**FARM SAFETY WEEK PROCLAMATION**— Mills County Judge, Cecil Egger, is shown here, center, as he signs the proclamation officially designating next week as "Farm Safety Week" in Mills County. At left is W. G. Bishop, President of Mills County Farm Bureau and at right is W. W. "Bill" Fox, secretary-treasurer of the Bureau. Sammy Harper is chairman of the safety committee.

## Farm Safety Week In Mills County To Be Observed July 22 Through 28

County Judge Cecil Egger has officially proclaimed July 22-28, 1962, as "Farm Safety Week" in Mills County, according to W. G. Bishop, President of the local

county Farm Bureau. President Kennedy and Governor Daniel have previously designated that week on national and state levels as a per-

iod to call attention to worthwhile safety practices that can reduce disabling injuries and death.

The county farm leader said that farm people are faced with many accident hazards. He stated that farming is one of the most hazardous occupations in America today.

In his official proclamation, County Judge Egger said: "Accidents result in disabling injuries, and often death to many farm residents each year."

"Those farm accidents are responsible for needless suffering and incapacity, and greatly affect the economic well-being and progress of our agricultural population in our county, state, and nation."

"A vigorous farm accident-prevention education program will be conducted during this week by the Texas Farm and Ranch Safety Council, the Texas Agricultural Extension Service, and the Mills County Farm Bureau with the theme, 'Family Safety—At Work and Play.'"

County Farm Bureau President W. G. Bishop said that a different phase of safety would be emphasized each day during the week: Sunday — reverence for life; Monday—safety begins at home; Tuesday—agricultural chemicals; Wednesday—prevent falls; Thursday—rural highway safety; Friday—farm machinery; Saturday—recreation safety.

The Mills County Farm Bureau is cooperating with the Texas Farm Bureau's Farm Safety Department in its efforts to promote FARM SAFETY WEEK all across the State.

County Farm Bureaus are becoming increasingly active in safety work, President Bishop said. This includes cooperating with the Texas Farm Bureau Safety Department to stage safe driving demonstrations in high schools and by participating in fire extinguisher and auto safety seat belt projects.

## Don Barnett To Receive Lone Star Farmer Award At FFA Convention

Don Barnett, member of the Goldthwaite FFA Chapter, is one of ten young men who are outstanding members of Future Farmers of America Chapters that will be honored as Area Star Lone Star Farmers at the 34th Annual FFA Convention in

Fort Worth this week.

Their awards will mark them as the top ten out of 38,000 young Texans who participated in the Future Farmers program in Texas. The awards are in recognition of the extensive and successful supervised farming programs they have completed.

The convention will be held with headquarters at the Texas Hotel July 18 through 20.

Attending the convention from Goldthwaite chapter will be Barnett, Harlan Jernigan, Rodney House and Gene Auldridge. Also FFA chapter advisor and Vocational Agriculture teacher, Thurman Head.

Barnett, 17 year old Goldthwaite high school senior, plans to develop his start in beef cattle to a herd of 50 and receive a degree in Agriculture Education and then return to ranching. He is the son of Mr. and Mrs. Delton Barnett.

## Gospel Meeting-VBS Scheduled At Goldthwaite Church Of Christ

W. S. Boyett of Pecos will be the Evangelist for the Gospel Meeting at the local Church of Christ which will begin Friday night, July 20, and continue through Sunday, July 29. Brother Boyett is a well known Evangelist and the church feels fortunate in being able to secure his services for this meeting.

the services and all children are especially invited to attend the Bible School, according to Harold Hunt, minister of the church.

Services will be held nightly at 8 o'clock. Sunday services will be Bible Study at 10 a. m. and worship service at 10:45, with the night service at 7 o'clock.

The song service will be under the direction of Allen W. Hardgrave of Goldthwaite.

A Vacation Bible School will be conducted each weekday morning Monday through Friday at 8 o'clock. There will be classes for all grades and also an adult class, under the supervision of capable teachers.

Everyone is invited to attend

**RX FOR ACCIDENTS—FAMILIARITY**—If we alter the phrase "familiarity breeds contempt" to familiarity breeds carelessness, we have the basis for a large percentage of our farm accidents.

We see it on the highway, at work, at play, and even at home. According to the National Safety Council, drivers in 65 per cent of all fatal accidents in 1960 were less than 25 miles from home. Mechanical failure was a factor in only 5 per cent of Ohio tractor fatalities in the last three years. About 400 persons drown on farm property each year, and falls remain the greatest killer in the farm home.

It is reasonable to assume that most of the persons involved were familiar with their surroundings—perhaps too familiar.

In driving the same automobile or tractor over the same roads countless times, we tend to become overly confident of our ability to handle any situation. We let down protective defenses, become less alert, and begin to take chances.

It isn't necessary to experience an injury to learn the necessity for caution and alertness even in the most routine tasks. It's the surest and most painful way, but who can be certain there will be a second chance?

Let's use the opportunity of National Farm Safety Week, July 22-28, to take a critical look at the way we do things. The extra margin of care will pay off.

**THE LIGHTER SIDE**—There is a light and humorous side to the serious business of negotiating maneuver agreements with landowners, according to Clarence E. Lent, manager of the Fort Hood real estate project office, who is currently engaged in seeking maneuver rights from landowners in the two-million-acre Central Texas area west of Fort Hood.

Lent described the reactions of a Louisiana lawyer who agreed to the use of his land, but attached five "restrictions" to the contract which was executed prior to the recent field training exercises held near Fort Polk, La.

"There is in Kisatchie Bayou which runs through the northwest corner of my land," wrote the attorney, "a catfish estimated to weigh 30 pounds. The hole in which he resides shall be off-limits to service men, as I intend to be on the other line when he is reduced to corporeal possession."

Other restrictions included "all chiggers and ticks which attach themselves to Army personnel while on my land shall be carefully returned to the place from which they came."

The lawyer also described a spring on his property from which gushes a large stream of clear, cold water, especially adapted to the operation of a still. One of my neighbors has reserved this spot for use during the summer months."

He concluded his "amendment" to the maneuver agreement with this restriction: "If some world emergency arises, these men must pledge themselves to be trained to defend me, since I will be busy otherwise."

**ELECTRA, TEX., STAR-NEWS:** "Instead of going socialistic, why not get to bed at a reasonable hour, get up early, bathe, shave, put on clean clothes, eat a leisurely breakfast, and get to the job without rushing? I try it occasionally, and it makes me feel good all day."

**FURTHER SUBSTANTIATING DATA NECESSARY**—We've lost your stuff. Send it again.

☆☆☆

**FREDONIA, KANS., CITIZEN:** "Now farmers who do not have a life 'history' of their farm on file with the agricultural department won't be given grain allotments, so apparently you haven't a farm unless you have the papers to prove you have a farm. It all boils down to the fact that the independent farmer is being penalized for exercising the freedom of choice which has set the farmer as a man apart for many years. Small wonder people are leaving the farms. They are being driven from them by farm programs, paper work and red tape that hamstringing the hope of future growth."

10 YEARS AGO—

(Taken from The Eagle  
Files of July 18, 1952)

Sheriff C. F. Stubblefield this week was investigating a burglary that early Saturday morning of last week caused Jeske's store in Priddy to lose considerable quantities of coffee, cigarettes, shoes, clothing, cigars and other items of merchandise.

More than 100 ballots cast in a "straw poll" to determine whether Goldthwaite wants a swimming pool have resulted, so far, in only four votes against the project.

The Goldthwaite City Council, which last week requested consumers to conserve on the use of water, announced this week an improvement in the situation which will make it possible for householders to water their lawns from 5 o'clock until 7 o'clock in the evening.

Lieut. Col. Edgar Lewis of the Corps of Army Engineers, Fort Hood, announced that on Friday of this week Captain David I. Garrett will be available at the Mills County Court House to confer with all persons who may have claims or complaints arising from the recent Army-Air Force Maneuvers, Exercise Langhorn.

The engagement and approaching marriage of Miss Mildred Lewellen Bryant, daughter of Rev. and Mrs. D. A. Bryant of Denver, Colorado, to Corporal Taylor Owen, son of Mr. and Mrs. Hugh Owen of Payne Gap Road, was announced this week by the Rev. and Mrs. Bryant.

John W. Roberts, who was 87 last June 30 and who was known so affectionately to so many as "Uncle Johnny," died on Wednesday of last week at his home in Goldthwaite.

25 YEARS AGO—

(Taken from The Eagle  
Files of July 16, 1937)

A pipe line crew of nine men under Superintendent R. E. Love of Temple is making headquarters in Goldthwaite while engaged in lowering the Atlantic Pipe Line near Evant. The job is expected to take about three weeks.

W. C. Thomason, 50, a farmer residing in the Trigger Moun-

tain community, was seriously injured in a highway accident Monday night and his recovery was considered doubtful yesterday.

Reports from all parts of the county indicate a heavy infestation of boll weevil. Inquiries coming to this office show that growers are interested in methods of control.

Last Sunday, July 11, the relatives and friends of Mr. and Mrs. B. J. Crawford gathered at the old home for a reunion and to celebrate his 75th birthday. He and his family moved to Chappell Hill from Hamilton County in 1897.

Stoddard Gerald, youngest son of Judge and Mrs. R. J. Gerald, was painfully but not seriously cut on the head while diving from the high tower at Lake Merritt Thursday afternoon. He struck the concrete foundation of the tower, receiving a bad cut on the head.

G. R. Brooks, 54, of San Saba died in a Brownwood hospital Tuesday afternoon as a result of injuries sustained in Goldthwaite Monday. Brooks and his brother, Frank Brooks, were on their way to Comanche in search of work. Their truck stalled on the Y where the San Saba Highway enters Fisher Street. Monday morning they secured Jack Dudley to tow their truck in an effort to start it. Brooks attempted to jump in the truck after it started, but slipped and fell underneath the rear wheels. They passed over his left side crushing his chest.

50 YEARS AGO—

**Mullin 4-H Club  
To Have Tour Day**  
By NECY MURRAY

The Mullin 4-H Club met recently in the Mullin Community Center. Annette Murray presided over the meeting in the absence of the president.

Mr. Burwell, District Extension Agent from Tarleton State College, was special guest.

Those on the program were Paul Kirkpatrick, Mark Cooksey, Annette Murray and Gayla Green. Mr. Cooksey, adult leader, discussed the swine program and Mr. George Reese discussed several programs in which different members might be interested in participating.

The group decided to have a tour day August 4th and visit all club members and see their projects.

Members present for the meeting were:

Kay Fisher, Gayla Green, Paul Kirkpatrick, Mark Cooksey, Malinda Cooksey, Tylene Smith, Paylene Smith, John Carl Smith, Necy Murray, Annette Murray, Inez Kirkpatrick, Susie Kirbo, Claire Kirkpatrick, Carl Ray Hohertz, John Chesser, Jay Chesser, Larry Smith, Jimmy Green, Woody Egger, David Whisenhunt, and Donald Whisenhunt. Several parents and adult leaders were present. Mrs. John Smith served refreshments to the group.

The August Wasserman family will sponsor the next meeting which will be July 23. It was decided by the group that it would be Recreation Night.

## Mills Students Return Saturday From American Heritage Seminar

This past week two Mills County students attended an American Heritage Seminar at Oklahoma Christian College in Oklahoma City. They were Don Barnett and Carolyn Schraeder. They left by chartered bus last Sunday from Waco with the rest of the Texas delegation. In all at the Seminar there were 170 students including 70 from Texas, 70 from Oklahoma and 30 from Kansas. Speakers were outstanding, according to report from Barnett and Miss Schraeder. One was Dr. Nyradi who was Hungarian finance minister before the Communists took over. Another was Mr. John Noble who worked as a slave in Russia for 10 years after the war. The two students learned about the problems facing our nation and what they as American citizens could do about

them. Friday night there was an informal banquet in which one boy and one girl from the group was chosen to speak. Susan Tucker from Greensboro, Kansas, and Don Barnett from Goldthwaite, Texas were chosen to speak. The students feel that they have learned a lot, not only about Communism but also Americanism and they would be happy to speak and tell about their experiences. Carolyn was sponsored and had expenses paid by the Mills County Teachers Association and Don had his expenses paid by the Mills County Farm Bureau. Mr. and Mrs. Milton Tate and children of Gonzales are visiting her parents, Mr. and Mrs. Will Perkins.

## Community News From Mullin

By MRS. JOHNNIE HOLLAND

The Baptist Revival closed Sunday night. Nice crowds were present each night for the services. The Methodist Churches at Mullin and Zephyr are getting a new pastor, Rev. McBryde, who has been the pastor of the churches for the past two years, has been transferred to the Mineral Wells Church. Mr. and Mrs. W. S. Savoy of

Mr. Joe Singleton is in the hospital in Goldthwaite. His condition is very serious.

## Regency News

By MRS. J. A. JONES

Sure hot and dry around here, keeps you busy trying to find a cool spot.

We received sad news last week. Mrs. Jones' great-grandson was electrocuted at San Angelo. He was the son of Mr. and Mrs. Glendon Skelton. The same day Uncle Willie Garner of Walnut Springs was in a car wreck in which a child was fatally injured. He is a brother of Mrs. Jones. At last report he was still in shock.

Sunday visitors with us were Mr. and Mrs. Luther Phillips of San Saba.

Mr. and Mrs. Willard Edington attended the Rodeo in Ozona last weekend.

Robert Phillips visited in Fort Worth last weekend with his brother and family, Mr. and Mrs. Lester Phillips and children.

Duvon Jones of San Angelo is spending his vacation with us. He is fishing and hunting.

If anyone has any swearing to do, we have a Notary Public at Regency.

Arthur Whitley and his son, Frank, baled hay for Butch Rowlett two days last week.

Ezell Thompson of Big Spring was home last week to help his Dad put up hay.

Mrs. Cecil Egger visited the R. D. Eggers Sunday. The ladies and children all went swimming.

Mrs. Butch Rowlett visited his mother, Mrs. W. H. Rowlett at Brownwood Saturday night. He said his mother was in very poor condition.

Mrs. A. R. Rowlett and her sister, Ruth, visited their brother-in-law, Curtis Chambers.

The Rev. and Mrs. Ellis Epps and family left Monday for a vacation trip to Missouri to visit with his parent, Rev. Epps will help with a revival while there.

Mrs. Glynn Calder and Darlene are visiting this week with Glynn who has employment away from Mullin with the railroad.

A shower was held last Saturday afternoon at the GI Building for Mrs. Ikey Modawell, the former Peggy Singleton.

Mrs. Cora Reeves of Comanche visited last Monday afternoon with Mr. and Mrs. Johnnie Holland.

## Scallorn News

By MRS. ORA BLACK

General topic of conversation these days is hot dry weather. We're about to fall out with the weather man who repeatedly says "hot and dry." Tho we must admit the nights and early mornings are delightfully cool and pleasant.

Guests of Mr. and Mrs. C. H. Black for the weekend were their children, Layton and Thresa from Navasota.

Friday morning Mr. and Mrs. Earl Blake came by for Billie and I and took us to the home of Mr. and Mrs. Charles Wright in Mullin, where they joined us for a visit in Coleman with Mr. and Mrs. Archie Bryson and children. Mr. Bryson had the misfortune of falling from a horse and breaking his hip in two places. While in Coleman our grandson, Huntis Black, came out and ate lunch with us.

## Chappell Hill

By PEARL CRAWFORD

We have been having some hot weather but at this writing (Monday afternoon), it is much cooler.

**NOW YOU CAN HEAR WITHOUT BUYING A HEARING AID**

We are pleased to announce that you can now RENT a Hearing Instrument. Here are the facts:

THESE ARE NOT OLD USED CAST-OFF HEARING AIDS. They are the new hearing units we have been telling you about for the past several months. Using the now famous METRICON, we run a complete hearing test and each unit is prescribed and custom built for your loss.

WE EVEN FURNISH YOUR BATTERIES. We not only furnish your batteries, but we keep your unit in tip-top condition. You have NO repair bills.

ALL THE RENT YOU PAY IS 100% DEDUCTIBLE. EVERY PENNY YOU PAY IN RENT MAY BE APPLIED TO THE PURCHASE. If after wearing your new unit awhile and you are sure it is doing all you want it to, (we know it will) and you would like to stop paying rent and purchase it, all the rent you have paid in will go on the purchase price. Let us state here and now the prices have NOT been jacked up. You will know the price before you start on your rental plan.

EACH 24 MONTHS YOU CAN HAVE NEW UNITS OF YOUR CHOICE ON THE SAME RENTAL PLAN WITH NO INCREASE IN YOUR RENT. At the end of 24 months we run another complete test on you and build you complete new units at no increase in your rent. This gives you any advantage that might be developed in the hearing field and at the same time giving you any new styling.

AFTER 24 MONTHS ON THE RENTAL PLAN YOU PAY \$1.00 AND THEY ARE YOURS. You read it right, after 24 months you pay no more rent, all you do is pay \$1.00 (One Dollar) and they are yours, or you may get new units and keep on the rental plan.

Mr. Edmond H. Nance, Certified Master Acoustician, will be conducting a Hearing Clinic at:

The Mauney Courts in Goldthwaite, Tuesday, July 24 - 10:00 A. M. To 12:00 Noon.

See Mr. Nance at this clinic, or come into our Waco office, and let him explain all details to you. If you cannot come in, we will come to your home. Please write us if you need additional information.

 MI8-2614 DELIVER 9 A.M. TO 11 A.M.

Texas anglers who use artificial lures are perhaps the most original and apt of any bi-ped on earth, when it comes to bait. Should they want to go fishing and the usual lures aren't available, they create their own version of what fish like. Sure, they haunt the sporting goods stores too, just like all other fishermen. They fill their tackle boxes with lures of every hue and shape. But if for any reason, they find themselves without lures,

these Texas artisans of the artificial lure make their very own. Everything from dentures to squirrel tails are used as improvised bait. Horsehair, chicken feathers, bucktails, felt, calico, tin foil, glass, pine cones... these and many others are used to fool the fish. When the minnow bucket gets empty, or the last worm in the can is used up, many bank fishermen quit for the day. They needn't! Not when there is so much natural bait available. After all—fish relish a change of diet just like you do. So offer it to them!

Most fish that go for minnows or worms will strike equally well, sometimes better, on such bait as hellgrammites, rotten eggs, Ivory soap, wash grubs, grasshoppers, crickets, chicken liver, chicken entrails, caterpillars, whole corn and even grapes, to name a few. Hellgrammites make excellent bait and they stay alive on the hook indefinitely. To gather a can of them, wade through shallow riffles, turning over stones as you wade. More often than not you will find hellgrammites under these stones.

Use a small minnow net (the kind you use to dip bait from a bucket) to scoop them up. If you must use your bare hands be careful, for this fellow is armed with vicious, but non-poisonous, nippers. To "bait up," insert the hook under the hard collar the hellgrammite wears. Rotten eggs should be used only in an emergency for obvious reasons. But they do make good catfish bait when tied in a tobacco sack. Just punch several holes in the eggs—after placing them in the sack—then attach to hook. The stink travels out and attracts catfish like crazy. When you find yourself in a bind for bait, open your tackle box and get out that small cake of Ivory soap you have packed away. Cut cake into a number of small cubes. Use these cubes as

bait. They make a fair pole line and trotline bait for catfish. Wasp-nest grubs make good bluegill and sunfish bait. Gathering these grubs can be dangerous, for wasps don't take kindly to such raids. So try creeping up on the nest with an open container of gasoline... quickly douse the nest with the fluid—then run.

The gasoline will kill all the adult wasps instantly—except those away from the nest at the time. Make your raid at night and you'll catch all the wasps at home. Once the wasps are killed, pull the nest down and dig out the grubs. They are good bait for bass, too.

Grasshoppers are widely used as bait. Bluegills, catfish and sunfish like them. No reason to wear yourself out chasing them. Wait until night, then use a flashlight. You can pick them up without trouble after dark. Place the hoppers in a jar fixed so that only one at a time can be taken out. Otherwise all may escape. To use, insert barb through the hard part of the grasshopper's shoulder. Don't dunk hopper as though you were giving it a bath, but let insect rest lightly on the water's surface. Chicken livers can be cut into small chunks. So can chicken entrails. Both make excellent bait for catfish and bass. Chicken blood, collected at the time the fowl is killed, if saved to congeal, can be cut into squares like fudge to use on your hook. These blood squares melt rapidly but will attract fish like a magnet.

A long overlooked emergency bait is plain moss. Not Spanish moss, but the close green moss that grows on wet trees or stagnant ponds. You'll catch bass, if bass are biting. Then there is corn. Just plain old Indian corn that grows on cobs. For carp, buffalo and channel cats, cut grains off of the cob, string a number on a 2/0 hook and fish the bottom. If fresh "roasting ears" are not

in season, try frozen corn kernels, or canned kernels of corn. Another good bait that might not appeal to some fishermen is the black cockroach—the kind that is plentiful around Texas' oak trees and damp basements. The cockroach is a successful bait—if you have the stomach to handle them and put them on your hook. In the spring they make very good bait, unusually good, but—Peyu!

Anyway there are a number of different baits that will bring in fish and provide a change of diet for the finny tribe. Most of these baits are handy for you to find. Give 'em a try.

A change in your "offering" may bring surprising success and turn an unsuccessful trip into one you'll long remember.

### Hillside Mission

By LIDA BYRNE

God's Word is the Law. When we pray and he delivers us from some trouble, if we continue to disobey, we are told in Leviticus 26:18: "And if ye will not yet for this hearken unto me, then I will punish you seven times more for your sins."

Out of a total of 142 fatal tractor accidents in Ohio in the last three years, only 8 indicated mechanical failure. The rest were caused by human failure.

## IT TAKES MORE THAN A ROOFLINE TO MATCH OUR FORD GALAXIE!!

HERE ARE 15 WAYS OUR FORD GALAXIE BEATS CHEVROLET'S IMPALA\*

1. WORLD'S MOST THRILLING V-8 ENGINE—Choice of 5 Thunderbird V-8's up to 405 horsepower (or the thrifty Mileage Maker Six).
2. MORE SOLIDITY—Almost 100 pounds greater curbweight.
3. GREATER SAFETY—Husky box-section side rails surround and protect passengers—compared to Chevy's open-sided x-type frame.
4. MORE ROOM—3 inches more rear shoulder room and over 2 inches more stretch-out room in the back between seats, for passenger comfort.
5. WIDER DOORS—Up to 5 inches wider front doors for easier entrance and exit.
6. EASIER LOADING TRUNK—6½ inches wider... and trunk light comes at no extra cost.
7. 30,000-MILE CHASSIS LUBRICATION—Compared to every 1,000 miles for Chevy—a big saving in time and money.
8. 6,000-MILE OIL CHANGE—After first 1,000-mile change—a one-third saving over Chevyl.
9. SELF-ADJUSTING BRAKES—Safe, high-pedal stops for the life of the lining! (Chevy specifies brake adjustment every 5,000 miles!)
10. WIDER TREAD—Both front and rear, for a more stable ride!
11. BIGGER BRAKES—Galaxie has 212-sq. in. gross brake lining area—compared to Impala's 199.5.
12. GREATER PROTECTION—Full-depth one-piece bumper—instead of Chevy's three-piece bumper.
13. 2-YEAR OR 30,000-MILE ENGINE COOLANT-ANTIFREEZE—Factory-installed in every Galaxiel.
14. WIDER TRANSMISSION CHOICE—5 to choose from—including an optional new 4-speed manual transmission!
15. YOU SAVE \$104 WITH FORD'S TWICE-A-YEAR MAINTENANCE in the first 30,000 miles! (According to Official Factory Owners' Manuals which specify service and maintenance periods.)

...AND YOU SAVE 155 BIG TEXAS DOLLARS\* TO BOOT!

\*Based on comparison of manufacturers' suggested retail prices for a 4-door sedan, equipped with lowest-priced V-8 engine, radio, heater, automatic transmission.

**Soil Bank Payments;  
Farm Rental Income  
And Social Security**

Both soil bank payments and farm rental income can affect

the amount of social security benefits payable to a farmer and his family. It makes no difference if the farmer is the landlord, tenant, or sharecropper, so long as his farming arrangement meets certain requirements of the law, according to Mr. Durrelle L. Allen, district manager of the Temple social security office.

Soil bank payments must be reported as self-employment incomes for social security purposes if all the land is placed in the soil bank by all the parties farming it.

If the farmer and his tenant place only a part of the land in the soil bank and farm the remainder, then the owner or landlord must materially participate in the production of the growing crop.

Farm rental income may be included as self-employment income if the owner or landlord materially participates in the production of a growing crop.

A free pamphlet for farm people can be obtained by writing the Temple social security office, 909 First National Bank Building, and asking for "The Social Security Retirement Test for Farm People," OASI-25E. For those who wish to telephone rather than write, the number is PRospect 8-1861.

Accidents kill one farm resident every 47 minutes. Every 33 seconds a farm resident suffers a disabling injury.

**"Expatriots" On  
Way To Dakotas**

Spindletop V. Spindletop V and their children, Pays and Gushie—a quartet of "geologist" prairie dogs—took a long trip to Bismarck, N. D., where they'll take up residence at the Dakota Zoo.

The prairie dogs were a gift of Acting Governor Culp Krueger, who decided "to uphold the honor of Texas prairie dogs" by sending four of the best he could find, after the zoo's president, Chris Dahl, asked for some.

**BIRTHS**

Mr. and Mrs. Kenneth Ralph Warren are the parents of a daughter, Debra Joanne Warren, born at Childress Clinic and Hospital, July 14, 1962, at 3:50 a. m. She weighed eight pounds and four ounces. She has a little sister, Teresa Suzanne Warren, to welcome her home.

Grandparents are Mr. and Mrs. Doyle Wright of Rt. 1, Indian Gap, and Mr. and Mrs. D. F. Warren of Rt. 1, Goldthwaite. Great-grandparents are Mr. and Mrs. E. Vann, Goldthwaite, Mr. and Mrs. Elam Wright of Winters and Mrs. Lou Warren of Goldthwaite.

Each day of National Farm Safety Week a different theme is emphasized. Beginning Sunday, July 22, they are: Reverence for Life; Safety Begins at Home; Agricultural Chemicals; Prevent Falls; Highway Safety; Farm Machinery, and Recreation Safety.

The wise farmer carries a fire extinguisher and first aid kit on tractors, trucks, and self-propelled machinery.

Krueger assured the zoo that "these prize prairie dogs will feel at home and will dig right in and endeavor to be worthy of their Texas heritage," in a letter claiming the animals have built-in advanced seismographic training which should help in North Dakota oilfield explorations.

**Junior College Cost Jumps**

Texas taxpayers are having to pay more and more to educate youngsters who attend the state's 32 public junior colleges, according to a report from State Auditor C. H. Cavness.

In the year ending August, 1961, they spent \$223.87 apiece on 23,150 full-time student equivalents, but the per capita cost leaped \$42.91 to an average of \$266.58 for each of 26,075 student equivalents—a total of \$6,951,000.

Although 37,175 full and part-time students are actually enrolled in the state schools, the legislature bases its appropriations on the total number of semester hours taken, divided by 15 (a full-time course load).

Biggest share of the current appropriation of almost \$7,000,000 went to San Antonio Junior College, which got \$775,750 for its 3,323 student equivalents. Clarendon Junior College, which has 113 student equivalents, was 32nd on the list with .58 per cent share of \$40,800.

**Cream Of The Crop**

A preliminary glance at the Texas Education Agency's survey of 80,000 teachers revealed that the state's public schools system is getting the "cream of the crop" of high school graduates. Study chairman R. W. Bryan of Austin said that new teachers came from the top 25 per cent of their graduating classes.

But the distribution of education specialists seems to be uneven: All teaching colleges in the state graduated a total of only 80 language teachers last year, and only 12 per cent of those who took mathematics education degrees plan to teach.

30 schools will suffer shortages in those areas.

On the other hand, there's an estimated surplus of English and history teachers . . . almost all the college graduates who majored in those two subjects plan to teach.

**Business Better Than Ever**

The seasonally-adjusted index of Texas business activity rose to a new all-time high of 137.1% in May, reported Dr. Francis B. May, statistician for the University of Texas' Bureau of Business Research.

High score reflects a seven per cent increase over April this year and a 12 per cent increase over May, 1961, according to Dr. May. He considers the sharp rise a potent reminder that the recovery from the 1960 recession has not yet spent its force.

**Daniel Names Appointees**

Gov. Price Daniel has made the following appointments to state boards: Kenneth Nelson of Diboll to the Board of Registration; Mrs. Mary Moody Northen of Galveston to the State

Historical Survey Committee; L. E. Tennison of Clifton; Walter Flack of San Antonio, and R. H. Taylor of Houston, to the Accountancy Board; Wayne Thode of Austin, Talbot Rife of Dallas, Zeb Rike of McAllen, Crawford Kerr and Edwin Carroll of El Paso to the Commission on Uniform State

A truck that doesn't call for a lot of attention, that just does its job every day, is a great asset. This is the thing most users tell us they like about Chevrolet trucks—their reliability. And this, of course, comes from quality. Sound engines, strong frames, double-wall construction, insulated cabs, separated bodies

and cabs, tight tailgates . . . are some of the features that help Chevrolet trucks work longer and bring back more of your investment at trade-in.

If you wish you had a truck that cost you less thought and attention, put your money on quality. Make your next buy a dependable Chevrolet truck.

**OFFICIAL NOTICE**

**Gatherings of more than 5 persons for the purpose of religious worship are henceforth prohibited**

If you woke up one morning to find a notice such as the above plastered around town, even those Americans who are among the "Great Indifferent" might soon react with alarm. And they would be wise to do so. Freedom of worship should be a jealously guarded privilege. But like any privilege which we don't respect by its use, *it can be lost.*

Restrictions of this privilege are unthinkable to every American. But failure to take advantage of this privilege is widespread. When was the last time you and your family enjoyed the right to worship?
