from it. First, you need less weight to keep the bait out from the pier. Second, the current will work in your favor in keeping the fish from swimming under the pier and around the pilings.

But remember this. When you

hook your fish, you'll have tension on your line since the fish and the current will be pulling against you.

While this may initially seem it will work in your favor, say this because when a fish tires he will, invariably, try to swim with the current.

That way you're assured the fish will be well clear of the pilings. Furthermore, the current will keep the fish from drifting under the pier where you seek to gaff or net him.

To Preserve Your Catch
Keeping your fish fresh and edible can be a problem for a pier angler.

A fish will spoil fast if allowed to lie on the deck in hot sun. So, if you have to keep him on deck, cover him with wet towels. Or put him in a sack, tie a rope around neck of the sack and lower whole works into the water.

But—whether you lower fish in a sack or on a string don't allow it to sink to the bottom. There the crabs will mutilate your catch in order.

March 31 Final Date For Feed Grain Signing

College Station, (Spec.)—Corn and grain sorghum producers must decide soon whether or not they will participate in the 1962 Feed Grain program, reminds C. H. Bates, extension farm management specialist. March 31 is the deadline date for declaring intent to comply and notice must be given in writing to the County ASCS before that date.

Bates points out that non-cooperators may plant all the corn or grain sorghum acreage they wish and the grain produced may be either fed or marketed. If it is sold it will bring only the market price since no government support price can be obtained. They can get support prices for oats, however, if this grain is placed under loan.

Growers who do comply must divert at least 20 per cent of their feed grain base into con-

servation use. For this land they will receive payment equal to support on the normal production. In addition, as cooperators they will be eligible for price supports on the normal production from reduced acreage.

Producers who need assistance in figuring the possible effects of the program on their net farm income should see their county agent, says Bates. County agents have copies of budget forms which can be used to figure alternatives and how the decisions may affect net profit from grain.

Other factors may also influence decisions in some areas of the state. These include soil moisture conditions at planting time, availability of acreage of other cash crops, amount of capital available, need for home produced grain in conducting the livestock portion of the business and the outlook for grain prices in the months ahead.

If further information is needed, contact the office manager of your County ASCS, and notify the office of your decision before the deadline, advises Bates.

They were merely following Mills County tradition. In prior years five grand champions and six reserve champions had been exhibited at the Houston Show. Those champions, including this year's crop, brought a total of \$115,600.

Elsewhere, the youngsters have exhibited four grand champion steers and four reserve champions for a total of \$33,600. This is \$148,700 for all champions at all shows since 1947.

Reese explained that the remaining \$248,300 to bring the 15-year grand total up to \$397,000 was from the sale of other animals which sold for good prices.

What is the secret of Mills County youngsters' success? Does the county have better or more fertile land than other counties, or are its youth smarter than those in other counties?

Reese's answer to the last two of the three questions is a positive "No."

As to the success secret, Reese explains that it is simply a combination of judgment and hard work, plus a knowledge of animal husbandry and an application of the old adage that "the eye of the master fatteneth his cattle."

Also, the Mills County steer feeding program gets a pat on the back.

The Lions Club gives the boys an annual barbecue, the banks provide loans, and the general atmosphere is one of admiration for the boy or girl in the program. They are made to feel that they are important.

Reese said only boys and girls interested and willing to work are encouraged to feed out steers to compete in the shows.

Takes Lots of Work

This means that the youngsters must be willing to spend from two to three hours daily caring for their animals. This means cleaning out pens, scrubbing water barrels with brushes and refilling with clean drinking water and putting out clean feed, all twice daily.

Also the calves must be brushed at least twice daily, washed at least once a week and their feet trimmed once every two months. There is also castration, dehorning and spraying against flies and other parasites.

The youngster who is willing to enter such regimen must be willing to miss a few picture shows, baseball and football games and fishing trips.

The next important step is selection of the steer to be fed.

REPRESENTATIVE OF SOCIAL SECURITY SETS LOCAL DATES

A representative of the Social Security Administration will be at the Goldthwaite Department of Public Welfare Thursday morning at 8:30 o'clock, April 12 and 26th. Also May 10 and 24th and June 7 and 21st.

He will assist residents in filing their applications for disability, retirement, and survivors insurance payments.

Mr. and Mrs. Fields Hines and Greg were guests of Mrs. Frank Hines and Greta Sue Sunday.

Reese says it takes just as much work and expense to feed out a nonchampion as it does a champion. Therefore, the greatest care is exercised in choosing a calf. Mills County has wide opportunity for choice.

Feed Experts Help

Its fame has gone out to all parts of the nation and Reese and other Mills County leaders are constantly getting tips on good calves to feed in other states. Feed experts can spot such calves when they are young.

Word comes in, say, from Missouri, about such calves. Reese goes in a pickup truck with trailer to investigate. The boy, who buys the calf, pays the entire bill from a loan he has probably obtained at the bank. There is no community "kitty" for such purpose.

Before actual acceptance, Reese and his associates take a good hard look at the prospective calf. They note its balance, style symmetry—all more or less a jumble of words to the layman. It is like explaining a flavor. Everyone has to taste for himself.

Past Mistakes Avoided

But Reese knows what he is doing from experience. He tries to avoid past mistakes.

Feeding begins when the calves are about three months old, and not over 3½. Usually two calves are put with a dairy cow capable of giving five gallons of milk daily. The calves are given small quantities of hay and oats.

The calves are kept with nurse cows from March until Dec. 1, or from April to January. Some corn is added in May, the amount varies from time to time. Eventually, the ration is composed of oats, corn, bran, sweetened feeds (chiefly horse and mule feed) and vegetable protein.

The amount is gradually increased up to 13 or 14 pounds daily by the time the calves are ready to leave the nurse cows. The goal is to get the calves to gain from 80 to 90 pounds a month, or about three pounds daily. Some step up to four pounds.

Hormones Are Taboo

The calves are fed over a period of 12 months. What is their ration month by month? Both Reese and young Duren said it was next to impossible to say. The reason, they explained, is that the ration often varies. Therein comes the old adage, "the eye of the master fatteneth his cattle."

The use of hormones, or other synthetic fattening compounds, is taboo, he said.

What is the objective of the feeding program? Chiefly, character building, discipline and training.

Reese says Mills County has

many excellent ranchers and the quality of their herds is constantly improving, but big scale commercial cattle feeding isn't in the picture.

This is because Mills County is not a big feed producing county.

The boys and girls use the money they obtain from sale of cattle to pay for college educations, to make down payments on their own farms and ranches, or to become professional men and women.

Ranches Are Small

Ranches and farms in Mills County are small by South and West Texas standards. The largest is possibly 6,000 acres. They range down to 40 and 50 acres. Duren's champion at the 1962 Houston show was raised in a backyard pen.

The Mills County farmers and ranchers are constantly improving their pastures. Much of this is done with bulldozers, brush

chains and rotation. Reese, 51, is a Texas A&M College graduate of the class of 1937. He majored in agricultural education rather than in animal husbandry.

Likes His Job

He has worked with the Farm Security Adm., and as a farm representative of the Lincoln Life Insurance Company, a ranch manager in North Texas, Burris Feed Mills and finally the extension service.

Reese says he is happy in his job. This is because, he says, it gives him an opportunity to work with youngsters.
