## Army Seeks 2 Million Acres For Maneuver Area In Central Texas

**PROPOSED MANEUVER AREA**—Dark outline on this map shows the proposed maneuver area which U. S. Army officials hope Central Texas landowners will agree to for use by the armed forces for a 20 day period annually for the next five years. The area generally runs from Fort Hood to Brownwood, about 100 miles long and 50 miles wide, and will comprise about 2,000,000 acres. Outline of the area is from Fort Hood to Gatesville, Hamilton, Comanche, Brownwood, San Saba, Lomet and Lampasas, with Goldthwaite in the center of the area. All of Mills County would be included in the area along with portions of Coryell, Hamilton, Comanche, Brown, McCulloch, San Saba and Lampasas counties.

### Proposal For Agreements Received With Mixed Reaction By Landowners

A request from the United States Army for maneuver rights on approximately 2 million acres of land in this Central Texas area was received by landowners with mixed reaction here last Thursday.

More than 150 landowners from a seven county area met here Thursday with Army officials from Ft. Hood to discuss a maneuver agreement that would allow the Army to use the land for maneuvers starting this fall.

The proposed agreement would grant the Army maneuver rights for 20 consecutive days each year for a five year period. The meeting was held at the Melba Theatre. Main Army spokesman was Lt. Gen. Thomas W. Dunn, commander of the 3rd Army Corps and of Ft. Hood proper.

"In view of the troubled situation in the world today, the United States must have combat ready troops to be moved to any part of the world on a moment's notice," the officer told farmers and ranchmen from Lampasas, Mills, San Saba, Brown, Hamilton, Coryell and Comanche Counties.

"To achieve this goal of ready troops, the Army must be able to test its organization, tactics and ability to exist in the field. We need and must have sufficient ground on which to train and maneuver," he said.

Gen. Dunn held a question and answer period following the showing of a film of the Army in training in Europe, "The Big Picture" which amplified the need of General Dunn's request, sketching the scope of a big scale maneuver.

It was explained that the maneuver area the Army is seeking runs from Ft. Hood to Brownwood. An area approximately 100 miles long and 50 miles wide.

Although maneuver dates were indefinite, they would be in the September-October period. Approximately 50,000 troops are scheduled to take part in the operation. Three units would participate. Two of them, the 1st and 2nd Armored Divisions at Ft. Hood will have most men participating. They will be assisted by an Airborne division with approximately 12,000 men.

One of the Armored divisions would start at Fort Hood and the other at Brownwood. They would meet about halfway.

Under the proposed agreement the Army would pay landowner for maneuver rights \$1 plus all damages and claims.

Offices would be set up in practically all towns to handle the claims, the General said. Experienced appraisers will be hired, claims would be agreed on by the appraiser and landowner involved and payment for damages would be made within 24 hours whenever possible.

"We will do our best to pay these damages within 24 hours after they occur," Gen. Dunn told the landowners.

If the landowner and appraiser can't get together the landowner will be allowed to bring in an expert on the subject for claims to help arrive at a settlement, the official told the meeting.

A number of landowners expressed considerable objection to the proposed agreement

while some were in favor of it. Some went on record as being against the agreement while others who were not too impressed with the proposal, nevertheless, said they would go along with it.

Reaction from ranchers was varied. One told Gen. Dunn that: "As I see it maneuvering and ranching just don't go together. We had it before and it didn't work and it won't work now. I'm against it."

Another said: "I think it's necessary for all of us to look at the world situation . . . It's essential to have our soldiers well prepared to go into battle. A poorly trained soldier in combat is about as worthless as a worn-out mule. I'll be in favor of going along with it."

Some ranchers who did not express themselves at the meeting, in private poll, expressed themselves in favor of allowing the maneuver rights while others voted against it.

The Fort Worth District U. S. Army Engineer Office is to begin negotiations with landowners. The district engineer will open main office for project negotiations at Ft. Hood. Field offices will be opened as required at Lampasas, Goldthwaite and San Saba. Later, offices will be opened at Brownwood, Hamilton, Gatesville and Comanche, the Army announcement stated.

Gen. Dunn said there would be no "live" ammunition firing in the maneuvers except on Ft. Hood reservation grounds.

The general pointed out that Ft. Hood has approximately 150,000 acres available in the reservation for training missions and field problems.

"This acreage is just not suitable, or sufficient, for training of large units which in this day and age must spread out widely to conform to requirements dictated by powerful and modern weapons."

Some suggested that the Army take troops to the millions of acres of land owned by the Federal Government, to hold maneuvers. The General said that this would be fine except that the cost of transporting two or three divisions clear across the country for maneuvers was just too high. "We must train our troops, and we need large area, and we can't afford to ship them off to California and Washington for maneuvers," the general said.

After the meeting the Army invited those attending to the V. C. Bradford ranch east of Goldthwaite where they had a field kitchen set up and fed them a good Army meal. They ate fried chicken and were taken on rides in four Army helicopters.

### Methodists Set Revival Dates

Summer Revival dates of July 8 through 13, have been announced by First Methodist Church in Goldthwaite, according to Rev. Charles Runk, pastor.

Dr. Gaston Foote will be the evangelist and Rev. Dick Fleming will be singer and youth leader.

### Local Markets

**CATTLE MARKET**  
Lometa Commission Co.

Cows — 10.00-12.50  
12.50-14.00  
14.00-15.50  
15.00-18.70  
Calves — \$135.00-\$238.00  
Young pairs selling and cattle at about weight.

### Trail Ride Saturday

Ride from Goldthwaite to Lometa will be held this Saturday, June 23, sponsored jointly by the Lometa FFA and the Goldthwaite FFA.

Horseback ride will begin at 8 a. m. Saturday morning at Goldthwaite school and will end at the Lometa School at approximately 4 p. m.

Registration fee for the ride which will cover the barbecue lunch served at trail at noon. Parents who desire to accompany the riders are invited to register and pay for lunch. Registration fee and lunch from all parts of the county are invited to participate.

Requested that anyone who should call Thurman at MI 8-3355, so that arrangements can be made for the barbecue.

### FFA Rodeo Set For August 2, 3, 4

The fourth annual Goldthwaite FFA Invitational Rodeo will be held this year on August 2, 3 and 4. It was announced Wednesday by Rocky Kling, FFA president, and Thurman Head, advisor.

Plans are underway to make this rodeo the most enjoyable one yet, officials stated, as they urged everyone to mark their calendars now and plan to attend.

### 4-H Club Boys Attend District Camp At Brownwood

Eight Mills County 4-H Club boys attended District Club Camp at Lake Brownwood last week. Those eight 4-H members were accompanied by Haskell Alexander and George Reese, County Agricultural Agent. This camp is composed of twenty counties in district eight. There was a total of 246 boys at this camp.

Boys attending the camp from Mills County were: Don Elms, Larry Alexander, Bobby Burns, Robert Hunt, Darrell W. Hunt, Mike Conradt, Mark Daniel and Jerry Duren.

Jerry Duren was elected Camp Chairman. This is the highest office that a 4-H member can hold at the camp. Jerry and his staff did an excellent job of running the camp. The boys had a wonderful time playing softball, volleyball, basketball, pitching horseshoes, swimming and fishing.

John Woods, District Game Warden, gave a demonstration on safety that can be very beneficial to the club members. Seven boys also learned to swim at this camp.

### WEATHER REPORT

Goldthwaite received 1.05 inches of rain Monday night. This brings the total for the month of June to 3.88 inches.

Monday night's rain was not general over the county. Reports are that it rained in some parts up to two inches in other areas of the county.

### "New Wheat Farm" Application Deadline Is Monday, July 2nd

Farmers who wish to be considered for a "new wheat farm" allotment for 1963 on a farm which does not now have a wheat allotment should get in touch with the ASCS County Office right away, E. L. Burkett, Chairman, Agricultural Stabilization and Conservation County Committee, announced.

### Indians Defeat Coyotes 6 To 5

In Pony league baseball the Goldthwaite Indians defeated the Richland Springs Coyotes 6 to 5 Tuesday night. They will play the Eagles here tonight. Game time is 8 p. m.

### J. T. JONES AT LIONS INTERNATIONAL

District Governor and Mrs. J. T. Jones are attending the Lions International Convention in Nice, France.

They left New York on June 12 for the four day convention session.

Before and after the convention they will visit a number of other points in Europe. They expect to return to Goldthwaite on July 13.

Jones has served the past year as Governor of Texas Lions, District 2A-1, Texas.

### ON VACATION

Mr. and Mrs. Ray Duren are vacationing this week. They will visit relatives in Denver, Colorado, and also their daughter and family, Mr. and Mrs. Bobby Springer and sons in El Paso.

Such farmers have until July 2 to file applications for such an allotment. (Because the usual program deadline of July 1 occurs this year on Sunday, the 1962 deadline is extended to the end of business on Monday, July 2.)

Under the wheat allotment-marketing quota program, a "new farm" is a farm on which there is no wheat acreage history, including acreage considered as wheat under the Conservation Reserve or the Great Plains program, for any of the years 1960, 1961, or 1962.

The Chairman emphasized that formal application for a "new farm" application must be made in writing on a form provided for that purpose, and the application must be filed at the ASCS County Office by the July 2 deadline.

### Well Number Five Back In Operation

Well number five, the city's largest producer, went back into operation last Friday after being out for repairs five days, W. C. Barnett, city manager, announced.

Repairs were completed in record time and the well was back pumping several days earlier than it was anticipated at first.

With all wells pumping the city water department is holding its own at this time, or breaking even with consumption, with the reservoir one-half full as of Wednesday, Barnett said.

### Goldthwaite Bowlers Organize For Summer League; Officers Elected

Bowling "die-hards" of Goldthwaite have organized into teams of five members for the summer league.

This year's summer league will be by Childress Clinic & Saylor Chevrolet and Head's Insurance Agency, respectively.

Chris and Betty Meyer will be individual score, high in high series and high in summer, besides those

before returning home.

listed above, a special prize will be given for the "Most Improved Bowler."

The first game of the season was played last Thursday, and the results were as follows:

Teams	Won	Lost
Saylor Chevrolet	3	1
Childress Clinic & Hos.	3	1
Landrum & Collins	1	3
Mills Co. State Bank	1	3

Individual high game for a man, Jack Cox, 203.

Individual high score for a man, Dr. Chris, 512.

Individual high game for a woman, Deanna Archer, 168.

Individual high score for a woman, Dorothy Berry, 446.  
Election of officers for this year were held. The following officers were elected:  
President, Dr. Chris; vice president, Jug Cornelius; secretary and reporter, Dorothy Berry, and treasurer, Carolyn Cornelius.

VIC'S . . .

SOLILOQUY

**THAT WATER PROBLEM**—The water problem, that is being short of water, is with us again.

It came too close for comfort about two weeks ago when just in final minutes it rained, then rained again in a few days, saving us from the bell, so to speak, of running out of water.

Things went along pretty well then until the city's best producing well started having troubles and needed major repairs, and the PROBLEM popped up again.

As this is being written it is hoped that after water users read the story in the paper Thursday they curtailed use to the extent that we will again be saved by the bell before we run so low that some sections of the city will be completely without water.

Last Summer the city came through with flying colors. Rains came just about the right time all through the hot summer season to keep us from running out of water. Rains coming along at the right time is the only reason that we didn't run out. The new city reservoir helped, but it didn't solve the problem. When it gets good and dry and customers cut loose and start watering heavy the demand is so much greater than the production that even with a full storage tank and all wells pumping it is only a matter of a few days until the storage tank is empty and pumping can't keep up with the demand.

So as we said, before, the problem is still with us. The city needs more water.

☆ ☆ ☆

**SWIMMING LESSONS**—Someone commented on the stories in the paper last week about the best city well going out for repairs, the city being short of water and one telling about swimming lessons starting Monday morning.

Well, it's like this, in case you too were wondering about it. The swimming pool is full and has been for some time. Besides the pool is filled with water from an old well down by the park that isn't used as part of the city's regular domestic water supply.

☆ ☆ ☆

**YOU CAN ALWAYS GO SWIMMING** — Then there is this thought, about matter of getting a bath, when the water supply is too low. Those who go out to spend the summer in their cottage at the lake, can always take a dip in the lake.

Others might go down to the swimming pool and take a dip. Of course, it takes a little fee, but water costs money when you use it at home too.

It used to be you could go to the barber shop on Saturday night and get a hot bath for a quarter, soap and towel furnished. Well, swimming pool admission is only 50 cents. Might be a good buy at that.

☆ ☆ ☆

**ON THE JOB TRAINING**—Stenographer (applying for position)—"I may say that I'm regarded as quite smart. I've won several prizes in crossword and jigsaw puzzles, and word picture completion lately."

Employer—"Yes, but I want someone who can be smart during office hours."

Stenographer—"Oh, this was during office hours!"

☆ ☆ ☆

**FORT BRADFORD**—That is what some of the boys are calling it now. It used to be V. C. Bradford's ranch, now it is Fort Bradford, and it may well be called that for some time to come.

The name was "coined" for Brad's place on the Caradan road last week when the United States Army set up a field kitchen to provide an Army meal for Central Texas land owners Thursday noon after the Maneuver Agreement Conference that was held at the Melba Theatre.

10 YEARS AGO—  
(Taken from The Eagle  
Files of June 20, 1952)

For as long as anybody can remember Coca-Cola has been a nickel but this week J. Claude Smith, Manager of the Brownwood Coca-Cola Bottling Company, announced that effective next Monday Cokes will sell for six cents each while new cartons of 12 bottles each will be 60 cents. Mr. Smith said that the rising costs of bottling operations made the price increase necessary.

The Mt. Olive Primitive Baptist Church, which was organized on July 28, 1899, will observe the 53rd year of its service with a three day meeting on June 27, 28 and 29.

S. J. Eaton, who was Republican Party Chairman for Mills County, died in hospital in Brownwood on Wednesday morning of this week. Funeral services were scheduled for the First Baptist Church of Mullin on Thursday afternoon with interment in the Oakview Cemetery at Mullin.

Spraying against flies and other insect pests with DDT solution was conducted in Goldthwaite on Wednesday afternoon of this week under the direction of Aldermen Jesse Moreland and George B. Gilbert of the City Council's Safety Committee.

Mr. and Mrs. John C. Howell were entertained Sunday with a dinner and a shower of gifts from family and friends in observance of Father's Day.

Miss Billie Gail Soules, daughter of Mr. and Mrs. John Soules of Star, was the guest of honor at a pre-nuptial tea on Saturday afternoon of last week at the home of Mr. and Mrs. E. D. Hamilton.

Miss Ramona Schuster, the daughter of Mr. and Mrs. Emil Schuster, and Milton Schwartz, son of Mrs. Alma Schwartz of Priddy, were married on Saturday of last week in Zion Lutheran Church at Priddy by the Rev. A. H. Muehlbrad of Priddy and A. E. Rode of Fort Worth.

25 YEARS AGO—  
(Taken from The Eagle  
Files of June 18, 1937)

Mrs. Addie Cook and sons, Melvin and Jun, of San Bernardino, California, have been visiting her nephews, E. E. and J. C. Faulkner, here this week. Marvin Cook owns and operates a flying school, and the party made the trip in one of his planes.

Barton Smith, popular young business man of Goldthwaite, has taken over the distributor-

ship of the popular Hyrdo-Gas plants and appliances for Mills County. This cooking, heating service has become very popular in adjoining counties and Mr. Smith will be glad to demonstrate it to his friends.

Postmaster M. Y. Stokes, Jr. has received notice from Washington that the Creamer Stage Line has been awarded the contract to carry the mail between Goldthwaite and Comanche for another year beginning July 1.

According to information received from representatives that appeared before the State Highway Commission, Highway No. 7 plans are now being checked by state authorities and will then go to Fort Worth for the final checkup. Work will probably begin within 30 days, if the plans are OK'ed by both commissions.

The latest information available from district WPA office is that the office has asked the state office in San Antonio for work orders to begin the athletic field. Those that are watching this project will be happy to learn that work will probably start very soon.

Mr. and Mrs. L. J. Gartman, Mr. and Mrs. Joseph Garvey and W. W. Fox attended an Electrolux banquet in Brownwood Hotel Monday evening. Mr. and Mrs. Art Kelly and family of Drumwright, Oklahoma are spending a week with his brothers, Jim and Elam Kelly.

50 YEARS AGO—  
(Taken from The Eagle  
Files of June 22, 1912)

Will K. Marshall of the Eagle office received the sad news Monday of the death of his

father at the family home in Glasgow, Scotland.

Mrs. Burns, wife of J. T. Burns, died at their home this morning at 9:00 o'clock. She had been in feeble health for several months.

Mrs. Ben Soules and Mrs. Dora Barr, both of Star, boarded the train here Monday en route to Oklahoma to visit relatives.

Mrs. Al Dickerson, after a two weeks visit with home folks in Coleman, returned to Goldthwaite Sunday. Her sister, Miss Lillian Grady, accompanied her to Goldthwaite for a brief visit. —Coleman Voice.

Dr. S. A. Lowrie is in the hospital in Temple where he went last week for an operation.

J. G. Caraway's little granddaughter, the 3-year-old daughter of Mr. and Mrs. Ivy, fell and broke her hip while at play in Bulls Creek a few days ago. The injury received prompt attention and she is getting along nicely. The little girl was bitten by a snake last year and for a time her condition was quite serious.

The new machinery for the light plant has arrived and been put in position and the light company is again giving excellent service.

Mr. John Rahl died at the home of his brother, Mr. P. H. Rahl, in this city, Wednesday night shortly after 10:00 o'clock, after a long illness.

A heavy rain fell in all parts of this county Monday night and as a result a good corn crop is now expected. The rainfall was variously estimated from three inches and up.

W. E. Harper has purchased the stock of dry goods shipped here by J. M. Allen last week and in the deal Mr. Allen becomes owner of Mr. Harper's farm and residence a short dis-

**ATTENDS SUMMER MUSIC CAMP**—Young Musician from Goldthwaite, Philip Auldridge, was one of more than 200 high school musicians who attended the Baylor University Summer Music Camp at Waco, June 9 through 17. Classes were conducted in theory, appreciation, conducting and private lessons. Baylor faculty members and sponsors of the groups attending served as instructors. Philip is the son of Mr. and Mrs. Truett Auldridge.

**Harris Family Reunion Is Held  
In Brownwood On Sunday, June 10**

The annual Harris Reunion was held Sunday, June 10 at the Coggin Park in Brownwood. Those present for the fellowship and delicious dinner were:

Mr. and Mrs. Alvin Harris, Ray, Kenneth and Linda of Fort Worth; Mrs. H. P. Harris of Goldthwaite; Becky Bush of Fort Worth; Mr. and Mrs. W. L. Townsend of Lometa; Mr. and Mrs. Lester Pippin of Eustace; Mr. and Mrs. Andy T. Burk of Mabank; Mr. and Mrs. Cecil Partin, Yvonne and Dale of Priddy.

Also: Mr. and Mrs. Jay Partin, Mary, Charles and Joe of Brady; Mr. and Mrs. Gus Brannon of Indian Gap; Mr. and Mrs. Tom Bingham of Brady; Mrs. Minnie Stelter of Priddy; Mr. and Mrs. R. E. Huffman,

Carolyn, Ray and Ruth of Brownwood; J. E. Huffman of Abilene, W. G. Huffman Sr. and W. G. Huffman, Jr., of Abilene; Mrs. George Stahnke of Priddy.

Also: Mr. and Mrs. Arthur Paul of Abilene; Mr. and Mrs. Matt Story of Brownwood; Mildred Johnson of Abilene; Howard Johnson of Abilene; Mrs. Larry McCasland of Pittsburg; Mr. and Mrs. Milton Schorn, Larry, Keith and Randy of Fort Worth; Mr. and Mrs. C. F. Elkins of Arlington; Melvin Harris of Brownwood; and Bob Huffman of Abilene.

The group voted to meet again the second Sunday in June, next year.

**Local H. D. Club  
Meets Tuesday**

The Goldthwaite Home Demonstration Club met at the Youth Center Tuesday afternoon, June 12, with Mrs. D. H. Singletary and Mrs. Nelson Waggoner hostesses.

"America The Beautiful" was sung, then Rebecca and Nita Berry sang and played "What A Friend We Have In Jesus."

Mrs. Singletary gave the opening and Mrs. Ruby Ross, president, presided over the business meeting. Several different crafts and hobbies were displayed.

At the conclusion of the program the hostesses served punch and cookies to fifteen club members and two visitors.

Next meeting will be at the home of Mrs. W. W. Fox with Mrs. Carl Woods co-hostess. Mrs. Mable Doggett will give a book review.

**Frank McDermotts, Former Residents,  
Celebrate 50th Wedding Anniversary**

Mr. and Mrs. Robert Frank McDermott of Decatur celebrated their Fiftieth Wedding Anniversary Sunday, June 17, 1962. Mass was celebrated for them at 8 o'clock in the morning, preceded by a renewal of the marriage vows, in the Church of the Assumption.

Open house was held in the parish house Sunday afternoon

from 3 until 5 o'clock. Mrs. R. F. McDermott registered the guests. Mrs. Al Flusche and three granddaughters, Beth Hughes of Corpus Christi, Mary B. and Mary Alice McDermott of Dallas, served the cake and punch.

Mr. McDermott of Goldthwaite and Miss Mary Alice McDermott of Easton, Mass., were married in the Catholic Church in Cottonport, Louisiana, where Miss McDermott was a teacher, May 1, 1912. They resided in Mills County until January 1939 when they moved to Decatur in Wise County.

Mr. McDermott is a retired farmer. He was active in civic affairs in Goldthwaite and served as postmaster during the 1920's.

They have five children. Mrs. O. L. Hughes of Corpus Christi, Lt. Col. R. F. McDermott of Fairchild AFB, Washington, Francis A. McDermott of Dallas, Mrs. W. L. Coulehan of Williamsburg, Virginia, and Miss Eleanor McDermott, also of Corpus Christi. There are twenty-one grandchildren.

The celebration was deferred until Father's Day so most of the children could be present.

**Mt. Olive HD  
Club Meeting  
Last Wednesday**

By MRS. L. C. BUNTING

The Mt. Olive H. D. Club met Wednesday, June 13, at 2 p. m., at the home of Mrs. L. C. Bunting, with four members and several guests attending. The program was on "Crafts" and was most interesting.

Mrs. J. E. Dryman exhibited a decorative pillow made of smocked corduroy, a handbag she had woven, and a number of articles she had painted with a new textile paint which may be used on cloth, glass, wood, metal and etc.

Mrs. Earl Steinman exhibited a lampshade and other articles which she had made from colored paper tubes. She also had some paintings, different articles of jewelry she'd made in beadwork, molded figurines, and several other articles. One particularly interesting was a shadow box.

We were happy to have as our guests, Mrs. Steinman, Miss Johanna Faye Dryman, our H. D. agent, Mrs. Rachel B. Trent, and her niece, Miss Deanna Culp of Pecos. We are all truly sorry that this was our last visit from Mrs. Trent, whom we've all come to love and appreciate. We wish her happiness and success in her new position and home. We'll also miss her weekly column in the Eagle.

Our next meeting will be at 2 p. m. on Thursday, July 12, at the home of Mrs. J. M. Poer. We hope to have a program on "Appropriate Dress," which we missed earlier in the year. We hope all our members can be present, and visitors are welcome.

**BIRTHS**

Mr. and Mrs. L. J. Leach, Jr., of Farmington, New Mexico announce the arrival of a son, June 15, 1962, at 7 a. m., in a Farmington hospital. He weighed eight pounds and has been given the name, Bradley Jack Leach. Bradley Jack has a brother, Stan, to welcome him home.

Grandparents are Mr. and Mrs. L. J. Leach Sr., of Cisco, and Mrs. Alice Vaughan of Goldthwaite.

The baby's mother is the former Scottie Vaughan.

**Charlet Kizer,  
Alvis Paul Lee  
To Wed June 24**

Mr. and Mrs. Hubert Kizer of Star announce the engagement and approaching marriage of their daughter, Charlet Ann Kizer, to Alvis Paul Lee, son of Mr. and Mrs. A. P. Lee of Moline.

The couple will marry June 24, 1962, at 3:00 o'clock in the afternoon, at the Star Church of Christ. All friends and relatives of the couple are invited to attend.

Both Charlet and Alvis are spring graduates of Star High School.

Immediately following the wedding, a reception will be held at the home of Silas Shotwell.

**ARCHER ATTENDS  
BUSINESS COLLEGE**

Bruce Archer, Jr., has enrolled at Durham Business College in Austin for a regular 18 months Business course of instruction. He started his classes last week Monday, June 11. He is the son of Mr. and Mrs. Bruce Archer, Sr., and graduated from Goldthwaite High School in May.

Mr. and Mrs. James McClement visited Mr. and Mrs. D. E. Auldridge and children at Fort Worth Sunday.

## TIPS for OUTDOORSMEN

### Arouse 'Em With Noise

In hot weather when the big bass are too lazy to rise to your lures, try buzzing over the good spots in your motor boat for 10 or 15 minutes to "wake" 'em up and start 'em moving about. This often works.

### To Keep Line Out of Prop

Fishing lines often foul in the propeller's blade or the shaft when you're trolling.

Do away with this aggravation by running the motor in reverse and trolling with the line trailing over the bow of the boat.

### When Crickets Begin To Die

Hot weather often takes the life out of live crickets.

Whip this dilemma by once in a while dipping the sack or bucket over the side of the boat for a moment.

Drain off the water, and you will find the crickets take on new life.

### Keep Worms From Drying Out

Hot sun is hard on fishing worms.

Keep them from drying out by placing a piece of wet sponge rubber in the top of the can, over the dirt.

Sponge is easy to remove to rebait, but it keeps the dirt and worms cool and moist.

### Winter Tip On Worm Care

Instead of using can containers for worms when fishing on a cold winter day, try putting dirt and worms in a plastic bag of the sort used to wrap food products.

You will find this keeps the worms warm and squirming.

### Fresh Butter In Camp

Butter can be a problem in camp. Refrigeration isn't always possible.

To keep butter fresh without refrigeration place butter in a glass jar having a screw top. Fill the jar with a strong solution of salt brine, then tighten the lid.

Butter will keep fresh and sweet until used.

### Camp Fire Deflector

To deflect campfire heat in the direction of your choosing, cover a large cooking grill with aluminum foil and use it as a reflector.

This also will direct heat from the campfire into the tent opening when added warmth is needed at night.

### Clay Keeps Minnows Alive

Clay flowerpots are easily broken.

Don't throw away the pieces. Save the fragments for future fishing trips.

These clay chips tossed into your minnow bucket now and then will help keep your bait alive. The slow release of trapped air in the clay does the job.

### Drying Rubber Boots

When the inside of your rub-

ber footwear gets cold and wet, you can do a quick and safe drying-out job by inserting in them a lighted light bulb.

Use one like the mechanics use, with the protective wire screen.

### Catching Crickets

It's easy to catch crickets for bait if you will turn a bucket upside down in the grass just before turning in at night.

Prop the edge of the bucket off the ground with a couple of sticks.

During the night the crickets will creep inside the bucket. They will be ready for harvesting first thing in the morning.

### More Mileage From Ice Chest

To keep your ice chest cold much longer, in camp or boat, slice a hunk of dry ice about two inches thick to fit the bottom of the chest.

Wrap the dry ice in tough paper, put it in the bottom of the chest and cover it with a couple inches of cracked ice.

### Right Lures For White Bass

There always will be controversy over what lures to use, and when.

With white bass, however, the choice is pretty clear. Deep running, light colored lures, such as yellow or white, consistently bring in the whites.

However, of all the lures, the silver and gold spoons top the heap.

### Sewing On Buttons

One of the most aggravating of minor accidents is having a button pop off your fishing or hunting clothes.

This can be prevented by sewing all such buttons on sportswear with tough dental thread. Buttons secured with this floss usually stay put till clothes wear out.

### Clue To Good Fishing

Cut open the first fish you catch and find out what it has been feeding on.

This one clue may mean the difference between a full stringer or an empty one.

If artificial bait is being used, match the lure as nearly as possible with the contents of the fish's stomach.

This procedure will pay off in bigger catches.

### Pencils For Fly Fishermen

A smart fly fisherman will carry a pencil stub in his tackle box at all times.

Then, should a ferule on his fly rod prove balky and tend to stick, he will rub the male part of the ferule with his pencil to lubricate the joint with carbon, and so prevent such future trouble.

### Quick Motor Starts

When your outboard motor gets balky and won't start, squirt a little gasoline in the spark plug hole with an atomizer.

Swipe one from your wife's dresser and keep it in your boat!

This gas spray will act as a quick gas transfusion to the sluggish motor.

### Explore By Trolling

Trolling is an interesting way to fish.

Trolling also can serve as a first-rate fish-finder.

When exploring new water, slowly troll about, letting your lure bump around on the bottom.

When a fish strikes, turn around and drag the same place. Should there be a second strike drop anchor and fish there.

## Personals

Weekend visitors in the H. R. Collier home were Mr. and Mrs. C. K. Jones, Skiatook, Oklahoma; Mr. and Mrs. Raymond Jones, Durry, David and Melodie, St. Louis, Mo.; Mrs. A. E. Hiller, Marsha, Lawrence and David, Eagle Pass; Mrs. Loyd Hiller, James, and Loretta Abilene; Mr. and Mrs. Luther Whitlock and granddaughter, Blythe, California; Mr. and Mrs. Darrell Head, Sandra, Diana and Darrell Wayne; Mr. and Mrs. V. T. Horton and their son, Wilber Ray, who is stationed at Camp Pendleton, California.

MISS LUCILLE HUMPHRIES

**ENGAGEMENT ANNOUNCED**—Mr. and Mrs. Earnest Humphries of Goldthwaite announce the engagement and approaching marriage of their daughter, Miss Lucille Humphries, to A2C Herbert R. Skaggs, son of Mr. and Mrs. Garland Skaggs of Shepherdsville, Kentucky. Miss Humphries is a graduate of Goldthwaite High School, class of 1961. She is attending Nixon-Clay Business College in Austin where she will complete her business course in August.

Mrs. Letha Keese returned home Sunday after several days visit with relatives in Missouri.

## Mrs. Walter McFall Entertains Mullin Home Demonstration Club

The Mullin Home Demonstration Club met at the home of Mrs. Walter McFall last Thursday with nine members present. The opening exercise was a poem read by Mrs. Verna Lee Dudley.

Mrs. Dudley presided over the business session with Mrs. McFall acting as secretary in the absence of Mrs. John McGary.

Mrs. McFall also gave the Council report.

The program was "Crafts and Hobbies." Each member was to bring something to the club and to demonstrate what they had been working with the past month. This was interesting as each had different types of work to show and gave the Club ideas of things they can make for their homes.

The Mullin Home Demonstration Club picnic was discussed and it was decided to be held in the Mullin Park on July 12, from 4 p. m. until 7 p. m. Each one is to bring food for the picnic.

The Club also discussed the County Picnic, which will be

Finally, fishing has received some of the recognition and official sanction it so well deserves.

Recently the Governor of Missouri issued the following proclamation that so aptly describes the soul-soothing yet exhilarating sport of fishing.

The proclamation reads:

"WHEREAS piscatorial pursuit has bemused mankind for generations, leading to his betterment physically, mentally and (except for veracity) morally, and;

"WHEREAS the pleasures of fishing have been extolled by philosophers from time immemorial upon which persons of all political persuasions can agree; and;

"WHEREAS fishing is the most democratic of activities, as all men are equal in the eyes of fish, and;

"WHEREAS men engaged in fishing are almost entirely free from mischief (a fact which totalitarian countries totally fail to see); and;

"Whereas we can expect to be treated to a world-wide display of shakings of the mallet fist by totalitarian nations who make a mockery of gentle May Day;

"NOW, THEREFORE, I, John M. Dalton, Governor of Missouri, do hereby proclaim as our answer to woes besetting the world that Friday, May 4, 1962 is FISHING DAY IN MISSOURI.

"Let all who may, go forth into this commonwealth's great outdoors and enjoy the angling pleasures of her many waters, declaring to all the world that while others may bedevil themselves with war and rumors of war, we would rather, for this day at least, be about the peaceful pursuit of fishing."

This is Texas—not Missouri. But it looks like we'll have many a happy fisherman this year.

During the first of 1962 we

saw the fish make their runs, the dove nest and the quail call. With all that activity we can look forward to a vigorous year for Texas sportsmen.

Game and Fish Commission reported heavy runs of white bass and crappie in most all of the Texas lakes. This, along with the early-year-catches of some prize-size blacks, makes the picture look pretty favorable.

Along with the good must always come a little bad. Namely, water pollution.

The 1960 report of fish kills from the U. S. Department of Health, Education, and Welfare showed that a little over 6,000,000 fish bobbed to the surface. Most were killed by industrial waste.

The 1961 report gives a little more complete outlook but shows a disgusting massacre of 15,000,000 fish.

Most prevalent killer was agricultural poisons. Next came industrial wastes. Mining operations and sewage discharge also took their toll.

Texas' reports didn't look bad. But, they were incomplete.

If the fish-kill problem is not to worry you, one thing to do so. It's the drinking water problem!

In a sense, these floating are like the canaries that miners take down into mine. When the canary is there is danger of the mine. Actually the fish are warning of deadly waters.

It's difficult for a sportsman to do much about this problem by himself. But, collectively they have great power.

Some business firms can be more careful with their industrial wastes.

Local governmental should take steps to improve sewage disposal systems.

The many good sports groups in Texas can do much to correct the evils of pollution.

If pollution problems are your community, call on local fishing club. If you have a club—then organize

STATE CAPITAL  
**Highlights**  
AND **Sidelights**  
by Vern Sanford  
TEXAS PRESS ASSOCIATION

STIN, Texas—Texas' crime rate looks a little better. Reports covering the first months of 1962, based on data from the 12 largest cities, show major crimes down 10 per cent.

In the U. S. in cities of similar size, major crime rose one per cent.

The crime rate actually is down from 1961, despite a population growth during the year of 200,000.

**OF JOBS**  
A job in Texas is a harder these days. Employment Commission reports April unemployment at 4.3 per cent of the labor force compared to 5.4 per cent a year ago.

Factory wages rose \$12.1 a week last year to \$132.07 weekly.

Number of Texans working in agriculture now has fallen to 3,000,000 mark. There had 19,800 unemployed in 1960.

Over 375 persons are working at agriculture. This is the total working force in 1960.

**MANY COLLEGES?**  
Ralph Green of the Texas Commission on Higher Education thinks the Legislature is quit creating four-year, supported colleges.

A House Committee on Higher Education that 20 state colleges are about enough.

Legislators have extended support to four new colleges in the last four years. Big of the new ones, the University of Houston, will enter state system this fall. This substantially increase the higher education bill.

H now ranks second in the University of Texas.

**WATER SUPPLY**  
Texas enters the summer with its major reservoirs 76 per cent full.

Water Commission reports that May rains couldn't

keep up with use and evaporation, so the water supplies shrunk by 291,000 acre feet.

As June opened, supplies were 76 per cent of capacity, compared with 83 per cent a year ago.

**LIVESTOCK RULES AMENDED**  
The Texas Animal Health Commission, after hearing pleas of livestock market operators, relaxed rules designed to speed up the eradication or at last control brucellosis (undulant fever).

Commission action amending the rules came just before they were to go into effect June 15.

Before the change, the rules would have required testing for brucellosis before cattle could be moved from one market to another.

As amended, the rule says the cattle may move from one approved market to another approved market without having to take the test. This was put on a trial basis.

Restriction of movement was opposed by representatives of the big stockyards at San Antonio, Fort Worth and Houston. Auction markets also had an ardent champion present.

James D. Sartwell, president of Houston's Port City Stockyards, said the economic effect of the proposed rule could be "dangerous," particularly so in view of "the predicted downturn in cattle prices now beginning."

Sartwell said Texas' cattle inventory includes many so-called "two-way" cattle, entirely dependent on market conditions, which are sold as either stocker or slaughter animals.

Most of the two-way cattle, he said, also are "trader" cattle and loom large as a volume moving from interior markets, purchased by a trader and consigned to the terminals for resale. He saw danger in this cattle movement in the proposed legislation.

G. C. Hagelstein of San Antonio's Union Stockyards felt livestock leaving any market should meet the requirements of its destination. But he said he was interested in protecting the industry and didn't believe the regulation did that.

John M. Lewis, general manager of the Fort Worth Stock-

**Mason Reunion Held June 17**  
**At Legion Hall In Goldthwaite**

The annual Mason Reunion was held at the American Legion Hall in Goldthwaite, June 17, 1962. Those present for the occasion were:

Angela Archer, Mrs. Mable Carter, Eddie, Sammie, Wanda, and Bobby, all of Kopper; Mr. and Mrs. Luther Whitlock and granddaughter, Blythe, California; Mrs. Mildred Cook, Joe Nell, Sandra and Betty, Stephenville; Mr. and Mrs. B. F. Koen, Eastland; Mr. and Mrs. Windell Thomas, Deby and Karen, Colorado City; Sharon Casbeer, Mrs. Hugh Soules, Jimmy, Wanda and Dona of Star; Mr. and Mrs. Wayne Horton, Sharon, Edgar and Paul, Louisville; Wilber Ray Horton, Camp Pendleton, California; Mr. and Mrs. Forest Billingsley, Ricky and Yvita, Arlington.

Mr. J. C. Witty, Star; Mr. and Mrs. H. H. Collier and Mike, Temple; Tim Lasvy, Houston; Mr. and Mrs. C. K. Jones, Skia-

took, Oklahoma; Mr. and Mrs. Raymond Jones, Durry, David and Melodie, St. Louis, Mo.; Mrs. William Spears, San Saba; Mrs. Shirley Norris and baby, Denton; James Hiller, Abilene.

Also Mr. and Mrs. O. L. Brown, Mr. and Mrs. A. E. Hiller, Marsha, Lawrence and David, Mr. and Mrs. J. D. Mason, Mrs. G. L. Mason, Mr. and Mrs. V. T. Horton, Mr. and Mrs. Ray Blackburn, Mr. and Mrs. Freeman Mason, Mr. and Mrs. Arvil Harris, Wayne and Vance, Mr. and Mrs. Darrell Head, Sandra, Dianna and Darrell Wayne, Mr. and Mrs. L. G. Collier, JoyNell and LynDel, Mr. A. G. Collier, Mr. and Mrs. H. R. Collier, Mr. and Mrs. Ercher McCasland, Mr. and Mrs. Stacy McCasland, Mrs. Leona Carter, Mr. and Mrs. Nelson Waggoner, Mr. and Mrs. Clifford Doggett, Mr. and Mrs. Lewis Covington, and Mr. Will Collier, all of Goldthwaite.

yards, thought the Commission proposal would "strangle" the price-making terminal markets.

Charles Davis, operator of auction markets at Wichita Falls and Mineral Wells, suggested that animals should be tested when going "to the country"—but not from market to market. He called the rule unnecessary and a waste of time and money.

Norman Mosier commission member from DeKalb, said he didn't want to impose anything on the industry that would be harmful.

Dr. R. G. Garrett, the Commission's executive director, didn't oppose the amendment but believed it would delay the testing program.

**SAFE FOURTH**  
Gov. Price Daniel urged the 5,000,000 Texas drivers to help hold down the traffic death list during the July 4th holidays.

"Slow down and live" is the theme of the traffic safety campaign by which Texas traffic people hope to hold down the death rate below the statisticians' predictions.

July 4th comes on Wednesday this year, so fewer Texans will kill themselves on the highway than when the holiday falls near a weekend.

**CROOKED HOLES**  
Tedious job of checking suspected oil wells in East Texas continues.

Railroad Commission and Attorney General's Department spokesmen say it will take several months to finish the job.

Four more oil operators were enjoined from interfering with Commission checks of their wells. In two weeks, only 23 wells have been checked out of "several hundred" that Atty. Gen. Will Wilson thinks will have to be investigated before they can write an end to the East Texas investigation.

Wilson has obtained donations from major oil companies to finance the surveys to see if holes were diverted so as to reach oil under someone else's lease. So he has taken over direction of the surveying from the Railroad Commission.

**FIRING RESUMES**  
There was only a brief respite from campaigning after Democratic primaries.

John Connally, the Democratic nominee for governor, and Jack Cox, the Republican nominee, both had their chance to talk at the meetings of their respective state executive committees Saturday, convening to canvass the returns.

Campaigns will start in earnest September 18th, when both parties have their state conventions.

But the two young gubernatorial nominees both have state campaign headquarters in operation in Austin. They sound like they plan all-out campaigns in the summer and fall.

Sen. John Tower will be a major campaigner for the Republicans. Vice President Lyndon B. Johnson and Sen. Ralph Yarborough will take to the stump for the Democrats.

They are beginning to make this look like a two-party state. Whether the label sticks depends on what the voters say on November 6th.

**SAFE DRIVING PLAN**  
The State Board of Insurance will hold hearing June 29th on automobile insurance rates and rules.

High on the agenda will be proposals to revise drastically the "safe driving insurance plan" by which those with accidents or traffic law violations pay more, while those without them pay less.

Statisticians say the plan has cut rates for 78 per cent, raised them for 22 per cent. But the complaints about the plan being received by legislators indicates that even those who save aren't too happy with the possibility that one slip might run up their rates.

Drastic revision is possible. Without revision of the plan, a rate cut is in the cards. But if penalty provisions are reduced, it may wipe out the chance of a rate cut.

Board members and the insurance industry are divided as to what to do. Largest of the insurance agents' associations is taking a poll of its members to see what they—and their customers—think should be done about it.

**UNIVERSITY OF HOUSTON DEGREE PROGRAM**  
A curriculum and degree program for the University of Houston.

**HEARING CLINIC**  
TUESDAY, JUNE 26

Seeing needs differ for each person—that is why glasses are ground to prescription to fit each individual. Hearing needs differ for each person too! Some may hear low tones but not high tones; some may hear high tones; but not low tones; some may not hear either one well; some may hear sounds but simply don't understand. It is plain to see that each would need a different type of help for their hearing. That is why we make our hearing instruments to prescription to fit each individual exactly as they should be. It is impossible to fit each of the above cases with a ready-made, over-the-counter hearing aid, regardless of how good it's quality may be.

We are proud to be the first and only one in Central Texas with the Metricon to prescribe a correction for your hearing exactly as it should be. Once a prescription has been arrived at, we guarantee you that your prescription will be built into your instrument and that it will not change from that.

Mr. Edmond H. Nance, Certified Master Acoustician, will conduct a hearing clinic at:

the Mauney Courts in Goldthwaite,  
Tuesday, June 26 from 10:00 a.m. to 12:00 noon.

Be sure to see him—there is no cost or obligation. He not only will give you complete information about your hearing but if you wear a hearing aid, he will check it over, clean it and help you in any way he can. He will have batteries and supplies for all makes. If you cannot come to the clinic, please call and he will come to your home.

**NANCE HEARING INSTRUMENT CO.**  
805 Austin Ave. — Waco PL 6-1971

gram for the University of Houston, which becomes a state-supported school next year, was approved by the Texas Commission on Higher Education.

It calls for doctor of philosophy degrees in psychology, business and industrial psychology, chemistry, physics and chemical engineering.

Dr. Philipp Hoffman, University of Houston president, appeared pleased. He said the Commission's adoption of a large portion of a "role and scope" plan was a "satisfactory recognition of the needs of Houston and the State."

Commission also agreed to consider at its July meeting the merger of the law and pharmacy schools at Texas Southern University with similar schools at the University of Houston. A Commission member said he didn't think the state could afford two schools of law and pharmacy so close together.

**LAWYERS ELECT**  
Buster Cole of Bonham was chosen as president-elect of the State Bar of Texas. This means

he will take over as head of the group in July, 1963.

Lawyers elect a year ahead of time. This July, when the State Bar meets in Mexico City, Leon Jaworski of Houston will succeed William L. Kerr of Midland as bar president.

**GOVERNOR'S APPOINTMENTS**  
Gov. Price Daniel announced these appointments:  
Sol Parks and Mrs. Sally G. Pettus of Goliad as members of the Fannin State Park Commission. Parks succeeds Mrs. Louise Donoghue of Goliad for a term expiring September 5, 1967. Mrs. Pettus succeeds Walter Bluntzer of Goliad, resigned, for a term expiring September 5, 1963.

Jack Hightower of Vernon, O. L. Bell of Quanah, Ralph O. Harvey Jr. of Wichita Falls, Tom Craddock of Seymour and Dr. E. N. Jones of Dallas as members of the Board of Regents of Midwestern University, for six-year terms. Hightower

and Bell are new appointees. Harvey was reappointed. Craddock and Jones are filling vacancies. Jones, secretary of the Christian Education Commission of the Baptist General Convention of Texas, is a former president of Texas Tech College.

Russell D. Austin of Andrews as judge of the 109th Judicial District, which includes, Winkler, Crane and Andrew Counties. He succeeds the late G. C. Olsen. A graduate of the University of Texas Law School and former county attorney of Andrews County, Austin won the Democratic nomination for the district judgeship on June 2.

Rev. Edward H. (Whitey) Campbell of Denton as a member of the Governor's Committee on Children and Youth. Rev. Campbell is rector of St. David's Episcopal Church in Denton. He also has served Houston Rockdale and El Paso churches.

**Inland Lake Stocked With 500 Redfish**

A short time ago 500 young redfish left their home in the coastal bays near Corpus Christi and journeyed inland to Casa Blanca Lake near Laredo. Only one of the youngsters suffered any ill effects from the trip. All the rest eagerly swam away from the release site and appeared quite happy with their new surroundings.

Ernest Simmons, coastal fisheries supervisor, and Kenneth Jurgens, inland fisheries supervisor, both of Region V, Game and Fish Commission, are collaborating in this experimental stocking of salt-water fish in fresh water.

Casa Blanca Lake does contain salt in the amount of 200 parts per million. This is a very small amount, but, according to Simmons, is enough for redfish to live and do well.

Fingerling redfish, placed in a small fresh-water pond in

There will be a Stated Meeting of Goldthwaite Lodge No. 694, A. F. & A. M., Thursday, June 21 8:00 P. M. All Masons Cordially Invited.

1958, attained a weight of about four pounds in two years. Plantings in saline lakes in West Texas have been very successful. Redfish planted in Red Bluff Reservoir, which has an average chlorinity of 3,191 parts per million, grew from 3 inches to 16.9 inches in five months. Another group, placed in the slightly saltier Imperial Reservoir when they were three inches long, attained an average length of 26 inches and an average weight of 6.75 pounds in 18 months.

Flounder, croaker and spot also survived and grew well in this habitat although only a few were introduced. Experiments with sea trout are underway; and if transportation problems can be solved, this may also be a valuable transplant.

Fresh-water biologist L. V. Guerra has been assigned to keep watch over Casa Blanca Lake to determine the success of the latest transfer.

**NEWS from YOUR COUNTY AGRICULTURAL AGENT TEXAS A. & M. COLLEGE EXTENSION SERVICE**

**By GEORGE REESE**  
**GET BAGWORMS EARLY**  
Bagworms are now occurring in rather large numbers on trees and other plants. This insect is a general feeder and can cause serious damage to certain trees, especially evergreens.

At this time, the forms are small and can be successfully controlled by proper spraying or dusting of the plants with insecticides. It is important to apply chemicals early enough to control the worms before they become too large and cause serious damage.  
A check of all plants around the home should be made, especially evergreens for the spindle-

**Former Resident Consultant For A & I Workshop**

One of the consultants for the Arithmetic workshop to be held at Texas A & I College, Kingsville, June 28th and 29th, will be Mrs. Roberta Michalek, a teacher in the Bishop Public Schools.

Mrs. Michalek is a graduate of Goldthwaite High School and North Texas University. She is the daughter of Mr. George Robertson of the Big Valley community.

Mrs. Michalek's second grade class was one of three experimental groups using the Casinere colored rods method of teaching numbers to children.

This method was featured in an article in a national magazine some months ago. The results obtained from this experiment were such that plans are being made to use this method in the first three grades in the Bishop Schools next year.

Mrs. Michalek will demonstrate the use of these colored rods to teachers and administrators from the South Texas area who have shown interest in the program.

Mr. and Mrs. Michalek and their son David live in Bishop where Mrs. Michalek has taught for the past eleven years. Mr. Michalek is a Safety Coordinator with Celanese Corporation.

the parking area cleared up. Charles Van Stephan of Fort Worth was home over the week- end. He and the Charlie Steph- ans visited in the Oscar Burns home Sunday afternoon.

Mrs. Gladys Henry has re- turned from Euless where she helped to care for her daughter- in-law, Sue Henry, who was ill.

Weekend visitors of Mr. Will Rickle were Mrs. Elsie Irvy, Mrs. Mamie Hembree, both of Hous- ton; Mr. and Mrs. Truitt New, Reta and Sheri; Mr. and Mrs. Ernest Rickle, Larry and Ricky, all of Fort Worth and Mr. and Mrs. Floyd Rickle, Randy and Cindy, of Goldthwaite.

**By PEARL CRAWFORD**  
We don't have much weather news this week, but all the farm folks have been very busy.

Buddy Robertson combined grain for O. L. Harris.  
W. W. Ratliff cut and baled his hay crop.

Don Humphries and Dannie plowed their feed crop. They had two tractors running, with Dan- nie driving one. Oh! how these boys grow!

Steve and Wayne Ratliff haul- ed in baled hay Saturday after- noon.

A. L. Crawford and William were business visitors at Ham- ilton Thursday.

O. L. Brown was a business visitor at the Lometa Stock Sale and he also attended our local market.

Guests of Mr. and Mrs. W. A. Berry included Elder T. O. Dar- ling of Cleburne, Mrs. Charley Ferguson of Hamilton and Mr. and Mrs. Virgil Geeslin.

Mr. and Mrs. William Cook and family of Houston, Mr. and Mrs. Fay Dufner and family of Austin were guests of Mr. and Mrs. W. W. Ratliff and Steve.

Mr. and Mrs. J. M. Brooks of Lampasas were Wednesday visi- tors of Mr. and Mrs. Virgil Gees- lin and Linda.

Mr. and Mrs. Knox Coffee of Lampasas were recent visitors of Mr. and Mrs. J. S. Irvy.

Hugh Nowell suffered with an injured hand but at last re- port he was doing nicely and combining grain as usual.

Wayne Ratliff, who attended Business College at Fort Worth, is now employed in Austin. We wish him much happiness and success in his new home and work.

Mr. and Mrs. Ol Brown, Mr. and Mrs. O. L. Harris, Ray and Roy attended the Mason reunion at Goldthwaite, Sunday.

George and I attended the Will Hill family reunion last weekend. There was a large number who visited and enjoy- ed the Hill Billy String Band. We were happy to see and visit all former residents of this com- munity.

Little Miss Sharon Moore was a visitor last Wednesday of Mr. and Mrs. O. A. Evans. It was a very busy day as they played

dolls and cooked mud pies.  
Mr. and Mrs. Stone Shipman spent the weekend visiting Mr. and Mrs. Howard Runnels at Abernathy. Nita returned home with them as she had been visit- ing there for several days.

Mark Daniel spent a full day at Camp Brownwood.  
Gerry Daniel of Fort Worth is visiting his grandparents, Mr. and Mrs. R. F. Daniel and also Mr. and Mrs. Floyd Daniel.

Mr. and Mrs. Hugh Nowell's pretty coil got entangled in a wire fence Sunday. Dr. Horace Porter of Hamilton came and doctored him.

Last Sunday Mrs. D. C. Ivy and Jerry honored Mr. D. C. Ivy with a birthday dinner.

Monday night, Mrs. William Ivy and boys honored Mr. Wil- liam Ivy with a birthday party with cake and ice cream.

Mr. and Mrs. Jess Ivy at- tended both their sons' birth-

day celebrations. We send hap- py birthdaygreetings to William and David and wish them many mor ehappy occasions with their loved ones.

## Little League Schedule Revised

Little League Baseball schedule has been revised for the balance of this season, it was announced this week by Raymond Summy, president of the organization.

Event dropped out and schedule was changed for other teams in the league.

One other change has been made. Mullin was originally scheduled to play their home games on the Goldthwaite diamond. Under the revised schedule Mullin will play their home games on the Priddy diamond.

Following is revised schedule, with first team listed designating where the game will be played.

## Junior Hereford Field Days Set

One of the three Junior Hereford Association's Field Days will be held on June 22 at the Jim and Fay Gill Ranch, Coleman.

The field day will start at 9:00 a. m. with the registration of individuals and judging teams. A judging contest featuring classes of Herefords will be held before noon. Prizes will be awarded in the judging contests.

Following a free lunch there will be demonstrations on feeding, fitting and showing of Herefords.

Jerry Duren, member of Mills County 4-H Club, will be on the program for he is president of the Heart of Texas Area.

George Reese, Mills County Agricultural Agent, will also assist with the judging contest and team registrations.

A Couple Of Egg Breakers

(Editor's Note: This picture with story appeared in The Forney Messenger last week. Norma is the granddaughter of Mr. and Mrs. J. W. Featherston, Goldthwaite. Her father and mother operate a chicken farm with about 7,500 laying hens in Kaufman County.)

"Bing a Good Egg" sounds easy, but Norma Featherston right, and Linda Shepherd made it appear more complicated when they demonstrated their way to the top score for 13 junior teams at the district contest eliminations. "Eggs are graded according to size, shape, freshness and cleanliness, and should

be eaten in the daily diet for high quality food value," they said. "One dozen eggs weigh a minimum of 1½ pounds. At 60 cents a dozen, large eggs cost only 40 cents per pound. Always compare egg values with other foods and you will agree, eggs are a good low fat, high protein buy."

To prove their point they broke out eggs for the audience to inspect.

There are four objectives in the poultry marketing demonstration:

1. Demonstrate efficient and improved practices in the marketing of poultry and poultry

products.  
2. Demonstrate new and approved methods in utilization of poultry and poultry products.

3. Provide opportunity to develop leadership among 4-H Club members.

4. Provide opportunity for 4-H Club members to demonstrate their talents in mental and manipulative skills.

Norma and Linda are both enrolled in Forney 4-H Club for their first year. Both are eleven years of age. Their parents are Mr. and Mrs. W. E. Featherston and Mrs. Gertrude Shepherd of the Talty Community. Mrs. Featherston was the coach for this team.

## Angus P. Lee Of Moline Honored On 20 Years As Weather Observer

Angus P. Lee, Moline, has been honored by the United States Department of Commerce, Weather Bureau, for his record of 20 years as a Co-operative weather observer.

He was presented a 20-year button and received letter of congratulation from Weather Records Processing Center at Kansas City, Mo.

Following is letter received by Mr. Lee on completing his 20 year record as weather observer.

"Dear Mr. Lee:  
"This year makes your completion of 20 years as a Co-operative Weather Observer. We join with the Secretary of the Department of Commerce, the Chief of the Weather Bureau, and many Weather Bureau employees in congratulating you.  
"This is a creditable record

of public service. The results of your efforts are used every day by many organizations and individuals in governmental activities as well as in private enterprise.

"Please accept the enclosed emblem as a token of the high esteem with which your work is held. We hope that you continue to find your weather work interesting and that you add many more years to your worthwhile record of public service."

Very truly yours,  
Gilbert E. Stegall,  
Supervising Climatologist.

## IRS Outlines Information On Sub Or Independent Contractors

Area employers wrongly designating their employees as "subcontractors" for income withholding and social security tax purposes, is one of the biggest current problems facing Internal Revenue Service, Dallas IRS District Director Ellis Campbell, Jr., said today.

The IRS uncovered an alarming number of employees claiming to be "subcontractors" or "independent contractors."

"Employees cannot simply decide they want to be bona fide contractors," Campbell said. "To qualify they must actually be in a trade or business with some kind of an investment. The fact that they have signed a statement, or had a card printed doesn't make them a contractor, or a subcontractor under the law."

Campbell cautioned that employees willfully naming themselves as "subcontractors" to avoid withholding and paying federal income and social security taxes, are making themselves subject to severe fines and sentences for fraud.

Campbell explains that Employment Tax Law has separate and independent provisions for determining who are employers. The tests relate to:

1) Officers of corporations, individuals who, under common law rules are employees and 3) occupational including agent-driven insurance salesmen, home workers, and salesmen. The group includes the most employees and employers. Other categories should be their individual problems at their IRS office," Campbell says.

A new booklet, "Employment Tax Guide," or "Publication 15," defines "employees" and "employees" under federal laws. This is a 31 page booklet and is available to IRS offices. "There's no charge and every employer should have a copy, and they will see where they come under the law," Campbell concluded.

## Jewel Tomlinson Dies In Coleman

Mrs. Jewel Tomlinson, 54, former resident of Goldthwaite, passed away Sunday, June 17, 1962, in Coleman, Texas.
